TORONTO'S OPPORTUNITY HAS COME WHEN CITIZENS MUST THINK AND ACT BIG BUILD FOR FUTURE GREATER

A Glance Backward and the Mis- takes it Reveals - A Look Ahead and What a Progressive Policy Will Do for the City.

POSTERITY HAS A RIGHT TO DEMAND WORK NOW.

Professor Marshall, in The Economic Journal, recently writes: "Public authorities are just beginning to awake to the urgency of their duties with regard to mapping out in advance the ground plans on which cities should expand-a task more vital to the health and happiness of coming generations than any others which can be accomplished by authority with little trouble, while private effort is powerless for it."

Prof. Marshall was not alluding to Toronto, whose public authorities have been nudged and shaken and looked quite frequently awake then out of the oblivion to this particular duty in which they usually rest.

Toronto, civically and officially, whatever it may be, is far from being a wide-awake municipality. The body politic occasionally turns over in its slumbers and grunts disapproval of the suggestions made by ingenious citizens, and straightway relapses again.

A careful enquiry as to plans to direct Toronto's possible growth indicates the windmill line as the one sole official dream of the future. Whatever wind may blow must determine the course of other events under the fine old crusted city hall policy of "let things happen."

The improvement is so slight in 20 years as to be scarcely distinguishable. The population may double in the period, but the problems of 20 years ago are as acute to-day as then, and apparently no nearer solution.

Every sort of business, all kinds of organizations, all human combinations that expect to continue to exist beyond their day of birth, look ahead. Toronto is a melancholy exception, and not less melancholy for looking backward. What might have been in a score of instances will occur to any citizen old enough to vote. Take the proverbial Yonge-street bridge.

Does anyone suppose that if the Ferry Company had decided that a bridge was essential to its welfare, it would not have been built twenty years ago?

What would happen to church work if it were not planned ahead? Church extension is a leading idea among all the sects. Does any political organization fail to prepare for the future and take note of the lines on which campaigning is to be done? If such there be, it is in opposition. Preparation is the keynote of all military success. All legislation is synthetic anticipation. The university that neglects the next generation fails to flourish. But Toronto imagines that laws of nature may be violated with impunity.

Toronto suffers more from its narrowness than from its poverty.

YOUR "WORLD" BY \$3.00

Owing to the interest taken in the "World's Trip to London" there has been some little delay in the delivering of papers to the subscribers. The "World" begs to extend its apology to new readers of The World, and assures them that everything possible is being done to relieve the pressure. A special staff has been engaged, and within a day or two The World will be in a position, as it has ever been in the past, to deliver before six thirty the day following the receipt of the subscription order at The World Office.

The World trusts that its many new friends will be as charitable as possible during the next few days.

LOOK FORWARD!

Look about you, Mr. Citizen, and what do you see these spring days? Signs of civic growth on every hand, aren't there? This is Toronto's growing time. Nothing has been and is more needed in Toronto than an outlook. No Toronto citizen has ever been able to see more than 12 months ahead. The elevation of the mayor's seat, enables him sometimes to see two years away. People with their property and their future bound up in Toronto want to see farther than that.

Many Lives Lost in Wreck Off Uruguay

French Steamer Runs on Rocks and Death List May Reach 100 - Pitiful Scenes Reported.

MONTEVIDEO, Uruguay, May 8.-The French Transports Maritimes steamer Potou, from Marseilles April 6 for this port, has been wrecked off San Jose Ignacio, on the coast of Uruguay. She is understood to have had 300 passengers on board, and according to the latest reports which have been received here, nearly 200 of these have been rescued, and are on their way here.

San Jose Ignacio, or Punta Piedras Point, is a small rocky promontory surrounded by reefs, twenty-one miles west of Cape Horn, on the southeastern coast of Uruguay, and about 150 miles from Montevideo. The vessel was driven on the rocks last night. She lies thirty yards from shore, near a town called Rincon de Herrero. A heavy gale has been blowing for several days, and it still continues. This renders the work of rescue very difficult.

Tugs from the locality were unable to approach the Potou and had to run to the nearest harbors for shelter. Despite the heavy sea, however, about 200 of those on board reached the shore in one way or another.

Part occurred on board the vessel when she grounded, and a number of the terror-stricken people jumped overboard. According to one report, a number of women were forced to remain behind the hatches. Some of those who jumped managed to swim ashore, but many were drowned.

It is known that customs officers at Rincon de Herrero saved fifty passengers. The dwellers on the coast are doing all possible to help the distressed to get ashore, and are taking the best care of those that reached the land. Those on board the vessel can be seen from the shore making despairing signals. The Uruguayan authorities have sent a number of doctors to the scene of the wreck.

WORD RECEIVED IN FRANCE. MARSEILLES, May 8.-According to dispatches received here from the agents of the company that owned the French steamer Potou, wrecked on the coast of Uruguay, all the passengers and crew are safe. There are 190 passengers on board the Potou, mostly Spanish emigrants.

THIRTY-FIVE INJURED IN NEW YORK STRIKE RIOT

NEW YORK, May 8.-Not since the Brooklyn car riots has there been such street fighting on the other side of the river as happened to-night, when nearly 600 Italians and police joined battle in the Italian quarter in Williamsburg. Three patrolmen were severely injured and when their comrades had broken up the riot, 35 rioters had been sent to the Williamsburg Hospital and 12 more locked up in a police station.

WOULD INJURE BRITISH TRADE

Lloyd-George Opposes Restrictions in Shipping Regulations - Several Resolutions Adopted by the Premiers.

(Canadian Associated Press Cable). LONDON, May 8.-The imperial conference is sitting twice daily in order to finish by the end of the week.

To-day Premier Deakin brought forward a resolution drawing attention to the navigation laws in the empire, to the advisability of refusing the privileges of the imperial coasting trade to countries whose corresponding trade was confined to ships of their own nationality, and requesting the home government to take the necessary steps for the revision of any commercial treaties which would prevent preferential treatment being accorded to British goods carried in British ships.

Premier Ward stated that action had been taken by New Zealand on the lines of the resolution. New Zealand had recently the restrictions placed upon her trade with Honiului by the United States.

Mr. Lloyd George said that the transactions involved in the proposition involved a great complication of difficulties which would find a restriction in the policy of transport, and would raise the cost of carriage. A positive advantage would be given to foreign trade, and goods from foreign countries would have a choice either of British or foreign ships.

The benefits to British shipping was uncertain, because the British import shipping engaged in inter-imperial trade was either Norwegian or German, neither of which countries had excluded us from their coasting or inter-imperial trade. The only countries excluded under the resolution were Russia and the United States. Of the empire's trade from the United Kingdom ports in 1906, Russia had one-third per cent, and America nil. If the principle was extended to keep open every trade possible to British shipping, the colonies which included would not be destroyed, but would compete more keenly than ever with the foreign trade which was open to them.

BURNS WINS IN THE 20TH

Canadian Defeats O'Brien in Heavyweight Battle, But All Bets Declared Off.

LOS ANGELES, Cal., May 8.-Jack O'Brien, the well-known Philadelphia eight heavyweight, and Tommy Burns, who is Noah Brusso of Canada, met to-night before the Pacific A. C. of Los Angeles, Cal., at each weight for a purse of \$30,000.

The men were billed to battle 20 rounds for the heavyweight championship. The first taking place in Milwaukee, back in 1904, when they fought six rounds, in which O'Brien was declared the winner.

Home Government Dissents. Mr. Lloyd-George said he could not accept the resolution as it stood, but was willing to accept it with the wisdom of the words dealing with the trade between the mother country and the colonies, so that a resolution would only cover an enquiry into the position of the matter respecting inter-colonial trade.

Representatives of the colonies declared that they were not prepared to agree to this, and voted in favor of the resolution as proposed, the home government dissenting.

The following resolutions were agreed to: (1) Proposed by Australia, requesting the definition of the privileges and obligations of the colonies under existing commercial treaties, and institution of enquiries with the object of ascertaining how far it would be possible to make those obligations and privileges uniform throughout the empire. (2) Proposed by New Zealand, asking that all doubts be removed as to the right of

Woodbine System of Betting on Horses in 20 Rounds. Burns Wins in 20 Rds. Metropolitan to-Day. Harness Races

BETTING AT WOODBINE PARK BOOKMAKERS WILL BE TAXED

Half a Century Each for Information—King's Plate Odds—Training Gallops and Thorough Notes.

A lot has been said and many statements made as to the manner of betting that will be in operation at the O.J.C. meeting which begins next week at Woodbine Park. Formerly it was open and legal business at a running trot but last year somebody said the method was wrong and so the court routine found it, even the very wisest judges in the land, the supreme court at Ottawa.

Now the bookmaker must not take bets in a place, but otherwise the plan of accommodating the layers will be the same. He will bring a bag over his shoulder, move about the grass, take your money and hand out the ticket from his clerk as if you were telling you at a gaming table that he will give you one of those boxes in the cramped old-timer with which all of you are only too familiar.

There will be no difficulty about locating the cashier, as he has been jokingly suggested, the chief difficulty being the odds of picking the winner.

John Cavanaugh, the eastern betting boss, will be in charge, and anyone desiring to look must consult him. The bookie must pay for information supplied in the entries, scratches, jockeys, etc. The price per bookmaker will be, not the old \$100, but \$50. This amount goes to Mr. Cavanaugh and not to the Ontario Jockey Club, so we are asked to imagine.

The supreme court judgment would indicate that anyone could make a book who so desired, but this is not the case. Those acceptable to Mr. Cavanaugh, that is the O.J.C., will be allowed in line. They must not be a resident of the province, nor stay out of the park. By a recent O.J.C. decision a club may refuse to sell any tickets, but this will be the price of argument against the kerfuffle gentry who may desire to pave the way for watching, however honest they will be, and the Whishmen will likely get out on Saturdays and holidays.

The Toronto racing public, which is pretty generally betting in a haphazard way, will be glad to see the new regulations. The latter folk and any one desiring to back his choice can easily do so with a couple of lines.

Some fault will be found with the O.J.C. for not allowing the ring, especially since an advance of admission to \$1.00 has been decided upon.

The regulars were all at the Dufferin track yesterday and had a good afternoon's sport. There were also many ladies in the upper stand.

The weather was quite favorable for racing, but the track was heavy with dust, which made it some too fast. Class D, which was billed as the slow race, was really not the slow race, as the average time of the four heats was faster than that of Class C.

James Fogarty, the St. Thomas horseman, who has been under suspension by the N.T.A., was temporarily reinstated by the board of which he was a member yesterday.

The Toronto Driving Club will hold a matinee at the Dufferin track Saturday afternoon. Four races will be carded, the entries for which will appear in Friday's World.

It has been announced by a good authority that a \$10,000 steel structure grandstand is to be built this summer at Dufferin track and that the amount of \$500,000 more will be made to the track and grounds. When these changes have been made it is expected that Dufferin will have the best half mile track in Canada.

KAVANAGH AND TEEZEL. The World is sweating more or less blood in demanding that the law be administered in Canada; especially that the Railway Act shall be enforced, not only against the public, but against the railway companies as well.

Philadelphia had all the start. For a century the undisputed metropolis of the continent, she became the cradle of liberty and the capital of the United States. During the fifty years that followed the American revolution, the City of New York was not a serious rival, much less a dangerous competitor.

Philadelphia is about the size of England, and, like England, is rich in coal and other mineral wealth. It is the richest state in the Union to-day, we eliminate New York City from New York. Philadelphia is better located for ocean shipping and is much nearer the great lakes and the rich middle west than is New York.

What has happened to Philadelphia? The answer is found in the fact that upon the advent of the steam railway, she built, equipped and surrendered herself to the Pennsylvania Railway Company. In return she finds that that great system has been administered to build up other cities—notably New York—at her expense.

In the beginning the road received sweeping concessions, freely given by the people. They have been confirmed and strengthened since by corrupt politicians. Not only did the P. R. R. enjoy almost a monopoly in the rail way business, but it gained control of the canal of Pennsylvania and the water front of Philadelphia.

Having Philadelphia in a pocket, the P. R. R. entered into competition for the business of New York. It expended vast sums of money, and to make its investments good, it was compelled to divert all the business possible to that point.

It will not do to say that the Philadelphia people were less enterprising than the people of New York. The Quakers have been ever keen men of business, and the merchants of Philadelphia had great argosies on every sea, when Manhattan Island was principally devoted to growing tulips and cabbage.

It was the manipulation of the great No bitterness in WINDSOR TABLE SALT. It is piquant in saltiness—but delicate, giving just the right savour. Use no other.

recognition from the people. The report calls for reform, and reform is what the policyholder looks for and demands.

THE IRISH COUNCIL BILL. Whatever may be the fate of the Irish Council bill, introduced by Mr. Augustine Birrell, on behalf of the British government, it is certain enough that administrative reform cannot be long delayed. The present system is cumbersome, inefficient and burdensome.

Perhaps the most hopeful feature of the situation is the nature of the contention to be held in Dublin on May 22-23 for the purpose of considering and passing upon Mr. Birrell's bill. Recent years have been marked by a gradual, if partial, fading of the line of demarcation between the Irish political parties.

On the one hand the Nationalists have exhibited greater readiness to accept remedial legislation, even if it did not reach the measure of their demand, and on the other there has been a more general admission on the part of their opponents, that Ireland can only be successfully administered by Irishmen.

It is undoubted that at one period of its term of office, the Conservative government was coquetting with Irish administrative reform. The bare suggestion of this, however, was sufficient to stir the Ulster members to revolt. When the true story of this episode comes to be told, it cannot but add the cause of local government which provides the only real solution of the problem.

The decline of Philadelphia, as compared with New York, may well point a moral and adorn a tale for other cities. Why is it that Philadelphia lags behind New York? Why is it that her harbor has less shipping than New Orleans or Baltimore?

The milk situation will come up for solution on Tuesday next at 2 o'clock in the afternoon. Six representatives of either side will meet and discuss their grievances before Judge Winchester and C. J. James, deputy minister of agriculture.

Neither side will be represented by counsel and the producers are trying to get the milk situation conducted behind closed doors. Some friction was caused by the presence of Mr. Potter, manager of the City Dairy Co. Mr. Potter has already made contracts for supplies at the old price, and his presence was objected to by the milk producers.

MR. JUNKIN GOES INTO BONDS. Some of the life insurance managers are circulating newspaper articles which allege that the late insurance commissioner's report did not amount to much, that the findings were not in the public interest, that they were not fair to the companies. The World does not happen to agree with this opinion; but it notices all the same that the report is having a more or less beneficial effect, and that signs of very considerable re-organization are in sight—at least two companies have already made big changes.

A Platform For Greater Toronto

- (1) Take into the city all the Township of York, south of St. Clair Avenue. This to include Toronto Junction, North Toronto, East Toronto. (2) Complete the national railway from Toronto to Hudson Bay at the earliest date. (3) Centre the administration of the railway transportation of Ontario in Toronto, not Montreal. (4) Public ownership applied to the distribution of electrical energy for Toronto and all Ontario.

[The World will be glad to receive suggestions as to other planks for the development of Toronto and the province.]

A Name For a New City

The World wants to present the twin Canadian cities of Port Arthur and Fort William with a single name for that splendid new emporium of Greater Canada that now sits on the vigorous northern shore of the greatest lake on the globe.

To secure such a name we offer a prize of \$25 to be awarded on July 1 next by a committee of impartial men. We want a name that sounds well, and, if possible, fits so great a position. In the meantime the World trusts that these two cities will work together in spirit and in harmony; that they will unite into one municipality based on public ownership, and that, in the making of a great national and commercial centre, petty jealousies or small interests will not be allowed to interfere. The men who make a great city become themselves great men.

This new city will be one of the great cities on the North American continent. That it has a vigorous climate only means that it will have vigorous business methods and an absence of any of that distempers that sometimes gnaws the soul in more torrid parts. It will be a new and better Chicago, and the centre of enormous iron industries to supply the new and greater west.

MR. JUNKIN GOES INTO BONDS. Some of the life insurance managers are circulating newspaper articles which allege that the late insurance commissioner's report did not amount to much, that the findings were not in the public interest, that they were not fair to the companies. The World does not happen to agree with this opinion; but it notices all the same that the report is having a more or less beneficial effect, and that signs of very considerable re-organization are in sight—at least two companies have already made big changes.

Housekeepers have been vexed when using other powders to find their work uneven. This is because they are made from alum or other cheap and inferior ingredients. Food always sweet and light can be assured only by the use of Royal Baking Powder exclusively.

They will boast of their attitude and seek to justify it. Probably as the generation dies off the city will escape this influence. The contracting lathers offered to increase the wages from \$3.10 to \$3.40 per day.

BIG FIELD FOR VACANCY WEST YORK CANDIDATES

Conservatives Will Hold Convention at Weston Saturday—Voting Strength of Districts.

The Conservatives of West York will meet at Weston on Saturday afternoon to nominate a candidate to fill the unexpired term of the late Hon. J. W. St. John in the legislature. There will be no dearth of candidates, the prospects being that five or six strong men will go to the convention. Among them are Dr. Godfrey of Mimico, Mayor W. A. Baird, Jesse Wright and R. G. Agnew of Toronto Junction, Capt. Tom Wallace of Woodbridge, J. D. Evans of Etobicoke, Mayor Fisher of North Toronto and Dr. Charlton of Weston. This list will, of course, be simmered down somewhat before Saturday, but each is a strong man and eager for the contest.

Dr. Godfrey said: "So far as I am concerned, I am going to allow my name to go to the convention. If I prove to be not the choice of the delegates, I will be found joyfully behind the nominee, whoever he is."

"If you are nominated," he said, "I will put up the best fight I know how."

"What are the chances of success for the party's candidate?"

"That depends largely on the man. The party will be absolutely behind the choice of the convention; there is no doubt about that. It will be a large, throbbing and representative convention. There will be no trickery, and I think the man finally named will stand as the one most likely to win. There are a lot of very good men as candidates. And finally, I will be found in the Whitney columns. The government has been doing what is right, and the other side cannot raise an issue nor a man, I think, to beat us."

Too Modest to Mention Name.

Mayor Baird of Toronto Junction was asked who he thought was going to secure the nomination at the hands of the convention.

"I am too modest to tell you," was the reply.

"That's pretty definite. Why?" asked The World.

"Well, that's the way I look at it. Charlton of Weston and Fisher of North Toronto are likely candidates also."

"Hasn't Dr. Godfrey a good fighting chance?"

"If you call hustling around a sign of strength, I suppose he might be called strong. My opinion is that he should reserve his hard work until after he is nominated. If he is nominated, that is the line I am taking. As to why I think I am entitled to consideration at the hands of the delegates, I may say that I have been resident in the riding for eighteen years; for twelve years of that time I have been secretary of the Conservative Association at the Junction, and for six years secretary of the West York Conservative Association, and anyone who knows what that means knows that I must have done at least a little work."

"As regards my qualifications as a candidate, that is for the delegates to pass upon. I am a candidate on the ground that I have done something, and I think I am equally entitled along with any other to the consideration of the delegates."

Mayor Baird also told The World that if it should come to the point that any general proposition was put forward to the convention to unite on one man, like Mr. Fisher, for instance, he would be perfectly willing to do so, but he did not think other whose names are mentioned would take the same attitude.

Jesse Wright told The World that he was a candidate for the honor, but he would abide by the choice of the convention, and do his part in electing the candidate.

Mr. Wright is one of the best known young men at the Junction, where he has resided for twenty-two years. He served in the town council for four years, was on the high school board one year, and in a nine days' contest for the majority last year was defeated by only thirty-six votes.

One of the Favorites.

Mayor Fisher of North Toronto is one of the favorites named now by those who are discussing the probable outcome of the convention, and Dr. Charlton of Weston and Tom Wallace of Woodbridge are said to have pretty strong following.

The convention, which begins at 2 o'clock, is to be open to the public. The delegates, however, who will number about 225, will occupy one side of the hall to escape confusion in deliberation and voting. Thomas Griffiths of York Township, president of the West York Conservative Association, will preside. Here is how the districts show their voting strength:

Toronto Junction	85
York Township	40
Vanhousen	40
Etobicoke	20
North Toronto	15
Weston	13
Woodbridge	8

A WOMAN'S BACK WAS NOT MADE TO ACHIEVE

Thousands of Women suffer Untold Misery Every Day with Aching Backs That Really have no Business to Ache.

Under ordinary conditions it ought to be strong and ready to bear the burdens of life. It is hard to do housework with an aching back. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered that they get out of order. Backache is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney trouble.

Doan's Kidney Pills

will cure you in the same way as they have cured thousands of others.

Mrs. Thos. Craig, Almonte, Ont., writes: "I was doctoring for six months for kidney trouble and my back was so lame I had to lie in bed. I was advised to try Doan's Kidney Pills. I did so and in one week I was able to walk with very little pain, and in five months my back was as strong as ever."

Doan's Kidney Pills are 50 cents per box or 3 boxes for \$1.25 at all dealers, or will be mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

W.M. GERMAN, WELLAND, MAY GO INTO CABINET

There Will be Three Places to Fill—Guthrie and Calvert Also Mentioned.

A well-informed Liberal politician gives The World the information that William Massey German, M. P. for Welland, is slated for a position in the Dominion cabinet when the shuffle takes place, which will be in the near future. Other available material are Archie Campbell, W. S. Calvert, Hon. R. F. Sutherland and Elgin Guthrie.

There will be three places to fill. The World's informant says, the returning ministers being, in addition, to Hon. C. S. Hyman, who is somewhere between here and Japan, and will not again enter Dominion politics, Hon. R. W. Scott and Hon. Richard Cartwright.

It is said, Hon. Speaker Sutherland would be satisfied with a judgeship, and Archie Campbell may be sent to the senate. So that, among those mentioned, Mr. German ought to have no difficulty in finding a place in the ministry. Mr. German has a safe seat in Welland, having won his seat in 1904 by a majority of 922.

THE WAY TO MAKE MONEY IN MINES IS:

SELL at a good advance.

DON'T try to take the dividends and the increase in value. Let the other fellow have a chance.

COBALTS have been sidetracked in the mad rush to get holdings around the first discoveries at Larder Lake.

THE GOLD MINT PROPERTY IS ONE OF THE FIRST.

Mr. H. Dreany, who is a well-known practical mining man, left on Thursday to examine the property and arrange for the placing of the necessary plant and machinery on the ground to open up the mines at the earliest moment.

All the claims of the "GOLD MINT CO." carry veins of quartz with free gold in them. Another chance like this is not likely to occur in a lifetime. We do not fix the value of the stock of the "Gold Mint" at 10 cents per share, but make a ground-floor offer to get in with us and develop the property. The Right of Way mine at Cobalt was put on the market at 15 cents per share, and is now selling at \$5.00 per share. The Temiskaming and Hudson's Bay shares sold at 25 cents, and after paying a dividend of 4.50 per cent. in two years are selling for \$190.00 per share and hard to get.

We are making another offer. Now is your chance again. We believe it is worth Five Dollars per share, and will sell there before another year.

As the stock is being taken rapidly, the subscription list will close on Wednesday, May 15. Send in your order now and we will do what we can for you.

OFFER We offer the balance of 100,000 shares GOLD MINT stock at **TEN CENTS PER SHARE**, as long as it lasts, and advise its purchase on location, formation and general natural advantages.

Make checks, money orders payable to **DREANY & COMPANY, 701-2-3 Traders Bank, Toronto, Canada.**

DNIEPER OVERFLOWS AND 100 VILLAGES ARE FLOODED

Prisoners Escape With Difficulty From Jail—Villagers Are in Flight.

KREMENTCHUG, Russia, May 8.—The high water on the Dnieper has inundated no less than 180 villages. Dwellings, stores of grain and cattle have been swept away by the flood. The people of this town are in flight. The prison has been inundated and it with difficulty that the prisoners were removed to Poltava.

At Alexandroveck the tracks of the Southern Railroad are submerged for a distance of many miles.

34 YEARS AND NEVER A WIRE BROKEN.

Remarkable Story Told of the Heintzman & Co. Piano.

The following letter, written by Mr. R. J. Dwyer, grocer, 78 Gladstone-avenue, Toronto, is concrete evidence that the piano made by the old firm of Heintzman & Co. is built to last. The letter reads: "Having read of a piano purchased from you in 1874 or 1885, in which the first sounding wire was broken only recently while being tuned, I might say that my father, Mr. Michael Dwyer, then of Maxwell, in Grey County, bought a large Heintzman piano of your firm in 1875, in which there has never yet been a wire broken and it has been in constant use and is yet. And it has been moved about a great deal. It is now owned by my sister, Mrs. S. P. Finerty of Collingwood, with whom my father now resides, being 74 years old to-day. This piano when in tune will compare with any piano in Collingwood for tone and sound. This beats your other piano mentioned by twelve years. And when the place, as a piano had never been seen there, and it was the only one there for years after and was loaned for several musical entertainments."

A LONG-STANDING ACCOUNT.

After Twenty-Eight Years Home Bank Hears From Depositor.

Twenty-eight years ago Robt. Smith, who for many years has resided in England, deposited \$1400 in the Home Savings and Loan Company. The money was never disturbed and the interest grew steadily until it far exceeded the amount originally deposited. Just recently Mr. Smith wrote the Home Bank of Canada and learned that he now had \$4062.30 to his credit. When the deposit was first made the Home Savings and Loan Company was a young institution, having recently developed out of the old Toronto Savings Bank. The Home Bank of Canada now carries Mr. Smith's account, because it is practically the Home Savings and Loan Company under a new name and operating under a bank charter.

The interest on Mr. Smith's \$1400 now amounts to \$2662. The rate of interest paid, at one time, was six per cent., but it has decreased in recent years.

The deposit receipt of March 31st, 1879, is signed by General Manager Jas. Mason, who is now General Manager of the Home Bank of Canada.

THAW HOME MORTGAGED.

Efforts Were Made to Keep it Secret, But it Leaked Out.

PITTSBURG, May 8.—Lyndhurst, the pretentious home of Mrs. William Thaw, in the east end section of this city, has been mortgaged for \$100,000, according to The Pittsburg Leader. The mortgage was secured some time ago and extraordinary efforts were made to keep the mortgage secret.

SUMMER OUTINGS FOR POOR.

Rev. Robert Hall has purchased on behalf of the City Mission the Ingleton property, near Bronte, to be used for the summer meetings for the city's poor. Possession will be taken on June 1.

Magwood Sheriff of Perth.

The provincial cabinet has appointed Thomas Magwood of Stratford, ex-M.L.A. for North Perth, sheriff of the County of Perth, in succession to the late John Hoesie. Mr. Magwood sat in the legislature from 1890 to 1898.

How Money Grows.

Twenty-eight years ago Robert Smith deposited \$1400 with the Home Savings and Loan Co. The interest now amounts to \$2662. Smith has resided in England for several years.

PLAGUE HINDERS WORK.

Plea for Better Treatment of Chinese in Canada.

BRANTFORD, May 8.—The delegates attending the 31st annual convention of the Women's Foreign Missionary Society of the Presbyterian Church today had under consideration a number of reports.

The report of the Toronto Presbyterian Society, presented by Miss Crombie, was typical of the rest. It stated that the encouragements by far exceeded the discouragements. The number of auxiliaries was 22, showing a slight decrease in membership, but the liberality was well sustained.

The report of foreign work in India, Honan and Ugya, presented by Mrs. J. Bell, stated that once more the plague had rested over India, hindering all systematic work, especially day school work.

In presenting the Indian and Chinese report, Miss Craig put in a plea for better treatment of the Chinese in Canadian cities. The manner in which the boys behaved to those men was, she declared, hindering mission work in China.

DEATH ENDS AUTO RACE.

Women, Speeding at 55 Miles Against Train, Meet Disaster.

ASBURY PARK, May 8.—While racing with a Jersey Central Railroad train between Point Pleasant and Asbury Park to-day, a racing automobile in which Mrs. G. W. Boyce and Miss A. Wilda, Miss of Point Pleasant, were riding, was overturned and Miss Mass was instantly killed. Mrs. Boyce was rendered unconscious.

The train had just left Point Pleasant, bound for Asbury Park, when the automobile, going at a terrific pace, came along the roadway which paralleled the railroad track and attempted to pass the train. Passengers on the train witnessed the attempt and chattered to the platform and windows, cheering the two women as their machine steadily forged by the train. Just as the automobile was abreast of the locomotive, and when both were going at the rate of 55 miles an hour, Mrs. Boyce lost control of the automobile. The machine swerved from the roadway, ran over an embankment into a swamp and overturned, crushing Miss Mass.

Giving Away His Fortune.

NEW YORK, May 8.—James Henry Smith, who recently died in Japan, leaving an estate of an estimated value of \$25,000,000, gave away \$27,000,000 to his relatives to be charitable societies before his death. He would have disposed of the remainder had not death interfered.

Queen's Pedagogy School.

KINGSTON, May 8.—Queen's University will pay the local board of education \$3000 per year for the use of the public schools and collegiate institute for training purposes and in view of the new faculty of pedagogy, to be instituted here with governmental assistance.

Civil Servant Sued.

OTTAWA, May 8.—William H. Butland, electrician in the employ of the government and living at Kanawana, a suburb of the capital, hanged himself in a fit of despondency this morning.

STOMACH TROUBLES

To wrong action of the stomach and impaired digestion—a host of diseases owe their origin.

When the food is imperfectly digested the full benefits are derived from it by the body, and then stomach troubles start to appear.

Thus you become thin, weak, nervous and debilitated, energy is lacking, brightness, snap and vigor are lost and in their place come dullness, dizziness, loss of appetite, depression and languor. The great point is to get the stomach back into good shape again so it can properly digest the food, and the easiest, quickest and best way to do it is by the use of

BURDOCK BLOOD BITTERS

Miss Lizzie Furlotte, Jacques River, N.B., writes: "I was very much troubled with my stomach and did not know what to do. I consulted several doctors, got medicine from them, but all to no purpose, and was constantly growing worse. One day I had the good luck to meet with a friend who had been troubled in the same way as myself. My friend told me of the wonderful cure Burdock Blood Bitters had made with her own case, and advised me to try a bottle. I did so, and what a happy change the first bottle made. I took two more and am completely cured, and I shall ever sing the praises of B.B.B."

SPECIAL REGARDING LARDER LAKE

We are ready to stake our reputation and standing, both present and future, also our money, on the present conditions of Larder Lake as to its being a wonderful Gold Field in every sense of the word. We are very cautious as to what we recommend for investment. We have many proposition presented to us that do not come up to our requirements.

We have gone to a great deal of expense in ascertaining the true merits and real condition of the Blue Bell properties at Larder Lake. In order to satisfy ourselves beyond question we despatched three different crews of men to make examinations. They were supplied with dynamite to blow out the ore at various localities of the Blue Bell properties and ship direct to us. Neither of the crews knew or were aware of the others being in the field. We have received ore and reports from each crew. We have received hundreds of pounds of ore and can say we are astonished at the results.

There is not a single piece, from the size of a hickory nut to the largest piece, weighing two pounds, that does not contain free visible Gold that will assay anywhere from Two Hundred Dollars (\$200) to Twenty Thousand Dollars (\$20,000) to the ton; these are facts which we can verify if required.

Men with large quantities of materials are now on the ground establishing camps for the Blue Bell Company. There will be no time lost in installing Stamp Mills. We cannot here take space to tell all the pains and expenses we have gone to in order to satisfy ourselves as to the real merits of the Blue Bell properties in order that we would not mislead the investing public in misplacing their investments.

We are satisfied beyond question as to the Blue Bell properties and can recommend without reservation investments therein. We believe that the memberships consisting of 1,000 shares, which can be purchased to-day for One Hundred Dollars (\$100), will be worth in one year Two Thousand Dollars (\$2,000) each.

We strongly urge the immediate purchase of these memberships; we are willing to stake our reputation and standing on this proposition; we are placing our own funds in it, and have no fear of the ultimate results.

The rate at which these memberships are being taken exceeds our most sanguine expectations. We appreciate the confidence the investing public place in our recommendations. We pledge loyalty to every client and the near future will demonstrate that their confidence has not been misplaced.

To all our clients and friends we desire to impress upon them this fact: Larder Lake will undoubtedly be one of the greatest, if not the greatest, Gold Districts in the world. We have taken every precaution and have made thorough and systematic investigations and can say that the Blue Bell is the opportunity of a lifetime.

before the big advance. On or about May the fifteenth Blue Bell shares will be advanced to 50 cents per share. They can be purchased now in our Syndicate Pool in 1,000-share lots at 10 cents per share, requiring an investment of \$100. On or about May 15th (this month) the market value of 1,000 shares of Blue Bell will be \$500. This is a profit of 400 per cent. We are of the firm belief that within one year 1,000 shares of Blue Bell will be worth \$2,000. Blue Bell consists of 28 40-acre gold claims (one 40-acre claim having been recently purchased near the Reddick property), 1,120 acres in all. Fully paid for. No indebtedness. Blue Bell shares have no personal liability and are forever non-assessable. Men are now on the Blue Bell properties establishing camps and preparing for the stamp mills. Blue Bell will be sending out gold this summer. Now is the time to buy—before the advance—at bottom prices.

OFFERINGS NOT PLENTIFUL UNDERTONE IS FIRMER

Market for Mining Stocks Has a Better Tone, But Dealings Are Still Small.

World Office, Wednesday Evening, May 8.—The market for Cobalt securities on the mining exchanges to-day, the market evidenced a greater scarcity of offerings than has been seen for some time. Cleveland Cobalt was the active feature of the day, the buying of these shares bringing about a further increase in the price. Professionals are still heavily short of the more active stocks, but are feeling much more nervous of their position than has hitherto been the case. Foster, Threthewey, Silver Queen and Green-Meehan were steadily firm throughout to-day, business and no concessions were necessary when actual stock was involved in the transfer. Traders are fighting any improvement in the market and are cautiously putting out new short lines. This class of trading has not been successful for several days now, but will only be reversed by the floor traders when they become convinced that the new buying is sufficiently good to absorb all offerings. The markets closed dull, but the undertone was steady and in spots quite firm.

REVIVAL OF SPECULATION May Result by European Buying of Cobalt Stocks.

An active demand for Cleveland Cobalt shares occurred both at Toronto and Boston yesterday, the prices rising to one dollar a share, and closing with that amount bid on the Boston curb. The inquiry for these shares was occasioned by the news that the stock will shortly become a feature of the London market. An excellent demand for the better class of mining issues is reported from London, and it is believed by local brokers that the revival of speculation in Cobalt securities will be brought about by the extension of the bid for investment to London and other European centres.

NOT OPEN TILL 24TH.

Larder Lake Still in Frozen-Up Condition.

HAMILTON, May 8.—Jack Wilson writes to H. Barnard of the Barnard's Point Gold Mining Co. of Larder Lake, under date of May 5:

"I took 1000 lbs. across Larder May 4, with horse and sled, and on the next day Larder Lake will be open until May 24. The Canoe Route via Wendigo will be open earlier."

Recent Incident of the New Gold Camp.

H. C. Barber, in his weekly letter, gives the following items regarding the Larder Lake district, recently gathered by his representative at the camp:

"The sensation of the week has been the discovery of free gold a quarter of a mile from our office. Beyond this, and just over the hills, another find of free gold has shown up. Free gold has also been discovered on the north side of the lake, just east of the Narrows. E. B. Craft, a Canadian, a man who has had a large and varied experience in all the great mining camps of the world, is now at Larder, acting in the interest of a large firm of New York financiers. He tells us that his impression of the camp as a gold producer is equal to anything that he has yet seen. Capt. Magee of Utica, N.Y., has arrived in order to inspect claims, and he is as enthusiastic as Mr. Craft as regards the future of the camp. Fred Fuller, in charge of the Larder Lake Proprietary Goldfields, Limited, reports discoveries of free gold on claims Nos. 1885, 2024 and 2025. A splendid showing of free gold has also been discovered on the claim adjoining claim No. 2138 of the Proprietary. "Great discoveries are reported some way north of the lake (near the Martin group of claims), and a New Larder syndicate is commencing large operations there. "The district round Barber Lake is showing up very rich, and all the way around large masses of exposed rock reveal excellent quartz veins. This particular location is exceptionally promising. "The whole country appears impregnated with mineral, and reports

reach the camp daily of new discoveries carrying gold. Prospecting, owing to present conditions, is still carried on with some difficulty, but very shortly, with the final departure of the snow, an even greater number of rich discoveries may certainly be looked for.

"The influx of new arrivals continues to increase, and our energies are being somewhat taxed in taking care of the gentlemen arriving with introductions from you. Your gasoline boat has arrived, and the big boat (the Gelsab) will be ready to launch when navigation opens shortly. The fleet on the lake will number nearly a dozen. "A tremendous amount of new building is going on; new hotels and restaurants are opening, etc., and the telephone line is fast nearing the camp. Another assay office (Mr. Cameron's) has been started, and is working night and day."

INCREASING IN VALUE.

President of Silver Queen Visits the Mine.

President Davidson of the Silver Queen, in a report, says: "I found the mine in an admirable condition, evidence of well and economically managed. The work is progressing very satisfactorily, and the old veins show up well—if possible, better than ever. As development proceeds, it is quite evident even to a layman, that the property is increasing in value, and that the veins are fully maintaining their silver values. I found also that they had a total of 214,198 pounds of ore on hand, sacked and ready for shipment, some of this being very valuable ore. The reason why the shipment has not been made was on account of the inability of the smelter to handle the ore at the moment."

NEW STRIKES ON NIPISSENG.

COBALT, May 8.—A series of strikes has been made on the Nipisseg property within the past few days. Yesterday an important Cobalt vein was found. Nipisseg has uncovered the important nicolite vein found on the shores of Cobalt Lake recently.

The Speculation on Wall-Street Narrows—Pool Movements in Locals Unsuccessful.

World Office, Wednesday Evening, May 8. The Toronto stock market has been thrown into a newly agitated condition again, and any attempt at improvement is resisted as strongly as last week.

Longshoremen's strike continues, but some shipping companies settle independent. Snowstorm in Minneapolis. Large orders for pig-iron placed in England. Rock Island, Ontario and Western, St. Paul and the Western Transit Company indicted for sugar rebating.

Speculation in wheat broadening and showing considerable public interest. Good demand for steel, Atchison, Pennsylvania and U. P. in the iron crowd, and indications show increased general demand.

Cleveland reports car supply becoming more plentiful. Seventy-one roads for March show average net decrease of 2.22 per cent, and for nine months, increase of 3.58 per cent.

Thirty-one roads for fourth week show average gross increase of 21.42 per cent. Iron and steel manufacturers decided not to resist increased freight rates by the railroads, effective June 1.

Sub-treasury gained \$1,800,000 from the banks yesterday, and since Friday it has gained \$2,000,000 from the banks.

Joseph says: Both U. P. and S. P. are undervalued at their present prices. Atchison will sell at 3 per cent on Friday. A further rally should be soon. Heading may be bought on one-eighth points.

London (Evening)—The stock exchange markets on curb today generally showed a more improved condition. Improvement was maintained in home issues, and the copper stocks were strong on the growing feeling of the reactionary movement in the metal is about over.

Senator Page and supporters have issued a call for a conference of senators to consider public utilities in fine emergency. Senator Page says there is no truth in the report that there is to be a merger with the Dominion Coal. He also says there have been no negotiations of any kind, and that he has not even seen President Ross of the Coal Company, since he went to London.

The farm land sales of the Canada Northwest Land Company, Limited, during the month of March, were 2199 acres, for \$24,307, being an average of \$11.00 per acre, as against \$422 acre for \$49,652, in the corresponding month of 1906, being an average of \$23.04 per acre, while from Jan. 1 to March 31 the number of acres sold was 1819,330.

NEW YORK, May 8.—Exceptionally good support is offered by inside interests in Baltimore and Ohio, and its financial position is so different from that of most other important railroads as to cause de-

Heed. The reaction has carried leading issues substantially below recent high levels, and the same scarcity of stocks in case of most issues is manifest now, as was the case prior to the advance. The short interest is considerably extended, and we think that purchases on moderate concessions will prove profitable.

Dunn & Robinson in J. Lorne Campbell: N. Y. C. caused a rally in that stock, which was reflected in a mild way through the list. Expect an irregular market, with higher prices toward end of week, as the government report has been pretty well discounted, and understand there is quite a short interest in the market, which could be quickly driven to cover on any kind of good news.

Upholds "Closing Out." CHICAGO, May 8.—Judge Dupuy of the superior court today upheld the custom of brokers on the board of trade and the stock exchange in closing out trades, when additional margins are demanded, and refused.

Line from Winnipeg to Edmonton Cannot be Completed on Account of Bad Weather

OTTAWA, May 8.—From present appearances there is little or no prospect of the Grand Trunk Pacific having the line to completion this season from Winnipeg to Edmonton, as Mr. C. M. Hays had promised when construction work on this stretch was begun last year. In the first place, the ground in the west is still covered in many places with snow, and full of frost, where last season construction work was under way on April 1.

Help for Jamaica. LONDON, May 8.—It was officially announced today that the British government had declined to make Jamaica a gift of £750,000, and to guarantee a Jamaica loan of \$4,000,000 to assist the inhabitants of Kingston to recover from the effects of the recent earthquake.

NEWFOUNDLAND WINS. Supreme Court Also Decide That Modus Vivendi Doesn't Affect. ST. JOHN'S, Nfld., May 8.—The supreme court of Newfoundland, in upholding the colonial government in its contentions respecting the so-called Bay of Islands herring fisheries case, in which the right of Newfoundland fishermen to be employed by American vessel-owners within the three-mile limit was involved, has also decided that the treaty of 1813 and the modus vivendi between the United States and Great Britain, had no bearing on the issue.

NEW YORK METAL MARKET. Marshall, Spader & Co. wired J. G. Beatty at the close: As a crop condition, or nearly so, conclusions regarding the outcome must needs be determined until the points involved are passed upon by the highest court of Great Britain.

G.T.P. CANNOT HANDLE WESTERN GRAIN THIS YEAR

Line from Winnipeg to Edmonton Cannot be Completed on Account of Bad Weather

OTTAWA, May 8.—From present appearances there is little or no prospect of the Grand Trunk Pacific having the line to completion this season from Winnipeg to Edmonton, as Mr. C. M. Hays had promised when construction work on this stretch was begun last year. In the first place, the ground in the west is still covered in many places with snow, and full of frost, where last season construction work was under way on April 1.

Help for Jamaica. LONDON, May 8.—It was officially announced today that the British government had declined to make Jamaica a gift of £750,000, and to guarantee a Jamaica loan of \$4,000,000 to assist the inhabitants of Kingston to recover from the effects of the recent earthquake.

NEWFOUNDLAND WINS. Supreme Court Also Decide That Modus Vivendi Doesn't Affect. ST. JOHN'S, Nfld., May 8.—The supreme court of Newfoundland, in upholding the colonial government in its contentions respecting the so-called Bay of Islands herring fisheries case, in which the right of Newfoundland fishermen to be employed by American vessel-owners within the three-mile limit was involved, has also decided that the treaty of 1813 and the modus vivendi between the United States and Great Britain, had no bearing on the issue.

CORNISHMEN DINE.

Third Annual Reunion and Banquet in the Temple.

And shall Trelawney die? And shall Trelawney die? Ten thousand gallant Cornishmen will know the reason why.

The third annual reunion and banquet of the Toronto Cornishmen's Association was held last night at the Temple Building. The 250 members and guests were received by President Mrs. Thompson. A most enjoyable musical program was rendered by the Cornish Choir, assisted by Mrs. Cotton, Miss Denack, Miss G. Hill, Miss Henwood and Hill. The Cornish anthem, "Trelawney," was given in the style. The invited guests were E. B. Ocker, M. P., W. G. Tredwell, Mayor Coatsworth, Rev. R. Hobbs, Rev. Geo. Jackson, Rev. R. Whiting, I. M. Gander, St. George's Society, D'Arcy Hinds, Irish Gaelic League, Enoch Ward, Yorkshire Society, C. W. Morrige, Yorkshire Welcome League, and a delegation of the newly formed Cornish Society of Hamilton.

The loyal toast having been honored, R. A. Rogers, past president, proposed "Toronto, Our Adopted Home and Cornwall, the Land of Our Birth," which was received with rapturous applause.

The other toasts were "Our Guests," "Sister Associations," specials, and "The Ladies." Letters of regret were received from Hon. T. Greenway, Controller Hocken, J. M. Courtney, W. W. Corey, the hon. president and Mayor Coatsworth. W. J. Gray proved a most efficient toastmaster.

REFERRED TO JUDGE BALMY BEACH BLAZE

East Enders Anxious—Great Sport at Lambton—Other News County Notes.

BALMY BEACH, May 8.—The threat of the Toronto Railway Co. to cut out the service east to Munro Park is believed to be a move in their game for a franchise favor from the municipality of East Toronto. The city limit is Howard-avenue and the Town of East Toronto and the Township of York are passed thru by the cars to reach Munro Park. Now that the company have lost the park as a summer resort, the company talk of stopping the service. For a long time the company have wanted a franchise from the town that would extend past the time of expiry of the present radial railway. This the town has refused to accord.

"So far as the town granting the franchise in return for an east Queen-street service, the company is mistaken," says Councillor Baker. "There are only three blocks of the town thru which the cars run and as a matter of fact residents believe that absence of cars would appreciate the value of property, as well as remove the danger to children. The residents of the township, who succeed from the town, will have to look out for themselves."

As a matter of fact, tho, the company must, under its agreement for a radial service, provide a service to Victoria Park, altho it could be limited, probably, to a limited spur-line service. Failure to provide the service would render the company liable to forfeiture of the franchise for the town, which has five years yet to run.

At present residents on Queen-street can take a car and for single fare can transfer to the Kingston-road car at the upper town and on to Crew's Hotel, or vice-versa.

Another suspicion entertained is that the company may be trying to force some concession toward securing a "loop" at the end of the line which would take the company out of Munro Park, in backing.

The adjourned annual meeting of the Balmy Beach Club will take place in the club room on Monday evening at 8 o'clock, for the transaction of important business. A full attendance of the members is requested.

Miss E. Ross, daughter of Mayor Ross and a most estimable and popular young lady, has been nominated as a representative from the Balmy Beach district on the "Trip to London."

The Balmy Beach firemen had a swift run to-night to a house owned by Mr. Boyd on Cedar-avenue, a short distance north of Queen-street. The building was gutted and the loss is estimated at \$500.

The Balmy Beach School was opened this morning with an attendance of 110 pupils. A meeting of the property committee was held to-night, with the question of appointing another teacher was considered.

Stouffville.

STOUFFVILLE, May 8.—F. E. Warriner, son of S. M. Warriner, the enterprising merchant here, a short time ago, has received his diploma from the Dental College, Toronto, and has purchased a business in Brantford, where he intends moving on an early date. We wish Fred every success.

The Ladies' Aid of the Presbyterian Church held a social gathering in the church last evening, aged at Miss Ella Hagerman, Unionville; Miss Gerie Mitchell, Stouffville; and Mr. Zeigler Mackham, rendered solos, which were very much appreciated by the large crowd in attendance.

Mr. Jewell, a resident here for a number of years, is moving to Stouffville. Two different parties composed of three each journeyed northward on May 1 in search of the speckled beauty of the arctic. He says that the strike has disorganized his business and that he has lost about half of his customers. "I am getting new ones in their places," he remarked.

Destroying two cans of milk by dumping them from a dealer's wagon saving the receipt dead-work is the charge upon which Henry Wilshire will have to appear before Magistrate Ellis to-morrow. It is alleged that Wilshire jumped on the wagon of a city dealer, one Tabbot, and threw out two cans purchased at a neighboring farm.

The St. Clement's Women's Auxiliary held their final meeting yesterday afternoon. Mesdames Grundy and Sanderson read the report of the annual meeting held last week. The meetings will be resumed again in September.

Rev. and Mrs. A. L. Huddleston of Hamilton are visiting friends in town.

Miss Thompson, teacher of the Davisville School, is absent from school and is at Bartonville nursing her mother, who is ill.

YOUR BLOOD UNHEALTHY IN THE SPRINGTIME.

You Should Cleanse the System at Once with Proper Medicine.

Spring house-cleaning is the solemn duty of every good housekeeper—this time let it commence with your own system. All the organs are depressed. The liver is slow, kidneys are unhealthy. In consequence you are listless, vitality is low, color is bad, appetite poor and you need medicine.

This is just the time to use Ferronze; it excites splendid appetite, gives digestion splendid aid, supplies nourishment for all weak organs. At once you feel buoyant and strong. Nutritious blood courses through your veins, supplies strength and life, makes you tingle with animation and ambition.

No more headaches.

You feel like tired languor.

You feel like doing things because Ferronze completely renews and strengthens your whole system.

For spring debility no medicine on earth gives such quick, lasting benefits as Ferronze. It has raised thousands from downright weakness, gives them perfect health, simply because it contains the fortifying elements that run down systems require.

One week after using Ferronze you'll feel like new; you'll appreciate what real robust health means. In a month your vigor and spirits have received. Ferronze is more than a tonic, because it does not temporarily. It restores health where other treatments fail, and especially in the springtime. It should be used by every man, woman and child. Try it. 50 cents per box, or six boxes for \$2.50. Sold by all dealers.

East Toronto.

EAST TORONTO, May 8.—Residents in ward one are in a state of relief at the turn of events with respect to the rumored withdrawal of the street railway at the Beach. There are reasons for this, and the fact that the representatives from the south ward, when the people in the upper end of the town were fighting for the street railway, were generally supposed, are thought not to have manifested a very friendly feeling in the matter. Another is that if the street railway were withdrawn, as is generally supposed, using the withdrawal of the service as a leverage to obtain some concessions in the way of an extension of the franchise in the north end, the citizens of York and Coleman may get a railway. And a railway they want, in any event. A prominent property owner in ward one, Mr. J. W. Taylor, of New Smyrna, Fla., are done for the summer and are staying at Toronto Junction with Mrs. Townsley, Mrs. Gibson's mother.

Toronto Junction.

TORONTO JUNCTION, May 8.—The Campbell Milling Company have started a 9000 feet storehouse on their property on the west side of the tracks. This power house will be brick and three stories high.

The C. P. R. are erecting a scaffold around the big chimney that was used in the Junction ghost. They are now using the new one.

A number of surveyors were busy to-day surveying the old Kennedy estate on Elizabeth-street. It looks as if there will be a boom in the south-west.

Some boys are beginning to discharge fireworks in town already. There is a bylaw that prevents this being done within 100 feet of any building, and the police intend to see that this bylaw is carried out.

Ward 1 Conservatives met to-night at the residence of Councillor Chapman, vice-president for the ward, and appointed three delegates to the convention to be held at Weston at 2 o'clock Saturday afternoon, May 11. All the delegates are present, and the work, and the Junction will be represented by 18 delegates, as follows: Ward 1, 10; Ward 2, 10; Ward 3, 10; Ward 4, 10; Ward 5, 15, and the local association 3.

Tenders for the paving of Dundas-street are already being received at the City Engineer's office.

The death occurred this afternoon of Catherine Keenan, wife of Edward Keenan, 121 Quebec-avenue. She deceased was in her 54th year. The funeral will take place on Saturday morning at 9 o'clock, to St. Cecilia's Church, thence to Mount Hope Cemetery.

Every Sufferer of Rheumatism Cure Will Be Distributed From the Business Office of The Toronto Daily Star, 18 and 20 King Street West.

Distribution Opens This Morning at 8.30 o'clock, Continuing Until 6 at Night.

EVERYBODY INVITED

Every Sufferer of Rheumatism is Asked to Call and Get a Free Bottle.

Professor Munyon is here, and has decided to make another distribution of his guaranteed Rheumatism Cure. This makes the fifteenth distribution Professor Munyon has made in this city.

His proposition is certainly a fair one. He does not ask the people to invest one penny. On the contrary, he invites everybody to call for a free bottle. Even the greatest sceptics must admit that this is a fair and generous proposition.

It is said that Professor Munyon has made millions of dollars by this liberal and civilized world, and he claims that his Rheumatism Cure has cured more rheumatism cases than all the doctors and medicines that have ever been compounded.

From the testimonials of the leading people of the world it would seem that his statement is fully justified. He certifies that his Rheumatism Cure will do all that he claims for them or he would not distribute them free.

Column after column of testimonials have been published in the leading papers from weak-kneed citizens who have been cured by his Rheumatism Cure. His remedies are guaranteed under the Pure Food and Drug Law, and Professor Munyon's cure that they positively contain no opium, cocaine, morphine or other deadening drugs. It is a natural, healthy, and safe cure. It relieves all rheumatic pains in from three to five hours, and generally cures before the patient has time to get up.

They cure by neutralizing the uric acid and eliminating all poisons from the blood. The old cases of long standing which he has just prepared a remedy which he calls his XXX Rheumatism Remedy. This is a new and what is termed by doctors incurable cases.

He claims to have had wonderful results in the case of the patient who had chronic arthritis for this remedy a thorough trial.

For old cases of Rheumatism Cure, he has prepared the following list of cures, which are for sale by all druggists, mostly at 25c.

He states that in every case where any one buys his remedies and they do not cure or do not relieve the pain, he will refund the money. Certainly nothing could be fairer.

Professor Munyon assumes all the risk. He is especially anxious for the physician to call for free samples of his Rheumatism Cure, as he wants the full truth to be stated about this wonderful remedy.

A CURE FOR EVERY DISEASE.

MUNYON'S DYSPEPSIA CURE positive cures all forms of indigestion and stomach trouble. Price, 25c.

MUNYON'S CATARRH REMEDIES cure all the Catarrh Cure—price 25c—eradicates the disease from the system, and the Catarrh Tablets—price 25c—cure all urinary troubles.

Chester.

CHESTER, May 8.—Rev. Frank Vinton is interested in locating the whereabouts of Douglas Woods, who disappeared by the late explosion, and whose family have not since heard of him. When Woods left Chester he said he was going to Niagara. Mrs. Wood has also supported her family by her own industry. Woods was employed at the National Club, was 5 ft. 10 in. high, had a fair complexion, with blue eyes and his initials were tattooed on his arm. Any information will be thankfully received by Mrs. Wood. But she is not able so far to thoroughly investigate the matter.

York County Objects.

T. H. Lennox, M.L.A., solicitor for York County, accompanied by a number of the councillors, appeared before Mr. Henry Montgomery, asking for a reconsideration of the status of the accounts for repairs of the houses department of the big civic pile. The county's proportion is 22 per cent, which the county fathers have always regarded as too high. In an agreement being proposed by the county provision is made for five year adjustments, and the last one was made in 1901, hence the present application. At the request of the city an enlargement was granted.

Magistrates Disagree.

After repeated sitting and failing to agree on the case of William Courts, charged with the theft of £10, by raising the weight ticket of a load of hay, J. C. Clark and T. J. Woodcock, two York County magistrates yesterday submitted the whole matter to Judge Winchester. After hearing the evidence, his honor ordered the accused to be discharged from custody.

\$35,000 Damages for Left Leg.

NEW YORK, May 8.—A verdict of \$35,000, the largest on record for such an injury was given to Miss Margaret Noakes, a young girl of New York Central Railway, by a jury in the supreme court. Miss Noakes, a pretty girl of 20 years, had the railroad company pay \$35,000 damages for the loss of her left leg. A Central locomotive ran down the automobile in which she was on June 13, 1906.

MEDAL FOR DR. BURWASH.

Services in 1866 Recognized by the Government.

About 80 of the Veterans of '66 assembled in the armories last night to take part in the presentation of a medal to their old chaplain, now Chancellor Burwash of Victoria University.

Col. J. M. Gibson of Hamilton, himself a veteran of the 132d Regiment, in behalf of the veterans of militia, made the presentation. Col. Gibson mentioned that Chancellor Burwash had never asked for recognition from the government, but that the honor just bestowed was rightly due him, as an appreciation of his faithful and voluntary services to his Queen and country all thru the campaign of '66.

The Queen's Own Rifles held their usual weekly parade. After taking part in the presentation to Chancellor Burwash, the troops marched out of the armories 700 strong, accompanied by two bands.

Munyon's Great Gift

His Remedies to Be Given Away Absolutely Free

Ten Thousand Bottles of His Guaranteed Rheumatism Cure Will Be Distributed From the Business Office of The Toronto Daily Star, 18 and 20 King Street West.

Distribution Opens This Morning at 8.30 o'clock, Continuing Until 6 at Night.

EVERYBODY INVITED

Every Sufferer of Rheumatism is Asked to Call and Get a Free Bottle.

Professor Munyon is here, and has decided to make another distribution of his guaranteed Rheumatism Cure. This makes the fifteenth distribution Professor Munyon has made in this city.

His proposition is certainly a fair one. He does not ask the people to invest one penny. On the contrary, he invites everybody to call for a free bottle. Even the greatest sceptics must admit that this is a fair and generous proposition.

It is said that Professor Munyon has made millions of dollars by this liberal and civilized world, and he claims that his Rheumatism Cure has cured more rheumatism cases than all the doctors and medicines that have ever been compounded.

From the testimonials of the leading people of the world it would seem that his statement is fully justified. He certifies that his Rheumatism Cure will do all that he claims for them or he would not distribute them free.

Column after column of testimonials have been published in the leading papers from weak-kneed citizens who have been cured by his Rheumatism Cure. His remedies are guaranteed under the Pure Food and Drug Law, and Professor Munyon's cure that they positively contain no opium, cocaine, morphine or other deadening drugs. It is a natural, healthy, and safe cure. It relieves all rheumatic pains in from three to five hours, and generally cures before the patient has time to get up.

They cure by neutralizing the uric acid and eliminating all poisons from the blood. The old cases of long standing which he has just prepared a remedy which he calls his XXX Rheumatism Remedy. This is a new and what is termed by doctors incurable cases.

He claims to have had wonderful results in the case of the patient who had chronic arthritis for this remedy a thorough trial.

For old cases of Rheumatism Cure, he has prepared the following list of cures, which are for sale by all druggists, mostly at 25c.

He states that in every case where any one buys his remedies and they do not cure or do not relieve the pain, he will refund the money. Certainly nothing could be fairer.

Professor Munyon assumes all the risk. He is especially anxious for the physician to call for free samples of his Rheumatism Cure, as he wants the full truth to be stated about this wonderful remedy.
