for Dead—Canada Wants All the Good
Farmers She Can Entice to Come Into
Her Arms—This is the Policy of the
Liberal Government—Inspector Cham-
berlain Makes a Site Among the Best
Doctors at Ottawa—General Point
ers from the Capital.**

Ottawa, Jan. 28.—(Special)—Ottawa workingmen are getting restive about the American alien labor law. The contract for a new opera house has gone to an American citizen, and with the prospect of many United States citizens working on the job the outlook is certainly not a pleasant one for organized labor at the Capital. This morning, therefore, a delegation of labor men waited upon the Premier to present to him their views on the alien labor question and immigration. They urged upon him the settlement of the unemployed of the cities and towns on the vacant lands of the Dominion. They desired friendly labor relations between Canada and the United States, but wanted Canadian labor protected. They desired no immigration from Europe until the Canadian unemployed were provided for.

POLICE STATISTICS.

Report annual report of Chief of Police shows the following for the department for the year: the cost was \$29,400; the total expenditure for the department for the year was \$29,117. The number of arrests made during the year were 764, being 59 less than the previous year. The amount of collections during the year was \$1,000,000, less \$534,582, total \$885,418. The premises visited by the police in sanitary inspections numbered 226. The prosecutions for violation of the Prohibition Act were prosecuted by police and convicted 26, fines and costs \$162; prosecuted by license inspectors and convicted 54, fines 25; 26 prosecuted by police and dismissed 20; prosecuted by license inspectors and dismissed 5; total 25.

PITTAWAY'S STUDIO GUTTED.

A. G. Pittaway's photographic studio, 200 Yonge-street, was gutted this morning. Beament Johnson's furnishing store and C. A. Douglas' office also suffered. The total loss amounted to \$20,000, as follows:

A. G. Pittaway \$4000, Beament & Johnson \$8000, C. A. Douglas & Co. \$300, Mr. Short \$200. The total insurance was \$10,000. Mr. Johnson carried \$3000, A. G. Pittaway \$2500 and C. A. Douglas \$500.

GENERAL NEWS ITEMS.

Two offers of contributions toward the building of a new hall were received yesterday, including the iron roofing and a magnificent cooking range.

Joseph Martin, ex-M. P., is in the city, investigating his political significance. Mr. Martin says he is out of politics for good, and is now devoting his attention to gold mining.

Mr. C. Q. was here to day on behalf of the Canadian government and was to visit Washington this weekend. He was determined to see Canadian labor protected at an early date.

HIS IMMIGRATION POLICY.

On the question of immigration it was the intention of Mr. Chamberlain to use every means in their power to populate this country. They would utilize every agency to bring settlers to this country, and would do their best to inform them that it was only farmers and those willing to become farmers who could be urged to immigrate to the country. The only class of immigrants wanted were men who could work upon our farms, other unoccupied in overpopulated cities and towns. Good strong young farmers in Great Britain, Ireland, Norway and Germany would be persuaded, if possible, to make their homes here. In this connection, remarks the Premier urged the delegation to interview the Minister of the Interior, who would be pleased to receive him. He was determined to see Canadian labor protected at an early date.

OUR LUCKY GOVERNMENT.

A Frenchman Donates \$50 Franks to Canada's Poor and the Amount is Added to Country's Assets.

Ottawa, Jan. 28.—(Special)—For the past three years Mr. J. M. Rousseau of Paris, France, has made a contribution of \$50 franks a year to the poor of Canada. The first year the Finance Department did not know what to do with it. Reasons of paper were used up, and the amount was added to the in-council. Rousseau's contribution reached the Canadian Department to better the lot of Poor Le. The next year Rousseau was again here, and again sent further correspondence the \$9.85 (50 francs) was sent to the French Consul at Montreal for his disposal. Then for the third time he came to Ottawa and was heard of again on this occasion the happy thought struck an official that as the people of Canada were so poor, and had so little to live on, the \$50 franks might as well be added to the assets of Canada, leaving the debt on June 30 last at \$28,475,432.

Cook's Turkish Baths, 204 King W.

Ladies 75c.

Grand & Toy's Shop.

Square yards do not apply to our printing, any more to a yard of silk than to a yard of calico. Printers' ink like a good paint, and is mixed with oil and brains. Good printing and good brains are worth something, even though we have it. We'll give it. Grand & Toy, stationers and printers, Wellington and Jordan-streets, Toronto.

JAPAN'S POPULATION.

Mr. Johnson, Dominion Statistician, has received the official figures of the population of Japan, and says on Jan. 1, the number of inhabitants in the country was 7,935,969 and the total population 42,270,620, an increase of 51,160 persons and 475,405 the year before.

AMERICAN TURKEYS SUZZED.

Fishery Overseer Kyle at Rat Portage has seized a large number of nets in Manitou Lake, north of Lake of the Woods. A portion of them belong to American fishermen, and were destined for the market.

Those belonging to Canadians will be returned, as it appears others were about to apply for a license, and were merely testing the fishing ground.

ARMED FORCES.

The Government has been advised that the United States authorities have removed the restrictions formerly imposed upon the importation into Alaska of breech-loading rifles and ammunition.

NICARAGUA'S DEBT.

The Department of Trade and Commerce is informed that the Republic of Nicaragua has imposed an export duty of \$1 per 100 pounds. This has been done to enable the repatriation to India of imports upon its outstanding indebtedness.

THE FIGHT AMONG DOCTORS.

Quite a stir has been raised in the city by the statement of Dr. T. F. Charlton, Provincial Inspector of Hospitals, that he would resign if the city, to the effect that the Ontario Government intended to force the British Hospital directors to give in to the late treasurer's demands for payment of the Government's \$5000 grant. It is said the inspector has intimated that he would resign if the Executive Board of eight or ten doctors must remit the medical staff with a pledge not to interfere with the hospital equipment. Otherwise the Ontario Government would take away its grant and give it to the medical staff talk of the hospital directors regard the Government's action.

Westerham & Co., patent solicitors and experts, Royal Commerce Building, Toronto.

C. J. Townsend & Co.

We will be seen by auction at 11 a.m. to-morrow at Marshall and pool tables, by order of C. C. Clarkson. They must be closed out.

Westerham & Co., patent solicitors and experts, Royal Commerce Building, Toronto.

A Banquet Resolved.

Brampton, Jan. 28.—A dinner in honor of the late Treasurer Campbell was held to Brampton County and Brampton Board of Trade on Tuesday. She will go to the hotel to join the Board of Trade.

Monroe will join the North American and West Indian squadron as soon as possible. She will join the Cape of Good Hope and West coast of Africa squadron, which is commanded by Rear Admiral Rawson.

REPAIR OF COUNTY ROADS.

The Subject Discussed by the
County Council.

ATTORNEY-GENERAL'S NOTE

Proposed Joint Conference on Broad
Tires on Public Roads.

BUSY DAY WITH THE COUNTY REPRESENTATIVES
High Constable Reports a Decrease in
the Number of Offences for the Past
Year—The Everlasting Tramp Question
and Stealing Rides—Memorial to Par-
liament for an Alien Labor Law
Adopted.

A considerable amount of business was transacted at the session of the County Council yesterday, but a further sitting will be held next week. Mr. Chester presented a memorial from the Scarborough Township Council, asking the County Council for a grant towards the cost of repairing the Kingston-road. The township asks the Council to pay one-half of the total cost of maintenance on the following ground: The road is the only main road leading outwards of the rural parts of the entire county. The traffic is very heavy, and the cost of maintenance on an average of 34 years has been nearly \$30 per mile. On this calculation Scarborough will be at an annual outlay of \$327.82 to maintain the Kingston-road, and the township asks the Council to pay one-half of the cost of repair, now that it is in the hands of the municipality to keep in repair eleven miles of stone highway, costing last year. It is said, not less than \$3000, and in another year, not less than \$6000, on the dollar per annum on certain of the ratemakers whose roads are to be repaired, so that it will be necessary to keep that portion of the road within their municipality in repair. There were no arguments adduced by the Executive Council, after hearing the full statement, and after consideration and having regard to the terms that they will not be kept in repair, nor in that state of repair which they are in, it is to be as well served in the future as it is at present. The Executive Council, after hearing the full statement, and after consideration and having regard to the terms that they will not be kept in repair, nor in that state of repair which they are in, it is to be as well served in the future as it is at present.

Frank Paxton, an employee at the Boston Hotel, has been appointed by his employer, close to the shoulder, by an air attached to a delivery wagon, resulting in a fractured skull and a great deal of internal pain, followed by a painful wound for a doctor's visit.

Mr. J. W. Curtis, of the B.R.T. Lodge 320, W. E. Summerhayes, W. J. Cook, Baggage Master, D. Wilson, W. J. Curtis, J. Clever, etc., G.T.R. officers, to show their sympathy with the affair, placed a private train at the disposal of general manager, who will be in touch with friends in the suburbs who will follow his care with interest.

THE CASH ON PIGEON.

The question of the money paid in Pickering Township was under consideration at the meeting of the road commissioners.

Mr. Chester presented a memorial from the Scarborough Township Council, asking the County Council for a grant towards the cost of repairing the Kingston-road.

The township asks the Council to pay one-half of the total cost of maintenance on the following ground: The road is the only main road leading outwards of the rural parts of the entire county. The traffic is very heavy, and the cost of maintenance on an average of 34 years has been nearly \$30 per mile. On this calculation Scarborough will be at an annual outlay of \$327.82 to maintain the Kingston-road, and the township asks the Council to pay one-half of the cost of repair, now that it is in the hands of the municipality to keep in repair eleven miles of stone highway, costing last year. It is said, not less than \$3000, and in another year, not less than \$6000, on the dollar per annum on certain of the ratemakers whose roads are to be repaired, so that it will be necessary to keep that portion of the road within their municipality in repair. There were no arguments adduced by the Executive Council, after hearing the full statement, and after consideration and having regard to the terms that they will not be kept in repair, nor in that state of repair which they are in, it is to be as well served in the future as it is at present.

Frank Paxton, an employee at the Boston Hotel, has been appointed by his employer, close to the shoulder, by an air attached to a delivery wagon, resulting in a fractured skull and a great deal of internal pain, followed by a painful wound for a doctor's visit.

THE T. EATON CO. LIMITED

190 Yonge St. Canada's Greatest Store. Toronto.

YONGE AND QUEEN STREETS, January 29, 1897.

The January Wind-up!

TOMORROW ends the January programme. For a whole month we've been crowding prices and crowding goods out—making a new midwinter record and adding to your good opinion of this store. To-day will be busy, as a matter of course. To-morrow's trade will round out the biggest January business and cap the climax of still larger success.

Winter goods of every sort are selling for less now because of important "occasions" that are pending. February will bring entirely new conditions and surprising developments in the line of economy. We want a clean sweep and a clear field, and clearing prices such as these will help us get it. A hundred thousand people will see this list. That means there's no time to lose if you want any of these—

Men's Shoes.

—40 pairs Men's Sample Boots, leading styles and shapes, consisting of French calfskin, laced and elastic sides, Donkey kid, kangaroo, Russian calf and shell cordova (horse-hide), all size 7; also oxblood (tan color) laced boots, sizes 6 to 10, regular \$2, \$3 and \$4 goods, Saturday..... \$1.50

Clothing.

75 only Boys' Ulsters, heavy, pure all-wool Harris frieze, 16 oz. weight, dark brown and Oxford grey shades, double-breasted, storm collar, slash pockets, tab for trousers, belt, heavy check'd twill, linings, sizes 22 to 26, regular selling price \$3.75, \$4.25 each. Saturday..... 4.95

CITY'S ISLAND PROPERTY

Will be Handled by a Real
Estate Man.

TO KEEP OUT HUCKSTERS

Proposal to Establish a Horse Market
in the City of Toronto.Additional Accommodation Required for
Cattle and Sheep at the Western Cattle
Market—Proposed Committee Will De-
vote to Hurry Work on the New City
Buildings—Memorial Trees to be
Planted in the Public Parks in Honor
of the Diamond Jubilee.The Property Committee yesterday
afternoon took the initiatory step to-
wards instituting an entire new
method of dealing with city property
on the Island upon which it is
believed that the appointment of an
agent to handle it for the city. H.
W. McMillan was the key man to re-
quest the unanimous endorsement of
the committee. The intention is that
he shall handle all the city's property
on the Island upon which it is
believed that the appointment of an
agent to handle it for the city. All
members strongly supported the pro-
posal, and in accordance with the re-
commendation of the Commissioner, a
committee composed of Dunc, Dan
Sheppard, Russell and Wood was ap-
pointed.Ald. Burns, Dunn, Woods, Sheppard,
Beale, Carlyle, Russell, J. J. Graham
and Lamb composed the committee.The City Solicitor will advise as to
the legal position with respect to
the lease of the old drill shed for
storage purposes.

PRISONERS AND THEIR RATIONS.

Steward McMillan indignantly denied
the truth of the complaint that
the grand jury that the bread supply to
prisoners on the Island was bad, and
asserted that the quality of bread furnished
by the present contract was the
best ever supplied.Ald. Burns pointed out that the
complaint of the prisoners was, he un-
derstood, that the bread was stale.Steward McMillan admitted that
every prison kicked as a matter of
course but intimated that they did
not like to get fresh bread, and add-
ed that if the prisoners were not
allowed to come back.The appointment of a sub-committee
to examine the market and look into
the feasibility of the lots for the
lots that are available in return for the
expenses right represent the city in
negotiations for leases.Ald. Burns, Dunn, Woods, Sheppard,
Beale, Carlyle, Russell, J. J. Graham
and Lamb composed the committee.

THE CITY SOLICITOR.

The City Solicitor will advise as to
the legal position with respect to
the lease of the old drill shed for
storage purposes.

PALMER OWNS HIS IDENTITY.

The Alleged Murderer, However, Talks
Like a Demented Man—Divinely
Inspired, He Says.St. Louis, Jan. 28.—Arthur Palmer,
who murdered his mother, sister and
brother at their home in Mamaroneck,
N.Y., on the 18th instant, before the plum-
bers and steamfitters would be com-
pleted, and at that rate of progress
he did not expect to be well into next
time to get out.

THE JUDGES GET TIRED.

Commissioner Coatsworth's recom-
mendation to remove the tables which
are now used for the use of farmers
on trials to display their products
at the market at St. Lawrence Mar-
ket was debated at some length.The Commissioner's statement that
only ten or dozen tables were required
was not accepted but Mr. Coatsworth
stuck to his assertion, and added that
the hucksters were to be blamed for
the delay.Ald. Dunn advocated charging the
hucksters a fee for the use of the
tables, and Ald. Burns strongly against depriving the farmers
of the accommodation.Ald. Carlyle took the other side and
argued that the market would mean empty stores in other
parts of the city.Ultimately the matter was left to
the discretion of the Commissioner.The committee of last year gave an
application for the use of the idea
and the Commissioner and solicitor Drayton gave a similar option to another party. The committee decided

is being dragged out is the temper of
The Hon. Lordships Judge Ferguson and Robertson. This afternoon Judge
Ferguson expressed his desire to have
the trial adjourned until April 1st on
the matter, after a wrangle between
the respective counsel as to the right
of the defendant's counsel to call
any witness who is suitable to them
without giving notice to the defendants.
It is expected that the trial will be
adjourned until April 1st.The charges are still under examination
and the stories of corruption
told by witnesses on the one side are
being pretty baldly denied by the witnesses
on the other.

MAKES TRADE FOR THE EAST

Does the Big Boom in Mining
in British Columbia.

MILLS MADE IN PETERBORO

Are Now Being Shipped to the
Wealthy Pacific Province.

Mining Machinery Will Also be Manufactured in Toronto—Where Will the New Smelter to Handle Trail Creek Ore be Erected?—Proposition to Place a License Tax on Mining Brokers Doing Business in British Columbia—Also to Restrict the Capital of Companies B.C. Mines.

Evidence is accruing that Canada's present mining boom will redound to the practical advantage of the manufacturers of Eastern Canada. The Wm. Hamilton Manufacturing Co. of Peterboro, Ont., has just shipped a ten-stamp mill for mining operations at Lillooet, B.C. The mill was complete in every part, and included a Blake ore crusher and the ten-stamp battery and all the necessary electrical copper plates for concentrating the gold. With this and the necessary steam plant to furnish the motive power for the mill, and also a complete portable saw mill to be utilized by the company, it will be necessary to him to construct the building for the stamp mill. The machinery goes as far as Ashcroft, B.C., by C.P.R. and thence by wagon 76 miles to the smelter.

This shipment is the outcome of the arrangements entered into with the B. C. Allis Company of Milwaukee, Wis., the largest manufacturers of mining and milling machinery on this continent. A report with this announcement comes a report that the Bertram Engine Works Co. will shortly arrange for the manufacture of mining machinery. In this city.

THAT SMELTER

May Be Built at Spokane Instead of Northport.

The latest report from the west is to the effect that the smelters to handle Trail Creek ore may be erected at or within six miles of Spokane, instead of at Northport. The reason given is that the cost of shipping the men behind the scheme being long chiefly to Spokane, and wish to advance that town's interests, and are anxious to obtain a site there. It is said that the United States Government sampling works are to be built at that place, and the promoters consider that Spokane, being a railway centre, favorable rates for the transportation of ore make it a suitable place for the reduction works to be erected there.

The statement is made that the company will purchase for about \$600,000 the land and plant of some former concern which, in the past, had sunk \$140,000 in its unsuccessful venture down the river from Spokane.

TAX MINING BROKERS.

Changes in the Law Suggested at Rossland.

When J. M. Kellie, a member of the British Columbia Legislature visited Rossland the other day he deplored the mining brokers invited upon him with several propositions concerning a revision of the mining laws, and the advancement of the camp, and the attorney.

John Dean suggested that there was a defect in the Licences Act, so that the law is now for mining stock brokers to pay license, as required of real estate brokers, and thought the Act should be amended to include all brokers who sell stocks for commissions.

J. M. Miller said that the law should give preference to the mining business and to legitimate brokerage business.

Mr. Cover said that to-day stocks are hawked about the streets, and such brokers are not entitled to treat as treasury stock, and that the money not wholly in the interest of brokers.

"Don't you think you can protect the stock in any other way?" asked Mr. Kellie.

Mr. Dean said that ever since he had been in business there had been some objection to the evils of the existing law because there were no legal brokers.

"You can guarantee me that it is not wholly in the interest of brokers."

"Don't you think you can protect the stock in any other way?" asked Mr. Kellie.

Mr. Dean said that ever since he had been in business there had been some objection to the evils of the existing law because there were no legal brokers.

RECOUPED THEIR LOSSES

In the Transvaal by Investing in the Now Famous Mikado.

A South African Development Company's Luck-Wabigoon the Golden Flower City.—It May be a C.P.R. Divisional Point.—The World's Nickel Output—Rich Strike Near Mine Centre—The World's Work Towards Adding Mining in Hastings County—Ontario Mining Notes.

It is generally known that Col. Englefield of London, England, last summer purchased, on behalf of the South African General Development Company, the famous Mikado mine. The company was formed, as its name bespeaks, to do business in the Transvaal, but Ontario's gold regions soon attracted the concern's attention.

At the general annual meeting of the syndicate, held at London, Eng., the other day, it was admitted that the Mikado received the company for the assessment of its value in the Dark Continent. It would look as though the Rand could soon not be "in it" if Ontario continues to find favor with the British public. When a South African company, in order to save its credit, has to come to Ontario for properties, it is easily seen how the wind blows.

NEW GOLD TOWN.

Wabigoon to Become a Big Mining Centre.

Wabigoon, the center of the Manitou gold mining region in northwestern Ontario, looks as though it is destined to be the next hamlet in this province which is to develop into a prominent point owing to the mineral wealth surrounding it. The C.P.R. persists in spelling the name of the place with two "o's," but the original Indian word is not pronounced that way, and is better represented in the last syllable by one "o" or a "u."

The lake is known to the Indians as Wa-bl-gun, or flower lake, on account of the large number of water lilies which annually float on its bosom. One of those o's should be dropped and the pronunciation would be correct and more euphonious for the future.

When Wabigoon becomes a city, no doubt it will be known as the "Flower City," or perhaps the "Golden Flower City."

A townsite has been selected and lots have been laid out on the C.P.R. where it touches the foot of Wabigoon Lake. The place has telegraph and express offices and the railway is to erect a new station.

Tudor has been selected as the Rat Portage Mine, at Wabigoon, for the erection of a three storey hotel on the corner of Main and Front streets. This is to be built as speedily as possible, and will open in the spring.

The newspaper business is also already arranged for, and we understand a new station.

The Wabigoon Miner will shortly appear.

C. P. R. DIVISIONAL POINT.

It is estimated that the Canadian Pacific Railway will make Wabigoon a divisional point, and if this information is correct, there will be large round trips of merchandise shipped to and from there. This alone would make Wabigoon a respectable town, if there were no mining interests represented. Furthermore, Wabigoon is destined to become the centre of one of the greatest mining districts in the world, and a mining camp she will doubtless take.

Keeewatin to the Front.

By the way, Keeewatin is aog over the mountains. Mr. Brownell, the baronet, associated with Mr. William Lyons of the Keeewatin Lumber Company, owns a very promising location about a mile and a half north of Keeewatin station. It is known as two hundred and sixty-six.

WORLD'S NICKEL OUTPUT.

Ontario Was Responsible for Nearly All of It in 1896.

N.Y. Engineers are in the Mining Industry. The production of nickel in the United States in 1896, entirely from Canadian ores and matte, reached a total of 2,697,661 lbs., which compares with 2,673,661 lbs. in 1895, showing an increase of 1,013,373 lbs. Of the production in 1896, metallic nickel amounted to 1,690,000 lbs., the remaining 2,096,660 lbs. being in the form of oxide and sulfide.

The production may be said to represent a steady upward trend, but the output, as very little is reported from abroad outside of the small quantities made in Norway, Sweden, and Germany. For a part of the year, the French Nickel Company had its works and its mines in New Caledonia closed, and stocks on hand being sufficient to meet demand for some time to come. The demand for nickel, except for use in steel making, does not seem to increase; and the amount required for armament is still comparatively small. No great increase in the use of the metal immediately can be expected until it can be furnished at a much lower price than at present.

Prices.—Notwithstanding the generally downward trend prices have maintained at nearly the same level through the year. At the close of the year, the market quotations in New York were 28c to 30c per pound for 100 lbs. and 26c to 28c for small orders. The limited extent of the trade and the absence of competition among producers have prevented fluctuations in price.

NEAR MINE CENTRE.

Fresh Strike to be Made—Mine Renewed.

From Mine Centre, it is reported that Messrs. Rodi and Nelson have made another rich strike in quartz in the Bad Vermillion porphyry to Little Turtle Lake, which is situated on the Chalwick mining property, which has been taken up by an Australian named William Stone, says The Rainy Lake Journal.

Mike O'Keefe and Charley Harris, the well-known cook at the Foley Mine, are sinking a shaft 18x3 ft. deep, and it is 12 feet in diameter, has a depth of 12 feet. The vein is 5 feet wide and pans well, but the boys say that before spring it not only will pan better,

MACKHART'S PEPSIN BAKING POWDER.

The Digestive Triumph—All Other Baking Powders Retard Digestion—This Objection Positively Swept Away.

MACKHART'S PEPSIN BAKING POWDER is the finished result of the first successful attempt ever made to overcome the well-known tendency of all baking powders to retard digestion, for this they do, in varying degree, according to the materials used in their composition.

In Mackhart's Pepsin Baking Powder, however, taking the finest and purest Cream Tartar and Bicarbonate of Soda as the only leavening ingredients, (as it contains no lime, alum or ammonia), we combine with these the most active digestive ferments, thereby peptonizing the gluten and albumen of the flour, and thus affording a more easily digested bread or cake than can be obtained by any other process.

This is the great advantage which Mackhart's Pepsin Baking Powder has over all its competitors.

And further, it is supplied through all Grocers and Dealers everywhere, at prices no greater than are charged for other high-class baking powders that do not possess the digestive potencies of Mackhart's. Sold only in tins, never in bulk.

PUT UP ONLY BY
The Corona Manufacturing Co.,
TORONTO, - ONT.MACKHART'S PEPSIN
BAKING POWDERRED EAGLE 10c.
Adjoins the Mayflower. Nine assays run as follows: \$24.80, \$42.70, \$94.50, \$11.87, \$8.40, \$17.70, \$4.35, \$28.05, \$161.60.

Important Notice.

Advance in Price.
THIS IS A WORKING MINE.

On 5th January an average assay was made showing gold \$37 per ton, two per cent copper and two per cent of lead. On 23rd January the shaft was 100 feet deep and ore constantly improving.

TORONTO DIRECTORS:
Hon. J. E. McDougall, Judge of County Court, Toronto.
Dr. G. W. Ross, Surgeon Superintendent G. T. R. Toronto.
Rev. J. H. Sturtevant, Director of Dominion Savings and Investment Society, Toronto.
J. J. Warren, Barrister, Toronto.
W. T. Stewart, M.D., C.L., Toronto.Send for prospectus showing why directors advance the price from ten to fifteen cents per share on 1st February.
FRED J. STEWART, SECRETARY-TREASURER, TORONTO,
Member of Toronto Stock Exchange.THE LAST DAY BUT ONE. Shares Advance
AFTER JANUARY 31ST THE PRICE OF THE SHARES OF THE ROSSLAND GOLD MINING Development and Investment Co., Ltd. WILL BE RAISED. ALL ORDERS MUST BE IN BY THAT DATE.

REMEMBER SECURITY, SOLIDITY AND SUCCESS IS THE MOTTO OF THIS COMPANY.

This company Saturday secured another valuable option in addition to the many others already acquired, and development work will be vigorously prosecuted. Following are the Provisional Officers and a few of the shareholders:

PRESIDENT—R. J. FLEMING, Esq., Mayor of Toronto.

SEC.-TREAS.—FRED. ROPER, Esq., Secretary-Treasurer Dominion Telegraph Company, Toronto.

SOLICITOR—R. S. NEVILLE, Esq., Toronto.

Noel Marshall, Esq., Managing Director Standard Fuel Company, Toronto.
R. G. Rent, Esq., Halifax, N.S.
L. B. Edwards, Esq., Balfour, Guthrie & Co., San Francisco, Cal.
James Anderson, M.D., M.R.C.S., Hamilton, Ont.
John A. Marsh, Esq., County Clerk of Monroe, New York.
L. A. Wright, Esq., of the Scottish Union & National Insurance Company, San Francisco, Cal.
Benjamin Cox, Esq., 147 Aldersgate street, London, Eng.
Minor H. Brown, Esq., Secretary Consolidated L. & C. Co., New York.
J. A. Mayer, Esq., Paris, France.
Edward E. Palmer, Esq., Secretary Mutual Life Association, New York.

Edwin A. Roworth, Esq., of the N.Y.C. & H.R.R. Co., New York.
S. Bassett, 104 Albany avenue, Toronto.
John C. Ivison, Esq., Buffalo, N.Y.
John Somers, Esq., 10 Henrietta street, Covent Garden, London, Eng.
J. W. Grote, Esq., Foreign Banker, St. Catharines.
Thos. W. Dyas, Esq., Trustee Equitable Building & Loan Association
R. W. Hunt, Esq., Dentist, Hamilton.
M. Quesnelle, Great Falls, Montana.
Cameron & McKittrick, Bankers, Petrolia.

AND TWO HUNDRED AND FIFTY OTHERS.

Applications for shares in blocks of not less than 100 shares, at ten cents per share (fully paid up and non-assessable, one-half with subscription, remainder when required until January 31st) should be made to

Rossland Gold Mining Development and Investment Company,
114 YONGE STREET, TORONTO.

pany with Mr. Bogie, a mining expert from Rossland, who is largely interested in that and other districts in British Columbia. These provide examples of the most valuable properties with a view to purchase.

C. V. Wolsey, a German mineralogist, and mining engineer, has also applied for the district and, if Dame Rumor is correct, is quite securing some good arterial properties in the neighborhood. Wolsey, after a stay in this section, as soon as that prospect has become a producer of bullion. All prospects that on fair trial shall prove valuable will be treated as such. The Master of the Mint was the Master Jack, the Bullion Company taking payment for work performed and stock for profit in.

The Bullion Co. has acquired the Northern Light and has an option on the Mount Hope property, and is to commence work on the latter as soon as the results of the assay of the Saw Bill mine are known.

The Bullion Co. has also secured the Saw Bill mine at any other mine in the district, owing to the rush with which it stocks gold and the reports of its richness.

The Saw Bill mine is to the upper Foxey country. As in the case of the Foxey, with the Saw Bill, the miners have attained a high grade of ore, occurred, until now, the latter mine is producing the richest ore of any property in Algoma, and the results of the assay of the Saw Bill are well known to Ontario people.

The Bullion Co. has also secured the Saw Bill mine at any other mine in the district, owing to the rush with which it stocks gold and the reports of its richness.

The Bullion Co. has also secured the Saw Bill mine at any other mine in the district, owing to the rush with which it stocks gold and the reports of its richness.
