SAVE \$100,000 Old contract \$80,000 New contract 60,000 Annual saving 20,000 Saving in five years 100,000

Between \$20,000 and \$30,000 is the tidy sum which the Whitney government will save the people of the province by the new contract for the public printing, which was awarded yesterday to the Methodist Book Room and E. H. Harcourt & Co.

From this and other recent occurrences it would appear that this is a great year for the Methodist Book Room and E. H. Harcourt & Co. The government gave the contract for printing the new school books to the T. Eaton Company, prominent Methodists, and made a saving to the people of the province estimated at \$50,000 for the first year, and \$125,000 for the remaining nine years of the contract.

For the past ten years the firm of Warwick Bros. & Rutter has done the government printing at a cost of \$200,000 a year. The new contract is for \$60,000, so that, as it has five years to run, commencing on July 1 of this year, the Methodist Book Room and E. H. Harcourt & Co. will be the gainer by at least \$100,000 in that time.

It is understood that the tenders were remarkably close in the totals, with large divergencies shown in the figures for particular items. Six firms sent in tenders, but only one tendered for the whole contract.

The printing contract is divided into five sections, of which the first four are awarded to the Methodist Book Room and the fifth to E. H. Harcourt & Co.

The first section includes the printing of the orders of the day, notices and the binding of these. In the second section are included the sessional papers, parliamentary reports and bulletins. Of these latter a great and ever-increasing number are issued every year, especially by the department of agriculture.

The third section is concerned with the printing of the Ontario Gazette. The job work, departmental searches, departmental forms, etc., comprise the fourth section.

The fifth section is made up of the ruling, printing and binding of the blank books required by the several departments.

READ THIS, DIOGENES And Then Go to St. Mary's, Ont. For Your Honest Man.

GALT, May 13.—(Special.)—An interesting bit of fire insurance history has just come to light in the official records of the Gore District Company of this town.

St. Mary's, a company, dry goods, St. Mary's, had a loss by fire, for which the adjusters allowed \$2500. At that time the company's records were so complete that they really had not lost more than \$3750. Having confirmed this by a second stock-taking, they immediately returned the fire insurance companies \$2500, overpaid by them, the share of the Gore being \$289.43.

The explanatory letter was ordered in the company's minutes in full and a resolution, moved by R. S. Strong, seconded by W. K. McNaught, M.L.A., was passed, expressing the appreciation of the high-minded and honorable course pursued by the Messrs. Galt.

VERDICT NOT STRONG ENOUGH Kinrade Juryman Appeals to Mr. Foy to Follow Up Case.

Attorney-General Foy received the following letter from R. B. Spera, foreman of the Kinrade jury:

His Surplus Means Devoted to the Cause of Missions

J. N. SHENSTONE.

AN INSPIRING MESSAGE TO SOUTHERN LAYMEN

Torontonian's Announcement of His Devotion to the Master's Cause Provides Sensation

LOUISVILLE, Ky., May 13.—(Special.)—I would be ashamed to be worth a million dollars.

Joseph N. Shenstone, chairman of the Baptist Laymen's Missionary Movement in Canada, made this statement to the third session of the conference, in session at Broadway Baptist Church to-day, as casually as he made the statement last evening that he proposed to devote his whole fortune to world-wide evangelization, reserving only his living expenses.

Mr. Shenstone was speaking of the laymen's missionary movement in Canada. In the beginning he said: "I see that the morning newspapers have been giving me an undesired compliment, and I wish to disclaim any responsibility for it. I am not worth a million dollars, and I would be ashamed to be worth a million dollars."

The transition from this to the denunciation of Mr. Shenstone's remarks was so easy, so genuine and so humorous that the whole of the audience that filled the big auditorium went with him as with one accord.

Mr. Shenstone is treasurer of the Massey-Harris Co. Prominent Baptists spoken to yesterday to devote a portion of his wealth to the work of the church, said that it was well-known that he had always been a large giver, and that he had frequently expressed himself that rich men should regard themselves as stewards and not as owners of the wealth they accumulated.

His own intention, he had said, was to take from his income what he required for the needs of his family and devote the remainder to religious work. He is not a millionaire.

"For some time," said Mr. Shenstone yesterday, "Mr. Shenstone has devoted his means to the service of the Master."

Mr. Shenstone dealt with the duty of men of wealth towards the missionary work in a somewhat pertinent way in Toronto. His topic was the stewardship of wealth. He said: "Men, who have accumulated wealth, should not turn upon their old cheque book and give exactly the same amount as they have given in the past. They should give more. They should give more of their time, more of their energy, more of their capital, much more ought we to return a share of our wealth to the Great Giver."

"It is the duty of some men to make a great deal of wealth. It is as wrong for a man to bury his talent, as it is busy another talent."

MINERS MAY NOT STRIKE Situation in C. B. is Improving—President Lewis to Make Visit.

SYDNEY, N.S., May 13.—(Special.)—The atmosphere in the great colliery districts of Cape Breton, which has been charged with forebodings of coming trouble which would result in a conflict between the Dominion Coal Company and the United Mine Workers, is clearing. Strong hopes are now entertained that the threatened calamity will be averted.

A great activity prevails at the mines, and, as wages are good, it is believed the men are loath to throw up their hands and strike.

This evening President McDougall received a message from the executive of the international executive of the United Mine Workers stating that he would arrive in Cape Breton May 22. Local officers and members in Cape Breton intend to give him a formal reception and P. W. A. Lodge will be invited to join in.

DEPUTES HAVE A WILD SESSION

Afternoon of Disorder in French Chamber, Ending in the Strong Endorsement of Government Policy.

PARIS, May 13.—A turbulent session of the chamber of deputies to-day ended in another signal victory for Premier Clemenceau when the government's policy with regard to the postal strike was emphatically endorsed by a vote of 464 to 59, including also the government's insistence that the postal employees and other functionaries have no right to strike.

Immediately afterwards the chamber passed in a vote of general confidence in the government, 385 to 159. The strikers received the chamber's rebuke with a groan, and the shoulders declaring that it only served to bind closer their forces, which soon would startle the country by a big increase and a rapid extension of the general movement. On the other hand, it is estimated that the government has other plans in view to offset any serious growth of the strike.

Up to midnight there was no change in the situation. If anything, it was in the direction of the weakening of the strike sentiment. The general conviction is that if the movement does not make vast strides to-morrow, it is almost certain of complete failure.

M. Barthou, the minister of public works, posts and telegraphs, during the course of his debate, asserted that only 287 out of 24,205 postal employees in Paris and the department of the Seine are out, and the conditions in the provinces were even better.

An Exciting Uproar. M. Sembat and Jaures warmly defended the stand taken by the strikers. They declared that for years past a parliamentary majority had encouraged "syndicalism," and he pointed out that the Socialist government had concluded a five year contract with the employees of the state-controlled railroads.

Radical Republicans intervened and virtually charged the Socialists with being the tools of the reactionaries. He declared specifically that the Socialist government had committed suicide.

Instantly Bedlam broke loose. M. Morel tried in vain to make himself heard above the clamor, and M. Brisson, president of the chamber, clapped his hat on his head as a sign that the session was closed. The tumult, however, continued.

The Socialists began singing the "Internationale," to which M. Raouly D'Asson and his royal colleagues, standing at the front of the chamber, sang "Long Live Henry IV."

Finally the public and the press galleries were cleared out, and singing in the chamber of deputies. M. Baudry D'Asson climbed the tribune, and with the Socialists, he denounced the Socialist delirium both inside and outside of the chamber of deputies. Outside in the corridors several persons who raised the cry of "Long live the King," were seen and gave directions as to about where his body should be found in the lake. He further expressed sorrow for any mistakes he might have made in a business way. His son was notified promptly and a search was begun for the body, which had not been located till a late hour to-night.

The choice. Premier Clemenceau closed the session with the declaration that it was merely a case where France must choose between revolution on the one hand and progressive evolution on the other, or between work under Republican law and order, and a spirit of adventure calculated to disorganize and rend the republic.

HAMILTON BUSINESS MAN ENDS LIFE IN THE WATER

Note Found on Beach Indicated That A. W. Maguire Committed Suicide.

HAMILTON, May 13.—(Special.)—The discovery was made this evening that A. W. Maguire, 13 South West-avenue, a well-known flour and feed merchant, who had conducted a business at 188 West King-street, for many years, had committed suicide because of business troubles, supposed to have been caused by losses on the wheat market.

His body was found in the lake. He was wearing a hat and a coat, and was carrying a bag. A note was found on the beach, which was addressed to his son, William, and which read: "I have committed suicide because of business troubles. I am sorry to leave you and my family. I hope you will be successful in your business. I am your father, A. W. Maguire."

CHILD BADLY BURNED Was Playing With Matches and Set Fire to House.

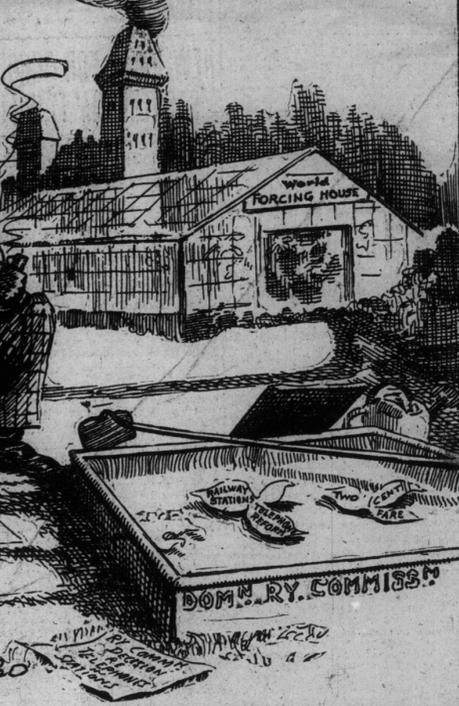

The two-year-old daughter of E. E. Lawson, 71 Soran-avenue, was seriously burned about the head and arms yesterday afternoon in a fire caused by the child playing with matches. The fire spread rapidly over the room, doing \$50 damage to contents. The child's screams attracted the mother, who was in the front part of the house. With her bare hands Mrs. Lawson tore off the burning clothing and summoned Dr. McConnell, while the firemen worked on the building. The doctor says the child is seriously burned and may have inhaled flames.

A shed in the rear of a house occupied by George Hayden at 7 Maitland-place was damaged to the extent of \$75 about 10 o'clock last night. The fire is believed to have been started by boys. It was owned by T. Wilkinson.

Fire in the home of William Fraser, 262 Robert-street, caused by the explosion of a pot of varnish which was being boiled upon a stove, damaged those premises to the extent of \$75 yesterday afternoon at 6 o'clock.

Slide of Rock Wrecks Engine On Precipice

Passengers on Train in Wild Section of C.P.R. Branch Line Have a Narrow Escape.

NORTH BAY, May 13.—(Special.)—A serious accident occurred on the Kippeness branch of the C.P.R. between Mattawa and Kippewa. Two casualties occurred in almost miraculous escape. The railway runs north from Mattawa to the foot of Lake Temiskaming, and winds its way thru the Laurentians, along narrow ledges far above the Ottawa River, and thru many high rock cuttings.

As the passenger train north, heavily laden, was passing thru a particularly dangerous section, where the road was ever many feet below a five ton rock crashed down the declivity, wrecking the locomotive, but fortunately not forcing the train over the precipice. Passengers were severely shaken up by the sudden stop, but not seriously injured.

So tightly was the engine wedged against the rock that dynamite had to be utilized to clear the wreckage. At Woman River, on the C.P.R., 300 miles west of North Bay, a freight train telescoped another freight standing at the station, smashing up several cars and seriously injuring Conductor Lavie of Chapleau, who was in his van when the crash came.

CANNOT BEAT BASEBALL Playground Association Votes to Encourage Healthy Sport For Boys

PITTSBURGH, May 13.—Baseball is a healthy sport for boys and should be encouraged on the public playgrounds, decided the Playground Association of America at its third annual congress. It was held by some that boys were permitted to begin the game too early, and by others that it took up too much room on the playgrounds. "Why not encourage the boys' game?" asked one. Another suggested interesting the very young boys in "hide and seek," while others advocated "shinny." Many were advocates of a new national game to take the place of baseball, but the vote disclosed a large majority for the present national game.

Athletics for girls was discussed, but occasioned no friction. Girls were urged to jump the rope, indulge in running games and play in groups.

Racing Season Under Hughes' Law Opens—With Less Than 10,000 to See Classic Event.

NEW YORK, May 13.—The long-deferred and anxiously awaited opening of the metropolitan racing season, which was coupled this year with the running of the classic Metropolitan Handicap, passed into history to-day with the winning of the blue ribbon event of the occasion by S. C. Hildreth's fleet colt King James, from a field of eleven starters. Fayette, the Madden entry, was second, and the better on his part, trusted the "bookmaker" to look him up in the same fashion and give him his winnings—if he won.

Some of the layers settled outside the grounds after the last race and others on the trains coming back, but most of them put off settling up until morning at appointed quarters in town.

The field stand, where thousands have assembled in former years, for a cheap admission, was closed to-day and this was one of the noticeable omissions of the usual race track features.

Racing will be resumed Saturday. There will be races but three days a week, Tuesdays, Thursdays and Saturdays.

ALBERTA GROWS BIG STEER Weighs 2600 Lbs. New and Will Be Placed on Show.

CALGARY, May 10.—A big steer raised 30 miles north of Gleichen, is to be taken to Alaska, Yukon, exhibition, to show the possibilities of Alberta's natural grasses. The animal, about one year old, weighs 2600 pounds, is 11 feet 3 inches long, measured a feet in circumference around the withers, and six feet on the hips, and weighs 2600 pounds.

The steer was raised in an ox-trail pen and was turned out on grass, never seeing the inside of a stable throughout the winter.

It is thought the steer will before the end of the season weigh 3600 pounds. The owners have refused \$4000 for it.

LIGHTED BY WIRELESS Current Transmitted Six Miles to Big Omaha Auditorium.

OMAHA, May 13.—The lighting of the big auditorium by electric impulse from the wireless tower at Fort Omaha, six miles away, was a novelty to which visitors at the Omaha electrical exposition were treated.

The method used was developed by Dr. F. H. Millener, experimental engineer of the Union Pacific Railroad, and is the same as was used by him several months ago in operating a motor car at a distance. Dr. Millener had the co-operation of the United States army signal corps. The show will be lighted by wireless each night.

REJECTS APPLICATION OF BANK SHAREHOLDERS

Mr. Hellmuth Says He'll Appeal Against Referee Kappelle's Decision.

The application of the Ontario Bank shareholders to have the Royal Trust liquidator, contest the claim of the Bank of Montreal for \$1,677,738, has been disallowed by Referee Geo. Kappelle.

"The liquidator," he said, "unless my decision is quashed by a higher court, will not now have to contest the claim of the Bank of Montreal. Individual shareholders may do so. We will appeal to the judge of the single court," said I. F. Hellmuth.

Appeals may follow for a whole year and the shareholders have the option of contesting independently the claim of the Bank of Montreal.

In his judgment, Referee Kappelle says: "On the 30th of October, 1908, the Royal Trust Company filed a report approving of the claims of the Bank of Montreal, and saying that the amounts were correct and had been audited."

"Thereupon I made an order dated November 4th, 1908. This order was the natural result of the liquidator's report, but, I think, can have no greater force or effect as against the shareholders or creditors of the Ontario Bank than the liquidator's report and approval of the claims, without more."

"Now I was asked to set aside this Royal Trust Company to admit the claims of the Bank of Montreal as a condition precedent to the liquidator's report, and to order the Royal Trust Company to contest the claim."

"The whole question on this application resolves itself into one, which should bear the expense of the contestation—the estate or the objecting shareholders."

"It does not appear that all the shareholders are objecting."

"On the contrary, it appears that a large number have admitted the claim, and in any event on this application the applicant shareholder can only speak for himself and the other objecting shareholders who have raised the same question."

"If I made the order asked for, and the Bank of Montreal won, the Royal Trust Company would have to pay, or the non-disputing shareholders would have to pay, which would not be fair. It has not been the practice either here or in England for the court to direct a liquidator, trustee or executor to contest a creditor's claim against his will."

"In the matter before me, the liquidator has declined to interfere and is opposing this application; and as a result the applicant shareholder must exercise his independent rights under section 85 of the Winding-up Act."

Mother Gave Her Child Away.

Had Given up All Hope of Living. Heart Trouble was Cured by Milburn's Heart and Nerve Pills.

Mrs. Andrew Savoy, Grattan, N.B., writes:—"In the year 1908 I was taken sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors but they could do me no good. For seven weeks I could hardly walk the floor. I had no pain, but was so weak nobody in the world could believe how I felt, but had given up all hopes of living and had given my little girl to my sister-in-law."

"One day a friend came to see me, and calling me by name, said, 'Lizzie, if I were you I would try some of Milburn's Heart and Nerve Pills as they are good for heart trouble.' My husband got me a box, but for two days I was not feeling any better, but on the fourth day my husband said, 'I believe those pills are doing you good.' I was able to say, 'Yes, I feel a good deal better this morning.' He said, 'Well, I will get you another box right away.' I took two boxes and three doses out of the first one, and I was perfectly well and had not been sick since then."

"I will never in my life be in my home for God knows if it had not been for Milburn's Heart and Nerve Pills, I would not have been alive now."

IN A DEADLY CURRENT

Cochman Gets Entangled in Fallen Trolley Wire.

BRANTFORD, May 13.—(Special)—Frank Leddeter, coachman, having driven a party to a dance here last night, had a remarkable escape from death on Alfred-street. A wire across the trolley of the street railway broke and the driver and his team of horses were enveloped in a loop made by a live wire carrying 2200 volts. One of the horses was electrocuted, and the other was laid out. Leddeter had one arm badly burned in taking hold of one of the horse's heads.

ST. THOMAS, May 13.—If only a missing marriage certificate could be found Mrs. Donald Darrach's claim to a share of a \$2,000,000 fortune would be sustained. She is one of the fifty descendants in America of William Fortner of Scotland, whose fortune is estimated as above.

The Agony OF PILES

ONLY those who suffer from piles know the misery it brings! It robs life of its pleasure, steals the brightness from existence, and substitutes days of dull pain and moments of acute agony. Most so-called "remedies" give ease only for a time, and then—back comes the trouble and pain and misery! Zam-Buk cures Piles! And cures permanently. Proof of this lies all around you. Women and men in all stations of life have proved it—possibly some of your friends! Let it cure you!

Mrs. Wm. Hughes, of 253, Hochelaga Street, Hochelaga, Montreal, says:—"I was suffering for years from blind, itching, and protruding piles. The agony I suffered no one knows. Remedy after remedy proved useless. Day followed day and there was no relief for me—pain, loss of strength, dizziness, misery, this was my experience until Zam-Buk was introduced. I know now that there is nothing on this earth like it! It cured me of piles, and once cured, I have had no return of the evil. I would like all women who suffer as I did to know that Zam-Buk will cure them!"

Besides being a specific for piles, Zam-Buk cures eczema, blood-poisoning, abscesses, ulcers, cuts, burns, bruises, scalds, sores, ringworm, bad legs, poisoned sores, insect stings, dandruff, sore feet, and all skin injuries and diseases. All Druggists and Stores sell at 50c. a box, or from Zam-Buk Co., Toronto, for price.

Public Amusements

For eight years the Trocadero Burlesquers have toured the country with success, under the management of Charles H. Waldron, and last season the company ranked with the very best in its line before the public. Manager Waldron presents this season two new and uproariously funny burlesques entitled "Sweeney's Night" and "The Gaiety Theatre," a political comedy of the cost of Japan. This latter skit has a good plot and is full of unique situations, while the color schemes are said to be most varied and beautiful. The olio will include a number of high-class vaudeville acts. With such a varied and entertaining bill the Gaiety Theatre is expected to capacity audiences all next week.

Probably no religious drama has obtained so much attention as that of "A Soldier of the Cross" by Eugene O'Connell and produced by that master of stagecraft, Thomas E. Shea. It has never been presented by any other actor, for the role of a soldier in his pomp and portraiture, is too heavy for the majority of the stars of to-day. The story deals with the trials of the early Christians and the scenes by the destruction of that city and the eruption of Mount Vesuvius. Mr. Shea gives a magnificent picture of the struggles of the early Christians, and of exceptional ability, is admirably cast. The engagement opens on Monday, and during the week the regular Wednesday and Saturday matinees will be given.

Don't forget that Monday night at the Jumble Cowan's benefit night at the Grand, A. J. Small and Thimmas E. Shea tendering the popular management a complimentary performance of "A Soldier of the Cross."

The Majestic is presenting this week the motion pictures of the Shrubbery Longshot and the Longshot. They are splendid films. Next week the Majestic will present a complete new bill of vaudeville specialties and self-explanatory dramatic pictures.

The new management of the Star Theatre are assured that vaudeville and animated pictures are just the sort of entertainment wanted by the public. Last and children flocked to the Star this week, and every one of them were delighted. For the second week the management offers five big headline acts that have never been seen in this city before. Among them are Granville and Mack, The Two Butlers, Campbell and Gale, Miss Moore and Charles Falke. A new set of pictures will be shown Mondays and Thursdays. The shows are at low prices of 10 cents and 10 cents are to prevail. The public can stay as long as they like. No smoking is to be permitted.

BIBLE AS A TEXT BOOK IN ONTARIO SCHOOLS

Presbyterian Synod to Petition Whitney Government—Lively Incident.

The Presbyterian Synod of Ontario Kingston had an animated discussion at the closing meeting yesterday afternoon with reference to the study of the Bible in the public schools. It arose over a communication from the clerk setting forth this resolution: "The synod of Ontario and London Ontario acknowledge the measure of Bible instruction made possible in the schools of Ontario by the laws of the province, at the same time regret that the schools have to a large extent failed to avail themselves of what is within their reach, chiefly because there is no provision for examination on such laws as are believed that this evil can only be remedied by giving an examination to all the students of the schools to see if they are qualified to use it as a text book in the public schools.

Immediately after the resolution from the adjoining synod had been read, T. Spear, Cobourg, vigorously endorsed the resolution and suggested that the synod adjourn to meet again in St. James Square Church on the second Tuesday of May, 1910.

Alleged to Have Fabricated Evidence to Mislead High Court.

WOODSTOCK, May 13.—(Special)—Alfred Hall, a Halleybury lawyer, has been brought to Woodstock by local authorities on a charge of fabricating evidence and misleading the high court, in that he produced a certain affidavit to the court purporting to be signed by one Davidson, who was supposed to be prosecuting a local suit.

U. S. Officials Bar Canadian Woman From Returning to Husband.

CLINTON, Ont., May 13.—The people of this town are indignant at the action of United States immigration officials in refusing to allow a woman, who had been visiting her old home here, after a residence of some years with her husband in New York State, to return to her husband.

In the fall of 1907 she came to visit her parents, and remained some months, returning to her husband with no interference. Note and Comment

Moeller's three home runs, a double and a single or a total of fifteen bases for five times up in one game constitutes a record for these parts and for that matter for the Eastern League...

During the season of 1886, Edward Delahanty of the Philadelphia team, a member of the famous Delahanty family, one of whom was a member of the Toronto Club over the Don, made four home runs and a single off Pitcher Bill Terry on July 13—a total of seventeen bases.

The year before on Decoration Day in the afternoon game against Cincinnati, with Chamberlain pitching, Bob Lowe also made a record of 17 bases, with four home runs and a single, Lowe made a pair of his home runs in one inning.

Sept. 10, 1906, at Plainfield, N.J., "Scorch" McGhinny, an old-time Western League player, played with a team from his home town, made five home runs, scoring the only runs of the game, as his team won by a score of 5-0.

It's only the weak-kneed fans who will desert the team because it happens to lose a game even if the score was 12 to 1, which follows of champions will prove to you is not so demoralizing as a one run defeat.

The worst feature of the whole business was Joe Kelley striking out, reminding you of the feats of Mike of that ilk about this time a year ago.

Such strong supporters of the Dymont stables as A. E. Dymont and Harry Jamieson of Barrie, pick Seagram to win the plate this year and his prediction comes right after Fort Gerry's good trial yesterday, when the colt had only up five pounds more than allotted him in the plate and at the finish was all in. The Barrie gentlemen say 211 will beat Fort Gerry on any day.

Answer to Enquirer: Belmont Park is open on alternate days, racing Tuesdays, Thursdays and Saturdays, except the last two days, Monday, May 21, and Wednesday, June 2. The dates are as follows: May 13, 15, 18, 20, 22, 25, 27, 29, 31 and June 2.

Talk about your long priced winners. They are getting them daily in the Louisville mutuels. Lotta Creed yesterday yielded \$22.40 for a \$5 investment, or rather better than \$3 to 1.

Sporting Editor World—I was pleased to see you partially show up the "rascals" to-day, only they did not go far enough afield. I was in Chatham the time Joe Kelley's ball played the boiling out and saw Yankee Rogers bibe in with the smooth part of the routine, but there were too many of us Toronto boys there and the game was called off, the Turkish candy maker getting the flag at London, where I believe they grabbed some easy money. I enclose my card in case you desire these facts verified. Drummer.

Wonderful Batting by a Skeeter Knocks Out Three Home Runs

Moeller Has Perfect Average Jersey City Holds Swatfest—Bisons, Bronchos and Royals Win—No Game To-day.

Eugene McCann reconstructed his batting order yesterday and sent Ford, whom Stallings promised Toronto, to the mound, and the doling that followed can only be summed up in three words, "The Skeeters Swarmed." The visitors simply indulged in a swatfest with most of the quack, the Jerseyites bringing home to the wire at the juicy odds of 12 to 1, which reminds one of getaway races.

Kelley used three commissioners to try and reduce the quotations, but the Skeeters knew they had good time and kept on pegging the closing spasm winding up with Connolly in the box and the execution in this last scene looked like a reproduction of Bertha the Sewing Machine Girl.

McCluskey Moeller, who was shifted to the top of the batting order, smelt a limburger cheese in our bleachers, and contributed no less than three homers into the den, while his other two attempts were single and a double, giving him a perfect batting average, and what's more he counted four runs himself, one more and saved the day for another. This constitutes a new Eastern League record, and one that is apt to stand for many a day, as he also got the fever and jaded her into So-don.

Ford was an enigma for the Kelleyites, only allowing four safeties, one single coming in the fourth, and a base on balls, an unfiled out and Hooser's single. At this point the score stood 2 to 1, and as Ford showed signs of wildness a victory was looked for, but the Skeeters kept up their batting streak and another supposed close game was turned into a burlesque. Ford looks a mighty good pitcher, and one that would fit in nicely on the Kelley staff. However, the only thing we can wish Stallings is that he drafts Connolly to the bench and another supposed close game was turned into a burlesque. Ford looks a mighty good pitcher, and one that would fit in nicely on the Kelley staff.

Connolly was given a chance in the ninth to see why his release should not be forthcoming, and he made good. Every Skeeter batted, five securing safeties, three of them doubles, and when darkness came six Skeeters were safe.

Outside of the swatfest, in which Moeller was the great work, the only incident that happened was Mitchell and Hooser bumping into each other in the fourth, Mitchell receiving the short end and being forced to retire. Both were knocked down, but Hooser climbed to the ball. Score: Toronto 12, Jersey City 1.

FORT GARRY GOES BEST IN TRIAL PLATE DISTANCE

Stepped 1-4 Mile in 2:15 2-5—Seagram Horses Breezed—Woodbine Gossip

There was a big disappointment in store for the couple of hundreds of railbirds who journeyed to the Woodbine yesterday, expecting to see the Seagram platers get their first mile and a quarter trial. The horses from this stable were not asked to go the plate distance, and it will likely be given to them to-day.

Fort Garry was asked to show what he could do over a distance of ground yesterday, and was worked the full plate distance with more than his weight in the saddle. He is the first to carry his weight and make the journey. In his trial he was ridden by Clifford Gilbert, who at the meeting, the plater was worked with Annie Maid, who got this trial in preparation for the Handicap race.

ROUND OFF THE BOUNDARIES.
Now that Toronto has made a comfortable meal of the southern quarter of York Township she might as well sweep up the crumbs and leave a clean board. A glance at the map will show that the annexation measure, already carried out or assented to, carry the city boundaries north to St. Clair-avenue except for the interruptions caused by the district between West Toronto, Wychwood and the Davenport-road; the district between the present western boundaries and the Humber, and the little strip east of what was East Toronto, marching with Scarborough town line.

What the city should do is to round off her boundaries by taking in these fragments, so that between the Humber and Scarborough Township the whole southern portion of York Township will be within the city limits. In due course North Toronto and Moore Park will also be added to the municipal territory, but the little bits scattered around the city should now be absorbed.

There is no debt on any of this property except school debentures, and the school property offsets these. The total area is about 2700 acres.

What is known as Runnymede, the district northwest of West Toronto, contains 1250 acres and consists of school section 23. Several suggestions for a northerly city limit have been made here. One is to follow the belt line railway to St. Clair-avenue, and thence west. Another is to follow the Credit branch of the C. P. R. Another, and probably the most practical, is to extend the present northerly city limit westward, coincident with the northerly boundary of school section 23. The Humber is the natural western boundary in any case.

The Swansons' district, containing about 700 acres, takes in school section 21, and lies south of Bloor-street and east of High Park. The Humber is the western boundary here also.

Earls Court, so-called, includes the Joyce and Gilbert properties and Russell-road, from Davenport-road to St. Clair-avenue, and the occupied district between the city limit and Davenport-road. North Davenport lies east of this to Shaw-street. The strip of 200 feet north of St. Clair-avenue would have to be allowed for, making about 25 acres. These tracts would total about 820 acres.

East of East Toronto lie the Munro and Grasset properties, slightly over 100 acres in all; the Oak, Maple and Birch-avenue district south of Kingston-road, about 50 acres; Lawlor and Cockburn-streets, north of the Kings-ton-road to Gerrard-street, about 22 acres; 15 acres of railway land south of Danforth-road, and 30 acres north of this and south of the present city limit extended east.

The proper machinery for bringing about this straightening of the boundaries should be set in motion at once. With these districts included, annexation might rest so far as the city is concerned for another five years.

WHY NOT A "CLEAN-UP" WEEK?
Toronto is a pretty good example generally of what a city should be, but there are rough places here and there which should be made plain, and there are quarters in the city which could stand house-cleaning.

Several cities in the States have had what they style "a clean up week." The latest is St. Paul, Minn. A news despatch says:

temporary the apparently patriotic methods of fulfilling what is admittedly a duty. But the problem goes much deeper, and if it is to be solved, must be tackled in a far more serious and thorough manner. This is clearly the view of the British Government, which under existing imperial conditions is best fitted to judge the direction wherein the self-governing states of the empire can render the most efficient service.

Enough has occurred to show the temper and spirit of the overseas states, and the ready acceptance of the proposal for a conference is as conspicuous a publication of the determination to make common cause as would be the immediate official proffer of Drednoughts. The World does not desire to belittle the motives of the excellent public men who advocate the latter course, and would heartily support it were there any indication that the necessity for it is urgent. But the World does not so understand the situation as disclosed in the British parliament; in fact, it is evident enough that the statements of both parties concur in the desire to have a really definite and workable understanding as to common defence.

Lord Milner's remarks at the Canada Club gathering in London on Wednesday, but the matter in a nutshell when he said that it was not a question of the dominions supporting the mother country. "It was a question," he added, "of the mother country and the dominions supporting the empire." That is an apt characterization of the new imperial conception, and there can be no doubt whatever of its general acceptance in the mother country. If the dominions appreciate all that it contains there should be an end to the suspicion still latent in some quarters that Britain wants in some way or other to infringe the principle of their complete control of their own resources, forces and policies.

FREE TRADE AND TARIFF REFORM
After the Unionist debacle that attended the last British general election, the free trade journals in Canada, following in their conferees across the Atlantic, announced with a judgment as unbounded as their jubilation was premature, that tariff reform in the United Kingdom was not only dead but buried. Events have shown how greatly they were mistaken and how much the wish had fathered the thought. Tariff reform was never so much alive as it was immediately after the sweeping Liberal victory of January three years ago. In that period, brief enough in a country's history, tariff reform, from a pious opinion tolerated by the Unionist party, has become the first constructive plank in its platform and its all but unanimous belief. Unionist free traders in the house of commons can almost be counted on the fingers of two hands and will have difficulty in obtaining acceptance in their constituencies. Their virtual exclusion from the party fold is curious, but true—has been vividly attacked by the free traders, who conveniently forget that for a Liberal to favor tariff reform means for him an even shorter shrift.

The chief free trader organ in these parts yesterday discovered that the present Liberal government had deliberately and with forethought—it did not say malice—made up its mind to secure the adoption of the old age pension scheme before raising the question of an increase of armaments. This is a surprising discovery and one that will not stand investigation. The increase of armaments was very far from being in their minds when the old age pension scheme was passed with the aid of the Conservative house of lords. It emerged unexpectedly in an evening paper which the premier's speech, which so rapidly aggravated the scare, had for its primary object the swinging into line of the Radical section of the party, who had been strenuously advocating a restriction in naval expenditure. Be that as it may, our contemporary declares that this free trade budget means a fight to a finish on the two issues, and it now thinks that no one can forecast with assurance the outcome of the struggle. This is a wonderful change of tone from that clear, ringing note which celebrated the death and burial of tariff reform. This particular budget may pass, but its provisions expire with the current year and it is far more likely to advance than retard the progress of Mr. Chamberlain's policy.

A CHALLENGE.
School Inspector Hughes, filed by an editorial in an evening paper which said the city schools could turn out pupils to shoot, but they could not turn out pupils who could spell, has challenged the editor to a spelling bee with pupils in even a third book class, but giving him the right to choose a fourth or fifth book class if he prefers.

The inspector says the complaint has been made before and always disproved and he adds: "I am proud of the fact that Toronto is the only city in Eastern Canada that was ready to send boys to perform a duty required by the militia department of our country."

President Taft has been asked to grant an unconditional pardon for Fred Doumouchele the Walkerville hotel-keeper arrested last year for participating in a counterfeiting scheme, who is dying in a Detroit hospital.

**LOANED AT USURERS' RATE
OTTAWA CONVICTION GOES**

Court of Appeal Refuses to Interfere With Decision of Magistrate O'Keefe.

The court of appeal yesterday sustained the conviction by Magistrate O'Keefe of Ottawa of Charles W. Mitchell and J. Hector Dube on a charge of usury.

Mitchell was charged with lending \$1000 to Hilmer last June at 24 1/2 per cent interest. Under the terms of the charter mortgage, on which security the money was lent, the borrower was to repay \$10 a month for 17 months, and a final payment of \$1. For every instalment of interest, the rate was to increase at the rate of one per cent.

"It rested entirely with Hilmer," argued A. E. Fry, who appeared for Mitchell, "whether we committed an offence. If he made the payments we committed the offence; if he did not we did not commit an offence." He contended that Hilmer would not have paid more than 12 per cent, till he had paid half of the \$17.

"He is paying you more than 12 per cent for the time he has had the money," was the comment of Mr. Justice Teetzel.

Mr. Fry said Hilmer had his legal remedy. He could refuse to pay more than 12 per cent. "It is no use palliating it," observed Mr. Justice Garrow; "the lender gets 24 per cent."

The judgment was upheld, and J. R. Code appeared for Dube, who was charged with lending to R. S. Raby, a fellow member of the civil service at Ottawa, at usurer's rates. Raby applied to him for a loan of \$200, and was told that he would have to get a note for the amount endorsed satisfactorily. On April 3 Raby presented two notes for \$100 each, endorsed by J. L. Payne, a fellow member of the civil service. Dube then prepared two cheques, "to the proceeds of my notes," one for \$99.50, and the other for \$99, on the account with that bank, Raby signed the cheques.

Dube then paid Raby \$185, and deposited the notes and cheques in the bank where \$188.50 was placed to his credit. Dube's defence was that he had acted merely as an agent in getting the money from the bank, and that he had charged \$18.50 for his guarantee to the bank of the notes. Magistrate O'Keefe, however, came to the conclusion that the accused was a principal, and that the transaction with the bank was merely a shift to avoid the penalty of the act.

TONIGHT TO-SHOW

JESUS' HOME INFLUENCE

Evangelist Believes There's a Personal Devil or a Good Deal That Looks Like One.

"You are perfectly sane. You know what you are doing. You are turning your back on Jesus, or opening your heart to deceive Him."

So Gipsy Smith closed his earnest pleading appeal last night to the unconverted in his audience.

"A man came to me from one of the newspapers this week and said, 'Mr. Smith, do you believe in a personal devil?'"

"Listen! There is a devil. And he means your ruin."

"The second case was one of disease. 'While I'm no faddist about faith-cure, nor any quack, till say this: When you let Jesus, Christ save you from the last remains and stains of sin, you'll be on the high road to the real health. Sin is the perpetual rager fever. Sin is the perpetual filler of graves. Sin is the undertaker at every grave. Sin is the spider that digs ever grey hairs on your forehead without hearing the hiss of the serpent. Sin is such an abominable, hellish thing, only an infinite God can tackle it."

"A little bit of personal history was touched upon, which reminded one of Sir Galahad, whose strength was as the strength of an ox, because his heart was pure. Gipsy Smith was speaking of the family circle, the example of the father to the children.

"I've no black memories to haunt me, thank God. Jesus caught me in my youth. If I go home to-night, He'll have the best of me. He'll have the best of me, but the precious box, the alabaster box, and all that was in it, blessed be His Name."

"His apostles and women and especially the mothers present, stirred the crowd mightily.

"The afternoon discourse on Naaman the leper, and the value of personal testimony was the topic.

"It isn't the big words that saves the way to sing the witness bearers."

"No testimony is right when your life is wrong," was another warning.

"Please sing softly," he said last night at the end of an evening.

"Face to Face" is another favorite.

"Where He Leads Me I Will Follow."

WILKINSON'S FISHERIES DEVASTATED BY YANKEES

Charge Which is Made in Parliament—Col. Hughes Advocates Imperial Parliament

OTTAWA, May 13.—(Special.)—Few parliamentary days at Ottawa have furnished so many and such varied subjects as was the case to-day.

On motion to go into supply Col. Sam Hughes moved a resolution advocating relations with the empire.

Mr. Fielding remarked that the member for Vancouver would not agree to that.

Col. Hughes: What the member for Vancouver complained of is the policy of the government which allows people of an oriental nation, who do not become Canadian citizens, to establish themselves on the Pacific coast to the detriment of Canadian citizens.

Mr. Hughes said it was not to Hindoo immigrants, but to foreigners, that the government was now-towing.

Col. Hughes said this imperial parliament should discuss imperial problems, such as defence and diplomatic relations, while local parliaments would retain their present status.

Mr. Warburton of Prince Edward Island brought up the much-discussed question of continuous communication between the mainland.

J. G. Turill suggested that in order to improve trade relations between Canada and Australia and New Zealand, Canada should subsidize an adequate steamship service between Canada and those colonies.

George Strabury of Selkirk introduced the question of the depletion of the fisheries of the St. Lawrence.

Mr. Brodeur said the reports showed that there was no depletion of the fisheries of Manitoba.

A Sensational Purchase of Men's High-grade Clothing

Selling at 1-3 to 1-2 Less Than Regular Prices

These Suits were priced at \$15.00, \$18.00 and \$20.00, and comprise a nice selection of all-wool tweeds, in light and dark greys, browns, blues and greens, with all-wool Italian cloth lining; also black and navy serges; all high-grade, tailored goods, made in some of the very newest styles.

FUNERAL IN OPERA HOUSE

Impressive Musical Service at Herr Corried Obsequies.

NEW YORK, May 13.—With impressive services in which solemn music played a dominant part, the public funeral of Heinrich Corried, former director of the Metropolitan Opera Company, was held to-day in that building.

The "Amen" from "Parsifal," the opera which Mr. Corried produced at the Metropolitan for the first time on any stage, save that of Bayreuth, was sung by the choir boys, whose voices were so often heard in the number in the operatic performances.

How to Secure Special Ballots

The votes are secured in this contest by either clipping the coupon-ballots, published in every issue of The Daily and Sunday World, or by securing special ballots, issued in connection with paid-in-advance subscriptions.

Contestants are not restricted to solicit subscriptions in their respective districts, but may secure paid-in-advance subscriptions in any part of Canada, the United States or Great Britain.

When cash accompanies subscription orders SPECIAL BALLOTS will be issued.

Candidates in one district do not compete with candidates in another district, except for THE GRAND CAPITAL PRIZES.

The division of districts, as shown on this page, so equalizes competition that every contestant has an equal chance to win the prize of his or her choice.

THE TORONTO WORLD announces a \$15,000.00 Prize Contest which will surpass anything of its kind ever conducted by a Canadian newspaper. In brief, we propose to distribute FIFTEEN THOUSAND DOLLARS in valuable prizes among the candidates nominated in this contest. Any person, man or woman, married or single, boy or girl, is eligible, to compete, provided the conditions are complied with. **Our subscribers are to award the prizes of us.** We have divided the City of Toronto into seven districts and the Province of Ontario into four districts, excluding the City of Hamilton, which is a district itself, making twelve districts in all?

The Office of The Contest Manager

Is on the second floor of The World Building, 83 Yonge Street. If you are interested in this contest and wish to get started right, come up and get acquainted, or call up by telephone and state what you desire to know, or ask for suggestions. Any enquiries addressed to "The Contest Manager" will receive prompt attention.

The next time you are downtown, drop into this department and let the Manager of the Contest explain the details of the plan and how easy it is to win a **GRAND PRIZE**—The Beautiful House and Lot, an Automobile, a Motor Boat, or a Trip to Europe, or any of the other valuable prizes.

PHONE MAIN 252—ASK FOR "THE CONTEST DEPARTMENT."

Conditions---Read Carefully

Any person, man or woman, married or single, girl or boy, is eligible to compete, providing the conditions set forth are complied with.

The Contest Manager reserves the right to reject any nomination.

Every candidate must be regularly nominated, in writing, on the blank printed in this paper, or a similar blank furnished by The Toronto World.

The contestants must reside in the district or territory from which they are nominated.

No candidates will be permitted to transfer votes to another, after voting them for themselves.

Ballots sent in for names not properly nominated will be destroyed uncounted.

A ballot will be printed in every issue of The Daily and Sunday World and when properly filled out and mailed to "The Contest Department" will be good for the number of votes printed thereon, providing they are sent in before the expiration date.

All coupon-ballots must be neatly trimmed or they will be regarded as informal.

Postage must be fully prepaid on all ballots, or they will be rejected at the post-office—hence not counted.

No employe or member of an employe's family of The Toronto World can be a contestant in this contest.

Any questions that may arise will be determined by The Contest Manager of The Toronto World and his decision will be final and conclusive.

All paid-in-advance subscriptions, for a period of one month or over, must be sent direct to "The Contest Department" of The Toronto World, and on receipt of the remittance a special ballot will then be issued.

Special ballots and Extra Special ballots are provided, to carry with them additional voting value according to the amount paid by a new or old subscriber and the term of the subscription.

No protest as to the eligibility of any candidate will be considered after votes have been cast for the said candidate for a period of ten days.

The Toronto World reserves the right to alter any conditions pertaining to this contest, if it so desires, other than reducing the prizes which are to be given away, or the order in which they will be given.

The contest will be opened at nine o'clock on May 10, 1909, and will close at twelve o'clock midnight, Sept. 10, 1909.

To secure a special ballot, all money must be sent direct to The Toronto World, "Contest Department," by the candidates or their friends.

Special ballots will be issued at The Toronto World Office.

Any person wishing to withdraw from this contest must write to us personally, as no telephone message will be considered.

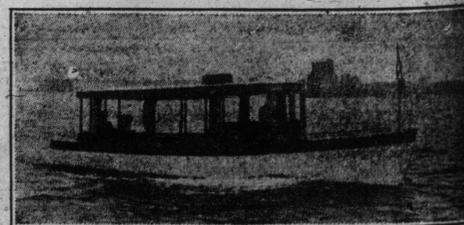

In accepting nomination, all candidates must accept and agree to abide by the above conditions.

In case of a tie for any of the prizes offered by The Toronto World, each contestant will receive a prize of equal value.

A contestant that lives in one district is not prevented from securing subscriptions or votes in another district, as special ballots will be issued in connection with paid-in-advance subscriptions secured anywhere in Canada, the United States or Great Britain.

If an order for a subscription is sent in with the money, Special Ballots will be issued and voted for any candidate that the writer may designate, or returned to the subscriber or mailed direct to the contestant, if so desired.

Each district is separated and distinct in itself, and the vote cast for candidates in one district has no bearing whatever upon the number of votes cast for candidates in other districts, except so far as the Grand Prizes are concerned. The Grand Prizes will be distributed among the five candidates receiving the greatest number of votes irrespective of districts, and the District Prizes will be awarded to the four candidates in each district receiving the largest number of votes in their respective district.

Value of Special Ballots

Ballots cannot be bought by any candidate and can only be secured in connection with paid-in-advance subscriptions, or by clipping coupon-ballots, published in every issue of The Daily and Sunday World.

Ten Separate and Distinct Sales in the Cloak Dept.

SATURDAY will, on the merits of the provision made for customers on our magnificent third floor, be the "banner day" of the department's history. From the four cardinal points of the compass comes the spoil of successful foraging in your behalf. From Montreal, from New York, from Ontario manufacturers, and from some in our own city centres, the greatest bulk of "special purchases" we have ever found sufficient inducement to undertake. But this year we stop at nothing if the price is right.

Ten events, each of importance enough of itself to warrant a special day's selling.

FIRST—Ladies' \$25, \$30, \$35, \$40 and \$45 Suits, for \$15.

An immense purchase at a discount positively incredible.

The styles are typically New York's though the work was done in Canada.

Fashioned from handsome serges, English worsteds, Ottoman coats, satin cloths, wool Rajahs, broadcloths, and plain striped muslins. In all the newer shadings: in greys, coal dust, mist grey, blue grey and steel grey; in rose, ashes of roses and faded old rose; in greens, myrtle, moss, arctichoke, bottle, in blue, navy, Prussian and gendarme, in brown, seal, chocolate, walnut; also in blacks, 2 and 3-piece models, in one, two and three-button cutaways. The tuxedo and other smart styles. Some are strictly man-tailored, others braid and satin trimmed. All the up-to-date ideas in trimmings on both coats and skirts. The climax of the season. \$25.00, \$30.00, \$35.00, \$40.00 and \$45.00, for \$15.00 to-morrow.
