## Sir Wilfrid Laurier's Special Wrecked in Head-On Collision

### Premier Was Thrown to the Floor and Sustained Slight Injuries—One of the Trainmen Was Caught and Buried in the Wreckage—Rest of the Crew and Passengers Escaped.

PENSE, Sask., Aug. 5.—Sir Wilfrid Laurier's train, eastbound from Moose-jaw, ran head-on into a westbound freight about nine o'clock to-night, three and a half miles west of here. Both engines were badly damaged, and five box cars derailed, but the heavier passenger coaches stood the shock better.

Sir Wilfrid and most of his suite were thrown violently to the floor, but beyond bruises none of the party were injured. The engine crews jumped to safety after shutting off steam and jarring on the air brakes, but the fireman of the premier's train was caught and buried in the wreckage, and as yet it is not known if he is living.

## The Man at the Helm

PREMIER CANALEJAS of Spain, whose quarrel with the Vatican is arousing world-wide interest, consulting with King Alfonso.

## CATHOLIC GATHERING MAY NOT TAKE PLACE

### Premier Declares That The Priests Are Distributing Arms, and Outlines His Policy.

MADRID, Aug. 5.—It is reported to-night that the organizers of the manifestation which is scheduled to take place at San Sebastian Saturday will advise Catholics not to participate in it. Simultaneously, however, with the rushing of troops to San Sebastian to cope with the uprising which the government fears may grow out of the holding there of a religious demonstration of the clerical forces, in protest against the government's stand in its dispute with the Vatican, Premier Canalejas to-day issued the following statement outlining his policy:

"I would have allowed the manifestation if it had been announced to be held elsewhere than at Bilbao, where a strike of coal miners is in progress, or at San Sebastian, which is crowded with visitors on Sunday.

"I know the priests are distributing arms, and also that the manifestants intend to bring women and children with them in order to prevent military intervention. But as no one has the right to force respect for the law. Troops will be distributed at strategic points and the railroad will be held for reinforcements.

"If my adversaries want a lesson, they shall have it. They will be responsible for whatever happens.

"The manifestation which has only been adjourned, I desire that it shall occur in order that its strength may be shown; but it must occur elsewhere and without constraint.

Senator Felin, the chief of the Carlists, has invited the Carlists through Spain to send delegates to the demonstration at San Sebastian Sunday.

El Liberal, in its issue of to-day, demands the expulsion of Monsignor Vico, the papal nuncio to Spain, on the ground that he is inciting Catholics to rebellion.

The government only charges that the scheduled manifestation at San Sebastian was quietly organized in Rome at a meeting of five cardinals, including among whom were Cardinals Merry del Val and Rampolla, the object being to bring pressure to bear upon King Alfonso to get rid of Premier Canalejas and appoint a new and more friendly ministry, with which the negotiations between the government and the Vatican could be resumed.

It is reported that the government has recalled Monsignor Vico, the papal nuncio, was to be recalled to Rome.

Premier Canalejas declared to-day that he knew of the alleged intrigue marking an apparent religious movement, and that King Alfonso had been informed.

## A MILLION OF LOSS

### Decrease in G. T. R. Receipts During Progress of Strike.

MONTREAL, Aug. 5.—The Grand Trunk statement issued to-day of the traffic earnings of the ten-day week which closed July shows a decrease of \$448,320 in the receipts. They were \$719,037, as against \$1,167,357. This only represents a corner of the economic wreckage caused by the strike. The official statement covers the period from July 22 to July 31, inclusive.

The strike began three days before July 22, and lasted two days after the 31st, so that \$224,000 may fully be added to the amount of decrease in to-day's report, making it \$672,320.

The company's weekly increases from the beginning of the present year to the date of the ordering of the strike averaged over \$100,000. This average is entirely obliterated for the 15 days the strike lasted, and makes the aggregate decrease in the company's earnings alone not far short of a million dollars, to say nothing of the direct additional expense involved by the company in engaging new men, in protecting men and property from possible violence, and in otherwise fighting the strike.

Something was saved in wages and something in pensions, but the latter will not enrich the ordinary accounts of the company as the contributions to the pension fund will remain the same.

## "JOE" DOWNEY TRIED TO ABDUCT HAMILTON IS ARRESTED

### Breezy Parliamentarian and Clever Newspaper Writer to Become Superintendent of Institution for Insane at Orillia.

Official announcement was made yesterday that Joseph Downey, M.L.A. for South Wellington, had been appointed superintendent of the Asylum for the Insane at Orillia. Mr. Downey has resigned his seat in the government to take over the new appointment. The new position is worth about \$2500 a year, and carries with it a fine house and supplies. It is considered to be one of the most desirable offices in the gift of the government.

"Everybody" appreciates Mr. Downey's ability both generally and in connection with the special office," said Premier Whitney yesterday afternoon. "He is a man who has a wide grasp of municipal affairs and I do not doubt but what his late constituents will miss him very much."

Mr. Downey has held a seat for the riding of South Wellington since 1902, when he redeemed the riding for the Conservatives. He was for years editor of The Gospel Herald, but two years ago resigned that position to take up special writing. His literary style is known for its originality and force, and as a speaker he has a reputation for eloquence, while there are few his equal as a campaigner. Downey's speech fell naturally from "Joe" Downey's lips, but he is capable of aggressive utterances also. His campaign for legislation aimed at checking the spread of consumption was vigorous, and determined, even to the end was a squelching by the premier.

### St. Louis Traveling Man, Whose Attempts to Steal Child Were Numerous, Returns After a Year—Story a Thrilling One.

After a hurried flight from Toronto a year ago, Thomas Frederick Hamilton, typewriter salesman of St. Louis, Mo., returned to the city yesterday and was arrested last night at 8 o'clock by Detective Mitchell, at 12 Harvard-avenue. He is charged, upon a warrant dated March of last year, with abducting his own 6-year-old son, Almer, from the custody of his mother, Mrs. C. E. Hamilton, 67 Cecil-street, in January, 1909. He is also charged with doing actual bodily harm upon the mother in August of last year in a second attempt to kidnap the boy.

### A Heart-Interest Drama.

The story has been a dramatic one since Mrs. Hamilton divorced her husband in the United States in 1907, until in January of last year, he abducted the lad in the crescent at Knox College, when he was on his way to school and took him to St. Louis, where the mother in March and regained possession of the child. In August last a man came to board with Mrs. Hamilton. That night her husband drove up in a taxicab and, save for the intervention of the driver, would have again succeeded in getting possession of the child.

The driver refused to run his machine with the boy on board, and he was returned to the mother and Hamilton fled.

A further charge of assault was then laid by Mrs. Hamilton.

### Out on \$2000 Bail.

Yesterday he was seen in Harvard-avenue and last night was got at the home of a relative there.

He was admitted to bail in the sum of \$2000 despite the protests of the wife, who declares that she fears he will again attempt to secure the boy. As Detective Mitchell was taking Hamilton from the house last night, a taxicab drove up and a man entered to tell Hamilton to get out, as the police were after him.

## C.P.R. YARDMAN FOUND WITH HEAD SEVERED

### H. N. Button Killed in the City Yards Early this Morning—Had Been a G.T.R. Striker.

Harry Button was killed late Friday night in the C.P.R. yards at West Toronto.

He was one of the striking G.T.R. brakemen up till a week ago, when he got work with the C. P. R. He fell between cars, and seven cars passed over his neck. Dr. Gilmore was called but could do nothing. An inquest will be opened at Speers' undertaking rooms by Coroner Mason this morning. Deceased was married, and was about 40 years old.

## THE SUNDAY WORLD

### THE ILLUSTRATED SECTION

will comprise eight large pages of photographic scenes depicting life in city, camp and country.

A full page of excellent wheat-harvesting views on Donlands Farm will go far to show that Ontario is still a wheat-growing province.

Sir Wilfrid Laurier and party inspecting the sweeping grain fields of the Canadian West will be featured on another page, the whole being a vivid photographic story of the premier's impressions of the fertile prairie country.

This week the Toronto newsboys enjoyed their annual outing. The Sunday World photographer has caught the live lads at play and the pictures of their day's sports will prove most interesting.

The Y. M. C. A. boys will also be shown in camp and in the breezy open, and a picture entitled "A Flock of Water Birds" will show many little Toronto youngsters enjoying the warm shallows of Lake Ontario.

Many other homely and pastoral scenes of farm life will be shown, including "Milk in Time," a twilight picture with which all are familiar. Pictures of our butcher turkeys on the racetrack will appeal to many lovers of the races, while picnic parties innumerable will lend a hue of happy life to the pages.

There will be many photographs of prominent people and places, including some of the officials of the I. O. O. F., which society convenes at Toronto next week, and an excellent photograph of St. Michael's graduate nurses, 1910.

THE MAGAZINE SECTION will be up to its usual standard. Its several departments will contain much of interest to music lovers, motor enthusiasts and lovers of bright, original fiction. Several strong special articles, written by Canadian journalists thoroughly familiar with their subjects, and bright, chatty dramatic and literary news will go to make the magazine section everything to be desired.

THE NEWS SECTION will have all the results of the day's sports, including: The finals of the Canadian Amateur Golfers' Association at St. Catharines (the Henley Regatta). At St. John's, Que., the finals of the Canadian Amateur Canoe Association. The Nationals, coming champions of the N. L. U., will be here to-day for their scheduled game with the Tecumseh at the Island Stadium. It will be the game of the season. Shamrocks at Cornwall will be another lacrosse match. A double-header in the Eastern League baseball series, with Toronto and Jersey City opposing, will indicate pretty well what the Leafs are going to do on this trip abroad.

All these and scores of other games of lacrosse and baseball, with horse racing and every other sport, will be covered fully by The Sunday World. Likewise, the big news events of the world, covered by an unparalleled telegraph service, will be given full attention. The paper is on the streets at 7 o'clock to-night, and it will have everything.

## FEWER HARVESTERS ARE NEEDED.

MONTREAL, Aug. 5.—(Special.)—From advices received here, the demand this year for help to harvest the wheat crop in the west will be materially under what is usually the case. In place of 25,000 men, hardly more than half that number will be needed. It is explained the pouring in of farmers has been large, and this with indications of a light harvest, explains the decreased demand for farm hands.

## Lord Strathcona

VETERAN COMMISSIONER FOR CANADA, WHO CELEBRATES 50TH BIRTHDAY.

## STRATHCONA WINS EARL GREY CHALLENGE SHIELD

### With a Population of 5000 the Alberta Town Has 150 Cadets.

OTTAWA, Aug. 5.—(Special.)—The first winner of the Earl Grey challenge shield is the Town of Strathcona, Alberta. The conditions of competition were that the shield was to go to the town or city in Canada which had the largest number of cadets in proportion to its population. The population was figured from January 1, 1910, and the number of cadets from the actual strength of the corps on May 24 last.

Strathcona has a population of 5000 and has 150 cadets. The second place goes to a county in Quebec. Towns of less than 5000 are not considered, but must include the surrounding country in the contest.

It is quite a coincidence that the first winner of this prize should be the town which bears the name of the man who has done so much for the cadet movement in this country.

## UNIONS RESENT STEAMER-RAN ON CONTROL BY U.S. REEF IN FOG

### Time to Break Away From the American Federation, Say Delegates to Council.

OTTAWA, Aug. 5.—(Special.)—In a Free Press to-night says: "That Canadian labor men are bound to break away from American labor unions was plainly shown at last night's meeting of the National Trades and Labor Council. This organization heartily resented the efforts of the American Federation of Labor to have all trades councils in Canada take out charters from them, instead of from the Dominion Trades and Labor Congress. Several of the delegates present at last night's meeting expressed the opinion that it was time to break away from American unions, which they claimed, were ready to take all the funds of Canadian organizations, and, after getting them under their control, use them for the benefit of their own welfare."

"They cited the settlement in the Grand Trunk strike as an instance where American men had agreed to unsatisfactory terms in order to have a strike settled, so as not to have men out of work, drawing on the funds of the union."

### Accident Occurred in Calm Weather at Lynn Canal, Alaska—Crew and Passengers Safe.

VICTORIA, Aug. 5.—(Special.)—In a dense fog, but with perfectly calm weather conditions, the C.P.R. coasting steamer Princess May ran on a reef off the north end of the Sentinel Island, Lynn Canal, Alaska, early this morning. The passengers, numbering 100, and the crew of 60, took to the boats and landed on Sentinel Island, where they are now awaiting succor. The forehold and engine-room of the vessel were filled with water, but salvage operations may result in her being saved.

As the vessel settled, Wireless Operator Keller flashed the news, asking for help. The message was picked up by nearby stations and relayed to different points. Every wireless station from California to Alaska sought all day to get in touch with the distressed ship, but it was not till to-night that news reached here that the passengers and crew had all escaped with their lives. A vessel has been despatched from Juneau to pick up the marooned people, and a salvage vessel will be sent from here to raise the Princess May.

## ALARMING SCARCITY OF HANDS FOR HARVEST

### Of 10,000 Requests to the Authorities for Men, Only 250 Have Been Filled.

WINNIPEG, Aug. 5.—(Special.)—An alarming scarcity of harvest hands is reported through Manitoba. It is estimated that 12,000 men are needed, yet only 250 requests to the authorities for men, only 250 have been filled. Many of the men who have been sent out are farmers' sons from the N. W. states, where the crops this year are a partial failure.

It is said there are 9000 men in Winnipeg alone who would, if they wished, go to the grain fields. To encourage them, the C. N. R. have offered a cent a mile rate on all their lines.

### FIREMEN WANT RAISE.

MONTREAL, Aug. 5.—The latest labor dispute is that which has arisen between the Canadian Pacific Railway and its firemen, who demand an increase in wages. The increases asked for are from 10 to 20 per cent. Negotiations have begun, and an amicable settlement of the trouble is expected.

## HAVE NO OPTION IN MATTER OF PENSIONS

### Employees Who Go Out on Strike Are Expressly Barred From Participation in the Fund for Loyal Service.

MONTREAL, Aug. 5.—(Special.)—The statement giving the details of the G.T.R. in the matter of pensions, was issued by one of the officials who have charge of the fund. He said: "The company has no option in the matter. It cannot restore the strikers to their pension rights without violating the conditions upon which the fund was established by act of parliament in the session of 1906-7, which became effective on January 1, 1908."

"By this act the pension fund is created, and a committee, consisting of the president, and three vice-presidents, general solicitor and transportation manager, appointed for its administration."

"It was created expressly for the purpose of encouraging employees of the company to remain faithful and loyal to it in such times of trouble as the recent strike of conductors and trainmen and as recognition of long and devoted service. Rule 10, which forms one of the regulations framed under the act, expressly stipulates that: 'All employees aged fifty or upwards, and who shall have been fifty-six years or upwards in the continuous service of the company, may on their discharge (otherwise than for misconduct) be considered eligible for pensions or allowances as hereinafter stated.'

"The service must be continuous and must be for fifteen years."

"The employees who return to work may earn the right to share in the benefits of the fund, but the fifteen years will be reckoned from the date of their return."

"There are exceptions to this, but they are expressly set forth in rule 17, which reads as follows: 'Absence on leave, suspension or discharge, followed by reinstatement within a year, or temporary lay-off on account of reduction of forces when not attended by other employment, will not be considered as a break in continuity of service.'

"Strikers were particularly excluded from the list of those who may avail themselves of this benevolent provision."

"The men do not contribute to the fund, as they do to the insurance and provident fund, but, in the case of the latter fund, which is also governed by legislation, they forfeit the benefits by leaving the service and allowing their payments to drop into arrears or lapse. They have no voice whatever in the control of the pension fund, which is maintained by an annual vote of \$90,000 from the company's earnings, and the interest on the sum of \$200,000 allocated for that purpose when the fund was created."

### HAMILTON HAPPENINGS

#### HAMILTON LABOR COUNCIL HOLD ANNUAL ELECTIONS

Interested in Views of Technical Education Commission—An Exciting Chase.

HAMILTON, Aug. 5.—(Special.)—At the semi-annual meeting of the Trades & Labor Council to-night, the following officers were elected: Joseph Gimblett, president; C. Coutts, vice-president; Walter Rolfe, recording secretary; H. J. Halford, financial secretary; F. Williamson, treasurer; F. Dwyer, sergeant-at-arms; John P. Ryke, W. Harrower and Walter Rolfe, auditors; Charles Coutts, Alfred Wilkes and Allan Studholme, M.L.A., trustees; Joseph Gimblett, C. Coutts, H. J. Halford, F. Williamson, J. Patfield, H. Harrower, F. Dwyer, A. Studholme and S. Cowan, executive board. H. J. Halford was elected delegate to the Dominion Trades and Labor Congress, which will meet in Fort William Sept. 12. President William Glocking of the Dominion Trades and Labor Congress, addressed the meeting, on the importance of the congress to the workmen of Canada. A committee was appointed to report to the congress the views of the technical educational commission, as expressed on their visit here.

An arrest, an escape and a sensational chase, in which a detective and a champion policeman participated, created considerable excitement in the centre of the city to-night. Detective Sayer arrested Edward Watson of Detroit on a charge of stealing various sums of money from Ernest Snow, an acquaintance of his. Watson asked Sayer not to put the handcuffs on him, on account of the humiliation, as the detective consented to leave them off, on Watson promising not to try to get away. They proceeded to walk to No. 5 police station, when about a block away from it, the prisoner bolted. He ran up Rebecca-street, with Sayer close on his heels, and cut him off. Watson was therefore locked up, on the two charges, theft and escaping from custody.

Detective Cameron to-night arrested David Hill and Michael Hennessy, boarders at the City Hotel, on the charge of stealing a coat and pair of trousers from Bell's.

The fire department had a couple of small fires this afternoon. The apartments of Louis Beaudry, 230 East King-street, were damaged to the extent of \$100.

The law student who defeated the reporters in a game of baseball at the Mountain View Park this afternoon by a score of 14 to 12.

George Brown, 567 East Main-street, had the tenderest of his legs, when Conroy by a circular saw at Brown's Whip Factory this afternoon. The wounds were dressed at the City Hospital.

The city officials are having considerable difficulty in obtaining sufficient teams to promptly carry out city work. Teamsters are paid 40c per hour, but the dearth of them is beginning to be seriously felt in civic circles.

The happiest men to-day on the Grand Trunk Railway are the freight engineers and firemen, who since the commencement of the strike, have been compelled to remain idle, and at the same time, not receive any pay, either from the company or the union. This morning they received notification from the local railway officials to report for duty at once.

Hon. Mr. Pursey, the minister of public works, and Hon. Mr. Brodeur, minister of inland fisheries, who were expected in the city this afternoon to look over the work necessary in the bay, have been delayed, and will not arrive until to-morrow.

#### STRIKE COMMITTEE HELD AN HARMONIOUS MEETING

Members Realized Best Possible Had Been Done—G.T.R. Reorganizing Staff.

MONTREAL, Aug. 5.—(Special.)—The general meeting of the G. T. R. strike committee was in session here to-day, going over the details of the settlement the men have accepted. It was announced that the meeting had been harmonious, and that the forty-five members present realized that the best settlement possible had been secured. Vice-presidents Murdoch and Berry will continue the movement to-morrow in order to inform the committee as to all details of the strike settlement, so that they can give full statements when they reach home.

Everything indicates that the G.T.R. are quietly reorganizing their staff of trainmen; the strike is over. Five of the old staff of conductors were taken in to-day to handle the suburban service and another batch of yardmen were given employment in the P.O. St. Charles named. The G.T.R. authorities are proceeding slowly and are filling vacancies as they occur.

The situation to-day and from this on concerns those men only, who are continuing the details of the agreement their leaders have made. It is believed however, that things will come around in time, that the men who went out will have to wait a while for it.

At Clayton, N.Y.—Capt. S. G. Johnson, shipbuilder, native of Ottawa, Ont., aged 88.

#### SPANISH GOVERNMENT FEARS DEMONSTRATION

Rushing Troops to San Sebastian Where Clerical Forces Are Gathering.

MADRID, Aug. 5.—Alarmed by fears that the proposed demonstration of the clerical forces at San Sebastian, the summer capital, will assume the character of an uprising, the government today commenced rushing troops into San Sebastian. A regiment of hussars left Madrid for San Sebastian this morning, followed by another regiment of cavalry and two battalions of chasseurs. A regiment of the infantry was also ordered to San Sebastian from Vittoria.

Both General Weyer, the captain-general of Catalonia, and Count Sagasta, the minister of the interior, will go to San Sebastian, to be in immediate charge in case of disorder.

The government believes that the Carlists and the members of the religious orders, which are numerous in the North, are openly inciting their followers to violence. The government of the Basque Provinces and the adjoining Province of Navarre, immediately charge to the mayors of all the municipalities in these provinces to warn the Roman Catholics against assembling or entering the city of San Sebastian with arms, and that the most energetic measures would be taken to repress any attempt at a manifestation.

#### Catholics Gathering

BILBAO, Spain, Aug. 5.—Since the government has ordered the railroad companies not to furnish special trains for the proposed demonstration at San Sebastian Sunday, the Catholic adherents are already commencing to leave for the summer capital upon the ordinary trains.

Blame Freemasons.

ROME, Aug. 5.—That the Freemasons are at the bottom of the strained relations between the Vatican and the Spanish Government, and that they find in Canalejas, the Spanish premier, a ready tool, is the declaration of Cardinal Ferrari. He says: "The whole thing is the result of the anti-clerical wind which swept over France, crossed the Pyrenees, and is now blowing thru Spain. The Church has won more difficult battles in the past, and it must not be forgotten that the nations that have quarreled with her have brought on their own ruin."

#### LONDON PAPER TALKS OF MANIFEST DESTINY

Does Not See Anything to Fear in Canadian Reciprocity With the U.S.

(Canadian Associated Press Cable.)

LONDON, Aug. 5.—The Daily Chronicle gives prominence to the feature of the western farmers' agitation against the tariff, under the heading, "Canada's Revolt: Blow to Balfour Bottom Knocked Out of Protection."

Editorially, the Chronicle says it is not surprised at the farmers urging the policy of reciprocity with the United States, as nature meant Canada and the United States to exchange commodities freely. "Man in his stupid folly has erected obstacles to hinder that free exchange. Wise statesmanship would seek to lower or remove the obstacles."

There are some worthy people who fear that reciprocity would tend to weaken the ties that bind Canada to the mother country. It is a foolish and unworthy fear, Canada, existing in her own right, proud of her place in the British Empire, will never merge her identity in her gigantic neighbor. If from recognition of her economic interests she enters into reciprocal relations with the United States, she will not be a bad, but a good thing for the British Empire."

The Express defines the champions of free trade to seek some prop for the tottering tabernacle of their protectionist ideas. It says that the western farmers is already a movement in the direction of an imperial preference.

The News, like The Chronicle, publishes an interview with a well-known Canadian, who gives reasons why the western revolt is bound to succeed. The Leader says there appears to be no sort of doubt now as to what it is the Canadian farmers want. The murderer is out. These Canadians are the rank and file.

#### Accidental Death

Accidental death was the verdict returned by the jury at the inquest on Robert Murphy, who was killed at the foot of George-street on July 28 by wandering among the C.P.R. freight cars while under the influence of liquor.

The jury also inserted a rider that the man who was not properly protected and lifted, Murphy, was employed by the Greys Foundry.

#### Massacres in Syria

1000 Christians and Mussulmans have been slain this week in the massacres in Syria, according to despatches to-day from Damascus. The situation is somewhat relieved to-day, the despatches say, owing to the arrival of the vanguard of the troops that are being despatched to the scene.

#### Will Manage New G.T.R. Hotel

OTTAWA, Aug. 5.—It is likely that Arthur Guise, now controller of the governor-general's household, will be manager of the new G. T. R. hotel, the Chateau Laurier, on its completion. It is expected to be opened in about twelve months.

#### MARKHAM PIONEER IS KINDLY REMEMBERED

#### Jesse Noble Passes 84th Birthday—Interesting Budget of County News—Suburbs.

UNIONVILLE, Aug. 5.—(Special.)—An event of more than ordinary interest in this village to-day was the birthday party given by Mr. and Mrs. W. A. Noble, in honor of the 84th birthday of the former's father, Jesse Noble. A number of lifelong friends of Mr. Noble were present and shared with the members of his family in hearty congratulations and kind wishes for his future welfare.

Among the guests present were the four sisters, Mrs. Lavinia Noble and Mrs. Martha Stotts of Markham, Mrs. Nancy Palmer of Whitevale, and Mrs. Donald Mackay of Unionville, the treasurer of Ontario County.

Together with these were Mr. and Mrs. Archie Empringham and little daughter Eleanor, grandnephew of Mr. Jesse Noble, and Stanley, grandson, all of this village. Others present were Mrs. Henry Miller, Mrs. Devlin, sister of Mrs. W. A. Noble, and one that can scarcely be paralleled in Ontario, is the fact that Mr. Noble has four sisters and four brothers living, whose oldest ages are 81 years. The brothers are Dr. Hiram of Blair, Neb., U.S.A.; Dr. Charles of Sutton, Ont.; Harry of Buffalo, N.Y.; and Martin of Monticello, Iowa, U.S.A.

The family, with the exception of Hiram, were born on lot 16, concession one of the Township of Markham, at Noble's Corner.

Jesse Noble, in whose honor the gathering was to-day held, is the eldest one of the family living. His father, the late Ambrose Noble, lived to the patriarchal age of 84, and a wide circle of friends, not only in Markham, but throughout the county and province, will hope that the subject of this sketch will pass that milestone on life's highway.

Mr. Noble has always taken a hearty interest in every progressive and forward movement, and as a neighbor and friend, his kindly benefactions are more than local.

#### PUBLIC STILL BITE AT ANCIENT FORM OF FRAUD

Renewed Activity Among Workers of Spanish Prisoner Swindle.

OTTAWA, Aug. 5.—(Special.)—The department of external affairs issues a warning to the public to the effect that renewed activity is being displayed by the authors of the fraud known as the "Spanish Prisoner Swindle." The methods of the swindlers remain unchanged. A letter is received by the intended victim, stating that some person, searching after a long lost relation, is dying in a Spanish prison, and wishes to bequeath his fortune to the childless on condition that the latter will adopt his only child. A sum of money must, however, first be sent to defray preliminary expenses, such as the swindler's journey to Canada, etc. The letters are usually accompanied by false, but authentic looking, documents. On the money being sent, nothing further is heard.

#### LADY WAS KILLED

Ravages of Electric Storm in Province of Quebec.

MONTREAL, Aug. 5.—Additional details from the countryside indicate that the violent lightning, wind and rain storms, which swept over the country yesterday afternoon, did a vast amount of damage. At St. Croix, a village not far from here, a house was struck by lightning and a young lady visitor was killed. Several buildings were struck by lightning and the spires of St. Joseph's church were shattered. Considerable damage. A 70-foot chimney on Grand Trunk-street was struck and the electric bricks for its entire length taken out.

#### NO FASTER BOATS IN PROSPECT.

## Out of the City--- But Close to It

Lawrence Park offers a retired, private, highly-restricted section where people can go who love quiet, fresh air, and the feeling of freedom that comes when you live where there are wide spaces. In Lawrence Park these wide spaces are beautified with lawns, shrubs, trees, and a lovely landscape. Lots in Lawrence Park are selling at very low prices now.

Take the Metropolitan car to Glen Grove Avenue. Office and agent there, Yonge Street, north is certainly the favorite choice among all the suburbs.

### INDUCED TO IMPERSONATE

Says Former Stenographer of G. T. P. Commission Chairman.

MONTREAL, Aug. 5.—A woman, who was formerly stenographer for Hon. S. N. Parent, chairman of the National Transcontinental Commission, and formerly premier of Quebec, was arrested last night on a charge of obtaining by false pretences the sum of \$4700.

She is Mrs. Arthur LaJeunesse, nee Budd, and was married in 1907, when she left the employment of the government. In a story she told Detective Carpenter, she claimed that she was induced to impersonate the daughter of Patrick White of New York, who died in 1908, in order to secure a fortune amounting to \$148,000, of which she was to obtain an equal share of \$74,000.

On the strength of letters, which were either genuine or forged, she obtained \$4800 from her brother-in-law, Joseph LaJeunesse, and \$400 more from his wife, Clorinda LaJeunesse. She appeared in court this morning and pleaded net guilty. Her lawyer, Mr. N. E. LaFamme, claimed the thing looked to him like a big attempt at blackmailing. Judge Leet fixed bail at \$2000, but this amount has not yet been found and the woman is kept in the cells.

Reports show that it is fairly cool all over Canada, including the western wheat belt. If the mercury keeps on dropping, probably crop alarmists will begin to talk of danger from frost.

# EATON'S DAILY STORE NEWS

## HANGING THE CHANDELIER

The ceremony of hanging the Crane, immortalized in the well known picture of the two figures sentimentally encoined in the old ingle-nook, was a custom in New England attached to the celebration of the home-coming of the bride and groom. The swinging of the crane in the great fireplace was the central figure of the house-warming, at which the friends of the happy pair gathered to wish them joy.

THE crane has dropped into disuse. The fireplace has been superseded by the range for the roasting of the joint, the grilling of the steak and the boiling of the kettle. And the only modern proceeding that could be said to resemble the old celebration is the hanging of the chandelier.

THIS, though devoid of symbolic significance, and marked by no social demonstration, is a task, nevertheless, fraught with both interest and import. The instalment of light fixtures in the new home is a matter of much concern to the bride and groom who have returned from their honeymoon and are now fixing their thoughts on the setting up of their household gods. For it goes without saying that on its proper and artistic lighting depends much of the comfort and decorative harmony of a dwelling place.

ALL and such being so, those sections in the basement of the Store devoted to the display of electric fixtures should at the present moment prove of especial attraction to the large contingent of new householders, and of those, too, who, though not newly-married, perhaps are furnishing new quarters. To begin with, let it be stated by way of information that the old Sheffield plate patterns in silver-finished metal represent the latest word in fixture designing. They are being shown in large and small form—in the cluster of drop lights with Tiffany shades for dining-room employment, and in the dainty little sidelight for drawing-room use.

WHITE shades, of the "French roughed" variety, another innovation, predicts a strong measure of favor, have some very pleasing examples in our present stock, appearing in particular on the more delicately wrought drawing-room fixtures in ormolu, satin, burnished and old gold finish. In connection with this type of fixture it may also be said that fringe of the drop crystal style is also an approved and popular characteristic, the pendants, if preferred, appearing in topaz or opal effect.

BOUDOIR lamps (wired for electricity), with Dresden and fancy art shades and stands, are a novelty, the attractiveness of which is a guarantee of their permanent acceptance. Another species of portable fixture exploits a cut-glass shade, and, obtainable in pairs, is specially ordained for use on the mantel shelf. Bronze figures in mythical and pastoral designs are a clever provision for the formal ornamentation of a room or hall, while old candle sockets with astral cut-glass shades are the quaintest idea imaginable for the illuminating of my lady's desk or any region of similar daintiness.

THEN, besides these, of particular mention is a galaxy of simple, eminently inexpensive fixtures, a neat little bedroom wall bracket at seventy-five cents typifying the cheapness of price and niceness of design of a host of both side and centre lights. The broad-spreading dome light for library and dining-room instalment is also a strong feature of the department.

## Half-price for High-grade Electrical Fixtures

## Patent Leather Boots

Very Highest Quality Procurable

Seems rather a strong statement — "the best quality procurable" — but we've tried everywhere, searched the markets of both Europe and America, and we're glad to admit that right here in Canada is made the most reliable patent leather in the world. No patent leather can be safely guaranteed — that's because of the method of its manufacture — but we can most highly recommend the quality we sell, for it's the best possible quality we can secure anywhere. It's patent colt, and the highest grade of patent colt, and not only is it most elegant and stylish in appearance, but light and comfortable.

We're making a special of "XLCR" Brand, in three styles, in popular patterns, for present and early Fall wear.

(1) A pretty buttoned boot, with the dull tops, patent leather vamps, hand-turn soles and high Spanish heel, specially adapted for select dress wear. (2) The same design as above, made in walking style, with Goodyear welted soles, which mean comfort and wear. (3) A dainty Blucher boot, with patent leather upper and the dull top, just a little perforating around the top of the patent to relieve the plainness; this makes a decidedly pretty street boot; the soles are Goodyear welted.

"XLCR" is a brand famous for its wearing and good-fitting qualities. Price, per pair, \$4.00

## 59c for Lawn Waists

MORNING PAPER SPECIAL  
A Waist of fine lawn, thoroughly up-to-date, and pretty enough for street wear, at 59c, is a sample value of what this August Sale of waists has to offer, that, far stronger than any arguments that might be put forth, proves the success of our efforts to give the best waist values we ever offered. And one glance at these 59c waists will convince you that they're even more than we say; imagine, for this price, a waist of pretty all-over embroidery, with fine cluster tucking, and you've a good choice of designs; some have embroidered dots, some eyelet effect, three-quarter or long sleeves, buttoned back; sizes 32 to 42. Sale price, 59c

## Embroidered Blouse Fronts

MORNING PAPER SPECIAL

Such pretty Blouses they will make for the outing trip, for general use or evening wear. Write, phone or come. We've plenty of them, and we'll hold a quantity for those who cannot get to the Store.

## Golf Coats Half-price

ANOTHER MORNING PAPER SPECIAL  
The Golf Coat is popular the year round, and the demand for it means considerable handling of the display stock; these have become slightly soiled, and as such goods can't remain in stock we lower prices to a point where anyone who wants a golf coat will hurry to get one at this price. Knitted wool golf coats, made in fancy stitch, with plain collar, front and cuffs, finished with pearl buttons and pocket, colors white, grey or red in lot. Half-prices TO-DAY, 88c to \$1.75

## 98c for Cluster Curls

MORNING PAPER SPECIAL  
A special purchase we made, and it's seldom we've made a better one, for had we bought it in the regular way we'd have paid more for the hair alone. Only 75 in the lot; the popular chignon cluster curls, assorted colors, made of first quality Italian hair. Per cluster, 98c

## Save on Floor Coverings

MORNING PAPER SPECIAL

## CRICKETERS' REUNION E. TORONTO NEXT WEEK

Zingari Hit Up Good Score Against Cheshire—League Games To-day.

The second annual reunion of the East Toronto veterans who represent the club on the cricket green from 18 to 21 years ago will take place on the Varsity Athletic Field on Wednesday, Aug. 10, at 2 p.m., when the following veterans, under the captaincy of John Chandler, a veteran of 1891, will show the Grace Church C. C. that they still retain some knowledge of the fine points of the game. All old members of the E.T.C.C. are cordially invited to attend—John Chandler, Geo. G. Brown, W. Till, Jas. E. Thompson, G. E. Smith, S. H. Smith, A. Van Dyke, Walter Ledger, A. E. Brown, H. Berry, G. F. LeRoy, Ed. Harrison, A. Bonston, F. Newton, Norris Brothers, Chas. MacGregor, W. Botting, H. Morris, H. G. Collins, A. Mayer, Wm. Linton and others.

The cricket match between the Gentlemen of Cheshire and the Toronto Zingari opened yesterday at Cheltenham. In the first innings the Canadians made 228 and Cheshire 141 and should score an easy victory to-day.

The following will represent Grace Church in their game at Varsity oval with Bedford Park C. C. in a C. & M. League game, to commence at 2 p.m.: 230. Verman, Crowther, Fearn, Campbell, Muttow, Muckle, Atwood, Gribb, Fowling, Burt, D. Campbell, G. G. Brown. It is requested that all members of the C. & M. team not included in the above list be present, as umpires and scorers are needed.

The City League game at Rosedale to-day, Rosedale v. St. Albans, practically decided the first division. The Toronto team, H. B. Reid, J. Bell, H. G. Woodley, G. M. Barnes, W. F. C. Sellers, F. C. Gray, C. G. Gulliver, H. Morris, H. G. Collins, E. H. Spinyer, R. Hall. The game starts at 2:15.

The Incognitos play a friendly game with Aura Lee at the latter's ground this afternoon, and will be represented by the following players: T. H. Geason (captain), listed, Len, Currie, Fawcett, Curry, Cornwell, Ligertwood, Secretan, Sparrow, McLean and Sharp.

A cricket match was played at Chatham yesterday between London Asylum and Chatham. London, headed by G. G. Brown, scored 58, Smith 25 and T. Evans 25 were the chief scorers. Chatham made 215, which included the first 100 runs by G. G. Brown, H. Dennis 23 and Roberts 21.

St. Cyril's eleven for their C. & M. League game against the latter club's ground, back of Devonport Methodist Church, this afternoon, at 2:30, will be represented by the following players: W. Butterfield, G. G. Brown, H. Morris, G. F. LeRoy, W. Templeton, O. McKee, A. T. Henderson, A. Warren, W. Smith, H. G. Collins, G. Watson and C. Larmouth.

The Devonian C. C. journey to Edlington to-day to play St. Clement's C. C. in a C. & M. League game, at 2:30 p.m. The Devonian team will be represented by the following players: W. F. C. Sellers, G. M. Barnes, W. F. C. Sellers, F. C. Gray, C. G. Gulliver, H. Morris, H. G. Collins, E. H. Spinyer, R. Hall, G. G. Brown, H. Dennis 23 and Roberts 21.

Grace Church team to play their C. & M. League game at Toronto C. C. grounds: F. Nutt, C. Matthews, R. Banting, D. Smith, E. D. Cooper, W. F. C. Sellers, W. F. C. Sellers, G. M. Barnes, W. F. C. Sellers, F. C. Gray, C. G. Gulliver, H. Morris, H. G. Collins, E. H. Spinyer, R. Hall, G. G. Brown, H. Dennis 23 and Roberts 21.

St. Barnabas team to meet Easton at 2:30 p.m. at the latter's ground, back of Devonport Methodist Church, this afternoon, at 2:30, will be represented by the following players: W. Butterfield, G. G. Brown, H. Morris, G. F. LeRoy, W. Templeton, O. McKee, A. T. Henderson, A. Warren, W. Smith, H. G. Collins, G. Watson and C. Larmouth.

The following teams have been selected to represent Toronto in their matches to-day: Versus Parkdale, at Exhibition Park; Versus Weston, at Weston; Versus Campbell, at Campbell; Versus Gray, at Gray; Versus Blair, at Blair; Versus Mariner, at Mariner; Versus St. Barnabas, at St. Barnabas; Versus St. Cyril's, at St. Cyril's; Versus Devonian, at Devonian; Versus St. Clement's, at St. Clement's; Versus St. Albans, at St. Albans; Versus London Asylum, at London Asylum; Versus Chatham, at Chatham.

Owing to the league game at Rosedale to-day, the regular match between the Pioneers and Rosedale reserves has been cancelled. The C. C. will play the Wanderers a City League match this afternoon at Trinity College. The St. James' team will be selected from the following: W. E. Robb, B. Ellis, J. Irwin, F. Dicks, H. A. Alder, A. Tuck, J. W. Taylor, T. Tomlinson and H. Kirkpatrick.

The Wanderers to play their League game against St. James at Trinity College this afternoon, at 2:30 p.m. The Wanderers team will be selected from the following: W. E. Robb, B. Ellis, J. Irwin, F. Dicks, H. A. Alder, A. Tuck, J. W. Taylor, T. Tomlinson and H. Kirkpatrick.

St. Barnabas Cricket Club will play the Bantons A. C. cricket team at Varsity oval this afternoon, at 2:30 p.m. This is an important one, in that it will effect the standing of both teams in the C. & M. League. It is expected that a good crowd will turn out to see the game.

**Racing in Quebec.** QUEBEC, Aug. 5.—The second day's racing of the Quebec Jockey Club's meet at the exhibition grounds passed off most successfully. A large crowd was present, and the track in somewhat better condition than yesterday. There were six events on to-day's card, all of which were most keenly contested. The results were as follows:

## Amateur Baseball Program for To-day Customs Win, 10-6

In the Civil Service League at Ketchum Park yesterday Customs won from Firemen as follows: R. H. E. Customs 19, Firemen 12. Batters—M. J. Duggan, 8; 7; 5; 3; 2; 1. Infielders—L. J. Duggan, 8; 7; 5; 3; 2; 1. Umpire—Frank Hall.

Estons and New Beach cross bats at 4 o'clock this afternoon in regular Baseball League game. The battery for Estons will be Hickey and O'Brien. Fred Hickey is in great shape just now, and is pitching very classy ball. Bill O'Brien, who has been playing around Toronto ball yards for goodness knows how long, caught last Saturday for the Estons team, and his throwing to second and catching was a revelation to the spectators. Bill has all kinds of reports in the game all the time, and he evidently has "come back" to his old form.

Don Valley League games to-day at 3 o'clock between the Goures A. C. and the C. C. Batters—Goures, 10; 8; 6; 4; 3; 2; 1. C. C., 10; 8; 6; 4; 3; 2; 1. Umpire—Frank Hall.

The Globe Baseball Club will play the Saturday Night Baseball Club for the first time on Monday, Aug. 8, at 8:30 p.m. at the Globe. The game will start at 8:30. The Globe team will likely meet the winner of the other game.

The Parliament will play the First Avenue team at Alexander School grounds at 2 p.m. The players are requested to be on hand early.

Meador defeated Owen Sound by 2-0 in the Ontario League at Brockville. Batters—Meador, 10; 8; 6; 4; 3; 2; 1. Owen Sound, 10; 8; 6; 4; 3; 2; 1. Umpire—Frank Hall.

At Galt in a doubleheader exhibition game yesterday the Galt team, led by L. J. Duggan, defeated the silver country, led by the C. C. Batters—Galt, 10; 8; 6; 4; 3; 2; 1. C. C., 10; 8; 6; 4; 3; 2; 1. Umpire—Frank Hall.

The Junior and Senior Kingstons are requested to meet at their club rooms not later than 115 for their games at Centre Island.

The games slated for this afternoon in the Ontario League at the Brockville Avenue grounds are: At 2 o'clock St. Mary v. Wellington; at 4 o'clock Park Nine v. Royal Oak. Bill Duggan will umpire.

The St. Michael's English Baseball Club of the Inter-Catholic League are requested to turn out on the Christie-street grounds at 2:30 sharp for their game with St. Helens.

The ball games to be played in the West Toronto Senior League at the Lambton grounds this afternoon are as follows: 2 o'clock—All Stars v. Dufferin; 4 o'clock—Fleming and Brown; 6 o'clock—Port Stars, Batteries—White or Irvine and Hynlop; Welsh and Croft.

**HORSES AND CATTLE BURNED.** MONTREAL, Aug. 5.—(Special.)—Ten horses, two cows, and 700 tons of hay were destroyed to-night in a fire which broke out in the hay sheds of Laporte Bros., Grand Trunk-street. The loss is \$150,000.

**ANNUAL TRAVEL MAGAZINE.** "Water Way Tales," Published by D. & C. Line, Sent to You, Free.

The latest contribution to the literature of travel is the 250 page book issued by the D. & C. Line. It contains three interesting stories and is beautifully illustrated with fine half-tones of scenes along the D. & C. Coast Line to Mackinac. Sent anywhere upon receipt of ten cents in prepaid postage. Address: D. & C. Navigation Co., 6 Wayne-street, Detroit.

Mr. Alfred Hodge, a London county county council head teacher, England, now on a visit to his brother, John Hodge, Superintendent of the Ontario Education Department, is one of a party of 58 L.C.C. teachers now visiting Ontario, Canada.

Mexico's "Lost Declaration of Independence." In connection with the so-called first centennial of Mexican independence, which is to be celebrated all over the republic Sept. 16, writes a correspondent of the London Globe, the curious fact has developed that what is known as the original declaration of independence has been lost, and all efforts to find it have failed. It is probable that the document has been stored away either in this country or Europe and its hiding place forgotten.

Unlike the Dr. constable of North America, Mexico did not have a formal declaration of independence. The only thing that approaches it was the decree issued Sept. 21, 1821, signed by Augustin de Iturbide, who afterward became the first emperor.

It is curious that Mexico is this year celebrating what it calls its centennial of independence, when as a matter of fact the revolution started by the patriot-priest Hidalgo Sept. 16, 1810, was not a revolt against Spain, but against the viceregal government of Mexico and against the Bonaparte usurpers of the Spanish throne when Napoleon put his brother Joseph at the head of the Spanish Kingdom. This revolution was crushed in 1815.

It was not until 1820 that the second revolt broke out, headed by Augustin de Iturbide and the Indian Guerrero. In this revolt all parties in Mexico were united. Iturbide became the leading figure through his influence with the church. It was not until late in 1821 that the purposes of the revolutionists were put into anything like definite form. Iturbide was thus the real liberator of Mexico, and the nation has really only been independent 89 years. And at first it was an empire, with Iturbide as emperor.

TAXATION REFORM.

Last year Sir James Whitney rather cavalierly turned down the request that the provincial municipalities be given power to tax improvement values at a lower rate than land values. The proposal was opposed by the legislative committee on the ground that the principle of assessment in the province should be uniform, an objection which is superficially plausible were conditions everywhere the same, and assessors all reliable and observant of identical principles. But the rebuff administered last year has not killed the movement, as the proceedings at a recent convention held at Lakeside show with sufficient clearness. Nor is it surprising that the demand should persist for the adoption of a system which prevents the injustice and hardship of taxing the industrious and enterprising and relieving the speculator and the man who is not utilizing his land to the best advantage. The present law operates adversely to the efforts of the provincial government to direct immigrants to the unoccupied parts of Ontario, in regarding the development of districts well adapted for farming, and is prejudicially affecting healthy urban growth.

The Lakeside convention was attended by the Reeves and clerks of rural municipalities who, according to The Times-Herald report, submitted startling figures concerning the amount of good land in Southern Timiskaming being held for purely speculative purposes. The holders are of course looking for profits as values increase thru the work and energy of the actual settlers who have started to clear their farms and improve them. During the discussion over the resolutions submitted, striking instances were adduced of the inequitable operation of the existing assessment system. Reeves Judge of Casey for example stated that he is assessed for \$1750 on 132 1/2 acres of land with their clearings and buildings, while a neighbor who has done nothing, cleared nothing practically, and built nothing, is assessed for \$905 on 183 acres. Why penalize the actual settler in this way? Why not rather compel every owner to develop his holding by rating every farm at its proper land value? By exempting improvements and equalizing land assessments the best possible encouragement is given to the real cultivator out to make a home and to assist the progress of the province. The matter of land assessment and exemption of improvement values is of immense importance to Ontario at this juncture, and the premier should give the question more than perfunctory attention and purge his mind of any predisposition to condemn an urgent reform because of its supposed association with the views of the late Henry George. The arguments in its favor are strong enough to bear the most careful investigation.

HARBOR IMPROVEMENT.

No possible objection can be taken to the resolution of the board of control to have a dock built near the eastern entrance of the bay, with a depth of 20 feet. But the plan is overlaid with the fatal limitation which attaches to all Toronto projects. It is a piece of patchwork, and has no necessary connection with what must follow it.

"This is not," said Mayor Geary, "a matter of \$130,000 or \$1,300,000, but rather of \$10,000,000. There should be some scheme of nationalizing the harbor." Perhaps he meant municipalizing, with a little help from the federal government thrown in.

At any rate, it is on a large scale that the improvement should be carried out, and with one plan. A lot of little patch-pieces will always look just what they are, and cost a great deal more than a properly designed and administered scheme embracing the whole area to be improved.

However, let the dock get started. The more we muddle along the sooner the people will be convinced that the city business should be handled in a business-like way. And the only way to handle it is by a commission, or what the Telegram prefers to call a civic trust.

KNOW BETTER NOW.

There has been a remarkable change in public sentiment at Fort Frances in the last few weeks. The whole community was ready to impale the Whitney government at one time over the settlement of the water-power question there. Now, however, that the effect of the arrangement has come to be understood there is the warmest admiration expressed for the government, especially for Hon. Mr. Cochrane and W. A. Preston, M.L.A., and all the hard sayings are being taken

back. Mr. Preston has recognized the situation in an interview.

"Of course many people have blamed me," he said, "for my apparent inactivity, and the Hon. Frank Cochrane did not escape some very unjust criticisms. However, men in public life must expect to be misunderstood at times, and as we were working for something tangible in the way of the establishment of industries, we felt that time would convince even our political opponents that actions speak louder than words."

The result of the Whitney policy of insisting that all wood cut on Ontario crown lands must be manufactured not only into pulp but into paper, is to have a mill established at Fort Frances with a capacity of 50 tons per diem. The enterprise is being financed by Peabody, Houghteling & Co. of Chicago. Mr. Houghteling is well known in Toronto as the founder of the St. Andrew's Brotherhood.

NICKEL BREAD.

It is unfortunate that the well-meant effort of The Globe and its supporters in the legislature, including Mr. Nickle, has defeated the desire of the public to get a five-cent loaf of fair quality and reasonable weight. The bakers cannot give a 24-ounce loaf for five cents of the quality that most people want to buy. The new law does not permit them to sell a loaf weighing more than 12 ounces.

The new law plays into the hands of the bakers who wish to take advantage of the public, and the result is that the majority of people get less bread for five cents under the new law than they ever got before. It has been represented that the bakers are averse to the new law, but in justice to them, it seems fair to recognize that the public are also averse to it as well.

PUBLIC SERVICE AND CAPITALIZATION.

Between 1890 and 1907, according to a report recently issued by the United States Census Bureau, the number of paying passengers carried by the street railway companies included in the returns increased from 2,023,010,202 to 7,441,114,568. The ratio of growth since 1907 is believed to be vastly more. These figures instruct the enormous advance in the value of the street franchise held by the operating or holding companies—values which have been always used for the purpose of private profit. There are newspapers professing adhesion to the public interest which attempt to sustain the thesis that new share issues unrepresented by tangible assets carry no advantage to the stockholders. This may be true where the volume of business is constant—it is entirely false in the case of an expanding public service.

Every dollar added to the capital, unless it is employed for the betterment of the undertaking and the benefit of the service, imposes an unjustifiable burden on the public. A conspicuous example of the wrong thus committed can be found in the position of the surface railroads of New York. This city, the most advantageously situated in the world for the development of a cheap and efficient transportation service, has been victimized by high financiers who so multiplied speculation for their own personal profit that the main roads are now bankrupt and in the hands of receivers, who declare that without increasing fares no return to stockholders can be made. This is a striking proof of the fact that control of rates, without control of capitalization, is of no practical value. Stock watering of this kind is simply an anticipation of profits which, when earned, become in turn the basis for further profits to the "innocent shareholders" who are induced to invest in the watered stock. The remedy is straight public ownership and operation on the basis of honest capitalization.

Sir James Whitney has sanctioned the output for the intake. "Someone has started a report that Rev. Dr. Carman will retire. That settles it. He won't."

Re: Earl—Judgment: Motion under Consolidated Rule 938 for a determination of a question arising on the will of Thomas Earl, dated 7th July, 1908, viz: Whether the will operates upon a policy of the Canadian Home Circles, which includes the life of the deceased, which by a declaration endorsed upon the policy he had made payable to his wife Elizabeth Ann Earl.

By the will the testator devised his estate, real and personal, to trustees, to be sold and converted into cash and divided as follows: "One-third of the same (which includes the money) shall come from the Home Circle) to be invested for my present wife, and the interest arising therefrom paid to her during her lifetime, and after her death the principal to be equally divided among my children, share and share alike. The other two-thirds, after deducting \$200 for a monument to be erected to the memory of my former wife and myself, to be equally divided between my children, share and share alike."

The only words which may have been intended to refer to the policy in question are those contained in the paragraph which reads: "One-third of the fund distributable as the estate of the deceased is by the terms of the will to be divided. There will therefore be a declaration that the policy does not pass and is not affected by the will, and the costs of the executors, which I fix at \$20, and of the widow will be paid out of the fund." A. J. R. Snow, K.C., for executors and for Clara McCreary, Adelaide L. Smith and Arthur Albert Earl, J. Douglas, for Elizabeth Ann Earl.

# "I WILLINGLY GIVE THIS TESTIMONIAL

## In Favor of 'FRUIT-A-TIVES'

### FOR THE BENEFIT OF OTHER SUFFERERS"

Spoken like a man! Mr. Paul Jones of Sarnia is proud to acknowledge the great debt he owes to this wonderful fruit medicine. He wants every sufferer in Canada to know what "Fruit-a-tives" did for him. His reward comes in the gratitude of those who take his advice, use "Fruit-a-tives" and cure themselves.

Sarnia, Ont., Feb. 5th, 1910.

"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, but derived no benefit whatever. Finally, I read an advertisement of 'Fruit-a-tives,' in which Hon. John Costigan stated that he had been cured by 'Fruit-a-tives.' I decided to give 'Fruit-a-tives' a trial, and found they did exactly what was claimed for them. I have now taken them for some time and find they are the only remedy that does me good. I have recommended 'Fruit-a-tives' to a great many of my friends and have seen these fruit tablets too highly, as they have done me good.

"I claim 'Fruit-a-tives' are invaluable in every respect, and I willingly give this testimonial for the benefit of other sufferers."

PAUL J. JONES.

Mr. Jones is favorably known all over the district of Sarnia. He was in business there for years, and is now enjoying the fruits of a long and successful mercantile career. Every reader of this paper is at liberty to write Mr. Jones and find out for themselves that the above letter is genuine and was written to "Fruit-a-tives" voluntarily and solely with the idea of helping the sick.

The financial and social standing of those who have written letters in favor of "Fruit-a-tives" is the best guarantee that this famous fruit medicine is all that is claimed for it. "Fruit-a-tives" is the only liver stimulant in the world, because it is the only medicine made of fruit juices. By its use, the amount of bile is increased while the muscles are made stronger and more capable of emptying the bowels naturally. Salts of every kind, senna and cheap purgative pills have no action on the liver. They do not increase the secretion of bile by the liver, but their action is entirely due to irritating the delicate lining of the bowels. "Fruit-a-tives" and "Fruit-a-tives" are the only positively cure Constipation, Biliousness and Torpid Liver. In the case of Mr. Jones, the long-standing Constipation had affected his digestion, causing catarrh of the stomach. As his bowels became more regular, the digestion improved. When the Constipation was cured the indigestion, which was caused by the Constipation, was cured also.

"Fruit-a-tives" has proved its value and has made its way solely on merit. "Fruit-a-tives" is probably the best known, and most highly appreciated medicine in Canada. The sales of "Fruit-a-tives" are enormous, and are increasing every day. The people realize that at last they have one remedy that will positively do all that is claimed for it—and they show their appreciation of this honest, reliable fruit medicine by using it themselves and recommending it to their friends.

"Fruit-a-tives" is one of the few medicines that may be taken day after day with only beneficial to the health. If necessary, "Fruit-a-tives" could be taken for twenty years, because it contains only fruit juices and tonics. Nature's natural remedies for All Stomach, Liver, Bowel, Kidney and Skin Troubles. "Fruit-a-tives" is especially suited to women and children, because of the pleasant taste and mild, gentle action of the fruit tablets.

If you are suffering as Mr. Jones did, take his advice and try "Fruit-a-tives." 50c a box, 6 for \$2.50, or trial box, 25c. At all dealers or sent, postpaid, on receipt of price by Fruit-a-tives, Limited, Ottawa.

#### SAYS IT'S AN OUTRAGE

That Newfoundland is Allowed to Exclude American Fishermen.

THE HAGUE, Aug. 5.—Continuing his address for the United States before the Hague Fisheries Tribunal, Elihu Root described as an injury the closing of herring fisheries to American fishermen during several months of the year, and the prohibition of the use by them of various kinds of tackle. The premier had excluded them from Newfoundland bays, where, according to the American interpretation of the treaty, they were entitled to fish. He declared Mr. Root, Newfoundland could thus restrict with impunity, without control, the rights of Americans, the privilege accorded Americans by treaty became a pure illusion, but this right was outside the province of Newfoundland legislation.

If the right were subject to the British sovereignty, then Britain could close Cabildau fisheries for six or fifty years, without the United States being able to object. The United States demanded that the tribunal should recognize its rights to a suspensive veto of such regulations.

#### THE DIVORCE MICROBE.

LONDON, Aug. 5.—Professor F. P. Mrs. Elizabeth Dixon,

TRANSPLANTED PART OF CORNEA OF HUMAN EYE

Young Woman, on Whom the Operation Was Performed, Sees for First Time in Her Life.

PHILADELPHIA, Aug. 5.—A rare operation, involving the transplanting of a portion of the cornea from the eyeball of a man to that of a woman who had been blind since infancy, resulting in the restoration of her sight, has been performed at the Medico-Chirurgical Hospital, and doctors are watching the case with much interest.

The operator was Dr. L. Webster Fox, professor of ophthalmology at the college, and one of the leading eye specialists in this city. His patients were two, a young man employed at Baldwin's locomotive works, one of whose eyes had been pierced by a piece of steel and the sight destroyed, and a young woman who had been blind since infancy.

When the bandages were removed it was found that the young woman could see for the first time in her life. Her sight was not as good as that of the persons near her, but for a distance of five feet she could see distinctly.

Manager J. O. Orr has received news from his agent in Europe that the Graphic Art section of the coming exhibition will have a very special exhibit. There will be a series of etchings by Frank Brangwyn, R.A., Joseph Pennell and Frank Armstrong, a Canadian who has made great progress in Paris.

At St. John, N. B., John Kearns, confined to bed with tuberculosis, took advantage of a moment when his wife, who was sitting up with him, had fallen to sleep, and cut his throat with a razor.

Perpetual Youth

Let Me Tell You How to Regain All Your Old Vigor, and Manly Strength. See "Health Belt Man," Feel Young for Balance of Your Life. Age Doesn't Count If You Have the Vitality.

"I could shout for joy. After years of weakness and debility, your wonderful Health Belt cured me. I am a man again. Use my name as you see fit." A. E. GRIFFIN, Lakefield, Ont.

YOU CAN PAY WHEN CURED. If you're sceptical I'll prove it first. I'll take all the risk by letting you have the Belt on Free Trial, not to be paid for until cured. Send it back if it doesn't do the work.

Let Me Send You These Two Books FREE. They fully describe my Health Belt and contain much valuable information. One is called "Health in Nature," and deals with various ailments common to both men and women, such as rheumatism, kidney, liver, stomach, bladder disorders, etc.

If in or near this city, take the time to drop in at my office that you may see, examine and try the Belt. If you cannot call, fill in the coupon and get the free booklets by return mail. They are better than a fortune for any one who needs new vigor.

## No News to Stimulate Trade Wall Street in Waiting Mood

New York Stocks Make Substantial Advances, But Are Driven Lower at Close—Local Market Firmer.

World Office.  
 Friday Evening, Aug. 5.  
 With but little increase in the volume of trading in evidence, the Toronto stock market developed considerable firmness to-day, and under an improved call for securities small advances were recorded in nearly every section of the list.

The market was undoubtedly helped by the rally on Wall-street early in the day; in fact, this was the only news forthcoming which could have any effect on local sentiment.

The traction issues again took the leadership as far as volume of trading was concerned, the market advancing half a point at 123 1/2. The gain was not held, however, the shares dropping back to 123 on the afternoon board. Rio held around yesterday's figures.

Steel Corporation was a strong point early in the day, selling up a point at 87 1/2. When the New York market turned soft, however, this stock eased in sympathy, dropping nearly a point at 85, and closing even lower.

Small advances were registered by Mackay, Twin City and Quebec Railway, but trading was not sustained in any of these stocks. The latter issue went down toward the close, when the stock was offered below the day's selling prices, with no bid in evidence.

**WALL STREET POINTERS.**  
 Regular dividend rate on Clover Leaf expected.  
 General market in London idle and featureless.  
 Good news reported from Texas, Arkansas and Oklahoma.  
 Textile manufacturers continue to curtail output.  
 Independent steel companies working in harmony and no price cutting expected.  
 Republic Steel now operating about 85 per cent. of its capacity.  
 American stocks in London quiet, rather above par.  
 J. Edward Simmons, president of the chamber of commerce, dead.  
 Fifteen million dollar drug corporation in course of formation.  
 The sub-treasury lost \$685,000 to the banks yesterday, and since Friday has lost \$6,997,000 to the banks.

**ON WALL STREET.**  
 Erickson Perkins & Co. had the following: A substantial rise in stocks today was followed by general profit-taking and further short selling in the last hour. Closing prices, while showing numerous small gains, wiped out the advance of the day's movement. Advice of a fifty-point rise in a stock, when spread broadcast, doesn't help it any. The unbroken string of good news stories and they should weigh lighter by degrees. But they should be bought only on breaks. We look for an irregular market to continue in the present. Chas. Head & Co. to R. E. Bongard. Sentiment was conservative on the outlook, there being less certainty that the government crop report Monday would be very favorable than it was admitted that the rains in the corn belt have materially improved the situation. Money on a tight string, but in the present market, it is not so tight as it was a few days ago, which according to the known movements of currency aggregates \$14,000,000 for the week. We still advise a policy of buying in good sections for quick turns and selling on bulges.

**July Municipal Bond Sales.**  
 The municipal bond sales in Canada during June, as compiled by The Monetary Times, were \$1,580,424, a decrease of \$48,018. The July figures show a decrease of \$651,164 from the previous month, when the total sales amounted to \$2,187,588. The actual number of blocks disposed of during the month was below the average, while there were only three issues of any magnitude taken up. These were, Regina's \$388,000, South Vancouver's \$400,000 and Outremont's \$200,000. A large decrease is noted in Ontario issues, while British Columbia and Quebec are about the same as the previous month.

**No Announcement as Yet.**  
 Some important developments have been said to be with the past few days in connection with the proposed consolidation of some fifteen of the leading tanneries of Canada into the Canada Leather Co., Ltd. but it may be still a few weeks before a definite official announcement will be possible. From present indications several tanneries which were not in the original scheme are now likely to be included.

**Mexico Tramways Annual.**  
 At the annual meeting of the Mexico Tramways Co., held here this morning, the annual report and accounts for the year 1909 were approved of, and the board of directors re-elected, with the addition of Lie. Pablo

**Canadian Failures.**  
 Dun's Review says: The number of failures in the Dominion during the past week, in provinces, as compared with those of previous week, and corresponding week of last year, is as follows:

Date	Ont.	Que.	Man.	Alta.	Sask.	W. Can.	U.S.A.	Total

## TENTATIVE EFFORTS TO HOLD THE MARKET.

World Office  
 Friday Evening, Aug. 5.  
 Minor improvements in some of the speculative issues on the Toronto Stock Exchange to-day represented no real change in market situation. Fractional rallies after declines of several points are not hard to accomplish, and buyers should take particular notice that all the speculative stocks were available at to-day's market prices. A temporary improvement on Wall-street was of assistance in keeping the local market steady to firm. Tentative efforts, as are at present being made, should not be allowed to interfere with the judgment of those who still think that speculative price reactions have not yet reached their limit on the down-grade. The compression in values which has been going on for several months shows no absolute indication that the limit has been reached.

**LANDSLIDE CAUSED FATAL WRECK.**  
 MIDDLETOWN, N. Y., Aug. 5.—A landslide on the Erie Railroad five miles west of here early to-day caused the wreck of an eastbound fast freight train and the loss of three lives. The landslide is believed to have been due to a heavy rain, which loosened the hillside soil and caused large quantities of rock to crash down upon and block the tracks.
