AMERICANS ARE GIVEN FREEDOM BERLIN REPORT

Wilson's Strong Demand for Seamen's Liberation Has Proved Effective.

MADE STRAIGHT ISSUE

President Was Greatly Angered Over Germany's Stubborn Attitude.

Berlin, Feb. 15, via London, Feb. 15.—The American seamen who were brought prisoners to Germany on board the British steamer Yarrowdale have been liberated.

Special to The Toronto World.

Washington, Feb. 15.—A flat demand was made upon Germany by the U. S. tonight for the release of the 72 Yarrowdale prisoners.

Wilson Really Angry.

A reasonable time will be allowed Germany to accede to the request, it is believed in Washington tonight that the belligerent temper of the U. S. Government will bring Germany to its senses and postpone the danger of action at the present time.

CUBAN RISING BEING CRUSHED.

Special Cable to The Toronto World. Havana, Feb. 15.—President Menocal's government has gradually gained control of the rebel movement and but one uprising has occurred during the day.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

GERMAN submarines sank four steamers of 7,000 tons burden or thereabouts yesterday. Thus their daily toll is constantly falling off, although it must be conceded that the enemy would increase it by sinking more neutral vessels, if they ventured out to sea.

Three Americans Killed By Raiding Mexican Band

Special Cable to The Toronto World. Amsterdam, Feb. 15.—The Prussian cabinet has appointed Under-Secretary Michael, Prussian food dictator, in accordance with his resolution to name a special commissary for alimentation during the period of the war.

Germany and Russians Join In Fighting Off the Wolves

Special Cable to The Toronto World. Petrograd, Feb. 15.—Parties of Russian and German troops recently met in a fierce skirmish when a large pack of wolves came on the scene and attacked the wounded. Hostilities were at once suspended and both detachments attacked the animals, killing about 60 of them.

A Conspiracy of Silence on Public Ownership of the Old Grand Trunk Will Fail

Never more than in war time is it necessary for the government to take over and operate the great public utilities of the country. In Great Britain the government is operating the railways and the coal mines, and few doubt their permanent nationalization.

Considerable Artillery and Aerial Activity Continues to North Sea.

Special Cable to The Toronto World. London, Feb. 15.—The chief event on the British front reported tonight by the war office consisted of a successful raid against a point in the German system of defence northeast of Gueudecourt, on the Somme front.

BUSINESS IS GOOD AT LABOR BUREAU

Women Eagerly Co-operate in Provincial Government Work.

MANY REGISTERED

Employers Recognize Aid Given by Employment Office.

Business is brisk these days at the women's department of the Ontario government employment bureau, 164 Bay street. That it is becoming well known as a centre for registration is seen by the number of women who are applying and also by the number of applications that are coming in more and more from the manufacturers.

Since the beginning of the year 1912 in all have registered, and of these, 115 were willing to take a course if it wanted, 17 were willing to do patriotic work but not to take it if the remuneration were really wanted by others. There were 6 willing to drive motors; of these, one girl had driven her own car to New York and had done the repairs on the way. Still another was willing to take a course in the study of the motor, with a view to making herself useful in this connection.

WILLS PROBATED

Among the wills probated in the surrogate court yesterday was that of Thomas Battye, a machinist, who died Feb. 5, leaving an estate of \$1674. He made a stipulation in his will that his funeral would be a very plain one and that no sermon should be read at the graveside.

Patrick D. Hughes, a Seattle lawyer, left an estate of \$47,562, of which \$28,446 is situated in Ontario. His sister, Miss O. C. Hughes, had applied for ancillary probate here. The Canadian property consists of \$3333 in money and one-ninth interest in Nos. 454, 456 and 458 Yonge street, which is in the hands of the Toronto General Trusts Corporation.

BACK TO WORKS COMMITTEE.

Once more the works committee will debate the cutting off of the Duplex avenue extension. When the matter came before the board of control yesterday, a deputation of Lawton avenue residents proposed that the whole thing be left over till after the war. When the board appeared undecided, Ald. Ramsden, chairman of the works committee, asked that the whole thing be sent back to the works committee, when negotiations on both sides of the question could be heard.

Alkali in Shampoos Bad For Washing Hair

Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain multigrain coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. It simply moistens the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

CANADA'S OPPORTUNITY IN SPANISH AMERICA

Trade With Southern Latin Countries Will Replace That Formerly Done With Germany.

That the pre-war relations existing between the German Empire and Great Britain will not be again established for fifty years was the declaration of Prof. Alfred Baker, of Toronto University, in the principal address following the luncheon of the Empire Club at the St. Charles Hotel yesterday noon. He added that trade with the Spanish-Portuguese nations would take the place of that formerly done with Germany. Prof. Baker spoke on the subject, "The Spanish Nations—Their Increasing Interest to Us."

WOUNDED MEN MOVED TO WHITBY HOSPITAL

Splendid Arrangements Made for Heroes at Newly Erected Institution.

Fifty returned soldiers from the Spadina and College Street Military Convalescent Hospitals were transferred yesterday to the newly-erected Ontario Hospital for the Insane at Whitby, which has been loaned to the Dominion Hospitals Commission for the housing of wounded members of the C.E.F. The party traveled from Toronto to Whitby in a special coach with Capt. A. G. Ley and Lieut. G. A. Gillis in charge. The men will take up their residence in one of the 16 hospital cottages there. The buildings are model ones, it being declared that nowhere in all the world is there a set of asylum buildings that are so splendidly designed.

The aim of the hospitals commission is to aid the invalided soldiers to re-enter civil life by vocational training, learning, gardening, special medical attention and facilities for recreation. There are 500 acres of farm and garden land. Moving pictures and athletic pastimes are being arranged for. The hospital is a mile and a half northwest of Whitby harbor and very close to a very fine bathing beach. It is announced that the College Street Military Hospital will shortly be closed. The Spadina hospital will continue to be used as a reception hospital. The Booth Memorial Home will be the home for amputation cases and the location of the artificial limb factory.

CITY HALL NOTES

The board of control yesterday formally approved the action of the proposal to enforce the Militia Act, and decided to memorialize the government to this effect.

If necessary, says Commissioner Wilson, garbage collection will be abandoned in Toronto for the delivery of coal. Three hundred carts, he says, are available for such a delivery.

The board of control yesterday ordered that \$1062 be paid to seventeen teamsters, as part payment for work done while in the employ of the Paving and Construction Co. on civic contracts. Toronto held back the money on the contractors because they were paying \$1 a day less than the wage called for in the fair wage bylaw.

It seems that while the owners of the old Rosedale lacrosse grounds are willing to turn the property over to Toronto lacrosse club, it is opposed, J. D. Bailey, on behalf of the club, argued before the board of control yesterday that a park was unnecessary for that section. Controllers, however, endorsed the report of the parks committee and sent it on to council.

Home Work for Little Ones Is Matter of Parents' Choice

Chief Inspector Cowley states that home work is not compulsory. He made this statement in reply to a letter sent to one of the evening papers asking if it is permissible to refuse to let the children in the second and first books do the home lessons they bring home.

The chief inspector states that the school law is above the board of education regulation. Some years ago, on the motion of Mr. James Simpson, it was carried that no home work be given to classes under the junior third, although it has never been kept, and in consequence there have been many complaints from parents of too much home work. The board of education has expressed a desire, stated Mr. Cowley, "that no home work should be given to pupils under the junior third."

KARN ORGAN BARGAIN.

Ye Olde Firme of Heintzman & Co., Ltd., have for sale a genuine bargain in a Karn Organ, chapel style, 13 stops overhauled and in A1 condition. Would be very suitable for Sunday School or small Church. Cost originally \$133.00. Offered special at \$65.00, at Heintzman Hall, 193-195-197 Yonge Street, Toronto.

FIRE DRILL SATISFACTORY.

Several members of the board of education yesterday paid a visit to the High School of Commerce and witnessed a fire drill called for demonstration purposes. All the students made their exit in quick time, and the visitors expressed their pleasure at the discipline. They also paid a visit to the new lunch room, and Mrs. Courty expressed the thought that the hall which has a seating capacity for one thousand persons, would make an admirable hall for women's meetings. The party commented favorably on the equipment, the attendance and the general appearance.

CIVIC COAL YARDS NOW IN OPERATION

Commissioner Chisholm Opens Four in Different Localities.

URGENT DEMANDS MET

Properties Will Be Located to Store Supplies for Two Years.

Four civic coal depots have been opened by Property Commissioner Chisholm in accordance with the instructions of the board of control. They are for the present located in the larger civic yards, and deliveries of coal will be made in quarter and half ton lots but only to citizens in urgent need of fuel. The western depots at King and Dufferin streets, the northern in Ramsden Park, eastern, Don esplanade and Eastern avenue, northwestern, 973 Lansdowne avenue.

Over one hundred people were at the Rogers Coal Company yards on Lawton avenue yesterday clamoring for a share of the city's coal. The demand overtaxed the capacities of the Rogers yard, consequently Commissioner Wilson started his men carting the coal to the above-mentioned depots from which deliveries will be made today. At each of the yards the city treasurer has a man taking orders and handling the cash. Within thirty days, according to the instructions of the board of control issued yesterday, Commissioner Chisholm is to locate properties in various parts of Toronto suitable for storing two years' supply of coal.

SCORE'S TALK ON CLOTHES.

The morning coat is the correct garment for gentlemen to be worn for all informal occasions. Both the bound and the plain edge kind are being shown. The light fancy striped trousers, not very markedly creased, are indications of fashion's tendencies. We offer a special coat and vest from the correct material at \$28.00. H. Score & Son, Limited, tailors and haberdashers, 77 King street west.

Men at Government Aeroplane Factory Go Out on Strike

Johnston and Wilson, contractors for the Dominion Government's new airplane factory which is being rushed to completion on Lappin avenue between Lansdowne avenue and Dufferin street, were faced with some difficulty yesterday morning when upwards of twenty carpenters threw down their tools and walked out. The cause of their action was the refusal of the contractors to meet their demand for a closed shop. There are about one hundred carpenters employed on the work, and according to the contractors when they were engaged were paid the union scale of 45 cents an hour.

"We have noticed trouble brewing for some time past among the union men," said an official of the company, "and we found it was because we employed outsiders and paid them the same rate of wages. This morning after unions they refused to start work and came to us and demanded a closed shop. We wouldn't stand for it, so they walked out, but a few of them have returned to work."

MASONIC CHOR.

First Rehearsal of New Organization Was Very Successful.

The Masonic Choir is away to a splendid start. The first rehearsal was held on Wednesday evening, at which were present 80 members, all enthusiastic about the concert which will be given in Massey Hall in April for the benefit of returned soldiers. The past grand master, the Hon. W. D. McPherson, who was present, outlined the purpose of the chorus, and in a few well chosen words laid the first stone in the foundation of a musical structure which will mean much for patriotic work, and in future years, it is hoped, give a great deal of pleasure to music-loving Toronto. Indications seem to show that by next week 150 voices will be enrolled.

MYSTERIOUS MEETING.

A meeting of Toronto ministers, presided over by Rev. Dr. Chown, was held in the university buildings, but for what purpose, it was not distinctly understood, although it was stated it was for the purpose of taking steps for the establishment of a national government. The session, however, without anything being done, Rev. Dr. Chown was extremely reticent and merely stated that it was to see what could be done to further Canada's promise to the empire. About a dozen ministers of various denominations were present, including Rev. Dr. Chown, Archbishop McNeill, Archdeacon Inglis, Rev. Dr. Pidgeon, Rev. Dr. Shearer, Rev. Mr. Hazelwood and Rev. Mr. Vining.

DISAPPEARANCE OF ALANIA'S BOY KING RECALLS TOWER OF LONDON TRAGEDY

REPORTED THAT YOUNG PHILIP WAS CARRIED TO AMERICA BY CAPTAIN BARRETO TO ESCAPE SIMON'S INFLUENCE.

Alania, Dec. 2nd.—On the assumption that the youthful heir to the throne is dead, Simon, it is reported, is about to assume the crown. Newspapers throughout the kingdom are divided, some assuring the populace that Philip is alive, others bemoaning his death and hailing Simon Emperor. A new turn to the situation is offered by reports from seaport towns. Juan Lopez and his wife, Maria, make statements that Philip, in the company of Capt. Barreto, passed the night in their cabin. Maria swears that Barreto addressed the young boy in his company as "Your Majesty," and informed the fisherman that the King of Alania had graced the house with his presence.

Photograph taken of the boy Philip on his fifth birthday.

The True Story of Alania's Woe

The assassination of King Philip II. made the young Philip Emperor of Alania. His disappearance makes the next in succession, Prince Simon, whose handiwork in the events leading up to the royal disaster is declared to have been instrumental in rousing sentiment against the late monarch. The new ruler professes the keenest anxiety to discover the boy. But those who are close to the royal family scoff at Simon's grief. The newspapers offer all sorts of explanations. But one man knows. He is Louis Joseph Vance, our correspondent, who made himself the confidant of both sides of the feud.

He has written a masterly, human story of Alania. He gives this description of Simon. "As Prime Minister, Prince Simon had been instrumental in piling tax upon tax upon the people, till a man might not season his meat or glaze his window or adopt a stray pup, without paying tribute to the realm. Simon embodies all the craft and greediness of Richelieu. He is a tall, handsome individual, with heavy-lidded eyes; an evil set to the mouth eloquent of envy, hatred and malice. Just as sympathetic as the late King was for his people, so Simon is cold to the demands of Alania's subjects." To appreciate the true situation, be sure to read Mr. Vance's complete contribution. His story under the name of

"THE SECRET KINGDOM" STORY WILL APPEAR IN THE TORONTO SUNDAY WORLD

Reported on the Way to the United States. Liverpool, Dec. 2nd.—A consistently growing rumor is current that the missing boy King of Alania was sighted in company with a soldierly gentleman. It is said that they boarded an American bound steamer due to arrive at New York December 10th. A wireless despatch from the ship, just out of Liverpool, denied the rumor. The only persons answering the descriptions of the missing two later proved their identity. Some suspicion had centered around two steerage passengers. Questioned, it was declared by the man that he was the father of the boy and that they had never been near the capital city of Alania.

During the trouble in Alania a staff photographer of the Vitagraph Company secured exceptional motion pictures of the events immediately preceding and following the assassination.

Beginning next Monday leading theatres in this city will show these stirring pictures.

### ROWELL DEMANDS VOTES FOR WOMEN

#### Asks Parties Immediately to Unite to Grant Them at Once.

#### CARTER ON NICKEL

#### Liberal Stirs Premier and Hon. Mr. Ferguson by Spirit-ed Attack.

Immediately after an impassioned appeal from the premier in the house yesterday for parliamentary unity during the war, Sam Carter brought forth a red hot attack on the government for the nickel situation, and the South-west Toronto by-election, Hon. G. H. Ferguson, "secret agreement" with the International Nickel Company. Sir William denoted the premier's speech by letter. Hon. F. B. Lucas explained his "ear" to the grand argument, Dewar strove to join the argument, but was ruled out of order.

N. W. Rowell came out strongly for woman suffrage, adding an amendment to the address in reply to the motion that it should be granted forthwith, an action which Sir William promptly resented. He expressed dissatisfaction when told next week and a day before the financial statement.

William J. Jacques (Haldimand) moved the address in reply to the speech from the throne. He spoke at length on the war and Canada's share in it. He commended the Ontario Temperance Act as a measure of luxuries, and suggested "taxed" liquor.

**Notes for Women.**  
After the introduction of various measures to give women votes in municipal and provincial elections, Mr. Rowell asked the provincial treasurer when the public accounts would be published. He expressed dissatisfaction when told next week and a day before the financial statement.

William J. Jacques (Haldimand) moved the address in reply to the speech from the throne. He spoke at length on the war and Canada's share in it. He commended the Ontario Temperance Act as a measure of luxuries, and suggested "taxed" liquor.

**Labor and Enfranchisement.**  
Alex Ferguson (South Simcoe), who followed, said he believed national service would be the best thing for his riding if it were properly applied. He did not think the neighbor's son who enlisted and left his father with the necessity of hiring a man to take his place was benefiting King or country. Labor shortage last year had been responsible for the light crop. The record of his county in enlistments would show he was not hitting slavers behind the labor question, he said.

Mr. Rowell, in congratulating the premier on his leadership, said he disapproved of the introduction of hereditary titles into Canada. He referred to the biennium given a native Canadian in the last birthday honor list. If this were the first time he hoped it would be the last. It was introducing a relic of old-time feudalism into Canadian democracy, he said.

"Every garden plot brought under cultivation this year will be an added source of strength to the allies," said he in advocating increased production.

Ontario's munition manufacture was a valuable asset to the allies, 50,000 persons being employed. In its 5,500 of these were women. He was paying a tribute to the value of their services. He hoped young farmers working in munition factories would go back to the land, and that their places would be taken by women.

**Recommends Militia Act.**  
The enforcement of the Militia Act would be a feasible method of backing up the men at the front. If Canadians were called out for home defence, in a few months they would be able to go overseas. Thus, if it were necessary to adhere to the voluntary system, Canadian ranks would be kept full.

**Nickel Taxes Not Paid.**  
The report of the nickel commission should have been ready at the opening of the house. They had had a year and a half, and that was long enough. They had not the International Nickel Company's tax for the last year been collected? They should have a statement from the premier at once, exactly where the government stood in this matter, and as to the rebate of the nickel in Ontario. The opposition had suggested a measure of nationalization.

The Ontario Temperance Act had increased the efficiency of the province, said he, dwelling on the benefits of the measure and taking credit for party advocacy of the temperance policy.

**Lively Moment.**  
A slight flash of arms in a long afternoon of uninterrupted oratory came when Mr. Rowell said he would dwell on these matters to the hope of converting Hon. G. H. Ferguson.

"How about the member for South-west Toronto?" was the come back at once.

They would have ample opportunity of hearing Mr. Dewar. He hoped they would be satisfied, said Mr. Rowell. Mr. Dewar said he was just waiting his opportunity.

The Liberal leader expressed the support of his party to the bill to enfranchise soldiers.

He regretted that the government's measure did not include the franchise to women. Their war work had not entitled women to vote, it had illustrated their right, said he.

At this point Mr. Rowell was interrupted by adjournment for dinner.

**Debate Resumed.**  
On the resumption of the debate, Mr. Rowell pointed out that social legislation would assume greater importance in the industrial disturbances that would likely follow the war. The working class had, through higher wages, become accustomed to better conditions of living. Their employers would have to continue to give them what they were to avoid a serious class war.

Labor had come to a larger field and a larger right. Stronger labor representation in Canadian parliaments was to be expected and would be a source of added strength. It

favoured the establishment of a portfolio of labor in the provincial government. The trade and labor branch organized by the government was in the right direction, but did not go far enough. Present and prospective legislation would receive the sympathetic consideration of both sides of the house, said he.

He gave his hearty support to the proposal to celebrate the semi-centennial of confederation. A fitting way to celebrate it would be by granting the franchise to women, said he.

He then moved seconded by Mr. Studholme, labor member, that the following should be added to the motion in reply to the address from the throne: "That this house would respectfully represent to your honor that in considering the question of the franchise, the just claims of women to equal franchise should be recognized and this house would approve of the immediate enactment of the legislature to extend the legislative and municipal franchise to women on the same basis as men."

As both parties had united last session to enact the temperance act, so this year they should unite to give the franchise to women. This ended Mr. Rowell's speech.

**Sir William's Reply.**  
Sir William Hearst followed. He said the government was considering cold storage systems in the hope that they might reduce the high cost of living.

Shortage of coal had emphasized the importance of the Hydro-Electric Commission. He was in view of the war, no public works should be commenced that could be avoided lest they should distract men from war work. The construction work at Chippawa Creek was justified in an exception.

It was of the utmost importance that in view of the war advertising which Ontario had received in Europe, the province should have the maximum of power, and be harnessed to be ready for the trade and industry expansion they hoped for at the end of the war.

He could easily understand Mr. Rowell's anxiety that a new ministry of labor should be created. He wanted to have enough portfolios to go round to his supporters should they live long enough to get into power. When a report was shown to be necessary they would create it, but they would never do so simply to make an office for a follower.

**Resolution Was a Surprise.**  
Sir William expressed surprise that if Mr. Rowell had desired the cooperation of both sides of the house on votes for women he had not sought a conference on the subject with the leader of the government.

The premier's complete surprise to him, said Sir William. Mr. Rowell interrupted to say he had sent a notice to Sir William after adjournment. This, said the premier, he had never received. The proper time at which to raise the issue was during debate on the bills introduced to give women the vote.

Mr. Rowell had not treated Sir William as fairly as the latter had a right to expect in his complaint of delay in bringing down the nickel commission's report. Surely the premier was more inconvenienced than the leader of the opposition. It had been explained to him that it was the prolonged illness of the chairman that had delayed the report. Would Mr. Rowell have a report brought down without the sanction of the chairman?

He had hoped that debate that there would not be matters of a contentious nature brought up during that session. He was anxious that the work of the sitting night be expedited so that the premier's report get back to their efforts to patriotic ends. Members of both parties had expressed such hope to him.

He concluded with an impassioned appeal for unity for undivided attention to the prosecution of the war.

**Sam Clarke Starts Things.**  
Sam Clarke raised a storm in the government front benches by referring to the premier's support of Mr. Norris in Southwest Toronto, and by caustic references to Mr. Lucas with his ear to the ground. The committee on the secret agreement made first by Hon. Frank Cochrane and later, by Mr. Hearst with the Nickel Trust, by which that concern succeeded in paying \$40,000 a year in taxes to the province, and the other side of the nickel in Ontario. The opposition had suggested a measure of nationalization.

Mr. Ferguson appealed the Speaker to the executive committee, held a private meeting, with President J. G. Cornell in the chair. The attendance is stated to have been encouragingly large, and a number of applications for admittance to the association were received and accepted.

While the organization is described as "insurgent," it was decided that preparation for coming federal and provincial elections should be begun at once, and a number of delegates were appointed to cover the territory represented by the association. It is stated that no political candidate will be endorsed unless his record is above reproach.

Local members of the parliament and legislature will be invited to attend a social gathering next month.

**Coroner's Jury Urges Rigid Enforcement of Liquor Law**  
That the law should be more rigidly enforced by the police in putting down blind pigs was the opinion of the jury at the inquest last night at the inquest conducted into the death of Alex. Maclean. Maclean was 35 years of age and lived at 42 Sullivan street. On the evening of January 15, according to evidence given at the inquest, Maclean had visited a number of "blind pigs" and at a late hour in the evening called at the home of Fred Barker, 2 Scho street. Barker stated that he tried to get Maclean into bed, but he refused and went to sleep on the floor. The following morning when Barker got up he found the man dead. Dr. Turley, who performed the post-mortem examination, said that death was from the effects of alcoholic poisoning. Coroner Elliott conducted the inquest.

would have been illegal. He said that, as a matter of fact, no tax had been collected since the year 1914. He intimated that the arrangement was merely temporary.

Mr. Carter then read from the correspondence to show that the agreement specified the years 1912, 1913, 1914, 1915 and 1916.

Sir William Hearst: You will be making this speech all over again in a week or two.

Mr. Carter: I will continue to make it until people understand this question. This province has been defrauded of millions of dollars. Moreover, Canadian nickel, I fear, has got to Germany. You may say you could not help that, but if you had started to build a refinery as soon as the war commenced, it would have been in operation a year ago.

Mr. Carter closed by advocating the nationalization of the nickel industry. He also made a strong appeal for the nationalization of the railways of Canada as the only way out of the present coal famine and transportation breakdown.

The debate was adjourned shortly after 11 o'clock.

**LIBERALS ANXIOUS ABOUT EXPENSES**  
Many Questions Regarding Expenditures on Public Institutions.

Charles Bowman Asks for Total Cost and if the Bills Are Paid.

Charles Bowman, not content with asking about expenditure on machine guns, is anxious to know from the ministry what is the total expenditure on the government House, whether all accounts in connection with the erection and furnishing of Government House has been paid, and what is the amount of the unpaid accounts, if any.

W. R. Ferguson (East Kent) is anxious about the expenditure of the Guelph Prison Farm. He will ask the government about it on Monday next. Also, he wants to know what, if any, capital expenditures are contemplated there, what is the number of prisoners on any further contemplated capital expenditures, and what was the number of prisoners at the farm during 1916 for offences against the criminal law.

L. E. Wigle (South Essex) will ask on Monday next as to the total capital expenditure to date on the "White" Asylum, as to any further contemplated capital expenditures and the number of patients regularly cared for there.

T. S. Davidson (North Brant) has tabled a number of questions asking about the lands granted to the C.N.R. had they been designated, if so, what report would the premier have a report brought down without the sanction of the chairman?

He has hoped that debate that there would not be matters of a contentious nature brought up during that session. He was anxious that the work of the sitting night be expedited so that the premier's report get back to their efforts to patriotic ends. Members of both parties had expressed such hope to him.

He concluded with an impassioned appeal for unity for undivided attention to the prosecution of the war.

**RAILWAY BOARD REFUSES TO DIVERT LINE FROM PAPE AVE.**  
The Ontario Railway Board notified the school board yesterday that they could not agree to board's request that the car line ordered along Pape avenue should be diverted to the school.

The board, however, expressed its willingness to assist in any possible plans for the greater safety of the children attending.

**CONSERVATIVES FAVOR ENFRANCHISING WOMEN**  
Votes for women were discussed in caucus of the Conservative party yesterday. It is understood that while the feeling of the meeting was strong in favor of the action to grant them the caucus to take definite action, so that after discussion of means to overcome difficulties in the way of the matter, in the meantime the government will have the matter under its serious consideration.

**ASSOCIATION HOSTILE TO WAR "PROFITEERS"**  
Ward Four Conservatives' Executive Prepares for Political Campaigning.

War profiteers are not wanted in the Ward Four Riding's Conservative Association, according to a statement given today by the executive, which held a private meeting, with President J. G. Cornell in the chair. The attendance is stated to have been encouragingly large, and a number of applications for admittance to the association were received and accepted.

While the organization is described as "insurgent," it was decided that preparation for coming federal and provincial elections should be begun at once, and a number of delegates were appointed to cover the territory represented by the association. It is stated that no political candidate will be endorsed unless his record is above reproach.

Local members of the parliament and legislature will be invited to attend a social gathering next month.

**HEAD BADLY GASHED.**  
Frank Green, 12 Bain avenue, had his head badly gashed when a piece of steel fell on him at the Knight Metal Products Co. last night. Five stitches were necessary to close the wound at St. Michael's Hospital.

**Harmless Means of Reducing Fat**  
Many fat people fear ordinary means for reducing their weight. Here is a safe and harmless method. It is because, while perfectly harmless, no dieting or exercise is necessary. Marmolof is a safe and effective means of reducing fat. It is a harmless and effective means of reducing fat. It is a safe and effective means of reducing fat.

**Our "Trench" Wool \$2.50 Grade, at \$1.75 lb.**  
While we think with a certain exaltation of feeling about the "drive to victory" that is planned for the spring, we know that these offensive movements are fraught with all that is most terrible in modern warfare. We at home must brace ourselves to do our share in ministering to the comfort of those who fight for us—and naturally knitting comfortable socks comes first. All knitters should buy to the limit at our Friday sale of White Trench Wool, four-ply, English make. A wonderfully soft yarn, which makes socks "that feel like cushions in the soles of one's boots"—so one soldier boy wrote to his mother. Trench Wool sells regularly at \$2.50 a pound. When we re-order it will cost \$3.00. Our Sale price, lb., today, \$1.75

**Admore**  
The "Admore" Stock Pattern 97-Piece Set, Regularly \$25.00, at \$18.50  
If you plan the purchase of a new Dinner Service—a set that can be used every day, in which you can replenish any of the breakages that occur even in the best regulated kitchens—let us advise you to see the "Admore" Stock Pattern in Johnson's fine English semi-porcelain.

It's one of the most attractive of our new stock patterns. The set shows you the graceful decoration, which is in tiny pink roses on a narrow ochre band, with finest tracery of black. The shapes of the pieces are unusually attractive, either round or oval vegetable dishes being available. The usual price for a 97-PIECE DINNER SERVICE in the "Admore" stock pattern is \$25.00. Today each set sold will cost only \$18.50

**Women's Smart Coats Reduced in Price**  
Some of the very smartest models in Women's Coats have been reduced for Friday's selling, the new prices being uncommonly attractive. These are all imported models, of stunning design, and we strongly advise any woman wanting a generally useful coat to see these specially-priced models.

Tan Suede Cloth Coat, a Bradley model, cut on very swaggy lines, with big gathered pockets and removable collar of silver lined throughout with lovely striped silk. Regularly \$50.00 \$75.00. Now \$50.00  
Black Lyons Silk Velvet Coat, a big, roomy model, lined throughout with Alice blue satin; deep cape collar of beaver. Regularly \$115.00. Now \$75.00  
Black Chinchilla Coat, a beautifully soft cloth, the coat made with gathered back and double belt, the lining of exquisite figured silk in Chinese effect. Regularly \$75.00. Now \$55.00

**SOX URGENTLY NEEDED BY ALL THE TROOPS**  
Those So Far Sent Have Added Immensurably to Comfort of the Men.

Mrs. Plumtree, the Dominion secretary of the Canadian War Contingent Association, has just received a letter from J. G. Colmer, secretary of the association in England, an extract from which is as follows:  
"Owing to the very bad weather we have had large demands made upon us for socks, and I should think that altogether in the three months we have distributed from 130,000 to 150,000 pairs. That they are needed and are appreciated is shown by the letters which either come to our office, or which we have received from officers commanding the different units, telling us that our socks in this connection have been instrumental in preventing much suffering on the part of the men. 'Trench' socks, as ordered by the government, are men have been well supplied with dry socks."

Canadian women will see that the number of socks to be utilized for the health and comfort of the men in the trenches is practically unlimited. Socks for the Canadian War Contingent Association may be sent to 20 West King street or 77 East King street, plainly marked "Field Comforts for the Canadian War Contingent Association."

A Canadian lady, who is one of the Canadian Red Cross visitors at a British hospital in England, writes as follows: "If Canadian women or British either could see the men's pitiful feet (or what is left after they have had trench feet) I am sure we would not have to ask again for socks. Every woman in a room would send us a pair of socks. It is amazing how many too small socks I have seen"

**FAIR WILL BE OPENED BY GOVERNOR-GENERAL**  
Duke of Devonshire Will Officially at Starting of Canada's Confederation Exhibition.

President Noel Marshall announced at a meeting of the Canadian National Exhibition Board yesterday afternoon that the Duke of Devonshire has consented to open the Exhibition this year, when the jubilee of Canadian confederation will be commemorated. His grace will be accompanied by the duchess, who assisted at the opening ceremonies in 1887, when her father, the Marquis of Lansdowne, opened the Exhibition.

Plans for the "big fair" were discussed at some length and final approval was given the grand spectacle, which will have for a background the citadel at Quebec, so closely associated with the earlier history of Canada. The scene will be on a tremendous scale and the pageant will deal with the days of Canada from confederation until the present time.

Some surprise was expressed at the manner in which the board had been asked to furnish details of the year's program to Controller Foster. It was pointed out that there are eight representatives of the city council on the board, including Mayor Church, and to any one of the figures would have been furnished for the asking at any time.

The books of the association, the directors pointed out, are open each month in every detail by City Auditor Sterling, who supervises and examines all financial statements issued by the Exhibition. All Exhibition affairs, whether it be financial management or open to the widest publicity, and the figures asked for by Controller Foster involving hundreds of items, will be forwarded to the press. There is nothing to conceal in Exhibition finances, the meeting emphatically asserted.

**SECOURS NATIONAL SHIPMENTS.**  
Seventeen Boxes of Soldiers' Comforts Are Sent Overseas.

At the regular meeting of the Secours National, the following reports were given in: The French Red Cross reports having shipped 617 boxes, containing gauze, shirts, pyjamas, towels, etc. The socks committee reports 800 pairs for the week. The sewing committee reports 10 garments finished. Donations for the week are: Mrs. Wright, 55; Thameford War Relief, 220; Mrs. Shearson, 25; Mrs. Chown, 225; Brompton Girls' Club, 225; Women's Patriotic Club, 850, and small sums amounting to \$450.

**Y. M. C. A. OPENS CLUB ON EAST QUEEN ST.**  
Down Town Hotel Will Be Turned Into Rendezvous for Soldiers.

The McCarron Hotel at the southeast corner of Queen and Victoria streets has been leased by the national council of the Y.M.C.A. for a period of two years. The premises will be taken over on March 1, after which a comprehensive program will be conducted, the chief item of which will be a service bureau, which will facilitate the necessary readjustment between soldiering and a return to civil life. Everything possible will be done in the way of assisting returned soldiers to obtain employment, not only directly but in co-operation with any other organization whose efforts turn in the same direction.

The bedroom accommodation will be increased and will be placed at the disposal of transient soldiers at a nominal rental. A refreshment booth, such as is now in the Y.M.C.A. quarters at exhibition camp, will replace the present bar. This down-town club will be known as "The Red Triangle Club."

The following committee of prominent business men are definitely linked with this enterprise: Messrs. L. F. Mounpenny, Harry Ryrie, John Woodward, Ave. Detroit, Mich., for a large case.

**REV. ALEX. SCOTT DEAD.**

**The Marguerite Clarke Fund**  
Day by day the fund being raised thru The Toronto World for Marguerite Clarke, the little blind girl, is growing. But the growth is very slow. This little child, who was blinded by the explosion of a cartridge with which she was playing, is daily regaining her health, and soon will be in a position to be sent to a school for the blind. It is the intention of the trustees of the fund which is being raised, to invest the money and thus have a foundation for the child's education, clothing, etc., as she grows older. On Feb. 27, at the Canadian Foresters' Hall, Stanley Adams is giving an invitation recital for the Marguerite Clarke fund. It was at Mrs. Goderham's suggestion that the collection to be taken that night will be turned in to the fund. Two thousand dollars is the amount aimed at as a trust fund for the little girl. Yesterday's contributions were:

Nationalize and Electrify the Railways

We have already dealt with the highly favorable report of the Ontario Hydro-Electric Commission; the meeting of the municipal union yesterday at the city hall demonstrated the success and progress of the hydro-electric movement in all the various ramifications which the distribution of power and light thru the province has entailed. Sir Adam Beck, who summed up many of the results and prospects of the year in an admirable and encouraging speech, dealt in a practical and insistent way with the immediate problems of the hour and the relation which the hydro-electric system bore to them. Consumption of ten million tons of coal has been obviated by the use of electric power. It is easy to imagine what a state the province would be in with an extra demand for ten million tons of coal added to that which now ties up the railways and blocks all the car yards.

It follows from this that the remedy which has lightened the burden should be extended, and Sir Adam logically accepted the situation and its lessons, and pronounced unequivocally in favor of nationalizing the railroads, of electrifying them, and of developing all the available water power in the province. He emphasized the need of extended hydro-electric development, particularly in the building of the hydro-radial line between Niagara and Toronto, which has been approved by the greater number of the municipalities, and is being proceeded with as rapidly as possible. The Chippewa development is being pushed forward, but Sir Adam contemplated the development under improved engineering methods of a million horse-power at Niagara and another million on the St. Lawrence.

A resolution was passed in this connection calling for the operation of the hydro-electric and radial systems to be placed entirely in the hands of the Hydro-Electric Commission, and legislation will be introduced to enable bylaws to be submitted to the people direct when any municipal council should happen to refuse, as in a few cases last year, to do so.

Sir Adam recognized a serious danger to municipal rights in the charter of the Toronto and Niagara Power Co., and legislation would be sought to require the permission of a municipality to be given before the corporation could invade the municipal territory. Operating between Toronto and Guelph, the towns along this route which are now supplied with hydro-electric power would be subjected to competition by the corporation under a charter which had been granted by the Dominion, and in which the usual clause requiring the consent of the municipality before operation was allowed had been omitted.

Already the investment of the Hydro-Electric Commission amounts to \$40,000,000. Sir Adam expected that in five years it would be \$100,000,000. Besides this the municipalities also had an investment of \$17,000,000. They had been supplying 30,000 horse-power to municipal factories. Not ignoring the necessities of the case the convention devoted considerable attention to the coal situation and passed a resolution calling for the establishment of municipal or general coal yards, so that never again the people would be at the mercy of the railways.

The radical and only effective remedy, however, which Sir Adam expounded, and which aroused the cordial approval of the members of the union, is the nationalization of all the railways, and the taking over of all radial railways by the government. If the railways had been nationalized, said Sir Adam, the country would not now be the poorer by 20,000 skilled workers who had departed across the border. This endorsement of the movement for nationalizing the railways and speedily is the most important development of recent days. If Sir Adam throws his weight into the agitation backed by the municipalities in the power union the government must realize, as the government of 1905 realized, that the people are in earnest for their own rights and must be met and satisfied.

Delay No Longer

Premier Hearst has a great opportunity to distinguish himself in the present session of the legislature as he has in the last by passing another and successful piece of legislation, for the enfranchisement of the women of Ontario. The measure is bound to come soon, and the sooner it comes the better. The women who have been so diligent, so faithful, so loyal and so self-sacrificing in this war merit the franchise. No questions are to be asked of the age of a soldier. If he fought he can vote. There should be no questions asked of a woman any more than of a man. If she complies with the

regulations in all other respects equally with a man her sex should impose no additional barrier to her enfranchisement.

Several of the United States and our own provinces have conceded this justice to women in late years, and it is a decided reproach to the premier province of Ontario that it should lag behind in such a humane and progressive policy. The opposition is pleaded to the measure and the premier has no excuse for delaying longer the step which must be taken.

Enforce the Militia Act

As nothing but a miserable makeshift and a side-stepping of the real issue can the government's suggested call for volunteers for home defence under the Militia Act be regarded. The service board recognized the need as practically everybody does, and mentioned the remedy, which is known to all. The Militia Act should be put in operation, and all eligible men from 18 to 45 should be called to the colors for home defence. After training, should they desire to volunteer for overseas service, well and good. But, meanwhile, they can replace the volunteer overseas troops, who are now detained in Canada doing the work which should be allotted to the home defence force.

Major-General Lessard has pointed out that 100,000 men will be needed very soon to replace the casualties likely to result from the spring offensive which may begin any day now. This is to be on a scale utterly inconceivable to those whose ideas of war are derived from the historical accounts of battles like Waterloo, which, important though it was, would be merely an incident in the present war as far as numbers are concerned. There are dozens of armies on the western front all larger than the British army under Wellington.

When these masses of men go into action we have no standards outside the present war by which to judge the probable outcome. But we know that the side which can stay the longest, hold out with most determination, return freshest to the attack, will win. These things cannot be done without reserves of an unlimited character. The Canadian Government has totally failed to provide for the necessities of the case.

In war explanations, party politics, and no considerations whatever count against failure. All the politics in the world cannot explain away defeat. All the partisanship of all the parties cannot pacify the nation that has lost a battle on account of the timidity of a leader. "The wild mob's million cry," as Tennyson wrote in the may crisis in the eighties would trample the government into the mud which swamped victory for politics or penuriousness.

Let us have the Militia Act in operation at once and all single men from 18 to 45 called for home defence.

Not Sufficient Terrification

Considerably less than half the tonnage the Germans expected to sink in their submarine raiding has been the result of their fifteen days operations. They calculated upon destroying a million tons a month. Yesterday's reports brought the tonnage to 218,096, which has been sunk, and not all of this has been of the merchant service strictly, as trawlers, which may be mine sweepers, are included, and the list includes neutral as well as allied vessels. Another important phase of the matter is the decreasing daily average since the first week of the month, which makes it evident that the powers of the sea are being shepherded in a way they did not anticipate. Unofficial statements made by reliable authorities like President Butler of Columbia University, and Dr. Herbert Bruce indicate that the captures are to be numbered by the hundred, and that however fast the Germans may build, the British navy can keep ahead of the supply with an insatiable appetite that cannot fail to alarm the Kaiser and his pirates.

The speculation of the German party of frightfulness was that, if the German nation could endure for three months more, the submarine campaign with a million tons a month of British shipping destroyed could reduce England to starvation and the necessity of suing for peace. As the vessels entering British and French ports are in number about 200 a day, the sinking of the few which have been destroyed is no more than an ordinary war risk, and does not constitute the menace with which Germany had hoped to terrify the British Empire. By this time the Germans must be aware that Britons take a lot of terrifying.

CANADIAN BORROWING MIGHT BE DISARRANGED BY WAR.

Wall Street Journal, Feb. 13: Ottawa—Government authorities and Canadian bankers seem agreed that present plans for government and municipal borrowing in the United States will be considerably disarranged in event of a declaration of war against the Teutonic powers. An other consequence would be higher prices for food in Canada, and an aggravation of present transportation difficulties both north and south of the border.

Prospective interference with borrowing facilities is causing no small concern, but like other "insuperable" difficulties which in all belligerent nations have been brushed aside by a determination of present necessities, that Canada will raise what money she requires without taking any special steps. Last year Canada borrowed in New York by way of public loans, \$152,000,000. This included the Dominion Government loan of \$70,000,000, and of that sum \$25,000,000 was for refunding purposes. In the previous year Canada borrowed in New York about

Can You Beat it? The Baron, a Knight and a Plain John

\$142,000,000, and in 1914 \$25,000,000. The interest on Canada's indebtedness abroad, to Great Britain and the United States mainly, now amounts to about \$175,000,000 a year. Canada's ability to raise three or four hundred million dollars more for war purposes purely by domestic loans is not seriously questioned by either the government or the banks, although not the government's intention to try home experiments on any such generous scale in the immediate future.

In a little more than a year \$200,000,000 has been raised by domestic loans for war purposes. The transfer of such a relatively large sum made no depletion in Canadian bank deposits; on the contrary, they displayed a continual and heavy increase month by month.

SCHOOLS AS BARRACKS.

Aviators Will be Housed in Local Buildings for Remainder of the War. At a special meeting of the property committee of the board of education it was decided that the Royal Flying Corps should use two schools as long as the war lasts. The following recommendation was sent on to the board:

That the request of Gen. Logie for use of the old building at Givens Street School and Crawford Street School, which are being vacated by the 22nd Battalion, for housing the Royal Flying Corps during the duration of the war, be granted.

INTERESTING CASE.

When arraigned in the police court yesterday on a charge of selling cigars to Eddie Whitchy, a minor, Fred Holman produced a letter purporting to be from the boy's mother, in which she stated that a truce officer, suspecting schoolboys of smoking, and wishing to make sure, sent her son to Holman's store for cigars. The father of the boy had been accustomed to send the boy for tobacco to a local shop, and had given the boy a letter to that effect.

CHINESE FINANCIERS EVOLVE FINE SCHEME

County Court Delves into Mysteries of Peculiar Mutual Benefit Society. After two days of wrestling with the intricacies of Chinese high finance, Judge Winchester yesterday in the county court awarded \$415.75 to Guey Wo, against Low John, a fellow countryman. The suit devolved out of the manipulations of the Chinese Mutual Benefit Association, which contrived various devices to assist its needy members financially. The scheme favored most was to have each member pay \$25 a meeting, which occurred once every four weeks, and the twenty-five select members thereof contributed at each session a total of \$625, which was put up for auction and the member who bid the highest amount of disbursements was allowed to take the amount and pay it back subsequently. The association existed for 100 weeks.

Lum Hin Sung was the leader of the association and when he desired to leave he sold out his interest to Guey Wo, but as Low John decided not to pay the balance of \$540 which he owed, Guey brought suit. Low testified that Lum Hin Sung was the leader of the association and when he desired to leave he sold out his interest to Guey Wo, but as Low John decided not to pay the balance of \$540 which he owed, Guey brought suit. Low testified that Lum Hin Sung was the leader of the association and when he desired to leave he sold out his interest to Guey Wo, but as Low John decided not to pay the balance of \$540 which he owed, Guey brought suit.

QUOTE LORD KITCHENER IN DEFENDING SUIT

Claim Refining of Nickel Near Sudbury is Service to the Empire. Before Mr. Justice Middleton in the non-jury assize court, the Mond Nickel Co., Ltd., are defendants of two suits brought by Andrew and Justine Clary. The claims are for \$17,997.01 on the alleged damage to crops and farm property owing to the diffused sulphur fumes and gases of the roasting plant, which is located in the Township of Neelon near Sudbury, Ont. The claim of J. H. Clary is scattered over the crops of two years made up of \$9293 for 1915 and \$8704.01 for 1916.

The defence claim that the lands are mining lands and as such the owners are entitled to mine and carry on the business. They also refer to the statement made by Lord Kitchener, late minister of war, who requested the defendants to increase their production of pickel, and stated that workmen working for the defendants were serving the empire as much as soldiers in the trenches, and in view of the above statement the defence submit that it would be a national calamity were the operations curtailed or interfered with in any way. Prof. M. C. Boswell of Toronto University reported after examinations of the soil that he found no indication of any sulphur dioxide or impairment thereby of these soils for agricultural purposes. Another witness declared that there was no damage done to crops during 1916. The case is proceeding.

VENERABLE JURIST DIES.

James Robb, K.C., was County Judge of Norfolk for Many Years. Death removed a very well-known and highly esteemed resident Wednesday afternoon, when James Robb, K.C., passed away at the home of his nephew, John Holmstead, 52 Admiral road. He was county judge of Norfolk from 1899 to 1914, making his home at Simcoe. The late Judge Robb was born in Fifehead, Scotland, in 1837, and came to Canada with his parents, when he was six years old. He was made a King's counsel in 1890, and in the same year was appointed judge for Norfolk. Illness compelled him to relinquish the position three years ago. He married a daughter of the late Judge E. Salmon of Simcoe, who predeceased him a few years. The late Judge Robb had been in Toronto only a few weeks.

The funeral takes place today from Trinity Church, Simcoe, to St. John's Cemetery, in the Township of Woodhouse.

Toronto Ministers in Buffalo To Hear Famous Billy Sunday

One hundred and forty Toronto ministers arrived at Buffalo yesterday to hear "Billy Sunday." They included four Baptists and eleven Presbyterians, the balance being made up of the Methodist ministers. They were marshalled to the Lafayette Hotel by Rev. Wesley Dean, Dr. Aikens, Dr. W. R. Young, Rev. W. T. Brown, Rev. J. D. Simpson, and the Rev. T. W. Neal. Practically all the Methodist ministers of Toronto are in the party, and the Baptists are Rev. Messrs. Park, Schutt, Cameron, and H. H. Kennedy, while the Presbyterians include Rev. J. A. Miller, A. E. Shornlee, A. MacKenzie, John Neal and A. H. McGillivray of Hamilton. The return journey will be made on Friday morning.

MUNICIPAL COAL YARD.

A deputation from St. Catharines waited on the premier and Hon. I. B. Lucas yesterday to explain their project for the establishment of a municipal coal yard in that city. They were told that the ministers were glad to hear their side of the question, but that the matter was one for the decision of the private bills committee.

BECK CALLS FOR NATIONAL RAILWAY

(Continued from Page 1).

say that it will be \$100,000,000 in five years. At present the surplus on hand from municipalities is \$999,000. The total investment of municipalities represents \$17,020,000. He expected another reduction in rates in the next five years. "Were it not for the hydro," Sir Adam continued, "we would be importing at the present time from 10 to 11 million tons of bituminous coal annually for use in the Province of Ontario, whereas last year it was less than half that amount." In the same connection, he pointed out how the power supply was getting to be more and more the vital point of interest from the point of view of the manufacturer. The big new steel plant at Ashbridge's Bay, which had been inaugurated under the auspices of the imperial government, came to Toronto because hydro was available. There were, he said, between 400 and 500 munition plants in Ontario, using 70,000 to 80,000 horsepower of hydro power, and amounting to \$20,000,000.

Electrify Railroads. One of the eventualities he hoped for was to see all railways operated by electricity instead of steam. There would be no shortage of coal, he said, if the hydro radicals were in operation. A single line from Toronto to the Falls, he said, would transport 25,000 tons of coal per day, for \$500,000 or \$600,000 per month. An electrically equipped line, he said, was much more economical than a steam road, and could be operated at a fraction of the cost. Every hundred miles or so a steam engine must go to the repair shop and be cleaned out, whereas an electric locomotive could go on day and night indefinitely.

Looking into the future, he said the Chippewa development scheme was merely the inception of greater things. Ultimately, he said, the hydro-electric must control the whole electric system of Ontario, and he hoped a beginning would be made right at Niagara Falls. He hoped to see eastern Ontario more adequately equipped with hydro power, and in this connection he pointed out that the despatch of the St. Lawrence to make Toronto an ocean port would necessitate three dams, from which could be secured three million horsepower, one million of which would be available to Ontario. He believed this big undertaking should be launched at some future date, and declared that the State of New York would undertake a portion of the burden of the cost or even private capital would take over the work. With the undeveloped powers of the Ottawa River and the northern Ontario, this province had sufficient power to make it independent of bituminous coal for ever. Annually, he said, \$200,000,000 was spent on bituminous coal in the province. Cornwall he hoped, to soon furnish with a supply of hydro power by compelling the development company, now generating power at Cedar Rapids, to sell to the hydro 25,000 horsepower at \$10 a horsepower, delivered at Cornwall.

For Cheaper Paper. He held out hopes to the Ontario newspapers of getting print paper at pre-war prices. If they would but get in and utilize the power in a joint pulp mill. The pulp is there and the power is there, he said. It is up to these enterprising gentlemen to get coal for ever. Annually, he said, why \$40 a ton should be charged for this commodity at the present as compared with \$16 before the war. In conclusion, he warned the union about the menace of the charter held by the Toronto and Niagara Power

Company. There was danger, he said, that this company could get into competition with hydro in all the Toronto municipalities and also apply power to the proposed suburban electric line.

The officers re-elected by acclamation are as follows: President, Mayor T. L. Church; vice-presidents, W. K. Sanderson, St. Thomas; Willoughby Ellis, Hamilton; secretary-treasurer, P. J. Hannigan, Guelph; executive, Mayor Burgoyne, St. Catharines; George Lippert, Kitchener; R. C. Black, Toronto; J. E. Banwell, Windsor; Mayor J. V. Buchanan, Ingersoll.

By an overwhelming vote the meeting carried a resolution calling upon the government to give power to the municipalities to go into the fuel business. It was also decided to apply for legislation permitting the hydro-electric commissions to submit their money bylaws to the people when the municipal council refuse to do so, and that the provincial commission pay the expenses, providing they are not submitted at the same time as municipal elections. The association also unanimously decided to oppose the application of the Continental Light and Heat Company for a Dominion charter. The provincial government will also be asked to place entirely in the hands of the provincial commission the management and operation of the hydro-electric power and radial scheme, and that one representative of the municipalities be placed on the commission. There were present C. W. Schiele, Waterloo, Ont.; George Lippert, Kitchener; T. J. Hannigan, Guelph; J. B. Martin, L. C. Gray, James A. Wiley, P. B. Yates, St. Catharines; W. H. Anderson, R. They include: "The Love I Give to You," "When the Shee and Johnny," "My Killarney Rose" and "Mary Houlahan."

LOEWS... "The Minstrel Revue of 1917," an all-girl minstrel creation, which differs widely from anything ever shown in vaudeville, will be the featured attraction at Loew's when the Grand Theatre the coming week. The cast is headed by the celebrated minstrel queen, Josie Flynn and Mae Roberts, and includes the following: Lillian Watson with an entirely new act. The third big feature will be the celebrated feminine protean star, Emily Monroe and her company in "Into the Light," one of the best of its kind. Others will include Wright and Davis, clever pair of fun makers, in "The Love Insurance Agent"; Billings and Robinson, who sing the latest song hits; Ollie and Johnny Yantis, called wizards of the wire, and Wentworth, Vesia and Teddy; Gretchen Hartman and Alan Hale in "The Love Theft" which is an added attraction.

GAYETY... Beginning with the usual matinee on Monday next, the Gayety Theatre will have as its attraction for one week only the "\$1,000,000 Dog," which is headed by that legitimate funster, Lew Hilton, than whom there is none more popular in this city. He is said to have his best opportunities in the present show, which means that the patrons are going to have many wholesome laughs.

STAR... A good old-fashioned burlesque show brought up-to-date is Herkely & Damsel's "The Cabaret Show" which will be seen at the Star Theatre for one week with daily matinees. There is an all-star cast and the show is purely a laughing one. There is no plot, the author having arranged a string of incidents for "laughing purposes only." In this direction he has been remarkably successful.

Ottawa after having been the guest in Toronto of Sir Edmund and Lady Walker. Mr. and Mrs. W. Brown are in Hamilton. Mrs. Ambrose Small has returned from Brampton, where she gave an address in aid of the Serbian relief fund. The shower of comforts all this week at the Belgian relief rooms, West King street (close to St. Andrew's gallery) goes merrily on, shirts, socks and all sorts of warm things pouring in all day. One woman who would not give her name brought seven sets of warm jackets, hoods and socks, most beautifully knitted of pink and rose wool. Dr. R. T. Shellington is at the King Edward.

United Typewriter Co., Limited... 135 Victoria St., Toronto... SILVER BADGE GIVEN TO THOSE WHO HELP Womenkind of Enlisted Sailors Receive Recognition of Their Sacrifice. Lady Gwendolen Guinness, who is leaving for England with her husband, Capt. the Hon. Lord Guinness, R.N.V.R., after addressing naval recruiting meetings in every town and city from one coast to the other in Canada, has addressed the following open letter to the women of Canada: "In a journey through the provinces of Canada, from Atlantic to Pacific, I have had the opportunity of personally witnessing the splendid spirit and untiring work of patriotic women everywhere in the Dominion. "The power of the navy protects our loved ones who are serving in the battlefields, and preserves our homes in safety and prosperity. Recognizing this debt, I am sure that every Canadian woman will do her utmost to secure the support of naval defence which has been asked for from Canada. "I am asking every woman who obtains a recruit for the overseas division of the Royal Canadian Volunteer Reserve to accept a small silver badge as a souvenir of her effort and sacrifice towards civilization and bringing the struggle in which we are all engaged to a speedy and a triumphant issue. "Signed Gwendolen Guinness." The silver gift badge which Lady Guinness has made arrangements to be given and of which she makes mention in the paragraph of her letter will be awarded to all mothers whose sons enlist for national service, or wives, sisters and sweethearts of our loved ones who are serving in the navy is the duty of every loyal Canadian woman, and the badge with their motto, "I, helped to serve," will be worn in the spirit and as a badge of honor by hundreds of Canadian women.

SCHOOL CHILDREN GET SERVICE CERTIFICATES Canadian Red Cross Society Takes Steps to Encourage Waste Collection. Every pupil in Toronto Public Schools will receive a Red Cross certificate of service. The only condition is that they promise to save and collect the waste for the benefit of the Red Cross. As there is very little waste in some homes, and a great deal in others, in conditions are being made as to the quantity to be brought in. The total net cash receipts from the collection of waste up to Feb. 1 are \$12,068. A number of ladies under Mrs. G. E. Baker, have been canvassing the city for the past three months, and they have had a most successful time. They have had to put on three more motor trucks, making in all nine motor trucks and one wagon, and at the moment the quantity they get from each call, the greater will be the reduction of cost of collection.

Y.M.C.A. Look After Employees At Trenton Munition Plant As the result of an application made to the Y.M.C.A. by the Imperial Munitions Board, negotiations have now been completed between the national council of the Y.M.C.A. and the Imperial Munitions Board for the erection of a building adjoining the munitions plant at Trenton, where there are some 2,000 employees. The application was extended to the Y.M.C.A. asking them to come in and conduct association work on behalf of these employees. The building and also the equipment will be financed by the Imperial Munitions Board, but the work will be conducted entirely by the Y.M.C.A. The building, for which the Imperial Munitions Board is now letting tenders, will include all the features of an up-to-date association building, and will contain, in addition to the usual offices, a swimming pool, billiard room, etc. Similar propositions will be most likely carried out in the near future at the Nobel factory, Parry Sound, and other centres.

MARINE ASSOCIATION... The annual meeting and election of officers of the Dominion Marine Association was held yesterday in the King Edward Hotel. The officers elected for the coming year are: President, A. A. Wright of the Montreal Transport Co.; first vice-president, J. T. Mathews; second vice-president, W. C. Matthews; both of the Matthews & Co. firm; secretary-treasurer, the annual report was presented by the retiring president, A. E. Burke.

PARCEL POST SALE... As a result of a very successful St. Valentine's Day parcel post sale, the Women's Auxiliary of the 75th Battalion, the sum of \$144 was made, the amount to go to the patriotic work of the organization. Mrs. Junor and Mrs. Kappel were the organizers and Mrs. Hunt had charge of the tea room.

MICE CHARGE FIRE... Mice nibbling matches caused a fire at the home of Miss E. Bell, 1285 Gerard street, about 7:10 yesterday morning. The damage amounted to \$500. The fire was extinguished by the fire department. The cause of the fire was traced to a mouse which had gnawed through the matches.

United Typewriter Co., Limited... 135 Victoria St., Toronto... SPEAKS ON INDIA TO MEMBERS OF I. O. D. E. Profitable Meeting Held by Women of Fitzgibbon Chapter on St. Valentine's Day. Members of the Fitzgibbon Chapter, I. O. D. E., spent an enjoyable and profitable evening on St. Valentine's Day, at the headquarters, 52 St. John's street. Miss Turner of the Zenana Bible and Medical Mission, gave an address upon India, entitled "Under One Flag," illustrated with lantern views. In opening her address, Miss Turner reminded those present that as daughters of the Empire they should be interested in the lives and achievements of those in other countries of the empire, and fond of the one flag which envelopes the whole of that empire. She showed how the British flag is the only one which speaks of sacrifice. All others are emblematic of power, conquest, and selfish attributes. India in the present war has lived up to the meaning of the flag and the great money and her slogan today is "princes and people still giving." As this was a social gathering in honor of the day, members were entertained after the lecture with games, games and refreshments. Excellent work has been done by this chapter for patriotic purposes, a large quantity of box and other good things has been sent to the front. There has been some twenty members. At the close of the evening a collection was taken up for the soldiers' fund which amounted to \$7.

Riverdale Women Hold Big Bazaar in Broadview Y.M.C.A. Broadview Y.M.C.A. was gay with flags and bunting yesterday, in honor of the patriotic St. Valentine's Day bazaar, being held in the Riverdale branch of the Women's Patriotic League. At 3 o'clock the function was declared formally opened by Lady Hendrie, and then the visitors moved round to enjoy the pretty decorations of pink and white roses, and the attractive waitresses in Japanese costume. In addition to the booths of candies, cakes and comforts, a hot supper was served. The affair was in charge of Mrs. Ewart Wilson, president of the league, and Mrs. John Glashen, convener of decoration, and a host of assistants.

UNION JACK CHAPTER... At the annual meeting of the Union Jack Chapter, I.O.D.E., Mr. William Houston gave a very interesting address on "Britain After the War." The election of officers resulted as follows: Hon. regent, Mrs. Forbes Goddard; first vice-regent, Miss Ina McCrimmon; regent, Mrs. L. J. West; second vice-regent, Mrs. James Fraser; responding secretary, Mrs. E. J. Hutchinson; treasurer, Mrs. William Robertson; convener of Red Cross work, Andrew Dods; standard-bearer, Miss Bessie French; convener of lectures, Mrs. G. J. Mackay.

SUCCESSFUL BAZAAR... The women of St. Anthony's Parish are holding a very successful bazaar in Davis' Assembly Hall, corner College and Dovercourt roads. The decorations are particularly attractive and the fancy goods and candy booths and tea room are being well patronized. A feature of every afternoon is the contest of the patriotic work which is being judged thru the kindness of a member of the technical school.

PERMITS POST SALE... As a result of a very successful St. Valentine's Day parcel post sale, the Women's Auxiliary of the 75th Battalion, the sum of \$144 was made, the amount to go to the patriotic work of the organization. SOFT COAL AGAIN EXTREMELY SCARCE

Many Plants Must Close Unless Large Quantity Arrives Shortly.

TO IMPROVE SERVICE

G. T. R. Has Borrowed Locomotives From United States Companies.

Soft coal is again a very scarce article in Toronto owing to the very small quantities having been brought in during the past few days...

The Grand Trunk announced yesterday that the American roads had loaned them 23 of their most powerful locomotives and crews and they will be put in service between Toronto and the border.

For the 24 hours preceding seven a.m. yesterday the Grand Trunk brought 68 cars of hard coal to Toronto and 81 unloaded during the same period.

Reports received from Buffalo yesterday were very disquieting. One large shipper reports several manufacturing institutions in that city as having closed down.

The project of bringing coal to Toronto by water is being held up by the fact that the opening of the Toronto harbor, it is stated on good authority, is not likely to be opened before the end of the present month.

Provincial Impracticable. The project of bringing coal to Toronto by water is being held up by the fact that the opening of the Toronto harbor, it is stated on good authority, is not likely to be opened before the end of the present month.

UNIQUE CONCERT A GREAT SUCCESS

Composer of Various Numbers Plays Accompaniments for Artists.

MERITORIOUS PIECES

Program Proved Mrs. H. A. Beach to Be Splendid Composer.

Exceptional to the point of being unique was the concert given at Forrester's Hall last evening, when a delightful program by the Academy of Music, Mrs. H. A. Beach and Mrs. John Macdonald was presented.

The first group played by Mrs. Beach consisted of "Autumn," "Phantoms," "Scottish Legend" and "Gavotte Pastorale," the numbers presenting a variety of moods and at once establishing their originator and exponent as an artist of rare merit.

The quietest was Mrs. Beach at the piano and the Academy Quartet, Luigi von Kunz, first violin, Alfred Brucks and Leo Smith, cello, was a brilliant finale to a most attractive program.

The program established Mrs. Beach as a player of distinction, and as a composer with a vital message, one who gets her foot on the neck of the oppressor.

LABOR PROTESTS AGAINST ACTION

Says Mayor Should Have Passed Coal Resolution on to Ottawa.

POLITICAL EXPEDIENCY

His Action in Refusing Was Influenced by Party Considerations.

A motion embodying the protest of organized labor against the action of Mayor T. L. Church in declining to forward to Ottawa the resolution recommending government ownership of Canada's railway system, was adopted by a unanimous vote at last night's meeting of the Toronto Trades and Labor Council in the Labor Temple, Church street.

Another resolution, proposed by James Simpson, authorized the secretary to communicate with Dominion officials at Ottawa, stating that the meeting of the Toronto Trades and Labor Council in the Labor Temple, Church street, was held on Monday relative to the coal situation.

When information was sought by some of the delegates as to why the coal situation, it is said, was not represented at the conference, Secretary T. L. Stevenson conferred the following letter, written by the view of the council's secretary:

"I would like to have your council attend a conference in this office, at 8 o'clock next Monday, regarding the coal situation. I am anxious to secure the support of your council, so that we may approach the government and the railway commission, and secure immediate relief from the present intolerable situation.

Another resolution unanimously declared in favor of an amendment to the Breat Sales Act, providing heavier penalties for violation. The delegate explained that some bakers find it profitable to sell lightweight bread and pay a fine in court when convicted under the law.

LITTLE BOY DISAPPEARS.

Four-Year-Old Johnnie Dobson Is Searched for by Anxious Parents.

Four-year-old Johnnie Dobson, 87 Fern avenue, disappeared from his home yesterday noon and has not since been seen.

As soon as the parents missed the boy they got in touch with the police, telephoned the morgue, and tried other means in the effort to locate him.

WHEN ON LEAVE IN U.S. OFFICERS MUST REPORT

Ottawa Hears Complaints of Men Masquerading as British Officers.

Ottawa sent word to Toronto that complaints have been received of people masquerading in the United States as British officers, and issued these instructions: "Any officer proceeding to or thru New York, for any purpose, is to report himself on arrival to the British naval attaché at that place."

GOOD PROPORTION ELIGIBLES ENLISTED

Thirty-Two Per Cent. of All Men Available in Toronto District Already Enrolled.

CYCLISTS FROM REGINA

Ottawa by "Suggestion" Objects to Militia Officers Taking Artillery Courses.

Thirty-two per cent. of the eligible men for military duty in Toronto Military District have already enlisted, stated Lt. Col. Geo. H. Williams, chief recruiting officer, after a tour of inspection which brought him to a total of 255,000 considered available.

It has been suggested by Ottawa that the system of having provisions for the militia batteries attend the artillery courses at Kingston, so as to qualify, is not altogether satisfactory.

Western Cyclists Arrive. Exhibition Camp yesterday from Regina, under command of Lieut. E. G. McCord, which brought the strength of the Cyclist Depot at the camp up to 175. Authorization has been received to recruit up to a strength of 200.

As it is considered likely that Col. St. M. will be selected to direct any militia mobilization scheme decided on by the government, it is thought that he will be in the staff of Toronto District.

ROWELL WANTS LETTERS.

N. W. Rowell, leader of the opposition, will move on Monday for a resolution of correspondence between the provincial and Dominion governments regarding care of returned soldiers, the establishment of convalescent homes for them, and in reference to the relations existing between the Soldiers' Aid-Commission and the Military Hospitals Commission or the Army Medical Corps.

THE FORMAN MYSTERY

By GEORGE HUGHES.

(Continued From Yesterday.)

Warrenner was astounded at the request. This was the very last thing he had expected of one of her haughty, imperious men to stoop to. But he was glad she had done so.

"I can only advise that you call in the police at once," he said. "In a case of this kind, it is as well to have as little delay as possible, since it will give the authorities an opportunity to get on the trail of and apprehend the guilty one."

"Notify the police!" She shrank from him as though he had struck her in the face. The wistful look left her eyes, the hard line of her features relaxed themselves, and she drew herself up in her pride. And while he was angry at her stubbornness, yet Warrenner had to admit to himself that he admired the thorough spirit which she showed.

"Is such a course absolutely necessary? Is there no way in which this hateful publicity, this shameful dragging thru the mire of our name, may be avoided? Surely there is! Don't you think so?"

"Surely there is some way out. Surely you can, at least, suggest something that will save us this awful ordeal, and its consequent notoriety. The disgrace of it all will kill my mother, I know! She is not overly strong."

Her appeal was so earnest, her manner so confiding and her eyes so wistful, that Warrenner's heart went out to her in her distress. Now she was a real, live woman, warm and pulsating, not the inanimate statue of a few minutes before. Despite his decision to do right, he felt himself weakening under the irresistible bombardment of her wistful eyes and pleading voice.

"I'm afraid that I cannot help you in the way you would wish, Miss Forman," he informed her at last. His voice was stern, but his manner caught himself. He regained his balance, then gasped at the thought of how narrow had been his escape from a shameful act.

ARNOLD RUTHERFORD MADE SUPREME SACRIFICE

Had Been Thru Entire Campaign at the Somme Without Being Wounded.

A message received yesterday by Walter R. Rutherford of 124 Westmoreland avenue, telegraph editor of the Globe, stated that his son, Pte. Arnold W. Rutherford, had been killed in action. Pte. Rutherford was at first in the infantry, but on his own request was transferred to the work of stretcher-bearer duty in picking up the wounded and giving first aid. He had gone thru all of the battle of the Somme without being wounded. He was a graduate of the Collegiate Methodist Church, and active in Sunday school work. He was 19 years of age and went overseas with the 80th Battalion.

Members of Insurance Institute At Dinner in Royal Bank Bldg.

Upwards of two hundred members of the Insurance Institute gathered at dinner in the Board of Trade dining hall last night and heard an address on making returns to the government in all branches of insurance. It was delivered by W. G. Gilliland, of the insurance department, Ottawa, and the subject was treated in a comprehensive manner. J. B. Laidlaw, of the Military Hospitals Commission, told how the organization was looking after the returned soldiers and how it planned to place them in a position to take their place in society after the war. Everything possible was being done, he said, to train and equip them to earn their own living, no matter how incapacitated some of them might be. The organization also kept in touch with the families of those who fall in the war and in many cases have given relief where destitution existed. Mr. Laidlaw declared that the number of men who had returned blinded or minus an arm or a leg was comparatively small. The reason we saw so many men crippled in the streets of Toronto was because all those in Ontario who had lost a limb were sent to the city to be fitted with an artificial substitute.

SEVERELY WOUNDED MEN BACK FROM BATTLEFRONT

Heroes of Ypres and Somme Arrive in Toronto for Medical Treatment.

Seven soldiers of the C.E.F. who had been severely wounded while in action on the western battlefield arrived in Toronto yesterday for treatment at the Spadina Military Hospital. All are out-of-town men. Corp. Ernest Carr, the most seriously wounded, has had both legs amputated above the knee. This was necessary because at the second battle of Ypres, in 1916, both legs were practically blown off by a high explosive shell. In the first battle of Ypres, 1915, he received a rifle bullet wound in the head. He went to the front when he was 29 years old. His father lives in Moscow, Ont., and his grandmother, Mrs. Samuel Carr, at 12 Belmont street, Toronto. Sgt. G. W. Annis of Schumacher, Ont., had both feet badly maimed at Ypres by a bomb. Pte. A. H. Johnston of Weyburn, Sask., during the Somme engagement was severely wounded by a bullet, which penetrated to his spine. Pte. G. B. M. Griffiths of Edmonton also was at the battle of the Somme. He had an eye shot out and one arm disabled. The others who returned included Pte. R. B. Wilson of the 188th Battalion, Fort Hope, and Corporal Ruscoe, 168th Battalion, Drumbo.

Soldier Died of Pneumonia at Base Hospital Yesterday

Pte. John Brown of the 198th Canadian Buffs Battalion died yesterday morning from pneumonia in the Military Base Hospital, Gerrard street. He enlisted in Toronto on Jan. 3, and was admitted to hospital on Jan. 31. He was born in Montreal, 28 years ago, and had lived for the last few years in Toronto. His sister, Mrs. Francis, resides at 63 Highfield road. Full military honors will be accorded to Pte. Brown at the funeral by the Buffs Battalion.

### GREAT WAR OWES ORIGIN TO LUTHER

#### Teaching of State Supremacy Over Church Root of Evil.

### DOCTRINES IMMORAL

#### New York Priest Describes Germans as Coarse, Licentious and Cruel.

Special to The Toronto World.  
New York, Feb. 15.—That Martin Luther was the real cause of the European war was the allegation made before a large audience this evening by the Rev. Joseph M. MacMahon at a special meeting of the Catholic Library Association.  
"Coarse, licentious, cruel," Father MacMahon called the German nation, and these vices got their grip upon that great people, he asserted, when they accepted Luther's teaching that the state is supreme over the church.  
"That was the birth of Prussianism," he said, "forgetting that the state and the church are two entities, each with a great moral purpose. Germany, following Luther, has made the iron rule of government first, the church subordinate the religion to the state. When the Kaiser told the expedition into China to take no prisoners, meaning that all captured were to be killed, he was but carrying out the principles, the relentless principles that had their birth when Germany turned aside from the Catholic Church to follow Luther."  
Father MacMahon gave many instances of what he termed the immorality, not of Luther's life, but of his teachings. "German efficiency has kept this immorality hidden from the people, so that they do not realize the evil in the teachings of this man, to whose sect so many of them belong. But the evil is having its effect today, and to Luther are due not only the ravages of the great war, but the sex looseness which has become so menacing that societies have to be formed to try to preserve the virtue of the race."

### GALT MAKES RECORD.

Three-Day Campaign Brings \$83,000 For Patriotic Fund.  
Special to The Toronto World.  
Galt, Feb. 15.—While all returns have not yet been made, Galt's 1916 contribution to the Canadian patriotic fund tonight had reached \$81,700, and will be \$83,000, Seventy-five thousand was the objective, therefore Galtians consider it somewhat of a record for a city of not quite 12,000 population. Included in the present total is the city's monthly grant of \$400. The largest single donation received today was \$1000 from Galt Brass Co., Limited.

### PREPARE NEW COURSES FOR FOREIGN STUDENTS

#### English Universities Expect Big Influx of Americans After War.

London, Feb. 15.—English universities are preparing for a heavy invasion of American and colonial students immediately after the war. The government plans to give its co-operation in the establishment of a uniform system of post-graduate courses to institutions of higher education throughout the country.  
Dr. H. A. L. Fisher, the minister of education, in an appeal urging co-operation between the universities and the government, says: "Oxford is considering some new courses of advanced study, especially attractive to students from the colonies, from allied countries, and from the United States. There will be great practical advantage if the other British universities establish courses roughly uniform with this program."  
"I have recently been approached by foreign governments which desire to ascertain what our English universities are prepared to do for students of their countries after the war. Something more ought to be done to encourage the exchange of teachers between the universities in the dominions and in the mother country."

### THREE MILLIONS FLED FROM LITTLE RUSSIA

#### American Relief Committee Has Great Difficulty in Feeding People.

Tokio, Feb. 15.—A report on the condition of the Russian refugees is given by Thomas W. Whittemore of Boston, who has come to Japan for supplies after long service in direct- ing the work of the American committee for the relief of Russian refugees in Russia. The forced migration of the people of Little Russia into the heart of the empire was described by him as one of the greatest movements of people in history. He said that the names of as many as 3,000,000 refugees were on the official list, and although the Russian Government is doing everything humanly possible to ameliorate their condition, much remains to be done in the way of food, clothing, medicine and shelter. Thousands died in the flight. Barely fed, poorly clothed, masses were carried away by contagious diseases, and the rest remained helpless, gathered in barracks and other public places, vaguely and blindly waiting for food and for occupation.

### Number of Canadians Are Invested at Buckingham

Canadian Associated Press Cable.  
London, Feb. 15.—The following Canadians were invested at Buckingham Palace: D.S.O., Lt.-Col. Wm. Anderson, Inf., John Shaw, A.S.C.; Major Merrill Allen, Cavalry; Military Cross: Capt. Gerald Anglin, Inf.; Edward Martin, Engineers; Lieut. John Millington, Inf.; James Stewart, Inf.; Harry Urke, Engineers.

### CAUSE OF PROHIBITION IS ADVANCED IN U.S.

#### Senate and Congress Favor Measures to Force Down Liquor.

Washington, Feb. 15.—Prohibition took a step forward today in both branches of congress.  
In the senate, drastic amendments to the postal appropriation bill were agreed to which would make criminal the importation of liquor into states which prohibit its manufacture and sale for beverage purposes, and which would exclude liquor advertisements from the mails in states which legislate against such advertising.  
On the house side, the national prohibition constitutional amendment was favorably reported from the judiciary committee, with a prediction by Chairman Webb that it would be passed within a week.

### LADIES' GOLF CLUB MEETS.

Special to The Toronto World.  
Brantford, Ont., Feb. 15.—The Brantford Ladies' Golf Club elected the following officers: President, Mrs. H. R. Yates; first vice-president, Mrs. R. H. Reville; second vice-president, Mrs. H. Finton; secretary-treasurer, Miss C. Jones; house committee, Mesdames E. L. Gould, W. F. Paterson, Turnbull, Sutherland, Cockshead, C. Watt and Ellis; match committee, Mesdames Leeming, G. Watt, Neill, Hewitt, and Misses Gibson, Schell, Powell and M. Cockshead.

### LABOR REQUEST REFUSED.

Special to The Toronto World.  
Brantford, Ont., Feb. 15.—Brantford trades and labor council will wait on the city council and ask that the condition of the street railwaymen on the local municipal roads be better as to hours and wages, the former being over the legal limit and the latter low owing to the recent increases in the cost of living. The commissioners received the deputation of the trades council, but declined to meet their requests.

### FACTORY CUPOLA BURNS.

Special to The Toronto World.  
Brantford, Ont., Feb. 15.—Fire, which broke out in the cupola house of the Verity Plow Co. last night, resulted in practically the total destruction of that part of the company's plant. The cupola building was a total loss, fully covered by insurance. Although the foundry building will, as a result, have to be closed down, it is hoped to have it in running operation again next week.

### LIEUT. UGLOW DEAD.

Special to The Toronto World.

### SIX NATION INDIANS ARE VERY PATRIOTIC

#### Reserve, Near Brantford, Supplies Many Recruits for White Chief.

Special to The Toronto World.  
Brantford, Feb. 15.—The patriotism of the Six Nation Indians on the reserve to the south of the city is of a commendable kind. Out of 350 men enlisted from the reserve, 63 are from school section No. 2, which is approximately 25 per cent. of the total enlistment.  
Paris has also done well. To date the casualty list includes 27 dead, 50 wounded, two missing, four prisoners, two gassed and two incapacitated. Especially surprising is the large proportion of killed or died of wounds, being more than half as many as those wounded only, and forming almost one-third of the total casualties. There are 110 families on the patriotic fund list.

### ESTABLISH A MAXIMUM.

## Doctor Advised Operation As Only Cure for Piles

#### Wife Objected to Use of Knife and Cure Was Effected by Use of Dr. Chase's Ointment.

Grimsby, Ont., Feb. 15.—Here is the affidavit of a well-known fruit-grower, who was cured of bleeding Piles some years ago by using Dr. Chase's Ointment.  
"My doctor could do nothing for him and recommended a surgical operation as the only means of cure. Luckily his wife had heard about Dr. Chase's Ointment, and complete cure resulted from this treatment.  
It is by the cure of extreme cases like this that Dr. Chase's Ointment has won the reputation of being about the only actual cure for Piles—itching, bleeding and protruding piles.  
Mr. Samuel Parker, fruit-grower, Grimsby Ont., has made the following declaration before Mr. W. W. Kidd, Notary Public, of the same place: "I do solemnly declare that I was troubled with bleeding Piles, and was advised to go to the hospital to have an operation performed. My wife said, 'No, get a box of Dr. Chase's Ointment.' I did so and have used it according to directions while living in Michigan, and obtained a complete cure. I am now 70 years of age and want to recommend Dr. Chase's Ointment to all sufferers from Piles. My wife has used it for itching skin and obtained complete cure."  
Mrs. A. J. Stewart, 17 Turnbull street, Belleville, writes: "About ten years ago my husband was troubled with itching Piles. He tried different remedies, but without getting relief. He was advised by friends to try Dr. Chase's Ointment, and found that it was just what was required, and obtained permanent relief. We cheerfully recommend it to all sufferers from Piles."  
Put Dr. Chase's Ointment to the test and it will not disappoint you. Sixty cents a box, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.

### RAILWAY BAGGAGE MAN RUNS FOR DIRECTORATE

#### W. S. Webber of English Company Makes Departure in Business.

London, Feb. 15.—W. S. Webber, a baggage-master at the Lea Bridge station of the important Great Eastern Railway, has given the conservative British public a shock by announcing his candidacy for a seat on the railway's board of directors. He is himself a small stockholder, and he declares that he has the support of a large number of other small stockholders, whose aggregate voting power he hopes will be sufficient to win him his coveted place in the directorate. Most of his supporters are people whom he has met "on the job" during his long tenancy of his post as baggage-master.

### REVENUE INCREASES.

Special to The Toronto World.  
Brantford, Ont., Feb. 15.—Notwithstanding that about 14 miles less of line were under operation by the street railway commission during the past year, the revenue has been increased, according to the annual report issued today. In January, 1916, the service ceased over the Paris-Galt section of the Grand Valley lines, consequent upon the sale by the city to the Lake Erie and Northern Railway. Despite this, however, the shrinkage was more than offset by the gain on the city lines.

Receipts of live stock at the Union
Stock yards yesterday consisted of 68
cows—41 cattle, 107 calves, 1838 hogs
and 181 sheep and lambs.

Trade in cattle was very slow yesterday
at prices fairly steady with Wednesday.
All told, there were 64 cattle on sale—
441 fresh and 200 lot-overs. Of these,
about 100 remained unsold at the close of
the day's trading. The following represent
the best cattle sold: 5 steers, 1250
