PART OF PEOPLE IN REVOLT

Inquiry in Capital Ordered and Arrests Will Be Made—Decided For the Present Not to Resort to Armed Force

Petrograd, Nov. 7.—The government has decided not to resort to armed force for the present against the military committee of the soldiers' and workmen's delegates, but has ordered the ministry of justice to prosecute the members of the committee. The military will take necessary measures in case of a revolt.

Petrograd, Nov. 7.—In addressing the preliminary parliament today, Premier Kerensky charged the military committee of the soldiers' and workmen's delegates with having distributed arms and ammunition to workmen.

Petrograd, Nov. 7.—The revolutionary military committee of the soldiers' and workmen's delegates demanded the right to control all orders of the general staff in the Petrograd district, which was refused.

More Medical Boards

Three Additional Ones Necessary Because of Late Rush For Examination

Owing to the number of men presenting themselves for medical examination, it has been found necessary to increase the number of medical boards throughout the province. The following additional boards have been compiled and will start work immediately:

No. 28, Buctouche—Monday, Nov. 12; Tuesday, Nov. 13, and Wednesday, Nov. 14, all day boards, composed of Capt. C. M. Pratt, Dr. F. A. Smith and Dr. J. G. Largin.

No. 29—Richibucto—Thursday, Nov. 15, afternoon and evening; Friday, Nov. 16; Saturday, Nov. 17, and Monday, Nov. 19, sitting all day, consisting of Capt. C. M. Pratt, Dr. J. G. Largin, Dr. R. G. Girvin and F. A. Smith.

TWENTY FOUR THOUSAND IN MANITOBA WHO HAVE NOT YET REGISTERED

Winnipeg, Nov. 7.—With only four days in which to register there are still about 24,000 class one men in Manitoba who have not yet complied with the requirements of the military service act. The last figures given out by the registrar yesterday afternoon showed that they had on file 15,284 claims for exemption and 2,129 reports for service.

Coal Men Confer. Washington, Nov. 7.—Directors of the National Coal Association representing numerous coal operators with a yearly output of 200,000,000 tons, met here today to frame a comprehensive programme for dealing with the threatened coal shortage.

DAY OF MARKED SUCCESS FOR THE CANADIANS

Defeated Picked German Troops In Yesterday's Fight

OBJECTIVES REACHED

Enemy Did Not Stay for Combat at Close Quarters—Series of Offensives Has Cost Germans Probably 100,000 Casualties

London, Nov. 7.—(Via Reuter's Ottawa Agency)—Telegraphing last evening from British headquarters in France, Reuter's correspondent said: "Success signals have been soaring skyward with gratifying frequency. During the early forenoon we had been fighting through Passchendaele and beyond, but delays occurred. The situation thereabouts shows that the Canadians were digging in at some points east of Passchendaele this morning. It was several times reported that the enemy were massing heavily for counter-attacks, and at mid-day an intense barrage opened along the section of our new front.

"We reached the final objectives in large numbers, with the gun work forward, and therefore in a good position for supporting the infantry.

"The walking wounded men are in high spirits over today's achievement. They all say our barrage was wonderful, the best ever seen, and the fact that we collected a respectable number of German prisoners is a sign that the enemy were not staying to fight at close quarters. It may therefore be expected that we collected a respectable number of machine guns. The prisoners are mostly of a better type than usual, well nourished and well clad, thus indicating that the Huns are using picked troops in an endeavor to arrest our encroachments into the key line of western Belgium.

"The present series of offensives against the ridge system has probably cost the Germans at least 100,000 casualties. Today's battle resulted in another considerable stride towards the mastery of the enemy's most powerful system of defence, being gained at a cost of comparatively light casualties."

PANIC AMONG THE RICH MEN?

Suggestion in Connection With Selling On The New York Exchange

(J. M. Robinson & Sons' Private Wire Telegram)

New York, Nov. 7.—The opinion is more frequently heard in highly responsible quarters that the selling is more and more reflecting a panic among the rich men. The latest slumps in particular are declared to reflect this wealthy class to a degree greater than generally believed.

There is hardly any doubt in the minds of prominent banking interests, according to gossip heard in well informed financial circles, that much of the liquidation is due to a dawning appreciation by the American people that the United States has got to face the realities of war.

The gloomy railroad relief propaganda, unquestionably justified to a large extent, will soon be out of the way now that the hearings are progressing before the I. C. C. and liquidation is being effected by the market.

Prominent wire houses, which have been advising clients all over the country to stand aside and let the selling run its course, are giving very strong advice now not to press the short side of the market at current levels. The belief is entertained that a turn is at hand.

We do not find any confirmation of talk in the street to the effect that important pools have been formed for and beyond specialties. Some of these stocks have declined, but investment suggests that it has been due to the final "let go" of speculative holdings by outsiders and others who bought before the Liberty Loan campaign started.

FORMER PREMIER IS QUESTIONED

Caillaux Examined in Paris in Connection With The Bolo Pasha Affair

Paris, Nov. 7.—Joseph Caillaux, a former premier, was examined yesterday by Captain Bouchardou, who is investigating the Bolo Pasha affair. He was under examination for about two hours. It is understood he was questioned about his connection with the newspaper Bonnet Rouge, and about certain entries on the stubs of Bolo Pasha's check book, now in the possession of Captain Bouchardou.

Further Tribute To Canadian Troops

Taking of Passchendaele One of Most Glorious Exploits of the War—Colonels Led Their Men in Person

(Special cable to The Times by F. A. MacKinnon. Copyright.)

London, Nov. 7.—The capture of Passchendaele stands out as one of the most splendid exploits of the war. "The Canadian corps are the finest body of fighting men ever got together," say old soldiers.

Before leaving the front on Saturday I visited fresh divisions about to make an assault. They were fired by the exploits of their comrades in the two earlier battles before the Ridge and were on their mettle. There was no attempt to minimize the difficulties or dangers.

"We learned by costly experience the realising power of the great German dreadnought structure whose newest type most closely resembles a monster mass of concrete with hollow space inside. It's got to be done and we're going to do it" was the spirit of the men. High officers told me they intended leading the men in person. The boys liked to see their colonel at the head. One colonel who was badly smashed at Vimy Ridge and has returned to his command, told me he led his men again.

HEROIC STAND OF GRENADIERS

Ordered To Hold Enemy At Certain Point, They Died to the Last Man But Accomplished Task

Italian Headquarters, Nov. 6.—(By the Associated Press)—A brigade of grenadiers has covered itself with glory, standing like a rock in the face of the advancing Austro-German tide until it was overwhelmed. The brigade had crossed the Tagliamento and was pressing on the breaches between Pordenone and Portogruaro, the grenadiers were fighting on their rifles, were fighting on until, one by one, they fell. They lay prone behind brushwood, calmly awaiting the foe.

So soon as the enemy came within range, his rifles were swept with the rifle fire of the grenadiers. The Austro-German lines were filled up immediately, however, and advanced to the front. As they approached, the grenadiers rose to their feet and hurled their grenades, but were unable to turn back such great numbers of the enemy.

The last surviving officer then ordered a bayonet charge. Without hesitation the grenadiers dashed at the foe. When last seen of the few survivors, their rifles, were fighting on until, one by one, they fell. That did not occur, however, until they had accomplished their task, for their resistance delayed the enemy until the Italian troops reached a place of safety and were re-formed for action.

PROBATE COURT

In the probate court today further evidence was taken in the matter of the estate of Annie E. Dibble. All evidence has now been submitted and adjournment was made by Judge McInerney for consideration of the evidence. Appearance were as follows: Kenneth A. Wilson for the administrator, H. V. Dylis, K.C., for two of next of kin J. P. D. Lewin for E. S. Dibble, husband of Annie E. Dibble, and S. W. Palmer for a claimant.

WITHDRAWAL OF ITALIANS WAS IN GOOD ORDER

Cadorna Enlarges the Fighting Zone—New Defence Line Likely Along Piave River—French and British May Help There

Rome, Nov. 7.—The Italians have withdrawn in good order from the Tagliamento river toward the Livenza. This is announced officially.

The Livenza is the next river line behind the Tagliamento. Its mouth is 12 miles below that of the Tagliamento. Its course is tortuous and it has been generally assumed that General Cadorna would undertake nothing more than a delaying action there, making his stand along a more favorable line, such as that of the Piave river.

From Russian Front. London, Nov. 7.—The Italians are retreating in order from Tagliamento, according to a despatch to the Daily Mail from Italian headquarters in Northern Italy. The Italian cavalry scouts are fighting according to plans. All new troops which the Italians have come into contact with during the last ten days were brought from the Russian front, according to the accredited British correspondent with the Italian army. He adds that the British hospital unit, which became lost during the retreat from the Isonzo, have now joined the Italian forces.

The announcement follows: "As the water in the Tagliamento renders a difficult defence of the river, we have withdrawn our line toward the Livenza. The retreat was accomplished in good order, under the protection of northward covering units and of rear guards towards the south. The Italian army has been repeatedly bombed by enemy troops at work in repairing bridges over the Tagliamento, or in movement across the river. Four hostile machines were brought down by our aviators."

Fighting Zone Enlarged

Italian Army Headquarters, Nov. 7.—General Cadorna has issued an order including in the zone of military operations all territory to the north and east of the Piave and Minero rivers.

The district takes in all of Northeast Italy from a point on the Adriatic coast about thirty miles south of Venice westward and northward to Lake Garda, on the Tyrentine front.

MEAT PRODUCTS FOR ALLIES TO BE BOUGHT IN CHICAGO

Chicago, Nov. 7.—The plan for purchasing in Chicago all the meat products needed by the allies is to be put into effect on December 1, according to an announcement today at the office of J. P. Cotton, who will handle the purchases as head of the meat division of the food administration.

DIED OF LOCKJAW

The death of George McLaughlin occurred last night in the General Hospital, where he had been a patient since Friday last. He injured his hand a fortnight ago while working in one of the local shipyards and tetanus set in, eventually causing his death. Mr. McLaughlin, who was fifty-five years of age, was born in Oldtown, Me. He is survived by his wife, two daughters, Misses Mary and Helen, at home; one brother, Charles, of Pleasant Point, and two sisters, one in Orono, Me., and the other in New York. The funeral will be held on Friday afternoon at 2:30 o'clock from his late home at Pleasant Point.

FOR WORK IN AFRICA

The Women's Missionary Auxiliary of the Congregational Church held a very successful "Donor tea" in the vestry last evening. A good number were present. Solos were sung by Mrs. McLaughlin and Mrs. J. W. Flewelling and members of the auxiliary. The offering which amounted to nearly \$200 was for the training institute at Dondi, Africa, which is in charge of Rev. J. T. Tucker, formerly of St. John.

### Loyal Troops Guard Capital

Situation in Petrograd, However, Not Reassuring — Kerevsky's Call—A Serious Strike

Petrograd, Nov. 7.—Negotiations between the general staff in the Petrograd district and the military committee of the council of workmen and soldiers' delegates, looking toward the strengthening of the staff by the inclusion of democratic members have been broken off. The military committee, learning that the military governor during the night had summoned troops in the environs of the capital to Petrograd, ordered these troops to disobey the government. The entire city is now guarded by loyal troops.

The situation is complicated further by the action of Premier Kerevsky in suspending three Maximalist and two Conservative newspapers. The city authorities last night ordered a disconnection of the bridge between the quarters of the city inhabited by the working classes and the centre of the capital, thus stopping the tramways.

At yesterday afternoon's session of the

preliminary parliament, Premier Kerevsky, referring to the Maximalist attempt to seize power and provoke civil war, said, amid applause from the right and centre part of the left: "The people who dare raise their hands against the will of the Russian people are at the same time threatening to open the front to Germany."

The premier asked the preliminary parliament to reply immediately as to whether the government could rely upon its support. The house is now discussing the question.

Three hundred thousand workmen in the district of Ivanovo-Voznesensk have gone on strike. The town is one of the chief centres of the Russian cotton industry.

**NEW GLASGOW ACCIDENTS**

Alphonus McInnis was badly injured yesterday at the Albion mines in New Glasgow. He was in charge of a cage which in some manner jumped the track and struck the unfortunate man, breaking his right leg near the thigh and almost completely severing his right arm in addition to inflicting a serious scalp wound.

Jessie Fisher, an employee of the car works in New Glasgow, narrowly escaped losing her life yesterday. While working at one of the drill machines the sleeve of her sweater caught in the machinery and her right arm was so badly mangled that it was found necessary to amputate it.

Dr. Melvin presented his report for the quarter ending September 30. Miss Ostry also read her monthly report which was received.

Captain John Edward Merrill, an army officer, who while temporarily insane, shot and killed John Fletcher Rogers, set down in the Canadian Government Railway general offices in Montreal on Oct. 17, 1916, has been released from the Provincial Hospital at Fairville. He has left for his home in Montreal where he will revert to his former occupation, that of a traveling salesman. Captain Merrill enlisted in St. John shortly after the outbreak of the war. He has a distinguished war record and possesses several medals. He served fourteen years with the American army. He was three times wounded in the present war. He had returned to the C.E.F. He returned to Canada and received his appointment with the 24th Nova Scotia battalion and was on his way to Ottawa to have it approved when he stopped at Montreal.

The entire sitting of the county court yesterday afternoon was devoted to the case of The King vs. Thomas Conway, of Milford, charged with keeping a ferocious dog. Half a dozen witnesses were heard for the prosecution and Mr. and Mrs. Conway for the defence. His Honor Judge Armstrong ordered that the animal be done away with and imposed a fine of \$100 of which \$80 would be returned when the dog is destroyed. L. A. Conlon appeared for the defendant.

### The Real "War Bread"

must contain the entire wheat grain—not the white flour center—but every particle of gluten and mineral salts—also the outer bran coat that is so useful in keeping the bowels healthy and active. Shredded Wheat Biscuit is the real "war bread" because it is 100 per cent. whole wheat prepared in a digestible form. Contains no yeast, baking powder, seasoning, or chemicals of any kind. Food conservation begins with Shredded Wheat Biscuit for breakfast and ends with Shredded Wheat Biscuit for supper. Delicious with sliced bananas, berries, or other fruits. Made in Canada.

### WANTS ASQUITH IN GOVERNMENT

Lloyd George Seeks Liberal Backing Against the Tory Bloc—Northcliffe Gunning

London, Nov. 7.—Politicians are excited over an article by the editor of Lord Northcliffe's Yorkshire paper, the Leeds Mercury, published in the Sunday Pictorial, owned by Northcliffe's younger brother, Lord Rothermere, in which the editor says that everything Lloyd George said about Asquith's government as to being "too late for everything" applies with greater force to Lloyd George's government.

Speculation is rife as to whether this is the opening of an anti-Lloyd George campaign by Lord Northcliffe's papers. For some time a rumor has been current that Lloyd George wants Asquith back in his government to give him the Liberal backing against the Tory bloc, and Lord Northcliffe's announced return to England is surmised to be connected with these rumors, as he is an inveterate opponent of Asquith.

In an editorial on the Italian situation the "Times" this morning says: "The time has come for British leaders to visualize the war as a whole and live up to their motto of 'throughout'."

"May we know," continues the editorial, "that the imminence of the allied conference at Paris will suffice to brace the nerves of the people of the war, for the first time it will have to face American representatives, delegates of a nation free from financial dependence, and which can have no objection for any particular form."

"America entered the war with the main idea of finishing it as soon as possible, and she will not care where the Germans are beaten so long as they are beaten speedily, nor will she be content to slip them with the mouth only."

### A SHINING EXAMPLE

(Halifax Chronicle)

Without wishing to unduly emphasize a matter which particularly concerns President G. B. Cutten and Acadia College, it may be amiss to point out that the last number of the Acadia Bulletin, which contains the treasurer's report, includes as a receipt an item, "President Cutten, Military Service, \$2,418.26."

It will be remembered that Dr. Cutten, the president of Acadia, enlisted as an officer in one of the battalions of the Highland Brigade. He played a large part in raising that brigade and rose to the rank of major in it. Unfortunately, he was not able to pass the final medical examination prior to being allowed to proceed overseas, on account of certain injuries received in his football days. He still found some work to do as chief recruiting officer, and as far as military red tape permitted, he discharged those duties in a most efficient manner. Now it appears that Major Cutten, not desiring to profit monetarily, by reason of his work in the service of his country, has turned over to his college the amount he received for his military services.

Perhaps the most sincere compliment that those who have the privilege of knowing the sturdy head of Acadia University could pay him, would be to say he did exactly what might be expected of him in this connection. And it may be added, he has set an example which many other men have far greater reason to follow than he had to set.

Whatever there has been to do during this great war, that President Cutten has done. As has been said, he played a prominent part in helping to raise the Highland Brigade. He was indefatigable in his efforts toward helping to raise a fund to "back up" No. 7 Stationary (Dulwich) Hospital Unit. Every good cause has found in him an ardent champion and his activities have been so many and so continuous in this direction that we do not pretend to chronicle them here.

**THE DEATH OF MOLINEUX**

The death of Roland B. Molineux was announced the other day. His conviction of the murder of Mrs. Katherine J. Adams in 1899 and acquittal in 1902 after he had spent twenty months in the death house in Sing Sing prison, formed one of the most famous criminal cases which ever came before the New York courts. He died at the New York State Hospital for the Insane, Kings Park, L. I. He was committed to the asylum four years ago, following a mental breakdown which followed the production by David Belasco, of his play, "The Man Inside." Molineux was 51 years old, son of the late General Edward B. Molineux, a wealthy resident of Brooklyn.

His arrest for the murder of Mrs. Adams came only six weeks after he was married to Miss Blanche Chase, who obtained a divorce from him in 1908, after he had been acquitted. Mrs. Adams, who lived at 61 West Eighty-first street, New York, with her son and daughter and Harry S. Cornish, a cousin of her late husband, died on Dec. 28, 1898, a few minutes after she had swallowed something from a bottle labeled bromo-seltzer. Cornish had received the bottle several days before through the mail at the Knickerbocker Athletic Club, where he was the manager.

Molineux, a chemist, had been a member of that club and had quarreled with Cornish. The detectives decided that Molineux had sent the poisoned bromo-seltzer to Cornish in the hope that he would use it. The grand jury indicted Molineux, but the indictment was dismissed and a second grand jury dismissed the charge. Several months later a third grand jury found an indictment charging murder and Molineux went to trial. He was found guilty of the murder of Mrs. Adams in February, 1900, and sentenced to death in the electric chair. His case was appealed, another trial was ordered, and he was finally found not guilty after three years of imprisonment.

A little while before his nervous breakdown he married Miss Margaret Connell, who had assisted him with his play, which dealt with the reformation of a criminal.

Such ! ! ! ! This kind of rough skin will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says frezone is an ether compound which dries immediately and never irritates or even irritates the surrounding tissue or skin. A quarter of an ounce of frezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.

Dinner: Macaroni and Cheese, Baked Potatoes, Cabbage, Apple and Bread Crumb Pudding.

The recipe for fish omelet is as follows:—

Fish Omelet:—Two heaped tablespoons cooked fish. One tablespoon grated cheese. One egg. One tablespoon butter. Pinch of cayenne and salt.

Beat the yolk of the egg, and add the cheese and seasonings. Whip the white of the egg, whipped to a stiff froth, and put the mixture quickly into a frying-pan or omelet pan in which the butter has been melted. When the egg begins to set, stir in the fish and cook until the omelet is done. Serve immediately.

**HOOVER ASSUMES CONTROL OF PRICES**

Expect Drop in Month—Rule to Bar Wholesalers From Selling to Retailers Who Gauge Consumers

Control of the food prices of the United States was assumed on last Saturday by Herbert C. Hoover, food administrator, acting under regulations issued by President Wilson authorizing him to license importers, manufacturers, wholesalers, canners, packers, and large retailers. By this system the transportation of food and the prices charged to the retailers will be under the direction of the food administrator, who will prohibit the wholesaler from selling his products to retailers who exact exorbitant prices from the public.

This step is regarded as the most important yet taken by the Food Administration. When it gets into full swing the system of regulating the handling of foods and their sale will be absolutely controlled by the Federal government. The experts under Mr. Hoover are of the opinion that the prices of staple foods will fall within the next month, and that thereafter there will be no scarcity of necessities in the United States.

Authority to control the wholesaler and the large retailer is conferred upon the president by the Lever food act, which empowers the food administrator to license retailers doing a business of \$100,000 a year. As much of the retail business is under control of chains of stores and department stores, virtually the whole retail and wholesale business of the nation will be under control. Through controlling the small stores which do not come under licensing will be forced to maintain the same prices that the food administrator will force upon those licensed. Thus the entire wholesale and retail field will be under control.

**SUPPORTS FAILED CANADIANS; IT WAS FORWARD OR DIE; THEN THEY DASHED ON TO VICTORY**

One of Most Brilliant Feats of Arms in Whole Flanders Campaign Marks Anniversary of First Battle of Ypres

London, Nov. 7.—Le Matin, writing on the capture of Belleuve by the Canadians says: "It would have been surprising had not our friends, the Canadians, filled with the traditions of the past, been moved to celebrate by some definite exploit, the eve of the third anniversary of the first battle of Ypres. The Canadians, as it turned out, specially undertook to commemorate this anniversary by opening, from the propitious starting point of the Belleuve spur, a bold move towards Passchendaele. Hindered by almost insurmountable difficulties in an avalanche of rain and a maelstrom of mud, this action, crowned by the taking of Belleuve, will remain without doubt, so a general told us yesterday, the most brilliant feat of arms of the battle. If not of the whole Flanders campaign.

"With impetuous ardor, the Canadians reached and passed their objectives. It was with a point of pride to go beyond their objective. Meanwhile the troops on the left and right, which should have supported them, found their plan broken by a concentration of machine guns. The assaulting waves and supporting elements were compelled to withdraw towards the reserves, but the Canadians remained under an enormous deluge of shell fire, and machine gun fire without our artillery for a moment being able to aid them.

"A wonderful incident then happened. A colonel passed in front of the troops with firm step and held high, as if on parade. 'There is no middle course for us,' he cried, 'we either pass forward or we die. Under a hurricane of death, waves of men dashed forward and swept one by one the pill boxes standing in the way, obliterating eighteen armoured shelters.'

**TELL OF GERMAN BRUTALITY.**

Canadian Prisoners Sent Home Describe Conditions in Camps.

First-hand reports of brutalities practiced and conditions in German prison camps, particularly at Gottingen, Hannover, were given in Toronto last week by Corporals Alexander Yetman and Allan McDonald, Toronto Highlanders, who were captured at St. Julien in April, 1915. They were prisoners in Germany for nineteen months, but when they became ill, because of starvation, they were sent home through Switzerland.

"Back from the grave, that's me," said Corporal Yetman. "I was fifteen months at Gottingen and three months at Mannheim, when I was waiting to be sent to Switzerland. I weighed 185 pounds when I was sent to Switzerland in August, 1916. There I started to pick up, and I now weigh 145. I came home with tuberculosis. The gas and the poor food brought it, and it was a wonder I did not die. The food was not fit for pigs, and I doubt if they would eat it. I saw Ambassador Gerard of the United States, at the Mannheim camp. He visited the place and made an inspection, but the Huns fixed things up when he came. I am sure he did good work in connection with making things better.

"We were often hit, punished, and kicked and called pigs and swine. Now and then we could walk to town if we liked, but they made us walk in the middle of the road, for we could not walk on the sidewalk beside the German, and they jeered at us and called us vile names.

"When you asked a guard for a cup of water a German Red Cross nurse would knock it out of your hand and throw the cup on the ground. We had to sleep on the floor of the hut. We had

**A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED**

If Peevish, Feverish and Sick, Give "California Syrup of Figs"

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile, and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

VALUABLE HORSES, Carriages, Harness, 60 Boudoir Oats, Etc. BY AUCTION I am instructed by James L. Hatfield, Esq., to sell at his stable, opposite No. 30 Clarendon street, on Thursday morning, Nov. 8, at 11 o'clock, trial mile, 224, size Peter Red, 2 1/2; Dan Teabell, 2 1/4; grand sire Peter the Great, 2 1/4; also several other good yearling colts. Both are first-class drivers; two wagons, sleigh, two sets harness and about 60 bushels of oats. F. L. POTTIS, Auctioneer.

Kitchen cabinet, mantle bed, wal. burl sideboard, wardrobe, two roller top desks, Axminster and Brussels carpet squares, wooden and iron beds, springs and mattresses, self-feeder, Enterprise stove, oilcloth, six china chamber sets, and a quantity of other household effects, together with twelve milky dresses, to be sold by Auction without reserve at Friday afternoon, Nov. 9, 11 o'clock, at the residence of F. L. POTTIS, Auctioneer.

nant at Beer-sheba, and Abraham planted grove Beer-sheba. In Genesis xvi, 26 to 33, however, much the same thing is attributed to Isaac. Verse 32 says "And it came to pass the same day that Isaac's servants came to him and told him concerning the well they had digged and said unto him, We have found water. And he called it Shebah. Therefore the name of the city is Beer-sheba unto this day."

References are made in other parts of Holy Scripture to Beer-sheba, especially those concerning the Divine manifestations to Hagar (Gen. xxi, 17), to Isaac (Gen. xxvi, 26), to Jacob (Gen. xli, 6), and Amos v, 6. In I Kings, xix, 6, Elijah is said to have left his servant at Beer-sheba while "he himself went a day's journey into the wilderness and sat down under a juniper tree and requested for himself that he might die." What the British artillery grilling of the Turkish entering Beer-sheba may have been can only be guessed yet, but possibly many a heathen Mussulman there has heartily repeated Elijah's request "by now, 'for 'twas a famous victory."

Toronto Newspaper Man Dead. Toronto, Nov. 7.—S. T. Wood, for many years an editorial writer on the Toronto Globe, died last night after a lingering illness. He had a remarkable career.

BEER-SHEBA

A Town of Bible Times Now in British Hands (Exchange) Beer-sheba, to give it the customary Bible spelling, has come going for outside the regular Bible reader. "From Dan to Beer-sheba" is a proverbial expression that has been popularized in election campaigns. Yet not all politicians know where the place is. Beer-sheba is the southern extremity of Palestine and is a small, almost insignificant place twenty-eight miles from Gaza, which was taken by the British forces in March last.

The probable meaning of the word is "seven wells," as seven wells still exist there from ancient times. In the fourth century the place was mentioned as a big village and the seat of a Roman garrison. A number of valuable mosaics and inscriptions were found there, but the vandals of Turkey, like their fellows the Huns at Rheims, wantonly knocked them to pieces. The Biblical Beer-sheba probably exists two miles away from the village and is known today as Bir-es-Sheba. So much for the geographical interest of the place the British troops have occupied.

The Biblical Village The older Beer-sheba is far more interesting. For those a growing number, who only take the Bible in pellet form from the news prints, it may be mentioned that the politico-Biblical expression occurs in Judges xx, 1: "Then all the children of Israel went out and the congregation was gathered from Dan to Beer-sheba." This must have been "none" gathering, equivalent to our "Halifax to Vancouver" conventions. But there is some confusion about the origin of the place. In Genesis xxi, 22 we are told there was a dispute there between Abimelech and Abraham, and Abimelech said unto Abraham, "What mean these seven ewe lambs thou hast taken? For these seven ewe lambs shall thou take of my hand that they may be a witness unto me that I have digged this well. Wherefore he called the place Beer-sheba, because there they swore both of them. And they made a cov-

DANGEROUS ANTISEPTICS

And Germicides Are Unnecessary. A dependable antiseptic has come to be considered a necessity in most homes. Especially is this true since Absorbine, Jr., has had such a wide introduction because this liniment is not only a powerful antiseptic and germicide but it is absolutely safe to use and to have around the house. It is not poisonous and it cannot do harm even if the children do get hold of it. That is a big point to remember.

FOR CATARRH DEAFNESS

and Head Noises. Here in America there is much suffering from catarrh and head noises. The prescription can be easily prepared at home for a few cents and is made as follows: From your druggist obtain 1 oz of Parmit (Double Strength). Take this home, and add to it 1-4 pint of hot water and 4 ounces of granulated sugar. Stir until dissolved. Take a teaspoonful four times a day.

TO SUFFER FROM HEADACHES

Makes Life Miserable. Headaches seems to be habitual with many people. Some are seldom, if ever, free from it, suffering continually with the dull throbbings, the intense pain sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on.

RALLIES ON THE STOCK MARKET FOLLOWING OPENING QUOTATIONS

New York, Nov. 7.—(Wall street).—Stocks opened with indications that the recent liquidation will be carried to greater lengths. Initial quotations were for three points under Monday's final prices, rails and equipments inclining toward further weakness. A quick rebound was led by U. S. Steel, which rallied from its low of 91 to 98.5. Reading reversed its break of one point with an actual gain of two and a half points and other rails replaced early losses with gains of one to three points. Coppers, oils and war shares as a whole also rallied sharply.

SUFFRAGE WON IN NEW YORK

Approximately 40,000 Majority in The State. Victory For Tammany. Judge Hylan and Whole Ticket Elected in Gotham—Victory and Defeat for Prohibition—Republicans Carry Massachusetts—Anti-war Platform in Chicago Losses.

New York, Nov. 7.—The outstanding feature of the elections in the United States yesterday was the apparently assured victory for woman suffrage in New York state by a majority of approximately 40,000. While the suffragists were winning in the east, early returns from Ohio indicated defeat for them in that state.

Two states, Ohio and New Mexico, voted on prohibition. Incomplete returns from Ohio showed that the contest in that state was very close with the drys leading by a small majority. The prohibitionists evidently had carried the state.

The entire Republican state ticket headed by Governor Samuel W. McCall, won an overwhelming victory in Massachusetts, while the Democratic state ticket headed by Westmoreland Davis, for governor, was successful in Virginia. Interest in the municipal elections centred upon New York, where Mayor J. P. Mitchell, defeated Governor McCall's plurality over Frederick W. Mansfield, Democrat, was 90,539, 60,539, 296,048.

Mansfield's plurality of 3,739 in this city was the first for a Democratic candidate in seventeen years.

Lieut. Governor Calvin Coolidge, although polling a slightly smaller vote than the governor, was re-elected over Matthew Hale, who had the Democratic and prohibition nominations, by a plurality of 101,956.

William A. Magee, former mayor of Boston, defeated by a plurality estimated at 80,000, Socialist candidates standing open in the state.

The attempt of Senator Penrose, backing the so-called town meeting candidates to oust the Vire brothers from control of the legislature, also proved of returns up to midnight appears to have been unsuccessful, but at that hour both sides were claiming victory.

Headaches seems to be habitual with many people. Some are seldom, if ever, free from it, suffering continually with the dull throbbings, the intense pain sometimes in one part, sometimes in another, and then over the whole head, varying in its severity by the cause which brings it on.

The varieties of headache most common are sick or bilious headache, nervous headache, headache from constipation, debility or indigestion and periodical and spasmodic headache, and undoubtedly the cause must be before permanent relief can be had.

Burdock Blood Bitters, that has been on the market for over forty years, removes the cause of the headache, and not only does this, but also restores the entire system to healthy action and buoyant vigor.

Miss Emily Smith, 204 Bellwoods Ave., Toronto, Ont., writes: "I cannot speak too highly of Burdock Blood Bitters. For two years I was greatly troubled with violent headaches, particularly in the morning. I tried everything to cure me until a friend recommended B. B. I tried it, and now I am completely cured."

Judge Hylan and Whole Ticket Elected in Gotham—Victory and Defeat for Prohibition—Republicans Carry Massachusetts—Anti-war Platform in Chicago Losses. The women citizens of New York state were given unlimited suffrage in the election by a majority which is expected to reach 100,000 when all election districts have completed their tabulations. In addition to Attorney-General Lewis, the Republicans elected ninety-five of the 150 members of the 1918 assembly. The Democrats elected forty-eight members, and the Socialists seven. In 1917 the assembly was made up of ninety-nine Republicans, forty-nine Democrats, and two Socialists. Municipal elections in forty-two cities were held. In Buffalo and Saratoga Springs—where no political designations appeared on the ballots, the republican candidates were successful. Massachusetts Democrats Lose. Boston, Nov. 7.—The small democratic vote in Boston was one of the most marked features of the election in this state yesterday, when Governor W. McCall's republicanism was chosen for a third term. All other republican state officers were re-elected, and the Republicans made a net gain of six on joint ballot of the legislature. Governor McCall's plurality over Frederick W. NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist)

Rev. J. A. Porter has settled on the Granville Mountain field, which consists of Parker's Cove and Litchfield churches.

Rev. E. R. McWilliam has assumed pastoral charge of the Coverdale field.

Rev. I. B. Colwell has established his home for the winter in this city. His address will be 79 Victoria street.

Rev. W. H. Jenkins has received a call from the Cambridge church in Kings county, N.S.

Rev. M. W. Brown, of Wood's Harbor, ought to be specially gratified at the response his field made on the matter of missionary offerings. Last year the total gifts of the four churches were \$86. This year the total is \$193.

Rev. S. H. Cornwall has accepted a call to the Digby Neck First church. This field consists of Rossway, Waterford and Centreville.

Rev. L. F. Wallace and Mrs. Wallace will begin at once their work as evangelists under the Home Mission board. Their first field of labor will be at Wood's Harbor, assisting Pastor M. W. Brown. They intend to make a home in Wolfville, as a place of rest following their campaigns.

W. K. Greenwood, who spent the summer as a student-pastor at Beaver Harbor and Pennfield, has accepted a call to The Narrows, or more strictly, the Cambridge field. He is a graduate of Colgate and a native of Newburgh, N.Y.

Rev. C. N. Barton has accepted a call to the newly constituted field at Perth, N.B. An unusual opportunity awaits him.

Among the first to answer the call for service overseas was Rev. E. C. Burnett, of Arthuret, N.B. He went to the front as a member of an ambulance corps. A nervous breakdown ne-

cessitated his return to Canada some months ago. He now feels himself able once more to take up pastoral work, and has accepted a call to Greenfield, N.S. Soon after going to press last week word was received of the death of Lieutenant-Governor Ganong. By his death the province of New Brunswick has lost a distinguished son, a business man of eminent ability and a citizen of sterling character and unblemished reputation. The United Baptist church of St. Stephen, of which he has long been a generous and loyal supporter, will feel his loss keenly.

A recent note from Capt. (Rev.) F. S. Porter brings the intelligence that he is now attached to the 1st Artillery Brigade. He has been in France since July. Chaplain Porter's address is 1st Brigade, C.F.A. 1st Canadian Division, B.E.F., France.

From an article in The Canadian Baptist from the pen of Prof. J. L. Gilmour, giving a report of some of his experiences while overseas, we quote the following sentence as being of especial interest to all our readers: "As far as our Baptist chaplains are concerned, Major MacDonald, editor of The Maritime Baptist, is the senior and his organizing ability in the chaplain's office at headquarters in London was recognized on every hand."

Dr. Thomas Trotter, to whom the Baptists of these provinces are indebted for the work he did in behalf of Acadia, writes: "I am dictating this letter from my sick bed where I have been a prisoner for six months past. I suffer greatly and have little ground to hope that I am making any progress to again recover. My life, however, has constituted a pretty long day, filled with rich and varied experiences, and some helpful services. I trust, to my fellows, and I may well leave myself without complaint or resistance in the hands of Him, whose proprietorship in me is supreme."

Somalis Real Warriors

French Negroes Cited for Bravery at Verdun and on the Aisne

French Front, Sept. 30 (Correspondence of The Associated Press).—Two hundred and sixty-four personal citations for bravery have been won by the negro soldiers of a single Somali battalion since it landed in France in June. Of these citations, 190 were gained in the fierce battles in the vicinity of the Aisne and the remainder in the neighborhood of Verdun.

The Somalis, many of whom were recruited in British Somaliland, are very independent in character, and find the discipline of an organized army very severe. Their French officers, however, are accustomed to deal with these freedom-loving tribesmen, and, by appealing to their pride of race and their self-respect, obtain their devoted obedience to such an extent that they rapidly become excellent soldiers. These men learn to handle modern infantry weapons quickly, and furnish many specialists in the grenade-throwing, rifle, and machine-gun sections of French regiments, for the men are of very high intelligence and are full of natural initiative—very valuable adjuncts in these branches of fighting—while at hand-grenade throwing they are second to none in the army.

The Somalis, who are strict Mohammedans, never touch wine or alcohol. In fact they look on any man given to intoxication with the greatest disdain. They are self-sacrificing to a degree, as was evidenced during their attack on La Bovelles, when they had to clear out the shelters in a trench which they had just captured and which were still full of Germans who had taken refuge there from the bombardment. One of their European sergeants was about to enter a dugout known to be full of armed enemies when he was pushed aside by a Somali private with the exclamation, "Let me go first. You are a married man."

A widely prevalent fallacy has charged the negroes with savagery against their captives. Their officers say this charge has been disproved time and again after fights at Verdun, in Champagne and on the Aisne. The Associated Press correspondent saw negro troops bringing in batches of prisoners after a battle at La Bovelles, when a French artilleryman approached them to take one of the prisoner's shoulder straps as a souvenir. One of the negro escort, however, became indignant and shouted:

"Over there in the trenches you might have taken one, but now that the Germans are prisoners they must be pro-

BRAZIL STRIPS GERMANS CLEAN

Congress Adopts Stringent Measures Against Enemy Aliens in Country

Rio Janeiro, Nov. 7.—All the measures recommended to the Congress by President Bras as reprisals against German aggressions have been agreed to by the committee of the chamber of deputies. These included annulment of contracts for public works entered into with Germans; prohibition of new land concessions to German subjects; control of German banks and the eventual annulment of their licenses; extension of these measures to German commercial firms; prohibition of the transfer of ownership of German properties; and the internment of German suspects. In addition, the committee of action authorizes the government to nullify all contracts with Germans.

At another meeting tomorrow, further measures will be adopted by the committee.

Great Britain, according to the newspapers, has offered to supply Brazil with all indispensable products, such as coal. She has also offered the nation the use of personal property, real estate and capital which the British own in Brazil.

In response to a message of felicitation from the King of England President Wenceslao Bras declared in a message to the King that, forced to enter the war by the unceasing acts of Germany against civilization, Brazil would join the allies in defence of the rights of humanity.

Popular manifestations against German business houses in this city assumed a violent character last night. The damage was heavy. Anti-German out-

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

CANADA'S VICTORY LOAN!

Sir Thomas White Announces Terms Most Favorable to Investors; Five, Ten and Twenty Year Bonds.

(Canadian Press.)

Toronto, Nov. 6—Sir Thomas White, minister of finance, today announced the particulars and terms of Canada's Victory Loan, as follows:

Subscription books will be open on Monday, Nov. 12, for five, ten and twenty year bonds, dated Dec. 1, 1917. Interest payable half yearly—June 1 and December 1. Bonds will be in denominations as low as \$50. The price of the new loan is to be par—100 cents on the dollar—for 5% per cent bonds, with the privilege of spreading the payments over a period of five months in monthly instalments. In view of this privilege of spreading the payments and as a full six months interest will be paid the purchaser on June 1, 1918, the bonus of interest thus allowed will reduce the price, so that the bonds yield the investor 5.61 per cent on the twenty-year bonds, 5.68 per cent on the ten year bonds and 5.81 per cent on the five year bonds. This loan will carry conversion privileges into future issues and will be free of any present or future dominion taxes—including income tax.

Holders of Dominion of Canada debenture stock, due October 1, 1919, and of bonds of the three preceding Dominion of Canada war loan issues, have the privilege of surrendering their bonds in part payment for subscriptions for bonds of this issue, under the following conditions:

Debenture stock, due October 1, 1919, at par and accrued interest. War loan bonds, due December 1, 1925, at 97% and accrued interest. The two foregoing will be accepted in part payment for bonds of any of the three maturities of this issue. War loan bonds, due October 31, 1931, at 97% and accrued interest. War loan bonds, due March 1, 1937, at 9% and accrued interest. These will be accepted in part payment for bonds of the 1937 maturity only of this issue.

This Nutritious Food Relieves Constipation

YOU can choose two ways of relieving constipation—the artificial and injurious by means of expensive drugs, and the natural method by means of balanced food. Roman Meal, invented by a physician, not only relieves constipation, but it is a highly nourishing and easily digested food; you never tire of it because you can enjoy it in so many different ways.

Dr. Jackson's

Roman Meal

has all the delicious flavor and nourishing food value of entire berries of wheat (36%), rye (35%), flaxseed (25%) and wheat bran (10%). Flaxseed is three times as nourishing as wheat, rye or oats. It is rendered absolutely tasteless and odorless by electricity. We have from thirty to forty feet of digestive tube because our ancestors for many ages ate food that contained more waste than nutrition. Man's forty foot digestive tract is mostly muscle which has nothing to do with actual digestion. These bowel muscles positively will not function unless there is sufficient waste in the food to stimulate them to natural action. Lack of waste means constipation. Meat, white flour and refined cereals have but little waste. Constant use of impoverished foods like white flour and highly refined cereals causes the muscles of the tract to weaken

from lack of exercise, and then the constipation becomes chronic—or worse. Roman Meal has the full, proper amount of branny waste to stimulate the bowel muscles to action and thus relieve constipation; its flaxseed acts as a lubricant. When used alone, brans cause catarrh of the bowel. In Roman Meal this is counteracted by the soothing fat. Roman Meal positively relieves constipation, or the Roman Meal Company will return your money.

No wonder the medical profession everywhere endorses this great food. For it is made from the prescription of a physician—a specialist in Diets. Roman Meal is the most delicious and the most nourishing food ever invented. Do not stir the porridge except while mixing meal and water or you positively spoil it. At all grocers.

Fire Destroys \$100,000 Mill At South Bay

Lumber Mill and Wood Working Plant, Owned by John E. Moore, is Wiped Out

The fine lumber manufacturing plant, owned by John E. Moore, at South Bay, valued at more than \$100,000, was practically totally destroyed by fire last night. Between 10 and 11 o'clock the watchman, Geo. Doherty, discovered the blaze, which started in the saw and stove mill. No adequate means to check the flames were available. Within a short time the fire, encouraged by the sharp wind, was roaring throughout this part of the plant. Within half an hour adjoining buildings were in flames and by 12 o'clock the entire plant was a prey to the blaze. The owner was notified and was on the scene.

Commissioner H. R. McLellan, with a piece of the city fire apparatus, went to South Bay, arriving there about 1:45 o'clock, but at this time the entire property was destroyed. The apparatus could not be utilized but the men who went worked hard and succeeded in saving the dwelling owned by the James Lowell estate and occupied by Arthur Long. The South Bay station also was close to destruction and the C. P. R. wires were interfered with.

Fortunately, at the crucial moment the wind veered. This averted the destruction of thousands of dollars more of valuable property. The reflection of the fire was visible in all parts of the city and hosts of people, attracted at that late hour by the tremendous conflagration, were drawn to the scene. Many automobile parties traveled the distance to see what damage the fire had done.

The origin of the fire is unknown. For two years the plant had been idle and Mr. Moore had engaged George Doherty to look after it as watchman. Several times during each day and night he went through the entire mill and faithfully discharged his duty.

Seven Passenger Car Burned.

The fire, as will be noted, started at the north side of the road, but the high wind soon swept it to the other buildings. About eight carloads of lumber piled to the north of the road were also burned. In addition Mr. Moore lost a splendid seven-passenger White car, which was in the dry shed. Frank E. Jones and some companions, who were on the scene soon after the fire started, attempted to save this, but in vain. These gentlemen also worked laboriously to save the James Lowell estate dwelling across the railway track and succeeded in checking the flames until firemen from the city arrived.

The plant covered a wide area. The road at the mill was impassible and the fire apparatus could not be taken to the threatened dwelling and railway station beyond. Ladders, however, were carried through the field and across the railway tracks, and with buckets of water the men drenched the embers as they alighted on the roofs. Telephones and telegraph wires were all brought down by the fire, and a freight train was held up because the sleepers were afire and the flames were sweeping across the tracks.

Mr. Moore, speaking to The Telegraph, estimated the value of the plant at \$100,000. There was no fire in the dwelling, in which the office was located, and on other parts of the plant, but it was altogether insufficient to cover the loss. The plant was completed about four or five years ago, and it was considered most up-to-date and thoroughly equipped.

Commissioner McLellan received a telephone call from South Bay at about 12:30 o'clock asking for the address of the local fire department. The commissioner then called up Mr. Moore, informing him that his mill was on fire. As South Bay is out of the city limits, Commissioner McLellan took the motor engine and the chief's car out on his own responsibility, but hoping to be of some aid. This part of the fire department left the city shortly after 1 o'clock.

Chief Justice Who Retires; His Successor

The Hon. John Douglas Hazen, K.C., L.L.D., by his appointment to the chief justiceship of the supreme court of New Brunswick, chancery division, succeeding Sir Ezekiel McLeod, K.C., L.L.D., K.M.G., brings to a close a long, serviceable and honorable political career. Throughout Canada he has been long regarded as a statesman of integrity and a genuine gentleman and his succession to the bench will be generally received with favor.

Hon. Mr. Hazen, who was descended from Edward Hazen, who moved from Northumberland, England, to Massachusetts in 1648, and more immediately from John Hazen, who with his brother William came from Haverhill (Mass.), and settled in Portland in 1775, is a son of the late James King Hazen. He was born at Oromocto, Sunbury county, June 5, 1860. He was educated at the collegiate school, Fredericton, and at U.N.B., receiving the degrees of B.A., B.C.L. and L.L.D. from the university. In 1884 he was married to Ada C., daughter of the late James Tibbits, of Fredericton.

His first public activity was between 1885 and 1890, when he was an alderman at Fredericton for three years and mayor for two. In 1890 he removed to St. John and was a successful candidate from St. John city and county for the house of commons in the general election of 1891. In 1891 he moved the address in reply in the house of commons. The next general election, 1896, he was an unsuccessful candidate. Three years later he was elected to the local legislature for Sunbury and was re-elected in 1903 and 1908. In 1899 he was chosen leader of the opposition party, and when his announcement was made of his elevation to the judicial bench. Sir Ezekiel McLeod. The public career of Sir Ezekiel McLeod, which is thus brought to a close

by the appointment of Hon. J. D. Hazen, has also been a most worthy one. For three years he has been chief justice of the supreme court of the province and for eighteen years prior to that he was a judge of the supreme court and also a local judge in admiralty. Sir Ezekiel was born in Cardwell (N. B.), on October 29, 1840, so that he has passed his sixty-eighth year. He was educated in the high school there and later at Harvard University, where he received the degree of L. L. D. in 1867. He became a barrister in 1868 and a K. C. in 1882. For years he was one of the leaders of the bar in New Brunswick. He was a director of the St. John Law Society and a senator of U. N. B. for many years. He sat in the local legislature for St. John city from 1882 to 1886 when he was defeated, and he represented St. John in the house of commons from 1891 to 1896. From 1882 to 1888 he was attorney-general in the Hanington administration in the province.

The last six months have been particularly strenuous for him."

Women of Canada, Make Your Money Fight for Your Boys

CANADA'S women have been foremost in all good works in the war. In thousands of mother hearts are the wounds of the greatest sacrifice the war has demanded of our people. Their spirit of self-denial, their patience in suffering, have inspired Canada's men to greater and still greater effort.

Canada's Victory Bonds give you mothers, and wives, you sweethearts and sisters of Canada's boys in the trenches the opportunity to fight shoulder to shoulder with them in France.

You can fight with your money when you put it into Victory Bonds just as truly as though you stood beside your boy with a rifle in hand.

So you women of Canada have an interest second to no other in the success of the Victory Loan. —because it means support for your fighting men, the support that is absolutely necessary to win Victory.

Women of Canada, you will grasp this opportunity to fight along with the men of Canada.

Buy Victory Bonds with your savings. Urge your friends to buy. Use your organizations to influence everybody in your community to make Canada's Victory Loan a real weapon for Victory in the war.

And as an investment a woman's savings can be put into no safer security, drawing a good rate of interest, than Victory Bonds.

Canada's Victory Loan Campaign will begin Next Monday, November 12

Y. M. C. I. Junior League. A junior bowling league composed of six teams was organized in the Y. M. C. I. last evening. The league is creating considerable interest and the games should be keenly contested.

HOCKEY. Agrees to Sell Players. Montreal, Nov. 6.—The settlement of the hockey tangle resulting from the unwillingness of eastern clubs in the N.H.A. to admit a team from Toronto, was forecasted this afternoon. E. J. Livingston of the Toronto team, who has been sounding the various club owners here, announced that he would ask for waivers on his players and sell them to the highest bidder. The N. H. A. series, therefore, it is understood, will be played by Ottawa, Canadiens and Wanderers, Montreal and Quebec.

Trouble Securing Matches. Detroit, Nov. 6.—The Detroit Hockey Club are finding trouble in securing O. H. A. teams to come here to play exhibition games. Manager Brown of the local team has been in communication with several clubs, but so far no decision has been reached, as the Ontario players do not know where they stand regarding passports.

FOOTBALL. Plan Big Navy Game. Newport, R.I., Nov. 6.—Plans are under way for a football game between the teams of the Newport naval reserve and the Boston navy yard, probably in New York. The two teams are made up of some of the chief college players of the last few years.

TURF. Axworthy Dead. Lexington, Ky., Nov. 6.—Axworthy, a 22-year-old trotting stallion, owned by the estate of William Simpson of Lexington, died yesterday morning, the sire of many famous trotters, chief of which were General Watts and Guy Axworthy.

RING. "Load" Shirt Dashed Duffy. (Brooklyn Eagle, Saturday). Johnny Dundee, clever little Italian-American lightweight, gave Jimmy Duffy, fighting Irishman from the West Side, a real, scientific boxing lesson, and incidentally a genuine, old-fashioned wallop at the Pioneer Sporting Club last night. Dundee came in at 107 1/2 pounds, while Duffy registered 124 1/2.

ATHLETIC. "Ted" Wood Killed. Toronto, Nov. 7.—Arthur Edwin ("Ted") Wood, one of the best distance runners in the world, has been killed in action. He joined the Toronto Sportsman's Battalion, and took part in many races with Longboat, Corkery and other distance runners of note.

NEW AMATEUR CHAMPION. New York, Nov. 6.—Two new national amateur champions were made at the Morningside Athletic Club's events yesterday, and one new record was established. After four years of untiring effort Viljar Kyronen, a little Finnish runner, crowned himself ten-mile amateur champion, by defeating a class field of eight starters after a vicious sprint which extended over half a mile. Kyronen's time was 38.41, much slower than Hannes Kolehmainen, the ex-champion, who made the record in 31.02.5. In the seven mile walk William Plant, of the Long Island Athletic Club, was first, and won the title, and in doing so hung up a record of 48.04.2.5, lowering Ex-champion Dick Remer's mark of 53.09.2.5. Another Kolehmainen, the Remer competitor.

MORE OF TREACHERY OF CONSTANTINE UNCOVERED. Another Series of His Telegrams to Berlin Published. London, Nov. 7.—A despatch to Reuters from Athens says another series of telegrams despatched to Berlin during the regime of King Constantine have been published, and show the secret efforts of the former king to help the Germans. One dated January 21, 1916, follows: "The king of Greece pledges his word to the German Emperor that in no circumstances shall any soldier or native be employed by the royal government against the German troops or their allies. Greece consents to the use of the Drama-Seres railway by Germany and her allies."

Canadian Boys Win 11 Rifles. The National Rifle Association have issued the results of the imperial challenge shield competition. Canada won eleven prizes out of a total of ninety-seven. Great Britain takes fifty, including the junior shield, Australia twenty-seven, including the senior shield, New Zealand seven, West Indies one and South Africa one.

AQUATIC. Presentation of Trask Cup. At a meeting of the R.K.Y.C. held last evening in Bond's, John Frodsham was made the recipient of the Trask cup, having won three successive races with his speed boat, the Dixie. Reports showed the club in good financial condition.

BASEBALL. Boosting for Navin. New York, Nov. 6.—If Ban Johnson joins the army, which has not been decided yet, some of the American League men may object to the appointment of Edward G. Barrow in his place. Already these magnates, who still hope that Johnson will remain in this country, are talking of electing Frank J. Navin to the league's presidency. Navin is president

Notice to Employers

The attention of Employers is especially called to the following provisions of the Regulations passed under The Military Service Act, 1917, and The War Measures Act, 1914, which directly affects them.

EMPLOYER TAKING UNDUPLICATE ADVANTAGE OF EMPLOYEE. Every employer, and every person acting on behalf of any employer, who stipulates or attempts or offers to stipulate with any employee or other person for any reduction of an employee's salary or wages, or for the alteration of any other term or condition of his employment, in consideration of the employer exercising or refraining from exercising his right to claim exemption from military service on behalf of any employee, or proposes to alter, adversely to any employee, any of the conditions of employment affecting such employee by exercising or refraining from exercising or by authorizing or suggesting the exercise or abstention from exercising of his right to claim exemption from military service on behalf of any employee, shall be guilty of an offence, punishable on summary conviction, by fine or imprisonment, or both, in the discretion of the convicting magistrate; the fine to be not less than one hundred dollars and not more than one thousand dollars, and the imprisonment not to exceed six months.

Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Convincing Proof of This Fact. Ridgway, Penn.—"I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old."—Mrs. O. M. RARRIS, Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven. Tennille, Ga.—"I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited."—Mrs. W. E. LINDSEY, R. R. 3, Tennille, Ga.

sembly with the object of ascertaining their attitude on the question. "I approached the subject in a spirit of inquiry and was mindful that if the legalisation of Sunday baseball is secured it would be essential to so conduct the games as not to give offense or cause annoyance to that portion of the community which devotes the day to religious observance." In his letter President Ruppert pointed out that the obsolete law under which the prohibition is now enforced was enacted in response to the sentiment of a primitive community, differing vastly from that of the present age.

RUPPERT FAVORS SUNDAY BASEBALL

Yankee Owner Fines Many Candidates in Favor of Sport on Sunday

New York, Nov. 5.—Jacob Ruppert, president of the Yankees, who has been working with C. H. Ebbets of Brooklyn in sounding the candidates of all parties for the next assembly on the question of Sunday baseball, has met with surprising results among the Manhattan candidates and the Bronx, as sent out a letter of inquiry to all the candidates from New York and the

an amendment eliminating the old blue law which now prohibits Sunday games.

The law which the baseball people want amended was passed in 1877, and reads as follows: "All shooting, hunting, fishing, playing, horse racing, gaming and other public sports, exercises or shows upon the first day of the week and all noises disturbing the peace of the day are prohibited."

President Ruppert said yesterday: "Believing that a majority of the voting population of New York city desires the amendment of the law which prohibits Sunday baseball, so as to permit the lovers of clean sport to witness their favorite game on the only day of leisure most of them have, I have worked, in conjunction with President Ebbets of the Brooklyn club, and have sent out a letter of inquiry to all the candidates from New York and the
