French And British Defeat The Bulgarians

Latter No Match For Troops of the Allies—Enemy Reports of Advances Fantastic—Offensive by Allies Believed Imminent

Gradek, Serbia, Oct. 23.—The double attempt of the Bulgarians to cut the railway at Velez and in the Volanovo sector has been completely defeated. Yesterday (Friday), the attack on Velez was given up, and the entire available Bulgarian strength was directed southward from Istip along the Gradaskar river, spreading out over a five mile front and comprising the villages of Rabrovo, Volanovo, Blazov, Vezel, Kalkova, Kachova and Hodova, with its objective a short stretch where the railway runs along the east bank of the Vardar river between two bridges, is most pregnable at Strumitsa station.

The attack, although furious, immediately developed the inferiority of the Bulgarians in contact with the experienced troops of France and England. Heavy losses are reported along the entire line. Bulgarians are withdrawing up the Gradaskar Valley, leaving the French in victorious possession of the railway from Salouki to Nogetin, beyond which point the line is not threatened.

The French losses were slight. General Serrail, the French commander-in-chief, in a statement to the Associated Press, characterized the Bulgarian reports of their advances as fantastic. "Nowhere," he said, "have they advanced beyond a few undefended points of no military value close to the frontier."

An offensive movement by the allies seems imminent. The Greeks seem to be profoundly impressed by the rapidity and success of the French movement.

ALLIES MAY HAVE HALF MILLION MEN IN SERBIA. New York, Oct. 25.—A special cable to the Tribune from Saloniki says: "The great quantity of supplies landed here since the disembarkation of the allied army began two weeks ago, leads to the conclusion that the forces to be sent to the aid of Serbia will probably exceed 500,000.

"Hundreds of motor trucks, ambulance wagons, and aeroplanes, and ammunition by the thousands of tons have been sent forward from Saloniki. Much of this had already reached the front before Bulgaria declared war, so that the Serbians are in no danger of an immediate shortage of supplies.

"Dozens of steamers arrive and clear daily. To cope with this flow, additional docks have had to be hastily built, warehouses constructed, and branch railway lines laid.

"About 60,000 French troops, brought from Mytilene, and 100,000 British from Mandros, already have been disembarked. The utmost exertions are being made between the soldiers and the inhabitants."

Evening Report Denied. Athens, Oct. 25.—A semi-official note to the press denies reports in Austro-Hungarian newspapers that Greece is occupying Dobruja and Clujet to protect Saloniki, or is occupying any other portion of Serbian territory.

Recruiting in England Shows Much Improvement. Three Hundred Per Cent Better on Last Saturday Than on Any Previous.

New York, Oct. 25.—A cable to the Tribune from London says: "It is said unofficially that Saturday's recruiting meeting was 300 per cent better than that of any Saturday since the war began. Following an extraordinarily successful week, it appears that after all there may be a chance of avoiding conscription."

BIDS FOR \$80,000,000 CONTRACTS. Canadian Manufacturers Are in Ottawa Today To Tender For Making of Shells.

Ottawa, Oct. 25.—Orders amounting to \$80,000,000 for shells of the heavy kind are about to be placed by the imperial authorities through the shell committee and prominent steel and manufacturers from all parts of Canada, are here today in connection with the matter. They have come to submit tenders. The shells are six, eight and nine point ten inch diameter. All the big firms engaged in shell making at present are represented.

French in Mighty Attack on Enemy Capture of Importance in Champagne

Germans Suffer Heavily and 200 are Captured—Strenuous Fighting But They Are Driven From Strongly Fortified Place

Paris, Oct. 25.—An important success by the French troops in the Champagne district is announced by the War Office this afternoon. In spite of a fierce resistance, French troops, following a preparatory artillery fire, occupied an important position known as "La Courvine." The losses of the Germans are described as serious, and the French took 200 prisoners.

The report says: "The enemy occupied, in front of their second position, a salient strongly organized, which had resisted all our previous attacks. In its southwestern part, in northern slopes of Hill No. 196, at a point two kilometers (1.4 miles) to the north of Memil-Les-Hurlus, this salient included a very important position called 'La Courvine,' which we have captured after heavy fighting.

"La Courvine, extended for a distance of 1,300 yards with an advanced depth of 250 yards and including three or four lines of trenches connected with underground tunnels and the customary communicating trenches, all of which were organized for defense.

"In spite of the thoroughness of the German defensive works and the ferocity shown by the German soldiers, our men were successful, after a vigorous preparatory artillery fire, and as a result of violent fighting, in taking complete possession of this position at the end of the day. The losses of the enemy were serious, and they left in our hands 200 prisoners belonging to three regiments.

"There has been no other action of importance on the remainder of the front."

Nephew of Dreyfus Killed. Paris, Oct. 25.—Sub-Lieutenant Thimble Dreyfus, nephew of Alfred Dreyfus, has been killed in action. Although only twenty-four years of age, he had won the military cross of the Legion of Honor.

German Aviator Killed. Berlin, Switzerland, Oct. 25.—The German government has apologized for the act of a German aviator in dropping bombs recently on Chaux de Fonds, and has promised to pay indemnity. It is explained that the aviator believed himself to be over French territory. He and his observer have been punished and transferred.

German Cruiser Sunk Was Prinz Adalbert. Petrograd, Oct. 25.—A semi-official statement refers to the German cruiser that was sunk simply as the Prinz Adalbert. According to this statement, the cruiser was sunk near Libau by a clever manoeuvre of the British submarine.

Socks for the 6th C. M. R. Received. Boys Delighted at Gift From St. John-Lieut. Morrisey Writes of Distribution.

The socks sent by the friends of the 6th C.M.R. arrived safely in England a short time ago. The following extract from a letter received by Mrs. Alfred Morrisey from her son, Lieut. George Morrisey, may be of interest to those who contributed.

"I wish you could have been here this evening to see the joy with which the men received their socks. M. and I opened up the 150 boxes last night and went into raptures over them. Some people seem to think anything is good enough for soldiers, but this lot is the exception. There was not a pair in the lot that was not a 1 quality and the men were more than delighted with them. I had intended to get some snaps of the distribution but it was too dark when the men got back from the ranges so you will have to imagine the scene. Mooney and I had lugged the box over to my tent and were masters of the ceremony. We fell the squadron in and marched them over and as each man came along we asked him if he wanted large or small and had enough to give each man just what he wanted. I wish the dear, good ladies who contributed them could have seen the joy with which each man inspected his socks and those who drew the ones with notes or chocolates in them were even more pleased than the others.

"I know it is too much to ask you to thank personally all the people who sent them, but you can tell all you see that they have added untold comfort to many deserving soldiers and not only given them far better socks than they can buy, which will both keep their feet warm and comfortable and stand up to the hard work and last far longer than either the government issue or any they can buy here. Apart from this the thought that the people at home take an interest in them means a lot to them."

Weather Bulletin. Issued by Authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Maritime.—Moderate west and south-west winds, fine today and on Tuesday. New England forecasts.—Partly cloudy and warmer tonight and Tuesday; moderate westerly winds, becoming south-westerly on Tuesday.

The Crisis For Russia Passed

News of Maritime Province Men In the War. Germans And Austrians Have Failed In Their Drive. CZAR'S ARMIES SOON WILL MAKE ADVANCES. Enemy, Unable to Win With Conditions Favorable to Him, Cannot Repeat Exploits in Face of Allies' Victories in the West.

London, Oct. 25.—The following statement from a high authority, representing the views of the Russian staff regarding the Russian military situation, has been received here from the correspondent of the Times at Russian headquarters.

From May till October the Russian army has been subjected to uninterrupted blows along a front of 700 miles. The Austro-Germans have applied every possible means, not excepting such as forbidden by international treaty, in order to increase the pressure against us. Masses of their troops were flung against this front, and sent to destruction regardless of losses. Military history does not afford another example of such pressure.

"During these months of continuous and prolonged action, the high qualities and the mettle of our troops under the difficulties and arduous conditions of treatment have been demonstrated afresh. Notwithstanding his fighting and his persistence in carrying out manoeuvres, the enemy is still confronted by an army which fully retains its strength and morale and its ability not only to offer staunch and successful resistance, but to assume the offensive and inflict blows which have been demonstrated by the events of recent days.

"This affords the best proof that the Austro-Germans have failed to destroy or even disorganize our army. Seeing that they failed in that effort during five months which were most favorable to them, it would be impossible for them to repeat the Gallipoli and Vistula exploits now that the successes of the allies in the west have complicated strategic points.

"The crisis has passed favorably for us. We sense safely from a difficult position in the advanced Vistula theatre, where we were enveloped on three sides, and now stand in the centre of our empire unharmed by war.

"It is true that there is much determined fighting ahead; there may be months of rearward, but there certainly will be advance before long.

"Our army lives in expectation of a general offensive and looks with full confidence to the arms of its allies. It will march boldly and cheerfully forward, conscious that in so doing, it is defending the interests of our country and the interests of our allies.

"A stirring struggle with the forces of nature has schooled the Russians to hardships and ingrained in them the instinct to hasten to the succor and relief of a brother in need. Hence an appeal from our allies will always find a warm response from the Russian army."

ALL AGREE TO POPE'S REQUEST THAT PRISONERS HAVE SUNDAYS FOR REST. Rome, Oct. 25.—All the belligerent powers have granted the request of Pope Benedict that Sunday be made a day of absolute repose for prisoners of war. Several of the countries said they already had been observing this rule.

WHEAT UP TODAY. Chicago, Oct. 25.—Opening prices, which ranged from unchanged figures, to 2-4 cents down, were followed by a rise all around to one cent or more above Saturday's close.

Three Sons in Khaki. Three sons of Mr. and Mrs. C. P. Atkinson of Moncton, are serving their country. They are Lieut. William D. Atkinson, of the 4th Mounted Rifles, who is spending a few days at home; Private Nelson D., of the 8th Mounted Rifles, now at the front; and Private Pearce, who is training with the 66th Battalion at Camp Hughes, near Winnipeg.

South African Veteran. Among others who passed through Moncton on Thursday last was Corporal 44th.

SEES AT LEAST 18 MONTHS MORE OF WAR. New York Banker, Home From England, Says Britain is Playing Wonderful Part And Navy is Invincible.

New York, Oct. 25.—Another passenger aboard the St. Paul, arriving here yesterday from England was Edward Shearson, a New York banker. He declared that he did not realize the financial abyss into which this war was plunging the world.

"I believe, after careful study," he said, "that this war will last another eighteen months. When peace comes, if it comes then, the nations which have been playing at suicide will have spent no less than three hundred billion dollars. Where will it come from? Who will make it up? I'm sure I do not know, and I do not think the people of Europe know either.

"The English are playing a wonderful part in the war. They have raised an army of 8,000,000 men. One third of this army is in France; 850,000 are in the campaign against the Dardanelles, and the remainder is in England. The navy is invincible."

SAY 300 KILLED IN ZEPPELIN RAID

Reports Brought to New York From England. OFFICIAL REPORT SAID 56

Some Details of Havoc Wrought by German Murderers in Their Attack Upon London on October 13.

New York, Oct. 25.—The New York Herald this morning publishes the following: "Passengers who arrived here yesterday afternoon reported that the Zeppelin raid on London on October 13 probably 300 persons were killed instead of fifty six as the official reports stated."

Thomas Everts Adams, of New York city, a wealthy automobile distributor said: "I was informed by a friend who is in the British admiralty that the list of deaths in the last Zeppelin raid exceeded 300 persons. The damage was not so much to property in this raid as to life."

The aircraft penetrated to the heart of London, dropping their highly explosive and incendiary bombs in the Strand. "Four bombs fell in the vicinity of the Gaiety Theatre when the raid began."

"The performance had just started when the first explosion told of the presence of the Zeppelins. "In Wellington street a bomb broke through the glass roof and a roaring volcano resulted when the gas caught fire. It burned for two hours."

"One side of the Strand was a great deal of glass in it. When the raid was over not a pane was left. One great pane of glass was blown out of its position and carrying its frame with it, went high in the air. Then it fell, killing a man and wounding several others. A man was brought into the theatre with his legs broken. "Through it all the people in the streets kept their heads. The lack of panic was extraordinary, as well. They gave way to fear for a moment of foreign birth."

"Not only was the calm abnormal, but the daring, the impudence of the Zeppelins was extraordinary, as well. They landed at a quarter past nine o'clock in the evening. That call lasted about seven minutes. They then wheeled off to the Strand, where they were driven on by the wind. They were seen to return about two o'clock in the morning."

"The raid of the night of the 13th made fair to be duplicated on the night of the 14th, but the Zeppelins were driven on by the wind. They were seen to return about two o'clock in the morning."

Premier Saves Woman's Life

Moncton, N. B., Oct. 25.—Sir Robert Borden passed through Moncton this afternoon on his way from Grand Pré to Ottawa. At the railway station here he saved the life of a woman passenger on the Ocean Limited. She was knocked down in the crowd and was rolling under the car when rescued by the premier.

French Put Bulgars To Rout On Saturday

London, Oct. 25.—French troops routed three divisions of Bulgarians on Saturday on the front of Gradek-Volodno-Rabrov, in southeastern Serbia, according to a despatch filed at Saloniki on October 24 to the Havas News Agency. The Bulgarian forces were decimated.

London, Oct. 25.—Up to noon today the Serbian legation received no confirmation of the Bulgarian claim to the capture of Uakup.

Saloniki, Oct. 24.—French troops are following up their victory of last Friday and are now threatening Strumitsa, Bulgaria, to which place the Bulgarians retired in disorder. The Bulgarians suffered heavily in the recent engagement, from the fire of French three-inch guns.

Paris, Oct. 25.—Bulgarian troops engaged with the French on Friday were subject to a heavy fire from the French artillery, and suffered heavy losses. The losses of the French amount to ten killed and a few score wounded.

THE GERMAN CHECKED

Paris, Oct. 25.—A despatch filed yesterday at Athens, says that the Austro-German offensive in Serbia has been brought to a standstill on the entire northern front, according to advices received at Athens from Nish. South of Pozarevac the Serbians retired a few miles to stronger positions.

ST. JOHN SOLDIERS WRITE FROM DARDANELLES AND WEST

Charles Lewis of the medical corps with the Ammunition Column under Lt. Col. Harrison, writes to Hilton Crowley from France, as follows:— "I wish you could have been in London with me. I would like to visit in peace time when the lights are again on. We are now in France and I have been up to the firing line with our officer commanding and the medical officer. It was very interesting. We saw one town all blown to pieces by German guns. I talked with several boys in the trenches, including Robert E. Knowles and Sidney Marwood. I wish you could see us all here. Ray Pennington is writing in our shack with a lantern between us, casting 'rays' all around. Tell me of the fellows to get busy and drop me a line, for news is sweet, believe me."

That the 26th is ready for anything that comes their way is indicated by the tone of a letter received from Private J. F. Hogan, by his sister. He says: "We had a week in the trenches and enjoyed every minute of it. The boys were not a bit nervous and they all seem to like the life. They acted just like the fellows who have been in the trenches for a year. I think we have the best lot of fellows in the whole brigade; nothing seems to worry them. We had a couple of fellows wounded but their wounds were only slight. We are leaving here tonight for another week in the trenches. Private Hogan also says that he has been given a coat sweater but suggests that a chamolus vest would come in handy for cold nights in the trenches. Another Brother Joins—Albert H. Ramsey, writing from Kingston, Ont., to his sister, Mrs. William McGorman, 164 Britain street, said he had joined the artillery as a driver, and will soon leave for the front. He is brother of William Ramsey, of the 99th battalion now fighting in France. He was formerly a member of the 62nd regiment of this city under Captain Keefe. From Farrier Sergeant Kennedy—A letter received by Mrs. Wm. F. Logan, West St. John, from her father, Farrier Sergeant Bernard Kennedy, now on the firing line in France, is dated Oct. 10. He writes: "Dear Daughter—Just a line to let you know am still alive and in the best of health; in fact, never felt so well in my life. Please send me more tobacco, as the tobacco over here is rank. I am quite busy. I have all that staff officers' horses to shoe. I would like to be remembered to all my friends at home, especially to F. S. Walker, S. Ross and J. Walters. Write soon. From your loving father, B. KENNEDY."

HUNDRED MEN FOR THE 104TH ON NEXT THURSDAY

That's The Slogan For a Big Demonstration

Col. Geo. W. Fowler Will Be Here Himself—Mounted Processions and Other Features Being Arranged

The general recruiting committee is meeting this afternoon at the Board of Trade rooms to discuss arrangements for the monster inaugural to be held on Thursday evening of this week in the big rink, thus launching the campaign in behalf of Col. Fowler's crack 104th Regiment. Whatever former efforts of this kind have been, it is confidently expected that this latest rally will hang up a new record in recruits and a new mark as to enthusiasm. Four brass bands will escort the populace from each point of the compass—from the Haymarket square district, from South End, from Carleton by way of the ferry boat and from North End. These great streams of citizens will converge at the place of meeting and here the colonel of the new regiment himself, will address the throng. Col. George W. Fowler, M. P., is one of New Brunswick's favored sons as to popularity. Even in days of sharp political strife his bitterest opponents appreciate him for his good fellowship. Evidently the same opinion is held elsewhere throughout the province, for the 14th Regiment gives early evidence of being quickly recruited. Colonel Fowler is going to tell the men of St. John on next Thursday just what his plans are for the 104th. He expects to get the finest fellows out of our locality and thus create a battalion of which this Loyalist district may feel justly proud. He promises that at next Thursday night's meeting final medical examination will be made of all men who volunteer. In other words, there will be no preliminary doctor business to be followed by a more searching examination at the place of mobilization. Each and every man offering himself for enlistment on the night of the big meeting will know before he leaves the building whether or not he is physically fit to don the khaki.

Serg. Knight, wounded orator, who so electrified St. John with his speech a few weeks ago, will also be on the platform with Col. Fowler. In fact the sergeant is going to speak in St. John for a time soon. In addition to the remarks of these two prominent soldiers, there will be band selections and other

CANADIAN CASUALTIES There Are 127 Officers in the List of Dead So Far

Ottawa, Oct. 25.—The Canadian casualties up to October 16 aggregate 15,187. A hundred and twenty-seven officers are dead, of whom ninety-four were killed in action, while the dead from the ranks aggregate 2,460. The list of wounded and ill includes all who have passed through the field hospitals, and even if they were there but a day, they appear on the record. But a third of these wounded have been able to return to their regiments. Of the remainder, others return after a period of convalescence. The number of men permanently disabled is comparatively small.

Praise For Artillery—Mrs. D. W. Kyle, of Moncton, is in receipt of a letter from her son, written October 2. Driver Kyle states that he is still with Capt. McKee, and that they had been removed back to Belgium again from France. During some recent fighting they had been attached to an Imperial Regiment, but were glad to get back with their own boys again. The 3rd Artillery Brigade received many compliments on their marksmanship in the battle which they recently passed through. In fact, members of the Imperial Regiment stated that their shooting was the best they had ever had over them. They had only two slight casualties during the battle. Driver Kyle stated that both himself and Capt. McKee were well, but very busy.

A Prisoner in Germany—Mrs. Wells, of Sackville, has received the following letter from her son, Douglas, now a prisoner in Germany: "One of my wounds has healed up, but there are still four more left, so I shall be in the hospital for some time yet. It is the wound where the piece of shell went into my arm that is healed. The cut from the operation is still open, but doing well, likewise the two operation cuts in my leg, but the wound itself is very slow. Of course, it was a pretty large wound, but time will cure that also, I guess."

Mrs. Mary A. Randall, widow of Alfred Randall, died in Somerville, Mass., on Wednesday. Four daughters remain. They are Mrs. T. W. Parker of Somerville, Mass.; Mrs. Howard Merritt, of Oakland, Cal.; Mrs. F. C. Moulton, of Southham, Mass.; and Mrs. Ernest Gowers, of Portland, Me. Two surviving sisters are Mrs. Alex. Dingee and Mrs. J. D. Brewer, of Houlton.

Miss Alice Patterson, only daughter of John W. Patterson, deputy crown land surveyor, and Mrs. Patterson, died at her home near Florenceville on Thursday. She is survived by her aged father, her mother and two brothers, Jack E. J. Patterson, C. E., and Harry Patterson, C. E.

TEA AND SALE IN K. OF C. ROOMS TOMORROW NIGHT

Tomorrow evening there will be a tea and sale in the Knights of Columbus rooms, Coburg street, by the ladies of the Cathedral parish. The proceeds will be given in aid of the Foundlings' Home. Games and music will be held, and a good sized crowd is expected. This is for a worthy cause and should be patronized by all who are able to attend. Energetic committees have been at work and an excellent musical programme has been arranged for the evening. A delicious tea will be served and fancy work sold. As the tea and sale will last only one night it is hoped that a large patronage will help accept the good work.

DISPLEASURE HERE OVER THE 64TH MATTER

Halifax To Have Same 3,500 Men During Winter

Practically All Members of Siege Battery Now at Island—More Men For the 104th—Presentations

The announcement that the 64th Battalion was to be stationed in Halifax has caused resentment among merchants and the general body of citizens. Halifax will have upwards of 3,500 men in uniform there this winter which means at a low calculation \$100,000 sent there monthly in pay-checks alone aside from supplies and incidentals.

Mobilized Today

Almost every man of the siege battery has reported for duty at Partridge Island. The majority came on towards the last of last week, but many reported today. All are now quartered comfortably in the barracks on the island. They are a particularly fine lot of men. Uniforms are being given out this week and in a day or two the unit will be well equipped. A programme of training will be carried out so as to accustom the recruits to the soldier's life, but it is not expected to be so long as the understanding is that they will soon be going overseas.

Recruits Today

The roll of the 104th is swelling each day and a good class of men signing. On the noon train today from Fredericton some thirty-two men arrived in the city, many of whom were for the infantry battalion, but the majority for the siege battery. They were given a hearty send off at the capital this morning. Among their number was Edward Joseph DeLade, son of Michael DeLade of this city, who is with the 104th.

Spicing the honor roll at the Mill street recruiting offices today were J. Spynay Barlow, of Baywater, Wm. McKean and E. Bates Hapley, St. John, Napoleon Joseph Landry, Gardner, Me., (Canadian parentage), and Alvis Ira Henderson, Golden Grove. All were for the siege battery.

Consolidated Rubber Co., Ltd., reported for duty at Partridge Island with the siege battery.

Several of the young men who have volunteered for service with the siege battery have been honored before going on duty at Partridge Island with presentations from their friends. In the J. C. R. A. office this morning James J. Harrison was the recipient of a military wrist watch from his associates. The Rev. Canon Smithers and Mrs. Margaret Quinn are to leave tonight for Boston where they will spend the winter.

Dr. G. C. VanWart of Fredericton left on Saturday evening for Boston, to attend a clinical congress of Surgeons of the United States. He was accompanied by Mrs. VanWart. They will visit Philadelphia before returning home.

Miss Jeannette Young, step-daughter of William A. Lynch, of Fredericton, underwent an operation for appendicitis in the Victoria Hospital, there on Friday.

James G. Doyle of the Dominion board of Retail Merchants' Association has come on cruise to Nova Scotia, to endeavor to organize an association in that province.

Lieutenant R. A. Major of the 55th Battalion, arrived from Vancouver today and is at the Royal Victoria Hotel in New York.

Allan Christie returned on Monday from Fredericton.

Mrs. E. D. Starkey of Main street has returned home after a lengthy visit to Boston and other New England cities. Lieut. F. J. Corr of the 55th battalion is in the city, having been called home by the sad news of the death of his father, Michael Corr.

Rev. J. J. O'Donovan has gone on a visit to Boston. Rev. Wm. Hogan, C. S. R., officiated yesterday at the various services in the Church of the Assumption.

Miss Regina Connor of Adelaide street has returned home after spending several weeks visiting relatives in Boston.

TO ALL INTERESTED IN D. CO. OF THE 26TH BATTALION

A movement is on foot to send a small unframed fruit cake not exceeding one pound in weight to each man of D. Co. of the 26th Battalion. All who are willing to contribute a cake or money to this purpose, please communicate before Thursday, Oct. 28, with some one from the following committee: Mrs. C. Leonard, Teneych Hall; Mrs. W. F. W. DeMonts street, W. E. Mrs. F. J. G. Knowlton, 154 Sydney street, and Mrs. S. S. McAvity, 223 Duke street, cream.

Making Home More Cheerful

When Mother feels good the family is happy, but when Mother is tired, cross and nervous, nothing seems quite right in the home.

Eye-strain is responsible for many headaches, much nervousness and exhaustion women suffer from, and usually the eyes are not suspected as the cause of the strain on general health. Often there is severe eye-strain when apparently the sight is good.

Correctly fitted glasses will end the eye-strain, and many a home would be more cheerful if Mother wore glasses made especially for her.

Sharp's optometrists can detect eye-strain if it exists, and prescribe the right glasses to correct it. If you squint, frown, have headaches or are nervous, consult Sharp's optometrists.

SWEDES BEING PUT ON LIQUOR ALLOWANCE

Defenders and Invaders Ayik est Friglitful Cost in Unparalleled Conflict

Stockholm, Sweden, Oct. 1.—(Correspondence)—Although nothing so drastic as the prohibition measures of Russia has been attempted in Sweden, there is a steady and systematic curtailment in the sale of liquor, which is approvingly regarded by temperance advocates as a decided step toward absolute prohibition.

The "Stockholm system" of allowing each citizen only a fixed quantity of spirituous drink, which was inaugurated just after the war started, has now been extended to thirty-one of the 100 districts in Sweden, and according to a government order recently issued, will, after Jan. 1, 1916, apply to the whole of Sweden.

The "Stockholm system," which allows every citizen in good standing in the city to become a moderate drinker, while effectively preventing him from becoming a drunkard, was ingeniously devised by Dr. Ivan Bratt, present director of the system, after all other expedients had failed.

Dr. Bratt has been lauded, condemned, ridiculed and ridiculed, and his work has become the theme of almost daily discussion in the newspapers of Sweden.

But on one point all are agreed. The system works.

In the first place the liquor companies, while directed by private individuals, were practically made government concerns, for all profits were to go to the government. This removed any incentive on the part of the directors to over-

production. It was followed by a careful furnished to hotels, restaurants and public bars.

These places still had a right to as much liquor as they required, but they were allowed profit on only a reasonable amount of trade. If they did business in excess of that amount fixed by the government, they had to purchase this additional supply at reduced prices, and were forced to sell at the same prices. This, it would seem, would have required the zealous effort of hotel proprietors to make their liquor trade as large as possible.

But none of these expedients was successful. The total consumption of liquor was scarcely diminished. The amount of drunkenness in Sweden showed no decrease, and hospitals and medical records were as full of alcoholic delirium and cases of illness caused by alcoholism as before. It was evident that the decrease in the amount of liquor sold at hotels and bars was offset by the increased business done at wine stores, where customers bought as much bottled spirits as they liked and took it home for consumption.

The "book system," which is now in operation, was devised by Dr. Bratt at the beginning of the war. It allowed every citizen in good standing to buy one liter (1.058 quart) and no more of spirituous liquor every five days. To make this plan feasible, each person was provided with a small book resembling a commutation railroad ticket, from which a coupon was torn every time the consumer bought his liter of whiskey, brandy, cognac, punch, schnapps, or whatever kind of alcoholic beverage he fancied.

At the same time, his book was stamped with the date of the purchase, so that it would be clear to the dealer when he made his last purchase. Without showing his book, no citizen of Stockholm has the remotest chance of obtaining a bottle of liquor anywhere in the city. The regulation is rigidly enforced.

It is true that in some cases, however, exceptions are made. If one can persuade the authorities that on account of constant entertainment one liter every five days is totally inadequate, and if the authorities are convinced that such a person can be trusted with more liquor without abusing the privilege conferred upon him, he is then given a special license to purchase two, three or more liters, according to the circumstances.

On the other hand, if the person is a notorious drunkard, has a police record, or has in any other way incurred the displeasure of the authorities, he is allowed no liquor at all. For purposes of ascertaining the standing of the citizen in the community, an elaborate card catalogue system is maintained at the central bureau and all questions of allowing any person more or less than the ordinary amount of liquor are referred to this.

The results of this system are already

remarkable. In 1914, the total consumption of spirituous liquors was only 2,979,882 liters, compared with 5,006,442 liters for the year before. The decrease in 1915 has been even more marked.

64TH BATTALION GOES TO HALIFAX

Eight Recruits Singed for 104th on Saturday

MEETING IN IMPERIAL

W. S. Fisher Tells of Visit to England and Judge Carleton is Heard in Stirring Appeal—News of the Soldiers

As forecasted several days ago in the Times the 64th Battalion is to be sent to Halifax for the winter. Despite repeated assertions from Ottawa that the unit was to be quartered here, it is learned from an authentic source that it is to be taken to Halifax, where there are now two other infantry battalions, together with artillery, naval attaches and men of other units. The New Brunswick men in the 64th are to be transferred to the 104th.

Rev. and Hon. Capt. J. J. McCaskill, 78th battalion is in the city on a short visit from Valcartier. The Honor Roll. Seven men were accepted for service at the Mill street offices on Saturday, while an eighth signed, but has not yet been accepted. The following were: William Donnelly, St. John. William Henry Price, Moss Glen, Kings county. James Nixon, St. John. Charles Weatherhead, St. John. Thomas Phillips, London, England. Frank Wood, St. John. And one other whose name was not disclosed.

At the Congregational church: Napoleon Joseph Landry, of Gardner (Me.), of Canadian parentage. As usual the smoker and recruiting meeting at the rooms, corner of Mill and Union streets on Saturday night was marked by bursts of applause as young men passed up stairs to be examined by the medical officer as to their fitness for overseas service. An orchestra of five pieces provided the music. Lieutenant Peters occupied the chair, and short speeches were made by A. H. Wetmore, M. E. Agar, Mayor Frink, Lieut. Black and A. M. Belding. These meetings are continued every night. One man who was present Saturday evening to be examined was accompanied by his wife.

Sunday Meeting. Last night the Imperial Theatre was again the scene of a large gathering for what are now the regular recruiting rallies. Dr. W. W. White presided and the speakers were W. S. Fisher and Judge Carleton, of Woodstock. During the evening, Miss Val de Penton very nicely sang a solo, "His Majesty the King," for which Miss Beryl Blanch played the accompaniment.

"The British navy is still there, and thank God for it!" (Applause). "Yet if you younger men do not do your duty, the ravens will be the messengers to get to Britain and to Canada. The accumulation of the havoc of war is a pen picture of Belgium today will be a picture of England and Canada if William the Second is conqueror. It is no use to weep for the ruins of Carthage; the job to do is to see that Carthage does not fall into ruins. (Applause). "There is something far more horrible than death, and that is life without liberty and without honor. "Fifteen months ago we declared war on avarice, on rapine, pillage, murder and the claim of man to oppress the weak; we maintain the fight for that today. We declare our unalterable purpose to carry on this war to the very end. "We do not want peace unless it is a peace assuring to us an unbroken human right of liberty for which our forefathers died; it must be a peace."

whose feet rests on a broken sword and on a rusted scabbard. "We cannot temper our devotion to the home land or lessen our fortitude until this thing is ended. "There are men who have got a little wealth under the providence of God in the security of this summer of ours who give ten or fifteen dollars or it may be ten thousand dollars to the Red Cross and think they have done all they should for the cause while keeping their sons at home. Their gifts are only Judas money, the thirty pieces of silver which should they purchase the claim to duty. (Applause). These are the men who are finding fault with the United States for not entering the war on their side; they want the Yankee to sacrifice his son for the Canadian.

It was with such phrases as these that Judge Carleton roused the whole theatre and he closed one of the most eloquent of recruiting appeals by reciting The Sons of the Prairie, a tribute to the returning Canadian. Mr. Fisher gave an interesting and graphic description of recent events in England, saving of local concern. He said that the feeling in England was one of buoyant confidence in the ultimate triumph of the allies, but men were needed to attain success. He and Mrs. Fisher had visited their son Lieut. Don Fisher who had been wounded and is told of the excellence of hospital attendance and the systematic manner in which the details of caring for the soldiers are executed. Judge Carleton, of Woodstock, N. B. spoke of the justice of the war and paid tribute to the glory of British arms and navy. He told of the several times when British had been threatened, but the watchfulness of the British navy had been her safeguard.

Six Travelers Sign. The commercial travelers held a meeting of the board of trade on Saturday night to open the list for recruits for the commercial travelers' company of the 104th battalion. The following men were the first to sign the roll: J. Turnbull, A. C. Tanner, J. V. Keirstead, W. R. Wilson, J. F. Whitely and M. J. Janey. The chairman of the committee stated that these men would not have to give up their work until Dec. 2. Strong speeches were delivered by J. V. Keirstead, A. Kitching, J. LeLocher, J. Knight, F. W. Coombs, J. Turnbull and the chairman. About forty members were present.

Another meeting will be held in the board of trade rooms Saturday evening at 8 o'clock when Lieutenant Colonel Fowler will give an address. There will be a recruiting rally this evening at St. Michaels'. The speakers will be Rev. Dr. Hutchinson, Commissioner Potts and D. Mullin, K. C. E. "The Boys' Rally." Four bands will parade on Thursday evening from different parts of the city to one of the local parks on Thursday night, the grand rally at which Lieut. Col. Fowler, Sergt. Norman Knight and other officers will speak.

A military wrist watch was presented to Charles M. Johnson of the traveling staff of the Canadian Drug Company on Saturday by the company and his fellow employees. He has joined the Siege Battery. A. R. Milson of the staff of the A. E. Reid Co. was the recipient of a wrist watch on Saturday also from his employer and staff. He also has been appointed for service with the Siege Battery. Donald Munro, M. P. P. has been appointed recruiting officer for Woodstock, N. B. district. A farewell dinner was tendered in honor of Charles M. Johnson on Saturday night by Lieut. Colonel Paul R. Hanson formerly of St. John by friends. The dinner was given in the Engineers' Club. He is soon to leave for London to join the Canadian Headquarters Staff. Charles Kenney, of St. John, N. B. has been sentenced to a term of imprisonment in Germany, having been taken a prisoner some time ago. Voluntary System Succeeds. The Earl of Derby in London on Saturday said that his plan of getting troops in large centres means that temptations to intemperance and immorality are greater; and whereas many anxious parents, unwilling to see their sons exposed to such dangers, are holding them back from enlistment; and whereas many of the men composing Canada's volunteer army have already shown that they do give way to such temptations.

Therefore be it resolved that we petition the military authorities and most earnestly request as follows: 1.—That our troops be not quartered in the large centres. 2.—That wherever they may be quartered, there may be prohibition for an area of at least ten miles in each direction from the encampment. 3.—That the military authorities cooperate with the civil authorities in the enforcement of law against all kinds of vice. 4.—That in the selection of military of ficers much emphasis be placed on the moral qualifications of applicants. Copies of this resolution were ordered sent to the leading maritime papers and to the premier and minister of militia.

BAPTIST RESOLUTION ON MATTERS AFFECTING WINTERING OF TROOPS

At the United Baptist Convention of the Maritime Provinces, held in Truro recently, the following resolution was passed: "Whereas the quartering of Canadian troops in large centres means that temptations to intemperance and immorality are greater; and whereas many anxious parents, unwilling to see their sons exposed to such dangers, are holding them back from enlistment; and whereas many of the men composing Canada's volunteer army have already shown that they do give way to such temptations.

Therefore be it resolved that we petition the military authorities and most earnestly request as follows: 1.—That our troops be not quartered in the large centres. 2.—That wherever they may be quartered, there may be prohibition for an area of at least ten miles in each direction from the encampment. 3.—That the military authorities cooperate with the civil authorities in the enforcement of law against all kinds of vice. 4.—That in the selection of military of ficers much emphasis be placed on the moral qualifications of applicants. Copies of this resolution were ordered sent to the leading maritime papers and to the premier and minister of militia.

REDUCE DIVISION OF "PROTESTANT CHRISTENDOM"

Reference in Report at National Council of Congregational Churches in United States

New Haven, Conn., Oct. 28.—At the international Council of Congregational Churches here Rev. William H. Ward reported on the movement toward union with other denominations, saying that a plan of union with the United Brethren and the Methodist Protestants, which has been accepted by a majority of their local conferences, seemed almost certain of adoption at their forthcoming general conference.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with counterfeit names.

AN INTERESTING SALE Ladies' \$10 Coats

BRITISH SINK GERMAN CRUISER; SUNDAY NIGHT WAR CABLES CHEERFUL

Petrograd, via London, Oct. 24--A British submarine, operating near Libau, attacked and sank a German cruiser of the Prinz Adalbert class, according to official announcement made tonight.

The Prinz Adalbert, to which class this craft belongs, is a cruiser of 8,858 tons displacement, was built at Kiel and completed in 1902 at a cost of \$885,000. The armament consists of two 8.2-inch guns, ten 5.9-inch, twelve 3.4-inch, three 1.4-inch and four m. It has a speed of 20.3 knots, and carries a complement of 904 men.

Petrograd, via London, Oct. 24--An imperial ukase issued today authorizes the Russian minister of finance to transact on foreign markets credit operations amounting to 5,500,000,000 rubles, (\$2,750,000,000), and also to issue abroad the necessary treasury bonds in pounds, francs and dollars.

Explaining his plans to a representative of the press, Pierre Bark, the finance minister, said the whole fiscal system of Russia would be reformed on the basis of the income tax, which already had been approved by the Duma, and now was under consideration by the council of the empire.

All taxes, he said, also will be taxed, which will bring into the treasury \$750,000,000 annually.

Schemes for creating tea, sugar and match monopolies are being worked out.

The question of a six per cent. internal loan shortly will be determined, as the Russian money market is rich in resources, the proof of which, said the minister, will be found in the recent official statement that current deposits in private banks had reached the marvelous total of \$2,000,000,000, and that the increase in deposits for the year ending Sept. 1, amounted to \$350,000,000, while the savings bank deposit monthly increase was \$25,000,000.

London, Oct. 25--The Russian forces which landed on the northern coast of Courland proved stronger and more numerous than the Germans supposed, and they have been pushing forward since Saturday morning, according to advices received at Copenhagen, says a despatch from the Danish capital to the Exchange Telegraph Company. The Germans are reported to have retired from several important points.

Owing to the presence of British submarines German naval co-operation

with the land forces in the Baltic is said to be impossible.

Paris, Oct. 23--The official communication issued by the war office tonight reads as follows: "Army of the east: The debarkation of French troops at Saloniki continues and under the best conditions. The French troops who crossed the Greek frontier have formed a junction with the Serbian troops."

Paris, Oct. 24--The official communication issued by the war office tonight reads as follows: "Army of the east: On Oct. 21 our troops had an engagement with the Bulgarians in the direction of Rabrovo. That village, which is fourteen kilometers (approximately nine miles) south of Strumitza, remains in our possession. Our losses were very small."

Nish, Oct. 23, via London, Oct. 24--An official announcement issued today by the Serbian general headquarters staff says: "The Serbian towns of Kumanovo and Velepa have been taken by the Bulgarians."

Udine, Italy, Oct. 23, via Paris--The Italian army is making a general attack along the whole line from Switzerland to the Adriatic.

In the preceding five months of the Austro-Italian war the Italians have been directing efforts against the penetrating of the Austrian territory, and capture of strategic points for the purpose of securing Italy against the possibility of Austrian invasion. In the opinion of the Italian general staff, this has been accomplished, and the war is now entering its second phase.

It is estimated here that the Italians

have taken 25,000 prisoners during the war and have put out of action upward of 100,000 men in all.

Italian losses, including killed, wounded and prisoners, amount to about 45,000, according to official figures, which is the lowest percentage of any of the belligerent nations.

Berne, Switzerland, Oct. 23, via Paris, Oct. 24--General Joubert, of Boer war fame, has arrived here on his way to Saloniki, where he proposes joining the English forces.

The British minister today presented General Joubert to President Mottau.

WOODEN LEG NOT SHOWN IN MOVIES

Sarah Bernhardt Appears on the Films But All Evidence of Lameness Deleted -- May Act on Legitimate Stage Again

New York, Oct. 23--The first acting done by Sarah Bernhardt since the loss of one of her legs by amputation last summer was shown in motion pictures privately exhibited this week at the offices of the Universal Film Company.

The film was a screen arrangement of Tristan Bernhardt's drama, "Jeanne Dore," and was taken in France. It was in this play that Madame Bernhardt was appearing in her theatre in Paris when the trouble with her leg forced her to leave the stage. Madame Bernhardt's role is that of a middle-aged woman, and while she appears a trifle older in the pictures, perhaps, than on her last visit here, otherwise she looks the same wonderful artist of other years. Her great visual charm and her marvellous facial expression are still potent.

The film itself was so arranged before it was sent to this country that all evidences of the actress' lameness, because of her artificial leg, have been deleted. So the film, as it reached America, never shows the actress walking. In every scene in which she appears she is shown either seated or standing and whenever she starts to walk the scene is immediately changed through the devices of the switchback "cut in." Thus the madame rises from a chair and starts to walk across the room to a window, she is seen to rise, then the picture is snapped out for an instant, and when it again

covers the screen the actress is shown at her destination.

The effect is no more confusion than in the average picture. The picture is so focused that the feet of the actress do not show, so there is nothing in the many scenes of the photo drama, which is melo-dramatic in the extreme, that would apprise the uninformed of her lameness.

According to the motion picture people, Madame Bernhardt will never be able to act again on the legitimate stage. The directors who took the film so informed the company controlling the American rights. But William F. Connor, Madame Bernhardt's American representative, denies this and insists she will make an American tour this winter as planned.

"Jeanne Dore" has been announced as one of the new offerings of her repertoire when she arrives. The pictures will be exhibited publicly within the month.

WOMAN HURT BY AUTO IS AWARDED \$3,000

Boston, Oct. 21--Judge Irwin in the superior court has awarded \$3,000 damages to Mary E. Weston of Beverly in her suit against Thomas J. Bowen also called Boyhan, of 1877 Tremont street, for injuries received May 6, 1914, as a result of being hit by the defendant's automobile.

Five of her ribs were broken and she received injuries to her nose and jaw. She alleged the auto was going fast and was not under control. The defendant was defaulted and damages assessed.

TOLD KING OF THEIR ESCAPE

Soldiers Granted Audience at Buckingham Palace -- Got Away From German Camp at Night

London, Oct. 25--An interesting account of the escape from Germany of two prisoners of war, one a sergeant and the other a private of a British light infantry regiment, has just come to light through an audience granted by the king at Buckingham Palace to Sgt. Bilyer and Pte. Haworth.

King George personally questioned the two soldiers at great length regarding their escape. The story told by Sgt. Bilyer was particularly interesting.

Roughly Treated

"It took us just four days and five nights to get free of German soil after we had once broken out of our prison at Westphalia," the sergeant said. "I went to the front with my regiment, the 1st Gloucesters, as soon as the war broke out, and was captured on Oct. 23, 1914, near Ypres. On the way to the prison camp in Westphalia we were pretty roughly treated. One night thirty-three of us were locked in a church and had nothing to eat for more than twenty-four hours. At last they supplied a basket of mouldy bread onto the floor and left us a bucket of water. During the train journey fifty-three of us were crammed into a closed railway van for fifty-six hours. Only once were we allowed to get out, and that for a few minutes. For food we had scraps of bread.

Camp Well Lighted.

"At the camp I made several plans for escaping, but never got a favorable opportunity. I managed to get myself transferred to another camp and there began my plans which have succeeded so well.

"It was not an easy matter. The camp was, of course, surrounded by high barbed wire fencing. On each of its four fronts a sentry was posted, and at night four powerful acetylene lamps lighted up the whole of the camp.

"The great night came. We waited till one of the sentries had his back turned and then wriggled on our stomachs to the fence. I then managed to sever one strand of the fence, and, to my mind, the tang of it made the greatest noise I've ever heard. But the sentry walked on. With beating heart I snipped the second strand. That made an awful noise. Still the sentry walked on. Then we crawled out, free men. I am glad we outwitted that sentry, as he had caused us a lot of trouble.

"We had to crawl for 100 yards before we could get any sort of shelter, and then we moved away as quickly as we could in the circumstances. During the night a compass which I had was a real friend.

A Hard Journey.

"The only food we had was a few biscuits and a little chocolate. Whenever we came near a farm the watch dogs barked. In the nights that followed the dogs always smelt us when we were stealing apples in the orchards. For three days we had no other food but apples.

"It wasn't safe to travel by day. Although we had plenty of tobacco, I had laid it down that there was to be no smoking day or night, and that we were to keep out of the country. The smell of English tobacco might easily put an inquisitive German on our track.

"When we actually crossed the frontier into Holland we were in a pretty bad condition, so cramped with sleeping out in the wet and our feet swollen and bleeding we could hardly stand. The first Dutch farmhouse was a God-send."

SHOT EIGHT BEARS AND THEN WENT TO BREAKFAST

John W. Murray, recently shot eight bears in three days and it was said he was the champion bear hunter of New Brunswick. This is disputed by a resident of Bloomfield Ridge, who tells of a Boiestown man named Joyce having on one occasion shot eight bears before breakfast, using a flint lock musket which had seen service at the Battle of Waterloo.

What Is Your Blood Pressure?

The age of the 40s is a critical period in every person's life. And one of the most common things that make it increased "blood pressure" with its accompanying "hardening of the arteries."

Scientists have fully proven that increased blood pressure is caused by poisonous deposits in the delicate tissues of the arteries. One of the chief agents in this process is caffeine, the poisonous drug in tea and coffee.

"A man is as old as his arteries," life insurance companies say, and the Blood Pressure Test is one of the principal factors nowadays in determining a "risk." How do you stand?

PICTURE PLAYS SUPREME

Interesting List of Great Productions To Be Seen in St. John This Fall and Winter!

A Word To Our Public!

THIS present week our new production of "Picture Plays Supreme" is being inaugurated. Because of advantages existing through close co-operation with sister houses in the larger cities, it is now possible to outline to our patrons the nature of programmes they may expect throughout the coming winter.

No better film-plays are made. money cannot purchase that superior. The most successful subjects, whether it be novel or play, have been chosen, and stars of original casts—people who have made the plays famous—will assume the leading roles as on the real stage.

The Imperial is thus undergoing a transition from an ordinary picture show to that class of house characterized by such theatres as "The Strand, Broadway" "The Regent" the new "Rialto" and other New York palaces, where a price-scale as high as \$2 per ticket rules. These theatres play the same pictures as the Imperial is bringing here, use an orchestra and a few have a Unit Orchestra (organ effect) in addition.

The advent of the world's most notable players to picture ranks in the quality of production, are not only creating a much higher plane of motion picture, but a more expensive grade of film. Nevertheless, the Imperial in St. John will have the unique distinction of surveying a programme equal to the best in America for the lowest prices of admission on the continent among houses using the same quality of programme, namely: 5c and 10c in the afternoon; 10c for 900 seats, and 15c for 700 seats in the evening.

Pictorially, musically, and in modern equipment and comfort, St. John people never before enjoyed the advantages to be found in the Imperial Theatre. It has been a link between a small-city population and the best music and plays of the great centres. The public must have entertainment, and the Imperial's motto has always been "The Best for the Least".

Therefore, as an integral part of the life of St. John, the big new house on King Square promises you a winter of the very best things, something to make the cold season pass more quickly and at no higher cost than you would pay for a poor clear, an ice-cream soda or a shoe-shine.

Policeman Harry Bridgen of Loca Force Gets Sad News From England

Patrolman Harry Bridgen of the local police force today received the sad news of the death of a brother, the second to sacrifice his life since the war started. Last year his half-brother, Private J. C. Stubbins, 2nd Battalion, Queens West Surreys, was killed in action. The letter this morning from his mother, who resides in London, England, merely confirmed the announcement, as she had received it from the War Office, of the death of his second brother, Private J. C. Bridgen, 7th Battalion, Royal Fusiliers, in action on September 29. Private Bridgen had been with this regiment for seven years and went to the front with them early in the war. Last year he was seriously wounded and was sent home, but recovered and returned to the firing line. Policeman Bridgen is now the only surviving son and he is planning to bring his widowed mother out to reside with him here.

CHANGES IN EFFECT FIRST SUNDAY OF NOVEMBER

In St. John the Baptist Church yesterday, Rev. Walter M. Donahoe spoke of the pending changes in pastoral charges and paid a tribute to Rev. F. J. McMurray, who is to be the new pastor. Father Donahoe spoke of him as a priest of noted energy and zeal and spoke for him the same loyal co-operation as had been given all who had had spiritual charge of the parish. As for himself he felt honored by the appointment to the parish of Riverside. Father McMurray will be here for the first Sunday of November.

WOODSLOCK YESTERDAY. Father McMurray announced to his congregation that he had been appointed to the pastorate of St. John the Baptist church, St. John, and next Sunday would be his last at St. Gertrude's church.

LETTER FROM TRENCHES OF 26TH

Mrs. W. R. Napier, 118 Duke street, received a letter this morning from her son, Earle, of the 26th. He told about the first three nights he was in the trench. "They had to sit there all night in a violent rain storm, while the bullets swept over the parapet above, but did not mind it."
The big shells, he said, make an awfully bad noise when they are falling through the air. During his turn in the trenches he had one very narrow escape. A bullet passed through the loophole within an inch of his head. The Germans, he said, frequently shouted compliments from their trenches to them and they gave it back to them. The compliments which they passed were hardly to be taken seriously, he said, "I am glad you think the way you do about me being here for we are up against something serious."

CITY LEAGUE FORMED AGAIN

At a meeting of local bowling enthusiasts in Black's alleys, on Saturday evening the city league was reorganized. Seven teams have entered and there is room for another if notification is sent to the management of the alleys before the last of this week. The teams and their captains are—Ramblers, Allan Beattie; Sweeps, Harry Sullivan; Nationals, H. C. Oliver; C. P. R., L. MacLaren; Specials, T. L. Wilson; Tigers, C. Lunney; Wanderers, E. Logan.

It was decided to adopt the same rules as last year; also to start the league on Wednesday evening, the champion Ramblers and the Sweeps at the attraction.

The schedule for this week follows: Wednesday—Ramblers vs. Sweeps. Thursday—Nationals vs. C. P. R. Friday—Specials vs. Tigers.
The two highest scores made on Saturday were T. L. Wilson, 181; T. Cosgrove, 138.

"Amazone"

It's a word that means a great deal to many women. Never heard of it? Well, perhaps, you would if you had been a reader of newspaper advertising.
It is one of the words that signify a new note in Parisian millinery—a note that echoes the vital part women are taking in war's work.
Reading the advertising in a live newspaper like The Telegraph and Times is part of the day's education.
