THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, FEBRUARY 4, 1922

### 35,000,000 IN RUSSIA STARVING, DECLARES MACKIE

Of Number 10,000,000 Have or Will Have Died, and Urgent Appeal is Made For Financial Aid.

Ottawa, Feb. 3.—"There is nothing so terrible as the Russian famine in the annals of European history," said Colonel Herbert J. Mackie, president of the Canadian committee of the save the church fund, in a statement issued to-night.

"The famine in Russia is due to drought," Colonel Mackie proceeded, "it is reducing 35,000,000 to an appalling condition. Millions are dying, the survivors are fleeing from the famine area last autumn, in search of bread or even grass to eat. But the whole territory along the Volga river for a thousand miles and several hundred miles across, had been parched into an arid desert. The fugitive peasants fled by the wayside in many instances, leaving orphan children to wander on in search of roots, the bark of trees, or the bones of dead animals to gnaw. Winter conditions similar to the climate in Canada would seem to be striking down the peasant families as ruthlessly as though they were being consumed in a forest fire. There is nothing so terrible as the Russian famine in the annals of European history."

"However, much the outside nations to the rescue, it is a conservative estimate to say that the famine victims will number 10,000,000, mostly children, before the next harvest comes. But millions can be saved, and the Canadian committee of the save the children fund is appealing to the great heart of the Canadian people to give quickly and generously, so that some of Canada's abundance can be shipped on Canadian ships to the distributing points in Russia."

"The dominion government is wholeheartedly encouraging this relief movement. The British save the children fund is feeding 250,000 children and the saving work is being done with such efficiency that it costs only twenty-five cents per week to feed a child. A donation of ten dollars will feed four children till the severe winter months are over. For \$200, a fine kitchen can be established to care for a hundred children for twenty weeks."

### QUEBEC HEARS A RAILWAY RUMOR

Quebec, Feb. 3.—The Quebec Chronicle will publish the following in tomorrow's issue:

"Interest in the railway situation has been revived by the action of the Montreal press in issuing advice to the Hon. Mr. Kennedy, minister of railways, in connection with his tour of inspection of the Canadian National Railway system."

"It is rumored in local railway circles that an Anglo-Canadian company with a powerful backing has already been organized and is seeking to acquire the Canadian National Railway property, including the Grand Trunk. It is even said that the Duke of Devonshire, former governor-general of Canada, is one of those directly interested in the project, the Canadian end of which is being handled in Montreal."

### THE PARTIES WILL HOLD CONFERENCE

Ottawa, Feb. 3.—Preliminary arrangements have been made for a conference of party representatives in Ottawa next week to determine the important questions of seating in the next house.

Prior to every session, the question comes in more or less for discussion between party whips. But this year, with the house divided into three parties and the government slightly outnumbered by Conservatives and Progressives combined it has added interest.

Liberals and Conservatives will, of course, change sides. It is the attitude of the Progressives who, in the new parliament, will number sixty-five members, which is arousing the keenest speculation. Advices to hand here indicate that Progressives, while maintaining their identity, will take their seats to the left of the Speaker, on the opposition side of the house.

The question of leadership of the official opposition is also likely to come in for some preliminary discussion next week.

While there is every probability that the annual salary of \$10,000 will go to Right Hon. Arthur Meighen, the question of designation of such a leader still remains for determination.

Appointment of party whips also remains. Names suggested as probabilities are:

### WAY CLEARED FOR DEBT REFUNDING

Washington, Feb. 3.—Congress finally cleared the way today for the opening of negotiations looking to the refunding of the \$11,000,000,000 foreign debt of the United States under the terms of the house, by an overwhelming majority agreed to the senate amendments to the refunding bill and the measure was sent to the president, who is expected to approve it.

While plans for conducting the negotiations with the debtor nations have not yet been formulated, it was said today in informed quarters that they probably would be conducted both in the United States and abroad. There has been some discussion of a general conference of representatives of the United States and the principal allied powers to discuss the whole subject of the war debt of those nations.

Those favoring this plan have argued that it was not to be expected that the debts owed the United States which had been refunded without reference to the debts owed among the allied powers themselves.

In this connection it has been pointed out that Great Britain advanced to its dominions and allies, including France and Italy, approximately \$9,000,000,000, while France loaned nearly \$3,000,000,000 to its allies, principally Russia and Italy.

### FORMER ST. JOHN WOMAN MORE THAN A CENTURY OLD

The story of a former St. John woman who has passed the century mark is told by the Calais correspondent of The Barrier News, as follows:

The oldest woman in Calais is Mrs. Matilda Wallace, widow of John Wallace, who is over 100 years of age, having been born Dec. 14, 1822. She makes her home with her daughter, Mrs. Margaret Kelley, Lafayette street. Mrs. Wallace was born in the Annapolis Valley, Nova Scotia, where she lived for twenty-four years. At the age of twenty-two, she married John Wallace, a widower with two children. They moved to St. John where they lived for twenty-two years and then moved to Calais, where they made their home.

Thirteen children blessed their home, but only one survived. She has made her home with her daughter ever since the death of her husband thirty-seven years ago. There are twenty-eight great-grandchildren of whom seventeen live in St. John (N. B.).

### 1921 OIL OUTPUT MADE NEW RECORD

Production of United States Wells Estimated at 469,369,000 Barrels—Value Put at \$753,300,000.

Washington, Feb. 4.—World production of petroleum in 1921 is preliminarily estimated by the United States Geological Survey at 900,000,000 barrels, compared with 893,000,000 barrels produced in 1920. Production of petroleum in the United States in 1921, as indicated by the quantity transported, usually produced by the companies, according to company reports to the survey, amounted to 469,369,000 barrels, representing an estimated value at the wells of \$753,300,000.

These figures will be increased somewhat by the quantity of petroleum consumed for fuel on the seas and by the net change in storage held on producing properties at the beginning and end of the year, when results of a canvass of the many thousand producers are available. This is the greatest quantity ever produced in the United States in any one year and represents an increase of 26,227,000 barrels over 1920 and is more than double the quantity produced in the United States in 1912. In 1920 the domestic production of oil transported from producing properties was 443,462 barrels, but its estimated value at the wells was \$1,090,000,000. Imports of crude oil into the United States during 1921 amounted to 128,407,000 barrels, compared with 106,174,000 barrels in 1920 and with 62,822,000 barrels in 1919, corresponding, respectively, to 27, 24 and 14 per cent. of the domestic production of the past three years.

Exports of crude oil during 1921 amounted to 6,940,000 barrels and during 1920 to 5,737,000 barrels.

Consumption for the Year.

Deliveries to consumers of domestic and imported crude oil during 1921 amounted to 328,477,000 barrels, compared with 330,474,000 barrels in 1920. Consumption for the year just ended therefore amounted to 55,708,000 barrels more than the country produced.

Stocks of crude oil increased 60,599,000 barrels during the year, as follows:

Net pipe line and tank farm stocks—California, 42,142,000 barrels; gross pipe line and tank farm and producers' stocks in California, 13,339,000 barrels; stocks of Mexican petroleum held in the United States by importers 6,098,000 barrels.

In Dec. 31, 1921, stocks of crude oil, exclusive of lease storage and of stocks at refineries, amounted to 18,859,000 barrels, equivalent to 11.9 days' supply at the current rate of consumption. On the last day of 1920 similar stocks, equivalent to 12.29 days' supply.

The year opened with record prices—\$10 per barrel at the wells for Pennsylvania grade and \$3.50 per barrel for Oklahoma-Kansas grade, which had advanced to \$11.50 per barrel in spite of rapidly increasing stocks. Soon after the beginning of the year, however, the price of Pennsylvania grade had declined to \$2.25 a barrel and Oklahoma-Kansas grade to \$1 a barrel. These low prices held until the rate of rapidly

### One Million \$1.00 Packages Of Genuine Yeast Vitamine Tablets To Be Given Away Absolutely FREE

as explained below to prove to you what they will do—Every Reader of this Paper is Entitled To This Great Free Offer for Five Days

This Will Often Quickly Help You Increase Your Strength and Energy, Put On Pounds of Good Firm Flesh and Round Out Your Face and Figure If You Are Weak, Thin or Emaciated Due to Causes Explained Below

HUNDREDS of thousands are taking Yeast Vitamine—They may be just what you need to increase your weight and energy and give you that good firm flesh which you may have so long desired. The fact that you may have taken Yeast Vitamine Tablets, mixed with drugs, without obtaining results would not prove that our Genuine Yeast Vitamine Tablets (pure and unadulterated) would not help you.

A small tablet which contains drugs might not contain a sufficient quantity of Vitamine to do you much good. Therefore, no matter what you may have tried without obtaining results, we advise you to get a free \$1.00 package of our Genuine Yeast Vitamine Tablets from your dealer today. Try them for ten days and watch the results.

Investigations of the Medical Research Committee (composed of eminent physicians and scientists) would seem to show that no matter what quantity of food may be taken, if such food is deficient in Vitamine, you gradually lose flesh and become thin and weakened, while a much smaller quantity of food, rich in Vitamine, quickly produces good firm flesh, and increases weight, strength and energy, provided your food contains a sufficient quantity of oxygenated organic iron to enable you to assimilate your food properly. Without organic iron both food and Vitamine are absolutely useless, as your body cannot change inert, lifeless food into living cells and tissue unless you have plenty of organic iron in your blood.

Blood examinations by physicians all over the country have shown that an excess of iron in the blood is a common cause of a thin, emaciated, weak and run-down condition and it is for this reason that thousands of people may take "Iron" without obtaining results. It is not the fault of the Vitamine, but it is the fault of the iron. Organic iron takes an extra form from your lungs. This oxygenated iron from the lungs is what you need as it is absorbed into your blood, like iron units with coal or wood, and by so doing it creates tremendous power and energy in your body. Therefore, in nearly every case where Vitamine is necessary, it is also necessary to have plenty of organic iron in your blood.

At last the problem was person whose blood is deficient in this iron-like element. If after making the above test you do not receive all and even greater benefits than you expect, the manufacturers will promptly refund your money.

WOMEN WHO ARE SCRAWNY AND ANGULAR in appearance or who have hollows in the neck or sunken, flabby tissues will find that there is nothing like good firm flesh to round out face and figure and give a youthful appearance.

WOMEN WHO ARE THIN OR EMACIATED, with weak, flabby muscles, should try adding a few additional pounds of good firm flesh and see what a remarkable transformation it will quickly make in their appearance.

These Vitamine Tablets, which contain Vitamine, iron, potassium, sodium, calcium, phosphorus, and other essential elements, will give you a new lease on life. They will give you a new lease on life. They will give you a new lease on life.

however, several important new pools were opened up, among which were Haynesville, La., El Dorado, Ark., Burbank, Okla., and Pierce Junction and Mexia, Texas, and extensive new developments were made in the Elk Hills and Huntington Beach, Cal.

The strike in the oil fields of California cut down the production of that State, which nevertheless produced a record output of approximately 114,000,000 barrels. Oklahoma also established a new record, for almost 114,000,000 barrels were reported as removed from production the two states cannot be established, officials say, until the final figures are received.

Texas also produced more than 100,000,000 barrels and in December, as a result of developments at Mexia, ranked first among the producing states.

The new year began with production, imports and stocks the greatest on record, and with consumption not much below its peak, but yet insufficient to prevent a continuous addition to stocks.

### Speak for Yours Now

If you want delivery in March or April get your reservation into your local Ford Dealer's hands now.

The return to common-sense buying—the spirit of economy that prevails today—indicates an unusual demand for Ford Cars.

THE INTERCOLOONIAL

The maritime provinces have "got in to the news" in the press of the other provinces as a result of the visit of this week's delegation to Ottawa and what the members said while there concerning the railway situation as it affects the people down by the sea.

THE RIGHT TIME TO BOOST

About five hundred representative business men of Toronto met one night last week and subscribed \$16,400 per year for three years to boost Toronto. The work is to be done by a publicity bureau. Here is the programme:

THE WHITE GARDEN.

Snow in thy garden, falling thick and fast. Snow in thy garden, where the grass shall be!

Love in thy garden boweth down his head. His tears are falling on the wind-piled snow;

Death in thy garden! In the violent air That sweeps thy radiant garden, thou art still!

Night in the garden, white with snow and sleep— Night rushing on with wind and storm toward the garden holdeth nothing sweet, Nor sweet can come again, and thou art dead.

IN LIGHTER VEIN.

Some naval officers were discussing in their mess the great battleship question. The more sober, middle-aged men were inclined to think that the value of the battleship had been impaired by the vogue of the submarine.

Smith bought a business through an agent as a going concern. After six months he failed, but took his trouble very lightly. The agent some time later said:

Resenting it. Twitter—I hear your wife doesn't allow you to open your mouth in the house.

REPORT THEM.

The daily list of murders, shootings, stabblings, or affrays in the Canadian cities portends a gloomy future. Toronto and other large cities that are natural centres for the less alien criminal suffer severely from it.

SPAIN SENDS MORE THAN SHE BUYS

Trade Balance With United States in Her Favor for the First Time in Many Years.

Madrid, Feb. 4.—The trade balance between Spain and the United States in December favored Spain for the first time in many years. The chief cause of this change was the increased demand in the United States for Spanish olives, olive oil, nuts, fruits, cereals and herbs, while Spaniards were unable to import much from the United States to the end of last year in consequence of the high value of the dollar.

The Spanish government, which has completed revision of the tariff, intends to avail itself in the future to a much greater extent of the system of ad valorem duties, and to this end proposes establishing an office in Madrid for fixing values instead of replying to consular invoices.

Some items of the new tariff of duties on exports in the United States. Automobiles, since the cabinet's further revision of duties, stand at 20 per cent ad valorem for cars valued below 20,000 pesetas, and 35 per cent for those above that sum.

Some items of the new tariff of duties on exports in the United States. Automobiles, since the cabinet's further revision of duties, stand at 20 per cent ad valorem for cars valued below 20,000 pesetas, and 35 per cent for those above that sum.

Philadelphia, Pa., Feb. 3.—A short, stocky man with a swarthy complexion and a heavy nose, wearing a blue suit, Drexel Hill, knocked Mrs. Rawley unconscious, ransacked a desk and escaped with a confidential report on an army airplane radio telephone.

FOREIGNER GETS AWAY WITH ARMY SECRET PAPERS

Knocks Officer's Wife Unconscious and Takes Confidential Report on Radio Phone.

Philadelphia, Pa., Feb. 3.—A short, stocky man with a swarthy complexion and a heavy nose, wearing a blue suit, Drexel Hill, knocked Mrs. Rawley unconscious, ransacked a desk and escaped with a confidential report on an army airplane radio telephone.

Mr. Rawley, a first lieutenant in the United States Signal Corps Reserve, was formerly military attaché at the American Embassy in Mexico. He is believed to be in the hands of the intruder, who appeared ten minutes after Mr. Rawley had left for his office.

As soon as she was able to do so, Mrs. Rawley telephoned for her husband and he hurried to the house. He said that although the report was confidential, its military value was not important.

The man must have been watching Mr. Rawley's movements closely and apparently he took his opportunity when Mr. Rawley left the door open. He fell unconscious and the robbery followed.

There were money, jewels, and silverware in the house, but nothing but the radio telephone was taken.

As soon as she was able to do so, Mrs. Rawley telephoned for her husband and he hurried to the house. He said that although the report was confidential, its military value was not important.

CONFERENCE ON FREIGHT RATES

Delegation from the Maritime Provinces is Going to Ottawa.

(Halifax Echo)

H. R. Thompson, secretary of the Maritime Branch of the Canadian Manufacturers' Association, arrived in the city yesterday to confer with Hon. R. E. Finn regarding the final steps of a freight rate conference.

CLEANED OUT CELLAR.

Windsor, Ont., Feb. 4.—More than 30,000 worth of imported liquors, including six ten-gallon kegs of whiskey, two cases of rum, and three cases of Benedictine, was stolen this week from the residence of Frederick J. Kirsh of Riverside, seven miles east of Windsor. Kirsh is wintering in California.

During the months of January, February and March our stores will close at one o'clock on Saturday.

TRUE BRITISH SAILORS

The tribute paid last night to the men of the Melmore Head by the local branch of the Navy League, was a happy thought, and President Armstrong and his associates are to be congratulated. The suggestion by some of the speakers that special recognition of their heroism by the British and Norwegian governments which is a fitting mark of appreciation will doubtless be brought to the attention of those governments. These men showed the same gallantry and disregard for their own lives in saving others that has characterized them to whom the highest honors have been paid. One has but to visualize the mountainous sea, the driving storm of hail, and the small life-boat battling with the waves in imminent danger of destruction, while the men, exhausted, but never giving up while a life could be saved, to appreciate their courage and devotion. Such deeds shed lustre on the mercantile marine, and have said that an attempt is being made to drive the people of Ulster from under the British flag, he makes an assertion wholly unwarranted by the facts. If Ulster entered the Irish Free State it would still be part of a British commonwealth. Following the conference over the boundary question there are some heated remarks on both sides, but that is no evidence that the north and south will not eventually find a way out. They have to go on living together and each is essential to the other. In the present controversy each will make demands which to the other will seem excessive, but each will also see the wisdom of compromise rather than a state of war. It is now up to the people of all Ireland to settle their differences. They can do it by getting together in an atmosphere from which mutual suspicion and distrust have been removed. Both Craig and Collins are men of great ability, and the rest of the Empire is looking to them to display that broad statesmanship which will bring unity and prosperity to Ireland.

IN IRELAND

If Sir James Craig said, as he is reported by the London Morning Post to have said, that an attempt is being made to drive the people of Ulster from under the British flag, he makes an assertion wholly unwarranted by the facts. If Ulster entered the Irish Free State it would still be part of a British commonwealth. Following the conference over the boundary question there are some heated remarks on both sides, but that is no evidence that the north and south will not eventually find a way out. They have to go on living together and each is essential to the other. In the present controversy each will make demands which to the other will seem excessive, but each will also see the wisdom of compromise rather than a state of war. It is now up to the people of all Ireland to settle their differences. They can do it by getting together in an atmosphere from which mutual suspicion and distrust have been removed. Both Craig and Collins are men of great ability, and the rest of the Empire is looking to them to display that broad statesmanship which will bring unity and prosperity to Ireland.

The people of New Brunswick of all parties will extend sincere sympathy to Hon. J. E. Hetherington, who is ill in Baltimore, and wish him a speedy restoration to health.

The Quebec Chronicle prints a most improbable yarn about a big new company organized to take over the government railways. Government ownership is to get a fair trial, and anything to the contrary is unworthy of belief.

Of 198 cases before the Halifax police court in January, only sixteen were for drunkenness. Apparently in Halifax they believe in law enforcement.

The terrible conditions in Russia under the rule of Lenin and Trotsky continue to furnish tales of horror unrivaled in modern history.

NO HALF MEASURES

Regarding the effort to separate amateur from professional sport in the maritime provinces, a Nova Scotia writer on sporting topics says: "Everybody will admit that the clean-up is a good thing, and will respect the attitude of Mr. Covey in attempting it, but when it comes to using methods that are not in accordance with the ordinary idea of justice in vogue throughout the Empire, then we say that fair-minded people will not support them, and if not supported by fair-minded people they will fail, and amateurism in the Maritime Provinces will be shaken to its foundations. Let us have a clean-up if it is necessary, but not a clean-out!" Inasmuch as charges are made in affidavits affecting the standing of one hundred and seventy athletes, it may fairly be assumed that there are others who have been influenced by the assertions made by so many of these sporting writers that "everybody is doing it" and have lost their amateur standing. When measures are called for, and no amateur who has come clean will hesitate for one moment to take the required affidavit. As to the rest, President Covey and his colleagues are not responsible for their situation. There is plenty of good amateur material, and for the sake of the boys and the future of clean sport in these provinces there must be a clean-up, and to some extent a clean-out. We must not lose sight of the fact that most of the protests come from those who have sacrificed their amateur standing, and from their friends. This would be out of the game in a few years in any event, and we have to consider those who are coming up and who should be trained to be as conscientious in their sport as in anything else in their lives. The St. John athletes clubs are behind Mr. Covey. The Times believes similar protest will be given him in other centres in the provinces to the end that a fresh start may be made with the ugly features of the sport of the last two or three years eliminated.

PORTLAND EPWORTH LEAGUE.

The Epworth League of the Portland Methodist church had an interesting meeting last night in the Y. M. A. Hall. Miss Harriet Wright, the president, was in the chair and the scripture portion was read by Miss Marie Tower. The motto of the League, "Look up, lift up, for Christ and the Church" was the theme for the programme. William Leck spoke on "Lift up." Miss Nan MacDougal spoke of "Look up." Robert Maxwell for his theme took "For Christ" and the remaining words of the motto, "and the Church" formed the subject of Frank W. Merrill's address. Miss Mabel Rowley sang a solo which was very well received.

MARK TWAIN STORY.

The famous American humorist once edited a paper, and in answer to a subscriber who told him that he had found a spider in his copy and asked if it was a lucky sign, replied: "Finding a spider in your paper was neither good luck nor bad luck for you. The spider was merely looking over our paper to see which merchant is not advertising so that he can go to that store, spin his web across the door, and lend a life of undisturbed peace ever afterwards."

RECENT DEATHS

George W. Welling. Shediac, Feb. 3.—(Special)—George W. Welling, one of the oldest and most highly respected residents of the parish of Shediac, passed away at 11 o'clock last night at his home at Shediac Cape. Although eighty-seven years of age, Mr. Welling had been in good health until a short time before his death. Mr. Welling was born in the house where he died, the son of the late William Welling. His paternal grandfather was of Welsh descent and a resident of New York state up to the time of the revolution when he joined the Loyalist movement and settled on the site of St. John city, afterwards going to Prince Edward Island and later to Shediac, in which parish he was the second English-speaking settler. In his young days, Mr. Welling went to sea, making one trip across the Atlantic. Retiring from the sea he took up farming and stock-raising on the old homestead, where he had resided since in religion he was a life-long member of the Church of England, and for several years was warden of the Church of St. Martin-in-the-Wood. He was a Liberal in politics. He is survived by his wife, formerly Miss Eliza J. Hall of Penobscot, and four daughters, Mrs. Frederick Tracey Hubbard of Brooklin (Mass.); Mrs. Frederick H. Glasby, Miss Orna F. Welling of Cambridge (Mass.), and Miss Eula E. Welling, of Chicago; and a sister, Mrs. H. N. Cannon of Shediac Cape. His daughters were present at the end, with the exception of Miss Eula. Also surviving are five grandchildren and several nieces and nephews. Arrangements for the funeral have not been perfected. In St. John on Wednesday Thomas H. Porter, of Fredericton, died, aged sixty-nine years. He is survived by his wife, one son, Byron, of St. John; one daughter, Miss Jessie Porter of Fredericton, and one brother, Frederick Porter of Centreville. In Fredericton on Wednesday, Mrs. Frances Coleman, wife of Fitzjames Coleman, died, aged fifty-two years. She is survived by four daughters, Mrs. Lawrence Veneau and Misses Ellen, Kathleen and Annie at home; two brothers, John and Walter O'Rourke, and one sister, Mrs. Michael Rourke, all of St. John's, Newfoundland.

GIRL AND NEW COP TOO MUCH FOR ROBBERS

New York, Feb. 4.—A diminutive girl cashier and a police recruit on his second day of Broadway patrol yesterday frustrated the attempt of two hold-up men to snatch a payroll of \$785, and landed a badly slapped and scratched prisoner in the police station after an exciting chase in Thirty-ninth street and Broadway. One would-be robber escaped, but only \$22 of the payroll was lost. "I guess I slapped and scratched the guy silly," said Miss Laura Latin, the 28-year-old cashier, as she counted out the payroll for the employees of Radium & Neidoff, music printers, of 225 West Thirty-ninth street. "He tried to tear the package of money out of my hand-bag and he ripped the sash of my coat. Then I started something. I wasn't going to let the big stiff get away with that stuff. He was a big boy, but I swung on him from the shoulder. Yes, I scratched too, and then he let go and started to run. The cop nailed him though."

A BRIDE'S RECEPTION

Halifax Echo.—One of the prettiest and most largely attended receptions of the season was that given by Mrs. T. M. Sieniewica (formerly Miss Elizabeth

MURRAY & GREGORY, LTD.

Dobson of St. John, No. 16 Westminster Apartments, who received yesterday afternoon for the first time since her marriage. A profusion of yellow daffodils made the rooms very bright and pretty, and the tea table was effectively and artistically arranged. Mrs. Sieniewica was wearing a becoming gown of grey satin and was assisted in receiving by Mrs. K. Carstairs Arnel, who was gowned in brown velvet. Mrs. A. N. Bayne, wearing a gown of black satin, presided over the tea table and among those serving were Misses Alice and Brown Wick and the wife of Kentville, and Miss Harriet Lindsay. The door was opened by Dr. Sieniewica's little sister, Miss Helen Sieniewica.

SPLENDID WORK FOR MONCTON CHILDREN
W. F. Wheeler, who last year was secretary of the Children's Aid Society of Moncton, has been elected president, on the retirement of D. A. McBeath, to whose services in office warm tributes of appreciation were given. Frank M. Dayton is the new secretary. Mr. McBeath had been president for three years, and in his address to the board described the children's shelter as one of the great assets of the city. Secretary Wheeler's report said: "From the inception of the society in 1919 to 31st January, 1922, fifty-eight children have been taken under the care of the society, of which number twenty-nine were girls and twenty-nine boys. At the present time there are twenty-six children—ten girls and sixteen boys—being cared for in the Home. During the year two boys and five girls have been sent out from the Home for adoption, and three boys were taken back by their mother. Twenty-two of the children are attending school. The health of the children during the year has been excellent. A few of the children were sent to the hospital for minor surgical treatment, principal for removal of adenoids. The children attending school have shown close attention to their studies and have a high standing in their classes, many of them being at the head of their class on many occasions." Great praise was given to the superintendent, Miss Margaret P. Wilson; her

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, FEBRUARY 4, 1922

A TRIBUTE TO MEN WHO RESCUED MOD SURVIVORS

Crew of Lifeboat Which Effected Gallant Rescue Guests of Honor at Dinner in Union Club Arranged By Navy League Will Be Recommended for Albert Medal.

"I cannot think of anything nobler than the action of these men when we are honoring tonight, for when their captain called for volunteers, he found men—real men—who were willing to step in and rescue their fellow men from a watery grave. It is little that we can offer to them when they come ashore," declared Mayor E. A. Schofield last evening, the occasion being a delightful informal dinner in the Union Club... Captain Butt.

Mayor. "In conclusion, I want to repeat that I am glad to be here and to offer to these men the honor of the Albert Medal. It is a privilege to be present at this dinner, and I am proud of Ireland tonight." (Laughter and applause.)

An interesting fact about the rescue party is that every man of it is an Irishman. Besides these, the following were invited: Chief Engineer C. McCure, K. J. MacRae, Norwegian vice-consul, Col. E. T. Sturdee, Captain A. J. Mulcahy, H. C. Schofield, C. B. Allan, H. J. Evans, W. Brindle, A. M. Belding, E. Turcot. Only two toasts were honored, the King and Our Guests, the latter proposed by the chairman and responded to by Captain Butt.

The editor of the Evening Times, A. M. Belding, speaking for the press, said that he appreciated the honor done him by inviting him to be present at the dinner. "Captain Butt has, doubtless, been worried more or less by the press because it is a bad habit with the press to dig up the man who has the news, but it is seldom that our local press has the privilege of telling a more thrilling story of heroism than this." These men had nobly upheld the traditions of the British navy by going into the jaws of death for the sake of their fellowmen.

recommending to the British government that the men be given the Albert Medal for their gallant rescue. Other Speakers. H. C. Schofield, treasurer of the local branch of the Navy League, heartily endorsed Col. Sturdee's suggestion and said that the matter would be attended to. Captain A. J. Mulcahy, speaking as an Irishman and an Irishman, said that he was proud to see the men who had saved lives.

MEMORIAL HOME NEEDS ROOM FOR MORE CHILDREN The second annual meeting of the board of directors and subscribers of the Memorial Home for Children was held last night in the Market building.

The board of health had limited our capacity to thirty-one and at the present time we are slightly in excess of that number, but the cases were so urgent that something simply had to be done to relieve those in distress. "The dining room in the new wing is completed and has been in use for some months and we hope that the assistance of an ever generous public will enable the executive to complete this wing and thus provide additional accommodation for at least thirty more children."

DYE SKIRT, COAT DRAPERIES WITH "DIAMOND DYES" Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new.

PLANNING FOR THE Y. W. C. A. CAMPAIGN

The organizers of the Y. W. C. A. building campaign are working carefully and with a great deal of encouragement, for the meeting of men to be held next week to consider the furthering of the building project. Personal interviews have been had with some of the men whose interest the organizers are seeking and these interviews have been most encouraging to the workers. The men have promised to attend the meeting and to bring their friends also.

H. Crowfoot, the directorate is composed of the officers and the conveners of the standing committees. A committee of five was appointed to name the standing committees and this nominating committee was composed of Dr. James Manning, Mrs. Joseph Taylor, Mrs. H. A. McKeown, Mrs. T. A. Abraham, H. Usher Miller and H. C. Lawton.

CONFESSES, Pays \$40 of Fine Will Bring Rest, Be Good St. Thomas, Feb. 4.—John Sprague, an old resident of the city, visited the Police Court and pleaded guilty to the charge of keeping a common gambling house. He was fined \$40 and costs, with the option of spending three months in the County Jail. Sprague gave the court \$40, and promised to return in two weeks with the remainder and to give up his bad habits.

WIN This Real-Gasoline Auto for Boys and Girls \$150.00 other Prizes SOLVE THIS PUZZLE

HOW TO SOLVE IT Each figure represents a letter. The number in each square indicates the position of that letter in the alphabet. For instance, 16 is the 16th letter of the alphabet, which would be represented by the figure 1, because it is the first letter of the alphabet. The word indicated by the figure 1, and so on. Look at the figure 16, the first square. It represents the letter 'P'. It has twenty-six letters of the alphabet. Now get a pencil and paper, and write the letter 'P' in the first square. Now get a pencil and paper, and write the letter 'P' in the first square. Now get a pencil and paper, and write the letter 'P' in the first square.

DEBATE POSTPONED. The debate which was to have taken place tomorrow afternoon between the Knights of Columbus and the Y. M. C. I. on the question of public as against private ownership and operation of public utilities has been postponed for a week.

**LOCAL NEWS**  
**GIRLS IN LEAD.**  
There were twenty births in the city during the week, nine boys and eleven girls. Only two marriages were performed during the week.  
**NOT THIS MAN.**  
Ernest Doucette, whose name figured in the police court today, was not Ernest H. Doucette of the Eastern Electric Co., Ltd., 46 Mill street.  
**BUSINESS INQUIRY**  
The secretary of the Board of Trade has received a communication from a firm in Alberta asking the names of tea and coffee importers in this city.  
**BILLS COMMITTEE**  
A meeting of the bills committee of the municipal council has been called for Wednesday morning at 10.30 o'clock to consider legislation which is proposed for the coming session of the provincial house.

**DEBATE POSTPONED**  
It was announced today that a debate between the Y. M. C. I. and the Knights of Columbus on the question of private and public ownership and operation of public utilities scheduled for tomorrow afternoon has been postponed until next Sunday.  
**NOT FOR MAYOR**  
Commissioner Bullock said this morning that a story was in circulation to the effect that he would be a candidate for the mayor's chair at the coming civic election. He said that he was in the field for his present position of commissioner.  
**DEATHS NUMBER 26.**  
There were twenty-six deaths in the city during the week from the following causes: Pneumonia, four; old age, one; and premature birth, three each; uraemia, meningitis, broncho-pneumonia, two each; paralysis, encephalitis, endocarditis, heart failure, cerebral hemorrhage, nephritis, icterus neonatorum, one each.

**NOT HER SON.**  
In a marriage notice in the Times recently it was announced that Miss May Alexandra Dunphy of Stanley was married to Charles Warren Merrill, son of Mrs. Glen Belyea, of Elm street. Mrs. Belyea informed the Times this morning that she had no sons and therefore the announcement, so far as it concerned her was not correct.  
**FERRY EXPENSES**  
Commissioner Bullock said today that he was engaged in preparing data with the reduction in the cost of operation of the Carleton ferry in view. Amongst the matters which he is taking into consideration is a proposal to substitute fuel oil for coal power and also the selling of the ferry steamer Ludlow and the obtaining of a vessel more economical in operation.

**A LONGSHOREMAN'S VIEW.**  
A longshoreman hailed a Times reporter this morning to say that there was quite a difference between the drop in longshoremen's wages and in the wages of city employes. The latter, he said, were reduced only twenty-five cents a day, while those of the longshoremen were down about \$1 a day, with a further far from plentiful. He said it did not strike him as a satisfactory comparison, and something ought to be done about it.  
**MRS. LYLE S. MACGOWAN**  
Many friends will be sorry to learn of the death of Mrs. Lyle S. MacGowan, wife of Lyle S. MacGowan, of this city, which occurred this morning in Vermont, aged 55. She was the daughter of Mr. and Mrs. F. A. Goodwin. Besides her husband and parents, she was survived by an infant daughter; one brother, Harold E., and one sister, Wilhelmina L., both of St. John. The funeral will be held Monday afternoon at 2.30 o'clock from her late residence, 220 Duke street.

**LOOKING FOR RELATIVE.**  
The mayor has received a letter from George H. Murray, 108 South Winooski street, Burlington, Vermont, asking for information regarding a relative, William H. Murray, whom he has been unable to reach by mail. He believes he is in St. John and wishes to send him particulars regarding a death in the family. He is described as tall and slim, 5 feet 10 in height, about forty years of age and sandy complexion. He is a candy maker by trade and can also repair furniture.  
**THE BOY SCOUTS.**  
The weekly meeting of the 1st St. John (Knox) Troop was held on Friday as usual. The Court of Honor has adopted a programme for the ensuing months which so far has worked exceedingly well. Each night has a special item set aside, one night badge study, etc., and the next night Scout games and basketball. In the way of troop gets all the different phases of scouting in the weekly meetings. Friday night was set aside for basketball. There were two games played, a junior and senior. The senior game was between the young ladies of the Sunday school and the troop team. After these games, second class badges were presented to Scouts Johnson and Cunningham and Tenderfoot to Scouts Kelling, Ross and Wetmore.

**GOVERNMENT CUTS DOWN EXPENSES**  
Move of Immigration and Farm Settlement Offices to Fredericton May 1—Centralization Idea.  
Premier Foster this morning confirmed a report that the offices of the provincial immigration department and the farm settlement board would be moved on May 1 to Fredericton. The report found its origin in a notice which appeared in the window of the government offices in Prince William street, advertising the offices to let on that date. The premier said that the reason for the change was an economical one and the cost of the rental of these offices to the government. He said that it was a move towards the centralization of the government offices in the province.  
Asked regarding the local office of the chief inspector under the prohibition act, Mr. Foster said that this matter was entirely in Mr. Hawthorne's hands, to make whatever arrangements suited the requirements of his work.  
The removal of the immigration and farm settlement offices will affect only three people—F. E. Sharpe, Lt.-Col. W. C. Good and a stenographer.

**HYDRO AND MUNICIPAL OWNERSHIP**  
Amherst Experience Referred to by Hardware Clerks' Association.  
(Contributed by Hardware Clerks' Association.)  
At the present time when the demand of the majority of the citizens of St. John is for municipal ownership and distribution of the hydro developed electricity, the following, published in "The News and Sentinel" of Amherst, N. S., under date of Tuesday, Jan. 31, will further increase their determination to municipal ownership:  
**THE INDUSTRIAL FUTURE OF THE TOWN AFFECTED BY INCREASE IN POWER RATES.**  
The new schedule of power rates recommended by the Public Utilities Board of Nova Scotia, administered by Amherst, providing, of course, that the citizens of the town would take such bitter medicine in a recurrent position.  
Only a short time ago the city of St. John took up practically the same fight against the proposed increase of rates sought by the present power company, but after the sum of between \$15,000 and \$20,000 had been spent, a decision was awarded favorable to the company. It was permitted by the legislature to obtain a return of \$248,000 a year on its capitalization. Up to the present time it is understood that the company has not been successful in obtaining this amount, and so far as can be learned the company may without further notice increase its present rates, and as a matter of fact the citizens of St. John were threatened with that very thing not long ago, and there is no guarantee even yet that this will not be done. It is hardly necessary to point out that municipal ownership will remove every danger of this nature. Another strong argument for public ownership is the fact that at the very time every private company was endeavoring to increase its rates the cost to the consumer in Ontario was being steadily reduced, as shown below—

1914	London, Hamilton,
1915	48 cents 40 cents
1916	33 cents 31 cents
1917	23 cents 30 cents
1918	25 cents 26 cents
1919	22 cents 23 cents
1920	24 cents 23 cents

It is interesting to note that in Ontario practically the very same arguments were advanced against municipal ownership as are being put forth in St. John. It was argued and supported by the figures of many experts (in St. John we have an expert whose report has not yet been received) that electric power could not be developed at the prices or under the conditions calculated by the commission, and that, even if it could, the municipalities could not manage their own affairs, but would end in financial collapse. How similar to the statements being made in St. John today. These predictions in Ontario have been sent to the scrap heap, and financial results declared impossible obtained during a period of high costs, had doubled, and the question has been raised in St. John as to the power given to the city under the N. B. Electric Power Act of 1920. It might be well to state that any municipality having a contract with the commission may "take" the lands, and real and personal property, and erect, construct and operate works for the transmission and distribution of electrical power or energy in the municipality, and issue debentures for any of the purposes mentioned.

The N. B. Power Commission itself may without the consent of the owner take over all lands and water privileges, machinery, or anything thought necessary for any purpose of the act, and can transmit power obtained over or through the property of any person. This act has been modelled after the one in Ontario, and covers everything necessary for the successful carrying out of the intention of the act.  
Every citizen will do well to watch the developments of the next few days. An opportunity has been given to St. John to get out of the rut, and it is up to everyone to demand that false economy, narrowness of vision, fear or prejudice, or any other reason or motive shall not be allowed to rob the citizens of this great opportunity to build up the city.

**THIS LANDLORD REDUCED RENT**  
There is one tenant in this town who got the surprise of his life on the first of February. His landlord went to him and said he assumed that the tenant had decided to remain. The tenant, in fear and trembling, lest the rent was going up, admitted that he had thought of it. "Well," said the landlord, "I have a little surprise for you. I have decided to reduce your rent two dollars a month. Times are dull, wages are coming down, prices are still high, and I know you will find it hard enough to get along this year."  
Telling this story to another citizen, the Times heard of another landlord who is reducing his rent this year, and still another who has many houses and is not increasing the rent of any of them.  
On the other hand, some are increasing rents from two to ten dollars a month.  
**PRODUCE PRICES.**  
Hartland Observer: The potato market shows no improvement and dealers are not anxious to buy. There can be no improvement in price as long as the supply exceeds the demand. Prices offered today are from \$1.25 to \$1.50. There is no change in the prices of hay and oats, the former bringing \$24 and \$25, and the latter forty-five cents. There is good demand for butter and eggs, which are bringing thirty-five cents and forty-five cents respectively.

**ANOTHER FOR MR. KELLY.**  
To the Editor of The Times:  
Sir—The following short sentence containing all the letters in the alphabet may also be of some use to Michael Kelly.  
Pack with my box, five dozen liquor jugs.  
H. BRUCE MEALY,

\$32,000 SURPLUS IN WATER DEPT.

\$28,500 of This Amount Used for Sewers and Fire Hydrants—Commissioner Jones Reviews Year.

Commissioner Jones, in reviewing the operations of the water and sewerage department for the year 1931, said this morning that it had been a very satisfactory one. Besides the laying of the new 24-inch main to Spruce Lake, which provided an increased supply to the people of West St. John, several other works had been undertaken which assisted materially in the reduction of unemployment.

IS FOR PUBLIC OWNERSHIP OF RAILWAYS

Hon. Mr. Murdock Replies to Charge Made in Trades and Labor Council.

Hamilton, Ont., Feb. 4.—James Murdock, federal minister of labor, has replied to a charge made against him in the trades and labor council. He asks the council not to place much reliance on the report of a Toronto evening paper concerning him and his views that he is in favor of the public ownership and operation of Canada's 22,000 miles of nationally owned railways and believes that they will pay under public ownership.

GOVERNMENT TO  
AID MARITIME  
PROVINCES SOON

Ottawa, Feb. 3.—Opponents of government ownership of railways in general and of the amalgamation of the Grand Trunk with the Canadian National, in particular, were greatly disappointed over the attitude of the maritime provinces Liberal delegation which waited upon members of the government here this week. It was thought by the enemies of government ownership that these men would demand the complete isolation of the Intercolonial and would press for a complete return to old conditions. What transpired during their interview with Premier King is not known, but several of them have since expressed themselves in sympathy with the idea of one big national railway system. They are careful, however, to add that they will still demand local railway autonomy. For instance some of them point out that the C. P. R. is divided into two systems east and west. They say that a national system could be divided into three, one for the maritime provinces, one for Ontario and Quebec and one for the west and still, it could be run as one road under one trusteeship.

The maritime province men are greatly concerned over freight rates. They argue that freight rates should be a local consideration. Some of them even go so far as to say that officials of the Intercolonial should be allowed to bargain as any other business would on the question of freight rates.

No Serious Obstacle.

They tell a story of the old days when a company planned a barge transportation. The Intercolonial officials at Moncton on hearing of this wrote the company asking for a meeting with the company's officials. At a subsequent meeting to discuss the barge plans were dropped altogether, though they had been completed. It is now believed that no

We Have  
a  
Selfish Aim

It's selfish, but it's an aim that pans out well for the other fellow, too.

We aim to make every ASTORIA Shoe so well, out of such good materials, and so finely finished, that the man who buys it will never buy a shoe of another make.

Have your shoe-man show you our shoes—you can't miss their quality, their style, their uniformity of stitching, their underlaid edges.

Biscuits

Barbour's  
GOLD BOND  
BAKING POWDER  
Made without Alum

termined to knit the government unless the Intercolonial is returned to its

former status standing alone as a separately owned government line. They acknowledge that there must be co-ordination with the rest of the system. However, one point, upon which they feel strongly concerns the future of the Grand Trunk line through the United States from Montreal to Portland. They say that Canadian ports like Halifax and St. John should not be penalized by a government road to help Portland even though the haul from Montreal to Portland is much shorter. From Montreal to Portland the distance is roughly 300 miles. From Montreal to Halifax over the Intercolonial is about 800 miles. From Montreal to St. John over the C. P. R. it is about 482 miles. In railway business the shortest haul governs the freight rates. According to a memorandum of 1919 in connection with the G. T. R. acquisition there is against this line from Montreal to Portland guaranteed six per cent stock amounting to \$5,483,800. This is also classed as a rental in the government reports, through the rental is based on a five per cent figure.

In any new arrangement which the government may make regarding an amalgamation of the people's lines the plea of the Maritime province folks for the Canadian route will have to be considered.

POSTAL EMPLOYES

Ottawa, Feb. 3.—Elected representatives of postal department organizations

For 30 YEARS the STANDARD  
of "Tea Deliciousness"  
Every cup a revelation of goodness.

are meeting in Winnipeg on February 6 to discuss a dominion-wide federation of postal employees. W. E. B. Mann and R. S. Bartlett (Toronto) will represent the dominion postal clerks' association, the other organizations each of which will have three delegates are the dominion federation of letter carriers, the railway mail clerks' federation, and the amalgamated postal workers. The proposed amalgamation is called the Canadian Federation of Postal Employees.

TRIBUTE TO MR. GOLDING.  
Sussex Record.—Friends in Sussex of Walter H. Golding, manager of the Imperial Theatre, St. John, will regret to learn that he is confined to his home through illness and will wish him a speedy recovery. The Imperial Theatre is a popular resort for Kings county visitors to St. John, and its manager and his attentive staff spare no pains in extending courtesies and in promoting the welfare of patrons.

The Farmer Holds the  
Whip-Hand at Washington

Today the American farmer strangely finds himself simultaneously at the ebb-tide of his economic fortune and at the flood-tide of his political power; and it is to his poverty that he owes the discovery and assertion of his strength. As a result of this paradox President Harding calls a great conference at Washington to devise ways to rescue our rural population from imminent disaster, and almost in the same breath protests against the domination of Congress by the agricultural bloc. News dispatches describing the desperate plight of the farmer appear side by side with others averring that the farmer holds the whip at Washington as never before in the nation's history, and that his dictation amounts to a "super-government," an "invisible empire."

Senator Capper, of Kansas, in his publication, Capper's Weekly, says that "the farmers lost three and one-half billion dollars in 1921 in crop values alone compared with 1920, or eight billion dollars compared with 1919." "Concerning the grim reality of the present crisis in agriculture there can be no difference of opinion among informed people," declared President Harding. "On the other side of the picture we see the agricultural bloc defying the 'Old Guard,' and disturbing the calculations of leaders in both parties. The symbol and instrument of their power is the famous 'farm bloc,' a group of Republican and Democratic Senators and Representatives who come from the agricultural sections of the West and South, and who are said to hold the balance of power in Congress.

The leading article in THE LITERARY DIGEST this week, February 4th, under the heading "The Farmer's Need and the Farmer's Power," presents in an illuminating way all phases of this subject, which is occupying so much attention.

Other news-features of almost equal importance in this number of THE DIGEST are:

ENAMELEDWARE  
The CLEAN Ware

Enamelledware is the cleanest ware on the market to-day. Its hard, smooth porcelain-like surface requiring only the application of hot water to restore it to a spotless purity resembling china.

It is the most sanitary kitchen ware obtainable because its surface is impervious to fruit and vegetable stain and it absorbs neither grease nor odors.

Of all makes of Enamelledware the "Davidson's" Enamelledware shows better results and gives better all-round satisfaction at less cost than any other form of kitchen utensil.

On sale at all the better stores.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using this well-known old remedy for making cough syrup at home.

It is truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat trouble and dreaded cough disappear entirely.

It is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

**GAMES THIS EVENING.**  
If the Y. M. C. I. Outlaws succeed in winning their scheduled game from St. Jude's in the intermediate division of the City Basketball game at the Y. M. C. I. gymnasium this evening, they will have clinched the leadership in their section of the intermediate division and will play off with the High school, winners of the first section of the intermediate, at a later date for the intermediate championship of the league. In the senior game this evening the Y. M. C. I. Seniors will play the Alerts. This game also will take place in the Y. M. C. I.

**G.W.V.A. Dances**  
Regular dances, under management of the House Committee every Tuesday, Thursday and Saturday evening, starting at 8 p.m. Round and square dances; good music, refreshments. Gentlemen 50c., Ladies, 25c.  
19699-2-6

**Why Is It**  
that nine people out of ten wear down their heels on one side? We don't know ourselves—but we do know how to straighten those worn down heels so that they will give better satisfaction for a longer time than when you first bought the shoes. Give us a trial. Our charges are reasonable.  
We shall be pleased to hear your footsteps.  
Skates Sharpened.

With WYNDHAM STANDING-MABEL BALLIN and GEORGE BANCROFT  
Hugo Ballin Productions Inc.  
**HER DREAMS WERE VERY SWEET**

CAN YOU IMAGINE any stranger contrast than between the life she had lived and that which she was now to know?  
First, linked to a laborer—rough, rugged, unsmooth—struggling morning, noon and night to make both ends meet.  
Then luxury—her every wish anticipated; her every desire fulfilled by the man she loved best in all the world.  
Happy was her heart as she lay musing on the days which were past and those which were to come.  
Little did she know that Fate was building up to the strangest climax ever unfolded either in real life or upon the silver screen.  
You're going to enjoy every moment of this fascinating picture—a picture as beautiful as it is dramatic, as unusual as it is entertaining.
