SEARCHING OCEAN FOR BIG SCHOONER

Maine Five Master Seen In Distress Yesterday

THE KINO, OWNED IN BATH

Captain's Wife and Child Are With Him and There Are Eleven Men in Crew—Vessel Making Foot of Water an Hour

(Canadian Press)

Norfolk, Va., Feb. 18.—Wireless calls sweeping over the sea from the radio towers on the Middle Atlantic coast, revenue cutters and many steamers to-day found no trace of the five masted schooner Kino of Bath, Me., last reported yesterday making twelve inches of water an hour and in a disabled condition. The schooner, with her crew of eleven, had been in bad fortune for the last month; twice she had her sails blown away, and once put into port for safety. When she was sighted by the steamer City of Atlanta yesterday, it did not seem necessary for the liner to take off her crew, and the revenue cutter Onondaga began a search. The Kino was then 160 miles northeast of Diamond Shoals.

Bath, Me., Feb. 18.—The wife and two-year-old child of Captain Farrell, in command of the schooner Kino are with him aboard the vessel. The Arthur Jewell Company own the schooner.

The Kino, which left Port Arthur, Texas, on December 13, with oil for Providence, was blown off her course, and put into Nassau on January 29. Since leaving Nassau, she had not been heard from until yesterday. The schooner, which registers 1867 tons net, was built in Bath in 1903.

New York, N. Y., Feb. 18.—The United Fruit steamer Motompan, which reported yesterday that she had passed in her voyage to this port from Panama in an effort to aid the schooner Kino off Cape Hatteras, sent a wireless message here today saying that she had given up the search and would reach New York late today. Among the passengers is Colonel G. W. Goethals, new governor of the Panama Canal zone, who is coming to confer with President Wilson.

MANSLAUGHTER

That is Verdict in Trial Concluded in Bangor Last Night

Bangor, Me., Feb. 18.—Rance Grasse, a lumber crew foreman, on trial for the murder of his divorced wife, Mrs. Nettie M. Appleby, was found guilty of manslaughter last night.

The state charged that Grasse shot Mrs. Appleby last October, after she had upbraid him for an alleged attack on her twelve-year-old niece. Grasse's counsel contended that the woman was killed while Grasse was trying to wrest from her a revolver with which she had threatened to kill him.

MOONEY WORK ON WATER SYSTEM STAMPED WITH MAYOR'S APPROVAL

M. F. Mooney of P. Mooney & Sons called upon Mayor Frink this morning to protest against the terms in which Engineer Clarence Goldsmith criticizes the construction of the concrete section of the Loch Lomond water system extension.

Mr. Mooney's company constructed the dam at Lake Lettman, a section of pipe from Lake Lettman towards the city and he maintained that this work was done in the very best manner. His counsel contended that Mr. Mooney said and fully exonerated a cent had been spent for repairs upon their section since it was constructed.

WITH LUMBER CARGO

The schooner Doane, Capt. Patterson, cleared this morning for Fall River, Mass., with 30,176 feet of spruce, pine and hemlock lumber loaded by John E. Moore & Co.

WEATHER BULLETIN

Snow, Sleet, Rain.

Maritime.—Easterly winds, gradually increasing in force, occasional snow, falling on Friday to sleet or rain in some localities.

New England.—forecasts—Snow to-night; Friday, fair and much colder; preceded by snow in forenoon, moderate S brisk northwinds.

SALVATION ARMY HEAD IN CANADA IS IN THE CITY TODAY

Conference Here, Then Away to England on Call From General Booth

Commissioner Rees, the head of the Salvation Army in Canada, accompanied by Major Moore, of the subscribers' department, Adjutant Calvert and Ensigns Owen and Layman, arrived in the city on the noon train today. The commissioner has been in poor health for the last few months, but is now greatly improved.

This afternoon he will hold a conference with the officers of the local branch of the army in regard to the work in the city as well as the restoration of the Metropole. At midnight he will leave for Halifax whence he will sail on the S. S. Empress of Britain for England. He has been called to the old country by General Booth for a conference on army matters. It is also hoped that the trip will be beneficial to the commissioner's health.

The officers will remain in the city and formulate plans for raising a fund towards the restoration of the Metropole. They will likely have their first meeting this afternoon.

WILL BE BROUGHT TO ST. JOHN FOR BURIAL

Mildred Stackhouse Dead in Moncton—News of Railway Town

(Special to Times)

Moncton, N. B., Feb. 18.—The death of Miss Mildred, daughter of Mr. and Mrs. George W. Stackhouse, occurred at the family residence in Robinson street on Wednesday afternoon. She had been ill with typhoid fever. She is survived by her parents, two sisters, Mrs. Fred B. Robinson of Moncton, and Miss Ethel Stackhouse of St. John, also one brother, Charles W., of Montreal. The funeral will be held on Friday afternoon. The body will be taken to St. John for interment.

There is likely to be an interesting time in the Moncton police court tomorrow morning when many citizens will answer summonses to explain why they persist in leaving their horses standing in the streets and not tied.

The Knights of Pythias celebration will be held tonight in the Grand Opera House. At a public meeting Mayor Gross will preside. Premier Plummer will give an address on the occasion. A banquet will be held in the city building. A feature will be the enrollment of 125 members in the local lodge.

A feature of the proposed assessment act for Moncton, now being considered by the city council, is that provision will be made for taxation of church lands within the city limits. Church lands have been building, however, under the proposed act, will be exempt, as before.

Flewelling Wilbur and Kate Benner were this morning arrested on commitment warrants and will be taken to Dorchester this evening if all the fines and costs, amounting to \$205.00, are not paid this afternoon.

Wilbur was convicted of keeping a disorderly house and Benner of being an inmate. Both cases were appealed and conviction sustained. It is said the fines, costs and lawyers' fees to be paid by the defence total about \$800.

Shepard Smith, aged seventy-one, died last evening at his home in Lewisville.

CAPTAINS OF OCEAN LINERS HERE SENT TO INSPECT L'ETANG

The claim of the residents of Charlotte County regarding the possibility of establishing an ocean port with railway and steamer terminals at L'Etang, are evidently receiving some attention in Ottawa. For the last two months an engineer of the dominion department of public works has been busy in that harbor, making surveys and soundings, and it is understood that his work is nearing completion.

The latest step is the action of the department to secure the opinion of practical men upon the merits of the harbor. The marine superintendents of the Atlantic lines of Atlantic steamers plying to this port have been instructed by their head offices to hold themselves in readiness for a trip to L'Etang on next Tuesday. The trip will be made on the government steamer Aberdeen, if she is available, or, if not, on the tug Helena. It is understood that the object of the trip is to secure the opinions of the shore captains upon the merits of the harbor, the ease of access or otherwise and the currents which have to be contended with.

TO TOW THE DISABLED LINER TO QUEENSTOWN

Queenstown, Feb. 18.—The Dutch tank steamer Rotterdam, from Antwerp, en route for New York is drifting in a strong gale fifty miles south of here with her machinery disabled. Two tugs are standing by endeavoring to render assistance. The port admiral has dispatched a powerful naval tug to tow the disabled steamer here.

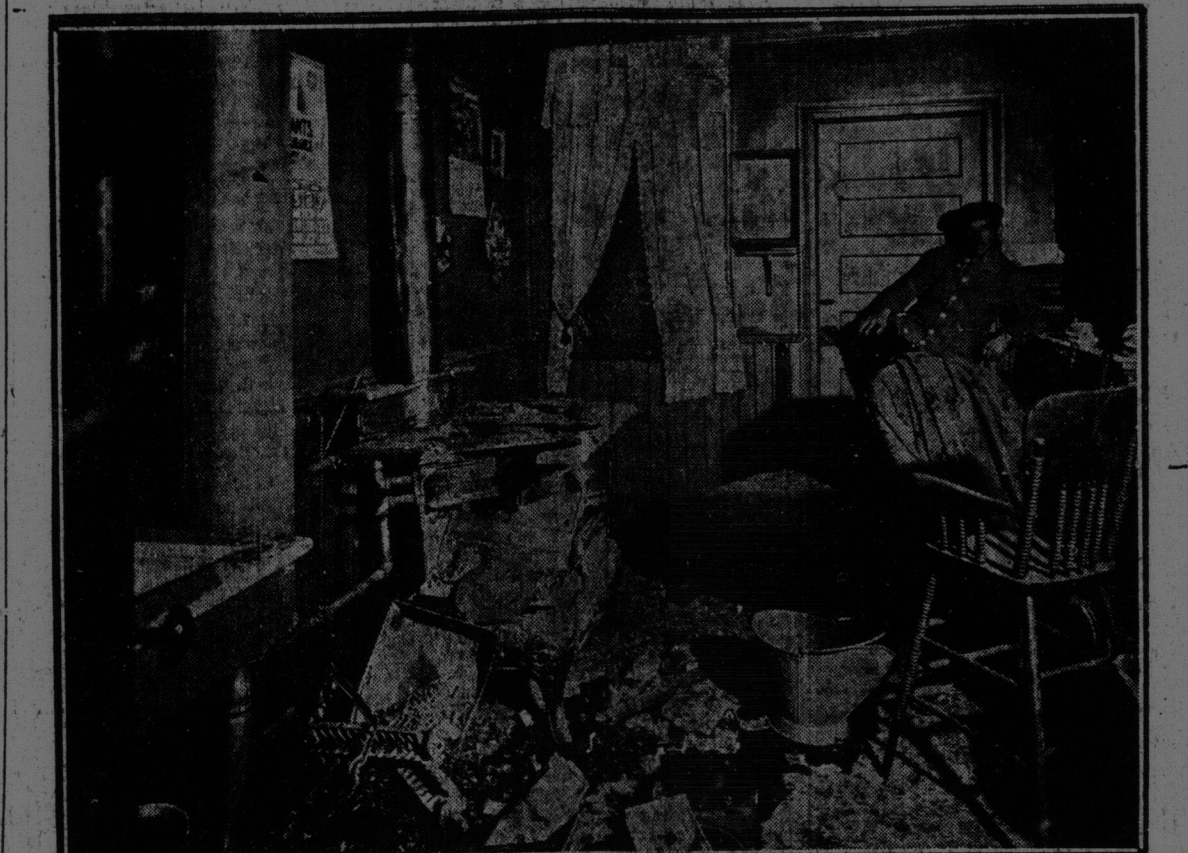

Petition 200 Yards Long

Vancouver, B. C., Feb. 18.—The women of British Columbia, asking for the franchise, presented to the legislature yesterday a petition with 10,000 names on the roll. It was 200 yards in length.

Fifty Years A Dentist.

Kinston, Ont., Feb. 18.—Dr. Leonard Clements, a dentist for fifty years, preceded by snow in forenoon, moderate S brisk northwinds.

When The Kitchen Range Blew Up

This shows the wreck of a Toronto kitchen, when the householder attempted to light a fire in the range during the cold snap. There was a complete blow up—the water pipes were frozen in the front of the stove and they caused the burst. Albert Plenty was nearly killed.

Training Centre Here For Victorian Order of Nurses

Milk Question and Advisability of Establishing Station For Benefit of Babies Also Before Annual Meeting—Demand on Time of Nurses in 1913 Much Heavier

The annual meeting of the executive of the Victorian Order of Nurses is being held this afternoon. Judge Hughes presiding. In the annual report of the board of management matters of more than usual interest are presented for consideration, including that of the provision of a milk station. In addition to being included in the report the matter will be brought formally before the meeting for action, the contention being that the provisions regarding the sale of milk in St. John are not far-reaching enough for the betterment of health. The idea is to have regulations adopted similar to those in vogue in other cities where every place where milk is sold has to have a license. The matter of making a training centre here for nurses of the order also is to be taken up.

The board of management have pleasure in submitting the thirteenth annual report of the St. John Branch of the Victorian Order of Nurses ending December 31, 1913.

Three nurses have been steadily employed during the last twelve months and an extra one has on many occasions been required involving an extra outlay beyond our ordinary salary list of \$207.68. The amount paid in salaries to nurses shows at \$1,758.85 an increase of \$77.67 over last year, of this amount being \$237.85 was paid as above stated for purpose of extra assistance.

Our contract with the Metropolitan Life Insurance Co., whereby our nurses attend cases of sickness of their industrial policy holders continues to work well. Receipts in this connection are only slightly in excess of last year, viz \$11,500. Total receipts from this source being \$32,528. Car fares are a heavy item \$14,575 being expended during the year. Of this amount \$84.10 was recovered from the Metropolitan Life Ins. Co., and is included in their payments to the order.

BENNETT LEADING REVOLT AGAINST BORDEN IN OTTAWA OVER MILLIONS GRANT TO C. N. R.

(Special to Times)

Ottawa, Ont., Feb. 18.—The government is in favor of loaning MacKenzie and Mann \$25,000,000 and as a result there is a revolt by a group of Conservative members led by R. B. Bennett of Calgary.

Yesterday Mr. Bennett was busy canvassing for followers among the government supporters. He did not hesitate to ask Conservatives from all parts of the country to join him in voting against the administration when the MacKenzie and Mann aid bill comes down.

Sir William MacKenzie and William Moore, chief agent of the company, were conducting an equally active canvass in opposition to Mr. Bennett. Mr. Moore had a long conference with Col. Sam Hughes, who is one of the oldest friends of the Canadian Northern.

Last evening Mr. Bennett gave a sort of "bull moose" dinner in the restaurant. He had with him all his followers and a good many others whom he hopes to enlist. It was a fine revolutionary dinner of most spirited type.

INCORPORATION OF MASONIC GRAND LODGE CORPORATION

Purpose of Application to be Made to Legislature at Coming Session

Application will be made at the next session of the provincial legislature for the incorporation of the Masonic Grand Lodge Corporation. The application is accompanied by permission to dissolve the existing New Brunswick Masonic Hall Company.

When the required legislation is granted, the new corporation will take over the local Masonic Temple and other property vested in the present company, and the grand lodge will thus be given control over the headquarters of the order in this province.

Health Officer Speaks of Times Reader's Complaint About Meat Conveyance

In a letter to the Times one evening this week, a reader complained of the practice of conveying meat through the city uncovered or protected by unsanitary covers. Speaking to a Times' reporter this morning, Dr. G. G. Melvin, medical health officer, said that this thing was prevalent in the city to a greater degree in the past than at the present time.

"There is only one inspector besides myself in the city, and for this reason it would be impossible for us to watch all the dealers to see that they have their meat properly covered, but the public may rest assured that the board of health is doing all in their power to have it kept as sanitary as possible."

MAILED FIST FOR WHITE SLAVERS

New York Disturbed By So Many Disappearances

IN THREE MONTHS, 961

Vigorous Campaign Such as Was Waged Against Cunnens of Great City—Girls Kidnapped in the Streets

New York, Feb. 18.—Police are searching for the 961 New Yorkers who disappeared in three months, 397 of them girls and women, and that only 194 of them have been found by the police, the head of the police department has ordered the guardians of the greater city to divert their attention from the missing list at one time, the police awake to the undeniable fact that white slavery is a real institution in New York. Discoveries made recently in the finding of several lost girls have shown that a state of affairs exist in the heart of New York, whereby young girls can be snatched from their homes, almost under the eyes of their families and sold into bondage that is worse than death.

TRADES MATTERS IN WEST

Important Questions Before Council in Winnipeg

Winnipeg, Feb. 18.—Sessions of the trades representatives continued yesterday. Among matters discussed was the safety first movement on the railways, which was highly commended. An active campaign for the enforcement of the factory act was recommended, especially provisions relating to general conditions of sanitation and the guarding of machinery. Also passed urging railway companies to provide accommodations for the treatment of injured while on duty on various railways.

A resolution was passed in connection with the workmen's compensation laws, urging on the affiliated membership the great need of effort in the establishment of satisfactory compensation laws and aiming for the principle of state insurance of all workers.

A bill now before the dominion parliament, calling for a bi-monthly payment was approved, also a bill for the establishment of an eight hour day.

TORONTO POST FOR DR. H. L. BRITAIN, WHO IS GRADUATE OF U. N. B.

Toronto, Feb. 18.—Dr. Horace L. Britain, a native of New Brunswick and a graduate of the U. N. B., has been appointed magazine director of the Toronto Bureau of Municipal Research now organizing to carry out suggestions and reforms contained in a civic survey report about to be issued in its complete form.

During the last few years Doctor Britain has occupied a prominent position as a municipal expert in the United States and has made some important surveys.

CHILDREN KEPT BY THE HUSBAND

Mutual Divorce For Mr. and Mrs. Clarence MacKay

GRANTED UNDER FRENCH LAW

Mother is to Have Right to Visit Her Children—Father is Head of the Postal Telegraph Cable Company

(Canadian Press)

New York, Feb. 18.—The announcement that Clarence H. Mackay, financier and president of the Postal Telegraph Cable Co., and Catherine Duer Mackay, his wife, had been granted a mutual divorce by the French courts on February 11, came as a surprise, not because it was unexpected, but because of the place and manner in which the decree was granted. For many months, they had been living apart and society's only query was when a suit for divorce would be filed.

It was thought that Portland, Maine, would be the place, as Mrs. Mackay leased a house and established a residence there, but early in the year she left her Maine home for Paris, and soon thereafter, her husband appeared in the French capital.

There were rumors of a reconciliation then, but these were denied by Mr. Mackay. It now appears that the mutual divorce was granted in accordance with a plan agreed upon when the separation suit of Mrs. Joseph A. Blake against Dr. Joseph A. Blake, a famous surgeon, was decided in the wife's favor without contest and Mrs. Blake dropped her suit for \$1,000,000 against Mrs. Mackay on accusation of alienation of Doctor Blake's affections.

Counsel for both Mr. and Mrs. Mackay made announcement of the mutual divorce last night. Both statements were brief. They recited that both sides charged desertion. Mrs. Mackay filed suit first, and Mr. Mackay followed. The decree, it was said, gave the custody of the three children to Mr. Mackay with the right to visit them according to Mrs. Mackay.

Mutual divorces, it was explained, were permissible under the French law.

PLEADS GUILTY

Amberg Before Judge Forbes Under Speedy Trials Act

Joseph Amberg was tried this morning before Judge Forbes under the Speedy Trials Act and pleaded guilty to stealing a case of whiskey from the P. R. at West St. John. He was in charge of a gang of fourteen for fifteen men and ordered the case of whiskey to be lowered into the hold of a ship and distributed among the men. These facts the defendant admitted. It was said that Amberg has a wife and seven children of whom he is the sole support. He was sentenced to six months. E. S. Ritchie appeared in his behalf.

EX-BANK MANAGER SAYS SUM \$11,260

Vancouver, B. C., Feb. 18.—Archibald McLeod, formerly manager of the North Vancouver branch of the Bank of British North America, was charged in the supreme court with having falsified the books of the bank to the extent of \$8,000.

In a written statement he stated the sum he had used was \$11,260; that he had been financing a customer of the bank for some years and that he had not received a cent of the money.

SAFEGUARD LANDING STAGES

In reply to the communication from the common council, drawing his attention to the need of greater safeguards around the landing stages of steamers for the benefit of the longshoremen, Hon. J. D. Hazen has written to Mayor Frink advising him that the officers of the marine and fisheries department at this port have been instructed to see that precautions are taken to make the landing stages safe. The letter does not say whether the safety nets will be required.

PLUNGED BACK TO DEATH

To Save Girl Aged Clerk Returned to Flames.

Minneapolis, Minn., Feb. 18.—One man lost his life and several others were seriously injured in a fire that destroyed a six-story building occupied by the Northern Manufacturing Company. To save the life of a girl employed in his department William P. Howe, aged 70, a shipping clerk, after having himself been assisted out of the building, plunged back and was burned to death. Rose Schultz, for whom Howe lost his life, was carried down the stairs from the third floor, only slightly hurt.

JUDGE GREGORY SETS ASIDE SUNDAY VERDICT

Vancouver, B. C., Feb. 18.—A recent decision of Judge Grant under the Workmen's Compensation Act, in which he held that the widow and children of Steve Preece, a railway laborer, could not recover damages for his death because Preece was killed while at work on a Sunday, was yesterday set aside by Justice Gregory.

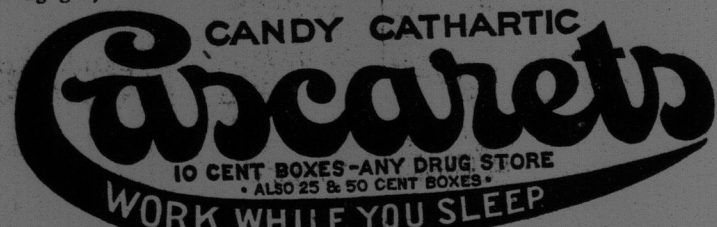

You are not getting the full worth out of your newspaper unless you keep posted on what it has to say in its advertising columns. Incidentally some of the advertisements are so well illustrated and written that they are better reading than the news.

Clear Brain and Steady Nerves Necessary

to hit the bull's eye, whether it's business or sport.

Overload yourself with rich, greasy foods and biliousness and indigestion are sure to follow. General result--upset nerves and damaged health.

It's the part of wisdom nowadays to use food especially selected for nourishment and that can be easily digested.

Try breakfasting for ten days on

Grape-Nuts

and Cream

adding some fruit, a soft-boiled egg and a cup of hot Postum.

Grape-Nuts food, made of whole wheat and malted barley, contains all the nutrition of the grains, including the vital phosphates necessary for the balanced up-keep of body, brain and nerves.

Bounding health is worth many times the little care of arranging such a breakfast. Feed skilfully and you can "do things."

SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Ladies! Men! Here's The Quick-est, Surest Dandruff Cure Known

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff--that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die--then the hair falls out fast. A little Danderine tonight--anytime--will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair--new hair growing all over the scalp.

A MESSAGE TO THIN, WEAK, SCRAWNY FOLKS

An Easy Way to Gain 10 to 30 lbs of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say: "I don't understand why I do not get fat. I eat plenty of good, nourishing food. The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the food. Making elements of your food instead of passing them out through the body as waste."

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and then turn over to the blood, where they may reach the starved, shrunken, run-down, tissues and build them up. The thin person's body is like a dry sponge--eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fat is to use Sargol, the recently discovered regenerative force that is recommended to highly by physicians here and abroad. Take a little Sargol tablet with every meal and will refund your fat, no matter how much you eat, unless your digestive organs assimilate the food. Making elements of your food instead of passing them out through the body as waste."

Only the other day Mr. March, of 101 Delorimer Ave., Montreal, called upon the Sargol Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were in a few months cured him. Today--over three years after his cure of a disease he had for twenty-five years--he is still cured, and has had no trace of any return of the eczema!

All drug stores sell Sargol at 50c. per box, or will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Sargol Co., Toronto.

NO ROOM FOR EVELYN THAW.

No Hotel Accommodations in Charlotte, N. C., and Spent Night in Sleeping Car.

Charlotte, N. C., Feb. 18--Mrs. Evelyn Nesbit Thaw, who appeared here in a theatrical performance, was unable to secure hotel accommodations, though application was made for a room for her at several first-class hotels and at one second-rate house. Mrs. Thaw spent the night in a sleeping car in the railroad yards. None of the other members of the company were thus inconvenienced.

Next To Consumption.

There Are More Deaths From PNEUMONIA Than Any Other Lung Trouble.

Pneumonia is nothing more or less than what used to be called "Inflammation of the Lungs."

Consumption may be contracted from others, but as a rule pneumonia is caused by exposure to cold and wet, and there is only one way to prevent pneumonia, and that is to cure the cold on its first appearance.

Dr. Wood's Norway Pine Syrup will do this for you if you will only take it in time.

Mrs. Wm. M. Steeves, River Glade, N.B., writes: "Please allow me to express my gratitude for the presence of Dr. Wood's Norway Pine Syrup in the house, for I believe it saved our little boy's life. Three years this fall we were in the lumber woods, and it was very hard to get a doctor to us, and our little boy got pneumonia, and was very ill. The only relief he could get was to take Dr. Wood's Norway Pine Syrup, and with the combined use of the Syrup, and your British Troop Oil Liniment, he soon got better, and was in a couple of weeks. It certainly is a great remedy."

Price, 25 and 50 cents. Be sure and get "Dr. Wood's" when you ask for it. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Stomach Troubles

Due to Acidity

SO SAYS EMINENT SPECIALIST

So-called stomach troubles, such as indigestion, wind, stomach-ache and inability to retain food, are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnatural, but may involve most serious consequences if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid and render it bland and harmless, a teaspoonful of bisaurated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter glass of hot cold water immediately after eating, or whenever wind or acidity is felt. This stops the fermentation, prevents the acidity in a few moments. Fermentation, wind and acidity are dangerous and unnecessary. Stop them by the use of a proper antacid such as bisaurated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poisonous gas and dangerous acids--M. F. D.

A WONDERFUL DISCOVERY

An eminent scientist, the other day gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning. Not one species of microbe has been found that Zam-Buk does not kill.

Then, again, as soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are so fond of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, as soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin surface are so stimulated that new healthy tissue is quickly formed. The forming of fresh, healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. March, of 101 Delorimer Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were in a few months cured him. Today--over three years after his cure of a disease he had for twenty-five years--he is still cured, and has had no trace of any return of the eczema!

DANCE AND VAUDEVILLE IN

PLACE OF THE SPEECH-MAKING

New York, Feb. 18--The annual dinner of the Indiana Society and the Daughters of Indiana at the Hotel Astor tonight will be without a master and speeches. The gentlemen who hems and haws over the great honor and privilege of addressing the Hoosiers will be missing along with the person who is gratified "that we have with us tonight."

Horace Hord, secretary of the men's society, says that the Indianaans want the honor of being the first state society to substitute dancing, auction bridge and vaudeville for long hours of dreary speechmaking.

"I believe we will be the first to replace oratory with the tango," says Hord. "After the 200 or more former residents of Indiana finish a \$8.50 dinner they will have several big rooms in the Astor at their disposal. There will be a room for dancing, a room for auction bridge, a room for vaudeville and a room for relieving thirst."

"If we can't have a real good time with this arrangement the officers of the society will be surprised. The old time dinner where people pay exorbitantly to stuff themselves and submit to the boredom of three hours of speechmaking is out of fashion. We Hoosiers are going to dance till daylight, and if anybody attempts to make a speech he will be shipped back to the banks of the Wabash."

THE LATE GEORGE PELLETIER.

Of the late George Pelletier the Montreal Transcript says: "The death of George Pelletier, a former well-known clerk in the I. C. R. car mileage department, but who retired from the service under the Provost Fund Act in December last, occurred on Sunday morning, Feb. 15, at his home in Shediac. Mr. Pelletier was about 71 years of age and was born in the province of Quebec. When he was a young man his parents removed to Madawaska. When a young man Mr. Pelletier clerked for a time in the branch dry goods store conducted in Moncton by Doherty & McTavish, of St. John. Later this firm opened a branch store in Shediac and Mr. Pelletier was transferred to that place. Eventually Mr. Pelletier bought out the Shediac store and continued the business until 1879, when he was burned out by the disastrous fire which swept the seaside town. Following this disaster, Mr. Pelletier went on the road for McCall Sheehan & Co., of Quebec, and remained with this firm until shortly after 1896, when he was appointed to a position in the I. C. R. service at Shediac. Some time after he was transferred from Shediac to the general offices at Moncton. His wife, two daughters and a son survive. One of the daughters, Mrs. McCluskey, resides in St. John, and another daughter is a Sister of Charity. The son, Frank, holds a position on a railway running out of Boston. The deceased is also survived by several brothers. One brother, Father Pelletier, was formerly located at St. Louis, Kent county, but is now believed to be living in Madawaska county. Another brother is a doctor, practising in the State of Maine, and a married sister resides in Tracadie.

Election Reform.
Ottawa, Feb. 18--On motion of A. K. MacLean, Liberal member from Halifax, the government yesterday named a committee of seven members to inquire into the laws relating to elections and electoral corruption with a view to making them more effective in checking corruption and graft and punishing bribery and fraud at elections.

Daily Hints For the Cook

Mutton Smothered in Tomatoes

One and a quarter pounds mutton steak, one bread crumb, one small onion, poultry seasoning to taste; salt, of course, and pepper; one can of tomatoes or one quart of fresh tomatoes cut in slices. Spread over the mutton steak a layer of bread crumbs mixed with chopped onion and other seasonings. Roll and tie into shape. Place in a casserole or other dish with a tight cover. Pour the tomatoes over the meat and cook very slowly in oven or on top of the stove for three or four hours. If the tomatoes do not cover meat add a little boiling water.

"I say, my friend," called the motorist to the farmer, as he drew up alongside of the field, "I'm looking for a decent road to take me into Squiggsville. 'I'm durned glad to hear it," replied the farmer. "Ef ye happen to find it, stranger, send me a telegram, will ye?"

WORLD MOVEMENTS

Occasionally a student who has traversed the realm of human history and noted the developments and tendencies sums up his impressions, and presents through the medium of an article or an address the results of his study in such form as to enlighten those who read or listen.

In his address on World Movements before the Canadian Club of St. John yesterday, Rev. Dr. Symonds gave to his hearers many flashes of enlightenment in relation to the development from the early conception of the single family or tribe or nation to that of the essential unity of the human race. As the distinguished speaker pointed out, the ancient Hebrews came to have some conception of this unity, as did also the ancient Greeks; but the idea found its real development under Christianity. Progress was necessarily slow, because in the early centuries the world was very small, much of the earth had not yet been discovered, and the means of communication were extremely limited. It has only been within the last century that the nations have really been brought together, and Dr. Symonds truly says that the people of today are living in a new age in a sense never before applicable in the world's history. Not only are all the nations of what is called the western world in closer contact with each other, but the civilizations of the old eastern and the newer western world are reacting upon each other in quite a remarkable way. Dr. Symonds pointed out that the people of the Orient have adopted our educational system and our science, and are endeavoring to put into effect our political theories. There are no divisions in the Christian church, and the church therefore more effective in its relations to the moral and social life of the people of so-called Christian countries, the people of the far east would doubtless also adopt our religion to a far more general extent than they have done to the present time. But the point which Dr. Symonds very properly emphasized was the fact that in recent centuries the world has grown small, and the peoples of all nations have been brought into closer contact with each other, and there has arisen a condition under which no nation can suffer severely without the effect being felt throughout the world.

That is to say, we are coming to a recognition of the unity of the human race, and to the need of a cosmopolitanism which, while it encourages fidelity to family and city and nation, also reaches out in sympathy to other nations, and to all the nations of the world. The movement has been going for thousands of years, but the rapid progress that has been made during the last half century has brought the whole subject into the realm of popular discussion in a way that promises much for future progress in the same direction. There is of course a danger. Dr. Symonds reminded his hearers that closer contact of the nations does not necessarily mean more friendly relations. There is the possibility of conflict, not merely between nations of the western world, but between that rapidly developing civilization of the far east and the civilization of the western world. If, as he points out, the religious ideals of the Christian world could be more fully realized in Christian countries and adopted by the countries of the east, the danger of conflict would be small.

There is another phase of the question to which Dr. Symonds did not refer, but it is worth noting. If the nations of the western world desire to be in a position, not only to set an example to the east, but to meet the east on favorable ground in the event of a great conflict, the moral and social conditions of the various countries must be improved so that the highest type of manhood and womanhood may be developed.

That portion of the address of Dr. Symonds which related to the attitude of the people of one nation toward another, and of all of them toward war, should be pondered over with deep seriousness. Race prejudice dies hard, and unfortunately there are in every nation those who are prompted by self-interest or self-conceit to keep this prejudice alive. It is never necessary in order to impress upon the mind the virtues of one nation to depreciate those of another. Wherever men travel throughout the world they find, as Dr. Symonds truly said, much the same virtues in all the nations, even if in some they may be more highly developed than in others. A plea for breadth of view is always timely, and it is extremely difficult to see how those who profess their acceptance of the underlying principles of the Christian religion can avoid a full acknowledgment of the fact of the essential unity of the human race.

DISHONEST METHODS

The St. John Standard this morning has a long article headed "Legalized Plunder." The article deals with the Gutelius report on the Transcontinental Railway. It says: "There is abundant evidence of graft, rake-off and waste; and goes on in that strain, declaring that those whose duty it was to guard the public treasury 'slept while legal-

ized plunder was being carried on all around them." The whole article is based on the statement that the Gutelius report "had been submitted to parliament, and now in the quiet days before the debate on the document there is ample opportunity for a calm reflective consideration as to the course the government can pursue in the matter." The writer of the article expresses the sad fear that the government may not be able to "take steps to punish the offenders through the medium of criminal proceedings."

Thus the Standard puts certain persons who are named on trial, condemns them, and regrets that they cannot be fully punished; and it does all this on the strength of a report which it says "has been submitted to parliament." But the public knows that the report has not been submitted to parliament, and that when the Liberals asked for it Mr. Borden told them it was still in the printer's hands. That which has been published concerning the report is a partisan summary, sent broadcast in advance of the report itself, with deliberate intent on the part of the government to prejudice the public mind, if possible, before the report itself was laid before the members of the house. The St. John Standard, which occasionally doubts the truthfulness of its contemporaries, makes a statement which is not true when it says the report of the commission has been placed before the house. Mr. Borden, who is constantly being pestered by his friends as a high-minded statesman, has stooped to rather small business in permitting the publication of a partisan summary of a partisan report, for purely political purposes, especially when such publication, going abroad unanswered, has a tendency to convey the impression that dishonesty and graft of the most flagrant description are rampant in this country. When a London Journal laments that forty million dollars was wasted or stolen with the connivance of a Canadian government, its readers are very apt to conclude that Canada is a very good country to stay away from, and a bad country in which to invest capital.

The Liberals have nothing to fear in the matter of the Transcontinental Railway. The Gutelius report, if we may judge from the summary prepared for Tory partisan purposes, does not make a single charge of graft against any individual. The men who prepared that report, and who received \$68,888 for the job, have merely told the country what it already knows, that a railway of cheaper construction would have cost less money. If there were any personal charges of graft in the report, the summary sent out to the Tory press would have said so. The Liberals therefore may await the report itself with perfect confidence, only regretting that in advance of its presentation to parliament statements which reflect upon the honor and the capacity of Canadian public men should have been sent broadcast to the world.

The feeling of anxiety in the country with regard to the future of the Grand Trunk Pacific Railway grows deeper with the growing conviction that the Borden government is playing into the hands of the C. P. R.

The suburbanites who expected to leave St. John at 11:25 last evening did not get away until after 12 o'clock. Mr. Gutelius doubtless feels that they should postpone the lively stables more in this crisp winter weather, or perhaps they do not walk as much as they should for the benefit of their health.

The Standard refers to Hon. William Pugsley and Mr. F. B. Carvell as "New Brunswick's two beauties." The Standard and its friends have made all kinds of wild charges against Dr. Pugsley and Mr. Carvell, without being able to substantiate any of them. The best they can do now is to sneer at men of whom they have good reason to be afraid.

HAD TO STOP WORK FROM THE PAIN

Suffered Ten Years Until "Fruit-a-tives" Cured Him

St. Thomas, Ont., May 22nd, 1913.

"I was troubled for ten years with the most distressing Constipation and Indigestion of the worst form. No one could have been worse with these troubles than I was for this long time.

The pain from Indigestion was so severe that many times I have had to stop work and lie down until the acute spasms passed away.

I took a lot of medicine—in fact, I guess I took about everything that was advertised—and gave them all a fair test—but got no relief. About a year ago, however, I was advised to try "Fruit-a-tives." I am mighty glad I did so, for they seem to be made exactly for me. They gave results in a very short time and I am now free from these diseases and enjoying perfect health.

My wife also used "Fruit-a-tives" and we both think they are the best medicine ever made."

BIRTHDAYS OF NOTABILITIES

THURSDAY, FEBRUARY 19.

James Henry Plummer, president of the Dominion Steel and Coal Corporation and one of the big figures in the industrial life of the Dominion is observing his sixty-sixth birthday today.

Mr. Plummer's career has been practically identified with banking. He started out in life as clerk in the Bank of Montreal, then transferred his services to the Canadian Bank of Commerce when the latter was established. After he had risen to be an inspector, he changed over to the Merchants Bank, of which he became assistant general manager, then back to the Commerce as assistant general manager of that institution. Eleven years ago he was put in charge of the Dominion Iron and Steel Company and since then has been closely identified with the management of the big Sydney industries.

ABY'S CRY SAVES ALL IN HOTEL FIRE

Save in House in Which Stevenson Once Lived

New York, Feb. 18.—The historic house at Brille, N. J., which for several weeks was the home of Robert Stevenson, was destroyed by fire, the origin of the fire which caused a loss of approximately \$100,000, could not be determined.

Persons asleep in the hotel were saved by the crying of a baby, over whose flames had passed probably the child, Mr. and Mrs. Stevenson. Wainwright saw the fire, and they just time to pick up the baby, shout warning to Mrs. Addie Wainwright, sister of Mr. Wainwright, and Miss Maudie Anderson, a servant, and without dress run into the street. None stopped for clothing or valuables, but Mr. Wainwright, who is postmaster of Brille, picked up the post office money box and threw it out of the window. This was found intact. It was in their night clothes the Wainwrights ran to the home of John H. and gave the alarm. The Union House was built more than twenty ago, and was one of the first

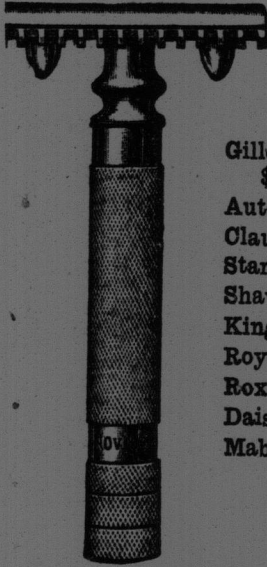

buildings on the New Jersey coast. It was many years before the founding of Asbury Park the terminal for the two stage lines from Keyport to the north and from Jamesburg and Trenton to the west. Several autographs and other souvenirs of Stevenson's stay in the hotel were destroyed.

At the home of the bride's mother, Mrs. James Mills, of Sussex, yesterday about one o'clock, Miss Lillian Mills became the bride of Edwin O. McIntyre. Rev. Canon Cowie of Fredericton officiated. After a honeymoon trip to New York and Philadelphia, Mr. and Mrs. McIntyre will reside at Spring Brook Farm.

Painful Corns Removed By New Painless Remedy

Everyone of those stinging corns can be peacefully and quickly removed by painting on Putnam's Corn Extractor. It's really a marvel how Putnam's Extractor takes out the pain, how it draws out the soreness, how it lifts the corn right out by the roots. It is a neat clean job that Putnam's Extractor does—no remedy so quick and sure as a 25c. bottle of Putnam's Extractor—sold and recommended by druggists.

KNIGHTS OF PYTHIAS CELEBRATE THEIR GOLDEN JUBILEE

Musical Programme, Moving Pictures, Dancing and Cards For Their Entertainment—Presentations

The two days' programme of festivities in honor of the golden jubilee of the Knights of Pythias was begun last evening in the York Theatre when some 800 knights and their lady friends gathered and enjoyed a very pleasant social evening.

The order was instituted in Washington, D. C., on Feb. 19, 1864, and St. John has the distinction of organizing the first lodge in the British Empire, New Brunswick, No. 1, formed more than forty years ago by John Beamish. In honor of the event Mr. Beamish was last night given a handsome cane by his fellow knights.

In the first part of the evening the knights with their ladies crowded into the auditorium where the following musical programme was gone through: Selection by orchestra.
Solo—My Dreams.....Tosti
Solo—The Cry of Rachel.....D. B. Pidgeon.
Solo—The Legend.....Mrs. Turner Salter
Solo—The Legend.....Mrs. L. Murray Curran.
Violin—Legende.....Wienawski
Solo—The Legend.....Miss Olivia Murray.
Solo—Carmen.....H. Lane Wilson
Solo—The Legend.....Miss Blenda S. Thomson.

This was followed by an address of the past supreme prelate, James Moulson, who dwelt upon the precepts and history of the order.

Colonel James Moulson was agreeably surprised when a handsome oil painting of himself was unveiled and presented to him. The assembly then adjourned to the social suite where a programme of dances was carried out and refreshments served.

The music was then concluded with the following numbers:
Solo—Who Knows.....Ernest R. Ball
Solo—The Bandstand.....Fred T. McKean.
Duet—The Fisherman.....Gabus
Solo—The Bandstand.....Mrs. Curran and Miss Thomson.
Solo—The Bandstand.....Leslie Stuart.
Selection by orchestra.

Moving pictures.
Mrs. J. M. Barnes was accompanied on Sunday at St. David's church when Rev. R. J. Houghton, P. C., will deliver a sermon and Rev. J. A. McKeighan will read the scriptures. The collection will be in aid of the Protestant Orphan Home.

C. H. Smythe was chairman for the whole celebration committee and K. Milton Smith secretary. Numerous committees attended to the details of the festivities.

This evening a special convention will be held of New Brunswick Lodge, No. 1, to confer the rank of page on fifty candidates of the three city lodges by a joint team on the stage. Part 2 of this evening's proceedings will consist of a smoker, music and refreshments.

Murder Trial in Sydney

Sydney, N. S. W., Feb. 18.—The trial of Frank Haines, charged with the murder of Benjamin Atkinson, in Mrs. C. B. Atkinson's house, will begin this morning. The grand jury yesterday returned a true bill.

Cataract Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quick medicine. It is prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Cataract. Send for prospectus. F. J. CHEENEY & CO., Props., Toledo, O. Sold by Druggists, price 75c. Salts Fine For Aching Kidneys

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

MOTOR-DRIVEN LIFE BOAT.

London, Feb. 18.—A motor driven lifeboat equipped for wireless telegraphy has been fitted to the new Allan liner Albatross now on her second trip to Canada. The boat is of mahogany and oak, twenty-eight feet in length with beam eight feet. It is very compactly built and expressly designed for the heaviest work. Over half its length is decked in. There is a water-tight self-draining cockpit abaft the cabin, and from this the boat is driven and steered. The engine is a four cylinder Giffenier paraffin motor, but the most striking feature of the boat is a complete wireless installation which is a range of 100 miles. The motor power is sufficient to tow eight or ten ordinary ships' boats in a moderate sea.

MORNING NEWS OVER THE WIRES

The New England Light and Security Company purchased the Yarmouth Light & Power Company's plant. The new company will make a great improvement in the light arrangements and in planning on opening a new operating field in the maritime provinces.

Hon. J. D. Hazen has approved of the installation of the fixed white light now in operation for Partridge Island, at an estimated cost of \$2,500.

The jury in the case against Senator T. F. Gore in Oklahoma City yesterday returned a verdict in his favor in the suit of Mrs. Minnie Bond for \$50,000 damages against him for an alleged attack upon her in a Washington hotel last year.

The White Star liner "Celtic" collided with the Fabre liner "Madonna" in the harbor at Naples yesterday, both sustaining damage, the latter being unable to sail for New York until after repairs.

Neglect Is The Cause of Gray Hair

Easily Corrected If You Only Will Readily Corrected If You Only Will No woman nowadays need lose the charm of her rich, lustrous hair with advancing years. Gray and faded hair destroys a woman's charm as nothing else will do.

It seems a shame that any woman should suffer the annoyance of gray hair when it is so easy to restore it to its natural color.

Gray's Hair Health is so simple and easy to use and so sure in its result that no woman can afford to overlook it. It is not a dye, just a real tonic that brings new life and vigor and that natural colored healthy look to the impoverished scalp and hair roots, restores the original, natural color of the hair. It removes dandruff.

Your money will be refunded to you if it fails after a fair trial. \$1.00, 50c., 25c. Get it at our store.

FORTY-FIVE TAKE MID-WINTER DIP

Last Sunday was the day of the real test of membership in the "Snow Birds" and the "Polar Bears," the all-the-year-round bathing clubs that meet every Sunday on the beach at the foot of Ocean Parkway, New York. Although there was a considerable shrinkage in the numbers that usually turn out, there were still forty-five undaunted and unchillable souls who weren't afraid to paddle barefooted through the snow and scrape the icicles off after a dive.

The scene was not only attractive to several hundred fur-muffled spectators, who shouted to the bathers such facetious advice as "Better close the window" and "Fill the janitor to turn on the heat," but also brought three or four moving picture men, who sacrificed many hundred feet of film to record the splashing and snow-ballooning and the games of medicine ball which helped to keep blood circulating in frost-nipped veins.

Many of the spectators formed part of a party which came jingling down Ocean Parkway and found plenty of snow for traffic clear down to the water's edge. It was estimated that during the day at least 2,000 people made the trip to Coney Island in sleighs and found rare amusement in buying their lunches from the "They're hot, they're hot, they're all hot!" man.

In San Francisco in August next year an international Salvation Army congress will be held. General Booth will lead it.

RECENT DEATHS

The death of Mrs. Anne Merrill Russell, wife of the late James Henry Russell of Houlton (Me.), occurred soon after midnight at the home of her daughter, Mrs. Alexander Macaulay, 288 Princess street. She was eighty years of age and had been ill for some time. Her death however was a great shock to her family and friends. Mrs. B. H. Macaulay of this city is also a daughter.

Mrs. Russell was born on October 7, 1834 at Houlton (Maine). She was married to the late Mr. Russell of Houlton and resided there for many years. For about twenty years, and has occasionally visited his old home here, where his mother and one sister, Mrs. Geo. K. Burton, survive him. Another sister, Mrs. T. B. Buxton, of Washington, D. C., and a brother, Harry, who has been associated with him in business, survive.

Ernest Hache, formerly of Newcastle, N. B., about twenty-five years old, was accidentally killed yesterday in the Union Railway yards in Boston. His widow and three children survive.

Overboard
"Katherine has such a taking way," "I wish she had a way of bringing back."

A HAMILTON MIRACLE

Whole Country Amazed at Wonderful Cure of Mr. John Herman

178 James St., North, Hamilton, Ont.

Gentlemen—

Four years ago I was taken down with inflammation of the bladder. During the attacks, which occurred more and more frequently, the agony was unbearable, and I became so weak I could not walk across the floor. The doctors could do nothing to relieve or cure me.

My wife sent for a box of GIN PILLS to try and see if they would help me. From the first they did me good—the pain was relieved at once, and the attacks began to come at long intervals. I continued taking the pills for six weeks, and then, to my surprise and delight, the stone I sent you some time ago came from me and my pain stopped. It is now three years since GIN PILLS cured me. I have had no return of the trouble, and I have not lost a day's work on account of it since.

There is not the slightest doubt that GIN PILLS saved my life.

Yours gratefully,

JOHN HERMAN.

GIN PILLS are wonderful in their action on the Kidneys and Bladder. They neutralize Uric Acid, soothe the irritated Bladder and completely cure suppression and incontinence of the urine. They are also mildly laxative and help to regulate the bowels.

If your dealer does not handle GIN PILLS, do not take substitutes, but order direct from us, enclosing the regular retail price—50c. for one box, or \$2.50 for six boxes. Money cheerfully refunded if GIN PILLS do not do all that we claim for them. Sample free if you mention this paper. National Drug and Chemical Co., of Canada Limited, Toronto.

If your stomach and bowels are out of order and you need a stronger laxative, take a few NATIONAL LAZY LIVER PILLS; 25c. a box.

ROJECT OF NOT GUILTY IN ALASKA COAL LANDS CASE

Seattle, Wash., Feb. 19.—The jury in the case of Charles F. Munday and Archie Shields, charged with conspiracy to fraud the United States of the Stearns up of Alaska coal lands, by the use of dummy entries, brought in a verdict of not guilty, late last night, after being out for six hours. The case that the promoters is what is known as the Chicago group of claims.

The verdict does not have any effect on the proceedings now under way to test Alaska claims, but is said to be a step in the direction of a settlement of the case. Persons indicted in Detroit, Kansas and Tacoma have not yet been heard.

DEATH IN CARLETON

David Robinson Carleton, carpenter, who lived at West Street, died at eleven o'clock this morning. Mr. Carleton had been ill about a week and his death came unexpectedly. He was seventy-three years of age and leaves his wife and one son, William. He also leaves two daughters, Mary and Jane, and two sisters, Mrs. Thomas Crawford of Westfield and Mrs. Jones of Cambridge.

FRED L. COREY IS PRESIDENT

At the annual meeting of the Steamboat Masters and Mates' Association held last evening in their hall in Simonds street the election of officers was carried out and reports were presented showing the body to be in an encouraging condition. Fred Corey, president of the 115 members in the first year of its organization. Officers were chosen as follows: Fred Corey, president; W. H. Hurley, vice-president; Blanchard Ferris, secretary; Roy Watters, guard; Charles Lewis, Gordon Livingston, Milton Bell, executive; Charles Pike, Zykeman Purdy, and Wilbur Pike, audit committee.

SAWING.

Montreal, Feb. 18.—The annual meeting of Shawinigan Water and Power Co., submitted to the shareholders at their meeting yesterday showed satisfactory increases in both gross income and net revenue, the former standing \$121,011, or about 7.7 p. c. higher than in 1912, and the latter \$89,719 or about 11.8 p. c. higher.

Cotton Letter.

New York, Feb. 19.—Based on Liverpool, our market is due to open 1 to 2 lower. Spot sales 12,000 at one point. Mail advices, while contradictory, seem to regard it unlikely that any short time will be resorted to in Manchester, except in individual instances. It still appears entirely a trading market. Port receipts estimated at 25,000 bales; last year, 16,000.

Money in Winnipeg.

Montreal Star, Wednesday.—Some money is now lending in Winnipeg. The bank of Montreal is lending at 7 p. c. per cent, but several of the largest companies will not look at less than 8 p. c. There is no money in sight for farm loans at less than 8 p. c.

Real Estate News.

For Vigorous Campaign

It does not follow that the constitu-encies markedly deficient in population will be entirely wiped out, but rather that at least the boundaries will be re-adjusted in such a way as to have their populations conform reasonably to the accepted unit representation.

MRS. JOHN L. CARLETON GIVES DRAWING ROOM TEA

(Woodstock Press.)

It is pleasing contrast to the bitter cold outside was the cozy home of Judge and Mrs. John L. Carleton on Wednesday afternoon, when Mrs. Carleton was hostess at a delightful drawing room tea.

Mrs. Carleton was greeted in pink satin heavily embroidered with white silk, the bodies being covered with crystals and gold trimming. Miss Gussie McKen, the Misses Carleton of St. John and Miss Helen Hand, Kathleen Hand and Miss Marion Winslow assisted in serving the guests.

Miss Beatrice Carleton was in yellow silk with overalls of white shadow lace with pink roses on bodice. Miss Geraldine Carleton was in yellow silk with black set tunic and girle of yellow silk. Miss McKen was in white voile with tunic and trimming of shadow lace. Miss Kathleen Hand wore blue silk. Miss Marion Winslow wore pink satin with pink satin and pink roses on bodice.

Mrs. J. L. Carleton gave a very en-joyable house dance for the pleasure of her guests. Miss Beatrice Carleton and Miss Geraldine Carleton of St. John, on Thursday evening.

ENGLAND'S LAND QUESTION

London, Feb. 19.—The Marquis of Salisbury, addressing the House of Commons, declared that if the land owners are deprived of their existing authority and power, they will spend no more money on land but will sell and quit.

The extra burdens now being thrown on land were denounced by Lord Salisbury as intensifying the evils of the system. The adoption of new reforms will "strictly fair rents" could be said, increase the present rents in some cases four fold.

WEDDING ANNIVERSARY

A gathering long to be remembered was held at the home of Mr. and Mrs. Thomas E. Lunney, Swift Point, on Tuesday, February 17, in honor of the 25th anniversary of the wedding of the couple. Friends gathered to do homage to the occasion. Dancing, music and games were enjoyed by the guests. Refreshments were served at midnight. Mr. and Mrs. Lunney were the recipients of many beautiful gifts. The party dispersed about four o'clock after wishing them many anniversary returns.

That Night Cough!

You know it! It begins with a tickling, irritating sensation in your throat. You cough to clear the throat. In a moment, there it is again!

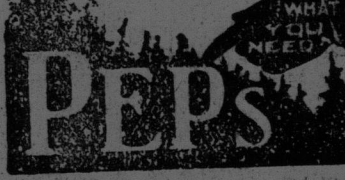

A minute's peace, then again you cough, and so on until you cough your throat sore, and by the time the cough is sufficiently allayed to permit you to sleep, you are thoroughly worn out. This kind of experience is particularly trying to old people.

Peps make it quite unnecessary for you to have this kind of thing happening.

These night coughs are due to the formation of mucus in the air passages, or to a little inflammation in the bronchial tubes. As soon as you put a Peps pastille on your tongue, and allow it to slowly dissolve, healing balsamic fumes are liberated, which are breathed down the air passages and bronchi. These healing fumes allay irritation, and so transform the hard phlegm and mucus that is easily expelled. They impart, too, a feeling of warmth and a glow of comfort in the region where pain and irritation were before felt. Remember, also, Peps contain no opiates—no poisonous compounds. This makes Peps so suitable for the coughs and colds of children; and in these should quickly grasp and appreciate this vast superiority.

Just as the out-door treatment for consumption—the "breathing" treatment—is now admitted to be the only rational treatment, so the "Peps" treatment for colds and lung troubles is the only rational home treatment. Peps treatment means the BREATHING down to the lungs, bronchial tubes, and chest cavity, of healing, strengthening, purifying medicinal ingredients. You can't swallow medicine into your lungs. If a medicine can't be BREATHED, it can't get to the lungs and bronchial tubes. Peps provide a medicine you breathe—not swallow. For all disorders or irritations of the lungs, or bronchial tubes, therefore, use Peps. These include: catarrh, coughs, bronchitis, sore throats, tightness or aching across the chest, difficulty in breathing, hoarseness, asthma, laryngitis, smoker's throat, etc.

All druggists and stores sell Peps at 10c. box or 3 for \$1.25. Should your dealer be out of stock, order direct (postpaid) from Peps Co., Duport St., Toronto, or 62 Princess St., Winnipeg.

LETTERS TO THE EDITOR

MEMBERS LEFT FREE

To the Editor of The Times: Sir,—In the report of the meeting of the Presbyterian Ministers' Association held on Monday of this week, it was stated that the members of the association "came to the conclusion that the present time is not opportune for seeking new legislation to bring the city under the operation of the Scott Act." We wish to state in this connection that the association made no pronouncement on this point. The general policy of the Presbyterian church in Canada on the temperance question was discussed and a resolution adopted in terms of the declaration of the general assembly in 1912. Within the scope of this resolution members of the association were left free to exercise their own individual judgment with respect to the present campaign.

On behalf of the association,
J. A. MACKIEGAN, Secretary.

GIVE THEM WORK

To the Editor of The Times: Sir,—There are a number of professional "hobos" who make it an annual practice to "beat their way into the city of St. John, towards the fall of the year, and day and night appear at the private homes and business places of many of our well meaning citizens and with the well prepared hand-luck ticket manage to obtain board and lodging tickets. The various names and addresses of kind-hearted citizens are exchanged nightly among these "hobos," and naturally the annual board-bills of these "hobos" are annually presented to the various citizens who so kindly lent them their aid. Seeking employment is unknown among them while they find the citizens at all "easy."

Your correspondent "Civics" of last evening's Times speaks truly. The average working man keeps his troubles to himself and seeks consolation with his family after his daily toil (for employment).

It certainly seems discouraging to the willing worker to see those able-bodied "hobos" receiving tickets for their financial embarrassment, while the taxpayer awaits anything in the nature of relief works.

FINE PAPER FROM BAMBOO

German Professor Announces New Discovery.

Berlin, Feb. 19.—Prof. Schwabe, of Flerwald University, announces in the Chemical Gazette that he has found it possible to produce a very fine grade of white paper, especially suited for printing purposes, from bamboo cane and rice straw, which can be had in large quantities from India.

By a roasting process a fibrous, pulpy product is obtained. It can be shipped to Europe cheaply and easily converted into the raw material for paper-making.

A few nights ago the Halifax train was held until one o'clock to make connection with the Boston.

PASSAMAQUODDY BAY AND ST. CROIX FISHING

Provisions of Bills in U. S. Congress Affecting New Brunswick and Maine Boundaries

(Bangor Commercial)

Washington, D. C., Feb. 17.—Bills which Senator Swanson and Representative Flood have introduced in their respective branches of congress to give effect to provisions of a treaty between the United States and Great Britain concerning fisheries in boundary waters affect Maine waters measurably. Presumably these bills will become law. They are now before the foreign affairs committee of the house and the foreign relations committee of the senate and will be favorably reported soon.

The portions of the treaty affecting Maine are chiefly under the titles of territorial waters of Passamaquoddy Bay and St. Croix river. There is much which bears upon the lobster fishing industry. The paragraphs of chief Maine interest are as follows:

"The following regulations (18 to 25, inclusive) shall apply to the territorial waters of Passamaquoddy Bay:

"18. Protection of spawning grounds.—From July 16 to October 15 in each year, both days inclusive, no herring shall be fished for, killed, or captured on any of the recognized spawning grounds for herring, and no weir, net, or other fishing apparatus or gear for catching herring shall be used or operated on said spawning grounds.

"19. Weirs and seines.—No weir or fixed apparatus for the capture of fish shall be placed at a distance of less than 1,000 feet along the shore from any other weir or fixed apparatus.

No net shall be placed, set, or operated within 500 feet of the mouth of any weir, without the consent of the weir owner.

Wherever in these treaty waters the use of seines is or may be permitted by law, no seine shall be drawn to the shore, but all fish taken in such seine shall be bailed or dipped from the water.

"20. Close season for salmon.—From August 15 in each year to March 1 succeeding, both days inclusive, no salmon shall be fished for, killed, or captured in these treaty waters.

"21. Purse nets prohibited.—No purse net shall be used in these treaty waters.

"22. Legal size for lobsters.—No lobster of which the carapace is less than four and three-fourths inches in length shall be fished for, killed or captured in these treaty waters.

"23. Berried lobsters.—No berried lobster shall be fished for, killed or captured in these treaty waters.

"24. Lobster traps.—No lobster trap or other apparatus for the capture of lobsters shall be placed in these treaty waters within 500 feet of the mouth of any weir or stationary salmon net or in water of a less depth than two fathoms at low tide.

"25. Close season for lobsters.—From May 6 to Dec. 6 in each year, both days inclusive, no lobster shall be fished for, killed or captured in these treaty waters.

For St. Croix River:

"The following regulations (26 to 28, inclusive) shall apply to St. Croix river: "26. Nets in St. Croix river.—In the tidal waters of the St. Croix river, no weir or fixed apparatus for the catching of fish shall be placed at a distance of less than 1,000 feet along the shore from any other weir or fixed apparatus.

"No seine or other net shall be placed or set within 500 feet of the mouth of any weir without the consent of the weir owner.

"Whenever in these treaty waters the use of seines is or may be permitted by law, no seine shall be drawn to the shore, but all fish taken in such seine shall be bailed or dipped from the water.

"27. Close season for salmon.—From Aug. 15 in each year to Feb. 1 succeeding, both days inclusive, no salmon shall be fished for, killed or captured in these treaty waters above tidal limits.

"28. Weekly close season for Salmon.—From April 1 to July 15 in each year, both days inclusive, there shall be a weekly close season of 48 hours from 6 o'clock on each Saturday morning to 6 o'clock on the following Monday morning during which no salmon shall be fished for, killed or captured in the tidal waters of the St. Croix river.

"During this weekly close season all weirs or other fixed apparatus used for the capture of salmon shall be so raised, closed or adapted as to admit of the free passage of fish through or by or out of such weirs or other fixed apparatus."

(Continued from page 1)

Suburbanites are getting restless, being \$107.50 against \$147 last year, however, several have been received since the closing of the books, and naturally the annual board-bills of these "hobos" are annually presented to the various citizens who so kindly lent them their aid. Seeking employment is unknown among them while they find the citizens at all "easy."

inference therefore is that our nurses have (in view of the large number of cases nursed) been attending a poorer class of patients.

During the year the board of management received a very handsome donation of \$600 from James Manchester.

The board would draw your attention to the small cost incurred in conducting the affairs of the association the total cost outside of nurses' salaries and car fares being \$129.92. Out of this \$129.92 is for medical supplies leaving \$25.92 to cover all other expenses.

The following is a classification of the work of our nurses giving comparisons with the year 1912. As the increases and decreases are given no remarks are called for, but we would merely point out that 596 more visits were paid than last year. The following figures showing the number of visits paid as compared with

the last four years may prove of interest:

| | 1909 | 1910 | 1911 | 1912 | 1913 |
|---------------------|------|------|------|------|------|
| No. of cases nursed | 8922 | 8874 | 4885 | 5285 | 5821 |

Such a growth has necessitated our board devoting more time to the work of the order.

Training Centre Here

Your board has under consideration the establishing of a training centre for nurses in St. John. They would then be in a position to provide other centres in New Brunswick with a Victorian Order nurse should they wish to co-operate in the maintenance of one. It is the opinion of the board that such an institution would be of benefit to the province; the question of expense, however, requires much consideration.

The advisability of establishing a milk station such as is conducted in Montreal and Halifax has been brought before the board. At such a station a nurse is put in charge who advises and teaches mothers to prepare feedings and provides them with milk from a certified dairy. Clinics are usually held once or twice a week by a doctor when mothers bring their babies and if anything is wrong with them receive advice as to the best treatment. In this connection

a recent report by the Victorian Order of Nurses of Ottawa shows that in the three years of its existence the V. O. N. nurses have been present the death rate among Montreal babies, 24.5 per cent died before they reached the age of one year, has been reduced to almost seven per cent. While such conditions do not prevail to anything like this extent in

St. John, such statistics show the immense usefulness of such a work.

We regret to report that during the year Dr. J. S. Bentley retired from the board. We are pleased to report that Mrs. Edwards, Miss Tina MacLaren and Senator Daniel were elected during the year to the board.

The board desires to express its appreciation of the work performed by its nurses and of the satisfactory way in which their duties have been performed. They also tender to the board of commissioners of the St. John General Public Hospital their thanks for the comfortable quarters provided our nurses, to the mayor and commissioners for their continued interest and financial support of the order, the various subscribers for their interest and assistance. They also wish to express their thanks to the medical men of the city for their co-operation and assistance in the work of the association.

Charley Hille, an Albany boxer who is now trainer for the Cleveland baseball team, gives a good illustration of the free air, is working hard every day to get back in the form he was when he met Hille, and it looks as if he will get near the mark very soon.

"Black 'em, you boob?" I answered back. "Why, man, have you seen any of them miss me?"

Blackburn, who is again breathing the free air, is working hard every day to get back in the form he was when he met Hille, and it looks as if he will get near the mark very soon.

News of the Bobs.
Johnny Dundee is fully convinced by his good bank account that boxing is better than peddling fish, his first occupation.

Porky Flynn added another no-decision victory to his record on last Saturday night by defeating Soldier Kearns in Brooklyn.

Should the bout between Kid Williams and bantam champion John Coulton go through Williams will get only \$2,500, win, lose or draw. Out of that he has to pay Coulton a bonus of \$1,000. It, however, gives Williams a chance at the title, and he figures that it is worth a lot, as he is confident he will defeat Coulton. The latter will get \$5,000 from the promoter, and with Williams' \$1,000 it will give the little champion quite a roll, whether he wins or loses.

A Chicago policeman entered a municipal court and said that having absconded with the ordinance against expectation, he had arrested himself and was prepared to pay the proper fine. He was assessed \$1, and paid, and then went back to his beat.

Harry LeDuke, middleweight champion of Europe, and now a student at Tuft's College, Boston, recently defeated Ex-champion Anderson in Attleboro (Mass.), in easy style. LeDuke is anxious to arrange for a match with Dan McDonald, and is willing to deposit a side bet of \$200 if a "go" can be fixed.

After the President
Ottawa, Feb. 18.—The Ottawa Hockey Club seeks the head of President Emmett Quinn, of the National Hockey Association. The Senators have asked for a special meeting of the league to consider alleged violation of the agreement of the clubs on January 18, that no referees should be appointed to handle games in their home town for the remainder of the season. Riley Hurn was one of the officials at the Ottawa-Canadians game on Saturday night in Montreal, and being a resident of that city, the Ottawa Club declares President Quinn went over the head of the clubs who employ him, in making the appointment.

Why that Corn?

Why that pain, when Blue-jay would stop it instantly?

Why have a corn, when Blue-jay would remove it in two days?

Why that discomfort, when millions of people could tell you a way to get rid of it?

These are the facts: Blue-jay is applied in a jiffy. And from that instant all pain is stopped.

Then, while you work or sleep or play, Blue-jay undermines the corn. In two days you can lift it out, without any pain or soreness.

Think how easy, how simple. While you pare corns, or doctor them in other petty ways, Blue-jay is taking out a million corns a month.

It is simply folly, in these modern days, to suffer from a corn. A single test will prove this.

"I do have the worst trouble with the 'phone'."

"What's the cause?"
"The service, of course. Let me show you. Hello, exchange, hello. Why don't you answer? I want Mrs. Brown, Mrs. Julia Brown. What number? No. 62 Tanglefoot street. Number? I just told you. Oh, that's why it's there, you've gone and put it all out of my head. I'll have to look in the book. Dear, dear, the book is upstairs. Well, I never in all my life saw such service!"

The St. John bank clearings for the week ending today were \$1,211,200; corresponding week last year, \$1,655,744.

HAD SLEIGH DRIVE
A very enjoyable sleigh drive was held last night by James Jack's class of the Carleton Methodist Sunday School; refreshments were served after the drive.

THE TRAINS
The Maritime express was three hours late reaching the city today. The Montreal C. P. R. train was about twenty minutes behind time while the Boston was only ten minutes late.

SCHOOL-HOUSE BURNED
The school house at North Head, Grand Manan, was destroyed by fire Thursday night of last week. It was valued at \$5,000; insured for \$3,000. It was a fine wooden building, containing four departments.

WENT TO MONCTON
Premier Fleming passed through the city at noon today on his way to Moncton where he will address a gathering of the Knights of Pythias this evening. He will return to the city tomorrow on his way home.

SURPRISE PARTY
About thirty young people last evening gathered at the home of Mr. and Mrs. W. Higgins in Camden street and tendered a surprise to their daughter, Miss Mary V. Higgins. During the evening in behalf of those present, Jos. Dever presented to her a handsome music cabinet. Games and music were enjoyed and after refreshments the party dispersed at an early hour this morning.

FEES HIGHER
The Council of Physicians and Surgeons of New Brunswick will apply to the legislature at the common session to amend the New Brunswick Medical Act so as to increase the fees on matriculation examinations to \$15; the fees on final examinations to \$40, and the registration fee to \$30; also to permit of one payment of \$20 instead of the annual registration fee of \$1.

PROMPT ACTION
What might have proved a serious runaway was narrowly averted in Winter street about 6:30 o'clock last evening when Alister Macdonald, accountant with W. H. Hayward Co. Ltd., Prince street, at great risk of personal injury, sprang to the horse and quickly brought it to a standstill. The occupants of the sleigh were very grateful to Mr. Macdonald for his prompt action, and his bravery was the subject of much favorable comment among by-standers.

GOES TO AMHERST
The Amherst News says that at Monday's meeting of the town council J. E. Parker was appointed superintendent of streets for the ensuing year. Mr. Parker was inspector of paving in St. John during the last summer and fall. He also laid out the plan for the Allison playground and the new playground in Carleton. He has had much practical engineering experience both in New Brunswick and the United States. Mrs. Parker and family are still in this city.

L. & B. ASSEMBLY
The members of the L. & B. Society were at home last evening to their lady friends at an informal assembly held in their rooms in Union street at which a large gathering was present. Music was furnished by Harry McQuaid's orchestra and many favorable comments were heard concerning it. An enjoyable programme of dances was had and refreshments were served about midnight. The chequerers were Mrs. R. E. Fitzgerald, Mrs. M. T. Morris, Mrs. John Daley, Mrs. Leo Cahan, Mrs. Frank Fitzgerald, Mrs. Joseph Hennesberry and Mrs. Robert Doherty.

DEATH OF MRS. SARA AGNEW
The death of Mrs. Sara Agnew, widow of James Agnew, late of Fredericton, N. B., occurred last evening after an illness of only a few days. She was a very amiable old lady, in her 88th year, and had many friends here and in Fredericton. In addition to Mrs. Agnew, another daughter, Miss Eleanor Agnew, Boston, survives; also two sons, James H. and William J., also of Boston. One brother, Robert Butler, a prominent printer of New York, also survives. Mrs. Agnew will be buried in Fredericton.

BURIED TODAY
Many friends attended the funeral of Mrs. O. C. Ward, held this afternoon from her late residence, 281 Duke street. Services at the house and grave were conducted by Rev. F. S. Porter. The casket was covered with many beautiful floral tributes. Interment was in Cedar Hill.

The funeral of W. W. Brittain was held this afternoon from the residence of his son-in-law, W. H. Van Home, 508 Main street. Services were conducted by Rev. J. J. McCaskill and Rev. J. C. B. Appel. Interment was in Fernhill. At 8:45 o'clock this morning, the funeral of Mrs. Michael Barrett was held from the residence of her son-in-law, Hugh Montague, 72 High street. The body was taken to St. Peter's church where requiem high mass was celebrated by Rev. E. J. Holland. Interment was in the Old Catholic cemetery. Relatives were pall bearers.

These dogs, besides others from Montreal, will be shown at the New York show next week.

Hazen Dislikes Airing Gutellus Deal in Commons

F. B. Carvell, in City Today, Speaks of Matters in Parliament

F. B. Carvell, M.P. for Carleton county, was in the city today, registered at the Royal. He came from Ottawa to attend a meeting of the N. B. Telephone directors. Mr. Carvell said that there was not much stir at the federal capital, chiefly because the government had no programme. In many matters they did not know where they stood, in fact the only future which seemed certain was the redistribution bill. It was expected that the measure would be far to all concerned, following the precedent established by the Liberals in their making a redistribution.

The members for Carleton said that Mr. Hazen seemed very reluctant to have the Gutellus-Bowworth agreement aired in the house, and information was not freely forthcoming from the ministerial benches. Regarding the tariff, Mr. Carvell said that the government was between "the devil and the deep sea." The west was strongly pushing for lowering of the tariff in certain staples, while the eastern interests were pulling the wires the other way, and the result, it was fully expected, would be no tariff legislation this session.

WOMAN 128 TIMES IN POLICE COURT HERE HOLDS LOCAL RECORD

This Comes Out in Hearing of Case of Girl Suspected of Stealing Coat

A girl arrested last evening by Police-man McNamee on suspicion of stealing a coat from Mrs. Mary Martin, who owns a boarding house in Germain street was brought into the police court this morning. Mrs. Martin said that the girl had come to her on Tuesday night and asked to be allowed to spend the night. The next morning the girl disappeared and soon afterward the coat was missing.

Mrs. Martin said she did not wish to prosecute the girl but only wanted to get back her coat. She was told by the magistrate that she had nothing to do with the prosecution and the coat could not be recovered until the case had been disposed of.

The magistrate remarked upon the number of women who have lately been arrested. A woman also holds the record for the number of times arrested, she having appeared in the police court 128 times.

SENDING PORCUPINES TO THE GLASGOW ZOO

L. B. Knight Ships Two on The Cassandra—News of the Steamers

The Donaldson Line steamer Cassandra will leave this afternoon for Glasgow with about 125 passengers and a full cargo of general freight, including about 90,000 bushels of grain. Also in the cargo will be two live porcupines sent by L. B. Knight to the Glasgow Zoological Gardens. The animals were captured near Westfield, Mr. Knight's daughter, Miss Marjorie, will sail on the Cassandra for a trip to Scotland.

Purmess Line's Shenandoah will sail tomorrow morning for London via Halifax with 64,000 bushels of grain, 350 standards of deals and other general cargo.

The Head Liner Ishinowen Head sailed this morning at 1:15 o'clock for Belfast with grain, lumber, flour and general freight.

Canard Line's Ascania arrived at London yesterday morning at 8 o'clock.

R. M. S. Royal Edward, of the Royal Line, was reported about Sable Island at 2:30 o'clock this morning and is due to arrive here late tonight, docking about 6 o'clock tomorrow morning.

Steamship Empress of Russia arrived at Hong Kong at two p.m. on Wednesday.

BIRTHDAY CONGRATULATIONS
About thirty-five friends of Miss Emma Cromwell called at her home in King street last evening and gave her a surprise in honor of her birthday. During the evening a handsome silk umbrella was presented to her to mark the event. A pleasant evening was spent in music and games, refreshments were served and all joined in wishing the popular young lady many happy returns of the day.

THE BEAR RIVER.
R. C. Elkin this morning received a letter from Clark Brothers, of Bear River, the owners of the coasting steamer Bear River, saying that the vessel was still hard and fast in the ice near Bear River, but that she was in no immediate danger. She is in such a position that when the ice starts to run out she can be easily freed.

OFFICERS CHOSEN.
At the annual meeting of the Wilson B. Co. Ltd., yesterday reports for the last year were submitted and dividends declared on both the common and preferred stock. T. H. Estabrooks was elected president, S. E. Elkin, vice-president, and Alex. Wilson managing director and secretary-treasurer.

SNOW REPORTS
Allison and Thomas have been reported by the police for having a vacant lot in Waterloo street not fenced in and also with not having the sidewalk in front of the property cleared of snow. S. F. Matthews has been reported by the police for not removing the snow from the sidewalk in front of his house at 214 Princess street.
