TWELVE PAGES—ONE CENT

WILLIAMS AND ELLER LIKELY IN BATTLE TODAY

Even Money on Eighth Game of World Series

WEATHER MAN UNCERTAIN

Faber Pitching Possibility For Sox But Williams The Choice—Prospect For Very Large Attendance

Chicago, Oct. 9.—Contestants of the world's baseball championship by virtue of their four to one victory over the Cincinnati Reds yesterday, the Chicago White Sox returned to Comiskey Park today to make a determined effort to draw ahead the Reds in the matter of games won at 4-4. Regarded as out of the race for premier baseball honors when the Reds took the first two games of the series in the Ohio city and then won two out of three here, the American League pennant winners apparently found their long lost batting eyes and the two victories they hammered out on successive days on foreign soil brought a return of the pre-series confidence in the ultimate outcome to their supporters here.

Needling but the single game to bring his team the championship, Manager Moran was expected to send "Red" Eiler, right-hander, to the mound today in the eighth game of the series. Eiler established the world's series record of six successive strikeouts when he held the White Sox to three hits, one a scratch, in the game here on Monday when Cincinnati won 5 to 0. Claud (Lefty) Williams, twice defeated by the Reds, but holding them to an aggregate of eight hits in the two games, was expected to be Manager Gleason's selection for mound duty.

Williams' pitching was of high order but each time he opposed twirlers before whom the White Sox hitters actually were powerless. With the assertion that "his boys" had recovered their batting eyes and fighting spirit, as they evidenced yesterday and Tuesday when they batted from the box Raether and Salles, who opened the National League's batting order, were expected to be the star left-hander would pitch a comeback game as did the previous day.

Manager Moran, while somewhat surprised that his charges had failed in two attempts to assure the National League's possession of the 1919 world's championship, merely pointed to the breaks of the game as responsible for what he termed the "postponement." He seemed confident today would end the series, making unnecessary the ninth game tomorrow at Cincinnati.

Weather Uncertain. Showers were indicated in the official weather forecast for today, making uncertain just what brand of weather the eighth game would draw, after seven playing days of unparalleled weather. Moderate temperature was forecast, however, and it was said the game would be played unless there was a heavy rain at 2 o'clock.

Interest in the series at Chicago was renewed by the come-back the White Sox staged, and with two days of ticket sales for today's game the prospect was that approximately a capacity crowd would be out.

"Red" Faber, hero of the 1917 world's series, was mentioned as a White Sox pitching possibility, but the consensus of opinion was that Williams would be given the honor. Faber is said to have recovered form, though he was virtually on the retired list all the season.

Few wagers on the outcome of the series were reported today. Prevailing odds on the series result apparently were 2 to 1 in favor of Cincinnati and even money on today's game.

The probable line-up and batting order follows: Cincinnati—Rath, 2b.; Daubert, 1b.; Groh, 3b.; Roush, cf.; Duncan, Jr., R. F. C.; Neale, R. F. B.; Halpern, 2b.; Eiler, P. Chicago—Liebold, R. F. C.; Collins, 2b.; Weaver, 3b.; Jackson, R. F. C.; Gandil, 1b.; Risberg, ss.; Schalk, R. F. C.; Williams, P.

It was slightly cloudy early today and a cool wind was blowing. Showers, with a moderate temperature, was the official weather forecast.

APPROVE PROJECT OF PRESBYTERIAN BOYS' SCHOOL AT PICTOU

Fredericton, N. B., Oct. 9.—At this morning's meeting of the Presbyterian synod, Rev. W. W. McNair made the report of a committee appointed to consider the erection of the Pictou Presbyterian boys' school established at Pictou affiliated with Pictou Academy. It approved of the plan to build the school.

UNDER THE GAME LAW

Fredericton, N. B., Oct. 9.—The Colonial Hide Company was fined \$50 yesterday for having the hide of a calf moose in its possession. Fifteen untanned moose hides also were found in possession of the company.

A resident of Burt's Corner was fined \$10 and costs for doing business as a buyer of moose hides without a license.

REPORTS VARY

It was said this afternoon, in connection with the rescuing of the Keating lads from a breaking raft in Courtney Bay last evening that William Lane and Jack McDermott were the ones who rescued the lads.

WAR HERO AND MOVIE STAR WED

Lt. Frank Badgley of the Canadian Field Artillery who was decorated by King George with the military medal as the only survivor of a gallant party which charged a machine gun nest, met Miss June Elvidge, movie actress, at a victory ball in New York and immediately asked her to marry him. She accepted him and within forty-eight hours they were married and on their way to Canada.

WILL PROCEED WITH WATER AND SEWERAGE MAINS

Extensions to be Made in Mount Pleasant and West End—Council Approves

The decision to proceed with the laying of water and sewerage mains in Mount Pleasant Court was arrived at by the city commissioners, meeting in committee this morning. This action was confirmed subsequently in council. The council also decided to go ahead with the installation of similar facilities for the area on which the city housing commission is to erect dwellings in West St. John.

In reporting on the progress made by the housing commission, Mr. Bullock suggested that the act would be more workable if the maximum cost permitted was increased and the minimum cash payment decreased. Accounts in connection with the soldiers' and prices' days were presented and passed, including F. W. Strong's, \$50; M.R.A., Ltd., \$88.40; G. Day, \$24; Temple Band, \$50. Paving Plans Sent Back. The million dollar paving programme prepared by the public works department on the mayor's motion was brought up by Mr. Fisher. Mr. Thornton objected strongly to Mr. Fisher's recommendation that certain paving work be done by appropriation, stating that if bonds were to be issued for paving work they should cover all such work. He also said that the programme included nothing for West St. John. Mr. Fisher replied that the west end work was to be paid for from appropriations. The mayor also objected to the appropriation recommendations, and the matter was referred back for further consideration and report.

A report of the city engineer on the condition of the street railway t-tie on Rodney wharf was presented. He found some repairs needed, but the structure safe for street railway traffic. The report was adopted and a copy ordered sent to the N. B. Power Company.

THE TOY-MAKERS

Ex-Airman Fritz—Trust me to find those British nurseries. I've dumped toys on ten before!—London Evening News.

German toy-makers are again seeking a market for their ware in Britain and Canada.

As Hiram Sees It

"Hiram" said the Times reporter, "do you remember that tree below the spring—the one whose leaves were rich, deep purple so early in the season? And that maple farther down toward the brook, whose foliage ran from light green through pale gold and dull brown to crimson? I shut my eyes last night and saw them, and heard the murmur of the wind in the old pine by the spring. Do you remember Mrs. Hornbeam would mind if I ran out for Thanksgiving? I'm positively homesick."

"Hiram told me," said Hiram, "to ask you to come out to the Settlement for Thanksgiving. She's got something better to eat than turkey and cranberries, you know what I mean? You mind that there plump turkey you chased out of the oven. I'll be in the oven today—the turkey in the oven."

"I don't blame it," said Hiram. "You come out to the Settlement and get me a little of that turkey. I'll be in the oven today—the turkey in the oven."

"I don't blame it," said Hiram. "You come out to the Settlement and get me a little of that turkey. I'll be in the oven today—the turkey in the oven."

ATTEMPT ON LIFE OF HUGO HASSE

Motive is Revenge, Says Assailant—German Independent Socialist Leader Has Three Wounds

Berlin, Oct. 8.—(By the Associated Press)—Hugo Hasse, leader of the independent socialist movement, was shot today a quarter of an hour before he was expected to make a sensational disclosure to the Reichstag assembly in connection with the government's Baltic policies and the tolerant attitude of Berlin toward the west Russian anti-Bolshevik government. This fact gave currency to a rumor that the attempt against Herr Hasse's life had a political origin, but a cross examination of Voss's, his assailant, indicates that he was actuated by motives of personal revenge.

When the session opened, Konstantine Pehrenbach, president of the national assembly, announced that Herr Hasse had been attacked and the house at that time voted him and his family, as well as his parents, an expression of sympathy. Herr Hasse, accompanied by his wife, was going into the Reichstag building when a well dressed man fired several shots at him. Hasse and his wife jumped aside, seeking to find shelter behind a projection of the Reichstag building. His assailant who is a native of Vienna, named Johann Yoss, pursued his victim and fired again. Hasse afterwards was found to have been struck in the forehead and forearm. His wife, who was not injured, accompanied her husband, who had called to Helwig's limousine. Hasse's wounds were pronounced not dangerous.

Voss, who is fifty-one years of age and a leather worker, submitted calmly to arrest.

SIR HENRY DRAYTON TO BE CANDIDATE

Kingston, Ont., Oct. 9.—Sir Henry Drayton, member of finance, will be a candidate for the coming by-election in the dominion house.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological service.

Synopsis—A disturbance now centered over Minnesota is causing showers and drizzle over the Maritime provinces. The weather is fine in the western provinces, mostly fair and cold. Gulf and North Shore—Moderate winds, fair today; Friday, winds increasing to gales with rain.

Showers. Maritime—Light to moderate winds, fair today; Friday, fair at first followed by increasing southerly winds and showers before night.

New England—Rain tonight and Friday, warmer, increasing south winds.

St. John Gets Good View of Big Plane on Way to New York

The Atlantic, Flying From Parrsboro, Moves Slowly Over City—Two Miles a Minute in Air Derby in States

The Handley-Page bomber Atlantic passed over the city at 120 o'clock (daylight time) en route to New York on her non-stop flight from Parrsboro, N. S. As she passed over the city at a moderate rate of speed and flying quite high citizens were attracted by the hurrying of the powerful engines and the strong report of the exhaust which could be heard long before she was discerned from the city streets. In appearance she greatly resembled the hydroplane which has been in the air for some months ago en route to Quebec.

The passing of the bomber over the city excited widespread attention and when the noise of her engines was heard windows were thrown up and people crowded the sidewalks to get a glimpse of the highly reputed plane. Crowds rushed to the waterfront where they could discern the Atlantic and watch her progress as she swept in from the direction of Courtenay Bay and headed across the harbor and then turned south by southeast. It was hard to judge how fast she was traveling owing to her great height in the air, but it was not long before she was seen to be a large machine was evident for even at the great height she looked large and was making a steady headway beneath the white clouds. The weather here was favorable and atmospheric conditions were very good. A slight wind from the west-southwest, but evidently did not interfere with her progress to any great extent. That she is a large machine was evident for even at the great height she looked large and was making a steady headway beneath the white clouds.

A returned aviator, who was an interested spectator, said that the bomber was making a headway but despite this he said that the eleven passengers were undoubtedly all comfortably seated in a cabin with port holes from which they could view the surrounding country. Local photographers took a snap of the large machine as it passed over the city.

The Handley-Page carries eleven passengers. Vice Admiral Kern, Major Brockley, five mechanics, three newspaper men, Martin of the Montreal Press and Dennis of the Halifax Herald and Sports a motion picture operator.

The Handley-Page plane at Parrsboro was being used for her non-stop flight to New York. A later dispatch from Parrsboro says that at 10 o'clock the engine started and the bomber was just about to take the air, some portion of the crew had been taken to the air. The Handley-Page carried eleven passengers and several hours' delay. A telephone message from Parrsboro later stated that the bomber left at five minutes before noon for New York.

The Air Derby. The Handley-Page, Oct. 9.—Flying at the remarkable rate of approximately two miles a minute, First Lieut. B. W. Maynard yesterday left Parrsboro, N. S., for New York City, and was the only one to reach here. His was the first New York-Chicago aerial journey ever made between sunrise and sunset.

Arriving at De Havilland-Four machine with a passenger and a German pilot dog aboard, the lieutenant covered the distance of 110 miles in approximately six hours and forty-five minutes of actual flying time, or about nine hours and twenty-nine minutes elapsed time.

Lieut. Maynard, who recently won the Toronto-New York air race, remained at Asbestos Field for the night.

Cleveland, Oct. 9.—A drizzling low visibility and unfavorable weather delayed this morning of four of the eight airmen who were expected to arrive on the fourth leg of the transcontinental air derby from Montreal to St. Louis, St. Paul, Minneapolis, and Chicago.

The other four arrivals yesterday continued westward. At 7 a.m. a heavy rain was falling and Lieut. Col. H. E. Hartley, Lieut. Col. T. S. Browne, Captain Harry Smith and Lieut. E. H. Manthorn, who remained here over night decided to stay until weather conditions improved.

W. H. Rix, in charge of the flight here, received a wire from Buffalo at 7:30 a. m. that nine machines left Buffalo this morning for Cleveland and that six others were held at Buffalo. Lieut. B. W. Maynard, driving a De Havilland-Four arrived at Franing Field here at 8:30 this morning, having made the 155 miles in ninety-two minutes. He was the first cross-country flier to reach this point. After talking on supplies, the machine again took the air at 9:09 a. m., heading for the next station, which is Des Moines, Ia., 158 miles from here.

Salt Lake City, Utah, Oct. 9.—Airmen Nos. 41 and 62, piloted by Lieut. Col. H. E. Hartley, Lieut. Col. T. S. Browne, Captain Harry Smith and Lieut. E. H. Manthorn, who remained here over night decided to stay until weather conditions improved.

It is said by the Paris Temps that General Fayolle will head the inter-Allied commission to supervise the disarmament of Germany and General DeGonette will succeed him in command on the Rhine.

W. F. O'Connor was to open a price inquiry in Sydney, C. B., today. Sappulhisky, leader of the peasants and agrarians, has been entrusted with the task of forming a cabinet at Sofia. The new government is to be made up of agrarians and socialists.

It is announced that the strike of dock workers at Bremen has been settled. A strike of employees of the Paris underground railways possible next week.

PUT IT UP TO THE BRITISH PREMIER TODAY

British Miners' Demands for Complete Nationalization

DEPUTATION TO LLOYD GEORGE

He is Expected to Refuse and Then Special Trades Union Congress Will be Called to Decide on Action to Force His Hand

London, Oct. 9.—With the country not yet fully recovered from the effects of the railroad strike, British miners will take the stage today, when a deputation will call on Premier Lloyd George to press for a complete nationalization of mines. The deputation consists of members of the parliamentary committee of the trades union congress, which met recently in Glasgow, and members of the executive of the miners' federation.

By coincidence, J. H. Thomas, secretary of the National Union of Railwaymen and leader of the recent strike, will head the deputation as the new chairman of the parliamentary committee. This step was taken in accordance with a resolution adopted at the recent trades union congress of Glasgow, which pledged the congress to co-operate with the Miners' Federation in compelling the government to accept the majority report submitted by the coal commission headed by Sir John Sankey. Premier Lloyd George, before parliament adjourned, announced the government's decision not to accept the majority report, which recommended shorter hours, higher wages and a reform in the ownership system, and suggested nationalization, but said the government would merely nationalize minerals, with a sort of joint control of the industry.

If Lloyd George reiterates this decision today and refuses to accept nationalization, as it is assumed he will, a special trades union congress will be convened to decide upon the form of action to be taken by the miners to compel acquiescence.

The situation is commented upon especially in the light of the railroad strike, opinions differing as to whether the country may be called upon to face another period of industrial turmoil, or whether the miners will adopt less drastic tactics.

The Miners' labor correspondent says: "Should the government prove abate, it is quite possible the nation will find itself in a few days in a worse even greater menace than it faced last week."

A general view is that there is not likely to be a resort to another "lightning strike," but may be a lot of miners' meetings throughout the country will be held before anything decisive is done. It is understood that the members of the executive of the Miners' Federation are sharply divided, some deprecating strong action following the recent industrial upsurge, while the extremists are said to favor an immediate strike.

CLEMENCEAU TO FIGHT IT TO THE END

Paris, Oct. 9.—Premier Clemenceau, former president of the republic, would not be a candidate for re-election either for the senate or for the chamber of deputies, according to his newspaper L'Homme Libre.

The probabilities of another assault upon the cabinet by the opposition has been increased by the action of the electoral committee of the chamber in advance of the peace treaty already has been deposited in Paris. The Italian ratification, however, has not reached there.

Ratification by the French senate and President Poincaré's signature are expected this week. Ratification by the British crown is to be expected at any moment.

PEACE TREATY SOON EFFECTIVE

Paris, Oct. 9.—(By the Associated Press)—The German peace treaty, in consequence of its ratification by royal decree by King Victor Emmanuel of Italy, will become effective in fifteen days, according to the interpretation of the French press. There is considerable uncertainty in conference circles, however, whether the decree must be approved by the Italian parliament before it is finally effective.

London, Oct. 8.—Germany's ratification of the peace treaty already has been deposited in Paris. The Italian ratification, however, has not reached there.

GOING TO ST. JOHN'S CHURCH IN TORONTO

Sydney, N. S., Oct. 9.—Rev. T. A. Rodgers, who has been minister of St. Andrew's Presbyterian church here for four years has accepted an invitation to the pastorate of St. John's church, Toronto. He will leave Sydney about the first of the year. Mr. Rodgers came to Sydney to fill St. Andrew's pulpit during the absence of Col. the Rev. John Pringle overseas.

All kinds of plain sewing, home made cooking, canned fruit and bottled preserves. The dairy products were also good.

The fair will be open for only one day and the prizes will be awarded this afternoon. A large number of people were reported in attendance this morning.

SAYS AGITATION BY L. W. CAUSED STRIKE

Thousands of Longshoremen at New York Out

President Repudiates Action and Calls for Police Protection of Men Who Remain at Work—Some Checkers and Clerks Out

New York, Oct. 9.—The unexpected strike of thousands of longshoremen which threatened to tie up the port of New York yesterday was attributed directly to L. W. agitation by T. V. O'Connor, president of the International Longshoremen's Union, who declared that the walkout unauthorized, would not receive the support of the international union.

Between fifteen and twenty I. W. W. organizers have been at work on the waterfront for weeks, declared Mr. O'Connor, who asked Police Commissioner Enright for adequate police protection for the men who remained at work.

Eight hundred longshoremen and 100 checkers on the Pennsylvania railroad's piers at Jersey City struck in sympathy with the New York wharf workers and for the same terms, \$1 an hour for the longshoremen and \$7 a day for the checkers. Fifteen hundred steamship office clerks, members of a union affiliated with the longshoremen, struck for a minimum of \$40 and a maximum of \$60 a week.

Striking longshoremen declared last night that the tie-up will be complete at Hoboken by Friday, when all of the longshoremen will be called out at the American-American line piers and at the ferry base.

NATIONAL LABOR TRUCE PROPOSED IN UNITED STATES

Washington, Oct. 9.—A national labor truce to continue three months, was proposed in a resolution offered at the industrial conference today by Bernard Baruch, chairman of the delegates representing the public. All strikes and lock-outs would terminate immediately.

Immediate arbitration of the steel strike was proposed by President Gooders of the American Federation of Labor.

A plan for labor adjustment prepared by Secretary Wilson of the department of labor also was presented by Mr. Baruch, while Gavin McNab of San Francisco presented a resolution assented to by the public group, providing for a national arbitration board to be appointed jointly by congress and the president and to include all living ex-presidents.

Mr. Gooders proposed that the conference appoint an arbitration board to mediate the steel strike and that the strikers return to work pending a settlement. Under the plan each group in the conference would name representatives to the board.

FINE SHOWING AT FAIR AT MOOSEPATH TODAY

The annual St. John County Agricultural Society fair opened today at Moosepath Park, and from all indications will be one of the best held in years. A large number of entries arrived this morning and were placed on exhibition.

A large number of pure bred Ayrshire, Jersey, Holstein and grade cattle were entered in addition to thoroughbred horses, farm and draft horses. There were also swine, sheep and poultry. There were some fine specimens among the horses and cattle.

Some splendid sheafs of grain were also on exhibition. The domestic science exhibit was one of the best seen in years and included fancy and crocheted work of all kinds, quilts, mats, woolen goods.

CONDENSED NEWS

It is said by the Paris Temps that General Fayolle will head the inter-Allied commission to supervise the disarmament of Germany and General DeGonette will succeed him in command on the Rhine.

W. F. O'Connor was to open a price inquiry in Sydney, C. B., today. Sappulhisky, leader of the peasants and agrarians, has been entrusted with the task of forming a cabinet at Sofia. The new government is to be made up of agrarians and socialists.

It is announced that the strike of dock workers at Bremen has been settled. A strike of employees of the Paris underground railways possible next week.

Bell boys wanted. Salary \$17 a month with meals. Apply Royal Hotel.

THERE IS DANGER IN TENDER GUMS

To preserve healthy teeth, the ordinary tooth-paste is fatal. You must first care for the gums, on which tooth health depends.

How many people think of this? Yet four out of five people over forty suffer from gum-disease, or Pyorrhoea (Ripper's Disease).

At first the gums become tender, though actual gum-shrinkage is imperceptible. But in time receding gums will surely loosen your teeth, and then only a dentist can save them.

The tender, bleeding gums of Pyorrhoea also act as so many doorways for disease germs to enter the system—infected joints or tonsils—or causing other ailments.

Forhan's (For the Gums) prevents Pyorrhoea, if used in time and used consistently. This means that it prevents gum-shrinkage, gum-tenderness, gum-bleeding. So, automatically, Forhan's prevents tooth loosening.

Brush your teeth with it. It scientifically cleans the teeth—keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for treatment.

35c and 60c tubes. All Druggists. FORHAN'S, LTD., Montreal.

QUITE SUPERIOR. Naturally, many women who have not used Superior Piano and Furniture polish are apt to think of it as "just about the same as the other polishes," but the woman who has tried Superior knows that it thoroughly cleans and preserves an absolutely dry lustrous surface. It is superior. Made in Canada. Ross Drug Co.

TO ESTABLISH HOSTEL FOR IMMIGRANT WOMEN

Support for the establishment of a Women's Hostel in St. John was pledged yesterday at a meeting under the auspices of the St. John Local Council of Women in the Red Triangle rooms.

Mrs. E. Albertson Smith in the chair. The first steps will be the formation of a branch locally of the Canadian council of immigration of women for household service. A letter was read from F. W. Sumner, agent general for New Brunswick in England, dealing with the scheme of government aid in sending women to this province.

The ladies further explained by Miss Lowe, who is visiting Canada in the interests of British women. She said many women in the old country were desirous of coming to Canada to enter into domestic service and thought that it would be a great advantage if they could be brought direct to situations.

Mrs. G. A. Kuhring outlined the plan.

There are as many different varieties of tea as of roses—but only ONE Red Rose Tea.

Red Rose is a blend of about a dozen varieties of teas, chiefly hill-grown ASSAMS—the richest and strongest tea grown.

The skilful blending of these teas produces the delightful and distinctive Red Rose flavor.

The rich, strong ASSAM leaves in the Red Rose package are so full of tea essence that three teaspoonfuls go as far as five of ordinary tea.

The Red Rose combination of Quality and Economy is obtainable only in the Red Rose package.

Red Rose Coffee is as generously good as Red Rose Tea

Beautiful Furniture makes a beautiful home

If you are successful in keeping your furniture looking like "new," Tables and chairs must be kept free from dust and brightly gleaming—floors and wainscoting must be kept clean and shining, in order to preserve the grain-beauty so essential to the attractiveness of any room.

The rich clear gloss resulting from the O-Cedar treatment is quite different to the effect obtainable any other way. The O-Cedar lustre lasts, because O-Cedar Polish contains no injurious substances—no grease, acid or gum—when you apply the O-Cedar treatment you add to the surface of the wood nothing but O-Cedar Polish—which "cleans as it polishes," releasing every particle of dust and leaving a perfectly dry finish that is lasting.

The 25c bottle contains 4 ounces—sufficient for a thorough trial—but after you have convinced yourself of the merits of O-Cedar Polish, you will want to purchase it in the larger-sized packages, whereby you obtain more for the money. The 50c bottle contains 12 ounces. The quart size (imperial measure) is \$1.25. You can obtain a half-gallon can for \$2.00 or a gallon can for \$3.00. As O-Cedar neither deteriorates nor evaporates, the wisdom of buying it in the larger packages is quite apparent.

O-Cedar Polish Mop (round or triangle) is \$1.50. You will find both Polish and Mop at any Grocery or Hardware Shop.

Ltd., a company incorporated under the Joint Stock Companies Act. Telephone—Private exchange connecting all departments, Main 2417. Subscription prices—Delivered by carrier, \$4.00 per year; by mail, \$3.00 per year in advance.

The Times has the largest circulation in the Maritime Provinces. Special Advertising Representatives—NEW YORK, Frank R. Northrup, 303 Fifth Ave.—CHICAGO, E. J. Power, Manager, Association Bldg. The Audit Bureau of Circulation audits the circulation of The Evening Times.

AMATEUR ATHLETICS.

Every centre of population in New Brunswick that has an athletic field should be interested in the revival of the Canadian Amateur Athletic Union and its aim to revive amateur athletic sports from coast to coast. The story is told in an interview with Mr. A. W. Covey, vice-president of the A. A. U., in this issue of the Times-Star.

It is well known that in most colleges in the United States physical education is regarded as good advertising for the institution, so interested are the people generally in the results of physical development as illustrated in athletic competitions. We all know how athletic are regarded in the Mother Country and the great encouragement given to associations organized to develop a healthy interest in athletic sports.

For too little attention is paid to the physical development of the youth of Canada, and especially in this part of Canada. St. John, which could and should set an example that would be followed in other provincial centres, has been shamefully indifferent. There is now an opportunity to get in line with the rest of Canada and see to it that New Brunswick will never again have the solitary distinction of being the only province without a representative in the Canadian championships. The indifference that has been typical of the citizen in regard to many other matters has been shown in regard to athletics, and the cause for reproach should be removed.

The past summer saw the development of neighborhood playgrounds for baseball, but no attention was paid to anything else, and it is to be feared the Leagues did not all live up to their professed determination to uphold amateur sport. It is quite certain they did not all sport for a distinct line of cleavage. If there is to be professional sport let it be labeled and encouraged on its merits, but not on public playgrounds. Financial considerations introduce features that are ruinous to amateur sport and to good feeling as well, as St. John's experience has proved more than once in the last twenty-five years.

The various clubs, leagues and associations connected with different branches of athletic sport in St. John can do the city an immense benefit by getting together, affiliating with the A. A. U., and making a drive for more and better athletic fields—especially the big field at Rockwood Park. The heads of these various organizations fully appreciate the importance of such action. Opportunity now knocks at their doors.

Other centres should not wait for St. John. The whole province should be organized. Moncton and Fredericton should be especially interested. Next year should witness a keen, healthy and good natured rivalry and a great revival of popular enthusiasm for clean athletic sports.

THE "SERVANT GIRL"

If English girls are to be brought to this country to engage in domestic service they should be given to understand clearly the whole situation as it exists. They should be told that domestic service is shunned by Canadian girls because of the girl who works in a household rather than in an office, store or factory. Not one of the latter is described as "servant girl" or given as little social consideration. The problem of domestic help will not be solved by bringing more girls and women into the country, but by a change in the mental attitude of employers and the public at large toward the whole question of domestic service. However, if women immigrants are to come, the most thorough preparation should be made for their reception and protection, not only at the landing ports but through an organized system to keep in touch with them in a helpful way. If they are selected for fitness in the first place and given a fair opportunity on arrival, it will not be their fault if their coming as new citizens does not benefit the country. The task of caring for them is peculiarly one for women, and women of broad mind and deep human sympathy.

The Longshoremen's strike in New York was brought about by agitators and I. W. O. organizers, and is denounced by the International Longshoremen's Union. There is a bitter fight in prospect between the saner element in organized labor and that which would submit the government and establish a Soviet administration. The sympathy of the general public will be with the element which believes in constitutional reform by democratic methods, rather than government such as Russia has where only peasants and workmen have the right to vote. That is class rule with a vengeance.

British miners demand nationalization of the coal mines of the country. Their representatives are in conference with Premier Lloyd George. He had previously declined to fall in with their proposal. If he still refuses a trades union congress will be called to consider the next step. This affair, following so quickly on the heels of the railroad strike, may end in another upheaval, as the extremists among the miners favor an immediate strike if their demand is not complied with by the government.

The Board of Commerce representatives say that some Toronto clothing houses have been making too much profit and that action should be taken to reduce clothing prices. The Retail Merchants' Association of New Brunswick warmly denounces the Board of Commerce and denies that merchants here demand too much from their customers. The situation grows more and more interesting to the consumer, but he gains nothing from an exchange of compliments between the Board of Commerce and the merchants.

At last the Dominion government is taking up with the Imperial government the matter of the unfair action of the British Shipping Board in regard to tonnage for Canadian trade. This is of special interest to New Brunswick, because mill yards and wharves at different ports are piled high with lumber, some of it, three or four years ago on government account, and still lying there because the Shipping Board would not release tonnage to carry it overseas.

The newly organized Dominion Council of Health, now in session at Ottawa, and of which Hon. Dr. Roberts of New Brunswick is a member, has a most important field of operations, and its deliberations will be of great value in regard to the promotion of public health in all the provinces.

The Methodist Department of Social Service has listed more than a thousand "minute men" to "drop into all kinds of meetings and address audiences for a period of one minute, or thereabout, on the benefits of prohibition in Ontario." The number of volunteers is constantly increasing.

Up to the end of last week there were sixty-three farmer candidates for the Ontario provincial elections and several have been added this week.

DRUGGISTS ASK HIM TO LEAVE CONVENTION

Winnipeg, Oct. 9.—Dr. E. W. Tobin of Toronto was requested to withdraw from the Canadian Pharmaceutical convention yesterday by an unanimous vote of the delegates following a discussion about "aspirin." Dr. Tobin is the Canadian representative of the Bayer interests in New York, original dispensers of aspirin. Following the suggestion of J. E. Tremble of Quebec that Dr. Tobin be asked to speak on the topic, Delegates known of Vancouver and Gibberd of Toronto, opposed the hearing, former saying that German propaganda was still in operation in Canada in his opinion.

Other centres should not wait for St. John. The whole province should be organized. Moncton and Fredericton should be especially interested. Next year should witness a keen, healthy and good natured rivalry and a great revival of popular enthusiasm for clean athletic sports.

THE EVENING SCHOOLS.

To the Editor of the Times—Sir—I notice in the press that Dr. Carter, superintendent of schools for New Brunswick, has stated that "women and girls can attend the evening schools." If this is so, there should be very little difficulty in procuring twenty persons to start the West Side or the North End classes.

In Bangor the fee charged is \$1 and many more attend there than in St. John. Perhaps the \$2 fee needed here is a deterrent these hard times for some people, and it is to be hoped that the school trustees will abolish the fee altogether. If people are interested in obtaining better education it does not need the stimulus of the return of the \$2 fee at the end of the term.

As the school trustees will meet on the 13th inst. it would be well if all those desiring to attend night school should apply before that time.

Yours for better education, F. HYATT.

HOW NORWAY VOTE ON PROHIBITION STOOD

Christiania, Oct. 9.—The vote by which Norway adopted the prohibition of strong liquors in the referendum of Monday was 228,455 in favor of prohibition to 224,187 against. Christiania was strongly against the proposition, only 18,500 voting for it as compared with 70,000 in opposition. The measure does not affect wine and beer.

Salvation Army Appointments. Toronto, Oct. 9.—Three important appointments in connection with the Salvation Army are announced by Commissioner W. J. Richards. Captain Alfred Steele has been appointed men's side officer at the training college, Sherbourne street. He spent a year at the front. Major Thompson Whitton, who spent three years in militia work and accompanied troops to Germany, has been appointed divisional commander at Halifax.

Adjutant Robert Penfold has been appointed young people's secretary at Montreal. He opened the first Salvation Army rest on the west front.

Fun Auction. New York, Oct. 9.—Total sales at the close of the third day of the fur auction here aggregated \$2,600,000. The best fisher skins brought as high as \$29 each.

The Juniors of the Natural History Society held their annual meeting yesterday afternoon in the society rooms and heard very satisfactory reports of the year's work. The election of officers resulted as follows: president, Miss Hazel Dunlop; 1st vice-president, Miss May Jarvis; 2nd vice-president, Miss Jean Wilkins; treasurer, Miss Audrie Hunter; secretary, Miss Christie Higgins.

Rippling Rhymes by Walt Mason. (Copyright by George Matthew Adams.)

LONG AGO. The dear old times of long ago seem far away and hazy, the good to the divers tasks, contented early risers, and put our savings down in casks, nor fretted over kaisers. We followed then the baseball games, and thrashed them over nightly, and to this movie took our dimes, when lights were glowing brightly. Ah, life was then serene and sweet, a pleasant, cheerful cycle; and no one had in for Pete, or cursed the name of Michael. But now our mages never stop, we're not beneath our voter packs around a brick, and brass knucks we carry, we take a fall from Tom to Dick, and throw some rocks at Harry. We don't know nations battled, but still we rant and walk the floor, as when the twittered, and talked of whiskers we could smooze and not a heart-embolus. Oh, for the bygone peaceful nights, when, done with daily labors, we smoked our pipes and flew our kites, like sane and kindly neighbors.

CANADA—EAST AND WEST

Domestic Happenings of Other Days

LIFTING THE BAN.

Ontario and Quebec, peaceful and prosperous as they are now, have little to indicate that they once passed through troublesome and rebellious days. But in 1837 and the following years there were scenes of violence and periods of bloodshed in the young colonies. They were a time of the "growing pains" of the dominions along the Great Lakes and the St. Lawrence.

After the conflict there over and the rebellion had been crushed and order restored an edict was returned to the Governor of the country, Lord Durham, exiling from the land the most prominent leaders of the trouble. These were the seeds of the bitter into the United States.

The proclamation produced great unrest and bitterness in the two provinces. Protests went to England against the edict and the ruthlessness of the order. So loud was the protest that on the 10th of October Lord Durham, by proclamation, annulled the proclamation exiling rebel leaders. He remained in England and brought about harmony by his abandonment of his post and returned to his action before the Home Government.

He was bitterly disappointed with his experiences in Upper and Lower Canada. But later years have proved the great value of the general administration of the Governor whose career on this side of the Atlantic was so stormy. It was by his labors that the way was paved for the Union of Upper and Lower Canada. A few years later he left the country and his daughters returned as the first lady in the land.

WATCHING THE FISHERS.

I stand in wonder by this inland sea, watching the fishers plying to and fro, As they haul in their hauls of galleon, In Palestine the blessed long ago.

I will go down along the white seawall, Mayhap young Peter's at his nets, Musing and waiting for the Master's call; "Come, follow me, I'll make you fish for men."

Ah, shall he wait and mend his nets, Shall he wait his night-till in the deep bay, Shall he wait the wind and wave with none to say? "Peace! the Lord Christ, will Thou not come again?"

The little home at Bethany is dear, Stricken with grief for one whose grave is sealed; The widow weeps beside a hopeless bier, The blind, the dumb, the lame ones cry unheeded.

The world of men is heavy-laden, Lord; Weary with labor and relentless strife; Come with Thy magic touch, Thy mighty word—Bring us Thy Peace and Thy abundant Life!

LIGHTER VEIN. "Pay your debts, boy." "And keep your credit good." "Aw, what's the use of credit if I got to pay up all the time?"

"These holiday arrangements are a nuisance," said a business man, chatting with a friend. "I always have a bother fitting everybody in." "It's easy for me this year," replied the other. "I have two typists, and neither of them will take a holiday!"

"By jove, that's funny, isn't it?" "Not very," laughed the friend. "You see I recently engaged a new head clerk—a very handsome young chap—and neither of the girls is willing to go away and leave the other with a clear field."

"Did your speech get prolonged applause?" "Yes," said Senator Sorghum; "almost as much as the jazz orchestra that played at the reception the same evening."

"What became of that young man who was paying so much attention to you?" "I don't know. I let him walk to the grocery store one afternoon with me and after he saw how much we had to say for things, to eat he just quit coming to see me."

He was a nervous man. Most men are when they find themselves in the dentist's chair, but he was exceptionally so.

The tooth that had to come out was quite a small affair—from the dentist's point of view. From the patient's it felt about the same size as a loaf of bread.

He decided to have gas. The dentist tried to persuade him to do without it, but he was determined. The doctor was, therefore, telephoned.

The dentist, in a fever of impatience, waited for the victim to lose consciousness, but the nervous man insisted on keeping one eye open, though he had had enough gas to float an airship.

"Unable to contain himself any longer, the irate toothpuller exclaimed: "Let yourself go, man! Shut your eyes, you fellow!"

Somewhere in the back blocks of dreamland the patient murmured, sleepily: "Can't—it's glass!"

CANON SHATFORD'S COUNSEL.

The subject of Canon A. P. Shatford's address before the Montreal Rotary Club a few days ago—The War Spirit in Peace Times. Canon Shatford said in part: Today we stand confronting unprecedented problems. How shall we grapple with the new enemies? How shall we overcome the present difficulties and build in this fair land a greater Canada?

The qualities which brought the nation through the fiery and testing times of battle are the qualities which will carry us through existing difficulties.

The first is loyalty. We all know that there was loyalty in Canada but I venture to think that none of us believed it is to be so sturdy as the war has revealed. For some men it was loyalty to Canada. For others it embraced a larger field and became loyalty to Empire, that Empire from which we draw our blood and nurture and with which Canada is inseparably identified. Others swung into a larger circle and were by loyalty to humanity, Patriotism, Humanitarianism, Idealism, all these were included.

The second quality is Unity. It is the most obvious of commonplaces to say that a nation can become great without union. What is the cause of the unrest today? It is not division—class against class, factions and parties and rival organizations. How shall we heal the rupture and bring about harmony? By the spirit of co-operation which we display throughout the war. There is no great-grandiose any nation that the individual sinks himself in a great cause, subordinates his own interests to the welfare of the whole. We need unification of our forces here in order to bring us through our difficulties. Our staff work is well co-ordinated. We have had absolute unity everywhere to bring us success.

A third quality is that of Adaptability. A new era requires new powers. Canada is free from the century-old traditions and customs of other lands. She is prominently placed to grapple with all the novel difficulties which confront us now. Canada has marched fearlessly forward, drawing inspiration out of the past but with free and welcoming hands to all the tasks which await her in the future.

Fourth the quality of Optimism. Let us not blind our eyes to the urent and urgent of the times, but let there be a real need for forbearance. There is nothing so contagious as optimism. The God who brooded us through the war will carry us through the present stress.

Fifth the quality of Humility. It is a quality of the nation which she walks the way of pride is on the broad road to destruction. We have just ended a war in which we have been victorious in all history. Are we in danger of it all here in Canada? One seems to catch echoes of it in the haughty demands that are being made on all sides just now. One wishes that the modesty which characterized our men in war might be manifested in these times. Men are everywhere shouting for their rights, or demanding more consideration.

Many of us seem to be lowering our standards. Let us keep the record of war unimpaired and take up our place in the nation humbly and loyally. There are men who spend so much time in self-advertisement, that they have no power left for deeds.

The arrangement of wealth, the pride of birth, the superiority of rank—has not the war told us how little these matter in times of crisis? It is always difficult to draw the line between self-respect and self-exaltation. No nation can fulfil her destiny without the one but she is ever in danger on the other. Each element of our population must make its contribution to the whole, in the stress of our times to be blended into a glorious unity. The ship of the nation will sail forth upon the sea of history, serving humanity.

SUGGESTS CANADIAN COLLEGE OF FISHERIES.

(Toronto Globe.) At the University of the State of Washington, Seattle, there has been established a college of fisheries, with four-year courses in biology, technology and the business management of fisheries and fish culture. It is expected that Canadians from the Pacific coast will take advantage of these courses. Why not have a Canadian college of fisheries on the Atlantic coast? Surely the vast wealth of our fisheries is worth the best we can give to their better development and profitable exploitation. Some arrangement should be possible with the eastern and central provinces that would provide our own people with a college of fisheries equal to the best and the opportunity.

INTENSIVE FARMING PROFITABLE

Intensive farming is profitable in England, according to a statement made by A. E. Bryant, Preston Bisset, at a labor meeting in Buckingham. Mr. Bryant's balance sheet showed he farmed 25 acres of land, which cost him \$350 a year in rent. For his product, wheat this year, he received \$3,775, leaving him a profit of \$2,575.

PREVENTING THEFTS.

The Manitoba Motor League are endeavoring to secure legislation whereby a title deed for personal property will be issued for an automobile, as applied to real property. The issuance of such a certificate will make it impossible to sell or otherwise dispose of a car without a formal transfer of the title. The purpose is to prevent the ready sale of a car by a thief.

EXTENSION SIDEWALK SKATES

These Skates have high-grade steel tops, and are strong and durable. They are constructed with high steel backs, fitted with web straps and steel rolls. Extend from 7-1/4 to 9-1/2 inches. Adjustment is easily made and will hold.

Mrs. Jones Says:
"I would Not Have One Without it."

My electric iron and toaster are the latest models, like these—they have this same little black switch attached to the cords, so I never have to fuss with the connector plug and burn my fingers.

"You see you just press the white button for 'on' and the black one for 'off'. It's such a convenience!"

CH Seventy Fifty SWITCH

Take the cord of your iron, toaster, or other appliance to your Electrical Dealer and have one of these switches put on—the service of your appliance will be doubly convenient.

RECENT DEATHS

Harry Gillmor Smith, C.E.
Captain David Smith, of St. Martin's, received word yesterday of the accidental death on Tuesday at Parry Sound (Ont.) of his son, Harry Gillmor Smith, C.E.

Besides his wife and young son in Toronto, he leaves his parents, Captain and Mrs. David Smith at St. Martins, three sisters, Mrs. George W. White, of Maple Falls (Wash.); Mrs. H. V. Davies, of Concrete (Wash.); Mrs. A. E. Gardley, of Fredericton; and one brother, David R., civil engineer, of this city.

Mrs. Thomas Maxwell.
The many friends of Thomas Maxwell, 92 Prince street, West St. John, will sympathize with him in the death of his wife, Mary Bamberg Maxwell, which occurred yesterday after an illness which extended over seven months. Mrs. Maxwell leaves no children, her only son having given his life at Vimy Ridge in April 1917 and it is thought that the shock following the sad news of his death was greatly responsible for the illness which resulted in her death.

Mrs. James D. Smith.
The death of Mrs. James D. Smith, wife of the store-keeper of the steamer Aberdeen, occurred suddenly at her residence 193 Canterbury street on Wednesday. Though Mrs. Smith had been in failing health for some time her death came unexpectedly. She, with her husband, came from Scotland to reside in St. John about nine years ago. Besides her husband, she leaves one daughter, Marjorie, ten years of age, now in Scotland. The funeral will take place on Friday afternoon.

Johnston Donald died at his home in Summer Hill, Queens county, on October 6 at the advanced age of eighty-two years. He leaves, besides his wife, one daughter, three brothers and one sister.

The death of **Martin H. Cogswell** took place at his home in Waterville, October 2, at the age of forty-nine years. He leaves his wife, five sons and four daughters, including Mrs. Urban Miller, of this city.

Mrs. Mary Sanson passed away at the home of her son, Thomas W. Sanson, Fredericton, Monday, September 6, at the age of seventy-five. She leaves five sons, one daughter, one brother and three sisters.

Furs

READY TO TRY-ON TO FIT AND FINISH IN HALF AN HOUR

Semi-ready Does Not Mean Half Ready, But Does Mean a Quick and Satisfactory Custom-made Suit or Overcoat.

"I can have any suit ordered for the holiday finished in good time," said George Creary, of the Semi-ready Store. "Thanksgiving Day marks the winter dress-up week for men, just as does Labor Day mark the millinery opening for ladies, when straw hats are called in."

"I want to emphasize the quick service of every cloth carried in the Semi-ready warehouses, and can have a custom tailored suit or overcoat tailored to special order within a week," concluded Mr. Creary.

The Semi-ready Store, Cor. King and Germain streets.

RECENT WEDDINGS

At the home of the officiating clergyman, Rev. Z. L. Fash, B. D., Fredericton, Mrs. Jessie Louise Hazden, daughter of C. W. Burpee of McAdam, was united in marriage to Giendon Everett Barr, also of McAdam, at noon yesterday.

Miss Hannah Gertrude Buckley was united in marriage yesterday morning to John Leo Gallagher in St. John the Baptist church by Rev. A. W. Meahan, D. D., with nuptial mass.

Miss Ada Beatrice Saunders, daughter of Mr. and Mrs. E. W. Saunders, Fredericton, was united in marriage to Walter H. Crocker, of Truro, N. S., by Rev. J. B. Duggett, of Maryville, Tuesday, September 23 at the bride's home.

At the home of the bride's parents, Mr. and Mrs. Richard Olive, 22 Exmouth street, their daughter, Miss Muriel, was united in marriage to Beverly Gordon Appleby, son of Mr. and Mrs. John Appleby, yesterday afternoon by Rev. Neil McLaughlan.

At the Cathedral yesterday morning, Miss Eva Veronica, daughter of Mr. and Mrs. Thomas Callaghan, 171 Brasenose street, was united in marriage to Charles O. Jackson, of Cincinnati, Ohio, by Rev. A. P. Allen with nuptial mass. Miss Edith Callaghan, cousin of the bride was bridesmaid. Patrick Floyd supported the groom.

At the home of the bride's mother, Mrs. S. Sutherland, Adelaide N. S., Oct. 2, Miss Elaine Vida Sutherland was united in marriage to Charles W. Selig, son of Mr. and Mrs. B. Selig of Amherst, by Rev. C. L. Gesner.

In St. David's church yesterday by Rev. J. A. MacKeigan, Miss Helen, second daughter of Mr. and Mrs. Charles Robinson, Wright street, was united in marriage to Frederick N. Myles. Harry Dunlop, president at the organ and John G. Matthews and Hilroy B. Crowley, acted as ushers.

BRITAIN'S WOMEN SMOKERS

London, Sept. 27.—(A. P. Correspondence)—Cigarette smoking is on the increase in England, especially among women, according to experts. One estimate places the demand for cigarettes at twice what was before the war.

"Women smoke a good deal more than formerly," said one tobacco man, "and some of them, in fact, have taken to the smoking which they have a cigarette in their mouths."

From Khaki to Mufti

George went overseas in the early part of February, 1916. He was well equipped with numerous little gifts and souvenirs from home. In fact, our "Deliver Service" called three or four times during the few days of his "last leave."

The King's Uniform was to him the biggest thing in life and as events proved, he brought home to it. George came through all safely—is now keen to be a good citizen and to get back to Mufti as quickly as possible. One of the things he will want is: Pocket Watch—and if you have been reading our advertisements while he was away you will know that a Birks' Watch is the one he'll like best and get the most satisfaction from.

Men's Pocket Watches in Sterling Silver, Gold, and sold 14-kt. gold, at prices ranging from \$10.00 to \$220.00. Every Birks' Watch we sell—

"Guaranteed, of course."

Write us for further particulars—we reply by return mail.

SUCCOOTH IS A TIME OF JOY

Jewish Feast New is Being Celebrated

Recalls Wilderness Sojourn of Israelites After Departure From Egypt—Thanksgiving For Completion of Harvest

Beginning last evening and continuing for eight days, there is being celebrated one of the most distinctive of Jewish festival occasions. It follows close upon the New Year and the Day of Atonement, but presents a striking contrast to the deep solemnity of these holy days, for it is primarily a time of joy.

Succoth, the name by which this annual religious event is commonly known, translated literally, means Feast of Tabernacles, or Booths, referring to the wilderness sojourn of the Israelites after the departure from Egypt, when they had no permanent dwellings, but lived in booths. Historically, however, Succoth has its chief significance as a feast of thanksgiving for the completion of the harvest. In Palestinian times, it was customary for people from all parts of the country to make a pilgrimage to Jerusalem every recurring Succoth, and amid much rejoicing to offer, in the Temple, sacrifices to God who vouchsafed abundant crops.

The early manner of observing Succoth illustrates the democratic tendency of the Jewish religion. Every family, rich and poor alike, was required to erect, and occupy for the period of the festival, a booth constructed out of the boughs of trees, and covered with newly harvested fruit. These booths reminded the people of the past when there were no inequalities among Israel; when all were simply refugees, slaves; enjoying their new-gotten freedom with childish glee; when, in place of pretentious buildings, there were only rude huts affording adequate protection from the rigors of weather, but open to the sunlight and refreshing breezes, so suggestive of human liberty. In the pilgrimages, too, the democratic appeal is quite pronounced, for again men of all stations in life flocked to the Temple of Jerusalem, tacitly recognizing that, whatever their economic conditions, they stood on the same plane as children of the One God for whose help they were promoting the growth of crops they had come to render thanks.

At the present time a booth, after the old pattern is usually erected on the premises of the temple or synagogue. Many pious families still put up such structures in the yards of their homes, and eat meals therein. Some temples hold children's harvest festivals, the children bringing offerings of fruits, grain, vegetables and flowers to the temple, to be distributed among the needy and the sick.

RETAIL MERCHANTS MEETING IN MONCTON

Fifth Annual Convention of Provincial Branch in Session—Large Increase in Membership Since Last Year

Moncton, N. B., Oct. 8.—With A. O. Skinner, president, in the chair, the fifth annual convention of the Retail Merchants' Association of this province began their sessions here today. He made a brief opening address and was followed by Mayor Price who gave a hearty welcome to the visitors. H. S. Bell, chairman of the Moncton board of trade and R. P. Dickson, president of the Moncton R. M. A. spoke in similar strain. F. W. Daniel, of St. John, W. G. DeWolf and others gave short addresses.

Mrs. P. P. Alward of St. John, secretary, gave her annual report showing the association to be in good standing with a membership of 797 as compared to 600 at this time last year. The report of the treasurer, A. McIntyre, St. John, showed a small surplus and A. H. Milton reported upon his work as provincial organizer. F. M. Townsen, dominion secretary, complimented the members upon the work they were doing.

An enjoyable banquet was tendered the visitors this evening at the New Brunswick Hotel and other forms of entertainment were in motor tours, and theatre parties.

Those from St. John attending the meetings are: M. W. Parks, Thos. E. Drummond, A. McIntyre, Wm. Hawker, P. M. Rising, F. W. Daniel, C. M. Secord, J. E. Secord and A. O. Skinner.

CROWWELL SISTERS BOTH LEFT MORE THAN \$650,000

New York, Oct. 9.—Estates totalling \$1,819,691 were left by the Misses Dorothea and Gladys Crowwell of New York, who ended their lives in last January by leaping from the steamship La Lorraine on their way home.

The estate of Gladys was valued at \$657,950 and that of Dorothea at \$661,748. A brother, Seymour L. Crowwell, is a beneficiary to the extent of \$242,485, and a sister, Mary R. Crowwell, is left \$290,254.

In Carnarthen street Methodist church last evening Rev. Henry Penna, the pastor, presided at an enjoyable entertainment in which those taking part included Miss McGinley, the Misses Lindsay and Heffer, Miss Mildred Durren, Miss Tuley Ross, Mrs. Roy King and the Misses Fox and Alchorn. It was announced that the year thus far had been a most successful one in the history of the church as it had raised \$8,652.27, paying for the repair on the building and reducing its mortgage by more than half. Policeman Sewell Smith of the C. N. R. is on duty at the Union Depot in place of Policeman D. S. Roberts who is on vacation.

POPULAR SUBSCRIPTION FOR LAURIER MONUMENT

Liberal Premiers Are to Organize Provinces and Fund Campaign Will Continue Until Feb. 17

Ottawa, Oct. 9.—At a meeting of the executive committee of the Laurier Monument Fund plans were perfected yesterday for the erection of a great monument over the grave of the late Liberal chief in Notre Dame Cemetery, Ottawa.

CIVIL SERVICE BILL REPORTED TO HOUSE

Amendments of Importance Are Incorporated in Measure

Ottawa, Oct. 9.—The bill to amend the civil service act and to confirm the reclassification of the outside and inside civil service, which has been occupying the attention of a special committee of the commons under the chairmanship of A. M. MacLean, was reported last night to the house.

U. S. CROP REPORT

Washington, Oct. 9.—An increase of 42,918,000 bushels of corn and a decrease of 4,874,000 of spring wheat, 6,099,000 bushels of oats, 807,000 pounds of tobacco compared with the forecast for the year were the features of the department of agriculture's report issued yesterday.

SENATOR'S QUERIES ABOUT HARRY FLYNN ANSWERED

Ottawa, Oct. 9.—Information was given Senator Tanner yesterday in the senate about J. Harry Flynn, Senator Tanner asked if Flynn, president of the organization commonly called "the War Gratitude League" was in the service of the government; his position, salary, if appointed by the civil service commission, his sponsors, and whether a British subject?

How Lack of Iron in The Blood May Change A Woman's Appearance And Break Down Her Physical Strength While Plenty of Iron Makes Rich Red Blood Corpuscles That Give Health, Vitality and Beauty

Every Woman Who Looks Pale, Haggard and Worn Should Have Her Blood Examined For Iron Deficiency—Administration of Simple Nuxated Iron Will Often Increase the Strength and Endurance of Weak, Nervous, Care-Worn Women in Two Weeks' Time and Make Them Look Years Younger.

Longer for the keen activity, the youthful step, the fresh rosy cheeks and the buoyant disposition or buoyant health is making many a woman unhappy, discontented, wrinkled and old before her time.

Why Corns Hurt

Note this diagram picture of a corn. Note its conical shape. The cause of the corn is pressure. And pressure makes it hurt. The point of the corn is pushed into the nerves. Applying a Blue-jay plaster instantly removes the pressure. Note the felt ring (A) in the picture below. The ring gives barefoot comfort in the tightest shoe.

PROMISES ACTION ON CLOTHING PRICES

Statement by Commissioner Murdoch of Board of Commerce. Convinced That Something Should be Done to Make Articles Cheaper and Hopes for Prompt and Efficient Action

Toronto, Oct. 9.—Immediate and effective action to regulate clothing prices was forecast by Commissioner Murdoch of the Board of Commerce at the conclusion of the board's investigation into clothing prices here yesterday.

"I am firmly convinced that something should be done to reduce the price of clothing, and so far as I am concerned as one member I will hope to see something done promptly and effectively, although at the moment I am entirely at a loss as to what it would be proper for me to say just in what way or under what conditions or on what order of the board that might be done."

BRINGS BIG SUM IN GERMAN GOLD

Destroyer Arrives With First of \$158,000,000 Berlin Government is to Pay for Food. Half of Sum in London—Shipment Contains Specie Paid on Franco-Prussian Indemnity in 1870

New York, Oct. 9.—The United States destroyer Lathrop, No. 288, arrived this week from Antwerp and landed \$5,125,000 in German gold at Pier 12, Brooklyn. The specie, packed in iron-clamped wooden cases and guarded by secret service agents under William Karandemir after the Finance Department of justice, was conveyed in motor lorries to the New York Federal Reserve Bank, 129 Broadway.

DISMISS MAGISTRATES WHO FAVOR SINN FEIN

Belfast, Oct. 9.—Two justices of the peace suspected of having Sinn Fein sympathies have been removed from office in County Fermanagh. This is declared to be the commencement of a general removal of magistrates having such sympathies.

President Wilson's Challenge

"That no boy or girl shall have less opportunity for education because of the war, and that the nation may be strengthened as it can only be through the right education of all its people."

LOCAL NEWS

At a meeting of Royal Standard Chapter, I. O. D. E. yesterday Mrs. E. Smith presiding, a letter of thanks from Lieut. Col. Brown, of the 26th Battalion, was read for the presentation of colors to the unit. Several other matters were dealt with. Mrs. Smith left this morning on her return to St. Andrews.

Mrs. Carrie Clark of Guysboro (N. S.), came to the city yesterday and claimed the body of her son, Edison Clark, who was found dead in a Sheffield street house on Monday. Mrs. Clark took the body to her home last night on an omnibus train. Rev. Mr. Pinkett of St. Phillip's church conducted a service at Chamberlain's undertaking rooms last evening.

PARIS BOURSE. Paris, Oct. 8.—Trading on the Bourse today was heavy. Three per cent rentes were quoted at sixty-one francs thirty centimes for cash; exchange on London thirty-five francs forty-two centimes. The quotation on the American dollar was eight francs forty-two centimes.

Why Stay Fat? You Can Reduce

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. However, in Marmola Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, entail no dieting or exercise, and have the added advantage of cheapness. A large case is sold by druggists at \$1. Or if preferable, they can be obtained by sending price direct to the Marmola Co., 864 Woodward Ave., Detroit, Mich. Now that you know this you have no excuse for being too fat, but can reduce two, three or four pounds a week without fear of bad after-effects.

DON'T BE A "MISERY-FACTORY"

Stop Headaches, Bilious Spells, Colds and Constipation with "Cascarets"—Ideal Physic!

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach and colds. Are you keeping your liver and bowels clean with Cascarets, or merely shocking your insides every few days with Calomel, Salts, Oil or violent Pills?

TOO MUCH SPENDING. A Toronto banker, discussing the general situation, offered these pertinent comments: "Nearly all forms of business are prosperous; some of them even buoyant. There is no doubt that people are spending money freely; in fact, I would say rather too freely. Business men look at the increased volume of their turnover, and see great increases from month to month, but, as a matter of fact, owing to the higher prices, the increase in quantity is not as great as it would appear. The danger is in too free spending by the public at large who take the possession of an increased amount of money to indicate the possession of an increase in real money, and they are inclined to be extravagant. We must get down to thrift; that is the only thing that will save us. My hope is in the coming Victory loan. If these bonds are well absorbed by the people of Canada, the lesson of thrift will be again learned, and we will be on the way back to a sounder basis in personal finance."

Get a box to-day and keep it handy for emergencies—thus saving yourself unnecessary suffering and expense.

COUNCIL DIVIDES ON WATER PLANS

Difference of Opinion on Policy of Laying Mains in Mount Pleasant Court Leads to Announcement That City Houses May be Held Up

A rather lively discussion developed in the weekly meeting of the common council yesterday, when Commissioner Jones, head of the water and sewerage department, recommended that authority be granted him for the extension of water facilities to the property of Armstrong & Bruce at Mount Pleasant Court, they to guarantee the payment of ten per cent annually on the total cost of the work.

Commissioner Jones and Bullock favored the extension, but the mayor and Commissioner Fisher were against it. The latter said that it was unappreciated to run city water services through private property. The other commissioners agreed that the proposition was a good one as it would encourage the building of houses and that there was a good return on the amount proposed to be expended.

Commissioner Fisher's amendment to defer the matter brought forth a withdrawal of Commissioner Jones' motion and the amendment. As a result of this, Commissioner Bullock, later in the meeting, expressed the opinion that should water provided for the houses to be built in Lancaster street, West St. John, under the housing scheme meet with the same opposition that the Mount Pleasant proposition did, he would venture to state that not one house would go up. Water and sewerage were essential and he did not want any come-back on the agreement. He added that he would not go ahead with the building operations unless he had full assurance in regard to the water and sewerage facilities.

A communication was read from the St. John Pilot Commission asking for an appointment to fill the vacancy caused by the resignation of Captain W. H. Beckett. The matter was referred to the superintendent of harbors and ferries. Mr. Jones was given authority to purchase 1,200 feet of twelve-inch terra cotta pipe at fifteen cents a foot from T. McAvity & Sons, being the lowest tender among several received some time ago.

A communication from the C. P. R. relative to the removal of a fence in Pictou street, W. C. was referred to Mr. Bullock. Authority was given for the additional expenditure of \$400 on the cross wharf in West St. John. Permission was granted the N. B. Telephone Co. to erect several poles.

WANT \$15,000 GRANT FOR 1920 EXHIBITION HERE

A delegation from the St. John Exhibition Association waited on Premier Foster yesterday afternoon and made application for a grant from the provincial government of \$15,000 towards an exhibition here next fall. The delegation consisted of C. B. Allan, W. F. Burditt and E. A. Schofield.

A successful tea was held last evening in St. Columba's church, Fairville, under the auspices of the mission board, the proceeds being for church purposes.

AMERICAN COLONEL GIVES FREE ADVICE TO RHEUMATICS

SAYS ITS SHEER FOLLY FOR ANYONE TO SUFFER THESE DAYS. Rheumatism can't be cured so long as your system is weak and run down. You must first build up and get strength to fight off the disease. Ferronecure cures because it builds up, because it renews the blood and dissolves the Uric Acid and the poisons that cause rheumatism.

Doctors Recommend Bon-Opto for the Eyes. Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and in strengthening eyesight. Sold under money refund guarantee by all druggists.

SYNOD MEETS IN PICTOU NEXT YEAR

Allocation for Year is \$525,000 and for St. John Presbytery \$59,000—Church Has Held Her Own—Now for Forward Movement

Fredericton, Oct. 8.—The Presbyterian Synod of the maritime provinces today accepted an invitation from the First Presbyterian church of Pictou, N. S., to meet there in 1920.

Before the afternoon session the delegates were entertained with automobile drives through the surrounding districts. Major (Rev.) F. S. Peters delivered a splendid appeal on behalf of the Bible societies, describing the work that lies at the hands of these bodies. This was followed by a stirring address by Rev. George Mingie of Montreal, provincial secretary of the Lord's Day Observance Society, in which he asked the assistance of the synod in the preservation of the Sabbath.

Dr. Edwin Smith, of Halifax, who has been lengthily service as a member of the synod, was heard in a paper on the subject which was followed by addresses by Prof. J. W. Falconer, of the Halifax Ladies' College, and by Dr. Anderson Rogers, of Antigonish.

Rev. R. W. Ross, of Halifax, speaking on the forward movement, said the church owed a great peace thank offering to God. Rev. J. H. Nicholson being called upon gave the synod allocation amounting to \$525,000 having been increased by \$100,000. The allocations of the two Presbyteries of New Brunswick were: St. John \$59,000, about \$14 per family; Miramichi, \$83,000, about \$12 per family. For the whole the average per family was about \$15.

Dugald MacCallister, of Halifax, superintendent of the Canadian Bank of Commerce, also spoke on the subject. He said that as chairman of the Nova Scotia recruiting committee during the war, he had observed that the churches and Sunday schools were the backbone and foundation of the efforts of the soldiers. Reports that the church was declining were untrue. The church always had held her own.

Denationalization of the Canadian army had been taught without trouble, and it should encourage the forward movement. It was the first real united effort of the Protestant churches in part of Canada presented a better field than the maritime provinces. There must be a strong spirit of unity and work injury but lack of spirit would be worse.

Rev. Dr. John Pringle, of Sydney (N. S.), moderator of the general assembly of Canada, said the forward movement was not new for the church always had to move forward. The rank and file which had won the war would carry the forward movement to victory. Sentiment had held the empire together and it would do so again. What was needed was greater general interest which would grip and stir the mind—old byways and the old message over and over. On his return from overseas he had decided that he would teach the vision more simply and directly.

Rev. J. W. Falconer, on behalf of the Halifax Ladies' College, gave an account of the work of that institution. The conservatory alone had a superabundance of students and financial aid from the synod was needed. On motion the synod expressed a sense of its loss in the death of Robert Laing, its appreciation on the excellent work being accomplished by the Halifax Ladies' College and its approval of the appointment of Miss Florence Blackwood as principal.

Following the conclusion of this afternoon's session of the synod, the annual banquet for the alumni of Pine Hill College was held in the gymnasium of the Fraser Memorial Hall with about three hundred members in attendance. The officers elected were as follows: president, Rev. F. H. Thompson, secretary-treasurer, R. B. Layton, Rev. A. D. Campbell, of Sydney (N. S.), president and addresses were heard from the moderator, Rev. James Ross; Principal McKinnon, Rev. Dr. H. A. Kent, of Pine Hill College, Halifax; President A. S. McKenzie, of Dalhousie University; Rev. E. A. Armstrong, representing Knox College, Toronto; Dr. G. C. Robertson, Montreal; Rev. Dr. James Pringle and Rev. G. M. Ross, of Homan.

Addresses were given by Mr. Kang and by Da Cho touching on the foreign mission in Korea. The former who is unable to speak English gave his address in the Korean tongue and this was translated by Dr. Cho into English. Addresses were also heard from Charles Pugsley on the mission work in British Guiana; Dr. Coffin on the work in Trinidad; Dr. A. E. Armstrong on Korea, and Rev. George M. Ross on Chinese labor in France and his work in the Chinese mission field.

During the evening session the synod received the interesting announcement that Rev. W. H. Smith, Ph.D., formerly minister of St. Paul's church, Fredericton, and for the past few years preaching in Vancouver, had been appointed principal of West Minister Hall, a Presbyterian college in British Columbia.

An ovation from Pictou regarding the establishment of a Presbyterian school for boys was read. Rev. W. A. McNairn spoke in behalf of the scheme.

Abbey's Effervescent Salt The Ideal Tonic. When you feel all dragged out—when head aches bother you—when the stomach is upset and you don't eat and sleep well—you need Abbey's Salt to purify the blood, clean the stomach, make the liver active, and tone up the entire system. The Ideal Health Regulator. Recommended by Physicians and Druggists.

MORNING NEWS OVER THE WIRES

In the house of commons at Ottawa yesterday, Sir George Foster, replying to an enquiry, said that alleged shipping injustices against Canada by the Imperial government were now being dealt with. Hon. N. W. Rowell will take over Sir Robert Borden's duties during the premier's absence.

Three members of the crews of two different aeroplanes in the trans-continental race from Minota to San Francisco have been reported killed. The crew of the disintegrated bomber B. Handwick, have been reported killed. The crew of the other bomber was reported at Halifax two days ago as being helpless in a low-lying plane.

Gen. Mangin, of the Eighth French Army, has been recalled to Paris and will be sent to Russia to assist General Denekine in the anti-Bolshevik movement.

Dr. D. W. Rankine will run as Independent Conservative in the Carleton-Victoria by-election caused by the retirement of Hon. F. B. Carvell. He will oppose T. W. Caldwell of the U. F. A.

When a spring gave way in a motor car driven by the owner, Dr. C. King of Pettoctide, yesterday, he lost control of the car and it overturned after running up a side hill. He and his companion, Henry Douglwright were pinned beneath the car and had a narrow escape from death. The car caught fire and was a total loss. Mr. Douglwright was painfully injured and Dr. King was severely cut about the arms in crawling through the broken windshield.

RUNNING NOSE COLDS STOPPED INSTANTLY! Throat is Cleared, Headache Stops, Sniffles Go for Good. Catarrhozone Noser Pills. Dripping from the nose is one of the foulest and most disgusting symptoms of a Catarrhal cold. By using Catarrhozone you cure this quickly—because you bathe the lining of the nose and throat with that powerful antiseptic of the Blue Gum of Australia.

SO healing in Catarrhozone that you feel wonderful benefit in five minutes. It cures a cough, cold or sore throat so quickly. No need to take anything else. The stomach—your follow nature's own plan in using Catarrhozone which soothes the inflamed membrane and soothes in vapor form to the places that are needing treatment.

Both delegates were of the mind that the cause of veterans at large had been greatly damaged by Flynn of Toronto. They said that he had appeared before the committee with a demand for \$2,000, nothing more, and that when asked questions by members of the committee, he had not facts to place before them. They predicted that within a few days there would be developments which would prove satisfactory to all classes of men concerned. Failing this they advised: "We will simply have to get closer together and go after it by constitutional means. We will be able to put it before the country if necessary."

McKessock said that he had had his eyes opened to the possibility that perhaps the country is not able to stand an immediate cash bonus of \$2,000, but that he would mean much more to returned men than a "hand-out" of \$2,000 each. The news of the acquittal of Constable Legault, charged with the killing of Comrade John Clark was received and steps will be taken by the organization to assist in providing for the widow and children.

Ernest LaPointe Nominated. Quebec, Oct. 8.—Ernest LaPointe, member of the house of commons for Kamouraska, was the unanimous choice of the Liberal convention here tonight to be Liberal standard-bearer in the Quebec East by-election to succeed Sir Wilfrid Laurier.

NEW WORLD WAR UNLESS DER GLOTZ IS HANDLED SOON

Opinion of American Officer Who Has Just Returned From Baltic Provinces. (Special to Times.) Boston, Oct. 9.—Unless General Von Der Goltz, who can muster and control over 40,000 German veterans, is eliminated specifically from the Baltic provinces and frustrated in establishing a German stronghold there, fringing on the region beset by Bolsheviks, there is nothing to prevent another world war within the next fifty years.

This is the opinion of Second Lieutenant Albert H. Stonestreet, Harvard '18, who has just returned to his home in Hyde Park after having acted in the intelligence section of the army as an interpreter for the Baltic mission sent over by the American commission to negotiate peace.

Besides his rainbow ribbon with two stars to denote major operations with the first army in the St. Mihiel and the Meuse-Argonne regions, he wears the ribbon signifying the Order of the British Empire, military division, which was awarded for his services as a staff sergeant through Major General Gough.

GARRETT RESIGNS HIS POST. American Minister to Netherlands Is Tired of Long Service. Washington, Oct. 9.—John W. Garrett of Baltimore, for more than two years American minister to the Netherlands, has forwarded his resignation to President Wilson with the request for its early acceptance.

The resignation, State Department officials explained, was based upon Mr. Garrett's desire to return home after being out of the country on diplomatic missions for nearly twenty years. Previous to the war he was Minister to Argentina, and after the outbreak of hostilities was sent to Paris as special agent of the government to assist the American ambassador.

A Splendid Hair Grower and Wonderful Beautifier. Here's good news for men and women whose hair is falling out and have scalps covered with dandruff that itch like mad. Any good druggist can now supply you with the genuine Parisian sage (liquid form), which is guaranteed to quickly, surely and safely abolish every sign of dandruff, stop itching scalp and falling hair and promote a new growth of money refunded.

Thousands can testify to the excellent results from its use; some who feared baldness now glory in their abundant hair, while others who suffered for years with dandruff and itching scalp after just a few days' use of this simple home treatment. No matter whether bothered with falling hair, gray hair, matted, stringy hair, dandruff or itching scalp try Parisian sage—you will not be disappointed. It's a scientific preparation that supplies all hair needs.

The first application will make your hair and scalp look and feel 100 per cent better. If you want beautiful, lustrous hair and lots of it, by all means use Parisian sage. Don't delay—begin tonight. A little attention now insures abundant hair for years to come.

ROTARIANS HEAD DISTRICT CHIEF

Spirited Address by G. G. Inman of P. E. Island

Urges Formation of More Clubs in Maritime Provinces and Compliments St. John Members on Work in Oromocto Drive

At a special noon-day luncheon yesterday in Bond's restaurant when partial returns were made by the committees at work on the drive for the Oromocto fire sufferers, G. G. Inman, district governor, and Mr. Grant, president of the Charlottetown Club, were guests. They were heard in addresses of interest to Rotarians and were well received.

Mapleine advertisement with image of a bottle and text: 'It Never Falls To Please the Palate—the delicious maple taste. Gives cakes, frostings, puddings, desserts and candies—it makes them taste so different and so good.'

representative there and he felt certain that both clubs had derived benefit. "Rotary is something you can't get second-hand," he said. "You can't get it on paper—it's not something you can live up by reading books, although literature is undoubtedly helpful in a study of its objects. The best way to learn Rotary is to go to a big convention such as this and meet with members from other parts get an interchange of ideas, and you can't help but come back imbued with enthusiasm."

CLARK'S Spaghetti with Tomato Sauce and Cheese is really delicious. Ready to serve. Just heat and eat. W. CLARK, LIMITED, MONTREAL.

LOCAL NEWS

DEATH OF AN INFANT

The abandoned infant recently found and taken to the Children's Home, died this morning. Although given every care, it never fully rallied from the effects of the drug which had apparently been administered before it was abandoned.

K. OF C. DANCE

Another in the series of dances being held in the Knights of Columbus rooms, Coburg street, was conducted last evening. It was attended by about thirty couples. The Arlington orchestra furnished music and an enjoyable time was spent by those assembled.

THE ROTARY DRIVE

Progress was reported at noon today at a meeting of the committee from the Rotary Club, which is in charge of the drive in aid of the Oranmore fire sufferers. The committee have not yet completed the calls in all their districts but hope to attain their objective of \$5,000.

IS TAKEN ILL.

While sitting at home last evening about 6:30 o'clock, Patrick Fitzpatrick, 54, 102 Water street, was taken suddenly ill. His friends and the friends of the family will regret to learn that his condition is no better today. He is in a state of semi-consciousness.

SENT UP FOR TRIAL

In the police court this morning a case against Roy Morrison, charged with breaching a peace bond, was heard. The evidence was read over to the accused who pleaded not guilty. He was sent up for trial at the next sitting of the County Court before His Honor Judge J. R. Armstrong, J. Wilfred Tait appeared for the defendant. One man, charged with drunkenness, was fined \$8 or two months in jail.

PROHIBITION ACT CASES

Sub-Inspector McAlinh was in the city today from Moncton where he said he arrested Benjamin McInnis on charge of allowing liquor to be consumed in his barn. He was arraigned before Magistrate Steves and the case was postponed until October 15. The inspector also said he arrested in Moncton another man who had a bottle of liquor in his possession. He was fined \$10 or 10 days in jail for furnishing a revolver to a person threatening to shoot pedestrians. This case has not yet come up in the Moncton police court.

FREDERICTON MARKET

In the Fredericton market yesterday prices were: Pork, per pound, 21 to 22 cents; lamb, 15 to 20 cents; veal, 15 to 18 cents; beef, 10 to 18 cents; deer meat, 15 cents; mutton, 12 to 15 cents; chickens, per pair, \$1.25 to \$2.50; fowl, per pound, 80 cents; butter, 55 to 60 cents; eggs, 60 cents; potatoes, \$2.75 to \$3; apples, \$2 to \$4; crabapples, per peck, 25 cents; carrots, per barrel, \$1.50; onions, 7 cents; cauliflower, per head, 10 to 20 cents; cabbage, per dozen, 75 cents; turnips, per barrel, \$1; squash, 1 to 2 cents; pumpkins, 2 to 3 cents; vegetable marrow, 3 to 4 cents.

THE PRICE OF MILK

The milk question was before the Board of Commerce in Halifax yesterday. Mr. Fisher, a dealer, gave an interesting information regarding the position of the dealers. They charge fifteen cents a quart the whole year round, whether a consumer can get a quart or not. They buy a ten quart can from the farmer for a dollar, and some do not hold the full measure. The private houses of the milk dealers get for thirteen cents. He estimated that about 5,000 quarts of milk a day came into the city over the C. N. R., and he served about 600 quarts a day.

The commissioner then enquired of Mr. Fraser regarding the manner in which the prices were fixed, and on hearing that the Milk Dealers Association fixed the price in Nov. 1918, stated that it was then a criminal offence for a dealer to sell milk at a price higher than that fixed by the association. Mr. O'Connor then remarked that he wanted the milk dealers to get together, clean up that arrangement of agreeing to sell at one price and let there be competition between them. The price of milk in Halifax today was the result of a conspiracy which was made in 1918. He advised them to go away and dissolve the agreement made in 1918. When that agreement was made, they had no right to fix the price. "The price of milk in Halifax will stand in abeyance," said the commissioner, who intimated that he may return to further investigate the matter.

COUNTY COURT CASES

At an adjourned sitting of the County Court Chamber on Wednesday, evidence was taken in two cases before His Honor Judge Armstrong. The first case tried was that of Guy Hutchings vs. the Dominion Express Company. In this case the plaintiff is suing for loss of a package containing articles to the value of \$800. H. W. Puddington appeared for the plaintiff, and Fred R. Taylor, K. C., for the defendant.

Evidence was also taken in the case of The Thompson Manufacturing Company, Limited, vs. Frank L. Ekin. The plaintiff is suing for damages arising out of what he alleges to be a breach of warranty in the sale of an automobile by the defendant to the plaintiff company, Barnhill, Ewing & Sanford appeared for the plaintiff and Dr. W. B. Wallace, K. C., for the defendant. His Honor deferred judgment in both cases after hearing argument by counsel.

PERSONAL

Mayor Clark and wife, of Jargonia Mines (N. S.), are the guests of Mrs. S. H. Sutherland, 86 Waterloo street.

Mrs. D. J. O'Neil and her two daughters, Misses Kate and Evelyn, left last evening for New York, where they will visit friends.

His Honor Judge Barry of Fredericton is in the city today.

S. A. McLeod, high sheriff of Kings county, is in the city today.

Mrs. M. A. O'Leagan and Mrs. Bernard Gallagher returned home yesterday after a visit of a week to Boston.

Mr. and Mrs. H. C. Flood came to the city today from Montreal.

Miss Dorothea Mullin, Main street, returned last evening after a holiday visit to Boston.

Mr. and Mrs. A. O. Coster of Amherst, came to the city today.

Henry LeBlanc of Moncton was in the city today.

E. O. Lacey of Ottawa, formerly of St. John, is at the Royal.

H. A. Powell returned today on the Montreal train.

E. M. Crothers of Ottawa came to the city at noon today.

Rev. Father Hooley, C.S.S.R., who has been conducting missions in Nova Scotia, has returned to St. Peter's, North End.

LIQUOR SEIZED IN A PETERS STREET HOUSE

Visit By Three Inspectors and Eight Bottles Found—May Be Charged Against Woman

A successful raid was made this morning by Liquor Inspectors Saunders, McAlinh and Merryfield when they visited the residence of John Campbell, 23 Peters street, and found a quantity of liquor. The accused was arraigned before Magistrate Ritchie at noon today, charged with having liquor in his possession illegally, and pleaded not guilty. Inspector Merryfield told of going to the house with the inspectors and finding eight bottles of liquor in the attic under the floor. He said a board in the floor was raised by Inspector McAlinh and Inspector Saunders took out the contents.

The inspector said they were being interfered with by a woman who was at the house and that she threatened the inspectors. Inspectors Saunders and McAlinh gave corroborative evidence.

The case was postponed until tomorrow morning at 10 o'clock. Inspector Merryfield said that he intended to have the woman before the court tomorrow morning.

MRS. H. HACHEY IS AGAIN BEREAVED

Wire From Bathurst Brings News of Death of Father

Further sad news was received in a telegram today by Mrs. Henry Hachey, 116 Queen street, from Bathurst, N. B., as it brought the word that her father, James Melanson, had died at his home there this morning. Early today she received a wire that he was very ill and asking her to come at once, but a few hours later the news came that he had passed away.

Much sympathy will be felt for Mrs. Hachey. It is just a few weeks ago that her husband died in the General Public Hospital after being hit by a street car in North End and she had been bereaved some eight months ago by the death of her mother. Her father had been ill since that time. Besides herself, five daughters and two sons. Mr. Melanson was a well known resident of the North Shore, where he had lived almost all his life. He was eighty-two years old. Mrs. Hachey will leave tonight for Bathurst to attend the funeral.

HON. W. F. ROBERTS HERE

Dominion Council of Health is in Session in Ottawa

Ottawa, Oct. 9.—The dominion council of health is in session here. Among the provincial representatives present are Dr. W. H. Hattie, Nova Scotia; Hon. W. F. Roberts, New Brunswick; Dr. E. Pelletier, Quebec.

The work of the council will be very largely confined to the discussion of Control of certain diseases, in reference particularly to the dominion grant towards this object; curative influenza, conservation of child life, industrial hygiene, rural hygiene, habit drugs.

Dr. Colonel David Clark, assistant director of medical services and officer in charge of medical personnel administration of militia headquarters, has been appointed assistant to the deputy minister of health.

WOULD LIKE TO BRING TO ST. JOHN MAN WHO FLEW ACROSS THE ATLANTIC

Sir Arthur Willett Brown, hero of the non-stop flight across the Atlantic is now on a lecture tour on this continent. The Women's Canadian Club has been making enquiry as to the possibility of getting him to visit St. John, but Mrs. G. A. Kuhnke, the president, points out that as there is a considerable expense involved it would be beyond the ability of any one organization to deal with the matter, so many cities wanting the speaker and St. John being so great a distance from the big centres.

Nevertheless she feels that a motion picture talk on the greatest feat of modern science by the man who made the flight would be of so much interest and such educational value that a concerted effort should be made to bring the great aviator to this city.

FIRE PREVENTION DAY IN ST. JOHN

Talks on the matter of fire prevention were given today in the public schools by the teachers. Dr. Bridges, superintendent, said this morning that there was no special observance of the day beyond this, as it was regarded as too cool to rush the pupils out in bare heads and without their coats, since they had been practising fire drill up to very recently. This matter was always taken up at the commencement of the term so as to familiarize the scholars with the part they should have to play in case of fire.

Fire prevention day was recognized by the public safety department of the city by an inspection of premises in the search of fire hazards. The inspection was carried out by the permanent members of the fire department under the supervision of Chief Blake. This has been a regular feature of the department's work for several years and has resulted in the elimination of many sources of danger. The firemen report on and advise the removal of inflammable waste material, wooden receptacles for ashes and other conditions which increase the fire risk and also see to it that fire escapes are readily accessible in buildings where they are provided, and that access to them is not blocked.

GAIN MORE THAN MILLION DOLLARS

The St. John bank clearings for this week were \$8,455,954. In the same week last year they were \$2,441,470, and in 1917 were \$2,175,597.

Halifax Oct. 9.—Bank clearings for the week ending today were \$5,598,144; last year, \$4,988,194.
