INSPIRING FAREWELL WORDS OF THE AMERICAN CONSUL

Judge Willrich Sees Great Future For St. John, But People Must Have Confidence Which Begets Energy—Courtenay Bay Outlook—St. John River Beats His Own Rhine—Pleased With Stay Here and Regrets to Leave.

Judge Willrich, who is leaving today for Quebec, to assume the duties of United States consul at that port, was asked yesterday by the Times for an expression of his views about St. John, its present condition, its future prospects and his feeling toward the people he had met during his stay here in the consular office.

"In the first place," said the retiring consul, "I would like to say through the Times that I have been exceedingly well pleased with my stay in St. John. I can't say too much about the splendid character of the people, their hospitality and their solid qualities as citizens as well as their enterprise, which has been so well exemplified in the rebuilding of the city within a generation to its present condition, under adverse circumstances.

"Some may criticize what has been or is being done, and I have seen many criticisms in the local press with reference to general conditions, and while there may be some truth in all this, it must be remembered that a city has to go through a slump. It is better to go slowly and gradually build up than to boom like the western cities and eventually fall by the wayside.

"While perhaps St. John is not possessed of the go-aheadness of the western cities, I have noticed many things in its favor. Its moral tone is good, and augers well for all that is best in city life. There has been a marked revival in a commercial way and the board of trade has shown a disposition to help, while other city bodies as well as, I believe, doing all they can to advance the city's interests.

Sees Great Future for us "There is no question in my mind that there is a great future ahead for St. John. It is a great city to live in. Its climate is all that could be desired, being neither too hot nor too cold, but just that happy medium so much appreciated. It will be better seen later on when the establishment of new manufacturing concerns come into operation, for climate conditions make a great difference with the laborers. Just as New England is the manufacturing center for the western states, so as western Canada grows, will the east have to advance in manufacturing, just here they did and the climate the best.

"St. John, in my opinion, is on the eve of great development, and if the confidence in the future growth of the city, which would hasten the day of that geographical position, is not so favorably situated as a port, and while small, it is a good one, and the Dominion government should not hesitate to do all it can to help it up. In my time I have seen new docks and wharves and warehouses built here, and especially on the west side has a great deal been done in this way. I hope to see the time, at no distant date, when Courtenay Bay will be developed and the capacity of the port will be doubled, making it one of the

PROPOSAL TO SPLIT EXECUTIVE Baptist Laymen's Missionary Meeting Here of Importance

At a meeting of the Baptist Laymen's missionary movement, held last evening, important business was transacted. The meeting decided in favor of dividing the eastern executive into two sections, a New Brunswick half and a Nova Scotia section, both to unite at a semi-annual convention.

W. C. Cross will prepare a report and submit it to the Baptist Maritime convention, giving notice of the proposed change. A notable feature of last evening's gathering was the report that in the churches where the laymen's movement has been in effect, an increase of more than 50 per cent in the benevolence has been apparent.

The last meeting of the Baptist Foreign Mission board before the convention in Halifax will take place this afternoon at 2.30. At this meeting preparations will be made for attending the convention, and the annual report of the secretary and the treasurer will be laid before the meeting.

NEW CONSUL MAY HAVE LOST HIS EFFECTS IN EARTHQUAKE Mr. Moorhead Can't Say Yet What About His Plans Till He Hears From Mexico—St. John Climate Pleases Him

The new United States consul, Maxwell K. Moorhead, has announced the news of office here, and for a few days at least will likely be a pretty busy man, while gathering up the details connected with the taking over of new duties.

Despite the demands on his attention, however, he found time when a Times man called this morning to converse for a few minutes about his plans and his new surroundings.

Mr. and Mrs. Moorhead are at present residing at Rothesay, and the consul said they would probably remain there during the present month at least. As to

AGRICULTURE TO INCREASE

"There must also be a development of the province in agriculture. You have everything favorable for such development except the people and I think it must be admitted you have not enough people. Settlers would find here better land than in many parts of the west and there is room enough to afford homes for thousands. It would be a great help to the cities to have a well populated country and the government should do everything possible to induce settlers to come. You know you must have a hinterland for the cities to depend upon.

"The agricultural commissioner has done considerable to call attention to the need of something being done by the government. There is no reason whatever why you should not expand greatly. There are some of the best ranches and fruit-raising farms and many happy families could be established on farms now vacant. It is not because this is not suitable country that it has not been peopled more rapidly but because the west has drowned the market for settlers.

"The transportation companies have been exploiting the west and it is to be regretted that thousands of young men from New Brunswick have gone west induced by offers of cheap transportation when in many cases they don't realize their expectations. You can't blame the young men, however, if they seek to better their condition.

"I have noticed with pleasure the improvement in your educational institutions and if they are later on augmented by agricultural and forestry schools, much will be done to improve the province. First, however, there should be engendered a profound confidence in the future. That is the great secret of western growth. Confidence is contagious, it is compelling, it is the energy that produces things.

Has the Rhine Beaten "I want to say just one word about your scenery. I have been on the Rhine in Germany and I have traveled on the Hudson in New York but I think the St. John river and the Kennebec, what I have seen is the finest in the world. It is my memory of pleasant relations here will never fade and my family also will cherish the memory of many friends here. My children have been going to Canadian schools, those at Rothesay, one for boys and one for girls, and I am sure they know, leave with regret the scholars and teachers there.

"I am sorry I could not say farewell personally to my many friends but they will understand that in closing up my affairs here I have been kept very busy and will not have had time to call on all that I would like to."

LADS ARE AWAY TO LIFE IN THE OPEN Y. M. C. A. Boys' Camp Party Up River Today on the May Queen

On the steamer May Queen this morning 80 boys left for the Y. M. C. A. camp at Robert's Point, Grand Lake, for a two weeks' outing under the leadership of B. M. Nicholson, general secretary of the Y. M. C. A. Association.

A party of fifteen came over from Yarmouth on the Prince Rupert and were quartered at the Park Hotel. The Moncton party, numbering about twenty, came on the early morning train, and, including the St. John party, which numbers twenty, about sixty will take the trip from St. John. Five others are coming from St. Stephen, and a number are expected from Fredericton, making about eighty in all.

J. G. McKinnon, of St. John; Morley Carson, George Patterson and Harry Gorbell, of Moncton; C. H. Greig, an Acadia College student, and Charles Hall, of Quincey, (Mass.) will assist Mr. Nicholson as leaders.

SAYS TARIFF MAY LEAD TO RECIPROCIITY

U. S. Government Expert Thinks It May Open Canada

Washington, Aug. 4.—Charles M. Pepper, who has been investigating trade conditions abroad for the department of commerce and labor, and whose expert knowledge has been used by the administration during the tariff struggle, has for several days been analyzing the effect of the Payne-Adairch bill on foreign trade, and says: "An important provision in relation to foreign commerce is the fact that it is taken toward reciprocity with Canada. The dominion now buys from us to the amount of \$225,000,000 annually, and it has been felt on both sides of the line that any thing approaching reciprocity would add to this a trade of \$225,000,000 annually, and it has been made in the provision regarding agricultural implements. The duty is reduced from 20 per cent. to 15 per cent. ad valorem. This is below the Canadian general tariff on agricultural implements, which ranges from 17 1/2 per cent. to 30 per cent.

Chaplain of Tombs Has Good News From Ireland for Woman Whose Financial Acts Got Her Into Difficulty—She Was Under Sentence.

New York, August 4.—The Herald today says: "If Eva Fox Strangeway, a young English woman, who in September, 1907, was sentenced to one year's imprisonment, charged with having given dressmaker's shop checks, will go to the tombs and ask for the Rev. George Sanderson, chaplain, she will be placed in possession of information by which she may come into a large legacy, which has been left her by a relative in Ireland.

MAINE TEAMS IN NEW SCHEDULE

Houlton, Aug. 3.—The baseball situation in northern Maine is again on a new basis, Dover and Foxcroft having dropped out, leaving Houlton, Millinocket and Caribou, all of which are in it to finish this season. A meeting of the managers was held in Houlton last week and a schedule arranged so that there will be six games a week, two in each town. The standing, including Monday's game, is as follows:

Table with 4 columns: Team, Won, Lost, Per Cent. Houlton: 2, 1, .666; Caribou: 2, 2, .500; Millinocket: 2, 2, .500

ST. JOHN MAN AT 59 CHALLENGES BOSTON ATHLETES

Patrick Cavanaugh Shows What He Can Do—The "Amateur" in Some Local Sporting Phases—Ring, Athletic, Baseball and Rowing News—O'Neil at Detroit

(Boston Post.) If any of the old-time athletes feel like entering the arena once more one Patrick Cavanaugh, of South Boston, will meet them on the wrestling mat, cinder path or in any sport at which they think they excel.

Cavanaugh, who lives at 210 Emerson street, is 59 years old, but says he is as spry as he was 30 years ago, and if his stunts of today are any criterion for his prowess in his youth he certainly was good. He works all day in his shoe repairing establishment in the Peninsula district and between times enjoys himself trotting a fast 100 or by taking a crack at the high or broad jump. He is a big, powerful man with a huge frame, standing 5 ft. 10 in. in height and weighs 185 pounds, and his joints are as pliable as elastic.

"Do not think I am an athlete," said he to the writer, "but if you hear of any fellow my age, which is 59 years, who is able to meet him in a match consisting of any ten athletic events which he may choose, the only thing barred out being boxing, a thing which I never indulge in. I will throw the weights, run or jump, or, in fact, take a chance at anything." After Cavanaugh had finished speaking he laid down the shoe on which he had been working, and reached up over his head and took down a violin and bow and kicked off the slipper which he had on his right foot. Holding the violin in his left hand he proceeded to play a number of tunes, something not witnessed every day in the week. Then, to show that he was not a dead one, he set on the floor and brought both his legs around his neck, slapping the soles of his feet to gether behind his head, turned a hand spring and did a few other stunts that were eye-openers.

Bentley being an athlete, he is an inventor and has a patent arch supporter which is a great seller. He is of Irish parentage and was born in St. John, N. B. He has a large following, who think he is the greatest ever, and stand ready to back him against any man of his age in the world.

Note—Mr. Cavanaugh is a brother of M. T. Cavanaugh, shoe repairer, on Bruce street, St. John.

Fighting on the case with which Dan Ahern, the Irish American A. C. jumper, broke the record for the running two hope and a jump on Saturday and again on Sunday, many are anxious to have him try to better the mark for the running hop, step and jump, the American record for which is 48 ft., 6 in., made by Eddie Bloss, the old Boston jumper, at Chicago many years ago.

Hugh McLean, the middle distance bicycle champion of America, has come out of retirement and proposes to defend his title again. He took a quiet course in training and Saturday night rode a two-mile exhibition in 2m 54.4-5s. He promptly received several offers and will post a forfeit to ride four races at the Revere beach track. His first race was Saturday night in a 25-mile handicap from Logan against Peter Drobek and Pat Logan, each having a handicap of two laps.

I.C.R. SUFFERS \$7,000 LOSS BY FIRE IN HALIFAX

Halifax, N. S., Aug. 3.—The coal sheds of the I. C. R., more than a dozen box cars, half a dozen coal hoppers, 700 tons of coal, and other property of more or less value, went up in smoke this afternoon at the I. C. R. yards, Richmond. The good work of the I. C. R. fire department saved the surrounding property from destruction, the fire having gained considerable headway before the city apparatus arrived, when good work was done by the city men.

KICKS FELLOW PLAYER IN FACE THE INGLENOOK PHILOSOPHER of Kennebecasis Bay.

Toronto, Aug. 3.—"Micky" Ions was arrested this afternoon on a charge of aggravated assault on George Kalls at Scarborough Beach during a lacrosse game on Monday. He was allowed out on bail of \$200. The match was the first of the championship series, and keen rivalry existed between the teams for some time past. When they met yesterday the Toronto ran away with their opponents, scoring fifteen goals to Tecumseh's four. Kalls, who is one of the youngest and most popular of the Toronto players, was responsible for four goals. During the closing minutes of the game Kalls sent a hot shot into the Tecumseh's goal which struck Ions on the ear. Ions passed the ball down and smiled at the occurrence and the incident was supposed to be ended.

A minute later Kalls stooped down on the turf to fasten the lace of his shoe when, to the astonishment and indignation of the crowd, Ions was seen to take a running kick at the stooping player, landing with his boots on Kalls's face. For this assault Referee Joe Lally sent Ions off the field for the remainder of the game. The assault was plainly seen by the thousands who were in attendance at the match, and it produced a demonstration of anger from the crowd. After the game Ions left for his home in Brantford.

UMPIRE CHASED FOR LIFE

Lynn, Mass., Aug. 3.—Turbulent scenes marked today's baseball game between Lynn and Fall River. Scores were made by a man when a crowd of several hundred spectators rushed upon the field in the direction of the umpire. The umpire was surrounded by the mob and fought off the mob by the crowd. The umpire was chased for his life. The crowd was broken up by the police. The game was suspended for several days.

HEAVILY HANDICAPPED

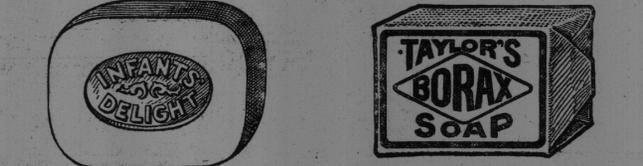

Is Every Man or Woman who Suffers from Indigestion. No one can enjoy life fully, or do his work properly, without good health, and no one can possibly have good health unless the stomach is working right. Headache—drowsiness—shortness of breath—pain in the stomach—apathy—irritability—bad breath and bad temper are some of the signs of indigestion. Signs that should never be neglected, especially as there is a quick and sure cure—Father Morrisey's "No. 11" Tablets. These tablets were devised by the late priest-physician to relieve and cure those of his parishioners who suffered from any form of stomach trouble, and they have relieved and cured thousands. Here is what Mrs. Jerry Mullin, of Trout Brook, Northumberland Co., N. B., writes about them, dated Dec. 2, 1908: "I was afflicted with a very severe stomach trouble and the medicine I received from Father Morrisey cured me completely." If your stomach is not right, just try "No. 11" Tablets, 50c. at your dealer's, or from Father Morrisey's Medicine Co., Ltd., Chatham, N. B.

BALL GAMES ARE SOCIAL EVENTS

The ball games in the Commercial League are social events of interest. About thirty young ladies were among the spectators in the grand stand at the Every Day Club grounds last evening, and cheered with great enthusiasm indeed the contestants in the game between the Brock & Peterson and Macaulay Bros. & Co. teams. Rev. George Titus covered second base for Macaulay Bros.

TAXES HERE AND OVER IN HALIFAX

(Halifax Mail.) Even in its rate of taxation our sister city, St. John, is making desperate efforts to keep up with Halifax. Last year with a rate of 1.91 Halifax was away ahead of St. John with its 1.86. This year Halifax jumped to 1.99. Then St. John got busy and made a strong push for the lead, coming up almost shoulder to shoulder with us by fixing its rate at 1.98, or just one point behind Halifax. In other words for 1909-10, the Halifax rate jumped 8 points, while the St. John rate jumped 12 points. So you see in the matter of piling on the taxes Halifax is not the only jumble on the beach.

EARACHE, TOOTHACHE!

To Cure the Pain in Ten Seconds and Get Instant Relief, Nothing Equals Nerviline. Fifty years ago Nerviline was used from coast to coast and in thousands of homes this trusty liniment served the entire family, cured all their minor ills and kept the doctor's bill small. Today Nerviline still holds first rank in Canada among pain-relieving remedies—scarcely a home you can find that doesn't use it.

TESTIMONIAL

From Port Hope, Ont., W. T. Guidry, of the newspaper staff, writes: "For twenty years we have used Nerviline in our home, and not for the world would we be without it. As a remedy for all pain, sprache, toothache, cramps, headache and disordered stomach, it is of no preparation so useful and quick to relieve as Nerviline." Let every mother give Nerviline a trial; it's good for children, good for old folks—you can rub it on as a liniment or take it internally.

Supper was served aboard, and needless to say, with weather conditions as they were last night, the outing was most enjoyable.

FORMER ST. JOHN WOMAN DIES IN HAMPTDEN, MAINE

Many friends of Mrs. John A. Snell, formerly of St. John will be sorry to hear of her death which occurred yesterday in Hampden (Me.) The sad news came in a despatch to Byron C. Tapley whose wife is Mrs. Snell's daughter.

Mr. and Mrs. Snell came here from Maine and were St. John residents for twenty years, he being connected with the Stetson Cutler Company and Charles Miller lumber interests. About three years ago they moved to Hampden. Mrs. Snell was sick for six or eight months.

She is survived by her husband, one daughter, Mrs. Tapley, in St. John; and three children in Maine, all by a former marriage, Dr. Libbey, of Smyrna, Mrs. A. H. Brown, of Oldtown, and Edward Libbey, of Milford, Me. The funeral will be held at Oldtown tomorrow afternoon.

LOCAL REVIVAL OF 'CYCLE RACING

On August 10th the Every Day Club will hold a ten mile bicycle race and there is every indication that this exciting sport is to be revived here. The entry forms have not been sent out yet, but a number have already signified their intention of competing.

Among these is an Englishman residing in Hampton, who has done some scorching in the old country, and a young man who has recently arrived in the city from Ireland.

St. John's Police Head Next in Line for First Office in Canadian Association.

Chief of Police, W. W. Clark

Chief of Police Clark is expected home today or tomorrow after the sixth annual convention of the chief constables of Canada held at Niagara Falls, on July 28 and 29.

Chief Trudel, of Quebec, was elected president of the convention, and Chief Clark was elected vice-president, so that the St. John man is in line for the head office next year.

There was an attendance of between sixty-five and seventy at the meeting. Chief Rideout, of Moncton, and Chief Clark were the only members present from the maritime provinces. It has been decided to hold the meetings henceforth in August, the next in Vancouver.

NO CIGARETTE; GETS ABUSIVE

Wm. Guthrie Gets in Trouble—Police Court Proceedings.

Judge Ritchie had a light docket before him in the police court today. Wm. Guthrie was arrested yesterday for drunkenness and fined \$8 or thirty days this morning.

He was also charged today by Robert W. Turner with abusive language. The complainant stated that Guthrie had asked him for a cigarette yesterday in the Longshoremen's hall and on being told that he had none to give, said Guthrie called him some objectionable names.

Guthrie pleaded guilty to this charge also and was fined \$8.

Leo Walsh, arrested on a charge of house burglary at St. John, was remanded in Sheriff street last week and was remanded again today.

William Mulcahy, who escaped from the reformatory in June and who was later captured by the police was further remanded.

DR. FOTHERINGHAM MEETS HEAVY LOSS

Former St. John Pastor's Barn, Hay and Horse Burned in California.

Rev. Thomas F. Fotheringham, for years pastor of St. John Presbyterian church here, and who, with his family, removed to California last September to engage in fruit raising, and farming, has met with a setback in his venture. He purchased a farm at Moss Glen in Orland county and all went favorably until last month.

One day at noon the family was attracted from the main yard by cries on the outside. The barn was in flames and before a plan of rescue was determined upon, a horse was burned with the building and a large quantity of hay which had only been harvested. The fire was attributed to spontaneous combustion in the hay. Mr. Fotheringham, in writing to his brother-in-law here, stated that there was no insurance on the barn or contents. The horse, which had been bought only a few months ago, was the only one on the farm and was quite valuable.

The Every Day Club will hold a garden party on its grounds probably next week. Ladies and gentlemen willing to assist in the arrangements are requested to meet at the club's hall tomorrow evening at 8 o'clock.
