BARGAIN DAYS NOW IN THE STAR'S PRIZE CONTEST

Increased Schedule of Votes Begins Today—Will End August 14th—Harvest Days for Some.

Candidates will bear in mind that the Star and The Sun cannot be sent by mail in the City of St. John.

Bargain days are here. Have you read the page announcement of the extra vote offer in the Star and Sun's great \$100 Prize Voting Contest? If you have not, stop reading right here and turn to the page advertisement. The return on this offer will wait here until you come back. Commencing today and ending Saturday, August 14th, a greatly increased schedule of votes will prevail on paid-in-advance subscriptions to the Star and Sun. This is your chance, as no better offer will be made during the Contest.

Wise candidates will not let an hour of the special time be lost. Their friends will take pleasure in subscribing in their favor when they see how greatly each subscription adds to the candidate's chance for success.

"Bargain days" will prove to be harvest days for ambitious candidates. The wise contestants will, during this period, lay in their reserve supply of votes to be huffed at their opponents on the closing night of the Contest. While it is well to keep near the top of the published list, it is better to have many votes that you can use at the last moment. If you are diligent during this period, you can climb to the top and yet have plenty to spare for the reserve fund.

No doubt every promise made you by friends will be cashed now, as "bargain days" will especially benefit your campaign and may mean the coming news as an elected official.

New candidates can enter the Contest now, today, and within a few hours secure enough votes to place themselves among the leaders. It would be no trouble to secure votes during this period. Every one must realize that this is the only time that will not occur again during the whole course of the Contest. It is the best opportunity during these two weeks count for so much that if you enter the Contest now and make the effort, you will stand an excellent chance of winning a prize. Keep your things going. Keep your assistants enthusiastic by the vim with which you conduct your campaign. Make up your minds to get several votes each day, and don't you rest until you get them. You will find it easy after you get started.

Above all, don't get discouraged because someone is ahead of you. They got there by work and you can do the same.

Enter today.

RAILWAY MEN FALL FROM MOVING TRAINS

Both Lose Legs and One of Them May Die.

QUEBEC, July 28.—A Canadian Pacific Railway brakeman named DeCene, was the victim of an unfortunate accident near this place yesterday. DeCene was going his rounds on the regular express and took a misstep, falling beneath the car. One of his legs was completely severed and he was badly shaken up. Physicians dressed the wounds and the brakeman is reported to be resting easily.

Gaspere Cope, well known in these sections, met with an accident under similar circumstances. He fell under one of the Canadian Northern cars and was badly crushed. Cope will lose a leg and arm as a result of the accident. His condition is reported as serious.

G. P. R.'S NEW LAKE FERRY OF MOST MODERN TYPE

Is Also an Ice Breaker—Burns Oil for Fuel—Now at Liverpool, N. S.

LIVERPOOL, N. S., July 28.—Five weeks out from Wilmington, the new ferry steamer, Miss Vanderburg, built by Fuzzey and Jones, of Wilmington, for the C. P. R. ferry service between Freetown and Ogdensburg, arrived here today. The Miss Vanderburg is a very fine boat and will be a valuable addition to the C. P. R. ferry service on the lakes. She was built at a cost of \$30,000. She is an ice-breaker and is fitted with independent engines, and burns oil for fuel. The steamer had a very stormy passage, but sustained no serious damage.

MOOSEPATH IS AGAIN ALMOST DESERTED

The horses which were racing at Moosepath last week and on Monday have about all left the track. Sussex is claiming the most of them as there is a large list of entries for the Sussex races on Thursday and Friday.

Frank Fox's horses which have won a considerable amount of money in Maine and New Brunswick this season, left for Burton on last night's dispatch to the Legation at Legoyota, for the balance of the season.

It is understood that a portion of the Pine Tree Stables, of Lewiston, will remain at Moosepath for the present, only a part being sent to Sussex to race on Thursday and Friday.

OVERCOME BY GAS; FELL INTO MINESHAF

Italian Store Keeper Fined for Selling Liquor

Three Months Jail for Robbing Freight Cars—Emmet Defeats Italian in 12 Mile Race

NORTH BAY, July 28.—While at work near the opening of a shaft on the Gemmagani mining property, Sandy McPhee, overseer of the mine, was overcome by gas issuing from the mouth of the shaft and fell to the bottom of the shaft. He was quickly raised by the men and medical assistance sought. McPhee is very seriously injured but hopes are entertained for his recovery.

WELLAND, July 28.—Repeated arrests for drunkenness in the Italian district led to a vigorous search being made for those supplying liquor which culminated in the arrest of a prominent Italian merchant of the colony. The case was brought before the district magistrate and the offender fined \$100 and costs. Local authorities claim there are others selling liquor illegally in the district.

QUEBEC, July 28.—J. Bedard, charged with breaking into a C. P. R. car, was sentenced today to three months imprisonment without the option of a fine. Repeated attempts have been reported by checkers, especially in shipments of liquor. Detectives were sent to work on the case, who, after several days' untiring efforts, caught Bedard in the act of removing bottles of brandy from a case in a car which was being unloaded.

ST. THOMAS, Ont., July 28.—In a twelve mile race today, D. B. Emmet, the veteran marathon runner, defeated an Italian in very fast time. Emmet led from start to finish, but was closely followed by the Italian, who was making a good finish. In all probability these runners will meet again as friends of the Italian claim he was not in the best of condition.

GREEK FRUIT DEALER SEES VISIONS OF WAR

Conflict With Turkey Only Postponed—Country Arming and Trouble Expected After Coming Elections.

Michael Mercouris, the Greek fruit dealer, of Mill street, who keeps close in touch with the political situation in his native Greece, has predicted that the war which Greece is preparing to declare against Turkey, is not a dead issue, but a postponed one.

The Greeks will not commence hostilities until the election in their country. At this time the Christians will hold the Helles, neither Turks nor European protectors, nor fear of things to come. From Austria, the Greeks have purchased 120,000 rifles of the latest pattern. From Italy they have secured two warships, and they are now conducting negotiations with the United States government for the purchase of two more.

In every section of the United States and Canada, societies have been formed among the Greeks and money is sent daily to the main society in New York, which banks it in one big patriotic fund from which \$200,000 has already been forwarded home. According to bulletins received by Mr. Mercouris, \$1,500 has been sent in during the past two weeks. A Greek multi-millionaire in Omaha has stated that he will give a million dollars if he can.

Already 1,000 Greeks have sailed out for New York to take part in their country's defence. "It will be the biggest war ever in the world," said Michael.

FIREWORKS DISPLAY HAD FATAL ENDING

Explosion Killed One Man and Injured Two Others—Pres. Reyes Resigns—Consul Wounded.

SANDUSKY, O., July 28.—One man was killed and two were injured when a mortar exploded during a fireworks display in connection with the convention of the National Hay Dealers Association at Cedar Point last night. A part of the mortar struck Henry Jordan, of Sandusky, in the head, killing him instantly. Another piece of mortar struck Thomas Larkin, of Sandusky, in the mouth, and flying sand probably destroyed the eyesight of Andrew Dietrich, of Reading, Ohio.

BOGOTA, July 28.—The resignation of President Rafael Reyes was presented to the Colombian Senate today and unanimously accepted. August 1st was fixed as the date for the election of his successor to finish the constitutional period.

WASHINGTON, July 28.—William B. MacMaster, the U. S. Vice-consul at Cartagena, was attacked Monday afternoon and seriously wounded by a dispatch to the Legation at Bogoyota. The attack was made without apparent motive.

HEAVY FIGHTING IN AFRICA AND REVOLUTION AT HOME

MANY BURGLARIES ARE REPORTED

Humphrey's Mills Robbed of Goods Worth \$100.

Moncton Is Producing Hairs to the Evans Fortune—Quiet Wedding This Morning at the Railway Town.

MONCTON, N. B., July 28.—St. John is not alone in producing claimants for portions of the fortune left by the late Robert D. Evans, the wealthy mining and rubber man, who died recently, leaving twelve millions to be distributed among relatives, many of whom are in New Brunswick. Mrs. M. Jackson Steeves, of this city, has two children who may be in line for a portion of the wealth Mrs. Steeves' first husband was the Evans brother, Robert Baxter, who had two children, Robert Baxter, who was one of the descendants of the late Robert Steeves, and Mrs. Steeves at one time taught school at West Beach, the hometown of the family.

An epidemic of burglaries is reported near the city, Saturday night or early Sunday morning the store of P. R. Gougeon at Cocagne, Kent County, was broken into the till being rifled, and ten dollars in cash and fifteen dollars worth of goods stolen. A partition at the back end of the store was sawed out, admitting the burglars, who also made an attempt to blow up the safe but failed. Several holes were drilled near the lock. Last night at Humphrey's Mills near the city, Humphrey's clothing factory was broken into and clothes to the value of a hundred dollars were stolen.

A quiet wedding was solemnized this morning in St. Bernard's Church by Rev. Father Martin Alonzo Vinson, the contracting parties being Frank S. McManus, of Memramouc, and the late Patrick S. McManus, of Memramouc. Mr. and Mrs. William Hopewell, of Humphrey's Mills.

MORE OUTRAGES NEAR GLACE BAY

Attempt to Blow Up a Miner's House

Shacks Set on Fire—Not Much Damage Done in Either Case—Output of Coal Is Steadily Increasing.

SYDNEY, N. S., July 28.—Two more outrages are reported this morning. An attempt was made to blow up the house of one Strange at Gardiner Mines, near No. 10 last night and some shacks at Besseve were set on fire.

No serious damage occurred in either case. The shingles were blown off Strange's house which is occupied by Angus McNeil. The police put out the fire at the shacks before it made any headway. Mr. McNeil is employed as a miner at Dom. No. 10 and has kept constant at his work.

It has been intimated for some days that the present week would see strenuous action on the part of the strike leaders and it looks like a fulfillment of the promise.

The output from the mines yesterday exceeded that of any day since the opening day of the strike.

From the pits there was obtained 5,730 tons and from the banks 4,470 tons, a total of 10,200 tons. The output from Dominion No. 2 yesterday is regarded by the P. W. A. as particularly gratifying, having gone well beyond the 1,000 ton mark. New men are constantly coming in and by the end of next week the company expects to have made very large additions to the number at work.

Over 1,000 tons of coal was shipped at the Dominion Coal Company's piers in Sydney yesterday.

Steamer Fribo arrived last night from Philadelphia with a cargo of 6,610 tons of coal for the Steel Company.

MRS. JOHN G. MORTON.

L. R. Morton, of this city, received a despatch today conveying the sad news of the death of his sister-in-law, Mrs. John G. Morton of Milton, Queens County, N. S. This deceased was a most loyal disposition and was very highly esteemed both in her home and throughout the community. She has many friends in this city who will be of her death with deep regret.

Mrs. Morton is survived by her husband and the following children: Miss Alma and Mr. Arthur C. at home; Mrs. Frank Ford, of Cleveland, Ohio; Mr. Fred S. Morton, of Worcester, Mass.; and Mr. J. Sydney Morton, of New York.

Before her marriage she deceased was a Miss Steeves of Halifax.

Spain Seems to be Up Against a Difficult Proposition—Government to Resign in Favor of Military Council—Serious Trouble in Several Provinces

MELILLA, July 28.—The Spanish batteries today are ceaselessly bombarding the camps of the Kabyle tribesmen at the foot of Mount Gurugua. Several of the camps have been burned, but it is the consensus of opinion here that until the Moors are dislodged from Mount Gurugua which is 3,000 feet high and dominates the entire peninsula, the Spanish positions around Melilla are constantly threatened. To accomplish this object it is intimated that 25,000 men will be required.

The facilities for treating the wounded here are utterly inadequate. A theatre has been converted into a hospital.

ORAN, Algeria, July 28.—Reports received here from Melilla are very pessimistic. General Marina, head of the Spanish troops here, is described as being extremely unpopular with his men.

The camps at Sidl Mure and Mount Aitaya where the Spanish dead were interred where they fell is full of epidemic.

MADRID, via Hendaya, France, July 28.—Fighting between the Spanish force and Moors was resumed outside Melilla yesterday. General Pintos and several officers were killed.

Every supplementary detail of the battle which raged on July 23 proves that the Spanish situation was most grave. The Moors ambushed a Spanish column in the afternoon, killing and wounding 40 men. The shattered fragments of the column escaped only under the protection of the Spanish gunboat Martin Alonso Vinson and the Melilla forts which fired two thousand rounds.

BARCELONA, July 27.—(Delayed in transmission)—The Almansa Regiment arrived from Tarragona at four o'clock this afternoon to reinforce the garrison here. The military authorities have closed the "Houses of the People" which was the headquarters of the rioters.

No newspapers were published here today. The city is quieter but the people are intensely excited.

MADRID, July 28.—Much apprehension is felt here over the situation in the provinces of Catalonia, Tarragona and Gerona, where the constitutional government has been suspended. The latest official reports from Barcelona indicate that the Spanish situation is most grave. The city is almost at the mercy of the mob.

The notorious anarchists, Cardenal and Hereros, are reported as being the leaders in the rioting, which was most violent and accompanied by the destruction of property and incendiarism. The convent of Mercedes was taken by assault and the Church of St. Paul and the Congregational Schools of St. Antonio were burned. The captain general and his staff were fired upon as they were riding through the Boulevard Paralelo.

Bands of strikers have been dispatched from Barcelona to the surrounding country to destroy the railroad with the object of preventing the arrival of troops to reinforce the Barcelona garrison. The troops from Barcelona were forced to disembark at Vendrell, 17 miles from Tarragona, from where they drove the strikers before them.

The events in Catalonia province have caused some reaction in public opinion. The Conservative newspapers of Madrid protest against the revolution while the country is fighting to maintain its honor on foreign soil and they appeal to the public to sink political differences and help the Government in its suppression of anarchy and sedition in Barcelona.

HENDAYE, France, July 28.—Upon receipt of despatches from Barcelona King Alfonso hurriedly left San Sebastian today for Madrid. It is rumored that Premier Maury will resign in favor of a military cabinet, as the movement at Barcelona is regarded as being clearly revolutionary.

SILVER DART'S FLIGHTS PUT OFF FOR A FEW DAYS

Baldwin and McCurdy Interested in Channel Trips—Montreal Loses in Effort to Collect Rates.

PETERAWA, July 28.—The arrangements for the experiments by the Silver Dart go on apace but the flights have been postponed till the end of the week. Both McCurdy and Baldwin were greatly interested in the news of the flight over the English Channel. McCurdy when informed that the passage had been successfully accomplished said he was sure it must have been the Frenchman, as he had confidence in that aviator's pluck. Both Canadians were grieved at Latham's failure. They contend that the aeroplane has a greater element of safety than the monoplane.

MONTREAL, July 28.—The city of Montreal attempted yesterday to make the proprietors of houses pay the water taxes which the tenants refused to pay. A test case was decided by the Judge without leaving the bench. The city lost and was condemned to pay all the costs.

MADE A PARACHUTE DROP WITH BALLOON

First Time Experiment Was Ever Made—Other Flights—Miss Morgan Goes Up.

CONWAY, Mass., July 27.—Parachuting his balloon at the height of over two miles by loosening the appendix cord and lowering the lower part of the balloon to rise into the netting, Dr. S. S. Stowell of Pittsfield, in his first trip as pilot, made a parachute drop to earth in the balloon Pittsfield at 1 o'clock today, it probably being the first time such an experiment was ever tried in this country.

A perfect landing was effected without the valve cord being touched. RUTLAND, Vt., July 27.—The balloon Massachusetts which ascended from here at 5 o'clock with William Van Fleet, of Pittsfield, Mass., as pilot, landed safely at 6:30 tonight in Barnard, eighteen miles northwest of here. The highest elevation reached was 4,800 feet. The passengers were H. C. Carpenter, P. M. Wilson and C. H. West, local business men.

NANCY, France, July 27.—Miss Morgan, daughter of J. Pierpont Morgan, of New York, made a trip today, aboard the dirigible balloon Ville de Nancy.

BRUSH SAYS M'GRAW MAY HAVE DONLIN

Just before departing for Europe on the steamship America yesterday John T. Brush, president of the New York National League Base Ball Club, announced that he had left the question whether "Mike" Donlin would play with the Giants for the rest of the season to be decided by the club's secretary, Fred Knowles, and Manager McGraw. Knowles and McGraw, according to Mr. Brush, can engage Donlin if they decide that they need him to strengthen the team.

Mr. Brush is going to Caribbea for his health. He had attempted to contact the fact that he was going away and did not engage passage until yesterday, too late for his name to be on the passenger list. When his identity was ascertained and first was reluctant to talk.

"I have left the entire management of the New York team in the hands of my successor," was all he would say at first. "Do you think that you and Mike Donlin will get together?" he was asked. "I hope the Giants will get together," he replied.

"Have you had any conference with Donlin in reference to his returning to the New York team?" "I have not seen Donlin since December last."

"If Donlin should make advances to you would that indicate that he will return to the team?" "I shall be in Europe, and I don't see how he can make advances to me."

"Have your successors been empowered to engage Donlin should he make any suitable advances?" "It's up to them. Knowles and McGraw can have him if they decide that they need his services."

ATTEMPTS TO FLOAT SCHOONER ABANDONED BANGOR, July 27.—A special from Castine tonight states that the Boston Towboat Company has abandoned attempts to float the schooner Alice E. Clark, which struck on Frank's ledge off Islesboro, July 1, Friday that vessel was pumped out. When she rose, she rolled over to starboard, and now lies on her beam ends. She will be stripped as she lies.

The Alice E. Clark, a four masted schooner of 132 tons, built at Bath in 1888, hailed from Portland, where she was owned by the J. S. Winthrop Company. She was valued at about \$40,000 and is partially insured. The cargo of coal, consigned to the Maine Coast Railroad at Bangor, was worth about \$5,000 and fully insured.

"Every day," was the answer, "but ladies are admitted free on Tuesdays." "People call me up a hundred times a day," continued James, after he had hung up the receiver, "asking that very same question—'When can ladies go to the ball game?'—and wish to explain that nothing goes on any day which would prevent the fair sex from being present at the park.

"You may not know it, however, that the Toronto Club is the only club in the Eastern League which sets aside a day on which ladies are admitted free, hence the name 'Ladies' Day.' We have always contended that the idea is a good one, and have stuck to it, although all the other clubs have dropped it.

ABOUT LANGFORD. When Sam Langford goes on with Stanley Ketchel for a final fight, at Ely, Nevada, on Labor Day, he will be getting the chance that he has been after for a long time. All the big fellows, including the colored champion, J. Arthur Johnston, have been sidestepping the shift-belted cruiser, who has been looking for a feature event with some of the big drawing cards of Flanagan.

MUST CLIMB DOWN, ASSERT ST. PETERS

Owners of Grounds Want Too Much for Post-Season Series

The good old staple question of grounds is again interfering with the signing of players for the post-season series of games for the baseball championship which St. Peters and Marathons have already agreed upon.

Mr. Heaney demands \$5 per cent. of the gate receipts, say the ball players. There are at least four games to be played on the Shamrock field, and there is a chance of a fifth.

IF Heaney does not climb away down, St. Peters say, they will agree to play all of the nine games to be played on the Shamrock field, and there is an agreement in writing with the Every Day Club whereby they are to have the use of the grounds on Saturdays for \$5 a game, and on Labor Day for \$15.

TESTING THE HEARTS OF YALE ATHLETES

Unique Experiments Which May Revolutionize Sport at New Haven—600 Examined.

NEW HAVEN, Conn., July 27.—Unique experiments have just been completed at Yale relating to the effect of altitude on the hearts of high altitude athletes in general upon the heart. The series was begun because of the many variations in the conditions of the heart in the past few years. They were ordered because the university authorities were determined that no more revolving candidates with unsound hearts should be allowed in the boat.

The most rigid physical examination ever given at any university follows the completion of the tests. The students were allowed to become members of the Yale varsity team. The tests were conducted by Prof. William C. Anderson, director of the Yale gymnasium, and they had the aid of scientific research which will prove revolutionary and far-reaching.

WILL PLAY FOR CUP SATURDAY

J. L. McAvity Was Winner of Thorne Cup Last Year

The Thorne cup match will be played on the golf links Saturday. The trophy in this match is a silver cup presented to the club for annual medal play by W. H. Thorne in 1882. Twenty-seven holes will be played from scratch. J. L. McAvity was the winner last year.

LISTS for entries in the annual match for the club championship are now open at the clubhouse and will close on August 7. This match is decided by 18 holes of scratch play. The opening round will be played between August 8th and 14th. Andrew Jack is the present holder of the title.

MISS Hare won the ladies' July handicap in a very close match with Miss McEivern, which was decided on the nineteenth green. Mrs. Alward presented an appropriate prize for this event.

THE Y.M.C.A. AND C.A.A.U. TO DISCUSS ATHLETIC PEACE

TORONTO, July 27.—A sign of dawn in athletic peace which is something more than a rumor, has at last been given form and substance in the form of an announcement, which has just been made, that a meeting will be held at the Y. M. C. A. summer camp at Lake Couchiching, on July 31st.

LEADING OFFICIALS. At this gathering the leading officials of both organizations will be in attendance, including Mr. P. J. Lee, of Ottawa, Messrs. Merrick and Crove of Toronto; Dr. F. J. Test, of Montreal, and Mr. Fisher, of New York. It is understood that the principal matter for discussion will be the definition of a clean and healthy sport, and the closing of the door between the big warring athletic bodies. The policy of one side may be decided upon and proposed concessions will be discussed.

It is a common generally that, at this period in the history of Canada it is essential that there should be between the large athletic bodies of the country at least a neutrality. The present hostility, which has been a source of much trouble for the furthering of clean and healthy sport, is becoming unbearable to the sporting public.

McAVITY OF ST. JOHN WINS IN THE TENNIS SINGLES

MONTREAL, July 27.—In the Canadian tennis championships today J. L. McAvity of St. John, the only Maritime Province representative, came out victorious in the open singles championship event, winning his first game with Wilkes of Montreal. The Montreal man captured his first set, 6-4, but then the St. John man got into his stride and his work demolished the Montrealer, which was beaten 6-2, 6-2.

In the doubles the St. John man was so fortunate. He had McEivern of Toronto as a partner, and the combination was not good enough to defeat Grier and Chipman of Montreal, who won in two sets, 6-4, 6-2. The singles look like a win for Capt. Foxe of Ottawa, who is playing in great form this year.

POULDER deceased of two Montreal men in easy style today, and if McAvity goes into the final he will have a great struggle to win from the Ottawa man.

In the handicap singles McAvity beat Laurague of Montreal, 6-3, 6-2, 6-2.

CONTROL HALF THE GAME. (By "Christy" Mathewson. The proportions of quantities needed for good pitching are about as follows: 50 per cent. control, 20 per cent. luck, 10 per cent. speed, 10 per cent. curve. "All the speed, the fast jumps, the cross-fire, the spit balls, the big curves and the head" are nothing unless a pitcher has control. "The most disheartening thing in the world for a young pitcher is for the team to fall to hit behind him. That has broken the heart of more newcomers than any other one thing. The team has never been lucky enough to hit well behind him, and that is largely responsible for his failure to get a good start. He has everything that goes to make a good pitcher. Let them get a few runs ahead for him and see what he will do. He needs confidence. "The most puzzling thing in the pitching business is how a man can go in without 'anything' and win his game. I pitched four curve balls throughout the game yesterday. "The only man that has gotten a base on balls off me this season when I didn't get to him purposely was Clements of Brooklyn."

SECRETS OF EMPIRE DIE WITH EUGENIE

Former Empress of the French Deceals She Will Not Write Her Memoirs.

PARIS, July 25.—The ex-Empress Eugenie has just returned to England after a stay of a few weeks in Paris.

While here the ex-empress paid a long visit to the Matignon, the chateau where the Empress Josephine lived after the divorce. The place is now a Napoleonic museum, and the ex-empress has presented to it many souvenirs of her husband.

M. F. C. Pietri, the private secretary of the ex-empress, has issued the following notice, addressed from Farnborough, Kent:

"For some time the empress has been receiving many letters from people who asked permission to publish her memoirs or to translate them into foreign languages. In order to reply to these requests and to put an end to them, I am instructed by her majesty to state that she has not written, and will never write, any memoirs."

GERMANS DECLARE BIG DIAMOND WAR

BERLIN, July 25.—A conference took place yesterday between Herr Dernburg, imperial secretary for the colonies, and several members of the Reichstag regarding the diamonds which have been found in German Southwest Africa.

According to official estimates the value of diamonds existing in German Southwest Africa is approximately \$250,000,000, and Herr Dernburg has formed a ring of all companies, firms and individuals, numbering between 400 and 500, interested in the diamond industry.

The importance of a coalition so great caused the De Beers Company to approach Herr Dernburg with a proposal for a mutual agreement regarding the prices of diamonds. Herr Dernburg rejected the advances made by the company on the ground that it would be possible for Germans not only to fix their own diamond prices independently of the De Beers, but even to dictate their own prices to the De Beers Company.

The deputies who were present at the conference expressed unanimous approval of Herr Dernburg's policy.

LATHAM FAILS WHEN VICTORY IS IN SIGHT

DOVER, July 27.—Hubert Latham's second attempt to fly across the English channel ended disastrously today.

Almost in the moment of victory, his monoplane fluttered down into the sea, two miles below the Admiralty pier, like a bird with a broken wing.

A flock of large and small craft raced to the scene of the disaster, and a pinnaque from the British battleship Russell picked up the unfortunate flyer and put him aboard a French torpedo boat destroyer.

Latham's flight, in some respects, was a triumph. He made greater speed, being only 20 minutes in the air from the time he left the airfield at France. Apparently he steered a straighter course than Bleriot as he was being directly for Dover when he fell.

The disastrous ending of the flight furnished a dramatic climax to the hands of people had gathered here.

PIGNICKERS HAVE ENJOYABLE TIME

Three Churches Hold Their Annual Summer Outings

LARGE CROWDS

Three annual church picnic were held yesterday, and all three were well attended, and very enjoyable.

The largest outing from Fairville this season was that of the Fairville Presbyterians, who were out for a picnic at Westfield Beach yesterday.

The feature of the day was a game of ball between the C. P. R. engineers and the Fairville Rotary. The game proved to be a victory for the C. P. R. men, they having triumphed over the Rotary, with a score of 4 to 0, thus carrying off a six prize which had been offered. The centre of attraction, and very acceptable music was furnished by the City Cornet Band.

The ladies were in charge in the picnic, and refreshments were served by the following ladies: Miss M. Murphy, Miss Nellie Coyle, Miss K. Murphy, Miss Katie Fitzgerald, Miss K. Haley and Mrs. B. Curtis.

The annual Sunday school picnic of St. Matthew's Church was held at "Watters" Landing. The steamer Hampton, which was chartered for the occasion, carried about two hundred and fifty merry makers to the picnic grounds, and another large contingent left on the afternoon trip. A pleasant journey was all that could be desired. Ideal weather and no casualties were special features of all three outings.

PICTURE POSTCARD

Man Falls in Love With It and Travels 6000 Miles to Woo Original.

LONDON, July 25.—A bridegroom who traveled 6,000 miles to woo a girl who had made a hit with a picture postcard was married yesterday at Tregehan, a little village near St. Austrey, Cambridgeshire.

A striking photographer was Cupid's agent in the matter. He took some photographs of the village festival last summer, and in one of the groups, which appeared subsequently on a picture postcard, there was the bridegroom and his bride, Miss Rosina Harper, a laughing girl of 15.

The next move was made by Mrs. Phillips, one of the villagers. As her daughter's picture also appeared in the postcard, she sent a copy to her son, who was in a miner's camp in British Columbia. It passed round the camp as postcards from home are wont to do, until it reached "Tony" Metassa, a handsome six-foot Neapolitan, who was, however, a naturalized British subject.

Even "the lady passing by" of whom Herrick sings could not have captivated her swain more suddenly than the picture of smiling Rosina Harper captivated young Metassa.

He asked his friend Phillips whether he might send a line to Cornwall in the next letter home. Phillips readily consented, and so Miss Harper received her first letter from her unknown lover.

At last there were other letters to and from the mines' camp.

At last there came one to Cornwall which spoke of a coming visit to England. Metassa said how anxious he was to see the sights of the country, but when he landed close in the wake of his letter he did not seem particularly anxious to visit the Tower and Stratford-on-Avon. Instead, he hurried down to Tregehan, which is quite out of the track of the ordinary tourist.

It was not very long afterward that Tregehan was formally told what was a days' fancy mottoes and confetti, and the whole population was at the church to see the bridegroom from abroad take away his Cornish bride.

There will be a week's honeymoon, and then Metassa will go back to British Columbia to lay the foundation of his "pile," and to get a little home ready for his bride when she follows him out.

The Doctor—I had a great many more patients this time last year; wonder where they have all gone? His Wife.—We can only hope for the best, dear.—Illustrated Bits.

AMUSEMENTS

NICKEL'S BIG PICTURE BILL

This afternoon and tonight at the Nickel Theatre there will be a new programme of motion pictures of which the strong melodramas, "Drive From Home," will be the leading feature.

This is a picture exceeding 700 feet in length, every foot of which is bristling with entrancing interest, and will be considered one of the best pictures of the season. The "New Cop" is a film of the most hilarious kind, and like numerous other comedies from the laboratories of the S. & A. Co., Chicago, is entirely novel and full of side-splitting surprises.

Still another funny picture from Chicago is entitled "Which? Which?" and Buchanan will today conclude their comedy number, "Remember You," and Mr. Buchanan will sing "The Absinthe Frappe," from Victor Herbert's "It Happened in Norway," for the last time. Dewitt Carrara, whose fine baritone voice has been gladly welcomed back to St. John, will be heard again in the illustrated ballad, "When I Dream of the Gloaming of You." It is expected Master Pat Harrington will be able to resume his songs either tonight or on Thursday afternoon when he will be heard in another sketch along with Miss Holmes and Mr. Buchanan. This new number is to be that dainty thing from the "Shogun," entitled "You Honey-moon Will Last," and Mr. Buchanan has been urged to repeat his success of last season, "If You'll Remember Me," from "The Ragged Robin." The "Shogun" number is to be Japanese in character and very pretty.

LAST TIME FOR TODAY'S SHOW—NEW ONE FOR TOMORROW

AT H. H. H.

It was an applause again last night at the H. H. H. A sure sign that the show has made a hit was the fact that the audience was very much larger than on Monday night. The Berlinis will be heard today for the last time in their present programme. Tomorrow they will present their farewell programme. Rose & Rose, who are now doing a hand balancing act, will do a comedy clown tumbling act and Fernie Brown, who are now doing a Roman Ring act will do hitting and posing. Les Bellingers, the original flag painters of Paris, will also make new pictures, so that tomorrow and for the balance of the week, the programme is an entire change from that given the first half of the week. Those who have not yet seen this show should not neglect doing so today. So confident is the management that the show is worth more than the price of admission that they will refund the price of admission to anyone dissatisfied.

HUNDREDS LAUGHED UNTIL THEY WERE TIRED LAST NIGHT

"The Sionias" have taken the by storm. Three hundred of people laugh themselves sore last night with that great laugh producer "The Eccentric Train and the Girl." It was very noticeable the number of people who were at the performance Monday night and who came again last night. Once you see this you will say that it's the best that has been seen in St. John for some time. Don't fail to see "The Sionias" if you want to enjoy a good hearty laugh. Complete change of pictures today. Big orchestra.

"ESCAPE FROM PRISON" AT STAR THEATRE.

One of the most thrilling escapes from prison in history was the freeing of the soldiers in the American Civil War at Andersonville. This complete in dramatic detail, entailing intense suffering and making one of the most wonderful occurrences. This picture is the leading feature at Star Theatre tonight and tomorrow, but there will be three other fine films. Miss Ballard, soprano, and fine music. New vocal set Monday.

MONTROSE HAS A CLOSE CALL

ST. JOHNS, N. F., July 27.—The Canadian Pacific Railway steamer Montrose, London, via Newport for Montreal, reported from Cape Race this morning after an enforced halt for four days for the purpose of effecting temporary repairs following a collision with a giant ice pillar. The plight of the steamer which is conveying passengers and freight from Europe to Montreal has not been known here until last night when the Montrose got under way, early this morning. So far as is known here, no person was injured.

Recalling from the impact with the towering mass of irregularly-formed ice the Montrose was seriously crippled. Both bows were telescoped and the hull-plates entirely destroyed. The forepeak was flooded, but except for the compartments in the bow of the ship, the water did not cause much damage.

READVILLE, Mass., July 27.—Andy Welch, of Hartford, Conn., has bought the interest of his partner, Orlando Jones, of New York, in the Readville race track and is now the sole owner, according to a despatch from Mr. Welch received by Secretary Jewett of the race track today. Work on the improvements at the track which have been suspended for a month will be resumed immediately.

"EXPOSES" WOMEN

Pictures Taken in Streets of Minneapolis Used in Lecture on Immodesty.

MINNEAPOLIS, Minn., July 27—It doubt ever existed in the annals of any city...

At least twenty-five pictures of women taken on Nicollet street yesterday were shown...

Dr. Morrill also showed films of several animals found in the London Zoo and compared the women with these.

"Any woman who is immodest enough to hold her skirts up to her knees in public places is a disgrace to her race," he said.

The Rev. Mr. Morrill spent most of yesterday afternoon obtaining the photographs. He got several of his subjects unawares...

Dr. Morrill also took occasion to criticize local ministers. "Show me a preacher with a \$10,000 salary who would come here and perform the immoral acts of those who claim to be lovers of God and leaders of society," he remarked.

The action of the Rev. Mr. Morrill has aroused society and there is talk of making a campaign against his sermons as being sensational.

GLAIRVOYANT TELLS WHERE BODY LIES

Diver and Detectives Leave Montreal to Confirm the Dream.

MONTREAL, July 25—Told by a clairvoyant where the body of a Frenchman lies at the bottom of a lake in the Laurentian Mountains, two divers and a diver leave on the four o'clock train today to investigate and report on the matter.

Francis Fournier was working for a contractor last November and went out in a boat with one of the men. He never returned and the other man said he was drowned and produced his coat and pants. There was no money in them and he had \$25 and a time book good for \$25 more in his pockets.

The clairvoyant says that the body was weighted with iron and sunk to the bottom of the lake just around the bend from the Montfort clubhouse. The diver feels certain that the story is true and the authorities think so much of it that they are sending two provincial detectives with the diver.

TERRIER'S SPECTACULAR SUICIDE ON PRINCE WM. ST.

The body of a white terrier dropping apparently from the skies was a spectacle which considerably astonished the people who were passing along Prince William street about 6 o'clock today.

The dog struck the pavement with a crash that knocked the life out of him. The animal came from a window in the top story of the Bank of Montreal building where its owner, who is Mrs. Sterling, the janitress of the building resides.

The story was circulated around the streets that the animal was thrown out of the window, but it was stated in answer to enquiries that the dog jumped out of its own accord for no explainable reason.

Young Crossman, who lost his foot in Sayre and Holly's mill at Chipman some time ago, is still a patient in Dr. Hay's hospital at that place. Three weeks past his condition had become so serious that Messrs. Sayre and Holly sent another trained nurse, Miss Ramsey, from this city to assist Miss Gaskin, also of St. John, in the handling of the case. Both these young ladies are still engaged at the hospital and the patient was reported today to be entirely out of danger. Miss Ramsey is expected home in about a week but Miss Gaskin will remain on the case for some time yet. Dr. Hay tells the Star that the youth's wonderful cure has done much to pull him through a case that for a considerable time looked somewhat doubtful. The doctor is enthusiastic in his praises of the Star's nurse.

A. The boys will spend two weeks under canvas, beginning next Wednesday. Applications for coming from all parts of the province and it is expected that at least eighty boys will go into camp.

The men receiving applications has been extended and all boys wishing to go will still be given the opportunity.

REASON REBELS

Economy at one's own expense is a very common extravagance. Reason will argue, that our charges are fair—little enough to pay for the best dental work and the guarantee that goes with it.

If you hold reason down and pay less—you won't need to be shown where the extravagance comes in.

It will show up—in time. Also in trouble.

THE BALL TEAMS ARE HOMELESS AT PRESENT

No Arrangements for Grounds for Championship Series—Disagreement About Terms.

The arrangements for the series of games between the Marathons and the St. Peters for the city championship have been held up owing to difficulty about the grounds. It is understood that the manager of the Shamrock grounds wants 25 per cent of the gate receipts for the games to be played in and in view of this Mr. Donald was notified that all negotiations were off.

Negotiations for the Victoria grounds were also having fire at present. It is stated that on Monday, D. B. Donald of the Marathons made an offer for the grounds which was to be put before the club controlling the grounds at its next meeting. In the meantime the club members learned that about twice the amount offered them was being offered for the North End grounds and in view of this Mr. Donald was notified that all negotiations were off.

The Marathons had an agreement concerning the use of the Victoria grounds for 300 work nights and for the Saturdays during that period and for Labor Day as well. With the exception of the provision for Labor Day this contract has expired and the baseball men will have to make some fresh arrangements before any games can be played on those grounds.
