# Ice Shortage Rooms Up As Heat Spee Takes a Tight Grip

## City Must Depend On Artificial Product After Next Wednesday—Consumers in Arms at the Dealers' Action in Sending Thousands of Tons of Ice Out of City.

Probability of an ice shortage in this city has assumed definite proportions, many local consumers being informed by distributors of the frozen product representing a local firm, that after Wednesday of this week no more ice can be obtained, excepting the artificial variety. In view of the fact, it is unlikely that sufficient artificial ice can be manufactured to supply the consumers of this city, and with the present warm and continuing weather inconvenience is predicted.

Many local citizens feel that the shortage of ice is a serious one, and that the city should have shipped so many car-loads of their product from London to other centers during the hot weather of last July. They point out that had these thousands of tons of ice been retained here there would be no signs of a

# Cultivate Waste Lands To Relieve Unemployment

Ottawa, Aug. 30.—(Canadian Press).—The Dominion Command, Great War Veterans, has received the outline of a plan whereby the waste lands in the vicinity of every large city could be utilized and at the same time give employment to many of the unemployed.

The scheme as outlined provides for the formation of a corporation to be known as the Corporation for Unemployment, with shares at \$1 each, to be contributed by any person interested. This money, the plan sets forth, would purchase the land, while the produce sold at regular market prices would pay wages and other charges.

If this scheme were in operation, the inventor believes, every unemployed man could be given work while waiting for an opening in his proper trade.

W. H. HUNTER, B.A., of Toronto, elected by unanimous standing vote supreme chief ranger of the Independent Order of Foresters.

# EARLY REDUCTION IN FREIGHT RATES IS EXPECTED

Ottawa, Aug. 30.—(Canadian Press).—Reductions in freight rates are under consideration at a private conference which opened in Ottawa this morning between the board of railway commissioners and representatives of the trunk and the Canadian National Railways. Hon. F. B. Carvell, chairman of the board of railway commissioners, has expressed the view that something must be done to meet the present situation, and it is hoped that some immediate action will be taken as a result of today's conference.

In support of a reduction in freight rates, the ground is taken that falling wages and cheaper materials have reduced operating costs.

# NO CHANCE OF CHEAPER BOOZE IN BRITAIN

Distillers' Association Says  
Duty Prevents Any Likelihood of Reduced Prices.

London, Aug. 30.—(Canadian Press Cable).—Cold comfort is furnished to those optimistic folks in England and Scotland who are anticipating a better "kick" in their whiskey at a cheaper price. These concessions were expected by some as the result of the removal of the tax on spirits. The association of distillers is now out with the statement that no such thing as cheaper or longer whiskey is possible until the present duty is removed. On the contrary, the association is unable to agree to any reduction in the price of spirits, and is unable to permit the retailers to increase prices in order to give them a "living" when the duty is removed, say the wholesalers, might "drive the people dry."

# STANLEY STREET TRACK WILL BE PUT IN ORDER

S. R. C. Straightening Rails—Will Fill In With Oiled Gravel.

City Clerk S. Baker has received information to the effect that President Charles Currie of the London street railway, who was requested by the city council to advise on the Stanley street, is "still appraising" the Cleveland street railway, and that he will be unable to come here for a few weeks.

In the meantime it is announced that the London street railway has straightened the rails on Stanley street, and that new gravel will be placed on the track allowance. This strip will be rolled by a city steam roller at the expense of the London street railway, after which the city council will be asked to contribute to the cost of such steps will make it almost equal to pavement at a minimum expense.

When the street was paved last June, the London street railway refused to pave the track allowance in the centre of this thoroughfare, claiming that funds were not available to permit such action. After many warm meetings of the city council and committees, with deputations to the city council, Stanley street in attendance, it was decided to request President Currie to come to London, and the above information is the latest report on the controversy.

# STEAMER SARNIAN REPORTED AGROUND

Vessel Resting On Rock Bottom At Espanole Island in Lake Huron.

Sault Ste. Marie, Mich., Aug. 30.—The steamship Sarnian of the Canada Steamship Lines, is aground at Espanole Island in Lake Huron, according to a report brought here by the crew of the Wynton.

The Sarnian was said to be resting on a rock bottom and leaking badly. She grounded yesterday afternoon off Goderich to Fort Williams.

INVESTIGATION IS COMPLETED.  
St. John's, Nfld., Aug. 30.—An investigation into charges laid against certain members of the Hull police department which is reported from all points on the southern portion of the Labrador coast and numerous schooners are reported to be making up their program, which the accused officers entered denial to the various allegations made. It is alleged that a report on the investigation will be made in one week.

# LONDON, THE FOREST CITY; THE CITY BEAUTIFUL; THE HOMELIKE, RESTFUL CITY

## Distinctiveness Better Than Bigness—Quality Rather Than Quantity—Boulevards and Wide Residential Streets Visions of Loveliness—Lawns and Flower Beds Asset Rather Than an Interference to Business—Public Utilities Commission Giving Citizens a Good Lead.

"London, the City Beautiful," is not a startlingly new ideal. It has been mooted and discussed many times on many previous occasions, and much has already been done towards the further beautification of what, compared with other cities, has always been a reasonably attractive-appearing urban community.

It is significant and creditable to the fairly general appreciativeness of natural beauty by Londoners that attempts which have been made to change the sobriquet of London, "The Forest City," to "The Electric City," or some other kind of city, have failed. London has persisted in being the Forest City of Canada. The idea of a "Forest City" is quietly refreshing, cooling, romantically alluring.

### "THE FOREST CITY."

What matter if it does encourage alleged witticisms about "London-in-the-woods"? London is big enough to stand a little easy-going bantering from time to time, and far better is it to be "The Forest City" than "The Smoky City," like Pittsburg, or "The Windy City," like Chicago. Hamilton may rejoice in the title of "The Ambitious City," but ambition is not everything, and besides, the truly ambitious city does not need to go around wearing a tag to that effect.

There is something modestly reassuring and yet very substantial about being "The Forest City," but if London is to remain in very truth the Forest City, it's just about time there were a few more trees planted out in the newer sections, where the streets, no matter how well paved and boulevarded, look a bit bleak and uninteresting without any trees at all.

### Quality Before Quantity.

With every city in the country maintaining publicity bureaux and commercial organizations to boost its advantages from a business or manufacturing point of view, it goes without saying that the work of each city is necessarily counteracted by the work of the others. Now, if London were to turn to an ideal of "distinctiveness" rather than mere "bigness," or "quantity," a great number of results could be obtained with far less effort.

What promoters often overlook is the fact that if they advertise a town pre-eminently as a place to make money, they will attract a class of people who will come purely to make money, and having made it will go away again to spend it, either once and for all, or periodically to Atlantic City, California, or Europe.

A Place to Live In.

Advertise London as a place to live in, and a more permanent type of citizenship is attracted. Advertiser its schools, its parks, its university, its theatres, its churches, its libraries and recreational facilities. Permeate its social consciousness with an ideal of quiet, mutual helpfulness, and from the ends of the world will come men and women anxious to live and work such a delightful atmosphere of natural, artistic and architectural beauty, spirit of warm-heartedness, and of the best of kind-fellowship.

Visions of Loveliness.

The publicity committee department has

# LIBRARY WILL BE FIRST THOUGHT OF W. U. AUTHORITIES

Much Scattered Department of University To Be Housed in One Building.

Need of the centralization of the various branches and departments of the Western University has decided the university governors to include in the plans for the first arts building, to be erected next summer, a freeroom wing in which the library will be temporarily housed.

At the present time the library is scattered over a wide area, a classical library being maintained in the old arts building on St. George street for the convenience of classes; there is a central library on the second floor of the arts annex; the Barnett library, the most valuable collection of all, in an old separate school building on Cheapside street, and the medical section in the Medical School building.

Few, if any universities of the size of the Western University possess such valuable library collections, the Barnett library being one of the finest book collections in Canada.

In the general reading room on St. James street one feature that excites attention easily is the great number of periodicals of all kinds kept on file. Here with a few minutes spent daily the student can come to touch with world events, latest developments in science, politics and invention, and the movements in literature and philosophy.

The removal of the university to the new site north of the city, and the erection of new buildings will permit all branches of the university library, including the very valuable Barnett collection, to be housed all under one roof in a specially constructed wing of the main arts building, which will be absolutely fireproof.

# DR. MASON IS SELECTED LIBERAL CANDIDATE IN PARRY SOUND DISTRICT

Parry Sound, Aug. 30.—At the annual meeting of Parry Sound district Liberal Association held here yesterday, Dr. W. R. Mason, returned soldier-physician, was, after the fourth ballot, unanimously selected as Liberal candidate for district in next general election.

COL. S. B. ANDERSON, D.S.O., of Ottawa, who is appointed general staff officer of the Royal Military College, Kingston, in succession to Col. C. F. Constantine, now in England.

# NARCOTIC DRUG HABIT REVEALED IN GOVT. PAMPHLET

Ottawa, Aug. 30.—"The problem of the narcotic drug addict" is the title of a pamphlet now being mailed by the federal department of health to every physician in Canada. The booklet is not merely an approved form of treatment for the drug habit, but shows up the methods of addicts in securing their drugs, and through physicians who usually themselves give to the habit, or through illicit peddling.

# ADVISE WOMEN TO SEEK MATES IN DOMINIONS

## Excess of Husbandless Ladies in England and Scotland Is Growing.

London, Aug. 30.—(Canadian Press).—The growing excess of women over men as revealed in the recent census in England and Scotland, has attracted a special correspondent in the Times to review and discuss the ancient and hoary remedy of the emigration of women to remote parts of the world.

The writer in the Times has discovered, however, that the excess of marriageable men in the overseas dominions does not lend encouragement to the idea. In Canada, he points out, there are only two hundred thousand excess male eligibles in the marriage mart in Australia, fifty thousand; New Zealand, twelve thousand, and South Africa, thirty thousand—roughly speaking, about three hundred thousand husbands for the some millions of English and Scotch ladies who are likely to remain husbandless in the Old Country.

The Times does not accept this or advance it as a remedy for the emigration of women, however, it maintains that in any case the marriageable opportunities are probably a little greater in the dominions. Political economy also makes female emigration desirable, for if women continue to crowd the home labor market the wages for females must decrease.

Incidentally the figures of the Scottish census as recently announced show the smallest increase yet recorded.

# DEPUTY MAGISTRATE NO JURISDICTION IN COUNTY CASES, CLAIM

P. H. Bartlett Refused To Handle Liquor Charge Brought Before Him.

Provincial officers today brought a prisoner from Springfield Park on a charge of being intoxicated in a public place contrary to section 55 of the O. T. Act. He stated that Magistrate Deputy Magistrate P. H. Bartlett declared that he had no jurisdiction in county cases. He stated that Magistrate H. M. Graydon could try them, but that he was only deputed to try cases which had their origin in the city. He advised the constables that the only course was to lay an information before Squire W. H. Chittick in the county police court.

The prisoner had been bailed out by the local authorities, but his bail money was returned to him, the court deciding that he would not take a hand in the matter, not even to the extent of renewing the bail.

One motorist summoned to court this morning failed to put in an appearance, and the deputy magistrate remarked that he would not allow persons to obstruct the course of justice. John Jones, who was also a physician, was called upon to perform an operation this morning and could not appear in answer to a charge of violating the motor vehicles act. His excuse was accepted.

# LONG ARM OF LAW AGAIN PROVES ITS RELENTLESS POWER

Indian Woman Arrested Here For Alleged Theft At Cape Croker.

For the tenth hundredth time in Canadian criminal history, it was demonstrated today that the arm of the law is far-reaching. The British Indian woman, a recent arrival in London, was arrested for the theft of a watch from one of her race, who resides away up on the reserve in the Bruce peninsula, near Cape Croker, where civilization has not left a very deep mark.

A constable from the Cape district arrived in London to take her and her two children back to the north country. The little ones will be left at Warton, the end of the "steel," in charge of the Children's Aid Society, while the mother will travel overland to stand trial on a charge of theft.

# FARMERS PREPARED TO PUNISH THIEVES IF THEY SEE THEM.

THIRD INSTALLMENT DUE.  
Ottawa, Aug. 30.—(Canadian Press).—Tomorrow, August 31, is the last day for payment of the third installment of the 1920 Dominion income tax.

# Violent Fighting Is Resumed In Belfast; 3 Killed, Many Hurt

## Citizens Place Sand Bags in Thoroughfares and Open Fire On Police and Military—Dail Eireann's Reply to Lloyd George's Latest Communication Will Be Delivered This Evening to British Premier.

Belfast, Aug. 30.—Street fighting, which has been in progress since yesterday, became particularly violent after 1 o'clock today, the dinner hour at ninety factories in the side streets radiating from the center of the city and north Queen's street. One laborer was shot dead and several other persons were wounded, including one army sergeant. Citizens placed sandbags in the middle of the streets and maintained heavy firing against the police and military, who were forced to abandon the streets. Armored cars were summoned. At one time the pattering of bullets resounded in a hailstorm.

Last night's rioting, when two persons were killed and several injured, was experienced for some time by the police and military were engaged throughout the night in snubbing gunmen and snipers who were opening fire from windows and roofs, and who continued their fusillade until after midnight. Street lamps were extinguished and only light came from burning houses to which the mob had set fire.

The rioting continued throughout the afternoon and resulted in the death of two more persons, William Kennedy was shot dead in Earl street, and Annie Watson, a 4-year-old girl, fell into the line of fire in North Queen street and was shot dead. Forty-eight persons were injured in the rioting were taken to hospitals.

# SINN FEIN REPLY WILL BE DELIVERED TO PREMIER TONIGHT

Dublin, Aug. 30.—The Dail Eireann's reply to the latest letter from Premier Lloyd George, regarding the Irish peace proposals is expected to be dispatched to London this evening. This was learned unofficially today after Eamonn de Valera, the Irish republican leader, had held a conference with the Dail cabinet.

# SPECIAL COURIER TO TAKE ANSWER TO TO BRITISH PREMIER

London, Aug. 30.—A special courier is being held in readiness at Premier Lloyd George's official residence in Downing street, to take to the premier, who is now in Scotland, the Irish reply to his last letter to Eamonn de Valera.

# TWO KILLED IN WILD FIGHTING IN BELFAST STREETS

BELFAST, Aug. 29.—Rioting, accompanied by shooting and bombing, which broke out at mid-day today in North Queen's street, near the Shaw Lodge road, and was renewed later in the afternoon, brought about the death of two persons, a constable and a citizen. The rioting was confined to the city.

# CONSTABLES VISIT CORN ROAST AND ARREST TWO YOUTHS

## Farmer Alleges Corn Was Stolen From His Field For Celebration.

CUPID THERE, TOO

Neighbors Complained of the Noise Made by the Merry-makers.

Some corn roasts are quiet affairs; others are well—but so quiet, County Constables William Pifford and Alex. Slawer say. Two arrests were made in connection with one held in the north branch of the Thames a few evenings ago. Charles Knoxall and James Partridge, two boys, were charged with the theft of some cobs of corn from a farmer's patch, the constables saw the corn being carried away. The boys, 17 years old, were bailed today to appear on Tuesday, September 6.

On the night of this particular "roast" the constables in the vicinity telephoned to the constables that there was disturbance in progress. Pifford reached the spot where the party was being staged. He saw three hundred, two on the near side of the river and one on the far side.

Dan Cupid Present.

Dan Cupid was one of the rascals, and in making his way through the fields to the "fres" Constable Pifford stumbled over seven cobs of corn, which he called "sweet nothings" to each other. He did not know they were there until he walked right over them. The constables were called to the water babbling over the stones in the shallow parts of the river.

But the participants who were around the fire were making noises that would make a "balloony" man or a roddin' on the warpath turn green with envy. The only objection to the party that really concerned the officers was that they had been sizzling over the fires had been nursed from seeds by a nearby farmer, and that the merry-makers had all stalks which the tiller, after much labor, had reared in his field.

# WHOLE LOAD OF HAY STOLEN FROM A FIELD

Farmers Prepared to Punish Thieves If They See Them.

From various parts of Middlesex County have come stories of crop robbery. In one case an entire load of hay was removed from a farmer's field after dusk and before dawn. The county constables are investigating these matters, but it is hard to trace the thieves as they seldom work in one field on two occasions within a short time.

Some farmers are taking precautions against this stealing, keeping shotguns loaded with rock salt handy. They promise that if the thieves persist in carrying out their work that they will be given a warm reception whenever encountered.

# INDIAN WOMAN ARRESTED HERE FOR ALLEGED THEFT AT CAPE CROKER.

For the tenth hundredth time in Canadian criminal history, it was demonstrated today that the arm of the law is far-reaching. Montreal, Aug. 30.—The condition of E. J. Devlin, member of the Wright County in the Federal House of Commons, who is lying critically ill at the Hotel Dietz, was reported this morning as extremely grave.

# CANADIAN SHIP BELIEVED LOST IN THE PACIFIC

## Government Merchant Marine Vessel Canadian Importer Has Disappeared.

### NO WORD OF SURVIVORS

Captain Declined a Tow, Thinking That His Ship Would Remain Afloat.

Vancouver, B. C., Aug. 30.—After drifting waterlogged for fifteen days, in the Pacific, the steamship Canadian Importer, of the Canadian Government Merchant Marine, with Captain Bissette and a crew of 44, has disappeared and is believed lost.

Four ships, the Government vessels, Canadian Observer and Canadian Witness, the Canadian steamer Albatross, and the United States cutter Snohomish, continue the search for the missing ship or possible survivors in the neighborhood in which the Canadian Importer was last seen by the steamer Cordova on Friday, when Captain Bissette refused a tow, but thought his vessel would remain afloat until a vessel of his own line came up and took him in tow.

Further word was received from the search ships last night, nor has anything been learned of the fate of the two officers and seven members of the crew who left the disabled Importer ten days ago in a lifeboat to secure assistance.

# ALD. W. A. WILSON MAY JOIN THE MAYORALTY RACE

## More Unlikely Things Have Happened, Declares the Veteran Alderman.

Interviewed by The Advertiser this morning regarding rumors prevalent locally to the effect that he would be the next mayor of London, Ald. W. A. Wilson, chairman of No. 2 committee of the city council, declined to comment on the matter. Asked if he would run for mayor in the next municipal elections, Ald. Wilson said: "More unlikely things have happened, if there are a lot of folks running as they say they will, then I'll run. They might as well slake me with a hose. You can say I said it, too."

## Battle Along Sakaria River Is Continuing With Utmost Violence.

Athens, Aug. 30.—Reports that Greek troops engaged in the offensive against the Turkish Nationalists in Asia-Minor have suffered a reverse are denied in an official statement issued here. It is declared, however, that the battle along the Sakaria River is continuing with

# A HELP TO FALL FAIR COMMITTEES

The selection of talent for Fall Fair concert programs is very important, and at one time very difficult, owing to the comparative obscurity which most companies seemed to live in, when not on tour. Now, however, the situation is different. Daily in the "Musical" column of The London Advertiser may be found some of Canada's finest concert talent. Here they list their home address, telephone, and the particular line of entertainment in which they specialize—all for your information and guidance.

Look this list over, then go to work and make up your program. It's impossible for you to make a single mistake.

# REPORT BIG CATCHES.

St. John's, Nfld., Aug. 30.—Abundance of fish is reported from all points on the southern portion of the Labrador coast and numerous schooners are reported to be making up their program, which the accused officers entered denial to the various allegations made. It is alleged that a report on the investigation will be made in one week.

# DENIES LABOR HAS SLUMPED BY 750,000

## Secretary Declines To Give Any Figures Regarding Present Membership.

ATLANTIC CITY, N.J., Aug. 29.—The open shop campaign and the "aggressive hostility of unfair employers" has strengthened, rather than weakened, the solidarity of the organized labor movement, it was declared in a statement tonight by the executive council of the American Federation of Labor. The council based its decision, the statement said, upon reports submitted by affiliated national and international unions and other information collected throughout the country.

Secretary Frank Morrison took occasion to deny reports published today that the federation had suffered a slump of 750,000 members during the present industrial crisis. Morrison referred to figures announced at the Denver convention, which showed a decrease of 172,000 members during the last year, but declined to give any figures on the present membership.

The executive council also went on record tonight as binding themselves to the instructions of the Denver convention to support the Irish people in their struggle for the recognition of the Irish republic.

Support Sinn Fein. Besides calling upon President Harding and his cabinet to take steps to bring about the recognition of the Irish republic, the council was instructed by the Denver convention to send a special communication to Premier Lloyd George, his cabinet, and members of Parliament, setting forth the views of United States labor and protesting against the "campaign of violence and destruction in Ireland."

Plan Campaign. Officers of the federation are also instructed to take up with the trade unions of Great Britain a proposal "to inaugurate a campaign for the trial and punishment of officers and men of the British regular and auxiliary forces guilty of atrocities in Ireland in a manner similar to that in which German officers are now being tried and punished for violation of the rules of warfare in France and Belgium."

### Herbs Used in Medicines

A Manchester, England, paper urges the renewed cultivation of old-fashioned medicinal herbs in English gardens. In the United States they have also gone out of fashion as a feature of the small garden, although they are imported in large quantities from Turkey, India and China, where they are grown purely for commercial purposes, as their medicinal value is recognized by many leading physicians. Tons of medicinal herbs are used annually in the preparation of Lydia E. Pinkham's Vegetable Compound, a most successful medicine for woman's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it.

# POPULATION OF SCOTLAND IS NOW 4,882,000

## Figures Show That Women Outnumber the Men by 185,000.

LONDON, Aug. 29.—(By Canadian Press.)—The preliminary report of the Scottish census just issued shows that the population of Scotland has increased considerably since the last census was taken in 1911. The population is given as 4,882,000, including 2,348,000 males and 2,534,000 females, the gross total representing an increase of 121,000 over 1911.

Every Scottish census has shown an increase in population, which is now fully three times greater than that of 1801. The male population has increased 1.7 per cent and the female 3.3 per cent since the last census. Never previously has there been such an excess of women over men. Lanarkshire is the most populous county, holding nearly one-third of the total population.

Ten thousand people speak only Gaelic, this figure representing a decline of eight thousand. Practically all of these live in Ross, Cromarty, Inverness and Argyll Counties.

Populations of the principal cities are given as follows: Glasgow, 1,984,000; Edinburgh, 420,000; Dundee, 168,000; Aberdeen, 158,000; Paisley, 84,000; Greenock, 81,000; Motherwell, 78,000; Perth, 78,000; Clydebank, 46,000; Coatbridge, 43,000; Dumfries, 39,000; Kirkcaldy, 35,000; Hamilton, 29,000; Kilmarnock, 25,000; Argyll, 25,000; Falkirk, 23,000; Perth, 23,000; Airdrie, 25,000; Rutherglen, 24,000; Dunbarton, 22,000; Stirling, 21,000; Fort Glasgow, 20,537. It is the last town ranking above 20,000. Arbroath follows with 14,493.

# PRICES OF BREAD MILK AND MEAT WILL BE PROBED

## Brantford Council Appoints Committee To Investigate Situation.

[Special to The Advertiser.] BRANTFORD, Aug. 29.—Harry E. Gignac, representing the local Roman Catholics, and endorsed by the Knights of Columbus, secured the appointment to the board of parks commissioners when the city council met tonight. Mr. Gignac filed the vacancy caused by the death of Thomas Quinlan.

Aid. Ebling introduced a bill to prohibit fire department vehicles en route to the scene of fires. The bylaw embodied a complete right of way for the fire trucks and declaring of a danger zone of all fire areas.

Aid. Robertson declared that the price of bread was much too high in Brantford and after a lengthy discussion a committee was appointed to take up the matter of bread, milk and meat prices, and confer with local dealers in this regard.

# FARMERS DEMAND CHEAPER RATES FOR THEIR TELEPHONES

## Resolution Is Passed At Stormy Meeting Held In Simcoe.

[Special to The Advertiser.] SIMCOE, Aug. 29.—Following a battle of words, accusations and counter accusations, 76 delegates of the subscribers of the Norfolk County Telephone Company, assembled here in the town hall today, unanimously passed a resolution embodying eight demands for reduction of rates, an answer to be given Saturday. The average reduction demanded is \$2 a year.

President J. B. Jackson and W. L. Innes, a director of the telephone company, and president of the Dominion Farmers, vainly tried a hearing, but whenever they rose to speak the indignant farmers hooted them down.

Only strenuous action by Delbert Woolley of Windham Township prevented fisty encounters when President Jackson declared that it would be impossible to get an answer from the Ontario Railway and Municipal Board by next Saturday.

A Lively Session. "I am convinced that the rates allowed by the railway board will not suffice to keep us from a deficit at the end of the financial year. However, I will present this resolution to the railway board, telling it of the circumstances," declared Mr. Jackson.

"The farmers are doing this, the great mass of people of the county of Norfolk and the district adjoining from the railway board. If you don't accede to every one of these demands by next Saturday we will wreck your system and take out every telephone. We have so pledged ourselves here," loudly declared Frank Ryerson in an address that was cheered to the echo.

"But we can't do anything," expostulated President Jackson. The Ontario Railway and Municipal Board runs telephone company. We can't make bond issues, declare dividends, raise or lower rates without permission from the board.

One of the delegates from the back of the hall made a motion that Joseph Criddle, M.L.A. for South Norfolk, and George Sewell, M.L.A. for North Norfolk, be requested to move in the Legislature that the Ontario Railway and Municipal Board be fired as being incompetent.

The motion was lost in the din which followed when President Jackson told the subscribers to take all the telephones out if they wished, as the hands of the telephone company were tied in the matter.

"Who appoints these men to the railway board?" demanded one delegate.

"The Ontario Government," answered President Jackson. "Can't we get rid of them? Whatever good are they? Why were they appointed?" asked a medley of voices.

To Protect All. "The railway board was formed for the protection of the farmer against monopolization of big interests," said President Jackson, which was followed by a loud cry for the execution of the board.

"Don't tell us that you cannot reduce your rates without the assent of the railway board. We know better," said one delegate. "You can give us free telephone service if you wish."

"We could not give you free service without the consent of the railway board," said Mr. Jackson. "I tell you that we can do nothing without the board's consent."

The delegates arrived at 9 o'clock in the morning and it was 10 o'clock at night when the meeting was closed with hurrahs for the resolution.

It read: "Moved by S. C. Kitchen and seconded by F. L. Ryerson, that the delegates appointed at meetings held at the various centres throughout the district where the Norfolk County Telephone co-operates to protest against the increase in telephone rates placed upon the subscribers since July 1, 1921, and as assembled at a special meeting held in Simcoe on August 29, 1921, hereby approve of the same, and resolve that the company be requested to give:

"A rate of \$15 per annum to all subscribers of any central other than Simcoe service.

"A flat rate of \$16 per annum to all subscribers on Simcoe central.

"That like reduction be made and refunded to subscribers who have already paid.

"That the company replace free of charge all phones that have been removed since July 1, 1921, when requested to do so by the subscribers.

"That these rates take effect from the first day of August, 1921.

"That the company abide by these rates for a period of at least three years."

Not Enough Time. "You won't get an answer to this by Saturday," replied President Jackson. "Then cut off all the telephones," replied Frank Ryerson, acting as spokesman for the rest. "We told you of this meeting, and you sit here like bumps on a log."

The meeting then adjourned, when the delegates gathered into small groups and pledged themselves once again to take out the telephones if a favorable answer to the resolution was not forthcoming by Saturday.

Freight Rates To Be Decided Today. Railway Commissioners Are Holding a Meeting in Winnipeg.

WINNIPEG, Aug. 29.—Definite decision as to whether or not railway freight rates will be reduced this fall was made at a meeting Tuesday at Ottawa of the presidents of the railroads, with representatives of the board of railway commissioners, according to a letter from Hon. F. B. Carvell of the commission, in reply to a letter dated August 25, sent by the Winnipeg Board of Trade.

Mr. Carvell's letter said in part: "We heartily agree with the boards of trade that something must be done at once. We realized we must acquit the public at once whether rates are to be lowered," and added that "there was no doubt a decision would be reached" at the conference on Tuesday.

Grounded Steamer IS NOT IN DANGER. LUDINGTON, Mich., Aug. 29.—The steamer Alex B. Chreke of Fairport, Ohio, grounded in Lake Michigan during a fog, two miles south of Big Point Sable Light shortly before 4 o'clock this morning. The steamer is loaded with 174,000 bushels of corn bound from Chicago to Detroit, Ontario. The lake is calm and the vessel is not regarded as in danger.

# WHEAT CUTTING IS NEARLY FINISHED IN PRAIRIE PROVINCES

## Oats in Many Districts Only Average 12 to 18 Bushels.

WINNIPEG, Aug. 29.—(By Canadian Press.)—Wheat cutting in the three Prairie Provinces is near completion, according to the weekly crop review of the Canadian Pacific Railway, issued today.

With the exception of a few districts in the northwestern portion, wheat cutting in Manitoba is about completed, and threshing south of the main line is from 25 to 50 per cent completed.

Oats are about 60 per cent cut. Oats from threshing machines run from 12 to 18 bushels, which are more than offset by other districts going as high as 25 bushels. No damage from frost has been reported.

Nearly Finished. Saskatchewan reports from 80 to 100 per cent of the wheat cut in districts south from the main line, and oats from 60 to 80 per cent cut. The northern districts show 45 to 70 per cent of the cut and 40 to 60 per cent of the oats cut and 40 to 60 per cent of the wheat threshing in the southern districts of this province has just commenced. It will not commence generally in the northern sections until next week. Slight frosts, which caused no damage, have been reported from a few points, some damage from hail.

Little Threshing. Some districts in Southern Alberta show wheat cutting completely finished, while other sections reported from 75 to 80 per cent cut. Very little threshing has been done in the south, and it will not commence generally in the north until about September 5.

Wheat on summer-fallow in the south is yielding much better than was anticipated a few weeks ago, and conditions generally are better for feed, owing to the recent rains, than was hoped for.

Slight frosts were recorded at some points in Central and Northern Alberta, but without damage.

Very heavy yields are looked for along the Edmonton, Dunvegan and British Columbia Railway. Cutting at the end of last week was fairly general, and no damage from frost has been reported yet.

RUSHING WORK ON LEAMINGTON PAVEMENT. LEAMINGTON, Aug. 29.—The paving on the Leamington sidewalk from Erie street north to the fourth crossing is being rushed along, and should be completed by the latter part of September. The work is being done under the Essex county goods roads plan, and when completed will greatly add to the value of the property along this street.

Formerly the roads past the fair grounds have been in wretched shape and full of holes, and were hardly passable in the spring. While this work is being carried on detours are necessary to reach any point past the third crossing.

The Essex county goods roads commission has a large gang of men at work east of the town, deepening the ditches along the side of the road in preparation for grading in the street. It is expected that paving operations are next spring after all work necessary for beginning this work will be completed.

# FOUR MORE BODIES RECOVERED FROM WRECKAGE OF ZR-2

## Remains of Commodore Maitland Were Very Badly Mutilated.

HULL, England, Aug. 29.—Four more bodies were recovered by the indefatigable salvagers from the wreckage of the ZR-2 today. They are those of Commodore E. M. Maitland, of the British Flying Force; Mr. Campbell, superintendent of the Royal Air Works, where the dirigible was built; C. W. Duffield, of the National Physical Laboratory, and Charles L. Aller, an American rider.

Commodore Maitland's body was smashed in wires, and before it could be secured wires had to be cut. The body was badly mutilated, and his hand was still grasping a control cord. Two United States officers, with two other Americans acting as escort, brought Commodore Maitland's body ashore.

The right leg of Duffield, like that of Lieut.-Commander Emory Coll, U. S. N., whose body was recovered yesterday, was fractured.

The control car of the airship is believed to be among the wreckage brought ashore today.

EX-ACTOR COMMITS SUICIDE WHILE IN BED. KEENE, N. H., Aug. 29.—Clinton A. Hyland, former member of the quartet in the late Denman Thompson's "Old Homestead" company, committed suicide here tonight, shooting himself in the head as he lay in bed. Friends said he had been dependent for some time on his health. He was 53 years old. Hyland was with Thompson for several seasons, and left the stage about fourteen years ago. Since his retirement he had sung in a church choir here.

WILL RUSH PAVEMENT. TILBURY, Aug. 29.—At a meeting of the town council, the tender of the Chick Contracting Company of Windham for the construction of a pavement on Canal street from the westerly limit of the corporation to the intersection on Canal and Tilbury streets, was accepted. Work will be commenced within the next few days.

# WILL MAKE SURVEY OF CONDITIONS IN BRITAIN AND EUROPE

## Stratford Men Plan To Spend Two Months Overseas.

STRATFORD, Aug. 29.—For the purpose of making a survey of business conditions, Messrs. F. Macklin and W. Nichols leave on September 10 for Great Britain and the continent. They purpose spending two weeks in England, three weeks in France, and two weeks in Germany.

"In spite of the excessively dry weather the crops in Perth are in a very satisfactory condition," declared A. C. McPhail, district representative, today. "Corn especially is doing well. Potatoes, he says, are doing well, though not as well as last year. Farmers have commenced sowing fall wheat in some sections, but are finding the ground too hard to plow.

With the reopening of the rural schools, there will be the usual township school fairs to look forward to. These are red-letter days in the various communities.

The dates follow: Downie, September 15, at St. Paul's; South Easthope, September 13, at Sebastopol; Elma, September 13, at Trowbridge; Mornington, September 16, at Milverton; Blanshard, September 21, at Transvaal; Fullarton, September 22, at Fullarton; North Easthope, September 23, at S. S. No. 2; Hilbert, September 23, at Staffa.

CLINTON MAN KILLED BY FALL OF ROCK. NIAGARA FALLS, Aug. 29.—Daniel Laverne of Clinton, Ont., received fatal injuries when he was hurled by a fall of rock on the hydro canal yesterday. He was rushed to the hospital, but died a few hours later. The remains were taken to Clinton this evening.

LOST TWO BIG BARN. BARRIE, Aug. 29.—Two barns belonging to S. J. McDonald, an Essex Township farmer, were burned this morning, together with the season's crop, and three horses. The loss is about \$7,000.

LEFT ESTATE OF \$83,975. TORONTO, Aug. 29.—An estate of \$83,975 was left by the late William Moffatt, general manager of the Imperial Bank, who died on June 15 last. The bulk of the estate is divided between a son and a daughter.

THE FOUNDING OF NOVA SCOTIA.

In the year 1621, King James I. of England, VI. of Scotland, granted a charter to a "lang-headed" fellow-countryman called Sir William Alexander for the settlement of a part of North America, to be called New Scotland, or Nova Scotia.

The plan of settlement embraced a scheme to transplant the feudal system of the old land to a portion of the new. According to this plan there were to be 150 baronets of Nova Scotia, and every one was to be given a tract of land measuring three miles by six miles, which each was to develop at his own cost.

"Lieutenants and Baronets and every one of them and their heirs male to wear and carry about their necks in all time coming an orange tannle silk ribbon where on shall be pendant in a scutcheon argent a saltire azure thereon an inescutcheon of the armes of Scotland with an Imperial crown above the scutcheon and encircled with this motto: 'Fax mentis honestae gloria.'"

The celebration of the tercentenary of the granting of King James' charter takes place at Annapolis Royal on Wednesday. Extensive preparations have been made for the carrying out of this function in a becoming manner.

The county councils of Western Ontario are appealing to the attorney-general to make the roads safe for travelers. As bandits cause the trouble this is not a matter for Mr. Biggs.

Deer hunting may yet become a possibility in Springbank Park, so rapidly is the herd increasing, but anyone who tries it in the meantime will find it dear hunting, indeed.

There are so many rats appearing in different parts of the country that it might be a wise precaution on the part of the Federal Government to sound the water in the sinking ship.

Rev. R. J. Campbell says that the Americans work much harder than the English people. Nevertheless, the Englishman manages to get through a fair day's work—when he can get it.

In the United States more moving picture houses are being built than churches and schools combined. There are also more homes being built for automobiles than for families. It is a mad world, my masters!

Since Lloyd George became prime minister of Great Britain there have been seven premiers in France, six in Italy and nine in Germany. Of course, the reason why Lloyd George has outlasted them all is that he is above all things a prime minister.

L. Mackenzie King at Strathroy on Saturday. The Liberal leader maintained that the Meighen Government was so accustomed to talk in millions that thousands were too trifling to be discussed.

It is in this way that the people of Canada have been flouted and many millions spent in their name but without their consent. The time for the ending of this orgy of extravagance is more than due.

One of the other constitutional rights is that of free speech in a free parliament, but estimates as high as \$70,000,000 have been passed through the medium of the "gag."

Referring to agriculture, Mr. King said that if the common enemy of progress was to be put to rout, the progressive elements would have to keep together.

The Strathroy meeting was not only an inspiration to Liberals, but an object lesson to those who have had the mendacity to assert that Liberalism is waning in Ontario.

No one will gainsay these statements. Through the selfishness of the Government and their greed for office, prosperity has been choked, equality has been blotted out, and justice has been ignored.

EDITORIAL NOTES. Bogus policemen are the latest forms of bandits who victimize motorists. Truly the traps set for the unwary autoist are many and varied.

THE TAILORMADE AND THE BLOUSE

Nothing succeeds like success, and so the overblouse which has registered success, if anything has, is to be continued and the old-fashioned "tucked-in" shirtwaist—unless it is on the lines of a shirt—passes into oblivion. Blouses have become glorified trousers at one time unheard of, as this foursome of fall styles will attest. Everything

points to the separate waist or blouse being a prime favorite for autumn, since Paris and America have united in their effort to reinstate the tailored suit.

The importance attached to coats and suits at the openings in Paris, and the very flowing sleeves, as the season advances general acceptance or rejection, as the case happens to be, will determine the life of this idea.

Costume blouses in black and crepe de chine models, with the jaunty type of sleeves in contrasting color, are among those that identify themselves distinctly with the fall.

As to shapes, the deep V neckline has been accepted with enthusiasm in almost every quarter, and the outside gilet or gump is being worn with the same success as to the long-sleeved gump for wear with the gowns, with very long and very flowing sleeves, as the season advances general acceptance or rejection, as the case happens to be, will determine the life of this idea.

A very popular event which took place last Wednesday at The Grove was the surprise party given to Mr. and Mrs. A. J. Kernohan and their two daughters, the Misses Olive and Valetta Kernohan, who are leaving the district and coming to London, where they will live on Quebec street.

An address was read, stating the high esteem in which Mr. and Mrs. Kernohan were held by their many friends, and praising the part they have always played in Grove affairs. In the closing paragraph was a welcome to Mrs. Wesley Kernohan, bride of Mr. Kernohan's son Wesley, who, with her husband, has come to live at The Grove.

At the conclusion of the address a presentation was made, Mr. and Mrs. Kernohan receiving an electric reading lamp and from Miss Olive a gold watch, a music cabinet and a purse, and Miss Valetta a pearl necklace and a pair of earrings.

An enjoyable musical program was put on, after which luncheon was served.

Mr. Wesley Kernohan and his wife will reside at The Grove on the farm which Mr. and Mrs. A. J. Kernohan are now occupying. The young couple were also the recipients of many gifts.

LEARN—MacGREGOR.

A quiet wedding took place on Wednesday afternoon, London, when Stella Corrine, youngest daughter of H. G. MacGregor, was united in matrimony to Mr. Lea Roy Learn of Belmont by Rev. J. Currie.

Dear Miss Grey,—This is my first letter to the Mail-Box. I always read all the letters and find them very interesting. I am inquiring mite for S. C. C. Hope you get it. Let me know, and I'll send more next time. Is there a crochet yoke pattern in the Mail-Box? I would like to have it. Beled wishes to all the Boxites. Will sign myself.

A KINGVILLE READER.

P.S.—Please let me know if I have the right address.

Ans.—There isn't a crochet yoke pattern in at present, but in case someone sends one for you, kindly let us have your name and address. Many thanks for the mite which reached me all right, as your envelope was addressed correctly.

Attention, Dippy.

Dear Miss Grey,—I must write and thank Dippy for those slips she sent me. They are both fine, Dippy, and growing dandy. I see in Thursday's paper where Mother's Only Girl wants some slips. So if you will send me her address I will send her a slip of fuchsia and a root of white chrysanthemums for which I wish she would send a few slips of different kinds of geraniums and some of her petunias, and please, Mother's Only Girl, send me two roots of yellow chrysanthemums, one for my sister and one for myself. I have a pair of high top black shoes in fair condition. If anyone would like them please send postage. They are a small five. I will leave my address with Miss Grey. I close find mite for hospital.

CANAAN.

P.S.—Please send me a package of her hollyhocks if there are any left.

Ans.—Am I sending you some hollyhocks and Mother's Only Girl's address. Thank you, Canaan, for the hospital mite.

Dear Miss Grey,—I saw in Monday's paper where Hazel Eyes offered to Parrot the words of "Over the Hills to the Poorhouse," and also a book called "Ladies—Am I?" Will you please send me Hazel Eyes' address, as I would like to have the book and the song. I remain, as before, A PARROT.

P.S.—Will you please send me a sachet like the one in the Mail-Box.

Ans.—Hazel Eyes' address is on its way to you, Parrot. I am sorry, but we haven't any sachets in the Mail-Box.

ADVERTISER PATTERNS

WESTERN ONTARIO WOMEN'S ACTIVITIES

Address News For This Column to The Editor of Woman's Page.

The Women's Institute of Lyons will meet at the Lyons branch on September 8. Each member of the Lyons branch kindly assist with the program.

Chenille balls and chenille embroideries are used on hats and dresses for fall.

Low shoes with spats or with heavy woollen stockings are expected to be more popular than boots for winter.

Flying squirrel is being used extensively for trimming suits and coats.

Combinations of black and red, white and red, white and black, black, white and red, are being repeated for both dresses and gowns.

Long sleeves, with open underarm seam fast away from the arm and are held to the wrist by a narrow band.

Spreads like butter.

Ingersoll Cream Cheese

So rich, so creamy that it is always soft and may be spread on crackers or bread like butter. It goes a long way.

THE LONDON ADVERTISER, LONDON, ONTARIO, TUESDAY, AUGUST 30, 1921. SENATE BARS FEDERAL AND COMMERCIAL PORTL PAGES LIVE HOGS ON SLIDE; SELECS SELL AT \$10

WASHINGTON, D. C., Aug. 29.—The fat boy can no longer get a job as page in the United States Senate. It is not because they take up too much room in the aisles, or because they refuse to take life seriously. The real reason is that fat boys have been found after a century of service in running errands and doing chores for the staid senators.

Weight Makes Them Too Slow When Busy Senators Desire Speed. In the Senate, where there are 45 pages, a few fat boys remain, but the majority of them are being weeded out.
