## Wolfville Athletes Meet

### And Discuss Future Prospects

The conditions under which this amateur athletic organization was born in April last were well set out by Mr. H. W. Phinney in his presidential address at the general meeting of the Association on Thursday night of last week. In briefly reviewing its doings to date, the results, under the circumstances, were shown to be eminently satisfactory. For this success, especially deserving of thanks were Dr. Coit, who had devoted his vacation to the painstaking management of the baseball section; the Rev. veteran R. F. Dixon, who so enthusiastically championed the cause of Cricket, that this good old game was revived, not only in Wolfville, but also in Windsor, Kentville, Bridgetown and Annapolis, with the fair prospect of an Annapolis Valley Cricket League being accomplished for next Summer; the Ref. Dr. Cullen, president of Acadia University, who generously granted the free use of the Campus and personally gave the Association his whole-hearted support; and the Press which so unstintingly encouraged the movement by its generous publicity, from its inception. He held up Middleton as a worthy example of how a town may receive effective advertising by enthusiastically encouraging its own home-bred athletes in their endeavor to win highest honors by promoting the cleanest sport. Like Middleton, Wolfville is blessed by having ample talent of its own to rely upon and he hoped the citizens would see to it that their boys did not lack for the encouragement and zealous backing they deserved. They had done magnificently this year and the prospects justified the hope that next year they would do even better.

Dr. Coit's report on the Baseball results was brief, to the point and very satisfactory. He hazarded the opinion that had it not been for their loss of "the battery" at an inconvenient stage of League competitions, Wolfville's position at the close would have been better, even than the third place. In Schurman as Catcher, and Fred Eagles and Arthur Brown as Pitchers, they were a very promising battery for next season. The same ground would not be available next year, but Dr. Cullen had promised that in its place the new ground which is now being prepared for the Football, would be at their disposal. Following this bit of good news a hearty vote of thanks was accorded to the College Authorities and the Secretary was instructed to convey the same in writing to the president of Acadia.

Professor Balcom, Secretary of the Wolfville Tennis Club, submitted quite an encouraging report of the season, not the least interesting part of which was the very distinguished showing made by the Wolfville players in the Provincial Tournament. All the local entries departed themselves with credit, while Dr. DeWitt, who reached the final, only missed championship honors through an accident to his arm in the final stages. Professor Balcom pleaded that something be done to encourage more junior members to join in the game. The club had made history this year, its finances were on the right side. It would be most desirable, however, to have more courts at their disposal next year and for this reason especially, he hoped that some effective plan of co-operation might be established between the Tennis Club and the Wolfville A. A. A.

J. F. Herbin, captain of the Cricket Section, was unable to be present, but had sent in his report, which was read by the Secretary. Much of its contents had been anticipated by the President, who himself, is no mean exponent of the game. Fourteen games had been played this season by Wolfville. Of the nine with Kentville, the home eleven won four; the four with Windsor resulted in three being lost by Wolfville and one drawn in its favor. Bridgetown won two games. The County match between Kings and Annapolis was won by the latter by 2 runs in one innings. The Valley-West-Indian

## Mae Edwards Players

The Mae Edwards Players, with Mae Edwards and Jack Warner Corbin in the leading roles, opened a three days engagement at the Opera House last night with "Just Mickey", and the performance was all that has been claimed for it.

Miss Edwards in the title role won her way straight to the hearts of her audience before she had been before them five minutes. Her interpretation of the wild, uncultured, but lovable little street waif was a revelation to those to whom this little actress is new, and fully justified the opinion of her held by those who saw her last season.

Mr. Corbin, in the principal supporting role, was all that could be desired. His work shows finish and painstaking care.

The balance of the cast were fully up to the standard set by these two, and the play itself is a bright sparkling gem of the playwrights art. Special mention is deserved by Chas. T. Smith as the headquarters man in the last act. On, for a few minutes only, Mr. Smith dominates the entire scene while he is there, and gave us a delineation of a homicide squad detective, that was different from the cut and dried type that we see so often on the stage.

The vaudeville acts were exceptional for an organization of this character. Not one but what could fill its place on a bill in any city creditably, and the seven piece jazz orchestra is an attraction well worth the admission price. The opening medley by these boys is the best musical act we have heard in a long time.

Tonight this company plays "A Woman's Game", and tomorrow night close their engagement with "Broken Shells". Manager Smith promises a complete new scenery, vaudeville and musical program for every performance, and our advice to the theatre goers of Wolfville, is, get your seats early, and don't be disappointed.

game, played in Windsor, was won by the visitors by 8 runs in two innings. The Halifax men had been beaten but once

the Valley all-star team by two players. It was a matter of regret that the Wolfville XI were not in a position to arrange for the acceptance of the invitation they received from the Halifax Wanderers to play in Halifax. The report closed with an eloquent eulogy of Cricket as an ideal game for men, carrying with it a fine sportsmanship, with clean, wholesome effect upon players and spectators, and having a place in the list of sports that is to be envied. Had the reverend President of the Cricket Club been present, how he would have re-echoed these sentiments and amplified them ad lib!! That he was enjoying his well-earned vacation was the wish of all his fellow "old and young" sports.

Honorary Treasurer R. Black was heartily congratulated upon the detailed and lucid statement he presented of the Finances of the Association. A full statement of which will be found on page 3 of this week's issue.

Any liabilities which, inadvertently, may have been too late for inclusion in this statement will be more than met by the membership fees which, also inadvertently, are a year unpaid. The foregoing reports were adopted, the nomination committee's report saw ordered to be laid on the table pending the consideration of the "Constitution" Committee's report. This evoked a very serious discussion without coming to any definite decision, so that, at a late hour, it was referred back to the committee—Prof. Balcom, E. Percy Brown and the Secy., to whom were added R. Creighton, G. H. Ruffee, Paul Tingey and Paul Davidson, with instructions to report to the adjourned meeting which was fixed for Thursday the 7th of October. For this second chance, all the members (and other citizens interested in clean sport) who were not present, should be very thankful and take care that no previous or other engagement shall prevent them from attending the adjourned meeting next week.

## September Weddings

### JONES—CLEVELAND

Under a bridal arch of evergreen, scarlet berries and wild flowers, took place Tuesday the 28th inst. at the home of the bride, a wedding of interest to a large circle of Wolfville and Halifax friends when Bertie Marie, youngest daughter of the late Mr. and Mrs. W. A. Cleveland, of Wolfville Ridge, was united in marriage to Captain Arthur H. Jones, of London, England. Rev. Dr. Gates performed the ceremony.

The bride, who is a charming girl, a graduate of Acadia Seminary and possessor of unusual literary gifts, was a picture in her wedding gown of ivory crepe de chene, with which she wore a well and orange blossoms. Her shower bouquet was of pink and white chrysanthemums. Mrs. Sydney Saunders, sister of the bride, assisted as matron of honor. Her flock was of Pekin blue silk. Miss Margaret Edwards, the bride's small niece, was a most bewitching little flower girl.

The bride was given in marriage by Mr. T. J. Edwards, of Beaulieu Falls, Vermont. After the ceremony a delightful reception was tendered the large number of invited guests and amid a shower of confetti and good wishes the newly married couple motored to Kentville, where they took the train to Annapolis. Captain Jones, who is post office at Halifax for the Y.M.C.A., by his untiring services for returned men, won a host of friends in the province, friends who will wish himself and bride long life and prosperity.

The groom's gift to the bride was a set of Siberian fox furs, to the matron of honor gloves, to the little flower girl, a silver pin. The wedding march was beautifully rendered by Mrs. Carl McKenna, niece of the bride. The collection of wedding gifts consisted of many fine china and silver. The bride's away gown was a tailored suit of navy blue, with navy velvet trimmings. The honeymoon will be spent at the River and a trip to the States.

At 2 p. m. September 28th, at the home of Mrs. J. A. Baxter, Wolfville, a very interesting event took place, when her daughter, Vera Maude, was united in marriage to Hedley MacDougall O'Brien, of Dartmouth. The ceremony was performed by the bride's uncle, Rev. E. E. Daley, pastor of the Tabernacle Baptist church, Halifax, assisted by Rev. C. H. Martell, of Wolfville, a former pastor of the bride. The bride wore a navy blue travelling suit with a hat to correspond, and carried a bouquet of asters, with maiden hair fern.

The young couple were unattended. The ceremony took place in the presence of a number of friends and relatives. As the wedding march was being played by Miss Susie Baxter, the bride entered the room on the arm of her brother Mr. F. L. Baxter, of Calgary, Alberta. The room was artistically decorated with autumn leaves and flowers.

After the ceremony a dainty luncheon was served. A handsome collection of wedding presents indicated the high esteem in which the contracting parties are held. After congratulations and best wishes the bride and groom left for their future home in Dartmouth, where the groom conducts a prosperous business. The ACADIAN wishes for the young couple every happiness and prosperity.

The congregation of St. Andrew's church was especially favored last Sunday. At the Morning service a delightfully rendered solo was given by Miss MacGill, vocal teacher at the Halifax Conservatory of Music, who was visiting in town, and at the evening service Mr. Earlestone Doe, of Bermuda, a visitor at the home of Mr. and Mrs. Oscar Chase, Church Street, sang two selections which were much enjoyed. The speaker at both services was Rev. A. J. MacDonald, of Bridgewater, who gave two excellent addresses.

## Civic Education

### A Subject Which Will Receive Attention During Winter

The Civic Club's committee on civic education had a very successful meeting at the office of the chairman, Dr. Elliott, on Thursday evening of last week. A program was arranged for the next three months which promises to be interesting and practical. The first of the series will be a lecture by Rev. Dr. MacDonald on Friday evening, Oct. 29th, on "Some fundamental principles of citizenship". This lecture will be held in the Council Chamber and should be heard by everyone. Keep the date free.

The November feature will have to do with Armistice Day, Nov. 11th. It is expected that an exceptionally good program will be arranged, particulars of which will be given later. This ought to be a big day in Wolfville.

Early in December—probably the 3rd, will be "Wolfville's night" when addresses will be given on such subjects as "Wolfville's Assets and Liabilities", "Wolfville's Problems", "Wolfville's Prospects", etc. This will be a real citizen's meeting and an interesting one.

The committee will be glad to receive suggestions for future occasions.

### YOUTH

Thank God for the sun and the kind rain and the dew!

They beat on the doors of the heart, and they enter it too;

They sweep out the dust that has gathered with the laboring years,

And the chaff of ambition and pride that blossoms in tears.

They cry to the Child long asleep in the cells of the brain:

"Awake to the music and magic in the woodlands again;

The fields are as green and as gay as the day of your birth,

And the kisses of winter and summer still cover the earth.

The skies are as blue, the rivers as light on their feet;

as balsamy sweet;

The hill-tops as high and as clean and as fresh with the wind

As the day that you entered your prison and shut them behind."

For the Child that was with us in youth is with us in age;

(How often you glimpse his white face at the bars of his cage!)

You have only to strike off the chains, and once he is free

He'll return to the lips of the clover and the breasts of the sea.

For only the sinews grow old and the dreams turn to dust;

Only the tools of ambition grow blunted with rust.

The toiler within? Oh, you have only to lower the bars

To see that his youth is the Youth of the hills and the stars!

Thank God for the sun and the wind, the rocks and the trees;

The plains and the woods and the skies, the rivers and seas;

That open the doors of the heart to the spirit of Truth,

Till our feet are aflame once again on the hill-tops of Youth!

—Lloyd Roberts, in The Canadian Bookman.

The total strawberry shipments from the Annapolis Valley for the season amount to 12,256 crates. The average yield of the fruit per acre this year was 115 crates of 32 boxes to the crate. The estimated acreage devoted to strawberries is 110 acres.

The Baptist Sunday School held their annual outing on Wednesday afternoon. Automobiles were furnished by members of the congregation and the children were given a drive through the country, after which a sumptuous tea was served in the dining-room of the Church.

## The Counties Fair

### Kings, Hants and Annapolis Exhibition Next Week

Attention of our readers is directed to the adv. of the Kings, Hants and Annapolis counties Exhibition which is to be held at Kentville on Tuesday, Wednesday and Thursday of next week. It is hoped that everybody will do their utmost to make this show a success. Mr. W. E. Porter, the energetic secretary, is especially anxious that every section should be represented in entries for the various classes and is holding the time open for receiving these to the very last possible moment. Persons wishing to procure prize-lists and entry forms may do so at the office of this paper. Let all unite in giving the exhibition a boost and thus make it the grand success that it should be. The exhibition, we are sure, will be well worth a visit.

### PORT WILLIAMS' NEWS

Mrs. W. C. Leslie, of Spry Bay, has been visiting her mother Mrs. Emma Kennicke.

"Lily of the Valley" Division reopened for the fall after a Summer vacation, on Monday evening with an attendance of forty members. Eight new members were initiated. After the business the members present enjoyed a "corn boil" and had a very pleasant time.

Miss Mabel Card, of Mt. Dennison, was an over Sunday visitor at the home of her aunt, Mrs. James Kennicke.

Mrs. Kempton Gates spent the week end with her daughter, Mrs. John Melner, at Hortonville.

Two candidates were baptised on Sunday evening at the Baptist church by Rev. Mr. Chipman.

### A BARRISTER FOR WOLFVILLE

On the 28th inst. before Mr. Justice Russel in Supreme Court Chamber and upon the motion of Mr. J. McG. Stewart, Mr. Robert B. Blauveidt was admitted as a Barrister and Solicitor of the Supreme Court of Nova Scotia.

R. W. E. Lantry, of Kentville, has a brilliant collegiate record. He holds a Distinction Diploma from Acadia Collegiate Academy, was a member of the Kings Inter-Collegiate Debating Team in his Freshman year, an achievement almost without a precedent in the history of the University and is a recent graduate of Dalhousie Law School.

He also has a long and honorable record as a member of the Overseas Forces and has received two severe wounds while on active service in France and Belgium.

It is Mr. Blauveidt's intention to practise his profession in Wolfville where he expects to open offices early in November.

Mrs. Blauveidt is the only daughter of the late Kenneth Bishop, of Wolfville.

### FUNERAL OF REV. LOUIS D. MORSE

The remains of Rev. Louis D. Morse, late pastor of the Baptist Church in Binghamton, New York, were laid away to their long rest in Berwick's beautiful cemetery on Saturday, September 25th. Mr. Morse who will be remembered by many as pastor of the Baptist Church here in 1902-3, was married to Lillian, eldest daughter of J. M. Parker, Esquire, late of Berwick, in 1890. The couple spent nine years of their early married life in strenuous mission work in India. Then followed pastorates at Berwick and Wolfville, Nova Scotia. Leaving the Province to accept a position in Colgate University, New York; the lure of the pastorate again took Mr. Morse into church work. He served with great acceptance at Cortlandt and Earlsville and had just entered upon a larger field in Binghamton when his life was cut short in the midst of his labors. Three brothers of Mrs. Morse came from New York and Massachusetts to the old home and tenderly cared for the last sad details. —Berwick Register.

### Poor Health Life's Handicap

#### Rich, Red Blood and Strong Nerves Needed to Win Out

It has been well said that life is a race. The full blooded man with sound nerves, the bright-eyed, rosy cheeked woman invariably win. The nervous, dyspeptic man, and the ailing anaemic woman; are left behind. Success in life is largely a question of good health and sound nerves. It is never the shaky, undecided men who are chosen for promotion; the sickly looking, pale woman is not sought after like her happy rosy sisters.

What makes all the difference is the condition of the blood. If your blood is thin and poor, your nerves are bound to suffer, because they have to depend upon good red blood for nourishment. Headaches, undecided will, a shrunken figure and pale, unattractive face tell only too plainly that the blood is at fault.

Both men and women in great numbers have found deliverance from their inferiority in life's race, caused by impoverished blood, through the use of Dr. Williams' Pink Pills. They are a remedy that has been a household word for a generation, because they tone up the whole system, make the blood rich and red and strengthen the nerves. Mrs. S. B. Miller, Elmira, Ont., says: "I look upon Dr. Williams' Pink Pills as a family medicine, and have reason to praise them for what they have done in our home. Some years ago, while we were living in Alberta, my husband was so completely run down that he was unable to do any work, and even to carry a pail of water would exhaust him. A doctor was called in who said his heart was affected, and that medicine would be of little use to him. This greatly worried me and I finally urged him to try Dr. Williams' Pink Pills. He began their use and in a short time the swelling in his hands and feet disappeared. We decided to return to Ont., but the doctor said he could not stand the trip. But the doctor was mistaken, for through the use of the pills, he gained such strength as to be able to look after the harvest, and in a month later we returned to Ontario. My husband still takes a box or two of the pills twice a year, and they keep him in good shape. I have also found the pills good for my growing daughters, and we are never without them in our home."

One of the best things about Dr. Williams' Pink Pills is that they do not contain the slightest trace of opiates or harmful drugs. While they are overcoming disease the rare building up general conditions of good health. You can get these pills through any dealer in medicine, or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

#### WHAT IS EXPECTED OF TEACHERS

The Rural Science Bulletin has in a recent issue paid a high tribute to the duty of "The Teacher" and in so doing remarks:

"It is important to teach children to read. It is equally important to teach them how to take care of their eyes in order that they may enjoy reading without physical discomfort. It may be important to know how Queen Elizabeth

dressed. It is more important to know how to dress today. It is interesting, possibly, to know the details of the Great Plague; but it is absolutely necessary to know how to prevent similar epidemics in our own community. Some people have been fairly successful in life without knowing how many bones there are in the human body; but no one can afford not to know what kind of food is necessary to make those bones grow. The teacher's duty above all, therefore, is to teach the children to be healthy, happy, civilized human beings, with a taste for good reading, the ability to write, and speak good English, an appreciation of good music, a knowledge of gardening and housekeeping, and a consciousness of one's duty to one's self and one's community. Surely the public expects considerable of "the teacher" and all in exchange for any sum of money ranging from the price of a set of Ford Tires to the smallest amount for which the school house can be kept open. If the government expects so much of our young women teachers it ought to be willing to in a greater degree than heretofore, give compensations somewhat more in keeping with the demands.

**Professor Says: "Internal Baths Give Best Results."**

Horace T. Dodge, M.D., Professor of Matern Medica, 25 Jacobson Bldg., Denver, writes Tyrell's Hygienic Institut of New York as follows:

"I can truthfully say that I have had the very best results in my experience with the 'J.B.L. Cascade.' You certainly have struck the keynote of many diseases."

By means of the 'J.B.L. Cascade' simple warm-water cleanses the lower intestine the entire length, removes all the poisonous waste therein and keeps it clean and pure, as Nature demands it shall be for perfect health.

You will be astonished at your feelings the morning after taking an internal bath with the 'J.B.L. Cascade.' You will feel bright, brisk, confident and as though everything is working right—and it is.

It absolutely removes constipation, headaches, biliousness, rheumatism, and prevents Auto-Inoxication.

A. V. Rand, Wolfville Drug Store, will show and explain the 'J.B.L. Cascade' to you, and will also give you, free on request, a most interesting booklet, 'Why Man of To-day is Only 50% Efficient,' by Dr. Chas. A. Tyrell of New York, for 25 years a specialist on Internal Bathing. Ask for it to-day.

**THE COUNTRY CORRESPONDENTS**

(The Canadian Statesman)

It is a recognized fact, that the staff of country writers are coming more and more into good repute. Their standing as important factors in community life is no longer questioned. They are a power in their respective districts. City papers cannot reach the rural fields which are now so thoroughly covered by the bright men and women who serve their favorite weekly with so much ability and fidelity, hence the high value placed on their weekly contributions.

Mr. and Mrs. Renford Martin have been spending their vacation here in the Valley with relatives.

KEN-WO COUNTY CLUB

A meeting of the shareholders of the Ken-Wo County Club was held recently at the Royal Hotel. The bye-laws were adopted and a general discussion held of Mr. W. Parks' report and plans for the grounds and club house. His opinion that when these grounds are completed they will be the finest in Eastern Canada awakened much enthusiasm. The services of Mr. Boswick, a Scotch golf professional, have been secured and work has begun in earnest so that the grounds will be ready and completed by May 1st, 1921.

These grounds will be a great asset to the towns of Wolfville and Kentville, bringing more visitors next season. "Boost it by becoming a shareholder."

The following officers were elected:

- Hon. President—Lady Townshend
- President—George E. Gtatham
- Vice President—W. C. B. Harris
- Treasurer—George W. Munro
- Secretary—Mrs. H. C. Johnson
- Directors—J. R. Murphy

NOVA SCOTIA LEADS AS USUAL

We noticed in a St. John Telegraph, of a few weeks ago an announcement, that for the first time in the history of New Brunswick, a patient was recently operated upon at Fredericton under the influence of a spinal anaesthesia.

Our sister province is behind Nova Scotia in this respect. Last winter a lady patient at the Grove Hospital at Wilmot, developed appendicitis while undergoing treatment for tuberculosis.

Dr. H. W. Kirkpatrick, a brilliant young medical practitioner at Middleton, who was in attendance, decided that owing to her pulmonary condition it would be unsafe to administer ether or any other general anaesthesia. He therefore placed her under the influence of a spinal anaesthesia and while the operation was being performed and the appendix successfully removed, the patient retained consciousness and chatted as unconcernedly with the nurse as though entertaining at an afternoon tea.

While your correspondent knows of no other treatment of this kind having been attempted in Nova Scotia, Dr. Kirkpatrick's achievement places this province in this respect at least four months ahead of New Brunswick. Another proof of the fact that Nova Scotia leads.

That a treatment of this kind could be successfully given in a small country hospital and under such difficulties as existed in this case, shows conclusively the immense importance of this recent scientific discovery. Middleton Outlook.

Items of Local Interest

See George A. Chase's big adv. on the third page of this paper. It is worth your attention.

One of our well known citizens, while on a fishing expedition last week, had quite a thrilling experience with a bull.

In another place will be found the adv. of the three days of big racing at Kentville during the Exhibition. This will be an attraction to lovers of horses.

The Communion of the Lord's Supper will be observed at St. Andre's church on Sunday morning. This evening a preparatory service will be held.

Just received a full line of the famous Jontel and Harmony toilet preparations, these include Cold Creams, Vanishing Creams, Face Powder, Lipsticks, etc., etc. The finest line in America at Rand's Drug Store.

P. J. Carey, Orchard Demonstrator of the Department of Agriculture, has been at various points in the Annapolis Valley during the past week or two giving demonstrations in the art of box packing of apples.

Open season for moose shooting begins Friday, Oct. 1st and ends Nov. 15th. Duck shooting, Sept. 15 to Jan. 1st. No shooting allowed between sunset and sunrise. Partridges are not allowed to be shot this year. They are protected by law.

Attention is directed to the change in sailings of the Boston and Yarmouth steamers as announced in their regular space this week. The service has been reduced to four trips each way per week until Oct. 11th, after which there will be but two trips weekly.

College opened on Wednesday of this week and towns people gladly meet old students and extend to newcomers a cordial welcome to our town. The attendance this year will be unusually large and considerable difficulty has been experienced in getting accommodation.

The first four masted schooner to enter this port is the "Kennebuck", of Boston, which arrived on Monday with a cargo of 1020 tons of fertilizer consigned to R. E. Harris & Sons. This vessel is one of the largest vessels coming here during recent years and is a fine looking craft.

The annual convention of the Provincial W. C. T. U. is to be held in Wolfville on Thursday and Friday of next week. The meetings will be held in the Baptist church. A large number of delegates is expected to attend. The public are invited to the evening sessions when addresses of interest will be given.

ATTENTION one and all! A real good supper will be served in the basement of the Methodist Church on Thursday evening, October 7th, from 5.30 onward. Price 50 cents. In connection with the above, Ice Cream will be sold, and there will also be a sale of aprons and very Dainty Fancy Work. Take this earliest opportunity of securing your Christmas Gifts for your friends.

WHERE IS THE PUBLIC WORKS DEPARTMENT?

Sir:—The German gun sent down from Ottawa months ago has not been put into position. In fact the boys have been trundling it up and down the street. Where is the Public Works officer whose duty it is to look after it?

The electric lights in front of the Post Office have become extinguished. Why are they not attended to?

The cable of the clock in the Public Building was broken weeks ago. A new cable has arrived and is in cold storage. Is there no officer with authority to put it in place. Is the Department of Public Works dead and buried—if not is there not some neglect somewhere?

TO BUILD UP THE TOWN

A town is very much like an individual. To be flourishing, it must have energy and enterprise. The people in a town should remember that the individual prosperity depends to a large extent upon the character of the place in which their business is located.

a location will invariably select a town that is up to the times, and is eagerly in favor of every modern improvement. A town in these modern times can't afford to be peopled with old fogies or antediluvian fossils who are continually kicking at every enterprise.

GREENWICH NOTES

The farmers of this place are all busy picking apples.

The Sunday School held in the Methodist church here, which has been closed for a few weeks will reopen next Sunday.

A good number of the pupils in our school won prizes in the annual school exhibition, held at Port Williams on the 17th, but did not do as well as the three years before, we hope for far better results next year and a deeper interest, with both the teachers and pupils, we also hope for better prizes.

Many of our residents availed themselves of the opportunity of attending Chautauqua, which was held in Wolfville three days last week. Some going both afternoons and evenings.

The friends of Miss Betty Fenwick, who has been seriously ill, are pleased to hear she is now much improved.

Mrs. Fred Forsythe returned home one day last week, from a visit of several weeks in Dartmouth, at the home of her friend Mrs. Arthur Leslie.

We understand Mr. Chesley Forsythe, one of our boys, who has been Station Agent of the C.N.R. at Bridgetown for some time, has bought a nice home in that place.

Mr. Armond Forsythe has taken a good position in Halifax.

Mrs. Roy, wife of the Town Clerk of New Glasgow, who has been visiting her daughter here, Mrs. H. H. Marshall, for a couple of weeks, returned to her home last Saturday.

Mrs. T. A. Pearson, who visited relatives in Annapolis Co., a few days last week, returned home on Saturday.

Mr. and Mrs. Elmo Pudsey, of Mass., is making an extended visit at the home of the former's brother, Mr. Charles Pudsey.

What's this we hear of a treat, soon to be given us by our "Greenwich Dramatic Club?" Under the auspices Rev. D. E. Hatt, of Digby, will give one of his excellent recitals in the Hall here on the evening of October 21st, a big treat is in store for those who will attend. Mr. Hatt is noted and well known in giving his recitals, both original and humorous, a well known poet too. We have also heard a rumour of another big play being planned for, by this same club, to take place some time before Christmas. The writer need not boost the G.D.E. on their plays, their work in that line, in the past, is well known.

INCREASE OF CANADA'S AGRICULTURAL WEALTH

The gross value of the agricultural wealth of Canada in the year 1919 has been estimated by the government at \$7,379,299,000, and is arrived at in the following manner: The total estimated agricultural production for the year is \$1,975,841,000. From carefully compiled statistics, the value of farm land throughout the Dominion is computed at \$2,792,229,000; buildings at \$927,548,000; implements at \$387,079,000; and farm live stock at \$1,296,602,000. All these items are added to the annual agricultural production and the result is the Dominion's gross agricultural wealth.

The man who is so constituted that you would be willing to do most any kind of a favor for him is the one who seems to need help the least.

Save the surface and you save all Paint & Varnish

THE purpose of paint is twofold—it should beautify of course; but, also, it must fully protect the surface to which it is applied. The high cost of repair-work has made us all fully realize the extravagance of letting a building "run down" for lack of a coat of paint.

It is equally important to understand the extravagance involved in the use of poor paint, and to know that there's one paint which leads all others in the matter of economy:

B-H PAINT "English" 70% Pure White Lead (the highest quality lead) 30% Pure White Zinc 100% Pure Paint

No other paint can match it in covering capacity—no other brand can equal its record of permanence. Affording real protection over a long period, it has removed the false notion that a house must be repainted every year. If you use this paint of extreme durability your house is protected for years.

Commencing October 1st we will deliver Milk and Cream on the ticket basis. This system is used in many of the large up to date dairies and is giving excellent satisfaction. The customer buys a strip of tickets at the door from the milk-man, and each morning deposit a ticket in the empty bottle to pay for the milk that morning. All tickets will be redeemed for cash in case the customer goes away before using them. This method does away with any book-keeping and allows us to give the customer a substantial discount. This discount will be announced later as the tickets have not yet been printed.

DO YOU SUFFER WITH HEADACHE, DIZZY SPELLS TAKE VITAL TABLETS

If one has headaches or dizzy spells, there is certainly a cause for it, and there is certainly a remedy. We guarantee Vital Tablets to remove the headaches and dizzy spells, and to create a healthy action of the stomach and bowels, and you are feeling a new person in a short time.

THE GOOD SPORT

A lover is not the only person whom the world loves; it loves a good sport. The person who holds up his end at every party and picnic, who does his best to keep the fountain of humor flowing and the laughter pealing, who is ready to "try anything once"—he is the chap who is wanted.

Who has not attended little informal gatherings where some talented player, singer or elocutionist has been coaxed by the hostess and others to sit in and help disperse a few dull moments, only to be met with the lame excuse of "having no music," "being out of practice," "a bad cold," etc., and then have had to listen to somebody who was perfectly willing to keep good cheer on the move but who lacked the ability and talent to "tear off" something on the piano or "execute" the latest popular ballad?

This would be a rummy old world if we did not take our turn at amusing and entertaining others, and if we are given special talents then it is an added reason why we should, when asked, endeavor to do our part to spread good cheer and widen the welcome smile.

Be a good sport!
