A. D. FARRAH & CO. Newcastle

Rousing Reception Accorded Conservative Speakers In Opera House Last Night

NOMINATION DAY PROCEEDINGS

Nomination Day proceedings were held at the Court House, Newcastle, on Thursday. Returning officer, W. A. Skidd held court from 12 noon till two p. m. to allow the candidates to file their nominations. Mr. Wm. Mowatt, acted as clerk.

Two names were placed in nomination those of C. E. Fish, Conservative candidate and F. M. Tweedie the Liberal candidate.

Mr. James Robinson early Thursday morning announced that he had retired from the contest.

The nomination papers of Charles Elijah Fish, filed by John H. Sargeant, Agent, contains the following signatures:

C. M. Dickison, Wm. Ferguson, D. S. Creaghan, R. T. D. Aitken, Wm. McCul'um, J. Ferguson, W. F. Smallwood, D. P. Doyle, H. R. Moody, F. Locke, Thomas Maltby, Tracy Gould, Murdoch Wedden G. Stothart and D. R. Hogan. (Newcastle) J. Y. Mersereau, J. K. Breat, W. M. Johnstone, Howard McKendry, Donald Cripps, Arthur Leggett, Robert A. Loggie, C. P. Hickey, John S. Martin, Charles Reimsborrow (Chatham)

The nomination papers of Frederick Morrison, Tweedie, filed by Earl Malley, Agent, were signed by the following:

James Nichol, Earl R. Malley, F. E. Aulse, T. M. Murray, Frank R. Maher, E. J. Gallivan, A. T. Ross, F. A. McKenzie, J. E. Nichol, H. B. Cassidy, J. K. Loggie, F. E. Jordan, W. J. Groat, Robert Murray, R. A. Snowball, S. B. Goggin, W. B. Snowball Jr., Edward Burke, W. Chubb McLoon, John A. Gray, A. G. Dickison, W. J. Baldwin, Adam Stewart.

At the close of the nomination proceedings the candidates held a joint meeting at the Opera House, which was largely attended.

Mr. Tweedie was the first speaker. He defended Premier King's program, arguing that his tariff policy was the best for the interests of the Maritime Provinces. He also lauded the immigration and railway policies.

Mr. Tweedie accused the Conservative Senate of blocking the Kingsclear branch. He contended that if Premier King was returned to power that the Maritime Provinces would be benefited and that the Maritime Provinces would experience a great advance in business.

Mr. Fish criticized the policies that were advocated by the Liberal party. He said that a great number of people had left and were still leaving Canada because of the poor conditions which existed as a result of poor government. He attacked the railway policy and the enormous amount of money which, he said, was being extravagantly expended.

In closing, Mr. Fish asked for the confidence of the electors and expressed the belief that the Conservative party would soon hold the reins of power at Ottawa and that the period of "drift" would then be over.

A largely attended political meeting in the interest of the Conservative candidate C. E. Fish, was held in the Opera House, Newcastle last evening when Hon. J. B. M. Baxter, Premier of New Brunswick, Mr. R. T. D. Aitken and Mr. C. E. Fish addressed the electors. A similar meeting was held simultaneously in Chatham.

The Newcastle meeting was presided over by Ex-Mayor D. S. Creaghan and was opened at sharp 8 o'clock. The Newcastle Band rendered several selections at the door while the large attendance was gathered in the Opera House. Each speaker was attentively listened to and their remarks were on many occasions loudly applauded.

Mr. R. T. D. Aitken was the first speaker introduced and in a well-balanced, convincing speech of an hour's duration held his audience in rapt attention. Mr. Aitken discussed the many intricate questions, which today are facing the electorate, and in a clear-cut and concise manner pointed out the vast difference between the Mackenzie King Policy and the National Policy of the Conservative Party.

The speaker in contrasting the two policies clearly showed how under the Mackenzie King Government, over 2000 industries in Canada had been forced to close their doors thus putting many of our employees out of positions, who, in order to secure employment had to leave Canada and go to the United States to secure work. He stated that under the present regime Canada was not holding her own in the race of progress; that \$131,000,000 had been added to the National debt in the past four years, under the Liberal government to keep the Canadian National Railways going while officials of the railway were having their own salaries increased and the management of the road was building Scribe hotels in Paris, golf courses in the west, radio stations and skyscrapers in Toronto.

Mr. Aitken dealt fully with the Tariff question and said that when the United States increased their tariff, prosperity followed and if Canada would increase its tariff the same would apply to this country. The reason was obvious, because here protection was given by any

government, prosperity followed. The King government had sold the country to the western Progressives to secure their support and as a result our country was going backward. Premier King also wanted to reform the Senate because the Senate was standing between the country and Premier King in his selling out to the Progressives, who were largely aliens from other countries, especially the United States. Farm products were allowed into the U. S. A. from Canada at much lower rates than into Canada from U. S. A. and this was a hardship on our farmers. For instance hay went into U. S. A. at \$4.00 per ton, but came into Canada at \$2.00. He stated that this province was vitally interested in pulpwood, which at present was being sent over to the United States in the raw state and manufactured there, instead of in Canada. This meant that all the money spent in its manufacture was spent across the border, 70% of which was labor and the Conservative policy was to have the money spent in Canada, which would be the case if that party were successful at the poll's on October 29th. He pointed out how the iron and steel products were the barometer of production in Canada and gave statistics showing how the U. S. had continually gained in percentage since adopting their present tariff policy, while Canadian percentages had diminished since the Mackenzie-King government came into power. For all these ills the speaker said that Protection, such as the Conservative party advocated was the only remedy.

In dealing with Maritime Rights the speaker drew the attention of his audience to the present unsatisfactory condition of affairs existing in New Brunswick and the other provinces by-the-sea. He spoke of the reason why the Intercolonial Railway was built, so that our products could be hauled to the Upper Canadian markets, but since the present government came into power the freight rates had been so largely increased that it was now an impossibility for us to compete with other markets. Premier King, by his own statement, did not know what Maritime Rights meant, while Rt. Hon. Arthur Meighen had stated that if his government was put in power, he would immediately see that our rights were recognized. Mr. Aitken then predicted that the Conservative party would be elected to power on October 29th and he made a strong plea for the electorate to vote for C. E. Fish, the Conservative candidate who stood for the National Policy. By so doing Northumberland County would be in line with the rest of the Dominion and we would again see prosperity in our midst.

At the close of Mr. Aitken's speech, the audience was addressed by Ex-Mayor D. S. Creaghan and Joseph Manderson, each speaker contending that the Mackenzie King Government had been a failure and it was time the country had a change in government. At this stage of the meeting the audience was given an orchestra selection by Chaplin's Orchestra, after which Mr. Edward McGruar delighted the audience with two recitations entitled "Canadian Born" and "Jim Bloodsue." Premier Baxter then entered the hall from Chatham, where he had

MAY RESORT TO COURTS.

Winnipeg, Oct. 23--Legal action to prevent the United Church of Canada from taking over the former St. John's Presbyterian Church, Winnipeg, has been threatened by the anti-union section of the congregation. Two ballots have been taken by the congregation on the question of

church union, the first under the Provincial Act, gave a majority of 77 for union, while the second vote held recently under the Dominion Act showed 322 for and 226 against.

Members of the continuing church maintain that there is nothing in either federal or provincial acts covering the basis of union which

could take this property away from the Presbyterians.

PRESBYTERIAN SERVICE

Presbyterian service was conducted last Sunday evening in the Opera House, by Rev. J. Martin of New York. Next Sunday service will be held in the Opera House at 11 o'clock

"Worth Stealing"

A tourist sends in a news item for Town Topics under this title. The news item follows:
"While picnicking Saturday, August 29th, our boat was looted and knives and forks thrown overboard. The looters, boys, had been seen sitting on a bank

eating one bag of Moire Chocolates while numerous other good things, while tossed about, had been left uneaten."
"I wish to complain," said the bride haughtily, "of the tough flour you sold me."
"Tough flour Madame?"
"Yes, tough flour! I made a pie with it and my husband couldn't cut it."

At the close of Mr. Aitken's speech, the audience was addressed by Ex-Mayor D. S. Creaghan and Joseph Manderson, each speaker contending that the Mackenzie King Government had been a failure and it was time the country had a change in government. At this stage of the meeting the audience was given an orchestra selection by Chaplin's Orchestra, after which Mr. Edward McGruar delighted the audience with two recitations entitled "Canadian Born" and "Jim Bloodsue." Premier Baxter then entered the hall from Chatham, where he had

Here and There

Sport conditions are very good in New Brunswick this year. Harold Chadwick operating hunting camps in the province reports that at the end of September catches of speckled trout weighing 18 1/2 lbs. were taken one day while a hunter took out a big game fence September 23rd and three days later had his deer and bear.

The world's most northerly police post, also the most remote of any human habitation, is to be constructed next year for the Royal Canadian Mounted Police at the far end of Ellesmere Island. Building materials and two years' supplies will be cached within easy freighting distance of the point where men will be detailed for patrol duty on the lonely shores of Riel straits.

Appointments recently made through the office of the Comptroller Canadian Pacific Railway headquarters are W. J. Cherry who becomes Freight Claims Auditor in place of J. R. Steele retired under pension rules, and W. L. Moran appointed Assistant Freight Claims Auditor. Both these gentlemen have been connected with the Freight Claims department for many years past.

Because the prospects for hunting and fishing in northern regions of Quebec are more attractive this autumn than they have been for several seasons, the number of residents of the United States applying to the Quebec association for the protection of fish and game for guides and licences is much greater than it has been for some time, according to the secretary of the association.

A very pleasing incident occurred during the visit to Montreal of Madame Maria Jeritza, world-famous operatic star. Col. George H. Ham, "Grand Young Man" of the Canadian Pacific Railway who had met the singer before, sent his felicitations in the form of a bouquet, and Madame Jeritza replied with a bouquet of roses made of sugar with the hope that his days also would be sugar-coated. She gave a one-night recital in Montreal, leaving for Toronto the following day.

Isaac Gouverneur Ogden, Vice-president in charge of finance, Canadian Pacific Railway, attained his 81st birthday October 10. Mr. Ogden is as active as ever although he has spent 54 years in railway work. He joined the C.P.R. as auditor of the western division with headquarters at Winnipeg in 1881 and has been vice-president of the system since 1901. Mr. Ogden was the recipient of flowers and congratulations from his colleagues on the occasion of his birthday.

Carelessness and lack of forethought on the part of some unknown motorist at Belleville might have led to serious accidents if it had not been soon discovered that the wig-wag signal protecting the C.P.R. level crossing on the Kingston Road was out of order. Investigation showed that an automobile had driven out of its course and broken the relay case thereby cutting the electrical contact. A watchman was immediately placed at the signal until necessary repairs had been made.

The Montreal Windsor street station police team are the champions of the Quebec district in the First Aid contests held at the Place Viger hotel in that city under the auspices of the Canadian Pacific Railway. They won the contest against teams from Ottawa and Quebec and are now holders of the Gutelius Challenge Cup, emblematic of the C.P.R. First Aid championship of the province. The championship of the New Brunswick district was won by the McAdam team who competed against Saint John and Woodville.

GROUP INSURANCE FOR C. B. OF R. E.

One of the most important and most comprehensive Life Insurance transactions ever put through in Canada, has just been closed, between the Canadian Brotherhood of Railroad Employees and the Metropolitan Life Insurance Company. This huge deal is under the form of a Group Insurance which will provide protection for the many thousands of members of the Brotherhood. The total amount of insurance involved will probably be between twelve and fifteen million dollars, and the number of men who will take advantage of the plan will ultimately be approximately fifteen thousand. The plan will be contributory on the part of the men who will be insured for amounts ranging from \$500 to \$1000 on the basis of monthly rate of pay. This will form two classes according to amount of insurance involved. Additional insurance in multiples of \$500 may be taken at any time at the same rate provided in the Group plan, on the condition that 75 per cent of those involved is agreeable. The insured will be entitled to the Nursing Service in case of sickness or accident, to Health Literature and to all the privileges granted to the policyholders under the Group Insurance plan. Insurance is to be offered to all members of the Brotherhood, with the understanding that new members at this time may obtain the insurance if they join the Brotherhood. New members entering the Brotherhood at a later date may obtain insurance. This means a potential writing of many millions more to the present figures.

This plan offered to the Brotherhood by the Metropolitan affords immediate protection without medical examination regardless of age; it ensures one of the strongest ties to bind the membership together; and it offers thus an inducement to new members to join the organization. The insurance will be handled at cost, as the company is a mutual one, and any profits that are made are returned to the Brotherhood.

The details of the plan are now being worked out by Mr A R. Mosher, president of the Brotherhood, Mr M. MacLean, secretary treasurer and Mr A.F.C. Fiske, Third Vice President of the Metropolitan Life and head of the Canadian Head Office.

Strength of Old and New Houses

The coming Parliament will have ten more members than the one which was recently dissolved. All the new seats go to the West, on the basis of increased population entitling them to increased representation.

The East actually loses only two seats although application of the electoral unit readjusts the distribution of numerous seats. Particularly in Ontario several rural constituencies are merged because their population no longer entitles them to two separate members.

The only loss of representation is in Nova Scotia, which will have 14 instead of 16 members in the new House. The reduction is effected by merging Hants and Kings and Lunenburg and Queens.

The strength of the former and the new Parliaments by Provinces is indicated in the following table:

Province	Old	New
Prince Edward Island	4	4
Nova Scotia	16	14
New Brunswick	11	11
Quebec	65	65
Ontario	82	82
Manitoba	15	17
Saskatchewan	16	21
Alberta	15	18
British Columbia	13	14
Yukon	1	1
Total	236	246

MacKENZIE KING'S PREDICTIONS.

In an endeavor to put heart into his followers—who surely need it—Premier King is declaring that he and his government have no concern over their return to power, but admits that he is bothered as to whether they will have a majority strong enough to do the things they wanted to for Canada. Mr. King predicts that the Liberal party will gain in the West, hold its own in Ontario and Quebec, while the results in the Maritime Provinces would be satisfactory from a Liberal point of view. These are brave words; designed to encourage a following which has not had much to inspire them since the dissolution of Parliament. It is difficult, however, to understand where Mr. King gets his justification for the statements he makes. In the West the Liberals might well increase their party representation and not be very strong then. But the Progressives, who hold the majority of the seats in the late House are holding their ground in the present campaign, and any giving way has been on the part of the Liberals, who, rather than create a chance for a Conservative in a constituency which seems close, are stepping out of the fight and making slighter the chances of a Liberal majority in the next Parliament. In Ontario there are quite a number of constituencies in which the Liberals have not even put up a candidate and are giving their support to the Progressive candidates. As a matter of fact, many Ontario Liberals are lukewarm and indifferent to the fortunes of the party under the leadership of Mr. King. Ontario is vitally interested in the question of protection for industries and many prominent Liberals in that Province have found it incumbent to disavow Mr. King and his fiscal policies and give their help to the Conservative candidates. In Quebec the same considerations are at work and election day will disclose the fact that the Quebec Bloc has been broken and that the Conservative party will have a fair representation from that Province. The solid Nova Scotia has likewise disappeared and with the efficient aid of New Brunswick and Prince Edward Island will send to Parliament a contingent of Conservative adherents that will join in the movement to sweep Mr. King and his Cabinet out of existence.

Allies of France Largely Benefit

The treaties which France, signed at Locarno with Poland and Czechoslovakia, which are in effect France's guarantee of the German-Polish and German-Czech arbitration treaties, are identical, and provide that the signator countries shall lend each other immediate aid and assistance in the event that Germany should fail to observe the arbitration treaties she signed with each of the three at Locarno, "if such failure is accompanied by an unprovoked resort of arms."

These French-Polish and French-Czech treaties contain this provision: "In the event of the Council of the League, when dealing with a question brought before it, in accordance with the said undertaking,

PROVED BY SCIENTIFIC TEST

Zam-Buk

Safest & Best for all SKIN TROUBLES

That is, Germany's arbitration treaties with these three countries), being unable to succeed in making its report accepted by all its members other than representatives of the parties to the dispute, and in the event of Poland or France (or Czechoslovakia or France), being attacked without provocation, France or reciprocally Poland (or Czechoslovakia), acting in application of

article 16, paragraph 7, of the covenant of the League, will immediately lend aid and assistance." With other articles of France's treaties with her Eastern associated merely provide against these treaties, affecting the rights of the signatories, as members of the League of Nations, and also provide for ratification and registration of the treaties.

CARD

To the Electors Of the County of Northumberland

As the Nominee of the Liberal Conservative Party I wish to remind you, that this is the Peoples Fight, and calls for their united effort to change the Policy of "drift" as in practice by the MacKenzie King-Progressive combination at Ottawa.

During the past four years of Government by them, through experimenting with the Tariff-gross increase of Railway deficits--neglect of the interests of the Maritime Provinces, and exodus of many of our best men and women, in consequence of industrial depression due to their inadequate Policies, a feeling of discontent is general throughout our Dominion.

It's in the air, that we need a change---we cannot be worse than we now are, and I respectfully solicit your influence and support on Oct. 29th for election to the Federal House.

Respectfully Submitted

MR. MASSEY'S CONVERSION

Mackenzie King made one of his characteristic errors of judgement when he counted on the inclusion of Vincent Massey in his Cabinet to create the impression in the public mind that Canadian industry was content with the record of his Government in regard to the tariff and with its future prospects under a continuance of that record. Mr. King launched Mr. Massey on the country as an answer to criticism of his Government and to the Conservative policy of protection. Mr. Massey has not proved a very effective answer. The psychological effect of his entering the Government has disappointed the Prime Minister's expectations. Mr. King was unflattering in his estimate of the public intelligence when he thought it could be so easily deceived. The people of Canada have seen for themselves, individually and collectively, the effect of the King Government's performances regarding the tariff and other questions of public policy; they were not to be made to forget what they had seen and experienced through four unfortunate years just because Vincent Massey, who was an unreserved advocate of protection for Canadian producers a year and a half ago, is now ready to denounce protection after having been adorned with the

mantle of a minister in Mr. King's Cabinet. When Mr. King reduced the tariff duty on agricultural implements in 1924 Mr. Massey was in favor of protection. Mr. King professed at the time that he was acting in the interests of the Canadian farmer. He was, of course, seeking to keep the Progressives in line in order thereby to keep himself in office. But with neither the professed nor the real purpose of the Prime Minister was Mr. Massey at that time in sympathy. Now, having been made a Minister, he desires it to be believed that he has seen a light and is in sympathy with both. He is preaching a low tariff policy as being in the interest of the farmer, and is devoting himself to a futile effort to keep Mr. King in office. Was it likely that merely because Mr. Massey, now with the rank of a Minister newly upon him, professes to have other views regarding the tariff and Mr. King's fitness for office than he had a year and a half ago when he was a plain citizen and the president of the Massey-Harris Company, the people of Canada would also change their minds on those subjects? The Prime Minister and his new colleague should have credited them with some judgment of their own instead of relying on the late Mr.

Barnum's assertion that the public likes to be fooled.

Hereto Mr. Massey has believed in protection. He regarded it as essential to the success of such enterprises as the Massey-Harris Company. He did not believe that the disabilities of the farmer were to be remedied by the abandonment of protection. Nor did he worry over the thought that "Confederation would crack" because of protection. If protection was needed for Canadian enterprises during the years Mr. Massey has been of mature mind, if it was not during those years a disadvantage to the farmer, how has the situation so suddenly changed? Mr. Massey does not say. Nor does he explain how it is that although he has been for many years a student of public affairs he is only now discovering "cracks in Confederation"—the cracks he is telling the people of Durham about. All Mr. Massey admits is that he has switched his belief. However, that is something. It testifies to his fitness to be a colleague of Mr. King. Men who would be Ministers with Mr. King cannot afford enduring principles and convictions. They must be ready to be inconsistent.

The suggestion that Mr. Massey's entry into the King Cabinet was a vindication of the Government's conduct in regard to the tariff was absurd on the face of it. Where Mr. Massey has abandoned his former convictions in order to take Cabinet rank under Premier King, dozens of men who were formerly prominent Liberals are leading in the fight to rid the country of the King Government because of the failure of the Government to vindicate itself in any way. Furthermore, although heralded on his joining the Government as the president of the Massey-Harris Company, he has not retained that position. He has not committed the industry with which he was identified to his support of the Government. Were he voicing more than his own changed conviction in supporting Mackenzie King and denouncing protection he should have remained at the head of his company. Mr. Massey apparently speaks for himself alone. His change of view is also solely his own.

UPSETS CONVICTION BY MAGISTRATE

His Honor Judge McLatchey in the Northumberland County Court upset two convictions against Geo. Gallon for having in his possession apparatus for the manufacture of liquor. The first conviction was made by Magistrate Demers on information laid by Fraser Saunders, a provincial prohibition inspector. The second was made on information laid by G. Perley Stewart, Customs Excise officer at Chatham.

In the case in which Saunders laid the information Judge McLatchey ruled that his temporary appointment as a federal officer had expired and that, even if it had not expired, there was nothing to show that he had a right to operate in Northumberland county, his commission authorizing him to work "at Fredericton." Moreover he ruled that the magistrate had dealt with the case as justice of the peace and, therefore, had no jurisdiction. On like reasons the second conviction was quashed.

The first case was an appeal against a conviction in March, 1925, made by A. Stuart Demers, police magistrate, Newcastle, whereby Gallon was convicted of having, without a license under the Inland Revenue Act, at the Parish of Derby on Sept. 20, 1924, in his possession a worm or apparatus suitable for the manufacture of spirits without having given notice thereof to the collector, as required by the act. The magistrate sentenced Gallon to jail for one

Whitney W. M. S.

Whitney W. M. S. held their Twenty-fifth Anniversary Meeting in St. Phillips Church, Whitney, on Tues. Evening Oct. 20th. The meeting was opened by Rev. Wm. Girdwood with singing from Hymn 109. Scripture reading from Psalm 72, by Rev. Mr. Westrup, pastor of the United Baptist Church of Whitney, and Prayer by Rev. Wm. Girdwood. Miss Estele Lobb, then recited "The Ladies Aid". Mrs. J. H. A. Anderson, Pres. of Mir. Presbyterian, then gave an interesting address on the History of the W. M. S. of Canada. E. D. and also told of the Centennial Celebration at Princetown, P. E. I. of the W. M. S. One of our Charter members, Mrs. P. A. Forsythe followed with the History of Whitney Society which was organized on Oct. 10th, 1900 by Dr. Grant and Rev. J. D. Murray then pastor of the church, told how Society had improved and had made sixteen life members and only two of the Charter members are now working in the Society. The Rec. Secy Mrs. G. H. Blackmore then called the roll and all members present responded. Next on the programme was singing Hymn 373. Mrs. Wm. Girdwood gave greetings from the other Societies present viz United Baptist, Whitney, Cassilis, Redbank and Alexandria of Strathadam.

A reading entitled "Mrs. Picketts Missionary Box" by Mrs. S. Sherard. After the offering, Rev. Wm. Girdwood gave a short address and a recitation, "The Ladies Aid will do the rest" was given by Miss Ruby Whitney.

For closing Hymn 380 and Benediction followed by a vote of thanks by Rev. Mr. Westrup.

Luncheon was then served to about one hundred people.

ELECTION HOLIDAY ISSUE IS SETTLED

Ottawa, Oct 19—Inquiries on the subject indicate that considerable confusion had arisen over the halt holiday on election day, which has been proclaimed by Order-in-Council. It will extend from noon till evening.

When the Election Act amendments were being discussed in the closing days of the session, A. W. Neill, of Alberni, proposed a full holiday on election day. This was not accepted but a half holiday amendment carried. A mistake by the clerical staff caused the amendment, as carried, to be left out of the votes and proceedings and it was not included in the full bill that went to the Senate. Consequently, it is not the law. The Order-in-Council proclaiming the half holiday reflects the intent of Parliament and by-law the error will be rectified next session.

ABLE TO DO HOUSEWORK NOW

Sick a Year. Got Great Benefit from Lydia E. Pinkham's Vegetable Compound

Bloomington, N. S.—"I took Lydia E. Pinkham's Vegetable Compound for pains and backache, also for nervousness, sick headaches and sleeplessness. I was troubled in this way for over a year, and a friend told me about the Vegetable Compound and induced me to take it. I must say I have received great benefit from it and am able to do my housework now. I recommend the Vegetable Compound myself and am willing for you to use this letter as a testimonial."—Mrs. WILLIAM MORSE, Bloomington, Annapolis County, N. S. Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes." This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial. Mrs. Morse is simply another case of a woman receiving great benefit. Women suffering from the troubles so common to their sex should listen to what other women say who have experienced the same sufferings and found relief. Give this dependable medicine a chance—and at once. It is sold at all drug stores.

The Baby's Cold

Continual "coughing" with lateral medicine upsets delicate little stomachs. Treat colds externally with Vicks. You just rub it on.

VICKS VAPORUB

"Wouldn't Take 10 Times the Price"

"I may further state that the dampers are most convenient and that we get no gas or dust through the house when putting coal in the furnace. I am so pleased with it that I really would not take ten times the price if I could not get another like it."—M. W. Wood, Hallsboro.

Furnaces-Stoves-Heaters
SACKVILLE, N. B.

Local Dealer:—The Lounsbury Co., Ltd.

"No More Coal Than a Baseburner"

"We were dubious as to its heating capacity, but in this respect it has given us perfect satisfaction and we get all the heat we want and it is not at all hard on fuel. It heats every part of the house, and its consumption of coal does not cost any more than the baseburner we have been using in the past."—Jonathan West, Charlottetown.

The air feed installed on latest models of the Fawcett raises its economy still further by utilizing the gases that other furnaces allow to escape. It is an integral part of the furnace and there is no possibility of its burning off. More than ever Fawcett Furnaces save fuel.

No Repairs!

"Ten years ago I installed in my seven room house one of your No. 181 Rival Furnaces, and take pleasure in stating that it has given me perfect satisfaction in every way.

"I have not bought any repairs for the above mentioned furnace since same was installed."—John Bedford, Vancouver.

Although there are more Fawcett Furnaces in use than any other Maritime make, and though some are a generation old, the parts and repairs business received by Fawcett on its own products is negligible.

Easier to Install

All the work of installing a Fawcett Pipeless Furnace is done in the basement save for the ten or fifteen minutes required to cut for a single register.

The whole work, in fact, can be done so quickly that if required it can be delivered in the morning and be heating your house the same night.

So now is a splendid time to secure a furnace. You've felt the cold already, and there's a long Winter ahead. Send for the Fawcett Catalog, giving details about your house.

Today--It's Toncan

Yesterday furnace makers were divided into camps. One favored steel radiators because of the quickness with which they radiated the heat. The other favored cast iron because of its durability in spite of the fact that it has a serious drawback, its slowness in radiating heat.

Along comes Toncan to combine the durability of cast iron with the radiation of steel. Standard with the world's greatest furnace makers—exclusive in Canada to Fawcett.

Free!

Send 10c. to cover postage and packing charges and receive in return an individual fry pan (large enough for one egg, to melt butter) of cast iron in one piece. Please state type of heating in your home.

**Rousing Reception
Accorded Conservative Speakers**

(Continued from page 1)

addressed a large gathering. Hon. Mr. Baxter received a hearty ovation after being introduced by Chairman Creaghan, delivered a forceful and inspiring speech, in which he took task the Mackenzie King administration and pointed out clearly the advantages to be gained by returning the Conservative Party to power. At the commencement of his address Premier Baxter drew the attention of the audience to certain remarks contained in the Chatham "Gazette" of Monday, which he characterized as "trash" and not worthy of any attention. He said they were typical of the present day Liberal tactics, which he was extremely sorry to say were not in any way like those of Liberals, such as Laurier, Cartwright or Blake. These men stood for principle, not for opportunity and bargain, such as they are today. For this present state of the Liberal party he said that Premier King was responsible, as he had degraded the principals of Liberalism, when he bartered with the Progressives of the west, and the speaker called them playmate politicians as compared with the Liberals of long ago.

The Hon. Premier then launched out on his main speech, which he declared consisted of two main important issues, Tariff, and Transportation. In dealing with transportation the Premier said that the Rt. Hon. Arthur Meighen in 1921 had stated that he would make the Atlantic Region of the C.N.R. stretch as far as Montreal but the Liberals had placed it at Riviere-du-Loup. He accused the management of the road to be extravagant, and stated that the railway was a jug-handled affair devised for political support.

When Mr. Foster had become Premier of New Brunswick in 1917, he had sent an admirably worded memorandum on the question of the Valley Railway to Ottawa, asking that it be taken over. When his friends came in power in 1921, he had repeated his request and almost annually since then. Nothing was done because Hon. Mr. Foster had been afraid to embarrass his friends. Every four years, the deficit and interest on this railway added a million dollars to the provincial debt.

His government, he said, would ask Hon. Mr. Meighen, whom he was certain would be the next Premier of Canada, but once regarding the taking over of the Valley Railway and he was satisfied that this railway would immediately become the property of the Dominion of Canada. The Premier dealt at length on the Tariff question and in conclusion made a

strong plea for a united voice from the Maritimes demanding justice for their rights.

The Candidate, Mr. C. E. Fish was the last speaker and dealt chiefly with the National Policy of the Conservative party.

MARK YOUR BALLOT WITH AN X

In the election of next Thursday the voters will have to bear in mind that the ballot is to be marked in a different manner than was the case in the provincial election of a few weeks ago. On Thursday the voter, will on entering the booth receive from the deputy returning officer a ballot paper on which will be found the names of the two candidates. This paper will be initialed by the deputy returning officer and when it is returned to him for deposit in the box it must be so folded that he can tear off the counter-foil. After receiving the ballot paper, the voter will go behind a partition and there place an X opposite the name of the candidate he or she wishes to vote for. Do not scratch out names, because doing so will make the ballot void. The only way to properly mark the ballot is to place an X opposite the name of the candidate you wish to vote for. Mark the ballot with a black lead pencil. You must get your ballot inside the booth, as no ballots are allowed to be distributed outside.

A Newcastle man, who has just returned from Montreal, says he noticed a great change of feeling toward the opposition in that city and was told that it was general throughout the province. The "favorite son" cry cannot of course be worked now, and Quebec is rapidly returning to first love, protection which was the policy it stood for in the Macdonald and Cartier regime.

A Woman's Work is Never Done

No Wonder Health Gives Out and She Becomes Weak and Despondent.

It is literally true concerning woman in the home that her work is never done. She starts with housework when she arises in the morning and is kept busy up to the time she retires at night. The work must be done whether she is feeling well or not. It is no wonder that she often breaks down under the strain. She becomes breathless at slight exertion, feels exhausted if she walks up stairs. Headaches and dizzy spells become frequent, and life seems a burden. Much of this trouble is due to the fact that her blood has become thin and watery and to regain her good health she must take a reliable blood-enriching tonic such as Dr. Williams' Pink Pills. The great value of this tonic medicine is shown by the statement of Mrs. Mary Nolan, Lintlaw, Sask. who says:—"When I began using Dr. Williams' Pink Pills I was a physical wreck. It was with great difficulty that I could do light housework. I suffered from headaches, my heart would beat violently at the least exertion, and I always felt tired and depressed. I did not sleep well at night, and I had no appetite—my limbs would swell as if they were dropping. It was at this stage that my neighbor advised me to take Dr. Williams' Pink Pills. I had used the pills for some weeks before I began to feel their benefit, and thus encouraged, I continued taking them for several months when I was again as strong and well as ever I had been. I have no hesitation in saying that these pills are a remarkable blood builder, and strength renewer and I shall ever be grateful for what they did for me."

You can get these pills from your druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WAKE UP MEN and WOMEN

Open your eyes to the big values in all classes of merchandise being offered at Creaghans during the October drive. Hundreds of thrifty people have taken advantage of this event and supplied themselves and their households with much-needed fall and winter goods. Every department from Cellar to Attic is offering unusual bargains for the last week of this big event.

Sale ends Sat. Oct. 31--Call early & get your share

FIRE DEPARTMENT HAD BUSY NIGHT

The Newcastle Fire Department was a busy organization last night when they were compelled to fight three fires at the same time. About one o'clock this morning an alarm was sent in for a fire in a barn in the rear of property owned by Samuel Kingston on Pleasant Street and occupied by Miss Breau, Milliner, and adjoining Dr. J. A. M. Bell's residence. On the arrival of the Fire Department the building was a mass of flames and had spread to Dr. Bell's residence. The barn was totally destroyed and considerable damage occurred to Dr. Bell's residence. While the firemen were busily engaged extinguishing this fire, word was sent them that a barn in the rear of the Salvation Army Barracks occupied by William Wells and used as a broom factory was on fire. A detachment of firemen was immediately despatched to the scene of the fire, which in quick time was extinguished. Just as this fire was put out a third alarm was sent in for a fire in a barn occupied by Mr. J. D. Paulin, Mitchell Street. On arrival of the Department the building was a mass of flames inside and a horse belonging to Mr. Paulin, had been badly burned and suffocated that Policeman Hill was obliged to shoot the animal. It is thought that these fires were of incendiary origin and the authorities are now working on the case in an endeavor to apprehend the responsible parties.

Premier King says that the country is prosperous. The people who are leaving us in increased numbers for the United States, they say that everybody tells the same story. Canada is not prosperous notwithstanding the opinion of Mr. King, and his government to a certain extent is responsible for this condition of affairs.

NOMINATIONS FILED IN FEDERAL ELECTION

Candidates are now in the field throughout the Dominion of Canada. Thursday, in constituencies from the Atlantic to the Pacific, nominations were received for the general election which will take place Oct. 29th. These, added to the advance nominations which were made a week ago complete the list of official candidates who are now competing in the 241 electoral districts of the Dominion. Four of the constituencies, Ottawa, Halifax, Saint John-Albert and Queens, P. E. I., return two members each bringing the total membership of the House of Commons up to 245.

Nominations went off smoothly and were productive of but few surprises. One noticeable feature was that throughout the whole Dominion not a single acclamation was recorded. The records show that this was also the case as the 1921 general election when a contest developed in every one of the federal constituencies.

Producers are consumers. They both belong to the same class. What is good for the producer is good for the consumer. If the producer in agriculture or machinery is prosperous, prosperity is found all along the line.—Vote for C. E. FISH as he has promised to endeavor to protect the Canadian markets for Canadians.

Canada cannot pay low wages and keep its mechanics, because the United States pay high wages. Protection leads to higher wages. If we had higher protection and higher wages, the people of the United States would be swarming in this country. The only immigration policy worth anything to Canada is a tariff as high or higher than that of the United States.

H. WILLISTON & CO.
Jewellers Est. 1889 Newcastle

The three party leaders all have straight fights on their hands. In North York Premier King is opposed by Col. T. H. Lennox, Conservative. Right Hon. Arthur Meighen, Conservative leader, again meets Harry Leader, Progressive and former member for the riding, in the constituency of Portage La Prairie. In Brandon, Robert Forke, Progressive leader is opposed by David W. Beaubien, Conservative.

A feature of the proceedings was the nominations of four women, one in New Brunswick, one in British Columbia and two in Ontario, Mrs. Minnie Bell Adney is running as an Independent in Carleton-Victoria, N. B., the first woman to receive a nomination in that province.

She will have as her opponents T. W. Caldwell, the member now running as an Independent Progressive-Liberal, and Hon. J. K. Flemming, former Premier of the Province, the Conservative candidate.

Mrs. Rose Henderson, running on a straight Labor ticket, is the only woman candidate running in British Columbia. She is contesting the constituency of New Westminster

against W. G. McQuarrie, Conservative member in the last House, and I. Wells Gray, the Liberal nominee. Northwest Toronto, which has developed a five-cornered contest, will also have an opportunity to vote for a woman, Dr. Caroline Brown, running as an Independent Conservative, was nominated. The other candidates in this riding are T. L. Church, Conservative member for North Toronto in the last Parliament; James Gilchrist, Liberal; W. Cochrane, Independent Conservative, and James Simpson, Labor candidate.

Miss Agnes MacPhail, Progressive, the first woman to hold a seat in the House of Commons, has a straight fight on her hands in the constituency of Southeast Gray. Her opponent is Dr. L. G. Campbell, Conservative. Sixteen of the 18 members of the Dominion cabinet are also contesting ridings in which they have but one opponent. The two remaining, Hon. W. R. Motherwell, Minister of Agriculture, and Hon. Charles Stewart, Minister of the Interior, will fight three-cornered contests. The former is running in Melville, Sask., and the latter in West Edmonton.

ARE YOU A LIBERAL?

Have you consistently supported the Laurier-Fielding tariff policy? Do you believe that Laurier and Fielding in their tariff policy were working in the best interest of Canada? If you do you ought to vote against the King Government. The King Government is not following the Laurier-Fielding tariff policy. It turned from that policy in 1924. Mr. Fielding's last budget speech was made May 11th 1923. In that speech he announced the Government policy of tariff stability. "The tariff," he said, "will be a moderate tariff and probably as low as the country can afford to have under present conditions. I think the country should be content to accept the tariff as it will now stand as one as fair and reasonable as can be prepared under all the circumstances and business men should be able to carry on their business enterprises without fear of being soon disturbed by further changes." In a year the Government changed its policy. Mr. Fielding became ill, his influence was gone. Mr. Robb's budget of 1924 put an end to any idea of tariff stability. It sounded the death knell of protection, said

Hon. Mr. Stewart. It is only the beginning, said Hon. Mr. Motherwell. Mr. King's speeches in this campaign bear them out. The Liberal Progressive alliance in Ontario is another evidence. Official Liberalism in Simcoe is supporting Mr. Drury, the free trader who would buy our steel rails in Germany. In about forty constituencies Liberals have candidates and are supporting the Progressives. There is no doubt what they will do with protection. Because of the King Government's departure from the Laurier fiscal policy Sir Lomer Gouin resigned his Cabinet position, Hon. Walter Mitchell gave up his seat. Mr. German (of Welland) wrote Premier King eight months ago stating his position and is not a candidate in this election. Mr. McCrae of Sherbrooke and Mr. Euler of North Waterloo are running as protectionist Liberals. Dr. Laurier, a relative of Sir Wilfrid, is an independent protectionist candidate, running against the King Government's policy. If you are a Liberal and want to be consistent with yourself and party traditions as interpreted by Sir Wilfrid Laurier, you cannot support the King Government.

THE ISSUE

With the Maritime Provinces and Quebec turning against him and no prospect of adding to his small following from Ontario, Premier King cannot hope to be the leader of a clear majority in the next Parliament. The best he can hope for is that the Conservatives will not have a clear majority and that he may continue to hold office with the support of the Progressives. What would follow would be four more years of log-rolling and of compromise, four more years of tinkering with the tariff. If, on the other hand, the Conservatives are given a clear majority, as now seems almost a certainty, there is no doubt as to the policy of the party. The Conservatives stand foursquare for the principle of protection as the only sound policy for Canada in the present crisis. The Conservative party does not believe in an ultra-tariff, but it does believe in a tariff high enough to give Canadian industries an opportunity to compete on a fair basis with other countries and that will keep Canadian workmen in Canada. It believes also in a tariff that will protect farmers as well as workmen. It believes also in the development of Canadian natural resources for the benefit of Canadians; it stands for a policy that will stop the exodus across the border; it advocates businesslike, economical and efficient administration; it believes that it is imperative that the national debt shall be reduced and taxation eased, and it advocates a forward Canada policy generally. The people of Canada will have to decide whether they want four more years of Government which since 1921 has been principally engaged in side-stepping issues, or a Government which preaches the same policy from coast to coast and which has a definite program to place before the people. Vote for Fish in Northumberland and put an end to the present unsatisfactory condition of affairs.

PERSONALS WEDDINGS

Mr. W. F. Yorster of Cambridgeport was in town on Thursday.

Mrs. A. B. Copp, of Sackville is the guest of Mr. and Mrs. G. G. Stohart.

Miss Gertrude McOvney, of Covered Bridge was a recent guest of Miss Annie Cassidy.

Mrs. Helen V. Forrester of Los Angeles, Calif. is the guest of her sister Mrs. S. K. Codner.

Miss Dorothy Lawlor, R. N. returned on Wednesday to New York to resume her duties.

H. A. Powell, K. C. of St. John was in town several days last week on professional business.

Mr. P. Winslow returned to Montreal on Wednesday after spending some time with his sister, Mrs. W. A. Park.

Next Sunday evening Rev. F. E. Bishop, who has accepted a call to Digby, Nova Scotia, will preach his farewell sermon.

Mr. and Mrs. Byron Keating, who were guests last week of Mr. and Mrs. P. J. McEvoy returned Monday to their home in New Haven, Conn.

Misses Edith Gulliver, Hazel Tozer, Elsie Anderson and Mr. Richard Anderson, who are attending Normal School spent the week-end at their homes in Newcastle and Douglas town.

Rev. A. Craze of Boss River Kent County and Rev. F. G. Mackintosh of New Glasgow, N. S. were in town last week attending the meeting of the Miramichi Presbytery of the Presbyterian Church in Canada.

Children Like Them

Baby's Own Tablets Are Effective and Easy to Give.

You do not have to coax and threaten to get the little ones to take Baby's Own Tablets. The ease with which they are given, as compared with liquid medicines, will appeal to every mother. None is spoiled or wasted; you know just how big a dose has reached the little stomach. As a remedy for the ills of childhood arising from derangements of the stomach and bowels they are most satisfactory.

Mrs. Rose Voyer, Williamsburg, Conn. says: "I used Baby's Own Tablets in the Canadian Northwest and found them a wonderful medicine for children's troubles, especially indigestion and constipation. I have also given them to my children for stomach fever and the restlessness accompanying teething and they always give relief. I can recommend Baby's Own Tablets to all mothers."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Deer Apparently More Plentiful

The number of deer in New Brunswick seems to be greater this year than in recent years but some people contend the increase in numbers is more apparent than real.

They argue that the animals change their ground frequently because of the scarcity of food and, as that account, appear in districts which have been free of bears for some time.

Degradations committed on sheep and other livestock in such districts give the residents the impression that bears have become numerous when they merely have shifted their activities from one section to another.

At present the price of bearskins is low and there is no great incentive to hunt or trap the animals. Other fur-bearing animals, whose pelts are much more valuable, can be taken with less inconvenience or danger. Hunters generally say the latter is not great as bears avoid human beings if possible.

OBITUARY

JOHN TAYLOR

The death occurred at the home of Mr. and Mrs. Robert Taylor, Lower Derby, on Friday, Oct. 23rd. of their eldest son, John, who passed away after a few week's illness, aged 13 years. Besides his parents, he is survived by two brothers and two sisters, Arnold, Allan, Annie and Helen. The funeral was held Sunday afternoon, the Rev. H. N. Morgan officiating, assisted by Rev. F. E. Bishop.

ARMISTICE DAY

Armistice day celebrations in Great Britain on November 11 will be similar to those of last year and it is hoped that there will be general co-operation throughout the empire in carrying out the same arrangements. In London the King will deposit a wreath on the cenotaph at 11 o'clock and then there will be two minutes silence followed by a short service.

NEW LAMP BURNS 94x AIR Beats Electric or Gas A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 16 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, J. M. Johnson, 222 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without expense or money make \$250 to \$500 per month.

Puts Flavour into Home Cooking Colman's Mustard aids digestion

The Doctor Knows

Doctors who know Minard's by the work it does are unhesitating in their praise of its healing and soothing qualities.

Dr. Joe Aug. Hahn, of St. Louis, Mo., writes:—
"I have frequently used Minard's Liniment and also prescribe it for my patients always with the most gratifying results, and I consider it the best all-around Liniment."
C. A. King, M.D. also recommends Minard's in the following words:—
"I have used Minard's Liniment myself as well as prescribed it in my practice when a liniment was required, and have never failed to get the desired effect."

MINARD'S
"KING OF PAIN"
LINIMENT

GERMANS ARE DRINKING LESS

Whether the German people are heeding Foreign Minister Stresemann's admonition that "the saloon atmosphere must disappear from Germany," or prices are beyond the people's means, it is a fact that one-fourth less hard liquor is consumed now than a score of years ago. Besides beer and wine, the per capita consumption was then four litres. The distillers now complain it has fallen to three. German booze is higher than American bootleg prices according to an economical German tourist, who brought whiskey from New York to Germany. Prohibition is not making headway, despite the lower liquor consumption, since more wine, which is falling in price is drunk.

BANK ORDERED TO RETURN SECURITIES

TORONTO, Oct. 16.—By a judgment handed down by the Second Divisional Court today, it is decreed that certain securities hypothecated to the Bank of Commerce on an advance to Peabody's Limited, should be returned to their respective owners. Peabody's Limited, having advances aggregating \$300,000 from the bank, wanted another \$25,000. This was granted and the securities pledged. The bank maintained that the securities were held on the total advance of \$325,000. The court finds that they were pledged only for the net debt of 25,000 and not on the old debt of \$300,000.

A WHOLESOME BAKED DINNER.

Most housewives do not realize that oven dishes require really less attention than those prepared on top of the stove. But those who are fortunate enough to have self-pasting enameled ware roasters, know from experience that this is a fact. The old-fashioned way of pasting the meat every ten minutes or so did keep one almost constantly on the job if the meat was to be well-flavored and brown.

The enameled ware roaster, which not only roasts but pastes as well, has eliminated all the attention and thought that the old method involved.

Roasts are said to be much better for one than fried foods and an additional advantage is that potatoes and vegetables can be roasted with the meat, which saves considerable time. White and Bermuda onions are on the market now and for a change from the usual boiled and creamed style of preparing them, try roasting them with beef and potatoes. Select a six-pound roast wipe with a damp cloth, sprinkle salt, pepper and flour and cook in a very hot oven for twenty minutes. Then place around the meat six or eight large peeled potatoes and the same number of medium sized onions. Season the potatoes and onions, cover and cook all the same temperature for forty-five minutes.

THE ADVOCATE

MEXICO TO HOLD A GREAT FAIR

Mexico City, Oct. 20.—Arrangements are about completed for the opening here early next month of the great international fair to be held in celebration of Mexico's six hundredth anniversary. It will be the first large enterprise of its kind attempted in Mexico. The United States, Great Britain, Germany, France, Italy, Spain and several of the Latin-American countries will be well represented by displays.

The fair, organized by the City of Mexico with the aid of the federal Government and in the organization of which a large sum has been spent, will be held in the Alameda, the great park which occupies some 25 acres in the capital. By careful planning the exhibition buildings and booths have been arranged among the great trees and beautiful statues and monuments without disturbing these.

In addition to the space afforded by the park, the adjacent National Theatre, the great marble structure begun by Porfirio Diaz and never completed, the glass mosaic curtain of which once cost 500.00 pesos, will be utilized for lectures and entertainments, while in the grounds surrounding it additional booths and buildings are being erected.

For the benefit of visitors excursions will be organized to points of historical picturesque attraction, such as the pyramids of San Juan Teotihuacan and the Xochimilco's famous floating gardens. In the National Theatre a German opera company will present a Wagnerian programme, thus utilizing the theatre and its magnificent stage equipment for the first since the building of it was started. Here morning lectures by Mexicans and foreigners and other forms of entertainment will be held, and films of Mexico shown.

For those interested in Mexico there will be exhibitions of national dances and songs, and something particularly notable special booths of Indian Industries, where the natives will be shown manufacturing their products.

This ultra-modern fair, it is of interest to note, is to be held on one of the historic spots of Mexico City, where in Aztec times there existed a large tianguiz or market. The site was also that of one of the important canals of the ancient Aztec city. It was in 1592 that the Viceroy Luis de Velasco decided that Mexico City must have parks, and the present Alameda was begun with the planting of some alamos, which gave it its new name. With the growth and drainage of the city the park also developed until in 1730 it had some 4,000 poplars and willows and several fountains. Today there are seven fountains and many pieces of admirable statuary. A section of the park also provides a play ground for children, well furnished with modern equipment. The aviary, which once displayed about 100 specimens of tropical birds, the Moorish kiosk erected during the centennial celebrations, and other booths have disappeared, leaving today a garden of which any nation might be proud.

The building erected for the exposition, while not of pretentious proportions, have very striking architectural qualities. Among the exotic and European structures are found those of typical Mexican style, many of them of great originality in design and decorative motifs. Wherever possible efforts have been made to make use of the possibilities that Mexican national art offers so that the fair will be not only an exhibition of what indigenous culture the nation possesses, but also a unique demonstration of its unlimited applications to manifold fields.

First Impressions Are Important

In a world where appearances are valued as indexes to character, *Your Stationery* should represent you worthily—always and everywhere. That atmosphere of character and refinement, which should distinguish all self-respecting correspondence is assured when you place your stationery order with us. If you allow us to furnish your

Letter Heads, Bill Heads, Shipping Tags, Office Forms, Envelopes, Statements, Etc.

they will reflect the dignity and self-respect of the discriminating, and be an excellent advertisement for your business, for a business man may be judged by the quality and style of his printed matter.

The Advocate Job Printing Department

is without doubt the best equipped on the North Shore, and consequently in a position to turn out all kinds of Job Printing *Neatly, Promptly and Satisfactorily*, at very reasonable prices. We are constantly adding new type and material to our already up-to-date equipment, and we have recently put in several of the newest type faces manufactured.

Let Us Prove

to YOU the truth of the above statement by giving us a trial order for any of the above mentioned office requisites, or an order for

Good Cake—the mark of the good housekeeper

Your reputation as a housekeeper often is judged by your cake. Cake failures usually are due to flour. Some flour bakes one way sometimes and another way at other times.

Quaker Flour *always bakes the same*—and it is always the best. The hourly tests as the wheat is milled and the daily baking in our own bake-shop, assure you that all Quaker Flour is of a uniform quality.

For all baking purposes Quaker Flour is best. Your absolute satisfaction is guaranteed by our money-back offer.

NERVE FOOD**

Here and There

In the last fiscal year 3,843 home-
stead entries were granted in the
Prairie Provinces, aggregating an
approximate area of 614,880 acres,
while, in addition, 710 soldier grants
of 113,600 acres, make up a grand
total of 728,480 acres so settled.

In 1915 Canada exported no wheat
to China. In 1918 she sent only eight
bushels to Japan. In 1924 China
imported over 5,000,000 bushels of
Canadian wheat and over 1,500,000
barrels of flour, while Japan took
7,000,000 bushels of wheat and 110-
000 barrels of flour. It is predicted
these figures will be well beaten for
the current year.

The Grand Challenge Cup, emblem-
atic of the First Aid Championship
of the entire system of the Canadian
Pacific Railway, will be competed for
at the Place Viger Hotel, Montreal,
November 15. The champions in a
knock-out competition among Eastern
and Western teams respectively,
will fight it out for the trophy.

Plans are already being laid to
make the 1925 Eastern International
Dog sled Derby an even greater suc-
cess than in any previous year, and
it is reported that the prize money
will be considerably increased next
winter, with the object of attracting
more teams and mushers from the
West and the United States.

Fire Prevention Week, October
8-10, was observed throughout the
Dominion, and to mark the sense of
the importance of the occasion Mr.
Grant Hall, vice-president of the
Canadian Pacific Railway, broadcast
an appeal by wire to every officer
and employee of the system "to co-
operate as in the past and set a good
example by thoroughly cleaning up
all premises."

Canada's great outlook, says a re-
cent issue of the London Outlook, is
that she wants more people, but of
the right type, namely, steady agri-
cultural workers with enterprise,
initiative and endurance. Enthusi-
astic letters from emigrants under the
joint scheme of settling 3,000 fami-
lies in Canada are bound to have their
healthy effect on relatives and
friends dissatisfied with their lot in
England.

E. F. L. Sturdee, general Pass-
enger Agent for the Orient of the
C.P.R., with headquarters at Hong
Kong, has been appointed Assistant
General Passenger Agent of the sys-
tem at Montreal. His duties com-
menced here in October. He was re-
lieved of his other work owing to
ill-health, but the climate of Canada
soon restored him to physical well-
being. He has a long record of ser-
vice with the C.P.R., dating back to
his first appointment at Saint John
in 1894.

Sixty bushels of wheat at every
tick of the clock is the rate at which
the Canadian Pacific Railway have
carried the grain into the elevators
this season. To keep up this unpre-
cedented rush, it has been necessary
to move one car-load of grain out
of Winnipeg at every one minute
and twenty-three seconds of the
twenty-four hour day. Grain deliv-
ered at the head of the lakes by
the Canadian Pacific in September
alone would fill a fleet of 200 ships,
each with a cargo of 200,000 bushels.

Back from an extended tour of
inspection over the company's west-
ern lines, E. W. Beatty, chairman
and president of the Canadian Pa-
cific Railway, found a very marked
improvement in the West as com-
pared with that which had existed
when he last went across the coun-
try. He thought the spirit of the
people was much more optimistic
and with very good reason since he
considered it safe to say that 380-
000,000 bushels was not too high an
estimate for the total Canadian
wheat yield this year. He noticed
throughout the country a sustained
interest in immigration and a more
general realization that therein lay
the soundest remedy for most of
Canada's difficulties.

**PREFERS AUTOS TO
A MODERN HOME**

NEW YORK, Oct. 22.—Escape from the monotony rather than the drudgery of the housewife's lot has caused her to choose luxuries instead of conveniences, concludes the General Federation of Women's Clubs after a canvass on "what women want in their homes."

The average American housewife prefers an automobile and a telephone rather than have modern plumbing arrangements in her home, because "these offer relief from a monotony that has driven many of her predecessors into insane asylums."

The Federation's findings were written by Mrs. Mary Sherman, national president of the Woman's Home Companion.

"The housewife does not mind washing stacks of dishes under the glow of an electric globe, but the task doubles or triples if she must do it by the smoky dim light from a kerosene lamp," said Mrs. Sherman. "She does not mind sweeping the lower floor of the house if she knows that at the end of her task she can set down and chat via the telephone with a neighbor six miles away, and she will beat rugs for an hour—if the evening brings relaxation of an automobile drive."

While 65 per cent of a large number of homes investigated were found to have inside sanitary arrangements and 59 per cent of them had bathtubs, 70 per cent of these families had automobiles and 68 per cent of them were equipped with telephones.

The research made by the Federation covered 445,987 homes scattered through 237 communities. In 40 per cent of the homes it was found that there was no stationary washbowl and water had to be carried in and out, and 25 per cent of them were not even equipped with kitchen sinks. But 87 per cent, had electric light, and 73 per cent were equipped with electric irons.

Radios were found in 17.6 per cent of the homes, pianos in 46 per cent, phonographs in 50 per cent.

In discussing the high percentage of homes equipped with automobiles and telephones but not with plumbing, Mrs. Sherman declared,

"Sentimentalists will say that the fault lies with the men. But we club women who study conditions from the inside of the home understand the situation better. Women no longer undervalue their services in the home. They run their homes on the budget plan and have personal allowances to spend as they like.

"Then why do they choose luxuries instead of conveniences? Why does the automobile take precedence over the stationary tub, the telephone over the vacuum cleaner, and the Radio over the power run sewing machine?"

"Because the housewife for generations has sought escape from the monotony, rather than the drudgery of her lot. She can and does endure toil, actual physical labor, patiently and cheerfully; but she breaks physically and nervously under monotony.

The automobile, the telephone the talking machine or radio offer the modern home maker the escape from the monotony which drove many of her predecessors into insane asylums.

**AIM TO ABOLISH
DEATH PENALTY**

New York, Oct. 22.—Sponsored by a group of lawyers, physicians and penologists, the League for the Abolition of Capital Punishment will open a three day conference in this city tomorrow for the purpose of completing its organization as the first step in a movement to outlaw the death penalty throughout the United States. Sessions of the conference will be public and will be addressed by noted criminologists, surgeons, psychologists, and prison officials.

Among the men and women of prominence who have given their active support to the movement are Senator Royal S. Copeland, Dr. Raymond T. Rye of the University of Pennsylvania, Dudley Field Malone, Clarence Darrow of Chicago, Lewis F. Law, Warden of Sing Sing Prison; Mary Gertrude Fendall of Baltimore, Amos Pinchot of New York, and Gilson Gardner of Washington, D. C.

**CANADA UNDER
KING NOTHING BUT
A PUBLIC NURSERY**

"That Canada under the Mackenzie King Government was nothing else but a public nursery for the United States," was the stirring declaration made by ex-Ald. H. H. Warman of Moncton, to a large and enthusiastic gathering of the electors which packed the school house at Breau's Creek to utmost capacity last evening.

The meeting was called to order at 8 o'clock by the chairman, Mr. J. A. Hicks, who presided in a most efficient manner. Other speakers, included Messrs. B. H. Gilbert, Ephraim LeBlanc, Leo J. Doucett and H. G. Palmer. The audience was a most attentive one, and a feature was the large attendance of ladies. Each of the speakers was accorded a fine reception.

The meeting closed with votes of thanks to the speakers and three cheers for Dr. O. B. Price, followed by the singing of the National Anthem.

Aspirin is the trade mark (registered in Canada) of Bayer, Manufacture of Monoacetic-acidester of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Great Soprano Grets "Grand Young Man" of C. P. R.

Maria Jeritza, famous singer, at Canadian Pacific Windsor Station, Montreal, with a bouquet presented to her by her friend Col. George H. Ham, of the C. P. R. (Inset) Candy Roses in a candy vase presented by Mme Jeritza to Colonel George H. Ham.

"How is Colonel George H. Ham of the C.P.R.?" This was one of the first questions asked by Maria Jeritza, the most celebrated soprano of our time, when she visited Montreal on October 9th, 1925. She expressed regret when she learned that the Dean of Canadian Journalists was indisposed, and she sent him a bouquet of candy roses in a candy vase with the wish that his life may long continue to be "lovely as the roses and sweet as the candy." Colonel Ham sent Jeritza a bouquet of cut flowers.

When Jeritza was last in Montreal on March 12th, 1923, Colonel Ham conducted her around Canadian Pacific Windsor Station. Since that time she sang in many countries, being hailed everywhere as a goddess of song and a queen of beauty. Seldom, if ever have such personal charms and the gifts of a great voice and wonderful dramatic powers been combined as they are in Maria Jeritza.

A few weeks ago she sang in Covent Gardens, London, with great success, winning the plaudits of great audiences. Jeritza includes English in the many languages she speaks, and at Windsor Station, Montreal, she had an interesting chat with the engine men who guided her train to Toronto, where she sang on October 10th. She gave the engine men some roses from bouquets received from appreciative members of her Montreal audience. In private life, Maria Jeritza is the wife of Baron Popper of Vienna, described by Colonel Ham as "one of the finest looking men I have ever seen." Baron Popper stands well over 6 feet in height. He and the golden haired, blue eyed, pearly mouthed soprano make a perfect pair. Jeritza spends most of the winter singing at the Metropolitan Opera House, New York.

Local and General News

SUCCESSFUL TAG DAY.

A successful tag day was held last Thursday in aid of St. Mary's School Fund.

MORE BAD WEATHER.

The unsettled conditions of the weather, which has prevailed practically since Sept. 21st, will continue for some time, said Sir Frederick Stupart, chief of the Toronto weather bureau, on Saturday.

HOUSE DESTROYED IN SOUTH ESK FIRE.

The residence of Adam Hill, South Esk, was destroyed by fire Wednesday evening. The fire started about 5.30 p. m. in the rear of the house among some shavings where Mr. Hill had been working. Nothing was saved. Mr. Hill carried insurance of \$500.

WINS SCHOLARSHIP

H. J. Atkinson, son of Mr. and Mrs. H. D. Atkinson of Newcastle has been awarded one of the ten scholarships donated annually by the MacDonald Tobacco Company for post-graduate work in scientific agriculture. These scholarships have a value of \$500 each and are tenable at MacDonald College, Ste Anne De Bellevue, Que.

Mr. Atkinson will specialize in chemistry.

FIREMEN'S DANCE

The Town Hall has recently been renovated and repainted and the floor repolished. It is now in first class condition for dancing and the Firemen's dance will be the first held since the improvements were made. Chaplin's Orchestra will furnish the music for dancing, which will begin at 9 o'clock. A good time is assured and all are cordially invited to attend. Ladies 50 cents, Gentlemen \$1.00.

OPERA HOUSE.

An added attraction will be given at the Opera House on Wednesday, Thursday Friday and Saturday of this week. "Bob" McCharles, the radio favorite will be heard in songs, waltz and hawaiian guitar. Mr. McCharles is at present engaged at the Imperial Theatre, Moncton, and when he completes his Newcastle engagement, goes to the Imperial Theatre, St. John. He has entertained large audiences from W. G. Y. radio station and filled a long engagement in Keith's Theatres, Boston and New York. Don't fail to hear him. Special pictures will also be shown to make this week, one of the biggest attractions of the season.

COURT CASES STOOD OVER

All civil cases entered for the October session of the Northumberland County Court were stood over until next term by Judge McLatchey. Election activity has been such that it has caused a temporary suspension of legal business before the courts.

PRIVATE SALE.

I have removed my effects to the residence of Mr. Allan J. Ferguson, Newcastle, N. B. where I will continue their sale daily from 10 a. m. to 6 p. m.

MISS BELLA RUSSELL

The Newcastle Harkins High School Football team went to Bathurst on Saturday to play a return football match with the Bathurst High School team, which resulted in a victory for the Bathurst boys by a score of 11 to 0. The visitors were entertained after the game and returned to Newcastle on Sunday.

MILK FUND TAG DAY.

We ask for generous support for the I. O. D. E. Milk Fund Tag Day on Thursday, 29th, inst. This fund is for undernourished school children and is under the direct supervision of the I. O. D. E. Last year this organization carried along the work and its members cannot speak too highly of the good work done. The I. O. D. E. needs money to carry on during the winter. Those who are fortunate should give to those less fortunate and it is hoped the appeal will meet with a generous response.

DROPPED DEAD AT BOIESTOWN.

Charles Sears White of Fredericton, dropped dead at Boiestown on Friday. He was aged thirty-nine years and had been working at Boiestown. His home is in Wilsey Road, Fredericton. Heart failure caused death. He is survived by his widow, two sons John and Charles, two daughters Dorothy and Kathleen. Other surviving relatives are his father Henry White and one brother Walter W. White both of Fredericton and one sister Mrs. John McManus of Brunswick, Me. The funeral took place Sunday with prayers at the home at 3.45 and service at St. Margaret's Chapel-of-Ease at four o'clock Rev. A. F. Bate officiating. Interment in Forest Hill.

PRESBYTERY OF MIAMICHI

The Presbytery of Miramichi, of the Presbyterian Church in Canada held meetings in the Opera House here last Thursday afternoon and evening. Some twenty ministers and representative laymen were present. Rev. A. Craise of Bass River, the moderator presided with Rev. F. G. Mackintosh, clerk. Glowing reports of the work of the Presbyterian Church were submitted and much business was transacted by the Presbytery. Delegates from the Newcastle and Chatham congregations were heard by Presbytery in the evening and matters pertaining to the causes in these two congregations were satisfactorily dealt with. A call from Campbellton to Rev. Dr. Quigley of the Pictou Presbytery was sustained and the call forwarded to the reverend gentleman for acceptance. Routine business was attended to and the next regular quarterly meeting will be held in Newcastle next March, although several pro-nata meetings will be held during the interval.

I. O. D. E. TAG DAY.

Next Thursday, October 29th Election Day is I. O. D. E. Tag Day. This organization is desirous of obtaining sufficient funds to provide milk, etc. for the children attending the schools of Newcastle and are taking this means to secure the necessary funds. All citizens are requested to contribute as liberally as possible when called upon by the collectors. It is a most worthy work and merits the support of all.

581 PLACED IN FIELD.

Nomination Day revealed a total of 581 candidates standing for election in 245 seats throughout Canada. The Liberal party has had 216 official candidates, 301 in the Dominion and 15 in the Provinces. Labor, including Farmer-Labor candidates number 50 and Independent candidates total 37. The unusually large number of Independent candidates is accounted for by 15 nominees in the province of Quebec who are without the official endorsement of a party, but are running under a variety of titles such as "Independent Protectionists", or "Independent Liberal".

HEAVY STORM.

One of the worst sleet and rain storms that has been experienced here, at this season for several years, swept the surrounding district on Sunday. The early morning was clear but shortly after ten o'clock the storm broke and continued steadily until midnight, when the rain ceased to fall and shortly afterwards a strong wind sprang up. It gained in velocity throughout the night and at times attained a 50 m.p.h. an hour clip. As a result many limbs and branches of trees have been broken. The water in the river was forced up on the wharves and much damage was done along the waterfront. All night long men were engaged removing property to places of safety, but before much damage was done the rain stopped and the strong west wind, which sprang up at midnight helped materially in receding the water.

Fight For Every Seat in Province

One Three-Cornered Contest—Political Meetings.

There were no surprises in the nominations in New Brunswick on Thursday, except that Mrs. Minnie Bell Adney, Independent, had been nominated in Victoria-Carleton, and that Jas. Robinson, Independent Conservative, had retired from the nomination. The candidates are:—

Charlotte—W. A. Holt, Liberal; R. W. Grimmer, Conservative.
Goucester—J. G. Robichaud, Liberal; J. B. Hachey, Conservative.
Kent—Louis Robichaud, Liberal; A. J. Doreet, Conservative.

Northumberland—F. M. Twissie, Liberal; Chas. E. Fish, Conservative.
Restigouche—Mada-waska—Hon. Plus Michaud, Liberal; Arthur Colligan, Conservative.
Royal—Dr. D. H. McAllister, Liberal; George J. Jones, Conservative.
Saint John—Albert (Two Members)—Hon. W. E. Foster, R. T. Hayes, Liberal; Col. M. MacLaren, Thomas Bell, Conservative.

Victoria-Carleton—J. K. Flemming, Conservative; T. W. Caldwell, Independent Liberal-Progressive; Mrs. Minnie Bell Adney, Independent.
Westmorland—Dr. E. A. Smith, Liberal; Dr. O. B. Price, Conservative.
York-Sunbury—C. R. Hawkins, Liberal; R. B. Hanson, Conservative.

"The means of prosperity and wealth and comfort are in our hands," said Mr. Fish in a speech delivered last week as Red Bank. "We have only to avail ourselves of them. If we do, our people will never look with envy on those of other hands."

To Shorten Major League Season

Week Will Probably be Taken Off.

Football, amateur and professional is treading so closely upon the heels of baseball that something must be done about it. Commissioner Landis and John A. Heydler and Ban Johnson, presidents of the National and American Leagues respectively, will be for the box, but the national game to end the season one week earlier.

Under the plan there will be the same number of games—154—and the season will start at the usual date, but the playing season will be shortened one week by working in double-headers.

"The last Sunday in September is the natural time to conclude that major league seasons," says Commissioner Landis. "This will be one of the principal subjects for discussion at the joint meetings this winter."
"Football has become very popular," says Ban Johnson, president of the American League. "Baseball enjoys the field all summer. October weather is not fitted for baseball and we should get the world's series out of the way as speedily as possible."

Under the plan now proposed, the world's series would begin the first Wednesday in October and be completed before the usual autumn rainy season sets in. The plan would eliminate some open dates on which clubs play exhibition games. These open dates are a sore spot for the managers, for payrolls and other expenses must be met, and everything is going out and nothing coming in. Commissioner Landis believes the season can be closed a week earlier without any double-headers except those caused by rain.

Everyone who lives in Canada can derive his livelihood only out of domestic production unless he lives on foreign investments. Consequently everyone must contribute directly or indirectly to this production that sustains them, otherwise they are parasites. You can only assist production by a tariff that keeps foreign goods, that competes with our own, out of the country. Vote for C. E. Fish and adequate protection of our farmers and manufacturers.
