The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. ---

The above list may be changed from time to time to meet the requirements of the School. It will be the aim of the Principal to have at all times an accomplished staff of assistants.

## SITUATION.

**Corrig School** is situated in that beautiful suburb of Victoria known as Ross Bay. It is about two miles from the Post Office. Pupils will consequently be without the possibility of associating with any but members of the School. The site is beautiful, healthy, and retired. The building has fifteen large rooms, the most of them furnished with register grates. The bath rooms will be supplied with hot and cold water. Twenty boarders can be comfortably accommodated.

## THE TABLE

Will be generously supplied with substantial and well cooked food. The Principal and his family, together with teachers and scholars, constitute *one* family, occupy the same table, and enjoy all things in common.

## INSTRUCTION

It will be the aim of the School to prepare its pupils for the practical duties of life—to send them out not only with careful training in certain studies, but with cultured and well disciplined minds, with sound bodies, and with habits of industry, purity and manliness.

In the selection of subjects of study, the aim will be to avoid neglecting the English branches. To read well, to write a good hand, to be expert in arithmetic, to have such a knowledge of geography and history as to read intelligently—to be able to speak and write pure English are *accomplishments* of the first importance. The course of study will include the usual branches of a liberal education in English, the Latin, Greek, French and German

193045

languages, Mathematics, Elementary Science, Book-keeping, Drawing, and also instruction in Instrumental Music.

A special feature of the School consists in its being a *boarding* school. It is managed by one who, besides having received a special training in the best schools in the East, has had an extended experience in various kinds of educational work, as well as the knowledge gained during nine years of clerical life, and who devotes himself wholly to the work of teaching from real love for it.

In addition to the full yet simple explanations of the class room, teachers will, during the study hours, direct pupils in the preparation of their lessons. This indeed is one of the great advantages of a boarding-school, that pupils have at all times the assistance of instructors.

#### RELIGION.

Devotional exercises will be conducted daily, at which all must be present. Once, at least, on every Lord's Day, the pupils will be required to attend Divine Service at one of the Churches. Exercises suitable for the day will also be had in the School. The desire is that Sunday should not be a day of irksome tasks, but of the pleasantest and purest associations. The Principal will not be connected with any parochial work.

#### DISCIPLINE.

The system of the School is intended to cultivate habits of punctuality, regularity and precision. The discipline will be mild but firm. The School is not designed to reform bad boys, but to educate and train in habits of gentlemanly courtesy. Any boy whose influence in the school is found to be injurious, will not be allowed to remain.

#### RECREATION.

Pupils will have sufficient time for healthful sports, such as boating, fishing, salt-water bathing, cricket, foot

and base ball, and lawn tennis. As a precaution against accidents, a teacher will always accompany pupils while engaged in aquatic sports.

#### READING.

Every effort will be made to exclude improper books and papers. It is hoped by furnishing boys with good and entertaining reading matter, to keep out the bad, and educate their tastes to prefer the good. Parents are requested to encourage their sons' becoming members of the Reading Room.

#### REMARKS.

Without a special arrangement no pupil will be received for a shorter period than the school year. Parents are particularly requested to consider this. Should a pupil be withdrawn during this period, except for reasons satisfactory to the Principal, fees for the unexpired part of the year will be charged.

For admission, satisfactory evidence as to character and industry must be furnished. A printed form of application is sent to all applicants, to be filled out by the parent or guardian. This is of the nature of a contract.

When an application for admission is made \$20 of the Term Bill is required to be advanced. No place will be held open for an applicant unless this payment is made. Should the pupil not present himself, the fee will be forfeited.

Written examinations will be made at the end of every ten weeks, when a report of the progress and general conduct of each pupil will be sent to parents.

Damages will be charged to the author of them; when they cannot be found, they will be charged to the whole school.

Pupils stopping at the school during vacations will be charged \$6 per week.

Parents are requested not to ask leave of absence for

pupils during term time, as the good of the school requires it should not be granted except in cases of real necessity.

Parents wishing to continue their sons in the school should notify the Principal before May 1st.

### HABITS STRICTLY FORBIDDEN.

The use of ardent spirits.

Leaving the school limits without permission.

The use of tobacco in any form.

Wilfully marring or destroying the school property.

Visiting saloons or billiard rooms.

Playing cards.

The use of profane or obscene language.

Reading books and papers disapproved.

Disobedience to these rules will be deemed sufficient cause for expulsion from the school, with a forfeiture of the Term Bill.

Prompt settlement of all bills is requested.

Boarding pupils from the city may spend Saturday and Sunday at home, if desired, but no deduction will be made.

No reduction is made for absences except in the case of severe sickness, extending beyond one month, when the sum of \$3 $\frac{3}{4}$  per week will be deducted.

## Card to the Public.

From the position—that of Principal of Lorne College - which he has held for three years now nearly completed, the subscriber is not unknown to many parents in this Province, whose sons have been under his charge in the above named school:

Yet in opening a private school in Victoria, for which the support of the public is solicited, he feels he should put them in possession of enough of his history, to enable them to judge whether he is qualified by learning, training and experience, to be intrusted with the direction of their sons' education.

This being admitted, there can be no indelicacy in calling attention to the following selected from testimonials received during the past thirteen years. Respectfully,

June 8th, 1886.

CHARLES J. BRENTON, Principal.

FROM MR. INGLIS C. CRAIG, PRINCIPAL OF HANTSPORT HIGH SCHOOL.

HANTSPORT, NOVA SCOTIA, April, 5th 1883.

During the year 1879, I was a pupil with the Rev. C. J. Brenton, M. A. Incumbent of Falmouth. He had private pupils, who during my stay were making satisfactory progress. Mr. Brenton had earned the name of a thorough and successful teacher, both in this Province and in the advanced schools of St. John N. B. When he opened his school, I was attending Horton Academy, but knowing his eminent standing as an educationist, I placed myself under his tutorage. Mr. Brenton was laborious, faithful, ready and exact in all his work.

FROM MR. MOORE C. WADE, STUDENT AT KING'S COLLEGE.

KING'S COLLEGE, WINDSOR N. S., March 26th, 1883.

In 1879 being desirous of matriculating into King's College, I engaged to read the necessary classics with the Rev. C. J. Brenton. I

found him punctual, painstaking, willing and accurate. All my questions were promptly and satisfactorily answered. His manner was genial, and as far as I am aware, those who studied under him were well satisfied.

MOORE C. WADE.

FROM MR. E. F. DUNN.

ST. JOHN, N. B., March 27th, 1883.

My son James was a pupil with Rev. Mr. Brenton for five terms, in the years 1878, 1879 and 1880. He was seventeen years of age, and had attended the best public and private schools in this city. While with Mr. Brenton, he made progress most satisfactory to me. He always spoke of Mr. Brenton as being most interested in his advancement. The hours of study were strictly observed, good discipline was the rule, and James spoke of all the boys manifesting a warm interest in their studies, due to the clear and interesting manner in which they were presented. Mrs. Brenton also evidently exerted herself to make the pupils' stay at Falmouth pleasant and home-like.

FROM THE "CHURCHMAN'S GAZETTE" OF MARCH, 1886, OF WHICH THE  
BISHOP OF NEW WESTMINSTER IS EDITOR.

"We regret very much to have to announce that the Rev. C. J. Brenton has been obliged to resign his position of Principal of Lorne College. This step was not altogether unexpected by the Bishop, for before Christmas last it had been arranged that if the help towards additional buildings for which application had been made to S.P.C.K. should not be forthwith coming, Mr. Brenton should be at liberty to withdraw from his contract. The want of accommodation has been a difficulty, even from the beginning, and most especially so to Mrs. Brenton in her management of the domestic arrangements of the school, and the Bishop felt that he was not justified in imposing upon anyone a continuance of so heavy a burden. The loss to the Diocese of Mr. Brenton's scholarly attainments and remarkable teaching power will be very great."

LANAGOUR, COWICHAN, B.C.

DEAR MRS BRENTON:—I feel I must write and thank you for the good care you have taken of my dear boys. It was such a pleasure to see them looking so well and happy. \* \* \* \* \*
