FRANCE TO CONTROL SARRE TILL HER MINES RESTORED

New Plan Will Combine Political and Economical Authority for Temporary Period --- New Phase of Reparations is Presented to the Big Four.

Paris, April 1.—The Franco-Ger- | German annexation of Alsace and man frontier, which is stil the forenost subject before Premiers Lloyd George, Clemenceau and Orlando, and President Wilson, is being presented now from a new standpoint which offers some prospect of agreement. The first plan was to give France economic control of the Sarre coal fields so as to offset damage to the mines of northern France. France was not to have political conrol over the large German populaion in the Sarre Valley, which would remain with Germany. This proved objectionable, and one of the chief objectionable, and one of the chief causes of the council of four's inaction. The main objection was the divided control, by which France would be unable to operate the mines effectively, prevent strikes and enforce authority when the Germans were exercising political control.

exercising political control.

The new plan, therefore, seeks' to combine French economic and political authority for a temporary period until the productive capacity of the mines in northern France is restored, industrial production revived and the prostration due to the war ended. It is estimated that five years will be required to restore the mines to normal, and this probably gives an idea of the length of the proposed joint control by France.

The impression is gaining ground that a formula will be found covering reparation without naming a figure, the suggestion being made of a commission to determine the losses of the different countries.

The Reparations Question. A new phase of the question of reparations is also being presented in reparations is also being presented in the proposal to avoid stating in the treaty any specific total, and thus escape controversy over the largeness or smallness of the amount. It is said that this is possible by defining the character of the payments over a period of years, without precisely defining what the total would reach, and efforts are being made to find a formula which would express this idea.

It is understood that the plan is considered advantageous chiefly for friendly countries, where expectations have been aroused of a total much larger than is likely to be allowed. The impression is gaining ground that a formula will be found covering reparation without naming a figure

Wait on T. S. R.

A report was also submitted by the deputation which waited upon the Toronto Street Railway regarding a belt line route for Bloor and Broadview. Mr. Hubbard, assistant manager of the T. S. R., was not impressed with the committee's idea, and suggested an alternative route, namely, a loop up Broadview to the first street north of Danforth, and down Cambridge avenue, and thence over the viaduct westward, to obviate Y-ing at Broadview and Danforth corners. Mr. Hubbard pointed out that the city laid the rails in their present situation and the T. S. R. disclaimed responsibility. The report will be further considered at next meeting.

Considerable dissatisfaction is prevalent in the Riverdale district regarding the overcrowded condition of Lesile Street School, in which for some time past four part-time classes have been in operation as a temporary measure, to, relieve the congested situation. Since the inauguration of the daylight-saving scheme the situation has been very much aggravated. According to the statement of a Pape avenue resident, it is now necessary for the family to rise almost at daybreak to prepare the children for the first class, which commences at eight o'clock, old time, now seven o'clock, actual time, finishing four hours later. The children attending this class are tiny tots of seven and eight years of age, in the funior first class. The second class commences at 1 p.m. and closes at 5 p.m.

It is a great hardship on the parents and pupils, and considered unnecessary to send out little mites in the cold, early mornings, in obedience to the mandate of an arbitrary school board, according to the opinion of many residents of the district. The matter, which has already been brought to the attention of the board of education, will be taken up at next week's meeting of the Riverdale Ratepayers' Association, and extra accommodation will be requested at Leslie Street School immediately.

G.W.V.A. BOX SOCIAL GIVES SCOPE TO ARTISTS

Over fifty dollars were collected at the box social held at the G. W. V. A. head-quarters last night at Belmont hall, West St. Clair avenue. There were three prizes, the first was a handsome flower box decorated with pansies and lilies, indicating the opening of spring; it was made by Mrs. James Stockley, president of the ladies' auxiliary. One box that was greatly admired represented "In Flanders Field," showing the graves of dead heroes, covered with flags and bunting. Mrs. King made this interesting souvenir. Mrs. Tullers won the second prize. Chas. Pope was the highest bidder.

An audience that filled the large hall entered enthusiastically into the plan of holding this box social, the proceeds of which are to be devoted to the distress fund of the Earlscourt branch of the G.W. V. A. Dancing followed the sale of the boxes and Alexander McGregor was the auctioneer. The veterans' band of four pieces furnished the music.

Helpern is held in custody on a charge

At the new branch of the Canadian Bank of Commerce, 1380 West St. Clair avenue, H. C. Campbell has been appointed manager. He is a returned man and served with the 127th Battalion overseas for some two and a half years, and held the rank of major when he left the service. He was formerly manager of the Wychwood branch of the Commerce bank.

Helpern is held in custody on a charge of manslaughter, bail having been results that he inquest last night, but counsel representing him informed Coroner W. G. G. Russell that he did not wish his client placed in the witness stand.

NEW MASONIC LODGE.

A new Masonic lodge is about to be inaugurated in Earlscourt as there is no lodge located in this section nearer than Bloor street west. The masons in this section have long felt that a more convenient place for meeting should be found and prominent local craftsmen are interesting themselves in forming this additional lodge of the brotherhood.

Mayor Church has written Sir Henry Drayton, chairman of the railway board, protesting against interference with the railways' daylight saving measures. He states that the board of trade, stock exchange and many otrer of the work is estimated at abditional lodge of the brotherhood.

LANDLORDS RAISE RENTS.

Many Earlscourt landlords are taking advantage of the scarcity of houses to raise the rents on the present tenants as they say they are justified in asking increased rents. The feeling runs high here that something should be done to protect the tenants who are at the entire mercy of the owner. What some of these people will do when they leave the present homes it is impossible to say as houses are so scarce in Earlscourt that over 150 people made unsuccessful attempts to rent houses this past week.

MARKHAM TOWNSHIP

MAY SAVE DAYLIGHT. Daylight saving, the vexed question of every rural municipality, remains unsettled here. The Collegiate Institute has adopted the scheme in order to accommodate pupils who come in on the trains, but the public schools and citizens are still on standard time. Farmers going to the city are, however, forced to observe the new time.

A meeting to consider the question of its adoption no one took it very seriously. But we must remember that the Liberals then had a leader who did their thinking for them, much as Sir John Macdonald did the thinking in his day for fully one-half the Canadian people. The Liberals followed Laurier as an array follows its general into battle. He was their platform. A meeting to consider the question gener will be held on Friday.

They're Away Less Than Manufacturer's Cost of Production

For this item we cannot take phone or mail orders, quantity being limited

THIS is undoubtedly the greatest offer of the season in men's dress gloves, and it is only made possible because of a very special purchase of a manufacturer's entire stock. He needed room for newer goods and was willing to let these out at almost any price, even at away less than cost of production. To make a quick turnover today we mark them at a very small profit and every man who knows the value of buckskin gloves will readily see that at this price they're remarkable value. We've arranged for extra space, extra salespeople and parcellers to make selection easy in a large crowd. The gloves are made of a medium weight tan buckskin, with neat embroidered backs to match, prix seams, one dome fastener, gusset fingers and bolton thumb. Buckskin gloves are so refined and dressy in appearance and possess such durability that at this price a man should get a couple of pairs and be supplied with gloves for years to come.

Ald. F. M. Baker in the property committee yesterday afternoon sub-mitted evidence contained in the min-utes of the council of Toronto 1908, in connection with the annexation of the municipality of East Toronto, which clearly stated that the section should be kept a residential district. The question arose when J. H. Nevitt asked permission to construct an apart-ment house at 348 Lake Front. A large deputation was present protesting against the permit being granted. Ald. Mogridge suggested that if the people of the district did not want the apartment house they ought to buy the property on which the house was proposed to be erected.

The committee refused the permit by a considerable majority vote. Another deputation was present and Another deputation was present and protested against a permit to build a store on the northwest corner of Bloor street and High Park avenue. Ex-Ald. Summary of War Work

W. C. T. U.

At the outbreak of war the urgent needs of our boys crowded out the thought of making records of war work. In June of the second year this omission was corrected. Provincial W.C.T.U. provided Y.M.C.A with \$25,000 for hot drinks for men in the trenches.

Toronto's share in this work was.\$ 3,380.84

Housing Problem

Toronto Business Girls

Early in 1914 arrangements for the Extension of Willard Hall were under consideration. Space at that time being at a premium.

Successful business men are more than ever recognizing the commercial value of recreative home hours.

Turning from Business to Social problems, the knowledge that while in strange cities YOUR daughter or YOUR sister is receiving the hospitality of organizations like WILLARD HALL is invaluable.

Reconstruction

We are entering a new era.

Our soldiers are coming home. They need work.

Our Business Girls need homes.

Employment promptly supplied will bring calm to our disturbed social and economic atmosphere.

Contemplating these requirements, our fundamental need today is Toronto's LOYAL FINANCIAL SUPPORT.

How could you run your business successfully without your stenographer, your salesgirls, etc., Mr. Business Man?

Monday morning, March 31st, to April 4th (inclusive), canvassers will wait upon you for your cheques.

Toronto, you have NEVER FAILED! Our needs are before you. If you give according to your valuation of what the Business Girl is to your business, we should have cheques to supply our objective.

\$100,000

The last day of the campaign (Friday) will be Tag Day

Cheques may be sent direct to the Secretary of Willard Hall, 20 Gerrard Street East, or to the Hon. Treasurer, A. B. Patterson, Manager Merchants' Bank, Toronto.

St. Johns. Nfd., April 1.—Preparations for the attempt by Harry G. Hawker and Lieut. Commander MacKenzie Grive, British aviators, to cross the Atlantic in a Sopwith biplane, have been delayed by the limited facilities available here. The airmen have found the task of moving necessary machinery to their temporary airdrome a few miles from the city more difficult than they had anticipated.

They said today that it would be some time before they could get their airplane into working order. They did not venture any prediction as to whether they would be forced to postpone the start of their flight tentatively set for April 18.

Opponents of Time-Saving May State Opinion Today

Ottawa, April 1.—W. A. Boyce, M.P. for South Simcoe, called upon Sir Henry Drayton today and stated that a large number of Unionist members of parliament were express ing themselves very vigorously garding the question of daylight saving. They were opposed to a departure from standard time. He therefore asked Sir Henry if an opportunity would be given them of stating their views as representatives of farming constituencies to the railway board. Sir Henry stated that the board would be present at the rail-way commission rooms tomorrow morning at 10.30 o'clock, standard time, to hear any members opposed to daylight saving.

HAMILTON GROUNDS ARE SECURED FOR SEASON.

Hamilton, April 1.—Hamilton will be a sure starter in the Ontario-Michigan League, Arrangements have been made to rent the grounds by the baseball promoters for \$1500 the season, and steps will be taken to put the H.A.A.A diamond in shape.

Manager Shaughnessy, who is at present in Ottawa, will be here the middle of the month, and from that time on the fans will be able to get a line on the Hamilton line-up, "Shag" has got some promising material in view, and is expected to round up a nine that will make it tough going for any of the other cities on the circuit to capture the 1919 bunting.

Fans are looking forward to the opening of the season with anxiety. They want the league, and there is no doubt that it will be loyally supported here.

Washington, April 1.—Organized baseball interests defending the Baltimore Federal League Club's suit for \$900,000 damages in the district supreme court today prepared to produce evidence in answer to the charges of monopoly which have been made. The plaintiffs hoped to conclude their testimony and rest the case before night.

Counsel for the American and National League interests said that a motion for an instructed verdict would not be made until after testimony for the defence had been placed before the jury.

Lieut.-Col. Stewart S. Janney, former counsel and director of the Baltimore Club, testified today concerning negotiations prior to the "peace pact" which closed baseball warfare.

Early adjournment of the District of Columbia Supreme Count which is hearing evidence in the \$900,000 damage suit of the Baltimore Federal League Club, to allow witnesses to return to Baltimore to vote in a city primary, prevented conclusion today of the plaintiff's case. Counsel for the club said tonight that little additional evidence would be offered by them and upon resting of plaintiff's case tomorrow, it is expected that at.

BAN WILHELM'S PICTURE FROM GERMAN SCHOOLS

Berlin, April 1.-All the Prussian district and provincial government school authorities have been notified by Herr Haenisch, minister of religion

and education, that pictures of former Emperor William and the former crown prince may no longer be hung in the schoolrooms.

The order originates from an incident in an East Prussian school, where the teacher put ex-Emperor William's picture in an attic after the revolution, but was ordered by the authorities to hang it up again, where upon he entered a protest.

Thousand Workers Labor Like Bees to Obtain \$100,000 Objective.

Optimism was the keynote of yesterday's reports from the thousand workers in the campaign of the W. C. U., who are covering the city, laboring like the proverbial bees in their efforts to abtain their objective of a \$100,000 to extend Willard Hall. The object for which the extension is needed is spurring the workers on When housing is the burning ques tion it is, the members of the W. C. T. U. feel they will do a piece of real commodation for two hundred working girls, in addition to those who already find a home at their head-

Yesterday, the second day of the drive, fifty who had volunteered on the evening previous, took possession of the downtown district. Acting on the advice given the previous evening by Colonel Dinnick, they impres-sed upon the business men the fact that the object of the campaign is not to raise money with the view to making on their proposed investment, but to provide the working girls with a comfortable home at the least possible cost.

R. HERBERT STREET COWAN, President and General Manager of the Craig-Cowan Co., Ltd., Glove Manufacturers, 154 Pearl St., Toronto, writes:

'About ten years ago, at the age of 37, I had a stroke, as a result of which I have been partially paralyzed

"For two years I lay in the house in a helpless condition in spite of all that six doctors could do to restore me. I also resorted to massage and electrical treatments, but without very much apparent benefit.

"About seven years ago I began to use Dr. Chase's

Nerve Food, and have used it at intervals ever since. It is only by using this restorative treatment that I have been able to attend to my large and growing business, and for this reason I feel that the least I can do is to recommend the use of Dr. Chase's Nerve Food to others who suffer from nervous derangements.

"In fact, it has afforded me a great deal of pleasure to recommend the use of Dr. Chase's Nerve Food to my friends, and to observe the way in which they have been benefited by its use. As a result of the large number of cases I have observed, as well as my own remarkable experience, I feel that I can speak with some authority."

Dr. Chase's Nerve Food is known and used in the best homes in the land, and is recognized by physicians and laymen alike as a most excellent means of enriching the blood and building up the nervous system. United Effort Will Win Prosperity

The future of our nation depends upon the patriotism of all our citizens. We are now laying new foundation stones. Let us work together while on this great task. Employers and employees should forget personal aims for the country's sake.

The New York Chamber of Commerce went on record recently in favor of

"A closer association of wage earners and capitalists in all large industrial establishments, with formation of representative committees in which differences and disputes can be ironed out and adjustments effected, and particularly the bringing of both groups into direct contact with the problems of each other."

The Chamber voiced its belief that

"Only thus may be secured that degree of co-operation which will tend to stabilize prosperity."

Hundreds of members of this great and representative association of business men applauded the adoption of these resolutions.

It will not need a genius to bring about such co-operation of employer and wage earner. A few men of common sense can do it, and build a great national edifice of square dealing on such a foundation.

And Milk Prices Come Down

Chicago, April 1.—Hog prices passed the \$20 mark upward bound today when they were quoted at \$20.10 per hundred at the stock yards. The highest war-time price was \$21 last fall. During the winter prices dropped slightly below \$18, but have been advancing since the government minimum guarantee price was taken off nearly a month ago.

Kingston, April 1.—Today the price of liquor went up at the government wendors, while the price of milk went down Milk selling at 13 and 14 cents per quart. Irish whiskey went up to \$3.50 a quart bottle, an increase of fifty cents. Decreasing stocks in Montreal and the fact that shipping from England is impossible is given as the cause.

this development campaign will be greatly facilitated by the installation of the up-to-date mining equipment. The sinking of the shaft to the 100-foot level is being pushed with all vigor and the immediate objective of this work is expected to be attained within the next three or four weeks. It is anticipated that the main vein which has a southerly dip, will be encountered in the shaft at an approximate depth of 100 feet. When the vain is cut in the shaft lateral work will be commenced on the vein with a view to blocking out ore ready for treatment when a mill is installed. Surface showings at the Wasapika were exceptionally promising and on this account much interest is attached to the development now in progress as the Wasapika from a development is tandpoint is the pioneer of the West Shining Tree district and the results of work underground there will have an important bearing on the other properties in the district.

Steadily, consistently, WASAPIKA GOLD MINES' stock has climbed in price until today it is practically 50 per cent. higher than at the first of the year, and 100 per cent. higher

The reason for the continued upward movement in the stock is that active development at the WASAPIKA property has been resumed and results are being met with which should shortly demonstrate beyond all doubt that the WASAPIKA is a gold mine in the making. THE UPWARD MOVEMENT IN THE STOCK DENOTES GROW-
