RUSSIA AGREES TO NAME TWO Plenipotentiaries, Tho With Powers to Receive and Not Accept Peace Conditions—Manchuria May Be Scene of Meeting.

St. Petersburg, June 11.—(11.15 p.m.)—Russia is waiting for Japan to name plenipotentiaries to receive and not accept peace conditions. The foreign office expects that the delay will be brief.

The emperor's government would prefer that Paris should be the scene of the initial step, but it is explained that neither the place nor the personality of the plenipotentiaries is yet decided. The Russian representative will be a plenipotentiary with full powers to negotiate. His duty will practically be confined to the reception and transmission of proposals, and the decision as to whether they afford a basis for actual peace negotiations. He will be clothed with power to effect an agreement for the suspension of hostilities, which suspension will be for a very limited period during which Russia must decide the momentous question of peace or of a continuation of the war.

During this temporary armistice both countries probably will be free to continue the movement of troops and munitions of war within prescribed limits, although nothing definite on this point will be announced until the meeting takes place in Manchuria.

If Russia finds the terms for a basis on which negotiations can proceed regular plenipotentiaries will be appointed, the number being decided by the plenipotentiaries themselves and it is not impossible that the plenipotentiaries might be plenipotentiaries in Manchuria as President Roosevelt is believed to have suggested.

It is stated at the foreign office that the question of plenipotentiaries has not yet been officially considered but it is regarded as almost certain that Baron Rosen, the ambassador to the United States, on account of his long intimate acquaintance with the Russian plenipotentiaries, besides his familiarity with Japan, will be one of them.

George De Staal who preceded Count Benckendorff as Russian ambassador at London, and who was present at the peace conference at the Hague in 1899, might be another, although his advanced age and the fact that he has been for some years out of touch with active diplomacy, might militate against him. The number of plenipotentiaries would be a matter of mutual agreement. The Russian precedents lean to two.

After the fall of Sebastopol in the Crimean war which negotiations can proceed regular plenipotentiaries will be appointed, the number being decided by the plenipotentiaries themselves and it is not impossible that the plenipotentiaries might be plenipotentiaries in Manchuria as President Roosevelt is believed to have suggested.

HIS FOUR LESSONS TO EUROPE.

Roosevelt is lauded by Paris Press and Public.

Paris, June 11.—President Roosevelt's success in opening a way for peace negotiations between Russia and Japan is the absorbing theme here, and France has forgotten her own troubles with Germany over Morocco to join in enthusiastic approval of the American initiative. Portraits of President Roosevelt, Ambassador Meyer, Minister Takahira and Ambassador Casini appear in all the journals, with pictures of the White House as the scene of the historic origin of the peace movement. Without exception comment on President Roosevelt's action is favorable with the expression of a slight sense of disappointment that France, as the ally of Russia, has not taken a more prominent part in effecting the preliminaries.

Baron D'Estournelles de Constant, the former president of the parliamentary group in the chamber of deputies favoring international arbitration, severely arraigned the action of the European powers, and applauded President Roosevelt's initiative.

"President Roosevelt," he said, "has already given four such striking lessons to Europe. First, in having brought before the attention of the world the question of peace between Mexico and the United States over the work of the first and fourth in now intervening to put an end to the heliobombs in the far east. All that the European governments have morally lost thru their timidity, the government of the United States has gained."

Tokio Press Pessimistic.

Not Inclined to Concede Peace Without Full Price.

Tokio, June 10.—The Jiji says: "Japan has shown a willingness to appoint plenipotentiaries to meet the Russian and negotiate peace, but it is premature to think this will lead to the ultimate conclusion of the peace conference at the Hague in 1899, might be another, although his advanced age and the fact that he has been for some years out of touch with active diplomacy, might militate against him. Chicago, June 11.—James Dalrymple of Glasgow has outlined what he will report to Mayor Dunne regarding the possibility of the successful operation of street car properties by the municipality of Chicago.

In his conversation before making his formal statement Mr. Dalrymple made a remark which may or may not express his opinion. He said that the conditions in Glasgow differed from those in Chicago. In reply he dictated this statement:

"Of course you know that we in Glasgow have operated the street car service since 1862. As the result of a report to give an outline of the report he would make to Mayor Dunne. He also was asked to state the conditions in Glasgow. In reply he dictated this statement:

"NO LONGER SINGLE," SHE WROTE FOREIGNER SUICIDES AT FALLS

Unknown But of Distinguished Appearance and Apparently From Budapest—Carries Miniature Portrait of Woman to His Grave.

Niagara Falls, N.Y., June 11.—A foreigner of distinguished appearance committed suicide at Inspiration Point, just above Horseshoe Falls, to-night. From letters and papers found in the pockets the suicide is believed to be Dr. Szentorlay Elemér of Budapest. The body was found by two boys. In the right hand of the man was found a revolver, one chamber of which was empty, and in the other the picture of a woman. There was a bullet wound thru the man's forehead.

The picture was a miniature bearing the address No. 299 Broadway and "15 State-street, New York," and "I am no longer single." The other letters beside me in my grave."

A menu card from the steamer Finland, dated March 15, was found in an overcoat pocket, together with cards bearing the address No. 299 Broadway and "15 State-street, New York," and a photograph of himself on horseback, evidently taken in the courtyard of a palace.

The letters were all from the same person and bore the signature "Anna." The one of latest date was from Budapest, and bore the date "April 23, 1905." It was written on delicately tinted blue paper, and was addressed to the stationery. The paper bore an embossed gold crest, and the envelope was sealed with a similar crest. It was written in German. The sentence of the letter was interpreted: "I am no longer single." The other letters bore dates covering a period of several months.

SIR WILFRID IS ON TRIAL NORTH AMERICAN THE JURY

Charged With Being Enemy of Provincial Rights and a Coercionist.

Woodstock, June 11.—(Special)—So far as Woodstock is concerned the plaintiff's campaign for provincial rights closed last night with a big meeting in the opera house. On Monday night the Liberals will hold a final rally and an appeal will be made to the old party pride to save the government. Hon. W. S. Fielding, Hon. Wm. Patterson and several other speakers will be heard and a big effort is being put forward to arouse enthusiasm for the work of getting out the vote on Tuesday.

Saturday night's meeting was held under most discouraging conditions. It rained all day and poured all night, and the immense gathering was a surprise to everybody. The speakers were Premier Haultain, Mr. Maclean, M. P., and J. E. Armstrong, M. P.; Mayor Scarf presided.

Mr. Maclean was the first speaker. He began by saying: "We have a damp night, but a glorious cause. The cause of provincial rights, and the opponent of the present government, is being put forward to arouse enthusiasm for the work of getting out the vote on Tuesday."

A DESCENDANT OF KING SOLOMON.

Menelek of Abyssinia Makes Claim—Has Ark of Covenant.

Berlin, June 11.—Dr. Rosen, minister-elect to Morocco, has returned from Adis Ababa, Abyssinia, where he had gone as special envoy of Germany to the King Menelek for the purpose of concluding a commercial treaty between Abyssinia and that country. Dr. Rosen's personal estimate of King Menelek, whose language he speaks, and whose associate he has for some weeks, is that he is essentially a man of sound morals and excellent principles, even according to the European standard, and that in the main he lives up to these principles. Menelek's own belief is that he is descended from King Solomon and the Queen of Sheba; that his son, who was called Prince Menelek the First, with a following of picked men, Jews and Sabaeans, went into Ethiopia and lived and thrived there, and that these Jews were the founders of the present Abyssinian Semitic race. Menelek the First is presumed to have taken the Ark of the covenant with him, and it is still asserted to be in a temple at Aksum. It has not been seen by the present ruler of Abyssinia himself, only priests of high grade who are unmarried being permitted to behold it. Menelek is in fine health, and although he is 62 years old, looks only about 50.

FRENCH SUBMARINES BEST.

No Test at Toulon Indicates, Says Paris Account.

Paris, June 10.—The announcement that the Japanese are substituting in the battle of the Sea of Japan caused great interest in French naval circles. Experiments carried out at Toulon this week are regarded as showing that the French submarines and their crews are the best in the world. Five submarines manoeuvred below the surface in a comparatively small area, six torpedo boats being detailed to keep close watch. The weather was fine and the sea particularly clear, in spite of which the submarines were able to locate the torpedo boats. The result is all the more satisfactory as the submarines, commanded by Gustave Zide and Gysmont, the two first built in France. There was no such success in Italy, six per cent having perished in a submarine machine near Palermo.

OSWEGO FIAT FAMOUS RACE.

Oswego, June 10.—The Oswego Boat Club has secured the famous Jimmy Hild, of Toronto, Detroit and Boston as coach for the team. Brockville has a team, but Ottawa has probably made a higher bid.

WHAT A CRIME!

To Talk Against Coffee.

To an ambitious student an ailment that interferes with school and study is very hard to bear. A bright young girl in Detroit who had been poisoned by coffee, is now pursuing her studies in perfect health. Probably the coffee champions feel she should have continued to suffer and kept on with the coffee, but now and then there are self-willed creatures who insist on getting well by leaving coffee, describing the "toxic" nature of it and joining the Postum army. From early childhood I year ago I was in the habit of drinking three or four cups of coffee every day. As I grew older, the bad effects began to show themselves, although I had no idea that it was coffee that was doing the mischief. At first we did not know how much from severe headaches that I lost much valuable time from my school and studies. The doctor could give me no relief—the probably did not suspect the coffee any more than I did.

One day I went to visit a friend, and the coffee they had on their table tasted so good that I asked what kind it was, and they told me it was Postum Food Coffee. My friend said that her mother had been a nervous wreck from drinking the old kind of coffee, but had been restored to health by quitting it and drinking Postum. The whole family were enthusiastic about Postum and advised me to try it. If I am glad there is a coffee that can back my health, and did not like to let it go, I bought a tin. At first we did not boil it enough and it did not like it, but we soon learned that it was not J. Kisseck, inside home; Geo. Elder, umpire; Jack Rhoades and Ed W. Brown, umpires.

AUTO PLUNGES THRU OPEN DRAW
THREE OCCUPANTS ARE DROWNED

Tragedy at Rush St. Bridge, Chicago—In Attempting to Pass Another, Driver Didn't See His Danger Until Too Late—Two Rescued.

Chicago, June 10.—Three persons were drowned and two others narrowly escaped a like fate to-night, when an automobile, in which the five were riding, plunged into the Chicago River thru the open draw of the Rush-street bridge. The drowned are: Jerome G. Kurtzman, Chicago, manager for a chemical Co.; Mrs. Jerome G. Kurtzman, W. A. Hartley, manager for an automobile house. The accident occurred at the north end of the bridge, where there is an upward slope of 200 feet towards the edge of the draw. This slope is so steep that it has not been thought necessary to stretch chains across the edge of the draw. The automobile was coming south on Rush-street close behind another machine, the chauffeur of which, seeing that the draw was open, slackened speed and was coming to a stop about 50 feet from the edge of the draw. W. H. Hoops, Jr., who was driving the rear machine, thinking to pass ahead, pulled out one side. Putting on extra power, Hoops's machine shot toward the open draw at 20 miles an hour. When close to the open draw, Hoops realized his danger, and, throwing all his weight on the steering wheel, attempted to turn the machine to the left. The machine was too close to the draw, however. The auto turned slightly, and for a fraction of a second, hung on the brink. The tire of the front wheel ripped off, the hub struck the stone wall, and the machine fell into the river 30 feet below. As the machine slipped along the edge of the draw, the occupants screamed, and all of the occupants rose to their feet, but had no chance to get out. They were all thrown before they were flung into the river, and after them plunged the heavy machine. Hoops and Mrs. Jeremiah Runyon of New York City fell clear of the machine, which was taken up by a wharf near the bridge. Neither Kurtzman, who was taken up by a wharf near the bridge, nor Hoops were pinned down by the machine.

HAMILTON NEWS HELD UP BY MEN WITH A REVOLVER

Dragged into Alley and Robbed—Rev. Dr. Lyle Calls Jonah a Poetic Parable.

Hamilton, June 11.—(Special.)—Waiting for an east end, and a thrilling story to tell the police to-day. He says that Saturday night he was dragged into an alley near the corner of King William and Wellington-streets by two men. While one of them went thru his pockets and took twelve dollars, the other held a revolver to his head. Wm. Rayner, 101 St. Steven-street, had lived in the city since 1838. He leaves a widow, who is a sister of ex-Mayor Lyle, East London, two sons and one daughter, Mrs. William Davis. Ted Mason, a clerk in McKay & Company's store, died Saturday afternoon.

FIRST CHINESE CHURCH OPENS WITH 32 MEMBERS

Rev. Robert Brown Moves His Chinese Congregation Into Their Own Place of Worship.

The Chinese Church conducted at 185 West Queen-st. for the past three years by Rev. Robt. Brown held opening services yesterday at their new quarters in the old colored Baptist Church at 188 West Richmond-st. About one hundred Chinese were present from all parts of the city. The former place of worship became too small for the growing flock under Rev. Mr. Brown's care, and they determined to move to a larger one. They succeeded in securing the old church, which has been used lately by H. C. Dubert as a warehouse. It is not an imposing edifice. No pipe-organ dignifies the church, nor are the seats richly upholstered, and there is no gaily dressed choir. What they have is introduced better from the point of view of the old pastor. With a constant humming with prayer, he described the enthusiasm in which the celestials entered into Christian work. The regular membership is 32, and is increasing. There are five Chinese at the altar, and a number of converts. The regular services are conducted in the regular way. The church is under the pastoral care of Rev. Mr. Trollop, Rev. John Loman and Mr. Joseph Tait, and were well attended.

MOORS MURDER AUSTRIAN CONSUL

Was British Subject and Both Nations Take Matter Up.

Tangier, June 11.—Moorish robbers entered the Austrian vice-consulate at Mazagan on June 6 and murdered Vice-Consul Madden, a British subject, and his secretary, a Dane, and who had been established there for many years. They also fired at and wounded his wife. The assassins escaped. The British and Austrian authorities here are protesting to the Sultan's foreign minister.

MURDERERS HAVE SUICIDED.

Whiting, W. Va., June 11.—The mystery of the murder of Gilda Schubert on March 22, last, has been cleared through affidavits secured by chief of police Clemens.

Pleasant Time at Eubridge.

Port Perry, June 10.—(Special.)—The new Masonic Hall in the Blong Block, Port Perry, was duly opened last night by a banquet and at home given by the officers and members of Fidelity Lodge, A. F. and A. M., with nearly 200 present. The visiting guests came from White Lake, Westfield, Newburg, Market, Oswego and Toronto. Acellent concert was given by Mrs. D. Archer, Misses Hazel Jones, Alice Weir, E. Beacock and Meta, Dunn, Hallanyne and Goldring and the Toronto Orchestra. The banding hall was thrown open and refreshments served and dancing lasted till 2:30 a.m. C. Hutchison, manager of the local agency of the Western Bank, proved an efficient master of ceremonies in the absence of Worshipful Master Freeborn. Mr. Hutchison occupied the chair at the concert. The dedication rites of the new lodge will take place next month.

His Love Murders.

Lions, N. Y., June 11.—Jacob Prove, a laborer, murdered his wife to-day by cutting her throat as she lay in bed and then inflicted a slight cut on his own neck. The couple have been married 24 years and had eight children. Prove was insanely jealous of his wife, 24 whose life he had made four previous attempts.

HUNTED BUFFALO IN AUTO.

Bliss, Oklahoma, June 11.—Chased by 25 cowboys and a band of Indians headed by Chief Geromins, a buffalo was shot to death on "101" ranch by Dr. S. Thomas, a club man of Chicago, who hunted in an automobile.

NOTE ON THE THIRDFREADING FRENCH MEMBERS TO SWITCH

Le Nationaliste Says They Are Divided Into Three Groups for Reasons of Their Own.

Montreal, June 11. (Special.) - It is quite possible that the next vote in parliament will see the French-Canadian members divided into three groups.

The French-Canadian Conservatives all voted for the second reading of the Northwest autonomy bill, because the only thing at issue was the principle of separation, for, altho the Sifton amendment had been announced, it had not yet been incorporated in the bill.

DEATH OF MR. SIMMONS

WAS OLD-TIME NAVY MAN

Served With Distinction in Chinese Waters and Was Youngest Petty Officer in the Navy.

William Simmons, contractor, died at his residence, 263 Fairley-avenue, on Saturday morning.

He was born in London, England, June 4, 1838, and after his school days commenced to learn the trade of a carpenter, but at the age of seventeen joined the British navy as a first-class boy, where he rose to the rank of a first-class petty officer, and was on the receipt of his last promotion, as his parchment commission corroborates, the youngest petty officer in her majesty's navy.

His first ship was the fifty-gun frigate Nankin (Captain Hon. Sir Keith Stewart) which was ordered to join the fleet in Chinese waters under Admiral Sterling; shortly after their arrival he volunteered into the Hornet, a "corvette" of seventeen guns, which was ordered, in company with the man-of-war Encounter, and the frigate Peak, under Commodore Elliott, to chase the Russian fleet to Castra Bay and from thence up the River Amour, which they did; the Russians, after deserting their vessels burnt them to prevent their capture.

Shortly after war broke out in China, and the Hornet was in the hottest of the fight, being engaged to no less than three general flank and almost ceaseless boat engagements with the enemy where Mr. Simmons was conspicuous for his bravery, and received rapid promotion. Early in 1857 he took part in the taking of the Bogus Tigas forts and the Takoo forts leading to Pekin, the blockading of the River Fatchan, the capture of Canton, serving with the fleet until the close of the war, and for twelve months subsequently in the suppression of the Chinese insurrection, taking several cities and laying waste the surrounding country to protect the inhabitants until the imperial troops regained the supremacy.

While serving in the Hornet they captured and destroyed seventeen piratical junks. For the bravery of the crew of this gallant corvette, four commanders of her in five years were made post captains, and Mr. Simmons received the Chinese war medals with two bars. Fatchan and Canton. He was wounded at the storming of the City of Keasidin. After the war was over he returned to England and left the army in 1855, having been in active service in Chinese and Japanese waters over ten years. He married Letitia, daughter of George Beringshire of London, by whom he had five daughters and two sons, of whom four daughters and one son are at present living. Eight grandchildren also survive.

In 1871 he emigrated to Toronto, where ever since he has been employed as a builder and contractor. Mr. Simmons twenty months ago suffered a paralytic stroke, and had been practically an invalid from that time, when on Saturday morning a second severe stroke carried him off.

He was a member of the Army and Navy Veterans for over twelve years, and has been one of the most active workers in the order, and was placed on all committees when any active work was to be accomplished. He was also past president, and up to the time of his death, was chairman of the retirement committee in charge of the work in the old military cemetery, Portland-st.

The funeral will take place to-day at 10 o'clock at St. James' Cemetery, and it is hoped that every officer and member of the Veterans' Association will turn out. Deceased was Mr. Henry John's Church, and Rev. Alexander Williams will conduct the services. The pall bearers will include two comrades, representing the Army and Navy.

WHY DOES RYAN PAY \$5,000,000 FOR STOCK WORTH \$3,500 A YEAR

"Magnificent Public Spirit," Says Equitable Attorney, But Financiers Have Different Opinion.

New York, June 10. - What was the motive that inspired Thomas Fortune Ryan, fraction magnate and captain of industry, to pay James H. Ryan \$5,000,000 for stock worth \$3,500 a year?

It is a question which caused the greater surprise to the public when the transfer of the Hyde control to the secretive man of Wall-street, and the announcement from Mr. Ryan immediately following the consummation of the deal and the election of Paul Morton as chairman of the Equitable, that the deal was a gift to Ryan.

Other expressed views do not give Mr. Ryan the same unadulterated credit for unselfishness and public spirit. The cynicism of the world's financial circles ever seeks for motives ulterior to the interests of the widows and orphans and the work-a-day public, and in the light of Attorney Undermyer's statement, it is recalled that his client, Mr. Hyde, retains possession of some 160 or 170 shares of Equitable stock outside of the controlling interest left in trust by his father, and probably has an understanding thru which he is to receive a little more than \$250,000 a year. It simply would mean that the control had passed from one stockholder to another, and that the new group would enjoy the privilege of handling the surplus and amounting to more than \$400,000,000.

But suppose that the deal was not a gift to Ryan, but that the great insurance company was to be organized to work for the benefit of the public? It is a question which caused the greater surprise to the public when the transfer of the Hyde control to the secretive man of Wall-street, and the announcement from Mr. Ryan immediately following the consummation of the deal and the election of Paul Morton as chairman of the Equitable, that the deal was a gift to Ryan.

GENERATORS

Alternating Current Generators from 30 K.W. to 10,000 K.W., designed for one, two, three or multi phase; wound for any pressure up to 12,000 volts, operating at speeds from 90 to 1,500 R.P.M.
Direct Current Generators from 1 K.W. to 500 K.W., compound or shunt wound, for any pressure up to 600 volts, designed for any service.
Railway Generators from 100 K.W. to 2,000 K.W., operating at speeds from 90 to 600 R.P.M. Rotary Transformers to suit all conditions of railway and electrolytic work.

MOTORS

Alternating Current Motors from 1-8 H.P. to 1,000 H.P., designed for one, two or three phase, 25 or 60 cycles, from 110 to 4,400 volts. Powerful when starting and of high efficiency.
Direct Current Motors from 1-4 H.P. to 800 H.P.; shunt, series or compound wound, slow and moderate speed, designed for any service. Hoist Motors, etc.
Railway and Crane Motors of all speeds and capacities.
Series-parallel Controllers, and Sprague Multiple Control System for Interurban roads.

LAMPS

Enclosed Arc Lamps for Series Street Lighting.
Enclosed Arc Lamps for Interior Lighting.
Meridian Lamps for Office and Factory Lighting.
Searchlights for Steamers and Yachts.
Incandescent Lamps of all candle powers and voltages for interior lighting, sign and decorative work.

TURBINES

Curtis Steam Turbines are built in conjunction with Direct Current Generators in sizes from 15 K.W. to 500 K.W. Alternating Current from 500 K.W. to 5,000 K.W. They possess high steam and electrical economy under all conditions of load, and occupy very little floor space per K.W. capacity, reducing to a minimum the cost of real estate and buildings.

STORAGE BATTERIES

Some of the results which may be achieved by using Storage Batteries are:—
Shorter hours of operation, Relief of peak loads, Regulation of extreme fluctuations of load. Also Lighting Country Houses, Railroad Trains, Yachts, Carriages. Operating Electric Vehicles, Launches, Phonographs, Dental Machinery, etc. Railroad Switch and Signal Apparatus, Telephone, Telegraph, Fire Alarm Service, etc.
A 2,400 Horse Power Battery is now in use by the Toronto Railway Company.

WIRE

Insulated wire of every description.
Rubber covered wire and cable for house wiring and installation of generators and switchboards.
Weatherproof wire for outside construction.
Aerial and Underground Cables.
Silk and cotton covered Flexible Cord for drop lights and fixtures.
Fixture Cord, Annunciator Wire, Bell Wire, Cotton Covered Magnet Wire, Silk Covered Magnet Wire, etc.

SWITCHBOARDS

High Potential Switchboards, with specially designed switches and instruments to suit modern requirements.
Switchboards for all services, Exciters, Direct and Alternating Current Generators, Transformers, Lightning Arresters, Railway Generator and Feeder Panels, Storage Batteries, Motor-Generator Sets, Rotary Converters.

TRANSFORMERS

Lighting Transformers from 1/4 K.W. to 50 K.W., 60 and 125 cycles, oil insulated.
Transmission Transformers from 50 K.W. to 5,000 K.W., 25 and 60 cycles, for any pressure up to 60,000 volts, oil insulated, water cooled or air cooled.
Step-up and Step-down Transformers designed and installed complete, including Switchboards, Air Cooling Apparatus, Water Circulating Devices, Lightning Protection, etc., etc.
Self-regulating Transformers for series street lighting circuits.

SUPPLIES

Meters and Measuring Instruments, Railway Line Material, Rail Bonds, Track Cleaning Devices, Heating and Cooling Apparatus, Fan Motors, Panel Boards, Enclosed Fuses, Cutouts, Rosettes, Knife Switches, Snap Switches.
Sockets and Receptacles, Brackets and Fixtures, Street Fixtures, Shades and Reflectors, Cleats, Porcelain Knobs, Tubes, Glass Insulators.
Annunciators, Bells, Batteries, Push Buttons and general Electric Wiring and Bell Supplies.

County Orange Lodge Protests. Vankleeck Hill, June 10.—(Special).—At the semi-annual meeting of the Loyal Orange County Lodge of Prescott and Glengarry it was unanimously resolved that the county lodge "do strongly protest against the forcing of separate schools on the new Province of Saskatchewan and Alberta. We cannot understand why the Liberal government of Sir Wilfrid Laurier have gone back on their previous record and be-

lieved their previous profession. "We believe the attempt to force separate schools on the proposed new province is a step backward to the dark ages of superstition and bigotry." We find that France having tried those separate schools has found them to be a curse to the country. "We also strongly protest against the Papal Ablegate, Sherrett dictating to the people of this country. "We would call upon the electors of London and North Oxford to by all

means defeat the government at the approaching election." Seashore Excursions. If you are going to Ashbury Park, the Lackawanna will sell tickets at greatly reduced rates July 1, 2, 3, via New York. Choices of routes. Finest scenery. Full particulars and booklets can be obtained at Lackawanna Tourist Bureau, 239 Main-street, Buffalo.

Not as Bad as Reported. After an investigation into the occurrence Toronto Street Railway officials say that the story that only the derailing apparatus at East Queen-street crossing prevented another horror a week ago Saturday night is hardly so. The motorman, obeying a rule now in force, stopped his car before reaching the switch, the crossing gates were up. While passengers were alighting

his attention was distracted and in obeying the conductor's signal to go ahead did so without noticing that in the meantime the gates had been lowered. The car, however, ran less than five feet on the derailing tracks. "The company is alive to the danger of all level crossings," says Manager Fleming, "and is taking every means known to it to warn the men to prevent accidents and in every case where we find men taking a risk we immediately dismiss them."

ANOTHER \$1,000,000 STEAMER TO SAIL THE LOWER LAKES. Detroit, June 10.—Gen. Supt. Schantz of the Detroit and Cleveland Navigation Company announced today that the directors have practically decided to place an order for a duplicate of the one million dollar steamer which is to be built for the company this fall, believing that business will warrant a double service daily between Detroit and Cleveland.

Revenue is Increasing. Ottawa, June 10.—The finance minister will undoubtedly have another speech for the current year. The first ten months show revenue amounting to \$63,324,000, an increase of \$666,000 over the same period last year. For this period the consolidated fund expenditure was \$46,857,000, an increase of \$223, and the capital expenditure \$10,150,000, an increase of \$1,744,000.
