THE ST. JOHN EVENING TIMES

ST. JOHN, N. B., WEDNESDAY, DECEMBER 14, 1904.

WEATHER—Moderate west early winds, fair and cold to-morrow.

ONE CENT.

ON FRIDAY EVENING

Local Opposition Will Select Their Candidate.

MANY NAMES

Dr. J. M. Smith Still in the Hands of Friends—An Interesting Situation.

The convention of the electors of the city of St. John... The convention is called by J. D. Hazen, leader of the local opposition...

Among the names of those, whom it is understood will be presented at the meeting are John E. Wilson, Mayor White, W. Frank Hatheway, Alderman Robert Maxwell, J. E. M. Baxter, Alderman W. Macrae, Geo. V. McInerney, Wm. Shaw and L. P. D. Tilley.

There seems to be considerable speculation as to which one of those mentioned will be selected as the standard bearer.

PROTESTED IN QUEBEC.

Objections Filed to Return of Seven Members in That Province.

Montreal, Dec. 14.—(Special)—Protests have been filed against seven Federal members from the Province of Quebec, exclusive of two in Montreal. The members whose election is contested are: Dr. Desjardins, Nicolet; Hon. H. Levesque, Nicolet; J. A. Rousseau, Champlain; Maynard, Maskinonge; Lovell, St-Anthony; Hunt, Compton; Dr. Worthington, Sherbrooke.

ARE ALL IN NOW.

Ottawa, Dec. 14.—(Special)—All the returns for the federal elections have been received from New Brunswick, Restigouche's figures came in today. They are 1274 for Reid, and 898 for Mott.

TREATY OF PEACE.

Buenos Ayres, Dec. 13.—A treaty of peace between the Government of Paraguay and the revolutionists was signed last night on board the Argentine warship by President Ezcurra and General Ferreira. The treaty marks the complete triumph of the revolution and is based upon the resignation of President Ezcurra and the election of Senor Guana, a supporter of the revolution, to the Presidency.

WILL USE MORE STEAMERS.

Bremer Haven, Dec. 13.—The westward movement of Russian immigrants through Germany, a large proportion of whom are escaping from military service, is so great that the great North German Lloyd Steamship Company will dispatch two steamers, carrying over 4,000 stowage passengers within fourteen days in addition to the regular steamer service.

MOSCOW FOR REFORM.

London, Dec. 13.—A despatch from St. Petersburg, to a news agency says: "Great importance is attached to resolutions adopted by the Moscow city council today in favor of freedom of speech or the press and of domicile and for abolition of restriction laws, etc."

John B. Robertson, commercial traveller, is at the Royal on route to London.

AUTOS IN USE IN THE CONGO.

Twenty years of Civilization have developed Sportiness among the Natives—No Cannibalism or Plural Marriages—New Railroads Building.

New York, Dec. 15.—What twenty years of civilization in the Congo Free State has wrought, the result of the work of King Leopold of Belgium, was told by Prof. Alfred Herinx of the University of Louvain, in an interesting lecture last night, before the entertainment club at the Waldorf Astoria, says the Herald.

Automobiles will soon be in use near the Congo and hundreds of miles of railroads will be in operation. Prof. Herinx declared that cannibalism and polygamy have so far disappeared from the Congo as to these practices. "The government," said the lecturer "strictly prohibits the importation of alcoholic liquors in Africa, not only for the native trade, but even for the use of the white agents, and there was not a single instance of drunkenness to be found in the whole territory of the Congo state."

ORA HINER A SMOOTH HERB.

Supposed to be Dead He Is Found in Montreal—May Be a Bigamist.

Montreal, Dec. 13.—(Special)—Ora C. Hiner, alias Harry Lennox, who is wanted in Texas on a charge of attempting to defraud the woodmen of the world was arrested here last night by the Chief Detective Agency. He disappeared in 1903. His horse and carriage were found in the Brazos River and his "widow" sued for \$3000 insurance from the Woodmen. The order was suspicious, and they, through the Chief Detective Agency, traced a man answering his description in the Phillips, where the regiment was ordered and later to Montreal where he was arrested. It is stated that while in Pittsburgh, he was married to a young woman and also has a wife in Kentucky. Verdict, Hiner left for Texas with Deputy Sheriff Pollard, last night without fighting extradition.

THE BEVERLEY CASE.

It is Occupying the Attention of the Police Court This Afternoon.

The case of Hanington vs. Beverley was returned before Magistrate Ritchie at two o'clock this afternoon. Amon A. Wilson appeared for Mr. Hanington and J. King Kelley for Mr. Beverley.

JURY SAID GUILTY

Sherbrooke, Dec. 14.—(Special)—The jury in the LaPatrie murder case at 10.30, this morning, after being out since six o'clock, last evening, returned a verdict of guilty. The defense moved for a reserve case on the ground that the judge's charge influenced the jury. The court took the motion on deliber and the sentence is accordingly reserved until the motion is disposed of.

HAS REACHED HALIFAX.

Halifax, Dec. 14.—(Special)—The mail steamer Cortinhan due here yesterday, from St. John, only reached port this afternoon, having been delayed by a snow storm. She sails this evening for Liverpool.

MRS. CHADWICK WILL BE LATE AT CLEVELAND.

Buffalo, N. Y., Dec. 14.—The Buffalo and Cleveland special which is carrying Mrs. Cassie L. Chadwick on board reached here at 8.20 o'clock over an hour late. Mrs. Chadwick rested comfortably during the night although she had one nervous attack which required the services of her nurse. Mrs. Chadwick occupied the lower berth of the drawing room and the nurse the upper berth. Deputy Marshal Kumb sat upon the couch during the entire night, while the door sat Deputy Marshal Kelger. The vigilance of the officers was not relaxed during the night in the slightest degree.

Mrs. Chadwick spoke optimistically of the outcome of her difficulties in Cleveland. The train is due to arrive in Cleveland at 11.10 but on account of the severe cold which prevented the engine from keeping up a full head of steam, time was steadily lost in crossing New York state and it will reach Cleveland at least two hours late.

Cleveland, O., Dec. 14.—The Plain Dealer this morning prints the following cable correspondence between Mrs. Cassie L. Chadwick and her husband, Dr. Leroy Chadwick, who is now in Paris: "Can I be of any service, if so I will take the first steamer. Keep up courage. Mrs. Chadwick's reply was 'Don't. Thanks for offer.'"

Cleveland, Dec. 13.—District Attorney Sullivan tonight received word from Andrew Carnegie that he was suffering from lumbago and would not be able to attend the Grand Jury investigation which commences tomorrow. Mr. Carnegie will, however, attend the trial of Mrs. Chadwick when it opens on Monday.

ANOTHER BIG FIRE.

Minneapolis Threatened With Severe Scorching.

IMMENSE DAMAGE. One Fireman Killed and Two Others Believed to be Buried Under Debris.

Minneapolis, Dec. 14.—Fire which broke out in the photographic supply house of the O. H. Peck last night, spread to adjoining buildings and caused a loss estimated at \$2,000,000. The Peck building was entirely gutted and the six-story furniture house of Boutell Bros., one of the largest establishments of its kind in the northwest, was ruined and a number of smaller buildings were destroyed. The Peck building was owned by the Peck Mercantile Co., an immense department store, just across from the Peck building. The Peck Mercantile Co. was threatened and the flames seemed to be about to reach the Peck Mercantile Co. when the fire was extinguished. The Peck Mercantile Co. was threatened and the flames seemed to be about to reach the Peck Mercantile Co. when the fire was extinguished.

BOSTON IS STILL WET.

In Yesterday's Election City Decided for Liquor Licence.

Boston, Dec. 14.—Although the municipal elections yesterday resulted in a sweeping victory for the Democratic party, the Republicans gained two members of the board of aldermen and two members in the common council. The city as usual, declared for license by a large majority. The campaign had interest because no mayor was to be elected. Of the 19 aldermen elected ten were Democrats and nine were Republicans. Allan J. H. Curley, who is serving a two-months' sentence in the Charles Street Jail, for impersonating another man at a civil service examination, was elected.

TOTALLY DESTROYED.

A Store and Bakery at Reserve Mines—Grand Master Sampson Welcomed.

Sydney, N. S., Dec. 14.—(Special)—The store and bakery of W. J. McDonald & Co., at Reserve Mines, was totally destroyed by fire at midnight last night, causing a loss of about \$500,000 and \$725,000. Jacob Miller and John Fellows, members of the insurance patrol were killed.

WILL BE TAKEN BACK TO STATES.

London, Dec. 14.—At the Bow street police court yesterday, Walter de la Mare, 20, on the steamer Saxonia from Nov. 20 on the charge of \$200 and was arrested on the charge of stealing track certificates. The freight train locomotive was of a heavy type, and played havoc with the passenger cars of the other train.

WERE NOT EXCITED.

Witness Swears Energetic Officers Held Rioters Easily Quelled Russian Riots.

Gonol, Russia, Dec. 14.—During to-day's session of the court which is trying the man accused of being responsible for the rioting here in September 1903, a new witness, a railroad employe recounted his experience in stopping the rioters who were rioting almost mechanically and without manifesting excitement. The witness added that it needed only a few energetic orders to stop the rioting. He called the attention of several officers to this fact but his efforts were of no avail. The witness heard of the impending troubles long before they actually took place.

UP PIKE'S PEAK BY AUTO.

Denver, Colo., Dec. 14.—An automobile climbing contest, entries to be open to the world, has been announced by G. A. Wahlgren of the Overland Racing Association. The contest will occur in August 1905 and Pike's Peak will be the scene. The actual climb will be approximately 8,000 feet and the road distance about 14 miles. The steepest grade will approach 45 degrees.

CHARGED WITH NEGLIGENCE.

Manila, Dec. 14.—Major Edward B. Harline, of the Seventh U. S. Infantry is to be court-martialed on charges of neglect in not having a sufficient guard at Malate prison from which thirty-three native prisoners escaped, recently after killing three soldiers on guard.

JUST LIKE ONTARIO.

Pueblo, Colo., Dec. 14.—A special grand jury impaneled several days ago has returned twenty-five indictments for election frauds.

GEN. JANUARY RUSSIA'S HOPE.

Czar Relying on Cold Weather to Help Whip the Japs—Von Plehve's Assassin claims Justification—Japs at their Zenith.

St. Petersburg, Dec. 14.—The general staff apparently is entirely satisfied with the military situation in Manchuria, being convinced that the Japanese have reached their high tide. A high officer said to the Associated Press today: "The Japanese army is unique in military history and probably the strongest in the world, combining the strength of barbarism with civilization, drawing from the ferocious fanaticism and scorn of death and from the latest knowledge of the science of war. We have been fighting them under heavy handicap, but have at last stopped them. They have missed the psychological moment. They should now be at Harbin with Vladivostok and the east literally cut off from the world. Theirs instead of wintering where they are. The cold is Russia's ally, not as it was against Napoleon. The Japanese cannot endure extreme cold like the Russians. They are not strong enough to attempt to turn Mukden now and will not be even if Port Arthur falls and 50,000 reinforcements are sent up to join Field Marshal Oyama. In the meantime Russian troops are pulling up behind."

CLAIMS JUSTIFICATION.

St. Petersburg, Dec. 14.—It turns out that at the trial yesterday of Sasunoff, who assassinated Interior Minister Von Plehve in July last and Sikorsky, his accomplice, while Sasunoff did not present the apology he had written in the hospital, he delivered a speech in his justification. Sasunoff walked with a cane, a throw of his cane having been amputated as the result of wounds received by the bomb explosion. He also was very deaf, one of his ear drums having been smashed. The effect of the application of Emperor Nicholas' manifesto on the occasion of the birth of the heir to the throne upon the sentence of Emperor Nicholas' term (penal servitude for life), to fourteen years and Sikorsky (who was sentenced to twenty years), to ten years.

TRAINS MEET ON THE I. C. R.

Head on Collision This Morning, No Lives Lost.

Montreal, Dec. 14.—(Special)—A head on collision took place on the Intercolonial Railway this morning between the Victoria train and the Acadia Railway passenger train, and the Intercolonial freight train. The collision occurred between the Acadia and motive power. No loss of life resulted. The engine crews of both trains are reported to have jumped the northern terminus of the Acadia coast road is at St. John's. The I. C. R. train was on the charge of a heavy type, and played havoc with the passenger cars of the other train.

QUITE A STORM.

Along Shore to the Westward on Tuesday—The Austin Delayed.

The Eastern Steamship Company steamer St. Croix, arrived in port this morning at 9.30 o'clock with 39 passengers. This steamer should have arrived last evening, but was detained by a storm to the westward. The steamer left Boston last Monday morning at a snow storm and on reaching Portland, Maine, Captain Pike decided to remain at that port all that day, or until the storm abated. The storm along the New England coast was very heavy, at times blowing gale, but was off the land from a northwesterly direction, with snow squalls.

MARINE NOTES.

Digby, N. S., Dec. 14.—(Special)—Bark supposed to be the Currie L. Smith has been off Bear Island several days she was heading up St. Mary's Bay today noon.

THE WEATHER.

Forecast—Decreasing northwest winds, fair and colder. Thursday moderate westerly winds, fair and cold. Synopsis—The storm centre passed considerably south of the Maritime provinces, causing fresh gales at sea and a fall over the greater part of Nova Scotia. To Banks northwesterly gales moderating tonight. To American ports, fresh northwesterly winds.

ST. JOHN MEN PROMOTING.

A Patent Nutlock for the I. C. R. Hockey Player Declines.

Montreal, Dec. 13.—(Special)—Hon. H. A. McKown, and H. McCallan, who are promoting a patent nutlock, are here interviewing the manager of railways and the management. Some Montreal parties are also said to be interested in the St. John men's patent.

BIG CROWDS AT THE FAIR.

Amherst, N. S., Dec. 14.—(Special)—The large attendance at the Maritime Winter Fair continues and the interest is unabated. The entries include 150 cattle, 102 sheep, 140 swine, and over 700 poultry. There is a good fruit display. The general council of fruit growers met yesterday to formulate resolutions to present to the Dominion Department of agriculture asking for increased aid to the fruit industry. A Provincial Fruit Growers Association for New Brunswick was formed. The educational lectures are being listened to by thousands. Every train is arriving at Amherst loaded down. The success of the fair is assured.

WAS A FAKE YARN.

Ottawa, Dec. 14.—(Special)—Nothing is known in Quebec here of the report from Washington that there are negotiations on for a meeting of the joint High Commission. There will certainly be no meeting of the commission until after the next session of parliament.

FATHER IGNATIUS

Asserts That He Has Twice Raised the Dead.

FULL PARTICULARS. He Repeated Divine Command to Rise and the Dead Came to Life Again.

New York, Dec. 14.—A London dispatch to the Herald says—Continuing his avowal of the old faith even to the raising of the dead, Father Ignatius the Welsh clergyman, proceeded to recount to a reporter of the Daily Express on Tuesday, various occasions upon which he had performed, what he called miracles. One notable occasion, it appears from Father Ignatius' statement was in the year 1862, when one night, a woman earnestly besought Father Ignatius to save her daughter who was dying of typhoid. "Suddenly," said Father Ignatius, "I felt the command of Our Lord upon me and I rose up. All I said to my friend was 'Do bring your relic with you.' He had a wonderful, beautiful relic, a piece of the wood of the true cross. We had a long walk and went as fast as we could. When we reached the house, the girl was dead. She had been dead two hours and the body was already composed for burial. Upon an involuntary impulse, however, which I felt to be inspired, I took the relic of the cross from my friend and laid it upon the dead girl's breast; then in the words of the Apostolic command, I cried, 'In the name of Jesus Christ, I say unto thee, rise.' Slowly and stiffly the corpse rose in bed, and my friend, turning to me cried: 'What have you done?' 'I have done nothing I replied, but the Lord hath done great things indeed.'"

LOST CLOTHES AND MONEY.

Robbery Reported to the Fredericton Police—Successful St. John Girl.

Fredericton, Dec. 14.—(Special)—James White, an employe of Palmer's Tannery, has notified the police that a suit of clothes and \$11 were stolen from his room in the Royal Hotel, Queen street. A fellow boarder is suspected of theft and cannot be found.

ST. JOHN MEN PROMOTING.

A Patent Nutlock for the I. C. R. Hockey Player Declines.

Montreal, Dec. 13.—(Special)—Hon. H. A. McKown, and H. McCallan, who are promoting a patent nutlock, are here interviewing the manager of railways and the management. Some Montreal parties are also said to be interested in the St. John men's patent.

THE ST. JOHN EVENING TIMES, WEDNESDAY, DECEMBER 14 1904.

Two Blooming

The Adventures of Two Criminals.

BY DOUGLAS WINTON.

"I have seen the wicked... spreading himself like a green bay-tree."—Psalm, xxvii, v. 35.

(Continued.) "Wal, sergeant, or whatever you are, I guess yes," replied the little Yankee, who, now that the time of trial had come, did not want for pluck. "I don't say I saw through you, was't pretend to be more clever than I am; still, there was a sort of feeling, deep down in my little Mary somewhere, that this crook-catching business was requiring rather too many letters, and cheques, and stamps, and so on, to be quite natural; so I just took an opportunity to change them two letters when you wasn't looking; it came easy, as they were both addressed to the same place. If you had any crooked game on, I reckoned you'd a just given that last one a lick and posted it, then guess ahead to cash your cheque bright an' early in the morning and got landed in jail. Wal, I've missed getting you, but you ain't got the bundle neither."

Bay Trees.

A bit queer on ordinary unaddressed paper." "We could get a sheet of his club paper," said Childs-Gordon. "These big clubs have so many members that you can almost always get in without challenge. Let's see what his club is." A little search in the prisoner's pockets brought to light a card case. With the aid of Piggy's torch, Childs-Gordon examined a card. "Magnates, Northumberland Avenue," he said; "that ought to be easy enough. Reading-room is just inside the door on the left. I'm hardly in the rig to try it, but you might, Porson. What do you say? Shall we tell our friend on the box to drive to Northumberland Avenue?" "No," said Piggy decisively. "With one slight alteration, the plan stands as it did before. I'm giving up bad practices, and I'll have no hand in torturing this poor little devil. Don't you, Childs-Gordon, you will get your half of the hundred thousand all right. There will be a slight increase of risk, but it is I who take that. Tell me, you are sure there is nothing against you?" "Morally, everything—frauds, sins, enough to sink a battleship; but, as far as the authorities are concerned, nothing at all. My ward, whose trustee I was, would not prosecute; and my debts, legitimate and otherwise, an old Quixotic fool of an uncle, who had hated me all his life, went and paid, or arranged somehow for the honour of the family name. If he'd given me a quarter of the cash to use myself, I need never have come a cropper at all, and, by this time, would have been at the top of the tree. But didn't we go into all this before deciding that the cheque should be made out in my real name?" "Yes," replied Piggy, "but this new development makes the matter more delicate; it is necessary to be doubly sure. Now tell me, do you think the clerk, or any of them at this bank, the—er—Anglo-Canadian, will know you by sight?" "Does that matter?" said Childs-Gordon. "I am afraid that there is pretty sure to be some one there who will know me by sight; it's not long since I was a pretty familiar figure in town, both City and West End, you know."

Many Women Suffer Untold Agony From Kidney Trouble

Very often they think it is from so-called "female disease." There is less female trouble than they think. Women suffer from backache, sleeplessness, nervousness, irritability, and a dragging-down feeling in the loins. So do men, and they do not have "female trouble." Why, then, blame all your trouble to female disease? With healthy kidneys, few women will ever have "female disorders." The kidneys are so closely connected with all the internal organs, that when the kidneys go wrong, everything goes wrong. Much distress would be saved if women would only take

DOAN'S KIDNEY PILLS

at stated intervals. Miss Nellie Clark, Lambeth, Ont., tells of her cure in the following words:—"I suffered for about two years with kidney trouble. I ached all over, especially in the small of my back; not being able to sleep well, no appetite, monstrous irregular, nervous irritability, and brick-dust deposit in urine, were some of my symptoms. I took Doan's Kidney Pills. The pain in my back gradually left me, my appetite returned, I slept well, and an effectively cured. I can highly recommend Doan's Kidney Pills to all sufferers from kidney trouble." Price 50 cents per box, or 3 for \$1.25. All dealers, or Doan Kidney Pill Co., Toronto, Ont.

THE COST OF A GREAT CITY.

New York Spends Over \$10,000,000 to Keep Going. (Wall Street Journal, New York.) The following compares the city budget of 1905 with the city budget in 1901: 1901..... \$ 98,100,418 1905..... 110,524,209 Increase..... \$12,423,791 This is an increase of 12.5 per cent in four years. This seems large, and it is large, but New York is a great city and is fast now in a state of transition, and reconstruction which inevitably calls for increased expenditures, to be met mostly by issuing bonds, but involving also increased taxation. In the four years from 1900 to 1904 the expenditure of the Federal government increased 5.1 per cent, but in this computation the payment for the Panama canal was deducted. Still that was responsible for purposes of comparison as the Panama canal payment was of the same nature as the payments for the subway. The nation made the former by taking the money for its surplus of previous years, while the city paid for the latter by increasing its indebtedness. A comparison of the budget of 1905 with that of 1901 shows the following increase: Interest on public debt..... \$4,708,501 Redemption of debt..... 4,000,000 Education department..... 1,985,118 Fire department..... 1,100,000 Street cleaning..... 445,790 Charitable institutions..... 60,258 Police..... 52,137 Some idea of the immensity of the cost of the city government may be obtained by the following comparison of the 1905 budget with the expenditure of a number of governments: New York city..... \$10,524,209 Canada..... 2,750,000 China..... 11,800,000 Japan, in 1902..... 12,800,000 Netherlands..... 61,400,000 Belgium..... 115,000,000 It is only in comparison with the greater powers, like England, France, Germany, Russia, and the United States that the expenditure of New York city seems small. It costs about as much to defray the expenses of this city as it does those of the second rate powers of the world. It has been said that the city is in a state of transition and reconstruction. This has necessitated vast expenditures, for new public works, such as the subway, bridges, etc. This sort of reconstruction is by no means completed. The future growth and commercial supremacy of the city depend on a continued policy of liberal expenditures for public improvements. At present the city has an apparent margin of new indebtedness of more than \$100,000,000, but a very large proportion is already pledged for works not yet authorized. The necessities of the not far distant future will have to be met by an increase in real estate valuations or else a change in the constitutional debt limitations.

THE GLOBE'S REMEDY.

A citizen who has been a reader of the Globe for many years, and is disposed to regard its utterances as somewhat arduous, gave a sign of satisfaction last evening as he sat in his easy chair, adjusted his glasses, and discovered in the Globe an editorial on Civic Reform.

Here was a live topic, the discussion of which had somewhat puzzled him. Other papers had expressed diverse views. Now he was to hear the final word. His favorite paper was to do his thinking for him.

Pursuing the editorial, he found, as was eminently proper, a reference to the fact that the city council has declared itself in favor of a two-year term. Then came a bit of history, and an assertion that the present system enables the aldermen to elect themselves, by means of combinations at City Hall.

"Aha!" cried the citizen. "The system is wrong. It must be changed. The council has no right to usurp the rights of the people."

This view was confirmed when the reader went a little farther and read a statement that the present system has not given the people any better aldermen than the one which it replaced, and that a two-year term will have no better effect. "And now," quoth the citizen to himself, folding the paper to read the article with more ease, "we shall have the remedy."

With some impatience, it must be confessed, he read aloud to himself the names of the aldermen whom he appointed, and gave themselves choice contracts, and a reiteration of the statement that present conditions are not satisfactory.

With some surprise, also, he observed a sneer at civic reformers, with whom "the city is alive." But in the end he was rewarded. There was really an end to the article, even if it was near to the bottom of a column. It summed up the whole matter in this magnificent sentence of reform:

"It may be after all that things are as good as they can be, and that we have as effective, as capable and as satisfactory a city government as we ever had, and as we deserve to have."

The citizen rubbed his eyes, blinked a few times at the printed page, and reflected.

"It's a great scheme," he said at last—"a great scheme—if it can only be carried out."

of so influential an independent paper as the Toronto News the result of the campaign at this distance appears to be somewhat doubtful. It may be hoped that the sermons preached and the articles written on the subject of political corruption in Ontario will not be unheeded in this contest; and that both parties will strive to make a cleaner record than that which in the past few years has disgraced the province.

CHURCH UNION.

The Times quotes today from the Winnipeg Telegram an article about the great union conference between delegates representing the Presbyterian, Methodist and Congregational churches, to be held in Toronto this month. The subject has evidently attracted much attention in the west, and among the delegates are some of the strongest men of the western churches.

Among the Presbyterians are several such as Dr. Patrick, Dr. Bryce, Dr. Herdman, Dr. Carmichael and others who took an active part in the Presbyterian Assembly in St. John last summer. The Hon. David Laird and Hon. Colin Campbell are also included, as well as a second vice president of the Canadian Pacific railway. The Methodist delegates are not so well known in the lower provinces.

Dismissing the subject editorially, the Telegram says: "Other questions of pressing interest have so occupied the public mind within the past few weeks that attention has been diverted from the great problem of church union which the leaders in the Methodist, Presbyterian, and Congregational councils have been earnestly considering for many months. It will, indeed, come as a surprise to many that steps so far advanced that a convention of representatives of the three churches is to meet in Toronto on December 20, 21, and 22. The delegates from the West have all been appointed, and the selections made show that the churches desire to be represented by their strong men. No doubt, equally representative appointments have been made in all other parts of Canada.

The occasion will be one of profound interest. Difficulties in the way of union have been preserved through their own individualities and traditions there until now. The lines of development in these churches have not been divergent but rather convergent. They share the same spirit, and in that spirit they have faced the practical desirability of acquiring increased efficiency through economy in organization. When the question of union was formally proposed, it was expected that it would be possible to hold within so short a time the convention for the consideration of plans and conditions. This convention will be noteworthy from every point of view and will be watched with deep interest by every class of the community.

DOESN'T KNOW US.

The Times reprints today from the Bangor News an editorial which takes it for granted that Canada, and eventually, in her own interests, join the United States. Among the reasons given are the fact that Canada buys goods from the States, and that there are men of Canadian birth all through the State of Maine.

In reply to the News it may be stated in the first place that as Canada's industries are developed she will buy less from the United States. In the second place, the fact that in past years many Canadians settled in the eastern states is no more an argument for annexation to that country than is the American rush into the northwest an argument for the annexation of the states to Canada.

Each country has its own ambitions, its own resources and its own problems. Canadian sentiment is utterly misunderstood by the News and many other American papers. If this country buys in the American market it pays for what it gets, and believes it gets value in return. But it is not forced to place its orders in that country. There are others.

In Messrs. Skinner and Lowell's provincial government party have selected representative business men as candidates for city and county, against neither of whom any personal objection can be urged. The like is true of the opposition candidate in the county, whose city colleague is yet to be chosen. From the tone of some of the speeches last night it is evident that the fight is to be waged on federal as well as provincial lines. The campaign will no doubt prove a very interesting one.

Dr. Smith says he is still in the hands of his friends. The Globe and Star did what they could to forward his candidature yesterday, but none of the doctor's friends were ready to speak for him at last night's convention. The ways of political friendship are past finding out.

Commenting on Mrs. Maybrick's statement of English prisons an American paper properly remarks: "Prisons are not intended for incarceration of innocent persons. They are places of punishment for criminals; and the fact that a criminal will be sent to them is intended to act as a deterrent on all persons criminally inclined. If any prison was a Waldorf-Astoria, none of us might belong to the criminal class."

WAITING PATIENTLY.

Thinks With Blaine That Canada Will Be a Ripe Apple to Pluck By-and-By.

(Bangor News.) Since a few free traders in Massachusetts have started an agitation in favor of reciprocity with Canada, it is reported that English statesmen are worried somewhat lest Canada, finding the trade with the United States so much more agreeable to the wants of the Canadian people, may want to sever her connections with the mother country and annex herself to her Uncle Samuel. Apprehensions on this score are idle, because when Canada is fitted to be annexed to the United States, she will tumble into our arms in spite of all England can do.

THE KAISER WAS PLEASED.

He Made a Demonstration Over a New Opera's Premiere in Berlin.

Berlin, Dec. 13.—The stage of the Royal Opera house was piled with wreaths of flowers as Emperor Leonavallo received for the last time tonight, after his departure for Rome, the Emperor William stood up in his box and, in the presence of a large international audience, cried "Bravo." The applause was deafening, and the Emperor, who had been seated at the emperor's private expense, rose and bowed to the audience.

A DEALER IN APPLES.

A. S. Burgess, an apple dealer, was in the city yesterday, and left last night for Montreal, where the headquarters of the company he represents are situated. Mr. Burgess belongs to Canning, (N. S.), near which place he has a large orchard. He reports the last season to have been rather a slack one. The apple crop was not as good as in previous years. Sydney has been a good local market, as is also St. John's (Nfld.).

THE BRITISH IN THIBET.

London, Dec. 13.—The Gazette to-night contains long despatches from General Macdonald, Military chief of the Younghusband mission, describing the operations in Thibet. These have in the main been covered by newspaper correspondents. A summary shows a total of 16 engagements or skirmishes, in which there were 202 British casualties, including twenty three officers, of whom five were killed. There were 411 deaths owing to climatic and other causes, and 471 were invalided.

THEY FAVOR THE SCHEME.

Nearly 200 Baptist Churches Have Pronounced For Church Union.

The project of union between the Baptist and Free Baptist churches is rapidly growing in favor in the maritime provinces. Rev. Dr. G. O. Gates, chairman of the joint committee, reports that now 193 Baptist churches in Nova Scotia, P. E. Island and New Brunswick have voted unanimously in favor of union. There are a number of churches yet to hear from but it is hoped all the reports will be in by the middle of through and through with people who were born in different parts of Canada and who are now honored citizens of Maine. There are more than 30,000 people of French birth in Maine, one half of whom were born across the line. There is no Maine village so fine as to hold no resident who was born in Nova Brunswick or New Brunswick or Prince Edward Island.

DR. ROBERTSON AND HIS BRIDE.

In St. John on a Visit—Description of the Wedding in Pembroke, Ont.

Dr. Robert D. Robertson of Wotawikwin, Alberta, arrived in the city today with his bride, who was Miss Grant of Pembroke, Ont., and will visit Mr. Robertson's mother on Wentworth street.

A Pembroke, Ont. letter of Dec. 10th thus describes the wedding:—"Last evening the home of Mrs. Hugh Grant had very festive appearance, the occasion being the marriage of her youngest daughter, Miss Kaine, to Dr. R. D. Robertson of Wotawikwin, Alta. At half past nine of the bride took her place at the piano and played Mendelssohn's wedding march, as the bride, leaning on the arm of her brother, Dr. Arthur Grant, of Potsdam, N. Y., entered the parlor, which was decorated with trimmings of white naseamentarie and pearls. The bride looked beautiful in white crepe over white tulle, with a bouquet of yellow roses and maidenhair fern and a shower bouquet of white roses, lily of the valley, maiden hair fern and amilax.

Miss Ida Morris assisted as bridesmaid and looked lovely gowned in yellow Gros Grain silk with trimmings of velvet and lace and carried a bouquet of yellow roses and maidenhair fern. Mrs. Henwood of Montreal assisted the groom. Little girl as page and wore a suit of white serge, while little Helen Stewart, cousin of the bride, was flower girl and wore a dress of white silk. The ceremony was performed by Rev. Dr. Bayne. After the ceremony the party, about 75 in number, repaired to the dining room, which was decorated with yellow and white chrysanthemums, where an excellent supper was served.

Hon. William Watson Washburn, President of the Louisiana Commercial Club, and a very well known man of New Orleans, La., writes from 677 Canal street: "I am satisfied that there is not a finer medicine placed before the public today than Peruna. I have been troubled for nearly twelve years with kidney and liver troubles, and at times I have been a very sick man, unable to attend to my duties. I had about made up my mind that no medicine could help me, when one of your booklets was brought to my attention which I read in a leisure hour, and I decided to give Peruna a trial and I find that I had at last secured the right medicine for me. For two months I used it faithfully and then felt so well I was like a young man once more. This was over a year ago and I have not had any trouble since. Although I am in the seventies I feel better and more active than I did thirty years ago."

Most derangements of the kidneys are due to catarrh of the kidneys. Peruna is a catarrh remedy. This explains why it is that Peruna cures a great number of kidney diseases in which the usual remedies fail.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

THE ST. JOHN EVENING TIMES, WEDNESDAY, DECEMBER 14, 1904

MEMORY OF OUR HEROES. Monument to Brave Canadians Killed in South Africa.

Those who have been recently in Dominion square have observed the crane there and the workmen engaged in excavating the foundations of some erection of considerable size. This is the monument intended to commemorate those of the Canadian contingents who fell in the South African war and the valor of their comrades, and also the patriotic and public spirit of Lord Strathcona and Mount Royal in raising and equipping a regiment of horse for service in South Africa.

The principal feature of the monument is an equestrian group in bronze, in which the horse, terrified by a shell, is rearing and is being soothed by a scout of the Strathcona Horse. The latter is all on the alert, searching the ground in front for the enemy from whom the shell has come, while with quiet power he shows his devotion to his rider.

The two sides of the monument will receive bas-reliefs in bronze commemorative of two very important battles in which the Canadians participated. Above the bas-reliefs will be the following inscription: "To commemorate the heroic devotion of the Canadians who fell in the South African war, and the valor of their comrades."

The four angles of the pedestal are emphasized by supports which will give pleasing lines leading from the base to the steps of the pedestal. At the base of the four sides will be placed cartouches on which will be inscribed the names of the four Canadian contingents.

The height of the pedestal will be 16 feet from the bottom of the first step to the top. Steps will lead from the path surrounding the oval plot of ground up to the base of the horse's head. The bas-reliefs will be four feet three inches. The steps will be four feet three inches. The pedestal of light Barry granite, which possesses a beautiful light gray color and a fine grain.

The site is perhaps one of the most satisfactory that could be obtained anywhere. The eight converging paths give an opportunity for viewing the monument from almost every point.

The sculptor is Mr. George W. Hill, a Canadian, a native of Richmond, Que. He studied at the Ecole des Beaux Arts and at Julian's Academy, Paris, and was one of the strongest pupils in Julian's. He was one of the competitors for the Strathcona statue in Dominion square, but was not successful on that occasion. He has lately completed a sculpture and decoration. He won the competition for the Strathcona statue in Paris. The sculptor has obtained in Paris the criticisms of his quarter-size models from some of the most eminent animal sculptors who have given special attention to horse studies and from figure sculptors, and he has received much praise for the excellence of his work. The monument will be one of the few equestrian statues in Canada, and in spirit and conception it should prove quite a departure.

The erection of the monument is due to Sir William Van Horne, Mr. R. B. Angus, and Mr. James Ross, trustees of the fund; Mr. E. S. Clouston, treasurer, and Mr. P. S. Davidson, secretary. The response to their appeal for subscriptions was very heavy, and they have in their hands \$30,000, the sum which the memorial is expected to cost.

RESTIGOUCHE BROKE RECORD. Trip From Sydney to Quebec the Latest Ever Accomplished at This Season.

(Quebec Telegraph, Dec. 8.) The steamship Restigouche, owned by the North American Transportation Company, which runs between Montreal, Quebec, Gaspe and Newfoundland during the summer season, arrived in port last evening at 5 o'clock from Sydney, C. B., with a full cargo of coal.

The Restigouche went into the Louis Basin and this morning commenced to unload her cargo on the Point a Garry wharf. Capt. Sears, master of the steamer, speaking of his trip up the St. Lawrence, which is the latest ever made by any merchant vessel in the history of Canadian navigation, spoke highly of the Restigouche, which he said is one of the staunchest craft he has ever seen, and is loaded with an excellent sea steamer that can stand all kinds of weather.

Capt. Sears said the Restigouche left Sydney at midnight Dec. 4, and took 67 hours to make the trip, counting a delay of 12 hours, he was obliged to anchor on account of a severe gale and blinding snowstorm between St. Denis and the light, in the south channel. Capt. Sears, speaking of winter navigation, said:—I am firmly of the opinion that the trip is possible at all times up to Murray Bay, especially to the foot of the traverse, some 65 miles below Quebec, where the real difficulty commences.

Up to this point there are fields of ice to contend with, but they are easily overcome. The narrow channel between the north channel and the traverse is the actual obstacle. When we rounded the Isle aux Coudres the north channel was full of ice, and I took the south channel, which I believe is the best and safest, notwithstanding the opinions advanced in favor of the north channel. We encountered gales all the way accompanied by snowstorms, and were obliged to fetch up and back the ice three times on account of its density and thickness, which in places was as much as 8 and 9 inches. We were obliged to anchor between St. Denis and the light on Tuesday night, and the next day set sail at daylight. When we came to the foot of the traverse we encountered an immense compact of ice, and could see no landmarks on account of the snow that covered the ground, and from there up through the traverse it was all guess work. We, however, determined to push ahead, as I knew to stop would mean the loss of the ship.

The ice was particularly thick and densely packed of Belchasse, but I was well aware of the strength of the vessel and pushed on in safety and reached port at right angles at 3 o'clock. In my opinion, the only means to attain winter navigation will be by specially constructed steamers of from 1,000 to 1,200 tons register. Large vessels are useless, as the ebb tide and ice will certainly be against their success. The greatest hindrance to the traverse with its narrow channel, though there is a wide expanse of water, but outside the channel it is shallow. I came up through the channel at full speed, which in my judgment was my only chance of success, and had to stop and back up three times to back the ice. No huge vessels could possibly do this, and I could not have succeeded only for the great strength in the build of the Restigouche and her splendid power, which gives to my mind the ice-breakers will not supply the need. The ice-breaker is only a sham. What is required is the specially constructed ships for winter navigation, and when this is put into practice, then the scheme may be successful.

U. S. Colonel Cured of Rheumatism. So Crippled He Couldn't Walk—Absolutely Helpless Till He Took The One Sure Cure. FERROZONE. Relieved At Once—Cured Permanently—Well Ever Since.

Colonel H. M. Russ, of Edwards, St. Lawrence county, N. Y., is one of the fine old heroes of the Civil war. After being permanently cured by Ferrozone, the Colonel writes: "I couldn't get around without a cane, and then only with difficulty. 'Rheumatism took complete control of my limbs. 'The suffering was more intense than hardships on the battlefield. 'When my doctor had done his best I got Ferrozone. 'Then came a quick change. 'Ferrozone gave me comfort at once, eased the pain and took the stiffness out of my muscles. 'I am well to-day. Ferrozone cured me completely. I can jump and run like I did forty years ago. 'No matter how long you have suffered Ferrozone will bring you prompt relief. It will increase your strength, renew your vitality, drive out every trace of rheumatic pain. IN HALIFAX. They Want an Export Flour Rate and More I. C. R. Facilities.

The council of the Halifax board of trade had a conference Friday with Mr. Tiffin, I. C. R. traffic superintendent, at which they urged a reduction in the export rates of flour, so as to place Halifax in a position to compete with New York for flour shipping. The board of trade representatives were well received and Mr. Tiffin assured them of his support of the proposition when it comes up before the Canadian freight association. They also asked an extension of the fast freight service from Montreal, representing that while the present service is first class and much appreciated, it is somewhat limited. Mr. Tiffin gave no definite promise on this matter, but the board will follow it up.

Saturday evening a deputation from the board had a conference with Hon. Mr. Emmerson and the local members of parliament. The principal matters considered were increased railway yard space, double track from Richmond to the terminus and the building of a four pier and shed. The minister and members appeared very much interested and promised their support in urging at the coming session the necessity of the improvements suggested.

IS THERE A MATTER TO WHICH YOU THINK PUBLIC ATTENTION SHOULD BE DRAWN? TELL THE TIMES ABOUT IT.

ARE YOU SICK? If so, where? Headache? Dry, hacking cough? Foul tongue? Loss of appetite? Lack of energy? Pain in stomach? Bowels? General weakness? These are but a few of the signs of indigestion.

Some others are: Wind in the stomach or bowels; constipation or diarrhoea; pale complexion; spots before the eyes; dizziness; loss of flesh; irritability; sleeplessness; nervousness. All these symptoms will plague and torment you, and will never permanently leave you, once you suffer from them; only are sure, in time, to get worse, if not treated by the best known scientific method of cure—Stuart's Dyspepsia Tablets.

These curative tablets are composed of ingredients which modern knowledge of the true inward processes of digestion approved of as forming the best, safest, surest and most scientific combination of medicinal drugs, that can be used to relieve all the conditions of ill-health brought on by this much-dreaded disorder.

A disease so "protean" or changeable in its manifestations, assuming so many forms, characterized by so many different symptoms that, more times than not, it is mistaken for some other disease altogether, and the poor patient may die, or at best allow the seeds of permanent, chronic sickness, to germinate and take root in his system.

So it is a real danger we ask you to avoid, when we say: In case of doubt, take Stuart's Dyspepsia Tablets. Even if disordered digestion is not the real cause of your sickness (which probably, though, it is), yet your digestion is nearly certain to be out of order, and if allowed to remain so will seriously complicate your sickness for you.

Stuart's Dyspepsia Tablets, then, will be sure to do you good, and will not interfere with any other medicine you may be taking. They will help to make your food make you strong, and thus, if in no other way, help you back to health by helping your system to throw off disease like a healthy duck shakes water off its back.

Shake off your sickness with Stuart's Dyspepsia Tablets. IN TELEGRAPHIC AND GENERAL NEWS THE TIMES LEADS.

NEWS OF SPORT.

MAY BE HITCH ON THE RULES GOVERNING FIGHT.

Britt and Nelson Arguing Over Regulations of the Break—Is Britt Afraid?—National League Meeting—Hockey a British Game.

THE RING.

Hitch Over Fight Rules.

A dispute as to how the coming contest between Jimmy Britt and Battling Nelson at San Francisco on Dec. 20 is to be fought has arisen. When the men signed articles they agreed to meet under strict Marquis of Queensberry rules. This code, if properly interpreted, calls for the rivals to punch with one arm free in clinches. The referee can only separate them, when they are both locked. Now Britt wants to have the son will not consent to this, and the question has to be settled one way or the other very shortly. If the hitch is not adjusted the match, in all probability will fall through.

In the majority of Britt's contests he has never lodged a kick over the way the battle was fought. Any reasonable arrangement was satisfactory to him, and his change of front now is surprising. His friends say that he is more at home under straight Queensberry rules, and they cannot understand why he should want a change now unless he is afraid of the fighting Dane.

Nelson is very confident over the outcome of the mill. He is sure that he will defeat Britt and is willing to bet \$5,000 on his chances. "I figure now that Britt will be a warm favorite at 7 to 5 on," said Nelson, and if this is the case I will wager all the money I can gather at this price. Should the price be even money it will make no difference. My coin will go down just the same." Nelson is working hard. So is Britt, and if they keep up their present course there is no chance of either being out of trim unless one of them should become stale. Eddie Santry is directing Nelson's training and acting as Nelson's sparring partner. Billy Roache, formerly of this city, will act as referee. Eddie Graney had first choice, but he has declined to act.

Nelson has original methods of training. He indulges in stunts that no other pugilist would ever dream of undertaking. The remarkable thing about the Dane is that he does not believe in routine work. He mixes up his work so that there is no chance of it tiring him and never does the same thing at the same time on two

days unless by accident. Nelson believes in plenty of sleep. He takes road runs, boxes, goes through gymnasium exercises and all that, but only does so when the spirit moves him. Nelson likes wrestling. But he does not go at it in the orthodox way. Without a word warning Nelson throws his arms around his victim and it is a case of do your best or go down. It is only when he gains a fall that the bout comes to an end. These peculiar methods seem to suit the Dane. He thrives on them, and that is all any one could ask.

HOCKEY.

It may be interesting to note that hockey is originally a British game, although the sport is not played as much across the water as in America. This game is also called "hokey" and "hokey" apparently from hook, in allusion to the hooked stick with which the game is played. In the early days in England the ordinary cricket ball painted white was used. The old winter game of hockey, or shinty, is the basis of the modern game of ice hockey, but the modern game is more scientific than its English or Scotch predecessors. The old game was played on more or less frozen ground, and the players carried more about action than rules, and in the beginning no restriction existed in the number on each side, the shape or proportions of the sticks, the size or material of the ball, the size of the playing space, or even the manner in making a goal.

Order was brought out of chaos, between 1881 and 1884, by the McGill University team and the Victorians, of Montreal, and the clubs co-operating with them. In 1887 the Hockey Association of Canada was formed, and the game entered on a new career. Since then the various local associations have been formed.

Clubs Amalgamate.

The Trojans of Fredericton and the Crescents of Marysville have amalgamated their hockey teams, and will put a strong team on the ice this year under the name of the Trojans. This should prove a very strong combination as both teams were

composed of first class players. It is understood that the team will be selected from the following: Goal—Fullerton and Finnamore. Point—H. Babbitt, Smith, Frank Staples. Cover point—Kain Johnson. Centre—Coleman, Robinson, Allen. Rover—McManamin, Frank Hughes. Wings—Dennison, Rowan, Black, W. Babbitt, George Burden, Dick Tibbits and others.

SKATING.

Dalton vs. Logan. It is stated that Ned Dalton and Logan, two well known skaters, will probably meet at Fredericton on New Year's night. It is known that Logan has challenged Dalton for a race in the Arctic Rink, Fredericton.

Great Speed.

Norval Baptie's now at Winnipeg special forte is on the smaller tracks and he is probably without an equal today on an indoor rink. He announces his willingness to meet Nelson or any other skater on any rink in the country where suitable arrangements can be made. With a wind behind him and on a straight-away course, Baptie a few years ago made three records on Lake Minnetonka, but owing to the conditions under which they are made they are not official. There are 28 1/2 for two quarters, 100 2/3 for the half, and 2.08 for the mile.

CURLING.

St. Andrew's Club. The St. Andrew's Curling Club last evening elected the following members: H. H. McLean, Hon. H. A. Moore, George McVivry, W. R. Miles, E. M. Shadbolt, J. Russell, Jr., H. A. Deherly, A. A. Chastain, F. H. Spencer, H. W. Barker, A. B. Cowie, E. A. Paric and A. P. Hazen.

YACHTING.

Smoking Concert.

At a meeting of the executive of the R. K. Y. C. last evening seven members were elected, as follows: Geo. Dick, F. C. Beattie, R. H. Rogers, V. W. Johnson, F. P. Lawson, W. J. Starr and J. G. Taylor. Final arrangements were made for smoking concert, which is to be held in the club rooms in Germain street next Thursday. An excellent programme has been prepared, and will fully maintain the members' reputation as first class entertainers.

Contracted Bad Cold. Doctor Said, Serious! Wanted to Send Him Three Hundred Mills To The Winnipeg Hospital.

Bottle and a Half of Dr. Wood's Norway Pine Syrup Cured.

Read what Mrs. A. G. Wheeler, Wawa, Man., has to say about it: "Please let me thank you for the great good that both my husband and my children have received from Dr. Wood's Norway Pine Syrup. One night when my husband came home from work he had contracted a very bad cold. He became so bad that he had to go to bed and send for the doctor. When the doctor came he pronounced it a very serious case, and wanted me to send him to the Winnipeg Hospital. This, I would not do, as it is about 300 miles to Winnipeg. I decided to try Dr. Wood's Norway Pine Syrup and got four bottles of it. He only took one and-a-half bottles before he was all right again and only lost a few days' work. I always keep it in the house for the children. Even the baby, seven months old, takes it and seems to like it, and as for myself I do not know what I would do without it. I think that every housekeeper should keep a bottle on hand, for I know it will save many a doctor bill."

Price 25 cents. Put up in a yellow wrapper and three pine trees the trade mark. Refuse substitutes. THE T. MILLER CO., LIMITED, TORONTO, ONT.

BASEBALL.

Pennant Present.

New York, Dec. 13.—Harry C. Pulliam was unanimously elected president, secretary and treasurer of the National League of professional baseball clubs, at the annual meeting of the league held here today. The present board of directors, composed of John T. Brush, A. H. Soden, John Hart and "Barney" Dreyfuss, was also elected.

New Rules.

The American League Rules Committee suggests that next season only a ball passing between the hip and shoulder will be a strike. Some players suggest that the first two fouls be passed, and after that fouls shall be called strikes up to two strikes. The rules committee however will go to the conference with the National League unimpaired. In consequence of the M. P. A.

A., relinquishing its jurisdiction over base ball the Montreal A. A. will probably affiliate with that Association again.

Leaving Montreal.

Detroit, December 14.—An Indianapolis special says that Edward G. Barrow, formerly manager of the Detroit Baseball Club, and at one time manager of the Toronto club, and still later of Montreal, will have one-third interest in the Indianapolis club next season and also the manager of the team. Mr. Barrow, who is there at present, admits that negotiations to this end are on. He says that satisfactory arrangements have been made for his release from Montreal. Nothing is known in Montreal about the rumour.

FOOTBALL.

Cambridge Wins.

London, Dec. 13.—The foot ball match between Oxford and Cambridge under Rugby rules, took place today at the Queen's Club, Cambridge, won by 3 goals to nothing.

THE TURF.

Horse Notes.

W. W. Douse, Charlottetown, has taken Mike Dempsey by Elmo, Trickle by Island Chief, and six others to Gardner, Me., to be disposed of. Resenting a criticism of Driver Geo. M. McPherson's handling of the race Angus Pointer, 2041, owned by McPherson writes: "I will bet anywhere from \$1,000 to \$5,000 that no other driver on earth outside of George McPherson can take Angus Pointer and duplicate in 1905 his campaign of 1904. If he was missed about by men with rustic ideas it ought to be easy money for an up-to-date Grand Circuit driver."

SEAMEN'S MISSION.

S. L. Gorbell has sent the following to the Times: "Last year, at our annual Christmas treat we required 2500 comfort bags, by the end of every seaman who attended the entertainment might be made happy, not simply because of the gift, but because of the feeling that kind friends in St. John were interested in making his Christmas gladness. This year we will require a generous donation of mitts and socks. One lady promises to make as many comfort bags as there are socks, mitts and mufflers. Friends will kindly send in their donation soon."

J. J. McGehegan returned this morning from a trip to Boston.

W. B. Fawcett, of Sackville, arrived in the city today from Boston.

Of the twenty-one persons reported for selling milk in the city, eighteen have complied with the law.

The case of Bustin vs. Segee came up in the county court before Judge Forbes this morning, and was postponed until Friday morning at ten o'clock.

New Brunswick Lodge No. 1 Knights of Pythias, will meet tonight at their hall, Germain street.

The death of Miss Mary Crowley, took place suddenly at 12 o'clock today, at her home, corner of Long street and Main street.

The cold weather has evidently had the effect of keeping drunks within doors. There have been no arrests recorded at the central police station for the past three days, which is rather an unusual record.

The funeral of Wm. Daly took place this morning, at 8:30 o'clock from his father's residence, 64 Main street, to St. Peter's church.

F. A. Barbour, whose firm has the contract to oversee the waterworks extension is today making a trip over the proposed route to Loch, Lomond.

This morning the infant child of L. J. Comeau, of the firm of McIntyre and Comeau died after several weeks illness.

A magic lantern entertainment will be given this evening in the W. C. T. U. hall, West end. About three hundred views will be shown.

THE CHEMICAL ENGINES. One Here and the Other Due in Eight or Ten Days.

As already stated in the Times the first chemical engine arrived in the city yesterday and is set at the freight shed.

It is understood that the engine will be stored for the present in No. 3 engine house, and kept there until the arrival of the second, which according to the statement of a city official is expected here in the course of eight or ten days at the latest.

Upon the arrival of the second engine the test will be made and to see that everything is satisfactory before the machines are handed over to the city.

FANCY WORK SALE. In Connection With St. David's and Queen Square Churches.

The willing workers' mission band of St. David's church will hold a sale of fancy work, dolls and home made candy in the parlor of the church tomorrow afternoon and evening.

The following young ladies will be in charge:—Miss Nellie McIntyre, assisted by Jessie Milligan, Helen Jack, Jean Campbell and Helen Murray.

Pop-Corn table—Miss Kate McEwen, assisted by Miss Margarette Milligan, Mabel Macle and Alice Duff.

Ice cream table—Miss M. Seaton, Annie Fraser, Edith Doherty, Lily Fraser, Blenda McIntyre, and Miss Ogilvy.

A sale of fancy work and candy will be held in the Queen Square Methodist church school room tomorrow afternoon and evening.

Fancy table—Mrs. E. E. Machum, Mrs. H. Law and Mrs. E. Green.

Candy table—Mrs. G. McKinsey, and Mrs. M. Law.

THIS IS COLD SOME. Ballston, Tex., Dec. 14.—Nineteen degrees below zero was recorded by thermometers here to-day.

SERIOUS ACCIDENT. George Brooks Pinned Down by Load of Lumber and His Leg Broken.

On the Atlantic express this morning, there arrived in the city a young man named Geo. Brooks, who met with a most serious accident, and he was conveyed in the ambulance to the public hospital.

It appears that early this morning Brooks was driving a heavy load of lumber near Westfield, when the truck stalled on the icy ground.

Ready and willing hands hastened to his assistance, and as the load was being lifted, it suddenly swayed from the temporary supports and again fell on Brooks, who was lying prostrate on the ground.

After a short time he was removed and it was found by a local doctor that he had sustained a compound fracture of the right leg.

The distance between the city and Westfield is something over 19000 feet. About two thirds of the pipe is 12 inch and the balance 14 inch.

The work was started a year ago last August by the Sumner Co. contractors for the excavating. With the additional main and the excellent service on the higher level it is felt that not even the insurance underwriters will now have any occasion to find fault with Moncton's water pressure.

The conservatives of Westmorland have decided to call a convention to be held at Moncton next Monday afternoon, for the purpose of considering the question of opposition to Hon. F. J. Sweeney, the newly appointed solicitor general.

Mr. Weatherbee, who has charge of the G. T. P. survey party out of Moncton, is laid up here with an injured hand. He was brought to town to have his left hand dressed in consequence of the same being partly torn off his fingers. The injury was painful but not serious.

W. Sims Lee, of Halifax, is here auditing the city accounts.

DOUBLED PRESSURE. Moncton's Water Supply Is Now an Ample One.

Moncton, Dec. 14.—(Special)—Moncton's water pressure all over town, has been practically doubled since Monday night in consequence of the completion of the second main.

The water was turned on the city through the new main, on Monday night, and yesterday citizens who had found the service a source of much annoyance during the past few months, had no further cause for complaint.

The highest parts of the town now boast of an excellent water service. The new main is exactly the same size as the old one and the same length, both entering at the same end of the city.

The work was started a year ago last August by the Sumner Co. contractors for the excavating. With the additional main and the excellent service on the higher level it is felt that not even the insurance underwriters will now have any occasion to find fault with Moncton's water pressure.

The conservatives of Westmorland have decided to call a convention to be held at Moncton next Monday afternoon, for the purpose of considering the question of opposition to Hon. F. J. Sweeney, the newly appointed solicitor general.

THE ELECTIONS. Will Be Held On The Lists of 1905; It is Said.

An article appeared in the "Sun" this morning which stated that if the provincial elections were held on December 30th a large number of the electors would be disfranchised.

The "Times" made some inquiry in regard to the matter, and it has been learned that the 1905 lists will have to be used at this election, if it is held on Dec. 30th.

According to the assessment law, the name of every person who has been assessed for the year 1904, will not go into effect until January 2nd.

It is understood that the 1905 lists will have to be used at this election, if it is held on Dec. 30th.
