UNEMPLOYMENT

Last night's public meeting to discuss the unemployment question was so poorly attended that one might almost assume that the picture of a large family subsisting on cornmeal and molasses for two days, because the wage-earner of the family could get no work, did not greatly impress the people of St. John.

WHAT IT MEANS TO CHINA.

The country that has most reason to be thankful for the Washington conference, although her teeming millions may not appreciate its significance, is China.

NEW LIGHT FOR WISE CHILDREN

(It has been discovered by the president of the Institute of Hygiene that Time is a social menace because it is a trick against Nature and the principle of opposing Nature by a deception has a demoralizing effect upon the race.)

Sit down, my child, and hear me tell The dreadful tale of what befell The man who played a trick on Nature (Assisted by the Legislature).

When April's morns more brightly shone He pushed his truthful timpiece on; Result, a moral law was broken— A lie was acted though unspoken.

The very morning after that He kicked an inoffensive cat, And when his wife was shocked (and rightly) He scowled and answered impudently.

The poison acted right and left; He took to bridge, a miser shift; Then, past all help from prayer or person, Embarked on forging cheques and arson.

By June there was no single sin That man was not indulging in; And all his chime and low behaving Began, you see, with Daylight Saving.

In August, tired of married life, He basely slew his patient wife (An act that none can gloss or garden) And hid her fragments in the garden.

One hope alone remained alight— He could, perhaps (a doubtful might) To ways more righteous, kind and sober When clocks are altered in October.

Alas for him, his luck was out! His callous conduct got about, Which end in strife. And so China is to come into her own. She is not as well fitted for self-government, nor are her people as united in national spirit and national ideals as the western democracies; but she must be left free to solve her own problems, with such sympathetic consideration and assistance as other nations may properly offer.

Her resources are almost without limit. Her sons who have come to English or American colleges have shown mental powers that amazed their tutors. Her statesmen are astute. When education assumes its rightful place in the national scheme of development, there is no reason to doubt that world-leaders will come out of that land whose civilization has its roots in a past so ancient as to ante-date the historian. One of the most hopeful features of the great conference, \$1,400, while the provincial government would pay a like amount and the federal government as much as both of these. With such an office all men and women seeking work would be registered and classified, and to that centre the citizen who wanted a man or woman for half a day would apply just as a contractor requiring twenty-five or fifty men for a month or more would do. The registration would indicate at once the more desiring cases, and the city departments themselves would find it of great advantage in this regard. The citizens should demand the establishment of this office.

Among the minor suggestions made last evening for providing work, the most practical was that of Mr. Tilley, who believes building construction work can be carried on to a considerable extent, and whose company is putting that belief into a new structure to be erected at once. But if there are more than twelve hundred unemployed, nothing short of a much larger programme than the city has as yet laid out will meet the need. There is an emergency. It calls for emergency measures.

CANADA THE INTERPRETER. Mr. J. Wickham Steed, editor of the London Times, addressing the Canadian Club in Montreal, emphasized the declaration of Ambassador Geddes last year that Canada was especially fitted to interpret Great Britain and the United States to each other. He said Canadians possessed the continentalism which the English, Irish and Scotch could not acquire, and could bring about the greatly desired better understanding. "You can't do it," he said, "and without you it cannot be done." Mr. Steed's remarks led interest to the Christmas message of Hon. Mr. Balfour to the American people. He said:

"If this be the season which above all others suggests thoughts of peace on earth and good will toward men, surely there are no nations between whom that peace should be more secure and that good-will more ardent than the two great peoples of English speech. Such has always been my faith; and never did it seem nearer complete realization than at a moment when, under American leadership, so much is being done towards diminishing armaments and removing causes of international offence."

It is fortunate that there is coming into power in Canada a government which will seek the most cordial relations possible with the United States. This does not mean that any Canadian interest will be sacrificed, but where governments are moved by friendly considerations they can do much to promote mutually beneficial relations between the respective countries. The new Canadian premier is personally held in high regard in the United States, where his ability is well known. Both countries are coming well through the after-war depression and looking forward to an era of progress and prosperity. Each can derive benefit from the friendship of the other, and both would profit by closer friendship between Great Britain and the United States, which would, moreover, prove a mighty factor in the making of better world relations and the guarantee of world-peace.

The editor of the London Times was much at home in Montreal. He addressed audiences in both English and French. More Canadians should be able to do the same. There is not enough study of the French language in this country.

Seat to be Found for Mr. Meighen

Ottawa, Dec. 27.—To give Premier Meighen a seat in the next session of Parliament, A. C. Casselman, member-elect for Greenville, has been appointed to a nominal position in the department of soldier's civil re-establishment at a salary of fifty dollars a month. Acceptance of an office of emolument under the crown automatically vacates the seat of the member thus appointed, and the situation has been clinched by the government in arranging for nominations on January 12, and an election on January 26. Intimation was given last week that such a method might be followed, but the name of Donald Sutherland was then being considered as it was understood he was willing to clear the way.

NEW CABINET IS FORMED BY HON. MR. KING

Ottawa, Dec. 27.—The King cabinet is formed, but will not be divulged until the premier-elect is certain as to whether Hon. A. B. Hudson, of Winnipeg, can be included or not. It was prematurely concluded here, and not denied, that his trip westwards on Saturday night indicated that he was definitely out of the running for cabinet honors. Hon. W. H. Motherwell is now assured for Saskatchewan, and it is hoped that in course of time Hon. A. B. Hudson will see his way clear to entering the government for Manitoba. Ex-Premier Stewart would be an ideal representative for Alberta, but the solid block of Progressives in that province makes it impossible for a seat to be obtained, and there is no vacancy in the senate. Hon. Dr. King and Senator Bostock are expected to be the choice for British Columbia. The premier-elect and Premier Meighen have been in consultation with each other on matters of public importance, and it is understood that Mr. King has been informing Hon. W. S. Fielding as to conditions and developments in connection with the proposed merger of the Merchants' Bank and the Bank of Montreal. It is likely that the vacancy created in Greenville to give Meighen a seat when the next session of parliament opens has been made with the knowledge of the premier.

GERMANY'S COLORS VEX HINDENBURG

Berlin, Nov. 30.—(By mail)—Field Marshal von Hindenburg said in a recent interview that the new German colors—black, red and gold—ought never to have been adopted, as to him they symbolized the fratricidal war of 1866 between Prussia and other German states. A historian in the "Vorworts" defends the colors of the republican flag on the ground that they date back to medieval times. The Emperor Ludwig of Bavaria, it appears, made black, red and gold colors of his army as far back as 1836. In 1818, when the first German student societies were founded, black, red and gold were adopted as the banner of liberty and progress. Meantime, in the 1860s, the official German flag, but in 1848 they were again adopted as symbolizing German unity. Again they were the official colors of the German Empire, and despite strenuous efforts in many quarters to suppress them they were rejected in 1871 as the new German empire's colors. Black, white and red became instead the official German flag. The writer cites poetry by Heine and Freilgrath at the time of the democratic awakening in Germany some seventy or eighty years ago, when black was represented as symbolizing the death of tyranny; red meant blood, and gold stood for the sacred flame of freedom.

THE ATHOLL LARCHES.

The name of the Duke of Atholl, the newly appointed Lord Chancellor, is intimately connected with the larch, which was introduced to England early in the seventeenth century. In 1728 the second Duke of Atholl tried the experiment of growing larches from Italy in hot-houses, along with oranges; but the trees did not like the treatment, and only began to thrive when thrown out for dead on a rubbish heap. Duke Atholl has since planted on an immense scale, the fourth Duke planted by the million. From the Atholl woods came the timber for the first warship to be built of larch, a fine frigate laid down at Woodhouse about one hundred years ago, and christened Atholl.

PELLETIER TRIAL BEGAN YESTERDAY

Boston, Dec. 27.—Testimony connecting the name of District-Attorney Joseph C. Pelletier, of Suffolk county, with the alleged extortion of money in 1916 from Meyer Berman, part-owner of a hotel in the West End, was given in the supreme court today. The entire first day of the trial of Pelletier on charges of misconduct in office, upon which Attorney-General J. Weston Allen seeks his removal, was given up to the Berman case.

LEAVES \$50,000 TO TAILOR IN RETURN FOR SMALL FAVOR

Chicago, Dec. 28.—A small favor done several years ago for Ernest de Saint-Giles, author, professor and business man, by Archibald Birt, a Chicago tailor, was repaid last week when Mr. de Saint-Giles' will was filed, leaving more than half his \$100,000 estate to the tailor.

PASTOR GIVES HIS BLOOD.

New Bedford, Mass., Dec. 28.—William A. Andrew, a prominent yachtman and Boston town official, died here despite the bravery of his pastor, the Rev. Lawrence B. Sumner, who gave a large quantity of his blood by transfusion in an effort to save the life of his friend and pastor of the Congregational Church here, it was as a result of the transfusion.

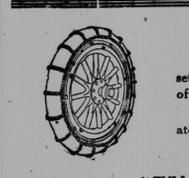

NEW DATA ON CHILD GROWTH.

Children's Bureau Finds Young Boys Taller and Heavier Than Girls. Washington, Dec. 29.—Boys in this country under six years of age average a third to half an inch taller and "about one pound" heavier than girls, according to a report today by the Federal Children's Bureau, said to be based on the "largest mass of data on the heights and weights of children under 6 years of age ever brought together in this country." The tabulation was made in connection with "Children's Year" and includes native and foreign-born children.

The Radiator Humidefying Pan

Made of galvanized iron; rust proof, long wearing. It saves furniture by preventing the glue from drying and opening the joints. It is automatic in action. As you turn the radiator on or off, the heat increases or decreases the amount of water evaporated. Water is cheaper than coal. Health is better than Wealth. Each pan moistens thoroughly 3,000 cubic feet of air—the amount in an ordinary room.

ONTARIO LOSING HER PINE TREES

Toronto, Dec. 28.—Figures to show the rate at which the red and white pine were disappearing from the forests of Ontario were given yesterday afternoon by the general agent of the Sheelin-Clarke Company, by Roland Craig, forestry expert employed by N. W. Rowell, K.C., for the attorney general. Mr. Craig's estimate as to the total available pine timber in Ontario was as follows: White pine, eight billion feet; red pine, one billion eight hundred million feet. He said this timber was annually becoming scarcer and that in 1910 the cut was about 350,000 feet, and the annual growth was not more than 200,000 feet a year.

THIS IS TRUCE WEEK IN IRELAND

(Canadian Press Despatch.) Dublin, Dec. 27.—Today was regarded in southern and western Ireland as the beginning of "Truce week," which is to be devoted to bringing public pressure to bear in favor of the ratification of the peace treaty. An extensively signed petition from all classes of his constituents has been sent to Dr. Patrick McCartan, former representative of the Dail Eireann in the United States, imploring him to actively support the treaty, instead, as he announced his intention, of merely ab-

staining from either voting for or against the Leopoldstown races today, adopted a resolution which will be sent to the principal members of the Dail Eireann strongly supporting ratification of the treaty. The resolution says that under the new regime horse-breeding in Ireland will become a much more important industry and open new avenues for employment. The newboys of the city will be guests of the Y. M. C. A. this evening and the entire building and staff will be placed at the newbies' disposal. The newbies will therefore prepare for the royal time that awaits them. Inspector Caples of the city police force has returned to duty after being confined to his home for nearly two weeks with a gripe.

ROYAL MARRIAGE ACT

Exception to General Law as Regards Englishmen.

A legal correspondent of the London Times contributes the following: Our general law that persons over 21 years of age require no consents to marry is a well known exception contained in the Act of 1772, in the reign of George III. It is a relic of the law of the Middle Ages. Such persons, however, are not permitted to marry until they have obtained the consent of the Sovereign. After that age permission has been given to take place upon the giving of a year's notice, provided that the parties do not expect to be married within that time. Such a marriage, if solemnized, is not valid for all purposes, Parliament might declare the offspring of such a marriage to be illegitimate, or the person so marrying to be liable to the penalties of "pre-nuptial."

It is not on record either that anybody has availed himself or herself of the facility of the act for marriage without consent, or been punished under it. At least three marriages have been celebrated at Rome, the act did not apply, its scope only extending to marriages taking place within the jurisdiction. The judges were called in to advise, and, through Lord Chief Justice Lindley, gave their opinion that the Act applied to a marriage celebrated anywhere. Lord Lyndhurst, the Lord Chancellor, and Lord Cottenham and Lord Brougham agreeing with this view, the marriage was held to be valid and the claim was dismissed. Some interesting evidence was given as to the validity of a marriage between Protestant and Catholic, and no less a personage as Cardinal Wiseman testified on the subject. For the purposes of the decision, it was assumed that the requirements of Italian law were satisfied, it turned entirely on the British side.

Some interesting side-lights were also thrown on the Act itself. In terms it requires the consent of the Sovereign in the case of a marriage celebrated in a foreign country, but the Court held that provisions were directory only, and not mandatory. Thus, since persons of 21 by the Act who have obtained equal consent are not subject to ordinary marriage laws, it follows that they can marry in accordance with common law, at what time and in what place, without having, before or after, obtained the consent of the Sovereign. It was pleaded in argument for the claimant that the penalties of the Act did not attach if the offence was committed outside the jurisdiction, and therefore the Act was only applicable to a British marriage. This plea, as stated, was rejected, but the judges agreed to accept the argument as to the validity of the present act as a foreign marriage. The penalty, therefore, would be a difficult one to escape. In fact, the penalty of pre-nuptial, which might be a possible, would be a difficult one to incur. In the case of a qualified descendant of a

MEN!

Remember all these prices are considerably lower than they were last year.

WATERBURY & RISING, LIMITED
THREE STORES

RECENT WEDDINGS
Keys-Freeze.
The wedding of Miss Mary Irene Freeze, daughter of Mrs. Samuel Freeze, of Dorchester, N. B., to Dr. David Keys, son of Professor Keys and Mrs. Keys, of Toronto, was solemnized in the Timothy Eaton Memorial church, Toronto, on December 22, by Rev. W. J. Fowler, of Montreal, uncle of the bride.

RECENT DEATHS
Arthur Vassos.
The death of Arthur Vassos, proprietor of the tobacco store at the corner of Market square and Water street, occurred after a short illness at the General Public Hospital on Monday. He is survived by one sister, Mrs. F. Marcus, of Moncton, and one brother, Theo, of this city. The late Mr. Vassos was a Greek subject, came to the city about ten years ago and had made a host of friends here who will learn of his death with regret.

RECENT DEATHS
Hezekiah G. Moulton.
While being rushed to his home from Truro, Ill with pneumonia, Hezekiah G. Moulton, a railway mail clerk, of 188 St. James street, died at the Halifax hospital on Monday. He was 72 years of age. He was a native of Vermont and had lived in the city for many years. He was also suffering from diabetes contracted while he was overseer of the work of the sub-station at Truro. He gave permission for the body to be moved from the train. Mrs. Moulton was thirty-one years of age. He is survived by his wife, two children, George, a four weeks old infant, and Lenora, aged four. Also seven sisters, Mrs. William Youdon, Mrs. C. A. Dixon, Mrs. John Ford, and the Misses Belle, Amy, Ruth, and Minnie, all of North Sydney.

RECENT DEATHS
Duncan McKinnon.
The death of Duncan McKinnon occurred at his home in Moncton yesterday afternoon. He was 83 years of age. He was born in Souris, P. E. I., and came to Moncton twelve years ago. He is survived by his wife, one son, William A., of Moncton, and two daughters, Mrs. W. F. Goldthwaite and Mrs. Augustus Perfect, of Haverhill. The funeral was held yesterday afternoon under the auspices of the Loyal Orange Order of which he was a member.

RECENT DEATHS
George T. Blackstock, K. C.
George T. Blackstock, K. C., died last night at his home in Toronto. He had been in ill health for a long time. He was for some time one of the foremost members of the Canadian bar. The late Mr. Blackstock was the son of the late Rev. W. S. Blackstock, and was born in Newcastle, Ontario, in 1837.

RECENT DEATHS
Paris by Daylight Saving Saved 100,000,000 Francs
Paris, Dec. 28.—(Associated Press)—Two hundred thousand tons of fuel, representing 100,000,000 francs, was the economy achieved by the City of Paris by the putting into force of the Summer time daylight saving hour from March 15 to Oct. 29, 1921. This announcement was made by Leopold Bellan, City Councillor for Paris, when asking the City Council to maintain daylight saving in coming years.

Evening Frocks

Of Distinction Greatly Lowered in Price

So many invitations at this holiday season and so many anticipations of a really good time. Without a new frock or two a great deal of the enjoyment is lost. Evening Frocks of latest mode have lately undergone a sharp reduction at this store. Everything that is new and lovely in color, fabric and style is represented among the holiday modes and present prices bring the frock you admire most, easily within your reach.

Taffetas, satins, nets, crepes and panne velvets. All these are among the fabrics most in demand and are showing in a glorious array of bright colors and delicate tints, as well as a generous assortment of all blacks.

There are fluffy styles suitable for the "Miss" of slender build; graceful models of much refinement for the dignified matron; and all sorts of clever and most becoming styles for other folks.

Bouffant effects brought about by adding row upon row of petal shaped pieces to form entire skirts or smart side panels; quaint basque waists with just a tiny frill in place of sleeves; touches of contrasting color in bodice decorations of richly-hued flowers or shell ornaments; glints of metallic brocade and wonderfully blended ribbons, lace overdraperies—these combined with beauty of color and fabric go to make the loveliest Evening frocks you've seen.

Geranium red, French blues, sapphire, Tangerine, Tealose pink, Nile green and other unusual colors are prominent.

If you have been hoping to find a very dainty and attractive dress at a small cost, you will undoubtedly be pleased when you see the fine values offered by this special selling.

CARLETON UNION LODGE INSTALLS

Carleton Union Lodge, F. and A. M., installed officers last night in the Masonic Hall, Charlotte street, west end, with more than two hundred and fifty members present to witness the installation which was conducted by Hon. Dr. J. B. M. Baxter. After the installation had taken place, a banquet was given at the lower floor, where a turkey supper was served. Speeches were made by Dr. Baxter, Harold Mayes and other past masters. Readings were given by E. R. W. Ingraham and Frank Ganser, Dr. W. Wilson and the Martello Band played. Soloes were sung during the evening by A. C. Smith, Jr., and J. Percy Cruller.

After the banquet, motion pictures were shown, with a much appreciated musical accompaniment by Messrs. Wilson and Mayes. The city members reached the east side on the return in installed were as follows:—Worshipful master, Harold Mayes; senior warden, Leonard W. Adams; junior warden, Ernest Bisette; junior steward, Charles Emmerson; organist, Leonard W. Wilson; director of ceremonies, W. P. Barron; inner guard, A. C. Smith, Jr.; outer guard, Alfred Belyea.

NEWS NOTES ABOUT PROMINENT BAPTISTS

Rev. M. B. Whitman has been removed from Pugwash, N. S., to Margarettown, N. S.

Rev. A. W. Currie has removed to St. John for a time and is living in Durham street. He preached with much acceptance for Rev. G. D. Hudson in Victoria street church on Sunday evening, 18th inst.

Rev. A. J. Prosser, efficient pastor of the First Cornwallis church, and key-man for Kings county, N. S., for the convention's finance committee, has favored us with a copy of a circular he has prepared and sent to the churches of Kings county regarding the allotments for denominational work. With very slight modifications this would form an admirable model to be used all over our convention's constituency for a similar purpose. It should prove of much value where it is faithfully used.

The important church at Brookline, Mass., has secured a successor to Rev. Arthur C. Archibald, who resigned that pastorate last spring, in the person of Rev. Samuel Macaulay Lindsay, the present pastor of the Hanson Place church, Brooklyn, N. Y. Mr. Lindsay is a native of Scotland, and a graduate of Newton Theological Institute. He is a young man of excellent parts and of winning personality. He will become pastor in Brookline on February 1, 1922.

For some weeks Rev. E. V. Buchanan of Second Falls, Charlotte county, N. B., has been the supply at Charlotte street church, St. John West. The people of that church and congregation have greatly enjoyed the preaching of Mr. Buchanan and speak very highly of it. Mr. Buchanan has not served in the regular pastorate for some years. Our office was favored with a call from Rev. C. E. Pines, of Tancook, one day last week. Mr. Pines was in St. John to speak the Christmas season with his daughter, Mrs. Smith. He reports the work moving favorably on his last pastorate.

THREE KILLED IN CHRISTMAS FIGHT

London, Kentucky, Dec. 28.—Three men were killed instantly and two others were seriously wounded in a pistol battle at Portersburg on Monday night, according to a report here. The dead were Hughey Hammonds, sixty years old, a son, Samuel Hammonds, and George York, son York and his nephew, King York, were wounded.

The battle, according to witnesses, occurred in the home of Thomas Martin, where men reputed to be members of the Martin-Phillip and the Bengel class were holding Christmas celebrations. A dispute is said to have arisen, and one of the Yorks shot Hughey Hammonds and fatally wounded his son. Sam Hammonds fell to the floor he drew his pistol, according to witnesses, killing

CORCORAN MAKES NOT GUILTY PLEA

Boston, Dec. 28.—A plea of not guilty was entered yesterday by Wm. J. Corcoran, former district attorney of Middlesex county, to indictments charging conspiracy to extort money from James L. Donovan and a man named Curtis. He furnished \$10,000 bonds.

Corcoran, who is now a resident of New York state, was indicted some time ago. Disbarment proceedings in this state also are pending against him. He had not appeared in his city since his indictment, but his counsel made it known to the court yesterday that he was ready to surrender himself.

TEN DAYS OF RAIN IN CALIFORNIA

(Canadian Press Despatch). San Francisco, Cal., Dec. 27.—Rain has fallen in southern California for ten days and continued today with no forecast from the weather bureau as to when it will cease. San Diego was isolated, except by ocean-going vessels, as the high-ways and railroads have suffered many wash-outs.

No loss of life has been reported in Southern California, but the property damage has been heavy. Nearly nine inches of rain has fallen in Los Angeles in ten days. At Anaheim, two feet of water ran through the streets last night. In San Francisco, the rain-fall in the last twenty-four hours was 1.59 inches with a forecast of more rain today.

A Public Meeting On Unemployment

Speakers at Pythian Castle Present Suggestions For Relief of Workless—Dominion Bureau Matter.

Many and varied suggestions for the relief of the unemployment existing in St. John were advanced at a public meeting to discuss the subject, in the Pythian Castle last evening, at which F. A. Campbell, president of the Trades and Labor Council, presided. Mayor Schofield assured the gathering that so soon as the 150 or 200 places which would be created by the projects which the city already had in mind had been filled other work would be undertaken. He maintained, however, that the city could not provide work for all those out of employment and insisted that some supplementary scheme be devised, that proposed by Rowland Frith would have to be resorted to as well.

The suggestion that building might be stimulated by an all round agreement between lumber merchants, builders and workmen to accept less than their ordinary remuneration was made by several speakers. The establishment here of a federal employment service office was advocated warmly by several speakers but a resolution calling upon the city council to take steps towards setting up an office here was defeated by a majority of two, on a vote in which only about half the meeting took part.

Larger undertakings than those planned so far by the city were advocated, as was also the plan of Mr. Frith, namely, that as many as possible of the business houses of the city each take a man and provide him with work for the next few months. A. M. Belding declared the problem was a serious one but that it was not one for any particular society but for the whole community to solve. The responsibility for its solution rested upon the community as a whole and the blame for failure to solve it would likewise fall upon the community, he declared. L. P. D. Tilley said that his company was undertaking building operations and offered to associate himself with others who would be willing to build at this time. He said his company had done a lot of relief work on the unemployed and repair work on its properties, and urged others to do likewise.

The meeting was attended by 100 persons, including about a dozen women. Although suggestions were abundant, the only definite action taken by the meeting was in defeating the resolution to ask the council to establish the employment service office. This vote was taken late in the evening after a considerable number of the original gathering had left. Rev. H. E. Thomas said no matter how serious it was there were still many bright spots in the situation. It was the credit of the mayor and the council that they had provided some means of meeting the situation. He spoke of the fine spirit of generosity and true charity which had been manifested in the community during the past week, which had been of great benefit to unfortunate people and he complimented the merchants of the city for their fine spirit in maintaining staffs larger than they really needed.

The question was, whether these measures were adequate. He thought that, in some cases, the unemployment registration of last week was not taken sufficiently seriously. It was his opinion that there were far more than the 1200 unemployed and the 4000 dependents upon the registration showed. Something besides the opening of a stone crusher to employ 120 to 150 men ought to be undertaken by the board of trade if it undertook the work of registering unemployed would do it thoroughly and

A Stubborn Cough Loosens Right Up

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

MRS. DELLA KUNZE, Chicago, Ill.

"I understand now why so many people praise Tanlac as I have tried it myself and it certainly is a wonderful medicine," said Mrs. Della Kunze, 856 Lull Ave., Chicago, valued employee of the Boston Department Store.

"I eat with so much zest and enjoyment now that my family really joke me about it. A short time ago, however, I had absolutely no appetite and was eating so little that I was losing weight and strength every day and I suffered so much from indigestion and nervousness that I was on the brink of a breakdown. There are absolutely no words that can express my delight at the remarkable and immediate results I obtained from Tanlac. It benefited me in every way. Instead of being depressed and melancholy and tired and worn out I am full of life and energy and cheerful and happy all the time. I've gained twelve pounds in weight too."

Tanlac is sold in St. John by The Ross Drug Co., Ltd., and P. W. Munro, and by leading druggists everywhere.

He favored it formerly when times were better and men could be moved around from place to place. He would guarantee that the common council would adequate employment office if the present one was not equal to the occasion. What was wanted was work and not an office. It was easy to get men at this time when men were readily available, he said. The council was about to undertake work for 150 or 200 men. When these men were produced he would guarantee that the common council would create other work to provide further employment. Taxes would have to go up but every body was calling on the council to provide work for the unemployed, and this could only be done by adding to the tax bills for next year.

Other Speakers. P. Horne spoke in favor of the establishment of a federal employment service bureau. Mr. Frith, manager of the Scholastic, said that a portion of the lines collected from automobilists by the province be paid to the city and used for other public works. Mrs. E. Altherton Smith suggested going ahead with building the new station and other public works.

Mr. and Mrs. Samuel Williamson, of Brown's Flat, have announced the engagement of their daughter, Ruth, to John Wesley Beazley, of Holdenville, son of Mr. and Mrs. William Beazley, of Oklahoma City, S. A.

CITY PROVIDES WORK FOR 100

Employment for one hundred men in civic work, to commence next week, was decided on at the council meeting held yesterday afternoon with Mayor Schofield and all the commissioners present. The public works department will absorb fifty of this number for the work of filling in Newman Brook, while the other fifty will be cared for by the water and sewerage department, which will undertake the laying of a new sixteen-inch water main in Carmarthen street and along King street east. Further announcement will be made soon but men will be signed on at the employment bureau at City Hall at once. Final plans will be made, it is understood, at the common council meeting on Thursday.

Commissioner Jones said that pressure at the high levels of the city would be maintained during Thursday of this week, on account of repair work. He, therefore, advised citizens in those areas to draw extra amounts of water on Thursday. The first business was the adoption of which recommended that until the appropriations for the year 1922 are adopted by the council, the controller be authorized to make payments of the following amounts to cover the period taken to discuss the estimates: Fire department, \$8,000; police department, \$8,000; streets, \$18,000; sewerage maintenance, \$3,000; ferries, \$1,000; lights, \$1,000; hydrants, \$1,500; schools, an amount equal to one-twelfth of the warrant for the year 1921; hospital commissioners, an amount equal to one-twelfth of ninety per cent of the warrant for 1921.

The Board of Railway Commissioners of Canada wrote to notify the council that a sitting of the board would be held in this city on Tuesday, January 17, 1922, at 10 o'clock in the forenoon to hear argument for an equalization of rates on the part of the five firms of the west side, recommending the cutting of a road through the head of Rodney street quarry, was received and a motion was made, after discussion, that the Colwell Fuel Company, Limited, the J. M. Woodside, superintendent of the matter would receive careful attention. The argument advanced was that it would provide much-needed employment. Commissioner Frink was of the opinion that operation of the stone crusher during the heavy frost was bad business, as it rendered the jaws of the crusher liable to breakage.

William M. Campbell, chairman of the general committee, presided and there was felt to be cause for satisfaction in the excellent showing made. The meeting passed upon all reports and arranged to close up the affairs of the committee.

The financial statement is to be submitted to D. G. Lingy to be audited. It showed gross receipts of \$20,945.01 and a total expense of \$14,224.36, leaving a balance of \$16,720.65. A division of the balance on the basis of \$83.13 for each child in the several institutions gave the following apportionment: British street Home, forty-five children, \$3,740.85; West St. John Home, sixty-eight children, \$5,662.84; Wright street Memorial Home, thirty-four children, \$2,828.42; Wiggins Male Orphan Institution, twenty-four children, \$1,995.12. This apportionment accounted for \$14,224.23 and it was agreed that this sum should be placed in the savings bank and paid out in five monthly payments, commencing with January. The accrued interest to be paid with the last installment in May.

The \$300 and a trifle over which remained, it was agreed, will be divided as follows: \$200 voted to the secretary, J. E. Arthurs, as a small recognition of his work for the fair and \$100 to be set aside for unforeseen expenses as an emergency fund for the present. Mr. Arthurs reluctantly accepted the sum voted to him but requested that the money be given to him to "use as he saw fit," and this was agreed to. A very hearty and appreciative vote of thanks was tendered to the chairman, W. M. Campbell, on the motion of Dr. A. D. Smith, the vice-chairman. The meeting decided to have the detailed reports of the transactions in connection with the management of the fair printed and to send a copy to each

RECEIPTS OF FAIR TOTALLED \$20,945

The gross receipts of the recent twelve-day fair in aid of the Protestant Orphanages in the city were reported as \$20,945.01 at the meeting of the general committee and workers for the fair held last night in the Orange Hall, Grand street. With the payment of all expenses it was found a balance of \$16,720.65 remained, and when this sum had been divided, per capita, among the children at present in the four institutions in the city it was found that the fair had realized \$83.13 for every child. There are now 171 children in the four orphanage homes.

William M. Campbell, the chairman of the general committee, presided and there was felt to be cause for satisfaction in the excellent showing made. The meeting passed upon all reports and arranged to close up the affairs of the committee.

The financial statement is to be submitted to D. G. Lingy to be audited. It showed gross receipts of \$20,945.01 and a total expense of \$14,224.36, leaving a balance of \$16,720.65. A division of the balance on the basis of \$83.13 for each child in the several institutions gave the following apportionment: British street Home, forty-five children, \$3,740.85; West St. John Home, sixty-eight children, \$5,662.84; Wright street Memorial Home, thirty-four children, \$2,828.42; Wiggins Male Orphan Institution, twenty-four children, \$1,995.12. This apportionment accounted for \$14,224.23 and it was agreed that this sum should be placed in the savings bank and paid out in five monthly payments, commencing with January. LOCAL NEWS

THE STEAMSHIPS.
The Canadian Pacific Steamships, Ltd., liner Pretorian will sail this afternoon for Glasgow with fifty cabin and eighty-five steerage passengers. The Metagama is scheduled to sail from Liverpool for this port on December 30.

BOWLING CHALLENGE.
The Union Quick Lunch bowling team wishes to challenge Fender's bowling quintette to a game to be played on the Y. M. C. U. alleys next Monday morning at ten o'clock. They desire an answer through the Times.

BLASTING CASE.
Thomas Williams did not appear in the police court today on a charge of blasting without using proper protection, and it was decided to bring up the case on Friday morning at 10:30 o'clock. This is said to be in connection with the falling of rock through the roof of a house occupied by Mrs. J. W. McCarthy at 12 Clarendon street on December 21.

TO PREVENT FRAUD.
It was said today that people, claiming to represent the Memorial Workshops, have been calling on citizens, soliciting work, receiving identification cards has therefore been issued by the shops, signed by the chairman, Mayor Schofield, which reads: "This is to certify that (name) is a member of the Memorial Workshops for the month of . . ." These cards will be changed every month to prevent their improper use, so the mayor said today.

PRESENTATIONS.
The staff of Jas. W. Brittain Weigher each received a large turkey for Christmas, and on Saturday afternoon took the opportunity to extend their best wishes to Mr. Brittain by presenting him with a handsome silk umbrella. C. L. Hamilton made a short speech on behalf of the staff thanking Mr. Brittain for his kindness to them and wishing him the best of luck for the future. Mr. Brittain left by train on Tuesday evening for New York and will also visit Montreal before returning.

CAN NOT DO IT NOW.
A committee from the St. John Municipal Council recently presented a recommendation that the provincial government be memorialized to carry out the highway bridge across the reversing curve near the western approach to the highway bridge across the reversing curve in order to afford some relief for the unemployed. The recommendation was carried out and the council has received a reply from Hon. P. J. Veniot, minister of public works, in which he states that it will not be possible to do the work at the present time. He said that an extensive survey of the location of provincial engineering staff was busy at the present time, this work could not be undertaken.

NEWMAN BROOK BRIDGE.
Commissioner Frink said this morning that G. N. Hatfield, road engineer, had made an inspection of the proposed work at the Newman Brook bridge and would prepare a report which would be presented at tomorrow's meeting of the common council. It is expected that the plan which will be recommended by the road engineer will involve the taking of the rock and other spoil which was taken from Newman Brook when it was deepened last summer and placed on top of the arch which was put in under the bridge. This will make way for the removal of the debris in the spring. Another plan suggested was the use of material taken from grading operations on Millidge avenue, but it was not considered practicable to carry out this work during the cold season.

KNIGHTS' ASSEMBLY.
A most enjoyable evening was spent by about 100 of the St. John Council, Knights of Columbus, and their lady friends at the annual Christmas assembly and bridge, held last evening in their hall in Coburg street. The guests were welcomed by the chaplains, Dr. W. P. Broderick, district deputy, and Mrs. Broderick; Edward J. Henneberry, grand knight, and Mrs. Henneberry; and Mr. and Mrs. Robert J. Murphy. Supper was served in the dining room, which was elegantly decorated. Mrs. Broderick, Mrs. Henneberry, Mrs. Murphy and Mrs. William Donahue poured. A fine orchestra was in attendance. Arrangements were in the hands of a committee under the direction of William J. Carney, lecturer.

BOWLING.

BURIED TODAY.
The funeral of Mrs. Helen Chambers was held this afternoon from her late residence, 69 Durham street, to Cedar Hill. Rev. J. C. B. Appel conducted service. The floral offerings were numerous and beautiful, including a wreath from the choir of Douglas avenue Christian church, of which Mrs. Chambers was a member.

The funeral of Cornelius Daley took place this morning from his late residence, 29 Millidge avenue, to St. Peter's church for high mass of requiem by Rev. G. Coffin, C.S.S.R. Interment was in the new Catholic cemetery. The six sons acted as pall-bearers. The floral offerings were numerous and beautiful, including a wreath of roses from the staff of Manchester Robertson Allison, Limited. There were also many spiritual bouquets.

The funeral of Arthur Vassas was held today with service this morning in the Mission Church, St. John Baptist, by Rev. John V. Young. Interment took place in Cedar Hill this afternoon.

Chicago, Dec. 28.—A match between Sailor Friedman and Johnny Dundee, scheduled for Jan. 15, has been called off, so Friedman's manager announced today on account of an injury to Friedman's index finger.

TWELVE IN COURT AFTER IMBIBING

Police Court Session Today—Morrissy Sentenced Tomorrow.

Eleven of thirteen who were before the police magistrate yesterday charged with being drunk were brought up again this morning, and one additional man was present on a similar charge made early this morning. Of the twelve who appeared, five were allowed to go on paying their fines. The magistrate remarked that most of the people arrested early in the morning claimed to have been getting lunches in restaurants. He would like to see some steps taken to have these places closed. His honor said that about ninety-nine per cent. of the cases of crime brought before him were the result of using liquor, and emphasized the difference between taking a drink occasionally and getting drunk.

Harry A. Morrissy, who pleaded guilty last week to a charge of theft from the mails while an employee of the post office department, was remanded until tomorrow at ten o'clock for sentence.

Preliminary hearing in the case against Charles Fullerton, charged with assaulting and robbing William Mullin and also with stealing two scarves from the store of Charles Magnusson, was continued this morning.

William Godwin, driver of the patrol wagon, told of the arrest and of later finding two scarves, which he identified as two in court, under the seat in the wagon.

Charles Magnusson testified that he had seen three or four young fellows, one of whom resembled the accused, in the store and sold one of them a tie or a pair of braces. When he returned from making change he saw one of the men make a motion as of putting something under his coat or in his pocket. He identified the muffers produced as part of his stock, and valued them at \$20. He said he had never sold any of the ones in the store a muffer or muffers. The case was postponed for further evidence.

REAL ESTATE NEWS

The following real estate transfers have been recorded:
Maritime Art Glass Works to Ellen J. Roderick, property in City road.
N. Spilner to Elizabeth J. Spilner, property in Musquash.
Sisters of Charity to Catholic Bishop of St. John, property in Burpee Avenue, Kings County.
Naomi Farmer to T. W. Farmer, property in Springfield.

POINT OF INTEREST IN COURT CASE

Judgment in Matter of Woodstock Man Against Welford Man Over an Auto.

Mr. Justice Chandler delivered judgment yesterday in the case of Thomas W. Griffin versus B. L. Journeay. The plaintiff is a doctor practicing in Woodstock, and the defendant runs a garage and repair shop at Welford.

In the fall of 1919, the plaintiff stored his automobile for the winter in a barn near Welford. In the spring of 1920, the plaintiff employed one Charles Bell of Woodstock to go down to Welford to fetch the car to Woodstock. Mr. Bell obtained the car, but after proceeding a short distance, it broke down, and he told the defendant to take the car to his garage and repair it, and when repaired to notify him at Woodstock. The defendant undertook to do the work under the impression that Mr. Bell owned the car, but some weeks later and after the car was repaired, the defendant was told the plaintiff was the registered owner of the car, and notified him by letter that the car was in his garage at Welford. The plaintiff without answering his letter or communicating with the defendant in any way, issued a writ against the defendant for damages for detention, and had the sheriff replevy the car. In his statement of claim, the plaintiff alleged the defendant detained from him one Ford automobile which the defendant refused to deliver up to the plaintiff although often requested to do so. The case was tried before Mr. Justice Chandler at the November sittings of the Circuit Court at Woodstock, and in answer to several questions put to them by His Honor, the jury found that there had been no demand by the plaintiff upon the defendant for the car, and no refusal to give it up. His Honor reserved decision until after argument of the points of law involved, which argument took place before him in Chambers on the 20th instant. Yesterday His Honor delivered judgment in favor of the defendant with costs.

J. C. and R. P. Hartly for the plaintiff; Inches, Weyman, and Hasen for the defendant.

GIVEN DINNER AT PEOPLE'S PALACE

Preparations were made at the People's Palace of the Salvation Army to feed 100 men and at noon it was expected that all the tables would be full. The dining-room was specially decorated for the occasion with flowers on the tables and Christmas hangings around the walls. A first class dinner was prepared consisting of soup, roast beef, roast lamb, mutton, three kinds of vegetables, two kinds of pie, biscuits, tea and coffee, oranges and Christmas candy. The officers who attended the tables were:—Adj. Moore, Capt. Hillard, Capt. Wheeler, Lieut. Pocock, Lieut. Levey, Capt. Harrison, and Lieut. Burrell. Major Burrows gave a short address to the men and Commandant Sheard, who is in charge of the People's Palace, expressed his gratitude for the generous gifts from business men of the city who had helped to make the preparations for the dinner successful.

The Salvation Army soup kitchen will open tomorrow for the winter season at seven o'clock. The hours for meals are 7 to 8:30 a. m. and 5:30 to 7 o'clock p. m.

Let the Eureka Vacuum Cleaner Clean Up the After-Xmas Muss!

Mother, invest your Christmas money in a Eureka Vacuum Cleaner. The muss after Christmas calls for careful cleaning of carpet etc., and the old method of brooming away the dust and pine needles is never fully satisfactory. The Eureka Cleaner will last a lifetime, and will give an all-year round service. It will save many hours of tiresome exertion and many families in St. John are loud in their praise of the Eureka as a quick and positive cleaner.

It is equipped with the most powerful motor in any Vacuum Cleaner made and the several attachments seek out the dirt and dust from the most inaccessible corners.

Come in and let us explain in complete detail the wonders of this powerful household assistant.
