St. John Men On The Aquitania

Cunarder Brings 5,000 To Halifax

Some Cases on the Voyage—Sir George McLaren Among the Passengers—Quite a Few Soldiers Who Went From This City

Halifax, N. S., Jan. 25.—The Cunard liner Aquitania with upwards of 5,000 returned Canadians on board docked at nine o'clock this morning after an uneventful passage of six days from Liverpool.

The great Cunard liner came up the harbor so quickly that the quarantine officer was unable to board her at the examination ground and as a result she berthed with the yellow jacking flying several cases of mumps and influenza having developed during the voyage. This necessitated the quarantine officer going aboard at the pier, delaying the disembarkation movement by upwards of one hour. Among those arriving on the Aquitania were Sir George McLaren, Captain Bogart, American naval representative, Admiral Howning's staff, and during his inspection of German warships immediately after the signing of the armistice.

The following are for military district No. 7: C. A. Smith, Amherst; F. Brogan, Halifax; P. Murphy, North Sydney; C. O. Suttis, Truro; C. R. Smith, Westville; W. E. Maize, Yarmouth; H. S. Connel, Halifax; J. E. Barter, Vancouver; G. Burton, St. John; J. W. Brown, St. John; A. Berry, St. John; G. E. Brown, St. John; C. M. Byles, St. John; W. B. Allan, St. John; F. L. Addison, St. John; G. J. Appleby, St. John; B. J. Arsenault, St. John; L. Austin, St. John; J. S. Alley, Hantsport; C. B. Kerr, D. A. Wiley, R. N. Watson, S. Thompson, P. W. Thomas, all St. John; E. W. Thomas, Fairville; C. H. Stevens, E. Roberts, R. F. Potts, M. J. O'Brien, H. H. Moran, A. Martin, G. E. Mallet, H. T. Long, E. H. Knox, E. Kitchin, all St. John; E. R. Jones, West St. John; W. Johnston, St. John; H. H. Hah, West St. John; F. L. Holburn, W. Hawkins, H. P. Goodspeed, W. J. Evans, J. W. Dunsen, M. Dawson, H. Gibson, all St. John; T. Arsenault, Adamsville, N. B.; H. A. Collins, Albert, N. B.; A. A. Arsenault, Bass River, N. B.; N. Rennie, Bathurst; E. Paterson, Bathurst; A. Lavigne, Bathurst; H. Robinson, Bellefleur, N. B.; M. McNeill, Bellefleur, N. B.; K. A. Hallham, Campbellton; F. Gerard, Campbellton; F. Sweeney, Campbellton; F. Allingham, Campbellton; R. Dow, Canterbury, N. B.; R. L. McQuillan, No. 1, Chamcook, Charlotte county, N. B.; J. May, Chatham; R. MacDiarmid, Chatham; G. P. Stewart, Chatham; A. R. Bomaster, Clifford Vale, Victoria county, N. B.; F. McNamara, Coal Creek, N. B.; H. W. Blaney, Debec, N. B.; T. Quinlan, Edmuntson; A. E. Walli, Elmwood, Debec, N. B.; T. Sutherland, Fredericton; L. C. Quinlan, Fredericton; L. C. W. McMaxon, Moncton; M. J. Murphy, D. E. F. Turney, all Fredericton; Y. C. Segge, Fairville; E. Peck, Forest City, N. B.; W. P. Blanchard, Gloucester; D. L. McWhirter, Gunville, Albert Co.; H. A. (Continued on page 2, fourth column.)

Three More Club Houses Broken Into and Ransacked

Ashburn Lake, R. J. Armstrong's and Bowyer S. Smith's Camp Wrecked—Firearms Used To Open The Doors

Vandalism among summer resorts and clubhouses has broken out afresh in the Sandy Point locality, skirting the Kennebecasis. The new cases are reported even worse than the first. A few days ago the splendid fishing club house of the Ashburn Lake owners was found to have been broken into. A rifle had been used in destroying the outer locks and when the pickets got inside they used firearms to shatter the padlocks on the members' lockers. Everything of value was stolen and then in sheer lust of destruction the marauders blazed away at the glass windows and shutters, shattering them completely. From the Ashburn Lake club house to R. J. Armstrong's camp "Killarney," a short distance away, evidently the same Hunns made progress, repeating their depredations. Joyce S. Smith's camp in the same vicinity was likewise treated. These destructive tactics, following so close upon the arrival of housebreaking and vandalism about the C. P. R. and Kennebecasis has worked the summer cottagers members into a white heat of indignation and there is serious talk of a vigilante organization with buckshot and tar and feather accompaniments.

Britain Shows Good Lead To The Allies

Leaves Question of Mesopotamia, Palestine and German Colonies to League of Nations; Today's Session

London, Jan. 25.—Great Britain's decision to leave such questions as the future of Mesopotamia, Palestine and the German colonies to the league of nations is profoundly important, says the Daily News. "The adoption of such a policy by the British delegation has established the league in its true place in relation to the peace congress, and invests the whole proceedings of the congress with an atmosphere of confidence and good will, created by the refusal of the league to take advantage of the accident of military possession of valuable territory."

London, Jan. 24.—(By British Wireless Service)—The Times, discussing the Allied invitation to Russia, says that on the whole the agreement of the league concerning Russia has been better received by the world at large than it was expected. The decision may well prove to be the greatest step yet taken by the league of nations that it is practically irrevocable. The chief objections to the proposed league of nations, which were expressed at a meeting in London, were concerned with its guarantee of the success of the proposed league of nations, and that each state may be the final judge whether or not a dispute is justiciable, is taken in American circles to be quite in line with the developing opinion among all delegates. It has been reported previously that the point has been passed where the creation of a super-sovereignty had been considered feasible.

GIVES CREDIT FOR THE PLAN TO BORDEN

Suggested Scheme of Meeting Of Russian Delegates Accepted by the Powers With One Modification—Premier Said to Hold View That Canadians Should Not Be Kept Long in Siberia

Paris, Jan. 24.—(By John W. Dufoe)—The Canadian public will be interested to learn that it was the Canadian prime minister who first suggested to the British war cabinet that the wisest course to follow was to invite all sections of Russia to appear by delegates before the peace conference with a view to inducing them to complete their differences by mutual agreement, with the observance, meanwhile, of a truce by all parties. This was accepted as satisfactory by all the British representatives and it became the basis for the British proposition which has now been accepted by the great powers, with one important modification which requires the Russian delegates to meet under the auspices of the peace conference, not in Paris, but on an island in the Marmora Sea.

It has been very generally known that the British government since the signing of the armistice has been reluctant to retain in Russia the forces which were sent there in furtherance of a plan of campaign against Germany, and that they have desired some adjustment which would permit their recall. Canada is particularly interested in this, as the majority of the British detachment in Siberia is made up of the Canadian contingent. It is understood that the position taken by Sir Robert Borden was that with the arrangements against Germany ceasing, the reason for the presence of Canadian troops in Siberia had lapsed and that arrangements must be made for their early return to Canada. If some such policy of adjusting international differences in Russia were asserted it might be possible for Canadian troops to remain in Siberia for a few months, perhaps not longer than the end of this spring, but continued Canadian participation in occupation of the country was not practicable.

WORKS ESTIMATES ARE REDUCED BY \$23,500

Stand At \$25,000 Greater Than Last Year's NO ASHES COLLECTION

Economy Plea on This and Other Items in Commissioner Fisher's List—He Protests That His are Only Estimates to be Cut

A special session of the common council committee this morning was devoted entirely to consideration of the public works department estimates. The list, as previously presented, was taken up item by item, and several items were amended. The chief cut was the item of \$18,000 for the collection of ashes and garbage, which was eliminated. When the council was clinched with the estimate there was a reduction of \$23,500. They now stand at \$25,000 greater than last year's figures. Mayor Haynes presided and Commissioner Fisher, Bullock, Jones and Thornton were present. Mr. Fisher explained that the estimate last year for sidewalks and crossings was \$6,900 but only \$5,000 was spent, as it was necessary to economize to cover the extra cost of \$1,900. This year he asks for \$7,000. He also wanted a net reduction of \$1,500 to renew three public stairways, at Queen street, in Indianland and from Spring street to the waterfront. For street cleaning, watering, sanding and snow removal, last year's estimate was \$18,000 and the expenditure was \$27,000. This year he wanted \$24,000. For stable expenses, hay, shoeing, new harness, etc., last year's estimate was \$7,000; he spent \$8,500 and the 1919 estimate is \$9,500. The estimate for crushed stone last year was \$8,000; he spent \$9,500 and estimated \$13,000 for this year. This was reduced to \$12,000. (Continued on page 2, fifth column.)

FURTHER PLANS FOR SETTLEMENT OF SOLDIERS HERE

Meeting in Government Rooms Yesterday Afternoon Advances The Arrangements

Plans for the organization of the Soldiers' Settlement Board in this province are being advanced at a meeting in the provincial government rooms yesterday afternoon. The province was represented by Premier Foster, Hon. Mr. Tweed, minister of agriculture, and the secretary for agriculture, and the board was represented by W. J. Black of Otonabee, chairman, and Lieut. Robertson, superintendent for the maritime provinces. It is expected that Lieut. Robertson will open his office in St. John in the near future, and when the plans are completed, the work of finding and financing the purchase of farms for the returned soldiers will be undertaken by the government in co-operation with the provincial government.

CLIMBS INTO HIS BURNING HOME AND SAVES CHILD

Syrian Suffers Loss of Dwelling In Devon Fire—Horse Burned to Death

Fredericton, Jan. 25.—A dwelling and barn at March, Tibbets, a Syrian in Devon, was almost totally destroyed by fire last night during a storm. The building is in Union street in the northern end of the town. The fire originated from a lantern which the owner carried while he was in the barn. The high wind carried the flames to the house. A horse stabled in the barn was burned to death. Tibbets climbed into the building by one of the windows and rescued one of his children who was in the house. No furniture was saved. The owner lost \$200 which was in the pocket of a coat destroyed by the flames. Ice and snow on roofs saved neighboring buildings.

'PHONE LINES HARD HIT BY STORM

Woodstock, Jan. 25.—A sleet storm yesterday worked havoc with the telephone lines. Seven miles of lines were down and a crew is coming from St. John today to make repairs. Never before has such damage been done to the wooden line network. Florenceville and Woodstock is out of commission. The Western Union is also out of commission.

ALL TEXTILE WORKERS IN LAWRENCE MAY STRIKE

Lawrence, Mass., Jan. 25.—That a general strike of textile workers in this city would be called for Feb. 3 if other manufacturers should follow the action of the Pacific mills in rejecting the demands for a forty-eight hour week was expressed last night by Secretary Kaplan of the general committee of textile workers.

COMMUNIST CONGRESS

Zurich, Jan. 25.—According to reports received here from Moscow the "international communist congress" there has decided to convene the first congress of a "new revolutionary international."

JAMAICA BANANA INDUSTRY GROWING

Kingston, Jan. 25.—There has been great development in the banana industry here, due to the fact that there were no hurricanes last year, and with the cessation of the war the outlook appears promising. The trading companies are making arrangements to put on more ships and an attempt is being made to get the growers to co-operate with the district associations, under the guidance of a large central association, to get better prices from the American purchasing companies.

FIVE MORE FROM THE CASTALIA DEAD

Stockholm, Jan. 25.—The Norwegian-American liner Bergensfjord, which has been wrecked here, reports saving forty-seven men from the American steamer Castalia, wrecked off Sable Island on Jan. 11. Five of those saved died from exposure after being taken aboard the Norwegian vessel.

EXHORTS HUNS ABROAD TO CONTINUE LABORS

Madrid, Jan. 24.—Prince Max von Rathbor, the former German ambassador, who was recently handed his passports by the Spanish government, has sent a circular to the German consuls in Spain, in which he commends the "patriotic zeal" with which they assisted, and exhorts them to continue their labors with a view to strengthening the friendship between the two peoples.

VILLA FORCED AMERICANS TO WITNESS HANGING

Juarez, Mexico, Jan. 25.—American mining men were forced by Antonio Villa to witness the hanging of Antonio Cabello, former mayor of Santa Eulalia, Chihuahua, on Wednesday when Villa occupied the mining town, looted the stores and houses of Americans and left after killing four federal soldiers and capturing the remaining thirty-one.

PEITON ARCHBISHOPS OF CANTERBURY AND YORK

New York, Jan. 25.—It was announced yesterday that fifty-four bishops of the Protestant Episcopal Church in the United States and fourteen in Canada have called to the Archbishop of Canterbury and York a petition to use their influence to obtain recognition, by the peace conference, of an Assyrian delegation to present the claims of the Christians of Mesopotamia, Kurdistan and Persia for protection and rehabilitation.

SHOT FATALLY AS HE TRIED TO STEAL TRAY OF DIAMONDS

Toledo, Ohio, Jan. 25.—A jewel thief was fatally shot and the lives of hundreds of pedestrians today was in jeopardy by about fifty members of the Y. P. C. under the direction of Miss Jessie Church, who is responsible for all the taggers, high school girls and other boys who, with the assistance of the Salvation Army lassies, the Christmas contribution pots were brought out for the occasion.

TRADE SLOW COMPARED WITH RECENT MONTHS

New York, Jan. 25.—Broadstreet's says the fire and industry measured by sales and retail trade and manufacturing industry are slower than at any time since a year ago, when fuel, railroad and industrial tie-up prostrated business east of the Alleghenies. R. G. Dun Co. reports 135 failures in United States this week, against 177 last week and 276 last year. Director General of Railroads Hines asks for \$70,000,000 more to finance federal railroad situation until end of 1919. Supreme War Council warns nations that forcible seizure of railway traffic is "seasonally prejudicial" to the claims at peace table.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. P. Stewart, director of meteorological service.

Synopsis—The Atlantic coast storm is now centered near Halifax and is dissipating. A heavy northeast gale with snow has prevailed during the last day in the Gulf of St. Lawrence.

Fair and Colder. Maritime—Decreasing winds, occasional sleet or snow today; Sunday, fresh northwest winds, fair and colder. Lower St. Lawrence, Gulf and North Shore—Northeast winds, clearing; Sunday, fair and moderately cold. New England—Fair tonight and Sunday; increasing cloudiness and warmer, followed by snow Sunday afternoon or night; fresh northwest winds.

DYING SO FAST THEY CANNOT BE BURIED

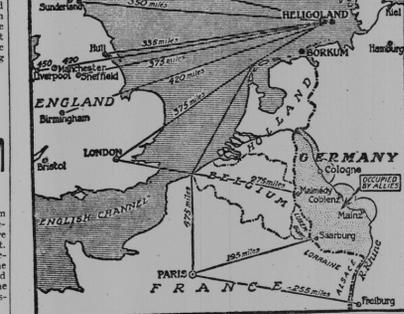

Bodies of Influenza Victims in Lovuika, Fiji, Consumed In Bon Fires

Seattle, Jan. 25.—Hundreds of natives are dying of influenza and pneumonia in Lovuika, Fiji, said to be the largest copra port in the South Pacific ocean, according to letters from the master of one of nine ships which are held in island ports by the epidemic.

BREWERS WILL QUIT

Milwaukee, Jan. 25.—Wisconsin brewers will quit without making a fight against the validity of the proposed legislation leading to the ratification of the national prohibition amendment, according to a statement made by Wm. H. Austin, counsel for the Wisconsin Brewers Association. "We will not spend one cent or make an effort to upset the prohibition amendment or secure half-way legislation favorable to our rights to manufacture," said the statement.

WHAT ABOUT HELILOGOLAND?

This map, reproduced from the London Daily Mail, shows the need for the restoration of Heliogoland to Britain. It is pointed out that, with the islands of Sylt and Borkum on either flank, it would serve as an admirable air-raid base for attack on British towns. Were Sylt, Heliogoland and Borkum occupied for a term of years by the Allies (falling the restoration of Heliogoland to Britain) the Germans could attempt a surprise raid only by violating the neutrality of Belgium and Holland, and any movement of a large German force could be observed by the aerial corps in occupation of Heliogoland and promptly signalled to London.

SCHOOL PROBLEMS

During the war period Toronto's school population has increased about thirteen thousand, and it is estimated that seven thousand more will be added in the next two years. It is estimated that an expenditure of \$2,000,000 would be required to provide the additional school accommodation needed. Dr. John Noble, one of the trustees, realizing that the city council would not consider so large an expenditure, suggests the pavilion plan. He says: "I rather favor the idea of building a sort of pavilion room or rooms at the schools where there is over-crowding. These could be built at a cost of about \$5,000 each, whereas it costs \$10,000 now for an ordinary school room in a new building. They could be used either as a play room or as a study room. They would be much better than the portable that we are using now. They could be converted into permanent buildings later on if desired or they could be removed. This is not exactly a new idea. They have 200 such rooms attached to their New York schools. The point is Toronto has tried them out at Dufferin, Parkdale and Queen Alexandra schools, and they have given good satisfaction. They can be erected so speedily that if we were to go at the thing now with \$200,000 we could have the accommodation we need ready by next September. As it is now it takes at least two years from the time we decide on a school until it is occupied."

THE STANDARD MIGHT HELP

Hon. Dr. Roberts is meeting with sympathy and co-operation in his work of organizing the province under the new health act. The people in the municipalities realize the necessity of proper health measures. They do not agree with the Standard that the Health Act is a "fad." The recent epidemic demonstrated the absolute need of a properly organized health department. Referring to the cost the Standard says: "When Dr. Roberts really gets into his stride we may expect to see the money fly, and some of the counties in this province which are none too well off at present will be ready to go bankrupt if they endeavor to follow him in his various stunts." It is quite true that public health costs money, but no money is better spent. Now if Hon. Dr. Roberts had that \$100,000 Gold paid Pleasants and the \$180,000 Mr. Tennant received, and the patriotic potato fund, the liquor dealers' contribution and others of the sort, he could "get into his stride" right away without forcing a single county into bankruptcy. Perhaps the Standard could be induced to give him a few hints that would be useful in "his various stunts."

FAIRVILLE SOLDIERS TO TAKE PART IN POLITICS, ORGANIZATION FORMED

A meeting of the returned soldiers of Fairville was held in the Dispensary, Hall, Fairville, last evening. Major C. J. Morgan presided. F. A. Campbell was present and addressed the gathering on the political attitude of the labor party in the city, and assured those present that if the returned soldiers felt like coming together and uniting in the support of a political candidate they would have the sympathy and help of the labor party. A resolution was adopted by the meeting as follows: "Resolved, that this meeting form a Returned Soldiers' Association, or party, having as its object a part in the provincial and Dominion affairs."

Earnings of Pilots

The annual meeting of the St. John Pilotage Commission was held yesterday. The sum of \$38,222.27 was collected during 1918, \$2,004.92 was paid out in pensions to pilots and \$1,400 to widows of pilots. There are fourteen pilots in the service and four apprentices.

THE BOLSHEVIKI

A Socialist correspondent complains that the Times-Star has nothing good to say about the Bolsheviki. The same complaint is made concerning the press generally—the "capitalist press" it is called by its critics. When we consider Bolshevism we naturally turn to Russia. Here is what Gen. A. Dobranjanski, a Russian recently arrived in New York, says about Russian Bolshevism: "As an instance of the calibre of men composing the various Soviet (Socialist and Soldiers' Committee), let me cite a few names of the members of the Soviet of Blagovestchensk. We have the president, Tolobson, a German spy, ex-jailbird and robber; Mochin of the executive committee, a deserter from the Russian army, a counterfeiter and ex-jailbird; his assistant, Tchakovsky, also an ex-jailbird; Commissioner of Prisons, Emilianoff, a jailbird and robber; his assistant, Nikifoff, previously condemned to jail for robbery; the Commissioner of Food, who was convicted for misappropriation of funds; Korovin, Commissioner of Schools, an ex-jailbird; Tillick, convicted for robbery, now Commissioner of Finances; Milhin, Commissioner of MBIB, an ex-jailbird, and finally, we have as Commissioner of Health, an illiterate peasant. And these are the men who are at the head of affairs in Russia today!"

Gets Fishing; Back to Business, Feels Fine! How Others May Do It!

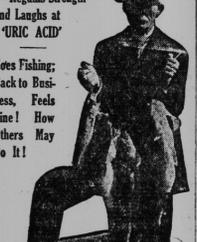

Mr. Ashelman is only one of thousands who suffer for years, even to the point of death, from the old "fishing" theory that "Uric Acid" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women to take wrong treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, neuritis and like complaints, by taking treatment supposed to drive Uric Acid out of your blood and body. Many specialists and scientists now know that Uric Acid never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every new-born babe, and that without it we could not live.

HOW OTHERS MAY BENEFIT FROM A GENEROUS GIFT.

These statements may seem strange to some folks, because nearly all sufferers have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Ashelman fifty years to find out this truth. He learned how to get rid of the true cause of his rheumatism, other disorders and recover his strength from "The Inner Myelaria," a remarkable book that is now being distributed free by an authority who has devoted twenty years to the scientific study of this trouble. If any reader of the Times-Star wishes a copy of this book that reveals startling facts overlooked by doctors and relatives for centuries past, simply send a postcard or letter to H. P. Clearwater, 225-B Street, Hallowell, Maine, and it will be sent by return mail without any charge whatever. Send now! You may never get this opportunity again. If not a sufferer yourself, lend this good news to some afflicted friend.

Find Cure for Rheumatism After Suffering Fifty Years!

Now 83 Years Old—Regains Strength and Laughs at "URIC ACID"

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army, over fifty years ago. Like many others, I spent money freely for so-called 'cures,' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now I am again in active business and can work with ease or write all day with comfort. Friends are surprised at the change."

HOW IT HAPPENED.

Mr. Ashelman is only one of thousands who suffer for years, even to the point of death, from the old "fishing" theory that "Uric Acid" causes rheumatism. This erroneous belief induced him and legions of unfortunate men and women to take wrong treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, neuritis and like complaints, by taking treatment supposed to drive Uric Acid out of your blood and body. Many specialists and scientists now know that Uric Acid never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every new-born babe, and that without it we could not live.

HOW OTHERS MAY BENEFIT FROM A GENEROUS GIFT.

These statements may seem strange to some folks, because nearly all sufferers have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Ashelman fifty years to find out this truth. He learned how to get rid of the true cause of his rheumatism, other disorders and recover his strength from "The Inner Myelaria," a remarkable book that is now being distributed free by an authority who has devoted twenty years to the scientific study of this trouble. It is unsurpassed as a general household article for making salad dressing, whipping cream, mixing light batters, and other uses which will become apparent to every householder.
Emerson & Fisher Ltd.

Appendicitis Operations Not Always Necessary

Internal Bathing Relieves the Cause. Your physician will tell you that appendicitis is an infection, sometimes of the large intestine called the Appendix at the lower right-hand corner of the Colon or large intestine. By cleaning this Colon with purified warm water by the "J. B. L. Cascade" this sack is cleaned and the inflammation subsides. Hundreds of operations have been avoided by using the warm water cure for Appendicitis. Mr. Jas. McLaughlin, 41 Evanson street, Winnipeg, writes: "I had spent over fifty dollars with doctors trying to cure Appendicitis. Finally the doctor said I must go to the hospital at once for an operation. Your advertisement interested me. I bought a 'J. B. L. Cascade,' which relieved me at once and am now completely cured. Never felt better in my life, all pain and soreness gone, and I eat and sleep like a boy."

"Tell Me How To Be Beautiful"

Get Rid of All Pimples, Blackheads and Skin Eruptions. Purify the Blood With Stuart's Calcium Wafers.
TRIAL PACKAGE MAILED FREE
Stuart's Calcium Wafers Surely Do Give a Lovely Complexion.
The reason why Stuart's Calcium Wafers beautify the skin is their natural tendency to seek the surface. The wonderful calcium sulfide is one of the natural constituents of the human body. You must have it to be healthy. It enriches the blood, invigorates skin health, dries up the pimples and boils, eczema and blotches, enables new skin of fine texture to form and become clear, pinkish, smooth as velvet and refined to the point of loveliness and beauty. This is "How to be beautiful." Stop using creams, lotions, powders and bleachers which merely hide the moment. Get a 50-cent box of Stuart's Calcium Wafers at any drug store today. And if you wish to give them a trial send the coupon below.

"Cure Your Rupture Like I Cured Mine"

Old Sea Captain Cured His Own Rupture After Doctor's Said "Operate or Die!"
His Remedy and Book Sent Free.
Captain Collings called the seas for many years. He has sustained a double rupture that soon forced him to the hospital. He tried the best medical treatment for years. He tried doctor after doctor and was told to "Operate or Die!" Finally, he was assured that he must either submit to a dangerous and abortive operation or die. He did neither! His cure was instantaneous.

LOSE ALL SHIPS IN BOMBARDING REVEL

Bolsheviks Get New Blow, This One at Sea
British Vessels Save Riga From Attack and King's Subjects Rescued—One Gain For the Reds
London, Jan. 24.—(English Wireless Service)—Bolshevik attempt to bombard Riga, capital of Esthonia, from the sea have resulted in complete failure according to reports received here. Every vessel in the fleet is said to have been sunk.
London, Jan. 24.—(British Wireless Service)—The Bolsheviks have failed to smash up the town. It had the desired effect, however, and the commander of the warships was able to take away British subjects to safety.
Omsk, Jan. 19.—(By the Associated Press)—The Omsk government headed by Admiral Kolchak is rapidly increasing its authority both east and west of Omsk.
Vladivostok, Jan. 20.—(By the Associated Press)—Life has fallen to the Bolsheviks, the reverse to the Russian and Czech-Slovak forces. The Bolsheviks are chiefly due to the failure of arms to arrive from Vladivostok. The troops which defended the city have fallen back to Zlatoust, 140 miles to the northeast, where they are making a courageous stand in the gorges of the Ural country. Thousands of rifles have arrived at the front and have been rushed to Chailovsk, which is not believed to be in danger for the present at least.
Negotiations for the dispatch of Allied contingents to Orenburg are now going on, but have not as yet been brought to a successful conclusion. The capture of Orenburg would give the Bolsheviks control of the railroad running into a rich section of Turkestan and would increase their ability to resist Allied and Russian forces.
Further north Bolshevik forces driven back from Perm have been re-organized and are reported to be fighting desperately along the Kama River. In spite of the fact that Russian troops and their comrades are without sufficient clothing and have suffered great hardships, it is believed here that, with General Julia Janin, commander of the Czech-Slovak army, in charge of military affairs, and with General Knox of the British army looking after the equipment of the forces, the situation in this section is favorable.
Hon. Octavus H. Lambert, Ottawa, Jan. 24.—Hon. Octavus H. Lambert, a son of the eighth Earl of Cavan and uncle of the present earl, died today in his 84th year. He came to Canada with his father in the "seventies" and settled in Ottawa.
Phillies to Train in Carolina.
Charlotte, N. C., Jan. 24.—Charlotte has been selected as spring training grounds for the Philadelphia Nationals. The team will arrive here March 20.

Anaemic Paleness Quickly Changed To Rosy Cheeks

Chlorosis or anaemia is simply thinness of blood. If confined too much indoors, anaemia develops, because the lungs are insufficiently supplied with oxygen, and the blood is consequently ill-nourished and half-starved. But there is a cure! Dr. Hamilton has solved the problem in his famous pills of Mandrake and Butternut as a blood enricher their equal is not known. All the functions upon which life depends are helped by Dr. Hamilton's Pills. Richness and purity are instilled with wonderful promptness into the vital blood. Healthy color supplants the pallid, ashen face. Better appetite, strong digestion and dreamless sleep are sure to follow, because of the increased blood supply furnished by Dr. Hamilton's Pills. Think it over. Will it pay you to look and feel half-dead to lack color and spirit, when all can be changed by Dr. Hamilton's Pills? Better case is more curable now than later. Dr. Hamilton personally guarantees his pills of Mandrake and Butternut. Their merit is unquestioned. Thousands of anaemics they have cured and kept well. They will do just the same for you. Try Dr. Hamilton's Pills, 85c per box.

DOCTORS AND DRUGGISTS THREATEN TO STRIKE

Amsterdam, Jan. 24.—All doctors and chemists in Bremen have decided to go on strike, according to the Berlin Lokal Anzeiger, so soon as the political strikes endanger the traffic in supplying the people with food, gas and electricity, or if citizens of Bremen are arrested for political reasons.
Negotiations for the dispatch of Allied contingents to Orenburg are now going on, but have not as yet been brought to a successful conclusion. The capture of Orenburg would give the Bolsheviks control of the railroad running into a rich section of Turkestan and would increase their ability to resist Allied and Russian forces.
Further north Bolshevik forces driven back from Perm have been re-organized and are reported to be fighting desperately along the Kama River. In spite of the fact that Russian troops and their comrades are without sufficient clothing and have suffered great hardships, it is believed here that, with General Julia Janin, commander of the Czech-Slovak army, in charge of military affairs, and with General Knox of the British army looking after the equipment of the forces, the situation in this section is favorable.
Hon. Octavus H. Lambert, Ottawa, Jan. 24.—Hon. Octavus H. Lambert, a son of the eighth Earl of Cavan and uncle of the present earl, died today in his 84th year. He came to Canada with his father in the "seventies" and settled in Ottawa.

For Constipation Carter's Little Liver Pills will set you right over night. Purely Vegetable. Small Pill, Small Dose, Small Price

Carter's Iron Pills

Will restore color to the faces of those who lack iron in the blood, as most pale-faced people do.

URIC ACID IN MEAT BRINGS RHEUMATISM

Says a little Salts in water may save you from dread

Rheumatism is easier to avoid than it is cured, states a well-known authority. You are advised to dress warmly; keep feet dry; avoid exposures; eat less meat but drink plenty of good water. Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism. At the first twinges of rheumatism, from any pharmacy about four ounces of Jad Salts; put a teaspoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia salt. Used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

Fire Salvage Sale OF FOOTWEAR

Dream Pictures

Suddenly in the glow of the evening lamp, a presence appears—a great artist, with violin in hand; who at our bidding, draws from the strings a thrill of joy, a sob of grief, a sigh of love.

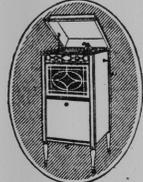

And under the enchanting witchery of music, we are transported back to the old-time rest and comfort of happier days.

Gradually the dream picture dissolves, the presence fades, and we behold the most marvelous of all musical instruments—

The NEW EDISON "The Phonograph with a Soul"

Let Edison dream pictures enrich your days. Let the life-like Edison RE-CREATIONS round out your life, broaden your outlook, bring you the consolation, the contentment, the solace, of beautiful music.

We will gladly place a New Edison in your home long enough for you to appreciate what an ever-ready and inexhaustible fountain of mental refreshment it is.

THRIFT RECIPES Issued by the Canadian Food Board.

CABBAGE SOUP One and a half cups cabbage Three-quarters cup tomato, One-quarter cup of onion sliced, Half cup carrots sliced, Seasonings—Salt, pepper, bay leaf, thyme, parsley. Method—Parboil the cabbage and drain. Put on the cabbage to cook in seven cups of water with the seasoning and other vegetables, carrots, onion and tomato. Cook until all the vegetables are tender. Add all the seasonings tied in a cheese cloth bag one-half hour before the soup is finished. Remove the bag when the soup is done. Serve very hot.

WINTER WEATHER HARD ON LITTLE ONES

Our Canadian winters are extremely hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for any strolls. The consequences is that baby is confined to overheated, badly ventilated rooms; takes colds and becomes cross and nervous. Baby's Own Tablets should be given to keep the little one healthy. They regulate the stomach and bowels and prevent or cure colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

In the circuit court yesterday before Judge Barry the case of B. L. Gerov vs. William Webber was brought to a close. The case was an action to recover amounts of an attorney's bill of costs, namely \$250.00. From the findings the trial judge directed that the verdict be entered for the defendant, dismissing the action with costs.

RECENT DEATHS

Miss Bridget Graham. The many friends of Miss Bridget Graham will regret to hear of her death, which occurred yesterday at her home, 48 Brussels street. Miss Graham was a daughter of the late Peter and Mary Graham, of Red Head. She resided at the Red Head until a short time ago, when she moved to the city. She was very well known to her death, which was due to pneumonia, will come as a great shock to her friends. She is survived by three brothers—Peter, who is overseas; Thomas, of Red Head, and John, of Boston; and by three sisters—Mrs. P. J. Farrell, of England; Miss Margaret and Miss Katherine, at home. She is also survived by a nephew, Joseph E. Farrell, of the 118th Battalion. The funeral will be held on Sunday afternoon at 2:30 o'clock, from her late residence, 42 Brussels street.

Dr. Edward N. Davis.

Surrounded by the immediate friends of the family, Dr. Edward N. Davis passed away at his residence, 45 Elliot row, at 1:15 this morning. Dr. Davis has been one of the leading dentists of St. John for the last thirty years. He was born at Springfield, Kings county (N. B.), on Oct. 22, 1857, and was a son of the late John Davis. About six years ago he was forced to give up active work on account of failing health, but for the last two years had been with Dr. McKnight, of the Maritime Dental Parlor, Charlotte street. Seven weeks ago he gave up his position, and since that time he had been confined to the house, until the end came peacefully early this morning.

COMMITTEE PASSED ON SCHEMES TO ESCAPE

All Plans Had To Be Offered For Decision

Story of British Officer Who Was 22 Months in Captivity—Some Ingenious Methods to Get Away Devised

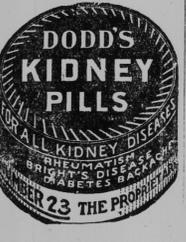

London, Jan. 24.—(British Wireless Service)—The establishment of "escape committees" among the British prisoners in German camps and the ingenious schemes devised by captives to get away, are described in an article in the Evening News by an officer who has just returned after twenty-two months of captivity. "If you wanted to escape," says the officer, "you had to state your case be-

fore the committee, giving the full details of your scheme. If your plan interfered with the chances of another officer, the committee would 'sit on' it. "For instance, suppose I told the committee that at a certain hour each day, a certain sentry was in the habit of neglecting his duty in some way and that I meant to slip by him, the committee had the power to say: 'That is a way out for six others; you must make the attempt in the six days time. Their word was law. In this way obviously impossible schemes were brought to light and vetoed, both in the interest of the officer contemplating flight and his comrades remaining in prison. "One officer told the committee he had constructed an improvised parachute out of a big umbrella and he wanted to jump with it off the roof of the prison, which was close to a highway, and float down the road, but the committee said 'No.' "One of the best escape inventions brought before the committee was a chute made of a long dinner table with a slippery polished top. This was let down from a window of the prison and on it officers were able to slide down and drop into the road outside."

inheritance taxes and other expenses of the estate. The inheritance taxes will amount to between \$1,200,000 and \$2,000,000, the federal inheritance tax will be \$160,000, and the debts and funeral expenses about \$200,000. The estate has already sold \$1,000,000 of securities under a court order to meet expenses and a further sale is necessary to raise \$800,000 needed. The will left the estate to six children and three grandchildren of the decedent. Guardians for the grandchildren oppose the present sale of the securities because of market conditions, but the adult heirs favor the sale and believe no sacrifice of the securities will be necessary. The heirs will receive the securities in nine equal parts after all expenses are paid. Mr. Manning held stocks and bonds in about 160 corporations. Surrogate Cobhan reserved decision.

LEFT FORTUNE OF \$9,000,000

New York, Jan. 23.—The estate of John B. Manning, retired broker, who died on April 23 last at the age of eighty-three, after he had settled for \$100,000 a suit for \$1,000,000 for breach of promise brought by Miss Honora May O'Brien, now the wife of an Irish farmer, left an estate valued at \$9,000,000, according to a preliminary report in the surrogate's court by the executors asking permission to sell securities to pay

The Way To Insure Perfect Health

Every person old enough to understand realizes that the only way to insure perfect health is by keeping all waste and poison expelled from the system.

In order to rid the body of these constantly forming impurities Nature has provided two sets of vital organs, namely, the Kidneys and the Bowels.

Almost every person takes precautions to have well-regulated Bowels, and does nothing for the Kidneys. There's where the trouble commences, for your Kidneys must be kept free the same as the Bowels if you expect them to perform their proper function continuously.

It's a fact and one well worth taking to heart, for neglected, congested Kidneys are the cause of intense suffering followed by diseases such as Rheumatism, Sciatica, Lumbago, etc.

Think of your Kidneys and use Gin Pills the same as you would cathartics. They cannot harm you and will relieve and remedy Kidney or Bladder disorders.

The National Drug & Chemical Co. of Canada, Limited, Toronto.

U.S. residents should address: Na-Dru-Co., Inc., 202 Main St., Buffalo, N.Y.

Gin Pills FOR THE KIDNEYS

LOCAL NEWS

Hon. W. E. Foster has been elected to the board of governors of the Widgins Male Orphan Institution, in place of Ven. Archbishop Raymond, who had served for the last thirty years.

E. T. Bradl, the new provincial secretary of agriculture, was a visitor in the city yesterday. Mr. Bradl succeeded W. R. Reek, who recently returned to Ontario.

Mrs. A. W. Daniel, of Rothesay, has been elected the president of the Ladies' Association of the Church of England Institute and not of the institute itself as was previously stated. Canon R. A. Armstrong is the president of the Church of England Institute.

The Y. M. C. A. Rangers class were to have had a sleigh drive last evening but weather conditions were unfavorable.

End Your CATARRH Today

Catarrh sufferers, meaning those with colds, sore throats, bronchial trouble, etc., can all be cured right at home by inhaling "Catharhosone."

In using Catharhosone you don't take medicine into the stomach—you just breathe a healing piney vapor direct to the lungs and air passages.

The purest balsams and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and cure comes quickly.

Colds and throat troubles can't last if the pure healing vapor of Catharhosone is breathed—sneezing and coughing ceases at once, because irritation is removed.

Use Catharhosone to prevent—use it to cure your winter ills—it's pleasant, safe and guaranteed in every case.

Famous Wash Heals Skin

D. D. D., the greatest of skin remedies will remove those skin afflictions that have made your life a burden. That is skin itching, burning and discomfort will disappear under the magic of D. D. D. It has cured many cases pronounced incurable and will reach your case. We guarantee the first bottle to bring you relief. E. Clinton Brown, Druggist, St. John.

Guaranteed and Sold in St. John by J. Benson Mahony, The Ross Drug Co., Limited, Oliver's Medical Hall

MORNING NEWS OVER THE WIRES

Major-General Hubert Gough, former commander of the British fifth army, who was a leader in what was known as the Curragh revolt, has written to Stephen Gwynn expressing agreement with his libelous plea.

Six of the Canadian soldiers who crossed the Rhine with the army of occupation have already married German girls, according to a statement of Sir Sam Hughes, M.P.

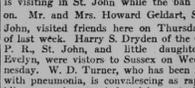

Miss Gladys and Dorothy Cromwell of New York leaped from the rail of the French steamer La Lorraine in Grosvenor River yesterday. They belonged to the American Red Cross.

Three children were smothered to death in Winnipeg yesterday as the result of an explosion caused by David Davidson pouring gasoline into a burning lamp instead of coal oil. The flames killed the three children.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Henry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" at once if bilious or constipated.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels, without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always works them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.

Borden May Go to Prince's Island. London, Jan. 24.—It is understood that Premier Borden has been invited to represent the dominions at the conference with representatives of Russian government at Prince's Island in the Sea of Marmora.

BRITAIN'S PROGRAMME FOR NAVY UNSETTLED

London, Jan. 25.—Nothing is likely to be definitely settled as to Great Britain's naval programme until after the close of the peace congress, it is learned by Reuters.

In the meantime, orders have been given to suspend work on the construction of new vessels, including light cruisers, still in the yards.

REUMATISM CONQUERED

I say that I can conquer rheumatism with a simple home treatment, stringent diet, weak-ening herbs, or in fact any other of the usual treatment recommended for the cure of rheumatism.

Don't shut your eyes and say "impossible," but put me to the test.

Let me send you, without charge, a trial treatment of DELANO'S RHEUMATISM CONQUEROR. I am willing to take the chance and surely the test will tell.

So send me your name and the test treatment will be sent to you at once. When I send you this, I will write you more fully, and will show you that my treatment is not only for banishing rheumatism, but should also cleanse the system of Uric Acid and give great benefit in kidney trouble and help the general health.

This special offer will not be held open indefinitely. It will be necessary for you to make your application quickly. As soon as this discovery becomes better known, I shall cease sending free treatments and shall then charge a price for this discovery which will be in proportion to its great value. It is too late. Remember the test costs you absolutely nothing. F. H. Delano 777-L, Delano Bldg., Syracuse, N. Y.

Note—Orders for Delano's Rheumatism Conqueror will be filled from their Canadian Laboratories without duty.

INFLUENZA LEAVES THE BLOOD THIN, THE NERVES WEAK

The Danger From the Disease is Seldom Over When the Acute Stage is Past—Tonic Treatment Strongly Recommended.

Doctors have agreed that Spanish influenza is really a severe form of the grippé which became known in this country a number of years ago under the French name of "la grippe" and which has been epidemic several times since.

The danger from grippé is seldom over when the characteristic symptoms, the fever, catarrh, the headache and the depression of spirits pass away. The grippé leaves behind weakened vital powers, thin blood, impaired digestion and oversensitive nerves—a condition that makes the system easy prey to pneumonia, bronchitis, rheumatism, nervous prostration and even consumption. Too much stress cannot be laid on the importance of strengthening the blood and nerves during convalescence. Until the blood is built up there can be no complete recovery of strength and health.

COULD HARDLY CRAWL ABOUT. Among the many victims of la grippé who proclaim the value of Dr. Williams' Pink Pills is Mr. Amos Kaulback, of Petite Riviere, N. S., who says:—I was taken down with a severe attack of la grippé, or influenza. After a time the early symptoms of the trouble left me, and I had always been a strong man. There were times when I felt I could hardly crawl about, and I was run down I could scarcely get about my business. I continued taking medicine but it did me no good. Then I found the trouble was affecting my digestion and the disagreeable feeling from this added to my general misery. I was finally advised to take Dr. Williams' Pink Pills, and I decided to try them. I had only found my strength returning, my appetite improved, and still continuing the use of the pills a few weeks more found me restored to my old-time vigor. I can most strongly recommend Dr. Williams' Pink Pills to all who have passed through an attack of influenza, as a medicine for renewing their strength.

REGAINED FLESH AND STRENGTH. To rebuild the blood, to strengthen the weakened nerves and to get back the lost flesh and strength is the problem of the influenza sufferer. I was told by Mr. Charles Darling, of No. 14 Week street, Bath, Me., accomplished in using the pills a couple of weeks when the pains began to leave me. Gradually my strength returned, my appetite improved and in a little more than a month I felt my old-time vigor had returned. I am sincerely glad I was persuaded by Dr. Williams' Pink Pills, and I shall always have a good word to say for them.

WEEK AND RUN DOWN. Miss Irene Boots, Portsmouth, Ont., says:—I take much pleasure in recommending Dr. Williams' Pink Pills, because I have proved their worth in my own case. Last winter I had a severe attack of la grippé and left me weak and all run down. I had severe pains in the chest and under the arms, palpitation of the heart and attacks of neuralgia which left me with the feeling that life was scarcely worth living. I was given my doctor's medicine, but it did not help me, and I was much discouraged. I was advised to try Dr. Williams' Pink Pills and began their use only on the principle that I would try anything that might better my condition. I had only used the pills a couple of weeks when the pains began to leave me. Gradually my strength returned, my appetite improved and in a little more than a month I felt my old-time vigor had returned. I am sincerely glad I was persuaded by Dr. Williams' Pink Pills, and I shall always have a good word to say for them.

HELPED HIM WONDERFULLY. Following an attack of grippé, William Fielder, of No. 182 First st. Albany, N. Y., suffered from ston trouble. He says:— "I was very much run down after I caught the grippé and lost both in weight and strength. My stomach was so sour and was very weak. A dull ache in the back of my head caused much distress. An article in the paper brought my attention to Dr. Williams' Pink Pills and I gave them a trial. For the first time I was feeling better. I was feeling good, and my stomach as strong as it ever was. I have gained weight and strength and no longer suffer from headaches. Dr. Williams' Pink Pills certainly helped me wonderfully and I am glad to recommend them."

GRIP VICTIMS NEED A TONIC. The debility that invariably follows the grippé is not a disease of any organ. It is a general condition of weakness. It must be met by a tonic whose good results will be quickly realized throughout the entire system. It must be met by a tonic that builds up the blood which, when rich and carries renewed health and strength every part of the body.

Dr. Williams' Pink Pills are a tonic that a stimulant. They build up blood and not only cure the disease but after effects of grippé, but are also specific for all troubles due to a weak blood, such as anemia, rheumatism, digestion, women's ailments, and generally worn out feeling that afflicts so many people. You can get these through any dealer in medicine, or I will mail at 50 cents a box or six boxes \$2.50 from The Dr. Williams' Medical Co., Brockville, Ont.

Will War Help Make New Race Of Super-Men With Strength AND ENDURANCE LIKE ATHLETES OF OLD

By Putting More Iron Into the Blood of Modern Men and Women on Account of Their Eating Coarse Foods and Leading a Rigorous Outdoor Life? Physician Says

Iron is Absolutely Essential to Greatest Development of Physical and Mental Power.

Why Nuxated Iron by Helping to Supply the Iron Deficiency in the Blood Often Increases the Strength and Endurance of a Nation, says Dr. George F. Baker, formerly Physician and Surgeon, Mountbath Memorial Hospital of New Jersey.

Dr. Baker believes that these same conditions on a lesser scale have been of tremendous help to the health of men and women in civil life. In commenting upon this, he says: "Just as lack of proper food for the soldiers saps the strength of a nation, so does want of sufficient iron in the blood of men and women reduce their power and make them an easy prey to the thousands of disease germs constantly around us and always ready to attack the constitutions of the weak and run-down. It is not the quantity of food you eat which makes you strong, but it is the amount which is assimilated and taken up by the blood."

"Iron is absolutely necessary to change food into living tissue, muscle and brain. Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive and there is no doubt in my mind that the coarse foods eaten with their greater percentage of strength-giving iron, have materially aided in building up a stronger race of people. But unless this iron is obtained from our food it must be supplied in some form that is easily assimilated and which we possess power, energy and endurance. For supplying this deficiency and increasing the red blood corpuscles, with nothing more effective than organic iron—Nuxated Iron. From a careful examination of the formula and my own tests of Nuxated Iron, I feel convinced that it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial results. The fact that Nuxated Iron is today being used by over three million people annually as a tonic, which people of this country live has no upset the stomach. The manufacturer, Dr. Sullivan said: "Modern methods of cooking and the rapid pace at which people of this country live has made such an alarming increase in iron deficiency in the blood of American men and women that I have often marveled they would not have perished long ago at the large number of people who lack iron in the blood—and who never suffer from weakness."

In commenting upon these conditions and the probability of building up a stronger race of people by increasing the supply of iron in their blood, Dr. Ferdinand King, New York, physician and medical author, says: "I fully agree with Dr. Baker. In the most common foods of America, the starches, sugars, bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, dehydrated cornmeal, no longer is iron to be found. Refining processes have removed the iron from Earth from these staple waste pipe the water in which our vegetables are cooked, are responsible for another great iron loss. Therefore, you should supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food had not enough salt. I have used Nuxated Iron widely in my own practice in most severe aggravated conditions, with unflinching results."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, was asked for an opinion. Dr. Sullivan said: "Modern methods of cooking and the rapid pace at which people of this country live has made such an alarming increase in iron deficiency in the blood of American men and women that I have often marveled they would not have perished long ago at the large number of people who lack iron in the blood—and who never suffer from weakness."

Manufacturers' Note: Nuxated Iron is prescribed and recommended above is not a secret remedy but which is well known to druggists everywhere. Unlike the older inorganic products it is easily assimilated and does not injure the teeth, make them loose, or cause any other untoward effects. Its manufacture is guaranteed successful and entirely satisfactory results to every purchaser they will refund your money. It is dispensed by Watson's Drug Store or other druggists.

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Henry, Mother! Remove poisons from little stomach, liver, bowels. Give "California Syrup of Figs" at once if bilious or constipated.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels, without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always works them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.

Borden May Go to Prince's Island. London, Jan. 24.—It is understood that Premier Borden has been invited to represent the dominions at the conference with representatives of Russian government at Prince's Island in the Sea of Marmora.

DELANO'S RHEUMATISM CONQUEROR. I say that I can conquer rheumatism with a simple home treatment, stringent diet, weak-ening herbs, or in fact any other of the usual treatment recommended for the cure of rheumatism. Don't shut your eyes and say "impossible," but put me to the test. Let me send you, without charge, a trial treatment of DELANO'S RHEUMATISM CONQUEROR. I am willing to take the chance and surely the test will tell. So send me your name and the test treatment will be sent to you at once. When I send you this, I will write you more fully, and will show you that my treatment is not only for banishing rheumatism, but should also cleanse the system of Uric Acid and give great benefit in kidney trouble and help the general health. This special offer will not be held open indefinitely. It will be necessary for you to make your application quickly. As soon as this discovery becomes better known, I shall cease sending free treatments and shall then charge a price for this discovery which will be in proportion to its great value. It is too late. Remember the test costs you absolutely nothing. F. H. Delano 777-L, Delano Bldg., Syracuse, N. Y. Note—Orders for Delano's Rheumatism Conqueror will be filled from their Canadian Laboratories without duty.

HOW TO SOLVE IT. The above squares hold the answer. It is in one sentence of nine words, containing forty letters.

Overland cars always have been designed and built to meet the taste and needs of substantial people. The good things owners say cause the steadily increasing demand for Model 90 cars.

War to Peace

Article No. 7 Cut out for reference.

Bringing Our Soldiers' Dependents to Canada

IN England, there is a colony of Canadian women who went overseas in order to be near their husbands. There are also in England and France many women who married Canadian soldiers and have never seen Canada.

It is one of the duties that Canada has incurred through the war to bring back these dependents of our soldiers with all speed, and to help establish their home life.

Up till the time the Armistice was signed, some 22,000 women and children were returned. There still remain about 50,000 to be brought back.

These 50,000 soldiers' dependents will be returned to Canada at the public expense. Those who have already arrived in Canada since November 11th, 1918, will have their ocean and railway fare refunded by the Government.

The facilities for transporting soldiers and their dependents are limited to about 30,000 monthly. Therefore, women and children will be returned to Canada at the rate of about 5,000 to 7,000 each month.

At the Ports. To these 50,000 returning women and children every care is being given. Until they reach the shores of Canada they are in charge of the Overseas Militia Department.

At HALIFAX they are welcomed by the Women's Reception Committee, composed of women who have been engaged in war activities. This committee has been organized for nearly two years and has been doing splendid work.

At ST. JOHN there is also a committee representing all the organizations interested. This committee, although more recently formed, is giving excellent service.

On each train carrying unaccompanied women and children there is a Red Cross nurse, experienced in social service who has been enrolled by the Canadian Association of Graduate Nurses.

On the Train. On each train carrying unaccompanied women and children there is a Red Cross nurse, experienced in social service who has been enrolled by the Canadian Association of Graduate Nurses.

Many other well-known organizations have been doing admirable work—meeting trains, providing rest-rooms, canteens and hostels and generally caring for the women and children.

Women who are too sick to proceed on their journey are taken to the local hospitals. Women who are without money receive assistance from the Patriotic Fund; are provided with lunch baskets and money to buy meals on the train.

These organizations also secure the railroad tickets for the women, get their money changed, give them such information as they need. The workers accompany the women to the train.

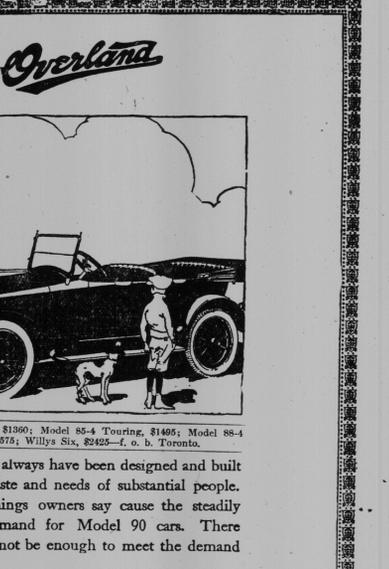

The Repatriation Committee have a nurse, trained in social work, lent by the Victorian Order of Nurses to act as the committee's representative at each port.

On the Train. On each train carrying unaccompanied women and children there is a Red Cross nurse, experienced in social service who has been enrolled by the Canadian Association of Graduate Nurses.

Telegrams are sent ahead to the local branch of the Patriotic Fund and to the local Reception Committees giving the number who will arrive.

The Rotary Clubs of Canada have undertaken to provide motor cars to take the women and children from the station to their homes.

The main function of this nation-wide organization is to care for soldiers' dependents. It is therefore fitting that they should be responsible for arrangements for all the returning women and children.

Model 90 Touring \$1995; Model 85-4 Touring, \$1495; Model 88-4 Touring, \$2275; Willys Six, \$2495—f. o. b. Toronto.

LOCAL NEWS

BURIED TODAY.
The funeral of Jeremiah Sullivan took place this morning from his late residence, 69 St. David street, to the Cathedral, where high mass of requiem was celebrated by Rev. B. Fraser. Interment was made in the new Catholic cemetery.

Y. M. C. A. JUNIORS GATHER.
Last evening in the Y. M. C. A. building, Hazey avenue, the smaller boys of the season's classes, numbering more than seventy-five on this occasion, held a jamboree. They swam in the tank, held impromptu races on the running track, were put through physical drills and then the ladies supplied a hot supper of beans, brown bread and coffee.

CLEARING UP THE WRECKAGE.
Work of removing the ruins of the Gen. Theatre, Waterloo street, is going on, also the repairing of the adjoining buildings owned by A. Drury and occupied by the Mutual Film Exchange, Mr. Richardson, confectioner, and others. Donohue's stable on the other side have been temporarily fixed up for the winter.

A. B. FLEWELLING.
The death of Arthur B. Flewelling occurred this morning in the General Public Hospital after a short illness. He was the second son of Duncan Flewelling of Oak Point, Kings county. Besides his sorrowing wife, he leaves one son, his father, two brothers and three sisters. He was in his twenty-seventh year. Mr. Flewelling will be sadly missed as he was known by many.

WELCOMING SIGNS IN DEPOT.
In both the Windsor and Bonaventure stations, Montreal, large red electric signs bearing the word "Welcome" and gaily decked out in Allied colors, greet returning soldiers. Only recently the city council granted \$500 to defray the cost of these large greeting-fishers. Why could not St. John at least have a number sign painted to be hoisted into place in the middle of the train shed or fixed to the wall over the entrance to the inner depot?

WEDDING ANNIVERSARY.
On Thursday evening about fifty friends of Mr. and Mrs. Herbert Greig called on them at their home, Russell street, in honor of the first anniversary of their wedding. A very pleasant time was spent and a good programme was carried out with songs, games and dancing. During the evening Leonard Doyle, on behalf of the young visitors, presented to Mr. and Mrs. Greig a handsome large clock as a mark of esteem of their friends. Both Mr. and Mrs. Greig made suitable replies. The party broke up about midnight.

POLICE ON THE ALERT.
The local police are closely watching arrivals in the city in connection with the west side demonstrations so that no Bolshevik propaganda or other agitators may have unnoticed entry into this land of peace and plenty. So far several strangers have been questioned, not altogether at the docks but later in hotels and elsewhere where questioning and examination is better carried out. So far it is understood they have not seen fit to detain anybody.

POSTER-McCONNELL.
A pretty wedding was solemnized this morning in the Portland Methodist church, when the pastor, Rev. Neil McLaughlin, united in marriage Miss Pearl McConnell, daughter of S. McConnell of the board of health, and Geo. William Foster, son of Rev. William G. Foster of Fredericton. The bride was gown in a navy blue traveling suit with black picture hat. They were unattended. Following the ceremony Mr. and Mrs. Foster left for a trip through the province and on their return will reside at 11 Wright street. Mr. Foster is employed on the staff of the C. P. R. at West St. John.

HERE FROM WINNIPEG.
Ralph M. Heustis, insurance man from Winnipeg and a former South End boy well known and popular during his school career and in his early business career, is in the city on a short visit en route to see his parents in Yarmouth. Mr. Heustis is doing well at "the Peg" as the westerners call the Manitoba metropolis, and took the opportunity of a slight business lull to trip home to see the folks. He is being warmly greeted. The former St. John boy has a good word for his home city and says he sees a steady improvement in things generally every time he comes here.

LATE RAIN UPSET THINGS.
The continuous beating rain of Friday and Thursday night did considerable damage to some buildings not in the best of repair as the severity of the gale caused the rain to be dashed into crevices and under eaves and corners that an ordinary straight downpour would not affect. In consequence some walls were stained and under eaves wet on the inside and other slight damage done. The rain falling in such volume also flooded cellars as the ice coating of the ground did not allow soakage and deep pools accumulated as a result. These cellars were flooded in most cases through sunken windows and hatches, also coal shutters.

EPIDEMIC HOSPITAL FILLED.
That there are still some Spanish influenza cases in the bounds of the city is evidenced by the crowded condition of the Parks home epidemic hospital, Mount Pleasant. However, it is explained that the thirty or more cases being cared for in this institution are not local in origin altogether but have been brought to the city by Sand Point steamers and the railways. In fact the usual run of sickness among travelers is apparent this winter causing the filling up of spare beds in the hospitals. St. John of itself is not any worse off just now than during an average winter. Its own proportion of influenza cases is reported comparatively small.

TRAIN FROM NORTH CANCELLED.
Trains that bring passengers from points on the C. G. & N. Campbellton are not moving much today, if any, on account of the terrific blizzard raging in that section of the province and also in the adjoining province of Quebec. Terminal Superintendent L. R. Ross said this morning that the train due today—the Maritime express—had not left Quebec yet. In other words, there will be no railway connection from northern points on the government C. Myles, Youngs Cove road. The following men have no Canadian addresses—A. Cormier, C. McLeod, H. Fillmore, R. W. Harnden, W. H. Magee, J. J. A. Barr, F. A. Balvanes, J. A. Mellon, P. Fricano, S. H. Watson, T. Wright.

EIGHT YEARS IN PENITENTIARY

J. Travis Sentenced in Supreme Court on Two Charges of Theft

Eight years in Dorchester penitentiary was the sentence meted out to J. Travis in the Supreme Court this morning by His Honor Judge Barry. The prisoner was tried before His Honor at the present circuit with a jury and convicted on the charge of stealing from F. A. Johnston. The prisoner was indicted on a second charge of theft, and after being found guilty of that charge, he pleaded guilty to the second. This morning His Honor sentenced him to a term of eight years in the charge of stealing from F. A. Johnston, and three years on the second charge of theft. The sentences are not to run concurrently, but consecutively, which means in all an eight-year sentence.

FREDERICTON STRIKE HAS BEEN SETTLED

Fredericton, Jan. 25.—The strike of the larrigan sewers of the John Palmer Company, Limited, former manufacturers, has been settled by J. C. Watters, former president of the Dominion Trades and Labor Congress, who came here from Ottawa at the request of the minister of labor.

LOCAL NEWS

MRS. JAMES A. KING.
The death of Mrs. Panny King, wife of James A. King, occurred this morning at an early hour in the General Public Hospital after an illness of several months. She leaves to mourn, besides her husband, two small sons, her parents and three brothers.

TO MEET NEXT WEEK.
The board of conciliation appointed to deal with police matters, consisting of H. Colby Smith, chairman; A. H. Wetmore for the city, and J. L. Sugrue for the men, hold their organization meeting some time next week and then proceed to business, according to a statement made this morning by the chairman.

IN THE MARKET
Business seemed quite brisk in the city market this morning, and footstuffs were demanding their usual high prices. Butter was selling at fifty-five cents a pound. Western turkeys have taken a slight slump and were retailing at fifty-five cents; chicken from fifty to sixty cents, and ducks at fifty. There was but little change in the prices of beef, pork, ham and bacon.

MATCH POSTPONED.
The match between the Thistles and St. Andrew's Curling Clubs, scheduled to take place this afternoon and evening, was postponed owing to soft ice. Eighteen rinks were to have played and keen interest was manifested. The contest will in all probability be held next Saturday.

TRADE WITH SIBERIA
A prominent St. John manufacturer who was in Ottawa recently to hear Mr. J. Findlay, of Vladivostok, talk on the possibilities of trade extension between Canada and Siberia, has invited Mr. Findlay to come to St. John and meet the manufacturers here. Mr. Findlay has been talking with the manufacturers of Ontario and Quebec, at the request of the minister of trade and commerce. It is likely that a meeting of manufacturers and business men will be held in the board of trade rooms early next week to meet Mr. Findlay.

The O'cedar Mop Really Cleans The Floor!

The O-Cedar Mop doesn't simply pass over the dust on the floor—it absorbs it and leaves the floor fresh and clean. Ideal for Linoleum or hardwood flooring, where ordinary sweeping fails to remove the dust and dirt.

Costs only \$1.50, and with proper use it lasts practically indefinitely.

Always a full line here; also the famed O-Cedar Polish in convenient sizes.

D. J. BARRETT, 155 UNION STREET
Glenwood Ranges. Store Open Saturday Evening.

OAK HALL SCOVIL BROS., LIMITED
ST. JOHN, N. B.

Here Is An Exceptional Offer

A Beautiful Louis XVI Ivory Finish Bed Room Suite at \$175

Suite consists of five pieces: Bed, Chiffonier, Dresser, Table and Chair.

Bed, six feet long and four feet, six wide. Dresser, forty-six inches long, twenty-three inches deep, and has oval mirror, bevel glass, twenty-seven and a half by thirty-six.

Chiffonier is thirty-eight inches long and twenty inches deep, fifty inches high, and has bevel glass, oval mirror, nineteen by twenty-nine.

Both Dresser and Chiffonier have dust-proof drawers; and the whole suite is most substantially made, and the beautiful finish is very winning.

This suite would easily sell at far above the special price we have named—especially at this time of higher costs.

The suite is now showing in our window, and we will be glad to have you step in and inspect it more closely.

Price \$175 for the Suite
