Haig Hits Hard; Wins Back Ground

Quick and Decisive Results On Southern Side of Lys Front

All Territory Lost Thursday Recovered and Line Restored; All British Objectives in Counter-Attack Gained; French Beat Off Attackers

Field Marshal Haig's troops took the aggressive last night on the southern side of the Lys battlefield, with quick and decisive results. They compelled the Germans to give up the small bits of ground in the Givenchy-Festubert sector, which were all the enemy had to show for his costly all day attacks of Thursday on this front.

The British counter blow resulted in the attainment of all the objectives sought and in the complete re-establishment of the British line as it existed before the Germans struck on Thursday.

The only offensive action on the German side reported from the British front was in the Robecq region, near the westerly tip of the Lys salient, north-west of Meville. The enemy met no success in this local operation, the British driving him back to his positions.

There is possible significance in raiding operations carried out by the British south along the line below the Scarpe river just to the southeast of Arras. Apparently it was a feeling-out operation to develop what forces the Germans have ready for an attack in this region. A German counter-attack was repulsed.

In the sectors of the southern battlefield held by the French there was a continuation of the heavy artillery action between Lassigny and Noyon, towards the French right flank.

British Report

London, April 20—Nine machine guns, a trench mortar and prisoners were taken by the British in a local operation yesterday south of the Scarpe river. A German counter-attack was repulsed.

On the Flanders front the British ejected the Germans from advanced positions gained by them in the battle of Thursday in the region of Givenchy and Festubert.

The British gained all their objectives in their counter-attack in Flanders, advancing their defenses back from the British front and re-establishing their positions.

In sharp fighting southeast of Robecq the British drove back German attack parties.

French Report

Paris, April 20—German troops last night launched a raiding operation against the French lines in the region of Hangard-Ka-Santerre, southeast of Arras. The operation was a failure. The French took prisoners in this local action. The artillery has been active along the southern battle line between Lassigny and Noyon.

Many Germans Surrendered

With the British Army in France, April 20—(By the Associated Press)—In the neighborhood of Robecq many Germans threw away their rifles and surrendered when they could no longer bear up under the stream of machine gun bullets which was sweeping through them.

The British trench mortars also did great execution. The German artillery bombardment about Givenchy and from La Bassée northward along the canal yesterday morning perhaps set a new high water mark for intensity. Veterans of many battles declare they had never seen anything like it.

It was the German intention to wipe out the canal. The German bombardment did much damage, but all the Germans had to show for their expenditure of ammunition, and subsequently their sacrifice of life, was one bit of a forward trench at Givenchy and one little outpost at Festubert, where a small company of British fought to the last man.

The British fought to the last man. After having gained a footing in a bit of the forward trench at one time a body of Germans pushed through until they got to battalion headquarters, and the servants, orderlies and clerks armed themselves and fought side by side with the infantry until the Germans were beaten back.

One body of Welshmen surrounded in a melee held out and inflicted heavy losses on the enemy until assistance arrived and they were able to fight their way out again.

BOY KILLED CHILD OVER MARBLES GAME

Jersey City, N. J., April 20—A charge of murder against a nine-year-old child, Frank Muchelowski, was made in the criminal court here today. Questioned as to why he killed Edward Chorosi, four years old, with a rifle while they were at play yesterday, the young defendant replied: "I shot him because he stole two marbles from me." It is alleged that after an argument over a game of marbles the Muchelowski boy placed this afternoon from the residence of his sister, Mrs. Hachey, 28 Harding street. Interment was in the new Catholic cemetery.

BURIED TODAY

The funeral of Walter C. Boulter took place this afternoon from the Home for Incurables. Services were conducted by Rev. Hammond Johnston, and interment was made in Fernhill.

EXPECTED TO DIVIDE ALLIES IN A FORTNIGHT

German Officers in Neutral Countries Were Prepared To Bet

NOW A MONTH A PASSED

Minister of Blockade Says There is Indefinite Period of Strenuous Struggle Ahead and We Must Not Be Too Readily Optimistic

London, April 20—That before the present German offensive began, German officers in neutral countries were prepared to bet that the Germans would succeed in dividing the forces of the Allies within a fortnight, Lord Robert Cecil, minister of blockade, said in a speech last night at Hitchin he had been informed.

"A month has passed and the Germans have not succeeded," he continued, "but we would be wickedly foolish if we believed the battle had ended. We have an indefinite period of terrible and strenuous struggle before us. We must not undertake our enemy, who has had the great advantage of fifty years of preparation for war, favorable geographical position and united command."

"But British citizens who have witnessed the Germans for four years on equal terms have proved that their valor is equal to German training, while recently our forces in France were placed by the French armies under the command of that great soldier, General Foch."

Lord Robert did not think that the enemy's formidable advantages would decide the battle in his favor, but the Allies under the sway of a too easy optimism.

Since the battle had begun there had been no talk of peace and nothing had been heard but talk of German annexations, indemnities, increased power of the German military caste and the slavery of the rest of the world. He concluded: "We are fighting indubitably for the freedom of the world. Anyone who says with the Germans desire to live in peace with their neighbors and are ready to make a just and righteous peace is indulging in voluntary self-deception."

FOR THE ARMING OF CANADIAN VESSELS

Ottawa, April 19—By virtue of an order-in-council, dated April 12, the minister of the naval service is empowered to give directions that any British ship registered in Canada shall be equipped with such apparatus for protecting it against operations of the enemy as may be specified, and that the crew of the ship shall properly be instructed in the use of such apparatus.

It is also provided that every vessel built in Canada which is completed after April 1, 1918, shall be fitted with such defensive armament as the minister shall direct, and every vessel built in Canada and completed before that date shall be fitted with such defensive armament as the minister may direct before the vessel leaves Canada on any voyage for which the armament is necessary.

SAYS FULL PLOT WAS NOT REVEALED TO VON SHACK

San Francisco, April 20—In the opening argument for the defence in the trial in the matter of the alleged conspiracy to overthrow British rule in India, Attorney T. J. Roche told the jury late yesterday that the nerve center of a vast conspiracy for that purpose was in the German embassy at Washington, but it did not taint the German consulate here.

Roche characterized Captain Fritz Von Papen, military attaché of the German embassy, as the "concealing mind" of the conspiracy, which he said was "world-wide and world-important." He said Von Papen deliberately involved Baron H. H. Von Schack, formerly German vice-consul here, as the financial agent of the conspiracy, except those receiving final orders, which were sent to the German embassy at Washington.

YOUNG MEN IN IRISH COLLEGES ARE BEING SENT TO THEIR HOMES

London, April 19—It is announced in Dublin, according to a despatch to the Post, that in view of the possible operation of conscription, young men at colleges in various parts of the country are being sent to their homes. Clerical students at Maynooth, except those receiving final orders, will leave for home at once. Students from St. John's College, Waterford, already have left for home, and the same rule applies to numerous colleges around Dublin. Shop assistants also are returning to the country.

Ten Million Americans Is Daniels' Prediction

Navy Secretary Declares Allies Will Hold Line Till Effective Help From States Arrives

Boston, April 20—Speaking at a Liberty loan rally last night, Secretary of the Navy Daniels said the Allies would hold the line until the United States could send ten million men to France and that this country would build ships until we had the greatest navy in the world. There are now 40,000 naval men in foreign service, he said, and there are thousands more waiting at home for ships upon which to get into action.

"The only embarrassment we are having with the navy," he said, "is that 90 per cent of the men are clamoring to go on destroyers so they can see quick action and lots of it." He said that so long as the British, French and American fleets controlled the seas Germany could not win.

Referring to the German drive on the western front, he said: "Now, thank God, the Allied armies on the west front are under one command, that of the great Frenchman, Foch. The acid test for us at home is whether we shall subscribe or over-subscribe the Liberty loan."

LIQUOR CAME UNDER CONVOY

Large Quantity Seized in Victoria and Madawaska Counties

Fredericton, April 20—Chief Inspector W. D. Wilson reports that a very heavy consignment of liquor seized in Victoria and Madawaska was this week forwarded to St. John. It was shipped under convoy as the chief inspector would take no chances of it being tampered with en route. The guards safely landed the wet goods in St. John.

This precaution was taken on account of numerous complaints made recently that liquor shipped from Montreal to this province, prior to the ban being put on inter-provincial traffic was being put on inter-provincial traffic was being put on during shipment and a large proportion of the liquor stolen. Complaints even are made that the same thing is happening shipments of light beer, which is allowed to be sold in the province under the prohibition act.

MOB HANG MAN SUSPECTED OF DISLOYALTY BUT CUT HIM DOWN ON PLEA OF POLICE

Collinsville, Okla., April 20—Henry Rheimer, suspected of disloyalty, was hanged by a crowd of fifty men here last night, but after he had swung until he had become semi-conscious the police persuaded the would-be executioners to cut him down on the promise that he would be given a trial today.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—The barometer continues high from Ontario eastward to the Atlantic, but an area of low pressure from the Gulf of Mexico is now moving northward towards the Great Lakes. The weather has become warmer in the western provinces, but continues cool from Ontario to the maritime provinces.

Forecasts—Ottawa Valley and Upper St. Lawrence—Easterly winds, fair; Sunday, easterly winds, with occasional rain.

New England—Gulf and North Shore—Northwest winds, fine and cold; Sunday, northeast winds, fine and cold.

Maritime—Moderate variable winds, fine and cool today and on Sunday. New England—Probably rain late tonight and Sunday; warmer, moderate east to southeast winds.

Ten Houses Prey of Flames

Sandyville Section of Marysville Swept This Morning With Loss of \$30,000

Fredericton, N. B., April 20—Fire originating in a house occupied by Garfield Peterson, Marysville, this morning, wiped out ten dwellings in the section known as Sandyville. The homes destroyed were occupied by operatives of the Canadian Cotton Mills. There was no water supply there for fighting fire and the auto chemical truck from this city was summoned.

Fifteen families are left homeless and a most of them lost everything they possessed. The business section of the busy town was threatened at one time, but prompt methods saved serious destruction.

(Special to Times.) Fredericton, N. B., April 20—The Marysville fire burned until about noon. Sixteen families were rendered homeless and five double houses and seven single ones were destroyed. The loss of real estate and personal property is estimated at about \$40,000, partially covered.

The eight double tenements and three of the single houses were owned by Alex. Gibson, ex-M. P. The other houses were occupied by the owners, Elbridge Walker, William Moore, Randolph Titus and Eugene Savage. The other dwellings destroyed were Garfield Peterson's, Charles Hanson's, George Meyers', Edward Peterson's, Wellington Estabrooks', John Marshall's, Mrs. Isabella Lemon, Edson Peterson's, David Saunders', William Manzer's, Fred Estabrooks' and Herbert Peterson's. Mr. Marshall is living in St. John.

Morning Session of House Budget Debate Continues—An Enlivening Incident—Double Tracks Remain in Union Street

Fredericton, April 20—The first forenoon and the first Saturday morning sitting of the legislature this session was held this morning.

In the absence of Premier Foster, Hon. C. W. Robinson led the government forces and most of the members were in their seats. The morning session was deemed necessary in order to get along with the business still before the house.

A large amount of business has been transacted, the number of bills considered having passed well beyond the century mark, but there still is much to be done by the closing of the session.

An evening session today and an early start on Monday will give the house an opportunity to get the routine matters well under way.

Dr. Baxter introduced this morning was one to give the municipal council of the province the authority to increase the per diem allowance of the councillors from \$8 to \$8 if they wish. This is a government measure of general application, substituted for a local bill, which had been submitted by the municipalities of Victoria.

The budget debate was resumed this morning by B. F. Smith, of Carleton, minister of public works, under the late government.

Mr. Smith's address up to the hour of adjournment was devoted entirely to criticisms of the agricultural department and particularly of the seed and fertilizer purchases and distribution. His chief objection seemed to be that the government had interfered with opportunities of private firms and individuals to profit from the necessities of the war.

The monotony of the proceedings was interrupted by as lively a little tilt as has been witnessed this session. Dr. Baxter began the trouble by making a reflection on the impartiality of the speaker, and when called to account said the remark was intended only for the ears of another member and not for the ears of the house. The speaker did not see it that way and insisted on the withdrawal of the remark.

Dr. Baxter persisted in his attitude and added another remark which further reflected on the speaker. After a brief but spirited debate, and after several members on both sides had poured oil on the troubled waters, Dr. Baxter, with an intimation that he had mental reservations, formally withdrew his remarks and the house proceeded.

Before taking recess at one o'clock, Hon. Mr. Burchill presented the report of the corporations committee to the effect that the committee had considered the St. John bill relating to the removal of double tracking of Union street and had decided not to recommend the bill. This means that the tracks will remain.

JUDGMENTS OF SUPREME COURT

(Special to Times.) Fredericton, April 20—Judgments were given yesterday afternoon by the Appeal Division of the Supreme Court, Justices White and Grimmer sitting.

Scott vs. McCain Produce Co.—Chief Justice Hazen gave judgment of the court; new trial on counter claim with costs of the appeal.

Cheeseman vs. Canadian Pacific Railway—Judge Grimmer gave judgment of the court; appeal dismissed with costs. Judge White took no part.

Clary vs. Smith—Chief Justice Hazen and Judge Grimmer gave judgment; appeal allowed; new trial granted with costs of motion to defend it.

Woodstock Electric Light and Power Co. vs. Dominion Tanneries—Judge Grimmer gave judgment of court; appeal dismissed with costs.

Wilson vs. Bell—Chief Justice Hazen gave judgment of court; appeal dismissed with costs.

Clark vs. Chief Justice Hazen gave judgment of court; verdict for plaintiff on his claim, with costs; verdict for defendant on counter claim with costs; smaller verdict to be deducted from the larger and judgment accordingly; costs of appeal to plaintiff. In this case the verdict of the plaintiff is the larger.

Farnell vs. Conway—Chief Justice Hazen gave judgment of court; appeal dismissed with costs.

NO INCREASE IN ADVANCE OF AN INVESTIGATION

Another conference was held at the mayor's office this morning in relation to the power company's demand for higher rates.

Dr. Wallace was present, with members of the city council and Committee of One Hundred. M. E. Agar and A. L. Foster reported on their visit to Fredericton. The meeting reaffirmed its willingness to rest its case with an independent commission and its unalterable opposition to any increase in rates in advance of a thorough investigation by that commission.

Mayor Hayes will go to the capital again on Monday. The matter will come before the corporations committee on Tuesday.

CASUALTY LIST THIS WEEK HAS NAMES OF 12,368

London, April 20—British casualties reported during the week ending today totalled 12,368, divided as follows:

Killed or died of wounds—Officers, 577; men, 1,638.

Wounded or missing—Officers, 2,718; men, 7,991.

These casualties are approximately half as large again as those reported in the preceding week. Although heavy fighting has now been in progress a month, however, the lists have not begun to approach in size those of last year in the months of active operations when the British were on the offensive.

There is no means of determining how far the casualties now being reported represent losses in the fighting since the German offensive was started. In the several weeks preceding last week, however, when 6,129 names were listed, the totals had been going no further than between 8,000 and 4,000.

NEW BLACK LIST

Washington, April 20—A revised enemy trading list, containing more than 5,000 names, and for the first time including enemy firms in the neutral countries of Europe, was issued today by the war trade board. It was established in conjunction with Great Britain and France, to unify the efforts of the Allies to keep their products from reaching the enemy.

Italy has accepted the list in principle. The number of firms listed as enemies in South America was slightly reduced from previous lists, after investigation disclosed that the claims of many that they were neutral were justified.

Besides the neutral countries of Europe, Greece and Morocco are included in the territory covered by the list.

Visited the U. N. B. Fredericton, April 20—Responding to an invitation a party of members of the legislature visited the U. N. B. this morning. They were welcomed by Chancellor Jones and members of the staff and given opportunity to inspect the building, the equipment and some of the work of the students.

ALL FURLOUGH LEAVE OF CANADIANS STOPPED FOR PRESENT

Ottawa, April 20—Major-General S. C. Mewburn has received a cable from the minister of overseas military forces of Canada announcing that no more leave or furlough can be granted to officers and men of the Canadian expeditionary forces serving overseas. This is in view of the very serious situation at the front, and the absolute need of men remaining at their posts until the crisis is over.

No extensions of leave or furlough will, therefore, be granted, except for medical reasons, to officers and men of the overseas forces now in Canada. ....

THE BUSINESS OF WAR

(By E. T. Bronson, in the May Popular Mechanics Magazine) In the latter part of September, 1914, a laughing, light-hearted boy, just leaving his teens, enlisted in the Canadian Light Infantry—the "Princess Patricia's." He knew nothing whatever of military science and even less of discipline, and was one of the rawest recruits at Valcartier Training Camp.

In the summer of 1915 this same boy commanded his regiment in the fiercest of the second battle of the Ypres salient. He received his "D. S. O." after this was over. As a reward for the capture of Genesee Ridge, eight months later, he was given an honor bar to his D. S. O. and promotion. At present he is an acting brigadier general, and doubtless is now a major.

Often at a draft camp, qualities or accomplishments will be discovered in a man which he did not even suspect were valuable, and these lift him to a commission immediately. One striking example of this was a Cleveland youth who went with the first draft. A week after he arrived he happened to mention to the first sergeant of his company the fact that he was most familiar with all the country in the region of Verdun, having spent four years in this part of France.

A few days later a summons came from Washington, demanding the presence of the private immediately in Washington. Upon his arrival there he reported, and was sent into an inner room to wait. A half hour later he was called, and in the assemblage into which he was projected he recognized many faces of men often pictured in the papers.

"You have said that you have driven your own automobile around the Paris-Verdun region for four years; that you know every foot of the roads; that you speak four languages fluently, besides English. Are these things true?" The spokesman looked seriously but kindly at the young man.

"Yes, sir!" At this a huge blank sheet of paper and a crayon were produced. The spokesman indicated a chair before the desk on which the paper was spread. "Now indicate roughly," he said, "the position of Verdun and all towns within a twenty-five mile radius, and show the main roads leading from one to another."

The young man sat down immediately and set to work. As the blank map began to assume recognizable shape, one of the officers in the background asked a question in French. The map maker answered without looking up. "I came queries in German, Scandinavian, and Dutch, which were all answered quickly."

As the drawing went steadily on the officers crowded closer and closer to the map. When at last the crayon stopped, the spokesman led the young man into the waiting room. Fifteen minutes later he was called back.

"You are to be transferred immediately," he was told. "You will report to General Pershing!" The young man did so, and was given a commission on the private staff of the general.

BLACK JACK AT IMPERIAL TONIGHT

A package of Black Jack Chewing Gum will be given free to every patron at Imperial Theatre tonight.

NEWS OF OUR SOLDIERS

Mr. and Mrs. Jacob B. Price of Tabusintag have been advised that their son, Private John Kenneth Curtis Price, had been accidentally killed in France. He was a member of the railway troops in France and on a railway the accident occurred.

The ladies of Exmouth street Methodist church entertained members of the Red Triangle clubroom in the exhibition building last evening. Those taking part in the programme were Miss Minnie Miller, Miss Emma Rand, Miss Edith Magee, Bayard Stitwell, R. Carson, Richard Dawson, Alice Dawson, Gordon Stevens, R. Massey and Walter Bagnell. Rev. G. P. Dawson presided.

A banquet was given last evening in Bond's restaurant for a party of Hebrew recruits en route to Windsor. Speeches were made by members of the Jewish reception committee and a good time was enjoyed.

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says: "I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, APRIL 20, 1918

The Evening Times and Star

ST. JOHN, N. B., APRIL 20, 1918.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

IN THE LAST DITCH.

The promoters of the New Brunswick Power Company's scheme to make the people of St. John pay dividends on watered stock are in the last ditch, out of which mud is being industriously thrown at the city of St. John.

This is the last resort of a group of money-chasers who tried to "put one over" on the city, and were caught in the act.

The members of the legislature are not so easily deceived. They know the company has no justification whatever for seeking dividends on more than the \$2,057,000 which was outstanding against the plant under the old prosperous company.

SENATOR COLBY'S MESSAGE. What will be the net result of the appeal of Senator Colby to the people of St. John? He says very frankly that as a representative of a country which was three years late in entering the war he did not come to offer any advice to the people of Canada.

SENATOR COLBY'S MESSAGE. What will be the net result of the appeal of Senator Colby to the people of St. John? He says very frankly that as a representative of a country which was three years late in entering the war he did not come to offer any advice to the people of Canada.

What will we do with his message and that of Mr. Jones, who represents the Canada food board? Well-timed replays at a public meeting has its merits, but it is what the cook does in the kitchen and the man does at the table which will determine whether we are interested in providing the food that is needed in France.

Senator Colby bluntly says that those who eat white bread are eating the ration of a soldier or the food of a French or Belgian child, because there is not enough wheat available and in sight to supply the needs of the next nine months.

Now that the situation has once more been presented—and it was presented by Dr. James W. Robertson a year ago and unheeded since—perhaps we shall do better. The women's organizations can do more than any others to popularize a movement which means some personal sacrifice.

credit that we go on as we have done at home while our sons are facing death, and now also the possibility of reduced rations, on the battlefield. Senator Colby's plea and that of Mr. Jones should give a great impetus to the war garden campaign.

VOTE ON MONDAY.

Every voter in the city should go to the polls on Monday and vote for two candidates. The kind of city government we shall have for the next two years will depend to a considerable extent upon Monday's choice.

CAUSE AND EFFECT.

Extract from legislative report: "Quoting from the St. John Standard of Sept. 28 the honorable minister (Mr. Veniot) read an article which ascribed to four residents of Douglas Harbor a statement to the effect that the road around the head of Maguapit Lake was in a bad condition following work done upon it by the department of public works."

HIS THROAT CUT. Rufin Despres, aged twenty-two, of Cabbage Bar, Kent county, was found dead in a pool of blood in his room at a boarding ing-house in Moncton last evening and a razor lying by his side.

ELECTION CARDS

Ladies and Gentlemen: Having already announced my candidature for City Commissioner, it but remains to make this formal intimation.

THIS EXPLAINS IT.

St. John Railway Company. Bonds, 6 per cent. \$1,000,000 Stock, 5 per cent. 1,087,000

New Brunswick Power Co.

1st pd. cum. stock, 7 per cent. \$1,000,000 2nd pd. non-cum. stock, 7 per cent. 850,000 Bonds, 5 per cent. 1,750,000 Stock, common. 1,998,000

And the real value of the property was not increased one dollar.

The power company advocates have not yet told who got the money, but they demand more money. The war outlook at the week-end is much brighter. It is held that every day which passes makes for greater strength of the Allies.

THE DEAD OF THE TUSCANIA.

Far on the wild Scotch coast our boys are sleeping Between the solemn cliffs and chanting waters, Our soldiers, side by side in peaceful trenches, Clad in their khaki, confined in fresh timber.

Their country blesses all who did them honor. The fishermen who sought those broken bodies Among the rocks, the grief-wise Scottish women Who all night long before the burial labored.

LIGHTER VEIN.

The Age of Reason. Jimmy giggled when the teacher read the story of the Roman who swam across the Tiber three times before breakfast.

Implied Character.

A local draper tells a story of a young man from Lianpumpaint who went to London to obtain a berth. "Ah!" said the prospective employer, "what is the meaning of Lianpumpaint?"

On Duty Elsewhere.

An Irish soldier had just lost an eye in battle, but was allowed to continue in the service on consenting to have a glass eye in its place, says an English paper. One day, however, he appeared on parade without his artificial eye.

Not Commendable.

We have been informed there was a dance in town last week, the first for many years. This is not a very good recommendation for a small place like this.

Are Now Proclaiming to People Their True Intention of Conquest—Mr. Balfour's Speech

Latest portrait of H. B. Thomson, chairman of the Canada Food Board.

"What is now more pressingly required is that the fighting forces of the United States should be brought as speedily as possible into the field," said A. J. Balfour, the foreign secretary, in speaking at a luncheon to an American labor delegation in London the other day.

"The Germans' plan," continued Mr. Balfour, "is to shatter the British army before the American weight can be brought into the scale. The German inspired press has been instructed by its masters to show the utmost contempt for the American military effort. But the masters do not share that contempt. They are planning their whole campaign and are sacrificing men with reckless extravagance in order that the American help may arrive after their blow has been struck."

In proposing a toast to the Allied cause at the luncheon to the American labor delegation, Mr. Balfour said:

Deciding the World.

"We have been the witnesses during the last year or year and a half," he said, "of strange tergiversation on the part of those who wished to delude either the German, neutral, or, it might be, even the Allied public with regard to German intentions and methods."

"There was a moment before the facile success which Germany obtained against an unresisting enemy in the east, when German statesmen and German members of parliament discussed public affairs, which would lead one to suppose that Germany was on the highway to democratic institutions and to a heartfelt adoption of the four principles which President Wilson has made famous throughout the world."

Mere Camouflage.

"They now almost cynically admit that the resolution of the Reichstag, of which we have heard so much, all the talk of no annexations and indemnities, of considering the wishes of subject populations, of spreading the principles of security and freedom throughout the world, was what we sometimes call camouflage."

"Germany now stands forth undisguised as a robber state," declared Mr. Balfour. "How is she going to carry out her robbery so far as her internal politics are concerned? Her methods are simple. If things are going wrong, or are not going so well as her optimists expected, then they tell the German public:

"You must fight on, because the powers against whom you are fighting desire nothing less, and will be content with nothing less, than the total destruction of your country."

Will Prove Wrong.

"As the Germans have been proved hopelessly wrong in their estimates of the ideas, desires and determination of the American people," said Mr. Balfour, "so they will be proved wrong in their estimate as to the speed with which the Americans will be able to carry out their purpose and programme."

"The thought uppermost in all British minds today is confidence that America will upset the German plans, that America will be able to send over her indomitable forces in a way which no German general staff officer has ever calculated. It is men we need now."

**THE JOCKS.**

The following extract from a Scotch paper sent here by Pte. Alex. Morrison of Highland Light Infantry, Glasgow, to his parents, Mr. and Mrs. Alexander Morrison, 102 Queen street, gives an idea of what the Huns think of the Jocks in frocks:

The Germans have compiled statistics which show that the troops of a certain Scottish division are the most dangerous and deadly of all their enemies.

The War Lord's brow was sad  
And the War Lord's speech was low,  
And darkly scanned he the reports  
Of Hindenburg & Co.  
"What enemies are these?" he cried  
"That give my Field Greys shocks?"  
And with one voice the Vons replied  
All Highest, 'tis the Jocks.

Then up spake gallant Ruprecht,  
A washbuckler was he,  
Come Kaiser, stand by my right hand  
And view the fight with me.  
Der flower of all Bavaria  
Was dead or wounded crocks,  
Thanks to der tenfels' nut ze pipes  
Gott strafe ze cold-steel Jocks.

And up spake little Willie,  
His father's eldest son,  
A bad lad who never won a fight  
But looted like a Hun:  
No more, said I, forage  
For watches, jewels or clocks,  
Because the road ahead is barred  
And held by killed Jocks.

The War Lord gave his fierce moustache  
Another upward twist,  
Go, let loose yet more frightfulness  
And bang the mailed fist.  
Let's rattle loud the sabre  
And o'erawe these men in frocks,  
But Generals and Field Marshals cried  
You do not know ze Jocks.

DANCING AT THE FRONT.

The question of whether the authorities are justified in prohibiting British army nurses from attending dances is more complicated than can be guessed. No one in or out of authority believes dancing to be wrong. It is purely a question of expediency. Here is a very large body of (mostly young) women, drawn from every class of society, un- der-taking in a foreign country duties of the most exacting description. Their efficiency and the good repute of the nursing service depend on their ability to surrender their minds entirely to the work they have undertaken. Naturally this demands much sacrifice of inclination. Moreover, they work in close association with men of other nationalities who may imperfectly apprehend their outlook. Reserve and formality are indicated. Does the excitement of the dance make the nurse keener over her duties, or does it accentuate languor and a desire for pleasure? Can the barriers which common sense places between the sexes under existing circumstances be maintained in the ballroom? In so large a company of nurses are there no frivolous ones who might bring reproach on the whole body? The conclusion we reach is that the women who care for our wounded in war are consecrated

Term For Embezzlement Dates From Today  
Three Men Get Two Years For Theft From C. P. R.—Purchaser of Some Gloves Fined \$400 by The Customs

In the county court this morning His Honor Judge Armstrong imposed sentences on several prisoners who had been before him under the Speedy Trials Act. In the case of Fred Power, who pleaded guilty to charges of theft while in the employ of F. W. Daniel & Company, His Honor sentenced the prisoner to four years in Dorchester penitentiary, dating from today, with hard labor.  
His Honor told Fowling that he had pleaded guilty to two counts of the indictment which cover cases of the most systematic stealing. "In your case," said His Honor "there is not a single extenuating circumstance. You have no one depending on you and had a salary suitable for your needs. You were the trusted cashier and accountant of your employers; by careful planning and often in an ingenious and crafty way you have time and time succeeded in withdrawing and withholding money from your employers which you appropriated for your own use, at the same time covering up the statements so as to ward off suspicion. You admitted your guilt only when the evidence at the preliminary hearing made it impossible for you further to successfully deny your guilt."  
In the case of William Garnett, Frank Wright and George Noles charged with theft from the C. P. R. steamer Victorian, His Honor imposed a sentence of two years on each of the prisoners, with hard labor, in Dorchester penitentiary. His Honor said he was not sorry to hear that the purchaser of these gloves, the same being a small portion only of the stolen property, had been fined \$400 for purchasing goods which had not been entered at the customs.

**ANOTHER OF**  
**THE OLD 26TH**  
**GIVES LIFE**

Sergeant Roy V. Powell, 32 Months in War, Dies in English Hospital  
Another member of the original Fighting 26th has paid the supreme sacrifice on the altar of duty in the person of Sgt. Roy V. Powell, son of Mr. and Mrs. Percival Powell of 214 Carnarvon street. Word was received by his parents this morning that he had died of tuberculosis contracted in France in the Canadian Special Hospital at Lenham, England. Few men have a record of service such as Sergeant Powell has. Going over in 1915 with the 26th, he spent thirty-two months in the war without respite, except for one occasion when a slight wound placed him in hospital for two days. He was at the end of that time sent to an officers' training school in France to qualify for a command by which time there was taken ill with bronchitis. In January of this year his health compelled him to be sent to a hospital at Boulogne. From thence he was sent to England and finally to the Special Canadian Hospital, where he passed away. A few days ago the family received word that he had died of tuberculosis and the sad intelligence of his death. Private Powell leaves besides his father and mother, two sisters, Nellie and Daisy, at home, and one brother, Gordon, also at home. He was twenty-four years of age and was well and favorably known by many in St. John.

**HAMPTON BARN BURNED**  
**DOWN; FIREBUG SUSPECTED**

A large barn in Hampton owned by Mrs. E. S. Campbell and rented by W. P. Brewster, was destroyed by fire, which is thought to be incendiary in its origin at 2:30 this morning. At 10 o'clock last night two of Mr. Brewster's daughters who happened to be in the barn noticed a blaze smouldering in the hay. This they extinguished. At 2:30 this morning the barn was in the grip of flames. The neighbors rushed to assist in fighting the conflagration which threatened to become general, as there are several buildings in the neighborhood. The house of J. Clark caught afire from the sparks but the work of the fire fighters put the blaze out immediately and the only damage was scorching. The automobile garage of Dr. Smith was also scorched. It is not known how the fire started but the opinion seems to be that it was the result of persistent incendiary effort.

**TWENTY-EIGHT DEATHS THIS**  
**WEEK; TEN FROM PNEUMONIA**

The high percentage of deaths from pneumonia continued this week and out of twenty-eight deaths reported at the board of health for the week, ten are from pneumonia. This disease has been very active and already there have been twenty-nine deaths in St. John since April 1. Seven deaths were due to pneumonia and three to broncho-pneumonia this week, three to measles, two each to senility, infantile convulsions and one to each of the following causes: Marasmus, hemorrhage, premature birth, ovarian tumor, acute bronchitis, cerebral hemorrhage, intestinal obstruction, status lymphaticus and laryngismus stridulus.

**HAS WELCOMED**  
**MEN OF ST. JOHN**  
**IN HIS CHURCH**

Pastor of First Baptist Church, Folkestone, Passed Through This City Yesterday

**MI JN TO CANADA**

Here in Support of Red Triangle Fund—Stout Champion of Canada's Sons in England and France—Charges of Misconduct False—Over 500 in His Church Every Sunday

It is estimated that there are eight thousand Canadian soldiers in London every day on leave. They are constantly going and coming. An inquiry for a period covering two weeks shows that in that time only 242 Canadians were sufficiently under the influence of liquor to require assistance to their quarters. These men, bear in mind, were on leave and free to go about as they chose. Less than fifty per cent of all these thousands is so small a percentage as to refute entirely the charge of wholesale drunkenness made against the men from Canada.

This is one part of the message brought to Canada by Rev. J. C. Carlie, D. D., pastor of the First Baptist church, Folkestone, who has over five hundred Canadians in his own church every Sunday, and whose congregation receive in their homes and entertain every Sunday more than three hundred Canadians. Large numbers of soldiers from St. John have shared this hospitality, and Dr. Carlie speaks in the very highest terms of the conduct and character of Canada's sons in khaki.

It is worthy of note that Major MacDonald (former editor of the Maritime Baptist and so well known in St. John), says of Dr. Carlie: "There is no English minister who has come into closer touch or rendered greater service to our Canadian boys than Capt. Carlie." He holds the rank of captain as a member of the British chaplaincy board. Living in Folkestone, and being intimately associated with the camps at headquarters chaplain, he is able to speak with first-hand information of Canadians in the old country, and also in France, which he has frequently visited. He has also been through the Belgian lines, and received from King Albert the cross of the Belgian army for organizing the Protestant chaplaincy service in that army. This cross carries rank and the authorization to minister to non-Catholic soldiers.

Dr. Carlie passed through St. John to Halifax yesterday. He is visiting Canada at the urgent request of Col. Birks to take a leading part in raising the Red Triangle fund for the Y. M. C. A. in England and France. He has already spoken in several upper province cities, and may also visit St. John.

On April 20 Dr. Carlie will preach the Baccalaureate sermon in MacMaster University, Toronto, and the degree of D. Div. will be conferred on him. He is a member of the United Army and Navy Board of the Protestant denominations, and has letters from the Canadian Council in England as well as from Major MacDonald and others. A very hearty reception has been given him in the Canadian cities he has visited, because he has been in such close touch with Canadian soldiers and because he is a stout defender of their reputation against all charges of misconduct and demoralization. He was at Vimy Ridge a few days after the great battle, and says that no language can pay proper tribute to the valor of the Canadians in that struggle.

Dr. Carlie has a son at the front who has won the military cross. He speaks with enthusiasm of the great work done by the Y. M. C. A. in England and France. He has been for twenty years the pastor of the First Baptist church at Folkestone, and is the author of several books, including The Story of the English Baptists, The Royal Life, Christian Union, and Talks to Little Folks. In conversation with The Times yesterday, while waiting for his train, Dr. Carlie referred to the fact that while in Folkestone, Elmer A. Belding of St. John sang in his choir and at many entertainments. He had heard regularly from L. Corp. Belding in France ever since, the last time a few weeks ago.

**BOY OF 16 CHARGED**  
**WITH DRUNKENNESS**

In the police court this morning six boys were before Magistrate Ritchie charged with setting fires in grass fields and with trespassing in order to do so. His honor sent them below after cautioning them severely.  
A boy of sixteen was charged with being drunk in the public street. After reprimanding him, Magistrate Ritchie sent him inside.  
Edwin Kelley was fined \$80 for resisting arrest and \$8 for being drunk last night.  
Alexander Evans was fined \$20 for interfering with the police.

**BACK TO THE LINE**  
Mrs. Arthur McKell of 151 Metcalf street received word the first of the week from her son, Private William C. McKell, to the effect that he had returned to the trenches and was again with his regiment in France. Private McKell was wounded nine months ago and has been in hospital in England ever since recuperating. His many friends in the city will join in wishing him safety through the war.

A CHILD'S LAUGHTER

All the bells of heaven may ring, All the birds of heaven may sing, All the wells on earth may spring, All the winds on earth may bring.

London, April 19.—(Via Reuter's Ottawa Agency)—Telegraphing from French headquarters Reuter's correspondent says: "The French attack yesterday on the west bank of the Avre was noteworthy for its complete and speedy success, showing the superiority of the French Infantry over the German."

TURKS SUFFERED SEVERELY AT HANDS OF AUSTRALIAN TROOPS

Almost 1,000 Killed in Fighting in the Jordan River Area

London, April 19.—(Via Reuter's Ottawa Agency)—Telegraphing from British headquarters in Palestine under date of April 14, Reuter's correspondent says: "Australian troops inflicted more severe losses on the enemy in the Jordan area in a recent raid into Gilead. They destroyed five miles of the Hedjaz railway line and took more than 1,000 prisoners."

FRENCH GAINED MILE DEEP AND THREE IN WIDTH

Attack on West Bank of Avre Noteworthy for Complete and Speedy Success

London, April 19.—(Via Reuter's Ottawa Agency)—Telegraphing from French headquarters Reuter's correspondent says: "The French attack yesterday on the west bank of the Avre was noteworthy for its complete and speedy success, showing the superiority of the French Infantry over the German."

opposite Ghoraniyeh. The Anzacs, utilizing the excellent cover of the bank of the Jordan, awaited the 2,000 Turks debouching in open order from the hills against the bridgehead. The following morning 367 corpses were counted before the lines despite the night-long burial of the dead by the Turks. The actual number of enemy killed was almost 1,000.

**MAGIC BAKING POWDER**  
CONTAINS NO ALUM

It is a pure phosphate baking powder and is guaranteed by us to be the best and purest baking powder possible to produce.

The perfect leavening qualities of "Magic" combined with its purity and wholesomeness make it the ideal baking powder.

The ingredients are plainly printed on the label and our half century reputation should be sufficient guarantee of the high quality of these ingredients.

WINNIPEG TORONTO, ONT. MONTREAL

**AUSTRALIA'S SUGAR CROP VERY LARGE**

Cane Sugar Yield Exceeds Country's Requirements—May be Exported

For the first time in the history of the Australian cane sugar industry an amount of sugar has been produced greatly in excess of the commonwealth's requirements. The Queensland crop is expected to exceed 350,000 tons (70,000 tons above the record yield of 1913-14), and New South Wales will probably produce 20,000 tons, making an estimated total of 370,000 tons. As the consumption is unlikely to reach 270,000 tons, there will be a surplus of the current season of at least 100,000 tons; and even if the 20,000 tons of raw sugar stored at Mackay should be lost, there will probably still remain, at the end of the season, a surplus of not less than from 85,000 to 95,000 tons, for it is an open secret that the total production has been underestimated.

"The official explanation of this season's immensely increased yield," says the Australian Industrial and Mining Standard, "is (a) exceptionally favorable weather conditions, (b) the fact that a large quantity of cane was allowed to stand over from last season. This circumstance ignores the incentive offered growers—ever since the beginning of the war—to increase planting by the unprecedentedly high prices fixed, through the benevolent intervention of the commonwealth government, and it makes no mention of the circumstance that a considerable amount of the current season's cane is being allowed to stand over until next season. It also fails to remark that the commonwealth government supplemented the stimulus of unparalleled prices by returning all its mesne trading profits to the growers and by involving itself in a definite responsibility to purchase at an exceedingly liberal figure the entire Queensland production, whatever should be the quantity produced. The weather may have been favorable; the quantity of cane standing over from last season may have been substantial; but we take leave to insist that the policy of the commonwealth government was an important factor of the surplus."

**REVOLUTIONIZING VILLAGE LIFE IN THE MOTHER COUNTRY.**

London, Mar. 21.—(Correspondence Associated Press)—With women taking the place of men workers, conditions in many parts of the country are undergoing a remarkable change. This is most noticeable in parts where women land-workers are making their homes.

The Women's Institute is largely responsible for the movement which is gradually revolutionizing village life, making it more attractive and stimulating a sense of citizenship. In conjunction with the food production department, a preliminary meeting is called which elects a democratic committee representing farmers' wives, cottagers and landed women, who thereafter manage affairs, arranging for monthly social gatherings where useful lectures are given, exhibitions of housecraft or gardening skill held, and old, treasured recipes and household hints exchanged.

Several hundred villages already have their committees and the food department is inundated with demands for organizers and lecturers.

**If you only knew**

How delicious the clean, dustless teas of "SALADA" brand are, you would hasten to use them.

**"SALADA"**

Black, Green or Mixed... Sealed Packets only. To Preserve its Goodness.

The appellate division of the supreme court in Brooklyn has decided that hard cider is an intoxicating beverage and cannot be sold without payment of the liquor tax. The decision was given in the case of Bertha Schwartz, who sold two glasses of the cider to a policeman in her delicatessen store at 146 Myrtle avenue, Brooklyn. Attorneys for the defendant cited Roman and Greek history to prove that for 2,000 years cider has been considered non-intoxicating. A modern analysis indicated there was 6.8 per cent alcohol in cider and the court upheld the conviction.

Sixteen plants for the construction of field artillery have been completed across the line.

**THE AMERICANS ON WEST FRONT**

Mighty Army of Them There and Fast Making Into a Good One

Behind the British Lines in France, March 15—(Correspondence of The Associated Press)—The Germans are in for a rude awakening if they are sincere in discounting the American army in France, in the opinion of F. M. Cutlack, assistant official correspondent with the Australian Imperial Force here.

"The Americans," he asserted, "have a spirit for which the Kaiser would sacrifice a good half of his numbers if he could get it into his troops today."

Returning after a visit to the American forces Mr. Cutlack wrote—

"The dominant fact in the arrival of the United States army is the huge bluntness of it. It is new—new as paint—and keen as a race-horse in training, or rather a whole paddockful of race-horses. The world will probably not have the chance again of seeing such a spectacle of amateur warlike earnestness, for the Americans are learning very fast."

"It saw something of the same sort when the Australian war army began long ago in 1914—the same light-hearted enthusiasm, the same rich raw quality all untrained and inexperienced, the same outpouring of the very best of a whole country in an emotion of national pride, counting neither cost nor returns. The Americans are not soldiers yet, and no people realize better than themselves how much they have still to do to make themselves soldiers, but they will be a great and powerful army in probably shorter time than they reckon upon."

"Great armies have before this been raised for great causes, and the British Empire has the best reasons for knowing how with the vital spark in him the most unutilized civilian may become a fine soldier. But no army you can read of in history ever marched with finer ardor or faced a great struggle with serene satisfaction than the American Expeditionary Force in France. And it is such a mighty army. They will not tell you how big, and you are discouraged from guessing, but we ran through all a spring day in a huge automobile and still the American host dotted the landscape, drilling, marching, manoeuvring, building camps and roads. They are learning the art of fighting from the best soldiers of France and Britain, and many of their officers as attaches of one sort or another have seen a lot of this war from the German and Turkish side as well. We found a major who had watched the Gallipoli campaign from the top of Battleship Hill and was in the confidence of Linman von Sanders and the Turkish pashas. He has therefore a particularly warm regard for the Australians."

We went up to see the American line in Lorraine. In their khaki and round tin hats among the Lorraine hills they look and act very much like our own men; indeed they might be our own fellows. They have the same sturdy, self-reliant look. They spread themselves over country in the fashion of men accustomed to vast spaces. They walk with the same easy, free-limbed carriage. Their discipline, like ours, is a thing which force could never impose or maintain, but is rather contributed voluntarily to a common good in violation of temperament and upbringing.

"Against these men, as against the men of the British Empire, the Germans have no chance."

Oleomargarine.

We should think this would be a pretty good time when the nation smelt together as never before and everybody wants to see everybody else get a square deal, for congress to let the oleomargarine manufacturers use the same kind of coloring matter in their product as the farmers are allowed to use in theirs, let the votes fall where they may.—Ohio State Journal.

Headaches? Many things may cause them, But the trouble often yields To the quiet, restful comfort Of a pair of "Cat's Paw" Heels.

**Droping, Tired, Weary, Try This Remedy!**

Don't give in to that depressed, played out, don't-care sort of feeling. Better days are ahead. Cheer up, do as the other fellow is doing, tone and strengthen your mind, and you'll feel like new again. You'll dance with new found energy once you use Dr. Hamilton's Pills. They will quickly fill your system with energy, bring back the old appetite, restore that long lost complexion, make you feel like a kid again. A wonderful medicine, chucked full of health bringing qualities. You need Dr. Hamilton's Pills. Get a 25c. box today at any dealers.

**THE KING'S DAUGHTERS**

The executive of the St. John branch of the City Union of The King's Daughters and Sons met at the guild Thursday afternoon. The following officers were elected for the ensuing year: President, Mrs. A. Pierce Crockett; 1st vice-president, Mrs. D. W. Puddington; 2nd vice-president, Mrs. A. Kirkpatrick; 3rd vice-president, Mrs. E. A. Sinclair; recording secretary, Mrs. William H. Nice; assistant recording secretary, Mrs. Fred. Barbour; corresponding secretary, Miss S. L. Prichard; treasurer, Mrs. Geo. Dishart; members of executive, Mrs. Chas. Peters, Mrs. Colby Smith, Mrs. H. W. Robertson, Mrs. J. W. Bingham, Mrs. C. A. Clark, Mrs. L. LeLachue, Mrs. Rotheay McLaughlin, Mrs. J. F. Bullock, Mrs. J. Foster, Mrs. O. L. Barbour, Mrs. T. H. Hising.

The following is a report of the year's work: Relief: Sixteen loads of coal distributed, twenty-five families given assistance, rent, groceries, milk, clothing, bedding, etc., provided and \$41 in cash. Christmas cheer: Thirty-three baskets sent out and five dozen court bags to sailors. To the Children's Aid Society, \$20; to the Free Kindergarten, biscuits and clothing; to the Emma Fisk memorial, twenty-five dresses; to Halifax relief, donations of caps \$75, clothing \$100, for children in hospitals at Christmas \$25. To Red Cross: Fifty dozen articles made, forty pairs socks knit, one life membership \$25, cash \$20. Soldiers comforts: Five dozen pairs socks, cash \$5, mittens fund \$19. Armenian fund \$10, soldiers entertainment \$18. Cakes have also been knit for the sailors.

Bi-weekly visits have been made to the various hospitals and comforts provided. The rooms at the guild have been filled during the year and 203 transients accommodated. Trains and boats were met by the matron. Quarterly services were held during the year and twenty-five new members received.

CAROLYN NICE, Secretary.

**New May Selections**

**Columbia Records**

**Nora Bayes Sings, 'I May Stay Away a Little Longer'**

Prima donna of the vaudeville stage—that's Nora Bayes by unanimous consent. And she puts into her exclusively Columbia records the same happy spirit she puts across the footlights. Never has her clear, joyous voice been heard to better advantage than in this whimsical, melodious song. On the back another winner, "Some day they're coming home again."

A6030—\$1.50.

**"Any Old Place the Gang Goes, I'll Be There"**

A charging song with fighting words set to a war-like tune. Perhaps you can guess that "the gang" is bound for Berlin—and you'll certainly want to join in the charging chorus. On the back, "Faugh-A-Ballah." A2514—85c.

**"My Sweetie" sung by Samuel Ash**

A typically clever Samuel Ash interpretation of one of the most popular songs of the day. On the back, "I don't care to live in any marble halls with you."

A2511—85c.

**Al Jolson's Worried About Those "Wedding Bells"**

A song just made for Jolson, with "ding-dong" bells chiming all through the spirited melody. "Wedding Bells Will You Ever Ring For Me?" Can't you hear Al Jolson singing it? On the back, "Just a Little Cottage," with wonderful close harmony by the Sterling Trio.

A2512—85c.

**Mery Zentay plays "Barcarole" from "Tales of Hoffmann"**

For sheer magical beauty this exquisite number is a revelation in violin recording. Zentay has imimitably expressed in music the dreamy lilt and cadence of moonlit waves rippling beneath the gondola's swaying prow. Records like this sufficiently explain the 20-year-old artist's triumphs in Europe and America. On the back, Rubinstein's "Melody in F."

A2503—85c.

Keep the home fires burning	Oscar Seagle	A6028
Pack up your troubles in your old kit bag		\$1.50
Value in A flat	Piano Solos Percy Grainger	A6027
Polonaise in A flat major		\$1.50
I hate to lose you	Robert Lewis	A2508
For the two of us	Samuel Ash	85c.
A baby's prayer at twilight—Fox-trot	Prince's Band	A6029
Liberty Bell—Fox-trot		\$1.50
My Hawaii (You're calling me)	Louise, Fetera, and Greenus	A2509
"O Sole Mio" (Hawaian instrumental)		85c.

These are only a few samples from the unusually complete May list of Columbia Records—55 splendid selections running from popular hits, war songs, and whirlwind dances to opera airs, concert numbers, and instrumental music.

New Columbia Records on Sale the 20th of every month.

Columbia Graphophone Company, Toronto

**Ford ONE-TON TRUCK**

COUNTRY-WIDE interest and comment have followed the recent appearance on the market of the new Ford One-Ton truck.

It is now possible to get a serviceable commercial car of one-ton carrying capacity that also embodies the desirable qualities of Ford sturdy construction and low up-keep expense.

The Ford passenger car has proved itself the most economical and serviceable automobile in the world. And this latest Ford model differs from the standard Ford chassis only in being constructed for heavy-duty service.

The frame is built of heavy steel, and the wheel base has been lengthened to 124 inches. A worm drive is used, and rear wheels are equipped with solid tires. Front tires are pneumatic. The standard Ford motor, transmission and ignition are embodied in the truck.

The Ford truck is supplied as a chassis only. This allows the purchaser to equip his car with any style of commercial body to suit the individual requirements of his business. It is an easy matter to get this equipment, for many of the leading body builders of Canada already have developed standard bodies of the various styles, made specially to fit the Ford truck.

Ford service has contributed in no small way to the reputation of the Ford car for day-in-and-day-out dependability. This same universally satisfactory service is available to owners of Ford trucks—an important thing to consider.

Realizing that a Ford model of the popular one-ton capacity would find immediate favor, this new truck is announced. Don't fail to see it on exhibit at the Ford service station in your town.

Price \$750 f.o.b. Ford, Ont.

**GATARRHAL DEAFNESS MAY BE OVERCOME**

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parvint (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing becoming easy and the mucus stop dropping into the throat. It is easy to procure, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this preparation a trial.

**THE DOMINION COLLEGE OF MUSIC**  
632 Dorchester St., West, Montreal.

Examinations in all departments of practical and theoretical music will be held in May 1918, at the following centres:

Dalhousie, May 22; Newcastle, May 23; Chatham, May 24 or 25.

For calendars in French or English, and all other information apply to:

**"I NOW HEAR CLEARLY THE CALL SENT FOR ME."**

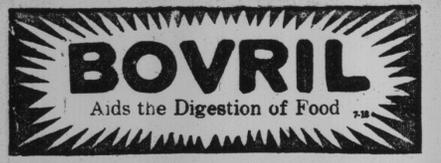

This statement is only one of many made by our students when they have taken our home nursing course in order to help restore humanity.

The need is urgent—The call has been sounded for more nurses. Will you help? If so send for full particulars. Our course of nursing taught in your own home.

WHY SHOULD THE N. B. POWER COMPANY PLEAD POVERTY?

While representatives of the New Brunswick Power Company were pleading poverty and approaching bankruptcy at Fredericton yesterday, there was a meeting of the Citizens' Committee in the mayor's office to consider the situation and to send additional information to the city's representatives at the capital. At the meeting, the following statement was read by F. A. Dykeman, read the following statement:

The following extract is taken from the Public Utilities Commission reports of the evidence of Mr. Macintyre, the

chartered and competent auditor who audited the New Brunswick Power Company's accounts in the interests of the city. Mr. Macintyre was asked for an explanation of a column headed "Special Deductions." The witness said the company, in 1916, had a surplus of earnings which they did not wish to show and so they charged off special deductions, against the various departments. The total for special deductions in 1916 was \$18,000, which was charged against the gas department, making this

department appear to have a deficit of \$18,000. To the street railway department \$30,000 special deductions had been charged, thus producing an apparent deficiency of about \$800.

They simply had more earnings than they wished to show and so they charged these earnings over to the street railway department. The witness said that the expenditures were authorized, if you gained any knowledge to show whether the expenditures were wise.

Mr. Otty—You say you could not tell whether certain entries were authorized, as you could not see the minute books. Now we ask that you grant that the expenditures were authorized, if you gained any knowledge to show whether the expenditures were wise.

A—They were added to the company's books. Mr. Otty—You say you could not tell whether certain entries were authorized, as you could not see the minute books. Now we ask that you grant that the expenditures were authorized, if you gained any knowledge to show whether the expenditures were wise.

Mr. Otty—You say you could not tell whether certain entries were authorized, as you could not see the minute books. Now we ask that you grant that the expenditures were authorized, if you gained any knowledge to show whether the expenditures were wise.

Mr. Otty—You say you could not tell whether certain entries were authorized, as you could not see the minute books. Now we ask that you grant that the expenditures were authorized, if you gained any knowledge to show whether the expenditures were wise.

Mr. Otty—You say you could not tell whether certain entries were authorized, as you could not see the minute books. Now we ask that you grant that the expenditures were authorized, if you gained any knowledge to show whether the expenditures were wise.

Mr. Otty—You say you could not tell whether certain entries were authorized, as you could not see the minute books. Now we ask that you grant that the expenditures were authorized, if you gained any knowledge to show whether the expenditures were wise.

Nature's Way Is Best

Nature's laxative is bile. If your liver is sending the bile on its way as it should, you'll never be constipated.

Keep the liver tuned right up to its work. Take one pill regularly (more only if necessary) until your bowels act regularly, freely, naturally.

Carters Little Liver Pills

Colorless faces often show the absence of iron in the blood. Carters' Iron Pills will help this condition.

than a pound of cure—and some things are incurable. So long as the city does nothing officially, the citizens must get behind the Y. W. C. A. in its efforts to do the necessary preventive work. It will take \$200,000. But that should be easy to get.

BUMPER FRUIT CROP TO BLESS ENGLAND

London, Mar. 18.—(Correspondence Associated Press)—A bumper fruit crop, probably exceeding even the record crop of last year, is indicated in the agricultural forecasts. The chief difficulty this year, as last, will be the provision of the five million baskets required to handle the crop. Before the war practically all fruit baskets were imported, but under the spur of necessity, the old English basket-weaving industry has been revived to a considerable extent. The government is now encouraging the opening of basket-making centres as village industries in all the willow-growing districts, and in some places German prisoner labor is being extensively employed.

PRINCE ALBERT, SON OF THE KING, AN AIRMAN

London, Mar. 18.—(Correspondence Associated Press)—Prince Albert, one of the king's younger sons, who was formerly on a battleship, has now joined the naval air service, and is expected soon to become a certificated pilot.

Few Drops When Corns Hurt, Pain Stops! Corns Lift Out

Don't let corns ache twice! Lift any corn or callus off with fingers—Here's magic!

No humping! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without any pain.

This drug is called frezone and is a compound of ether discovered by a Cincinnati chemist. Ask at any drug store for a small bottle of frezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus. It is the most marvelous drug known.

Put a few drops directly upon the corns or calluses, the frezone appears and shortly the corn or callus will loosen and can be lifted off with the fingers.

Frezone doesn't eat out the corns or calluses but shrivels them without any irritation.

Women! Keep frezone on your dresser and apply a few drops whenever a corn begins aching. Pain stops, corn goes!

Former United States Senator Mason, Pioneer in Pure Food and Drugs Legislation, Father of Rural Free Delivery System Says Nuxated Iron

Increased His Power and Endurance so Much, That He Feels It Ought to Be Made Known to Every Nervous, Run-down, Anaemic Man, Woman, and Child.

Opinions of Dr. Ferdinand King, New York Physician and Medical Author; Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Out door Dept.), New York, and the Westchester County Hospital; Dr. Wm. R. Kerr, of the City of Chicago and others.

Senator Mason's statement in regard to Nuxated Iron was shown to several physicians who were requested to give their opinions thereon.

Dr. Ferdinand King, a New York Physician and Medical Author said: "I heartily endorse Senator Mason's statement in regard to Nuxated Iron. There can be no vigorous iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale; the flesh flabby; the muscles lack tone; the brain flags, and the memory fails, and often they become weak, nervous, despondent and melancholy."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Out door Dept.), New York, and the Westchester County Hospital, said, "Senator Mason is to be commended upon handing out this statement on Nuxated Iron for public print. There are thousands of men and women who need a strength and blood builder but do not know what to take. In my own opinion there is nothing better than Nuxated Iron for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day."

Former Health Commissioner Wm. R. Kerr, of the City of Chicago, says: "I have taken Nuxated Iron myself and experienced its health-giving and strength-building effect, and in the interest of the public welfare I feel it my duty to make known the results of its use. I am well past my three-score years, and want to say that I believe my own great physical activity is largely due today to my personal use of Nuxated Iron. From my own experience with Nuxated Iron I feel it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

While former Health Commissioner Kerr is not himself a physician, still his experience in public health problems must give his opinion more than ordinary weight.

Dr. Schreyer C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out medical information or advice for publication, but I feel it my duty to state that I have used Nuxated Iron which was used by Senator Mason with such surprising results, and which is prescribed and recommended above by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Wassons and all other druggists."

department appear to have a deficit of \$18,000. To the street railway department \$30,000 special deductions had been charged, thus producing an apparent deficiency of about \$800.

### Canada Must Have Mothers' Pensions

As a Record of Service Rendered and a Safeguard for the Nation of Tomorrow

(Every woman's World.)

In the whole Dominion of Canada, there is only one province that has legislated to any measurable degree in favor of mothers. That province is Manitoba. In June, 1916, the Winnipeg Mothers' Allowances Committee was responsible for the passing of a bill providing for mothers' pensions.

Mothers' pensions! What more vital consideration is there for any government in any country at this particular juncture? Canada especially—a young country, where the youth of the nation depends for so much—where any law that would be more conducive to future stability than one which, in affecting others, directly benefits children? Is it a fact that the other provinces in the Dominion are utterly ignorant of the importance of such a measure, or are they merely uninterested? In either case, an indictment is a grievous one.

The people of the province of Manitoba realized the principle that the future of the nation depends upon the proper training of the child, and as this thing can be most efficiently given through the family unit, that the conservation of national unity depends upon the conservation of the home.

Since the establishment of the Winnipeg Mothers' Allowances Committee in 1916, \$10,855.48 has been expended by the province and the city through the provincial commission in recognition of this principle and the Winnipeg committee at the present time fifty-two mothers are trying to create capable, conscientious citizens out of their one hundred and eighty-one children. Their month-wages through the commission amount \$2,080.

The act is carried out as simply as possible. The mother comes herself to the office and tells of her need. The purpose of the act—to conserve the home, to prevent the child from being orphaned, to prevent the death of the bread-winner, is carefully explained. Emphasis is laid on the fact that the allowance is a grant granted her by the city and province, in return for which she must undertake to perform the task of rearing her children, and if she fails in the proper bringing of her children, by not providing for their physical, mental and moral welfare, the payments must cease. The general public is beginning to realize that the allowance granted to mothers under the act is a salary for service rendered and not a charity; that primarily it is a child's act, not a mother's act. Reports and investigations show that many mothers are applying to the welfare officers rather than to the charity.

It is not so, that what has proven necessary and successful in the province of Manitoba would work out similarly in any other province of the Dominion? Is there any special reason why Manitoba mothers should continue to take

section of the Dominion? None—save that the government officials there are more energetic, enterprising, may we should or the bill might better be known as widows' pensions.

Why must Canada follow? Why can she not act now—help to lead the way. In Australia they have gone even farther in this matter. Five years ago, a measure was brought into existence there without much publicity, following no agitation—simply because an enterprising and sensible government saw the wisdom of it.

The Australian maternity allowance is a free gift of the nation to those to whom it is ever in debt—the mothers of its children.

Judge Henry Neil—"Father of the mothers' pensions scheme," makes plain its workings thus:

"To every woman who gives birth to a child, either in Australia or on board a ship proceeding from one port to another in the territories of the commonwealth, a sum of \$2 is paid by the commonwealth treasury. Most state grants are loaded with many 'buts.' The maternity allowance has only those which are needed to safeguard it from imposition. It asks for no contribution from the recipient, either before or after the event.

"Simply it is laid down that it shall be payable only to women who are inhabitants of Australia or intend to settle in that favored country. And the allowance is naturally made only in respect of a child born alive, or certified as 'viable'—i.e., capable of sustaining life. But the essential point of the scheme is that the money is paid to the mother. Simple means are provided for conveying the money to her.

"The act of the federal parliament which initiated the grant, was introduced in 1912 by the prime minister, the Right Hon. Andrew Fisher, now the high commissioner of his country in London.

"In the first year of its operation, 1913, 28,475 claims were paid, amounting to \$241,375. In 1914, 184,298 claims, amounting to \$274,990. In 1915, 188,855 claims, amounting to \$269,475; in 1916, 181,948 claims, amounting to \$260,716. The cost of administration amounts to something like 12-3 per cent. The allowance is available to all classes in Australia. It is administered at a minimum of expense, and with a maximum of facility."

Judge Neil has led the way. He has blazed the trail. He should have followers—many of them. In every country of the civilized world the measure is a necessity.

Even our enemy is not behind in devoting attention to this question. Germany is making preparation for a strong nation of tomorrow—if indeed there will be a nation at all, at the termination of the present cataclysm! There, work relating to child welfare has been following with full recognition of its importance for a country at war. Infant mortality figures show that the death rate of babies whose mothers worked out was 227.5, while that of mothers who remained at home with their babies was 91.7 per thousand births.

And what of Canada?

We are concerned with saving food, and yet we are allowing children—the

rarest of assets—to go to waste.

Who will "father" the measure in Canada?

Is it not possible to arouse sentiment to the extent of showing the other eight provinces the necessity of following

Manitoba's example?

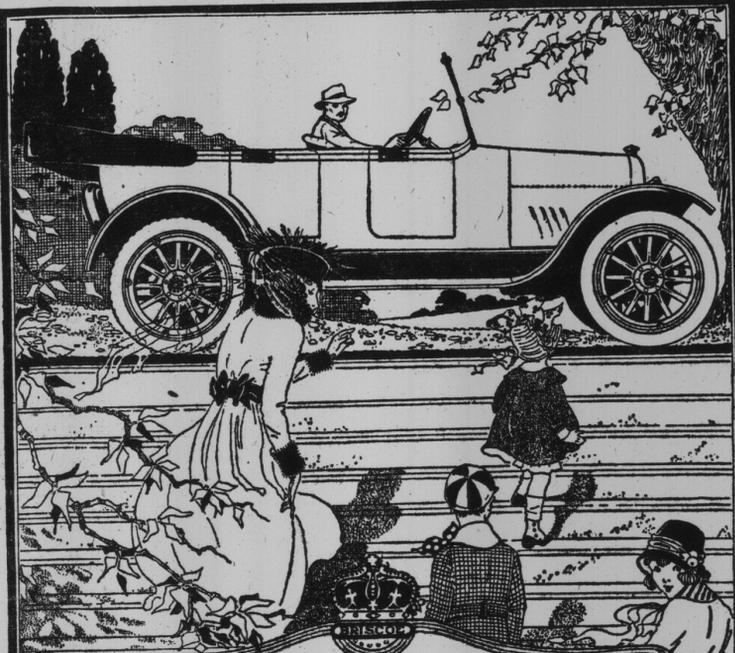

Why will not woman's organizations and the press insist upon it as they have insisted upon and won other measures of importance? The press could indeed do much. We—Every woman's World—

will be glad to "mother the act." The widows, the mothers of the Dominion of Canada, may count upon us.

What do you want done about getting mothers' pensions in your province? Think it over.

Then act. Mothers' pensions, Canada needs, and mothers' pensions Canada must have.

The Canadian-American fisheries conference will meet in Seattle on April 24.

### Come for a Spin in a BRISCOE

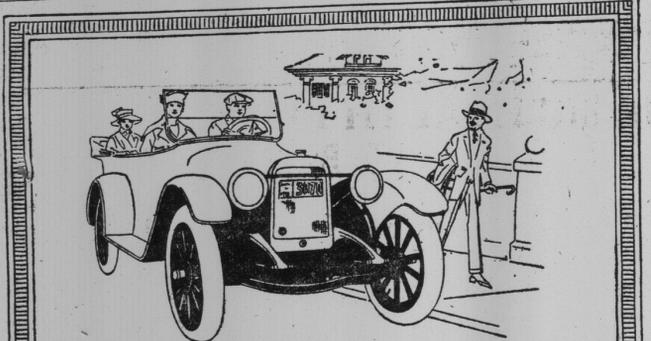

YOU would purchase the Briscoe "on looks" if that were your only guide to car value—its chassis and body design form a combination of grace and refined elegance. But you would never choose a car for beauty alone—the Briscoe has earned its supremacy on the strength of its "half-million dollar motor"—a motor that makes possible from 30 to 35 miles on a gallon.

A sturdy car that asks no favors of the road it travels on—through the mud and over the ruts, its powerful engine drives it, with a steady propelling force that instantly responds. At a touch of the accelerator, your Briscoe leaps forward with willing response—at your command, it drops to a crawl.

The Briscoe can be turned, without "backing," between the curbs of the narrowest city street—which means ease of handling and safety in congested traffic.

A car that gives you power, plenty and peerless comfort—at a price the average man finds quite enough to pay. And for that price you get more than you usually get when you buy a car; there are no "extras" when you invest in a Briscoe. Touring Car or Roadster, \$1,025.

Permit me to take you for a spin in a Briscoe. R. W. Carson, Distributor, Showroom 509 Main Street, North End

### Every Mile out of Every Gallon

The low-grade gasoline problem solved

THE Chalmers engine has taken the sting out of the declining quality of gasoline.

This great engine not only gains power from low-grade gasoline. It stops many motor troubles that come from "raw" or unused gasoline.

It turns the very last bit of gas into High Power.

This is accomplished by two simple features—the "ramshorn" manifold and the "hot spot." The "hot spot" fully completes the vaporization of the gasoline.

The "ramshorn" manifold carries the highly combustible vapor hot to the cylinders. There are no sharp turns or corners. No traps for raw gasoline. The result is that raw gasoline is not carried to the cylinders. Many annoying troubles are thus avoided.

Test the Chalmers engine yourself. Drive it. Try it in any weather with any grade of gasoline. Note how quickly it "warms up," how quick to start.

Let us give you a thorough demonstration of this great engine. To-day's Chalmers with the great Chalmers engine will give you a taste of motor performance you will relish. You can't appreciate this economical, business-like car until you take a turn at the wheel. Come in. Anytime.

## "Motorwise" Buyers are using McLaughlin Cars

McLAUGHLIN cars are more and more coming into popular favor among Motor wise men who make a minute study of real motor car value.

Now that motor cars are such a factor in business, men look for that particular make of car representing highest value for the amount involved. McLaughlin cars give uninterrupted service due to their efficiency.

Men who buy McLaughlin cars are assured of real service—the kind of service which many companies are unable to give.

McLaughlin cars are made in Canada at the large McLaughlin factories in Oshawa. They are distributed through 12 directly owned McLaughlin branches, and over 400 dealers. Branches and dealers keep repair parts and expert mechanics, assuring prompt and efficient service when it is needed.

Further Call on Man-Power of Canada Sanctioned By Parliament

Ottawa, April 19—In both houses of parliament tonight, the resolutions were passed authorizing the government to make further call on the man-power of the country for service in the army. The senate adopted it without division. In the house it was passed, after a debate lasting through the afternoon and until well into the evening and after the defeat of two opposition amendments. They were the first divisions of the session. The house was crowded. The public galleries were packed.

The first division came on an amendment by Dr. Malloy (Provencher) seconded by Captain Read (Prince, P. E. L.) The amendment proposed to substitute the words "this house regrets that the proposed order-in-council departs entirely from the principle of the order-in-council of December 3, 1917, allowing the exemption of those whose services are essential for promoting agricultural production and the house therefore declares that the proposed order-in-council shall be so amended that it shall provide for the exemption of those who are actually and effectively engaged and so urgently needed in the production of foodstuffs upon the farms of Canada."

This amendment was defeated on the following division. Against, 118; for, 70; majority against, 48. Mr. Malloy, who had voted on his amendment, requested that his vote be withdrawn, as he had been paired. The Speaker announced, however, that a vote having once been cast could not, under the rules of the house, be withdrawn.

Then L. A. LaPointe (St. James, Montreal) seconded by H. DesLauriers (St. Mary's, Montreal) moved the six months host of the resolution. This was rejected by: against, 117; for, 62; majority against, 55. Then came the vote on the main motion. It was carried by a majority of 49 on the following division: for, 114; against, 65; majority for, 49.

In both the two last divisions, Duncan Ross (West Middlesex), W. C. Kennedy (North Essex) and A. B. McColg (Kent) voted with the government. Hon. Mr. Fielding voted with the government throughout.

Sir Robert Borden moved the resolution in the house and was followed by Sir Wilfrid Laurier, Dr. Malloy, Hon. N. W. Rowell and Hon. Frank Carvell. The taking of the divisions occupied an hour and a half.

In the senate the resolution was moved by Sir James Loughheed who emphasized the need for reinforcements. Senator Bostock expressed the view that the government should have proceeded regularly by a bill, instead of order-in-council. He expressed the fear that course adopted might lead to litigation and delay.

Senator Cloran protested against the method adopted by the government and Senator Watson declared that, in his view, the government was breaking its word with the young farmers of the west.

About May 1. Ottawa, April 19—The government will proceed at once to give effect to the authority granted by parliament tonight to waive exemptions on all the physically fit men eligible for military service between the ages of twenty and twenty-two years inclusive. The machinery of the military service council, working through the district registrars and the records now held by these registrars,

AN OLD RECIPE COLONEL READMAN TO DARKEN HAIR FOUND NOT GUILTY

Common garden Sage and Sulphur makes streaked, faded or gray hair dark and youthful at once. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." It is a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Every body uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You simply wash your hair with it and draw this through the hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Quebec, April 19—A verdict of not guilty was brought in this afternoon by the jury in the trial of Colonel Readman, former commandant of the 167th Battalion, who was charged with forgery. Most of the afternoon sitting of the court was taken up with the argument of Crown Prosecutor Lachance and Judge Pelletier's address to the jury. The judge requested the public to refrain from any demonstration no matter what the verdict of the jury might be. When the verdict was announced the public remained calm, but it was plain that the decision arrived at was a popular one.

Colonel Readman will appear again on Monday morning to await the decision of the crown as to whether they will proceed with the other charges against him. Owing the lack of evidence in the trial just concluded, it is unlikely that the other charges will be pushed.

THE CHILD AND CHILDREN (Methodist Recorder). The magic touch of King Midas was an almighty trump over the insignificant thing compared with the powers wielded by our modern child. For, as was said of one who carried the child's wondrous powers of make-believe to the very end of his days, "The universe is his box of toys. He dabbles his fingers in the day-fall. He is gold-dust with tumbling in amidst the stars. He makes bright mischief with the moon. The meteors nuzzle their noses in his hand. He teases into growling the kenneled thunder, and laughs at the shaking of its fiery chain. He dances in and out of the gates of heaven; its floor is littered with his broken fancies."

It is so all the fairy-land of our childhood. There the great iron doors swing back at the touch of baby fingers; alas, when once we have left the glamor of that place we heat in vain at the slaking of its fiery chain. There is none to answer our importunity. That thought has furnished other poets with inspiration, for if Shelley and Francis Thompson, William Blake and Robert Louis Stevenson, each felt the spell of remembered childhood, or never quite grew up, others looked back with wistful longing to the days when life was all discovery. Wordsworth tells us that "Heaven lies about us in our infancy! Shades of the prison-house begin to close Upon my vision; but his light, and whence it flows, He sees it in his joy! The Youth, who daily from the East Must travel, still is Nature's Priest, And by the vision splendid Is on his way attended; At length the Man perceives it die away, And fade into the light of common day."

And why has childhood such power? In the coming of the man, we have our answer. For Christ came into a world that had forgotten its childhood, and was already old and grey; a world that was weary of itself, weary with the great questions to which it could give no answer, weary of the pain for which it had no word of comfort. It was a world weary of itself, weary with the great questions to which it could give no answer, weary of the pain for which it had no word of comfort.

IRELAND'S CASE GIVEN TO WORLD Conference of "Antis" at Dublin Asks Lord Mayor to Interview Wilson—Signs of Strife Brewing Dublin, April 19—After a prolonged conference today at the Mansion House, representatives of the Nationalists, Sinn Feiners, O'Brienites and other groups met to prepare for presentation to the world a detailed statement of Ireland's case against the compulsory military service imposed by the British government.

What Does He Mean? London, April 19—Sir Edward Carson, the Ulster leader, has sent the following message to the Belfast newspapers: "Our clear duty is to support our gallant soldiers at the front and to resist any home rule bill which attempts to deprive Ulster in her position in the United Kingdom and the empire."

plauded the gruesome games in the arena. Did they never remember? There is just one word by which we may characterize that ancient world—it's key-note was "Fairy Tales" and it had no word of sunrise.

And then into the midst of it all came a little Child, full of grace and truth, and history began again. Instead of despair He gave the world a bold hope, an heroic cheerfulness. This was a new way life, and little children became invested with beauty and women with charm. And this, not just because Christ had lingered on the green hillsides and talked with His "boys," as He Himself affectionately called them, nor yet entirely because He had defied the cruel powers of the grave, but because He had made a difference that He had come as a little child. Men can never forget that He was a child, nor that He went to Calvary via Bethlehem.

Read our Wonderful Offer TORONTO RAILWAY IS OBLIGED TO PAY CITY A PENALTY OF \$24,000. Toronto, April 19—The Ontario railroad board today imposed a penalty of \$24,000 a day on the Toronto Railway Company for failure to provide 100 new cars as ordered by the board on March 27, so the amount the company owes the city is already \$24,000.

Explaining Papa's Attitude. "I don't understand why your father has taken a sudden dislike to me. He seems friendly enough when I first began to call." "Why—I think I can explain it," answered Miss Parker. "Father is naturally courteous and I suppose he thought you would be drafted or something before you and I discovered that we were soul mates."—Birmingham Age-Herald.

THINGS TO EAT AND WEAR BEST GIFTS IN GERMANY NOW.  
Amsterdam, Mar. 18—(Correspondence Associated Press)—The most desirable gifts nowadays in Germany are things to eat and wear. The following is a list of the gifts presented by the people of Salzburg at a benefit recently to Herr Bratt, chief tutor of the local opera company: Seven pairs of boots, three suits of clothes, eleven pounds of coffee substitute, fifty-one packages of food, one sausage four feet long, \$400 in cash.

**TROUBLED WITH CONSTIPATION**  
From 16 to 20  
Constipation is one of the commonest ills of mankind, and one too often allowed to go unnoted after until some serious complication sets in.

**TAKE SALTS TO FLUSH KIDNEYS**  
Eat Less Meat if You Feel Backachy or Have Badder Trouble  
Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; it often gets often get irritated, obliging you to get up two or three times during the night.

**Children Had Whooping Cough**  
Whooping cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children. A really declining cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough. The coughing attacks occur frequently, but are generally more severe at night. On the first sign of a "whoop" Dr. Wood's Norway Pine Syrup should be administered, as it helps to clear the bronchial tubes of the collected mucus and phlegm.

Baseball Boomed By War; A Glimpse Into The Past

(By Joe Page.)  
In a previous article I made a statement that baseball was in the real making and that the present war had back into the history of the professional game at its inception in 1857, when the National Association of Base Ball Players was organized. At a convention held at that time, the number of clubs represented by delegates was just sixteen, the equivalent of which, according to our base ball standard of today, would be two leagues of eight clubs each.  
In 1858, the roster increased to twenty-five clubs, or one club more than three leagues. In 1859, the association all but doubled its membership and had forty-nine clubs enrolled, or better than six leagues. In 1860 there was an increase in membership to fifty-four clubs, or two less than enough to make seven leagues of eight clubs each.

JOE PAGE

far greater struggle that was just at the beginning—the great American combat between the Blue of the North and the Gray of the South.  
Yet, with this mighty conflict raging ever and and at sea, and the ball game held in abeyance, the attention of its followers earnestly engaged in the more serious affair of war, it was to undergo an evolution that was to make it the greatest athletic sport on the American continent.  
For it was during these four years of strife that the soldier boys of the North and the South were either playing or were interested spectators of the base ball game. It was their one great relaxation. It filled in the leisure hours of thousands upon thousands of men back of the firing line, and history tells us that the base ball game had at times actually, during a lull in the war by teams, represented on the one side by the Blue and on the other by the Gray.

HOW THE TROUBLE STARTS

if more people knew how Rheumatism and kindred ills started there would be infinitely less suffering.  
It should be a matter of popular knowledge that the blood stream completes the circuit of the body in approximately three minutes gathering up waste matters. It is the function of the kidneys to remove these impurities or poisons from the blood and there be any derangement of the Kidney action the poisons are not eliminated but are carried around again in the blood stream, to accumulate slowly and occasion sickness and distress. Then follow pains in the back in the region of the kidneys, Rheumatism, constant headaches, and the many complaints arising from derangements of the Kidneys of Bladder. First the Kidneys must be put in order and until these organs are healed and regulated no real health is possible. Gin Pills contain the medicinal and tonic properties that the Kidneys require.  
You can get Gin Pills at all dealers—60c a box or 6 boxes for \$2.50, or a sample will be sent free upon request to the National Drug & Chemical Co. of Canada, Limited, Toronto, or to the U.S. address, 202 Main St., Buffalo, N. Y.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength.  
This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.  
Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

**STRETCHING BUTTER.**  
New Device That Makes Two Pounds Out of One.  
Two pounds of good table butter out of one pound and a pint of milk? Yes, it's done.  
The churn which performs the feat was recently placed upon the market. It is square in shape and heavy of glass, and the churning mechanism, entirely of metal, is attached to the glass churn by a metal screw cap. In making the "stretched" butter, cold water and butter are put in the milk and shaved butter are put in.  
After stirring one minute the whole churn is placed in cold water and the operation is completed by churning for another minute. Salt and, if desired, some coloring should be added before churning.—Popular Science Monthly.

**FREE TO ASTHMA SUFFERERS**  
A New Home Cure That Anyone Can Use Without Discomfort or Loss of Time.  
We have a New Method that cures Asthma, and we want you to try it at our expense. No matter whether your case is of long-standing or recent development, whether it is present as occasional or chronic Asthma, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.  
We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumes, "patent smokes," etc., have failed. We want to show everyone at our own expense, that this new method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms at once and for all time.  
This free offer is too important to neglect a single day. Write now and then begin the method at once. Send no money. Simply mail coupon below. Do It Today.

Hon. Mr. Veniot On Budget

Fredericton, N. B., April 19.—Hon. P. J. Veniot, minister of public works, held the close attention of the legislature for four hours today while he delivered a masterly speech on matters arising from the budget debate.

But the body of his speech was a straight-forward review of the work of his department and an answer to criticisms which had been directed at its administration.

An Able Speech. That the defence of a good administration is easy did not lead him to neglect this feature of his remarks, and he dealt

with care and detail, supported by facts, figures and corroborating documents, with every charge which had been made.

At times his defence took the form of a counter offensive which carried him into the opposition benches, with serious results for the opposition.

At the conclusion of his speech there was left no room for the shadow of a doubt in the minds of his hearers that, since the present government entered office, the province has enjoyed one of the most business-like administrations which has marked its history.

Crowded galleries heard Mr. Veniot during the evening and the impression he made was unmistakable. On the floors of the house the applause from the government benches was enthusiastic as he scored point after point, and at times, on non-partisan matters, the opposition joined in the applause.

Standing out prominently in the speech was a question which Hon. Mr. Veniot asked, a question which he left to the leader of the opposition to answer and the answer with respect to the interest in Mr. Murray's followers and opponents alike.

The question was: "Where did the money come from?" The minister of public works had reviewed the history of the patriotic potatoes to deal already famous in the annals of the province. Then he told the sequel.

When the potatoes which were the gift of the province to the motherland, had been shipped, there was a large surplus left in the hands of the government, and this stock was disposed by Mr. A. C. Smith & Co., agents for the government, by shipments to the West Indies.

The last of the potatoes were shipped in February and March of 1915, but when the books of the province should have been closed on November 10, the proceeds, a matter of \$82,860 had not been accounted for. The books were kept open until December 29, and on that date the province received a promissory note signed by A. C. Smith & Co., for the amount, which was entered as cash received. The note was discounted and by the time it was due, in March 1916, by a check forwarded from London.

When these statements were made the opposition leader was not in the chamber, and Mr. Veniot remarked: "If the leader of the opposition was present he might be able to tell who forwarded that check and who furnished the money to repay the check."

Waits for Answer. In Mr. Murray's absence he was forced to wait for a public answer, but he assured his hearers that the transaction was a disgraceful and dishonest one, and one which, when fully revealed would show how hollow was the claim that the former government had left office without a stain on the hands of the members.

There was another transaction of which the late administration had no reason to be proud and which will require some explaining from the former minister of public works. This is the contract made by Hon. B. F. Smith with the Smith Foundry Co. of Fredericton for the White trucks on the basis of twenty per cent profit, at a time when another concern was prepared to sell them to the government on a ten per cent profit, a contract made only a few days before the general elections. When Hon. Mr. Veniot entered office he took steps which resulted in cutting down the price and effected a saving to the province of \$7,500 on the transaction.

No Answer. B. F. Smith followed Hon. Mr. Veniot, but made no mention of this matter. He talked for half an hour, quite evidently sparing for time and laboring heavily in the process. The new speaker apparently has nearly been a knockout. At 11 o'clock Mr. Smith moved the adjournment of the debate. If he has an answer prepared by the morning the province will be glad to hear what it is.

The first morning session will be held tomorrow when the house will convene at 11 o'clock a.m., sessions will be continued in the afternoon and evening and the members will be at work again early on Monday morning.

A bill to amend the schools act was read a third time and passed. Mr. LeBlanc presented the report of the committee of municipalities on the report of Mr. Smith (Albert) gave notice of inquiry as to the duties and remuneration of Silas Cassidy, employed on the Marsh road near Moncton.

Hon. Mr. Veniot laid on the table of the house the correspondence in connection with the rebuilding of the Florenceville bridge.

Hon. Mr. Veniot moved that the order for the third reading of the bill to vest the title of certain wharves in the government of Canada be read a second time and the bill referred back to the committee of the whole house for further consideration.

Mr. Smith (Carleton) moved for suspension of the rule to permit the introduction of a bill to vest the title of certain real estate, East Florenceville, in the trustees of the United Baptist church.

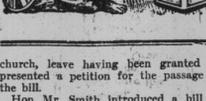

Mr. Smith (Carleton) moved for suspension of the rule to permit the introduction of a bill to vest the title of certain real estate, East Florenceville, in the trustees of the United Baptist church.

Grocers keep their H.P. on their shelves, it sells so freely.

church, leave having been granted he presented a petition for the passage of the bill.

Hon. Mr. Smith introduced a bill to vest certain lands in the parish of Bathurst. He explained that the lands contained a large gravel pit, which was wanted by the Dominion government and the bill was to authorize its sale at \$25 per acre.

Hon. Mr. Smith introduced a bill to amend the act relating to migratory birds. He said that as a result of an international conference at Washington the government of Canada had passed an act taking over control of migratory birds

throughout the country. That meant that in future the shooting season for such birds would be regulated by the federal authorities and the object of the bill was to eliminate any reference to the same from the provincial game laws.

Hon. Mr. Smith introduced bills respecting the manufacture of spruce and other pulpwood; and also to amend the game act.

Hon. Mr. Murray introduced a bill to authorize the funding of the floating indebtedness of the province.

Hon. Mr. Foster said that the house would sit tomorrow morning, afternoon and evening. It was hoped to get off

through with a number of items of supply. The house adjourned at 11 p.m.

JUSTICE CHISHOLM TO BE CHAIRMAN OF COMMISSION IN CASE OF LABOR UNREST.

Halifax, April 19.—Mr. Justice Chisholm, of Halifax, has been appointed chairman of the royal commission to inquire into and report on the labor unrest in New Glasgow, Stellarton and Sydney Mines. It was on the strength of the promise to appoint this commission that the strike at New Glasgow was called off.

bled to death. Tried to trim a wart with a razor and severed an artery. The only wart cure is "Putnam's," which removes warts, corns, callouses in one day. Insist on getting Putnam's Corn and Wart Extractor, it's the best, 25c at all dealers.

The wise husband remembers that his wife would rather have kind words and some new clothes now than silver handles on her coffin a few years hence.

Last year's lumber cut on U.S. national forests was \$40,012,000 feet.

throughout the country. That meant that in future the shooting season for such birds would be regulated by the federal authorities and the object of the bill was to eliminate any reference to the same from the provincial game laws.

THE NATION PROGRESSES

to the extent of the thriftiness of its citizens. A Policy in The Manufacturers Life is the easiest and most practical way to save. Our investments in Government and Municipal Bonds provide funds for development, and our farm mortgage investments enable the farmer to extend his holdings and increase production.

There is a growing tendency among women of culture and fashion to pay more attention to hygiene as a means of preserving their charms.

Dunlop "Gibraltar RedSpecial" Belting

Abnormal Friction Pull vs. Elasticity of Friction

BETWEEN every ply of specially-selected, heavy Cotton Duck in Dunlop "Gibraltar RedSpecial" Belting is a layer of pure Rubber which, through a Dunlop calendering process, so permeates the fabric that it binds the several plies into one integral piece.

Some belt manufacturers offer to sell their product on the basis of "Heavy-Poundage in a Friction-Pull" Test. To obtain the latter result it is not necessary to secure such an expensive Rubber Friction as is used in "Gibraltar RedSpecial."

In buying "Gibraltar RedSpecial" you get the advantage of years of careful laboratory work on our part with this result: The friction is of that "just-right" elastic quality which allows for the give and take necessary in rounding the pulleys; hence the reason "Gibraltar RedSpecial" is known for maximum Power, Speed and Service.

UNLIMITED capacity for service is an intrinsic quality with Dunlop "Gibraltar RedSpecial" Belting. The success of nearly a quarter of a century in the manufacture of Rubber Products is built into Gibraltar. The original Made-in-Canada Red Rubber, Frictioned Surface Belting, "Gibraltar RedSpecial" has stood the infallible test of time in turning the wheels of industry in a multitude of Canadian plants from the Atlantic to the Pacific.
