FEARS MONEY OF INVESTORS LOST

Affairs of Union Assurance Co. Are Discussed in London

BRITISH SHAREHOLDERS

Chairman of Meeting Makes Strong Statements and Criticizes Administration Both in London and Toronto—An Appeal to Canada's Finance Minister to Investigate

(Canadian Press)

London, July 29.—A meeting of the British shareholders of the Union Assurance Company was held yesterday. A. M. DeBeck presiding. The chairman said the committee had earnestly endeavored to bring about a reconstruction but without success. He criticized several members of the London advisory board and condemned the administration of the company both here and in Toronto.

The directors, he said, had only £20 invested in the company and the National Agency Company, which had guaranteed the dividend for three years, had not enough money of its own to pay a dividend for six months.

He outlined the steps which had been taken through the Canadian solicitors to prevent the National Agency Company from parting with its assets, and said that at the same time, Pollman Evans and other directors collected £120,000 from the British shareholders investments were such that the insurance departments of the dominion made representations regarding their doubtful value.

Call on Mr. White to Investigate. Efforts were being made to get the finance minister of the dominion to investigate thoroughly the company's affairs and to punish those to whom punishment was due. As matters stood, he considered the shareholders' money entirely lost. He intimated that legal proceedings might be taken against the directors collectively and individually.

A resolution was unanimously passed appealing to the Canadian minister of finance to take all possible action in order to cause the government inquiry to be held into the affairs of the company and particularly as to the prospectus issued to British shareholders in 1910.

IN CHINA

Peking, July 29.—The province of Hunan seceded from the Peking government on July 28, according to a consular report just received here. The strength of the Hunan forces at present on the border of the province is estimated to amount to about 15,000 men.

General Li Yuan-Heng, vice-president of the republic, who is conducting operations in Central China from Wu-Chang declared recently that his forces were capable of dealing with the revolt in both Kiang-Si and Hunan, but today's reports announce also that the defeat of a small body of troops on the Han River above Wu-Chang.

It is impossible to draw a border line between the rebellious and loyal provinces for many cities in the rebel provinces declare themselves loyal and some of the cities in the loyal provinces have gone over to the rebels. It is known, however, that important rebel forces are operating in the provinces of Kiang-Si, Kiang-Si, Nuan-Hwei, Hunan, Fokien and Kwang-Tung. Four of these southern provinces—Kwei-Chow, Kwang-Si, Yun-Kan and Che-Kiang—although surrounded by seceders, remain loyal, but Ho-Nan in the north is believed to be loyal only because of its geographical position. In the meantime active hostilities continue on the borders of Mongolia and Tibet and also in the western province of Sinkiang or Chinese Turkestan.

WOULD EXTEND SCHOOL SYSTEM IN BRITAINS

Washington, July 29.—In a bulletin advocating the extension of the school system in federal and state prisons, the United States Bureau of Education Monday, announced that out of sixty-five prisons in the United States and Canada reporting to it, forty-four maintain classes in which both academic and trade subjects are taught.

A. C. Hill, of the New York State Education department, who prepared the bulletin at the request of the bureau, believes the movement will be extended until every correctional institution will afford educational advantages to its involuntary guests.

Creditors Not Worrying, Says Manager Dineen

Caveat Today at Instance of King and McDonald—The Dredge Situation at Eastport

None of our creditors are worrying about the amounts we owe them; those holding some of the largest claims are not taking any legal proceedings and most of those who are doing so are taking this course merely as a precaution to protect their interests in the legal tangle. Most of them were in the legal tangle when they have their caveats lifted today if we asked them to do so.

This was the statement made by E. J. Dineen, manager of the Norton Griffiths Dredging Company this morning, when asked if any steps are being taken to settle the claims and secure the release of their tug, the "Betty D," which is now under arrest several times over. The latest claim to come before the courts is that of King & McDonald, wholesale grocers, for \$245 for goods sold and delivered. On application by their solicitor, L. A. Conlon, a caveat against the "Betty D" was issued this morning to protect their claim.

Among other creditors of the city of St. John has a claim for about \$100,000 for water supplied, wharfages, etc. So far no legal steps have been taken by the city to enforce the claims.

An Eastport letter in the Bangor Commercial says:— "An attachment was placed on the tug Muscollage and the dredge McMartin on Saturday for the claims aggregating \$102,000 and a keeper was placed in charge. The attachment grows out of a general mix-up in the affairs of the Norton Griffiths Dredging Co., Ltd., now under contract to dredge

WITH AVERAGE CROP WEST WILL ABOUT BREAK EVEN

Admittedly a great deal depends on what the west has an average crop, they will just about break even," said the general manager of one of the banks in Montreal yesterday. He was discussing the effect of the western crop on the financial situation. "If the west has a bumper crop, which, however, does not seem probable from present indications they will be able to pay off some of the indebtedness which they have been piling up for years.

If the west has a poor crop, the burden will fall heavily on the east. But we are preparing to carry it. "There is nothing alarming in the situation. They are finding it hard to hold money now in the west and it will take more than an average crop to relieve the situation to any great extent. An average crop would see them over another year, leave the situation then fall about the same as it is now, and there that there can be too much boomer and flourishing.

"We, down east are in the same situation as the American States some years ago. They had to absorb their western states, and carry them over stringency, but with an average crop there is nothing to occasion alarm."

SALE OF FIRE INSURANCE COMPANY PROPOSED

Home Would Buy The Nova Scotia—Shareholders to Meet on Next Tuesday. The sale of the Nova Scotia Fire Insurance Company, which is represented in this city by James W. Day, to the Home Insurance Company of New York is under consideration and the shareholders will be asked to give their decision at a special meeting on next Tuesday.

BOY INJURED

Raymond Cunningham, four year old son of John Cunningham of No. 5 Engine house in Main street, while running across the street about ten o'clock this morning tripped and fell striking his forehead on the curb in front of Perry's blacksmith shop. The boy was picked up by the driver of W. H. Dunham's delivery wagon and taken to E. J. MacIntyre's drug store where Dr. C. M. Pratt was summoned to attend him. He found him to be suffering from a deep cut in his forehead. The lad was afterwards removed to his home, 206 Main street, and it is hoped that he will soon be able to get out again.

CROCKET HAS TO WAIT FOR JUDGESHIP

Act Not Yet Proclaimed And No Appointment Can Be Made—New Professor For U. N. B.

(Special To Times) Fredericton, N. B., July 29.—Although O. S. Crockett, M. P., has promise of the supreme court judgeship it looks now as if there would be some delay over delivery. The act passed by the legislature last session creating an additional judgeship was to have been proclaimed on July 2 but there was a hitch, said to be due to Mr. Crockett's activity, and nothing was done. It is understood that Mr. Hazen has promised Mr. Crockett the first judgeship and the understanding is that Attorney General Grimmerman, and to the "regency" which will be created by the early retirement of Chief Justice Barker.

The knowing ones say that the failure of the attorney-general to proclaim the supreme court act is due to dissatisfaction over the proposal to make Mr. Crockett's senior on the bench. Until the act is proclaimed no appointment can be made.

Dr. Robert A. Hall, a graduate of Chicago University and recently on the staff of the North Carolina University has been appointed to the chair of chemistry at the University of New Brunswick in succession to Professor Carson. This section during the last few days and several arrests have been made.

Further evidence of high handed methods of the present management of the L. C. R. was given when Percy W. Wetmore and Captain G. N. Kennedy of Clements Co., Ltd., appeared in Montreal yesterday. He was discussing the effect of the western crop on the financial situation. "If the west has a bumper crop, which, however, does not seem probable from present indications they will be able to pay off some of the indebtedness which they have been piling up for years.

ANOTHER LOCAL CLASH WITH THE INTERCOLONIAL

Belgrade, Servia, July 29.—The investment of Sofia, the Bulgarian capital, is complete the last connecting link of the railway having been cut by the Servian troops. The Bulgarian forces concentrated in Sofia as well as the inhabitants of the capital are threatened with famine and complete isolation. The delegates from Greece, Servia and Montenegro will refuse to discuss the terms of peace if the Bulgarians have not full powers to negotiate an agreement.

FUND IN HONOR OF FULTON IS OPENED

Mayor Frink is now ready to accept subscriptions to the fund for the mothers of the boys recently drowned at Westfield. He said this morning that such a fund would be acceptable to them and would be generally known that the vaccination is obligatory before a child can be enrolled as a pupil. The free vaccination is held every Monday and Tuesday morning between half past nine and half past eleven o'clock.

VACCINATION

For the free vaccination for children in the Board of Health rooms again this morning half a dozen little ones presented themselves. So far about thirty have been vaccinated. The Board of Health officials say that it does not seem to be generally known that the vaccination is obligatory before a child can be enrolled as a pupil. The free vaccination is held every Monday and Tuesday morning between half past nine and half past eleven o'clock.

C. P. R. MEN

A. R. Price, assistant general manager of the C. P. R., spent yesterday making an inspection as much of the line in this division as he could cover in one day. Accompanied by H. C. Groat, acting general superintendent he went as far as Aroostook Junction and returned to Montreal last night.

S. S. Seltia, Captain Hatfield, arrived at Buenos Ayres on July 19 from Antwerp.

TEN BUILDINGS IN MATAPEDIA BURN; CHURCH INCLUDED; LOSS \$30,000 TO \$40,000

(Special To Times) Dalhousie, N. B., July 29.—The prosperous little village of Matapedia, which recently was connected with the New Brunswick side by a fine passenger bridge erected over the Restigouche river by the government, was visited by a disastrous fire last evening. Ten buildings were destroyed including the Catholic chapel, the Restigouche Hotel, Ferguson's Hotel, Gillis' store the Dorion store and the post office.

The loss is between \$80,000 and \$40,000 and the insurance is light. Lightning during a heavy storm caused the fire. Matapedia being the junction of the Bay Chaleurs Railway, great inconvenience will be felt by the traveling public, by the loss of the two big hotels. The Campbell fire brigade with out-lets was rushed to the scene of the fire over the I. C. R., fourteen miles but the fire had made such headway that nothing could be done.

FALLS DOWN HOTEL LIGHT SHAFT TO DEATH

Pittsburg, Pa., July 29.—People in the Colonial Annex Hotel were aroused at daybreak by the sound of crashing glass and when employees hastened to the banquet room they found aged forty, on the floor. He had fallen from a window of his room seventy-five feet down a light shaft and crashed through a skylight. Edwards registered at the hotel soon after last midnight. He was a Pittsburg business man.

WIVES OF C. P. R. MEN AND DAUGHTERS, TOO, WILL LEARN FIRST AID

Car Now at Fairville For Three Weeks Stay; Then Bay Shore and City. A first aid instruction car with a complete equipment for instruction purposes arrived at Fairville yesterday and will remain for three weeks to give the employees of the C. P. R. an opportunity to attend lectures which will be given by officials accompanying the car, and of taking the examinations for their certificates.

After its visit to Fairville the car will be stationed at Bay Shore for three weeks and then will be brought into the city where it will remain for a fortnight. The C. P. R. Branch of the St. John Ambulance Association has been very active in effort to fit all the employees of the company, and especially the train crews, to deal with emergencies in case of accidents and the work of the special ambulance car, which has been in the city which have been held all along the line. Their efforts are not confined to the men, however, and the announcement is made that special ladies classes for the instruction of wives, daughters and other relatives of employees will be organized with lectures each Wednesday afternoon and evening.

MR. GUTELIUS DECLINES TO DISCUSS ULTIMATUM

The Labor Situation on the Intercolonial as Viewed in Moncton Today. Moncton, N. B., July 29.—The ultimatum which was issued by Grand President Member of the C. B. R. E., was received by Mr. Gutelius, general manager of the I. C. R., but he refused to talk to your correspondent when interviewed this morning. The general opinion is here that the I. C. R. clerks will not strike as only about twenty per cent. of the 2,000 employees belong to the union and although they are dissatisfied they do not want a strike.

There is nothing new with the trainmen. It was announced this morning that William G. Lee, grand president of the B. of R. T. had been telegraphed for and he is expected to arrive this week. Strike is talked about and they intend holding a meeting this evening. They are thoroughly dissatisfied and they have the sympathy of the citizens regardless of politics.

INGOT WORTH \$20,000 STOLEN

Taken Case and All From Place in Ghent Exhibition. Brussels, July 29.—An ingot of gold shown in a glass case in the Belgian colonial palace of the Ghent exhibition yesterday, was missed from the exhibition. It is valued at \$20,000. There is no clue to the thief, who took the case as well as the ingot.

GEOLOGISTS ARE IN ALBERT COUNTY TODAY

Moncton, N. B., July 29.—A special I. C. R. train with the visiting geologists arrived here last evening from Nova Scotia. They visited the I. C. R. works this morning and left for Albert county to visit the oil and gas fields and shale works. They will continue on their journey this evening by special train for St. John. They greatly praise the treatment accorded them by the I. C. R.

SAYS MULHALL IS "LIAR AND BLACKMAILER"

Washington, July 29.—Majority leader Oscar Underwood, of the house today denounced Martin M. Mulhall, alleged lobbyist, for the National Association of Manufacturers, as "a liar and a blackmailer." Mr. Underwood appeared before the senate lobby committee to deny that Mulhall had ever talked to him about legislation before congress.

VERY BAD NOW IN SOUTH AFRICA

Labor Trouble Has Most Threatening Aspect

BUSINESS IS STAGNANT

Plans of Strikers Put Government to Large Expense to Safeguard Property—Fear of Serious Trouble With the Natives a Bad Feature

(Canadian Press) London, July 29.—The labor dispute in South Africa has assumed a most threatening aspect and despatches from Johannesburg say the tension there is very great. The federation of trades has elected a secret strike committee with power to issue absolute orders. This committee has a scheme for a "scientific strike" that to start at some distant place where there are few troops and few police, or to have damage done at a score of places simultaneously. Nothing more may be done for weeks, but the government will be put to continuous expense in safeguarding property in the meantime.

Householders are laying in provisions and trade is stagnant. Merchants are sending cablegrams to various places ordering that shipments of goods be stopped. The police are finding considerable serious literature in the native tongue among the natives, referring to the trouble breaking out among the white tribes. This is regarded as most significant. The government mining authorities have completed a plan for marching off all the native laborers in the land, numbering 250,000, in case of a strike. They also suggest that in case of a strike an attempt be made to work the mines with strike breakers, but that the whole industry be practically shut down.

Attorney-General Weds Clerk in His Office. Thomas Carmody and Miss Flynn Were Married Today. Albany, N. Y., July 29.—Attorney General Thomas Carmody and Miss Agnes E. Miss Flynn was financial clerk in the attorney-general's office until yesterday when she resigned.

BRANDON CUTS DOWN CITY WORK BECAUSE OF MONEY SCARCITY

Brandon, Man., July 29.—Owing to the financial stringency the city council has closed down all municipal work and dismissed 200 men. At a meeting of the city council, the commercial bureau is instructed to suspend business and send notices to date and the question of making a grant towards Labor Day celebration was deferred owing to the same cause.

WOMEN POLICE FOR CHICAGO

City Council Decides to Appoint Ten For Beaches and Dance Halls. Chicago, July 29.—Women police for Chicago were assured last night when the city council passed an ordinance creating places for them on the force. Mayor Harrison will at once name ten patrol women for duty at the beaches, dance halls and other places, where it is believed they will be more efficient than men.

ESCAPE WATER PERILS ONLY TO BE KILLED ON SHORE BY A THUNDERBOLT

Ogdensburg, N. Y., July 29.—An electrical storm which swept this section during the night, caught Patrick McCarty and George O'Connor of this city in a skiff on the lake, and as they stepped ashore a thunderbolt struck O'Connor, killing him instantly, and mortally injuring McCarty.

Who Gives You the Poorest Service?

Is it the merchant who has the brightest store, the most attractive things to sell you, a polite and intelligent sales force to serve you and an all round general, home-like, welcome atmosphere awaiting you in his shop—and then tells you about it in his advertising?

Is it from that kind of merchant that you receive poor service? It is not probable.

The chances are ten to one that the poorest service and the least satisfaction come the shops where business is done under antiquated conditions; where the merchandise is badly chosen and badly displayed; where salespeople are not well-informed and courteous and obliging; and where the merchant either has nothing much of interest to advertise or else "doesn't believe in advertising."

There MAY be exceptions but, if so, they indicate the rule. The best service comes from the business that has so much confidence in its methods and its merchandise that it is a part of its splendid service to tell you about it.

Faithful ad-readers seldom go to the wrong store.

NEWS OF STEAMERS

The steamer St. George, which was being towed across the Atlantic for the service between St. John and Digby, arrived in St. John's, Nfld., short of coal. She had broken loose from her tug the bay before and another towboat was sent out to bring her in.

The steamer Diana, with Donald McMillan's Arctic expedition on board, which went ashore in Belle Isle Straits two weeks ago, arrived yesterday in St. John's, Nfld. She will transfer her cargo to her sister steamer Erik which will proceed with the expedition.

The steamer Boethic which went ashore at Point Rich on her way to Hudson Bay arrived in Sydney, C. B., yesterday and will await orders regarding repairs.

It is reported in Ottawa that a subsidized line of steamers for carrying grain will be ready for operation from St. Nelson as soon as the Hudson Bay railway is complete. A Collingwood shipping firm is said to be buying a dozen tramp steamers in England for this purpose.

The British steamer Titan, from Tacoma, Seattle and Victoria, B. C., is reported ashore at Jeddah.

AN IRISH LOVER

In spite of his passionate nature he generally takes his defeat in love very well. A young man was mostly enamored of a charming colleen who did not favor his suit. One night the lassie had to inform her passionate admirer that she had pledged her troth to a more fortunate suitor. The rejected gentleman's natural gallantry rose superior to all other feelings, and he simply held her hand and said—"Wish, then, I wish you'd been born twins, so that I could have had half of you."

"Jane seems in better spirits."

"Oh, yes. She's feeling good over the fact that she passed her thirtieth birthday safely."

"23? Was she in any danger?"

"Not exactly. I mean that she passed the day without anybody being unkind enough to remember it."

NEW PAVING ORDERED

Wharf For New D. A. R. Steamer—Common Council Call Conference on Mill Strike—Fair Wage Petition This Afternoon

The outstanding difference between the Canadian Pacific Railway and the city of St. John concerning the company's claim for damages for the falling in of the tracks on Union street, and counter claims made by the city for the damaging of berth No. 8 by the Empress of Britain and failure to carry out certain improvements on the west side, were finally settled yesterday by the council when the mayor was given power to sign an agreement with the C. P. R. that both parties would mutually withdraw their claims.

In accordance with a largely signed petition the council decided to call a meeting of representatives of the lumbermill owners and their employes at four o'clock on Thursday afternoon to discuss a settlement of the strike.

Instead of erecting a monument to the memory of a boy hero the commissioners decided to receive subscriptions for a fund to be presented to the mothers of Sydney Fulton and Willie Collins who were drowned at Westfield recently. A box will be placed in the lobby at city hall and subscriptions will be limited to sums of not more than one dollar.

The commissioner of harbors, ferries and public lands recommended that the harbor master be authorized to provide the Dominion Atlantic Railway with a further space at the new pier wharf, sufficient to moor the new steamer St. George—about 112 to 115 feet—at an additional rental of \$500 per annum, or at the same rate for any portion of a year, and that he be further authorized to allow the use of the Anchor line wharf and warehouse to the same company at \$2,000 per annum, provided that their steamers do not extend beyond the western end of the berth, and that all necessary dredging be undertaken by the company, as well as all necessary repairs, and that the company be held responsible for any damage they might cause.

The commissioner of public works recommended that an asphalt sidewalk with concrete foundation and granite curbing be placed on the north side of Duke street in front of the premises of Ames Holden McCready Ltd. at an estimated cost of \$196.40, half this to be paid by the company as agreed by them.

On the recommendation of the same commissioner, permission was granted to the St. John Railway Company to remove an electric light pole in front of the Imperial Theatre to a point on the line of the alley next Brown's dry goods store and to erect a steel pole in front of the company's barns on Wentworth street.

The commissioner further recommended that William Phinney be granted permission to erect an electric sign extending over the sidewalk over his place of business in Canterbury street, under the usual conditions and upon his signing a proper agreement.

The commissioner also recommended that the work of paving Garden street from Hazen to Colberg, at an estimated cost of \$4,000, be proceeded with by the department. Before the report was adopted the commissioner referred to this expense would have to be met out of the appropriations for 1914.

He further recommended that the recorder be instructed to take immediate steps to compel William Burton to remove a concrete fence recently erected by him and which encroaches on Main street. Adopted.

The commissioner of water and sewerage recommended that the tender of Fred Rice at \$3.80 apiece for installing the necessary stop cocks on the sidewalks of Gervais and Union streets be accepted, as the lowest received. Commissioner Wigmore said that the placing of the stop cocks on the sidewalks was in pursuance of the department's policy of having all stop cocks covered with streets with permanent pavement. The tenders, he said, included excavating, back filling and plumbing. The recommendation was adopted.

The commissioner of finance and public affairs recommended that the mayor and Commissioner Agar be appointed revisors to revise in the present year the voters lists for the members of the house of assembly. Adopted.

Protest Against Laundry.

A petition was received from residents of the vicinity of Pitt and Union streets protesting against the erection of a steam laundry at the corner of those streets, as contemplated by R. J. Armstrong. The petitioners held that the erection of such a building in that quarter, which was largely residential, would deteriorate the value of the property in its vicinity. The matter was referred to the commissioner of public safety.

A communication was received from the Canada Cement Company to the effect that their lecturer could be in this city on August 6. It was decided to write the company that this date would be suitable. The lecturer will deal with the use of concrete and cement in road construction and paving.

A report prepared by D. C. Clark on the condition of the city wharf adjoining the south side of the eastern ferry boats to the effect that the wharf is gradually being undermined by the ferry boat, was submitted by the commissioner of harbors, ferries and public lands.

The council adjourned till this afternoon when the request of the Trades and Labor Council to have the fair wage clause inserted in city contracts and other matters will be considered.

Dandruff often rises from a low and sluggish state of the constitution, so that whilst you are curing the dandruff you must try to build up your health and keep it good. You must also bear in mind that dandruff is catching and is easily communicated from one child to another by wearing one another's caps and hats.

A few days of fog will do more damage than a fortnight's frost to delicate plants.

SASKATCHEWAN MAN CONFESSES TO A DOUBLE MURDER

Arcoa, Sask., July 28—A double murder mystery in the Moore Mountains, north of here, is now engaging the attention of the Royal Northwest Mounted Police.

Jesse Hammond, an old-timer in the district, and later of Wynyard (Sask.), who is now under sentence of death at Saskatoon, to hang for the murder of his illegitimate child has made a partial confession of having shot and killed two men in the mountains, during his residence here.

MONCTON DELEGATES TO SUPREME ORANGE LODGE

J. W. Clarke, S. C. Alward and R. G. Jefferson of Moncton, the latter two accompanied by their wives have gone to Newfoundland where they are to represent the Moncton Orangemen at the meeting of the Supreme Grand Orange Lodge of British North America in St. John's during this week. Messrs. Alward and Clarke are delegates by virtue of office, the former being grand Director of ceremonies for New Brunswick and the latter past county master, while Mr. Jefferson is the direct representative of the County of Westmorland.

Two other Moncton delegates, Richard Giddis and H. G. Wadman have also gone to attend.

Had A Terrible Attack OF DIARRHOEA BUT DR. FOWLER'S EXTRACT OF WILD STRAWBERRY CURED HER.

Mrs. JACOB SMITH, Manor, Sask., writes: "I am pleased to express my gratitude for your remedy in my case. I had a terrible attack of Diarrhoea. Just about every three minutes, I would have a passage, and it would keep this up for a week at a time, causing the passage of bloody water. I was so pained and weak, I could not do anything. Seeing your Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY recommended, I tried it, and it thoroughly cured me. It is the only medicine I will now have for this complaint."

Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY has been on the market for over 65 years, and is known from one end of Canada to the other as a certain cure for all Bowel and Summer Complaints.

When you ask for "DR. FOWLER'S" be sure and get it, as there are many imitations.

TRAINMEN SEND ULTIMATUM TO I. C. R. MANAGER

Halifax, July 28—Today President A. B. Mosher, of the Canadian Brotherhood of Railway Employees, addressed to Mr. Gutelius, general manager of the Intercolonial railway, a letter in the nature of an ultimatum from the men as regards requests originally made months ago, for an increase of pay and a revision of rules.

In the event of a reply being unfavorable, a strike, involving some 2,500 men and affecting the system from Cape Breton to Montreal, will be ordered.

The ultimatum follows:—"F. P. Gathelus, General Manager, Government Railways, Moncton, July 28, 1911.

"Dear Sir:

"Being to the very uncompromising manner in which our committee was met in their efforts to conclude schedule negotiations, and your final decision that unless we agree to your wishes in respect to the elimination of a large number of employees from the schedule now governing certain classes of employees, all the past work of the committee is cancelled.

"I now beg to advise that an application for a board of conciliation has been forwarded to the Department of Labor at Ottawa, and unless prompt action is taken by that department or by yourself to bring about a settlement at once, the affected employees will leave their employment in a body.

"Full authority to deal with all matters in dispute in whatever way we may see fit, is now confined to the secretary of the committee, Mr. McLean and myself. If you desire to arrange a settlement we shall be pleased to make an appointment with you.

"Sincerely,
(Signed) "A. R. MOSHER,
"Grand President."

COL. GWATKIN CHOSEN

Ottawa, July 28—Colonel W. G. Gwatkin has been appointed chief staff officer for Canada in succession to Major General C. J. MacKenzie, who recently retired from the post.

Colonel Gwatkin is an officer of the British army, but he has been in the service of Canada for the past six or seven years. He has trained to the Canadian work under General Sir Percy Lake, and is thoroughly in sympathy with the Canadian viewpoint. He is known as a capable soldier, and it is expected he will be able to fill the important Canadian post to which he has just been named, without the friction which has marked the administration of some of his predecessors, notably General Hutton, Lord Dunsdon and General MacKenzie.

RECENT WEDDINGS

The bride is the eldest daughter of Mr. and Mrs. James Biddiscombe. After a few days spent with the bride's parents, Mr. and Mrs. Kearns came to St. John, where they will reside.

"The August Regatta" Meaning "August Sales"

By J. R. HAMILTON
Former Advertising Manager, Wanamaker's, Philadelphia
(Copyrighted)

THERE is a good wind blowing your way, and every sale in this city is under full canvas today

The Great August Sales Have Begun

There are dainty white sales with lace edgings and insertions which make one hesitate whether to think of a yacht or a clothes-line. There are furniture sales whirling along with the tide and flying price signals of distress.

There are piano sales, singing their swan song as they float along. There are sales of suits and dresses and waists all flying the colors of this great Clearance Event.

There are great hosiery and shoe sales that ought to be water-proof, because they are no longer price-proof.

Can't you see what it means to you?

Can't you see what it means to your pocket-book?

Here are hundreds of thousands worth of merchandise being thrown into the tide of this great summer event.

You can buy almost anything you can think of right now at great big price reductions.

THAT IS—YOU CAN BUY AT PRICE REDUCTIONS, IF YOU GO AT IT RIGHT.

The stores that are up-to-date—the stores that you can rely upon to have all new merchandise in new season—such stores are advertising their old stocks now and placing big reductions upon them to make them move.

The other stores—the ones that do not advertise,—are holding their stocks for the highest price they will bring. They are under no obligation to you to do otherwise. You may get some bargains here and there, but the chances are, you will not.

So the way to do is to follow the advertising in this paper day-by-day—to keep in touch with those stores that go on record with their sales; the stores that put down in black and white the offers they make and the things they intend to do.

Any shrewd family right now can double the buying power of every dollar you spend, if you will simply watch this advertising every day.

MANITOBA WHEAT CUTTING TO BEGIN IN ABOUT A FORTNIGHT

Brandon, July 28—Cutting commenced on the Brandon experimental farm this morning. The field on which harvesting operations was started, was a small one of barley, it being an early variety known as "Success."

The effect of splendid weather of the past few days is now evident in wheat fields of the Brandon district, and it is calculated that the same conditions prevailing, wheat cutting will be general inside of two weeks. More rain, however, is needed to assist grain in forming in the head.

H. L. Drayton, K. C., of Ottawa, chairman of the Railway Commission, will leave on Saturday for England to take up the question of the control of ocean routes with the imperial government.

Helpless Cripple From Rheumatism

Toronto Lady Took "Fruit-a-lives" and Cured Herself

4 Home Place, Toronto, Dec. 16th, 1909. "I was a helpless cripple from Rheumatism for nearly a year. All down the right side, the pain was dreadful and I could not move for the agony. I was treated by two physicians without benefit. I saw "Fruit-a-lives" advertised and decided to try them. After taking one box, I was much better. When I had taken three boxes, I could use my arm and the pain was almost gone. After taking five boxes, I was entirely well again. The cure of my case by "Fruit-a-lives" was indeed splendid because all the doctors failed to even relieve me. "Fruit-a-lives" cured me. MRS. LIZZIE BAXTER, 80c. a box, 6 for \$2.00—trial size, 25c. HEFLIN IS ENEMY OF ALL SUFFRAGETTES

Washington, July 29.—Headquarters of the National American Woman Suffrage association settled with indignation on Monday when officers and members learned that Representative Heflin of Alabama, their most bitter opponent in congress, had fired another broadside into their camp Sunday night from the pulpit of a local church. In addition to criticizing the "cause" in vigorous terms, Mr. Heflin also gave his definition of suffragettes and their male supporters. Here it is: "Suffragettes—Unmarried female fanatics. Suffragettes—Unhappy, discontented married women. Suffragettes—The male suffragette, a feeble-minded, sottish creature." Mr. Heflin explained that the word "suffragette" was his invention. After some thought, he said, that "wooden-headed" might be added to it without any loss in meaning. Nothing in Scare Story Lima, Peru, July 29.—There is absolutely no truth in the reports current in Europe and America of a catastrophe in this city. There has been no extraordinary occurrence of any kind. The rumors probably arose from the fact that telegraphic communication between here and Santiago, Chile, is interrupted.

ALFALFA

Harold Sears Gets Interesting Word From Wisconsin About It

Harold Sears has just received from a friend in the west the following clipping from a Wisconsin paper:—

Alfalfa will do more for Wisconsin than any other one thing within the reach of the people of the state at this time.

Great as the progress is in the introduction of alfalfa in Wisconsin, the fact remains that we will have to make still greater strides if we are to keep in the lead of the other middle western states. The interest in alfalfa extension has been sold at from two to four times the amount usually received for other crops.

In Waukesha county the single cutting of a new seedling sold for \$18 per acre standing in the field.

But in Wisconsin alfalfa will be fed to stock and marketed in the form of milk and meat. It is in this form that it will bring the highest returns. It is the premier stock food. Many other foods have high feeding value in certain elements, but none are approachable to alfalfa as a balanced ration. Not only that, but alfalfa contains those elements most needed by growing stock and dairy cows—elements once most needed and most expensive to buy. This situation is well supplied by clover, but alfalfa is better by alfalfa. It is evident, then, that sections fitted to the production of alfalfa have an advantage over others.

Joseph E. Wang, who first introduced alfalfa in Ohio, insists that alfalfa can be grown anywhere—which is doubtless true, but it will also be true that before growing it in any place and under many conditions, it is necessary to do many things—things that may cost more than to obtain other land originally well suited to the production of this crop.

The average tonnage of alfalfa per acre in Wisconsin is shown by the United States census to be 2.77 tons per acre. But this is the average for the entire alfalfa order of the state, including hundreds of growers.

There is little doubt that this can be made the average of the state who are producing alfalfa. It is better understood and established.

The acreage of hay and forage in Wisconsin in 1910 was 1,910,000 acres, of which 8,079,102 acres. This does not include pastureage. It is thus seen that 2,000,000 acres could well be devoted to alfalfa production. With the yield attained by the alfalfa order and at present value of the tonnage, this would add at least \$100,000,000 annually to the agricultural output of the state of Wisconsin.

It is not the achievement above shown possible worth an effort upon the part of all of us up to date the effort to secure the general extension of alfalfa has been limited to two or three organizations—should not everybody take hold of the matter? In what subject could there be more interest for commercial clubs, bankers, merchants and others? One hundred millions of dollars added annually to the agricultural output of the state means something material to all. It is a consummation not only worth wishing for, but worth working for. It will double the value of Wisconsin land, and while doing so vastly enrich the state for all time.

SUMMARIZED She was a charitable old lady, of a somewhat inquisitive turn of mind, and she was paying a visit to a naval hospital. Presently she came up to the bedside of a poor fellow who was one of the victims of a gun explosion. "My poor fellow," she said, depositing a bunch of grapes within his reach, "Your sensations and sufferings at the time of the accident must have been terrible. Can you - will you describe them to me?" "Well, mum," he said stolidly, "I don't know as I can; but I can tell you I was on deck attending to my duty with the gun, when all of a sudden there was a most infernal row and then the nurse says, 'Sit up and take this.'"

WET PAINT INCLUDED A poetical old shopkeeper was always doing kind things and saying lovely ones. One spring he was having his shop repainted. He told the painter to leave a certain corner untouched for the time being; he explained that the young couple at that season did all their courting there, and he didn't want them to get smudged. "But," objected the painter, "these young folk would be fools not to know the smell of fresh paint." "Young fellow," said the shopkeeper, "you've never had a girl, that's plain. If you had you'd know that when folk are in love everything - wet paint included - smells like violets and roses."

THINGS WORTH KNOWING TO THOSE INTERESTED IN THE DRINK CURE

One year ago we opened a Neal Institute treating the drink habit at 46 Crown street, St. John (N. B.), to demonstrate to the public that we had a treatment that would cure all desire and craving for alcohol in three days time. Some few call it a "fad" while others regard several scores of men and women. St. John was only one of our sixty branches that we have established throughout Canada, U. S. A. and foreign countries. After running it at a big expense for one year we closed our eastern branch as well as several other places where there was a danger of becoming known that certain prominent people had taken the drink treatment. For the self-same reason we established a large central hospital at the Capital City Ottawa some two years ago when we have very convenient, thoroughly trained male nurses and graduate female nurses for women. Our twenty-two private rooms with electric fans, bath and every modern convenience guarantees to the outside patient comfort and secrecy while taking treatment. While the price may seem rather long when starting, it is well for the public to know that it is not necessary for the patient to arrive here perfectly sober, inasmuch as we never cut a patient straight off from liquor. Another feature that adds to taking treatment away from home is the fact that a good long ride after completing the Neal treatment acts as a tonic, the fresh air, change of scenery and the knowledge that when one returns nobody will be a bit the wiser. Remember our fee of charge is \$125 out of which we allow you transportation both ways with the patient to arrive here, the fee of return all money paid if the patient is not perfectly satisfied that all craving and desire for liquor has been destroyed when leaving the institute. If you have a loved one at home who is near and patient to speak kindly to him and try and persuade him to take the Neal treatment.

There is no charge should the patient wish to stay with us a few days longer after completing treatment to make sure he is tonic, the fresh air, change of scenery and the knowledge that when one returns nobody will be a bit the wiser. Remember our fee of charge is \$125 out of which we allow you transportation both ways with the patient to arrive here, the fee of return all money paid if the patient is not perfectly satisfied that all craving and desire for liquor has been destroyed when leaving the institute. GREEKS TRIM ST. CROIX AND TIE FOR LEAD

Score Was 7 to 2 - Bangor Defeats Fredericton 7 to 1

New Brunswick and Maine League Standings.

Table with columns: Team, Won, Lost, P.C. for St. Croix, Marathons, Fredericton, and Bangor.

Fourteen hits off Lee and few work in the field enabled the Marathons to defeat St. Croix yesterday and take the position in the league. Tarbell's pitching was of the A.1. brand. Although a good game right through, outside of a double play by Pinkerton, Waterhouse and Shanley, there were few features of note. The box score was:

Box score table for St. Croix vs Marathons.

*Parker hit by batted ball in fifth.

Table with columns: Team, A.B.R.H.P.O.A.E. for St. Croix.

Score by innings: 0-12-0-10-2-7. St. Croix 2-0-0-0-0-0-2.

Summary—Two base hits, Waterhouse, Pease. Three base hit, Shanley. Home run, Shanley. Stolen bases, McPherson, Pease, Ramsey, Pinkerton. Bases on balls by Lee, 4; by Tarbell, 1. Struck out by Lee, 3; by Tarbell, 2. Sacrifice hits, Lynch, Vance, Pinkerton, Riley. Double plays, Pinkerton to Waterhouse to Shanley. Wild pitch, Lee. Umpire, Rudderham. Time of game, 2 hours. Scores, Leady.

Notes of the Games. If we win today we will be the league leaders again.

The Greeks fell on Mr. Lee. Pease had four hits, Shanley three, including a homer and a three bagger; Pinkerton and Ramsey, two each.

Joe Tarbell kept the St. Croix batsmen down to seven.

Bangor did worse things to Dave Morey than even the St. John batsmen did—fourteen hits and Fredericton made only four off Wallace.

Three base baggers and a home run were in the list of hits off Morey.

Only three of the nine Fredericton men hit safely. Every one of the Bangor team figures in the hit column.

Bangor, 7; Fredericton, 1.

Fredericton continues on the toboggan route. Yesterday Bangor took their game from the Pels by a score of 7 to 1. Fredericton's new pitcher, Morey, was hit for fourteen safe ones while Wallace al-

SPORT NEWS OF A DAY; HOME AND ABROAD

YACHTING

R. K. Y. C. Will Challenge. The Coronation Cup race at Bedford had been exciting a great deal of interest among local yachtsmen lately as the cup was originally donated by Robert Thomson, the former commodore of the R. K. Y. C. and was won about twelve years ago by a freak Sydney yacht called the Clow. At a recent meeting of the club it was decided to have a yacht built to compete for the trophy next year and over \$700 was at once subscribed. Several yacht designers have been asked about the probable cost and it is estimated that it will be in the neighborhood of \$8,000. It is possible that the Owens firm of Marblehead, Mass., will be the builders.

BASEBALL

Tigers Defeated. The Tigers defeated the Wildcats, in an exciting game of baseball on the track ground last evening by a score of six to two. The batteries were: Morisy and Keeler for the winners and McCallum and King for the losers.

Officials Won. In an interesting game on Puddington diamond the Officials defeated the Nationals yesterday 2 to 1. Features were the home runs of A. Marney and Cullinan. The batteries were: Morisy and Keeler for the winners and A. Marney and W. Barton for the losers. Gerald King was umpire.

City League. St. Peter's, the leaders in the City League, went down to defeat before the heavy hitting of the Rocklands last evening. The score was 5 to 4. St. Peter's and Carlton will play tonight.

East End League. The Commercial won from the Nationals last evening after a close game 8 to 7.

The proceeds of this game as well as that between the Alerts and Glenwood tonight will go to George Akery's mother. The Sons of England band is attending last evening and St. Mary's band will play this evening.

Harmony Essential

T. S. Andrews, Milwaukee, writes: "Had William Bernhard been appointed manager of the Cleveland club in 1906, there is little doubt that they would have won the American League pennant."

"When the Cleveland club manager appointed Lajoie as manager in 1906, this statement was made by Charlie Carr, manager of the Kansas City Ball club, during a discussion of baseball affairs in the lobby of the Plankinton hotel, and especially the benching of Napoleon Lajoie, the great second baseman of the Naps.

"There were angles which caused some dissatisfaction and the players were not working together as they should have done. The man who could have had perfect harmony on the team was Bill Bernhard, for every man like him and would have worked his head off for him. Lajoie himself would have liked to have seen Bill in charge. If he stuck to him like a brother, it may not be known outside, but when Lajoie was with the Naps, he was in the long period it was with the understanding that Bill Bernhard was to be there and never receive a cent less than any other pitcher in the club. That is how strong Larry was for Bill.

"To my mind the Naps that year had one of the strongest ball teams ever put together, but it was lack of harmony that prevented them from winning the pennant."

Diamond Sparks. Shawkey, formerly of Baltimore, pitched Philadelphia to a 4 to 0 victory over Detroit, allowing only five hits. Dube pitched shut-out ball until the seventh inning at game at Washington last week.

Rube Marquard won his ninth consecutive victory when New York defeated St. Louis 2 to 1 on Sunday. Early in the season Manager McGraw, of the Giants, made several unsuccessful bids for Pitchers Tyler and Perdus of the Boston Braves, offering Stallings, twirlers and infielders in exchange. McGraw certainly knew what he was doing, all right, for Tyler and Perdus have been winning consistently.

Pease, the elongated first sacker, is proving to be a valuable man for Stallings. The big fellow covers an acre of ground around the plate and catches all kinds of throws, many of which would get by a man of ordinary height. In addition to this he is proving a good stickler and a fast base runner.

"No club in the American League or in any other would give either in cash or players what Ty Cobb is worth to Detroit. There is no possibility that Cobb will go to Boston," said President Nantz in his pitching news. "The statement from him should silence effectively the stories from Boston that he is being traded between the clubs."

In the year that Hugh Jennings, the Detroit manager, chose to break into the national pastime in the Atlantic Association, John McGraw was in New York and Pennsylvania League, and the Boston club, with the Brotherhood, and Bill Dahlen was with the Cobleskill Club of the New York League.

The recent poor showing of Nap Rucker is explained by the wise medicals. They say Nap has a touch of neuritis in his pitching arm. "Others had said it was because Nap had tried to change his style of delivery, but the doctors should know best."

Fans from Richmond, Va., are planning to go to Washington for a "Boeing day" within a few weeks as a testimonial to the holder of the season record for successive wins. Boeing was born in the Virginia metropolis, and got his start on the same lot.

Big Purse for Chatham Races.

Chatham, July 28.—The track committee have drawn up a programme of racing during exhibition week. Among the purses is one of \$1,000 for a free for all by far the largest amount ever given for this event in the maritime provinces.

The first day's racing will be on Wednesday, Sept. 24, with the following events: 2:16 trot and pace, \$400; 2:14 trot and pace, \$600; 2:20 trot and pace, \$800. The second day, Sept. 25, will see a free for all, \$1,000; 2:19 trot and pace, \$400; 2:28 trot and pace, \$800. A bonus of \$200 will be given to any horse breaking the dominion record in the free for all. Trotters are given three seconds in mixed events. Entries will close on August 18.

"Don't you think, dear," began Comfy "that our next door neighbors, the Scrubs, are putting on a great deal too much style, considering the fact they never know from day to day where the next meal is coming from?" "Well," replied Mrs. Comfy, "you see, the more style they put on the more likely they are to be invited out to dinner."

Brown Gets Offer of Bouts in Australia

FROM T. S. ANDREWS

Milwaukee, July 27.—Pal Brown, a Minneapolis light weight, has received a very flattering offer from Snowy Baker of Australia to make a trip to that country for a series of five or six battles against the late Luther McCarty holding the title after he had defeated all the men who had fought against him in the elimination tests and for which Tom McCarey of Los Angeles gave him a belt emblem of the championship. When Arthur Peley, stopped McCarty in the first round, the latter dying as a result of the encounter, whether by accident or by blow the fact remains that Peley really became the white champion of America.

Neither Jess Willard nor Gunboat Smith had any right to annex the title after that Calgary affair, as long as Peley was the champion, the former world champion, has taken Peley under his wing and is now touring him about the country in the vaudeville houses and also matching him for exhibitions in real contests. Gunboat Smith and Jim Flynn are to meet in New York early in August for ten rounds and they are billing it as the title match. Let the winner, if there is one, challenge Peley for a match and then he can claim that he is engaging in Dougherty, a former-welter weight star

McGraw's Review Of the Big Leagues

By JOHN J. MCGRAW, Manager of the Champion Giants

The Pirates had a chance to nose right up into the pennant race last week. They realized this at the time and so did I. If they had taken four straight games from the Giants, they would have been in a position to make the going for the rest of the distance tough for my club. But they didn't. The Giants, including pitchers and fielders and all, were going as well in that series as they have in the last two years.

The boys deserve great credit for their showing, because Pittsburgh came into New York after a very successful trip, confident of winning and in the best form the club has been in this season. In the hope of stopping the Giants, Honus played great ball in the field, but he did not show his old batting ability. FALLS 110 FEET, WALKS OFF. After falling 110 feet from the top of a smoke stack to a steel roof, and stopping with his head a bucket of ice which followed him in the plunge, Edward Horner, a steeljack at the Granite City, Ill. COURTESY OF A YOUTH GETS HIM ARRESTED

An Incident in the Depot in Which a Mistake Was Made

A young lad from Anagnone who came in on the Boston train this morning thinks that it does not always pay to be polite. A lady sitting in front of him in the train found on picking up her belongings on arrival at the depot with her baby and packages, she had more than she could carry and she asked this boy to carry the grip for her. The lad, eager to oblige, readily consented.

While following her into the waiting room he was stopped by Policeman Smith and asked if he was traveling with the lady and the boy not knowing why he was asked, said he was not, and was immediately put under arrest charged with stealing the grip. In vain the boy pleaded that he was carrying the grip for the lady but after having told the policeman that he was not traveling with her Smith refused to believe him. The lady, on learning the cause of his arrest, at once explained the matter to I. R. Ross, the I. R. terminal agent who immediately had the boy released, not however, before the train had pulled out and the train going through from Montreal does not stop at Anagnone the gallant youth has to stay in the city until 6.35 this evening.

ALL EXCLUDED FROM THE HEARING OF THE GALLAGHER CASE

The reports of children being assaulted in the region of Erin street which were going around last week were revived when Patrick Gallagher, aged 47 years, was arrested last evening by Detective Lucas and Policeman McNamee at his boarding house in Erin street. The arrest was made on information lodged by the father of a little boy named James Lavigne who lives in Erin street. When the case came up in court this morning there were several other lads on hand besides the Lavigne boy. Magistrate Ritchie held the inquiry behind closed doors and when asked for information afterwards said the matter could not be treated in the press. The prisoner was remanded.

IN WITH EIGHT THOUSAND POUNDS OF HADDOCK

A cheerful smile bedecked the countenance of Captain Robert Graham as he stood on the Turnbull wharf this morning watching his steamer, the Centreville, unload her cargo of fish. He had just come in from Westport where he had been buying a cargo of haddock from the fishermen there. His trip was a very successful one as he arrived just after one of the best catches of the season was brought in. His cargo of eight thousand pounds represented the catch of but six boats. The fish were disposed of to Leonard Bros.

So far the haddock season, which has been in progress for about four weeks, has been a good one. They should continue in abundance for about six weeks more, when the returns will slacken off. The reason for the catches varying is that the haddock frequent different feeding grounds at different seasons of the year. In October they will again be back in the Bay of Fundy and will continue there until February.

So far the hake fishing has been excellent. There are still a few salmon running but the season is practically over. The fishermen occasionally pick up a stray halibut now, but except in its season in March and April this fish is generally rare.

THE MILL STRIKE

Letter of Mayor to Proprietors and Reply From Mr. Gregory

In consequence of a vote passed by the common council on Monday Mayor Frink sent the following letter to the mill owners and the mill workers:

July 28, 1913.
Dear Sirs—At a meeting of the Common Council held today a petition signed by the majority of the leading merchants and business men of the city was presented for consideration looking to the cessation of the strike by the mill men in the city and county of St. John and the resumption of work and the payment of wages to the city. This petition asks for a meeting composed of representatives from the mill owners and mill workers. The undersigned and the commissioners have been requested to take such steps as may be expedient to hasten this meeting, and to do all things which may bring about a clear understanding and the exposition of all facts, so that a determination may be reached on the merits of the whole matter for the benefit of the whole community.

I have been instructed by resolution to communicate with you and if you are disposed to open negotiations, looking to a settlement, I would appreciate an early acknowledgment of this letter. I trust this appeal will be favorably received and that you will consent to such a meeting as requested.

Yours very respectfully,
JAMES H. FRINK,
Mayor.

This morning His Worship received the following reply:

St. John, N. B., July 29, 1913.
James H. Frink, Esq., Mayor of St. John.
Your Worship—On behalf of the mill owners, I beg to acknowledge the receipt of your communication under date of the 26th inst., and am instructed by them to reply.
All the mills at St. John and vicinity will start sawing again as soon as possible and the mill owners signify their willingness to return to work under the rate of wages and conditions which applied on the 18th of June last, in which date the mills ceased to operate.

Yours truly,
I. FRASER GREGORY.

NEW THEATRE IN MECHANICS LIEN CASE

Order of Court in Reference To Matter Among Contractors—Suit Against the Sallie E. Ludlam

An interesting hearing took place before Judge Josiah in chambers this morning in the case of McKinnon Holmes & Co., Ltd., against The St. John Amusement Co., Ltd., et al. when an order was made for the sale of the Imperial Theatre, under the Mechanics Lien Act. The plaintiffs in this case, whose offices are in the province of Quebec, were sub-contractors for the steel work on the new theatre in Topolis street who are sub-contractors to Henry L. Brown, principal contractor. The amount of the claim was \$2,850 and on July 26 the case was settled with the understanding that if the amount was not paid in thirty days the plaintiffs would have the right to sign judgment. Default having been made, C. E. Sanford acting for the plaintiffs, signed judgment and applied for an order for the sale of the property, which was granted.

Admiralty Court
Hearing in the case of Stanley H. Frink vs the Ship "Sallie E. Ludlam" which was to have taken place this morning was postponed until Monday. This is a suit brought to recover \$247.18 for master's wages. Judgment was signed and the defendant this morning gave seven leave to defend. Heber Keith appeared for the plaintiff and Baxter & Logan for the defendants. D. J. Purdy is the agent for the ship.
