## NO SPECULATION ON WHEAT CROP THIS YEAR

### GOVERNMENT ANNOUNCES POLICY FOR HANDLING TOTAL OUTPUT OF FARMERS

Direct and Immediate Part Payment in Cash on Account at Likely Minimum of \$1.75

OTTAWA, July 30. — The government this afternoon finally determined its policy in regard to this year's wheat crop. The main features of the plan are:

1.—A board to buy and market the crop of 1919.

2.—A cash payment on account to be made to the farmer at the time he sells his wheat.

3.—The wheat crop of Canada to be sold by the board at the prevailing world prices, and the surplus proceeds, after expenses are deducted, to be distributed to the original sellers of the wheat in proportion to grade and quantity.

4.—No speculation on exchange or profiteering by handlers to be allowed in disposing of the wheat crop of 1919 to the disadvantage of either producer or consumer.

5.—A direct and immediate cash sale by the farmer and a speedy movement of the crop along the usual channels of transport.

The official statement reads: The particular conditions of the wheat market in Europe and the United States where government agencies are almost exclusively employed in, and where government credits have to be provided for, the purchase of wheat, rendered it necessary to provide a similar agency in Canada, or to run the risk of being faced with an absence of adequate cash markets for Canadian wheat and a speedy and uniform movement of the same.

The government, after very careful enquiry and consideration, has therefore decided to appoint a board of experienced men invested with adequate powers to conduct the purchase and sale of the Canadian wheat crop of 1919, both for export and domestic purposes.

An initial cash payment by way of advance will be made by the board to the farmers for each bushel sold, based on the price of No. 1 Northern at Fort William. At the conclusion of the season's sales, after the deduction of necessary expenses, the total excess realized over and above the first payment made to the farmers will be divided among the original sellers in proportion to the grades and quantities sold. The farmer will thus receive the best world price for

his wheat in a cash payment at time of his sale and a final payment when the wheat crop has been disposed of.

A complete system of record under the provisions of the Canada Grain act and the regulations made thereunder, will be kept, which will enable the board to determine with accuracy and pay with certainty the exact proportion of the surplus due to each original seller.

The board will sell wheat to the millers and will sell the flour milled therefrom for export, while for domestic consumption the sales will be made as usual and the price will be restricted to a fixed maximum of reasonable profit, allowing within that maximum competition among the millers themselves.

The grain exchanges will not give facilities for the buying and selling of futures in wheat during the crop seasons of 1919.

The board will utilize, so far as available and necessary, the existing facilities for the purchase, transport and handling of wheat with a view to disturbing as little as possible the existing and ultimate methods of trade.

The government has been actuated in its decision by a desire to secure for the Canadian farmer the best possible price for his product and, at the same time, to ensure to the home consumer that his flour shall not cost more than is made necessary by actual world prices. Such action has also been made necessary in order to secure the early marketing and speedy movement of Canada's surplus wheat, thus making it possible for the farmer to realize at once a substantial cash price for his wheat, and ultimately the fullest possible return of the balance of price realized by the season's sales.

The establishment of this board does not interfere with the work of the board of grain supervisors in respect of that portion of the crop of 1918 delivered by Aug. 15. Their powers and functions are continued in full force so far as that crop is concerned. The new board will have sole authority to deal with the crop of 1919, and with the crop of 1918 which will be undelivered by Aug. 15.

## How Cattlemen Can Secure Feed Under New Order

OTTAWA. — In view of the serious situation with respect to feed for livestock that has arisen in certain parts of the western provinces owing to the drought, it has been found necessary for the government to give some assistance to farmers and stockmen in the dry area in order to carry their cattle over the winter. The dry area may be defined as all that part of the provinces of Alberta, Saskatchewan and Manitoba lying roughly south and west of a line drawn from Wetsaskiwini to Camrose, north to Chipman, east to Lloydminster, south to Chauvin, then to Elbow, Moose Jaw, Weyburn, Virden, Souris and south to the international boundary.

Hay brought into the dry area over the C.P.R., the C.N.R. or the G.T.P. will be carried at no cost to purchaser, as this will be met by the railways, the provincial government and the federal government paying equal shares. The same arrangement applies to the transportation of hay-making machinery from points in the dry area to northern districts where hay can be cut, and back to the point of origin.

As to livestock, assistance will be given to owners of less than one hundred head of cattle or three hundred sheep, and assisted shipments will be limited to two carloads for each owner. The exact amount of assistance has not yet been decided upon, but if the railways and provincial government are prepared to do likewise, the Dominion government will pay one-third of the cost of transportation

of cattle and sheep to some feeding ground and back to the dry area next summer. In the event of this not being agreed to, it is proposed that the railways should pay one-half of the return transportation, only leaving one-quarter of the return freight to be paid by the provincial government, and the remaining one-quarter by the federal government. This latter arrangement will mean that the owner must ship cattle and sheep out at his own expense, and if they are returned before August 1, 1920, and the other conditions are fulfilled, they will be returned to him without charging.

## Massacre of Jews by Russians

LONDON, Aug. 4. — A massacre in the Jewish quarter of Odessa, carried out by troops of General Gregorieff, which are occupying that city, is reported in advices received by semi-official Polish sources. The Jewish quarters were surrounded by the troops, it is declared, and a massacre was begun from which no one escaped.

The entire quarter was for three days and nights in the hands of the Russian soldier, the advices stated. The Jews of the Ukraine and Bessarabia, it was added, have proclaimed a mourning period of fourteen days.

## Protecting Binder Twine

M. P. Tullis, Weeds and Seed Commissioner for Saskatchewan, reports that considerable damage to binder twine may be looked for in the districts where grasshoppers have been unusually plentiful this year, unless the twine is treated with some protective mixture. A solution of one pound of bluestone to six gallons of water is recommended as the most effective by C. Gordon Hewitt, Dominion Entomologist. The balls of binder twine should be soaked in the solution for half an hour and then dried thoroughly before using. As it takes a long time for the twine to dry, farmers in the grasshopper infested area should treat their twine at once.

## Price Increases on Footwear Forecasted

HAMILTON, Ont.—That the price of footwear within the next few months would advance four dollars a pair, was the statement made today by W. S. Duffield, of the John McPherson Shoe company.

Labor is not to blame for this, he said. The fault rests with the Chicago packers who have a monopoly of leather. A horse hide that could be bought for a dollar now commands over \$17, while \$65 is asked for a cow hide, a sum that would once have purchased a cow. Labor will get twenty cents out of the four dollars advance. The packers will gobble up the balance.

## Machine Guns Used to Quell Riots Among Swiss

GENEVA, Aug. 4. — Troops sent by the government to quell strike riots at Basel and Zurich were forced to use machine guns mounted on automobiles during the disorders yesterday. The strikers at Basel ripped up the pavements and bombarded the troops, injuring many. A number of strikers were killed and wounded, and many were arrested.

At Basel the outbreak was said to be of a Bolshevik character, while at Zurich the disorders were attributed to the increased cost of living.

## Union Labor Demands Partnership Basis in Railroads of United States

WASHINGTON, August 4. — Organized labor came out today with the unequivocal formal demand that private capital be released from the railroad. A tri-party control composed of the public, the operating management and the employees is demanded instead. Addressed to the United States public and signed by the engineers, the firemen, the conductors and the American Federation of Labor, a formal statement was issued announcing this proposal which will appear before congress Wednesday.

"It marks," says the statement, "the step by which organized labor passes from demands for wage increases to demands that the system of profits of industry be overhauled."

Serious News Published. This sentence sums up in a few words the proposal of which there have been few hints and indications, but which is now laid before the country for the first time.

Everywhere in official Washington it is recognized as the most serious and far-reaching proposition the country will be called upon to face.

Characterizing the proposal as "labor's bill," it is put forth as a remedy for the high cost of living, because the railroads are the industry of the nation. It demands the "genuine co-operation and partnership based on a real community of interest and participation in control," of which President Wilson spoke to congress and which, the statement says, has been ignored by labor and the private owners of the railroads. "We ask,"

it says, "that the railroads of the United States be vested in the public that those actually engaged in conducting that industry, not from Wall Street but from the railroad offices and yards and out on the railroad lines, shall take charge of this service for the public."

## New Members of Union Cabinet Named

SIR HENRY DRAYTON SUCCEEDS WHITE AND DR. TOLMIE, HON. T. CRERAR

OTTAWA, Aug. 2. — Two new members of the cabinet are officially announced. They are:

Minister of Finance, Sir Henry Drayton, formerly chairman of the board of railway commissioners. Sir Henry succeeds Sir Thomas White.

Minister of Agriculture, Dr. Tolmie, M. P. Dr. Tolmie succeeds Mr. Crerar.

The resignation of Hon. F. B. Carvell as minister of public works has been accepted. Mr. Carvell has been appointed chairman of the board of railway commissioners to succeed Sir Henry Drayton.

The successor to Mr. Carvell at the department of public works has not yet been appointed.

Hon. Martin Burrell remains in the cabinet for the time being. Should he decide to retire later it is announced a successor will be appointed from British Columbia. The appointments will involve three by-elections.

Sir Henry Drayton was sworn in today as minister of finance.

## Accident To Imperial Limited Near Pembroke, Ont.

Six Cars Jumped Track—One Man Killed, One Seriously Injured

OTTAWA, Aug. 5. — As the result of the derailment of the Canadian Pacific railway's eastbound express No. 2, Imperial Limited, at about one o'clock this morning near Stonecliffe, Ont., one man is dead and another is seriously injured. Thomas Tulley, of East Templeton, died of his injuries in a hospital at Pembroke, and M. Kalemurako is in the same place suffering from injuries from which he will probably recover.

The train carried a large number of delegates to the Liberal convention, among them being Hon. W. R. Motherwell, Fred Johnston, M. P. for Last Mountain, and W. F. Kerr of the Regina Leader.

A broken rail is believed to have been responsible for the derailment of the train. The engine and mail car passed safely over the spot, while the express, baggage, second and first class, diner and two sleepers in the centre of the train left the rails.

Two sleepers remained on the track. Traffic was held up for twelve hours, and passengers on the train did not reach the capital until about seven o'clock Monday evening.

## Serious Rioting at Liverpool

In London 994 Policemen Out of 22,000 Strike—In Liverpool One Third of Force Out

LONDON. — It is officially stated that altogether 994 policemen went on strike out of 22,000 in London, 700 out of 2,200 in Liverpool, 60 out of 100 at Bootle and 68 out of 1,450 at Birmingham. The strikers' places are being filled by new recruits.

A national strike of bakers began yesterday, but is not expected to last beyond Tuesday. Enough bread has been baked to last till then. The men want £4 for a 44-hour week and the abolition of night baking. Prospects for settlement are good. The railway clerks' association, particularly in the North of England, threaten to cease work as a protest against the delay in consideration of their demands for better all-round conditions as regards pay, hours and holidays.

Serious Rioting. Serious rioting occurred at Birkenhead, opposite Liverpool, as well as at Liverpool, Saturday night. Ninety-six of the total force of 225 policemen are on strike at Birkenhead, where feeling is running high. There was looting of shops with damage estimated at many thousands of pounds late Saturday. The situation was rendered more serious by looters who attacked the taverns and became

intoxicated. The Riot act had to be read and troops summoned to restore order. Many of the rioters were arrested. The authorities were obliged to recall the special constables to duty.

At Liverpool several shops suffered in the great Homer street area, but the outbreak was quickly quelled on the arrival of plain clothes men. There was more serious havoc wrought in the London road, where gangs of youthful hoodlums smashed windows of jewelry, boot, tailor and mantle shops and stripped windows of their contents, throwing the goods to the sidewalk. Troops formed a cordon at the entrance to the street and eventually charged, but the hoodlums slipped into the side streets and later returned, smashing more windows.

Attack Police Barracks. A party, consisting of from 20 to 30 men, this morning attacked the Broadford police barracks in East Clare, Ireland, according to a Central News despatch from Ennis, capital of County Clare. The despatch adds that a brisk fire was maintained upon the barracks for more than an hour, with police answering it. A constable named O'Sullivan was slightly wounded.

## Are Out to Crush Profiteering in U.S.

WASHINGTON. — Wm. G. Lee, president of the Brotherhood of Railway Trainmen, has announced that unless the railroad administration had taken action by October 1 on the demands of the brotherhood, that wages of the train men either by wage increases or the cost of living being reduced, steps looking to the enforcement of the demands would be taken.

Mr. Lee made public an abstract of the report of hearings recently held by the board of railroad wages on the trainmen's demands, at which he declared an "upheaval" was nearer in this country today than ever before, due to the unrest arising from mounting living costs. The railroad and government departments had better be assisting "to crush profiteering" by the "packers and other industries."

He said, "shouting across the table at each other," at hearings to consider still further increases.

"All of us are to blame," he said, "because we are exerting every effort to get more money for ourselves and better conditions. Every day we must realize that the profiteers are taking double from the working man and the trouble with the people on the hill (Capitol), with us and with every corporation and with everybody is that we are exerting ourselves to get the dollar while the working man is merely existing and while profiteering is piling up millions."

"I will admit to you that we are going the wrong way. I admit to you that it is time to call a halt; and I admit to you that until we get together, until we commence together to stop this, there will be hell in this country—and it is nearer today than I ever knew it in my years of active railroad work. Just let somebody drop a match in this country of ours and it will be a sorry day for all of us."

"Unless my vision is most terribly obscured, then there is something coming to us pretty soon in this country that we had better take notice of. We had something of peace in this country prior to the war conditions. We were getting along fairly well, until profiteering became so noticeable everywhere and until the commodities that working people are compelled to pay for were permitted to be increased, doubled and trebled, without any question and often seemingly with the approval of the government."

Mr. Lee also expressed emphatic disapproval of "cost-plus" war contracts by which he said owners of inferior factories had obtained fine plants and big profits at the expense of tax-payers. It was such things, he declared, which caused the railroad employee, faced by growing expenses to be willing to follow a "red flag or anything that comes along."

## Royal Assent Given to German Treaty

PEACE WILL BE EFFECTIVE ON FRENCH RATIFICATION

LONDON, July 31.—Royal assent was today given to the German peace treaty and to the Anglo-French treaty, which thus become law.

Does Not Annul Orders-in-Council. OTTAWA, July 31. — Although Great Britain's king has given royal assent to the peace treaty with Germany, there will be no proclamation of peace until three of the allied powers have ratified the pact.

This, the Canadian government has asked Britain to delay until the Canadian parliament has taken action at the coming fall session. Therefore, the orders-in-council under the War Measures act will not be annulled until peace is officially proclaimed. These include prohibition, racing, etc.

PARIS, July 30. — It is expected in French circles that the discussion of the German peace treaty will open about August 10 in the chamber of deputies and will continue for three or four days. There will then be a three or four-day discussion in the senate.

As Japan is supposed to have a copy of the treaty by this time, and the emperor's ratification is expected at an early date, French officials are of the opinion that the treaty will become effective when the French ratify it, about August 20. England has already ratified the treaty, and the signatures of

## Sixty Killed by Mexicans Bombing Train

NEW YORK, Aug. 1. — Mexican bandits, on July 19, blew up a passenger train between Huamantla and San Marcos, less than 100 miles from Mexico city, killing about 60 persons, including 12 boys from the German college at Puebla, wearing boy scout uniforms, according to advices received here tonight by the National Association for the Protection of American rights in Mexico. News of the attack, it was said, had until now been suppressed by Mexican censors.

Explosion of two bombs directly under the train was followed by rifle fire on the terrified passengers from approximately 300 bandits, the advices stated. The engine and express car freed from the rest of the train by the explosion, sped to the nearest station to report the attack, it was said.

According to the report wounded passengers were killed by the bandits who crushed their skulls with stones. Eight German college boys, who were not killed, were carried away by the brigands to San Andres, Calchiomala.

## Leather Embargo Announced

OTTAWA, Aug. 3. — The minister of trade and commerce announced that, owing to the abnormal situation of the hide and leather markets which vitally affects the interests of both consumers and producers of boots and shoes in Canada, the government consumers and producers of the various interests concerned, to consider and advise as to the best course to be pursued in the premises.

In the meantime, it is deemed wise, as a preliminary measure, to place the export of hides, skins and leathers under control. An order-in-council has, therefore, been passed and is now operative, to the effect that pending consideration of other necessary action, the exportation from Canada of raw hides, skins and leather for the manufacture of boots and shoes shall be prohibited, except under license from the Canadian trade commission.

DRY FARMING CONGRESS

Government Will Transport Exhibits Free

The Saskatchewan Department of Agriculture has again decided to transport free of charge exhibits of farm produce from Regina to Kansas City to the International Soil Products Exposition and Farm Congress at Kansas City, Missouri, September 24 to October 4.

All exhibits should be sent to Regina, charges prepaid to that point, to be received not later than September 10. Exhibits will be inspected there and only those of superior value will be sent forward.

Return express from Kansas City to Regina will be paid by the department, on all exhibits.

Exhibits will include wheat, barley, rye, corn, forage crops and small grains in sheaf, tame and native grasses, alfalfa, potatoes and all other root crops, squashes, melons and pumpkins.

Where the 1919 crop has not matured sufficiently early to be prepared, samples of last year's growth may be substituted.

For the wheat sweepstakes a silver trophy cup, value \$100 will be awarded, also an 8 foot Deering or McCormick binder complete with bundle carrier, transport trucks and tongue trucks, or its equivalent in other L.H.C. machinery, to be furnished to the winner f.o.b. nearest branch house of the company which is offering this prize.

The Canadian Pacific Railway Company again offers a \$500 silver trophy cup for the best half bushel of hard spring wheat. This trophy was won in 1918 by Seager Wheeler of Rosthern.

Full information on how to prepare exhibits and copy of the preliminary list, will be furnished by the Weeds and Seed Commissioner, Department of Agriculture, Regina.

SPECIAL MEETING OF R. M. EXCELSIOR NO. 166

A special meeting was held at the Municipal Office, Rush Lake, July 25th, at two P.M., with the Reeve and all Councillors present, to discuss and make arrangements to provide seed, feed and relief required by farmers on account of the crop failure due to drought this season.

Moved by Wilson, that this Council endorse the recommendations passed by the Conference of Municipalities held at Swift Current on July 21st, whereby the Provincial Government provides means for the rural municipalities to retain grain grown this year as seed for next year; That the Provincial Government advance sufficient credit to the municipalities for distribution of Seed, Feed and Relief where required, and that the repayment of advance be made a first charge on the land and crops until paid, and that failing repayment by Dec. 31st, 1920, arrears be added to the roll as taxes; Further that the government be requested to proceed with the building of the C.N.R. from Gravelbourg to Swift Current, so as to provide work for men and teams, and also grant aid to the municipalities to enable necessary roadwork to be undertaken. Carried.

Moved by Wallace, that 1000 questionnaire forms to be filled up by farmers be printed and furnished to Councillors. Carried.

Moved by Funk, that each Councillor arrange means to have questionnaire forms executed by farmers in his division, and return completed to the Municipal Office by Thursday, July 31st. Carried.

Moved by McCann, that help required to get questionnaire forms duly completed be paid for at the rate of four dollars per day and mileage of ten cents per mile. Carried.

Moved by Unger, that Reeve Friesen, Councillors McCann and Wilson be and are hereby appointed a committee to carry out and supervise arrangements in connection with the Feed, Seed and Relief situation. Carried.

Moved by Jahnke, that the committee be delegated to interview the Provincial Government, and then locate and secure haylands. Carried.

Meeting adjourned.

DRY AREA IS DEFINED FOR STOCK RELIEF

Announcement of the areas to and from which hay and having outfits may be shipped at reduced rates as a relief measure for the drought-stricken territory in Saskatchewan, was made by F. Hedley Auld, deputy minister of agriculture.

The dry territory is separated from the area where feed is plentiful by a line which passes close to the following points: Lloydmin-

ster, Turtleford, North Battleford, Mennon, Aberdeen, Elstow, Young, Kenaston, Tugaska, Boharm, Moreland, Weyburn, Stoughton, Reston, Bellevue, Boissevain, Wakopa. All the country west and south of this line is dry, north and east being well supplied with feed.

Under the agreement which has been reached, hay may be shipped from the good territory to the dry and having outfits shipped out from the dry to the good area and returned free of charge, the federal and provincial governments and the railway companies each contributing one-third of the cost of transportation.

Cattle may be shipped from the dry area to the feeding grounds, the arrangement making provision for the farmer paying full freight for the going trip. The return trip, provided the cattle are kept within the province, is free to the farmer, the government bearing half the cost of transportation. The railways have agreed to furnish a special rate of 75 per cent. of the tariff to governments purchasing and shipping cattle.

BODY FOUND IN RIVER

WANT WHEAT QUESTION BROUGHT BEFORE CONVENTION

WINNIPEG, Aug. 1. — The marketing of this year's wheat crop was discussed at a caucus of the Liberal members of the legislature of Manitoba tonight and although no formal resolution was passed, the consensus of view was that Canada should have an open market if the United States is to have one and that the price of the two countries should be regulated on the same basis. The delegates who were selected to attend the Liberal convention in Ottawa were instructed to place the views of the Liberal members of Manitoba before the government.

Twenty members of the legislature took part in the caucus, all the ministers being present except one, who was unavoidably absent. After some matters of a purely party nature had been considered, the decision of the federal government in fixing the price of the 1919 wheat crop was discussed and strong opposition expressed to the plan. The caucus failed to see how the farmers were going to be benefited by the proposed fixed price plus bonus system, which would entail a tremendous amount of bookkeeping without any material advantage to the wheat growers.

It was pointed out that the price of wheat on the American market was \$2.23, whereas in Canada it was \$1.75, plus a variable bonus.

FIRE VISITS SEMANS

Fire visited Semans a few days ago when Clark's livery stable, veterinary barn and North American Lumber yards were burnt to the ground entailing considerable loss. Very little insurance was carried on the barn and livery stable.

Fire started about 11.30 o'clock in the livery barn and soon spread. The alarm was given, but when the volunteer fire brigade tried to use the engine it would not function, and consequently the men had to turn into a bucket brigade. By this means they managed to confine the fire to the lumber yard after it had destroyed the two stables, and saved the town, although it was a hard fight against great odds. Just about the time the fire was under control the engine began to work, and the smouldering lumber in the yards was easily placed under control and the fire put out in short order.

HAIL AT ARCOLA

The severe storm on the night of July 25, played havoc with the crops in the Howard and Arcola districts. The farmers are claiming 100 per cent. loss from the hail insurance companies.

GAS SEEKERS ACTIVE

MOOSE JAW. — The Great West Natural Gas Corporation, limited, which was granted a 20-year franchise by the vote of the ratepayers here this spring, has purchased the necessary drilling apparatus to start operations this fall. According to the terms of the franchise, the company is bound to commence drilling by September 5. Mayor Hamilton has been advised that the company is now preparing to commence developments of its gas field within a few days.

SWIFT CURRENT TO HAVE C. N. R. LINE SOONER

SWIFT CURRENT. — Announcement is made here that the C.N.R. Gravelbourg extension will reach Swift Current this year and not stop at Neidpath some thirty miles south as originally decided on.

The provincial government telephone department will shortly call for tenders for the construction of about 1,500 miles of rural telephone lines. Among the new services that will be added are a number of lines to the summer resorts, including Cooking Lake, East Wabamun and Alberta Beach.

The body of a young foreigner, who has since been identified to be Dimetro Balast, was discovered in the bush about four miles south of Chipman. At first foul play was suspected, but at the coroner's inquest a verdict was returned that death came by natural causes, and that there was no evidence of foul play.

After the peace celebration at Medicine Hat a mob made an attack upon the Roseries, damaging the windows and flowers, and a little later attempts were made to burn the Lutheran church. An alarm was turned in and the blaze extinguished before much damage was done to the building, although the organ was totally destroyed.

ALBERTA CROPS MUCH IMPROVED

CALGARY. — Torrential rains which fell in Calgary Friday night and early Saturday morning extended mostly over local territory to the west of this city. There is no doubt about the drought in this district being broken, as during the month of July just past the total rainfall has been 1.64 inches, as against .95 inch for July last year. Moreover, of the rainfall in July of this year fully one inch was recorded in the past week. Districts which a week ago were reporting a total crop failure are now coming to the front with hopeful reports of at least a partial crop.

RAIN CHECKS FIRES IN NELSON DISTRICT

NELSON. — Rain, which has been falling intermittently in scattered sections of the interior, is believed to have effectually checked several of the worst forest fires. No rain has fallen in the immediate vicinity of Nelson as yet. The fire which has been burning just outside the city limits on Evening Mountain has been driven to the higher levels by the wind. All danger from this source is believed to be passed.

ALL CONSCIENTIOUS OBJECTORS ARE FREE

OTTAWA. — Every conscientious objector outside of the exempt categories, arrested for non-compliance with the Military Service act, has been released from prison by the government, except where misbehavior in prison or resistance to arrest made their retention desirable. The larger part of those remaining in prison now have been arrested since the armistice, on charges of desertion. Many, thinking that the armistice wiped the slate clean of all military offences, returned home, only to find them-

selves in the clutches of the law. Six months has been the usual period of incarceration, but where armed resistance has been proved, or insubordination while in jail, it will be much longer. Many appeals have been made for clemency, and serious consideration has been given in every case where the punishments given were not light or trivial in the first instance.

FIRST HAIRCUT SINCE 1870 MARKS VICTORY

MONTREAL. — J. A. Chollet's hair and beard of nearly a century's growth fell to the floor of a barber shop here when the veteran of the Franco-Prussian war of 1870 discharged his vow of 48 years ago never to have his hair cut until Alsace-Lorraine was redeemed from the Prussians. Mr. Chollet left the shop with a close cropped head and an imperial after the style of Napoleon III.

FATAL EXPLOSION

GANANOQUE, Ont. — The cheese factory at Atkinson, owned by Thomas Anglin, is a total wreck as the result of a boiler explosion last night, which caused the death of John Potter, a farm laborer, son of Freeman Potter, Kingston Junction, and seriously injuring another farm laborer, Robert Holman, whose mother resides in England.

HAIL IN NOVA SCOTIA

HALIFAX. — A hailstorm devastated the country around Sackville, N.S., ten miles from here, at 1.30 today. The stones which were more than an inch in diameter shattered the windows, ruined crops, killed poultry and even damaged woodwork. A high wind preceded the storm and many roofs were torn off.

MURDER OF POLE NEAR CHICOUTIMI

QUEBEC. — A case of murder is causing excitement in the Chicoutimi district, where a Pole, Theodore Kostino, was clubbed and stabbed to death early Sunday morning in a bunkhouse at Kenagami, a small town near Chicoutimi. So far no arrests have been made but the detectives of the provincial police are on the scene working on the case. It appears that Kostino was attacked in his sleep, beaten to unconsciousness and stabbed.

TORNADO SWEPT NEW BRUNSWICK FARM SECTIONS

FREDERICKTON, N.B. — Considerable damage has been done by an electrical storm and wind, which swept over New Brunswick and reached the proportions of a tornado. In Carleton county, by Florenceville and Centreville, eleven barns were razed by the tornado, while at East Florence, the warehouse of B. F. Smith and Company, Limited, a building about 100 feet in length, was smashed and blown to bits. Fifteen or twenty trees in its path were uprooted and telegraph, telephone and electric light poles were blown over by the tornado, which swept over a territory about a quarter of a mile in width and carried everything before it.

In a number of cases it is declared that loaded hay wagons which had been left standing in barns with the doors open, were lifted bodily and carried along by the tornado. The wagons being smashed and the hay scattered about.

CASSELMAN, ONT., HAS MOST DISASTROUS FIRE

OTTAWA. — Fire did approximately \$150,000 damage in the village of Casselman, Russell county. Two hotels, four stores, two of them general, a livery stable and other buildings were destroyed.

The blaze, which swept down Nation street, the main thoroughfare of the village, was caused by young boys smoking in or near the livery stable owned by O. St. Denis, which was destroyed. The Grand Union and Commercial hotels, general stores owned by A. Lapion and J. Laeairie, a barber shop of J. Thibault, tailor shop of E. Chevrier, granary owned by D. Racine, M. L.A., for Prescott, were destroyed, while the building occupied by the Bank of Ottawa was damaged.

CLAIM MIRACLE WORKED

MONTREAL. — Bernadette Vallier, a young woman living in St. Henri ward, while present at the shrine of Ste. Anne de Beaupre, Saturday, recovered her power of walking after being bed-ridden for sixteen years.

The occurrence created a deep impression on those who were present, and among them was a Toronto newspaper man, John Walsh, who, when interviewed, said he saw the girl walk without the aid of her crutches, smiling and happy for the great favor she had received from good Ste. Anne.

Weeping Eczema Soon Relieved

A Perfect Treatment For This Distressing Complaint

Wasing, Ont. "I had an attack of Weeping Eczema; so bad that my clothes would be wet through at times."

For four months, I suffered terribly. I could get no relief until I tried 'Fruit-a-tives' and 'Sootha Salva'. The first treatment gave me relief.

Altogether, I have used three boxes of 'Sootha Salva' and two of 'Fruit-a-tives', and am entirely well."

G. W. HALL. Both these sterling remedies are sold by dealers at 50c a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

'Fruit-a-tives' is also put up in a trial size which sells for 25c.

MONTANA-IDAHO FOREST BLAZE BAD

SPOKANE. — Increasingly threatening forest fire conditions in the Lolo national forest on the Montana-Idaho state line in the Coeur d'Alene country, and in the Sulway and Nez Perce national forest in northern Idaho, were reported to the United States district forest service. So dangerous did the situation appear, that a separate fire fighting organization has been formed.

The town of St. Regis, Mont., was still in danger, and back firing was started as a precaution against possible high winds.

A number of new fires were burning in the vicinity of Newport, Washington, and near Sandpoint, Idaho.

RELEASE SURPLUS FOOD

WASHINGTON. — The house has adopted a resolution reported on by one of its war investigating committees requesting Secretary Baker to place on sale without delay surplus food products held by the war department and valued at \$120,000,000.

U.S. SUBMARINE AND TWO MEN LOST

NEW LONDON, Conn. — The U. S. submarine G-2, which is listed as an obsolete craft and used for experimental work, sank with open hatches in Long Island Sound, off Pleasure beach in Waterford Bay, and two of its crew of eight were drowned. The other members of the crew, all of which were from the submarine base here, were rescued.

BERGER CONFESSES TO SAYING 'ONE AS BAD AS OTHER'

WASHINGTON. — Victor L. Berger admitted a few days ago before the special committee investigating his right to a seat in the house of representatives because of his conviction for violating the Espionage act, that he had said in a speech "the only war the Socialists want is a war 'against our administration'; it mattered not whether it is against Kaiser Wilson or Kaiser Wilhelm, for one is as bad as the other."

Questioned further, Berger also admitted that in an address in New York last month he had characterized the phrase "making the world safe for democracy" as "contemptible" and had declared "that if sent to the federal prison at Leavenworth he would carry the red flag to the prison gates and then call upon the young men to carry the banner."

NEW FOREST FIRES FROM LIGHTNING CAUSING DANGER

MISSOULA, Mont. — New forest fires have sprung up in northern Idaho and western Montana as a result of lightning flashes in the last 24 hours, according to reports to the forest service headquarters. High winds have fanned the flames into great activity and the situation is dangerous in the Elway, Nez Perce and Clearwater regions.

Most serious conditions obtain in the Nez Perce forest, particularly around Elk City. Fifteen new blazes have been discovered recently and one supervisor telegraphed he had reason to believe some were of incendiary origin and asked immediate action to curb activities of suspected firebrands.

HAMMERSTEIN IS DEAD

NEW YORK. — Oscar Hammerstein, theatre builder and grand opera producer, died in a hospital here tonight of a complication of diseases, after an illness of several days. He had been in a state of coma since Monday afternoon and died without regaining consciousness. His wife and son Arthur were at his bedside when the end came.

### CHAPTER VII

#### How a Hen Takes to Stratagem

The days passed, and Mr. Tulliver showed, at least to the eyes of the medical man, stronger and stronger symptoms of a gradual return to his normal condition: the paralytic obstruction was, little by little, losing its tenacity, and the mind was rising from under it with fitful struggles, like a living creature making its way from under a great snowdrift, that slides and slides again, and shuts up the newly-made opening.

Time would have seemed to creep to the watchers by the bed, if it had only been measured by the doubtful, distant hope which kept court of the moments within the chamber; but it was measured for them by a fast-approaching dread which made the nights come too quickly. While Mr. Tulliver was slowly becoming himself again, his was hastening towards its moment of most palpable change. The taxing-masters had done their work like any respectable gunsmith conscientiously preparing the musket, that spul pointed by a brave arm, will doily a life or two. Allocutors, filing of bills in Chancery, decrees of sale, are legal chain-shot and bomb-shells that can never hit a solitary mark, but must fall with widespread shattering. So deeply inherent is it in this life of ours that men have to suffer for each other's sins, so inevitably diffusive is human suffering, that even justice makes its victims, and we can

conceive no retribution that does not spread beyond its mark in pulsations of unmerited pain.

By the beginning of the second week in January the bills were out advertising the sale, under a decree of Chancery, of Mr. Tulliver's farming and other stock, to be followed by a sale of the mill and land, held in the proper after-dinner hour at the Golden Lion. The miller himself, unaware of the lapse of time, fancied himself still in that first stage of his misfortunes when expedients might be thought of; and often in his conscious hours talked in a feeble, disjointed manner, of plans he would carry out when he "got well." The wife and children were not without hope of an issue that would at least save Mr. Tulliver from leaving the spot, and seeking an entirely strange life. For uncle Deane had been induced to interest himself in this stage of the business. It would not, he acknowledged, be a bad speculation for Guest & Co. to buy Dorlcote Mill, and carry on the business, which was a good one, and might be increased by the addition of steam-power; in which case Tulliver might be retained as manager. Still Mr. Deane would say nothing decided about the matter: the fact that Wakem held the mortgage on the land might put it into his head to bid for the whole estate, and further, to outbid the cautious firm of Guest & Co., who did not carry on business on sentimental grounds. Mr. Deane was obliged to tell Mrs. Tulliver something to that effect, when he rode over to the mill to inspect the books in company with Mrs. Glegg: for she had observed that "if Guest & Co. would only think about it, Mr. Tulliver's father and grandfather had been carrying on Dorlcote Mill long before the oil-mill of that firm had been so much as thought of." Mr. Deane, in reply, doubted whether that was precisely the relation between the two mills which would determine their value as investments. As for uncle Glegg, the thing lay quite beyond his imagination; the good-natured man felt sincere pity for the Tulliver family, but his money was all locked up in excellent mortgages, and he could run no risk; that would be unfair to his own relatives; but he had made up his mind that Tulliver should have some new flannel waistcoats which he had himself re-sold in favour of a more elastic commodity, and that he would buy Mrs. Tulliver a pound of tea now and then; it would be a journey which his benevolence delighted in beforehand, to carry the tea, and see her pleasure on being assured it was the best black.

Still, it was clear that Mr. Deane was kindly disposed towards the Tullivers. One day he had brought

### NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER. Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging matter from the system. Soreness, pain, stiffness, swelling, just seem to melt away and vanish. The treatment first introduced by Mr. Deane is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Deane says: "To prove that the Deane treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally." F. H. Deane, 761 N. Wood Bldg., Syracuse, N.Y. I can send only one Free Package to an address.

NOTE—Orders for Deane's Rheumatic Converter will be filled from their Canadian Laboratories without duty.

Lucy, who was come home for the Christmas holidays, and the little blonde angel-head had pressed itself against Maggie's darker cheek with many kisses and some tears. These fair, slim daughters keep up able firm, and perhaps Lucy's anxious, pitying questions about her poor cousins helped to make uncle Deane more prompt in finding Tom a temporary place in the warehouse, and in putting him in the way of getting evening lessons in book-keeping and calculation. That might have cheered the lad and fed his hopes a little, if there had not come at the same time the much-dreaded blow of finding that his father must be a bankrupt, after all; at least, the creditors must be asked to take less than their due, which to Tom's untechnical mind was the same thing as bankruptcy. His father must not only be said to have "lost his property," but to have "failed"—the word that carried the worst obloquy to Tom's mind. For when the defendant's claim for costs had been satisfied, there would remain the friendly bill of Mr. Gore, and the deficiency at the bank, as well as the other debts, which would make the assets shrink into unequal proportions: "not more than ten or twelve shillings in the pound," predicted Mr. Deane, in a decided tone, tightening his lips; and the words fell on Tom like a sealding liquid, leaving a continual smart.

Breaking records for Western Canada, Regina's greatest exhibition closed Saturday night after staging a program of attractions that will be difficult to beat in future years. Until the last note had been played, Sousa's band continued to attract the crowds and when on Saturday night at ten o'clock he wound up his week's program with the Canadian Patrol, God Save the King, and *Auld Lang Syne*, he received the greatest ovation of the many tendered him during the week.

#### Beat All Other Fairs

Regina beat all records for fairs in Western Canada when the total receipts for paid admissions to the main gate and grandstand reached \$64,146.10, compared with \$59,688.10 for Calgary, the next highest. Regina's midway receipts were also the greatest. They totalled \$49,000 approximately and Calgary \$43,694.70. Regina beat all records last year with the total of \$40,000.

#### Paid Admissions 88,973

The total number of paid admissions at the main gate during last week was 88,973, an increase of 23,720 over last year's record. At the grandstand, the total number was 61,863, meaning that 24,159 more persons paid their admission fees this year than last. The fact that 78 per cent. of the persons who paid to enter the grounds paid to enter the grandstand this year, as compared with 62 per cent. last year is attributed to the splendid grandstand attraction program this year.

#### Board Appreciates Support

President T. B. Patton and Manager D. T. Elderkin expressed their appreciation at the close of the fair at the way the citizens had turned out and supported the fair during the week. The early harvest, they thought, had kept many farmers away this year but in spite of that handicap they had broken all records for paid admissions with an increase of 23,720 over last year. The profits for the fair, they said, would be conservatively estimated at \$15,000 and, when everything

## Union Labor Demands

(Continued from Page 1.)

**Demands in Brief**  
Briefly labor's demands are: "That private capital be eliminated from the railroads.

"That the private tri-party control, heretofore referred to, be established in corporations which shall lease the roads and in which the public, the operating magnates and labor shall be represented equally.

"That the public, the operators, and the wage-earners share equally all revenue in excess of guarantee to private capital, by granting to the operators and the employees one-half the savings which are expected to be made by such a perfected organization, and to the public the other half as consumers, either by increasing the service without adding costs, or by reducing costs."

"This role originates with labor, says the statement, because labor happens to have firm organizations through which it may become articulate.

### RUSSIAN NEWS MOST GLOOMY

PARIS, Aug. 3. — The All-Russian government of Admiral Kolchak is preparing to move from Omsk to Irkutsk, and the morale of the Kolchak army is becoming so bad that there is little hope of it regaining the territory recently lost to the Bolsheviks, according to despatches received in Paris.

### CONFIDENCE IN EBERT VOTED BY ASSEMBLY

WEIMAR. — Confidence in the Ebert government was voted by a large majority in the German national assembly. By a vote of 243 to 53, the assembly defeated a motion censuring the government, presented by the party of the Right.

The bill creating a state tribunal to try persons responsible for the war has reached the special committee which will consider it, it was announced officially. The tribunal as provided in the bill will consist of prominent German jurists and historians.

Foreign Minister Mueller declared before the assembly that the government favored giving publicity to the circumstances attending the conduct of the war.

The third reading of the constitutional bill was debated in the assembly. A proposal by the Democrats that members of parliament should be elected for four years was adopted by a vote of 166 to 139.

### SEES GERMAN-AUSTRIA'S ONLY HOPE IN LEAGUE

COPENHAGEN. — A despatch from Vienna says that Dr. Karl Renner, in a letter to President Seitz, of German-Austria, outlining his policy on acceptance of the foreign ministry, says that German-Austria's struggle for future existence is proving much more difficult than even pessimists expected. Austria, he asserts, can hardly live in its present position and can only surrender itself trustfully to the league of nations.

German-Austria will not mix in the politics of the great powers nor share in the rivalries of its neighbors, Dr. Renner continues, but will pursue exclusively a league of nations policy and try to rebuild its national economic system and create a new social order.

"Its hopes will not be in vain," Dr. Renner declares, "unless the league of nations fails to be true to itself or refuses recognition of German-Austria's right to existence."

### DATE OF FALL SESSION

OTTAWA. — Parliament will be called, in all probability, early in September. Thursday, Sept. 4, is suggested as a tentative date, although nothing has yet been officially determined. As pointed out some days ago, an earlier calling of session than was at first contemplated will be necessitated owing to the lapse of the War Measures act (and the orders-in-council passed under it) on the proclamation of peace. It is further regarded as of great importance that there should be no delay in ratification of the peace treaty by the Dominion parliament.

### WARLIKE TURKISH FORCES ARISING

PARIS, Aug. 4. — There is uneasiness in peace conference circles over the situation in Asiatic Turkey, where six divisions of troops under Kemal Pasha, who calls himself dictator of national defense, are threatening an attack upon the allied forces. The warlike Turkish forces are concentrated chiefly about Erzerum, and in the neighborhood of Trebizond. A sort of Turkish political assembly, representing various districts is gathered at Erzerum.

### FOURTEEN KILLED IN AIRPLANE FALL

ROME, Aug. 2. — A Caproni airplane, flying from Venice to Milan yesterday with fourteen persons on board, fell to the ground from a height of 1,000 metres, near Verona. All on board were killed.

### BRITISH TO CONTROL ESTLAND

COBLENZ, Aug. 2. — A German wireless despatch says that according to Reval newspapers, British supervision over that part of Est-land. The system of supervision will be that followed in Egypt, the despatch adds.

### NO FURTHER OUTBREAKS OF RIOTS IN CHICAGO

CHICAGO, Aug. 3. — Aside from a few minor disturbances, order prevails today in the Chicago "black belt," where race riots last week caused 35 deaths and injury to several hundred persons. Adjutant-General Frank S. Dickson, of Illinois, and Chief of Police Garrity tonight expressed satisfaction over the situation. The militia and police continue to patrol the negro district.

With the exception of an attack on Captain A. R. Wehrheim, G. Company, Fourth Reserve Militia, who was fired on and stabbed by three negroes, and the forming of a white mob in the stockyards district early this morning, no outbreaks of consequence have occurred since Thursday. The captain was severely wounded, but will recover.

### DEMAND HIGH COURT TRIAL FOR CAILLAUX

PARIS. — Trial by a high court of Joseph Caillaux, the former premier, who has been under arrest a year and a half charged with having had treasonable dealings with the enemy, is recommended in the conclusions of Theodore Lescoeur, attorney general of the republic. M. Lescoeur's report has been filed with the commission of inquiry, which is just closing its long investigation.

Pierre Lenoir's appeal from the death sentence, was rejected by the court of appeals.

### BERLIN PEOPLE URGED TO SHOW RESTRAINT

LONDON, Eng. — A German wireless message states that a reward of 10,000 marks has been offered for information leading to the arrest of the individual who killed a French soldier in Friedrichstrasse, and Berlin papers call upon the people to exercise restraint and not allow themselves to be incensed by provocative acts of foreign soldiers.

At the same time French soldiers are advised not to walk in Friedrichstrasse at night. The papers further state that no trouble has been caused by American and English soldiers, who show more restraint than the French.

### SINN FEINERS RAID FREIGHT DEPOTS

BELFAST, Aug. 3. — Sinn Feiners yesterday raided the freight depot at Greenmore and carried off a quantity of rifles which had just arrived from England. The rifles were addressed to the commanding officer of the Royal Artillery.

### COPPER FOR GERMANY

NEW YORK. — Moderate quantities of railroad copper have been bought for German manufacturing interests, one of the leading selling agencies here announced a few days ago. Shipments have already been made and are expected to assume larger proportions. The financial arrangements connected with the purchase of the metal are not disclosed.

Additional sales of copper to England, France and several Scandinavian centres are also reported, with prospects of further exports to Japan.

### GALL STONES REMOVED IN 24 HOURS WITHOUT ANY PAIN WHATSOEVER

INDigestion, Stomach and Liver Disorders, Appendicitis, Pertussis, and Kidney Stones are often caused by Gall Stones, which is a dangerous complaint and misleads persons to believe that they have stomach trouble, chronic dyspepsia and indigestion, until those who had attacks of Gall Stone Colic are near; then they realize what the trouble is. Many out of every hundred persons who have Gall Stones don't know it. Proceed today and avoid an operation. Can be obtained at

## Serious Rioting at Liverpool

(Continued from Page 1.)

**A Turbulent Night**  
LIVERPOOL. — Rioting Saturday, as a result of the police strike, did not cease until nearly four o'clock Sunday morning. Many persons were slightly injured during the course of stone throwing on the part of the rioters and charged by the troops. The mob was so threatening at one point that the troops fired into the air with a view of overawing it.

The riots were resumed today. More shops were looted and serious disorders occurred when troops were called to stop the sacking of stores in Lodge Lane, leading to a conflict between the rioters and troops, in which a man named Howley was severely wounded.

A mass meeting of 6,000 trade unionists in the stadium tonight passed a resolution declaring common cause with the police strikers, but deprecating looting on the ground that it gave the government an excuse for employing the military.

The magistrates are sitting continuously, swearing in constables and volunteer guards.

**Renewed Rioting**  
Late tonight rioting was renewed in the London road district, with window smashing. Blank shots were fired over the huge crowds with little effect. Non-uniformed and special police were unable to disperse the mob and uniformed officers were called to the scene. These charged with their batons and checked the rioters, injuring many, but were unable to clear the streets entirely.

Another man was sent to a hospital suffering from a shot wound. Approximately half the police force is striking. It is reported that more troops and some tanks have been ordered to the city.

## OUR ORGANISED GRAIN GROWERS

FARMERS PAY 170 PER CENT. MORE FOR WHAT THEY BUY AND RECEIVE ONLY 80 PER CENT.

Friends of the Grain Growers' political movement, who are being more and more frequently discovered in the weekly press, are again found in the Swift Current Herald. In a defence of the western farmers against the charge of profiteering, the Herald in its issue of July 24 last, after quoting from an eastern journal, comments on the speeches of some of the western representatives at Ottawa, which says:

"It has been evident they considered every protectionist a thief, and most citizens in British Columbia and east of Winnipeg as parasites fattening on the poor western farmer, who is struggling to earn a living growing wheat at \$2.25 per bushel or steers at \$125 a head."

The same article had a heading as follows: "Prairie M.P.'s are told some plain truths—Have no Monopoly on Morality or Sacrifice, but Are in Pork Packers' Class."

Whereas the great and supreme Ruler of the Universe has, in His infinite wisdom, seen fit to withhold the blessing of adequate showers:

And, whereas, the hot winds and prolonged drought have eliminated any possible recovery of the crops;

And, whereas the weather conditions of the two previous years have been unfavorable and detrimental to the production of even minimum crops;

And, whereas, the farmers have been compelled to work on their credit these last two years;

And, whereas the banks have withdrawn any further extension of credit to farmers, owing to the failure of the present crop;

And, whereas, the great majority, through lack of resources, are compelled to abandon any further prosecution of their preparatory work for next year;

And, whereas the farmers without adequate assistance are not able to continue their operations;

And, whereas the prime minister, Sir Robert Borden, has recently asserted, "Production must be prosecuted to the utmost extent of our ability if we would avoid national disaster;"

Therefore be it resolved: That the wisdom and ability of our government be directed towards finding ways and means of providing or guaranteeing sufficient credit to enable farmers to carry on.

Resolved, that our government see to it that farmers be not required to leave their farms to provide a living for themselves and families by doing railroad or any other work, at this particular season of the year, in which it is imperative their own farm work should be accomplished.

Resolved that our government take immediate and effective action to stimulate and secure to the nation the maximum production of farm products for the year 1920.

**Other Side of Question**  
There is also another side to the question. In comparing manufacturing interests to those of farming. With manufacturers they speak of earnings. During the H. C.L. investigations it was learned that the Ogilvie Milling company's profits were about 72 per cent. The woolen mills' profits were 70 per cent., while the Dominion Textiles were 300 per cent. But note: These profits were made after wages, salaries of managers and directors had been paid; also allowing proprietors current wages far above what any wage-earning man dreams of. Is there any farmer on our western plains today who after he deducts the cost of hired labor and other running expenses, allows himself and family fair wages for work he can show a profit of from 70 to 300 per cent.? If they can, advertise it. There would be such a rush for farm lands, such a "Back to the Land" movement as has never been known. Just the opposite obtains. The capitalists distrust the farmers. They realize that the big gamble on farm produce is before the farmer reaps his harvest, therefore they distrust, to a large extent, farm loans, and through this distrust they boost still skyward the high cost of living."
