

ENGLAND WILL FIGHT TO THE BITTER END; KITCHENER SOLDIERS CALL FOR MORE MEN

GERMANS TO MAKE ANOTHER EFFORT TO BREAK THROUGH TO COAST

Germans Rushing Reinforcements to France And Belgium Despite Russian Victories Which Have Weakened Kaiser's Army In Eastern Area—Preparing for Another Desperate Attempt to Reach Coast—Enemy on Offensive Around Ypres and Dixmude, Appear to Have Given up Attempt to Check Russian Advance on German Positions Along Warthe River.

London, Nov. 9 (10 p.m.)—The Germans have renewed their offensive in the vicinity of Ypres and Dixmude, where several previous attempts to break through the Allied lines and gain the coast of France have been repulsed, after the most severe fighting of the war.

Despite the reverses which the Austro-German armies have suffered in the East, where the Russians have now set their feet in German territory, both in East Prussia and Posen, the Germans are said to be still sending reinforcements to the West, in an endeavor to break down the resistance of the French, British and Belgians, who have been holding their positions and have in places made small but important advances.

There has, however, as yet been no decisive action fought along the whole front, but each side is making gains, which may count when the crisis is at hand.

With the tremendous forces opposing each other, any progress must necessarily be slow in these days of siege battles, but both the Allies and the Germans express satisfaction with the way in which the battle has gone so far.

In the East, the Russian advance guards are now fighting on both the East Prussian and Posen borders, and it is believed that the Germans have given up their first plan of offering resistance to the Russian advance on the positions which they had prepared along the Warthe River.

According to the German report, the Russians have suffered a reverse on the East Prussian frontier, where they lost four thousand men and some machine guns, but of the fighting elsewhere in this region Berlin says nothing.

There have been no developments in the near East, the engagements fought being between Russian and Turkish frontier guards in the Caucasus, or the bombardment of ports.

The slackness in the recruiting in England has been given a fillip by the marching of some of the crack Territorial regiments in today's procession through the streets of London, in connection with the inauguration of the Lord Mayor, in which the Canadian and other Dominion troops took part.

From all sections of the country came reports of an increasing number of young men offering themselves for service.

Amsterdam, Nov. 9, via London 5 p. m.—The correspondent of the Tjld at Antwerp, says:

"The movement of German troops from the western theatre of the war on a big scale is now progressing. A large number appear to have been withdrawn from the Yser.

"Long military trains filled with men and munitions are moving into Germany by way of Brussels and Louvain."

RUSSIAN BLACK SEA FLEET BOMBARDS TURKISH PORTS

**Eregli Badly Damaged by Fire From Russian Warships—
Turkish Fleet Comes Out to Meet Attacks but Soon Retreated to Safety of Straits of Bosphorus.**

Paris, Nov. 9 (5.50 p.m.)—The protected cruisers Kaspi and Prutik Merkoris of the Russian Black Sea fleet, bombarded the Straits of Bosphorus and the coal depots of the Eregli, on Saturday, according to an announcement made at Constantinople, and forwarded by the correspondent at Athens of the Temps.

The Turkish fleet, it is added, went out to meet the Russian warships, but at the port of Eregli, which is 123 miles northeast of Constantinople, were destroyed during the bombardment by the Russians.

Havre, Nov. 9, via Paris (4.35 p.m.)—The Belgian government issued the following:

"The situation at Newport is stationary, with slight advantage to us. On the remainder of the front almost complete quiet prevails.

"The enemy still occupies, on the right bank of the Yser, several points of support which have been cannonaded by our artillery. Dixmude has been bombarded by the enemy."

Breslau, Nov. 9.—It is believed here that the next naval battle of the war may be between the Turkish and Russian fleets in the Black Sea. Reports indicate that the Turkish fleet sailed from the Bosphorus. The Russians have left Sebastopol with the objective, it is believed here, of endeavoring to stop the bombardment of Black

Sea ports by the Turkish vessels.

Paris, Nov. 9.—Advices received here from Vienna say that the Russians are rapidly advancing on Cracow, and that in consequence the Austro-Hungarian military authorities are betraying great anxiety and calling up every available man to the colors.

London, Nov. 9.—A despatch from Berlin states that the Russian Black Sea fleet has left Sebastopol and is proceeding eastward, says the Central News correspondent at Copenhagen.

The Russians, according to this despatch, have bombarded Kili and Sisin on the coast of Asia Minor.

London, Nov. 9.—Turkish troops are reported to have invaded Egypt. A despatch from Rome declares that it is officially stated from Constantinople that "with the help of Allah Turkish troops crossed the Egyptian frontier yesterday."

REBEL FORCES UNDER BEYER DEFEATED

**Lose 9 Killed and 11 Wounded—
Over Three Hundred Taken Prisoners.**

London, Nov. 10 (2.25 a.m.)—Reuter's Cape Town correspondent, under date of Monday, gives the following official communication concerning the fighting in South Africa:

"An engagement between General Lammer's forces and Transvaal rebels under General Beyers occurred on the Yet river, southeast of Bloemhof, November 8.

"The rebels, well armed and led by Beyers, were entirely dispersed, losing nine men killed, eleven men wounded, 264 prisoners, 300 rifles and 300 horses.

"The Loyalist casualties were three men killed, and nine wounded."

Vera Cruz, Mexico, Nov. 9.—According to private telegrams received here the National Bank of Mexico has been sacked by a mob led by Constitutional soldiers.

SHIPMENT OF CATTLE TO UNITED STATES PROHIBITED

Ottawa, Ont., Nov. 9.—Owing to the seriousness of the foot and mouth disease in the United States an absolute stoppage has been ordered of all shipments of cattle sheep swine or goats from the United States to Canada and vice versa.

The prohibition applies also to hides and to poultry and all birds. This will probably affect the supply of leather in Canada and also reduce the price of meats because of the inability to export across the line.

The official statement of the Department of Agriculture is as follows: "The outbreak of foot and mouth disease in the United States is probably the most virulent in the history of the country, far exceeding both in extent and in character, the outbreaks of 1892-93 and 1903. Thirteen (13) states are now quarantined by the federal authorities."

"Immediately on discovery of the outbreak in Michigan and Indiana, the Minister of Agriculture of Canada prohibited the admission of cattle, sheep, swine or goats, and parts thereof, from those two states and all other states have been quarantined by the U. S. authorities they have been added to the Canadian list."

"On Saturday, Nov. 7th, the veterinary director general's office received a telegram from the Chief of Bureau of Animal Industry of the U. S., suggesting that until the extent of the infection was more accurately determined both countries should impose a quarantine against each other."

BODY OF MISSING HOUTON GIRL IS FOUND

**Alleged Confession of Nurse Leads to Discovery of Mildred Sullivan's Body—
Buried in Woods.**

Boston Globe.)
Presque Isle, Me., Nov. 8.—The body of Mildred Sullivan has been found. Alice Pelletier and Perley Pelletier, a brother, who looked up here, charged with being accessories before the fact in her murder.

Kate O. Richard, the nurse, will be arrested tomorrow at her home in Wallagrass on the same charge.

Briefly, these were the developments today in the sensational mystery which has stirred Aroostook County since the disappearance, early in September, of the pretty 16-year-old Houlton schoolgirl.

The authorities have been working more or less in the dark because of their inability to prove that the Sullivan girl was dead. Then came a full confession by Kate Richard, according to the officers, and events moved rapidly.

Dr. Lionel E. Dudley, already out on bail awaiting action by the Grand Jury on a charge of having performed an illegal operation on the missing girl, was arrested yesterday in Houlton for alleged murder, which, according to the warrant, occurred Sept. 4. He is now in Houlton jail, awaiting a preliminary hearing, and probably will be arraigned Tuesday or Wednesday.

On Saturday also, guided by information furnished by the Richard woman, a posse searched a strip of woods in the town for the body.

Darkness caused a postponement of the work until today, when nearly 300 men and boys began to comb the woodland in question, as the authorities felt sure that the body was just where Miss Richard had located it in her confession.

MONTREAL FUND TO BUY WHEAT TO SEND TO THE BELGIANS

Montreal, Nov. 9.—An appropriation of \$125,000 for the purchase of wheat, to be shipped to the stricken Belgians as soon as a steamer can be chartered, was decided upon today by the Belgian Relief Fund Committee at the headquarters here.

The committee has also chartered in Belgium, and it is now possible to furnish many families with bread through this means. It is hoped the British Admiralty can provide a free transport for the wheat at an early date, if not the committee will have to be at the expense of chartering a boat.

FORMER MONCTON MAN UPSET FROM CANOE, DIES FROM EXPOSURE

Sudbury, Ont., Nov. 9.—C. D. Hillson, formerly of Moncton, N. B., and for the past year locomotive foreman for the Canadian Copper Company, and James Fraser, a companion, were yesterday upset from a canoe in Lake Penassee, twenty-four miles from here. They were eighty minutes in the water before being picked up. Hillson died from exposure in the rescue launch, and little hope is held out for the recovery of Fraser.

Washington, Nov. 9.—Great Britain today gave the United States official assurance that shipments of tobacco in neutral bottoms destined to any country in Europe would not be interfered with.

CONFIDENT NOTE IN SPEECHES BY PREMIER ASQUITH, CHURCHILL AND OTHERS AT LORD MAYOR'S DINNER AT GUILD HALL—ENGLAND FIGHTING FOR VERY EXISTENCE—WAR MEANS DEATH KNELL TO OTTOMAN EMPIRE ASQUITH SAYS—BRITAIN'S NAVY WILL YET SPELL DOOM OF GERMANY—SUPERIOR IN EVERY WAY TO WHAT IT WAS IN BEGINNING OF WAR—LONG STRUGGLE IN PROSPECT.

London, Nov. 9.—That England is prepared to carry on the war to the bitter end, with every confidence in the result, was the tenor of the addresses at the annual banquet in connection with the inauguration of the new Lord Mayor of London at Guild Hall this evening delivered by the men who are responsible for the conduct of the war.

Notable speeches were made by the Prime Minister, Premier Asquith, Field Marshal Earl Kitchener, Secretary for War, and Winston Churchill, First Lord of the Admiralty. Lord Kitchener, whose massive figure, clad in service khaki, towered over the audience of a thousand men and women in the historic building, while expressing satisfaction at the response to his call for men, and the progress of their military training, impressed upon the nation that the war would be a long one, and he would need "more men, and still more, until the enemy is crushed."

He also made a quiet reference to England's army, which, he said, "has proved itself to be not so contemptible an engine of war as some were disposed to consider it," and reminded his hearers that the enemy would, besides the army in the field, have to reckon with the forces of the great dominions, the vanguard of which had arrived in England, in addition to the million and a quarter men now training in this country.

Winston Churchill, First Lord of the Admiralty, told of the work of the navy and continued:

"It is difficult to measure the full influence of the naval pressure in the early stages of the war, but it will spell the doom of Germany, as surely as winter strikes the leaves from the trees."

As to the losses suffered, he said, "the punishment we receive is clear and definite; the punishment we inflict is very often not seen, and when seen very often cannot be measured. But time will tell."

The First Lord also pointed out that despite the losses, the navy was stronger in every way than at the beginning of the war.

Premier Asquith, who devoted much of his address to the war with Turkey, said it meant "the death knell to the Ottoman dominion, not only in Europe, but in Asia."

He, too, predicted that the war would be a long one, but said that nothing would daunt their hopes and England would not sheathe the sword until Belgium had received all that she had sacrificed, until France had been secured from the menace of oppression, and until the military domination of Prussia had been destroyed.

MINISTER OF MILITIA HOME AFTER VISIT TO ENGLAND

**Says Canadian Troops Rapidly Learning Platoon Formation—
Confident They Will Win Distinction by Marksmanship.**

Ottawa, Nov. 9.—General the Hon. Sam Hughes arrived back in the capital this evening and immediately was met in conference with members of the militia staff learning what had been done during his absence.

Speaking to the press, he said that the Canadian troops at Salisbury Plains had just begun shooting and the first regiment made an average of 87 per cent. He was sure that the Canadians would win distinction because of their marksmanship.

Asked as to when they would really go to the front he said that he could not say, and would not if he could.

The question of the canteen, he said, would not be reopened. He intimated that he had little patience with those who opposed the establishment of a canteen for light drinks, the same as the regular troops have in Canada.

The new form of drill which the Canadians have to learn at Salisbury Plains, General Hughes added, was simply the platoon formation as used in England instead of the company formation used in Canada. The platoon is 258 men led by a mounted officer while the Canadian company was 100 men led by an officer on foot, to protect women.

OPPOSING FORCES IN WESTERN THEATRE PREPARE FOR DECISIVE STRUGGLE

ENGLAND WILL NOT STEAL THE SWING GERMANY'S CRUSHED

(Continued from page 1)
London, Nov. 9.—(Through Reuters' Ottawa Agency)—The Guild Hall banquet tonight, like today's assault with the dominion's troops participating, assumed an essentially military aspect. It was a brilliant gathering, including representatives of the allies, besides honored guests of France, Russia, Japan, Belgium, Serbia and Montenegro, the ambassadors of neutral powers, the usual splendid gathering of cabinet ministers, and representatives of every section of the community.

The conflicting fortunes of a campaign which was going to be a long struggle. "There is certainly nothing," he declared, "in the warfare of this hundred days to damp our hope, to depress our confidence or impair our resolve. Our enemies tried, in turn, three separate objectives, namely, Paris, Warsaw, and Calais. From each in turn they retired balked, frustrated by the invincible steadfastness of the allies. But this is not enough. We shall not sheathe the sword, which we have not lightly drawn, until Belgium recovers in full measure more than all that she has sacrificed." (Cheers).

REPORTS OF SUCCESSES OF ALLIES CONFIRMED

Washington, Nov. 9.—Despatches from the French foreign office and the embassy here today repeated the substance of the French and Russian war office statements, and added a comment on the successful work of the British troops in the west, and the destruction of a railway by the Russians in the east.

"At Ghelvoeld, the British troops repulsed the enemy in a notable attack made upon them and forced them back to the point of the enoyment. In the Woerpe district we have been able to re-take several trenches which had been previously taken from us by the enemy.

Looked Like Intended Suicide

The citizen who was brandishing a razor looking razor says it wasn't suicidal. He says he was thinking about needless to say his wife bought him Putnam's Corn Extractor and hid the razor—very wise, because Putnam's cures in twenty-four hours; try it, etc. at all dealers.

"While we do not shrink from the full rigors of the war," continued the Lord, "we, thanks to the navy, happily are free from most of them." There was a natural impatience on the part of the navy, said the First Lord, to strike a blow, but the people must be patient; the conditions of naval warfare were curious and novel. Great Britain was endeavoring to maintain all the seas, and secure all the highways across the ocean, against methods never before adopted. The navy was protecting the transport of forces to the theatre of war. This great task compelled it to offer a target incomparably greater than that of the enemy offered to the British sailors.

"Business as usual, pending alterations in the map of Europe," was England's motto, and on the whole, she was achieving that object. The economic pressure brought about by the naval blockade, he declared would ultimately spell the doom of Germany as certainly as winter struck the leaves from the trees.

"In spite of the losses of ships, not of the highest importance, and of men, irreparable," said Mr. Churchill, "the navy is stronger at every point of service than it was on the day war broke out. It is stronger most particularly in those branches of naval service which modern experience has shown to exercise the most powerful influence."

"Our losses in the trenches have been severe, but such casualties are far from deterring the British nation from seeing the matter through. They will act rather as an incentive to British manhood to prepare themselves to take the places of those who have fallen."

In paying a tribute to the leadership of Sir John French, commander of the British expeditionary force, and his general staff, and to the high efficiency and courage of the army, the War Minister said:

"I think that it has now been conceded that the British army has provided itself to be not so contemptible an engine of war as some were disposed to consider it." He concluded:

"Although our thoughts are constantly directed towards the troops at the front, and the great tasks they have in hand, it is well to remember that the enemy will have to reckon with the forces of the great Dominion, the vanguard of which we already have welcomed in this country in the very fine body of men forming the contingents from Canada and Newfoundland, while from Australia, New Zealand and other parts are coming in quick succession, soldiers to fight for the Imperial cause. And, besides all these, there are training in this country over 1,250,000 men, eagerly awaiting the call to bear their part in the great struggle.

"As each soldier takes his place in the field he will stand forward to do his duty and, in doing that duty, will maintain the credit of the British army, which, I submit, has never stood higher than it does today."

Replying to the toast to the navy, Winston Spencer Churchill, First Lord of the Admiralty, said:

"Eighty miles away the greatest battle in the world is going on. Our countrymen, with our allies, are striving to break the cruel tide of German devastation, and here we sit, in this old

OFFICIAL WAR REPORTS GERMANY

Bulletin—Berlin, via Amsterdam, to London, Nov. 9, 7.25 p. m.—A report issued by General Headquarters this forenoon says:

"During the evening a sortie of the enemy from Nieuport, which was repeated during the night, completely failed. "In spite of obstinate resistance our attacks on Ypres are progressing slowly but steadily.

"The hostile counter-attacks southwest of Ypres have been repulsed, and several hundred men taken prisoners. "In the eastern theatre an attack by strong Russian forces north of Wysztyler Lake has been repulsed with severe Russian losses. Four thousand Russians and ten machine guns were captured."

BELGIUM

Paris, Nov. 9, 10.35 p. m.—The following official communication was issued by the war office tonight:

"There has been no notable modification in the situation by reason of the difficulties which an intense fog has created in connection with operations of any extent. "In the north the day has been good. We have maintained our positions between the River Lys and Langemark, an appreciable progress between Langemark and Dikmeide."

AUSTRIA

Washington, Nov. 9.—The Austro-Hungarian embassy tonight made public the following official wireless despatch from Vienna:

"No fight in northeastern war area. Desperate engagements continue in Serbia near Krupanj. Earthworks after earthworks, and points of supports, taken by storm."

RUSSIA

Bulletin—Petrograd, Nov. 9.—The following communication from the Russian general staff was issued tonight:

"On the East Prussia frontier fighting continues. The Russian troops have occupied Solap. In the direction of Mlaw (Poland), we have advanced, and stopped the movement of railway trains of the enemy near the station of Soldau (East Prussia). "Beyond the Vistula the Germans have withdrawn from Wloclawek to Niesztawa, and from Konin to Shepey. "On the roads to Cracow we are continuing to push back the rear guards of the Austrians. "South of Przemysl, November 7, we captured 1,000 prisoners and a number of cannon. "On the coast of the Caucasus, November 6 and 7, cruisers of the enemy made their appearance."

TOBACCO FOR THE SOLDIERS

"Buy a Smoke for a Soldier" a Popular Slogan—Appeal Meeting With Ready Response.

As a result of the activities of the ladies who are organizing the tobacco and cigars to the British soldiers on the firing line, every smoker in the city has an opportunity to contribute to this patriotic object. At the hotels and tobacco stores about the city boxes have been installed bearing the label "When you buy a smoke contribute something to the soldiers."

The committee in charge of campaign to provide cigars and tobacco for the soldiers report that generous contributions are being made. At the clear and tobacco many packages of tobacco, cigars and cigarettes are being dropped into the boxes. In many cases people are sending in contributions of money to be used to purchase tobacco for the soldiers.

Those who have not yet contributed may send either money or tobacco to Miss Travers, King Square.

It is the intention to make a shipment of contributions received about the twentieth of the month. The tobacco sent to the British and allied soldiers on the firing line, and not to the camp on Salisbury Plain.

In other parts of the province the idea of providing tobacco for the soldiers is meeting with favor. In a recent article in Everybody's Magazine Fredrick Palmer the veteran war correspondent, and the only American correspondent allowed at the front, stated clearly he always carried a supply of tobacco when visiting the fighters at the front, knowing that it was the most acceptable gift that could be offered them.

CONSTITIATION, INDIGESTION AND HORRIBLE BACKACHES

Searched for a Cure for Years—Advised to Try Dr. Chase's Kidney-Liver Pills and Was Cured.

Where there is poison there is pain. This is the provision of Nature to warn you against conditions that are likely to prove serious.

Constipation of the bowels is undoubtedly one of the greatest sources of disease and suffering. It is a condition that is not only a source of physical discomfort, but it is also a source of mental distress. It is a condition that is not only a source of physical discomfort, but it is also a source of mental distress.

Dr. Chase's Kidney-Liver Pills will help you to form this habit, to your years, and bring comfort in old age. Professor A. T. Smith, 1 Mt. Charles street, Montreal, and formerly of Boston, Mass., writes:—"I suffered for many years from bad digestion, constipation, indigestion, and backaches. I have been treated by the best doctors, without any results. One day a friend in Boston advised me to try Dr. Chase's Kidney-Liver Pills. After using two boxes I noticed great improvement, and after the fourth box I was completely cured. My digestion is good. I never feel any pain in the back. My head is clear, and I feel like a young man. I think Dr. Chase's Kidney-Liver Pills are one of the best medicines on earth."

10 CENT "CASCARETS"

IS YOUR LAXATIVE
For sick headache, sour stomach, sluggish liver and bowels.

Get a 10-cent box. Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passage-way through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripes, sickness, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Severe Colds, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

ZAM-BUK

PUT LOTS ON, GRANNY!

This illustrates but one of the many uses to which Zam-Buk, the great herbal balm, is daily put. Accidents will happen, especially where there are children. Mothers should never be without Zam-Buk. Zam-Buk is the best "First Aid." Its strong antiseptic properties kill all germs, preventing blood-poisoning and inflammation. Its rich, herbal essences quickly ease pain and build up new healthy tissue. Zam-Buk is entirely different from all other ointments. It is purely herbal and contains no poisonous coloring matters. Take no substitute. See the name on every box before paying.

ZAM-BUK HEALED SEVERE CUT
Mrs. J. E. Bierwirth of Caraduff, Sask., writes: "My little son cut the end of his finger. As it was such a severe cut, I was going to take him to a doctor, but in the meantime to ease the pain, I applied some Zam-Buk. This stopped the bleeding and gave him such relief that he ceased crying and seemed quite at ease. I therefore decided to see if Zam-Buk would heal the wound. Next day I replaced the dressing, and continued to do so each day, using nothing but Zam-Buk. Complete cure resulted."

ITALY'S ATTITUDE

Last evening's newspapers contained the report that Italy had sent troops to Tripoli to guard against the possibility of her Musselman subjects there participating in a Holy War.

It is to the credit of Italian humanity rather than Italian policy that she has remained out of the war so long. That portion of her population opposed to participation in the conflict has apparently had the greater influence.

It is to the credit of Italian humanity rather than Italian policy that she has remained out of the war so long. That portion of her population opposed to participation in the conflict has apparently had the greater influence.

Under the circumstances it is difficult to see where it is to Italy's advantage to longer stand aloof. She is dependent for her prosperity and progress upon the maintenance of friendly relationships with the other powers.

The purpose of her neutrality, if she had an ulterior motive, has already been achieved. The result of the war is no longer problematical.

The fact that Italy has sent her soldiers to Tripoli, foreshadows more vigorous action. With Turkey and Germany striving to create a Holy War it might very easily be that events in Tripoli would so shape themselves as to draw the fire of the Italian troops upon Turkish sympathizers.

"FOR CIVILIZATION."

"Not for ourselves alone, but for civilization." In these words did ex-Premier Balfour, at the Lord Mayor's dinner, in London, yesterday, describe the motives which led Great Britain, France, Russia, Japan, Belgium and Serbia to enter the struggle against the German might.

poisem and militarism. For the past decade Europe has silently endured the insolence of Berlin, but the period of such suffering is at an end.

Whatever may befall Germany as the result of the present war there will be no need to say her fate was undeserved. She it was who swaged up and down the world with the "chip on her shoulder" after the manner of the school bully.

Despite the adverse criticisms of that plan to drill the members of the city fire department, we still believe they would make good soldiers.

If the Japs carry out their reported intention of sending an army to Europe it will be necessary for the Berlin Lokal Anzeiger to lay in a brand new stock of "cuss words."

The Russians are now over the German border on the north, and at the Posen line in the centre. That prediction "Berlin by Christmas" may be fulfilled after all.

Up to the hour of going to press there is no confirmation of the report that Von Kluck has clucked.

The Battle.

(By John Greenleaf Whittier.) The flags of war like storm birds fly. The charging trumpets blow; Yet rolls no thunder in the sky; No earthquake strikes below.

And calm and patient, Nature keeps Her ancient promise well, Tho' o'er her bloom and greenness sweeps The battle's breath of hell.

And still she walks in golden hours Through harvest-happy farms, And still she wears her fruits and flowers Like jewels on her arms.

What mean the gladness of the plain, This joy of eve and morn, The mirth that shakes the beard of grain And yellow locks of corn?

Ah! eyes may well be full of tears, And hearts with hate are hot; But even-passed come round the years And Nature changes not.

She meets with smiles our bitter grief, With songs of exultation; She mocks with tint of flower and leaf The war-field's crimson stain.

Still, in the canon's pause, we hear Her sweet thanksgiving psalm; Too near to God for doubt or fear, She shares the eternal calm.

She knows the seed lies safe below The fires that blast and burn; For all the host of devils now She waits the rich return.

She sees with clearer eye than ours The good of suffering pain; The hearts that blossom like her flowers, And ripen like her corn.

O, give to us in lines like these, The vision of her eyes; And make her fields and fruited trees Our golden prophecies!

Remarkably good headway is being made in the construction of the new St. John County Hospital for tubercular patients at Little River.

THE STEAMER NORFOLK STILL BURNING

London, Nov. 9.—A despatch from Melbourne says the British steamer Norfolk on Ninety Mile Beach, near Port Albert, on the southeast coast of Victoria, is burning fiercely. The forward part of her hull is badly buckled, and her decks have fallen in.

The Norfolk, 3,558 tons, from New York, September 13 for Melbourne, caught fire at sea. She reported her condition by wireless and was beached in an endeavor to save her.

RAIN WELCOMED AS ALLY IN FIGHTING FOOT AND MOUTH DISEASE

Washington, Nov. 9.—Colder weather, with rain, in States infected with the foot and mouth disease was hailed by Department of Agriculture officials today as a powerful ally in their campaign to suppress the rapidly spreading live stock epidemic.

Thirteen states now are under quarantine. While no cases of the disease have been found in Canada, the quarantine against the dominion is to prevent the return of infected cattle cars to the United States.

The effect on the meat situation in the United States of the Canadian quarantine cannot be estimated immediately, according to department officials. It will depend upon whether imports from Canada have been for immediate slaughter or for fattening purposes.

MORE VOTERS IN ST. JOHN

Revisors' list completed—Increase of 243 during the year.

The revision of the list of voters for the year has been completed and was to have been presented to the common council yesterday afternoon. There are now on the lists 12,580 voters within the city limits. This compares favorably with last year's figures of 12,337, making an increase of 243. For a year, when other cities are standing still, this must be regarded as eminently satisfactory, for it represents, on the customary basis for such estimates, an increase of about 1,000 in the city population.

The list by wards is given below with the increase or decrease in each. Prince and Sydney wards each show far ahead as the larger wards in the point of population. The largest gain was that of 79 in Lorne ward, which has passed Dufferin and now ranks next to Prince. The figures are as follows:

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR

Make it thick, glossy, wavy, luxuriant and remove all dandruff

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandering hair cleanser." Just try this—moisten a cloth with a little Dandering and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt, and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandering dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25 cent bottle of Knowlton's Dandering from any drug, grocery or toilet counter, and just try it.

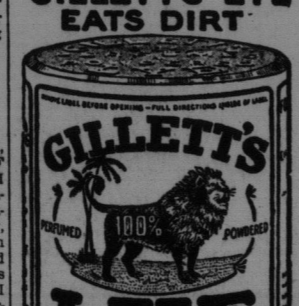

ALBERTA READY TO DO ALL POSSIBLE TO HELP EMPIRE

Special to The Standard. Ottawa, Nov. 9.—Hon. A. L. Sifton, premier of Alberta, who was here today en route for New York, where he will address the Canadian Club stated that there was a strong unanimous feeling in favor of doing everything possible for the Empire in the war. That province had already sent more soldiers with the first contingent than any other of the nine provinces in proportion to population. In spite of the hard times considerable railway work was being carried on in Alberta, said Mr. Sifton. About 3,000 men are working on the construction of the Alberta and Great Waterways Railway which runs from Edmonton into the Peace River country. The province had all the money it needed for the present at any rate.

FARM CROPS IN U.S. VALUED AT 5 BILLIONS

Washington, Nov. 5.—The important farm crops of the United States this year are worth \$687,742,000, or \$104,000,000 more than the value of the same crops last year, notwithstanding a loss of \$418,000,000 sustained by cotton planters on lint alone as a result of the war.

GILLET'S LYE EATS DIRT

The many friends of Miss Winifred Evans, 305 Union street, will be sorry to hear that on Friday she received information of the death of her brother by drowning in Newfoundland. Details were not given in the letter, which was written by Rev. Mr. Newman, of Botwoodville, Newfoundland. It is only a few weeks since Miss Evans visited Botwoodville for a two months' stay, and the news came to her as a great shock. Her brother was twenty-four years of age, but had never visited this city. Miss Evans is well known in St. John, and she will have the sympathy of many friends here.

BRITISH CRUISER GLASGOW ONLY SLIGHTLY DAMAGED IN NORTH SEA FIGHT, AND CASUALTY LIST SMALL

With the Otranto is on way to Falkland Islands—Otranto not in the fight, Admiralty announces.

Santiago, Chile, Nov. 9.—The British cruiser Glasgow, which was engaged with the German squadron in battle off the Chilean coast Sunday, Nov. 1, and the British transport Otranto, have passed Delgado Point Light, to the Straits of Magellan, bound for the Falkland Islands, a British possession to the east of the extreme southern point of South America. After the cruiser Good Hope had been sunk by the Germans and the Monmouth was so badly damaged that she appeared unable to steam away, according to the British admiralty report of the sea fight off Chile, the Glasgow accompanied her as she drifted away in the darkness. The admiralty said the Glasgow was not extensively damaged and had very few casualties, although during the battle she had fought the Leipzig and the Dresden while the Scarborough and Otranto were taking care of the two larger vessels. The Otranto, the admiralty said, was not engaged in the fight.

WINDING-UP ORDER FOR CONSTRUCTION CO.

Contracting Company's Affairs in Court on Account of Non-Payment of Judgment.

The appointment was made yesterday of H. T. Somerville as provisional liquidator of the Quebec and St. John Construction Company, Ltd., the organization holding the contract for the construction of the Valley Railway. The liquidation proceedings are an outgrowth of the recent judgment secured by Thomas Nagle for a note given to James D. Seely. On October 27 a petition was presented to Mr. Justice McKewen by Messrs. Hanington & Hanington, asking for the winding up of the Quebec and St. John Construction Co., Ltd. Messrs. Thomas Nagle and A. H. Hanington were the petitioners. The hearing came up yesterday, and Mr. Justice McKewen granted the order, and appointed T. H. Somerville, provisional liquidator. Messrs. Hanington & Hanington, the applicants; Messrs. D. Mullin, K. C., and W. H. Harrison for defendants. The suit is the result of the non-payment of the judgment in the case of Mr. Nagle's suit against the company for \$125,478. The judgment was assigned by Mr. Nagle to Mr. Hanington, who says that the company has no property that can be levied upon except the unfinished line of railway from Gagetown to St. George's, which is subject to a trust mortgage of \$25,000 per mile and a second mortgage held by the Province of New Brunswick for \$90,000.

AUSTRIAN TRADE HARD HIT BY WAR

Venice, Nov. 9.—How severely the trade of Austria has been affected by the war is revealed in an official report of the Austrian ministry of commerce, a copy of which has just reached here from Vienna. According to this document, Austria's imports in the month of September amounted to \$22,200,000, as compared with \$23,000,000 in September of 1913. The decrease in exports was much greater. They amounted in September of this year to only \$12,200,000, as compared with \$14,700,000 in the total reached in September 1913.

TO PROTECT YOUNG GIRLS VISITING FAIR

St. Louis City, La., Nov. 9.—The World's Purely Federation has appropriated \$20,000 to protect girls who visit the San Francisco exposition from white slavers. This statement was made by John B. Hammond, of Des Moines, Iowa, superintendent of the law enforcement division, who arrived here today.

FUNERALS.

Many friends assembled yesterday afternoon at the funeral of P. Leslie Cox held from his late home in Britain street to Trinity church, where services were conducted by Rev. W. B. Armstrong and Rev. Ralph Sherman, newly appointed curate to visit the church choir sang during the services, "Peace, Perfect Peace," and "Lead Kindly Light." The funeral was a very lengthy one. The Sons of England Band, of which he had been a member, marched, and in the cortege were representatives of several societies in which he had been held in high esteem.

There was a handsome assortment of floral tributes, including, besides remembrances from relatives and intimate friends, the following:—A harp with a broken string, from the City Cornet Band, to which he had belonged; a drum from the Sons of England Band; wreath from the Sons of England (order); wreath of roses from the Royal Order of Moose; wreath from Waterbury & Rising, Ltd., with whom he had been employed; sheaf of carnations from the Kennel Club; and a star of roses from E. L. Rising, Many friends attended the funeral of Mrs. Catherine M. Stevens Monday from her residence, 56 Wright street. Service at the house was conducted by Rev. W. H. Barraclough. Interment was in Fernhill.

OBITUARY.

Hugh Brown.
News of the death of Hugh Brown, a former well known resident of Craig's Point, reached the city yesterday from Butte, Montana, where he passed away on last Friday. He left his home on the river about three years ago, going to the western states where his son, Hugh, has been comfortably located. Besides his son he is survived by one brother, Michael, at Public Landing, and two sisters, Mrs. Flannigan at Nerepis, and Miss Mary Brown at Public Landing. The body is being brought home for burial, which will take place on Wednesday from Westfield on the arrival of the Montreal train.

UNIONIST MEMBER KILLED IN BATTLE

Hon. Arthur E. Bruce O'Neil gives life for country on battlefield in France.

London, Nov. 9 (8 p.m.)—Captain the Hon. Arthur Edward Bruce O'Neil of the Second Life Guards and heir to Baron O'Neil, was killed in action in France last Friday. Captain O'Neil was the Unionist member of parliament for Mid-Antrim and was the first member of the Lower House of parliament to fall during the present war. He was born in 1876 and married Lady Annabell Crewe-Miles, daughter of the Marquis of Crewe. Captain O'Neil served in the Boer war and received a medal for distinguished service.

JAP WARSHIP'S VIGIL OVER, PUTS INTO HONOLULU FOR COAL

Honolulu, Nov. 9.—After receiving word that the German gunboat Geler had been interned here for the duration of the war, the Japanese battleship Hizen, which has been keeping a watch for the Geler outside the harbor, entered this port today for fuel and provisions. Under the neutrality regulations the Hizen is privileged to remain twenty-four hours.

CUTS TWO HOURS OFF RECORD OF LAST YEAR

Phoenix, Ariz., Nov. 9.—Hugh Miller of Phoenix, won today the El Pasado Phoenix road race of 53 1/2 miles in fourteen hours, thirty-five minutes, reducing last year's time more than two hours. Miller's average was thirty-seven miles per hour. His car overturned yesterday near Bisbee, but both he and his mechanic escaped injury.

HAS NO WORD THAT BRITISH WARSHIPS WILL GO THROUGH CANAL

Panama, Nov. 9.—Panama Canal officials and members of the British legation here say they have no information concerning the report taken into New York by a United Fruit Company steamer that seven British Dreadnoughts were in the Atlantic bound west, possibly with the intention of proceeding through the Panama Canal to Pacific waters. Col. Geo. W. Goethals, governor of the Panama Canal zone, says he has heard nothing from Washington relative to the use of the canal by warships. The whereabouts of the German warships in the Pacific is not known here.

BELGIAN WAR ORPHANS ARRIVE IN CANADA

Special to The Standard. Ottawa, Nov. 9.—Eight little Belgian children arrived in Ottawa and will live with their grandmother, Mrs. Rioux, who resides on the Montreal Road. The mother of these children died a year ago and the father was killed in battle, leaving the children, some of whom are very young, with no one to look after them. The grandmother cabled to send the children to her and she met them in Montreal. They made the trip across on the boat alone but arrived safely and well.

Could Hardly Straighten Up For The Pain In Her Back.

Many women suffer from an excruciating pain in the back. They are not even able to look after the common duties of their household, and cannot even walk at times. The whole trouble is that the kidneys have become affected, and when the kidneys get "out of kilter" the whole system becomes deranged. On the first sign of a weak, lame, aching back you should not neglect it, for if you do, you may be sure that some serious kidney trouble will follow.

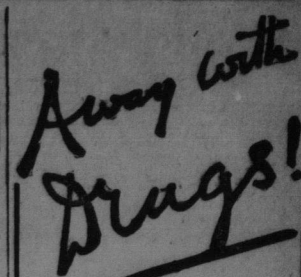

What you want is a kidney medicine, for kidneys only. This you will find in Doan's Kidney Pills. Doan's Kidney Pills know nothing but kidney disorders, because they're made for kidneys only. Mrs. George Craigie, Rose Valley, P.E.I., writes: "I am writing to tell you what a wonderful cure Doan's Kidney Pills did for me. I was suffering with a lame back, and for several days I could hardly straighten up for the pain. I had used quite a lot of other kind of pills, but received no relief. Just then my sister told me about what 'Doan's' had done for her, so I decided to try them. I used three boxes and I am completely cured. I do not hesitate to recommend them to all."

Doan's Kidney Pills are 50c a box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. M. Burns Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

Look at the diagram below. It shows how the lungs and the stomach are entirely separate organs reached by entirely separate tubes. What you swallow goes to the stomach. What you breathe (and only what you breathe) gets to the lungs and air passages direct.

Now you see how useless it is, when you have a cold, or a cough, or bronchitis, or catarrh, to dose the stomach (which may be quite healthy) with drugs! What you need is something you can breathe to the lungs direct!

That is Pepp. Pepp is the name of a new scientific preparation containing highly medicinal essence and pine extracts, condensed into tablet form. You put a Pepp on your tongue, and as it slowly dissolves, these volatile essences tend to vapor. You BREATHE the remedy to your nose, filling chest and lungs, direct—not swallow it to your stomach, which is not ailing. The healing fumes, thus breathed down, bathe the delicate, inflamed membranes of your breathing tubes, and pass right on to the tiny passages of the lungs—a course no liquid or solid medicine could possibly take.

Pepp fumes are healing and antiseptic. They heal sore tissues and kill disease germs. Pepp is a strong pine forest fumes to your home, instead of you going to the pine forest! Just as the open-air cure—the breathing cure—is the only rational cure for consumption, so the Pepp breathing cure is the only rational cure for catarrh, colds, coughs, asthma and bronchitis.

Dominion Senator Praises Pepp

Senator Derbyshire, of Brockville, writing from the Dominion Senate, Ottawa, says:—"I am pleased to express my high opinion of Pepp. Some time ago I contracted a very bad cold, which settled on my lungs and bronchial tubes. I almost lost my voice, was constantly coughing, and experienced considerable pain. My friend offered me a box of Pepp, and I tried them. I was very much pleased with their almost instant action. They seemed to go directly to the sore places, stopped the coughing, and made my breathing easier. I continued their use for a short time, and they completely cured my cold. Pepp are best for children, too, because they contain no opiates or poison. 50c. box, all drug stores and stores. Write for free trial packet to Pepp Co., Toronto, or 25 Princess St., Winnipeg, sending 1c. stamp for postage, and this advertisement.

ECONOMIC EPIGRAMS

Dr. Samuel Johnson defined patriotism as "the last refuge of a scoundrel." The man who gets his income from this country in a time of war and spends a good share of it in another, is the last kind of scoundrel that could be considered a patriot.
Buying Canadian-made Goods is not a fad. It's organized common sense. Only foreigners can afford to ignore a policy that means our National prosperity.
Every dollar spent for the goods your fellow-countrymen make is as important just now as every Canadian bullet sent into the ranks of the enemy.
What do you think of the man who draws his pay in one country and spends it in another? Leave that to the Chinaman and the Italian.

HERE'S A POSER

If you found a roll of bills in a shabby purse, showing that it probably represented the hard-earned wages of a working man, what would you do with it? Keep it, and so enrich yourself at the expense of some poor family's food and shelter? No, certainly not! Try to find the owner, and return it to him? Yes, every time!

There aren't many workmen losing money on the street nowadays, but there are more than you would suppose who are losing jobs, and jobs mean money, so it amounts to the same thing.

If it would give you real pleasure to hand a laborer back his lost money, it ought to be equally pleasing to be able to hand him back his job.

Simplest thing in the world to do! All that's necessary is to remember when you go into a shop to buy anything, that the article you pick out means somebody's job. If it's an imported article, well, that's a job for a fellow in some other country, but if it's "Made in Canada", it's a job for one of your fellow Canadian citizens, who for the time being, is a little down on his luck.

Take your handkerchief out right now, and tie a knot in it, just to remind you about

BELGIUM WILL COME INTO HER OWN AGAIN

ALLIES BOUND TOGETHER BY ONE GREAT OBJECT

No danger of disagreement after the war, Ex-Premier Balfour says, and Belgium will be restored to her former prosperity - Guild Hall scene of most unusual gathering at Lord Mayor's inaugural.

London, Nov. 9, 9.40 p. m.--Scenes of extraordinary enthusiasm were witnessed at the Guild Hall today on the occasion of the inaugural banquet of the new Lord Mayor of London, Sir Charles Johnston, who succeeds Sir Thomas Bowater. Added interest attached to the gathering by reason of the special circumstances of the times and the presence of the principal ministers of the Crown, responsible for the conduct of the war and the diplomatic representatives of the allied nations.

Guild Hall has been the scene of many civic and national functions in the past five hundred years, but seldom has there been one which so strongly appealed to the popular imagination. The guests, who numbered a thousand and included the leading statesmen, diplomats and financiers, entered the civic headquarters of London between two lines of khaki clad riflemen. As each dignitary entered the reception hall he was greeted with rounds of cheers, but the real outbursts were reserved for Premier Asquith, Earl Kitchener, Secretary for War, Winston Churchill, First Lord of the Admiralty, the Japanese, Russian and French ambassadors, the Belgian minister and the commander of the Canadian contingent.

As these entered the hall, which was decorated with the flags and coats of arms of the allied nations, the enthusiasm knew no bounds, the entire assembly rising to welcome them. The military men, including Lord Kitchener, wore service uniforms of khaki; the ambassadors and other diplomats were in the brilliant uniforms of their rank.

ALLIES AIDS' PLAN IS HUGE SUCCESS

Management of Green Lantern on certain evenings each week realized almost \$500 for wounded soldiers.

The Allies Aids who have been conducting the Green Lantern on Monday, Wednesday and Friday evenings from 8 to 12 o'clock, in aid of the wounded soldiers, are meeting with great success. Just three weeks ago this work was undertaken by a committee of local young ladies and up to Monday \$495.64 net profit was realized. This included \$102.00 earned through the sale of tickets for a pedigree wire-haired terrier named "Tommy Atkins" which was donated by LeBaron Wilson. The dog was won by ticket No. 174, by F. C. Peters, Sydney St. The ladies serve on these three nights of each week oysters, coffee, ice cream and cake and state that they have been very generously met by city merchants who have freely contributed goods to be disposed of.

A considerable portion of the supplies, however, have been purchased with care and of course there are some bills for help, etc., to be met, but a greater portion of the receipts will be turned into the fund. The ladies wish to clear at least \$1,000 before Christmas. In view of the fact that they have raised almost half of the amount in three weeks chances are good for the remainder of the season. This will be a nice sum to send to Dr. McLaren for distribution among those wounded soldiers who may be in need of funds.

RELIEF IN CHINA OVER FALL OF TSING-TAU

May now continue process of reconstruction without disturbance by external questions.

Peking, China, Nov. 9--The German legation states that the garrison at Tsing Tau numbered 4,500 and 4,800 men.

It is thought at the Japanese legation, from advices received there, that the town was not badly damaged by the bombardment.

Chinese officials who have greatly feared that China would be involved in international complications as a result of the presence of hostile forces on her soil, appears relieved by the conclusion of the fighting at Tsing Tau, and expresses the hope that China may now continue the process of reconstruction undisturbed by external questions.

HOW LONDON VIEWS THE SITUATION

War Cost to Date Estimated at a Billion Pounds—Large Loan Operations on Part of Allies Forthcoming.

A special despatch to the New York Evening Post from London says: The moment has arrived when Europe keenly recognizes the ultimate cost of the war. Even to date the cost is estimated at £1,000,000,000. Our actual expenditures so far have been about £100,000,000.

The ultimate crisis will reach its maximum severity in Germany and France. In regard to the latter country, however, the conditions which have somewhat relieved by the solidarity of the people, in the near future the Allies will witness some large loan operations. There is good reason for stating that our own operation will reveal the necessity for carrying the enormous supplies of gold.

Germany's Financial Position.

The position of the Imperial Bank of Germany is peculiar. It is fairly strong from the standpoint of gold held. There are, however, distinct indications of an impending strain upon Germany's external and international credit. It is being commented upon also that the German trade figures, and the private bank returns, are conspicuous by their absence.

Our strong bank return of last Thursday was largely due to the receipt of \$3,000,000 gold imported from Russia. This was part of a large operation.

Reopening the Stock Exchange.

There is no sign yet of reopening the Stock Exchange on any basis which would increase the possibility of the belligerent nations obtaining funds under cover of sales made through neutral countries.

REOPEN N. Y. COTTON EXCHANGE SOON

New York, Nov. 8.—Now that the Liverpool Cotton Exchange has opened for restricted business, the first active step to unlock the cotton difficulties appears to have been solved.

The local market will probably open very shortly, but there will be no strings tied to New York trading. The five following factors in cotton summarize the columns which have been written about cotton settlements:

- 1. All outstanding contracts on cotton connected with New York or Liverpool exchanges are settled on a basis of 9 cents per pound, all above this being wiped off the slate.
- 2. The Pell cotton, amounting to approximately 80,000 bales and between 100,000 and 200,000 additional bales are held to be taken over by cotton brokers who for the cotton corporation.
- 3. The corporation borrows \$1,500,000 from 16 New York banks as trust companies, upon security of tax of \$2.50 per 100 round bales and on the guarantee of the cotton brokers.
- 4. Commission on the cotton exchange is at the same time raised from \$17.50

AGREEMENT HAS BEEN REACHED

Between Great Britain and Scandinavian Countries Regarding Sending Goods for Neutral Consumption.

Washington, Nov. 9.—Sir Cecil Spring-Rice, the British Ambassador, today notified the State Department that an agreement has been made with Denmark, Sweden and Norway that goods destined for neutral consumption only will pass freely into these countries, if consignment to special persons with certificates of guarantee against re-exportation.

The agreement brings a satisfactory close negotiations which have been carried on for some time between Great Britain and the commercial interests of the United States and the Scandinavian countries. Representatives have been made through the State Department for some time for the purpose of restoring normal conditions in North Atlantic sea traffic.

The interruption of transshipments of petroleum for Hamburg, and the inability to secure it from Southeastern Europe, has made it embarrassing for Denmark, especially, and gasoline famine was threatened.

HEAVY EXPORT TRADE IN GRAIN MARKETS

Chicago, Nov. 7.—Every grain market from Winnipeg to the Gulf did a heavy export business during the week. Export demand for corn was at least five times larger than the amount offered. While receipts were unusually large, therefrom to the increasing foreign demand, which made for generally higher prices.

Exports of domestic wheat and flour in October totaled 25,700,000 bushels, against 13,111,000 last year. Since July 1st, exports aggregate 114,500,000 bushels, which compares with but 71,824,000 corresponding period a year ago.

The world's wheat crop will this year show a decrease of 340,000,000 bushels from that of 1913. It is estimated that European weekly requirements will amount to 8,000,000 bushels, practically all of which will have to be supplied at least up to early spring by North America.

BRADSTREETS REPORT SATISFACTORY.

Bradstreet's reports trade in Canada is deemed to be satisfactory in view of present extraordinary circumstances. Orders for war supplies make for a certain degree of activity, but more seasonable weather is needed to stimulate retail trade. The reports as to collections vary considerably, improvement being in evidence at Winnipeg, but payments in Calgary are very slow, and in other parts of the Dominion settlements are not better than fair. Weather conditions enable farmers to prosecute field work, though temperatures in Alberta are lower, and consequently trade in winter goods less improved. Wheat commands high prices, and this fact will go far toward offsetting reduced yields. A largely increased acreage is ready for spring wheat next year.

Bank clearings at sixteen cities for the week ending with Thursday last aggregate \$165,289,000, an increase of 7.4 per cent. over last week, but a drop of 24.5 per cent. from the like week last year.

Business failures for the week terminating with Thursday number 69, against 81 last week, and 42 last year.

FIND IMPROVEMENT IN TRADE CENTRES

Dun's and Bradstreet's Reviews Report Steady Change in Sentiment—More Seasonable Weather Needed.

New York, Nov. 9.—Dun's and Bradstreet's reviews from branch offices of R. G. Dun & Company in the leading trade centres of the Dominion of Canada report steady improvement in sentiment, although distribution of seasonable merchandise has been much retarded by unusually warm weather.

Retail activity in Montreal has been restricted by the weather and sorting up business at wholesale is slow. There is a fair demand, however, for groceries and orders for the spring. The footwear factories are not quite as busy, and domestic demands is rather light.

Wholesale business is well maintained volume at Quebec, but the retail movement is hardly up to the average in most lines.

Toronto reports that the weather has not been favorable for either retail or jobbing trade, but there is an optimistic feeling and improvement is expected with the advent of seasonable temperatures.

Harness and footwear manufacturers are very busy and woollen goods are in active demand.

Quiet conditions prevail in all lines at Hamilton and some industrial plants are operating at reduced capacity.

In the Far West and Northwest business is close to normal in volume and the outlook generally appears encouraging. Colder weather at Winnipeg has stimulated retail trade in reasonable lines, and wholesale distribution is well up to that of a year ago.

Fairly satisfactory conditions prevail at Regina, although merchants are disposed to operate with conservatism.

There is a normal demand for groceries, provisions and other staple merchandise at Saskatoon, and a fair fall and winter trade is expected. Little change can be noted at Calgary, although the prevailing feeling is that the trend is towards improvement.

Gross earnings of all Canadian railroads reporting to date for October show a decrease of 30.3 per cent., as compared with the earnings of the same roads for the corresponding month a year ago.

Commercial failures in the Dominion of Canada this week number 73, against 62 last week and 44 the same week last year.

THE EXPECTED FAILED TO OCCUR

Moratorium in England Came to an End Without Dreaded Failures Materializing—Britain Passes Mile-post in Trade Reconstruction.

With such little commotion that newspaper correspondents in London refrained from cable even a meagre account of it, the moratorium in Great Britain expired on Wednesday. This was the moratorium decreed on August 6, as an urgent war measure, and extended in September and again in October, owing to the dread of a succession of bankruptcies if extension was forbidden.

Judging from the small regard paid to Wednesday's event, the dreaded failures have not occurred, and a mile-post in the course of Britain's trade reconstruction is well passed. Apart from the London Stock Exchange (where the settlement of debts incurred before the war is still postponed), business has now emerged into its second war period, through which it must proceed without help from the moratorium, the greatest protective measure of the early war period.

What the consequence will be is shortly to be seen. Next Thursday's weekly statement of the Bank of England will show the consequence in one direction—that of the "redcount" of pre-moratorium and post-moratorium bills, a duty delegated to the Bank by the Government. In another direction it will be shown through the emergency courts which have been formed to adjust affairs of these debtors who are still unable to make payment, and who must go to the wall unless protected. Upon the number of debtors protected will be judged the measure of England's financial recovery in the three months which have elapsed since outbreak of war.—New York Evening Post.

IMPERIALS' UNDEVELOPE TO BE HEARD TODAY Excellent Bill this afternoon and evening—"East Lynne" tomorrow.

The Krolles, International Musicians, arrived in the city late last night and will be heard at the Imperial this afternoon and evening throughout the week.

CITIZENS CAN HELP COOPERATE WITH RELIEF COMMITTEE The Government of New Brunswick, realizing the great need of the Belgian people and of our obligation to assist them, and believing that some organized effort should be made throughout the province for this purpose, has appointed the following gentlemen as a provincial committee for Belgian relief.

THE GREAT MYSTERY AT UNIQUE AGAIN Other Strong Features also on the Programme

The sixteenth chapter of the Million Dollar Mystery as shown at the Unique last evening compares with any of the others in thrilling interest. It particularly refers to the narrow escape of Florence from being drawn into the treacherous quick sands, and depicts most interestingly beside her deliverance from the sands through the medium of her lover Norton, the rescue of Florence via the fire escape, and a fight between her and the ambulance driver.

DANDRUFF SURELY DESTROYS THE HAIR Makes it Dull, Brittle, Lifeless, and Causes it to Fall Out.

HARTLAND LAD COMMITTED FOR TRIAL ON THEFT CHARGE Special to The Standard Hartland, N. B., Oct. 9.—Before Justice R.W. Cameron today Claude Hamlin, aged seventeen, was arraigned on a charge of breaking and entering the store of Maurice Pinsky and stealing therefrom a fox skin and a sum of money. He admitted the theft.

WAS TROUBLED WITH ECZEMA. Would Nearly Yell With Pain. BURDOCK BLOOD BITTERS CURED HIM.

Mr. R. J. Swales, Harrison, Ont., writes: "I have been a great sufferer with eczema. I tried all kinds of salves, but they did me no good. Sometimes I would nearly yell with the pain, and would pass little white worms. I was told to get at the blood, so I used four bottles of Burdock Blood Bitters, and it was made a complete cure."

ALL skin diseases such as eczema of salt rheum, itching or burning rashes, sores, pimples, eruptions, ulcers, etc., are all caused by the blood becoming impoverished, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected.

BURDOCK BLOOD BITTERS is a valuable preparation has been on the market for the last forty years, so you do not make any experiment when you give it a trial.

Burdock Blood Bitters is manufactured only by F. J. Milburn Co., Limited, Toronto Ont.

KIDNEY TROUBLE AFFECTED HIS SPINE Suffered for Forty Years Until he Used "Fruit-a-tives."

Bronte, Ont., Oct. 31st, 1913. "For about forty years I was troubled with lame back brought on by Kidney and Bladder Trouble. I was never confined to my bed with the trouble, but it affected my spine and I had to rest for a time. I took advertised remedies which never did me any good. Then I saw "Fruit-a-tives" advertised and decided to try them. They did me more good than any other remedy.

APPELLATE DIVISION SUPREME COURT AT FREDERICTON TODAY Special to The Standard.

Fredericton, Nov. 9.—Following is the docket for appellate division, Supreme Court, which opens here tomorrow morning:

ENTERTAINMENT AT ROLLING DAM TO AID BELGIAN FUND Rolling Dam, N. B., Nov. 7.—The Presbyterians of this place held a supper at this place on the evening of the 6th of November in the Orange Hall. There was quite a number present and a considerable amount was raised to add to the fund for a new organ for their church.

COWAN'S PERFECTION COCOA Healthful-nourishing-purifying Sold Everywhere

WOMEN CAN HARDLY BELIEVE How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to use Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacement, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

EXCELLENT ACTS AT THE LYRIC A fine array of Pictures also provided for Patrons.

Good audiences at all performances enjoyed one of the best week openings that the Lyric has had for some time. Both acts were of the real comedy kind. Moore and Ford in comedy singing, talking, dancing and piano playing proved a riot. Mr. Moore is not only a real comedian but as a pianist has earned a reputation in the vaudeville world. Miss Moore sings sweetly, dances neatly, and by no means less important looks well. As a team they are a pair of real performers. Jack Hart proved "some jugger" and there were many in the audience ready to express the opinion that they had not seen a better one on the Lyric stage. He was equally at home in the manipulation of anything he might lay his hands on.

ORDERS CONVENTION DISSOLVED San Antonio, Texas, Nov. 9.—General Carranza published a decree in Mexico city today ordering the convention of the 6th of November in the Orange Hall, dissolved by November 10, according to a despatch received here today from R. MAHAN BRADLEY HARDWICK

Harvard's fate in their games against Princeton and Yale will depend largely upon the work of Mahan, Hardwick and Bradley. The crimson looks to this trio to make up for the absence of its chief scoring medium and captain, Charley Brickley.

MILDRED SULLIVAN'S BODY FOUND

Continued from page one. Late this morning success rewarded the searchers, when a grave, hardly two feet deep and evidently hollowed out with a stick, was found in the woods, which are on the River road, and a mile and one-half outside of the village.

The body was clothed in a night robe and buried without even a shroud to protect it. The officers proceeded far enough to make sure that they had succeeded in their hunt and a guard was placed over the grave. Tomorrow the remains will be removed from the ground and the medical examiner, Dr. S. W. Boone of Presque Isle, and Dr. Jackson of Houlton will perform an autopsy, to be followed at once by an inquest.

Father Collapses at Sight. The posse which found the body was led by Fred Melville, an uncle of the dead girl, and her father, George Sullivan, was with the party when the body was found. He collapsed when he recognized a ring on the left hand of the partially-exhumed body of his daughter.

It was the discovery of this ring that convinced the officers that they had succeeded and they ordered the men to cease to remove the earth and mounted the deputies as a guard over the grave.

The confession of Kate Michael came into the possession of County Attorney Bernard Archibald last Friday and he at once summoned Sheriff Elmer E. Bryson, with whom he outlined a campaign of action.

Body Hurler to Lonesome Grave. According to the officers, Miss Michael declared Mildred Sullivan died in the Pelletier home about eleven o'clock on the night of Sept. 4, and that an hour later the body was buried by Dr. Dudley, Alice Pelletier and herself, having been removed to the woods in the doctor's runabout.

The prisoners were taken back to Maine, arraigned and held for the Grand Jury. Dr. Dudley and Miss Michael were awaiting action by the Grand Jury on the charge of performing an illegal operation, and Miss Pelletier was held as an alleged accessory after the fact.

In the meantime the search for the missing Sullivan girl continued, with-out success, until Saturday the Maine officials announced the new developments.

Dudley Hears Body is Found

Alice Pelletier and her brother, when seen at the village lock-up tonight, where they await removal to the jail at Houlton, refused to make any comment on the finding of the body or the alleged confession made by the Michael woman.

The turnkey at the jail in Houlton today informed Dr. Dudley that Miss Sullivan's body had been found, but the physician replied: "Well, they have nothing on me; I can easily prove my innocence."

Sheriff Bryson regards the finding of the body at this time as most fortunate. "Had Kate Michael not confessed until after snow had come, which is likely to happen any day now, we would never have been able to locate the grave," he said tonight.

It is believed here that Alice Pelletier may confess before the case is presented to the Grand Jury Nov. 17. All who may be indicted in the case probably will be tried at the term of court which will be in session at that time, as County Atty. Archibald is anxious to dispose of the case as soon as possible.

Miss Sullivan left her home in Houlton, Me., early in September, saying she intended to visit the Aroostook County Fair. She was last seen alive Sept. 4, in Presque Isle, where the fair was held. From that day until last week the authorities of Aroostook County and of all New England were unable to find the slightest trace of the lost girl.

While opinion was for many weeks divided as to whether she was dead or alive, the Aroostook County officials very soon uncovered evidence which they considered sufficient for the arrest of Dr. Dudley, together with Miss Kate O. Michael of Wallagrass, a nurse, and Miss Alice Pelletier, also of Presque Isle.

The three were arrested in Boston, Sept. 24, on statutory charges, and were immediately charged with being fugitives from justice in Maine. Warrants had been issued in that State, charging the performing of an illegal operation on the Sullivan girl.

Dr. Dudley told the local police that Miss Sullivan had been to see him at his office in Presque Isle, but denied having had anything to do with an operation. The two women arrested denied having seen the missing girl at all.

OFFENSIVE TAKEN BY GERMANY AGAINST LEFT WING OF ALLIES

Paris, Nov. 9.—The official announcement given out by the French War Office this afternoon, says that the German offensive has been renewed at Dixmude and the region of Ypres. To the southeast of Ypres, as the German attacks have been repulsed. The text of the communication follows:

"On our left wing the Germans have undertaken again an offensive movement on Dixmude, and in the region of Ypres. Particularly to the south-east of Ypres, their attacks have been everywhere repulsed."

"At the end of the day, referring to the entire front between Dixmude and the Lys, we have made progress along the major part of the line. Nevertheless, our advance is slow on account of the offensive movements undertaken by the enemy, and because of the strong organization of the enemy already has had the time to effect around his points of support. Still, the beginning of the fighting, the fog furthermore has made operations difficult, particularly between the Lys and the Oise."

"On the centre, along the Aisne, the progress already set forth has been maintained. "In the Argonne and in the vicinity of Verdun, there have been only actions of minor importance."

"On our left wing, in Lorraine, there is nothing to report. In Alsace, fresh attacks on the part of the Germans directed against the heights of Mount Sainte Marie, have again resulted for them in a decided check."

The lull in the fighting in the environs of Dixmude and Ypres is only the prelude of a further effort to which all the forces that the Germans can raise will be concentrated. The last attack made with twelve army corps, failed. The next, it is said, will be made by even more."

All advances from the front indicate this clearly. The reports that the Germans are gathering an important army at Metz, and the affirmation that the battle against France must be decided at an early date, the orders given to the German generals to break through before the end of the month, and the various movements of troops observed by aviators in Belgium, all tend to show the purpose of the Germans. All the military writers, here agree that the efforts will be of the first importance to the Germans, if unsuccessful, it is contended here, it will be the last the Germans will be able to make, as they will then recognize the necessity of falling back on a line a little more to the rear which will, as is their custom, have been fortified in advance with the greatest possible care. They will, therefore, strain every nerve and every effort in this battle of Ypres, and the fighting is likely to be of a character even more intense than anything that has gone before. If the allies successfully resist the new onslaught, the military writers say, the day when France will be freed of the invaders will be brought sensibly nearer."

London, Nov. 9.—A despatch from Copenhagen to the Central News says: "According to a Berlin statement, Germany is making enormous preparations for a winter campaign with tanks, sleds and fur outfits for an entire army."

London, Nov. 9.—A despatch to the Times from Rotterdam says that a Dutchman, returning from Zelzete, in East Flanders, states that the Germans have repaired the first bridge over the Ghent-Terneuzen canal and between this and the next bridge are constructing trenches facing in the direction of Antwerp. The Germans had been unable to repair the main railway bridge, which the Belgians destroyed.

It is reported that the Germans fighting in South Belgium are chiefly volunteers, and that 6,000,000 volunteers between the ages of 19 and 21 are drilling in Germany.

London, Nov. 9.—An Amsterdam despatch to Reuters says: "The Telegraaf's correspondents in Stuis, Netherlands, says that Saturday, a British or French aviator dropped a bomb on Bruges, apparently with no damage was done. During the night 15,000 Germans arrived at Bruges. Between Ostend and Newport, all is quiet."

to be in particularly good health and had no complaints to make in regard to their treatment. He described Salisbury Plains as a sea of green grass, when the troops first arrived there. Letters received by the family of Major Thomas E. Powers of the Signalers indicate that he is enjoying the best of health and getting plenty of work to do. The St. John signalers have been undergoing a strenuous period of training but all appear to realize that they must receive the proper seasoning before being sent on active service.

Major Powers and Lieutenant Allen Leavitt had a tent to themselves. London was the objective point of the Canadians for the present and every man in the contingent felt that any time granted him from duties should be spent in the great city. As a result the Canadians were becoming quite common sights in the London streets.

An army of the St. John men had been kept too busy to write very long letters and the messages received here yesterday were generally shorter than those previously received.

BUSINESS AS USUAL THEIR MOTTO TOO

W. W. Bogart attended Goodyear Covention—Officers of Company will hunt Moose here next season.

W. W. Bogart, local manager for the Goodyear Tire & Rubber Co., Ltd., returned yesterday from Akron, Ohio, where he attended a convention of salesmen and branch managers, on October 29, 30 and 31. Men from all parts of Canada and the United States were present and exchanged views concerning salesmanship and kindred topics.

Mr. Bogart said that the Canadians were given places of honor at every function and at the big banquet he had opposite him at a table a citizen of Vancouver. The big plant of the Goodyear Company was visited and

the banquet rooms is featured on the front page. This picture was taken and the papers containing it were distributed within two hours. While in Akron Mr. Bogart did some missionary work for St. John and next year he hopes to have a party of officials from the Goodyear headquarters come to New Brunswick hunting moose and deer. Mr. Bogart's story that moose and deer could be secured within thirty miles of the city was hardly believed but yesterday afternoon he bought up a supply of local papers containing the story of the deer that visited Prince William street last week and will forward these to Akron as proof of his assertions. Mr. Bogart expects to attend the Goodyear convention in San Francisco next year.

LT. HOWARD WOUNDED

London, Nov. 9.—Hon. Donald S. P. Howard, a second lieutenant of the Third Hussars, is reported wounded in the casualty lists issued under date of Nov. 1. Lt. Howard is the eldest son of R. J. Bliss Howard and Lady Strathcona, being thus heir to the peerage. He is twenty-three years of age.

GOLD DUST does more than clean

Gold Dust sterilizes and leaves your kitchen things sanitarly safe. The ordinary soap-washed utensil is not fit to eat from, because soap does not cleanse as thoroughly as it should—does not kill germs of decay which are bound to lurk in oft-used utensils.

Gold Dust does most of the cleaning without your assistance, and does it, too, in a quicker and more thorough manner than will soap or other cleansers.

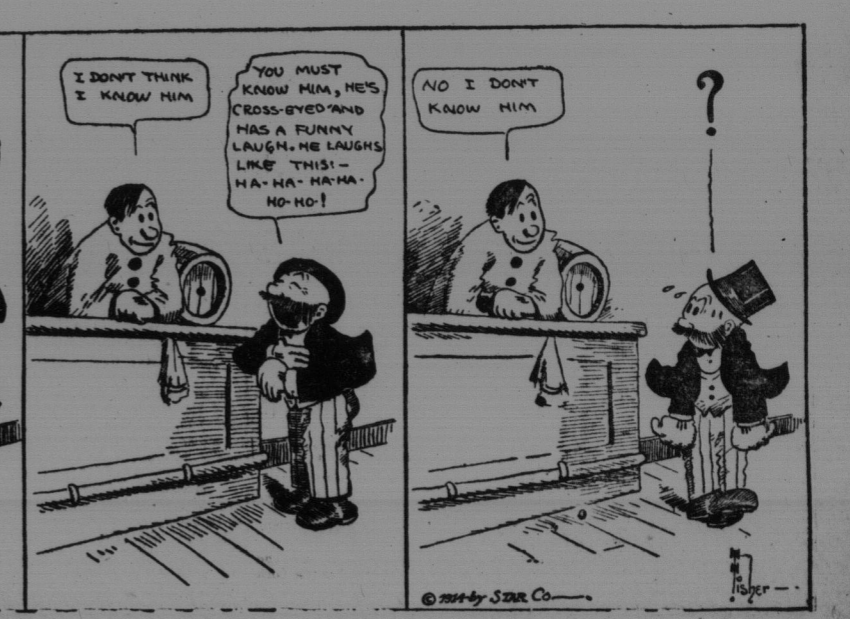

Gold Dust makes pot and pan spick and span.

HIGH SCHOOL TEACHER WILL GO TO THE FRONT

Charles M. Lawson, of City High School staff secures leave of absence to accompany Second Contingent - Other matters at School Board meeting last evening.

The attendance of children at the public schools last month was very high, and in view of the situation was considered very gratifying. One of the teachers of the High School, Charles Lawson, will go to the front with the second Canadian contingent.

Trustee Geo. E. Day reported that good work had been done in connection with the repairs to the Centennial school.

The superintendent reported that the Ellis gold medal for English composition in Grade XI had been won by Miss Marion Cruikshank.

SECOND CONTINGENT HONOR ROLL IS FILLING RAPIDLY

One Hundred and Fifty Seven Men Already in Barracks Here Ready For Infantry Service - Most of Volunteers Come From St. John City.

Of the one thousand and odd men who will be required to make up the New Brunswick battalion for the second Canadian overseas force, 157 are now in barracks here.

The contractor who is fitting up the armory for the accommodation of the men of the battalion is carrying on his work rapidly.

So far men who have volunteered for foreign service are likely to make good soldiers. No date has been fixed by the militia authorities for making up the New Brunswick battalion, but it is hoped that the enlistment will be completed in about three weeks.

A recruiting office has been opened in Prince William street, opposite the Standard office, and several men were taken on there last night.

Yesterday the local recruiting officers received 27 applications from the city. Of these only one man was turned down by the medical officers.

The spirit of patriotism was taking possession of the people here. So far the majority of those who have volunteered for the service with the second contingent are men who were born in the British Isles.

One of the men who have joined the New Brunswick battalion is a Scotchman from New York. He left a good position in the American metropolis because he felt he had a call to fight for the Empire.

The recruiting officers have been much gratified by the spirit shown by the British born who have left good positions in the United States to come here and enlist, and they believe that when the people of New Brunswick come to realize what this conflict means not only to Great Britain but to the Empire and the world generally they also will be animated with the spirit which brings men from the United States to fight in the cause of freedom.

Local military officers had no definite information yesterday as to how the recruiting was going in other parts of the province.
