Newcastle, N. B.

Northumberland Chooses the Four Strongest Men.

Robert Murray, M. P. P., S. W. Miller, W. C. Winslow and Wm. Anderson Unanimous Choice of Government Convention.

CHATHAM, N. B., Friday. — A convention of the friends and supporters of the government was held this afternoon in the Masonic Hall to select candidates for the coming election. Robert Murray called the meeting to order and went on to explain for what purpose the meeting was called. Wm. Kerr was elected chairman and P. J. McIntyre secretary. The chairman moved that one man be selected from each parish. The delegates were then selected and forthwith withdrew to a private room to select their candidates. The nominating committee was as follows:

Chatham—Geo. Hildebrand, S. D. Heckbert, Wm. Kerr, Wm. Danvers, Newcastle—J. J. Pullen, R. H. Grenley, Samuel Russell, L. B. McMurdo, Hardwicke—A. J. Williston, Glenelg—Wm. Ullock, Nelson—Daniel Baldwin, Blackville—Archibald Alcorn, Rogersville—Wm. Maloney, J. D. Buckley, Ludlow—W. A. Campbell, Howard Holmes.

A. Alcorn acted as chairman. While the foregoing meeting was in progress Dr. Byrne, a staunch and ardent supporter of the government was called upon to speak. He dwelt at length upon the Central Railway and said that instead of it being a useless undertaking as quoted by Mr. Hazen, the would-be premier and his colleague Mr. Flemming, it would be the means of bringing into touch some of the richest coal fields in the world and thereby enable consumers to purchase coal at a much lower rate and still have the best article. He concluded by remarking that he hoped all those present would give their best support to the candidates nominated.

The Candidates. The report of the meeting was then received and adopted. The candidates nominated were:—Robert Murray, Chatham; W. C. Winslow, Chatham; S. W. Miller, Newcastle; Wm. Anderson, Burnt Church. The ticket was received with much applause. The candidates were then called upon for speeches. Robert Murray thanked the audience for his nomination and spoke of the stability of the government and how he meant to work for the interests of his party.

Next came Wm. Anderson who said it was not in his line to make a political speech, that he did not believe in too much talking but in working and working hard and that he for one intended to live up to his motto. He finished by offering thanks for his nomination. S. W. Miller then came forward and thanked the audience for his nomination. It was his intention to do all in his power to further the interests of the government of New Brunswick.

Mr. Winslow Heard. At this juncture W. C. Winslow who had not been able to get to the meeting earlier put in an appearance and was received with much hand clapping and calls of "Speech," "Speech," to which he responded. He said he must apologize for being late but that he had been making his will and that had detained him, but now he felt easier in his mind and was prepared for the worst. He did not wish to detain the meeting longer and would speak in the evening at the mass meeting and concluded by thanking them for his nomination.

Premier Robinson then brought the meeting to a close with a short speech. He remarked upon the good qualities of the men chosen and went on to show in what good fighting shape every county in the province is in and

that he did not feel the least bit nervous at any of the remarks that the opposition party were making. He concluded by saying that he would address the meeting in the evening along with the candidates selected. The mass meeting in the Masonic Hall tonight was one of the most enthusiastic ever held in Chatham and the speakers received a patient hearing. The large hall was crowded to the doors every available seat being occupied. Standing room was at a premium. Councillor W. A. Campbell of Boiestown was elected chairman and in a few well chosen words explained the object of the meeting. He said that the 3rd day of March was an auspicious one for on that date 25 years ago Hon. A. G. Blair had been sworn in at Fredericton, since which time that government under different premiers had remained in power. He was confident that the present government would elect thirty out of forty-six members. Let us get into line and elect four members in Northumberland.

The chairman then called in the Premier.

PREMIER ROBINSON.

After some preliminary remarks the Premier took up Mr. Flemming's financial criticisms and in speaking of the London loan, said he had refused to offer bonds on the open market. Another temporary loan was the proper thing under the circumstances. The Bank of Montreal took up the matter by cable with England and in one day found they could get all the money they wanted at five per cent. for the securities we had. If our credit was no good would the bank have been willing on one day's notice to loan us that money? The Opposition claims our credit is no good. Who is right, they or the bank? In 1867 to 1883 the Conservatives used up \$10,000,000 of our resources. When Mr. Blair came into power he found the \$2,000,000 placed to our credit at Ottawa gone and there was a large bonded indebtedness against us. On the eve of their defeat that government bound the province to pay subsidies to 22 railways. Our whole debt is now \$5,200,000. On deposit at Ottawa we have \$525,000, never called upon and drawing 5 per cent. "This is a reserve we consider good to maintain. Sinking funds amount to \$150,000 and the Central Ry is worth over \$120,000. The net debt of the province is therefore \$3,500,000. The debt in 1883 was \$1,100,000, so that in 25 years we have added but \$2,400,000. When we came into power we found the assets depleted and one or two buildings and Suspension bridge were the only assets we could find. On the other hand we have now steel bridges all over the province reaching, if placed end to end two and a half miles. The permanent bridges alone will total as much as the debt in the debt. The old government gave away valuable lands in Victoria county valued today at \$10 to \$18 per acre. The present government has given away no lands and it has today 7,000,000 acres of land worth many millions of dollars.

The territorial revenue has more than doubled under this government. "The debt of the province, \$3,500,000, \$10 per head, is small compared with other provinces and cities. St. John's debt is \$116 per capita and they have no lands. Only one province has a smaller per capita debt than New Brunswick. The opposition tries to point to this as an overwhelming burden on our shoulders and ask you to put the affairs of administration in their incompetent hands. Setting aside \$30,000 each year as a sinking fund we will pay off the whole debt in fifty years."

The Premier ridiculed Mr. Flemming's anxiety over this financial situation and declared that the province should not refuse to spend \$1,500 to show its loyalty to British connections as it did when Prince Louis of Battenburg was here. "Mr. Flemming charges us with adding \$1,500,000 in one year to the debt of the province. I characterized that as absurd and I should consider not 2,000 or so people who would hear us in a hall in St. John but the 80,000 people in the province. I took Mr. Hazen's suggestion to lay the finances before a chartered accountant but they have not accepted the offer. They don't want an expert to go over them. We have nothing to conceal and I have got in communication with a Montreal firm through the Bank of Montreal and they will send a representative here to go over our accounts.

"I do not know the chartered accountants and they will give an independent audit. Regarding school books and their prices Mr. Robinson quoted Chief Superintendent of Education, Dr. Inch, showing that the New Brunswick readers are much more modern and

much better than those in Ontario. The present low price in Ontario is due to the fact that the readers, 1 to 4, are being sold below cost as they are out of date and go out of use very shortly. The fifth reader in Ontario costs 50 cents. The government is now working along the line of having interprovincial readers so that the lowest possible price may be obtained by all. "We have just as much interest as the opposition in having the price low."

The road law will be repealed and an act will be prepared so that statute labor will be optional and each parish may assess its own rates. "The transportation is a great problem in this province and we contend that the branch lines in this province should be taken over by the Intercolonial. We feel the time will come in the near future when this desirable result will be brought about. We claim credit for conceiving and carrying out this project."

"The government desires to stimulate immigration into those places suitable for settlement and we have purchased 50,000 acres from the N. B. Railway in order to throw them open to good settlers. Is this not a commendable policy? The bureau of colonization will aid us in bringing out only desirable citizens from the old country. The government will soon have a survey of the timber lands and we wish to apply the most modern of forestry methods to the preserving and augmenting of this great asset. In spite of the increase of salaries in all professions of life, the present government has not increased the salaries of the executive. They are, in fact, lower than in 1882."

ROBERT MURRAY, M. P. P.

Robert Murray, M. P. P., was the next speaker. He was satisfied the government was doing the very best possible for the people. Mr. Robinson has more than answered Mr. Flemming's criticisms and the electors could judge between them and vote accordingly. The people have confidence in the government and he believed would sustain the present administration by a large majority at the next election. The county of Northumberland had been well treated by the government, which has done all it possibly could to meet the needs of this constituency in its material progress. The Central Railway and its development and declared it was a great benefit to the whole province. Wood is getting scarce and we need to develop all the coal mines we have. Today this road is paying interest on the money expended.

WM. ANDERSON.

William Anderson, the second nominee to speak, said this was his first step in provincial politics. In going over Northumberland County there were many things to be done, and he was growing up without any education. This is a matter which the government should take up, and it should be the pride of the province that not one child should grow up without the rudiments of an education. If elected he would do his best to bring about this reform.

W. C. WINSLOW.

W. C. Winslow said he was opposed to the government in 1903, while official receiver of the Maritime Sulphite Fibre Company. Afterwards this matter was settled up, and he would continue to support the government as he did before 1903. Those who heard Mr. Flemming and then Mr. Robinson must realize there are two sides to a question. Mr. Hazen has said that he would not increase the province's debt, but he voted for a subsidy of \$15,000 per mile for a railway through the county of Sunbury. It made a difference to the opposition where the money was spent.

S. W. MILLER.

S. W. Miller, mayor of Newcastle, said it was easy for the opposition to sit back and criticize, but they had no experience and no platform to offer the electors. The present tax for roads was nearly one-half what it was under the former road act. Yet the bridges, if not the roads, were in a shape never attempted before. Last year nothing could be done to the roads owing to the weather conditions. Mr. Miller attacked Mr. Morrison as a financier, declaring his management of Newcastle's finances was a fizzle. Mr. Morrison promoted the furniture factory and it is today a monument to him. But he thinks himself a financier. Mr. Miller was greeted with lengthy applause on resuming his seat.

W. B. SNOWBALL.

W. B. Snowball was called to the platform and declared that Mr. Flemming's "kidding" would not go with any intelligent elector. He and Mr. Hazen are trying to deceive the people of this province by misrepresentation. If they deceive you now what will they do afterwards? he said. Mr. Snowball said the Montreal auditors were already on their way here to go into the provincial finances and the gentlemen were the most reliable that

can be obtained. Mr. Snowball scored the opposition for their false statements about purity campaigns, and cited an instance to show they did not practice what they preached. The government cannot so economize that it lets bridges and roads and railways be neglected. Three cheers were then given for the premier and candidates, and the meeting came to a close.

UNNATURAL FATHER IS ARRESTED.

Slayer of His Own Child Found in a Lumber Camp Near Boundary.

WOODSTOCK, N. B., Sunday. — Richard Grey, of Knockford, charged by his sixteen year old daughter with the crimes of incest and murder, was captured late last night by deputy sheriff Foster in a lumber camp run by Titcomb, of Houlton, near Watson Settlement on this side of the boundary line. The deputy sheriff had got a clue that his man was in the camp, arriving there late last night he secured entrance and with the aid of a lantern picked out his man from among the twenty or more who were soundly sleeping. Grey offered no resistance but begged the officer to shoot him, evidently feeling his position most keenly. On arriving here Grey was lodged in jail and at ten o'clock this morning appeared before Magistrate Dibble. The prisoner presented a very dejected appearance. As the Crown was not ready to proceed and the prisoner had no counsel, he was remanded until Thursday, 13th instant, when the preliminary examination will be begun. When asked by the officers about the child, Grey said he had left it in the woods about a quarter of a mile from the house. He admitted that he could feel the child moving on the way into the woods. Sheriff Foster left this morning to try and find the infant's body.

GOVERNMENT TICKET A STRONG ONE.

So Says Hon. J. P. Burchill, Ex-M. P. P., of Nelson Friday Night.

"Three of them are new men, but it is a strong ticket, I believe," said Hon. J. P. Burchill, of Nelson, Friday night, when informed of the candidates chosen by the Local Government in Northumberland county, of which he was at one time a representative.

Hon. Mr. Burchill, who is an ex-Speaker of the Legislature as well, said that under the present conditions prevailing in the county, the ticket chosen for this contest was stronger than that of the previous general election.

"Of course being new men it is uncertain what the result will be, but I judge it will compare very favorably with the Opposition line-up," he remarked.

LISBON, Sunday. — With church bells tolling continually the bodies of the murdered king and crown prince in two golden chariots surrounded in black velvet and drawn by eight horses were escorted by a glittering funeral pageant today across Lisbon to the Portuguese Pantheon and laid at rest beside their ancestors. Not a single untoward incident marred the last act of the Portugal tragedy.

ATTEMPTED SUICIDE.

PORTLAND, Me., Saturday. — A sensational but unsuccessful attempt at suicide was made today in the office of District Attorney Whitehouse by Freeman McClean, famous woodsman now on trial for having smuggled \$1,000 worth of dry goods from New Brunswick to Brownville last June. McClean took strychnine, but an emetic was given and he will recover.

KENT CO. SOLID FOR GOVERNMENT

Sheriff Legere, Councilor Robichaud and W. D. Carter the Winning Team.

BUCTOUCHE, Saturday. — Premier Robinson arrived here at noon from Cocagne to attend the Liberal nominating convention this afternoon and accompanied by the Hon. C. H. LaBrosse, Commissioner of Public Works, will address a mass meeting at night. He remained over in Cocagne last night where a large and enthusiastic meeting was held in the public hall, favorable to the provincial government. Dr. A. H. Chandler was in the chair. The attendance was large and enthusiastic and augured well for this portion of the county. The principal speakers were, Premier Robinson, Hon. C. H. LaBrosse, both of whom were received enthusiastically. Among the other speakers were Mr. John B. Goggin, ex-M. P. P., Sheriff Legere, Councilor Robichaud and W. D. Carter, these latter three being the liberal candidates for the county. Excellent addresses were also delivered by the Hon. James Barnes, Mr. R. A. Irving, Mr. Cutler and others. There was an address also by Mr. Pascal Hebert, who declared his intention to support the government. Mr. Hebert it will be remembered ran at the last general election as an opposition candidate. Kent Liberals were never more united and enthusiastic than at the present moment.

A WOMAN'S ROOM.

A woman's room. Its daintiness Proclaims it hers. Each quaint recess Fragrant with flowers; each cosy seat Subtle with invitations, meet A man's requirements—more or less.

It soothes one like a faint caress, A lover's sympathy—confess— You have not even seen so sweet A woman's room.

Her books and pictures—all express Her varied moods. Ah, how I bless The day that brought her little feet More near—since to be quite complete It needs the rustle of her dress A woman's room.

Western Home monthly Grey, like black, is being used a good deal to give an effective finishing to a costume. Of course, it is not as useful as the latter color in this capacity, but undoubtedly it does look charming with some colors.

It is said that plain white gloves for evening wear are losing favor. Instead the people are wearing a delicate blue or a pale straw tint with admirable effect, although, of course, there are a number of people who express preference for the old fashion.

Evidently an attempt is being made to introduce the sloping shoulder of the early Victorian period, for it is an acknowledged fact that all the smartest coats just now are made with drooping shoulder lines, the Mandarin arm-hole and sleeve being high in favor. The effect is very graceful, though I do not imagine it is admired by the athletic woman.

A very pretty mink jacket was recently seen with a short waistcoat of biscuit colored cloth embroidered in brown and dull yellow. A flat band of the same outlined the neck, while the sleeves were finished off in the same manner. Pretty as mink is its beauty could not fail to be enhanced by this addition, the pale shade of the cloth used for the waistcoat, and the sheen of the embroidery blending admirably into the general sumptuous whole.

It is a relief to hear that in some fashionable circles, at any rate, hats are growing smaller, toques and turbans trimmed with erect plumes and velvet taking their place. Personally, however, I have always considered the turban shape to be a particularly trying one. However, it looks neat and trim enough on the right woman, and is certainly a pleasant contrast to the huge hats crowded with masses of feathers, of which we have seen so much lately.

Well, it's remarkable, but a fellow really never feels as confident that he has lost it as when he has the grip. Of course there is nothing new under the sun, but almost any druggist can give you something just as good.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation. The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct Constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenious and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Bloating, Colic, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

Lax-ets

I. C. R. Calendar Both Useful And Artistic.

People's Railway Annually Sends Thousands to Many Parts of the World.

Some very handsome and attractive wall calendars have in the past been issued by the Intercolonial Railway, but it is safe to say that all previous ones are eclipsed by the one just to hand for 1908, which is not only exceedingly artistic, but one which should be held in great value by those who desire a calendar for a calendar's sake as well as for its artistic excellence. This is a highly useful calendar, the date tabs being so plain as to be easily read and yet not conspicuous in an ornate design which might be called striking.

It is a twelve sheet calendar a separate sheet for each month, the months commencing in February of this year and ending in January 1909. The design shows a good deal of originality, and for the workmanship the lithographer is much to be commended. The moosehead is there of course. It would not be an I. C. R. calendar or I. C. R. anything else without the moosehead. So the antlered monarch appears in the upper left hand corner encircled by a shield of blue on which appear the words "The Fast Line" "The People's Railway" in letters of white. The moosehead is in a background of yellow, and a golden gleam, playing upon forehead and antlers rather brightens the effect. Surrounding the lower

half of the circle and spreading across the face of the calendar is a wreath of maple leaves in green and autumnal tints. The leaves form the frame of a half tone view, a different one appearing on each monthly sheet, being well selected photos representing some of the best scenes along the line. Diagonally across the face of the calendar in large white letters on a background of scarlet, is the word "Intercolonial" and in black letters just over the date tab are the words "People's Railway of Canada," and in Prince Edward Island Railway of Canada. Running vertically on each side of the date tab in red and black lettering are fitting references to Canada's famous routes, the Maritime Express and the Ocean Limited. The date tabs are printed in plain black letters of a size that ensures their being easily read, and the Sundays and holidays are in red. The calendars are sent out for mailing in cardboard cartons with printed labels which announce that they are sent with the compliments of the "Intercolonial Railway and Prince Edward Island Railway of Canada," and in this connection the word "Canada" appears conspicuously. Thousands of them are sent annually to many parts of the world, and so wide a reputation have the calendars earned that the applications for them yearly grow larger.

STEEL FOUNDRY FOR MONCTON.

MONCTON, Friday. — Rhodes & Currie, the big Amherst manufacturing concern are thinking of establishing in Moncton a big permanent industry to take the form of a steel foundry for the manufacture of railway appliances, and steel castings generally. The proposal is being considered by the council tonight that they might arrange to do all their passenger and electric car work here. An industry of this kind is now allied with their concern at Amherst. The proposal is held out in connection with the old I. C. R. shops, tenders for occupancy which have already been asked for by the government. The company say that if sufficient inducement is offered they will be inclined to endeavor to rent the shops.

ZAM-BUK CURES PILES.

No Return of Trouble.

This distressing complaint is successfully dealt with by the Zam-Buk treatment. The agony of Piles is as excruciating as the disease itself is weakening, and every sufferer should lose no time in giving Zam-Buk a thorough trial. Zam-Buk subdues the pain, allays the inflammation and enables rest and comfort to come to the worn-out sufferer. I have used Zam-Buk for some months and I have had a great many ailments but got no relief until I had tried Zam-Buk. It cured me and I have had no return of the trouble. Since my cure, I have advised others suffering with a similar complaint to use Zam-Buk, and in each instance have heard satisfactory reports. Zam-Buk also cures cuts, burns, Scalds, ulcers, ringworm, itch, barber's rash, blood poison, bad leg, salt rheum, abrasions, abscesses and all skin injuries and diseases. Of all stores and druggists 50 cents a box from Zam-Buk Co., Toronto, post-paid for price. 3 boxes for \$1.25.

GOOD APPOINTMENTS.

Hon. Mr. Graham, Minister of The Amherst Telegram, tory organ, says:—Hon. Mr. Graham, Minister of Railways is to be congratulated on the recent promotions on the I. C. R. The policy of selecting outside men for important and lucrative positions thereby barring the avenue of promotion from the regular employees of the railway is discouraging to men and demoralizing to the service. Mr. Graham has done well in two instances at least, in making promotion from men bred and trained in the railway service and we would be glad to chronicle more. The elevation of Mr. D. A. Story, district freight manager at Halifax to the head of the general Freight Department at Moncton, in place of Mr. Wallace, retired, is one of the good ones to be commended. Mr. Story is an industrious investigator and possessing a keen analytical mind exhibits a surprising readiness in reducing complex freight problems to clear cut principles. He is taking his place as one of the foremost transportation men in Canada. The second instance is Mr. Weldon, who spent his life in the service, but has recently been in requisition by the Board of Trade, Halifax,—owing to the slowness of promotion on I. C. R. Mr. Weldon is a bright, clever, tactful man, well calculated to represent the railway in its dealings with the business public.—Amherst Telegram (Conservative.)

SIR WILFRED CAUSES SURPRISE.

MONTREAL, Thursday. — Sir Wilfrid Laurier's speech in the Canadian House of Commons as reported here creates much astonishment in political and diplomatic circles. When a responsible statesman like Sir Wilfrid talks in parliament of the fleets of Japan and England riding the waves together against a common enemy the inevitable question is asked "what is the common enemy and what extraordinary combination of influences could bring Sir Wilfrid's dreaded contingency within the terms of the Japanese treaty?"

CATTLE MUST STAY OUT

Earl of Carrington Says He Will Not Consent to Removal of Exclusion Law.

LONDON, Wednesday.—The Earl of Carrington, president of the Board of Agriculture, speaking last night at Lincoln, referred to the agitation of the protectionists against supplying American and other imported beef to the army. He strongly dissented from the claims of the protectionists, and declared that the feeding of the army on home bred meat would mean an annual increase of \$750,000 in the army budget. The Earl of Carrington also said that he never would consent to any alteration in the law excluding Canadian cattle from the country. The cattle interests in this country, he declared, were so phenomenally large that it would be a crime to run the risk of again infecting British herds with disease.

MARRIES HIS NIECE.

ARCOLA, Sask., Man is Charged With Perjury.

ARCOLA, Sask., Wednesday.—A young French Canadian of Wauchope, has been summoned on a charge of perjury, the offense, it is alleged, having been committed in securing a license by means of which he was wedded to his own niece. Both parties of the marriage are 17 years of age. It was reported that the wedding was an affair of honor, the young man having wronged his niece. It is further reported that the Wauchope priest would not marry the pair without a special dispensation from the archbishop. They then went to Manor, where a license was secured and the ceremony performed.

The magistrate sent the young man up for trial which will come off at Arcola in May. Much interest is manifested in the outcome, which will demonstrate if under any circumstances a man may marry his own niece.

DIES AT 108.

James Stewart of Norton, who had arrived at the venerable age of 108 last August, passed peacefully away on Sunday evening, the 26th of January. On Tuesday his mortal remains were gently laid beside those of his wife in the old Catholic cemetery. The Rev. Father Byrne of the Sacred Heart church conducted the funeral service at the grave and spoke a few appropriate words. Mr. Stewart was born in Tyrone, Ireland, and landed in St. John about seventy years ago. Of nine children but one survives, John, at whose home the father died. At the last federal election Mr. Stewart was said to be the oldest man that voted in Canada. As a testimony of his sincere faith and wonderful vitality only a few months ago he drove eight miles to the Catholic church here to receive communion.—St. John Sun.

\$100,000,000 COMING TO CANADA.

This Sum Will Be Brought Into The Country For Industrial Purposes.

MONTREAL, Saturday.—An enquiry at the banks and leading financial institutions elicited the information that no less than \$100,000,000 of new money will have found its way into the Dominion by the end of the present year, all being the direct result of the country's rapid yet thoroughly legitimate development. This enormous amount, which will be spent in the several provinces of the Confederation during the year 1908, is, of course, outside the proceeds of grain, lumber, pulp and other commodities of export.

Going into the matter in detail, it is estimated that the Canadian Pacific will quite probably bring in from \$20,000,000 to \$25,000,000 as a result of the new stock issue and the sale of other debentures. Then there is the Grand Trunk Pacific, whose expenditure cannot but be very large during 1908. In fact, the statement was made on Saturday after a very careful calculation that well on to \$20,000,000 would be brought into Canada to the credit of that company during the present year. It is also believed that the Canadian Northern will be a very large spender during the coming summer, and the statement is made that the \$2,500,000 obtained a few weeks ago by Mr. William MacKenzie, either in London or Paris, will be increased to around \$10,000,000 before the completion of the C. N. R.'s enterprises for the present year. It is likewise known that the Government of the Dominion will be a very large borrower at different periods during 1908, and those who are considered to be au courant with the financial situation in Canada declare that, considering the very heavy payments that will have to be made on the account of the Transcontinental Railway, the amount to be obtained abroad by the Finance Minister of the Dominion will not be very much under \$20,000,000. Then it is quite probable that the splendid advancement and healthy development of the towns and cities of Canada, including the requirements of Montreal, Winnipeg, and several growing western communities will necessitate from \$3,000,000 to \$10,000,000 being borrowed for their use. The street railways of the chief Canadian centres will also require a good deal of money, and, in fact, a large amount is already authorized in Montreal and elsewhere, so the calculation is made that from \$2,000,000 to \$3,000,000 will be wanted at least on this particular account.

As for miscellaneous expenditure throughout the Dominion, for which large sums of money have to be borrowed, it is always more difficult to calculate than when it refers to well-known enterprises, but it is generally believed that the sum of \$12,000,000 is a conservative estimate of the amount of money to be brought in on miscellaneous account. The sum total of all this will give the splendid figure of \$100,000,000, and the most satisfactory feature of the calculation is in the fact that almost every dollar of this money will go into development and will bring about an earning power of considerable magnitude from the very start or nearly so.

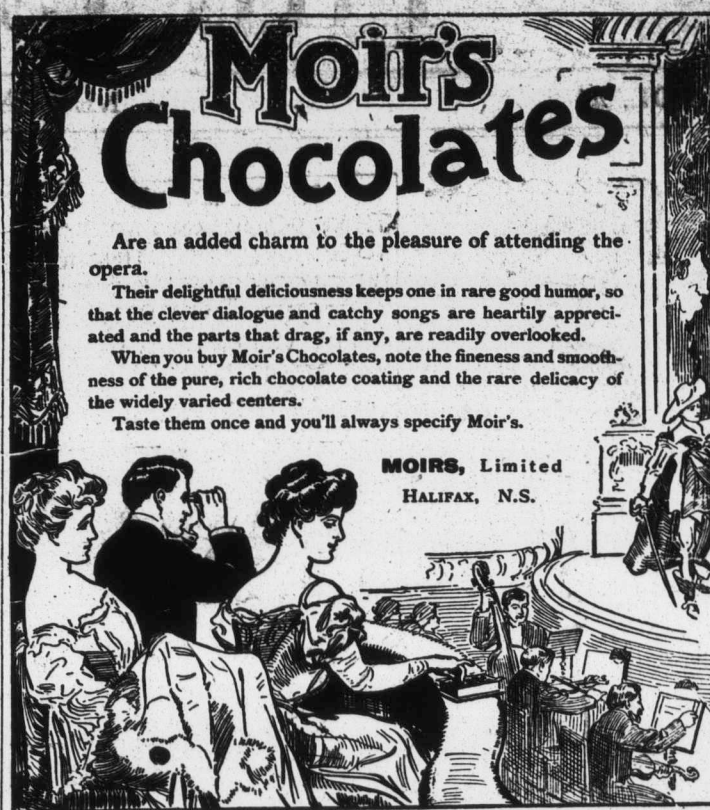

The expenditure at least of all these millions brought in by the different railways means so much producing power added to the already fine capacity of Western Canada, and when the operation adds so materially to the value of everything in sight it will be seen at once how comparatively small the interest account, even on \$100,000,000, will appear at the end of the year's expenditure. Canadian bankers consider, therefore, that there is no reason why the Dominion should be very much influenced by any depression that may lay hold on the United States in the near or distant future. There are absolutely no more free lands in that country, with the result that the immigration to the Republic remains to a very great extent around their large cities, accounting for the army of unemployed now described in the newspapers. In Canada the thousands of newcomers are spread over the west, and whether engaged in the wheat fields of Manitoba, Alberta and Saskatchewan, or in the mines or forests of British Columbia, they become immediate producers, and consequently, contribute to the rapidly growing wealth of the country. In a word, the financial men of the country do not think Canada is going to crumble, even if she does secure a round hundred millions annually to aid her in the development of her unrivalled resources.

Like to Try Psychine

"Please send me a bottle of Psychine. I have a child afflicted with tuberculosis, and have been advised to try your medicine by our family doctor, as he says he cannot do anything more for my child."

CURE SICK HEAD

Sick headache and relieve all the troubles incident to a bilious state of the system, such as Distension, Nausea, Eructations, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in cases of

Headache, yet Carter's Little Liver Pills are equally valuable in constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cure

Ache they would be almost priceless to those who suffer from this distressing complaint, but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE is the base of so many ills that here is where we make our great boast. Our pills cure it while others do not. Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please all who use them.

CARTER'S LITTLE LIVER PILLS, NEW YORK.
Small Pill. Small Dose. Small Price.

GREAT BRITAIN'S SHIPPING TRADE.

Mother Country Builds One half Of The World's Tonnage.

LONDON, Saturday.—The statistics of the world's shipbuilding in 1907 just issued by Lloyd's register, shows a total output of mercantile tonnage by the United Kingdom of 1,742,365, being an increase of 220,200 tons as compared with 1906, which was the highest on record. The foreign output in 1907 increased by nearly 80,000 tons. Great Britain, however, still builds more than one-half the mercantile shipping of the globe, which last year showed a net increase of 1,984,800 tons as compared with an increase of 1,558,000 in 1906. The world's fleet of sailing ships was reduced during the year by 180,000 tons and the steam tonnage was increased by 2,164,800 tons.

The United States built in 1907, 475,000 tons, which was a slight increase. Germany shows rather a serious decline. Last year she built 275,000 tons as compared with 318,000 in 1906, while at the same time she purchased less from Great Britain.

Great Britain is still a large purchaser of vessels built abroad. Another matter of great discontent in this country is the large percentage of foreigners employed as seamen in the British mercantile marine, numbering a total of 40,000 with an annual wage list of \$10,000,000. While the question of the unemployed is pressing heavily ashore, this is considered unfortunate and the British Navy League is taking active measures to agitate the utilizing of the unemployed to take the place of aliens on the ships.

VANDERBILT---SZECHENYI.

Daughter of Mrs. Cornelius Vanderbilt Weds a Magyar Nobleman.

THE CEREMONY.

On Hungarian Lines Rather Than American—Bride's Fortune Goes To Husband.

NEW YORK, Jan. 27.—Miss Gladys Vanderbilt, daughter of Mrs. Cornelius Vanderbilt, was married to Count Laszlo Szechenyi, a young Hungarian nobleman, in the Fifth Avenue home of Mrs. Vanderbilt at noon today.

The wedding was probably the most brilliant that has taken place in this city for a number of years. Altho the number of guests was limited to about 350, mainly relatives and immediate friends of the two families, there were included Baron Hengelmüller von Hengervar, the Austrian ambassador to the United States; James Bryce, the British ambassador, and several of the prominent members of New York society.

Gladys and Mrs. Reginald Vanderbilt passed almost all their time Saturday in having the last fittings of the wedding gowns. The gown for the bride's mother arrived at the house, but she did not try it on. Mrs. Reggie's gown is of cream lace. She did not have much trouble with it, but Miss Gladys' maid had a heart-rending day trying to make the needed alterations, and finally a maid was sent for from the modistes.

The Vanderbilt mansion was all in confusion for several weeks past, being filled with decorators and carpenters. The main decorations were set at the north end of the large ballroom, where the famous 'barn dance' was held. The bridal party descended the grand staircase in the reception hall adjoining and entered the ballroom from the south.

All the Hungarian men friends of the count were full military costumes. Foreign Guests to Attend.

Among the foreign guests at the wedding were Baron Hengelmüller, the ambassador of Austria Hungary; Baroness Hengelmüller, Baron Louis Ambrosy, Mr. Moriz von Szent-Ivany, Lieutenant Baron F. Prepuhen von Liebenstein and the Baroness. The house was darkened and electric effects were used in the decorative scheme.

Only one hundred of the guests were bidden to the wedding breakfast, served by Sherry immediately after the ceremony. The count and his bride left the house at 3.15 in the afternoon, and found at the Grand Central station the private car of Alfred Vanderbilt awaiting them.

They went at once to Newport and took possession of the magnificent Vanderbilt home, 'The Breakers,' where they will remain until the first of February when they will sail for Europe.

Count's Mother Announces Wedding. A copy of the formal announcement of the Vanderbilt-Szechenyi wedding, made in Budapest by Count Szechenyi's mother, reads thus:—

Countess Emerich Szechenyi, nee Alexandra, Countess Szatary-Szilmany, Imperial and Royal Dame of the Palace,

Dame of the Star and Cross Order, Widow of the late Count Emerich Szechenyi of Sarva-Felso-Vivak Imperial and Royal Chamberlain

Royal Hungarian Cup Bearer Real Privy Counsellor Knight of the Order of the Golden Fleece

Grand Cross of the Order of St. Stephen Grand Cross of the Order of St. Leopold, etc.

Some time Ambassador at the Imperial German Court Has the Honor to Announce

The contemplated marriage of her son Count Laszlo Szechenyi

Royal and Imperial Chamberlain Hereditary Member of the Hungarian House of Magnates

Lieutenant of Reserves in the North Hussars Count Nadasdy with

Fraulein Gladys Vanderbilt Daughter of the late Herr Cornelius Vanderbilt and his consort, nee Alice Gwynne.

The church wedding occurs on 28 in New York, No. 1, West 67th street. Given at our palace of Oermeeze.

In the month of January, 1908. Outside of the Vanderbilt home a great crowd of the curious public gathered, hoping for a glimpse of the count and his bride, and watching the arrival of the guests. There was no disorder among the crowd, for the

Didn't Agree with Me

Mr. Arthur Tension, 88 London Street, Toronto, writes enthusiastically of the merits of Psychine for all stomach troubles.

"For seven years I have had indigestion and dyspepsia. I tried scores of remedies. My room resembled a drug store with nostrums which I had bought. Eventually I used Psychine, and every dose brought permanent relief."

All throat, lung and stomach troubles quickly cured by Psychine. It is the prescription of a great specialist. At all druggists, 60c and \$1.00, or Dr. T. A. Shuman, Limited, Toronto.

streets were patrolled by nearly 100 policemen.

The Ceremony.

Promptly at noon the wedding ceremony was performed in a large drawing room on the Fifth Avenue side of the house, in which a bower of palms and arches of orchids were constructed. Beneath the arbor a temporary altar was erected and in front of this the ceremony was performed by Monsignor Michael J. Lavelle, rector of St. Patrick's Cathedral. The bride was escorted by her elder brother, Cornelius Vanderbilt, down an aisle bordered with palms, entwined with a great abundance of orchids to the altar.

Count Szechenyi was attended by his brother, Count Divys Szechenyi. The ceremony of giving away the bride was performed by Cornelius Vanderbilt.

The wedding chorus from Gault's cantata, 'Ruth,' was sung by thirty boys of St. Patrick's chancel choir, attired in surplices and red cassocks, accompanied by the organ and assisted by the Cathedral's male quartet.

The Bride's Costume.

The bride wore a gown of ivory satin, with embroidery, point lace and garlands of orange blossoms. Her veil was of point lace, caught with sprays of orange blossoms. She carried a shower bouquet of orchids and gardenias.

The bridesmaids were Miss Ruth Vanderbilt Twombly, her cousin, and Miss Dorothy Whitney, daughter of Wm. C. Whitney. The bride was also attended by her little niece, Miss Flora Payne Whitney, daughter of Mr. and Mrs. Harry Payne Whitney.

Among the ushers were Count Stefan Szechenyi and Count Paul Esterhazy.

Patched Up Feud.

Every possible eleventh-hour effort was made Saturday to patch up a truce in the Vanderbilt family feud in order to make the marriage a society success. The mother of the bride, Mrs. Vanderbilt, sent a 'long telegram,' and followed this with a letter to Alfred G. Vanderbilt, who, with his wife has been living in the Adirondacks since it was decided that Miss Vanderbilt's fortune should be turned over to the foreman.

Mrs. Vanderbilt also sent a letter to her son, Cornelius, who has not been near the house since the arrival of the count. Friends of the family say that the mother of Gladys has set her heart upon the carrying out of the European custom, of having the bride given away by the head of the family.

Cornelius.

Alfred Vanderbilt balked at being best man at a wedding of which he is said to strongly disapprove, and it seemed probable that Reginald would be called upon to give the bride away. The count, however, is said to have expressed wonder that Cornelius, the actual head of the family, should not perform that function.

The efforts of Mrs. Vanderbilt to communicate with Cornelius, even at the eleventh hour, were taken by members of the family to mean that she was willing to go a long way to induce the eldest son to appear at the ceremony.

A complete surrender of the American idea to the European idea thus makes the marriage.

Gets Most of Fortune.

The entire fortune of the bride with the exception of about \$100,000 in New York Central bonds, of which she has the income and which the lawyers find they cannot touch, will be placed in charge of the Hungarian nobleman to conform with the laws of his country, which do not permit the ownership of property by a wife.

Miss Gladys has not been allowed the privilege of the poorest American girl, of meeting her sweetheart alone. Even two days before the marriage she was only allowed to talk with him when an older woman was present. This chaperonage was carried out to the most minute detail, and friends who witnessed its working were amazed.

Moreover, the marriage ceremony itself indicates the portrayal of a court function in Europe rather than an American society event.

Reggie in Knickerbockers.

Not only did Reginald Vanderbilt wear knickerbockers in order to copy the court custom of Hungary, but several of the men guests, intimate friends of the family, appeared in court costume.

The line appears to have been drawn at the wearing of sword, for neither Reginald, the ushers nor intimate friends appeared prepared to defend the bride with force of arms. Society was more deeply interested in the wedding arrangements than it has been in any event for several years.

Friends of the Vanderbilts cannot quite as yet catch the European idea which brought seven of the friends of the count to this country without any presents for the bride. The count has always lived entirely dependent upon the Vanderbilt family until he came to this city, when he took up his residence with Harry Payne Whitney.

Count is no 'Spender.'

Friends of the Vanderbilts who have followed the count's career in America declare that his expenses are next to nothing, and his popularity with the employees of the Vanderbilt family is reported to be about the same.

Reginald Vanderbilt took the proposition that he appear in knickerbockers and be ready to give the bride away with great good humor. He is responsible for suggesting to other guests that they also don court costume.

The result of the Basket-Ball game played in the Y M C A between Moncton and Chatham, was in favor of the home team.

IN THE WORLD OF WOMEN.

An Interesting Letter About Colors And Flowers.

Blue in many different shades is being worn a good deal in New York just now—and doubtless this particular fashion wave will engulf Campbellton in its turn. There are so many pretty shades of blue now-a-days that it seems a far cry from the days of our grand-parents when there was only a limited variety of the favorite color to be obtained. One of the most becoming of the new shades is Cadet blue, while others are Copenhagen blue and Nattier blue.

Someone, I forget whom, has written a little book all about lilac. The volume is beautifully bound in lilac purple, while a graceful specimen of the fragrant flower forms the frontispiece. The garden lovers find such books very acceptable. It is as though they caught already the opening notes of the distant spring song, and heard all the birds a-twitter among the green leaves. There is no more beautiful flower than the lilac, and it is certainly far worthier of the writer's art than the sensational escapades that form the stock-in-trade of so many novelists. Lovers of flowers, and especially of the lilac, should hasten to place this little book upon their shelves.

The following is an interesting passage from the letter of a lady missionary in China, which will be appreciated by all garden lovers: 'You ask if we have many homely flowers in China. Not many, but what we have we value very much. They include buttercups, sorrel, wild roses (wild and not scented) honeysuckle, violets (also not scented), one or two kinds of clematis, also a kind of may or hawthorn lilac (unscented), exquisite pink and yellow azaleas, and wonderful tall white lilies.' These are all wild. People also cultivate camellias, chrysanthemums, gardenias, and a few others, but as a rule they care very little for flowers or for natural scenery. I think it needs the knowledge and love of God to make one appreciate His works. We find the Christians much more ready to appreciate the beauty of His handiwork, especially those who have known Him for years.'—Church Family Newspaper.

While the pink begonia, called the 'Gloire de Lorraine,' is one of the most satisfactory Christmas plants when on its best behavior, it is really very difficult to carry through the summer. Sometimes it drops its leaves soon after leaving the florist's store; in that event it requires patience and courage to undertake to bring it to bloom again. If the leaves remain green and buds are to be seen at the tips of the shoots there is hope that it may bloom again. It has been known to bloom in the house from Christmas until May. If it does this it should be given a rest in May, by gradually withdrawing water, though it should never be allowed to remain dry more than a few days at a time, when it should again receive water enough to keep the leaves and stems from wilting. As soon as new shoots begin to sprout from the base of the plant, the water should be given more freely, and after a few inches of growth are made, the old shoots should be cut away. The soil should be then replaced with fresh soil, a part of which is leaf mould—soil from the woods.

This plant does not take kindly to outdoor treatment and should therefore be kept indoors all the year. If it does well all winter, with its free-blooming qualities, there are very few more satisfactory plants for the home.

There are many other varieties of begonias that are easy to grow, but none is so free-blooming or so cheerful a pink in color as the 'Gloire de Lorraine.' There are two varieties of 'Lorraine'—one with the lighter pink flowers is the most satisfactory plant for the house.

Cyclamen plants are among the most satisfactory house plants we have, and they are becoming more popular each year as their requirements are better understood. Cyclamen flowers will last in good condition some weeks in a cool room where the direct sunlight does not strike them. A temperature of fifty-five degrees at night is warm enough, and the flowers possess more substance when produced in that temperature than in one higher.

If not allowed to become dry at the root, and if not given more water than they need they will keep on blooming until the weather becomes warm enough for most plants to be put outdoors. They should then be taken out of their pots and planted in the garden, in some shady spot where the sun shines only early in the morning and late in the afternoon. About the middle of September they should be taken up and potted carefully, making the soil quite firm, in pots not too large—which means that if they were growing in pots six inches across before being planted out, pots of the same size will be large enough for the first potting in the fall, as there is more danger in too large a pot for this kind of plants than in one too small.

Be careful not to allow the bright sun to shine on the plants at any time during their existence, except during dull winter months, when they will enjoy all the sun they can get.—Western Home Monthly.

Scribblers 3 cents; two for five cents, at the Advocate Office.

SAVE THE CHILDREN

Insure Them Good Health.

Ninety per cent. of children, under twelve years of age, are being poisoned and parents don't realize it. Irregular bowels are the chief cause. You parents know that your bowels should move every day. You know you must be as regular as clock-work, or the blood will become tainted.

Don't you realize that the children must be as orderly in getting rid of the waste matter of their system?

Then, if you find that any of the little ones go two or three days without action of the bowels, don't run to castor oil, senna tea, calomel, cascara or harsh "liver pills." Those simply purge the child—strain the bowels.

"Fruit-a-tives" are the ideal medicine for children. They are fruit juices and tonics in the form of a pleasant tasting tablet. "Fruit-a-tives" stimulate the liver, causing more bile to flow. It is the bile, given up by the liver, which moves the bowels. "Fruit-a-tives" regulate the liver and bowels, and thus completely cure constipation. They sweeten the stomach, and are the finest tonic in the world to build up the system and make children plump and rosy. 50c a box—six for \$2.50. Send on receipt of price if your dealer does not handle them. "Fruit-a-tives" Limited, Ottawa, Ont.

BATHURST NEWS AND NOTES.

Successful Carnival.—Names of Ladies And Discriptions of Costumes.

H. PRICE WEBBER.

O. Turgeon Campaigning.—Social And Personal Items.

BATHURST, Thursday.—Fishermen report a fair catch of smelts. Tommy Cod are very plentiful.

R. M. Wyman, A. W. Gardeur, Yarmouth; Jas. LeGallais, St. John; Sidney DesBrisay, Petite Rocher; C. E. Taylor, F. W. Coombs, Moncton; are at the Robertson House.

The Boston Comedy Company played tonight to a crowded house last evening. Leading parts were held by Edwina Grey, Mrs. Harcourt, Messrs. Collins, McHurdy, and Webber, and all were decidedly favorably impressed with their appearances. Price, as usual, greeted his hearers with some of his original jokes on local politicians and hotel keepers. Tonight they will present the Gold King, and close their engagement with the popular Kathleen Mavourneen.

BATHURST, Friday.—O. Turgeon, M. P., arrived home yesterday and has gone down the coast in the interests of his party.

F. Roy Sumner, Moncton, is in town. The Boston Comedy Company played 'The Gold King' last evening. Hal Collins as Jack Goodman, the Gold King, was strongly favorable. Frank McHardy appeared as Squire Ludlow which he filled excellently. Price Webber was Dan McGinty, the Irishman, and kept the audience in laughter. Edwina Grey as his daughter Pug, and sweetheart of the Gold King was very interesting. The company close their engagement tonight with the old favorite, Kathleen Mavourneen.

George and Miss Buttler returned last night from St. John and Moncton.

G. O. Bluet, J. Read, Toronto; Geo. H. Turton, Montreal; J. A. L. McMurphy, P. L. Cosman, J. A. Kelly, A. B. McLean, J. A. Martin, St. John; E. N. Barnes, Halifax; E. W. Seeley, Moncton; Gilmore Brown, Fredericton; are registered at the Robertson House.

About six inches of snow fell during last night.

In spite of unfavorable weather condition the open air rink has been some green leaves and tender stems of a lung healing mountainous shrub.

BATHURST, Saturday.—The carnival held here last evening on the open air rink was a decided success. About fifty appeared in costume.

The following are some of the ladies and their costumes:—Miss Violet Goodwin, Lady of the Lake; Miss Marion Hinton, Pocomontus; Miss Millie Branch, Hope; Miss Bessie Smith, Nurse; Miss Mildred Williamson, Tamborine girl; Miss Nellie Branch, woman from Wales; Miss Belle Morrison, Night; Miss Lulu Shirley, Post card girl; Miss B. Melvin, Black Diamond; Miss M. Harrington, Summer; Miss Maud Shirley, Good Luck; Miss Ethel Thibedeau, Night; Miss Kelly, Snowshoe Lassie; Miss Gertrude Leahy, Summer; Miss Rita Shirley, Scotch Lassie; Miss Bessie Rogers, Blue Bell; Miss Annie Miller, Hooey Girl; Miss Alice Gammon, Hockey Girl; Miss Liza Patterson, Night.

Those receiving most comment were Misses Morrison, Hinton, Harrington and Rogers.

The following were some of the gentlemen present and their costumes:—John Petrie, Italian wanderer; John McTominey, Mother Hubbard; Felix Blanchard, Cowboy; George Gammon, soldier; Harold Hinton, clown; Chas. Ellis, Donalio; Duff Miller, clown; Fred Gatlin, Esquimaux; Ben. Gammon, Highland Laddie; Geo. Allison, Uncle Sam; Hector Mcanson, Admiral; Hector Legere, Santa Claus; Cecil Gammon, Grand Father's Clock; Wm. Gammon, clown; Art. Gatlin, Gondolier; Edgar Shirley, Colored Gent; Alden Ramsay, Fluffy Ruffles; Frank Gatlin, Knight of St. Valentine.

The management are to be highly complimented on their efforts and we sincerely hope they will hold at least one more this season.

Just as George Allison was leaving the ice last evening he met with a very painful accident. He stepped at the edge of the rink to speak to another skater when someone skated against him knocking him down. To lessen the fall he threw his hands out and struck the ice with such a force as to break his right arm about two inches above the wrist. Mr. Allison is a blacksmith and will be obliged to remain idle for at least two months.

H. Price Webber and his company left this morning for Newcastle. Last evening the presented Kathleen Mavourneen. Their many friends hope to see them return next season.

CARNIVAL AT LOGGIEVILLE TO-NIGHT.

CHATHAM, Friday.—The big carnival of the season is to be held Wednesday evening Feb. 12th, in the Loggieville rink. The train leaves Chatham at 7.30 and returns at 11.30 p. m. Parties of ten or more are entitled to a return ticket at a single first class fare. There's to be a band in attendance.

John Robinson, game warden of Newcastle, was in town yesterday.

Restigouche County Liberal Convention.

At the Liberal Convention in Campbellton on Thursday, Hon. C. H. LaBillico and Wm. Curry, M. P. P., were unanimously renominated to contest the local elections. At the public meeting in the evening the principle speakers were Hon. Mr. LaBillico and Premier Robinson.

Hon. Charles H. LaBillico. Mayor Murray in introducing the speakers referred to Mr. LaBillico's twenty-five years' uninterrupted service for the County of Restigouche, services which in that time were invaluable to this county.

Mr. LaBillico thanked the chairman for his kind words and said that if he listened to his own wishes his speech would be short, but in fairness to the premier, in fairness to the electors and in fairness to himself he would be obliged to go into matters more fully as he felt it was due the electors that he give some report of his stewardship.

He would ask those present to go back with him to the beginning. In 1882, when Mr. Kenny, who by removing from Restigouche and settling on the St. John river created a vacancy, a number of his friends, feeling that the French population, which had increased in numbers, was entitled to one representative, had induced him to allow himself to be placed in nomination and had been finally persuaded to enter the contest. With the large number of staunch friends, many of which were due to the influence of his father before him, he had little difficulty in securing his election, and since that day he had been successful, he had ever worked in the best interests of the county. It gave him great pleasure that afternoon to be again unanimously chosen, along with Mr. Currie, to contest the grand old county of Restigouche in the interests of the Liberal party. His colleague, Mr. Currie, was a very able man, a man who had the grasp of the business of the province, a man who could attend to the county business in the legislature in a manner equal to any this county had ever sent to Fredericton.

The Road Act. One of the great canvasses used against the present government, and one that is used at every opportunity, is the Road Act. Before the road law was enacted it was a notorious fact that forty-five per cent. of the statute labor was never done, that the roads were not attended to as the government would wish. With this in view the present road law was enacted. It had been in some respects a disappointment to the government, and now the conclusion had been arrived at that this law would be repealed, and another enacted, making it optional to do statute labor, and allowing the municipalities to elect the officers and say what amount of money was to be expended. Now that this law will be repealed it should not be used as a canvass.

Go Back Twenty-Five Years. The premier would deal with the financial and other phases of the government's policy, so he would not dwell upon them. If the older electors will go back twenty-five years and view the schools of that day what would they find, what was the state of the schools of those days? They were poor in number, poor in character and almost useless as factors in the education of our young people. Contrast this with the state of affairs of today, when every parish has fine school houses of modern type, when nearly every child can read. Twenty-five years ago one or two newspapers were received in each settlement. Today every home has its newspaper. Take the parish of Balmoral as an example. The people of that parish are a working people, are a sober people, and a quiet people, but what was the state of their schools? They were not fit for school purposes, and there were not enough of them. The clergy and business men endeavored to have this remedied, but every resident wanted the school built at his own door, so nothing was done. At last he had called a meeting of the electors, had talked plainly to them, and the result was that today the settlement had its nine miles of road seven fine schools, which were a credit to the county of Restigouche. The same can be said of the Tobique, of Lorne, of Robinsonville, of Sellerville, of Glencoe, and other parts of the county.

Something of What Has Been Done. He had always in mind the advancing of the best interests of his constituency. You will find that the first bridge to be built across the Upsalquitch had been obtained by his efforts, the roads between Balmoral and Campbellton had been opened up and put in fit condition. New wharves had been built where they were most needed and at the present time preparations were being made to build a fifty or sixty foot addition to the Heron Island wharf. Also look at the numerous fine steel bridges which have been built, and at the present time tenders are being asked for the new steel bridge at Eel River bar.

Let us look to the future. There is not a town in the province which has before it such bright prospects as Campbellton. If the citizens of this town but formulate a progressive policy, in twenty years, even less, Campbellton will have a population of twenty thousand. You want harbor improvements, you want the river dredged so that larger vessels can

come up the river, you want shops to give employment to men, and steps should be taken to bring those works which a short time ago were removed to Riviere du Loup. He was glad to state that there was a good chance of some of the local government bridge work being done here and he was pleased to announce that the firm of Duncan & McLennan were about tendering for the steel work on the Eel River Bar bridge. This would mean something to the town of Campbellton.

Interprovincial Bridge. The interprovincial bridge at Matapedia was another matter which he was glad to be able to state was almost an accomplished fact. At a meeting of the government to be held shortly an order in council would be passed for \$5,000. The Quebec government would also vote a like amount and the Dominion, through the Hon. Wm. Pugsley, has pledged to vote \$20,000 toward the work, which together with the steel work of the former I. C. R. bridge valued at \$30,000 will make the structure cost \$60,000. Then there was the other interprovincial bridge at Campbellton. He had been informed by Mr. Malcolm that by the efforts of Mr. Marcell, this bridge would be made free to passengers. The only stipulation was that the province of Quebec was to maintain one half of the passenger section and New Brunswick would maintain the other half. Thus with out one cent of taxation on the people of New Brunswick this bridge costing between four and five hundred thousands of dollars will be built.

Vote the Ticket. When the premier had reconstructed his government, he (Mr. LaBillico) had been offered the provincial secretaryship, which was a promotion and carried a larger salary, but he had declined feeling that he could serve the county to better advantage in his present position. He asked all his friends to vote the straight ticket on March 3rd.

Although the French blood flows in my veins yet I believe that it was a great day for my race when the British were victorious on the Plains of Abraham, when the British flag was raised over Quebec. It was true we sometimes had our little differences in local politics, but when the larger issues came up these were all forgotten, and we were a united people. In conclusion he promised the electors five years of unprecedented prosperity if they elected him and his colleague on March 3rd. Applause.

Mayor Murray in introducing the speaker of the evening, Hon. Premier Robinson, read an address from the citizens of Campbellton, welcoming him to the town.

Premier Robinson. Premier Robinson on rising to speak was received with cheers.

He thanked the people of Campbellton for the kind words contained in the address. This was the first time he had ever appeared before an audience here, and appreciated the honor done him. In his remarks he would have to cover a lot of ground, but he hoped the audience would bear patiently with him.

Financial Matters. One of the most important questions which has been discussed time is the financial condition of the province of New Brunswick. One of the first things I did when called to the position of Premier was to examine into the financial conditions of this province. I found that the monies expended on bonds coming due, expenditures on steel bridges, subsidies, and the purchase of the Central Railway had not been met by a bond issue because of the condition of the money market at that time, it not being in a good position to sell bonds. Hon. Mr. Tweedie when he found these amounts coming due thought best to make temporary loans at five per cent., rather than issue bonds. As soon as I came to the position of Provincial Secretary, I took a trip to Montreal and consulted some of the best financial experts in Canada, and was told by those well qualified to give advice that the opinion of the best financial minds in Canada was to make a temporary loan at five or six per cent., rather than sell bonds at the rate of the money market. The opposition papers made certain statements at that time which I claim no patriotic citizen would demean himself to do, when they made the absurd claim that New Brunswick was on the verge of bankruptcy. I laid the case before the Bank of Montreal, the best financial institution in Canada, and all the money I needed at five per cent. I ask you which is the best authority for the financial standing of the country, a barn-storm lecturer or a great financial institution.

Mr. Hazen said at Bathurst that the public debt was nearly nine million dollars. It has been shown that in the statement there was an error of over two millions. The same considerable sum was in three times, and several other items were in twice, which Mr. Hazen himself was forced to admit, and yet that statement was published broadcast throughout the province of New Brunswick in pamphlets and tory newspapers.

Mr. Robinson offered to Mr. Drummond had told him that there was 20,000,000 tons of ore in sight in

Sale of Furs and Ladies' Coats

Our cold winter weather has set in earnest. Two long months of frost has yet to be endured. Why go cold? Prices have fallen below zero here. Remember our furs are reliable and every one guaranteed.

AGENTS STANDARD PATTERNS.

or any reputable institution, and to stoke my political life on the issue.

Challenge Not Accepted.

As there is no immediate prospect that our conservative friends will ever get into power to do the examining themselves, I have engaged experts who have been recommended to me by the Bank of Montreal who are going to work at once upon the books and accounts of the province, and whatever their report, it will be placed fairly and squarely before the people. If it condemns the government I cannot help it. We are going to give you facts. Premier Robinson quoted figures extensively to show the excellent financial standing of the province. He said money had been expended, but wisely spent. The people of New Brunswick are as progressive as those of any other part of the Dominion of Canada, and they want public works so long as their monies are prudently and wisely expended.

Branch Railways.

The absorption of the I. C. R. of the branch lines of this province has been one of the favored ideas of Hon. H. R. Emmerson. It was the duty of the provincial government to back it up. We have the sympathy and support and influence of Hon. Wm. Pugsley, Minister of Public Works in this important undertaking, and I believe the time has come when these branch lines will become feeders and part of the system of the great I. C. R.

School Books.

In regard to the school books, it is very desirable that the price of these be reduced. We have decided that we will appoint an independent commission of men who understand the publishing of school books and the requirements of the schools, who will be able to go into this question regardless of politics entirely, go into the matter and see if there is any possible way by which the price of school books can be reduced.

The readers which we use in the province of New Brunswick are splendid readers and so high class that they have been adopted in the whole or in part of every province of the Dominion except Ontario and Nova Scotia. But if there is any possible way of reducing the price of readers, we are one-half he is saying what is impossible.

A Policy For All.

Mr. Robinson stated that his policy was one which would appeal to all. Hazen says he can reduce the price of school books from two-thirds to sections of the country. He referred to the International railway project. It was all very well for Mr. Hazen to go on the platform in Westmorland, a county which was at present honey-combed with railroads, and say that we should not guarantee the bonds of the International railway. We, however, look at the matter in a broader light. Restigouche, as Mr. Currie says, contributes about twenty-five going to do it. We want to see our children well educated. When Mr. per cent. to the total revenue of the province and we feel that there is something due to it. Indeed it is only fair that we do all we can to assist this county. We are doing all we can to aid the International railway of which my esteemed friend, Mr. Thos. Malcolm, is the head and we intend to do so, believing that it will in time be the means of adding greatly to the revenue of the province.

Mr. Robinson referred to his controversy with Mr. Flemming. He told of his offer to appoint unbiased experts to examine the accounts and report upon the same. He declared that it was the purpose of his government to develop the resources of the province in every way. He referred to the development of the coal fields at Chipman and the iron ore properties in Gloucester. He said that Mr. Drummond had told him that there was 20,000,000 tons of ore in sight in

Gloucester and that it would be developed for all it was worth. A smelting plant and iron works would be erected at Bathurst similar to those at Sydney. The premier felt that there was unbounded mineral wealth in the province and it would be the purpose of his government to encourage it in every way possible.

Tribute to Mr. LaBillico.

Mr. Robinson paid a high tribute to Mr. LaBillico. He said that the commissioner of public works stood high all over the province. He was the dean of the government, so to speak, being the oldest member. The premier considered it an honor to have the benefit of his advice and experience. He felt also that Restigouche should feel honored in having so able and energetic a representative as Mr. Currie. He was a good man and his county should be proud of him.

In conclusion Mr. Robinson expressed the belief that there was great future in store for both Campbellton and Moncton as railway centres.

He added finally that the government was meeting with great success in all parts of the province and by Saturday night would have all its candidates in the field. He had no doubt about the government's success.

MEAL TIME MISERIES

Indigestion Can be Cured by the

Tonic Treatment of Dr.

Williams' Pink Pills.

There is only one way to cure indigestion and that is to give your system so much good, red blood that the stomach will have strength enough to do its natural work in a healthy vigorous way. Many dyspeptics dose the stomach with tablets, syrups and other things alleged to assist in digesting food, but these things merely give temporary relief—they never cure indigestion—and the trouble grows worse and worse, until the poor dyspeptic is gradually starving. In a case of indigestion a half dozen boxes of Dr. Williams' Pink Pills are worth all the mixtures and so-called pre-digested foods in the country. These pills cure indigestion because they strengthen and tone the stomach, thus enabling it to do the work nature intends it should do.

Mr. Paul Charbonneau, St. Jerome, Que., says: "For months I suffered from indigestion. After every meal the misery was intense, so that I finally ate most sparingly. I tried several so-called indigestion cures, but they did me no good. My health began to run down. I suffered from headaches and dizziness and pains about the heart. Often after the lightest meal I would be afflicted with a smothering sensation. Finally my mother induced me to try Dr. Williams' Pink Pills. Under the use of this medicine the trouble began to disappear, and in less than a couple of months I had completely recovered my health and can now enjoy a hearty meal as well as any one."

It is because they make new, rich blood that Dr. Williams' Pink Pills always cure indigestion, anaemia, rheumatism, heart palpitation, neuralgia, sciatica, St. Vitus dance, and the headaches, backaches and other indescribable ills of girlhood and womanhood. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A meeting of persons interested in Sunday School work is called at the residence of Mr. Simon McLeod Thursday evening at 8 o'clock.

DOILEY SALE AND VALENTINE FIVE O'CLOCK TEA.

The Ladies' Aid of St. James Church will give a Doiley Sale and Valentine Five o'clock tea in their Sunday School Hall on Friday, the 14th inst. Doors open at 4 p. m. Tea served from 5 to 7. Admission and tea 25c. 1 ticket.

GOVERNMENT HAVE STRONG TEAM.

York County Liberal Convention
Name Burden, McLellan,
Goodspeed and Brewer.

FREDERICTON, Wednesday.—The Liberals of York in convention here this afternoon unanimously nominated Hon. E. H. Allen, provincial secretary; cleaned and the carnival will be held R. W. McLellan, a barrister of Fredericton, Councillor Goodspeed of Nashua and Geo. F. Burden, M. P. P. of Pokok. Notwithstanding the cold weather and heavy roads the convention was one of the largest, most representative and enthusiastic ever held here. As the convention was called on only a week's notice a large attendance was scarcely looked for and the fact that every parish was represented except far-away North Lake, it was a general surprise to everybody. One delegate, past four score years of age drove nearly 30 miles in zero weather to show his fealty to the cause of liberalism. All four candidates made stirring speeches accepting the nomination and promised to do their utmost to carry the standard to victory. W. T. Whitehead, liberal candidate for Ottawa also made a few remarks pledging his support to the ticket. A delegation composed of Bishop Richardson, Rev. S. J. H. MacDonald and Father Carney, representing the Social and Moral Reform League, submitted resolutions against bribery and corruption which were endorsed by the convention. A committee of twenty-five was afterwards appointed to confer with a similar number from the conservative party with a view of arranging for a pure election.

INTELLIGENCE FROM MONTREAL

Woman Frozen In Blizzard.—Girl
Burned To Death.—A
Mixed Marriage.

MONTREAL, Sunday.—Mrs. Rodolphe Robitseau who battled with a blizzard for two days and two nights together with her husband near their home at St. Jovite, Quebec, died in the Notre Dame Hospital early today. The poor woman was frozen from head to foot.

Rosa Solomon, six years old, is dying as a result of setting her clothing on fire accidentally today with a candle. Her father and a boarder named Konchuk were severely burned in trying to smother the fire. The victim's sister is lying dead at the isolation hospital for scarlet fever, and another sister is ill with this disease. The mother is prostrated over the family afflictions and her recovery is doubtful. The family reside at 1116 St. George Street.

The marriage of Miss Strathy to Mr. James G. Lewis which was postponed by Archbishop Bruchet as a mixed marriage was performed at the bride's home on Wednesday evening by a Protestant clergyman, Rev. Dr. Barclay, pastor of St. Paul's Presbyterian church. It is believed that the Archbishop might permit the ceremony to be performed by a priest in an adjoining diocese but the couple were refused even this privilege.

ASSIGNEE'S NOTICE.

TAKE NOTICE that Frank Hachey of the Parish of Rogersville in the County of Northumberland and Province of New Brunswick, Merchant, pursuant to the provisions of Chapter 141 of the Consolidated Statutes of New Brunswick entitled "An Act Respecting Assignments and Preferences by Insolvent Persons" did on the SECOND day of November instant make a general Assignment, for the benefit of his creditors to the undersigned, John O'Brien, of Nelson, in the said County of Northumberland, High Sheriff of the said County; and also that a meeting of the Creditors of the said Frank Hachey will be held at the office of E. P. WILLISTON, Esq., in the Town of Newcastle on FRIDAY the FIFTEENTH day of November A. D. 1907, at three o'clock in the afternoon, for the appointment of Inspectors and giving of directions with reference to the disposal of the estate and the transaction of such other business as shall legally come before the meeting.

And NOTICE is further given that all creditors are required to file their claims, duly proven, with the said assignee within three months from the date of this notice, unless further time be allowed by a Judge of the Supreme or County Court and that all claims not filed within the time limited or such further time, if any, as may be allowed by any such Judge, shall be wholly barred of any right to share in the proceeds of said estate and that said Assignee shall be at liberty to distribute the proceeds of the estate as if any claims not filed as aforesaid did not exist, but without prejudice to the liability of the debtor therefor.

Dated at Nelson aforesaid this SIXTH day of November A. D. 1907

JOHN O'BRIEN,
High Sheriff of the County of Northumberland, Assignee.
No. 6—3m.

Salvation Army Praise

"I feel it my duty to testify to the benefit I have received from the use of Psychine. While travelling in New Ontario conducting special meetings I contracted a very bad cold, which gradually developed into Bronchitis of the worst form. I was advised to try Psychine, which I did, and after using but a few bottles I was completely restored to health. I recommend this wonderful remedy to sufferers from Bronchitis and other troubles."

Later: "I wish to add that my voice, since using Psychine, is stronger and has much more carrying power than it had before I had bronchitis, and the vocal chords do not tire with speaking."

P. TILLER, Capt. Salv'n. Army.
Ann St., Toronto, Aug. 13, 1907.

Throat, lung and stomach troubles cured by Psychine; also incipient consumption. All druggists, 50c and \$1.00, or Dr. T. A. Sloan, Limited, Toronto.

GATES' ACADIAN LINIMENT

For Internal and External Use.

A few drops in a cup of hot water, well sweetened, makes a pleasant drink and is the best remedy for COUGHS AND COLDS.

After a cold winter's drive, a seat by the fire and a cup thus prepared will be highly prized.

As an application for cuts, bruises, sore throat, croup, burns, headache, rheumatism, etc., Gates' Acadian Liniment is the

Best Because Strongest.

Hence a certain quantity lasts longer than of other liniments by side giving better satisfaction. It will also remove the "black and blue" from bruises when other liniments fail.

It is equally useful for Horses, and hundreds of stable and lumbermen keep it constantly on hand, for scratches, sprains, swellings, coughs, distemper and other ailments of their horses and cattle. For colic it is of a bottle given in a bottle of milk or water is a speedy and positive cure.

Athletes have found Gates' Acadian Liniment excellent for a rub down.

It is sold everywhere at 25 cts. in 3 oz. bottles, each fitted with a rubber cork to preserve all the strength.

BATHURST NEWS.

BATHURST, Wednesday.—The Boston Comedy Co. played last night to a full house, "Beyond the Rockies" being the play.

The scene of the tragedy is on the Edwin Grey received a hearty reception as she played her part excellently. Mr. Harcourt as Nat Webster was a strong favorite. A. L. Hickey took the part of the gambler and villain of the play which he filled well. Harold Collins took an active part as Hant Jordan, the adopted father of Tris.

The death of D. G. McLachlan occurred between twelve thirty and one o'clock at the Robertson Hotel. Deceased was seventy-nine years of age and until a few months ago was active. He was a staid and respectable man for a number of years and was known to all as "Judge". He is survived by three sons, Ferguson, Augustus and Harry, all living in the States. Ferguson was with his father at the time of death, having been called here a few weeks ago. Deceased was one of the oldest and most highly respected citizens of our town.

Councillor Fred S. Legere of Carleton, was in town yesterday returning home this morning.

A. J. Witzel, Tracadie, and opposition candidate for the Legislature is in town.

F. A. Dixon, of Sackville, arrived last night and assumed the principalship of the Grammar School this morning. The scholars have had an extra three week's vacation since the resignation of Mr. Mitchell.

Miss Nellie Meahan was obliged to close her school at Carleton Point yesterday, the result of a slight fire, caused by a defective chimney. The fire was discovered at noon and from appearances had been smouldering for some time. A neighbor climbed to the roof and Miss Meahan assisted by the pupils carried and passed water with which he succeeded in extinguishing the flames.

Tonight the Boston Comedy Company play "Bought" and tomorrow night "The Gold King".

THIS IS AID TO HELP MARY.

(Not from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce;

Compound Sassafras, three ounces;

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidney, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix as above give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

All notices of society meetings, etc., will henceforth be charged at the minimum price of 25c each. Resolution of Condolence at the rate of \$1.00 each.

At the last meeting of Alexandra Lodge, L. T. E. A. Thursday night, Misses Elizabeth G. H. Dix and Francis Fagan and Mr. Jas. J. Stewart were initiated and the following officers were elected and installed by Deputy-Grand Master, Henry Wyse: W. M., Mrs. Thos. J. Jeffrey; D. M., Mrs. W. H. Gifford; Rec. Sec'y., Mrs. H. Wyse; Fin. Sec'y., Thos. J. Jeffrey; Treasurer, Henry Wyse; Chap., Jas. J. Stewart; D. of C., Jas H. Rowe; Conductor, Miss Frances Fagan; L. T., James Mullin; Counciler, Mr. and Mrs. H. Wyse; Mrs. Jeffrey, Mrs. Gifford, J. Stewart Lodge meets in True Blue Hall on Castle Street, second and fourth Mondays of each month.

ELECTION CONTEST.

The publishers of the Morning Graphic and Events are offering handsome prizes to the person guessing the successful candidates in the three northern counties of New Brunswick, together with the number of votes received by each. Every reader may guess as often as he or she likes. There are nine prizes so the chances of winning are good. Read adv. for rules governing the contest, and then send in your guess.

Stop that tickling Cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly effective, that Dr. Shoop tells mothers to use nothing else even with very young babies. The wholesome green leaves and tender stems of a lung healing mountain shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Thos. J. Durick.

Heavy snow storms occurred on Wednesday and Saturday nights, blocking the woods and delaying trains. The thermometer on Saturday morning registered 32 below, yesterday morning it was 32.

Grand Casapedia 'A.

GRAND CASCAPEEDIA, Wednesday.

Misses Viola Gilker and Edith Wilmet met with an accident Monday evening, which might have resulted seriously had it not been for the assistance of Ernest Harvey, who happened to be present. While returning from the post office their horse became unmanageable, and coming on the ice, upset the rig, throwing the girls some distance. The horse at once started, but getting his leg over the shaft was directed up the river. Mr. Harvey, being just ahead, started at once after the animal, overtaking him and bringing him back safely to the scene of the accident. Miss Gilker escaped with slight scratches on her nose and forehead, and Miss Wilmet with losing her cap.

In last week's notes which read Mr. Nevill Stewart of New Richmond was the guest of Mrs. John Gilker on Sunday evening, should have been Mrs. James M. Gilker.

The weather still continues cold and stormy, on Tuesday evening the mercury falling to twenty-one, being the coldest of the season.

Schools and churches have re-opened after being closed two weeks, owing to the small-pox scare.

Henry Nadeau is at present spending a few weeks with his brother in Port Daniel.

Congratulations to Mr. and Mrs. O. Harrison on the arrival of a baby boy in their home.

James Timond, of Shigawake spent a few days here last week visiting his sister, Mrs. William Robertson.

P. E. Amiot, government engineer, with N. Arseneau of St. Omer, has been here this week to sign the contract for the St. Omer wharf. They have been the successful tenderers for the work.

The St. Jules schools have again opened, all fear of the small-pox having passed. Only one house has been infected in this part of the county and the case was discovered in time to prevent any spread of the disease.

CASTORIA.

PLANNED ALFONSO'S DEATH.

Anarchist Intended to Murder Spanish King and Queen.

GIBRALTAR, Tuesday.—Advices received here state that a dangerous anarchist, Jose Amador, by name, has been arrested at Algeiras on his way to Seville. The police intimate that he intended to make an attempt upon the lives of King Alfonso and Queen Victoria, who are now at Seville.

CATARH CANNOT BE CURED.

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best blood purifiers taken directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarh. Send for testimonials free. F. J. CHENEY & CO., Prop., Toledo, Ohio.

Sold by Druggists price 75c.

Take Hall's Family Pills for constipation.

WILL RESTORE OLD RATES.

LONDON, Tuesday.—The Canadian Associated Press understands that the result of the conference between the Trans-Atlantic Steamship Companies will be that the first and second class rates will be restored on the old basis and possibly made higher in some instances. In the case of third fares the old rates will be restored.

"Health Coffee" is really the closest Coffee imitation ever yet produced. This, the finest Coffee Substitute ever made, has recently been produced by Dr. Shoop of Racine, Wis. Not a grain of real Coffee is in either. Health Coffee is made from pure toasted cereals, with malt, nuts, etc. Really it would fool an expert—who might think it for Coffee. No twenty or thirty minutes boiling. "Made in a minute" says the doctor.—Thos. J. Durick.

Stop that tickling Cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly effective, that Dr. Shoop tells mothers to use nothing else even with very young babies. The wholesome green leaves and tender stems of a lung healing mountain shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Thos. J. Durick.

GRAND CASCAPEEDIA, Wednesday.

Misses Viola Gilker and Edith Wilmet met with an accident Monday evening, which might have resulted seriously had it not been for the assistance of Ernest Harvey, who happened to be present. While returning from the post office their horse became unmanageable, and coming on the ice, upset the rig, throwing the girls some distance. The horse at once started, but getting his leg over the shaft was directed up the river. Mr. Harvey, being just ahead, started at once after the animal, overtaking him and bringing him back safely to the scene of the accident. Miss Gilker escaped with slight scratches on her nose and forehead, and Miss Wilmet with losing her cap.

In last week's notes which read Mr. Nevill Stewart of New Richmond was the guest of Mrs. John Gilker on Sunday evening, should have been Mrs. James M. Gilker.

The weather still continues cold and stormy, on Tuesday evening the mercury falling to twenty-one, being the coldest of the season.

FOUR VICTIMS OF THE FLAMES

**Terrible Fire At Grand Cascapedia
On Wednesday Of Last
Week.**

FOUR DEAD.

**How The Fire Originated Is a
Mystery.—Outbuildings
Were All Saved.**

Grand Cascapedia, Feb. 5.—Yesterday afternoon the house of Mr. and Mrs. Andrew Campbell was burned to the ground.

The occupants of the house where the tragedy occurred were Mr. and Mrs. Andrew Campbell, their son, George, his wife, and five children. Two of the children were at school at the time of the fire and another happened to be outside somewhere. George Campbell was in the woods getting out wood.

Her Clothes Were on Fire.

About noon a neighbor noticed the flames issuing from the roof of the house and hastened to the scene. At the door he met Mrs. Andrew Campbell coming out with her clothes on fire. She was calling her husband to save their grandchild Lottie. The old man was doing some chores in the stable at the time, and quickly responded to her call. He entered the house and that was the last seen of him alive. Later his remains were found beside those of his grandchild Lottie.

Mrs. George Campbell, it is supposed, ran upstairs to save her youngest child and perished in the attempt. Names of Victims.

The dead are Andrew Campbell, Mrs. George Campbell and two children, one aged two years and the other two months. Nothing was saved. The day was bitterly cold. A high north wind prevailed which helped to fan the flames and it was no time before the house was in ashes.

Mrs. Andrew Campbell was badly burned about the hands, neck and back and is at present in a precarious condition.

Mysteries Surround Fire.

How the fire originated is a mystery and how it could have gained such a headway in the middle of the day as to prevent its occupants getting out in time is still a greater mystery. All the outbuildings were saved. The neighbors carefully guarding them from catching fire. The bodies were all recovered shortly after the fire had spent itself. Those of the two grown persons were burned to a crisp, but those of the children were not badly marked, having been wrapped in blankets.

Inquest to be held. The bodies were placed in coffins and conveyed to Wm. Dimock's, a neighbor, from whose house the funerals will likely be held today.

Coroner DeWolfe of Paspebiac was expected to hold an inquest last evening. Grand Cascapedia station. The family was well-to-do and highly respected.

CHATHAM, Feb. 3.—On Saturday a carnival was held in the Chatham skating rink. There was a large number of skaters, but not so many spectators as was anticipated. Probably the severity of the weather kept a great many from attending.

There were a great number of very striking costumes. The ladies' prize was won by Miss Maxie Murdo as Minerva; and the gentlemen's prize went to Carl Waters as Christopher Columbus. The judges were Miss Katie Allen, Mrs. Pallen, Miss Cameron, A. B. McKinnon and C. N. McLeod. The band played a number of selections and everyone seemed to enjoy themselves to the full.

Saturday was the coldest day experienced here this season. In the morning the mercury fell as low as twenty below zero; but the temperature rose steadily towards night, and about seven o'clock snow commenced falling.

Judging from the scanty attendance at the opposition meeting held on Friday night in Chatham, the opposition party really can't be so strong as some of its wind-bags would have us believe.

A Prized Cough Cure

"I have not been without a bottle of Coltsfoot Expectant in the house for over nine years. At that time I procured it for a bad cold I had. It worked such wonders then that it has been a household remedy ever since, and we will have no other for coughs and colds—it is so pleasant to take, and all of my children look for it as soon as they get a cold at all. Nearly all of them have been subject to croup, and that's when I find Coltsfoot Expectant useful. You are welcome to use this testimonial as you wish."

MRS. LEWIS NIGH.

Free Sample of Coltsfoot Expectant will be sent to any person sending their name and address and naming this paper. It has established a wonderful record as a successful cure for coughs, colds, sore throat, croup, whooping cough, bronchitis and all irritated conditions of the throat and chest. It is the prescription of a great specialist in medicine. At all good druggists, 25c. Dr. T. A. Slocum, Limited, Toronto. Send for Free Sample To-day.

SPORTING NOTES

Don Hutch, the Australian champion, has a perfect record of 2:11.

Billards is now being taken up by the Japanese, and many of them are becoming excellent players.

General Watts, 2:06½, cost his present owner \$1,850. The colt won more than \$20,000 in the campaign just ended.

It's Professor Sam Berger now. The western heavyweight has been engaged as boxing instructor by the University of California.

Herman Duryea paid \$15,000 for the yearling colt Strike Out, by Griffon—Fillard, as the result of a fast trial at the Sheepshead Bay track, New York, recently. The horse went a quarter in 22 2/5 seconds.

San Francisco is to have one of the finest cinder paths and athletic fields in the west. The location of the runway is to be in the southwest corner of the stadium in Golden Gate park, and the plans, which have been agreed upon, call for a quarter mile track with a 220 yard straightaway and include designs for jumping pits, all of which will be constructed in conformity with the standard tracks of the world.

CHURCH AND CLERGY.

A cooking school and a nursery are among the innovations at the First Presbyterian church in Seattle.

The Jesuit fathers have purchased a city block in Brooklyn, on which will be erected a church, a combined grammar and high school, a splendid college and a faculty building.

To give mothers a chance to get home from church in time to make hot dinners for their families on Sunday, the vicar of Sheppard, England, has only a short service, starting at 10 o'clock.

Bishop Lander has taken leave of his congregation at Liverpool and will soon enter upon his new duties in the immense diocese of Victoria, south China, which has a population of 90,000,000 persons.

The Rev. F. Ward Denys, who was so seriously overcome by the heat in Baltimore last summer that he resigned his work there, has almost entirely recovered, but will pass the winter with his family in Dresden, where his daughters are at school.

SCIENCE SIFTINGS.

Two stones rubbed in water may be heard in water at half a mile.

A cubic inch of air arising from the flame of a Bunsen burner has been found to contain no fewer than 450,000,000 dust particles.

M. Antoine Charette, a clever young chemist of Paris, has informed the Academy of Science in that city that he has succeeded in producing by artificial means crystals of large size having all the characteristics of diamonds.

The opinion is gaining ground among German hygienic experts that the method of destroying germs in milk by heating it, which also kills the useful germs, should be abandoned in favor of a process based on the introduction of bacteria which destroy the disease germs only.

THE WRITERS.

Pierce Butler, professor of English literature in Tulane university, has written a biography of Judah P. Benjamin.

John Townsend Trewbridge, the story writer and poet, celebrated his eightieth birthday at his home on the banks of Spy pond, in Arlington, Mass.

Mrs. Ida Husted has completed the writing of the third volume of the "Life and Work of Susan B. Anthony." It is expected that the book will be ready for circulation in February. Miss Anthony's birth month.

George E. Woodberry, who has just produced a new book, "The Appreciation of Literature," has taken up residence in a Massachusetts country town, where he is busy himself in literary work.

THE COOKBOOK.

Some housekeepers when preparing a fowl to roast rub it inside and out with sugar, stuff it as usual, and when done the meat is said to be much sweeter and juicier than if prepared in the old way.

When eggs are high priced an excellent substitute for them in pumpkin pies is to add soda crackers rolled fine, allowing two for each pie. They may be used instead of eggs, even when eggs are plenty and cheap.

The next time you make dumplings to add to stewed chicken instead of mixing them with water use some of the liquor in which the chicken has been cooked. The flavor is much richer. The same may be tested with good results when making a baked potato, and the richness of the dough is delicious.

Political Quips.

The statesman leads the masses. The masses lead the politician.—Dallas News.

Washington wants better gas. Congress will please take notice.—Baltimore Sun.

He is a wise politician who recognizes the psychological moment when he sees it.—Chicago News.

In these days, when candidates are so thick that you can't shy a stone without hitting one, it is well to remember, brethren, that while many are "mentioned" few are chosen.—New York Herald.

No. 110, Blackville—R. M. Grindlay

W. M.

No. 118, Indiantown—R. A. Cum-

ming, P. M.; Herbert Holt, W. M.

No. 143 Loggieville—J. W. S. Bab-

kir, D. M.; A. E. Babbirk, R. S.; A.

f. McKay, F. S.; Howard Archer, Chap.

Wm H. Herlihy, D. of C.; Everett M.

Watling, Sr. C.; J. W. Johnson, P. M.

A resolution was passed restoring

against the abolition of the Blue and

Purple degrees by the Sovereign

Grand Lodge.

\$30.75 was collected for the True

Blue Orphan's Home in Toronto.

Refreshments were served by No

Surrender Lodge at midnight.

It was decided to meet quarterly this

year next session to be at Loggieville,

first Tuesday in May.

The following officers were elected

for ensuing year.

C. M. James W. Johnston.

D. C. M., W. G. Tait.

Chap. Henry Wyse.

F. S. A. E. Babbirk.

R. S. J. H. Dale.

Treas. R. M. Grindlay.

D. of C. Herbert Holt.

Lect. E. O'Donnell.

Dep. Lecturers—J. A. Pollansbee, L.

B. McMurdo.

HINTS FOR PANCAKE MAKING.

A good way to prepare the pan for pan-

cakes, fritters and such things, is to put

the butter in a clean cloth, and rub the

little bundle all over the pan. The heat,

melting the butter, will let just enough

through the cloth to butter evenly and

prevent waste. For the pancakes them-

selves, there is increasing use of Blended

Flour, which, good cooks agree, is without

unequal for making light tasty pancakes.

It can be had from any good mill—and it

is a scientific blend of Ontario fall wheat and

Manitoba spring wheat. Freed, as it is

from waste matter, this Blended Flour is

richer in flavor and food value than either

of the wheats could give alone. It con-

tains just the proportion of those elements

which prevent the food becoming soggy

and indigestible.

The blending of flour is an old trick,

taught good housekeepers by their mothers

and grandmothers. It is convenient to

have this by-no-means-easy task shifted

from our burdened shoulders onto the

broader, sturdier ones of the dustless

millers of to-day. And they should cer-

tainly do the blending more accurately,

with all the modern machinery, than

could be accomplished by the most pain-

staking work at home.

Careful housekeepers are using Blended

Flour for bread and pastry, too.

CHATHAM NEWS.

CHATHAM, N. B., Monday.—The

opposition convention held here this

afternoon nominated Donald Morrison,

M. P. P. of Newcastle; John Morris-

sy, M. P. P. of Newcastle; D. P. Mac-

Lauchlan, mayor of Chatham; and W.

M. Allain, of Neguac, a member of the

County Council. The names put in

nomination were:—Donald Morrison,

John Morrissey, D. P. MacLauchlan, W.

M. Allain, T. W. Flett and J. L. Stew-

art. The first ballot resulted as fol-

lows:—Morrison 51; Morrissey 50; Al-

lain 38; MacLauchlan 32; Flett 20;

Stewart 13. The four leading candi-

dates were then made the unani-

mous choice of the convention.

Col. McCully, presided at the con-

vention and W. L. T. Weldon was

secretary. The candidates and J. D.

Hazen spoke.

A public meeting was held in the

evening. J. L. Stewart presided and

introduced the speakers. J. K. Flem-

ing declared that while twenty years

ago when Mr. Blair came into power

the debt of the province was under

\$1,000,000 it was today over \$8,000,-

000. The speaker also attacked the

government for guaranteeing the

bonds of the International Railway

amounting in all to \$1,176,000. J. D.

Hazen was given a good reception and

spoke well.

CHATHAM, Feb. 3.—

On Tuesday evening next a thank-

offering service is to be held in the

St. Andrew's Hall, to which all are

cordially invited. A short musical

programme will be given and Rev.

Mr. Wood will render a solo.

H. Price Webber's Boston Comedy

Company is billed to play in the Mas-

onic hall, Chatham, Feb. 10th and 11th.

The services at the various churches

in Chatham were very poorly attend-

ed on Sunday owing to the cold

weather.

CHATHAM, Tuesday.

On Saturday night a bowling and

shooting tournament was held in the

Chatham pool rooms. Three prizes

were awarded in each class. For

bowling the first prize consisting of

a pipe was awarded to R. C. Lawlor.

Score 165; second prize, box of cigars,

to Robt. Quinn. Score 146; third

prize, knife, John Fleigner. Score

145.

In the shooting competition the first

prize went to Arch. McEachern, his

score being 12. Second prize to Frank

McNaught, score 10. Third prize to

Arthur Thibau, score 9. The

same prizes were awarded in the

shooting competition as in the bowl-

ing.

The Scott Act men are again get-

ting busy in Chatham.

Yesterday a raid was made on

Frackear's saloon, and also on the Al-

bert House, but it is said the only

thing they got was a barrel of ale

from Frackear's place. All the other

places in town are shut down

tight.

CHATHAM, Feb. 5.—A very

pretty wedding took place here Wed-

nesday morning at the Roman Catho-

lic Church, the contracting parties be-

ing James McLean, son of the track-

master at Chatham, and Miss Breido.

The sister of the groom acted as

bridesmaid, and Ed. Ridgley as best

man. The ceremony was witnessed

by a number of the friends of the

bride and groom.

Philip Barry is laid up with an at-

tack of la grippe.

Father O'Ke

Local and Provincial News

Of Special Interest to Our Readers, Gathered
By Our Reporters from Many Sources,
Whirl of the Town.

Rev. N. Savoie, who is supplying for Rev. Father Morrissey at Bartibogue, officiated at the vesper services in St. Mary's church Sunday evening.

Ald. Fawcett, of Woodstock, who has the contract for the Hardwicke wharf, went down Thursday with teams to get out the hemlock logs for the crabs. He will hire men down there. The wharf is to be completed in June, 1909. Mr. Fawcett expects to have it finished next August.—World.

A number of prominent business men held a meeting Friday morning in an office in Water St., Chatham to consider ways and means of enforcing the Scott Act in the town. The matter was fully discussed and all pledged themselves to give their assistance to that end in every possible manner.

AT REDBANK AND

On Thursday evening, 13th inst., the Government Candidates will speak in Whitteville and Redbank. The political question of the day will be thoroughly discussed.

A good crowd greeted H. Price Webber's Boston Comedy Company in the Opera House here Saturday night. The high class society play "Bought" was presented, and the expectations of the audience were fully realized. The plot was well laid. Helen Malvern marries Steven Grant to relieve her father's financial embarrassment, and strange to say, falls deeply in love with her husband whom she married for purely filial reasons. Agatha Bland, Grant's scheming housekeeper makes trouble between the wedded pair, and separation results. She however fails to win five years afterwards leads to explanation and reconciliation. The faithful wife forgives her husband and the schemer has to leave. The leading part was taken by Edwin Grey, as Helen Malvern. Harold Collins played the part of Steven Grant very acceptably. H. Price Webber delighted the audience as Augustus, his local election bids brought down the house, Miss Sarah Kingsley as Agatha Bland maintained her control of the audience well, and Miss Lillian Hall and Frank McHardy ably supported the rest of the company. Price always gets a hearty welcome here.

OBITUARY

MRS. BRIDGET RONAN.
Mrs. Bridget Ronan, widow of the late Mr. Peter Ronan of Nowlan settlement, died at the residence of her brother, Michael Bannan, on Monday 10th inst. Deceased was 60 years of age. She was a well-known and faithful member of the Roman Catholic church and was universally loved and respected. She was born at Rosebank. She leaves three children: Thomas of Rockland, Calif.; William, in Newcastle; and Mrs. Stephen Monahan of Nelson. The surviving brothers and sisters are: Michael Bannan and Mrs. P. Hennessy, of Newcastle; John Bannan, New York City; and Mrs. John MacDonald of San Bernardino, Calif. The funeral will be held this afternoon at St. Michael's church Chatham.

TIMOTHY LYNCH.
Mr. Timothy Lynch, the well known lumberman, died at Glasville on the 3rd, and was buried in Fredericton on the 6th. Deceased was in his 60th year. He had suffered from stomach trouble. He was a Roman Catholic, and a Liberal.

Mr. Lynch was twice married, his first wife being a Miss Cox, of Bath, Carleton County, while his second wife was Miss Margaret Bohan also of Bath. He is survived by his widow and nine children.

The children by the first marriage are Mrs. (Dr.) Pegram of Rhode Island, Miss Julia Lynch, trained nurse, of Boston, and Mr. Bert Lynch, of Newfoundland. The children by the second marriage are Misses Katherine Mary and Margaret at home, Miss Josephine at college in Montreal, and Leo, attending Loyola College, Montreal, and Thomas, of Bath.

JOSEPHINE CLUSTON COLTART.
Josephine Cluston, infant daughter of Richard and the late Josephine Coltart, died at Newton, Highlands, January 23rd, aged 6 weeks.

MRS. MARIA McCLARKE.
The death of Mrs. Maria McCl Clarke, relict of the late Mr. John McCl Clarke, formerly of P.E.I., took place on Thursday last at the home of her daughter, Mrs. Thos. J. Dempsey, Nelson. She had reached the advanced age of ninety-seven years and was the oldest of the oldest inhabitants of the Miramichi. She leaves to mourn their loss three sons and three daughters: John, of St. John river; Abraham and William, of Upper Nelson; Mrs. Dempsey, of Nelson; Mrs. Ashford, of Lawrence, Mass.; and Mrs. Casey, of New Jersey City. The funeral took place on Saturday, the interment being at Derby. The services were conducted by Rev. F. C. Simpson, pastor of the Presbyterian Church, Nelson.

JAMES BARRY.
Mr. James Barry, a very old and highly respected resident of Pleasant Point, N.S., died at his residence on Saturday last, aged seventy years. He leaves a widow and large family.

Mr. R. W. McLellan, who is running on the government ticket in York Co., is a Newcastle boy, son of the late Trackmaster McLellan, and brother of Mrs. John Russell.

TARTANS FOR THE

HIGHLAND BALL.
We respectfully inform Persons wanting TARTAN GOODS (made up or in the piece) that we have obtained an illustrated Catalogue and placed ourselves in a position to furnish, on short notice, anything that may be wanted. We will be pleased to give, from the Catalogue, any information required.

John Ferguson & Sons.
Telephone 10.
No. 17-3 wks.

GOVERNMENT MEETING

AT MILLERTON.
The Candidates, Messrs. Murray, Miller, Anderson and Winslow, will address a political meeting at Millerton to-night (Wednesday) at 8 o'clock. Don't fail to hear them.

Invitation.

Invitations are out to everyone to visit Creagan's Store and try their free lunch. All this week.

There were rousing political meetings in the government interests at Douglastown and Nelson last night. The speakers at Douglastown were Messrs. Robt. Murray, S. W. Miller and W. B. Snowball; and at Nelson, Messrs. Miller, W. D. Winslow, Wm. Anderson and Dr. T. J. Byrne.

HIGHLAND SOCIETY BALL.

Invitations for the Highland Society Ball, to be held in the Opera House, Newcastle, on Tuesday evening, February 18th, have been sent out. For this Ball some changes have been made from the old style of inviting. The tickets for gentlemen have been placed at \$1.00 for eligible members to the Society and \$3.00 for gentlemen who are non-eligible for membership. Any further information will be gladly given by applying to the Secretary at New Castle or Mr. Jas. Johnson and Mr. John McDonald of Chatham.

ALLAN J. FERGUSON, Secretary.

CRIBBAGE TOURNAMENT.

The fourth series of the A. O. H. Cribbage Tournament was played on Monday night. The results for 36 games already played are now as follows:—

	Won	Lost	P. C.
Ed. Keating, Durick,	23	17	575
Green, Morrissey,	23	17	575
Kane Kethro,	22	18	550
Dalton, Hennessy,	22	19	550
McNeil, Maltby,	21	19	525
Pallen, Grenley,	19	21	475
E. Keating, Harriman,	19	21	475
McCabe, Creaghan,	19	21	475
Jack Morrissey, C. Ray,	18	22	450
McWilliams, Ryan,	14	26	350

The Nova Scotia "Lumber King" says: "I consider MINARD'S LINIMENT the BEST liniment to use. I got my foot badly jammed lately. I rubbed it with MINARD'S LINIMENT and it was as well as ever next day."

Yours very truly,
T. G. McMULLIN.

MILLERTON.

Millerton, Feb. 10.—Mrs. G. Crocker is visiting Mrs. G. R. Parker.

ATTEMPTED SWINDLE.

Ma of Many Aliases Said to Have Tried to Defraud Farmers' Bank.

BELLEVILLE, Saturday.—The case of Louis Leopold Montmorency Bryan, or Maurice Long, alias William Vanblaricom, who was charged with attempting to swindle the Farmers' Bank of Canada out of \$316, by means of a bogus note, was resumed in the police court this morning on adjournment from Monday. The prisoner is an ex-convict from Croydon, England, last spring. Employees of the Farmers' Bank proved that the prisoner had tried to deposit the note, and F. W. Vanblaricom swore that the prisoner had worked for him under the name of Long. The signature on the note was a forgery. The case was then adjourned for a week.

Social and Personal.

Miss Grimmer of St. Stephen is visiting Miss Alice Burdill of South Nelson.

Messrs. Claude and Cecil Mersereau went last Thursday to spend a week or two among the lumber camps upriver taking photographs.

Mr. Eugene Connolly, of Douglastown, bookkeeper for the Edward Sinclair Lumber Company, has gone to the United States for a short trip. The infant daughter of Rev. and Mrs. H. C. Rice has been dangerously ill with cerebro-spinal meningitis ever since the morning of the 5th inst.

Major Thomas W. Lawlor, who has been in poor health for some time but is improving, left for Bermuda on Saturday. He will spend the rest of the winter there.

Mrs. John Robinson, Sr., and Mrs. Henry Ingram and the latter's son Aitken are in St. John visiting the former's granddaughter Miss Mona Robinson, who is sick of rheumatic fever.

Minard's Liniment Cures Diphtheria.

One of the pleasantest social functions held this season was the "At Home" given by Miss Florence Ferguson on Thursday afternoon, from four to six. Miss Ferguson, assisted by received in the drawing room. Mrs. Ferguson was becomingly gowned in black silk, while Miss Ferguson looked charming in pale pink silk muslin, with lace trimmings. Mrs. A. J. Ferguson presided in the tea room and looked lovely in a gown of Nile green silk cologne. She was assisted by Misses Bertie Ferguson and May Williston who wore very pretty dresses of white organdie.

Minard's Liniment Cures Distemper.

NET DEBT IS

\$259,504,613.

OTTAWA, Saturday.—The financial statement of the Dominion for the month of January and for the first ten months of the current fiscal year shows an increase of \$304,337 in total revenue for the last month as compared with January 1907 and an increase of \$9,374,542 for the ten months. The total expenditure on consolidated debt account for the ten months was \$5,632,534, an increase of \$10,450,229. Of this increase \$2,052,244 is chargeable to January figures, payment of subsidy increases to the Province amounting to \$1,500,000 and of interest charges on the public debt totalling \$2,623,459 both falling due last month. For the ten months the surplus of revenue over expenditure on consolidated fund account amounted to \$24,691,738. The total expenditure on capital account as entered on the books of the finance department up to January 31st was \$22,245,499, of which \$17,446,975 was chargeable to public works, railways and canals. The National Transcontinental Railway is, of course, responsible for the major portion of this amount. The total net debt of the Dominion at the end of last month was \$259,504,613.

BABY'S OWN TABLETS

A SMILE IN EVERY DOSE

The mother who, in her gratitude for what Baby's Own Tablets have done for her child, said "There's a smile in every dose" coined a very happy and very true phrase: The tablets cure all the minor ailments of babies and young children, and make bright, smiling, happy little ones. Mrs. John Young, Auburn, Ont., says:—"I have used Baby's Own Tablets for more than a year and I think they are the best medicine I can give a baby. They are splendid at teething time, and for stomach and bowel troubles. You don't need a doctor if you keep Baby's Own Tablets in the house. That's about the highest praise a mother can give and it's true, every word of it. You can get the Tablets from any medicine dealer or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont."

CHARLES MARONEY,
Castle St., Newcastle, N. B.

Department of Railways and Canals, CANADA.

INTERCOLONIAL RAILWAY.

NOTICE re Leasing of Old Car and Work Shops, Moncton, N. B.

SEALED TENDERS, addressed to the Secretary of the Department of Railways and Canals, Ottawa, marked "Tender for leasing car and work shops," will be received until 10 o'clock of the FIFTEENTH DAY OF FEBRUARY, 1908, for the acquiring under lease of the car and work shops with Railway sidings, (at Moncton, N. B.) as designated on plans to be seen at the office of the Secretary of the Department of Railways and Canals, Ottawa, and at the office of the General Manager of the Intercolonial Railway, Moncton; the lease to be granted to cover together with the general terms and conditions in such cases, the following:—
1.—Term 21 years at rental named, with right of renewal for second term at such rental and upon such conditions as the Governor in Council may then determine.
2.—Occupation and use to be bona fide for an industry that will yield a reasonably steady traffic for the railway the character and prospective output of which industry to be designated in tender and the operation of which to be commenced within one year from date of Lessee acquiring property.
3.—That yearly operation shall be of such an extent as to continuously employ not less than 300 employees.
Each tender must be accompanied by a certified bank cheque for \$10,000.00, payable to the order of the Minister of Railways and Canals to be held by the Department, in case of the successful tenderer, until such time as the lessee has duly installed on the premises for the operation of the work to be carried on under lease, machinery in value to the sum covered by said cheque, of which value the Minister aforesaid shall be the sole judge and at which time to be duly returned to the Lessee by the Department.
The highest or any tender not necessarily accepted.
By Order,
L. K. Jones,
Secretary.
Ottawa, January 7th, 1908.
Newspapers inserting this advertisement without authority from the Department will not be paid for it.

NOTICE.

All changes for ads, must be in not later than 4 o'clock Monday morning. Otherwise they will be left over until the following week.
