HOLY ROLLER IS HELD FOR TRIAL

Charged With Heinous Crime He Is
Refused Bail—Arrested While
at Prayer

A sensational arrest was made Friday night when Sheriff A. R. Foster and Deputy Sheriff Moore took into custody a Pentecostal minister named Charles Steeves, charged with a serious crime in which a young girl named Edna Brooker of Bristol was the alleged victim. The girl is thirteen years of age. Her mother is dead and she has been keeping house for her father. The officers located Steeves at Springfield, York county, and when they arrived a religious service was in progress with Steeves the officiating clergyman. He was engaged in prayer and the officers waited until he finished and as a fervent amen went up from the congregation the officers approached Steeves and placed him under arrest.

Those assembled were dumbfounded for a minute, as Steeves is one of the leaders in the Pentecostal movement and has become very popular in the upper parishes. The sect is generally known as holy rollers.

The warrant was issued by Stipendiary Magistrate Noble at Bristol, where Steeves will be taken tomorrow for preliminary hearing. He is now confined in jail. The prisoner came to Carleton county from Steeves' Mountain, Westmorland county, and says he is a cousin of Galus Steeves, now under arrest in connection with the death of his wife and five children.

Before Police Magistrate Noble at Bristol on Tuesday afternoon Steeves was examined and the evidence brought forth was such that he was committed for trial at the Supreme Court and was refused bail. In the view of many of his followers Steeves is guilty of no misdemeanor, even if the charge is proved. But the law is likely to take an altogether different view, and a very serious one as it came out at the hearing that the girl is but 13 years of age.

HAPPY EVENT NEXT WEEK

One of the most pleasing events of the whole season will be held on the evening of St. Patrick's Day—next Thursday. This will be the concert and play set up by the local Women's Institute. If all we have heard is true this entertainment will certainly be of high interest to all classes, and the women are putting forth such a determined effort to make it a success that they deserve a packed house. This they will have beyond a doubt. Really excellent music will be a strong feature while a captivating little play will not be the last of the evening's pleasures. "For Home and Country" is the motto of the Women's Institute throughout the land, and the money they raise is used, first, for local helpful purposes, and second, for national patriotic work.

The admission to their pleasant concert will be: Adults 50 cents, Children 25 cents.

MONTHLY MEETING OF TOWN COUNCIL

At the regular monthly meeting of the Town Council on Monday evening all members of the Board except Ald. Hall were present.

The report of the treasurer showed \$457.89 collected and \$174.93 disbursed since last meeting. The overdraft now amounts to \$385.97, while last month it was \$1100.

A large amount of routine business was transacted in the form of reports of standing and special committees. It was decided to purchase a 15 h.p. oil-burning engine for the pumping station.

The finance committee reported the time limit for collection of taxes to be extended until March 35, and instructed the Treasurer to have executions issued at the expiration of that date.

The following resolutions were brought before the Council and passed: That with regard to Grand Falls development the government should grant no further extension of time. H. H. Hatfield, M. H. Hayward and P. R. Kelley were appointed a committee to join that from the Town of Grand Falls to wait upon the government in this matter.

A resolution favoring the tapping of the 22,000 volt line of the N. B. & Maine Electrical Co. at Bridgewater.

A motion to send the council's petition to the General Superintendent of the C. P. R. urging that trains 353 and 164 run through to Arnostock.

A petition signed by 21 employers covering matters in connection with

drainage on the east side of the C. P. R. tracks was left with the water committee; as was also a request from The Observer Ltd. for increased water supply for purpose of running a one-quarter horse-power motor.

There were a good number of spectators and it is a hopeful sign when there is an interest shown in the town's affairs.

The town assessors are: M. W. White, H. J. Alton and J. E. McCollom. They are now at work, and any ratepayers desiring alterations in their assessment must make their presentation before the board within 30 days.

CORRESPONDENTS WIN PRIZES

The correspondence contest conducted each month by The Observer gives the editor much pleasure and results in bringing to the office practically every item of news in the two counties that is fit to print.

The undoubted winner of the February prize of \$2 goes to our correspondent at Lower Brighton, while a close second is the Windsor correspondent. Both of these furnished real news items every week, and they did not try to be funny or to take a "slap" at anybody. Both correspondents in question were really tied, but the decision is given to Lower Brighton, because of the longer unremunerated service from that district.

An extra award is made to the correspondent at Coronation. The work at this place is done by a little school girl and her persistency during January and February has earned her \$1—merely a mark of recognition.

During March there will be two awards—of \$2 and \$1.

G. W. V. A. EASTER BALL

The G. W. V. A. at Woodstock are holding an Easter Ball on Monday, March 23, in the Armories. They expect this to be the biggest event that has taken place for some time. Ten girls' orchestra of Fredericton will furnish music. Some 500 or 600 hundred invitations are being sent out. All returned men are expected to appear in uniform if possible.

Tickets are to be sold at \$2 a couple; \$1 single. Anyone desiring an invitation or one of their friends may obtain same by sending their name to P. O. Box 345, Woodstock, N. B.

UP TO CASSIE W

In reading the Hartland Observer's sporting column of races held on Feb. 26th, we notice the feeling that taken by the result of matched race between Lucky Strike and Cassie W., by the sporting element of Hartland, as not being satisfied with result of race won by Lucky Strike.

The backers of Cassie W. seem to think with another race she can beat the Woodstock horse. By viewing the summaries of the different races between one horse it will be seen that Lucky Strike has been a winner on four different occasions. If the backers of the Hartland mare would like an other race to satisfy which is the best horse, they had better get busy. —Woodstock Press.

DOUBLE EXPRESS SERVICE PROBABLE

It is Said C. P. R. is Seriously Considering Two Express Trains
Arnostock South

The Observer is told on what it considers good authority that officials of the C. P. R., arranging their summer time table, have under favorable consideration a double daily express service as far north as Arnostock Junction. If the plan matures the train leaving Woodstock for the south in the early morning and returning late at night will start from and return to Arnostock Junction.

A similar service was given ten years ago and the people found it very convenient. If this train is put on again people as far north as Arnostock may go to St. John, Fredericton, St. Stephen, St. Andrews, Hopkinton, or any intermediate point, spend several hours and return the same day. Under the present arrangement no one can go further than Woodstock and return the same day, while the briefest trip to St. John breaks up three days.

The C. P. R. management are certainly sending out feelers to ascertain if the train will be sufficiently well patronized to warrant its inauguration. It would be very well for every person whom this matter interests to write a letter to the general superintendent, C. P. R., St. John.

A double passenger service, a double express service, and a double mail service is much to be desired. And the best paying branch of the C. P. R. should have some consideration.

ICE RACING ABOUT OVER

Owing to the unusual appearance of spring it is not likely there will be any more racing on the river. G. Murray McLeod, owner of Cassie W., spent the week-end in Woodstock in the hope that he could induce C. T. Black to give him another race with Lucky Strike for \$200 a side. The arrangement was not made but Mr. McLeod visited Woodstock again yesterday and the race must come off.

Since the above was put in type Mr. McLeod has called at the office to say that he saw Mr. Black yesterday, and that he was agreeable to another race if track conditions will warrant. Mr. McLeod challenges him for a race between Cassie W. and Lucky Strike for \$200 a side on either Hartland or Woodstock ice, or any good track. Today the weather indications are favorable and a good track may be available anywhere on the river.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

At last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

FATHER AND SON

WELL AND HAPPY

"The Way Tanlac Helped Us is Simply Wonderful," Says Halifax Men.

"Nobody except those who have been through with it can understand what I suffered before I got hold of Tanlac," said Richard H. Weeks of 15 Cabot Place, Halifax, N. S.

"My stomach has been out of order for the past year or two, and my appetite got so poor that I had to force down whatever I ate. I was troubled with gnawing pains in the pit of my stomach and had sharp pains around my heart. After every meal I had a heavy feeling like a dead weight in the pit of my stomach and felt miserable for hours. I had sick headaches with attacks of dizziness. I lost in weight continually and hardly had strength and energy to drag my body after me. My condition at one time got so bad that I had to give up work entirely for over a month. I went for days at a time without eating scarcely anything and sometimes even the sight of anything to eat made me sick."

"I noticed an improvement before I had taken half a bottle of Tanlac. I am now on my fourth bottle, have a good appetite and eat three square meals every day. Everything agrees with me and I never have a touch of indigestion. I am not bothered by constipation or dizziness any more, have gained ten pounds in weight and am working every day. Tanlac had done me so much good that I decided to try it on my little son who had been puny for years, and the way it has helped him has been certainly wonderful."

Tanlac is sold by Ealey & Curtis Co., Ltd., Hartland, and by leading druggists everywhere.

TWICE SUPPOSED TO HAVE DIED

Vaughn D. M. Henshaw of Victoria County, Seriously Wounded in Battle, Successfully Operated Upon in Halifax.

The many friends of Vaughn D. M. Henshaw, grandson of Mrs. Ralston D. Henshaw of Perth, will be glad to know he is making a rapid recovery after an operation that doctors and nurses considered almost hopeless, in Camp Hill Military Hospital at Halifax.

While serving in the late war Mr. Henshaw received serious wounds and while in a hospital in France was so near death that he became pulseless, his grave was dug and his name placed on the roll of honor. Later in a hospital in England he was again thought dead but with indomitable spirit came back from the gates of death. His case has created much interest in medical circles in Halifax and elsewhere and many are the compliments paid him on his grit and endurance. It is hoped that now after five years of patient suffering his old wounds will cease to trouble him and he may enjoy his pre-war health once more.

YOUNG GIRLS NEED CARE

Mothers! Watch Your Daughters' Health

Health Is Happiness

From the time a girl reaches the age of twelve until womanhood is established she needs all the care the thoughtful mother can give.

The condition that the girl is then passing through is so critical and may have such far-reaching effects upon her future happiness and health that it is almost criminal for a mother or guardian to withhold counsel or advice.

Many a woman has suffered years of prolonged pain and misery through having been the victim of thoughtlessness or ignorance on the part of those who should have guided her through the dangers and difficulties that beset this period.

Mothers should teach their girls what danger comes from standing around with cold or wet feet, from lifting heavy articles, and from overworking. Do not let her overstudy. If she complains of a headache, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter, make life easier for her. She needs thoughtful care for a few years.

In all such cases Lydia E. Pinkham's Vegetable Compound should be given as it is especially adapted for such conditions. It contains nothing that can injure and can be taken in perfect safety.

Read how Mrs. Elcher helped her daughter. She says:

"At the age of sixteen my daughter was having trouble every month. She had pains across her back and in her sides. Every month her back would pain her so she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound and I read the books which were left at my door. She took it faithfully and now regular and has no pain. We recommend the Vegetable Compound as a regular and has no pain. We recommend the Vegetable Compound in and give you permission to publish this letter in your little books and in the newspapers."—Mrs. KATIE ELCHER, 4034 N. Fairhill St., Philadelphia, Pa.

Mrs. Williams will profit by her own experience. She says:

"When I was thirteen years old I had sick spells each month and as I was very backward I would bear the pain and my mother knew nothing about it. I read in the daily paper about Lydia E. Pinkham's Vegetable Compound and I took it regularly after that until I had taken two bottles and I did not have any more pain or backache and have been a healthy, strong woman. I am now 39 years old and have a little girl of my own, and when she gets old enough I shall give her none other than Lydia E. Pinkham's Vegetable Compound."—Mrs. C. E. WILLIAMS, 2437 W. Toronto St., Philadelphia, Pa.

For almost fifty years Lydia E. Pinkham's Vegetable Compound has been relieving women, young and old, of ailments peculiar to their sex. Ask your neighbor about it, for in every neighborhood there are women who know of its merits.

Thousands of letters similar to the above are in the files of the Lydia E. Pinkham Medicine Co., and for years such letters have been published. Surely it is worth your while to make a fair trial of Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

QUIT KICKING

For the love of Mike, let's be done with the whining and moaning about hard times; and let's stop all this talk about how much worse conditions are apt to be in a few months than they are now.

We know that isn't very pretty English, but it is plain English and we are hearing too much kicking, anyhow, to make us care much what kind of talk we use so far as grammar is concerned. The only person who ever got anything out of whining is the fakir who stands on the corner, pretends he lost a leg in the great war and begs a dime, when in reality he lost the limb through being too lazy to get out of the way of a passing automobile. If you want to get into this class you are welcome, but pick another community to do your whining in.

What if business isn't as good as it might be? Are you going to make it any better through running around shrieking about it? You had some mighty fine times in the last two years or so, and if you won't take the bitter with the sweet then you're no better than a spoiled child. Life is not all sugar, and it would be a pretty sickening kind of proposition if it was.

If you cannot do anything but howl then for goodness sake go and buy a gag and let the rest of us here in Houlton, who want to work attend to our jobs. If things are not right, there is only one way to put them so and that is by plain, hard work. Turning yourself into a fountain of woe isn't going to help any.

Take your coat off and start smiling. Neither one will hurt you half as much as you think.—Houlton Pioneer.

TELLING THE TRUTH

Suppose an editor should—just for once—print all he knows or has heard up to that moment. Suppose, for instance, we started in to tell the whole truth and nothing but the truth about every man and woman in Hartland and vicinity that we've heard something about within the past few months. Can you imagine what a tearing up time there would be around here—and can you imagine a greater sensation than would be created?

Options would be thrown up; some fellows might get arrested; whole families would be disrupted; there'd be a fight on every street corner; candidates would drop; political ambition like a dog dropping a hot potato; lawyers would take long vacations; business men would leave matters to their clerks awhile—and the editor of this paper would be so mused up that if he did live none of his former friends would ever be able to recognize him.

No, it would never do for this pa-

per, or any other paper, to print all the news, and to tell everything that happens just as it is and without the suppression of a single item. Newspaper men do not know everything, but their work is such that they hear a lot of things that common sense and common decency and respect for the community tells them it is best not to print. Don't complain that the editor doesn't print all that happens in the community. He doesn't and he's willing to admit it. But just remember that if he did a lot of people who make the complaint would be forced to get out of the community along about the same time they ran the editor out.

A few days ago at the residence of Ald. J. S. Faulkner, where Dr. Belyea conducts a sort of clinic, Geo. McFarlane, son of W. G. McFarlane of East Glassville, was operated on for osteomyelitis of the arm.

On Monday Mrs. John M. White of Mainstream was operated on for the removal of an abdominal tumor. Mrs. P. C. Barter is in charge of both cases.

Mrs. Laura Reese is the nurse in charge of the case at Waterville.

Miss Mary Robinson and Marlon Baker of Hartland were visiting relatives and friends in this place recently.

Mr. and Mrs. Wint Dow spent a few days last week with their son, Earl Dow, in Houlton.

Mrs. G. Burton Nixon spent Friday

the guest of Mrs. Stephen Nixon. Mrs. Earl Brown has been spending a few days with her parents, Mr. and Mrs. L. Morehouse at McKenna Station.

Birthday parties seem to be the order of the day now. The young people gathered at the home of Mr. and Mrs. Stephen Orser's Wednesday evening and gave a party in honor of Earl Orser's birthday.

Miss Mae Noble of Houlton spent the week-end with Mr. and Mrs. Milford Noble.

PREPARING FOR BASEBALL

A meeting of those interested in baseball called for Tuesday was not sufficiently attended by those whose interest is sought to make it possible to do real business.

It was learned that the deficit from last year's playing amounts to \$200. In view of the cost of maintaining such an efficient team and the distance they had to travel to find something they could not lick the deficit should not be discouraging.

Hartland was made conspicuous last year by two things. One of these was that it was next to impossible to get into Hartland or out of it by either road or bridge during a great part of the season. The other conspicuous feature was an almost unbeatable ball team which visited towns large and small and gave the impression that if the snap and determination possessed by the ball team was a sample of the town's enterprise all hands might take their hats off to Hartland. Another feature characterizing the baseball team the past two years is that they have demonstrated that they can be good sports and still be gentlemen—clean white.

Practically the whole team that played last year, expect to be here this season—Billings, Paynter, Fraser, Ward, Lavigne, Hatfield, the Hoveys, and other material capable of development.

There will be another meeting next Tuesday evening when a statement showing the receipts and expenditures last year will be given and when it is hoped reorganization on a sound basis may be effected.

KNIGHTS GIVE BANQUET

On Friday evening the Knights of Pythias had a grand banquet in celebration of their entry into the new quarters on the second story of the White Front Store. The invited guests included all Knights and several others. After a short program a rare repast of cake, sandwiches and coffee was partaken of.

Such sociability as was demonstrated that night has rarely, if ever, been shown in Hartland. All expressed themselves as highly pleased and satisfied. Outside talent was highly appreciated and aided to make this first grand opening a howling success, and it is to be hoped that the first will not be the last.

WOODSTOCK HORSE NOTES

It looks now as if racing was done here for the season, as the soft weather for the past week will destroy the bottom of our track. As it now stands, Lucky Strike is the king of the two towns, having won every race in which he has started this season, even for fun or for money. It remains to be seen what success he will meet with next summer on the dirt tracks.

Your reporter of the last race at Hartland evidently has not a very good opinion of the officials as he claims Cassie W won the race. However the judges decided otherwise and Mr. Black got the money, and money talks. There does seem to have been some slackness on the part of the starter as it is said the horses scored 16 times one heat.

[The reporter gave no opinion in the above race except that voiced by the spectators. One who placed a little money on Cassie was told by one of the officials that he could have

tipped him off and made money for him.]

Mr. Gilman of St. Stephen, owner of Little Gull, challenged Mr. Black for a matched race between their horses for \$100 a side, the race to take place at Woodstock. Mr. Black promptly accepted the challenge but there does not seem to be much prospect of the race being pulled off. Prospects now look as if there would be an early spring and the rail birds will soon be wending their several ways to the island to get a line on the speed of the several horses. Plans are already being made for a matinee race May 24 and also about June 22. On the latter date a big agricultural picnic is being talked of along with the races.

Here for 11 Days, Commencing

Friday, Mar. 11, ending Wed. Mar. 23

We have engaged **FREDERICK W. MAYOR**, the Eminent Eye Specialist of Toronto

to teach us the most advanced and positive system of Eye Testing known to science, the **LUMINOSCOPY SHADOW TEST SYSTEM**. Mr. Mayor is the originator of this distinctive system, whereby the interior of the eye is illuminated and the defect corrected by scientific internal eye measurement, and has proven to hundreds of eye sufferers in New Brunswick that his wonderful **LUMINOSCOPY TEST** succeeds where many others fail. The more complicated your eye trouble is the greater will be your comfort and satisfaction when tested by this system. Like many other originators he has many imitators, but we know by investigating that we are bringing to Centreville the originator of the "Luminoscopy Test," in the person of Mr. Mayor. His students in the Province are the leaders of the profession. We especially ask all to come—those now wearing glasses, or those who suffer from or suspect any trouble. Make an appointment. We guarantee all Mr. Mayor's work. Consultation: morning, afternoon or evening, by appointment.

Remember—We are adopting Mr. Mayor's special Luminoscopy Test after careful consideration. It has been our policy to give an absolutely reliable service in optical work, and the addition of the latest model Photometer and the Luminoscopy Test makes our service to you second to none.

Eyes tested free. Guaranteed satisfaction. Glasses only advised when needed. Prices moderate. Children's eyes our specialty. Make this your opportunity. This system eliminates all guesswork and that tiresome trying on of glasses.

Please bear in mind that this is not a money-making scheme; it is purely of an educative nature, a link in the chain of demand for better Opticians from coast to coast. We will benefit by your patronage in the future.

MARRIED IN CALIFORNIA

The following reports from a California paper refer to the son and daughter of John Farley who lived for years at Bristol, where he was stipendiary magistrate.

(February 12)

This evening at 8 o'clock, Miss Marie Farley, daughter of Mr. and Mrs. John Farley of Samoa, will be united in marriage to Lloyd Vance Graham, by the Rev. R. A. Crichton of the Pres-

byterian Church. The ceremony is to take place at the home of the bride's parents across the bay, spring flowers and greens to be used for decorations. Miss Farley's wedding dress is to be cream satin, and the bridal bouquet will consist of Ophelia roses.

Miss Farley is quite popular among the younger set of this vicinity, having graduated from the Eureka high school and also attended the University of California until the past few months. The couple will spend several weeks

of their honeymoon visiting in San Francisco and other bay cities, after which they will go to Seattle, Washington, to make their future home, the groom being connected with the lumbering business there.

(January 28)

A notable wedding which will unite two Humboldt families will take place at 8 o'clock this evening when Miss Maude Ray Farley at the home of her parents, Mr. and Mrs. George Connick, at 2031 F street. The Rev. Farrar will

perform the ceremony, which will be witnessed only by the families of the couple.

The bride is an Eureka girl, and has achieved success as a teacher of music following her education in that field at Berkeley.

Farley is from Winnipeg, Canada, but has been for one year connected with the firm of Libby, McNeill and Libby at Leola. He served four and a half years with the Canadian forces in France. His parents, Mr. and Mrs. John Farley, are residents of Samoa.

After a honeymoon spent in the southern part of this state, the young couple will occupy apartments in Eureka.

(Since the above was written Farley has been transferred to the Head office of Libby, McNeill, at Chicago. He was a former Carleton boy, his home being at Bristol.)

MASONIC "AT HOME" AT EAST FLORENCEVILLE

More Than One Hundred Guests Enjoy Wednesday Evening

The gala event of the season was enjoyed by about one hundred guests at the annual "At Home" given by the members of Carleton Lodge No. 55, A. F. and A. M., on Thursday evening in Smith's opera house, East Florenceville. The attendance was about cut in half owing to the unfavorable weather conditions, but despite this handicap, numbers attended from Hartland, Centreville, Bath, Bristol and other sections. Mrs. D. A. Campbell, Mrs. A. A. Macdonald and Mrs. H. A. McCain constituted the reception committee.

The first hour was spent at card playing at a dozen tables, while the rest of the time in social chat music interspersed with selections by the Centreville orchestra, which had been procured for the occasion. Two select readings by Mesdames Claude and Andrew McCain, and a solo by Miss Hazel McCain were received with much applause. The banquet had been prepared by the members of the Women's Institute, and while this was receiving the final note of preparation, dancing "a la cabaret" was indulged in by several couples. After the clearing the floor was cleared and dancing was made the order of the evening.

The general consensus of opinion among the guests was that the evening was a most pleasant function and all expressed the hope that it may be but the precursor of other similar events in the near future.
