There are many ways of testing christians, and some of these are not very accurate. The following incident brings out one which can never fail in the circumstances. It took place during the American revolutionary war, when the strictest order was required to be k-pt, and when care needed to be taken lest the enemy should get an advantage. One night near the British camp, not far from the river Hudson, a Highland soldier was caught creeping stealthily back to his quarters out of the woods. He was taken before the commanding officer, and charged with holding communication with the enemy. The case of Major Andre was then very recent. and no Briton was disposed to be merciful towards a suspected friend of the American The poor Highlander pleaded that he had only gone into the woods to pray by himself.
This was his only defence. The commanding officer was himself a Scotchman and a Pres-byterian, but he felt no tenderness for the culprit. "Have you been in the habit, eir, of epending hours in private prayer?" he asked, aternly. "Yes, sir." "Then down on your knees and pray now!" thundered the officer; "you never before had such need of it." Expecting immediate death, the soldier knelt and poured out out his soul in a prayer that for aptness and simple, expressive eloquence could have been inspired only by the piety of a Christian. "You may go," said the officer, when he had done. "I believe your story. If you had not been often at drill you couldn't have got on so well at review." And the

That Petition.

Mr. Gregory writes an editorial his organ occasionally, promising that the petition against Mr. Temple's election will be pressed, and winds up with an indignant denunciation of the corruption of Tories in general, and York County Tories in particular. Mr. Gregory is an authority on bribery and corruption. His active indentification with the Woodward affair, has made him an authority on the subject, but his relations with that unhappy episode, ought to close his mouth, and paralyze his editorial pen. Mr. Gregory evidently courts a full discussion of the Woodward matter, which any man, unless he possess the most brazen effrontery, would be glad to have permanently buried. Mr. Gregory says he will push the protest. Let him proceed. We do not believe he will be backed by the Grit party in this constituency in his action, but he certainly will have the support of the "narrow gauge element," the soreheads, and the malignants. But what would the unseating of Mr. Temple, profit Mr. George F. Gregory. It would not give him a seat in Parlia-Gregory and his satellites, but it might satisfy their desire for revenge;

THE PREMIER AT ST. JOHN.

Some Extracts from his Admirable Speech in reply to the Conservative Club's Address.

What He saw at Marysville.

We have had an election recently, and it will be nearly five long years before we have any rational idea of another election, and therefore I shall say but little on the general politics of the country, and I shall not attempt to defend the government from the attacks that have been made from an imperfect acintance with the facts in connection with the charges launched against us in the oppofully the nature of and the reason for our various acts, I have no doubt that they will deal with us and give us the same support consideration to the acts of the government of the day. CITY IMPROVEMENTS.

A Sketch of some Important Works. City improvements are being rapidly made the most important one being the new asphalt sidewalk on the east side of Queen street. The foundation for the block from Westmon land street to Phoenix Square, is completed, and a gang of workmen under Mr. Richardson Boone, are putting down the curbing today on the block included between the County Court House and Mr. Temple's residence.

Along Officers' Square, Mr. William Rosborough is erecting the retaining wall for the new fence, and when this is completed the side walk will be laid, this work being done by the Dominion Government under Mr. F. The proprietor knew from experience, that success was certain, but the human breast so impued with prejudice that it forms one of the strongest barriers to break down and the greatest enemy to overcome before any headway can be made towards the mansion of success. Truth has often proved itself to be "stranger than fictien," and it is a fact as solid as truth that; SMITH'S CHAMOMILE PILLS have now become one of the leading Patent Medicines of the present day, from north to south, and from east to west, they are to be found in the homes of the rich and poor. All classes of society use them, and they are by thousands declared to be Worth their Weight in Gold.

For a Weak Stomach, Impaired Digestion, and all disorders of the Liver, they act like "MAGIC," and a few doses will be found to work wonders on the most important organs in the human machine. They strengthen the whole muscular system, restore the long-lost complexion, oring back the keen edge of appetite, and arouse into action, with the rose-bud of health, the whole physical energy of the human frame. These are "facts" admitted by thousands, embracing all classes of society; and one of the best guarantees to the nervous and debilitated is, Smith's Chamomile Pills have the largest sale of any Patent Medicine in the Dominion.

Sore Eyes

The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy. Scrofula, which produced a painful in flammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsaparilla. After using this medicine a short time I was completely Cured My eyes are now in a splendid condition, and I am as well and strong as ever.—

with a humor in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers.—C. E. Upton, Nashua, N. H. From childhood, and until within a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilia, and consider it a great blood purifier.— Mrs. C. Phillips, Glover, Vt. I suffered for a year with inflamma-tion in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla, and,

three bottles of this medicine, have been entirely cured. My sight has been restored, and there is no sign of inflammation, sore, or ulcer in my eye.— Kendal T. Bowen, Sugar Tree Ridge, Ohio. My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. On the recommendation of a friend I purchased a bottle of Ayer's Sarsaparilla, which my daughter commenced taking. Before she had used the third bottle her sight was restored, and she can now look steadily at a brilliant light without pain. Her cure is complete. — W. E. Sutherland, Evangelist, Shelby City, Ky.
