15 Retail Wardrobes.

Semi-ready

Talk about expansion!
Three years ago "Semi-ready" had one retail wardrobe.

A year ago it had seven.
Now it has fifteen in Canada—St. John, Sydney and Sault Ste Marie have just been inoculated.

The germ of progressiveness has spread from Halifax to Winnipeg—and doesn't intend to stop at that.

"Semi-ready" branded clothes for gentlemen have met the requirements of the age with this combination,—

—Best custom work exactly duplicated at about half its price.

—Finished-to-order in two hours.

Spring catalogue free.

Semi-ready Wardrobe

H. J. BROWNLEE, Manager, 146 DUNDAS STREET.

GALLANT RESCUE
BY AN EX-SOLDIER

South African Veteran Carries Three Little Ones to Safety.

Toronto, March 18.—Mr. Henry Young, of 20 Grove avenue, a well-known member of the first Canadian contingent, made a gallant rescue of three small children during a fire at 67 Queen street west last night at 8:30 o'clock. He had been passing in a car and seeing flames in Goodman's floor store, jumped out. The firemen had not yet arrived at the front of the store stood a woman shouting for someone to rescue her three little children, who were asleep in the upper story. In view of the building was by this time thick with smoke, and Mr. Young, running round and entering by the back door, had difficulty in wading through the smoke, however to mount the stairway, and one by one to carry the little ones to safety. He brought the last one down just as the house had arrived.

The children were taken into the Aberdeen Hotel, where the mother was overjoyed at their rescue, and when it occurred to her to thank the young man who had served her so well he

DOCTOR SAID
INCURABLE

Excruciating Pains in the Back and Loins—A Plaster Cast Necessary for Temporary Relief—How a Cure Was Found in

DR. CHASE'S
KIDNEY-LIVER PILLS.

We leave Mr. Demers to describe his own case as he wrote it in a letter to us. Few human beings are ever called upon to suffer as he did from kidney disease. You cannot wonder at it that he is now enthusiastic in the praise of Dr. Chase's Kidney-Liver Pills. They have given him a new lease of life.

Mr. S. O. Demers, Conception Station, Labelle county, Que., writes: "I am writing you in order that others who suffer as I did may profit by my experience. For three years I was obliged to give up all work on account of severe pains in my loins, back and sides. I had been in making water, stiffness of the body, and all the suffering accompanying derangements of the liver and kidneys.

"Since using Dr. Chase's Kidney-Liver Pills these ailments have become less and less, until now they have entirely disappeared. I have great confidence in Dr. Chase's Kidney-Liver Pills, and they have done so much for me that I cannot say enough in their praise. The people in this country are surprised to see me so well again, and no wonder, for my cure has been almost miraculous."

Dr. Chase's Kidney-Liver Pills; one pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

HE WOULD INCREASE
PAY OF THE MILITIA

Gen. O'Grady-Haley's Recommendation as Commander of the Canadian Permanent Force.

Ottawa, March 18.—The blue book of the militia department laid on the table of the house is chiefly interesting on account of the recommendations made by Major-Gen. O'Grady Haley, the major-general commanding. In the first case he advocates increasing the pay of men of the permanent force to what they could earn in civil employment, account being taken of food and clothes. There is also recommended an amendment to the militia act to allow the permanent force to be increased by 18 officers, 462 other ranks, bringing it up to 1,500. Provisional schools of instruction are condemned. The period of drill for the militia, the major-general urges, should be increased from 12 to 28 days. As to city corps it is recommended that they spend at least three consecutive working days in camp. In this connection the general observes that the civilian cavalry corps "it is impossible to report that as cavalry they can be considered to any extent efficient."

A great part of the non-coms and men are unaccustomed to the saddle, and require the employment of both hands to manage their horses, consequently, when mounted, they are unable to use either their sword or carbine. In regard to artillery, the S. O. C. says: "Of the militia batteries I can report very favorably, and I have no hesitation in saying that as regards efficiency they are equal to any comparable favorably with the other branches of the service." Badges and extra pay are recommended as encouragement for gun layers. As to the sale of liquor in camps, the major-general says: "I would not on any account permit the sale of spirits in the cantens during annual drill, but I must here most strongly protest against a system that forces a soldier, if he needs a glass of beer, to resort to the saloons and drinking shops of the nearest town where there is no control over either the quality, nature or quantity of the liquor supplied him."

EX-GOV. ALGELD'S FUNERAL

Chicago, March 18.—Representatives of all classes of people took part in the final tribute to respect to ex-Gov. John A. Altgeld, who was buried in Graceland Cemetery. For two hours in the morning, before the casket was lowered into the stream of people viewed the body as it lay in state in the public library building. At the grave, where several thousand people had assembled, William J. Bryan paid a tribute to Mr. Altgeld.

CATHOLIC BISHOP FOR YUKON

Seattle, Wash., March 18.—Very Rev. P. E. Gendreau, S.J., of the Province of Alberta, is to attend a council of high dignitaries of the Catholic Church, Father Gendreau, who is now vicar-general of Yukon territory, will be present at the council by special invitation. Among the plans which he will urge for the benefit of the church in the Yukon territory will be the establishment of a bishopric.

A Clergyman's Frank Statement.

He and His Family Have Obtained Great Benefits From the Use of PAINE'S CELERY COMPOUND

The Sick of His Parish Have Used the Wonderful Medicine With Happy Results.

The Rev. J. F. Renaud, minister of St. Thomas Episcopal Church, Montreal, is one of the best known clergymen in Canada. He has personally used Paine's Celery Compound, and the result of his family have derived happy and cheering results from its use, and he has proof that many of his sick parishioners have been benefited by it. Paine's Celery Compound is, without doubt, the greatest of all spring medicines. It is vouchsafed for by physicians, clergymen, teachers and well read, well informed men and women in every part of the country. It is marvelous in its success because it accomplishes in very instance exactly what is claimed for it.

Rev. Mr. Renaud writes as follows: "Having personally and my own household benefited by the use of Paine's Celery Compound, and having from time to time used it with the same beneficial effect among my sick people, I deem it but right to acknowledge its life-giving power, and wherever it has been faithfully tried, and, if this acknowledgment of mine will make your well known compound still more widely known to the benefit of the needy and sick, you have my authority to use this letter in any way you think best."

WHOLE FAMILY POISONED.

Washington, N. C., March 18.—Dr. T. Taylor, of the state board of medical examiners, and his entire family were poisoned yesterday by coffee and hash containing arsenic, put there by James Walker, a negro driver, who had often threatened to kill the negro nurse. When arrested, rat poison containing arsenic was found in Walker's pocket. Prompt aid saved the poisoned family. The negro confessed that he had put the poison in the coffee and the hash, but "only to kill the old nurse, who had 'conjured' him."

According to Dr. Sydney Jones, 16,000 consumptives are moving about Australia annually.

Saves Others.

When one of the children has diphtheria, scarlet fever, or measles, why not keep the others from having it? You can do so with our Vapo-Cresoline. Put some Cresoline in the vaporizer, light the lamp beneath, and have them breathe the vapor. This vapor destroys all the germs of disease. The contagion can't spread—you save others. It is the only known specific for whooping-cough. Ask your doctor about Vapo-Cresoline.

Vapo-Cresoline is sold by druggists everywhere. A Vapo-Cresoline outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresoline, complete, \$1.50; extra supplies of Cresoline 50 cents and 20 cents. Illustrated booklet containing physicians' testimonials free upon request. Vapo-Cresoline Co., 130 Fulton St., New York, U.S.A.

MUSIC AND DRAMA.

St. Patrick's Concert.

There were Englishmen there, doubtless, and Scotchmen, too; and, it is just possible, a Welshman here and there—but it was above everything else an Irish audience which listened with delight to the programme given at the annual St. Patrick's Day concert in the Grand Opera House last evening. It was a warm-hearted, sympathetic audience, as all audiences of Irish men and women are, and it filled every seat in the beautiful theater. The annual St. Patrick's Day concert has come to be looked upon in London as the most enjoyable entertainment of the season, and the concert of 1902 possibly excelled all previous ones in excellence. Those taking part in the programme were Mr. Hirwen Jones, the well-known English tenor, who is just beginning his first Canadian tour under the direction of Mr. W. J. Jones; Alice Calder Stock, soprano soloist of the First Methodist Church; Mr. Owen A. Smily, reader and humorist; Miss Hilda Richardson, cellist, and the Musical Society Orchestra. Much was expected of Mr. Hirwen Jones, and the audience was in no wise disappointed in his work. Mr. Jones is a man of magnificent stature and the possessor of a tenor voice of great power and range. He sings with exquisite expression and feeling. Always rich and resonant, his voice in its higher range is full of clearness and sweetness that is indescribably beautiful. For a concert such as that of last evening he might have been more fortunate in the choice of his selections, but he never fails to give a warm applause for all his numbers. Godard's "Angels and Thee" being, perhaps, the most popular with the audience. Alice Calder Stock was really the favorite of the evening, with the exception of one number, Mrs. Stock confined her efforts to the incomparably sweet songs of old Ireland, and with her first song, "The Beautiful Plaintive Rory Darrin," she won her way to the heart of the audience. The exception was "To Sevilla," which she gave by request, and with excellent taste. Mrs. Stock's voice possesses that quality of sweetness which cannot be described, but can only be felt. Her expression is faultless, and with each succeeding appearance on the concert stage in London, she seems to improve. Nothing more delightful could be imagined than her singing of "Come Back to Erin," the exquisitely tender little song which has caused millions of Irish eyes to grow dim with emotion. In response to her song, the numerous bouquets which she received, Mrs. Stock sang "The Last Rose of Summer," with admirable effect. Mr. Owen A. Smily is an old favorite of the audience, and, indeed, with St. Patrick's Day audiences. His humorous dialect sketches, and particularly his delineation of Pat and his friends, sent the audience off into uncontrollable laughter. The description of "The First Piano in Camp" was laughable in the extreme. Miss Hilda Richardson acted as accompanist, and her renditions of a medley of old Irish melodies brought an enthusiastic encore. Both Miss Richardson and Mrs. Stock received beautiful bouquets of roses during the evening from admirers in the audience. The Musical Society Orchestra opened the first half of the programme with a selection of Irish melodies, and the second half with the overture "Orpheus." Miss Constance Veitch and Mr. F. L. Evans acted as soloists. The programme was as follows:

Selection—Irish Melodies.....Wiegand
Musical Society Orchestra.
Gavotte.....Popper
Alice Calder Stock.
Ave Marie.....Luigi Luzzi
Selected.....Mr. Hirwen Jones.
Mr. Owen A. Smily.
To Sevilla (by request).....J. Dessaner
(a) Old Irish Melody—Wild Hills of Clare.....Arranged by A. Somerville
(b) Irish Lullaby—Sweetest R. Lang
Mr. Hirwen Jones.
Irish Melodies.....Miss Hilda Richardson.
Overture—Orpheus.....Offenbach
Musical Society Orchestra.
Two New Songs.....Godard
(a) Angels Guard Thee.....Noel Johnson
(b) God's Rest.....Noel Johnson
Paine's Celery Compound.
First Piano in Camp.....Smily
Mr. Owen A. Smily.
Selected.....Miss Hilda Richardson.
Come Back to Erin.....Claribel
Alice Calder Stock.
Serenade—Awake, Awake, Alfred Platt
(Cello obligato by Miss Richardson).
Peculiar Effects of Teaching.....Smily
Mr. Owen A. Smily.
God Save the King.
Miss Constance Veitch and Mr. F. L. Evans, accompanists.

"MONTE CRISTO."
When Mr. James McNeill steps on the stage of the New Grand next Friday evening he will have played the role of Edmond Dantes is Monte Cristo over 4,000 times. Yet it is said there is apparent in his acting no lack of spontaneity or creative force of vitality. His characterization of the part has come to be recognized as one of the finest pieces of acting on a contemporary stage. The company is notable, including Frederic De Belleville, James O'Neill, jun., Warren Conlan, Joseph Slaytor, Miss Selene Johnson, Kate Fletcher, and a large number of others. The sale of seats will open Wednesday morning at nine o'clock.

EUGENE COWLES.
Conspicuous among the select few of really excellent musical attractions is the Eugene Cowles Opera and Concert Company, which is announced for an appearance here at the New Grand, on Saturday evening next. The bill to be given here will be selections from such famous composers as Godard, Theo Northrup, Arditi, Plegier, Saint-Saens, Sullivan, Storch and Schubert. The bill will conclude with a one-act opera entitled "Snowbound," in which the whole company will take part. The sale of seats will open Thursday morning.

"FOXY QUILLER."
The Klaw and Erlanger Opera Company, with Jerome Sykes as the star, is to present De Koven & Smith's wonderfully tuneful comic opera, "Foxy Quiller," at the New Grand next Monday evening, the 24th inst. For a long time Messrs. Klaw and Erlanger have held the proud position of being the leading producers of theatricals on an expensive scale in this country, and in the present instance they are said to have left nothing undone which would make the opera a success. Besides Jerome Sykes, the company includes Louis Casavant, Adolph Zink, Harry MacDonough, Arthur T. Earnest, Eleanor Kent, Lillian Seville, Grace Cameron, Marion Bent, Almira Forrest, Marie Christie, and many other well known comic opera favorites, besides a well-trained chorus. The company carry its own orchestra under the direction of Signor de Novellis. The seats for this engage-

For the
Little Ones

Be Careful in the use of Cough Medicines for Children's Coughs and Colds.

Many analyses of cheap cough mixtures and cough and throat lozenges have clearly proven that a large proportion of them contain opiates.

The temporary relief which these cheap medicines often give in coughs and colds, especially with the little children, is because the opiate, by destroying the nerve sensation, the irritation in the throat, which causes the cough, is temporarily removed, but the real cause of the cold is not in any way removed by the opiate and will promptly return.

The best thing to use to remove the catarrhal secretion which causes the cold, the hoarseness and irritating cough, is a new preparation composed of antiseptics like Eucalyptol, Red Gum of Eucalyptus tree, Blood Root, etc., under name of Stuart's Catarrh Tablets, which contain no opiate, cocaine or poisonous drug of any sort.

A mother living in Charleston, Mass., the happy possessor of four children, writes: "Every fall and winter I have laid in a stock of cough medicines, croup mixtures, and throat remedies for my little children, for somehow or other they never seemed to be free from colds, croup or sore throat."

"This fall I made a change in the usual program. I had myself been cured of an obstinate catarrh, from which I had suffered for years, by Stuart's Catarrh Tablets, and as they were pleasant to take I determined to try them with my children. Our family physician told me he knew them to be perfectly safe and nothing better could be taken. So I gave them to the children and have continued to do so ever since, whenever there is the least sign of croup or sore throat, and I no longer dread the approach of cold weather as I once did."

"Stuart's Catarrh Tablets not only cured me of chronic nasal and throat catarrh, but

they have saved me many an anxious night with my little ones."

Mr. A. R. Fernbank of Columbus, Ohio, says: "I suffered so many winters from Catarrh that I took it as a matter of course, and that nothing would cure it except a change of climate, which my business affairs would not permit me to take."

"My nostrils were almost always clogged up, and I had to breathe through the mouth, causing an inflamed, irritated throat. The thought of eating breakfast often nauseated me and the catarrh gradually getting into my stomach, took away my appetite and digestion."

"My druggist advised me to try a 50 cent box of Stuart's Catarrh Tablets, because he said he had so many customers who had been cured of catarrh by the use of these tablets, and he felt he could honestly recommend them. I took his advice and used several boxes with results that surprised and delighted me."

"I always keep a box of Stuart's Catarrh Tablets in the house and the whole family use them freely on the first appearance of a cough or cold in the head."

"With our children we think there is nothing so safe and reliable as Stuart's Catarrh Tablets to ward off croup and colds, and with older people I have known of cases where the hearing had been seriously impaired by chronic catarrh cured entirely by this new remedy."

People who have used sprays, inhalers, salves, and washes for catarrh and have found how useless they are, will be agreeably surprised at the results following the use of a pleasant internal remedy in tablet form. Druggists everywhere admit that Stuart's Tablets, which they sell at 50 cents per package, is the safest, most effective and popular of all catarrh remedies.

ment will go on sale next Friday morning at 9 o'clock.

ORIENTAL BURLESQUERS.

W. B. Watson's aggregation of vaudeville stars, the Orientals, will appear at the London Opera on Thursday night next. The ladies number 25 and possess voices that are really musical. The performance begins with a burlesque entitled "In Ladyship," introduced by the entire company. The olio consists of vaudeville acts by Miss Jeanette Dupree, the queen of burlesques, Sisters Navette, Miss Belle Gordon, champion lady bag-puncher; Johnny Weber & Co., comedians; Lassard Brothers, society acrobats; Hawthorne and Allen, Ella Shields, Coon Shouter and West and Williams. The performance closes with a funny bit of nonsense entitled "The Lady Who," which is a laugh producer from start to finish. The company has been playing in Toronto, Hamilton and Buffalo, and received flattering press notices in each place. Seats are now on sale.

Thinner Than a Rail.

Spending every day as much energy as you make and if the balance goes a little further, well, you get thinner. Not wise to go that way longer. Better use Ferrozone, you will digest more—a little gain the first week, but the gain keeps growing. Not quite so thin! Keep right on, you will get too fat. Then your blood will be rich, your heart strong, you won't puff so much, you won't get tired and you will get too fat. Fat, blood, strength, you have them all with Ferrozone. Sold by W. T. Strong & Co.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itching of the skin, eruptions or blotches, ulcers in the throat or on the face, sore throat, falling out of hair, head-ache, stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have a cure. Buy a bottle of Dr. Kennedy & Kergan's Blood Purifier. It is a powerful purifier of the blood, and a general tonic. It is guaranteed to cure blood disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleared and purified, and the patient feels renewed and ready for the duties and pleasures of life. CURES GUARANTEED OR NO PAY. 25 Years in Detroit. 250,000 Cured.

Counselation Free. Question Blank for Home Treatment and Books Free.

Omega Oil

Great is Oil! Did you ever think what an important thing oil is in this world? It is the oil in paint that prevents decay of woodwork. It is the oil the bootblack puts on your shoes that preserves the leather. It is oil that keeps iron and steel from rusting. It is oil that makes machinery run easily and smoothly.

But the greatest oil of all is Omega Oil, the popular green-colored liniment that everybody is talking about. It keeps the human body from decaying and getting rusty. It softens, relaxes, soothes and preserves the flesh of old people. It lubricates stiff joints, and makes them work easily and smoothly. And the little Swiss green herb in Omega Oil is the most amazing thing for stopping pains and aches that ever grew out of Old Mother Earth. If you have a place on your body that hurts, you are mighty foolish if you don't rub that place with Omega Oil, and get cured right away. It is good for everything a liniment ought to be good for.

Tell your druggist you must have Omega Oil, and nothing else. He will give it to you or get it for you. The Omega Chemical Co., 257 Broadway, New York, will mail you a bottle, prepaid, anywhere for 50c. in cash, money order or stamps.

A Jobber's line of Dressed Dolls, bisque head; regular 25c dolls, or two fine dolls for the price of one. See them in our window.

ROUTE NOT YET CHOSEN

No Car Tracks on Beaconsfield Avenue.

Stanley Street May Have Double Tracks After All.

Civic Salary Increases—Another Sugar Beet Offer—Other Council Business.

Spite of the fact that the council opened earlier than usual, with an expressed intention to hurry through so as to allow the mayor and several members an opportunity to show their devotion to Ireland's patron saint by attending St. Patrick's concert at the Grand, was nearly 10:45 p.m. before an adjournment was moved, and therefore the anxious ones heard little of the concert. This, however, was not altogether the fault of the council, as the business was gone through in a fairly expeditious manner.

The evening's proceedings included the voting down of the proposal to have Springbank cars come back by Beaconsfield avenue, and an alternate suggestion which would allow of the double tracking of Stanley street was sent to No. 2 committee.

Other business included the passing of the salary increases, with two additions, the passing of charities grants as recommended, and the sending to the manufacturers' committee of the latest sugar beet proposition.

Those present were the mayor, Ald. Cooper, Dreaney, Jolly, McMechan, Campbell, Abram, Winnett, Greenlee, Stevens, Beattie and Douglass, and Acting City Clerk Bell.

COMMUNICATIONS. Referred to No. 1 committee—P. E. Richards, re taxes; R. J. Blackwell, estimates of the public library board; Mary J. Ball, re remission of 1901 taxes.

Referred to No. 2 committee—R. McLeod, re a petition for a new street, Colborne, Piccadilly to Oxford; T. Fox, et al, against construction of cement walk on North Oxford, from Maitland to the Grand Trunk Railway; et al, against laying of cement walk on North Dufferin, from Cartwright to Prospect; F. Arscott, et al, against cement walk on North George, from Mill to Ann; E. Brown, et al, against cement walk on South Bathurst, from Ridout to Thames; Frank Bernard, et al, against cement walk on North Oxford street, from Wharfcliffe to Ferry; Jonathan Ardill, et al, against cement walk on West Rectory, from Grey to Simcoe; Grand Trunk Railway, per J. W. Bell, petition against laying of certain cement walk; A. J. Morgan, et al, for improvement of road on Wellington street, Victoria to Huron; on Regent street, Richmond to Waterloo; D. J. Cowan, for cement walk on North Barton, from Talbot street to 207 feet west of D. McLeod, for cement walk on East Wellington from Victoria to Regent streets; Sarah Dunn, et al, against construction of cement walk, Richmond to Regent, between West avenue and Elmwood avenue; Thos. Garalde, for reinstatement as ward foreman.

Referred to No. 3 committee—John C. Parkes, Chas. H. McLeod, H. C. Spence and W. Burleigh for positions on fire department. S. J. Allin, et al, re name on petition for street South, between West avenue and Elmwood avenue; Thos. Garalde, for reinstatement as ward foreman.

The McClary Manufacturing Company's Benefit Association applied for free use of city hall for the holding of a ball. The request was granted.

The choir of the King Street Presbyterian Church applied for the free use of the east end hall for the holding of a concert on April 8.

NEW SUGAR BEET PROPOSITION. John A. Moody, president of the London Sugar Refinery Co., wrote, owing to the limited time for the erection of a beet sugar plant for the campaign of 1902-3, the company must act quickly. He therefore made a proposition that if the city gave a deed to 25 acres of land for a site, on the water front, in close proximity to the railroads, in the eastern part of the city, and exempt the land from the twenty years the company would at once close a contract with the National Construction Company of Detroit.

The company would construct a factory to help them in arranging railway rates and spur connections.

Mr. E. H. Glock, of Detroit, representing the National Construction Company, laid the advantages of the company's proposition before the council. He said that if the council did not take the question up at the present session, other places would be only too glad to receive such a proposition.

The matter was referred to the manufacturers' committee.

THEY WOULDN'T ADJOURN. After the communications had been read, Ald. Cooper moved that in honor of St. Patrick the council adjourn to meet on Tuesday night. Ald. Jolly seconded. The motion was lost, only the mover and seconder supporting it.

NUMBER THREE COMMITTEE. No. 3 committee's report was then taken up. The recommendation that the hours of closing billiard and pool rooms be extended till 11 p.m. on Saturdays was subjected to discussion. Ald. Jolly moved in amendment that the rooms be allowed to keep open till 12 o'clock from Monday to Friday night and till 11:30 on Saturday night. Ald. Greenlee protested against any change in the bylaw, saying the pool rooms were not desirable places to be kept open late, as they encouraged young men to loaf around till a late hour. The amendment was lost and the clause carried.

In the street watering contract No. 5 section was given to Turnbull & Co. at \$200, an advance of \$15 on W. D. Gunson's tender. It was explained that as Turnbull & Co. have the contract for cleaning the asphalt pavements, it was desirable that they also have the watering of them.

George Heaman was awarded the

contract for repainting the watercars, 1 1/2 price being \$75.

The remainder of the report, including contracts for fire department supplies, passed without amendment.

DIDN'T WANT THE TRACKS.

In No. 2 committee's report the first clause recommended that the street railway be allowed to lay tracks on Beaconsfield avenue, to serve as a return route from Springbank. A deputation of Beaconsfield avenue and Wortley road residents were present to oppose the recommendation. Several of the members addressed the council, pointing out the narrowness of the street and the depreciating effect the laying of tracks would have on the property.

Engineer Ironside said that with the cars running on Beaconsfield avenue a road 9 feet 4 inches wide was left on each side of the road from abutment to abutment of the railway viaduct is 24 feet.

ALD. WINNETT'S REMEDY.

Ald. Winnett opposed the tracking of Beaconsfield avenue for the same reason that he opposed it on Stanley street, that the street would be damaged thereby. He therefore moved that the street trackway be given permission to double track Railway street, on condition that they grade the roadway and place their trolley poles on the G. T. R. property. This, he thought, would do away with the worst part of the delay in the return from Springbank. Ald. Beattie seconded. Ald. Winnett's amendment, and spoke strongly in support of it.

IMAGINARY DANGER.

Manager Carr, of the street railway, said that he did not think that the same argument applied to the tracking of Stanley street and of Beaconsfield avenue, because the former involved double tracking and in the latter case only a single track would be laid. He considered it largely imaginary. At the viaduct on Thames street, a trolley car would have to pass over a narrow passage, there had never been any accident.

AN ALTERNATIVE PLAN.

Thomas H. Smallman, vice-president of the London Street Railway, said he wished to submit a new proposition to the council. One of the sidewalks on Stanley street is of wood, is almost worn out, and is soon going to be torn out, and moving this sidewalk back to the fence line, room would be left for the double tracking of the street, while the roadway would also be wider than at present. He thought this plan would be a better one than the one which the company will deed to the city the lot purchased at the head of Beaconsfield avenue, which would allow of the opening up of that street through to the Waterline road.

AMENDMENT CARRIED.

The amendment carried on the following division: Yeas—Beattie, Douglass, Winnett, Abram, Campbell, McMechan—6. Nays—Greenlee, Jolly, Dreaney, Cooper—Steadily—5.

Ald. Winnett moved that Mr. Smallman's proposition be referred to No. 2 committee.

Mr. Carr informed the council that the work must be undertaken at once, and unless he could obtain an immediate answer from the council, the company must proceed with the construction of switches on Stanley street.

Ald. Campbell suggested that No. 2 committee consider the proposition as soon as possible, and that a special meeting of the council be called to take action.

The clause recommending slight changes in the plans for alterations to the city hall was passed after a short discussion.

The recommendation to pay \$25 to W. Rogers, on account of a broken arm, sustained by reason of an icy sidewalk, brought out an amendment to refer the matter to the city solicitor. The amendment and motion were both lost.

GRANTS TO CHARITIES.

In considering the grants to charities recommended by the report of No. 1 committee, Ald. Dreaney moved that the Charities Organization be given \$250 instead of \$200; Ald. Cooper moved that the London Station Armistice Bazaar be given \$100 instead of \$75; Ald. Campbell moved that the Mount Hope Orphanage be granted \$300 instead of \$200, and that a grant of \$100 be made to the Children's Home, St. James street.

After some discussion, Ald. Douglass moved in amendment that the clause carry as recommended. The motion carried.

INCREASED SALARIES.

In the matter of increased salaries, the six increases recommended by the committee were passed. In addition, A. E. Jolly was given an increase of \$50 and W. H. Carrothers was given \$50 besides the salary increase.

Salaries in question are now as follows: James T. Bell, \$500; George Tambling, \$500; A. E. Jolly, \$550; J. Moule, \$750; Robert Ironside and James Dean, \$600; W. H. Carrothers, \$550.

A VOTE OF THANKS.

Ald. Douglass, after reading the report of the manufacturers' committee, moved that a vote of thanks be given for his successful conduct of negotiations between the G. T. R. and the Columbia Handle Company. The motion carried.

OTHER BUSINESS.

On motion of Ald. Cooper, T. Fox was given the contract for supplying gravel in No. 3 ward.

Ald. Jolly gave notice that at the next meeting of the council he would move that a bylaw be prepared by the solicitor providing that all new roadways be laid out under the supervision of the city engineer, the whole frontage to be charged against the property abutting thereon, intersections to be paid for by the corporation by five or ten-year debentures. When, in the opinion of the city engineer, a new roadway is required, the work may be initiated or petitioned for, and if petitioned against, the city may construct a macadam or gravel road, and charge the whole cost against the property abutting thereon. The provisions of this bylaw shall not apply to London West until the expiration of the agreement made in 1897.

Bylaws to borrow \$50,000 from the Molsons Bank for current expenditure, and to raise \$24,000 by debentures for the purchase of pumping machinery and the extension of water main services were given their first and second readings.

Catarrh, an excessive secretion from an inflamed mucous membrane, is a radical cure for permanently cured by Hood's Sarsaparilla.

RR READY RELIEF

Rayway's Ready Relief CURES AND PREVENTS Coughs, Colds, Sore Throat, Influenza.

Inflammation of the kidneys, inflammation of the bladder, inflammation of the bowels, mumps, congestion of the lungs, difficult breathing, croup, diphtheria, catarrh, cold chills, acute chills. The application of the Ready Relief to the forward parts where the pain or difficulty exists will afford ease and comfort. If seized with threatened PNEUMONIA

or any inflammation of the internal organs or mucous membranes, after exposure to cold, wet, etc., lose no time, but apply Rayway's Ready Relief on a piece of flannel, and place it over the inflamed part. The patient by its action of counter-irritation and by equalizing the circulation in the part, affords further instructions sent in directions wrapped around the bottle.

Household Necessities.

"I take my pen in hand to inform you of the great cure effected by your medicine. About three days ago my husband was taken down with lung fever. It came on him with a chill in the night. He said he had a supply of the medicine in the house at the time. I rubbed his chest and back with it. He felt better. I gave him a teaspoonful of it in a little hot water to drink, to help him get the medicine down. He felt better. By the time the doctor came the next morning he was much better. The doctor wanted to know what I had been doing. I told him. He said that was good. That they were good medicines. Another case I had was with my little nephew. He was taken with the croup. I rubbed his chest and back with it. He felt better. By the next day he was about all right. I have been using this medicine with my family for about thirty years, and never knew it to fail. I would feel grateful obliged to you to send me a supply of it. I am at liberty to make use of this statement as you may think proper. Yours respectfully, "MRS. ELIZA DUNN, "Jacksonville, Morgan Co., Illinois."

ACHES AND PAINS

For headache (whether sick or nervous), toothache, neuralgia, rheumatism, lumbago, pains and weakness in the back, spine or kidneys, pain around the liver, swelling of the joints and pains of all kinds, the application of Rayway's Ready Relief to the affected part, and its continued use for a few days effect a permanent cure. No matter how violent or excruciating the pain, the rheumatic, bedridden, infirm, crippled, nervous, neuralgic or prostrated with disease may suffer.

RAYWAY'S READY RELIEF

Will Afford Instant Ease. 25 cents per bottle. Sold by Druggists. Be sure and get "Rayway's."

Good Roads and Patriotism.

With each returning spring the problem of highway improvement presses itself upon us for solution. The inconvenience of bad roads is felt more severely at this time of the year, when trade is practically at a standstill, owing to the depth of mud incident to bad drainage and poor road materials. Especially is this the case in towns and villages throughout the country, where merchant and farmer are more directly dependent upon each other.

If the matter of road improvement were undertaken by such municipal bodies as the county and the township councils, who would employ skilled roadmakers throughout the spring and summer seasons, it would not be long before our rural thoroughfares would be such as would command the admiration of the entire community. Let the work be so apportioned that the county council would become responsible for, and supervise the improvement of all the main roads, and the township councils those of minor concern.

Good results have been obtained in the United States by what are called road trains. Railway companies who have recognized the importance of the volume of commerce, have permitted the use of special trains manned by expert road engineers. These trains are switched off on sidings at convenient centers, and the actual construction of roadbeds is undertaken in the presence of hundreds or of thousands of interested spectators. Men have an opportunity of seeing the work done, of asking questions and obtaining advice and direction from competent persons.

Millions of dollars have been spent in this country on railways and canals, but if the greatest practical results are to be realized from our railway and canal systems, greater attention must be paid to the smaller feeders—the common roads.

The wear and tear on horse flesh, vehicles and harness in a year, which at present is a serious loss to the agriculturist, might be obviated. Not only this, but the drainage along the front of his farm would easily increase the value of each acre by at least ten dollars; because a proper system of drainage is one of the first essentials in road construction.

But there is another side to the question. The attractiveness of home life is a matter of consideration. There is enough of appreciation for the artistic in Canadians to enable them to properly realize beautiful surroundings, or to turn from those which are uninviting. The youth of our land are schooled in the light of the twentieth century. They are naturally repelled by surroundings that are not in harmony with the progressive condition of the day, and as a result we have the tendency to get away from farming and a general distaste for rural life. Neatly kept farms, with wire or mechanically constructed rail fences, though the former are in reality the cheaper, uniform and well-built roads, shade trees, and, as a climax, a cosy home, around which natural beauty in the shape of shrubs and flowers, is much in evidence, will attract even the least aesthetically inclined. A love for home life, inspired by such surroundings, is in the truest sense patriotic.

Good Sense and Tolerance.

Le Soleil for the 10th of March contains a strong, sober appeal to the people of Quebec and district to avoid a narrow jingo patriotism and "Anglophobia." This journal says it is proverbially true that no country has enjoyed more happiness and freedom during the last fifty years than the Province of Quebec. But there are some people who do not know when they are well off. "Sober people have been asking for some time what is the purpose of this little campaign of Anglophobia, which unfortunately for our reputation seems to have taken its rise in our good town of Quebec." Hitherto, says this article, the burning question of race has been discussed there with moderation and good sense. It appears that one element in this agitation is a demand for more purity of speech. This, as Le Soleil shows, can be carried to ridiculous lengths. "They can 'trek,' if they will, as far as France, where their purism will be still more scandalized, for in the heart of Paris the French language is enriched at the expense of German, English, Italian, Spanish, Arabic and all the dialects of the world, which does not hinder it from being spoken more correctly and more musically than in Quebec. Those who wish to be more French than France have no more chance than the politicians who formerly claimed to be more Catholic than the Pope." Then comes a warning to the editor of Le Evenement against playing with fire, as he has done before. "As Sir Wilfrid Laurier has the audacity to speak English in a chamber where the majority is English, and because Le Soleil now and then publishes English texts in its columns, it is clear that the Liberal party is becoming Anglicized. In this way

our contemporary flatters himself that he is creating the legend of the patriotic Conservative party, opposed to the traitorous Liberal party."

We have often expressed our view that to exploit questions of race and language for party purpose is foolish as well as wrong.

"Who's Who?" in America.

The English have had their "Who's Who" for fifty years, and three years ago it found an imitator in America; so there is at least one thing in which the Americans have followed English lead. The American book is said to be packed with "solid living facts" concerning 11,551 celebrities. The American celebrity, in reply to editorial inquiry, recounts every achievement that he can place to his credit, and does not trouble much about "recollections," which play such a large part in the English book; small domestic details the American despises. One man wrote to say that he was sorry he could not give his wife's maiden name, as she was traveling on the continent. Of those who have made a name in the United States, 527 were born in Boston, 238 in Germany, and 174 in Canada. This last figure surely shows a pretty good proportion for our contribution. France comes next, but all the other countries have small numbers; 108 distinguished Americans have found refuge in England, and 76 in France, but only one in Scotland, and none in Ireland. The Times reviewer points out that "distinctions of rank, after all, are a picturesque feature one cannot help missing in this stern republican record."

What the American must show is a line of useful effort which will enable him to be tickled off as we take a few descriptions at random—congressman, author, confectioner, benefactor, bishop, astrophysicist, educator. The reader, then, must not look for picturesqueness, or romance, or intentional humor, in this book. He must be content with "solid, living facts," and leave trivialities to the old country. We can quite understand how, in such a development altogether of a personal and biographical character the differences of the two countries would come out in a very striking manner. And it may be that outside of the eleven thousand, there are many men and women at work who are destined to have a very powerful influence on the life of their country and the world.

Protection in the United States.

[New York Outlook.]

Upon the Republicans in Congress depends also the fate of protection in the near future. That the protective system must be modified to suit the new demands of the new times is evident to all thoughtful men. It can be preserved only by breadth of view and flexibility of legislation during the next few years. The extreme protectionists are allowed to have their way in the face of new conditions creating new demands, there will be a violent end to protection which will not only drive the Republican party out of power, but which may prove very disastrous to the country. History is full of lessons worth large for the benefit of the Republican party at this juncture. It would do well to take a few hints from the policy of the English Conservatives who, whenever they find that they must make concessions to public opinion, instead of standing out and inviting a movement of revolutionary intensity, modify existing conditions in their own fashion. The true policy for the protectionist is to study public sentiment and to make the modifications of the tariff system which are inevitable, instead of allowing them to be made by their enemies.

The Sanctity of an Oath.

[Montreal Witness.]

A recent article in the London Telegraph comments on the careless and flippant manner in which the oath is sometimes administered in English courts of justice. The evil is even more apparent in Canada, where the oath is still required, on many occasions in which a simple affirmation suffices in the old country. The multiplicity of oaths and the lack of importance of some of the occasions which call for them in our commercial life, have a tendency to weaken their efficacy as a means of obtaining the truth, and incidents are not uncommon where "a coach and four" is driven through them as easily as O'Connell said it could be driven through any act of parliament ever framed, the damage to public morality being a very perceptible one. Even among thoughtful and conscientious people the oath has a more or less prejudicial effect in that it decreases the value of their ordinary statements and creates a temptation to conduct similar to that of Louis XI. of France, who is said to have had one form of oath which he never broke, but felt exasperated thereby from keeping any other. Whether the words "Swear not at all; let your yea be yea and your nay, nay," are supposed to be observed literally or not they certainly demand simplicity of language and call for absolute sincerity and truthfulness in every-day life. Dealers in agricultural machinery speak of the complete dependence which can be placed on the word of the Minnesota and Doukhobors of the Northwest. Whether this is to be attributed to oaths or bonds or not, it should arouse us to the importance of using every means calculated to regain the character of unflinching truthfulness by which the Anglo-Saxon people were once distinguished.

A STUDIO SECRET.

"Sometimes," sighed the weary papa as he tried in vain to quiet the turbulent infant, "I wish I was a photographer."

"And why?" nonchalantly asked mamma as she turned to another chapter.

"Because a photographer seems to be the only man on earth who can make a baby look pleasant when it doesn't wish to."

HISTORY ELUCIDATED.

"What did the Puritans come to this country for?" asked a Massachusetts tourist of a class in American history.

"To worship in their own way and make other people do the same thing," was the reply.

PROROGATION PROCEEDINGS

Legislative Sessions Closed With Little Show.

Chief Justice Armour Acts for Lieutenant-Gov. Sir Oliver Mowat—The Speech From the Throne.

[Special to The Advertiser.]

Toronto, March 17.—Though a ceremonial of no small interest, the prorogation of the legislature, passed off this afternoon, with comparatively little pomp and circumstance. The galleries were filled with visitors, among whom were many ladies, but the floor of the house, in strange contrast to the brilliant opening function on Jan. 8, was not crowded with leaders of society. In fact, the official invitation list included few names owing to the uncertainty which always prevails as to the date of the event.

When the administrator, Chief Justice Armour, who was sworn in some days ago owing to the illness of Sir Oliver Mowat, came to the entrance of the chamber, he was met by the leader of the house, who escorted him to the dais. The assistant clerk read the names of the bills ready for royal assent, and the clerk authorized them in the name of His Majesty. One hundred and sixteen bills have been put through, a number in excess of the average.

The escort was furnished by the Royal Grenadiers.

Address from the Throne.

The address from the throne was as follows:

I observe with great pleasure that the legislature now about to be dissolved has emulated its predecessors in endeavoring to devise and carry into effect a policy designed to encourage the development of the newer portions of Ontario. It affords me therefore, peculiar satisfaction to be able, in his Majesty's name, to assent to a bill for the construction of the Temiscamague and Northern Ontario Railway under the direct auspices of the government. The careful and systematic exploration of these districts has fully warranted the expectation that the construction of such a railway will add materially to our population and at the same time furnish a substantial outlet for the manufactures of the older part of the province. I trust that the line will be of great benefit to the people, and that the facilities for transportation which it is intended to afford will be available on an equitable basis to all the railway systems of the Dominion.

PROHIBITION BILL.

I assent with pleasure to the bill respecting the sale of intoxicating liquors, and I am pleased to notice that a measure in regard to which there is necessary much difference of opinion and which is so far-reaching in its influence upon the social customs of the people as well as on the property and civil rights, has been referred to the electors of the province for their approval. Experience has shown that legislation with regard to the liquor traffic, in order to be effective, must be fully sustained by public opinion. Should this opinion be favorable to the measure, it will be able in the present conjuncture to assist the crown possesses to enforce legislation which you have stamped with your approval.

INCREASED REPRESENTATION.

I cordially approve of the measure for increasing the representation of that portion of the province not yet organized for municipal purposes. With the increase of population and the needs of the people necessarily increased. It was therefore proper in the interests of the whole province that ample facilities should be given to the electors for obtaining the fullest information with regard to the great areas of undeveloped territory still vested in the crown.

STATUTE CONSOLIDATION.

I am glad to find among the measures submitted for the royal assent a bill respecting the revision and consolidation of the imperial statutes from time to time incorporated in the statute law of the province. It is pleasing to observe the thoroughness with which the commissioners appointed for this purpose have done their work. I am confident that the consolidation which they have effected will be greatly to the advantage of the legal profession and of the public, as it renders more intelligible many statutes which have become antiquated and obscure, and at the same time removes from the statute book laws which had long ago become obsolete.

TRANSPORTATION FACILITIES.

It is gratifying to notice that the legislature is fully alive to the increased transportation facilities required by the agricultural population of the province, as is shown by the numerous charters granted for the construction of electric railways connecting the rural districts with the market towns. I have, therefore, assented with more than ordinary pleasure to the bills dealing with this method of transportation, and to the further measure investing a committee of the executive council with jurisdiction over all electric railway systems.

ANGIER'S PETROLEUM EMULSION FOR THE LITTLE FOLKS

ANGIER'S PETROLEUM EMULSION is the best thing you ever heard of for children. It does them just as much good as it does the big folks, and is as pleasant to take as can be, agreeing with the weakest stomach. It's the quickest, safest, sweetest cure known for Whooping Cough and Croupy Cough in Children. It cures the most stubborn cough and heals all soreness and inflammation of the throat and lungs. It is splendid for Bronchitis, Swollen Tonsils, Difficult Breathing and Cold in the Chest. It's a remedy for all throat and lung troubles.

All druggists sell ANGIER'S Petroleum Emulsion, 50 cts. and \$1.00 a bottle. Be sure you get ANGIER'S.

MILLIONS USE IT

tens subject to the legislature of the province.

I also assent with pleasure to the acts dealing with agriculture, the act respecting the improvement of public highways, and more particularly the act to amend the toll roads expiration act, which renders more workable the important measure on that subject passed last year.

I am confident that the measures providing for the revision of the statute law, the act granting aid to certain railways, the act affecting wills of personal property and marriage, the act reducing the number of expert witnesses in civil cases, and the act for the removal of obstructions in rivers and streams will be found to be in the public interest. Your interest in higher education is shown by the bills dealing with the University of Toronto, University College and high schools.

I thank you for the generous appropriations you have made for the public service, and take pleasure in assuring you that they will be carefully expended.

ZEAL COMMENDED.

In taking leave of this, the ninth Legislative Assembly of Ontario, I desire to commend your zeal in endeavoring to promote the prosperity and well-being of the whole people. To no legislature have there been confided more important interests than to the one now about to be dissolved. I am confident that the measures you have proposed and the appropriations you have made for the public service will be received as an assurance of your efforts to discharge faithfully the high duties committed to your care. I venture to hope that your successors will prove to be no less anxious to maintain the honor and credit of the assembly, and that they will in a spirit of the same patriotism and with equal care and fidelity apply themselves, as I believe you have done, to increase the prosperity and promote the moral well-being of all classes of the people.

At the conclusion of the speech, Hon. Mr. Stratton, provincial secretary, pronounced the house prorogued.

A shadow of gloom was cast over the entire ceremony by the death of Mrs. Ross, and interest in the event was rapt rather than lively. The dissolution of the ninth legislature will be announced in a proclamation from the lieutenant-governor at an early date.

BOY PLAYED BUTCHER WITH A BABY VICTIM

New York Boy Almost Murdered His Little Brother in "Playing Butcher."

Goshen, N. Y., March 18.—Playing the role of a cruel assassin, a young boy, old brother, ambitious to "be a butcher like papa," told him to, almost cost the life of the 4-year-old son of Chas. Haney, who lives at Marshland, near Parker's Glen.

When found he was unconscious, strung up by the heels alongside a recently slaughtered animal and just about to be skinned by the enthusiastic young workman, who had asked his mother for a knife.

The boy is a careful observer of his father's methods. He had often watched him throw a rope over a beef, knock it senseless, string it up to a beam in the slaughter house, and prepare it for market.

He was filled with his ambition to emulate his father, and energetically assisted his little brother. When the

Bricklayer's Backache.

It requires a good strong sturdy man to stand the strain of the hard work that falls to the lot of a mason.

Exposure to the hot sun and the cutting winds, bending over, inhaling the fine dust of the lime, brick or stone, all these things are bound sooner or later to tell on the kidneys and put them out of working order.

The poor old back begins to ache and pain, the urine is scant and scalds when passing.

Any mason who finds his back aching and his kidneys bothering him can have these troubles removed and be put in fit shape for his work by a bottle or two of Dr. Pitcher's Backache Kidney Tablets.

ACTED LIKE A CHARM.

Mr. Geo. Grass, South Street, Aylmer, Ont., a stone and brickmason, well known in that town and vicinity, says: "For some fifteen years I have had trouble with my back and kidneys. It arose from my attempting to lift a very heavy stone and straining myself. I have tried all sorts of remedies in the hope of being cured, but obtained very little relief. My back would be so bad at times that it was with great pain and difficulty I could straighten up when I arose from my bed in the morning, and I suffered so much that I had to give up my mason work altogether. I read a good deal about Dr. Pitcher's Backache Kidney Tablets and bought a supply from my druggist. They acted like a charm. I took the sore pain all gone and I feel strong and well." Price 50c. a box, at all druggists or by mail, THE DR. ZINA PITCHER CO., Toronto.

MILLINERY OPENING Thursday Morning

Our Show Room will be ready with the greatest display of Millinery Elegance we have ever shown. Other seasons visitors have been unstinted in their praise of the wealth and extent of our showing, but our efforts for Thursday and following days surpass anything of the kind ever attempted in London. As for styles, word picture can do but meagre justice. What language could give you an adequate idea of the exquisite models we have selected from all that is new in the realm of fashion in Paris, London and New York? All this fascinating, alluring and bewitching attraction will be opened up for your enjoyment and inspection on

Thursday, Friday & Saturday, MARCH 21, 22 & 23

Yourselves and friends are cordially invited to attend. Our whole establishment will be resplendent with spring and summer newness—Millinery, Mantles, Dress Goods, Silks, Muslins, Draperies, Carpets, Curtains, Laces, Ribbons, etc. All vic with each in richness and variety. You will find no better place to while away an hour or two.

DRESS GOODS ..NEWS..

We are justly proud of our stock, it is so complete, and believe it will supply every possible need. We undernote some specially new and attractive weaves:

COLORED FABRICS.

"Voile."

The most popular weave for the season. Light weight, sheer finish, all wool, and specially adapted for the new style of dresses, in all the new tints shown for the present season—bluet, reseda, pearl gray, bluet, etc. Per yard, 45c, 50c and 75c, 44 inch.

"Crepeline."

This material is a very new and pretty weave, soft and clinging all wool crepe effect surface, in all pretty light shades for dresses—creme, sky, rose, gray, reseda, bluet, etc. Per yard, 60c and 75c.

Crepe de Chene.

This popular fabric we have in wool, silk and wool and all silk, by the yard; also in finer class in dress lengths, in all new summer tints and colorings. Per yard, 75c and \$1. Also Patterns at \$11 to \$15.

Dress Goods and Millinery are so closely associated in the minds of fashionable women that no Millinery Opening at this store would be considered complete unless prominence were given to new Dress Goods.

NEW BLACKS.

Suitings.

48, 50 and 52-inch, "Fricateley's" Black Suitings, price finish, will not spot nor shrink. These lines are thoroughly tested and guaranteed. Every yard stamped. Per yard, 85c, \$1 and \$1.25.

Cheviots.

52-inch Black Cheviots, all-wool, smooth surface, for spring suits and unlined blouse skirts; very special values in black and navy. Per yard, 75c, 90c, \$1.25.

"Voile" and "Crepeline."

44-inch Black Voile Crepeline and Crepe de Chene, a great variety of weaves and light-weight goods; all-wool and silk and wool; also the new "Cannon's Voile," open weave. All these lines range in price from 50c, 75c, \$1 to \$2.

Black Silk Grenadines.

New stripes, spots and floral designs. Per yard, 75c, \$1, \$1.25 and \$2.50.

HIS BLIZZARD EAR MUFFS.

Bighead—Why are you wearing ear muffs?

Jumpuppe—Because this is the anniversary of the blizzard of '88.

Bighead—Wheat, are you expecting one like it this year?

Jumpuppe—No, but I don't want to hear the same old yarns over again.

BODY AND MIND OVERWORKED.

"What scared you so? You are all out of breath."

"I just crossed the street in front of a cross-eyed bicyclist who was in a hurry."

FOUND HER LOST FORTUNE

Of health through believing what she read—tested the claim—proved the truth. South American Kidney Cure cured a violent type of Kidney Disease.

Mrs. Norman Cooke, of Delhi, Ont., doctor for Kidney disease until she was tried—tried plasters and a dozen remedies before she tried South American Kidney Cure. When she had used one bottle she had derived great benefit. After taking six bottles she was cured. She was so great a sufferer at times that she could not down—was totally unfit for household duties. South American Kidney Cure gives relief in six hours.

For sale by C. McCallum & Co.

The Verdict

It is simply the tribute paid to a life time of effort to produce the very best—to hear the remarks. "When those Tillson's undertake anything it has to go." Years ago Pan Dried Oats won the verdict from the public and they hold the same premier place still.

Do you ever get a pain there?

If so, Do you know what it means?

It is a Backache.

A sure sign of Kidney Trouble. Don't neglect it. Stop it in time.

If you don't, serious Kidney Troubles are sure to follow.

DOAN'S KIDNEY PILLS.

METEOROLOGICAL

Toronto, March 17—8 p.m.—The weather has turned considerably colder in Ontario and Quebec, while in the Maritime Provinces rain has fallen heavily. It still continues very cold in Manitoba, but in the far Northwest the temperature has risen considerably. Minimum and maximum temperatures: Dawson City, 3 below—10; Victoria, 40—45; Kamloops, 26—52; Calgary, 6 below—46; Qu'Appelle, 24 below—2; Winnipeg, 22 below—2 below; Port Arthur, 10 below—6; Parry Sound, 16—24; Toronto, 17—30; Ottawa, 34—42; Montreal, 30—45; Quebec, 30—42; Halifax, 35—44.

Local temperatures—The highest and lowest readings of the thermometer at the observatory on Monday, March 17, were 46 and 12.

Today (Tuesday) the sun rose at 6:25 a.m. and sets at 6:26 p.m. The moon rose at 12:54 p.m. and sets at 2:52 a.m.

C. P. R. SLEEPING CAR SERVICE.

Announcement of Local Service Between Montreal and Ottawa.

Commencing Sunday, March 16, and daily thereafter until further advice, a first-class sleeper will be attached to train No. 7, leaving Windsor street station, Montreal, 10:45 p.m., for Ottawa, and commencing Monday, March 17, to train No. 8, leaving Ottawa, 4:13 a.m., for Montreal.

Passengers from Montreal will be allowed to remain in car after arrival in Ottawa until 9 a.m.

Passengers from Ottawa may board car at Ottawa at 9 p.m. evening previous. Diagram of car will be held at city ticket office, Ottawa, until 6 p.m.; after that hour, diagram will be in charge of porter of car at Union station, from whom reservations may be obtained.

Berth rate between Montreal and Ottawa, \$1.50.

USE THE SAFE, pleasant and effective worm killer, Mother Graves' Worm Exterminator; nothing equals it. Procure a bottle and take it home.

PREVENT DISORDER—At the first symptoms of internal disorder Parmelee's Vegetable Pills should be resorted to immediately. Three of these salutary pellets, taken before going to bed, followed by doses of one or two pills for two or three nights in succession, will serve as a preventive of attacks of dyspepsia and all the discomforts which follow in the train of this fell disorder. The means are simple when the way is known.

THE L. AND P. S. LEASE.

Windsor Record: There is evidence that the people of London are coming to their senses and regret the dilly-dallying and somewhat offensive attitude assumed by their mayor towards the L. E. and D. R. R. in the matter of the signing of the London and Port Stanley lease. It is not easy to say at present what will be the condition of this road at the end of the present lease. Electric railways are proposed from London to Port Stanley, and other steam roads are spoken of covering the same district. The natural facilities for a good harbor at Rondeau are very much superior to Port Stanley. The L. E. and D. R. R. have commenced the erection of extensive coal docks there. Other important improvements are contemplated, so that the probabilities are that Rondeau will become a very successful rival to Port Stanley. Port Stanley is very much exposed to lake storms, and to make it at all a safe harbor would require the expenditure of large sums of money. On the other hand, Rondeau is a natural harbor, and by a moderate expenditure can be made one of the safest harbors on Lake Erie. When the people of London come to realize the mistake the city has sustained by the great error of Mayor Beck, we have no doubt that he will be invited, on the first opportunity, to go away back and sit down.

Several young members of the Belgian aristocracy are now serving their time as apprentices on board English sailing ships.

How Dear You Love Her.

So runs the song. One way to show her is to place on her finger one of our Engagement Rings. We sell a great many of these Rings. They are made of low prices and the luck that goes with them, bring us customers. We have yet to hear of a "fall in love" without the help of an engagement where one of our Rings was used.

WARD, The Jeweler, 374 Richmond Street.

A LOCAL BUDGET.

—Mrs. J. O. Adams, of Riverview avenue, is seriously ill at Victoria Hospital.

—Mr. Herbert Green, of the Merchant's Bank, Ingersoll, has been transferred to the branch in this city.

—Miss Olive R. Brennan, of this city, left on Sunday to enter the training school at St. Michael's Hospital, Toronto.

—The Bishop of Huron has offered to Rev. J. S. Seton-Adamson, of Southampton, the rectory of the parish of Delaware, at the request of the congregation.

—The public improvements committees of Elgin and Middlesex meet here today to award contracts for the concrete abutments of the Walkers and Muncey bridges.

—Special services are being held in Christ Church, among others, on Sunday night, and are to be continued up to Easter. Rev. F. G. Newton, rector of Warwick, is the special preacher.

—An application has been received by the city license commissioners from Mr. David Sore, licensee of the Office Restaurant and Hotel, to have his license transferred to Mr. W. J. Wright. The application will be considered by the board at a meeting to be held on the evening of March 21.

—The London Fire Engine Company applied for permission to use the hydrants to test their engines. The matter was referred to the chairman.

Engineer Moore presented an estimate, showing how much money would be saved if additional hydraulic pumps were obtained. The cost of pumping for the year by steam machinery was \$3,326 the cost of pumping by steam when water power was being used, \$1,476 would thereby be effected, and with \$615, or 25 per cent, which would be saved by better efficiency in the machinery, the total saving would be \$2,911.

Engineer Simmie's report for the two weeks ending March 15 showed 51,918 tons of coal used in the city. The reservoir registered from 11 feet 11 inches to 13 feet 6 inches in depth. A full barrel was present.

ELECTED VICE-PRESIDENT.

Mr. T. McHattie, master mechanic of the G. T. R. at Montreal, who was roundhouse foreman in this city for ten years, has been elected vice-president of what promises to be a very thriving railroad club in Montreal.

LEFT FOR CONVENTION.

Messrs. D. M. Kennedy, London East; W. E. Simons, Dublin; George McKay, Windsor, and R. H. Reynolds, Beachville, leave today for Montreal. They are delegates to the convention of the G. T. R. system, division No. 1, Order of Railway Telegraphers. The convention opens on Thursday.

GRAND TRUNK CHANGES.

A circular issued yesterday by Chas. M. Hays, second vice-president of the Grand Trunk, announces that R. S. Logan, lately manager of the Central Vermont, has been appointed assistant to the second vice-president, Mr. J. E. Dalrymple, who has resigned, to take service with another company. It is understood that Mr. Dalrymple goes to the Central Vermont.

FUNERAL OF MRS. COSFORD.

The funeral of Mrs. Nancy Cosford took place yesterday from Goderich to the G. T. R. station here, thence to Mount Pleasant Cemetery. Rev. J. W. Holmes, of the Askin Street Methodist Church, with Rev. George Bishop, of the First Methodist Church, conducted the burial service. The casket was borne by pallbearers: Gordon Wright, S. W. Fawcett, J. D. Saunby, B. Cottam, A. C. Johnston and Joseph Childs.

PRAISE FOR LONDON MUSICIAN.

Berlin Telegraph: All who had the pleasure of hearing Mr. W. H. Hewlett at the organ recital in the German Baptist Church were much pleased with his clever execution combined with ease and certainty. The News also says: His number from "Lohengrin" was full of fire, and pleased the audience much better than the preceding one. This selection is rich in harmony and has a good variety of musical sweetness. The pastoral scene was truly life-like, the sounds ascending from peaceful symphonic-like bits of sparkling music to the tempestuous rage of a passing storm and again dying out with low sweet strains.

Mr. Hewlett put forth his whole energy in this number, and those who had the pleasure of listening to his masterful playing will all agree that the pipe organ is the king of all instruments, combining, as it does, all qualities of musical sounds. The trill of the nightingale is produced, the shepherd's dreamy lute is heard, the soft and soothing voice of the flute, the blare of wind instruments, the sound of the oboe, the thundering basses all do their part in providing a grand ensemble.

THE L. AND P. S. LEASE.

Windsor Record: There is evidence that the people of London are coming to their senses and regret the dilly-dallying and somewhat offensive attitude assumed by their mayor towards the L. E. and D. R. R. in the matter of the signing of the London and Port Stanley lease. It is not easy to say at present what will be the condition of this road at the end of the present lease. Electric railways are proposed from London to Port Stanley, and other steam roads are spoken of covering the same district. The natural facilities for a good harbor at Rondeau are very much superior to Port Stanley. The L. E. and D. R. R. have commenced the erection of extensive coal docks there. Other important improvements are contemplated, so that the probabilities are that Rondeau will become a very successful rival to Port Stanley. Port Stanley is very much exposed to lake storms, and to make it at all a safe harbor would require the expenditure of large sums of money. On the other hand, Rondeau is a natural harbor, and by a moderate expenditure can be made one of the safest harbors on Lake Erie. 75 and 77 Bruce St., City.

SCENIC RAILWAY FOR SPRINGBANK.

Water Commissioners Deal With Proposition From a Detroit Firm.

If the proposition, when carefully considered, meets with favor at the hands of the water commissioners, Springbank may have a scenic railway this season.

The application was from Mr. B. H. Rothwell, of Rothwell & Co., Detroit, asking permission to build and maintain such a railway at Springbank, which would cover 100,000 feet of ground, and for which they would be willing to conduct the concern under the direction of the water board. He asked for an immediate reply in order that if permission was granted he could have the railway in readiness for the 24th of May. The secretary was instructed to communicate with the firm and ask what they are willing to pay for the right of way.

The London Fire Engine Company applied for permission to use the hydrants to test their engines. The matter was referred to the chairman.

Engineer Moore presented an estimate, showing how much money would be saved if additional hydraulic pumps were obtained. The cost of pumping for the year by steam machinery was \$3,326 the cost of pumping by steam when water power was being used, \$1,476 would thereby be effected, and with \$615, or 25 per cent, which would be saved by better efficiency in the machinery, the total saving would be \$2,911.

Engineer Simmie's report for the two weeks ending March 15 showed 51,918 tons of coal used in the city. The reservoir registered from 11 feet 11 inches to 13 feet 6 inches in depth. A full barrel was present.

A BUSY WORKER.

Coffee Touches Up Different Spots.

Frequently coffee sets up rheumatism when it is not busy with some other part of the body. A. J. Joe, Mo., man, says: "About two years ago my knees began to stiffen and my feet and legs swell, so that I was scarcely able to walk, and then only with the greatest difficulty, for I was in constant pain."

"I consulted Dr. Barnes, one of the most prominent physicians here, and he diagnosed the case and inquired, 'Do you drink coffee?' 'Yes,' I replied. 'I did so and commenced using Postum in its place.'

"The swelling in my feet and ankles and the rheumatic pain subsided quickly, and during the past eighteen months I have enjoyed most excellent health, and although I have passed the 68th mile post, I have never enjoyed life better."

"Good health brings heaven to us here. I know of many cases where wonderful cures of stomach and heart trouble have been made by simply throwing away coffee and using Postum."

STORM LASTED FOR ABOUT SIXTY HOURS

Effects of the Blizzard—Clearing the Railway Tracks—Cattle Must Have Suffered Severely.

Winnipeg, Man., March 17.—Large gangs of men are getting the street car tracks and sidewalks clear of snow. Railway traffic is still at a standstill, no trains having come in or gone out yesterday, and up to noon none today, except a local on the C. P. R.

The highways are impassable in the snow. The blizzard lasted for about 60 hours, and extended from the Arctic coast to the Gulf of Mexico, and several miles south of the line.

Owing to the mild weather farmers in the west had let young stock out of winter quarters, and many thousands of cattle must have been out in the snow. No loss of human life is reported as yet.

DANGEROUS SURGERY

Should Be the Last Resort.

Many people suffer from piles, because after trying various lotions, ointments and douches without relief or cure, they come to the conclusion that a surgical operation is the last resort, and rather than submit to the shock and risk to life of an operation, prefer to suffer on very often, however, the afflicted one is over-persuaded to resort to the knife, and even though the operation is apparently successful, and there is complete recovery from the shock incident thereto, the result is invariably the same: the piles sooner or later return. BECAUSE THEIR CAUSE HAS NOT BEEN REMOVED.

This result is a logical one, inasmuch as the knife removes the effects of the disease only, while the cause remains. Electric is claimed to be a remedy which does remove the cause, hence eradicating the disease, and that is the Pyramid Pile Cure; it is in the form of a suppository, is applied directly to the parts afflicted, and brings about a complete cure, quietly and painlessly. In this connection the testimony of Mr. John Cullen Bryant, the well-known bookseller of Haverhill, Mass., is of unusual interest.

I desire to contribute an unsolicited, but purely voluntary testimony in favor of Pyramid Pile Cure. I have suffered for more than twenty years with hemorrhoids, and have expended many thousands of dollars in the purchase of a great deal of money for medicines that did me no good. I had often seen the Pyramid Pile Cure advertised, but hesitated for months before buying some, thinking it a patent or quack remedy that had no merit; but having tried every other remedy prescribed I was finally persuaded one year ago, to try Pyramid Pile Cure. I bought a 50 cent package at the drug store, and while I may not be permanently cured, the past year has been the only year of my life worth living during the past twenty years, and nothing but the Pyramid remedies have wrought this change. I offer this testimony for the benefit of suffering humanity.

Questions Answered.

INQUIRER.—Twelve years ago there was a ditch surveyed through A's land. This ditch first was put through 1/2 A's land by the fence viewers for A's outlet, but as D would not keep it open A called out the engineer, who turned it running it through A's land in a very crooked shape, but when the award was made out it proved to be several feet deeper and wider than that on D's outlet, causing water to stand on the land of A, who then notified the council to order the engineer back to review the ditch. This they did not do. After a year nothing being done about it and having no outlet he went to tiling his land and has it nearly all tiled. Now D says he is going to force A to take out his tile and dig the open ditch. Is there any law that can compel A to do this? If so, in what way must A proceed against him? ANSW.—Either party may take proceedings to obtain a new award to provide a proper outlet to take all the water. A cannot be compelled to take out his tile. The existing award seems to be defective on your statement. You had better consult a lawyer if in doubt on that point. It may be that enforcement of the award is all that is necessary.

A CHESLEY FARMER

Sick in Harvest Time—Doctors Fail—Dodd's Kidney Pills Cure Him.

Chesley, Ont., March 17.—John Fletcher, a farmer of this place, has been a sufferer from Lumbago and Kidney Trouble, the best physicians failed to cure, and even relieve. He is a farmer, and during last harvest he was particularly troubled, so much so as to make his duties during this busy time almost impossible. Dodd's Kidney Pills came to his relief, however, and he has been well ever since. He tells everybody:

"I was troubled all harvest with Lumbago and Kidney Trouble. My urine was of a very red color. The best medical men could do nothing for me. Finally I got some Dodd's Kidney Pills from Grafton, and they proved to be just what I needed."

"In a very short time my back was as well as ever, and the Kidney Disorder had completely gone."

From Near-by Places

STRATHROY.

[J. D. Meekison, Advertiser Agent.]

Strathroy, March 17.—Mr. Joseph Walker, who has been resident of the town for the past twenty years, will shortly remove to Port Francis, where he intends settling on a farm.

Mr. W. J. Moore, of Carleton Place, has purchased the brick residence on Carleton street, belonging to W. J. Dyas, of Toronto.

On Friday, March 25, the W. O. P. Soul Saving Troupe, consisting of Adjutant Orchard, Lieuts. Martin, Temney and Smith, will arrive in Strathroy to conduct a one-day's special revival service in the Salvation Army barracks.

Mr. Clarence Eby has accepted a position with Gledhill Bros.

The Strathroy Cheese and Butter Company have secured the services of A. C. McEwen, of Springville, who will operate the factory during the coming season. The factory will be in operation about the April 1.

The Strathroy Minstrels will appear in the Lyceum on the evening of April 10.

Mr. W. S. Calvert, M.P., was in London last week attending the annual meeting of the Northern Life Insurance Company.

Mr. Chas. McLean, who has accepted a position in St. Thomas, was presented with a handsome dress-suit case by a number of his gentlemen friends.

A. A. and C. Keyser, of Keyser, Adelaide, left last week for New Dale, Manitoba.

Mr. and Mrs. Thomas Banks celebrated the 50th anniversary of their marriage on Saturday last.
