CONSERVATIVE LEADER

Safe Seat Will Be Found For Him in Ontario.

Samuel Barker, Conservative Organizer, Says So, And Also That An Important Party Announcement Will Be Made in the Near Future—Laurier Received in Here Style—As to Aylesworth—The Ballot Box Conspiracy.

Hamilton, Nov. 7.—Samuel Barker, Conservative organizer, said Saturday morning that R. L. Borden would be retained as leader of the Opposition and that a safe seat would be found for him in Ontario. As Sir Wilfrid Laurier returned to the city shortly after midnight Saturday, after holding a conference in the office of A. E. Kemp, Toronto, with some of the prominent Conservative members of the province. He said it was too early yet to discuss the plans and prospects of the party, but he promised an important announcement in the future.

He says that there will be no difficulty about finding a seat for Mr. Borden in Ontario if he wants one.

Receives Here Style.

Ottawa, Nov. 7.—The capital, which showed its appreciation of Sir Wilfrid Laurier by electing two Liberal members, Saturday night gave a rousing welcome to him as he returned from Quebec to his home. It was about such a night as Sir Wilfrid and Lady Laurier stepped off the train a band struck up "See the Conquering Hero Comes." As they entered their carriage several magnificent bouquets were thrown in. The parade soon lined and proceeded through some of the main streets to Sir Wilfrid's residence on Laurier avenue east. All along the route of march the streets were densely crowded. Sir Wilfrid looked tired but happy, and all along he and Lady Laurier bowed graciously in acknowledgment of the loud plaudits. The French-Canadians were particularly enthusiastic in their welcome.

As to Aylesworth.

Montreal, Nov. 7.—Sir Wilfrid Laurier reached here Saturday morning from Quebec and had an interview with the Hon. Messrs. Prefontaine, Brodeur and Lemieux. It is understood that the Ministers discussed the advisability of offering Hon. Mr. Aylesworth the County of Gaspé as it is now certain that the Solicitor-General will sit for his new County of Nicolet. It is quite probable the Prime Minister will sit for Wright and thus prevent a renewal of the faction fight which preceded the Premier's acceptance of the Liberal candidature.

That Ballot Conspiracy.

Toronto, Nov. 7.—E. Gus Porter of Belleville, who was in Toronto the day after the election, brought down a trophy of war from the battlefield in the shape of a ballot box. While the shape was the Government shape, the internal arrangements were of a new and ingenious type, devised for the purpose of turning out ballots at will for the candidate who may have been fortunate enough to obtain the active favor of the returning officer. A leading Liberal newspaper in this Belleville affair, where five of these new quick-fire ballot boxes were attached, but the hopelessness of getting the Government to prosecute determined Mr. Porter to retain E. E. A. DuVernet, and there will be heard of that gentleman's movements as they are revealed, and those who court investigation will have an opportunity of getting all they want.

POLITICAL AFTERMATH.

There is to be a recount in North Simcoe. Leighton McCarthy's majority is said to be only 23.

William Sloan (Liberal) on Saturday elected for Comox in by acclamation, opposition candidate retiring.

Completed returns for Marquette, Man., gives Roche 70 majority. Lake leads in Qu'Appelle by 33 with 12 small polls to hear from.

Mr. Beaudry, the Conservative candidate having retired from the contest in the County of Gaspé, Hon. R. Lemieux, solicitor-general, was declared elected by acclamation.

NO CONSERVATIVE CANDIDATES.

Quebec Opposition Decides That It Would Be Useless to Nominates.

Montreal, Nov. 7.—There will be no Conservative candidates placed in the field at the coming provincial elections in the Province of Quebec. This rather startling announcement was made at the close of a meeting of the recognized party leaders, from Montreal, Quebec and Three Rivers, which was held here yesterday in the Jacques Cartier Club. The advisability of the recognized Opposition nominating candidates at the local elections has been discussed both here and in Quebec for some days past, and a negative decision was reached at the meeting. The Local Government is simply the donkey engine of Sir Wilfrid Laurier, and people ask with a good deal of reason why should the utterly defeated party fight the battle over again.

Hon. E. J. Flynn has issued a manifesto to the electors of the Province of Quebec, which, after recounting the success of Sir Wilfrid Laurier in the Province by electing 54

out of 65 members, closes as follows:

"The Opposition believes, therefore, that the interests of the Province will be best served and the dignity of our institutions more successfully safeguarded by protesting against this act of the administration and in abstaining from taking part in the fight."

"The Provincial Government has created the situation, this abnormal, this extraordinary, this perilous situation, consequently let it alone bear the responsibility. Once before, in 1900, it committed a similar outrage, and the Opposition at that time wrongly countenanced it."

BOTH WILL WIN.

Republicans and Democrats in the United States Sure of Their Candidates' Success On Tuesday.

New York, Nov. 7.—Judge Parker, in a speech made at a reception given to him by the King's County Democratic Club in Brooklyn Saturday night, asserted that the issue, "whether the trust can purchase the election" has not been met by President Roosevelt in his reply to Judge Parker's speech made twelve days ago.

Mr. Roosevelt in his statement, printed Saturday, asserts that the charges made by Mr. Parker were "unqualifiedly and atrociously false."

Mr. Parker's charges are in effect that the President of the United States and Mr. Cortelyou, formerly Mr. Cleveland's executive clerk, then Mr. McKinley's and later Mr. Roosevelt's secretary, then Secretary of Commerce and Labor, and now chairman of the Republican National Committee, have been in a conspiracy to blackmail corporations. Mr. Cortelyou using his knowledge gained while he was Secretary of the Department of Commerce and Labor to extort money from the corporations, and President Roosevelt, having appointed him for this special purpose.

Charge Not Denied.

The assertion was made by Judge Parker that the contributions he charged Chairman Cortelyou had received from the trusts are not denied by the President's statement. The Democratic candidate followed this declaration with a statement, directed to the President personally, to the effect that he (Parker) had issued a request that no money for campaign purposes should be received directly or indirectly from any trust, that he would rather be defeated than to be reformed in an effort to accomplish reforms that are sorely needed. He charged Roosevelt with refusing to co-operate in the checking of "monstrous evil."

Roosevelt Doesn't Reply.

Washington, D. C., Nov. 7.—President Roosevelt last night was shown a copy of Judge Parker's reply to his statement published in the morning. It was announced by Secretary Loeb that the President had no statement to make.

Cortelyou Confident.

New York, Nov. 7.—Chairman Cortelyou of the Republican National Committee late Saturday night issued the following statement: "I am satisfied that the Republican candidates for President and Vice-President will carry every northern State, with the possible exception of Maryland and Nevada, and will have not less than 314 out of the 476 votes in the electoral college."

WORKERS WILL MEET TONIGHT

Gathering of the City Conservatives to Arrange for Future Efforts.

Herbert S. Clements, M. P., will be Present and Address the Workers—Mass Meeting to be Called Later

A special meeting of the local Liberal-Conservative workers will be held this evening at eight o'clock at the offices of J. M. Pike, when every helper is earnestly invited to be present.

In addition to several matters relative to the recent campaign which will be discussed and dealt with, preparations will be perfected for the coming provincial campaign, in which the workers have the assurance of the co-operation and assistance of a number of their Liberal friends. It is the intention also to take up the organization of the provincial constituency, which is not quite the same as that of the Dominion riding, and the formation of the Kent County Young Men's Liberal-Conservative Association, extending all over the county will be dealt with.

Herbert S. Clements, M. P., will be present to address his workers. It is understood that Mr. Clements has generously decided to devote himself to the thorough organization of the provincial Kent constituency. There is no one better acquainted or more popular in every municipality in the riding, and his work will be a wonderful assistance and impetus to the workers for good government.

Everyone concedes that the Sullivan-Stratton-Ross administration is doomed, and it will be the aim of the good people of Kent to be worthily represented in the new and clean government.

Every worker interested in this happy result is specially urged to attend the meeting to-night at Mr. Pike's offices.

FOR NORTH SEA INQUIRY

Russia Accepts Draft of the Anglo-Russian Convention.

Convention Consists of Six Articles and the Commission Will Be Composed of Five Members, Russian, British, American and French, and These Will Choose the Fifth—Commission Will Sit in Paris Within a Fortnight.

St. Petersburg, Nov. 7.—Russia has accepted the telegraphic draft of the Anglo-Russian convention for the commission of inquiry into the North Sea incident submitted to Russia Wednesday, as announced in these despatches at the time, and the final exchanges will be ratified in London. The convention covers six articles. The commission will sit in Paris, and will consist of five members, Russian, British, American and French. Broad outlines for the inquiry are laid down by the convention.

The terms of the Anglo-Russian convention agreement on the constitution of the commission as described by articles 9 to 14 of The Hague peace convention to investigate the North Sea incident are as follows: First—The commission is to consist of five members, namely, officers of Great Britain, Russia, the United States and France, these to select a fifth. If they cannot agree upon a choice, the selection is to be entrusted to the sovereign of some country to be chosen by Great Britain and Russia.

Secondly—The commission is to report on all the circumstances relating to the disaster and to establish the responsibility.

Thirdly—The commission to have the power to settle all questions of procedure.

Fourthly—The parties to bind themselves to supply the commission with all the necessary information, facilities, etc.

Fifthly—The commission to meet in Paris as soon as possible after the signature.

Sixthly—The report of the commission to be officially communicated to the respective Governments. Provisions are to be added regarding the assessor and agents' expenses, a decision to be reached by a majority, etc. It is expected that the commission will assemble in about a fortnight.

Three Additional Articles.

Sir Charles Hardinge, the British Ambassador, yesterday submitted to Foreign Minister Lamsdortf three additional articles of the Anglo-Russian Convention agreement, the first providing for legal assessors for the contracting parties, the second for a division of the expenses of the commission, and the third, that the decision of the majority of the commission shall be binding.

THE RUSSIAN MAINSTAY.

Japs Organized An Attack From the Hague On Japanese Ships.

St. Petersburg, Nov. 7.—A sensational report was current here Saturday, attributed to a high authority, that Russia will undertake before the International Commission to prove that the Japanese minister at the Hague actually organized an attack on the Russian squadron, and will produce a message sent by the minister, containing complete evidence that such was the case.

Japanese Minister Makes Denial.

The Hague, Nov. 7.—Nobukata M. Mitsuhashi, the Japanese Minister to the Netherlands, in an interview with the Associated Press yesterday, absolutely denied the statement cabled from St. Petersburg, on Nov. 5, that he had organized an attack on the Russian Baltic squadron. If Russia should produce, as the "high authority" in St. Petersburg is quoted as saying, would be done, before the International Commission a message purporting to have been sent by the Japanese minister "containing complete evidence that such was the case," M. Mitsuhashi said the document would be a forgery.

It develops that Emperor Nicholas, during an audience with British Ambassador Hardinge last Sunday, declared positively that there were Japanese torpedo boats in the North Sea. Apparently Denmark was impressed by the same belief.

Germany Has a Claim.

St. Petersburg, Nov. 7.—The Foreign Office has communicated all the documents relating to the North Sea incident to Admiral Kozakoff, who had an audience with the Emperor yesterday. Germany has formally asked Russia for an explanation of the Sonntag affair, based upon the claim of the owner of the vessel that he lost his fishing nets by being obliged to leave for fear of being struck by Russian shells.

POST ELECTION REFLECTIONS ON THE WEST KENT CAMPAIGN.

The campaign is over, and most of us are glad of it. We can all get together again and work heartily and unitedly for the interests of our thrilling young go-ahead city, gather up the scattered threads of everyday business and devote our energies once more to local advancement and prosperity.

But looking back on the heated stormy days—and nights, too,—of a vigorous and strenuous campaign, in the calmer, clearer atmosphere of the present, one's reflections point to lessons for the future which might be taken to heart with profit.

There are men who have borne the heat and burden of the campaign, who have thrown all their energies and abilities into the contest—men of both political parties—who have come through it with credit to themselves, with the grateful admiration of their political friends and with the respect and esteem of their opponents. There are men of both sides who have accomplished something, who have proved themselves big and strong in contest, who have never descended to petty personalities or offensive rowdiness, whose campaign has been clean, honorable and effective. And there are other men who have operated on a lower plane, whose campaign has belittled them in the eyes of their fellow-citizens, who have come through it without satisfaction to themselves, profit to their cause or credit to their party.

There is no doubt that the quiet, thoughtful, unprejudiced elector thinks on these things. And would it not be well for those of us more actively identified with party politics to do some thinking, too? Other elections will come, and some good resolutions might be made beforehand.

Why, throughout all the varied phases of the conflict just ended have Liberals and Conservatives alike respected and admired such men as Dr. A. W. Thornton, Mr. Fred. Stone and others; why has their work told and why are these men enabled to look back on the fight, winning or losing, with no personal regret, no feeling of humiliation or dissatisfaction? Could not all campaigners be just as well in this position and wouldn't it be best for all concerned if they were? Wouldn't we then have cleaner, better campaigns?

And the press can learn its lessons, too. The Planet has learned some and it hopes to profit by them. A good, clean, well-conducted newspaper is a source of strength to any good cause. A temperate, just and honest discussion of the issues wins respect and confidence from the people and, after all the real mission of a good newspaper is to serve its constituents well and truly. This is The Planet's standard and it is one it will seek to maintain.

Again, a paper should never let its own inclinations and prejudices influence the truth of its news columns. The injury of this course has been strikingly instanced in the recent campaign. It was not alone in judicious and wrong to print the highly colored and untruthful reports which appeared day by day in the local organ of the Liberal party. It was more. The course was misled and duped the reader, it was unjust to opponents, and lulled its friends into a false security, which proved disastrous. The paper loses prestige and brings upon it the disgust and suspicion of its patrons. Besides, from a purely selfish standpoint, it alienates the people and makes votes for its opponents.

It would be a grand thing for Kent if every politician, speaker, writer and other workers would do a little thinking over the past campaign, make some good resolutions for the future and stick to them.

A GOOD LOSER.

Mr. Borden is a good loser. Speaking to his following on the night of the election, he said, "The Conservatives of this province, although defeated, are not dismayed. They do not propose to give up the fight. A great sailor, when his masts had been shot away and half his crew were dead or dying, was summoned to surrender. His answer was, 'The fight has only just begun.' Our friends throughout the province will be animated with the same spirit, and they will begin now the work of preparation for the next contest. Let me thank, once more, all the Conservative workers in the city and county, and let me say that I appreciate their efforts as heartily as if we had won and not lost in the present contest."

THE AMERICAN ELECTIONS.

The American Republic is engaged in a contest for the Presidency in which the paramount issue is the personality of the candidates. The Democrats have swung from Populism to the opposite extreme, and now present a man who is the exact antithesis of Mr. W. J. Bryan. The party is striving desperately to make an appearance of conservative respectability that is at variance with the course of the campaigns of 1896 and 1900. A general advocacy of domestic reforms distinguishes the Democratic platform, but there is not the same forceful and energetic appeals to the people to adopt a positive policy. The trend of the contest is for the Democrats to exaggerate the aggressiveness of President Roosevelt, to make him appear as a bogey man who may be guilty of some dreadful unnamed indiscretion that will involve the nation in unexplainable disaster. The very qualities in the President that have inspired the admiration of his fellow-countrymen are being used to frighten the electors. This conversion from the Radical platform of 1896 to a distinctly conservative policy—from Mr. W. J. Bryan to Judge Parker—has made it difficult to rouse and maintain party enthusiasm. It is a negative campaign.

The Republicans have striven with equal energy to allay any fears that may have been excited regarding the President's excessive strenuousness, and they seem to have succeeded. It should not be a difficult task to keep so ambitious a nation true to the man who has displayed a keen desire to enlarge the influence and extend the sphere of the Republic's activities. President Roosevelt has been a national hero ever since the Spanish War. His popularity with the masses has not waned because of anything he has done as President. He may not be so acceptable to the great financial interests as his predecessor, but so far as the electorate will speak, uninfluenced by Wall Street, he will probably be found more popular than ever. When the tremendous force of the party organization is considered, the success that has attended the President's efforts to pursue a course mapped out for himself proves his exceptional strength of character and his fitness for the high office he holds. With the machine element of his party opposed to his nomination, the National Convention was forced to accept his candidature. His strength with the people made him necessary to his party.

While President Roosevelt has been so attractive a figure in the public life of the United States for some years, Judge Parker was comparatively unknown until his nomination. He commanded public attention, and excited large expectations by his straightforward telegram to the St. Louis convention. But since that he has done nothing to arouse the fighting spirit of his party, much less to rally independent sentiment to his support. That he is an excellent citizen, an upright judge, and would make a creditable occupant of the White House, would be conceded by fair-minded men of both parties. But without clearly defined issues

that appeal to the intelligence of the electors and draw them from party allegiance, it seems impossible that a man of the type of Judge Parker should defeat President Roosevelt. The impression seems to have gone abroad that the Democratic nominee is having a preliminary canter this year, and that he will go into training for the race of 1908. By that time the breach caused by the sudden switch from the Bryan platform will be healed, and the candidate will be better known, and if he steers a careful course will be a strong man in the contest. At present all the signs point to the election of the Republican candidate.—Toronto News.

But, say, don't forget Ross and Stratton. They come next.

Now then, how about the new market building? That's something we can all agree upon.

Hail to the new Kent County Young Men's Liberal-Conservative Association. Its organization is a grand proposal.

This great home journal has perhaps somewhat neglected that little affair out East between the Japs and Russia lately. The combatants will please take notice that we have our eagle eye upon them again.

Well, good people, while not altogether overlooking Messrs. Sullivan, Stratton and Ross, let us get down to the praiseworthy business of building up our fine little city again. This is a good work for all, both Grits and Tories.

Failing all other recognition our local contemporary feelingly announces that J. G. Kerr and itself are extending to each other mutual expressions of appreciation. Permit this great home journal, on behalf of Mr. Herbert S. Clements, M. P., to unite cordially in these touching tributes. There were no more effective vote-getters for Mr. Clements during the whole campaign than the "News" and Mr. Kerr, and we trust Mr. Clements and his supporters have not been derelict in tendering their appreciation.

Mr. J. W. White, who so ably championed the cause of Mr. Stephens on the various platforms in West Kent during the campaign, called up to express congratulations to The Planet on the result. The kindly spirit of Mr. White in defeat is appreciated and it may be pointed out that his work throughout was upon the issues, which were treated in a worthy manner. By-the-way, though, we haven't yet received bougainvilles from those other influential and intrepid political leviathans, J. W. Humphrey and E. Emerson Parrott.

WAY DOWN EAST

Pastoral drama pleases large audi-
ences at the Grand.

From to-day's London Free Press:

'Way Down East' has not lost one
whit of its hold as a pastoral play.
Presented to matinee and evening
audiences Saturday, at the Grand Op-
era House, the production was greet-
ed on both occasions by large audiences.
W. H. St. James appeared in the role
of Squire Bartlett, and was equal to
a very effective portrayal of the ro-

found old New England Puritan.
Ruby Bridges was acceptable as Anna
Moore. The company was fairly
evenly balanced throughout. Scenery
and properties were the same as used
upon previous occasions.

GUY BROTHERS MINSTRELS — A

UNIQUE ENTERTAINMENT.

The event of our theatrical season
will undoubtedly be the engagement
of Guy Brothers' Minstrels. It has
charm, variety, humor, excitement,
music to please the ear and novel
scenic effects to dazzle the eye. It
presents the old time plantation melo-
dies, up-to-date acrobatic specialties,
superb orchestral music and the most
modern of the moving picture ma-
chines, all blended harmoniously into
an evening's entertainment that never
holds a dull moment. At the
Grand Opera House, Saturday night,
Nov. 12th.

With a most carefully constructed
plot, and a story of entrancing
interest, "On the Bridge at Mid-
night," which will be the attraction
here shortly has proven to be one
of the greatest successes of the pre-
sent season. Scenically magnificent,
and dramatically effective, the new
production has scored substantial suc-
cess wherever it has been seen. The
jack knife bridge is a remarkable
feature. Mr. Klint and Miss Hearn
in the principal parts have charmed
large audiences by their clever in-
terpretations of difficult roles. At
the Opera House, Nov. 14.

Pain Across the Kidneys

Suffered Great Agony.
Could Not Stoop or Bend.

No disease is so quiet and stealthy in
its approach as kidney disease. That is
why it is so dangerous. It may become
deep-seated before you realize the danger.
It is therefore of great importance to
recognize the early warning symptoms,
because in its early stage kidney disease
is easily curable. Pain or dull ache in
the back is one of the first signs. So are
bladder pains, bearing-down pains, smart-
ing sensation when urinating, frequent
or suppressed urination, and gravel or
sediment in the urine, etc. You cannot
be well if your kidneys are not perform-
ing their functions properly. In all
ordinary cases of any derangement of the
kidneys, a few doses of

DOAN'S KIDNEY PILLS

will put the patient right; in old or
chronic cases, the treatment should be
persisted in.
Mr. Michael A. McInnis, Woodbine,
Marion Bridge, N.S., tells of his ex-
perience: "For the last three years I
suffered great agony with pain across my
kidneys, and was so bad that I could not
stoop or bend. I consulted and had
several doctors treat me, but I got none
the better. On the advice of a friend I
procured a box of that valuable life-
giving remedy, Doan's Kidney Pills, and
to my surprise and benefit I immediately
became better. In my opinion Doan's
Kidney Pills have no equal as a cure for
any form of kidney disease."
Price 50 cents per box, or \$1 for 3 boxes.

JUST THE FOOD FOR AN INVALID

No alander on the diet of the stal-
wart German race is intended by this
story, which the Argonaut prints, but
the sentiment of the tale might have
come from the lips of Mr. Dooley's
friend, Schwartzmeister, or some of
his brethren of iron digestion.

A German was discussing the high
price of cabbage.

"I tell you, dese cabbages is way up
high dis year. Me and my wife puts
up six or seven or eight barrels of
sauerkraut every year, yes. But we
can't do it dis year, no. Der cabb-
ages, dey cost too much."

"But you put up some sauerkraut,
don't you, hCris?" asked a friend.

"Oh, so! Yes, ye put up some two
or tree barrels, shust to haf in der
house in case of sickness yes."

VONGUNTEN BROS.

BRITAIN'S STANDING ARMY.

Opposition Leader Says It Should Not Be Raised and Colonies Should Provide Their Own.

London, Nov. 7.—(C.A.P.)—Sir Henry Campbell-Bannerman, criticizing Britain's military expenditure at Edinburgh, said the standing army should not be raised. If any country, colony or dependency required an additional force for its own purposes let it be done as its own affair at its own charge.

Sir Henry, speaking on fiscal affairs, said protection went like a mauler under an assumed name, such as "retaliation" or "free trade," whilst others resort to jugglery and evasion. Mr. Chaplin had honestly proved that a colonial preference involves taxation of food.

Our Apples On View.

London, Nov. 7.—(C.A.P.)—A fine display of Nova Scotian apples and other fruit has again been arranged for at the Canadian Court in the Crystal Palace—the British Columbia fruit which recently gained the Horticultural Society's gold medal being transferred to the Palace. An exhibit is also coming from Ontario.

Glasgow Herald's View.

London, Nov. 7.—(C.A.P.)—Though expecting a Laurier victory in the Canadian election the Glasgow Herald is surprised at the increased Liberal majority, and says the Conservatives expected to gain considerably over the Dundonald incident and in (loyal) Ontario, not only from the moribund condition of the Ross Government, but by the diplomatic use as election material of the solidarity of the French vote and the strength of French influence at Ottawa. It thinks the Government gained support by its liberality in giving Canadian producers benefits under the G.T.P. contracts. It says there is no denying the Laurier party has shown a strong disposition towards the prospects of protectionism and that the promise to revise the tariff is generally understood to mean an increase in some of its schedules.

Give Colonies Peersages.

London, November 7.—(C. A. P.)—Professor Lodge of the chair of history, Edinburgh University, speaking at Glasgow, said more life peerages ought to be created to include as many as possible eminent colonial politicians who could be induced to return to the Mother Country.

Kensington to Blame.

London, Nov. 7.—(C.A.P.)—The Admiralty Court has found the Dominion liner Kensington solely to blame for the collision with the barquentine Kodan, off St. Pierre, on the Bank of Newfoundland, on July 4. The Kodan became water-logged and became a menace to shipping and was set on fire.

Britain and Argentine Cattle.

London, Nov. 7.—(C.A.P.)—In consequence of the disappearance of the foot and mouth disease from the Argentine, the republic has addressed pressing demands to Great Britain with a view to the re-opening of the ports to Argentine cattle.

Prince to Go Round World.

London, Nov. 7.—(C.A.P.)—Reynolds' newspaper professes to have information that the Prince of Wales is in ill health and will shortly start on another voyage "around the world," when Canada will be visited.

"Unmitigated Frisbeed."

London, Nov. 7.—(C.A.P.)—Lord Knollys, the King's private secretary, denied the statement that the Prince of Wales is in ill-health as an unmitigated and mischievous falsehood.

Hope For Canada Yet.

London, Nov. 7.—The Newcastle Chamber of Commerce has resolved to co-operate with the Glasgow Chamber in the matter of having the act of 1896, prohibiting all free importation of live Canadian cattle into the United Kingdom, reconsidered.

To Be Tried By Judge.

Berlin, Nov. 7.—Charles Sach, the hood boy, charged with manslaughter in having killed his sister, Mary Sach, by shooting on Oct. 24, was arraigned before Judge Chisholm Saturday morning and elected to be tried by the judge rather than by jury. Barrister H. J. Sims appeared for the prisoner, and Crown Attorney Bowley for the Crown. The trial was fixed for Friday, Nov. 18, at 10 a.m. The prisoner will not be fourteen years old until Nov. 19, and the code provides that in the case of a prisoner under that age being charged with manslaughter the Crown must establish that the accused was competent to know the consequences of his conduct and to appreciate that it was wrong.

Shot His Own Father.

Detroit, Mich., Nov. 7.—Edward Howard was shot and instantly killed yesterday by his son Arthur, aged 21 years, while the elder man had his wife and daughter pinned to the floor by their throats. Howard was so holding them when Arthur came in. He secured a revolver and caught his father by the shoulders. As the father turned the revolver was discharged accidentally. Arthur and his mother insist. Howard died and the young man is under arrest.

Str. Germanic Burned.

Detroit, Mich., Nov. 7.—The steamer Germanic, owned by Hutchinson & Co. of Cleveland, and valued at \$45,000, was burned to the water's edge yesterday, in the St. Clair River. The Germanic had been aground since Friday morning, and was loaded with 2,000 tons of soft coal.

Steel Ties For Railway.

Cleveland, O., Nov. 7.—Lake Shore Railroad officials have placed an order for 7,000 steel ties to be used as an experiment, probably on eastern terminals of the road at Buffalo.

Crown Princess Dead.

Mont. Nov. 7.—The Crown Princess and her husband died Saturday night.

TO INVESTIGATE

Mysterious Circumstances Surround the Death of John Pigeon—An Inquest Ordered

A couple of weeks ago John Pigeon, and Simon Thibodeau, Chatham township, went out duck shooting at Bear Creek with fatal results. Pigeon was killed having received the charge from a shot gun full in the face. Particulars of the affair were very meagre. Thibodeau claimed that Pigeon had been killed by the accidental discharge of his own gun. The gun, however, was missing.

The Crown Attorney, H. D. Smith, thought that there were several things in connection with the shooting which were worth investigating. He also gave orders that Pigeon's gun, which was missing, should be secured. The gun was found Saturday and the Crown Attorney at once ordered an inquest. There are several facts in connection with the affair which the neighbors desire cleared up and it is only fair to Pigeon's companion on that day that the mystery should be probed.

Farker's Election Sure.

Washington, Nov. 7.—Saturday the Democratic Congressional Committee headquarters practically were closed. Saturday night Secretary Edward expressed confidence as to the result, not of the national campaign, but of the congressional contest.

He said he was certain of Judge Parker's election, and added: "It is possible, but not probable, that we shall carry the House. We are against a hard formation, but we shall make substantial gains without a doubt."

MONTREAL CHIEF QUILTS.

But He Denies All the Statements of His Accusers.

Montreal, Nov. 7.—In consequence of the sensational revelations made in the recorder's court in connection with the disorderly houses of the city, Chief Legault's position became no longer tenable and so Saturday afternoon he handed in his resignation to Alderman St. Denis, chairman of the police committee of the City Council. Ald. St. Denis at once transmitted the letter of resignation to Mayor Laporte. Sub-Chief Campau was at once requested to act as chief of police until the appointment of a new head of the force.

Sensational evidence in this latest police scandal was given in the recorder's court. The case of Madame Lalonde was held before Recorder Peirce and ended on Saturday, when the woman was found guilty of the charge of keeping a den and fined the small sum of \$50 and costs. Loudly dressed women decorated one side of the room and when they came to testify it was a depressing fact that they were all alleged keepers of houses and witnesses to prove that Chief Legault had done, what they called "squearing them." The chief denied all the statements of these women.

Latest From Newfoundland.

St. John's, Nfld., Nov. 7.—The latest election returns increase Premier Bond's majority. Fogo returns Earle (Liberal) by a majority of 700. In Trinity Mr. Gushue, Minister of Public Works, and Mr. Lloyd, both Liberals, are certainly elected, while Mr. Miller, the third Liberal candidate, is 26 votes above Mr. Watson, the first Conservative candidate, with one precinct, containing 78 votes, yet unreported. Mr. Miller's election is probable.

A COSTLY EXPERIMENT WITH OCEAN PRESSURE.

Sink a bottle of champagne in the ocean right side up, and it will come up full of salt water instead of champagne. Yet the cork is there sound as ever. What happens evidently is this: The pressure of sea water equals about one atmosphere for every 30 feet in descent. When the bottle is down 3,000 feet the pressure is 100 atmospheres; or about 1,500 pounds to the square inch. The cork is squeezed together by that tremendous force, all the air it contains is pressed out, and it becomes considerably smaller than the neck of the bottle, thus admitting the salt water.

MINISTERIAL ASSOCIATION

The Ministerial Association met this morning at the St. Andrew's manse. There were present Revs. Dr. Battisby, and Messrs. MacGillivray, Hoyt, and Cobbedick. An instructive paper was given by Rev. Mr. MacGillivray, as a basis of interpretation of the Book of Jonah.

Rev. Mr. Cobbedick reported that at the request of the association he had interviewed Mr. E. A. Hardy, B. A., the secretary of S. S. teacher training in Ontario, and Mr. Hardy had consented to give a week to Chatham, in February, if desired, during which he would conduct a union normal course for the S. S. workers of the city. The course would consist of one evening on lesson preparation; three evenings on principles of teaching; and two on S. S. organization and management. The ministers agreed to consult their intendents and teachers as to the desirability of such a course and report at the meeting on the first Monday in December, when it will definitely decide whether Mr. Hardy will be invited to conduct such a course in Chatham.

The meeting will be held at the Park Street Parsonage.

Roy Abram, of the Darrell Football Team, was in the city this morning. In conversation with The Planet, he said that Darrell would in all probability be in the final games for the Walker cup with Windsor. They had no notice of the last meeting, when the games were arranged but it is understood that another meeting is being called for the purpose of arranging games. Two of the Darrell players, Gregory and French are still in the Northwest but they have lots more material in Darrell.

British Liberal Leader On Chamberlain's Friends Here.

London Morning Post Says He Was Not a Scintilla of Evidence to Support Such a View—Issue Between Canadian Parties Reduced to One Question Says the Daily News—Standard Says Borden's Misfortune Is Regretted.

London, Nov. 5.—(C.A.P.)—In his speech at Edinburgh Sir Henry Campbell-Bannerman said a little light had been thrown also from the other side of the Atlantic by the news of the results of the elections there. If there was a party there more committed to what might be called Mr. Chamberlain's policy than the other it was not Mr. Chamberlain's friends who had the best of the contest.

Referring to Sir Henry Campbell-Bannerman's speech, The Morning Post says it is hardly necessary to say that there is not even a scintilla of justification for the inference that Sir Wilfrid Laurier's victory is evidence of anti-Chamberlain sentiment. We have had repeated assurances in the most clear and precise form that the Canadian Premier is eager to strengthen the bonds of commercial union with the mother country. Canada has her own questions to deal with, but there is happily no conflict of opinion on the matter dividing us here.

Contrasting the two speeches, The Morning Post concludes that Sir Henry Campbell-Bannerman advocates the narrowest and most insular view, but the nobler sentiments of Lord Ranfurly will be embodied in the ultimate policy of this country.

Reduced to One Question.

The Daily News says the question before the electorate of Canada was reduced to one question—the G. T. P. contract. Tariff questions were absolutely quiescent during the campaign and the attempt to beat the Chamberlain drum was a terrifying failure which will probably keep that instrument from Canadian politics for some time to come. As far as Canada was concerned, the principles enunciated by Laurier will reduce these dangers to a minimum.

After saying that Canadian loyalty is not to be bought by the possession of commercial privileges, The Chronicle says: The only attempt to restrict the legislative independence of Canada will endanger it. Freedom was the atmosphere in which it sprang to life. In freedom alone can it continue to grow and have its being.

Borden's Misfortune Regretted.

The Standard says: Borden's misfortune is regretted even by his opponents. His disappearance, though it may be only temporary, leaves a distinct gap. A feeling of gratification, however, at Laurier's success ought to be shared by all impartial observers. The Opposition introduced extraneous arguments into the G. T. P. question which had they been left received, would have had a rich reward in the influence on the national unity of Canada. The only embarrassment Laurier met with was the multitude of Liberal candidates seeking a share in his triumph.

The Times says: Laurier's victory illustrates the difference between political conditions in Canada and Great Britain. Swinging the pendulum is not yet acclimatized. In the Dominion success breeds fresh success. Victorious Ministers seem to enjoy the means of postponing defeat indefinitely.

Laurier's Personality.

After commenting on the present prosperity in the Dominion, The Times says Laurier's personality may have had some bearing on the result. The one recent episode, the Dundonald affair, which may have led Englishmen at home to regard the Government with misgiving, has probably strengthened his hold on the French-Canadians. It is only fair to say that the Militia Bill introduced after Lord Dundonald's dismissal was a promising move in the direction of military efficiency. The result of the election shows the people do not share Borden's apprehensions regarding the G. T. P. scheme.

It quotes Laurier's remarks on the preference question, and The Times does not think that they bear out the ideas of some American writers, that his success constitutes a rebuke to Chamberlainism. It questions whether in view of Laurier's latest pronouncement regarding a maximum and minimum tariff, the forecasts of those Americans thinking of reciprocity with the States in the near future are likely to be justified by facts. The Financial Times says that the investors or tariff reformers should regret the result of the Canadian elections. Both parties have enthusiastically declared in favor of Chamberlain's proposals.

All John Tammson's Bairs.

The St. James' Gazette, referring to the Canadian elections, says: To us, happily, it makes no great difference which party rules in Canada. To either side we can safely trust for close cordial support of Imperial interests, and we can congratulate over the victory with full confidence for the maintenance of such policy in the future.

P. B. B. Ball, commercial agent of the Government of Canada, addressing the Junior Liberal Unionists Association at Birmingham, Thursday night, said: If Sir Wilfrid Laurier was again returned to power there would be a maximum and minimum tariff.

The Westminster Gazette says: We have the authority of The Times' correspondent for saying that Mr. Chamberlain's proposals were not an issue in the Canadian elections, the result of which English Liberals view with satisfaction.

People Too Prosperous.

The Daily Graphic says Sir Wilfrid Laurier has scored a great triumph. Imperial tariff reform caused no division of opinion. Sir Wilfrid Laurier's views are well known in Eng-

land, whilst Mr. Borden, notwithstanding Lord Rosebery's extraordinary assertion, pledged himself and his party to the principle of a mutual preference two years ago. After speaking of the G. T. P. as being the main party question, the Daily Graphic says the conditions however, are too prosperous to feel greatly inclined to go "against the Government."

The Daily Chronicle says that from an Imperial point of view Sir Wilfrid Laurier's victory is a good omen for Mr. Chamberlain's policy has involved the Empire in much danger of misunderstanding and in a possibility even of ill-will between the colonies and the Motherland.

BLOOD AND TRADITION.

Real Bond of Empire According to Earl Ranfurly.

London, Nov. 5.—(C.A.P.)—Earl Ranfurly, entertained at Belfast after his seven years' Governorship of New Zealand, said the real bond of Empire was that of blood, sentiment and tradition. That bond, after passing through much discouragement, still lived. It was the mother country's bounden duty to foster and encourage it in every way in their power.

Absolute free trade throughout the Empire might be an impossibility owing to revenue requirements, but when the colonies had passed preferential tariffs regarding British-made goods carried in British ships it was more than time for the home country to try and deal with her family in a liberal spirit.

In conclusion, he referred to New Zealand's largely increased contributions to the British navy—a measure passed by Parliament without dissent—as an undoubted proof of the sentiments of the colonies.

UNIONIST MORRISON BEATEN.

Results of Newfoundland Elections 25 to 5 For Government.

St. John's, Nfld., Nov. 5.—Completed returns from Twillingate show the election of Premier Sir Robert Bodd, Surveyor-General Clift and Mr. Roberts, Liberals, defeating Alan Goodridge, Donald Morrison Frederick Mews, Oppositionists. Mr. Morrison is a former judge of the Supreme Court. He resigned two years ago to re-enter politics and advocate the union of Newfoundland with Canada. Mr. Morrison is grand master of the Grange Association in Newfoundland, and is one of the five Tory leaders opposing Premier Bodd. This defeat is a signal one, because Mr. Morrison was only fifth in the polling, his colleague, Mr. Goodridge, leading him. The Government now has twenty-five seats and the Opposition five.

THE ROOT OF THE MATTER

HE CURED HIMSELF OF SERIOUS STOMACH TROUBLE, BY GETTING DOWN TO FIRST PRINCIPLES.

A man of large affairs in one of our prominent court cities, by too close attention to business, too little exercise and too many club dinners, finally began to pay nature's tax, levied in the form of chronic stomach trouble; the failure of his digestion brought about a nervous irritability, making it impossible to apply himself to his daily business, and finally deranging the kidneys and heart.

In his own words he says "I consulted one physician after another and each one seemed to understand my case, but all the same they each failed to bring about the return of my former digestion, appetite and vigor. For two years I went from pillar to post, from one sanitarium to another, I gave up smoking, I quit coffee and even renounced my daily glass or two of beer, but without any marked improvement.

"Friends had often advised me to try a well-known proprietary medicine, Stuart's Dyspepsia Tablets, and I had often perused the newspaper advertisements of the remedy, but never took any stock in advertised medicines, nor could believe a fifty-cent patent medicine would touch my case.

"To make a long story short I finally bought a couple of packages at the nearest drug store and took two or three tablets after each meal, and occasionally a tablet between meals, when I felt any feeling of nausea or discomfort.

I was surprised at the end of the first week to note a marked improvement in my appetite and general health, and before the two packages were gone I was certain that Stuart's Dyspepsia Tablets was going to cure me completely, and they did not disappoint me. I can eat and sleep and enjoy my coffee and cigar, and no longer suppose I had ever known the horrors of dyspepsia.

"Out of friendly curiosity I wrote to the proprietors of the remedy asking for information as to what the tablets contained, and they replied that the principal ingredients were aseptic pepton, (government test), malt diastase and other natural digestives, which digest food regardless of the condition of the stomach."

The root of the matter is this, the digestive elements contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate and the nerves and whole system receive the nourishment which can only come from food; stimulants and nerve tonics never give real strength, they give a fictitious strength, invariably followed by reaction. Every drop of blood, every nerve and tissue is manufactured from our daily food, and if you can insure its prompt action and complete digestion by the regular use of so good and wholesome a remedy, as Stuart's Dyspepsia Tablets, you will have no need of nerve tonics and sanitariums.

Although Stuart's Dyspepsia Tablets have been in the market only a few years, yet probably every druggist in the United States, Canada and Great Britain now sells them and considers them the most popular and successful of any preparation for stomach trouble.

1,800,000 People

Have Asked Us to Buy Them a 50c. Bottle of Liquezone.

We offer to buy the first bottle of Liquezone, and give it free to each sick one who asks it. And we have spent over one million dollars to announce and fulfill this offer. Our object has been to let Liquezone itself show what it can do. A test is better than testimonials, better than argument. In one year, 1,800,000 people told others what Liquezone does, and the others told others. The result is that millions now use it. It is more widely employed than any medicine ever was—more widely prescribed by the better physicians. And your own neighbors—wherever you are—can tell you of people whom Liquezone has cured.

Not Medicine.

Liquezone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

The reason is that germs are vegetables; and Liquezone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Liquezone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquezone its worth to humanity. And that worth is so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

These are the known germ diseases: Anthrax, Abscess, Anemia, Bright's Disease, Blood Poison, Bowel Troubles, Coughs, Colic, Consumption, Colic-Croup, Constipation, Cancer, Dandruff, Dropsy, Eczema, Erysipelas, Hay Fever-Influenza, Kidney Disease, La Grippe, Leucorrhea, Liver Troubles, Malaria-Neuralgia, May Heart Troubles, Measles-Pneumonia, Menstrual Pain, Rheumatism, Scrofula-Syphilis, Skin Diseases, Stomach Troubles, Throat Troubles, Tuberculosis.

Fever-Gall Stones, Gout-Gonorrhea-Gleet, Hemorrhoids, Tumor-Ulcus, Varicose Veins, Women's Diseases. All diseases that begin with fever—all inflammation—all catarrhs—all contagious diseases—all the results of impure or poisoned blood. In nervous debility Liquezone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquezone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Liquezone costs 50c. and \$1.

CUT OUT THIS COUPON for this offer may not appear again. Fill out the blanks and mail it to the Liquid Ozone Co., 402-404 Wabash Ave., Chicago.

SATCHEL OF THE SATELLITE

Now for the municipal elections.

"They wobbled. Oh! didn't they wobble."

There was some credit in redeeming Kent.

Isn't it fine to see a Grit constituency like Kent captured from the enemy.

But I didn't notice the Banner publishing the hue and cry got from Mr. George Stephens.

Laurier's prosperity didn't extend to the turkey crop. "There ain't none."—Hamilton Spectator.

George Stephens was too heavy a weight for the Liberals of West Kent.—The Windsor Record, Liberal.

I'm going to interest myself in municipal affairs now. There's three or four capital by-laws coming along that should be supported.

I hope my friend, Ald. Edmondson, will soon take off the cape and get to work on his new market building. I'm right with him on that.

I do hope the Grits will get a paper before they tackle us again. I don't like to see them handicapped. It's like taking a mean advantage.

I knew for sure George Stephens was beaten when I saw Jim Dumps rig our working for the Liberal candidate. The support of some people is fatal.

It is reported that E. E. Parrott heard that Mr. Stephens had a nice lunch prepared election night and that no one was going around, so E. E. Parrott went over to eat it.

West Kent was thrown away. — Windsor Record. The Record has evidently been reading and noting the character of the "support" which the local Grit organette gave Mr. Stephens.

I am terribly anxious about that new market building as I see that the Banner is supporting the project. Now I had undertaken to have the market built but I didn't know then that the Grit organette was going to try to lend any assistance. I'm awfully afraid that the support of the Banner will be too big a load for me to carry.

A GREAT SHOW. Translated from Saturday's issue of the Banner-snooze—Alphonse de Newsies Bannore—Ah, mon cher ami, Monsieur Kerr. It was there and there only, with a little of me thrown in. I doff my chapeau to you in this campaign. It was you first. You won the great duel.

John Gaston Kerr—Nay, nay, nay, my own Alphonse. You did much. You shall precede. It was my joy and happiness to pen my noble little answer for you and you did well in filling in the applause. "Twas you who won the fight. Your deep and massive intellectual attainments, your Chesterfieldian courtesy and dignity, your convincing argument—these were after mine own heart. Yours is the great victory.

Ex-M. P. and men of his party, aside—These chumps! And if it had not been for their fool tactics we might have held West Kent.

M. P. and the wily Tories, to each other—Great! Great! This "Pense and Gaston show is the best ever. Let's get 'em to keep it up, boys.

MARCONI GOES HOME.

With Improved Apparatus Thinks He Can Finish Messages Across Sea.

New York, Nov. 7.—The World says: Signor Marconi, the wireless wizard, sailed for home Saturday on the Campania after a visit to this country of two months. He expects to come back in December. He came here to install new highpower apparatus at Glace Bay, and is convinced that soon he will be able to begin the regular trans-Atlantic commercial service of the company. He has been working for this a long time.

"It will be of immense strategic importance for the Cape Breton station to be assured of uninterrupted communication between Canada and Great Britain," said Mr. Marconi.

"Great progress has been made in Canada, many stations have been completed, others will be ready within four months, and many improvements have been made in the stations, which previously were doing their work all right.

"I am now returning to England to make changes in the Poldhu station corresponding to those at Cape Breton. In December I hope to be able to demonstrate that 3,500 miles is no bar to commercial transmission."

Cruiser Tows a Schooner.

Gibraltar, Nov. 7.—The cruisers Olympia, Cleveland and Des Moines, of the United States European squadron, Rear-Admiral Jewell commanding, have arrived here. The Olympia had in tow the British schooner Elizabeth, with which she collided Saturday night. The schooner's stern was badly damaged, but the Olympia was uninjured.

British Jack Tars Arrive.

Quebec, Nov. 7.—Eighty-six British Jack Tars, including one dozen marines, together with eight petty and seven first-class officers, arrived in Quebec Saturday from England by the SS. Lake Erie, en route to the Esquimaux station. The party comprises a portion of the relief from Liverpool for the North Pacific naval station.

RETIRE TO LAOTI HILL

Defenders of Port Arthur There Hold Out Desperately.

Japanese Are Advancing With Irresistible Energy—Many Russians Are Deserting and Surrendering—Japanese Capture Wanta Hill and Occupy It—Tokio Reports Show Japs Made Other Distinct Gains—Japs Want Mukden.

London, Nov. 7.—Special despatches from Chefoo and Tientsin report that the defenders of Port Arthur have retired to Laoti Hill fort, where they are holding out desperately, entrenched, and with ten guns or large calibre. Many Russians, the correspondents assert, are deserting and surrendering. The Japanese, it is added, are advancing with irresistible energy.

More reliable reports do not confirm these statements, but the Tokio report of the capture of Wanta Hill, a dominating fort within two miles of the railway terminus, shows that the Japanese are making rapid strides.

Bennett Burelligh, The Daily Telegraph's correspondent, reports from Chefoo that there was no fighting on the night of Nov. 5.

An Important Capture.

Tokio, Nov. 7.—It is reported that the Japanese have occupied Wanta Hill, sunk several transports and have set fire to a battleship at Port Arthur. There is no confirmation at the report.

Little By Little.

There was published Saturday night a series of reports of the besieging forces at Port Arthur, covering the operations from Oct. 30 to Nov. 3, inclusive.

These reports show that the Japanese continue to vigorously press the attack, and that they are using heavy artillery to batter down the Russian defences, following the artillery fire with valourous infantry rushes.

The five days' fighting covered in the reports gave the Japanese a number of distinct gains, materially shortening the defensive power of the garrison.

Two Steamers Sunk.

Delayed advice forwarded from Port Arthur between Nov. 2 and 4, said that two steamers of about 3,500 tons each, anchored in the west harbor, were sunk by the Japanese heavy guns Nov. 1, and that the following day another steamer of 5,000 tons was also sunk. Two Russians recently came in and surrendered to the Japanese at a place south of Shushiyang. Two great explosions, apparently of magazines, were heard Nov. 2, near Yuahpaofang.

Japs Want Mukden.

Mukden, Nov. 7.—Quiet continues here. The Japanese are still working hard entrenching their front, which began to look like a continuous fort. It is believed they are preparing seriously to advance, making their front strong, possibly in order that it may be held by a comparatively small force while the heavier force engages in flanking movements. The Japanese have learned by bitter experience not to expect much from a frontal attack.

There is considerable evidence to indicate that the Japanese will make every effort to force the Russians out of Mukden, not only for the moral effect on Europe, but on the Chinese as well. Mukden is extremely important to them as winter quarters.

The Japanese continue to receive reinforcements, and it is believed by Russian military men that their advancing depends only upon accumulating sufficient men.

A Dead-End, Unless.

St. Petersburg, Nov. 7.—It begins to look like a deadlock below Mukden for the winter, unless Port Arthur falls or the Japanese abandon the idea of renewing the assault upon the fortress there and settle to a regular siege, either of which would release enough troops to give the preponderance necessary to try to force the Russians out of Mukden. The best opinion at the War Office holds to the view that there is not likely to be another big battle this year, one of the indications pointed out being the departure of many military attaches for the winter.

General Kuroki's Headquarters, Nov. 5, via Fusan, Nov. 7.—The positions of the two armies are unchanged. The Russians continue infrequent and ineffective bombardment, principally at night or in the early morning, with heavy guns, devoting their energies chiefly to the Japanese left, where the lines are nearer than elsewhere. The Japanese refrain from firing. There is a sharp exchange, indicating firing somewhere on the lines almost every night.

The cold weather of the past week culminated yesterday in a sharp wind and flurry of snow. The ground is frozen and the soldiers build few fires for warmth, lest they draw the Russian shots. Fur overcoats are being used.

Supplies For the Squadron.

Constantinople, Nov. 7.—The Russian volunteer fleet steamer Yaroslav, from Odessa, with supplies of coal and water, has passed through the Bosphorus on the way to join the Russian Baltic squadron.

Bullet Through Foot.

Toronto, Nov. 7.—Thomas Hawke of Streetsville went out shooting on Saturday. The trigger caught in his clothing and he received a bullet in his foot. He was brought to the city and the police ambulance took him to the Emergency.

Crushed By a Horse.

Toronto, Nov. 7.—As a result of being dragged by a frightened horse and crushed against the fence three weeks ago James Gourlay died at the General Hospital on Saturday. Gourlay is a farmer, and lived near Alliston.

Triumph For Women.

London, Nov. 7.—Another triumph for women! The Linnean Society last week sanctioned a bylaw to permit the election of fellows irrespective of sex. The Royal Society desired long since to honor itself and Mrs. Henry Sidgwick, principal of Newnham College, by making her a fellow, but its charter stood in the way. The Linnean Society seeks to obtain a supplementary charter.

Falsing Bogus Cheques.

Stratford, Nov. 7.—The police are after a young man who passed a bogus cheque for \$9.25 at the American Hotel on Wednesday morning, and who Saturday morning tried to pass one for \$14.60 on several city merchants, all of whom became at once suspicious and refused to accept it.

Elections In Italy.

Rome, Nov. 7.—The general election for members of the Chamber of Deputies took place yesterday, and up to midnight no serious incident had been reported.

Earl Grey's Secretary.

London, Nov. 7.—Lord Howick, Earl Grey's eldest son, who was born in 1879, will act as his father's private secretary.

AN ELECTION IMMEDIATELY

Ross Decides to Dissolve the House—Elections Likely on December 22.

The New Cabinet Material Mentioned Are Charlton, Graham and Evanturel.

Toronto, Nov. 5.—A Cabinet meeting was held yesterday at the residence of Premier Ross, at which the decision was reached to dissolve the House immediately and to appeal to the Province. Hon. W. A. Charlton, Speaker, is to be made Commissioner of Crown Lands, and George P. Graham, of Brockville, will become Provincial Secretary. The Department of Public Works will go either to Peter Ryan or Hon. A. Evanturel, and if the former gets it Evanturel will be taken into the Cabinet without portfolio, and given the first vacancy. While the 15th was the first choice of the Premier, it is looked upon as "unlucky" and Dec. 21st or 22nd favored. This may be a gracious act to give the Premiership to J. P. Whitney as a Christmas box.

It is now almost assured that Mr. Peter Ryan will take over the department of Public Works, as Hon. F. R. Latchford's successor. Should J. M. Gibson drop out, which is much against the wishes of Premier Ross, Mr. T. Robinette, of Toronto, may be called into the position of Attorney-General, as a make-shift ending at the close of the election. Neither Hon. Richard Harcourt nor Hon. Mr. Latchford were at the Star Chamber meeting of the Cabinet yesterday, and another meeting will be held Monday or Tuesday, when the slate will be cleared of all business and, it is understood, that the Premier's declaration of dissolution will appear on Wednesday.

THE STANDING OF PARTIES.

Toronto, Nov. 5.—This is the stand-

ing of the parties in the Ontario Legislature which is about to be dissolved: North York, Liberal, vacant, unseated; North Perth, Liberal, vacant, unseated; North Norfolk, Liberal, vacant, unseated; Sault Ste. Marie, Liberal, vacant, unseated; Port Arthur, Liberal, vacant, resigned; North Renfrew, Conservative, vacant, resigned; Dufferin, Conservative, vacant, resigned; Conservative members, 45; Liberal members, 45; speaker, 1.

FOR WEST KENT

Rumored that Kent's Popular Young Member Would Withdraw in Favor of His Leader if the people Consented—Other Constituencies Offered.

The Halifax Chronicle makes the announcement that Herbert S. Clements, the young Conservative who won such a brilliant contest in West Kent and redeemed the constituency, is understood to have placed his services at the disposal of his leader and would seek to secure Mr. Borden's election by acclamation in his constituency. Mr. Jackson, the member-elect for West Elgin, is understood to have made a similar generous offer; and Mr. Kemp, of Toronto, is also willing that the Conservative leader should contest his safe constituency.

Already many seats have been tendered to Mr. Borden, and there is a strong desire on the part of Conservatives in that province that an Ontario constituency should have the honor of electing him.
