MORE INFORMATION ON THE SAN JOSE SCALE

Mr. Geo. Elliott Of California, An Experience Fruit Grower Condemns A. B. McCoig's Idea Of A Wholesale Slaughter Of Kent Fruit Trees

To the Editor of The Planet:

Dear Sir,—I noticed in The Planet of the 24th ult., an editorial about San Jose Scale. The talk of the wholesale slaughter of the fruit trees would be a hard thing on the growers, and for no purpose, as the scale can be got rid of without such destruction. I am an old Canadian and have been here in this state for 21 years in the fruit raising business, and understand all about the scale. There are a number of sprays that kill the scale. Lime sulphur and salt, to be used as per slip; Bordeaux mixture, which will kill San Jose scale. The above is the best. I rather favor Bordeaux mixture, as it is easier to work and just as good. Both must be used while trees are dormant; it is the best time as the buds are about opening.

Hoping you will find it as successful as we have, I remain,
Yours truly,
GEO. ELLIOTT.
Oleander, California, U. S., Nov. 8, 1906.

The following are the mixtures mentioned by Mr. Elliott:

BORDEAUX MIXTURE NO. 1.
Copper sulphate (blue vitriol) ten pounds.
Quicklime (not air-slacked) ten pounds.
Water to make fifty gallons.
Dissolve the copper sulphate in about two gallons of hot water contained in a wooden vessel, by stirring. Pour the sulphate solution into the tank used for spraying, and fill one-third to one-half full of water.

MR. CLEMENTS IS AFTER CUT-OFF FOR THE RIVER

Will Arrange For A Deputation To Interview Hyman And Reaume—Bowyer And Sulman Are Also Earnestly Interested

The question of a cut-off in the River Thames, to relieve the people of this district from loss during the spring freshets, has been the subject of much discussion during the past few years, and from time to time different men have interested themselves in the matter, and several earnest attempts have been made to interest the Government in such a scheme. Up to the present, it seems as if all attempts along this line have been fruitless to meet Mr. Clements, the active young member for West Kent, took up this matter with the Government at Ottawa several times since his election, and on the third of this month he made a renewed effort in trying to interest the Government in this important question.

He received the reply that it was a Provincial matter and should be dealt with by the Legislature.

Mr. Clements then interviewed Hon. Dr. Reaume, Minister of Public Works for Ontario, and tried to arrange for a deputation to meet Mr. Reaume and Mr. Hyman here on the 17th of this month. It was his intention to interest the Reeves of the different municipalities, and any others who might be interested in this matter here at a public meeting. The following letter from Mr. Hyman explains his excuse for not coming to Chatham to inquire into the question:

Office of the Minister of Public Works of Canada.
Ottawa, Nov. 8th, 1906.

Sir,—I have before me your letter of the 3rd instant, with reference to the overflow of the River Thames. It is simply impossible for me to arrange to proceed to Chatham in connection with the meeting of a deputation regarding this matter, in view of the numerous duties attending thereon. I shall, of course, be glad any time during the session to listen to the representations of the people concerned.

Yours truly,
C. S. HYMAN.
H. S. Clements, Esq., M. P., Chatham, Ont.

The Ontario Government is willing to look into this matter and to provide the only solution. Under the circumstances, if Reeve Purser, who deserves credit for his excellent work in urging the necessity for some relief, and some of the other Reeves and citizens, can see their way clear to go to Ottawa during the next session, an audience with Mr. Hyman will be arranged.

In the meantime, Mr. Clements, Mr. Bowyer and Mr. Sulman will continue their efforts in this respect, and will do their utmost to secure a visit to Chatham from both Ministers, with a view to getting this urgent work accomplished.

WAS FOUND DEAD

Ridgetown, Nov. 12.—Stephen Johnston, an old and highly respected citizen, who for some time past has lived with his sister, Mrs. A. Wrightman, Broadway, was found dead in his room by the family early this morning. Deceased, who was a prominent Orangeman, had taken part in the annual walks of the Orangemen of Kent for many years back, and was very widely known throughout the west. He had attained the advanced age of 83 years.

The funeral took place at 1:30 p. m., Monday, at Shrewsbury Cemetery, Howard.

CHILDREN'S AID

The regular meeting of the Advisory Board of the Kent Children's Aid Society was held at 4:15 Monday afternoon in the County Clerk's office. There were present Mesdames Sheldon, J. L. Bray, Stephenson, Goodland and Fraser, and Messrs. Peterson, Somerville, Macaulay and Dr. R. V. Bray.

The executive officer reported since October 8, nine visits made, 13 letters written, 10 interviews, 2 cases reported, embracing 7 children, both still under observation. One child had been transferred from its home to another. After explanation, the report was adopted.

Accounts amounting to \$13.13 were ordered paid.

Mrs. Goodland reported the Society's share from the rummage sale \$113.86. This was considered highly satisfactory.

The annual meeting will be held on Dec. 5.

A Lively Time In A Wallaceburg Billiard Hall—Indians Break Up A Pool Game

From Our Own Correspondent.
Wallaceburg, Nov. 14.—There was quite an exciting time on Saturday night in one of the billiard rooms of the town. A number of young fellows were having a game when some Indians came in and wanted to play, and a quarrel was soon started. The Indians striking and knocking down Will Bulley, a glass worker, then he got up and knocked the Indian down and struck him in the face with his cue, cutting him severely. Bulley afterwards became frightened at what he had done and left town.

Mrs. Wm. Clifford entertained the B. Y. P. U. at her home on Tuesday evening. The early part of the evening was spent in playing games, after which an excellent graphophone concert was given by several of the young people. Following this a very dainty lunch was served. A number of the young ladies of the B. Y. P. U. assisted with the serving.

The fire inspector was in town yesterday and the fire company were called out for inspection shortly after nine a. m.

A quiet wedding took place at the rectory on Wednesday, when George W. Whale, an employe of the Sugar Company, was united in marriage to Miss Mary Richmond, of Somers.

Mrs. Hay entertained the Young Ladies Euchre Club on Monday evening last. Miss Q. Robertson won the bill prize and Miss Maude McDonald the consolation prize.

MITE SOCIETY

The annual meeting of the Mite Society of Holy Trinity Church was held at the rectory yesterday afternoon, when all the members but two were present. The meeting was opened with reading and prayers by the rector, who was also asked to preside at the election of officers, which are as follows:

President—Mrs. Segmann.
Vice-Pres.—Mrs. Wm. B. Baxter.
Secretary—Mrs. Hodges.
Treasurer—Mrs. Wm. Dill.

The reports of the Secretary and Treasurer showed the society to have raised \$160 last year, which amount was applied on the furnace debt; and has been sufficient to clear off the note in the bank for that object.

It was resolved to assist the wardens in painting the interior of the church, and the money collected will now be used for that purpose.

The Property committee of the City Council have closed the deal for the lease of the unrented butcher's stall in the new market-front with Mr. W. J. Boston, formerly of the meat and poultry firm of Mounter & Easton. The rent paid will be \$250. This is the stall which Mr. Osh Wheeler refused to pay \$250 for.

A BIG CONVENTION

Special Correspondence From The London W. C. T. U. Meeting—An Aged Worker

Special To The Planet.
London, Nov. 13.—The 29th annual convention of the Ontario Provincial W. C. T. U. opened on Tuesday morning in Dundas street Methodist church with the president, Mrs. McKee, of Barrie, in the chair.
The roll call found that all the general officers, a good percentage of provincial superintendents and county presidents were present, also a large number of delegates. The morning was taken up with routine work, reports of superintendents of departments, etc. Mrs. Gordon Wright, of London, the Dominion president, was introduced to the convention and conducted the noonday prayer service. The report of the provincial corresponding secretary, Mrs. Miller, of London, was received with replies by applause, for it showed a decline in the membership has increased and the amount of money raised for the work has been increased, being this year considerably over \$13,000.
The juveniles work has gone forward by leaps and bounds; membership in juveniles temperance societies being 4,513.
The president's annual address was, as usual, excellent, being a concise, comprehensive review of the year's work with a glance at the "encouragements, opportunities and our duties."
Mrs. McKee has a talent for saying a great deal in few words. In short, epigrammatic sentences frequently touched with humor. She touches the root of the matter and impresses the facts upon her hearers even while they laugh. One point was Christian citizenship—a Christian man owes a duty to his country and community, and the man who prides himself on "minding his own business and letting everyone else mind theirs" is far from being a moral force in his community, in fact the bad man in politics falls no more in his duty than does the good man who is out.
A feature of the afternoon was the introduction of an aged lady, Mrs. Jones, who was one of the charter members of the Ontario Union. Her husband, the late Judge Jones, of Brantford, was also a life-long friend of the cause. Mrs. Jones spoke very feelingly of her memories of the beginnings of W. C. T. U. in this province, and by vote she was made a member of convention.

PREMIER OF MANITOBA

Had No Knowledge Of The Land Deal With Hon. Geo. E. Eoster

MR. ROBLIN IN THE DARK

Ottawa, Nov. 13.—Hon. R. P. Roblin of Manitoba and the Hon. Colin Campbell, Attorney-General, were on the stand before the Insurance Commission yesterday afternoon. Mr. Roblin was asked to explain his connection with the Swan River deal and the Union Trust. He said he had nothing to amend in Mr. Whittles' evidence, but did take exception to statements made under oath by the Winnipeg land broker, A. W. Pritchard.

Pritchard had said witness knew that Mr. Foster had bought 40,000 acres, the Carrol River lands, from him. This witness never knew until he read this same evidence in the newspapers.

Mr. Tilley: "Was there a suggestion that Pritchard should sell these lands for you?"

"None."

"Did you ever instruct him to come to Toronto?"

"Never."

"Tell the Commission how you came to sell the lands?"

"Pritchard was an accountant in the Department of Agriculture, as well as

my private secretary, and he saw through my letters that I owned these lands. After I failed to make a sale in the United States through an agent, Mr. Farrell, who did not succeed because we could not find a registered title, having only an agreement, he was going on a holiday and he asked if there would be any objection to his making a sale if he could. I said no. I heard no more about it until he came into my office and told me he had sold them."

"Did you see the correspondence between Pritchard and Mr. Foster?"

"I did not."

Never Saw Agreement.

"But Mr. Whittles produced this correspondence before the Commission."

"That may be. The lands were in his name. I never had any papers. Never had a word of correspondence with Mr. Foster or the Union Trust."

When shown the agreement with the Union Trust Co. for the purchase of the land Mr. Roblin betrayed some surprise. He never knew, he said, of the existence of any agreement. He thought all that was done was to make an assignment of the 40 sections and have the money paid over.

"Pritchard said he was authorized by you to offer Mr. Foster a substantial commission."

"I never knew he was dealing with Mr. Foster."

"Will to whoever was purchasing."

"I never authorized him to give a commission to anybody."

"Have you anything else to remark about the evidence of Pritchard?"

"I have. Pritchard said he left the service of the Department of Agriculture because he was not promoted. That is not true. I asked him to resign. He had been accountant for 23 years, and for over 12 there had been systematic stealing and embezzling in his department. When this was dis-

covered by the auditor the guilty party had fled to the United States. Pritchard was called into my office and examined. When the offender was arrested, and Pritchard called to give evidence, he could not remember anything he had said before the arrest was made. So I told him if he could not remember better than that, he had better resign."

Contradicts Pritchard.

Hon. Collin Campbell then came to the stand. He is president of the Ontario, Manitoba and Western Land Co., of which Mr. Bettes, a former witness before the Commission, is managing director. This company sold the so-called "Carrol River Lands" to the Union Trust, Pritchard also being implicated.

Mr. Campbell was asked what he had to say with regard to the Pritchard evidence, in which he figured extensively.

"Mr. Pritchard's statements in many particulars are untrue," said Mr. Campbell. "On August, 1903, my partner, Mr. Crawford, died suddenly. During September I was wholly in charge, and had a great deal of work. On Oct. 1 I fell ill, and was in bed the greater part of the month. As that was the time Pritchard spoke of our dealings, much of it could not have occurred."

"As for what Pritchard said about my advising him to give me \$1,000 of his commission on the lands, I say it is absolutely untrue. I did not sign the agreement with the Union Trust Co., although, as president of my company, I should naturally have done so. It was signed by Mr. Bettes as managing director. I was not around."

"He says he handed me telegrams or letters from Mr. Foster. I never saw a telegram or a letter from Mr. Foster. It is absolutely untrue."

ANOTHER GOOD THING ABOUT "SURPRISE" Soap is that it doesn't hurt the hands. It is a pure, hard soap and is more effective than ordinary laundry soap, but it is n't harsh or biting.

You can use "SURPRISE" Soap any way you please, but try it with only a tea-kettle full of water—the way it says on the wrapper.

Then you'll know why it is called "SURPRISE" Soap. See the red and yellow wrappers.

A CASE OF WAGES

Wallaceburg Magistrate Reserves Decision—Prominent Tuperville Farmer Dead

From Our Own Correspondent.
Wallaceburg, Nov. 13.—The case of O'Mara vs. Handsor was tried in the Police Court yesterday before Magistrate Alex. McDougall. The case was purely a dispute over wages. Handsor worked for O'Mara and left before his time—according to agreement—had expired, and O'Mara refused to pay him his wages, so the case was brought into Court. The magistrate reserved his decision.

Zam-Buk Wins Workers' Praise

MARVELOUS CURE OF BURNS.

Zam-Buk has been called "the worker's friend" because it brings such relief and healing to workers who suffer from cuts, burns, bruises or any skin injury or disease. Mr. Alf. J. Clark, of Cavendish street, London, Ont., tells how Zam-Buk cured him of severe burns. He says: "I got my hands very severely burned with lime. The burns were so deep that as I pried my shovel the blood actually ran down the handle. The agony I suffered you may well imagine. I tried several different kinds of salves but the burns were too severe for these preparations to heal. I obtained a supply of Zam-Buk and the very first application gave me ease. This pleased me, you may guess, but as I applied the balm each day I was more and more pleased with the effect. The pain was relieved completely.

"I had often heard of Zam-Buk, but thought before I tried it that it was similar to the ordinary salves you see advertised. In a very short time Zam-Buk healed my burns completely, and my hands actually felt better—the muscles more firm and the skin in better condition than before I was burned."

Not only for burns, but for cuts, bruises, sprains, etc., Zam-Buk is the best and safest cure. It also cures eczema, ulcers, abscesses, ringworm, boils, eruptions, poisoned wounds, chapped or cracked hands, cold sores, chilblains, bad leg, piles, etc. All druggists sell at 50c a box, or post free from the Zam-Buk Co., Toronto, on receipt of price, 6 boxes for \$2.50.

FOOTBALL MATTERS

To the Editor of The Planet:
Dear Mr. Planet—Kindly allow me a small space in your valuable paper for the following:
In your weekly issue of Wednesday I noticed a small item under the heading of Kent Bridge. As a looker-on at the game between Mitchell's Bay and Kent Bridge, which the worthy correspondent talks of, and forcibly installs the few lines of poetry, I do not hesitate in saying that things did go wrong, but only with the one team: K. B. need not feel sore at being disappointed at (her or his) team being defeated, for they were up against a stumbling block, and a superior team, as the result showed.

Thanking you, Mr. Editor, for the space, I am,
Yours, etc.,
SORE HEAD.
