HAD A ROPE OUT WINDOW

Peculiar Actions of Strange Guest At Hotel Rankin

Threw Water On People On Street Below His Room

Brooding over supposed misfortunes, it is alleged that an eccentric individual, who registered as F. W. West, of Ireland, tried to commit suicide at the Rankin Hotel this morning.

According to all the information which could be gathered, the man West had been acting rather peculiar ever since he struck the city. He appeared to be despondent about some trouble of his own. He gave his address as "Ireland," on the hotel register, but it is thought that he hails from Detroit. He was in hard luck, and it seems that his finances were at low ebb.

This morning a rope was noticed dangling from the room he occupied on one of the upper floors of the hotel, and the report got around town that he had tried to commit suicide. During the early morning hours he amused himself with very strange antics. He started in by throwing water out of his window. Finally, when his water pitcher was about empty he fired pitcher and all out of the window. A Mr. Neilly, who happened to be passing at the time, got the benefit of a cold shower bath from West's pitcher. West finally left the hotel without giving any reason for his strange actions. He left behind him an unrecipited board bill.

"There is absolutely no truth in the report that the man tried to kill himself," said Mr. Reg. Pleasance, who was seen to-day. "The report got around town merely through the fact that there was a fire escape rope hanging out of West's window. The man acted rather peculiar, but we know very little about him. He left this morning and he hasn't shown up since."

GOOD TIME EXPECTED

There is every prospect of a grand celebration here on the anniversary of the Battle of the Boyne. Hugh Gallagher, secretary of the General Committee of the 10th St. July celebration in this city, has received from Detroit, Orangeburg, and coming in full force with band, Port Huron and two other Michigan lodges will also be here. Petrosia, Sarnia and other places in Lambton will be in attendance. Essex County will be here in a body. Beecher, Lambton Co., will be here with at least 30 men, making in all 80 or 90 from that burg. Petrosia comes via Grand Trunk and will bring a large contingent, as well as numbers from intermediate stations. Ten or twelve lodges of ladies from Canada, as well as two or three from the United States, will grace the day by their presence. The railway rates will be single fare and tickets will be good to return on the following day.

Mr. Gallagher gives as a conservative estimate 5,000 or 6,000 Orangemen and friends who will spend the glorious Twelfth in the Maple City. The hotels and business people have subscribed liberally to the celebration fund, and all that a new event is fine weather to make the Order in Chatham.

The different lodges are bringing brass bands with them in addition to the time-honored fife and drum corps, and everything points to a real good time.

The General Committee is meeting this afternoon to make final arrangements in the way of appointing sub-committees, etc.

Nearly Asphyxiated.

Guelph, June 15.—A man whose name is given as A. W. McLeod, from Texas, staying at the Royal Hotel since last Saturday, narrowly escaped being asphyxiated by gas Thursday night.

It seems there are two jets on the same pipe, and on turning off the one the other was partially turned on.

STOLYPIN'S BOLD STEP

Demands Exclusion Of Fifty-five Social Democrat Leaders

He Threatens Dissolution if The House Refuses Demand

St. Petersburg, June 15.—Premier Stolypin yesterday demanded that the lower House of Parliament exclude from the House all the members of the Social Democratic faction, numbering fifty-five, and sanction the arrest of sixteen of their leaders, including M. Alexinsky, Tsereteli, Dshparidze and Osel, on the charge of entering into a conspiracy to overthrow the Government and establish a democratic republic. Continuing, the Premier announced that unless the House immediately yielded Parliament would be dissolved.

The press and public galleries were cleared, the police and troops took possession of the entrances to the Parliament building and the House went into secret session, and debated the question raised by the Premier. It is considered almost certain that his demands will be rejected.

With only 130 opposing votes, the Lower House later rejected Premier Stolypin's ultimatum for the immediate suspension of 55 deputies for membership in the Social Democratic party, and referred the subject to the committee. Although the committee has been instructed to report to-day, it is known in advance that the decision on the main question will be adverse, and that the Douma will accept the recommendation.

In order to keep strictly within the legal limits, the committee may recommend the suspension of sixteen leaders on condition that the Government disclose the evidence against them, but there is not the slightest expectation on either side that this will save the situation.

COL. KOTLAROFF MURDERED.

Sentenced to Death By Terrorists—Assassin Was Captured.

St. Petersburg, June 15.—Col. Kotlaroff, deputy commandant of the Port of St. Petersburg, was murdered yesterday morning by a woman in the Admiralty section of the city. The colonel was recently sentenced to death by the revolutionary fighting organization because he recommended a reduction of the working force at the Admiralty works. The assassin was captured, but he is believed to have had accomplices, who escaped.

WAR WITH SALVADOR

Practical Declaration in Nicaraguan President's Statement.

Washington, June 15.—What amounts to an actual declaration of war between Nicaragua and Salvador was contained in the reply of President Zelaya to an enquiry from Washington as to his connection with the recent attack and capture of Acapulco. The answer came to the State Department yesterday in the shape of the following cablegram from American Consul-General Olivares at Managua, the Nicaraguan capital:

"I am officially informed that in accordance with the Central American Union plan, President Zelaya has despatched munitions of war and troops in aid of General Alfara, who is the popular Unionist candidate for the Presidency of Salvador. (President) Figueroa opposes the union idea."

BAD CROOKS IN COBALT.

One Man Gets a Year for Passing Forged Cheques.

Cobalt, Ont., June 15.—Robert Leports, dissipated prospector, was sentenced yesterday by Magistrate Brown to one year in Central Prison for passing worthless cheques and forgery. He scattered cheques Thursday among Frenchmen in the north end of the town. When arrested he had several Imperial Bank cheques, with forged signatures to them, some payable to himself and others to fictitious personages, whose names he endorsed on the backs.

To-day Lotty Cameron, a notorious man crook, will be tried before Stipendiary Magistrate Hartman for passing worthless cheques.

Eleven Victims Found.

Washington, June 15.—Official advice reached here last night from Hampton Roads, announcing the recovery of the bodies of the eleven victims of the accident to the United States battleship Minnesota's steam launch.

The battleship Minnesota's lost launch was found in eight fathoms of water off the Riprap, near Fort Monroe.

Two Killed by Train.

Albany, June 15.—The bodies of two well-dressed young men, supposed to be Edward A. Tighe of 108 Johnson street, Newark, N. J., and James Murtough of 70 Temple street, Boston, were found yesterday laying in a ditch alongside the New York Central tracks, just west of here. It is believed that both were struck by a passing train.

THERE MAY BE A SEQUEL

Echoes Of The Twigg-Johnson Language Case

Police Informed That Horse Was Stolen This A. M.

"Two dollars and the costs, \$4.50 in all, was the price Wm. Reid paid into the city coffers this morning for the privilege of carrying a joyful Jug yesterday.

"You are a man of too many good qualities to be killing yourself with liquor," said Judge Houston when Reid came up before him to-day.

"That's a fact, Judge," was the cool reply. Later, Reid told the Chief of Police that he was going to turn over a new leaf.

"What's the use of doing that?" quizzed the Chief. "Why all the pages in your book are the same. The best thing you can do, is throw the old book away."

Reid walked away in deep thought. Possibly he was pondering over the sage advice handed out to him by the police officials.

Complaint was laid with the police this morning that a horse belonging to a Mr. Nelson had been taken from the stables at the Catholic church property. It is thought that the horse was taken between 12.30 last night and 5.30 this morning.

Up till noon to-day, no trace had been found of the missing animal.

There is a possibility that an echo of the Twigg-Johnson insulting language case may come up Monday morning in Police Court. It is understood that some of the young women whom Reginald Lamperd referred to as "sporty" are going to ask him to prove the charge. Some of the parties implicated may also come up on a charge of disturbing the peace.

Mr. Twigg some time ago protested against the statement credited to Lamperd, referring to the girls in the King street house. He said that this could not have been his house. It was difficult to make out which house Lamperd meant when he gave his evidence at Police Court, but he says now that he did not mean the Twigg house, and that his reference was to Mrs. Bowyer's house on Wellington street. Mr. Twigg is a hard-working, respectable man who is considered a good citizen in every respect, and his explanation, coupled with Lamperd's denial that he meant the Twigg's house is entitled to consideration, and this journal is very anxious not to misrepresent anyone, whatever their station in life may be.

PURSE OF GOLD FOR LITTLE BABY GIRL

Goderich, June 14.—A unique presentation was made the other evening to Baby Margaret Victoria, youngest daughter of Rev. and Mrs. W. H. Graham. The occasion was a tea at the home of one of the members of the congregation of Victoria St. Methodist Church, of which Mr. Graham is the pastor, and after tea the child was presented with a purse of gold, to be deposited in trust as a subscription towards a life membership in the Woman's Missionary Society when the young lady is old enough.

This makes the third generation in the family who have been made life members in the W. M. S. by friends over twenty years ago Mrs. (Rev.) T. M. Campbell was made a life member of the W. M. S. by the ladies of North St. Methodist Church. About a year ago her daughter, Mrs. Graham, was made a life member by the ladies of Victoria St. Church, and now similar provision is made for her youngest daughter, Rev. W. H. Graham severs his connection with Victoria St. Church, Goderich, to take charge of Victoria Avenue Church, Chatham. His child was named Victoria, after the church.

WRIGHTMAN IS INSANE

Windsor, June 15.—Arthur Wrightman, charged with shooting and wounding his brother-in-law, George Pierce, of Windsor, was yesterday adjudged insane at the County Court sessions, Sandwich, and will be sentenced next Wednesday. Several physicians were called to give evidence, and all agreed that the prisoner is insane and was not of sound mind when he committed the crime. It is expected that he will be committed to the insane asylum at London. Some years ago he was sent to the same institution, and was finally released owing to the improvement shown in his condition.

Wrightman is a former Chathamite and is well known here.

NO VERDICT TILL AUGUST

Frisco Dairyman Takes the Stand In Haywood Case

Describes Crimes Committed—Kept Shop Frequented By Orchard

Boise, Idaho, June 15.—The trial of Wm. D. Haywood for the murder of former Governor Steunenberg was resumed at 9.30 a. m. yesterday, with L. B. Guibbini, dairyman, of San Francisco, on the stand.

Guibbini introduced Harry Orchard, known as "Barry," to the servants in the Bradley household. He said that Orchard came to his store and hung around and spent considerable money. Orchard asked questions about the Bradley household, asked to be introduced to the servants, and asked Guibbini to get him a room in the neighborhood.

Saw Poisoned Milk.

Guibbini saw Orchard moving his luggage the night before the Bradley house was dynamited. He also saw the poisoned milk. Guibbini described the result of the bomb Orchard placed at the front door leading to the Bradley apartments in Washington.

The whole front of the house was blown out.

Guibbini said he saw Orchard at his store the day the explosion occurred.

The defence moved to strike out the testimony of the witness, as not connecting Haywood with the offence charged, but was overruled.

Attorney Darrow, on cross-examination, devoted himself to learning the conditions under which the witness was brought to Boise to testify.

Guibbini said the detectives told him he had to come to Boise, and there was no use "trying to dodge it."

Te Kidnap Witness.

"So they were going to kidnap you?" commented Darrow.

"No, sir," said the witness. "They just told me I had to come."

Guibbini got \$200 for expenses. Guibbini said Orchard told him he lived by gambling at night. He slept during the daytime.

The prosecution then called Hall McClaughry, assistant postmaster at San Francisco, who was introduced as a registered letter carrier. Orchard said he received from Pettibone's while in San Francisco. Orchard said he was going by the name of "John Dempsey" at the time, and Pettibone used the name of "J. Wolf" in transmitting the letter, which contained \$100.

What Detective Says.

Capt. James McPartland, the famous detective, who has figured so largely in the testimony, and who has been attacked by the counsel for the defence, prefers not to be interviewed at length on the subject of the Orchard confession.

"It would be superfluous for me to reiterate," he said Thursday, "Orchard has told the literal truth about the confession and the way it was given to me. I made him no promises. I never made a promise to a criminal in my life. Orchard first confessed to me, but said he was not quite ready to give it to me finally.

"I promised to hold it for some time, and I did so. He told me that when he was ready to tell the whole story he would let me know, and some time later he again told me the incidents of his life, leaving out nothing. Every word that he has said on the stand as to the confession is the truth, and there is nothing to add."

No Verdict Till August.

The state expects to close its case in ten days or two weeks. Clarence Darrow, for the defence, says their case will take about four weeks, though it is possible that it may be concluded in less. It is generally conceded, however, that the verdict will not be reached before August 1.

POSTOFFICE ROBBED.

Burglars Dynamited the Safe But Only Got \$25.

Brantford, Ont., June 15.—The post-office at Brantford village, in Brant County, was entered by burglars early yesterday morning. They effected entrance by a skeleton key, dynamited the safe, and stole money, stamps and private papers. The money loss was small, probably \$25.

The perpetrators got away, locking the doors behind them.

Kaiser Degrades Cousin.

London, June 15.—The Paris correspondent of The Express says: "I am informed by a personage closely connected with the German court that the Kaiser has personally degraded his cousin, Prince Frederick Henry of Prussia, bored his ears, expelled him from the court army, and banished him from Germany. The Kaiser dictated this severe punishment on receiving substantial information that the prince was addicted to riotous living."

Wm. Somerville returned Thursday night from Montreal, after attending the meeting of the general assembly of the Presbyterian church.

MACKNESS-SMITH.

A pretty rural wedding was celebrated at the home of Mr. and Mrs. Charles Smith, 10th concession, Chatham Township, on Wednesday, the 12th inst., when their second daughter, Maude Alena, was united in marriage to Mr. Wm. G. Mackness, of Eberts. The ceremony was performed by Rev. P. C. MacFarlane, Baptist pastor at Louisville.

At 4:30 p. m., to the strains of Mendelssohn's wedding march, played by Miss Emma Brooksbank, the bridal party entered the drawing room. The bride, accompanied by her father, by whom she was given away, looked very charming in a gown of point d'esprit over white silk. The bridesmaid, Miss Pearl Smith, sister of the bride, was prettily attired in white organdy and carried a bouquet of white carnations, as did also the bride. The groom was assisted by his brother, Mr. James Mackness, of this city.

After the ceremony a dainty supper was served in the dining room. After supper the guests all formed in procession and drove to Dresden, where Mr. and Mrs. Mackness took the seven o'clock P. M. R. for Sarma, London and other eastern points. At the station they were given a royal send-off, accompanied by the usual showers of rice, etc.

Only relatives of both parties were present. Both the bride and groom are quite popular throughout the vicinity, and a large number of useful and handsome presents were received. They will be at home to their friends after July 1.

EVERITT-STERLING.

A very pretty wedding took place at the home of Mr. Wm. B. Sterling, Kent Centre, Harwich, on the afternoon of the 12th inst., when his eldest daughter, Laura Myrtle, the popular organist of St. Paul's church, was married to Mr. Alex. T. Everitt, a prosperous young farmer of the 3rd concession. The bride entered the room leaning on the arm of her father, to the strains of Lohengrin's wedding march, played by Miss Josephine Buchanan. This was followed by the singing of a bridal hymn by Dr. Oliver Graham, of Chicago.

The bride was attended by Miss Mae E. Graham, of Detroit, while the groom was supported by Mr. Russell Sterling, a brother of the bride. The office of flower girl was performed by little Miss Letta Sterling. The bride was attired in a dress of white silk with embroidery trimming. She wore the customary bridal veil, and carried a large bouquet of white roses. The house was most beautifully decorated for the occasion, of which the arch under which they were married was not the least attractive.

The ceremony was performed in the presence of about seventy guests, Rev. Hugh Cowan, B. D., officiating. Among those noticed from a distance were Dr. O. Graham, Chicago; Mr. and Mrs. Manson Campbell, Chatham; Mr. and Mrs. Parker, Morpeth; Mr. Jos. Buchanan and family, Bond Eau; Mr. and Mrs. Parker and daughter, Morpeth.

After the ceremony the guests were photographed on the lawn opposite the house. Then they adjourned to the spacious dining hall, where a sumptuous dejeuner was served. This part of the festivities was hardly finished, when the rice began to fly in mid-air, as the newly married couple made a hasty egress for the Chatham station, on their way west for a short pleasure trip, visiting several of the American cities.

Not the least interesting to the guests was the display of numerous presents, which had been sent for the occasion. The young ladies of the neighborhood gave a reception to Miss Sterling, the week preceding her marriage.

SPORT

BASEBALL

THE STAFF WON.

An indoor game of baseball was played Thursday night in the armories between two picked teams. The game was scheduled to be between "A" Company team and the staff team, but as it was both teams were picked from different companies and the bugle band. The feature of the game was the pitching of Pen. Reid. The line-up for the staff team was: Smith, Reid, McCoomb, Lapp, Johns, McCormick, Clements and Stevenson. The line-up for the "A" Company team was: Dupuy, Smith, Lawson, Morley, Fitzgerald and Clark.

The umpire during the first part was Julius Perrott, and the latter part was umpired by Clark Gillies. The score resulted 31 to 17 in favor of the staff team. After the game was over "C" Company challenged the winners to a game for Monday night.

The first game of the baseball league series will be played this afternoon. A game between the C. F. M. and Motor Works will be played at two o'clock, and at four o'clock a game between the Wagon Works and the Tammany Heelers will be played.

BETHEL ANNIVERSARY

One of the most successful anniversaries in the history of Bethel Methodist church, River Road, Harwich, was held last Sunday, June 9. The day was everything that could possibly be desired and many friends from Chatham, Thamesville, Kent Bridge, Botany, and other surrounding places took advantage of the splendid roads and beautiful day for a pleasant country drive, so that the church was crowded to its utmost at both services. Miss Ada Seaman, of Blenheim, who is engaged in evangelistic work, was the speaker for the day, and delighted her congregations with two soul-stirring addresses. Miss Seaman possesses great power as an evangelist, and her message are simple and very convincing. In response to a request for a free will offering, the sum of \$139 was placed upon the plates, which was remarkable, considering the size and position of the church. The music for the morning service was furnished by the Kent Bridge Methodist choir, and for the evening service by the Northwood choir. Both were very much appreciated. On Monday evening the usual ice cream social was held on the church grounds. Lunch was served in the sheds, which was enjoyed by nearly 300 people. The program consisted of several readings by Miss Verlynn Lamont, solos by Miss Anna Clements, Miss Maud Groves, Miss Rhena Knott, Mr. McAlpine, and Mr. Martin, all of Chatham; duets by Misses Maud and Ella Groves, also by Miss Groves and Mr. McAlpine, besides lively addresses by Mr. R. Braeklin of Chatham, and Rev. R. F. Irwin, of Thamesville. Mr. McCoig, M. P. P., was chairman for the evening, and fitting style. Rev. T. Allen, of Jeanette's Creek circuit, who is to succeed the present pastor, Rev. J. R. Peters, in a few weeks, was also present and gave a short address. The entertainment was a great success throughout, and the program was very much enjoyed by all present. At the close the pastor, in a few remarks, announced that the proceeds for the Sunday services, together with the entertainment, amounted to over \$70. The expenses did not exceed \$17 in all, which leaves a splendid sum in the treasury. Great credit is due to all the workers of this appointment for the able way in which all matters were conducted, and by which they made their anniversary such a success.

DISTRICT

BLENHEIM

Blenheim, June 14.—Mrs. Andrew Broadbent, while putting up a hayfork in a barn near Buxton, had the misfortune to slip and hurt both of his legs in a very painful manner. On the same day his wife slipped and sustained a broken ankle, which will lay her up for some time.

The Salvation Army are having an excursion to Detroit on Saturday. Blenheim, June 15.—Mr. W. T. R. Smith, of the Bank of Commerce, Blenheim, returned from Windsor on Thursday evening.

A train service running to Erieau in the morning will commence on June 17.

The Ladies' Aid of the Presbyterian Church have arranged to have their annual excursion to Detroit on Thursday, June 20th. Rates are low and a good time is promised.

The funeral of the late Mrs. Catherine Lowery took place this afternoon from the residence of Mr. P. Burse to Evergreen Cemetery. The deceased lady was 73 years of age. A very interesting game of baseball was played last night on the Fair Grounds, between the Blenheim and Ridgetown seniors. Blenheim came out best, the score being 14 to 3.

By order of the Council, and for the purpose of obtaining better lighting, the Post Office is being fitted this week with panes of glass extending all round the top of the boxes, and which connect the partition and the ceiling. This will be a great improvement, and will at the same time accomplish the double object of giving better light and keeping the office warm in winter. P. M. Morris is to be congratulated on obtaining the alteration.

TILBURY

Tilbury, June 14. — Mrs. Gordon Ainslie and daughters are visiting friends in Leamington.

F. Lee has purchased the butcher shop of A. H. Roszel, and has moved to the Roszel block.

E. R. Dromgole, of London, was in town yesterday.

Miss Margaret Smith, of Jeanette's Creek, graduate of Margaret Eaton School of Expression, in Toronto, will give a recital in the Methodist Church here on June 25th.

At Niagara Ward and Chas. Wash are at Niagara Camp of Volunteers.

S. Labonte has sold his house and lot on Poplar St., to P. Finn, for \$775.

Two families of emigrants from London, England, arrived this week, and already some of them have found employment. Another party is expected next week.

The Tilbury Town Gas Company have completed their line from the Burgess well to within half a mile of the village, and are at present laying 4-inch mains in the village. They expect to have the town piped and the gas in general use within three weeks.

When in Chatham call at Wonderland. Moving pictures and illustrated songs, changing Monday and Thursdays. Admission 5 cents.

HABITS OF ANIMALS

FOUND AT THE CIRCUS

"When a monkey sleeps he picks out the highest perch he can find," said Keeper Patterson, of the Forepaugh-Sells menagerie. When the only home of the monkey was a forlorn hole lived always in deadly fear of the lion, and a live monkey is the choicest kind of a morsel for the king of beasts. Although the monkey is a rather wise boy, and knows that in a Zoo the lions are securely caged, the fear of the lion is born in him, and this accounts for his finding as high a perch as he can to sleep on. The lioness, when free from family cares, is prone to lie on its back, with its legs stretched up straight in the air and paws pendant. The lion, when the excitement of the day is gone, stretches itself out flatly on its side with paws turned in, and twitches and throbs during its slumber a good deal like a dog. Gorillas and chimpanzees sleep with their hands over their heads. Bears, which have the fear, sleep in any position. The same is true of wolves. Animals of a cunning or cowardly nature, however, are always on the alert, even when asleep. A seal sleeps like a human being. It stretches out at full length, and enters dreamland on its back, stomach or side. Once in a while a seal will sit up with its head bent down on its chest, fast asleep in the water, with its ears under, so, as is his custom, in his native state, that he may hear the approach of an enemy, sound traveling with great distinctness under the water. Elephants sleep upright like a horse, and fitfully. They are keenly alert to the slightest noise, but quick to sense things. If they can see the subject, they do not rattle easily, but if it is something weird sounding and out of sight, they need the reassuring voice of their keeper. With the elephant the voice is everything. They have the same feeling for a friendly, sincere voice that a natural musician has for the sound of a musical voice. The menagerie department of the Forepaugh-Sells Shows, which exhibits here Tuesday next, June 18th, has been, it is said, greatly added to during the past winter.

Too much haste has been known to ruin many a good cause. A good man is better than anything else. Push is almost as good a weapon as Pull.

MARKETS

The fine weather this morning brought a big Saturday market to the city. The supply was large, but the demand appeared to be just as brisk. Butter is still clinging to the 20 cent mark, and has not varied much in price during the past few weeks. Some were asking 18 cents per dozen for eggs, but there were large quantities selling at 17 cents, which apparently was the prevailing price. The prices on the fish market have not changed, and fruits and vegetables remain at much the old figures.

Following is the full price list:

DAIRY PRODUCTS. Butter, per pound, 20c. Cheese, per cake, 25c. Cabbage plants, per box, 20c. Chickens, each, 45c to 50c. Ducks, 30c to 40c. Eggs, per dozen, 17c. Geese, 50c to \$1.50. Geese wings, per pair, 5c. Turkeys, 75c to \$3.50.

FRUIT AND VEGETABLES.

THE WATER SERVICE.

The citizens generally, and especially those who are patrons of the Waterworks, and who take a pride in the possession of well kept and beautiful lawns and grounds, are much interested in the recent decision of the Waterworks Board in forcing all water users to install meters for lawn services.

On Thursday The Planet pointed out that this action is a great injustice to many users of water who are living up to the law, and who are doing a great deal towards beautifying and improving the city. It was suggested that some other course of action might be taken which would put a stop to the present waste of water—which is the cause of the Commissioners' new regulation—and which would not come as such a hardship to the people who are entirely innocent of any wrong-doing.

Chairman Sheldon, of the Waterworks Board, and Superintendent Jones seem to have missed the point entirely in their answer to The Planet's editorial, as published on Thursday. Mr. Sheldon, in the course of his interview, said:

"As far as the reference to the plumbers' work is concerned, we have nothing whatever to do with that. They take out a license to do the work, and we pipe the water to the property line. We cannot be therefore blamed for any waste of water caused by poor plumbing."

There was nothing said about "poor plumbing" in The Planet's first article. What we did say was that people, against whom the Water Board have no complaint, have installed meters for house services only, and have their lawn services on a flat rate. Under the new regulation these people will have to have their plumbing re-arranged in order to put their lawn services on the meter system. This means expense, as everyone with any experience knows that plumbers do not work for nothing. THIS WILL BE AN UNNECESSARY BURDEN UPON ALL SUCH PATRONS BECAUSE THEY ARE AT PRESENT LIVING UP TO THE LAW.

Mr. Sheldon says that the innocent must suffer with the guilty, but in this case it is very unfortunate that the innocent should be in such a vast majority.

One statement made by both Mr. Sheldon and Mr. Jones was particularly suggestive. Mr. Sheldon said: "Last year there was so much water wasted by patrons who had a lawn service not on the meter system, that we had to pay a man to watch the services, and he discovered that the privilege was most FLAGRANTLY ABUSED."

Mr. Jones in his interview said: "SOME OF THEM ALLOWED THE WATER TO RUN ALL NIGHT. A detective had been employed to watch the various services last summer found some most flagrant examples of waste. Services were allowed to run and waste water all day and sometimes at night."

According to this, what are the facts! Water is being wasted—as Mr. Jones says, "extravagant waste"—there are by-laws which make this waste a punishable offense, and the Water Board know who are guilty of this misconduct.

HOW MANY PROSECUTIONS WERE INSTITUTED LAST YEAR AGAINST SUCH OFFENDERS? None!

How will the Water Commissioners overcome the difficulty this year. THEY WILL PRACTICALLY PROSECUTE THE PEOPLE WHO ARE INNOCENT OF WRONG-DOING.

This is what Mr. Sheldon and Mr. Jones call "protecting ourselves and the patrons of the waterworks."

According to the waterworks by-law there are certain hours—and certain hours only—when the lawn services can be turned on. These hours are from six to nine o'clock in the morning and from five to ten o'clock in the evening, and at no time can the water be turned on in case of fire. Any person violating this by-law is liable to a heavy fine. What The Planet contends is that if this by-law is strictly enforced—and the Water Board know who the offenders are—there will be no need of saddling heavy and unnecessary expense upon people who should be the pride of a progressive community.

This by-law was not properly enforced last year. SHOULD THE WATER BOARD RESORT TO NEW AND EXPENSIVE REGULATIONS BEFORE PRESENT ONES HAVE BEEN GIVEN A FAIR TRIAL?

We have no desire to unnecessarily find fault with or criticize the Water Commissioners. It has been shown that they have been faithful to their duty as servants of the people by the fact that they have handed over profits to the city amount-

Do YOU know how good they are?

ing to some \$17,000. They have done this in the face of adverse circumstances at times such as a poor plant and inferior boilers, etc. For this they should be given every credit. Thoroughly business-like methods have carried them through many perplexing problems, but it does seem to this Great Home Journal that their latest action was a mis-step.

Mr. Sheldon explains that it is necessary to stop this waste of water or else enlarge their plant to supply proper fire protection. If one more pump were purchased the difficulty would be overcome. Why then, as Mr. Sheldon says, should the city not provide the money for the purchase of this pump? The Council has received \$17,000 for nothing, from the Commissioners, and surely they could return this comparatively small amount and remove this meter regulation, which is such an injustice upon people who have already done so much for the city for nothing.

If the meter regulation is adhered to the water users who will be effected, will practically be asked to pay for the city's fire protection. The fire protection is enjoyed by every resident of the city, whether he be a water user, or not, and it is only just and right that the expense of providing it should be borne out of the general fund.

TEMPERATURE FALLING.
 Hamilton Spectator.
 The Brantford Courier points out that the Liberal Majority in South Brant has dropped thus:

1890.....	636
1894.....	617
1898.....	526
1899.....	717
1902.....	343
1905.....	152

Of course that's not the reason for Mr. Preston's retirement; but another similar drop in the Liberal vote would put the Liberal candidate out of business, South Brant is becoming civilized.

AS A MONOPOLY BREAKER.
 Galt Reporter.
 The Whitney Government has scored well in its game against monopoly interests. Up to date it has broken these monopolies:

- The electric ring.
- The school book combine.

It has also served notice on the pulp-wood interests that no back-door agreements will be entertained.

In addition, it has "nationalized" a large section of the public domain, in the wealthiest mineral belt known to man, to the end that the people as a whole shall benefit by the development thereof.

It is truly a people's government and a monopoly breaker.

So good services, sweet remembrances will grow from them.

Disaster usually follows in the wake of too much self-assertion.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and it proves to be so. He has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—sucks blood pressure away from pain centers. Its effect is chain-rod. It is so simple, so safe, so sure, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Brings your finger, and doesn't get red, and swell, and pain you. Of course it does, it's congestion, blood pressure. You'll find it where pain is—always. It's simply common sense.

We sell at 25 cents, and cheerfully recommend.

Latest Fashion Hints

Unquestionably, this spring and summer, the separate, short jacket up to date can afford to be without at least two of these chic outer wraps. They may vary from tailored jacket to fluffy cape. They may be made in cloth, silk, lace and linen. They may be trimmed with severest of bias bands and folds or with bolos and bolts of lace or braid. They may match costumes in color or fabric or they may present a decided contrast in both—but they must be short, very short and very natty.

The illustrations shows one in the simplest form of pony coat, which may be used as a foundation for braid, lace, or all-over embroidered. It can be developed in either single breasted or double breasted fashion.

The jacket is made with fronts, side-fronts, backs and side-backs, seems all extending to the shoulders and giving becoming lines to the figure. The sleeves are in "leg o' mutton" style. When closed in double breasted style two rows of buttons are used, but when the single breasted is preferred the coat is cut off at the centre and closed either with a single row of buttons or invisibly, the button-holes being worked in the fly.

HOW DO YOU JUDGE A PIANO?

Musically inclined people naturally judge a piano by its tone—and that's why "Nordheimer" Pianos are found in the homes of so many musicians of note.

If you have an ear for tonality the remarkable beauty, sweetness, purity and volume, soothe "Nordheimer" will appeal to you.

We could explain at length the various mechanical contrivances which are incorporated in the "Nordheimer" piano to produce its unrivaled tone, but they would be understood by a mechanic only.

We much prefer you to judge this piano from what your own ear tells you about its tone—then you are sure to be satisfied.

Pleased to have you call at your earliest convenience and examine the "Nordheimer." The One Price System assures you a fair and square deal.

Our Mr. R. V. Carter will visit Chatham frequently in our interest and will be pleased to furnish you with any information you may desire. Correspondence addressed to him in care of the Garner House will receive careful attention.

A Woman's Back

Has many aches and pains caused by weakness and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness. If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening medicine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of women's ills. You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for. Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take and candy.

Cleaning a Sickroom.
Most of us know how untidy a sick-room becomes and how annoying the dust of the sweeping is to the patient. "To remedy this," said a trained and capable nurse, "I put a little ammonia in a pail of warm water and with my mop wrung as dry as possible go all over the carpet first. This takes up all the dust and much of the loose dirt. A broom will take what is too large to adhere to the mop and raise no dust. With my dust cloth well sprinkled I go over the furniture, and the room is fairly clean."

THE SNOW BUNTING.

A Feathered Songster of the Arctic's Treeless Wastes.
One of the most interesting of arctic birds is the snow bunting or polar singing bird. A native of Spitzbergen and Nova Zembla, its short, agreeable notes sound doubly sweet when heard in these treeless wastes. The birds build their nests in the mountain clefts or under large rocks, lining them with feathers and down. In winter their plumage is warm and abundant and especially fits them for the rigor of an arctic winter. During the breeding season and summer they live entirely on insects, particularly gnats, while in winter they subsist on moss, roots and seeds. Some winters less rigorous than others they are in abundance, but at times famine compels them to seek a more favorable climate, and they are then seldom found until they invariably reappear toward spring. These buntings are distinguished by a long claw on their hind toe, a structure which really enables them to run about with ease on the soft snow.
Of the other birds I may mention puffins, divers, loons, doves, gulls, skuas, burgomasters, kittiwakes, terns, swans, geese, hawks, eagles and every variety of ducks known to inhabit the northern shores of America and Europe, including the scoter, long tail, scup duck, merganser, goosander and raven. These delight in reveling and resting among the moss covered banks and shores and among grasses and shrubs that exist about the polar willow with its horizontal roots and shrubs, for in this country the forests are more in than above the earth—Field and Stream.

Brown Hats Reign Supreme—Brick Red Also Very Modish.
The brown hats for the moment are quite supreme. Only for a moment, though, can they count on their success, for the new shades of blue are so effective that it will not be long before every woman thinks it essential to her happiness to wear a blue hat with jacket of the same color. The gown itself must also be blue, but of a lighter shade. If, no desired, it may be made over a lighter blue lining. In innumerable and various ways fashion is dealing with brick red. It is

seen as tiny taffeta lapels on the gowns of serious looking cloth jackets, as elaborate petticoats peeping from under black skirts, as tulle under the brims of hats and wherever embroidery, braiding and color are necessary. Colored silk skirts with hats to match are again to be in fashion this year. Certainly the style is an effective one and at the same time is practical, for with a smart little coat and hat a gown that in itself lacks some quality that renders it ineffective can be transformed into a most charming costume. Last summer the fashion was attempted, but was so badly carried out that it met with no success. Now it is being revived again, but with quite mannish changes, and bids fair to be most popular.

TREND OF LA MODE.

Some Fashionable Shades in Fabrics and Trimmings—Gradation Frocks.
Cedar brown is in several shades from the color of the bit of wood in a pencil to the richer shade of the clear bog. Leather color, according to Vogue, is taking to itself the yellow tone instead of the reddish shade that it might.
The ombre stripe, plaids, dots or figures this season, however, mean that

What Women Wear in Iceland.
The usual dress of the women of Iceland, irrespective of wealth or station, consists of a long garment of wadmal, hanging from the shoulders to the heels and fastened with a bright clasp at the neck. Over this two or three blue or white petticoats are worn, while a blue cap, hanging down on one side of the head, completes the costume. On Sundays and festivals the dresses are both peculiar and striking in appearance. There is a bodice, ornamented with gilt buttons and black velvet. Over this is a tight fitting velvet jacket, or "treja," beneath two or three bright petticoats, blue or red worsted stockings and shoes of seal or shark skin. The whole is surmounted by a remarkable head-dress, very beautiful in effect. The "faldur," as it is called, is made of stiff starched white linen, kept in place by innumerable pins and measuring often so much as two feet in height.

A GREAT TRIUMPH

Gained by Dr. Williams' Pink Pills for Pale People.

The Doctors of Mount Clemens Institute Prove the Value of These Pills in the Case of Mr. S. Harris, Government Inspector of Elevators at Hamilton, Ont. From the Star, Dundas, Ont.

We were much pleased to see Mr. S. Harris, the well known Government Inspector of elevators, of Hamilton, in Dundas the other day greatly improved in health and appearance since last time we met him. As known to many of the Star readers, Mr. Harris has recovered from a long and severe illness, and is now quite able to attend his usual duties. From this long illness many predicted Mr. Harris would never recover, and the fact that he is once more able to go around very nearly as spry as he did before he was attacked, is little less than marvellous to them.

In reply to our reporter, Mr. Harris related the early stages of the attack and subsequent sufferings which he experienced, and while he did not court publicity, decided that in the public interest he would relate the circumstances of his wonderful cure. About fourteen months ago Mr. Harris woke up one morning with a stiff neck; try as he would, and after applying all the remedies externally, he was unable to get rid of it. The stiffness moved to the spine and shoulders, then to his hips, until it made almost a cripple of him, and it was with extreme difficulty that he could get out of bed at all. As for walking, it was out of the question with him. The attack became so bad that he was unable to put on either his coat, vest or hat. From time to time he called in various medical men, none of whom were able to give him much relief. It was almost impossible for him to raise his feet from the floor, and all pronounced his a severe case of muscular rheumatism, giving him little encouragement as to his ultimate recovery.

However, one medical gentleman finally recommended the baths, and as a last resort Mr. Harris decided to follow his advice, and went to Mount Clemens, Mich. As is customary with all patients, Mr. Harris had to undergo a thorough examination in order to determine if the system could stand this rigorous treatment. After several examinations had been made as to Mr. Harris' condition, the physicians there finally decided that he wasn't suffering from muscular rheumatism at all, but that his ailment was of the nerves, and told him that the baths would do him little or no good, that he required altogether different treatment. Mr. Harris placed himself in the hands of one of the physicians there, and what seemed quite strange to him, they did nothing for him but administer medicine in the shape of pills. Shortly after he commenced this treatment he began to improve perceptibly, and his appetite greatly improved. He began to walk around slowly at first, but soon was able to get around more than he could for a year previous. He was able to put on his coat and vest, and began to feel like his former self. His improvement was so rapid and perceptible not only to himself, but to others, that he was pined with all sorts of questions as to his wonderful recovery. The medical attendant was questioned as to the nature of the medicine which was being administered. Much to the surprise of Mr. Harris and other patients there, he was told that it was well known Canadian remedy, Dr. Williams' Pink Pills, and was attending to continue their use for a time on his return home. Mr. Harris is loud in his praise of the wonderful curative qualities of Dr. Williams' Pink Pills, and consented to make his case public in the hope that he might benefit others similarly afflicted. Mr. Harris has long been a resident of Hamilton, being a well known builder of elevators, as well as Government inspector of the same, so that his prominence and well known integrity is evidence that he is sincere in the statements he made.

The Power of Piano Music.
A piano ceases to be an instrument and becomes a thing of life under the hands of a master. It breathes every human emotion under his fingers and no other instrument so perfectly lends itself to the many phases of musical expression. Of course the instrument itself must be a good one, such as the New Scale Williams Piano, foremost in Canada to-day.

INTERNATIONAL S. S. LESSON FOR TO-MORROW.

(By Dr. R. A. Torrey.)

Israel's Escape from Egypt.—Ex. 14, 13-27. Read the 13th chapter of Exodus.
Golden Text.—"Thus Jehovah saved Israel that day out of the hand of the Egyptians; and Israel saw the Egyptians dead upon the sea shore."

We left the Lord's people, in our last lesson, standing at the passover feast, behind the sprinkled blood, their loins girt, their shoes on their feet and their staff in their hand, while the midnight cry of Egypt rent the air; then came their hurried departure. A vast multitude with their women and children and baggage to hamper them, easy to overtake and re-capture.

When Pharaoh learned their location, having been given over to the hardness and impetuosity of the carnal mind and heart, Satan soon had him repenting of his silly softness in letting such a valuable lot of slaves escape; his chariots and horsemen were summoned and pursuit began. They were soon overtaken, hemmed in by the mountains and the Red Sea; his army closed on their rear, the only apparent way of escape.

Man's extremity is God's opportunity. Israel was in despair; they did not know God well enough to understand that He never leaves poor souls half-saved who have been doing as He directed. They had to learn, as we have to learn, when man can do nothing, God can do anything and everything; and out of the darkness and terror of this dreadful night of flight, guided by the pillar of fire, they stood at sunrise on the banks of deliverance and saw the Red Sea roll over Pharaoh and his doomed hosts.
"Bount the foud tumbrel o'er Egypt's dark sea, Jehovah hath triumphed, His people are free."
To every helpless, hopeless one, longing for deliverance from sin and Satan's power, God's word is "Fear ye not, stand still and see the salvation of Jehovah; see the wonderful salvation in my beloved Son, Jesus Christ." If he only accepted and obeyed. It is only "look and live," then—after the "stand still and see," comes God's "go forward" by this new and living and only way of escape and victory for us over the world, the flesh and the devil.

Fred. Stone is somewhat improved to-day.

Mr. and Mrs. W. J. Moore leave on Tuesday for Meota, Saskatchewan, to visit their son.

Mrs. Skey and Mrs. Davis leave on Monday to visit Mrs. Schellfield, of Toronto.

J. F. Morley, of Waterloo, is in the city and will spend Sunday, with relatives here.

Mr. W. Willmore is offering for sale his residence on Grand Avenue. Reason for selling, going West. 143-71-d

J. W. Shackleton has been assigned to make the drawings for the route of the C. W. & L. E. to the lake.

J. F. McKay, business manager of the Toronto Globe, is in the city to see Fred Stone. Mr. McKay is a former resident of Chatham.

J. M. Pike will be in Detroit tomorrow, where he has been invited to address a meeting of the Brotherhood of Railway Conductors. Mr. Pike's address will be on "Past and Departed Brethren."

Relatives have received word from Wm. Heddie, now in Edmonton. Mr. Heddie says that the carpenters in Edmonton are so busy that they cannot do all the work they have in hand. Many of the people in Edmonton are living in tents as a consequence.

E. J. Brown, of Toronto, and a special agent for the Bell Telephone Company, are in the city. Yesterday they visited the farmers of Dover Centre with a view to forming a Farmers Telephone Company, similar to the one being formed in Blenheim. The farmers are not in favor of it.

Mrs. Halliday, of Fletcher, was a city visitor to-day. Mrs. Halliday says that the well on their place pumped 50 barrels of oil yesterday, and its output is increasing all the time. This is the well from which the natural gas is taken, which supplies Chatham with heat and light.

His many friends will be pleased to learn that Fire Chief Pritchard was considerably improved from his recent illness this morning. The Chief was able to be up for a short time to-day, and it is hoped that he will be able to be around again in a few days. During his absence from the department, Foreman Hector Johnson is Acting Chief.

The Lake Erie extension of the C. W. & L. E. is now under way. The first sod was turned on the new road this morning, when Blight & Fielder's workmen commenced the grading on Queen street south of Park avenue. No time is being lost in the construction of the new line, and if all goes well, it will be rushed to completion, as the railway officials are just as anxious to see the road in operation as are the citizens.

WALLACEBURG
Wallaceburg, June 15.—The genial face of Geo. W. Sulman, Government candidate for the Local House, of Chatham, was seen on our streets the first of the week.
Mrs. Justus Little, who has been visiting Mr. and Mrs. A. Allen, returned to her home in Chatham last evening.
Mrs. Ernest Crummer, of Chatham, is the guest of Mr. and Mrs. Chas. Crummer, this week.

When in Chatham call at Wonderland. Moving pictures and illustrated songs, changing Mondays and Thursdays. Admission 5 cents.

MUSICAL

A FINE RECITAL.

The recital given by the talented music pupils of the Ursuline Academy last evening was a splendid artistic treat for the many appreciative guests who were honored with invitations.

Each performer on the program acquitted herself with honors, and the work of the evening reflected much credit upon the ladies of "The Pines," who are obtaining such excellent results in the training of young musicians.

Those who took part in the program were Misses Belle McVean, Irene Laird, Marguerite King, Ila Stephens, Daniela Foreman, Rena Merritt and Maud Gordon, piano pupils; and Misses Laura McDonald, Marion Peck, Anna Campbell, Eva Dertinger, Helen Gurifoye, Angela Crotty, Maud Gordon, and Vera Merrill, vocal pupils. The numbers which were of special merit were the piano solos by Miss Stephens and Miss Foreman. These two young ladies have exceptional talent, and their efforts last evening showed that they have very brilliant futures before them in the musical world.

Miss McVean also did particularly well with a difficult selection, and is a pianist of great promise. The vocal pupils added much to the pleasure of the evening's entertainment. These young ladies are under the instruction of Mrs. John Cooper, of this city, and this fact alone caused the audience to expect much of them. None were disappointed. The singing of the evening was of a very high order, for which both pupils and teacher are to be congratulated. Miss McDonald's solo was one of the favorite selections of the evening.

Too much credit cannot be given to the Ladies of The Pines, who at all times take every precaution to bring out the very best in their pupils. One especially noticeable feature of these delightful recitals, given from time to time, is the marked grace and taste displayed, not alone in the surroundings and arrangements, but also in the movements and work of the different performers.

W. A. Winterstein had his hand badly jammed in the door of a car while going to Blenheim on Wednesday. The door was slammed shut and Mr. Winterstein's hand, through some misfortune, was caught.

Sheriff Gemmill suggests that it might be a good idea for the City Council to place a weather gauge above the new clock tower on the market building. There is at present no weather gauge in the city.

Heleen, the little daughter of Mr. and Mrs. W. R. Landon, met with a very unfortunate accident yesterday morning. She was playing and fell, severely fracturing her arm. The lamentable feature of the accident is that the same arm was broken about a year ago.

The last building is now being removed from the Sheldon property on Sixth street. The contract for the new Central Telephone building which Mr. Sheldon is building on this site has been awarded to Hugh Gallagher & Son and Moore & Stevens, the former to do the carpenter work and the latter the brick work.

Someone called up the Police Station Thursday night, and informed the department that there was a man dead at the G. T. R. station. Officer Darr made an investigation, and discovered that there was a man out there dead—dead drunk. Loving friends, however, took the man in charge and informed the officer that they would take care of him.

The A. O. F. of the Bear Line, Dover, will attend divine service on Sunday afternoon at three o'clock, June 23rd. The service is to be held in the Methodist church, near the A. O. F. Hall. An invitation has been extended to the two local Courts of this city to be present on that occasion. The Dover brethren are to have a luncheon for the visiting brothers after the church service is over. It is expected that a good turnout from the city will be present.

Rev. A. H. and Mrs. MacGillivray returned last evening from Montreal, where Mr. MacGillivray has been attending the meeting of the Presbyterian general assembly. They spent a very pleasant visit in Montreal, Ottawa and Quebec. On Sunday last Mr. MacGillivray preached in St. Paul's church, Ottawa, for Rev. Dr. Armstrong, a former moderator of the assembly. Montreal is a very popular place for such meetings as the assembly, not only on account of its location, but also by reason of the excellent hospitable spirit of its people.

Mrs. Wm Vipond and Mrs. Brown, are spending a few days this week with relatives at the lake. Miss Estabrook entertained the young people at her home on Tuesday evening. An enjoyable time was spent by those present. A number from here attended the funeral of Mrs. Hardie, Sr., of Dentville, mother of G. S. Hardie, of this place, which took place on Sunday. Misses Irene Howe, of Merlin, and Clara Estabrook, of Chatham, and Mr. E. Gordon, Quinn, visited over Sunday at W. Estabrook's. Mr. and Mrs. J. P. Hostwick spent several days of last week with relatives in Romney. The wells being drilled on the Horton and Joyce farms, in this neighborhood, are going down rapidly. The latter is down over 1,100 feet with good oil indications.

Undoubtedly the best brewed on the continent. Proved to be so by analysis of four chemists, and by awards of the world's great Exhibitions, especially CHICAGO 1893, where it received ninety-six points out of a possible hundred, much higher than any other Porter in the United States or Canada.

CEDAR SPRINGS.

Miss Graham, of Charing Cross, spent Sunday at W. M. McFadden's. The baseball match on Friday evening between Blenheim and Cedar Springs, resulted in a victory for the former by one run. Mr. and Mrs. Bechard and mother, of Chatham, visited Mr. and Mrs. Andrew Pardo on Sunday. Miss Rose and Miss Patterson, of the Women's Institute, gave a lecture in the Methodist church on Saturday evening, which was largely attended. They spent Sunday in the village and leave on Monday for Port Alma.

Mr. Clark, of Ridgetown, spent Sunday the guest of W. D. Wigle. The promoters of the C. W. & L. E. made several visits here this week looking up the route and right of way for their road. All are anxious to have it come this way. C. Maine has improved his home greatly by a coat of paint. Mr. and Mrs. C. Myers, of Blenheim, paid the latter's parents a visit last week. CONVENTION CONCLUDED

The C. O. F. Spent A Most Profitable Time in Maple City

Election Of Officers Was Completed Thursday—The Resolutions

The election of officers of the Provincial Court of the Catholic Order of Foresters was concluded Thursday evening. Besides the officers announced in Wednesday evening's edition, the following were elected: Provincial Trustees—Rev. J. J. Feeney, Acton; J. G. Foley, Ottawa; Dr. W. B. Cavanagh, Cornwall; and R. Gignac, of Penetang. The delegates to the International Convention were appointed as follows—Revs. Fr. Baussolle, Forrier, G. W. Seguin, Ottawa; D. St. Pierre, North Bay; G. Bourreau, Ottawa; J. Chisholm, Cornwall; M. F. Morgan, Toronto; Rev. P. McGuire, Downeyville; J. G. Foley, Ottawa; A. Deasley, Collingwood; Dr. Dyer, Perth; H. F. Noonan, Perth; J. J. Nightengale, Toronto; and Rev. J. J. Feeney, Acton. Alternate delegates—J. Pagot, Windsor; A. Morel, Ottawa; Dr. French, Renfrew; L. V. Doussau, Toronto; M. Beudoir, Lafontaine; Dr. W. B. Cavanagh, Cornwall; A. A. Carton, Toronto; M. McNeil, Orillia; P. M. Corcoran, Hamilton; M. Quinn, Ottawa; W. P. Kelly, St. Thomas; R. Chevier, Cornwall; James Crummy, London; E. L. Bishop, Chryselet; and A. A. St. Laurent, Ottawa.

A resolution was passed thanking the Chatham newspapers for the full reports published of the convention. A resolution was also passed thanking the Oddfellows for the use of the auditorium where the convention was held, and expressing their pleasure at the pleasant fraternal relations which exist between these two Orders.

The following resolutions were also passed: Moved by Controller J. J. Ward, Toronto, seconded by John A. Chisholm, Cornwall, that the thanks of the Catholic Foresters of Ontario, as represented by this convention, are due and are hereby tendered to the Mayor, City Council, and citizens of Chatham, for the generous and warm-hearted welcome and reception extended to the delegates of this convention.

We have been most favorably impressed with this city, particularly by its magnificent streets and boulevards, and our opinion is that Chatham might well stand as a model to demonstrate the benefits resulting from municipal improvement.

It is further resolved that a copy of this resolution be transmitted to the City Clerk of Chatham. Moved by Rev. J. J. Feeney, seconded by Rev. P. J. McGuire: That the grateful thanks of this convention are due and are hereby tendered to the Reverend Fathers of the Franciscan Order in charge of St. Joseph's Parish in Chatham in acknowledgment of the debt which the convention owes to the Reverend Fathers for the impressive High Mass rendered in honor of this convention, and in which all members of the convention were proud to have the privilege of participating.

That the thanks of this convention are also due and are hereby tendered to Rev. Father Brady, of Wallaceburg, in appreciation of the magnificent sermon which he delivered during High Mass. We were all deeply moved by his wonderful words, and will long remember the beneficial lesson which he conveyed.

Be it further resolved that a copy of this resolution be transmitted to the Franciscan Fathers of Chatham and to the Rev. Father Brady of Wallaceburg.

The proceedings of the convention were mostly of a private nature, pertaining as they do to a secret society. That the papers were able to give such extended reports is chiefly due to the courtesy of Mr. Vincent Webb, the secretary, Mr. Mullen, of Ottawa, who acted as his assistant, and the members of the press committee appointed by the convention. Of this committee Mr. MacCormick, of Cornwall, was particularly thoughtful and obliging. Mr. MacCormick is himself an able and experienced newspaper man, and he knows how to treat his conferees in royal style.

Why Penmen Get Tired. The average person has no idea how much muscular effort is expended in writing a letter. A rapid penman can write thirty words in a minute. To do this he must draw his pen through the space of sixteen and a half feet. In forty minutes his pen travels a furlong and in five hours a third of a mile. In writing an average word the penman makes in the neighborhood of sixteen curves of the pen. Thus in writing thirty words to the minute his pen would make 480 curves, 23,000 curves an hour and 86,400,000 in a year of 300 days of ten hours each. The man who succeeded in making 1,000,000 marks with a pen in a month was not at all remarkable. Many men make 4,000,000 while merely writing.

Secrets. To tell our own secrets is generally folly, but that folly is without gall. To communicate those with which we are intrusted is always treachery, and treachery for the most part combined with folly.—Johnson. The bounty of nature is too little for the greedy man.—Seneca. It's the fellow with a pull who is often pushed to the front.

FORMER CHATHAMITES ARE PRESENTED

The following from the Guelph Herald refers to two former Chathamites, Mr. and Mrs. S. H. Marshall, who are well known and greatly respected in the Maple City. Mr. and Mrs. Marshall were formerly choir of the St. Andrew's church choir of this city.

After five years of faithful, conscientious service as leader and organist of Chalmers church choir Professor S. H. and Mrs. Marshall have resigned their positions. To show their regard and appreciation of their faithful service the members of the choir gathered last night at the home of Mr. Jno. Davidson, Park avenue, and presented Mr. and Mrs. Marshall with an address, accompanied by a handsome chair each.

The presentations were made by Alex. Galloway and Miss E. Gair, while Mr. Bellmore McDonald read the address as follows:

To Prof. and Mrs. S. H. Marshall, Guelph.

Dear Mr. Marshall:

It is with mingled regret and pleasure that we, the choir of Chalmers church, have assembled here to-night to bid farewell to Mrs. Marshall and you, our organist and leader. Some of our number have been with you for the last five years, others have more recently joined, but none can express adequately the pleasure and profit we have enjoyed under your leadership. Our Wednesday evenings have been to us full of enjoyment, and you have successfully taught us that "music, when properly rendered, and properly brought out, is a general gift in civilized countries." To Mrs. Marshall we can only say that we shall always keep in memory her unfailing kindness, her bright and cheery manner at all times.

In asking you to accept this small token of our esteem and affection, our only wish is that you may have many years before you as pleasant as the last five have been to us and feel that "All one's life is music if one touches the notes rightly and in tune."

On behalf of the choir of Chalmers church.

JEAN B. BEATTIE,
R. SPRAGOE,
BELLMORE A. McDONALD,
ALEX. GALLOWAY.

May 30th, 1907.

Mr. Marshall was made the recipient of a handsome mahogany upholstered chair, while Mrs. Marshall received a beautiful rocker.

FINE LAWN SOCIAL AT SOUTH BUXTON

A very successful lawn social was held Wednesday evening at South Buxton under the auspices of the ladies of the choir. It was given in aid of the choir and held on the lawn of Mr. James Robbins.

The program was given by local talent and was very good. A. B. McCoig, M. P. P., acted as chairman, and the following program was given: Selection by the choir, reading by Miss F. Harris, duet by Chas. Robbins and B. Harding, address by Robert Gray of this city, solo by Mr. E. Riddle, address by Arthur Morton, solo by Miss Morris, reading by Mrs. Riddle, address by Prince Chase, reading by Mrs. Wm. Robbins, solo by B. Harding, and lastly a selection by the choir. Remarks were made by several moving a vote of thanks to all who took part in the program. After singing God Save the King the audience retired to a spacious dining room and the inner man was duly satisfied. The lunch was prepared by the ladies of the church. All returned home much pleased with the social evening they had been given.

YOUNG BAPTISTS MEET IN THE AUDITORIUM

The Baptist Young People's meeting held in the auditorium Thursday night was largely attended, the topic, "How to realize the presence of Christ," being taken by Mrs. Hoig, whose life has shown her to be especially qualified to handle a subject of this nature.

Beginning with next Monday evening, the B. Y. P. U. meetings will be held in the auditorium at eight o'clock on Monday evenings, instead of on Wednesday as formerly.

The Young Men's Bible class was organized last Sunday, with a membership of 30 young men, who chose Mr. Warren as president, Mr. Robinson as secretary, and Mr. Grainger as treasurer. This is certainly a promising beginning for the class, which will no doubt grow rapidly as the meetings become better known.

SPARKS - MACKLEY

A quiet but pretty wedding took place on Tuesday, June 11, 1907, at the rectory, by Rev. R. McCoah, when Miss Edna Mackley, of Winnipeg, was united in marriage to Norman Sparks, of this city. Mr. and Mrs. Sparks are spending their honeymoon in Detroit and Richmond, Mich., after which they will take up their residence in Chatham.

Take honor from me and my life in done.

BRILLIANT FUNCTION AT WALLACEBURG

Wallaceburg, June 12.—Sydenham Valley Lodge, No. 120, L. O. E. F., held a lodge of instruction in their rooms last night. About 300 representatives from the different parts of the country were present. The largest crowd came from Chatham and 72 members lined up and proceeded from the electric railway depot to the auditorium. Blenheim had 25 members; Dresden, 20; Ridgeway and Palmyra Lodges were well represented.

The town presented a lively appearance and the Wallaceburg band dispensed sweet airs on the Bank of Toronto corner. About nine o'clock the members of the above fraternity assembled in the lodge room and Mayor Stonehouse, in an official capacity, extended a hearty welcome to the brethren.

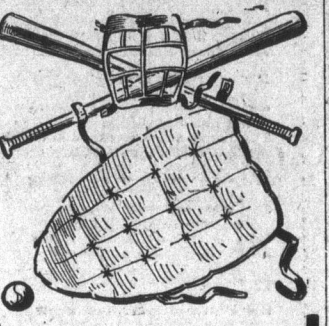

D. D. G. M. Jos. Furtak, on behalf of the District, of which he was proud to represent, delivered a splendid address.

The initiatory degree was then put on by the Blenheim lodge; first degree by Chatham lodge; second, Sydenham Valley. The third degree, which was to have been exemplified by Wallaceburg lodge, was cancelled on account of the lateness of the hour.

At the close of the degrees a banquet followed, the Stonehouse auditorium being used for that purpose.
