GREENWICH ITEMS

We understand it is thought the heavy frost of the nights of May 28th and 29th did not do any material damage in this place.

A farewell party was given last Tuesday evening (May 29th) for Maurice Bishop at his home and enjoyed, altho all his friends were very sorry to know of him going away, as Maurice will be very much missed in the place. He has been ready and willing to help in anything socially, or in the Dramatic Club, or in Community League and was always the best help, with his original ideas, etc. He left on Friday morning last, June 1st, for Boston, where he expects to take a position for the summer. We hope for his return in the Fall, but he was uncertain, we understand.

A large male moose visited the place last Thursday morning, coming from Mr. Harry Neary's farm on the Main street, which following east until he turned off through Mr. Pearson's yard, across the corner to the Ridge Road going South. His Majesty caused a good deal of excitement and interest among our residents that day. It is supposed to be the same moose that was seen on Belcher street the same morning, and was seen when followed to swim across the river to this side.

Mr. and Mrs. Will Pudsey and family recently moved to Canard, where Mr. Pudsey has purchased a farm, it is stated.

Miss Marshall, of Halifax, accompanied by maid and two of her little nieces, arrived last Friday morning, to occupy Mr. Leslie Bishop's house during the summer.

Miss Elsie Piper went to Kentville Friday afternoon on the "Bus" to visit with friends for the week-end and the holiday on Monday.

A number of the young men of the place left Saturday morning on a short fishing trip, but evidently the trout were not very plentiful.

Miss Lillian Bishop recently enjoyed a short-visit from a friend, Mrs. Crockett, of Pictou County.

Mr. and Mrs. Brenton Merry and baby Eugene, motored up from Bear River and spent Sunday at the home of Mrs. Merry's parents, Mr. and Mrs. T. A. Pearson.

Those present at church on Sunday afternoon enjoyed a good sermon also very pretty floral decorations and so many. The remark has been made, it is thought no other church in the county is more abundantly and regularly each Sunday, supplied with beautiful flowers, as our little church.

The most of our residents spent the holiday (Monday) busily employed at home, but a few went to Kentville last of afternoon and a few to Evangeline beach to enjoy their tea hour there.

Misses Queenie and Blanche Regan, of Port Williams, were guests at the home of Mr. and Mrs. Byron L. Cox on the holiday.

The community is glad to know the home of Mr. and Mrs. Harold Cleveland is now free from quarantine and it is understood Mr. Lorne Pudsey's will soon be. It has been hard to understand by most of our residents, why the children who have been staying out of school have been playing with many

LOCAL PREACHER SPEAKS AT HALIFAX

Dr. H. T. DeWolfe, principal of Acadia Seminary, spent Sunday at Halifax, where he spoke at both services of the West End Baptist Church.

In the morning he spoke on "The Unity of the Bible", emphasizing the marvellous variety, the fundamental unity and the grounds of that unity, in the sacred book of the Christians. He noted the variety of authorship, stating that among the writers were included peasants and kings, warriors and shepherds, prophets, priests and laymen. There was also a wide variety of themes. Every possible subject came within the scope of these writers. They wrote to encourage their people in times of war and to promote peace; to comfort in times of distress, as well as to warn of the perils of too much comfort. Literature of all kinds was also found—poetry, oratory, history and prose. Yet, the speaker indicated, there was a fundamental unity which went through the whole book, a unity recognized in the formation of the canon as the history of a peculiar people. The grounds of this unity, Dr. DeWolfe showed, were in the fact that all parts were in organic unity with God's progressive revelation of Himself, culminating in the coming of Jesus Christ.

In the evening, Dr. DeWolfe spoke on "Isaiah's Vision of World Peace", with its bearing upon the present problems. The speaker made a brief review of the political and social conditions which prevailed in the days of that prophet and drew parallels between these and the conditions of the world today. He stated that although Isaiah saw evils clearly, he was an open-eyed optimist, seeing the evil, yet beyond this, visioning clearly a world peace, which would be inter-national and social.

Speaking of the conditions which would characterize universal peace, Dr. DeWolfe said, that in such an age every man would have an even chance through the changing of the present established order; that the world would then have safety and happiness assured for all, even the smallest child; that men would be dominated by the spirit of righteousness and that the motive power would be love. This would come to pass, he said, when the church truly embodied and practised the principles which were exemplified in the life and experience of Jesus Christ. He closed with a strong appeal to his congregation individually to do their part to make these principles real in their own lives, stating that the beginning of the solution rested with each individual.

others during the day. Where is the difference from being at school?

Mr. Dexter Forsythe's new house is being well advanced and will be a good addition to the street.

A few of our residents enjoyed (?) an electrical storm between 3.30 and 4.30 Tuesday morning.

LOCAL BASEBALL LEAGUE

Will Open This Evening—All the Boys are Enthusiastic and Good Games Assured

Ever since it became known that Wolfville would not this season have a team in the Valley Baseball League there has been talk of a local league. Principal Silver got the boys together on several occasions and talked the matter over, and it was finally decided to form a Town League of three teams, West End, East End and The Hill. The object of the league is to develop the younger players to represent Wolfville on Valley League teams in the future, and it is to be hoped that the boys will have the backing of the citizens. To encourage the boys the proprietors of THE ACADIAN have offered a trophy to be competed for each year, the first team winning it three times to hold it.

The league was formally organized at a meeting held at the new school building on Thursday evening of last week. There was a good attendance and Prin. Silver occupied the chair. On account of the fact that he would not be in town this summer he refused any office in the league. The following officers were elected:

President—H. P. Davidson.
Vice-President—Dr. J. A. Hemmeon.
Secy.—Treas.—P. W. Davidson
Business Mgr. and Official Umpire—Carl Angus.

Executive—The officers and D. Munro, E. Kenne and T. Dick.

A meeting of the Executive was held on Friday afternoon at the office of Dr. Hemmeon. It was decided to hold the games on Monday and Friday evenings of each week, at 7.30, and the first game will be played tonight. Each boy playing will pay fifty cents toward buying balls and necessary equipment to start with, and by charging an admission fee of twenty cents for each game it is hoped enough money will be received to cover all expenses. The college authorities have granted the use of the soccer field on the campus for the games, and the boys have been working on the grounds this week getting them ready for the first game.

The schedule as drawn up is as follows:
June 8—West End vs. The Hill.
June 11—East End vs. The Hill.
June 15—East End vs. West End.
June 18—West End vs. The Hill.
June 22—East End vs. The Hill.
June 25—East End vs. West End.
June 29—West End vs. The Hill.
July 2—East End vs. The Hill.
July 6—East End vs. West End.

At the close of this series a similar series will be played and the winners of the two series, if different teams, will play off for the trophy.

As stated before, the first game will be played this evening at 7.30 when it is hoped there will be a large number of spectators on hand. Mayor Phinney has kindly consented to be present and throw the first ball, and it is also expected that the band will be present to furnish music. Everybody come and give the boys a good start.

TOWN COUNCIL SESSION

Decide to Move Town Offices to Fruit Co. Building

The mayor and all the councillors were present at the regular monthly meeting of the Council on Wednesday evening, and a number of citizens were also in attendance to watch proceedings. This latter is as it should be. The meetings are not always interesting but it must be remembered that it is the interests of the individual as well as the community as a whole that are under discussion at these meetings. If business is sometimes loosely done it is generally owing to an apparent lack of interest on the part of those who pay the bills.

The various standing committees presented brief statements regarding expenditures during the past month, which indicated, however, that little work has been done. A notable exception was the report of the Finance Committee, presented by Councillor Balcom, which showed that during May the income of the office had been \$27,179.10, and that at the end of the month the debit balance at the bank had been changed to a credit balance of \$1,274.42, with cash on hand \$4607.51. This was due of course to the falling due of the new taxes and the fact that a goodly number of the citizens had been able to take advantage of the discount. There yet remains a considerable amount due from old bills extending over a number of years.

The following accounts, rendered to the clerk, were read and ordered to be paid:

A letter was read from the secretary of the Board of Trade asking permission for the erection of a bandstand on the north-west corner of the school property on Acadia street. This was objected to by Coun. Eaton on the ground that the present play-grounds were already too limited, and on motion the matter was referred to the School Board for decision.

The Town Manager presented a report regarding the new town offices. He had written Mr. N. Evans and the Wolfville Fruit Co. for prices of their premises for terms of three and five years without providing a vault. In the case of the former the price given had been sixty dollars per month, while the Fruit Co. had quoted thirty dollars per month for a three year's lease, and twenty-five dollars per month for five years. Mr. Stairs also gave estimates of cost of fitting up quarters in the old school building, including furnaces, etc. The cost, he estimated, would be \$550, or at the rate of twenty-five dollars per month for three years or seventeen dollars and fifty cents per month for a term of five years.

It was moved by Coun. Reid, seconded by Coun. Young, and unanimously passed, that the offer of the Fruit Co. be accepted and that a lease be prepared covering a term of five years.

The manager also reported concerning the sewerage of the west end of the town, which has been a problem for some time. Mr. Stairs stated, contrary to the advice given some time ago, that it would be possible to extend the present sewer from Kent avenue to the town line and give satisfactory drainage to all except buildings situated on the north side well back from the street. By lowering the sewer for some distance east of Kent avenue the extension would provide for these as well. The cost of the former proposition was estimated at \$3500 and of the latter \$5400. No action was taken.

Coun. Eaton reported for the Poor Committee regarding the proposed exemption from taxation of Westwood Hospital, that this could not be arranged, and a motion was passed making a grant of the sum of \$124.50 to the hospital for the current year.

Mr. G. R. Bennett made an application for a rebate of his income tax on the ground that his income was derived from "The Palms" which was assessed. As Mr. Bennett was not present action was deferred. Mr. F. P. Rockwell, of the Acadia Villa Hotel, made a similar request which was granted, and the clerk was instructed to make a rebate to cover.

Mr. T. L. Harvey was appointed as Chief Assessor for the current year and Messrs. G. K. Prescott and E. S. Langle as Assessors.

Mayor Phinney referred to the coming visit on August 2nd of His Excellency the Governor General, and suggested that a competent committee be appointed to make necessary arrangements. On motion Mayor Phinney, Rev. Dr. Mac-

NOTES ON BOYS WORK

On May 24th about 25 of the Scouts went on a fishing trip to Black River. They were accompanied by a sloven, which carried those boys who showed signs of fatigue as well as the supplies for dinner. The motto of the Boy Scouts "Be Prepared" was kept in mind and the team was ready to carry home the fish should the weight prove too much for the boys. If all the fish that were nearly caught had been landed the services of the sloven certainly would have been required but as it turned out most of the boys were able to have a ride home.

On June 2nd the Boy Scouts had their first visit of the season to the camp at Sunken Lake. A motor truck took them to White Rock whence they tramped to the camp. The day was very pleasantly spent in canoeing and playing games.

On Monday, June 4th, the Wolf Cubs had their 2nd hike. The first trip had been enjoyed so much that this time all voted to go to the same place, Westcott's Bridge on the Gaspeau River. About 45 Cubs met at the Scoutmaster's at 8 o'clock and hiked across the fields and via the "Dug" road to their destination. Prizes were given for the best collection of Wild Flowers, leaves of trees, etc., for the winning of different games and for the largest and most fish. A most enjoyable day was spent and the Scoutmaster wishes to congratulate those Scouts who went as assistants in the way in which they handled the smaller boys.

The Wolf Cubs have received a challenge from the Windsor Cubs to a game of baseball and are now training hard.

GRAND PRE WOMEN'S INSTITUTE

Friday, June 1, the Grand Pre Women's Institute met at the home of Mrs. James Woodman.

A committee was appointed to collect for and distribute the prizes for the present school term. Mrs. Hutchinson and Miss Mitchell were appointed delegates to attend the Annual Truro Convention. An invitation to meet with the Falmouth Institute was accepted for Thursday, June 7. The Institute voted to invite the Gaspeau Institute to meet with them in July at the home of Mrs. S. A. Bowser.

The Roll Call response merited special mention this month. Many of the members responded with short poems, some of which were humorous, while others were inspiring.

After the business of the meeting there was a short program. Mrs. Evans read the opening poem, The Irish Canadian. Mrs. Patterson read an interesting paper on Patriotism. Miss Frances Patriquin, accompanied by her sister Miss Mary Patriquin, sang very pleasingly a solo, The Slave Song and for encore, Philosophy. The hostess served delicious refreshments and a very enjoyable afternoon was spent by all.

While Mr. C. A. Patriquin and his son Graham were driving through Willow Hollow early on Monday morning a wild duck flew from the roadside in front of the horse, which took fright and jumped off the street. In some way the horse had a leg broken and the owner was compelled to shoot the animal.

Donald and Rev. Dr. Patterson were appointed members of each committee.

FRUIT GROWING NOT OVERDONE

Production on This Continent Decreasing Says Editor of Country Gentleman

That the production of apples is not overdone on this continent and is not likely to be, is the message of an interesting editorial in the Country Gentleman of March 31st. While the writer treats his subject as being confined to the boundaries of his own country, Canadian growers of apples may take assurance that there will always be a good market for good fruit properly handled. The editorial reads:

Fifteen years ago this country was in the midst of a great orchard boom. Trees were being planted by millions. Several widely separated regions were involved—the Pacific Northwest, the Northeastern States, the Virginians—but everywhere there was a scramble to plant trees, particularly apples.

Enthusiasm slowed up perceptibly before 1918, and then war conditions made orchard planting practically impossible. Since the war the return of the planting fever has been notable chiefly by its absence.

At the height of the boom—it really ought not to be called that—many sober persons were greatly alarmed. They prophesied ruin for all fruit growers from over planting and overproduction. The time has now come when we can test their pessimism.

The statistics of the last census show that the orchard business, instead of expanding under the pressure of the boom, has actually and notably shrunk during the past decade. There were in the United States in 1920, practically 24 per cent fewer bearing apple trees than in 1910. This is certainly a most remarkable figure to appear at the close of a period of unparalleled "expansion". The number of trees too young to bear decreased in the same census by almost 30 per cent.

In brief, the pessimists have been convicted of ringing in a false alarm. There never was any danger of the fruit business being overdone, as the gloom squad used to put it. Nor can anybody suppose, after looking over the situation, that we were saved from disaster by the holding due to the war. The answer is deeper than that.

One is that boom plantings never eventuate in any proportionate increase of market fruit. Even among the most conservative plantings only a remarkably small percentage ever figures in the final harvests; during times of orchard inflation the proportion of failures is much higher.

A second and more assuring answer is that the market for apples has never yet been supplied. Even in those occasional years when markets are glutted and prices run below the cost of production—even then the explanation is that marketing machinery has been inadequate, not that the consumptive market is over stocked. The fact is that this country has never eaten more than a fraction of the apples that could readily be consumed, nor have the export markets absorbed anywhere near the quantity they are capable of using.

If there ever comes a time when an effective union of apple growers makes an effort to stimulate consumption and distribution equal to the effort of the California orange growers, for example, then will certainly appear that the consumption of apples is many times as large as the present normal crop, or any crop we are likely to produce for a hundred years to come. For though we may have other "planting booms" perhaps more violent, we can now see that they do not affect the result very heavily.

Meanwhile there is visible nowhere any normal and steady expansion of the apple-growing industry that remotely keeps pace with the growth of population and the development of other branches of business. If one could imagine the commercial apple crop doubled in the next ten years it would still be a very simple problem speaking in a business sense, to market the whole output at a profit. It would, in fact, be much easier than to market the product of one big automobile factory.

If any man wants to pine and worry about the apple game he must confine his sorrow to his own farm. The hungry American public will continue to eat apples—all it can get—and the men who can produce the good fruit and do it economically will make at the very least a good living at it. Competition won't be a major factor in their calculations, especially the competition of the pessimists.

Miss Fanny Parker had the misfortune to fall on the steps of the Baptist church on Thursday of last week and sustained considerable injury. Her many friends are glad, however, to see her about again, and regret none the worse for her mishap.

THE FRUIT-GROWING INDUSTRY

We republish in this issue an editorial article from The Country Gentleman which ought to be of interest to most of our readers, dealing as it does with an industry which is of such great importance to this valley. This authoritative statement regarding the apple production in the United States bears out what THE ACADIAN has frequently contended, that there is no danger of the Annapolis Valley producing so many apples that the business will become unprofitable. With this whole region set out in orchard the output would be only a drop in the bucket of the world's markets.

Apple growing has made wonderful advancement in this favored section during the past twenty-five years but there are very many acres well adapted to this purpose yet unoccupied. The Valley has ample room for many times the present population, and with an efficient immigration policy and a reasonable amount of encouragement to our own people on the part of the powers that be, would enter upon an era of prosperity little dreamed of by the early settlers.

Nature has favored us with immunity from practically all the elements which make life unsafe and living uncertain in many other districts to which our people have been attracted. We have no crop failures, no serious floods or tornadoes, but the best of climatic conditions and an assured return for the individual who is able and willing to put energy and persistency into his occupation. No country offers better inducements or more assurance of returns. While adapted to practically all lines of agricultural activity fruit-growing unquestionably is destined to continue to be the chief industry of this valley, and its study deserves the best attention of our people.

OUR AMBITION

It is the ambition of the publishers of this paper to make its job printing department thoroughly efficient in every particular and capable of turning out any class of work entrusted to it in a satisfactory manner. With this end in view, as circumstances made possible, we have added the most up-to-date appliances until our equipment is superior to that of most of the small town print shops. Our latest addition is a Whitlock Pony press for book work, which has just been installed. This press is usually found only in city offices and has cost us a considerable amount. By its use we shall be able to undertake work which has been until now beyond our capacity. We are catering to every demand that may be made upon our plant and trust that our enterprise may be duly appreciated.

VANDALISM AT THE CEMETERY

It seems scarcely creditable that any person in this vicinity would be guilty of robbing a cemetery, but according to those in charge of Willow Bank such an offence has been going on for some time back. Flowers and bulbs placed on the graves have been stolen and the property has been subjected to other depredations. The penalty for such doings is a heavy one, but not more severe than the offence merits. Reference to our adv. columns will show that the directors of the corporation are offering a substantial reward for evidence which will lead to the conviction of the vandals, and it is to be hoped that the guilty ones may be detected and punished as they deserve.

THE ACADIAN'S Motor Page, which was such a popular feature last season, is begun again in this issue. Our aim will be to make this one of the most interesting features of the paper and valuable to all our readers. Some of our most experienced motorists have consented to contribute short articles to its columns and an invitation is freely extended to any person who wishes to write concerning their own experiences or difficulties to this page. The business announcements contained will be, from week to week, reliable and informing and well worthy of careful perusal.

Correspondents are requested to get in their contributions as early in the week as possible. On several occasions recently interesting news items have reached us just after our forms had been closed and were consequently unpublished. Late news may be phoned if necessary, but any items available should be in the office not later than Wednesday, and if possible earlier. The last few hours before publication in a weekly newspaper office are necessarily well occupied.

CHOOSING CAR COLORS

It is reasonable and quite proper that different kinds of cars, built and used for different purposes, should be dressed in different colors and shades. Some should be dark, others light and gay.

The limousine is a massive, dignified car that bespeaks the wealth and position of its owner. It should be colored in dark rich tones, not necessarily in black. A deep maroon, a midnight blue, an ebony green, even a deep royal purple—any one of these shades will give the desired impression of dignity, costliness and financial standing.

The tourist car and the runabout are intended for continual, daily usage. For them to blossom forth into the brilliant hues of the musical comedy world would be as trying for the beholder as it would be for the owner. Imagine your dignified doctor to whom you trust life and limb, stepping forth for a professional visit from a peacock-blue runabout! Would you change doctors? I think you would. No; such cars have been wisely and correctly colored in dark, unobtrusive, neutral tones. Khaki, steel grey, olive green, brown and russet are the shades to be recommended, colors that will not become tiring and will stand hard usage. And in this respect it is well to remember that mud dries light! A buff colored car, even an olive grey, will show dirt less readily than a dark blue or black. Yet touring cars are still black, still present a funeral mud-bespattered aspect that should give way to these more pleasant neutral tones.

Brightness For Sports

But when we deal with the sports model, the roadster, the racing car, color comes into its own. The sports car is youth itself. It should be, and sometimes is, brilliantly colored, so brilliantly in fact that it has been known to inspire in the few aged grandfathers still extant that contemptuous remark: "Look at it! Nobody over 25 would own it!"

And no one with a soul over 25 should. For the gaily-colored sports car is the symbol of youth—youth joyous, flamboyant, bubbling over, and the gayer its colors the better. Red, green, yellow, blue, purple, orange, what you will, so long as it be color and there be plenty of it!

Horizontal Lines Preferred

The automobile is a vehicle for speed and speed is best expressed by long, horizontal lines. For this reason a uniform color scheme for the entire body of the car is admirable, and is generally used. It leaves an impression of one long dash of color rushing by. Any break in the uniform color scheme should be along horizontal lines, never vertical.

FOREWARNED IS FOREARMED

As an aid to car owners who desire to prepare their cars for summer touring an auto firm has issued a list of hints and suggestions that should be of value. Among the more important points to be checked up are the following:

"Make sure that the generator and ammeter are functioning properly and that lighting circuit, starter and horn connections are secure.

"Lamps should have bulbs of equal candle power, have clean reflectors and be properly focussed.

"Test the steering gear to see that it does not bind at any point and is thoroughly lubricated.

"Examine the brakes. Be sure that they are free and do not drag with lever and pedal released and that they hold with pressure when pedal is depressed or lever drawn back. Brakes should be so adjusted that the car can be brought to a stop without grabbing.

"Keep the radiator clean. Flush the water circulating system to remove any rust or sediment deposits as these tend to heat the motor.

"Be sure that all hose connections are changed once a year. Hot water rots the rubber, loosens up the fabric which gets in the way of the water, cutting down the efficiency of the cooling system.

"Inspect wheels carefully and note any damage. Do they run true? Are the flange bolts tight?

"Inspect alignment of front wheels. With the wheel camber approximately correct, the wheels point straight ahead. The distance between the felloe bands of the front wheels in front of the axle should be 1-2 to 1-4 of an inch less distance than between the wheels back of front axle.

"Correct wheel alignment saves tire wear and should not be neglected.

"Proper inflation is as important as proper leads. Under-inflating results in flexing the layers of fabric which cause early deterioration of the tire.

"Do not change inflation pressure with change in atmosphere temperature. More damage results from trying to compensate for an increase in temperature itself.

"Change your tires from time to time. One side of a tire may show more wear than the other. Turn it around.

"The electrolyte of the battery should cover the plates by a half inch. Never use anything but distilled water in the battery.

"Drain out all oil in motor and replace with clean oil every 500 miles. Always make sure that the gauge registers proper level and that pressure gauge indicates properly.

"Examine all spark plugs. Clean and set all points at about one-fiftieth of an inch or the thickness of a 10 cent piece, and in replacing be sure they are set tight in cylinders.

"Look over the water cooling system and make sure that there are no leaks.

"Check timing of motor.

"Note operation of clutch and whether there is excessive play in clutch pedal.

WHICH BEACH, SIS?

Betty—"Oh, I see you got another letter."
Hettie—"No, that's the envelope my new bathing suit came in."

USEFUL HINTS FOR AUTO OWNERS

Canada has one car to about every 18 people.

Use pure distilled water in the battery. "Boiled" water will not do.

Nearly one-tenth of the accidents on highways are caused by "jay-walkers". There should be a trouble lamp, with a good length of wire, as an integral part of the car.

Approximately 28 per cent of all persons killed by automobiles are children under 15 years of age.

When it is found difficult to turn down grease cups remove them and clean out all the obstructing matter, after which refill with fresh grease.

With the cooling system of an engine drained, the engine should not be run more than a few minutes continuously without danger of overheating.

Always buy a storage battery from a well known manufacturer, who believes strongly enough in his product to return all costs if the battery falls down in service.

Rim squeaks, due to loose rim lugs, may be quickly overcome by applying a small quantity of oil or graphite grease to each lug, tightening each bolt to its capacity.

A convenient receptacle to have around the garage for cleaning bolts, nuts and other small parts is made by removing the bottom from a tin can and soldering in its place a coarse wire screen. The parts to be cleaned are then placed in the can the cover put on, and the receptacle is shaken in a larger pail containing kerosene or gasoline. Dirt and grease are separated from the parts by the oil and are allowed to fall through the mesh.

Minard's Liniment Relieves Neuralgia.

Auto Topics

There are a number of practical devices that can be used to prevent the theft of your car. It is a good plan to use a steering wheel, transmission, or ignition lock of approved type. One protects you against amateur thieves and reckless joyriders.

You also secure a lower premium rate on your theft insurance. But a lock cannot prevent the theft of your car by a professional auto thief. Nor will he return it! Insure it—and recover its value if stolen.

N. S. STEERS FOR ENGLAND

A car load of fat steers consigned to the Deputy Minister of Agriculture, Dr. J. H. Crisdale, C. P. R. Stock yards, Montreal, were recently shipped from the Experimental Station, Kentville. These were purchased from farmers last fall and have been finished here for export. They will be graded in Montreal, and one-half of them slaughtered there and shipped to Great Britain as chilled meat and the other half shipped alive. In this way it is hoped to gain some information as to the best method of handling finished steers for export.

POWER

ECONOMICAL—FLEXIBLE—DEPENDABLE

The Studebaker Light-Six

You'll find in the Studebaker Light-Six, an abundance of power—smooth-flowing, responsive, and economical.

From a slow walking gait, it will accelerate to a racing speed in the space of a few seconds. And always with velvet-like smoothness, for the Light-Six is practically free from vibration.

Exceptional economy is an appealing feature of the Light-Six. Through 27 world-wide tests, it set an average of 26.9 miles to the gallon of gasoline!

Maintenance cost is also low—conclusively proved by Studebaker's limited volume of repair parts sales, which in 1922, averaged only \$13 per car for all Studebaker automobiles in operation.

The Studebaker Light-Six is not an experiment. In the hands of thousands of owners it has proved its remarkable power and complete dependability. It will pay you to see the Light-Six before you buy your next car. It is a product that well upholds Studebaker's 71-year-old reputation for quality and value.

HANTSPOUR NEWS

Rev. Benjamin Hills

The Rev. Benjamin Hills, M. A., B. D., ex-President of the Nova Scotia Methodist Conference, passed away at Hamilton, Bermuda, on Wednesday, May 30th, in the 70th year of his age. The deceased had many friends in Hantsport, having purchased a property, and resided here for a number of years before leaving for Bermuda. The Rev. Mr. Hills was born in Halifax and entered the ministry in 1875. He graduated at Mount Allison University in 1879 and later received the degrees of M. A. and B. D. He held pastorates in various parts of the Province and was Secretary of the Nova Scotia conference of the Methodist church for seven years, a longer period than any other secretary. In 1910 he was elected President of the Conference which met in the Brunswick street church, Halifax. He is survived by his widow, who was a daughter of the late T. A. S. DeWolfe, Halifax, and one daughter Elizabeth in Bermuda, and one son William A. Hills, in British Columbia; also one brother, of H. M. Customs, Halifax, and one sister, Mrs. J. Swain, of Shelburne.

The District meeting of the Windsor District of the Methodist church, was held in Hantsport on Tuesday, June 5th. Visiting clergymen were present from Canning, Kentville, Wolfville, Windsor, Walton and other places.

Miss Violet Churchill left on Tuesday for Chicago where she will be one of the principals in an interesting event.

Mrs. Chas Dunbar is the guest of her mother, Mrs. Barnes, Halifax.

The Rev. Mr. Prestwood occupied the pulpit of the Baptist church on Sunday.

Mr. R. Blois, of Halifax, spent several days recently at the home of his parents Mr. and Mrs. A. E. Blois.

Mrs. Perry is in attendance at the Branch meeting of the Ladies Auxiliary of the Hantsport Methodist church, being held at Rockport.

Mrs. Rice and sister Miss V. Churchill, visited Halifax last week.

The Rev. Dr. and Mrs. Mellick left on Saturday for Tiverton, Digby county, where Mr. Mellick has taken a church for the summer. Dr. Mellick filled the pulpit of the Hantsport Baptist Church very acceptably during the winter.

Mrs. Gipin and little child were recent guests of Mrs. C. J. Yeaton.

Miss Eileen Young, of Halifax, spent the holiday at the home of her brother Capt. B. Young.

Miss Mary Perry, of the staff of the Yarmouth Hospital, is spending a month's vacation at the home of her mother, Mrs. Perry, Hants Border.

A motor party consisting of Mr. and Mrs. C. Clarke and Mr. A. Clarke, Newport and Mrs. W. A. Bradshaw and Miss Dorothy Bradshaw, Hantsport, spent Friday in Kentville.

Miss Hilma McKinley, of New York who is spending the summer at the home of her parents, Capt. and Mrs. McKinley, Mt. Denson, entertained a large number of her friends on Saturday evening in honor of her guests, the Misses J. McIsaacs, E. Stewart and E. Kenney, Halifax. Hantsport was well represented among the guests.

The many friends of Mr. L. V. Masters, who is seriously ill with Pneumonia, will be pleased to learn that his condition is improved. His daughter, Miss Gladys Masters, who was summoned home from California on account of his illness, arrived on Tuesday morning. A sister Mrs. M. Regan, of Arlington, Mass., arrived last week.

Mr. F. Kennedy and family removed from Kentville recently, and are occupying the residence purchased by him from Mr. Dares. Mr. Dares and family removed to their former home in Dartmouth.

Mr. T. Patton, of New Glasgow, spent the holiday with his family here.

Mr. M. Greeno and Mr. L. Greeno, of Canning, visited Mr. and Mrs. J. Beazly recently.

Miss Jacqueline Young, of Halifax, is visiting her friend Miss Jean Murray.

Mrs. E. Card, of Burlington, is the guest of her daughter, Mrs. (Dr.) Sidey.

Mr. and Mrs. Elroy McDonald, and child, of Halifax, spent several days recently with Mr. and Mrs. T. Tefry.

A number of young folks motored to Cameron Lake on Monday. They were accompanied by Mr. and Mrs. W. Whitman.

Miss Eye, of Wolfville, was a recent guest of Miss Marjorie Pulsifer.

There was quite a representation from Hantsport at the Masonic Concert in Windsor on Monday evening.

Capt. Young, of the "Otis Wack", spent several days recently with his family here.

Drs. Leslie and Eugene Eaton with their sons Gerald and Carl recently returned from a very successful fishing trip at Rawdon, Hants County.

Personal and Social

Miss Mary Boak, of Halifax, is visiting at the Manse.

Mr. B. I. Fry is spending a few days in Halifax on business.

Mr. Ralph Smallman has arrived home from McGill University.

Mr. Leo Delaney left on Friday last for Boston on a business trip.

Miss Fern Woodman was home from Halifax for the week end and holiday.

Mrs. C. R. Nowlan left on Thursday of last week for Weymouth to visit her mother.

Mr. and Mrs. Wiley Manning and daughter, of Amherst, are visiting relatives in town.

Mr. Bernard Regan, who has been spending some weeks in Boston, returned home on Friday last.

Miss Edith M. Moore, Asst. Matron of St. Paul's Home for Girls, Halifax, motored to Wolfville on Monday.

Mrs. Arthur Chute, arrived on Wednesday from Hamilton, Bermuda, and is visiting relatives in Wolfville and vicinity.

Miss Helen Lamb, of Dorchester, Mass., arrived in Wolfville on Wednesday afternoon to visit her sister, Mrs. H. P. Davidson.

Mrs. W. M. Black and daughter, Miss Violet, who have been spending the winter in Boston, arrived home on Friday last.

Messrs. Roy Lightfoot, Roderick Angus and Guy Fluke left on Friday last for Boston where they hope to secure positions.

Mr. R. M. Millett, a graduate of Acadia in the class of 1916, has been appointed Principal of the Morris Street School, Halifax.

Professor and Mrs. Sutherland left on Wednesday afternoon to spend a few weeks at the former's old home in Colchester county.

Dr. Clarence Hemmeon of the Faculty of McGill University, Montreal, is spending his vacation with his mother, Mrs. J. B. Hemmeon.

Misses Marguerita Christie and Blanch Leck, of the staff of N. H. Phinney Ltd., Halifax, spent the week end with relatives and friends at Wolfville.

Mrs. C. R. H. Starr, who has lately been in Toronto attending the funeral of her brother, has gone from there to New York to visit her daughter, Mrs. Fitzhugh.

Edgar S. Archibald, formerly of Wolfville, director of experimental farms of the Dominion, returned to Ottawa recently from a trip to England, Scotland and Denmark on business connected with the Agricultural Department. While in England, without any solicitation on his own part, he was presented to King George.

The Social and Benevolent Society of the Wolfville Baptist Church held its regular monthly meeting in the church on Thursday afternoon of last week. As this was the last meeting to be held until autumn the officers were elected for the next year as follows:

President—Mrs. Leslie Eaton.

Vice-President—Mrs. Hutchins.

Secretary—Mrs. Balcom.

Treasurer—Mrs. J. A. Ingraham.

The chairmen of the following committees were also appointed:

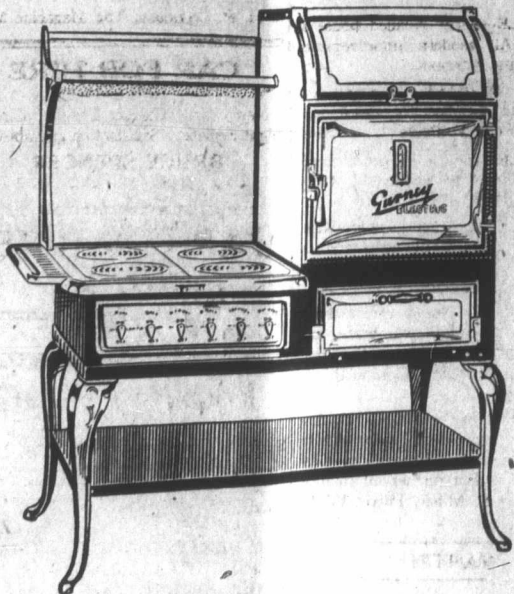

Membership, Mrs. Cohoon; Calling, Mrs. Oakes; Social, Miss Tufts; Flowers, Mrs. Prescott; Ways and Means, Mrs. Stuart.

An unfortunate motor accident occurred last Saturday evening by which an esteemed lady resident met with severe injury. At about seven o'clock Mrs. L. W. Sleep, who was only learning to drive started from her home on Summer street and turned the corner at Gaspeau avenue at considerable speed. In some manner she lost control and when half way down the hill collided with a tree on the east side of the street. The car was badly demolished and Mrs. Sleep was taken to her home in an unconscious state. Fortunately, however, her injuries, although serious, proved to be not of a fatal character and she is now progressing towards recovery.

Those who attended the play, "Daddy Long-legs", presented at the Opera House last Friday evening by the Mount Allison College Players were loud in their praise of the performance. The play certainly deserved a much larger audience. All the parts were exceedingly well taken and their acting would have done credit to professionals. The selections by the orchestra and the solos by Mrs. Kathryn Thompson Blight, soprano, and Miss Bernice Stultz, violinist, were greatly enjoyed. The playing of the latter was especially good and her selections were loudly applauded.

A STORY

About two wee frost fairies called Andrew and Judy. Of course they were a few million years old but they only met in the winter of '23 and grew very fond of each other. They were in Wolfville making all the town beautiful but they stayed too long. June came in and, finding them still there, was very angry and got the South wind to blow them out. They were so very lonely that the Fairy Queen sympathetically turned Andrew into a sewing machine and Judy into a dress form and they are now ready to take orders at

For the next two Sundays union services will be held by the Presbyterian and Methodist congregations. The morning service will be held at the Presbyterian church and the evening service at the Methodist church. Rev. D. B. Hemmon will be the preacher next Sunday and Rev. G. W. Miller will officiate on June 17th.

Mrs. Roderick MacDonald, Robie street, Halifax, announces the engagement of her daughter, Brenda, to Mr. Eugene George Clark of Hampstead, New Hampshire. Marriage to take place at an early date in New Hampshire. Miss MacDonald has many friends in Wolfville, where with her mother and other members of her family she resided for over a year after the Halifax explosion.

On Friday evening the citizens of Wolfville were invited to inspect the set of eighteen war pictures presented to the Wolfville Public school by the Sir Robert Borden Chapter of the I. O. D. E. Short addresses were given by Mrs. Davison, of the teaching staff, and Dr. MacDonald. Mrs. Phinney, Regent, then formally presented the pictures and Principal Silver accepted on behalf of the school.

WAR MEMORIAL PICTURES

The I. O. D. E. War Memorial pictures, 18 in number, are now on exhibition at the new school house.

The pictures were a gift from the Canadian War Memorial Fund but the cost of the framing was borne by the Sir Robert Borden chapter and by them presented to the school.

History and poetry will have their records of the great war, these pictures are the Canadian records in art. 1000 sets were made, 65 was the allotment to N. S., each province according to its population. Visitors are welcome at any time as the pictures are hung in the corridors and study in the various rooms would not be interfered with. Begin with number 1, The Prince of Wales, and take them in historical sequence. A short description is given with each one.

KENTVILLE HIGH BEAT CANNING

KENTVILLE, June 1.—Kentville High School kept in the lead for the school championship of King's County by defeating Canning High at Memorial Park to-day by score of 16 to 10. The locals practically clinched the game in the first inning when they scored seven runs. Canning came back strong in the second scoring five but were held from that on until the eighth when they added two. In the ninth they started a batting rally, scoring three with two out but R. Cohen was nipped at the plate for the last out.

The local boys added one in every inning until the eighth when M. Cohen's home run scored Lightie.

For visitors, Spicer, R. Cohen and Caper played fine ball, while M. Cohen and Spinney starred for the winners.

Canning—Eaton rf; R. Cohen 3b; Spicer lf; Mitchell 2b, Eaton c, Miller 1b, Casey ss, Covert rf, Hewston p.

Kentville—Barnaby c, Redden 3b, Spinney 1b, Lightie p, Leitch cf, S. Cohen ss, Hiltz lf, M. Cohen rf, Calkin 2b.

CANARD NOTES

(Received too late for last issue)
Mr. Earl Dickey left on Thursday of last week for Montreal. He will remain there during the summer months.

Mr. and Mrs. L. K. Payzant and family, of Dartmouth, motored to Canard on May 24th.

Miss Eleanor Mitchell, of North Sydney, is visiting her friend Miss Florence Eaton.

A very enjoyable concert was held in the Baptist church at Canning on Friday evening. Miss McLean as reader, Miss Evelyn Duncanson as soloist, and Mr. Avery, violinist, delighted the audience.

Miss Leah Borden, who has been teaching at Mount Allison Ladies College, will spend the summer with her parents, Mr and Mrs. W. L. Borden, Lower Canard.

The Lower Canard Women's Institute met at the home of the president, Mrs. Leander Eaton, on Friday last. Miss Florence Eaton was appointed a delegate to attend the Convention at Truro on June the 20th.

The May meeting of the Sheffield Mills Women's Institute met at the home of Mrs. David Ellis. Mrs. A. W. Bowser and Mrs. F. L. Irving were appointed delegates to the Annual Convention at Truro. During the year the Institute installed electric lights in their Community Hall.

Rev. George D. Hudson wife an

family have arrived at Canard and are occupying the parsonage there. On Sunday May 27th Mr. Hudson preached his introductory sermon to a large and appreciative audience. The church has been renovated and electric lights installed.

Mrs. Lorne Rand and baby daughter have returned to their home at Upper Canard from Miss Wood's Hospital, Port Williams.

THE FROG

This literary gem, a "short essay on frogs", by a young immigrant from Norway, is quoted from the "Bulletin" of the Chicago Board of Education:—

What a wonderful bird the frog are! When he stand he sit, almost. When he hop he fly, almost. He ain't got no sense, hardly. He ain't got no tail hardy, either, when he sits, he sits on what he ain't got, almost.

PASTOR GIVES WIVES TEN COMMANDMENTS

Rev. Arthur T. Brooks, pastor of the Dudley Street Baptist Church, Roxbury, Mass., delivered a sermon recently on "How to Be Happy When Married". Rev. Mr. Brooks read 10 commandments for wives, as follows:
"Start and continue your married life in the fear of God; religion in the home is a solvent for every domestic problem.

"Remember your God given privilege of motherhood; don't shirk it.
"Don't nag your husband and don't let him nag you; a quiet-dignity on the wife's part is one of the essentials of a happy home.
"Be affectionate. A man is but little more than a grownup boy.
"Don't appear slovenly at breakfast.
"Don't haunt the movies.
"Attend to your teeth; a toothless smile has the same effect on your husband as it has on your friends.

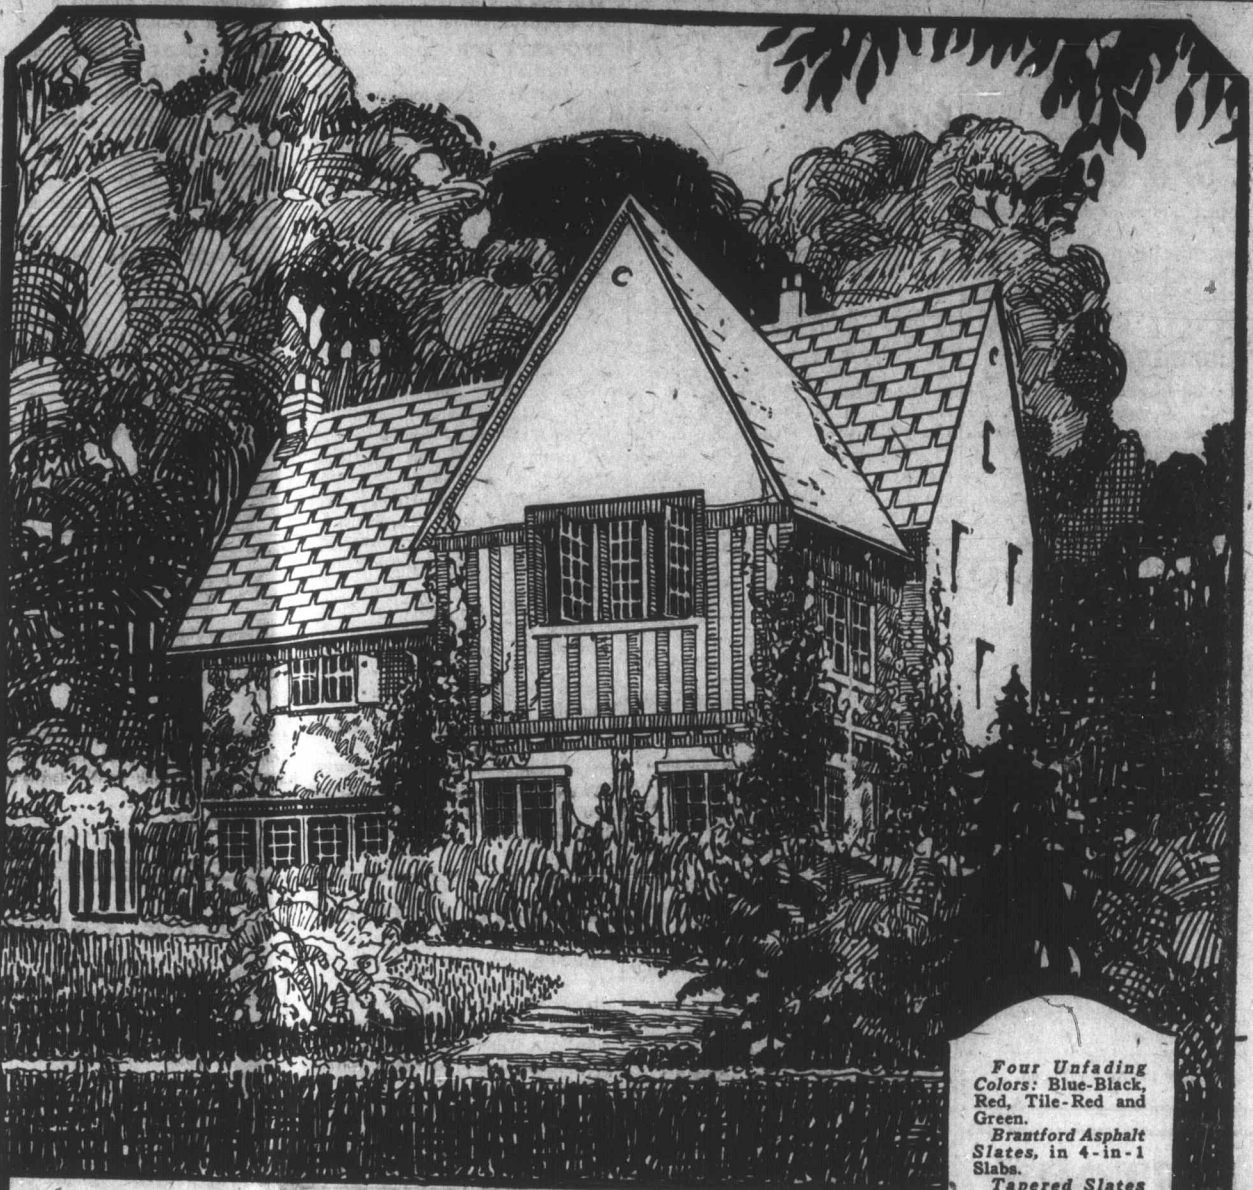

"Whether in affluence or poverty, keep your home and children clean.
"Don't unload your troubles on a tired man. Wait until he's had his dinner.
"Remember the wife exerts an untold influence over her husband's good will; she should study, work and pray that her husband may attain the highest and the best."

SOME STRIKING FACTS FROM SCOTLAND

It is a happy coincidence that with the coming of the first direct Prohibition member of Parliament to our House of Commons should come from the country that sent him, some very striking facts regarding the beneficial results experienced in those areas in Scotland that under the Scotch Act adopted the principle for which he stands. We give here some striking testimonies:—

Lewis—The Island of Lewis has practically been made sober by Act of Parliament. The carrying of the No-Licence resolution has been an unmixt blessing to Stornoway and the whole island of Lewis. The queues waiting the opening of our drink-bars, and the noisy, quarrelsome bands of young men who used to parade our streets are no longer to be seen. Cases of drunkenness and disorderly conduct are now very rare, and our prison and police cells are empty. Crime is all but unknown.

Baillie Donald Melver.
 Lerwick—To date (August 23rd, 1922) since the No-Licence came into force only six persons charged before the courts were the worse for drink when the offence was committed. This covers two fishing periods, when a large influx of people were in town; compared with 74 for a similar previous period including two fishing seasons with a much less influx of people. In pre-war days the number was far greater.

Very beneficial results are also noticeable in houses where drunkenness existed, and now, instead of dirt and misery, there are cleanliness and happiness and content.

Gordon Emalie, Chief Constable.
 Kirkintilloch—Crime is at vanishing point. It is no unusual thing to have no police court for a whole month. The people are buying a greater amount of the more necessary commodities.

T. W. A. Gibson, Ex-Provost.
 Wike—From 28th May, when the licenses ceased, to this date, 29th August, only one person has been reported for drunkenness in the burgh of Wick, and

LOCAL ARTISTS GIVE CONCERT AT SANATORIUM

KENTVILLE, May 30—For some days past rumors were broadcasted that Miss Marie Wilson, the popular contralto, of the Copley Orchestra, Boston, now visiting at her home in Wolfville, was to come to sing to us at the Sanatorium. The longed for hour arrived last evening, when at 7.30 o'clock a party of high-class artists arrived from Wolfville, and rendered one of the finest programs ever presented in Recreation Hall.

Miss Marie Wilson with her beautiful rich contralto voice and captivating manner was heard to great advantage. Her willingness to give pleasure to others through the medium of her splendid and rare talent of song adds to her popularity. Accompanying her were, Miss Evelyn Duncanson, whose sweet high soprano voice is always heard with delight; Miss MacLean, a charming reader; Miss Rockwell, talented pianist, all local favorites; and William Avery the Canadian boy violinist recently returned from studying in New York, and now spending his vacation at his home in Windsor, and whose rare skill and mastery of the violin is winning for him the highest honors.

The aggregation of stars is hard to excel, and the keen pleasure and appreciation of the staff, patients, and all present was evinced by the hearty applause which greeted every number, encores being repeatedly called for, and generously responded to thus adding

no persons have been dealt with during that period for other offences which involved drunkenness. For a similar period last year the number proceeded against for drunkenness was 20, and 30 persons were dealt with for other offences, mainly attributable to drunkenness.
Wm. K. Cormack, Chief Constable.
 Forward

to the pleasure of the evening's entertainment.
 A vote of thanks was tendered at the close of the concert to the artists for providing such a delightful evening's entertainment.

BIBLE THOUGHT FOR TODAY

JUNE 8
ALL ARE INVITED:—Come ye, and let us go up to the mountain of the Lord, to the house of the God of Jacob; and he will teach us of his ways, and we will walk in his paths.—Isaiah 2:3.

JUNE 9
TRIED AND PROVED:—As for God, his way is perfect; the word of the Lord is tried: he is a buckler to all them that trust in him.—2 Sam.22: 31.

JUNE 10
THE BEAUTY OF HOLINESS:—Give unto the Lord the glory due unto his name: bring an offering, and come before him: worship the Lord in the beauty of holiness.—1 Chronicles 16:29.

JUNE 11
REVERE THE CREATOR:—Thou art worthy, O Lord, to receive glory and honor and power: for thou hast created all things, and for thy pleasure they are and were created.—Revelation 4:11.

JUNE 12
WHAT GOD WILL DO:—He will swallow up death in victory; and the Lord God will wipe away tears from off all faces; and the rebuke of his people shall he take away from off all the earth: for the Lord hath spoken it.—Isaiah 25:8.

JUNE 13
ASK WHAT YE WILL:—If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done you.—John 15:7.

JUNE 14
GIVE GOD THE BEST:—Honor the Lord with thy substance, and with the first fruits of all thine increase.—Proverbs 3:9.

GENGE-ELLS

(Charlottetown Patriot)
 The marriage of Miss Lillian Dorothy Genge, daughter of Dr. M. E. Genge, to Edward Eils, son of Mr. and Mrs. J. D. Eils, of Kingsport, N. S., took place at 6 o'clock on the morning of May 23rd, in the Central Christian Church of this city.

The double ring ceremony was performed by Rev. J. Hodges, of New Glasgow, P. E. I., assisted by Rev. Dr. Genge. The couple were unattended.
 The bride who was given away by her father, wore a travelling suit of fawn cloth and fitch fur, with hat to match, and carried a shower bouquet of carnations and roses. The wedding march was played by Professor Tanton.

The bride has been employed in the office of the D. S. C. R., Halifax, for a number of years, and was presented by the staff of that department with an electric table lamp and was the recipient of several showers from Halifax friends before coming to Charlottetown. She was also tendered a shower last Tuesday week by the ladies of the Central Christian Church here. Many other handsome and valuable presents were also received.
 The groom, who is a returned soldier,

and on the staff of the Income Tax Office, Halifax, was presented with an arm chair by his fellow employees.
 After the ceremony Mr. and Mrs. Eils left on a wedding trip to Nova Scotia and New Brunswick. On their return to Halifax, they will reside at 87 1-2 Pepperill street.

These Quicker Shaves Mean Younger Faces

Ordinarily, shaving ages the skin—adds years to a man's looks. By giving them a shaving cream soothing to the skin we wiped years from millions of men's faces.
 At the same time we cut down shaving time for them.
 We spent 18 months—made 130 experiments—perfecting a cream with 5 distinct advantages:
 It softens any beard in one minute—without rubbing-in.
 Multiplies itself 250 times in rich lather. Lather lasts, if necessary, 10 minutes—doesn't dry away.
 Strong-walled bubbles hold hairs erect—for easier cutting.
 And the after-effect is lotion-like—skin-soothing.
 That's why millions of men today use **PALMOLIVE SHAVING CREAM**. We ask you to try it at our expense. Test for yourself the truth of our claims.

PALMOLIVE SHAVING CREAM

The Port Williams Acadian

PORT WILLIAMS AND VICINITY

Mrs. Foulis Newcombe visited her mother Mrs. Beattie, at Burlington, over the week end.

Monday's tide brought a number of deep sea fish up the Cornwallis river, and it being an unusual occurrence, it caused quite a sensation. Men and boys alike who had shot-guns and rifles made use of them. They succeeded in killing one Monday evening when the tide was going out. Then Tuesday morning's tide brought in several more, and the people gathered from all quarters and tried again to capture more of them. This time they killed two, getting them both ashore. The largest one measured over nine feet in length, weighing 650 lbs. No one seemed to know just what they were, but people from Hall's Harbour said they were a species of Albacore, and that they were seen there in numbers every year. We hope they will have disappeared from the Basin before the bathing season opens.

Miss Jean Murphy, of Halifax, accompanied by three of her friends, Miss Hupman, Miss Morris and Miss Smith, spent the week end with the former's parents, Mr. and Mrs. Cameron Murphy.

Mrs. MacNaughton, of Vancouver, is visiting her sister Mrs. M. K. Ellis, Belcher street.

Mr. and Mrs. Ralph Donaldson, of Bridgetown, spent the week end with relatives on Church and Belcher Streets.

Mr. Oscar Chase, of Church Street, and Rev. Mr. Logan, of Upper Canard, left on Thursday, May 31st, for Port Arthur, Western Ontario, to attend the General Assembly of the Presbyterian Church.

On their way they spent Sunday at the Manse, Whitty, Ont., visiting Mr. Chase's brother-in-law, Rev. Mr. Turkington. Mr. Logan occupied the pulpit for Mr. Turkington at the morning service. While at the manse Mr. Chase enjoyed the company of Mrs. Little who will be remembered in Port Williams, as she has visited her daughter, Mrs. Chase, several times. Mrs. Little has already passed her ninety-first birthday, and enjoys her usual health. On Monday Mr. Chase and Mr. Logan left Whitty for Port Arthur.

Mrs. Eliza Abbot, of Church St., after spending the winter in Canard, has returned to her home, accompanied by Mrs. Seaboyer, who has been caring for her for several months, and also intends remaining with her for the summer. Mrs. Abbot, although eight-nine years of age, still looks forward to helping in her garden this summer. Mrs. M. C. Smith, of Lynn, Mass. (sister-in-law), is also with Mrs. Abbot for a few weeks. Mr. Geo. Rorke, of Falmouth, has lately moved to Church Street.

Miss Margaret Chase, M. D., of Church Street, has returned to Halifax to resume her duties in the Pathological department of Dalhousie University.

Mr. W. W. Jacques, of Church Street, shipped a carload of fat cattle to Halifax, for Mr. Robt. MacLeod, on Wednesday.

Mrs. Hardy and Mrs. MacLeod of Kentville, were the guests of Mrs. Oscar Chase, Church Street, on Tuesday.

Mr. Troop of the Royal Bank staff at Bridgetown has been transferred to the Royal Bank at Port Williams.

Miss Lucy Cogswell is visiting in Kentville, the guest of her cousin, Mrs. W. A. Hiltz, Klondyke.

The W. M. A. Society met at the home of Mrs. C. A. Campbell, Pres., on Wednesday afternoon and despite the storm a goodly number gathered. As it was the "Auto Fund" meeting, Mrs. C. A. Martell, of Wolfville, a former pastor's wife, addressed the meeting. Each member was to earn a dollar for the "Auto Fund" and tell how she earned it, which was very interesting as well as amusing. The sum of \$18.50 was paid in and we look for more.

Correction: In last week's items it was an error that Miss Irene Gates and Bruce Hunt motored to Lawrencetown and spent Sunday at the latter's home.

An operetta, "A Day in Flowerdom", in two acts, will be presented in Temperance Hall, on June 15th by the young people of Port Williams, under the direction of Mrs. O. G. Cogswell. The program will consist of solos, duets, choruses and dialogue. Every one should plan to attend.

Canada has 295 golf clubs divided among the Provinces as follows: Ontario, 101; Alberta, 53; Quebec, 40; Saskatchewan, 30; Manitoba, 26; British Columbia, 25; Nova Scotia, 11; New Brunswick, 8; P. E. I., 1. Altogether there are 80,000 golfers in the Dominion.

PEREAUX NOTES

Dr. W. N. Hutchins, Theological Professor at Acadia University, and Mrs. and Miss Hutchins attended Divine worship at Pereaux last Sunday morning. Dr. Hutchins took part in the service. He was Pastor of this church with Caning for nine years, and is affectionately remembered. Pastor C. Riseborough preached a sermon on "God seeking true worshippers," John 4:23. For the Father seeketh such to worship Him. The Communion service followed.

Our teacher Miss Angevin went last Saturday on a short visit to her friends at Parrsboro and returned on Monday. The Women's Missionary Aid are having a special meeting on Wednesday at the home of Mrs. Byard Green. This is a delayed Crusade meeting which we hope will bring good results.

John Sheffield
Mr. Sheffield passed away at the home of his nephew Roy Sheffield early last Saturday morning. He was born on Scots Bay Road but emigrated to California, U. S. A. About five years ago he came home to his own province on a visit and remained until his death. He was 85 years old and leaves two sons and one daughter, Charles and Harvey and Hallie (Mrs. Nickerson) to mourn their loss. His body was interred last Sunday afternoon, June 3, in Hillaton cemetery by the Rev. C. Riseborough. A large number of people attended the memorial service at his nephew's.

NEW PRESIDENT OF MT. ALLISON
George J. Trueman, M. A., Ph. D., for many years principal of the Wesleyan College at Stanstead, Que., and for the last three years assistant secretary of the Methodist Board of Education, with head quarters at Toronto, has arrived in the Maritime Provinces, to attend the Methodist Conference and then take up his duties as president of Mount Allison University at Sackville, succeeding Dr. Allison, who has resigned after many years of service.

The Popular Budget

At last the taxes are beginning to be lopped off. There is a bit off this one, a bit off that one, and a trifle off another. Not very much, to be sure, but something. And every little helps. What a business it is to make up a nation's budget—the task for a whole department. And what a business it is to control the budget of a household—perhaps even greater. For, while the nation's budget can easily cover a deficit by adding to that bear—all, the national debt, the household budget must balance correctly week after week, month after month, year after year. Can you wonder, therefore, that careful and farseeing managers see in the quality and value obtainable at Chase's the opportunity of making the most popular appeal to the domestic tax-payer?
