It has no equal.

The sectional safety boiler is manufactured expressly for the "North West" trade. This boiler is so arranged that it is readily taken apart in sections enabling purchasers to clean thoroughly every part of it and prevent burning out. We know from experience this is absolutely necessary with the alkaline waters of the great Western prairies. Largely used by the Pacific Railway Company and all the large Colonization and Rancho Companies.

CANADIAN PACIFIC RAILWAY CO.

REGULATIONS FOR THE SALE OF LAND.

The completion of the Canadian Pacific Railway to the summit of the Rocky Mountains, 960 miles westward from Winnipeg, and the rapid progress made in the Government Surveys during the past season, enable the Company to offer for sale some of the finest Agricultural Lands in Manitoba and the North-west. The lands within the Railway belt, extending 24 miles from each side of the main line, will be disposed of at prices ranging from

\$2.50 PER ACRE

upwards, with conditions requiring cultivation. Prices of lands without conditions of cultivation can be obtained from the Land Commissioner. When cultivation or settlement forms part of the consideration, a rebate for cultivation will be allowed, as hereinafter described.

These Regulations are substituted for and cancel those hitherto in force.

TERMS OF PAYMENT.

If paid for in full at time of purchase, a Deed of Conveyance of the land will be given; but the purchaser may pay one-sixth in cash and the balance in five annual instalments, with interest at six per cent. per annum, payable in advance. Payments may be made in Land Grant Bonds, which will be accepted at ten per cent. premium on their par value and accrued interest. These bonds can be obtained on application at the Bank of Montreal, Montreal, or at any of its agencies in Canada or the United States.

REBATE.

A rebate of from \$1.25 to \$3.50 per acre, according to the price paid for the land, will be allowed on the acreage actually cropped, on the following conditions:

1. The purchaser will not be entitled to rebate unless at time of purchase he enters into an undertaking to cultivate the land.
2. One-half of the land contracted for to be brought under cultivation within four years from date of contract. In cases where purchasers do not reside continuously on the land, at least one-eighth of the whole quantity purchased shall be cultivated during each of the four years.
3. Where a purchaser fails to carry out fully the conditions as to cultivation within the time named, he will be required to pay the full purchase price on all the land contracted for. But if, from causes beyond his control, proved to the satisfaction of the Company, a settler so fails, he may be allowed the rebate on the land actually cultivated during the four years, on payment of the balance due, including the full purchase price of the remainder of the land contracted for.

GENERAL CONDITIONS.

All sales are subject to the following general conditions:

1. All improvements placed upon land purchased to be maintained thereon until final payment has been made.
2. All taxes and assessments lawfully imposed upon the land or improvements to be paid by the purchaser.
3. The Company reserves from sale, under these regulations, all mineral and coal lands; and lands containing timber in quantities, stone, slate and marble quarries, lands with water-power thereon, and tracts for town sites and railway purposes.
4. Mineral, coal and timber lands and quarries, and lands controlling water-power, will be disposed of on very moderate terms to persons giving satisfactory evidence of their intention and ability to utilize the same.
5. The Company reserves the right to take without remuneration (except for the value of buildings and improvements on the required portion of land) a strip or strips of land 200 feet wide, to be used for right of way, or other railway purposes, wherever the line of the Canadian Pacific Railway, or any branch thereof, is or shall be located.

Liberal rates for settlers and their effects will be granted by the Company over its Railway.

For further particulars, apply to the Company's Land Commissioner, JOHN B. McTAVISH, Winnipeg.

By order of the Board,
MONTREAL, December, 1882.

Secretary.

CHICAGO, ROCK ISLAND & PACIFIC R^Y,

Being the Great Central Line, affords to travelers, by reason of its unrivaled geographical position, the shortest and best route between the East, Northeast and Southeast, and the West, Northwest and Southwest.

It is literally and strictly true, that its connections are all of the principal lines of road between the Atlantic and the Pacific.

By its main line and branches it reaches Chicago, Joliet, Peoria, Ottawa, La Salle, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Keokuk, Knoxville, Oskaloosa, Fairfield, Des Moines, West Liberty, Iowa City, Atlantic, Avoca, Audubon, Harlan, Guthrie Center and Council Bluffs, in Iowa; Callatin, Trenton, Cameron and Kansas City, in Missouri, and Leavenworth and Atchison in Kansas, and the hundreds of cities, villages and towns intermediate. The

"GREAT ROCK ISLAND ROUTE,"

As it is familiarly called, offers to travelers all the advantages and comforts incident to a smooth track, safe bridges, Union Depots at all connecting points, Fast Express Trains, composed of **COMMODIOUS, WELL VENTILATED, WELL HEATED, FINELY UPHOLSTERED and ELEGANT DAY COACHES**; a line of the **MOST MAGNIFICENT HORTON RECLINING CHAIR CARS** ever built; **PULLMAN'S** latest designed and handsomest **PALACE SLEEPING CARS, and DINING CARS** that are acknowledged by press and people to be the **FINEST RUN UPON ANY ROAD IN THE COUNTRY**, and in which superior meals are served to travelers at the low rate of **SEVENTY-FIVE CENTS EACH**.

THREE TRAINS each way between **CHICAGO** and the **MISSOURI RIVER**.

TWO TRAINS each way between **CHICAGO** and **MINNEAPOLIS** and **ST. PAUL**, via the famous

ALBERT LEA ROUTE.

A New and Direct Line, via Seneca and Kankakee, has recently been opened, between Newport News, Richmond, Cincinnati, Indianapolis and La Fayette, and Council Bluffs, St. Paul, Minneapolis and intermediate points.

PREFACE.

In presenting to our patrons this the Fifth Edition of the Winnipeg Directory we trust that it will meet their expectations as to its correctness. The increased size of the book, 48 pages of alphabetical names, is a refutation of the idea of any falling off in the city's permanent population, the last Directory having been compiled during the boom. Our aim in compiling the Directory is to get the information into as small a space as possible, the quantity and reliability of the information being more of an object than the size of the book.

There being no regular time of moving in Winnipeg, and the changeable nature of our population, will account for many changes shortly after publication.

We have much pleasure in calling attention to a new feature in this edition, a complete index and guide to all the streets in the city, the names of the residents on each street following in order.

The Classified Directory contains the names of the leading houses in each line of business.

The Miscellaneous Directory has been carefully compiled, and contains a large amount of information of interest to all classes.

A good deal of difficulty has been experienced in getting the correct spelling of names, through indifference on the part of householders to give the information wanted. There being no regular method of spelling names if the name wanted is not found under your way of spelling it, try other ways and you will find it.

The work was all carefully revised a second time, and in some cases a third time, after it was in type, by a house to house canvass, making the Directory as near correct as it is possible to make such publications.

Thanking you for your liberal support and patronage.

Yours very truly,

JAS. HENDERSON,

Compiler.

LOVELL'S
IMPROVED ACCOUNTS.

Indispensable to Druggists, Grocers, Butchers, and, in fact, to Dealers generally.

Patented January 11th, 1881.

This work is furnished with Printed Business Heading of Patron and with 250 Leaves, or Accounts, to each book, and will be mailed on receipt of \$4.00, post paid, or by express C. O. D., \$4.00

In presenting this Improved Accounts to the public, it may be well to give the main features of the work, which we feel confident will be appreciated, and which will lay before the intelligent store-keeper the simple method of keeping his accounts, doing away with the wearisome routine of keeping accounts by the old method, namely, Blotter, Day Book and Ledger.

By this method you will not only save time (which must be an object), but you will save the material of the regular books, and you will have your bill-heads already in book form.

Remember that as the bill is contracted it is entered in this combination, so that when your customer calls for his bill you will not have to tell him that "you have no time to make it out and he must call again," as by this new system the bill is ALWAYS READY, and there is no copying.

We claim that this advantage in itself is worth the price of the book, as the storekeeper will collect many an account at once, while at present he tells his customer to "call again," and, as in the case of laboring men (who spend their earnings in full to date), the storekeeper must await their good time to collect what he would by this method have received.

Again, remember that the cover is a self-binder, so that when the storekeeper uses up the leaves it contains he can replace them at will; and the leaves have his printed business heading, and he advertises his business as well as saves the extra labor of keeping a regular set of books.

While the cover is 24 inches wide when open, it will fold up so as to be only 4½ inches wide when closed or folded up, and 10 inches long.

The cover is made substantially of cloth, with leather back, and is beautifully embossed on each lapel with gilt letters.

Each lapel, we may say, is a book in itself, and the four sections make a complete whole.

The cover being in sections will fold up into any given section, so that it can be carried in the hand about the store, and the clerk will not

be under the necessity of looking for some hard substance (such as a cheese box or flour barrel) to write upon, as in this book he carries his desk in his hand.

The cover being made, as we stated above, of the best materials and by the best workmen, will last a lifetime, and we will furnish the leaves, from time to time, cheaper than the storekeeper can purchase them in any printing office, as we are turning out quantities, and can supply them cheaper.

Let us finally impress upon you that now is the time to order a copy, as by so doing you will not only save money, but you will save yourself two-thirds the labor, and always have your bills made out to date, and whenever called for they will be ready to receipt; or, in the event of the storekeeper wishing to collect a bill or a number of bills, he can take the book in his pocket and call upon his several debtors, and if they pay he gives his receipt, and so has not wasted time in making out the bills, and in this way he collects many an account at once without extra labor.

SIZE OF BOOK.

This book when open is 24 inches wide and two inches long, and contains 4 sections; it folds to its centre; and when closed is only 4½ inches wide, so that it can be carried in the coat pocket without any inconvenience.

The first section embraces.

The letters.....A B C D E F
 The second.....G H I J K L
 The third.....M N O P Q R S
 The fourth.....T U V W X Y Z

Each Leaf will have 40 Lines for Items.

Send name and business directions plainly written, with \$4, and I will mail you a copy.

LOVELL'S

IMPROVED ACCOUNTS.

Indispensable to Druggists, Grocers, Butchers, and, in fact, to Dealers generally.

Patented January 11th, 1881.

This work is furnished with Printed Business Heading of Patron and with 250 Leaves, or Accounts, to each book, and will be mailed on receipt of \$4.00, post paid, or by express C. O. D., \$4.00

In presenting this Improved Accounts to the public, it may be well to give the main features of the work, which we feel confident will be appreciated, and which will lay before the intelligent store-keeper the simple method of keeping his accounts, doing away with the wearisome routine of keeping accounts by the old method, namely, Blotter, Day Book and Ledger.

By this method you will not only save time (which must be an object), but you will save the material of the regular books, and you will have your bill-heads already in book form.

Remember that as the bill is contracted it is entered in this combination, so that when your customer calls for his bill you will not have to tell him that "you have no time to make it out and he must call again," as by this new system the bill is ALWAYS READY, and there is no copying.

We claim that this advantage in itself is worth the price of the book, as the storekeeper will collect many an account at once, while at present he tells his customer to "call again," and, as in the case of laboring men (who spend their earnings in full to date), the storekeeper must await their good time to collect what he would by this method have received.

Again, remember that the cover is a self-binder, so that when the storekeeper uses up the leaves it contains he can replace them at will; and the leaves have his printed business heading, and he advertises his business as well as saves the extra labor of keeping a regular set of books.

While the cover is 24 inches wide when open, it will fold up so as to be only 4½ inches wide when closed or folded up, and 10 inches long.

The cover is made substantially of cloth, with leather back, and is beautifully embossed on each lapel with gilt letters.

Each lapel, we may say, is a book in itself, and the four sections make a complete whole.

The cover being in sections will fold up into any given section, so that it can be carried in the hand about the store, and the clerk will not

be under the necessity of looking for some hard substance (such as a cheese box or flour barrel) to write upon, as in this book he carries his desk in his hand.

The cover being made, as we stated above, of the best materials and by the best workmen, will last a lifetime, and we will furnish the leaves, from time to time, cheaper than the storekeeper can purchase them in any printing office, as we are turning out quantities, and can supply them cheaper.

Let us finally impress upon you that now is the time to order a copy, as by so doing you will not only save money, but you will save yourself two-thirds the labor, and always have your bills made out to date, and whenever called for they will be ready to receipt; or, in the event of the storekeeper wishing to collect a bill or a number of bills, he can take the book in his pocket and call upon his several debtors, and if they pay he gives his receipt, and so has not wasted time in making out the bills, and in this way he collects many an account at once without extra labor.

SIZE OF BOOK.

This book when open is 24 inches wide and two inches long, and contains 4 sections; it folds to its centre; and when closed is only 4½ inches wide, so that it can be carried in the coat pocket without any inconvenience.

The first section embraces.

The letters.....	A B C D E F
The second.....	G H I J K L
The third.....	M N O P Q R S
The fourth.....	T U V W X Y Z

Each Leaf will have 40 Lines for Items.

Send name and business directions plainly written, with \$4, and I will mail you a copy.
