McLaughlin

Canada's Standard Car

McLaughlin builders have won today's undisputed leadership on a Big Idea — a right principle, rightly applied, the famous McLAUGHLIN VALVE in HEAD MOTOR.

The McLaughlin Car was designed primarily for use, and for plenty of it. The material used are the very best. Nothing has been skimped or slighted. The workmanship is as fine as can be found in the Motor Car industry.

In principles of design and construction, in standards of manufacture, and in actual performance, it measures up to highest expectations.

KENTVILLE

Misses H. H. Wickwire, M.P.P., and J. E. Kinsman, M.P.P., have gone to Halifax to attend to their sessional duties.

St. James' Church Workers intend holding an "Oyster Supper" in the Teddy Restaurant, kindly provided by Mr. W. E. Sarginson, on Thursday, March 1st, in aid of the Red Cross Fund.

Mr. A. A. DeWolfe, who has been somewhat despondent of late now lies in a very critical condition from a self-inflicted wound. It is likely that he will recover unless blood poisoning or other complications arise.

Mr. J. F. Hamilton, manager of Yerxa's branch here, has entered in the fur bearing animal industry and it gives signs of being as profitable as dealing in black foxes considering the lesser expenses. He has sold to Mr. Cross of Halifax a pair of Siberian Hares which he imported from the United States, and the price he received was \$35.00. They were beautiful furred animals.

The Musical Study Club met at the beautiful home of Mr. and Mrs. A. A. Thompson on Tuesday evening. It was a very large gathering and the program as prepared by Mrs. Thompson and Miss Helen Knowles was a rare musical event seldom excelled by high class concerts. There were sixteen numbers in all and every one did his or her part perfectly. The subject of the evening was the Three B's—Bach, Brahms and Beethoven. A special vote of thanks was given to Mrs. Richmond and Mr. Pick who came from Wolfville and delighted the members of the club with three selections and a recall. This club is bringing forward the best talent of Kentville, and helping the members by a study of the different composers.

W. E. PORTER'S

Cornwallis St. -- -- -- Kentville

Charlie Chaplin, the noted movie star, has generously contributed \$150,000 to the British War Loan. He cabled the amount from Los Angeles, California recently.

A despatch from Boston on Friday says that the controversy between the Eastern Steamship Corporation and members of the crews of several of its vessels, which caused the detention of steamers at New York; Portland, Maine; St. John, N. B.; Yarmouth, N. S., and Boston at times during the past week, was settled that day.

The familiar question, "Why stand ye here all the day idle?" and the answer, "Because no man hath hired us," formed the basis of the most stirring appeal from the pulpit of St. James' Church, by the rector, last Sunday evening.

Coming straight from the heart of the speaker, it touched a responsive chord in the hearts of the hearers, pleading as it did, most eloquently, the cause of the Red Cross Society in this town, asking for more workers, greater generosity and wider interest and could not fail to rouse enthusiasm in all who were privileged to hear it; it is to be regretted that a larger number were not present, but there will surely be a hearty response in renewed activity, and wider giving.

The Red Cross stands next to the Cross of Calvary as a symbol of self-remuneration and sacrifice and work done for it, is done for Christ. "Inasmuch as ye did it unto the least of these, my brethren, ye did it unto Me."

Mr. J. F. Outhit, K.C., is at Halifax attending the Legislative Council as Clerk of the Council.

In the Hall, Coldbrook, next Sunday, 3 o'clock, Rev. P. Pollett will conduct divine worship. A hearty invitation is given to all. Sunday school at 2 o'clock. Come to Sunday School.

Rev. W. J. Smith, B. A., Field Secretary of the Department of Social Service and Evangelism of the Methodist Church of Canada will speak in Canning Methodist Church next Sunday, 25th inst at 11 a. m.

BIG NIGHT AT THE NICKLET THEATRE, WEDNESDAY, FEBRUARY 28TH

Our Country Friends' Country Store

On the above date our good country friends in the surrounding districts are donating an immense lot of prizes to be given away free to patrons of this theatre. There will be barrels of apples, barrels of potatoes, barrels of turnips, butter, eggs, poultry and all kinds of farm produce, the theatre will be literally overflowing with gifts big and little and there will be prizes for almost everyone. Acts of this kind deserve the highest praise, for the country people are not only giving freely but are bringing these gifts to the theatre at their own expense and at their own initiative. To the big picture program will be added selections by the Peerless Quartette and several vocal selection. The price of admission will be the same — adults 15c, children 10c.

SIR ROBERT BORDEN

When Sir Robert Borden attends the Imperial Conference of 1917, to which he has been invited by Premier Lloyd George, he will speak for Canada with an influence second to that of no other British public man. Imperial statements are not insensible of those unique qualities which during late years, have made Sir Robert Borden a pronounced British politician.

The Conservative party came into power in Canada as the result of a national verdict at the polls on September 21st, 1911. The issue in that epoch-making election was the notorious reciprocity agreement which involved the sacrifice by Canada of her economic independence. That sacrifice was agreed to by the Laurier government, and an attempt was made to secure a snap verdict from the people before Canada could appreciate the full significance of the proposed departure. With patriotic zeal, Sir Robert Borden threw himself into the fight for the preservation of this nation's full independence. Canada, east and west, responded to his appeal, and he was placed in office as the political head of a nation proud of its conscious individuality.

In the memorable campaign of 1911, the charge was made that the Conservative party "waved the flag." It was repeated with new emphasis when the first great action of Premier Borden was to come forward a proposal of a definite contribution by Canada, of ships for the British navy. Britain's appeal for help, based on developing conditions which now have materialized, was rejected by the scandalous employment of a constitutional defeat. The Senate majority, responsible to Sir Wilfrid Laurier over the heads of the Canadian people and their government, acted brazenly to nullify the timely proposals of Sir Robert Borden.

The British people were dumb-founded, while the German press enthused.

It would have been a good thing for Canada, for the Empire and for civilization itself if both political parties in the past had been waving the British flag. But the record shows that the Liberal party, which did not scruple at times to wave the German flag, studiously avoided joining hands with Sir Robert Borden in demonstrating an enthusiastic British sentiment. As a direct result, there has never been any doubt in recent years as to which party in Canada was entitled to the support of anti-British elements.

Sir Robert Borden will take his seat at the Imperial Conference with the best possible claim to a voice in the proceedings there. He has earned the right to take advantage of this unique opportunity to throw Canada's strength into the balance in the highest interests of this nation, the Empire and the cause. His presence at the Conference will fit perfectly into that scheme of things which promises the best for humanity and the worst for the common enemy of civilization.

GERMANY IS HUNGRY

"Germany cannot give in, Germany is hungry. If America were as hungry as we are she would understand why we act as we do."

This is how the Dutch correspondent of the London Daily Express summarizes a leading article in the Berlin Vorwaerts, defending Germany's ruthless sea warfare.

The ring of despair in the Vorwaerts articles is explained by the latest developments in the German food situation. The deficiencies of the organization of Germany's food supplies grow more and more acute as the winter goes on, and are threatening to lead to serious results everywhere. Recently, at a meeting of the Municipal Council of Neukolln, a part of Berlin, a member asked the meeting to urge the responsible quarters to prevent the further decrease in the potato, bread and four rations, or else the Municipal authorities would have to refuse all responsibility for the consequences. Another member supported this, and showed that public discontent had reached a grave pitch.

Cut Down Rations.
 Once the potato ration had been one pound a day—only just enough, in the view of the scarcity of other food. Then it was reduced to four pounds a week, then to the present ration of three pounds a week. But the authorities were even contemplating a further reduction to three pounds in ten days. The bread ration is also to be reduced. A new standard bread to be introduced, owing to the shortage of potatoes, and all such things as flour, cakes, biscuits, buns, etc., are to be abolished. Instead of potatoes, cabbage and even turnips were to be used to "stretch" the flour, but the prevailing frost had caused a scarcity of these even.

The Intercolonial has become what it was originally planned to be, a military road. This is evident when it is stated that on an average 25 military trains leave Montreal every day for the East, and that in all 25 trains with troops, supplies, munitions, etc., are moving daily on its rails to Canadian ports. The business is such that freight receipts have increased 25 per cent during the past 8 months, passenger receipts have increased 47 per cent and the surplus in running operations this year is likely to be over \$2,000,000.

Sir Douglas Hopt is confident that this is the decisive year, but whether it will be the year of peace also he would not prophesy when interviewed by French correspondents. Railways and heavy guns have been his greatest need, and work on these is being rapidly pushed forward. The British Commander has no doubts as to his

ability to smash through at many points when the supreme moment comes. "The total destruction of the German army" is his final goal. With this purpose in view, the next British drive will not be launched until the resources at his command enable Haig to overwhelm the enemy. Meanwhile the British troops are getting inured to danger and becoming familiar with the ground by constant raids on the enemy trenches.

THE DOOR TO HEALTH

Is Through the Rich, Red Blood
 Dr. Williams' Pink Pills
 Actually Make

The blood is responsible for the health of the body. If it is good disease cannot exist. If it is bad the door is shut against good health disease is bound to appear in one form or another. One person may be seized with rheumatism or sciatica, another with anaemia indigestion heart palpitation, headaches or backaches, unstrung nerves, or any of the many other forms of ailment that comes when the blood is weak and watery. There is just one certain, speedy cure—Dr. Williams' Pink Pills. They make new, rich, red blood, and this good blood strengthens the whole system and brings good health and happiness. Thousands owe their present good health, some, life itself, to the pills. Mrs. Charles Goddard, Chatham, Ont., says: "Four years ago my nervous system was so run down that life seemed nothing but a burden. I doctored for two years with little or no benefit. I could neither work, eat or sleep well. While in this condition a friend advised me to try Dr. Williams' Pink Pills. Before doing so I thought I would consult my doctor and he told me he knew of no better medicine for building up the nervous system. I started to take the pills and after a short while I found they were helping me. I took the pills for nearly three months and am thankful to say that they completely cured me. Ever since I have kept a box of the pills in the house but have not found it necessary to take them."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or they will be sent by mail postpaid, at 50 cents a box, or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

A Strong Combination

A. M. Perrin who ran for the Mayoralty in Yarmouth, but was defeated, in his card of thanks to those who supported him adds: "For the first time in the history of the Town, Grit, Tory, Rum, Religion and Temperance all combined to beat a candidate at the polls."

This Item May Interest Count Bernstorff

Captain A. Buck, of the North German Lloyd steamship Kronprinzessin Cecilie testified Friday at a Federal Court hearing in Boston on a petition for the sale of the vessel that he had been ordered by a man connected in an official capacity with the German embassy, to disable its machinery. This was done, he said to prevent the ship's use by the United States Government in the event of hostilities, with Germany. He refused to divulge the name of the man giving the orders.

San Antonio, Tex.,—Major General Frederick Funston, commander of the American forces on the Mexican border, collapsed in a hotel here tonight and expired in a short time.

Forty Thousand Investors Hold Canadian Pacific Stock

Canadian Holders Now Total 6,531, a Gain of 161 Per Cent. in Five Years—United States Acquired More Shares Last Year—Statement Furnished by Baron Shaughnessy.

Canadian Pacific Railway.	January, 1911.	June, 1912.	August, 1915.	October, 1916.
Total number of common stockholders—				
In all countries	24,000	27,000	40,468	40,287
In Canada	2,500	3,400	5,138	6,531
Percentage of common stockholders in—				
Great Britain	65%	60%	62.88%	49.25%
Canada	10.41%	12.58%	12.64%	15.13%
United States	5.59%	10.42%	10.33%	22.13%
Germany	10%	10%	6.28%	5.34%
France	5%	5%	5.63%	5.83%
Other countries	2%	2%	1.13%	2.33%

How the common stock of the Canadian Pacific Railway is held has always been an interesting study. During the past few years there has been considerable change in the grouping of the holdings. Baron Shaughnessy, president of the railroad company, has on various occasions furnished *The Monetary Times* with figures showing in what countries the stock is held and to what extent, and also an analysis of the shareholders' list as it stood on October 1st, 1916. This is compared with previous analyses in the above table.

It must be borne in mind, in analyzing the figures, that the capital stock of the Canadian Pacific Railway has been increased several times during the period under review as follows: In November, 1909, when \$30,000,000 of additional stock was issued at 125, the amount of stock outstanding was \$180,000,000. That would be the amount of stock held by the 24,000 shareholders in January, 1911. A further block of \$18,000,000 was allotted in January, 1912, at 150; \$2,000,000 was sold during 1912 at a premium of \$2,860,831.80; and \$60,000,000 was allotted at 175 in January, 1913. In June, 1913, August, 1915, and at the present time, therefore, the full \$280,000,000 of stock has been issued.

In a little more than four years the number of shareholders had increased 24,468, or over 51 per cent. Last year there was a small decrease in the number. In the past few years a remarkable change has occurred in the number of holders. Whereas three years ago there were 27,000

PILES
 You will find relief in Zam-Buk! It eases the burning, stinging pain, stops bleeding and brings ease. Perseverance, with Zam-Buk, means cure. Why not prove this? *All Druggists and Grocers*

With the Times

Willis—Bump has a very up-to-date office.

Gillis—Yes. He has one of these officesystems where you can find just what you want when you don't want it by looking where it wouldn't be if you did want it."

holders of the common stock, there were in 1915 40,468, an increase of 13,468, or 49 per cent. Last year, the number dropped to 40,287, but still a good record. These figures seem to indicate that the so-called small investor has been in the market during the past three years getting Canadian Pacific Railway stock, the large holdings having been sold to some extent and picked up by small investors. The increase in the number of holders was probably made to a large degree during the latter part of 1915, by those who had faith in the strength of the company and the maintenance of the 10 per cent dividend. This faith was rewarded. The number of Canadian holders has increased over 161 per cent in the last four years, and now stands at 6,531. This is an excellent showing for a country which has done more borrowing than investing.

The number of holders in Great Britain in 1915 was larger than two years previously, but smaller than in 1911. Great Britain probably sold to the United States last year. The French and German holdings have dropped considerably. The volume of shares held by United States investors is not very large, only 10.33 per cent in 1915, a record which was beaten by Canada, which then held 12.64 per cent of the total. The United States total has been increased most likely by purchases last year from Great Britain.

The figures in regard to Germany are of unusual interest. In January, 1911, and June, 1913, German holdings were 10 per cent. This figure has been reduced now to 5.34 per cent.

Clark's Drug Store

A Remarkable Operation

Details of an operation for the removal of a bullet from the heart of a Russian officer at Cannes are given in the *Eclair* of Nice. The operation was performed at the South African Ambulance Hospital in the Hotel Beau Rivage, by Prof Gaudier of Lille and was quite successful. According to the latest bulletin, the patient is going on as well as is possible.

Ensign Pachikov, the wounded officer, belonged to the Salonika expeditionary force and was wounded while lying down. The Bulgarian bullet ploughed along his skull, touched the collar bone and entered his chest. The external wounds healed rather quickly, and Mr. Pachikov was sent to Cannes as a convalescent. He soon showed symptoms of heart affection, and a radiographic examination revealed a bullet in his heart. Dr. Casalis de Pury, head of the South African Ambulance, decided to attempt an operation to save his life.

The operation did not last half an hour and was witnessed by many leading medical men. Professor Gaudier, aided by Doctor Casalis de Pury, laid the patient's chest open by a large median flap, and the pericardium was severed for a length of nine centimetres. The bullet was situated in a horizontal position in the tissues of the apex, in the interior wall of the left ventricle. It formed a protuberance. After its extraction the pericardium and pleura were closed by ordinary stitches.

During the operation the patient's heart continued to beat regularly. Only the opening of the chest caused a stoppage for five pulsations. The projectile, slightly bent by the impact, weighs sixteen grammes.

LOYALTY

Loyalty is that quality which prompts a person to be true to the thing he undertakes.

It means definite direction, fixing of purpose, steadfastness. Loyalty supplies power, poise, purpose, ballast, and works for health and success. Nature helps the loyal man. If you are careless, slipshod, indifferent, Nature assumes that you wish to be a nobody and grants your desire. Success hinges on loyalty. Be true to your art, your business, your employer, your house. Loyalty is for the one who is loyal. It is a quality woven through the very fabric of one's being, and never a thing apart. Loyalty makes the thing to which you are loyal yours. Disloyalty removes it from you. Whether anyone knows of our disloyalty is really of little moment, either one way or the other. The real point is, how does it affect ourselves? Work is for the worker. Love is for the lover. Art is for the artist. The mental is a man who is disloyal to his work. All useful service is raised to the plane of art when love for the task—Loyalty—is fused with his effort.—The Fra.

Man Flourished in America 125,000 Years Ago.

Scientists who have been working at fossil remains in Florida, have found human bones intermingled with those of the mastodon, sabertooth tiger and other extinct animals.

The study of the fossils of this stratum has brought to light a considerable number of extinct species which suggest the reference of the deposit to the Pleistocene Period. This is the oldest from which human remains have ever been taken.

There is proof that man lived on this Continent more than 125,000 years ago, or over 123,000 before Christopher Columbus discovered the continent of America.

Easily Identified.

Canada A Fine Example to U.S. Says Roosevelt

New York, Feb. 9.—The patriotic virtues of Canada, as illustrated by her war time endeavors, are the objects of Col. Roosevelt's praise in the Metropolitan Magazine for March.

"Let our people profit by Canada's example," he says, "and by the teachings of our own patriots. We are proud of the great past of our land. We cannot afford to have this country, which ought to be, and can be made the hope and the example for the free peoples of the world, turned into the greatest of the yellow nations."

He also writes: "There never has been finer work done under the old world system than by Canada and the way in which Canada and her sister overseas commonwealths have sprung to the defence of the Empire is something absolutely new in history and sets a mark in far-sighted patriotism and in high-minded ability to sacrifice present ease and safety for a vast and permanent future good which will not soon pass."

"As for the men at the front, their gallantry has been beyond praise, and the training camps now established in Canada are models for us to copy."

"Canada can now speak for such a world in the space fifty such a world in the peace, and be entitled to a respectful hearing because her deeds have made good her words."

Fairville, Sept. 30, 1902.
Minard's Liniment Co., Limited.

Dear Sirs, We wish to inform you that we consider your MINARD'S LINIMENT a very superior article, and we use it as a sure relief for sore throat and chest. When I tell you I would not be without it if the price was one dollar a bottle, I mean it.

DELAYS IN ISSUING

The shortage of paper in the Maritime Provinces has caused us delays in the last three issues added to some difficulties in getting machinery to run properly. The reason of scarcity of paper is caused by the shortage of coal, and the snow through the Quebec line of railways which has prevented cars of paper due in St. John a fortnight ago from reaching its destination up to the present. As we issue twice a week the few reams the supply house deal out to local papers will not last us a week. We hope shipments hereafter will arrive on time for our regular issues.

Sir Robert Borden and Party Have Safely Arrived in England

Ottawa, Feb. 21—Sir Robert Borden and party have arrived in England, a cablegram to the government announced tonight. In the premier's party were Hon. J. D. Hazen, minister of marine and naval affairs; Hon. Robert Rogers, minister of public works; L. Christie, confidential secretary to the premier, and Herbert Cole, private secretary to Sir George Perley, overseas minister of militia.

PICTOU HIGHLANDER KILLED IN ACTION

The first Pictou County member of the Highland Brigade to make the supreme sacrifice at the battlefield is Private John Henderson of Westville. His parents, Mr. and Mrs. James Henderson are advised from the War Office that he was killed in action on January 30th. The young lad enlisted with the 193rd Battalion and was a splendid boy and one highly esteemed by the people in his home town, who are deeply saddened over the terrible loss. —Eastern Chronicle.

The Boston Had to be Taken Off

J. F. Masters, of the Boston and Yarmouth Steamship Company, is in town today. Interviewed by the Post this afternoon he said that they were forced to withdraw the Boston from the service. The coal companies had notified them that they would continue to supply the coal for the regular twice-a-week service, but they absolutely refused to supply any for any special service. The coal situation in Boston is far more serious than it is here. The storms of the past few weeks have tied up the barges and only a few of them have gone into commission. It was entirely due to ice conditions and on the advice of local captains and officials that the Prince George did not come last Wednesday or Saturday. The strike had nothing to do with it as the George is a British boat and the troubles of the labor unions can not affect it. It has been said that steamers have arrived in the past under worse conditions, but it was thought inadvisable to take the risk as the Prince George is the only boat available and if she were disabled there was nothing to take her place.

The Boston and Yarmouth steamship Company is primarily interested in keeping this port open and the boats would not have been held back had it been possible to keep the service up. —Yarmouth Post.

Germany's Need of Provisions.

Copenhagen, Feb. 21—Advices from Germany says the government is about to try new and stronger methods to get from the agriculturists the provisions now so urgently needed for the armed force of the country, and to make the population live up to the food regulations for the delivery of meat, cheese, milk, butter, eggs, potatoes and other products.

Over Six Thousand Turkish Soldiers Perished

London, Feb. 21—The Prize Court disallowed the application of the crew of the British submarine E-14 for prize bounty for sinking the Turkish steamship Gulgamal, which was carrying six thousand soldiers. The court ruled that bounty was payable only for sinking an armed ship which might be regarded as an actual fighting unit, and that the evidence failed to show that the transport in question was such a ship. A special provision was made, however, to cover the case, if at any time further evidence was forthcoming that the transport was a fighting ship.

The amount claimed by the E-14 was 31,000 pounds. When the case was brought before the court last month it was stated that the sinking of the transport caused the loss of 6,200 lives, the greatest number of any single naval casualty during the war.

Counsel for the crew of the submarine claimed the prize bounty of 5 pounds per head for each man lost, and contended that the Turkish transport had field artillery aboard and was an armed ship, within the meaning of the Prize Bounty Act.

GREAT WORK OF THE NAVY TOLD BY SIR EDW. CARSON

London, Feb. 21—Sir Edward Carson, making his debut as First Lord of the Admiralty in the House of Commons today, had an inspiring story to tell of the silent accomplishments of the British Navy, and it was still more welcome because of the unexpected and interesting revelations as to the extent to which the navy is countering the submarine menace. The sacrifices which the nation is asked voluntarily to bear in the shape of self rationing, and the daily raise in food prices, makes the submarine danger the most absorbing question of the moment, and Sir Edward Carson's statement was listened to by an expectant House with intense satisfaction. Admiral Baron Fisher, Chairman of the Invention Board; Admiral Sir John R. Jellicoe, First Sea Lord; Admiral Lord Berosford and other naval experts were in the galleries.

Gigantic Work of the Navy

Besides indicating the gigantic work of the navy during the war the transport of eight million men, nine million tons of explosives and forty-seven million gallons of petroleum, and the examination of over 25,000 ships, Sir Edward Carson gave statistics of ship movements which will tend to restore public confidence as to the extent the submarine war is likely to achieve its object, indicating the progress of arming merchantmen, with an increase of 47 per cent in the last few months.

Sir Edward, claiming no magic remedy for the evil, expressed the confident belief that the evil would be gradually mitigated. He admitted that the Allied losses were serious enough, but were not equal to "the blatant and extravagant bravado" of the German account of them.

Encounters With Submarines

Citing forty encounters of British ships with German submarines in the last eighteen days, he gave interesting details. While admitting that in some cases the evidence of actual sinking was vague and doubtful, nevertheless he considered that an enormous achievement.

An Ice Cream and Pie Social will be held in the Hall, Steam Mill Village on Friday evening, March 2nd. Doors open at 7.30 o'clock. Proceeds for Red Cross and Church purposes. Everybody come prepared to spend an enjoyable evening. 1a-0

DO IT TODAY

One today is worth two to-morrows. If you have anything to do tomorrow do it today if possible. This applies specially to the ordering of the local paper which you shall read during 1917. Remember The Advertiser gives you 16 pages a week, issued every Tuesday and Friday. Subscription price \$1.50 per year in advance or at the price to \$1.50, but even at rate of only 11-2 cents per copy. All the leading weekly papers are raising their subscription \$1.00 per year they cost 2 cents per copy to subscribers or one half cent more per issue than we ask you to pay us.

GERMANS URGENTLY NEED FOOD FOR THE TROOPS

Copenhagen, Feb. 20, via London—Advices from Germany say the government is about to try new and stronger methods to get from the agriculturists the provisions now so urgently required for the armed force of the country, and to make the population live up to the food regulations for the delivery of meat, cheese, milk, butter, eggs, potatoes and other products.

WILL RESTORE SERVICE

At the last meeting of the Truro Board of Trade held Friday the 16th inst., the president, Stanley W. McCulloch, with Mr. C. E. Bentley, was appointed to take up with the management the matter of the recent discontinuance of Nos. 3 and 4 trains over the Midland Railway.

This committee is now pleased to announce that they have the assurance of Mr. George E. Graham, the general superintendent of the D. A. R., that Nos. 3 and 4 trains will begin to run daily again, not later than March 1st, and before that date if all possible to arrange it.

The discontinuance of these trains resulted in a loss of much business to Truro merchants from points along the Midland Railway, and we congratulate the committee of the Board of Trade in taking such prompt action in this very important matter, and appreciate the courtesy of the management of the D. A. R. in their desire to meet the requirements of the business interests of the town, and the more so on account of the trying conditions under which all the railways are operating at present.—Colchester Sun.

AN AMERICAN TRIBUTE

"My country has marvelled at the miraculous feat of Canada, a country with a population little exceeding that of the State of New York, in recruiting, training and transporting safely to Europe more than 400,000 men. For that we take off our hats to Canada as a great, virile nation."

The words are those of a distinguished American citizen, Hon. Judge William McAdoo, of New York, addressed to the Montreal Canadian Club the other day. When so many in Canada are engaging in the mean game of national depreciation, it is good to hear the more impartial and calmer viewpoint of observant outsiders. Judge McAdoo, like so many of his eminent countrymen, such as Theodore Roosevelt, William Howard Taft, Nicholas Murray Butler, James M. Beck and Poultney Bigelow, has nothing but profound admiration for the part that Canada has played in this struggle for democracy. The closing words of his Montreal address should be read and pondered by those among us who are never tired or ashamed of running down their country or of challenging the ability and the honesty of their countrymen.

"If the supreme test comes to us, under the providence of God, I sincerely hope we shall make as good an exhibit as the people of this Dominion."

Sheriff's Sale

1917 A No. 3079
In The Supreme Court

Between Barclay Webster Plaintiff
 and Charles B. Gould Defendant
 To be sold at Public Auction, by Frederick J. Porter, High Sheriff of the County of Kings, or his deputy at the Court House in Kentville, on **Tuesday, twenty-seventh day of March A. D. 1917** at eleven o'clock in the forenoon pursuant to a writ of foreclosure and sale made herein and dated the **21st day of February A. D. 1917**, unless before the day of such sale the amount due to the plaintiff herein and the costs be paid to the plaintiff: all the right, title, interest and equity of redemption of the said Charles B. Gould and of all persons claiming by, through, or under him of, in and to all and singular those certain lots and tracts of land situated on the New Post Road between Horton and Falsouth bounded as follows:—Northernly by the Mill road so called, southerly by lands of the late Charles Thompson, south-easterly by lands of David Hutchinson, on the new road and the grave-yard and north easterly by said post road containing twenty-five acres more or less. Also another lot lying on the north side of said road and bounded on the south and west by said post road, west and north by lands of Hugh Kelly and John Dickey, on the north and east by lands now in possession of James Huntley, on the east and south by the estate of the late Daniel Crowell containing thirty-five acres more or less.
 TERMS OF SALE:—Ten per cent deposit at time of sale. Remainder on delivery of deed.
 FRED J. PORTER
 High Sheriff in and for the County of Kings
 BARCLAY WEBSTER
 Solicitor in person.
 Dated at Kentville, N. S., February 21st. A. D. 1917

Braces

For stooped-over children, humped over their desk in school, a good shoulder brace makes them stand erect, expands the lungs, gives the body shape and the system health.

Geo. C. McDougall
 "The Rexall Druggist"

LOCAL NEWS

The recent snows have again made good sleighing but waggons are seen quite frequently on our streets. The sun is now beginning to exert its power and the days are getting quite long.

Mrs. (Dr.) Miller, Canning, receives her friends the first Monday of each month, instead of every Monday, as formerly.

A Red Cross Bean Supper will be held in the Vestry of the Baptist Church, Upper Canard, Tuesday evening, Feb. 27th, from 6 to 8. The supper will be followed by an organ recital by Mr. Arthur Harris, B.A. All for 25 cents. Everybody come.

The Pictou property of the Canada Consolidated Clay Co., Ltd., was sold at Sheriff's sale last week for \$2,050 to J. W. Murdoch and the office furniture for \$188.

Mr. and Mrs. Warren Parker wish to thank the friends who kindly helped at the time of the illness and death of their uncle Mr. Ward Bennett.

When reading the Spectator last week noticed that Mrs. Alfred Bent of Belleisle has knit twenty pairs of socks for Red Cross, which reminded me of a letter recently received from Wolfville stating that Mrs. J. W. Beckwith of that place has knit seventy pairs of socks and several pairs of mittens for the soldiers. If any one has knit more we would be pleased to hear from them.—Spectator.

Mr. M. L. Herr of Brooklyn, N. Y., representing the International Bible Students Association will lecture in the Pastime Hall, Kentville, on Monday evening, at eight o'clock, Feb. 26th.

Subject:—"After the War, What?"

The Bible has been telling us for 2,500 years about the great war now raging in Europe and declaring that ultimately it will wreck our present civilization. The editors of our leading journals are writing freely on the great conflagration now raging in Europe and declaring that the world is on fire.
 Come and hear what the Bible says is to be the outcome. All are welcome, no collection.

ST. PAUL'S CHURCH

"Jesus practicing economy, gathering up the fragments," will be the subject of the morning sermon.
 "Marriage—I. A. Foundation of the Social Order," in the evening. This is the first of a series of sermons on this subject to be given at the evening service.

The ladies of St. Paul's decided at a recent meeting not to hold a supper as a means of raising funds, but rather to make, as they have so successfully done in the past, an appeal for direct gifts. Canvassers have been appointed to solicit funds. At the last canvass thus made they received over \$250. They hope to do as well this year.

On the Way to Bridgewater
 G. W. Eaton of Berwick, is visiting his son Frank Eaton, manager of Hillside Hall. Mr. Eaton is on his way to Bridgewater to make a large purchase of shingles for his business in the valley. The good prices received by the fruit growers for their apples had provided stimulation in building throughout Kings County.—Ex.

JACOB COHEN, Canning

The Ontario Government Decides to Give the Suffrage to the Women of the Province

Toronto, Feb. 21 — Women will be given the suffrage by the Ontario Legislature this session. That the government had its mind pretty well made up was indicated in the house by Sir Wm. Hearst. In the opening round of the debate on the speech from the throne, and what doubts remained were dissipated by the caucus of the Conservative members yesterday. The government laid before the members their decision to give the women the vote and while there was considerable discussion of details, there was little opposition.

The American commission for the relief in Belgium has been ordered by German authorities to cease work.

Germans Will Sink American Ships

Amsterdam, via London, Feb. 21.—The Kolnische Volks Zeitung, assuming that the American Government is "seeking to prove that Germany does not care sink American ships," declares that should the steamers Rochester and Orleans meet a German submarine their fate would be sealed.

"It makes no difference," says the paper, "that they are not carrying contraband. It would be absurd, after the German official declarations that even in a single case any regard should be paid to the possibility of avoiding a conflict with the United States."

Germany's war expenses to date are said to be \$6,000,000,000.

Rheumatism Disappeared!

Rheumatism is the scourge of many lives. Generally it is brought on by impurities in the blood, which means that the kidneys are not performing their proper function. In all such cases the remedy is

To pick one example—Mrs. Salebury, of Camden East, was so crippled up in her feet and ankles with Rheumatism that she could not walk upstairs. She writes to us to credit Gin Pills with the fact that after six years she has had no return of Rheumatism.

Every sufferer from Rheumatism, swollen joints and ankles should profit by this example and try Gin Pills without delay. At all drugists—50c. a box, \$2.50 for 6 boxes, and your money back if you are not satisfied. A free sample will be mailed on request. Address

National Drug & Chemical Co. of Canada, Limited, Toronto U. S. Address—NATIONAL DRUG CO., INC. 292 Main St., Buffalo, N.Y.

Colonel Theodore Roosevelt

New York, Feb. 19—"The World" this morning says: "The World is informed on excellent authority that Colonel Theodore Roosevelt is planning to raise an expeditionary force in the event of war with Germany, and to sail to Europe with it just as soon as possible. It is his intention to place this force at the disposal of the entente generals who have charge of the fighting scheme, and to lead it in accordance with their ideas.

Those who are acquainted with the colonel's plans say that he is making them with the idea of joining directly with those who are fighting Germany now, any idea which the army and navy officials of the United States may have for conducting a distinctively American campaign to the contrary, notwithstanding. It is declared that Col. Roosevelt feels that the sending of an expeditionary force to Europe would give additional zest to the struggle of the Allies and convince them as nothing else could that America is wholeheartedly devoted to the cause for which they are fighting.

How large a force he would raise would depend entirely upon the conditions obtained at the particular time which the United States entered the war. He is known to have obtained pledges from a sufficient number of trained men at the time the Mexican situation was critical, to make the formation of a division possible within a very short time. His present plans are known to cover the possible raising of a corps or even of an army of 200,000 men.

One of the matters which Colonel Roosevelt has under consideration, according to the World's informant is to go to Canada and organize his force there, in the event that his plans would interfere with those of the general staff to such an extent as to make the organization of his command here too difficult.

It is said that he would not do this except with the tacit consent of the president and the army chiefs, but that he feels that Canada's experience during the last two years in organizing and training expeditionary forces within a short time would be of invaluable assistance to him.

He Was Anxious to Fight

General Amanrich, of the French army, having been retired as a General at 65 with the Legion of Honor. Immedi-

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar's Pine and Spruce Balm with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

ECONOMICAL POWER

POWER—Power is the very life of your car. It is the energy that makes the car leap forward in the instant get-away. The energy that carries you swiftly and smoothly on high speed without effort. It is the energy that takes you over the hills, through the deep sands, through the snow-drifts of winter.

POWER makes your car easy to drive on the Road or in Traffic. Power makes you forget the mechanism of your car. It meets the emergencies of travel and traffic without noticeable effort, without faltering. That is the way Studebaker has made Studebaker cars the most powerful cars on the market in ratio to weight.

They have made them powerful by perfecting design—four years Studebaker Engineers have concentrated their skill improving, refining and perfecting Studebaker motor designs, until today Studebaker is the most powerful car on the market, in ratio to size or cost.

At the same time it is economically powerful. It gives you great power with very reasonable gasoline consumption.

Great Loss of Life in Russia

Berlin, Feb. 20—via Sayville (Associated Press)—A Copenhagen telegram says that travellers returning from Russia that the last great explosion at Archangel was much more considerable than was made known in despatches from Russia. "The explosion took place at the naval station while ammunition was being unloaded from a steamer. Not a trace of this steamer remained. The explosion killed or wounded everyone within a radius of one kilometre 1,500 persons being killed and 3,000 wounded."

Halifax Has \$40,000 Fire

Halifax, Feb. 15—Fire today did \$40,000 damage to business places on Gortner Street. The firms suffering losses were Isnor Bros., gent's furnishings; the Club Shoe Store, Melvin's hardware, Bourne's confectionery, H. L. Hart, shoe store, and Dr. Saunders and Faulkner, dentists. The stocks in all the stores were badly damaged and very little was saved. The fire started in the basement of Isnor's store.

Minard's Liniment Cures Distemper

British Coal Mines Taken Over By Government

London, Feb. 14—The Board of Trade will take possession of the coal mines throughout the United Kingdom for the duration of the war, according to an announcement made today. The government will create a new department for the administration of the mines, headed by Guy Calthrop, now general manager of the London and Northwestern Railway, as controller.

Submarine Story a Fake

The New York Sun says: The story of Germany's new fleet of giant submarines armed with batteries of twenty two disappearing guns and thus prepared to fight on the surface as well as below it with torpedoes must be taken with a grain of salt. As battle cruisers have to sacrifice inches of armor protection in order to carry big guns it follows that Germany's giant undersea boats, if they exist can have guns only of light calibre which would be of no avail in an engagement with a third class cruiser.

Minard's Liniment Cures Colds, etc.

Canadians Garbed in Ladies' Night Dresses, Brought Death to Enemy

New York, Feb. 13—A special cable to the New York Times quotes Phillip Gibbs, who is with the British armies in the field, in the London Daily Chronicle, as follows:

For comedy there is an episode of Canadian history only a few days old which began when a sprightly young officer started a respectable old lady behind the counter of a milliner's shop in a French village by demanding one hundred ladies' nighties—chemises de nuit, he called them—of the largest size.

The village heard the story of the shopping expedition, listened to the old lady's shrill cackle, and wondered what joke was on among the Canadian troops. It was one of those jokes which belong to the humors of this war mixed with blood and death.

Up in the Canadian trenches there were shouts of laughter as over their khaki one hundred brawny young Canadians put on night dresses. They had been tied with blue ribbon. The old moon never looked down upon a stranger scene than those white robed soldiers who went out into No Man's Land with rifles and bomb. Some of the night-dresses, so clean when they had come out of the milliner's shop, were stained red before the end of the adventure, and the Germans in their dugouts caught a glimpse of these fantastic figures before death came quickly or a shout of surrender.

The "pierrrots went back with some prisoners in the moonlight and the Canadian staff officers chuckled with laughter along the telephone wires when the tale was told.

The German statement of February 12 reported that British troops, in raiding, had worn "snow-shirts."

The Germans Cut off From Food Forty-Eight Hours

British Headquarters in France, Feb. 17—The British today carried out an attack on a two mile front west and south of Miraumont, on both sides of the Ancre, for the purpose of gaining the higher ground commanding that town, toward which the Germans retired after evacuating Grandcourt. Tonight it was estimated that approximately 300 prisoners had been passed back, with more expected. Not one of the prisoners had had food in twenty-four hours, some having been for forty-eight hours without food, as during this time the British guns had cut off all supplies from behind the lines. The prisoners virtually all were Prussians, and the first request made was for food.

The British troops easily attained their first objectives. Then they continued to go forward, just south of Miraumont, in an effort to gain entire control of all the high ground. The first fog in five weeks interfered with the artillery, but tonight the fighting was still in progress. British airplanes ventured boldly into the fog banks, but could see nothing by which to direct gunfire.

One of the most daring incidents of the day's operations came toward the close of the preliminary bombardment, when an artillery officer crawled out of the trenches with a telephone, stationed himself forward in a shell-hole, and calmly directed the fire which cut the German barbed wire to pieces. An English sergeant, losing his way was captured, and was being escorted back by two Germans when the British barrage crept up to them. The captors fled, and the sergeant returned to his own lines directly through the curtain of fire. He was wounded badly, but managed to reach a dressing station unaided where he was able to give valuable information concerning the German positions.

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

ORLEANS, Ont., Nov. 25th, 1914. "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read "Fruit-a-tives make you feel like walking on air." This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

DAN McLEAN. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Rubbing It In

Irate Client—I never saw a case so wretchedly bungled. You acted the fool, sir. Imperturbable Lawyer—That's all right. I was acting for you, wasn't I?

AFTER THE GRIPPE

Vinol Restored Her Strength

Canton, Miss.—"I am 75 years old and became very weak and feeble from the effects of La Grippe, but Vinol has done me a world of good. It has cured my cough, built up my strength so I feel active and well again."

Vinol is a constitutional remedy which aids digestion, enriches the blood and creates strength. Unequalled for chronic coughs, colds or bronchitis. Your money back if it fails.

Germany Gets 10,000 New Soldiers

A Reuter's despatch from Berne says that the German authorities have suddenly called to the colors all officials of trade unions and socialist organizations. These officials, who aggregate 10,000 in number, have previously been exempt from military service.

Kidney Headach

is caused from the blood being thickened with uric acid poisons circulating in the head. Anti-Uric Pills cure all forms of Kidney trouble. They are so good and so sure that I guarantee them. Be sure you get Anti-Uric Pills B. V. Marion on every box. Sold only at Clark drug store.

When Bread Was High and a Luxury

In the time of King Charles the II of England, bread was so little used, in comparison with other articles of food, that it was really a luxury. The prices of wheat was then so high that the average consumption of bread for each member of the family is said to have been about four and a half ounces each day; that means only one slice of bread, and not too thick a slice at that. Instead of wheat bread, housewives provided oat cake in great variety.

SPECIAL NOTICE TO KENTVILLE FOLKS

We wish to announce we are exclusive Kentville agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy, used successfully for appendicitis, is the most THOROUGH bowel cleanser ever sold. It is so powerful that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. Adler-ika never gripes, is safe to use and the INSTANT action is surprising. The Clark Drug store.

Mrs. Blanche Robbins of Digby who has been visiting at Hantsport was in Wolfville for a short time a week ago.

Wanted—At Station Restaurant, an experienced Waitress. Highest wages paid. Apply J. Rooney.

NEW ROSS ROAD

A sleighing party from Canada and elsewhere drove to the home of Mr. and Mrs. W. Russell on Friday evening last. Their merry shouts and songs blended with jingling sleigh bells seeming to tell of the good time expected, which proved an authentic prophecy.

A very enjoyable evening was spent. All returning to the homes bearing lingering memories of the hospitality and hospitality enjoyed at the farm house on the hill-top.

The surveying party having completed operations to the south of us, moved their camping outfit to a new locality Saturday.

Miss Olive Russell who has been visiting in Canada has returned home.

We are pleased to state that those who have been suffering from colds seem to be recovering. Also that so far our people are free from the dread pneumonia which has carried off many, old and young, in other localities this winter.

Mr and Mrs Brenton Beal of South Alton joined the sleighing party, and the merry makers at Mr. Russell's on Friday evening last. Mrs. Beal was formerly one of our brightest girls, and her presence adds to the pleasure of the social gatherings.

Mr. David Costley received this week the sad news of the death of his son-in-law, Mr. Needham of Oregon leaving widow (formerly Miss F. Costley of this place) and two young children.

Miss Wamboldt spent the week end with her parents in Kentville.

A drove of oxen purchased by Mr. Wm. Jacques passed through last week enroute to the new home. In these days of soaring prices these patient creatures find many a new owner.

Messrs. T. MacGarry and Russell also each sold a yoke of oxen last week, Feb. 19th.

To the Ratepayers of the Town of Kentville:

Ladies and Gentlemen:—The financial year expiring on December 31st, it becomes my pleasure, in according with custom, to submit a brief report upon the Municipal affairs of the Town for your information, and of the condition of the several departments of public services under the supervision of your Council.

Annexed are the reports of the Standing Committees: the School Board and Principal Swanson, the Health Officer and statement of the Auditors from which you may obtain more detailed information.

Accounts and Finance

The statement of accounts as prepared by the Auditors and passed by the Council presents a clear summary of the business transactions and points out the financial position of the Town at the close of the year.

Assessment and Taxation

The assessed valuation of real and personal property and income for the year was \$624,875.00. The rate of taxation for the year remained the same as for the preceding year, \$2.00 per \$100.00.

Water Works and Sewers

Notwithstanding the large encampment of soldiers at Aldershot which required water this year there was sufficient for all purposes. This proves that the Council of 1913 was wise when they extended the water supply system to what it is at the present time, for had it not been done this year's demands could not have been met. It is now one of the best assets of the Town and the fact that the income from water this year exceeds the expenditure by over a thousand dollars, must be a source of satisfaction to the ratepayers.

Streets and Sidewalks

I regret that we are yet without permanent streets. War conditions appear to exert a restraining influence on this important work; but we hope that it will be undertaken in the very near future. The concrete sidewalks are proving satisfactory, and over 8,000 square feet additional was put down during the year, so that Webster Street is completed also Aberdeen street from Main Street to the railway crossing.

Schools

With pleasure I refer you to the reports of the Board of School Commissioners, The School Committee, and Principal Swanson's, printed herewith.

These reports show that our Educational Institution on the "Hill" is continuing its good work and should and does command the admiration of our citizens.

Police Service

While the expenditure of the Police Service looks large, yet be it remembered that added to the Town's population were those at Aldershot, making a greater Kentville of some seven or eight thousand people. With this in view and the fact that good order and law observance were maintained throughout. I feel that no one will question but that it was money judiciously spent.

Nova Scotia Temperance Act

Inspector Davis and the Council as a Temperance Committee have been most vigilant and active in operating the terms of this Act.

They worked in hearty co-operation with the County Inspectors and with the Military and Provincial authorities with very satisfactory results in the suppression of the illegal sale of intoxicants. The absence of drunkenness on our streets must certainly be gratifying to our law abiding citizens.

It would not be just and proper to consider this report complete without expression my sincere thanks to the Councillors for their ready assistance and for their faithful and deep interest in the supervision of the various Public Services, also to the Recorder, to the Town Clerk and Treasurer, to the Chief of Police, and to the Superintendent of Streets and Waterworks, in fact all of the officials have been quick with their support in promoting the welfare of the Town.

I desire too, to thank you, the citizens, for the confidence that you have placed in me, and for the courtesy shown me.

I have the honor to be yours faithfully

I am yours faithfully
A. L. PELTON,
 Mayor.

FRETFUL BABIES

Mrs. John M. Weaver, Blissfield, N. B., writes: "I can speak very highly of Baby's Own Tablets. I have used them for my children and find they are the best medicine a mother can give her little ones. I would strongly recommend them to all mothers who have fretful babies." The Tablets regulate the bowels and stomach; break up colds and simple fevers; expel worms; cure vomiting and indigestion and make teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"Ma, does Santa Claus go down all the chimneys?"
 "Of course."
 "It must make him rather peevish to find a house unoccupied."—Louisville Courier-Journal.

COL. FOSTER'S PROMOTION

A London cable states that Colonel G. L. Foster, C.B., formerly of Halifax, has now assumed the duties of Director of Army Medical Services of the Canadian Expeditionary Forces in France and England, with headquarters in London. Colonel Foster is a native of Kings County and at the outbreak of war was stationed at London Ontario. He went to France with the First Canadian Contingent and has won high distinction by his work in the field. Mrs. Foster is a sister of Mrs. E. A. Kirkpatrick, of Halifax, and of Mr. H. H. Wickwire, K. C., M. P. P., of Kentville.

FUNERAL OF THE LATE CAPTAIN R. T. RUGGLES

Bridgetown, Feb. 19—The funeral of the late Capt. Ronald T. Ruggles was held in St. James Church in this town this afternoon. Long before the remains arrived at the church it was packed to the doors, many not being able to obtain admission. The service, which was conducted by the Rev. F. Underwood, the rector, was very impressive, among the mourners were his military associates, Colonels N. H. Parsons and

Sircom. A carriage laden with beautiful floral tributes preceded the hearse. The pall bearers were from the staff of the Bank of Nova Scotia where Ronnie, as he was familiarly known, worked for some years.

DEATH OF CAPT. RONALD TAYLOR RUGGLES

The death of Ronald Taylor Ruggles, second son of Mr. and Mrs. Harry Ruggles of Bridgetown, occurred just before midnight last Friday at the Halifax Infirmary, and at the early age of twenty-two years and two days.

Previously to offering himself for military service, Captain Ruggles was in the service of the Bank of Nova Scotia, and beginning at the local branch, he was stationed successively at North Sydney, Bridgetown, Halifax and Kentville.

DEATH OF DR. F. W. YOUNG.

(Monitor)

Dr. Fred W. Young passed peacefully away on Saturday morning, Feb. 10th at the home of his parents, Mr. and Mrs. Hamilton Young, after an illness of great suffering of over two years, borne with Christian resignation to the Heavenly Father's will, aged 44 years.

He was born at Paradise and united with the Baptist Church at the age of 14 years, under the ministry of the Rev. David Price. He entered Acadia College at the early age of 17. After graduating, he entered McLean Hospital, Waverly, Mass., and graduated with honors. Then he attended the College of Physicians and Surgeons at Baltimore in 1899, and took a post graduate course the following year.

The first four years of his medical practice was sent in Clementsport with great success, winning the good-will of his practice.

In 1904 he came to Lawrence-town and built up a large practice.

He took an active part in all that pertained to the advancement of the town, and was very much interested in the public schools, being one of the number of influential citizens to help carry on the important work of school exhibitions; also the electric light system. He was specially interested in Sunday schools and formerly taught a class of young men.

He leaves to mourn, a widow and two young sons. Also a father and mother and one sister, Mrs. T. A. Elliott of Halifax, and a large number of relatives and friends.

OBITUARY

Erskine E. Archibald

The death occurred at his home in Wolfville on Saturday, of Mr. Erskine E. Archibald. He had passed his 75th birthday the day previous to his death. Mr. Archibald was a native of Colchester County, but removed to Yarmouth with the family over half a century ago, where he remained for about 35 years, being engaged in the lumbering business with the firm of Blackadars & Co. He came to Wolfville some twenty years ago, where he has since resided, becoming an expert fruit grower and farmer. He was elected some years ago President of the N. S. Fruit Growers' Association.

Mr. Archibald is survived by his widow, six daughters and one son. They are: Mrs. McLeod Harvey, Washington, D. C.; Mrs. Walter Chase, Lowell, Mass.; Mrs. Fulton Harvey, Wolfville; Mrs. D. C. Hilton, Carleton, Yarmouth Co.; Mrs. Melville Cumming, Truro; Mrs. Thomas M. Seeley, Yarmouth, and Edgar Spinney Archibald, of Ottawa.

The remains were sent to Yarmouth by train and the funeral took place from the home of Mrs. Seeley, Alma street, Rev. Dr. Hill officiating. Interment in Town Point Cemetery, Chebogue.

The death occurred on Feb. 12th, at Dorchester, Mass. of Miss Susie Gates, sister of Willett Gates of Middleton. The body was brought to Middleton by Andrew Gates a brother of the deceased.

Sir Sam Speaks at Boston Conference

Boston, Feb. 19—Among the speakers at a conference of the Committee of Safety here this afternoon was Sir Sam Hughes, who told of many things done in Canada in the interests of preparedness, and provided much information that may later prove of value to the committee. Sir Sam paid tribute to the genius of the Canadian people for organization, and gave details in that connection that evoked applause from his hearers.

NEW MILITARY SYSTEM FOR CANADA.

OTTAWA, Feb. 10—A new military system is being worked out for Canada it will be similar to the territorial system of Great Britain. Under it no individual unit will be sent to England, but the men will go as drafts for their territorial battalions. An officer will be sent with each draft and on reaching England if his services are not required in his present rank he will be given the opportunity of reverting or returning to Canada. No more railway construction battalions are wanted and when the forestry battalions are recruited to strength no more will be required.
