WOLFVILLE, NOVA SCOTIA, FRIDAY, FEBRUARY 6, 1926.

\$1.50, payable in advance.

Farmers' Party Formed in N. S.

ORGANIZATION MEETING HELD AT KENTVILLE

On Thursday afternoon of last week a meeting was held at the Nicklet Theatre, Kentville, for the purpose of considering the farmers' platform as adopted by United Farmers of the West and Ontario. The gathering was not a large one but the discussion was lively.

A resolution was moved and seconded that "the farmers of Nova Scotia assembled in mass meeting form a new political party in Nova Scotia along the lines of the United Farmers of Ontario and the Farmers' Association of the West, as well as New Brunswick". After considerable discussion the resolution was unanimously passed by a standing vote, and so the United Farmers of Nova Scotia came into being.

A committee of five members, termed the executive, was named as follows: William Bacon, of Digby; D. R. Nicholson, of Sydney; and V. B. Leonard, of Clarence, Kings county. William O'Brien was appointed a delegate to attend the United Farmers' Convention in New Brunswick this week, with Manning Ellis as alternate. This delegate is, on his return, to report to the Executive Committee before mentioned and they, after deliberation, are to call a Provincial Convention to meet either at Halifax or Truro, where the organization is to be completed, by-laws adopted and officers elected.

Parish Meeting.

The adjourned parish meeting of St. John's church was held on Monday evening at the Rectory. There was a fair attendance. The rector stated the object of the meeting which was held for the purpose of electing wardens for the present year. Messrs. H. Troyte-Bullock and A. G. Cowie, who were nominated at the previous meeting, were again elected for the year, with the understanding that this work next year be taken up by other members of the congregation. The following names were added to the vestry: Messrs. Tuzo Watson, H. Ruffee, T. Sanford, R. Black, Harry Brown and Harold Evans.

The rector congratulated the congregation on the excellent financial statement for the last year, which showed all outstanding accounts, with one exception, paid, and a balance on the right side. He reported the Sunday School in a prosperous condition. The choir also, under the able management of Professor Manceby, is making good progress. It was decided, on the invitation of the rector, to hold quarterly congregational gatherings at the rectory for social intercourse. The first will be held on Tuesday, Feb. 17th, the day before Ash Wednesday, known as "Pantake Tuesday", and the next after Easter. The meeting closed with the benediction.

Readers of the ACADIAN who have been reading the series of articles on music during the past few weeks will be interested to know that the writer of these articles is the brother-in-law of Mrs. A. J. Mason, of this town.

Misner's Linted Cans, Cello, etc.

Hockey Notes

A number of practice games have been played this season between the College and Town teams, and it was suggested last week that a game open to the public be played. Consequently a game was arranged for Thursday evening, but on account of not being properly advertised, the attendance was small. The Town team plainly showed that they were more than a match for the Collegians, and outplayed them throughout the whole game. The score was 6 to 3. It is hoped that another game between these teams can be arranged later in the season, and that more people will avail themselves of the opportunity of seeing them play.

On Saturday morning a game of hockey was played at Evangeline Rink between the Kings Collegiate and the Acadia Collegiate teams. The teams were evenly matched and the game fast and exciting. The final score was 2 to 1 in favor of the home team.

On Saturday evening the people of Wolfville had a chance to see another outside team play. This game was between the second Ramblers, of Amherst, and the Acadia team. The local team had the better of the play all through the game and the final score was 7 to 3 in Acadia's favor.

"Adventures of Grandpa"

The three act comedy, "Adventures of Grandpa", which was presented in the Opera House last Friday evening, by the N. S. Sanatorium Dramatic Club, was a great success. All the parts were very well taken indeed. Of special interest to Wolfville people were the parts taken by Donald Grant and Angus Elderkin. The cast of characters were as follows: Marie Ribeau, the girl from Paris, Miss Eva Ryan.

Officer McCormick, an officer of the law, A. E. St. Clair. Kloomp, just over from Copenhagen, Miss Eleanor Wickwire. Pansy Hopscoth, fair, fat and forty, Miss Evelyn Nelly.

Dorothy May, just out of College, Miss Francis Vickery.

Tod Hunter, a young dancing master, D. A. Grant.

Lucy, our little wife, Miss Dorothy Yould.

A Student at the Hunter Dancing Academy, Miss Ruth Yould.

Montgomery Ray, Grandpa's Grandson, A. A. Elderkin.

Otis Hammershead, Grandpa from Yellow Bud, Ohio, F. H. Patterson.

A splendid program of music was furnished before the play and between the acts by the Sanatorium orchestra under the direction of F. G. Mann. Miss Evelyn Nelly sang a solo after the first act, and was forced to respond to an encore. Jas. Malcom, as "The Wandering Negro Pianist", entertained the audience between the second and third acts.

The play was presented under the auspices of the Wolfville branch of the G. W. V. A., and a substantial sum was realized to go toward the furnishing of their club rooms.

Fire Monday night, did considerable damage to the candy and chocolate factory of George Yeaton & Sons, at Hanport. The cause of the fire is unknown, but it is believed to have started in the chocolate room. The loss is covered by insurance.

Lower Horton Cemetery Co

The annual meeting of the Lower Horton Cemetery Co. was held in the vestry of the Methodist church on Wednesday, Jan. 28th, 1926, the president, Dr. A. C. Borden, in the chair.

The report of Secretary Treasurer was most encouraging.

During the year the sum of \$307.50 was collected by Messrs. D. M. King, F. C. Dennison, R. W. Woodman and Miss Annie M. Stuart, and the collectors were impressed with the spirit of helpfulness shown by contributors.

Officers for the coming year:

President—Dr. A. C. Borden, re-elected.

Vice-President—Mr. A. H. Patterson.

Secty.-Treas.—Mrs. Annie M. Stuart.

Lot Layers—Messrs. D. M. King, F. C. Dennison.

Superintendent—Mr. Frank E. Harris.

Com. on Fences—Messrs. R. W. Woodman, S. H. Trenholm, F. C. Dennison.

Com. on Finances—Messrs. D. M. King, for Avonport; L. H. Curry, Hortonville and North Grand Pre; R. W. Woodman, Grand Pre; Mrs. James L. Simson, for Melanson and Wallbrook; Miss Annie M. Stuart, for non-residents.

The trustees are hopeful of doing much work towards the improvement of conditions in the Cemetery this year, with the idea that by 1924 Old Home Summer, the last resting place of the departed, will have a credit to our historic community.

This work depends on the assistance given by those interested and the trustees are asking for liberal subscriptions toward the Improvement Fund and also wish to remind you that there is a Trust Fund in connection with the Corporation to which subscriptions and bequests can be made and the interest used annually for the care of a lot as requested.

Death of an Esteemed Lady

The death occurred on Wednesday, Jan. 28th, of Mrs. D. Thaddeus Coldwell, at her home on Wolfville Ridge, after a brief illness of pneumonia. Mrs. Coldwell was a life long resident of Wolfville Ridge and was 77 years of age.

The funeral was held Sunday, Feb. 1st, and was attended by many friends and relatives, some coming a long distance to pay the last token of respect to one by whose death many feel a personal loss. The service was conducted by Rev. Dr. Gates, who spoke feelingly from several comforting Bible passages. A hymn "There is no Night There" was sung by Mrs. Cogswell, of Port Williams. The interment was at Willow Bank.

Mrs. Coldwell was a graduate of the Truro Normal School, and was for several years a successful public school teacher. She had been for many years a consistent member of the Wolfville Baptist church and was beloved by all for her gentle kindness and bright intellect. She leaves a sorrowing husband and daughter, Mrs. Leslie Eaton, of this town, both of whom have the sympathy of many friends.

Misner's Linted Cans, Cello, etc.

The Elections

The civic elections passed off quietly on Wednesday. The weather was most favorable and gave the women especially a fine opportunity to get to the polls. A goodly number of votes were polled although many did not avail themselves of the chance to take part in the selection of civic rulers. As is usually the case those who were the most active got the most votes. This might be regarded as a doubtful compliment to the intelligence of Electors. Because a man wants to be elected is not always a good reason for electing him. In this case, however, all were good candidates and those elected on Tuesday should make creditable representatives. The women made the most of their opportunity of securing the election of one of their sex. It is unfortunate, however, that they found it necessary to resort to a method that is not considered good ethics among politicians generally. This action in "plumping" for their candidate may be attributed, however, rather to their zeal than to a disposition not to play the game according to the rules. They will learn better as they gain in experience. The result of the vote is as follows:

L. E. Shaw, 273
Mrs. L. H. Moore, 247
C. R. Nowlan, 182
P. W. Davidson, 176
Wm. Regan, 145

Delaney Block Burned

On Wednesday afternoon a fire was discovered in the Delaney Hardware Store in the Delaney Block on Main street. The fire started by the exploding of a gasolene torch, and spread rapidly. The firemen had a big fight, but within an hour the fire was under control. However it smouldered all night and firemen were forced to stay on guard. Several times through the evening the fire started up again. The walls of the building are still standing but the building is badly gutted. It was fortunate that the firemen were able to confine the fire to the building as the buildings on either side were very near. The Western Union Telegraph Co., whose office was in the building, was able to save all the instruments. The Devonshire Tea Rooms, also in this building, were badly damaged by water. Mr. and Mrs. Webb, who resided over the store, were forced to jump from a window to escape from the building.

The thoughtfulness of Mr. Arthur Young, of Young's Bakery, in supplying hot kinks to the firemen on Wednesday afternoon was much appreciated and is very commendable.

Town Council Meeting

On Wednesday evening the regular monthly meeting of the Town Council was held at the Council Chamber. There was an unusually large number of citizens present, which suggests that it might be profitable for citizens to make a more general practice of attending these meetings.

There was the usual meeting of the retiring Council at which quite an amount of important business was transacted. Mayor Hales was in the chair and all the Councillors were in their places. The annual report of the various committees were presented, as well as the report of the Mayor and Auditors. A large number of bills were ordered to be paid. The tender of Messrs. Wright and Jodrey for the supply of electric current was accepted. The committee appointed to define a brick district and bye-laws relative to the control of building operations in town presented its report, which was adopted, after which the meeting adjourned.

The new Mayor and Councillors were then sworn in and took their places and Mayor Fitch made a brief address, referring chiefly the fact that for the first time the Council had a lady member.

The Mayor appointed Councillor Rand as Presiding Councillor and the following Committees were elected for the ensuing year:

School Board—Couns. Moore, Graham, Shaw.

Finance—Couns. Shaw, Nowlan, Sutherland.

Licence and Police—Couns. Graham, Sutherland, Moore.

Fire and Water—Couns. Nowlan, Graham, Rand.

Poor—Couns. Moore, Graham, Shaw.

Street and Public Property—Couns. Sutherland, Nowlan, Shaw.

Sewer—Couns. Shaw, Sutherland, Graham.

Electric Light—Mayor, Couns. Rand and Shaw.

Court of Appeals—Mayor, Couns. Nowlan and Graham.

The Boy Scouts

The Wolfville Taxis Boys will play hockey against the Port Williams team from 8 to 9 this evening. Admission only 15 cents. As many as possible should come and see a clean, fast game. On Saturday morning, 10:30 to 11:30, the same team of Wolfville Boys will play the Excelsiors of Windsor, a group of boys organized under the Rev. Mr. Armitage.

On the evening of Friday, Feb. 13th, the Senior Scouts of Wolfville will play the Kentville town team. If possible the Scout Band will be present with skating after the game.

Notes and Comments

The largest pin factory is in Birmingham, Eng., where something like 50,000,000 pins are manufactured every day.

Of the 117,633 immigrants who came to Canada in 1919, only 5,202 came to the Maritime Provinces. No wonder they have been dubbed "the Provinces that are passed by." It is time for a change.

The latest scientific guess about Marconi's mysterious signals is that they are not a "message from Mars" but emanate from Venus. This being Leap Year, that would be all the more appropriate if not probable.

A Cairo to Cape Town air service has been established! Here is a good subject for a debate in an aviation club:—"Which would be preferable, to come down in the middle of the Atlantic or in a den of lions?"

"Canadian mills are now producing 2,775 tons of newsprint daily. Local newspapers are using only 400 tons daily. Thus the mills of the Dominion are exporting more than 2,000 tons daily to the United States."

Sir David Watson, who won distinction with the original Canadian contingent in the war, admitted to a New York audience that he felt queer and couldn't make his knees behave at the first battle of Ypres. So the general and the rawest of raw recruits are alike human and brothers under the skin.

Seven London policemen were discovered off their "beats" playing cards in a stable while a crime wave was sweeping over the city. They were dismissed. How sorry they must be that they are not in New York, in which case the courts would be likely to reinstate them, after a holiday, with full back pay.

Erection of a huge memorial arch on the international boundary to commemorate the century of peace between Canada and the United States is being urged by good roads men of Washington Territory and British Columbia. Tentative plans call for the erection of the arch in a big park to be established on the Pacific highway on both sides of the boundary. The city of Blaine is willing to purchase the American share of the park if the British Columbia Parliament will buy the Canadian side.

The first 1920 exponents of the stockingless fad have availed themselves of the wave of warm weather of the last few days, says a Paris despatch, by appearing bare-legged at well-known restaurants and dancing palaces. Dr. Durand, the celebrated woman's specialist, states that no woman will ever catch cold or the grippe through going stockingless, as the colds are caught through the soles of the feet, and not on the limbs. Through wearing cobwebby stockings women's limbs become injured against cold. M. Just, the leading Rue de la Paix perfumer, has invented a new talcum powder which does not rub off and is eradicated only by applying water. The perfumer claims the talcum powder will prove a great boon for extreme decolette dresses and the bare-legged fashion.

A Quick Relief for Headache

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. 15 to 30 drops of Mother Seigel's Syrup will correct faulty digestion and afford relief.

N. S. Farmers' Association

ANNUAL CONVENTION HELD AT KENTVILLE

The twenty-fourth annual convention of the Nova Scotia Farmers' Association was held at Kentville last week, the sessions being held at the Nicklet Theatre. The first meeting was held on Tuesday evening, with President D. R. Nicholson, of Sydney, in the chair. The chairman's address was largely a resume of the Association's history during the past year.

He referred to the year 1919 as having been one of the most prosperous the farmers of Nova Scotia had ever had, as crops were good and abundant and prices all that could be desired. He urged that there should be more farmers, and considered that as long as only 37 per cent of our population were on the land there could not be much increase in production.

He spoke briefly of the farmers' movement, denying that it was a class movement but one that stood for the interests of the whole people.

He advocated better pay for the teachers of our common schools, and more of that kind of school. What our children needed was a better common school education, a getting back to reading, writing, and arithmetic, and less of the frills.

Hon. H. H. Wickwire was the next speaker. He spent an hour in laying before the convention the purposes and aims of the Highway Board. He felt assured that the work that the Highway Board now had on hand would, in another year or two, have made such progress that Nova Scotia, as far as its inter-county roads and its main roads from the centre of production to the market town or railway are concerned, be so vastly improved, that taken in connection with the telephone, automobiles, etc., farming will be decidedly more pleasant and incidentally more profitable.

Another very instructive and interesting address was that of H. S. Arkell, Live Stock Commissioner, Ottawa, whose address, while largely devoted to our live stock industry, and our present and possible future as far as the markets of the world were concerned, was also interesting from the standpoint of the general productiveness of our farms.

A display of moving pictures through the courtesy of the Dominion Atlantic Railway, consisting of films of particular interest to the meeting, closed the evening session.

Wednesday morning's session was devoted largely to the reading of the reports of the Board of Directors and the Exhibition Commissioners. The address of the morning was by Professor Cuming, of Truro, and dealt entirely with production and the marketing of our products and his speech resulted in a lively and promiscuous discussion.

At the afternoon meeting the entire discussion was upon the matter of the increase in production, especially in hogs, cattle, sheep, etc., and the evident drawback seemed to me in regard to the marketing of the product if raised.

There were present, and they took part in the discussion, Live Stock Commissioner Arkell, of Ottawa, Mr. Dougall, the farmer representative of the C. P. R., and J. F. Fraser, of the Davis and Fraser Company, Limited, Halifax. They did not have the discussion all to themselves, because the members of the Nova Scotia

Farmers' Association are awake and are subscribers to the daily papers and consequently are up-to-date. The whole thing seemed to be as to what was best for the interests of the farmers of Nova Scotia. Some thought that the remedy was an abattoir and stock yard. That, however, was strongly opposed by Mr. Arkell as well as by Mr. Fraser.

However the discussion that ensued developed the fact that as far as this convention of Nova Scotia farmers was concerned the unanimous opinion was, that the best interests of the farmers called for a large cold storage plant. The producer could prepare his cattle, sheep and hogs, so as to ship them to Halifax and if they were not needed at that time at a price that would pay the producer, that they might be placed in cold storage and held until there was a market that justified their release. Mr. Fraser, of Davis and Fraser, of Halifax, was strongly in favor of this plan and he was fully endorsed by Mr. Arkell, as well as a number of Nova Scotia's biggest producers.

The first speaker of the evening meeting was Miss Helen J. Macdougall, superintendent of Women's Institutes.

Among other things she said was "that home making was about sixty years behind farming." Their Society aimed for the betterment of the home, as the home was the foundation upon which the prosperity of the country depended. She advocated that the same aims that were being used to lighten labor and to increase production on the farm should be used to help the home maker in the home and evidently her audience agreed with her.

Prof. J. W. Trueman, of Truro, was the next speaker. He drew attention to the fact that the farmer must endeavor to put more feed into his stock and not to try and see how many head of cattle or how many hogs he could winter on what feed he had.

He said that if every ten acres of land in Nova Scotia produced one steer, one sheep, and one calf each year, the total would amount to more than the yearly receipts of the Montreal stockyards. Briefly, he advocated the raising of more ruffage, that is, hay and like fodder, which would make the feeding of imported feeds less important, and would give better results.

Prof. W. S. Blair, of the Experimental Station, followed with a splendid address on "Limestone as a Factor in Present Day Agriculture."

The final session of the convention was held Thursday morning. The first business was the election of officers which resulted as follows:

President—J. Howe Cox, Cambridge

France at the Marne

It is announced in New York that a colossal stone statue, one of the largest of the world's sculptured monuments, is to be placed by American citizens on the River Marne to commemorate the victorious stand of the French there in 1914. The statue, nearly as large as the Statue of Liberty, in New York Harbor, is to be known as "America's Gift to France." A committee of representative citizens, of which Mr. Thomas W. Lamont, of J. P. Morgan & Co., is chairman, has already completed plans for the monument and funds for its erection will be collected in the early days of March. It is expected that the cost will approximate \$250,000 and this amount will come as a free-will offering in sums of any amount from citizens in every part of the United States.

Childhood Constipation

Constipation—that disordered state of the digestive tract which is nearly always caused by improper feeding—can be readily regulated by the use of Baby's Own Tablets. These Tablets are a mild but thorough laxative. They are easy to take and are absolutely free from injurious drugs. Concerning them Mrs. Joseph Dion, Ste. Perpetue, Que., writes:—"I have nothing but praise for Baby's Own Tablets. When my baby was three months old he was terribly constipated but the Tablets soon set him right and now at the age of fifteen months he is a big healthy boy and this good health I attribute entirely to the use of the Tablets." They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

It is suggested that if Henry Ford keeps on raising wages it will not be long before his employees will be proud to ride in a Ford car.

MUSICAL SCALES.

From a musical magazine I read from the "Music Questions Answered" the following: Question: "Why do people make such a fuss over scales? They make me quite tired for there are none in any of the pieces I have played." Answer: "Any more than there are examples of the alphabet in any books you have read. The scale is the foundation of music and it is because you don't know your scales that you are such a wretchedly bad reader of music."

That is pretty straight, and we do not need to wonder how it was known that the questioner was a wretchedly bad reader of music. This reminds me of the proverb: "The less one knows, the more he shows off." Also the other similar to it: "you know much when you know how little you know."

We know that many think and some pupils say, "What's the good of all these finger exercises and scales." It is natural for them to think it, because it is a little tiresome at first and needs concentration of mind. I must answer, that to play scales and finger work, is a good essential habit and absolutely necessary to one's future musical success. It is tiresome at first, but when mastered, what wonderful results! A child first attempting to walk—Is it not tiresome at first? It needs practice to acquire the art, but oh the wonderful result when mastered!

Let it be known that scales are great time savers, the modes avoid difficulties, provides ease and a natural passing and the fingers do not get mixed. Enough has been said to show that concentration means success, system brings results, and slow practice means fast progress.

I will endeavor to interest you in the scale, how it came about, and of different nations' method, etc. First, what is a scale? The word scale is taken from the Latin word "Scala" meaning "ladder." It refers to a series of tones taken in direct succession through the interval of an octave. You are, of course, acquainted with the diatonic scale—a succession of notes which occur in the key indicated by the signature; and the chromatic scale—made up entirely of semitones.

PENTATONIC SCALE

The pentatonic scale is made up of a five toned scale, same as our major scale omitting the 4th and the 7th note, or you may understand it better by taking only the black notes, (sharps), of the piano beginning on C sharp to the next C sharp, that forms the pentatonic scale. This scale is used by the Chinese and it is also called the Scotch scale.

You may think that music was made from the scales, but that is not so, for music was in existence long before any scale, yet ART of music was not until a scale was formed.

THE FIRST SCALE.

The first scale which history gives to us is of Greek origin and simply a group of 3 notes, the interval of a fourth below a given note, and a note above that fourth. Turn to the key-board and strike C, then A flat (below) then G (a note lower) keep playing these in any order, one after the other, and when you are through, make G the final note, and A flat second last, and thus you have the total number of notes used, and a sense of the tune as it must have sounded.

We get the intervals from the scale, but the Chinese Octave is out of tune to our ear; so is the Siamese fifth. You are familiar with the major third and also minor third, yet some have a third that is between the two. The Oriental System think of scales and intervals as tending downward. We recognize them as ascending, particularly the leading note which is next to the Tonic, (most important) note, and which leads up to it which forms a cadence. Think of the natural cadence of man's voice. It tends downward, for when a man raises his voice at the end of a sentence he is either asking a question or expressing astonishment. Thus it does not form a final cadence.

The lesser important notes of the scale we think of them being brought about by the weaving of the voice of the important note; a tremolo, or up and down method of singing forming an indefinite developed ornamental note to the essential note.

The Pentatonic (5 note) scale used by China, Japan, Java and the Pacific Islands, have some of the other notes but only as ornamental, but the pentatonic, or 5 notes within the octave is the unmistakable original system.

There was a time when the Greeks' musical system was most important and different modes were invented of the scale as the following will show, but you must think only of the white keys of the piano: Doric arranged the scale beginning on the note E to the Octave E. The next was the Phrygian mode commencing on D. The Lydian mode was an arrangement from the note C; Aeolic beginning on A; the Hypolydeon beginning on F and so on.

Play these scales over and you will soon realize that the Lydian is what we use as our standard

WOMEN OF MIDDLE AGE

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."

—Mrs. FRANK HENSON, 1316 S. Orchard St., Urbana, Ill.

Women who suffer from nervousness, "heat flashes," backache, headaches and "the blues" should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

Minari's Liniment Cures Colds, etc.

scale, and that the Aeolic is the relative minor, that is, after we have raised the seventh note to make it a leading note.

CHROMATIC SCALE

The Chromatic scale as we understand it is made up of 12 semitones from C to C (octave). You may be surprised when you learn that a famous lute player in Greece formed the octave into 17 equal divisions, and also that the Indian scale at one time had 22 equal divisions, and the Persians had a remarkable system of 24 equal parts.

The last stage of refinement in the development of our scale system was the assimilation of the keys to one another of the tuning of the 12 semitones so that the same mode may be started from any note as the tonic.

Until the 16th century musicians did not use more accidentals than B flat, F sharp, C sharp and G sharp. J. S. Bach gave expression to his faith in his well-known works "Preludes and Fugues" in all keys calling it the well tempered Clavier. We are thankful that the beautiful music that we hear every day from the Piano, Talking Machine, Pipe Organ, Bands and Orchestra just makes one feel like this little poem:

DID YOU EVER STOP TO THINK

Did you ever stop to think
How awful it would be
If all the music in the world
Were thrown into the sea?
The world would be a horrid place
If such a thing were true.
I would not want to live at all
If that were so; would you?
But that must never come to pass,
And you must help along
And do your bit by practising
Your instruments and song.
What kind of music can you
make?
You sing, or play violin?
You should do something musical;
If not you must begin.
And practice carefully each day,
On scales and studies many;
And when you're asked to play a
piece
Don't say "I don't know
any."
Just play or sing as best you can.
Sing loud, each girl and boy
Sing while you work—sing while
you play—
'Twill fill the world with joy.

A good many things make it pleasant to shop here; they're all included in our general principle of real service.

Its part of our service to only sell shoes of the finest quality—that's why we feature Hartt Footwear for Ladies and Gentlemen.

It's part of our service also to think more of pleasing you than of "selling" you; to see that you are properly and carefully fitted and get intelligent attention.

We always consider that any money you pay us for shoes is still your money until you've satisfied yourself that you like the shoes you've bought.

G. D. Jefferson
Wolfville, N. S.

\$25.00 FOR A LETTER

CAN YOU WRITE ONE?

Thirteen Prizes to be Awarded In a Letter Writing Competition.

Some years ago the Dr. Williams' Medicine Co., of Brockville, Ont., offered a series of prizes to residents of the Maritime Provinces for the best letters describing cures wrought by the use of Dr. Williams' Pink Pills for Pale People. Hundreds of letters were submitted in this competition, and yet there must have been thousands of other users of the pills who did not avail themselves of the opportunity to win a prize. To all these another letter writing competition is offered. Thousands of cures through the use of Dr. Williams' Pink Pills have never been reported. These will furnish the material for the letter to be written in this contest. There is no demand upon the imagination; every letter must deal with facts and facts only.

THE PRIZES:

The Dr. Williams' Medicine Co., of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 28th day of February, 1920, from residents of these provinces on the subject: "Why I Recommend Dr. Williams' Pink Pills." A prize of \$10.00 will be awarded for the second best letter received; a prize of \$5.00 for the third best letter and ten prizes of \$2.00 each for the next best ten letters.

THE CONDITIONS

The cure or benefit from the use of Dr. Williams' Pink Pills described in the letter may be in the writer's own case, or one that has come under his or her personal observation.

More than one cure may be described in the letter, but every statement must be literally and absolutely true.

Every letter must be signed by the full name and correct address of the person sending it. If it describes the cure of some person other than the writer of the letter, it must also be signed by the person whose cure is described as a guarantee of the truth of the statement made.

The writer of each letter must state the name and date of the paper in which he or she saw this announcement.

Fine writing will not win the prize unless you have a good case to describe. The strength of the recommendation and not the style of the letter will be the basis of the award.

It is understood that The Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest if they desire to do so whether it wins a prize or not.

The contest will close on February 28th, 1920, and the prizes will be awarded as soon as possible thereafter. Do not delay. If you know of a cure write your letter NOW. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows:
The Dr. Williams' Medicine Co.,
Brockville, Ont.
Letter Contest Department.

A free ride to the Sunday services is an inducement offered by the Rev. F. A. Leak, pastor of the Hemet, California, Methodist Church. A motor bus traverses the outlying districts of Hemet every Sunday morning and takes to church everybody who has no other means of going there.

The Electoral Lists

The revisors of the electoral lists for the town of Wolfville have posted the preliminary lists for the coming year. The law requires that this be done in order that electors may avail themselves of the privilege of the franchise. Every qualified citizen should see that his or her name is upon one of these lists. An opportunity is given those whose names fail to appear to apply in the regular form on or before the 20th of February to have the list corrected. Applications may also be made to have names improperly placed on the lists struck off. It is the privilege and duty of every citizen to see that this work is properly done. Waiting until election day comes around and then complaining that the revisors have not done their duty is childish and to no purpose. If your name does not appear on the new list—or was not on the old—it is your fault and no one else's.

Young Adams Co.

Coming to the Wolfville Opera House for a two nights engagement commencing Wednesday night next, Mr. H. Wilmot Young presents Miss Marjie Adams and the strongest cast procurable to produce the Irish-American Comedy Drama "Little Peggy O'Moore" with correct scenic effects and neat classy vaudeville between the acts. The Guardian of Charlottetown, P. E. I., says:

Those who attended the Prince Edward Theatre on New Years night and heard that beautiful Irish American idyl, "Little Peggy O'Moore", enjoyed a couple of hours laughter and appreciation which gave them a wholesome start in the new year.

The Theatre was filled to capacity and the only dull moments were those between the acts which gave the audience an opportunity to get their sides unkinked, and the tears—tears of laughter-wiped off their cheeks.

Marjie Adams made a most attractive Irish Girl; witty and winsome, her very appearance eliciting roars of laughter. Mr. H. Wilmot Young, as Daniel Murphy, Mayor of the city, took the role splendidly, while the other members of the cast gave excellent support in a drama that was thrillingly interesting from start to finish.

The Guardian strongly advises every one who enjoys a good, clean, wholesome play with plenty of laughter, strong acting, magnificent scenery and all that goes to make two hours of solid enjoyment, not to miss this performance. Few plays given in Charlottetown have been better staged and none more thoroughly enjoyed than "Peggy O'Moore."

On Thursday night the play will be "The Trail of the Lonesome Pine" an interesting story of love and adventure in the Coal regions of Virginia. Seats are now on sale at Box Office.

Attention is called in another column to the fact, that all those who indulge in the dangerous pastime of coasting on the streets are liable to the law.

Hortonville Notes

On Friday evening, January 30th, the Kings County Farmers' Association, probably the oldest Farmers' Association in North America, met at Acacia Villa Hall, Hortonville, where the Dominion Atlantic Railway put on the first of their series of Educational Films to a full attendance, including the entire student class at the School.

The programme consisted of the following Films:

- Killing and Dressing of Poultry
- Parts of a Bee Hive
- Wintering of Bees
- Handling of Bees

There is little doubt that the films on rearing and care of Bees awakened a new interest on a subject so vital to orchardists, and the coming spring will see many new Hives, as the Fruit Growers cannot risk depending on weather conditions entirely for set of fruit. The Association was so satisfied with the first display that they immediately made application for a second engagement, which will be put on in the same Hall, Friday evening, February 6th, 1920, showing the following films:

- Conformation of a Holstein Dairy Cow
- Rearing of Chickens
- Potatoes for Profit
- Community Canning
- Story of Paper—Part 1
- " " " " " 2

Notice!

When preparing for your next Bridge Party get your Tally Cards at the ACADIAN store.

WANTED.—A girl for general house work, must be fond of children. Apply at the Opera House any evening.

Card to the Electors

DEAR SIR,—Kindly allow me a few lines in your columns to thank the electors of Wolfville who stood behind me at the Polls on Tuesday. Also to express my regrets that I was unable to attain for them a place on the Council. The candidacy for this office was rushed upon me at the last moment as the only available man to represent your returned soldiers, and, although personally I have no great regrets at being rejected, I am disappointed that the people of Wolfville have shown their willingness to "forget" in such a manner.

P. W. DAVIDSON.

There is fifteen feet of snow in No. 1000 street.

Personal Paragraphs.

Dr. G. B. Cutten was in Halifax on Monday.

Mr. H. P. Davidson was in Halifax this week on business.

Mr. Lloyd King, of Boston, is visiting his cousin, Mrs. Leslie Eaton.

Rev. Dr. A. C. Chute was in Annapolis last week visiting his sister, Mrs. Savory.

Dr. H. T. DeWolfe spoke in the Middleton Baptist church on Sunday last in the interest of the Forward movement.

Miss Marie Wilson is visiting friends in Dartmouth. On Tuesday evening she sang at an entertainment given by the Baptists of this town.

Miss Ruth Hennigar, a student at Acadia University, was called home to Chester on Monday by the death of her mother, Mrs. Burton Hennigar.

Rev. A. B. Gibson, B. A., B. Th., who has been for the past four years at Sydney Mines, has accepted a call to the Annapolis Royal Baptist church. Mr. Gibson is a graduate of Acadia in the class of 1914.

George E. Graham, General Manager of the D. A. R., was so badly injured in the railway wreck in Ontario that he was unable to return home last week. The physicians advised him to spend a few days in the hospital at Montreal before returning home.

Card of Thanks

To the Electors of the Town of Wolfville:

Ladies and Gentlemen,—Please accept my sincere thanks for the support given me at the Polls on Election Day. I shall endeavor to merit your confidence by doing the utmost in my power to advance the best interests of Wolfville and its citizens during my term at the Council Board.

Sincerely,

LAURA HALIBURTON MOORE.

Continued from Page 2.
bridge, N. S.

Vice President—Johnson Cameron, Stellarton.

2nd. Vice Pres.—Rev. R. L. McDonald, St. Peters.

Directors—Walter Churchill, Yarmouth; Aubrey G. McKay, Stellarton; A. N. Griffin, New Minas; A. R. Richardson, South Bar, C. B.; Hugh Dickson, Onslow.

Representatives on Provincial Exhibition Commission; S. A. Logan, Amherst; William O'Brien, Windsor Forks.

Legislative Committee—R. J. Messenger, Lawrencetown, S. A. Logan Amherst.

Auditors—Prof. J. M. Trueman, Truro, and Prof. J. P. Landry, Truro.

The Secretary-Treasurer, will be appointed by the Directors at a subsequent meeting of the Board, and they will also select the place of meeting for the 1921 convention.

A resolution was passed to the effect that the Association was opposed to any so called Daylight Saving law being enacted.

Another resolution protested against the railways inducing farm help to leave the province to assist in Western harvests.

A third resolution adopted was one urging upon the representatives at Ottawa the claims of this Province to a share in Western School lands, so that our schools might be more satisfactorily maintained, as many of our school sections were too sparingly settled to afford proper and sufficient support for the upkeep, and that pending such action on the part of the Dominion Government the Government of Nova Scotia be asked to supplement the present allowances to teachers.

The Association also went on at Halifax at the earliest possible date, and that the plant be gradually added to until a complete plant is ready for the 1924 Exposition.

Another resolution adopted was one urging the honorable Minister of Agriculture, and the Honorable the Minister of Railways at Ottawa, to take measures that will insure the early establishment of a modern cold storage plant at the Ocean Terminals at Halifax.

The Association is not satisfied with the way the Public Utilities Commission operates, claiming that in the telephone matters, the Telephone Company is always represented before the Board by a paid official of the company, while the public has to fight its own battles, so they resolved to appoint a suitable person, whose duty it should be to look after the interests of the members, and appointed a committee to select a suitable person, and to fix the amount of remuneration he should receive.

The Association also feels strongly in regard to a Provincial Exhibition, and a resolution was adopted recommending that some Exhibition facilities be provided

D. J. Murphy, the newly appointed Industrial and Colonization official for the D. A. R., gave a synopsis of what the new department hoped to, and was going to do, with regard to getting people from England and other countries to settle on the land particularly in the Annapolis Valley. He advocated the settling of colonies of these people in available situations, where they would be together and feel more at home. He invited the co-operation of the members of the association in facilitating this work.

At this point the chair was vacated by Mr. Nicholson, and his successor, J. Howe Cox, was conducted to the chair. He briefly acknowledged the honor done him. A unanimous vote of thanks to the retiring president brought the 1920 convention of the Nova Scotia Farmers' to a close.

An Island Where Deer are Safe

Listening to the Barking of Hounds on a Distant Island.

Taking an Apple From the Fingers of a Visitor.

The deep music of a deerhound's voice came faintly down the wind, shortly it blended with the sharper voice of a hunting Airedale. The scream of a hungry cougar is not more terrifying to the timid deer of the British Columbia coast than the bay of the hounds on the trail. When they hear it they get up and go straight for water.

The little spike buck, born a few seasons before on the rugged, forest-clad coast of the Pacific province lifted his head. His eyes and his ears, his very pose displayed the high tension of his taut nerves. He looked into the forest of the island on which he stood, and he saw nothing alarming. He turned and stared across the water toward Nelson Island. The only thing that caught his eye that did not denote fearful nature in primitive grandeur was a smudge of smoke that smeared the horizon and showed that a C.P.L. coasting steamer was outbound from Powell River. Then the boom of the hound's voice rolled again across the waters from Nelson Island. The deer moved nervously, looked all round again—and calmly bent his

head to bite a mouthful of grass. He was safe. He was on Hardy Island.

Hardy Island is the city of refuge to all the deer that know about it. Three years ago it was good hunting grounds. To-day it is taboo to men with guns, and hell pops, as the saying goes, if men with both guns and dogs appear. It is unlawful to hunt deer with dogs in British Columbia, but it is still done in certain districts, in spite of law. Two years ago, or perhaps slightly more than that, Mr. C. J. Leyland of England purchased Hardy Island, a gem of land situated just off Nelson Island at the mouth of Jervis Inlet. He bought it to experiment with British trees in the B.C. climate. There were 2,600 acres of rich lands and forests, and there was a good orchard. He placed a watchman, Tom Brazil, on the property and did no more toward development, preferring to await the end of the war. Brazil, a lover of animals, caught two of the wild deer that frequently swam to the island from the other nearby lands. He tamed them.

They in turn brought other wild ones. Many of them had been run to water by dogs and took refuge on Hardy Island. There, seeing how intimate the original tame pair were with the man who controlled the orchards where the luscious apples grew, the wild newcomers gradually grew intimate too. To-day a herd of thirty deer, most of them born in wildness, respond to the voice of Tom Brazil when he calls. Some of them will step forward from the herd when called by name. They have no fear at all of man, when on Hardy Island. Sometimes they swim to other parts of the coast, and range about a bit, but they come back, often fazed from some fierce run and swim. Tom Brazil's herd is becoming a by-word on the coast, but no dog and no man dare brave what might happen should he try to hunt on the island of refuge. So the deer are fat, are bringing new little lives into the world, and are adding to their numbers by recruit volunteers from the wild ranges where such safety is not known.—L. V. K.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

 At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Back from France

Many Wolfville friends of Mr. Gillmore will be interested in the following taken from a Boston paper:

Many relatives and friends of Mr. Robert S. Gillmore, of Jersey street, Back Bay, extended him a most cordial welcome home, when he arrived here from New York on Tuesday, Jan. 13th having sailed from France on the U. S. S. George Washington, which docked in New York harbor Monday, bringing over the last of the American soldiers and sailors, after fourteen months' continuous service as Secretary for the Y. M. C. A.

Mr. Gillmore, who has been stationed at Brest the greater part of the time, assisted in arranging the details necessary for the departure of over 1,000,000 members of the American Expeditionary Forces, and became very popular with his fellow countrymen and the French people, as the many messages of good will and souvenirs presented him testify. Previous to his departure from home he paid a brief visit to northern France, Germany and Belgium, and his vivid descriptions of conditions in those countries are intensely interesting and thrilling.

DR. A. W. CHASE'S CATARRH POWDER 25c.

It requires a whole lifetime in which to become wise, but a man can make a fool of himself in a minute.

His Death Expected

New Brunswick Man Saved

Mr. Isidore Thomas, of Tilley's Road, Gloucester County, N.B., while expecting death, availed himself of help that was offered at random. Here is part of a letter he wrote to us:—

"I beg you to publish my letter, so that people may know what Gin Pills did for me. My case was very serious. I was so sick everybody expected my death any day. Finally, on advice from friends, I tried Gin Pills, and in a short time was well again, and soon had gained 20 pounds."

Kidney and bladder troubles, very often, work in secret ways. A bad condition may exist, with only a backache to indicate it. That is why the slightest pains in back or sides should be investigated. These pains, along with sciatic neuralgia, rheumatism, dizziness, constipation, lassitude, lumbago, highly-colored urine, headache, floating specks before the eyes, gravel, indicate kidney trouble. A course of Gin Pills, taken at once, will give relief, and prevent the progress of the disease, enabling the organs to right themselves and restore good health. Gin Pills are the sure, safe, quick remedy. Get a box from your druggist or dealer—50c. Money refunded if no relief found. Send for free sample.

The National Drug & Chemical Co. of Canada, Limited, Toronto, United States Address, Na-Dra-Co., Inc., 202 Main St., Buffalo, N.Y. 257

Mind's Linctum Cures Distemper.

Old Home Summer

One of the principal objects of the OLD HOME summer movement is to give an incentive to every town of the Province to modernize its town, make it as progressive as possible, stimulate industrial growth, beautify its streets, parks, cemeteries and private grounds, and make it as attractive as possible in every way in order that a large number of the visitors coming to Nova Scotia in 1924 will find many features in the Old Home Town to induce them to remain, or at the very least, to come back the following year. At the same time these improvements will make the towns more attractive for those living in them. They will hold out greater inducements in order to keep the young people from going away, and they will stimulate a general industrial development.

North Sydney has been the first town to publicly move along a definite line with this object in view. Mr. A. C. Thompson of that town was nominated as one of the Executive to organize this great forward movement for Nova Scotia. Immediately on his return to North Sydney after the recent Provincial Conference, the Town Council held a meeting and Mr. Thompson succeeded in having that body pass a bill providing for the purchase of hundreds of trees, which are to be set out along the main thoroughfares of North Sydney next May, the month which was proposed at the Conference to be a great Arbor Month for the improvement of all towns in Nova Scotia. North Sydney will also engage a practical man to make a survey of the town in order that the work for the next three and four years will be along well defined lines of improvement and preparation for the Old Home Summer.

There is in this a splendid example to all the villages and towns of Nova Scotia.

The idea is to have a general Arbor Month during May of each year, the work that month to be carried on the following Autumn and every Autumn and Spring between them and the Summer of 1924, when the great forward movement will materialize.

A series of colds have been going around lately, and on every side we hear the sneeze that calls to our mind the old rhyme of the English of the North Country:—
 Sneeze on a Monday, sneeze for danger,
 Sneeze on a Tuesday, kiss a stranger.
 Sneeze on a Wednesday, sneeze for a letter,
 Sneeze on Thursday, you get something better.
 Sneeze on a Friday, you sneeze for sorrow,
 Sneeze on a Saturday, love comes on the morrow.
 Sneeze on a Sunday, you'd best safety seek,
 The devil will have you the rest of the week.

CASTORIA

For Infants and Children
Use For Over 30 Years
 Always bears the Signature of *Chas. H. Fletcher*

To wind the great clock in the tower of the British House of Commons it formerly took two men working three afternoons a week. An electric motor now completes the task in twenty minutes.

Foreign Lady in a pharmacy: "I vant some powder." "Mannen's?" "No, vimmen's!" "Scented?" "No, I will take it mit me."

"I Wonder Would It Help Me?"

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

50 cents a box, 6 for \$2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

The publisher of the best farmers' paper in the Maritime Provinces is writing to us stating:

"I would say that I do not know of a medicine that does more for me in time like MINARD'S LINCTUM. It has been an untiring remedy in our household ever since I can remember, and has outlived dozens of would-be competitors and imitators."

 WOLFVILLE

It is announced officially that the British have a new projectile which is capable of piercing any armor plate. This will act as a great stimulus to Americans to find a new armor plate capable of resisting any projectile. And so the merry competition between what is offensive and what is defensive goes on indefinitely.

Children Cry FOR FLETCHER'S CASTORIA

Canning News

On Monday of last week there passed away at his home in Canning, one of our best known and respected citizens, Mr. John Kinsman, for many years buyer for Herbert Oyler and Co. Mr. Kinsman was a son of the late Ebenezer Kinsman, of Upper Dyke Village, and less than a year ago, sold his farm in Canard, purchasing the property of the late Captain Baxter Potter.

Mr. Kinsman was a man beloved by all who knew him, for his kindness of heart, and gentleness of manner, and his death, following a few days illness, has cast a gloom over the entire community. Mr. Kinsman is survived by his wife, formerly Miss Bessie Harris, of Canard, and one daughter, Harriet, the wife of Henry Blachard, of Saxon St., also a son, Mr. Joseph Kinsman, of Upper Canard. His brothers are, William, of Sheffield Mills, and George who resides in the States.

Mrs. Charley Cox, was the hostess at last week's meeting of the "Canning Art Club", a delightful evening being spent.

"The Canning Musical Club" held its weekly meeting on Friday evening in the Armories, the president, Rev. Mr. Friggins occupying the chair. The speaker of the evening was Mr. Ernest Robinson, who gave an interesting and instructive lecture on the "Origin of Language". The musical programme under the direction of Mrs. A. D. Pazant, was a delightful one.

Miss Sarah Baxter is spending a few weeks in Boston, the guest of her sister, Mrs. Robinson.

Mrs. Don Sutherland, of Halifax, is the guest of her sister, Mrs. Begg, wife of the manager of the Bank of Nova Scotia at Canning.

The burning of the mortgage of the "United Baptist Church," Canning, took place on Wednesday evening, Jan. 28, the Rev. Mr. Crowell occupying the pulpit. It must indeed be gratifying to the pastor, Rev. Mr. Barbour, and to his congregation to see such splendid results of their labors, and the future of this church should indeed be a bright one.

Canard News

Miss Florence McKay, of Halifax, is the guest of Miss Bessie Harris, of Upper Canard.

Mrs. Leonard Clark, of Saxon St., passed away on Monday, of last week, at Lower Canard. In her death Canard has lost one of its most beloved and respected citizens.

Port Williams News

"The Lily of the Valley" Division of Port Williams entertained the members of the Canning Division on Monday evening, Jan. 26, about forty guests being present. Though the thermometer registered low the spirits of the young people were at the highest and a delightful evening was spent.

The programme was as follows:
Recitation—Sister Kennicle.
Reading—Sister Reynolds.
Dialogue—Messrs. Murphy, McKinnon and Kinsman.
Piano Solo—Glennie Parker.
Monologue—Brother McKinnon.

Dialogue—Brothers Murphy, C. Newcombe, R. Newcombe, Harry Crosswell, Sisters Jennie Coggwell and Davis.

The school and church census taken by the members of the class in social service at Acadia on Friday last, was most successful. The workers were well received generally and given the necessary assistance to enable them to get together most valuable data that should be useful in coming days. Miss MacIntosh, who has charge

of this branch at the College, is not only deeply interested in her subject, but as well in the betterment of social conditions in the community. She deserves the thanks of our people generally, as well as every assistance that can be rendered the undertaking. THE ACADIAN will await further development with interest.
