### ACADIA'S ANNIVERSARY

Another college year has drawn to a close and the many students of both sexes whose presence has added materially to the towns activity during the past winter have taken their departure for their respective homes. It is a pity that these young people are deprived of a residence in Wolfville during the good old summer time when conditions here are at their best. Wolfville is then particularly attractive, when the hottest weather is always tempered by the cool breezes which daily accompany the incoming tide. Some day Acadia will provide summer courses for the benefit of those who desire to do post graduate work and qualify in special subjects.

The present closing has been exceedingly interesting and has been attended with many pleasing incidents. There has been the usual large attendance of the friends and supporters of the university, and while the season has been a backward one the many spring-time attractions of Wolfville have been favorably commented upon by visitors. Unfortunately the earlier date at which these closings are held in recent years prevent those who attend from enjoying the beauty and sweetness of the apple-blossoms and the rich verdure of dykeland and meadow, as of yore.

It was indeed good to welcome back to Wolfville the graduates of former days as well as the hosts of friends of the institutions of which they are justly proud.

An important feature of this year's proceedings was the laying of the cornerstone of the new college building, which is now well on in its construction and which already gives promise of becoming a handsome and imposing structure. All the students who have said good-bye to their alma mater and gone forth to take their place in the affairs of the "wide, wide world" we would follow with all good wishes, and to those—the larger number—who will be back at Acadia next year, au revoir.

### FLY THE FLAG

While circumstances made it impossible for such an observance of Victoria Day in Wolfville this year as its citizens would have liked, there was really no justification for the meagre display of bunting which prevailed in town on Saturday. Flags from only a few poles gave evidence of the loyal regard entertained by our people for the memory of good old Queen Victoria.

The matter of flag flying might very profitably engage the attention of Nova Scotians to a considerably greater extent than is apparent. We are so prone to congratulate ourselves on the fact that we do not belong to a nation of "flag-wavers" that we go to the opposite extreme and fail in giving proper respect for the flag that represents so much in our national life.

The psychological effect of a proper display of the flag upon the average human being is noticeable. People appear to brighten up and look upon the world with new eyes. Pessimism is dispelled and new courage inculcated. If more of our people would purchase flags and make it a point to raise them every morning they would create some enthusiasm that would last throughout the day and do incalculable good.

In a few weeks now our town will be thronged with summer visitors many of whom will come from the neighboring republic where we sometimes think that the flag loses dignity by a too profuse familiarity. Naturally these summer people will wonder at our seeming failure to appreciate due to the privilege of British and Canadian citizenship. Maybe they will question our loyalty to the flag and our devotion to our country. Let us show them in the coming days that, with no desire to inflict our opinion upon them, we realize our heritage and love the flag to which we owe so much.

### ALCOHOL AND GASOLINE

Unfortunately this fair valley has a few citizens who believe it their right and privilege to get loaded up at a government liquor store or from the bottle of some bootlegger and speed along our highways without thought of other motorists or of pedestrians.

The Victoria Times commented on a recent Seattle speed maniac tragedy in its editorial column and the editorial is reproduced here in the hope that it may reach some of the few speed maniacs of the Annapolis Valley.

The Victoria Times editorial reads:  
A family of seven set out in their motor car from their home in Los Angeles on a holiday trip to British Columbia. In Seattle Sunday night the sixteen-year-old son went for a drive around town, with two friends and visited a bootlegger.

An hour later the family car had been wrecked and the son was in jail on a man-slaughter charge. With his brain crazed he drove his car full speed into a crowd coming out of a theatre. He hit one man so hard he sent him whirling in the air. The man had been killed instantly.

Even after that the youth drove furiously down a traffic crowded street until the ride came to an end when the car had a wheel torn off in turning a corner and was smashed against a bulkhead. The holiday tour has ended with the mother visiting her son in jail.

No safe way has yet been found of mixing alcohol and gasoline outside of the laboratory.

### A GREAT NOVA SCOTIAN

The proposal is made by the Boston Post to erect a monument on some vantage point on the harbor to the memory of the great Nova Scotian designer and builder whom it credits with the "making of American shipbuilding respected the world over". Donald McKay is only one of a host of provincialists who in the land of their adoption have rendered valiant service in the building up of the great American republic. Had their talent been given opportunity for development in their native land Nova Scotia would have been the gainer. It is with just pride that we hear of the recognition of their worth by a foreign country. Realizing that as Nova Scotians and not as "Americans" their names should go down in history, THE ACADIAN would suggest that in the homeland provision should be made for making a permanent record of their achievements. If as the Post urges "Boston should not permit the memory of the King of American ship builders to grow dim" the fact that he was a Nova Scotian should not be allowed to be forgotten by the people of his native province.

### THE LEADING EDUCATOR

Criticism is sometimes heard regarding the intelligence displayed by post-office officials in the handling of mail matter entrusted to their care. This work is a most responsible one and demands a wider knowledge along general lines than is necessary in most other occupations. Our experience is that as a general rule those who engage in this most exacting service measure well up to the demands made upon them.

A case in point came to our notice one day last week, when a letter arrived at the Wolfville post-office addressed to "the leading educator". This town being essentially an educational centre it might have been expected that the delivery clerk would have been perplexed as to the destination of this communication. Nothing of the kind happened. The letter was promptly placed in the drawer of THE ACADIAN and in due course reached the editor's desk.

Our office dictionary defines an educator as one who "forms and regulates the principles and character of", and what other agency functions in this particular to the same extent as does the local newspaper? The influence which it exerts upon the life of its constituency is of necessity beyond that exercised by any other individual or institution, and its value to the community, when properly directed, is greater than may be estimated.

### ACADIA DRAMATIC SOCIETY

### ACADIA ORCHESTRA GIVES SPLENDID CONCERT

The concert given by the Acadia Conservatory Orchestra last Thursday evening, in the Baptist Church, was a splendid performance and reflected much credit on the conductor, Mr. Carl Farnsworth. It was to be regretted that the attendance was not larger as the program given was deserving of a much larger patronage. The selections by Mr. W. A. Jones, tenor, were also rendered most effectively and were much appreciated. The program was as follows:

- Recitative, "Thanks to my Brother" . . . . . Handel

### ROBINSON CRUSOE'S GUN

Weapon, Hidden for Many Years, Comes to Light.

LONDON, May 17.—Robinson Crusoe's gun has again come to light in London after many years in mysterious hiding. It is now in the possession of Mrs. Julie Bersing, a well-known London American, but she will not say from whence she obtained it. That it is genuine appears beyond doubt for it has been examined by several experts. It is an old flint lock musket, with the name of Alexander Selkirk engraved upon the barrel and the date 1701. It was upon Selkirk's adventures that Daniel Defoe based his classical romance. So pleased was Mrs. Julie Bersing with her acquisition that she gave a "Robinson Crusoe dinner" at the Savoy to celebrate it, the gun being laid upon a silken cushion in the middle of the table.

THREE OLD ACADEMY BOYS

Address Delivered by Dr. J. H. MacDonald to the Graduating Class of Acadia Academy

This Academy is just now completing 95 years of history. During that time it has made a notable contribution to Canada and to the world...

The Embarrassment of Riches To introduce worthy and distinguished men is always a pleasing duty...

The names of the clergymen alone who have gone out from these halls in legion. Among them you will find such men as Edward Manning Saunders, David Allan Steele, William S. Mackenzie...

If I were to call the roll of distinguished missionaries who have taken their preliminary studies here, my difficulties would be even greater. Here are samples of Academy boys who fulfilled their mission beyond the seas...

In the medical profession the Academy has been to the forefront. Among its distinguished sons you will find the names of Hon. Daniel McNeill Parker, so long honored and revered in this Province...

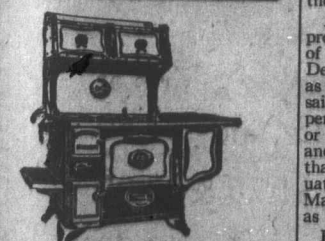

When I undertake to point out how the Academy stands in the field of education I am even more embarrassed. These flashes before me a vision of eminent teachers and administrators...

If you are interested in following the career of your fellow-academicians in the realm of finance, I would point you to John Y. Payzant, so well-known in this country; Charles R. Higgins, of Idaho; Oregon; M. Haddon Maclean, Chicago; and Henry T. Ross, Secretary of the Canadian Bankers Association, Toronto.

The Academy has also made its place in the world of letters. The name of Theodore Harding Rand stands out prominently among Canadian poets...

Or would some one have me call the roll of soldiers, time would fail me to tell of their number and their gallant deeds. If you go into St. Paul's Cemetery, Halifax, you will find opposite the Government House the Parker-Trotter Monument...

ENTERPRISE MONARCH STEEL RANGE

Made in the Maritime Provinces for Maritime cooking. Like the thoroughbred it is, it answers to the lightest touch of the hand that guides...

ENTERPRISE MONARCH STEEL RANGE

Sold in Wolfville District by L. W. SLEEP

Nearly 300 Academy students were with the colors. Among them Victoria Cross. I will mention one only out of a host of others with records of undimmed lustre...

And lest someone should think I have slighted the old girls of Acadia Academy, let me flash upon the screen the portraits of Dr. Annie Marion MacLean, a member of the faculty of the University of Chicago and a writer of note...

You are beginning to appreciate my difficulty in the task of making a selection of THREE OLD BOYS, out of this great number. Mine is not the embarrassment of poverty, but of riches...

The Academy was founded in 1828 and opened the following year. That was nine or ten years before the founding of the College and long before the Seminary was dreamed of.

Tupper, a boy of 16, entered the Academy, in the summer of 1837, the year Queen Victoria ascended the throne.

He spent two years here. He began the study of Greek in a class by himself. In a few weeks he was able to join the class in New Testament Greek...

He approached the Principal one day with a problem in compound fractions which had given him trouble. The Principal spent some time over it, erased his figures and handed it back to the student to work out for himself.

Tupper threw his text book into his desk and never looked at it afterwards. He said he had too much respect for his principal to try to excel him in arithmetic.

Tupper studied medicine in Edinburgh University and began the practice of his profession in Amherst, N. S. But he had not gone far before he heard the call to politics...

sides filling for a time the office of Prime Minister of Canada, he occupied no less than half a dozen portfolios in the Canadian cabinet and was closely associated with all the initial movements which laid the foundation of Canadian nationality. He did not possess the diplomatic grace and bonhomie of his Chief, but he surpassed him in courage and constructive statesmanship.

Parker entered the Academy in 1835. He was among the number of boys who took an active part in planting those sturdy and graceful trees which adorn the College grounds and park. The Academy boys went up near Kentville, selected their trees and brought them down the Cornwallis River in scows, and transplanted them where you see them today.

Parker proceeded to Edinburgh and took a medical course in Edinburgh University and in the Royal College of Surgeons. He found his old Academy friend Tupper there before him. Both careers at Edinburgh. Both of them were gold medalists and prizemen.

Parker returned to Halifax and began the practice of his profession and continued in that practice for fifty years, during which time he came to be recognized by his fellow-practitioners as Dean of his profession. He was the first physician in Nova Scotia, perhaps in Canada, who used anaesthetics in a surgical operation.

Dr. Parker was equally eminent as a philosopher and friend of his patients. He was actively interested in every worthy cause. He gave unstintingly of himself and of his means to advance the common weal. Indeed, he looked in vain to find a man who more nearly approached the ideal of a professional man, Christian citizen and courtly gentleman.

He was among the first Canadians to advocate in a practical way the federal union of British North American provinces. His name will be remembered as one of the foremost among the Fathers of Confederation.

Baptist Maritime Convention. He served for many years as a member of the Legislative Council of Nova Scotia and was awarded the Prince Albert Medal in recognition of his valued services in connection with the First World's Industrial Exposition, London, under the patronage of the Prince Consort.

Professor Charles Frederick Hartt Scientist Hartt was born in Fredericton, N. B., in 1840. When he attended the Academy his father, Mr. Jarvis Hartt, was Principal.

Charles Frederick Hartt was one of the most versatile of boys who ever attended this institution. He excelled in music, art and languages. He did not permit himself to be within the bounds of any prescribed course of study. He was interested in so many things that his friends feared he would never excel in anything.

He was interested in so many things that his friends feared he would never excel in anything. But Hartt was pre-eminently a scientist and ultimately gave himself to Geology. In addition to his Academy work, he went through the University. (Neither Tupper nor Parker took University work).

After leaving Acadia he pursued postgraduate work at Harvard and accompanied the renowned Agassiz, his teacher, to Brazil on two expeditions of scientific research. He visited that country later on two geological expeditions and for a time settled down as head of the department of Geology of Cornell University.

In 1875 he was called by the Emperor of Brazil to undertake one of the greatest tasks ever committed to a man of science, namely, to make a geological survey of the Empire of Brazil, a country containing 3,288,000 square miles of territory and most of it virgin soil to the geologist.

For three years he pursued his task as chief of the Geological Commission of Brazil, till his career was suddenly ended by a fatal attack of yellow fever, at the early age of thirty-eight years. (Parker lived to the age of 85 and Tupper attained the advanced age of 95.)

Before his death he published three valuable treatises. The Geology and Physical Geography of Brazil, Brazilian Antiquities, and The Mytology of Brazilian Indians. Scientific literature was also enriched by numerous articles from his pen.

Dr. Derby, who succeeded him as chairman of the Commission, characterized Hartt as "the most active, professional, versatile and disinterested investigator who ever set foot in Brazil. His contributions to geological and archeological literature outweigh all the rest put together."

Altho' spending only vacations in the Maritime Provinces, he made valuable contributions to our geological (Continued on Page 7.)

THE growth of the Bank of Montreal has closely coincided with the gradual development of Canada from a small colony to a great Dominion.

In the Bank's westward advance to the Pacific Coast, one of the important links in its transcontinental chain of Branches was formed in 1878 at Winnipeg, when the Bank opened its first Branch west of the Great Lakes.

This forward step, taken seven years before railway communication was opened up between Montreal and Winnipeg, made available to the incoming population on the prairies the stabilizing co-operation of a strong, conservative and at the same time energetic financial institution.

Of the Bank's 567 Branches, 12 are situated in Winnipeg and 180 in the Prairie Provinces, including Winnipeg.

Some of the pupils of the Wolfville School are competing for a prize offered by the Sir Robert Borden Chapter of the I. O. D. E. on the subject of "Wolfville".

"Hundreds of years ago Wolfville was inhabited by barbarous tribes of Indians, whose food consisted chiefly of wild animals."

AN ECHO FROM THE PAST

Attached to the C. E. Lockwood store (which is now the post office at Canning) when on its original foundation opposite Mr. Lockwood's residence, was a long building with an entrance to Morton Sterling's (afterward J. E. Heninger's) Jewelry store, and an entrance to the carpenter shop operated by James

E. Sharp who made doors and sashes and taught Will Northup, J. Levi Eaton, Elisha Burbridge, Jr., and others, the trade. This was from the early sixties to the early seventies when Mr. Sharp took a position with the Windsor Furniture Company and moved to that place. He lived in the old D. M. Dickie house, the site of which is now occupied by C. R. Dickie's home, his children William, Edward and Herbert attending school in the old Seminary. The family is recalled to memory by notice from Windsor that the second son, Edward, aged sixty-four years, was buried in Maplewood Cemetery there on May 20th, the body being brought from Truro, where he and his mother have been residing with his brother Herbert of the Truro News Printer. William lives in New York. The father, James E. Sharp, who was a robust man, died some years ago. The mother, who was considered a delicate woman, is living but quite ill at this time. It was Mr. Sharp who marked to the Rev. Keen on a frosty winter morning that the weather was quite Keen and received the reply that it was a little Sharp.

FAREWELL RECEPTION TO MRS. REID PELTON

A delightful reception in honor of Mrs. Reid Pelton was held at the home of Mr. and Mrs. L. M. Ward, Friday evening, by the Women's Missionary Society and the Debt Destroying League of United Baptist church, Canning. More than sixty gathered to bid farewell to Mrs. Pelton, president of the Women's Missionary Society, who leaves June first for Boston to join Mr. Pelton, where they will in future reside. The rooms were very lovely with flowers. Mrs. Ward being assisted in receiving by her daughter, Miss Ona Ward. Mrs. Payzant Cox, on behalf of the Women's Missionary Society and the Debt Destroying League, presented Mrs. Pelton with an address of appreciation which was accompanied by a beautiful amethyst and pearl brooch. Mrs. E. F. Avery assisted in the presentation.

Mrs. Pelton, entirely taken by surprise, expressed the joy that had been hers in joining with us in our church, social and community life during the past five years, and thanked the Women's Missionary Society and the Debt Destroying League for their beautiful gift.

Vocal solos by Miss Isabel Meek, Mrs. Herbert Ellis, accompanist, were then enjoyed and a social hour spent, after which supper was served, those assisting being Mrs. L. M. Ward, Miss Ona Ward, Mrs. E. F. Avery, Mrs. A. C. Sheridan, Mrs. William Melvin, Miss Marion Eaton, Mrs. George Jordie, Miss Ruth Bigelow, Master Budgie Ward, Miss Nellie Eaton, Miss Isabel Meek, Miss Heisler. The evening, which was brought to a close by the singing of Auld Lang Syne, will long remain in the hearts of all. "Thank God for Tea! What did the world do without it—how did it exist? I am glad I was not born before Tea." Thus wrote the brilliant Sydney Smith in the early days of the nineteenth century, and countless thousands have echoed his sentiments since. But if Sydney Smith could so enthuse over Tea as it was then, what would he say of it to-day, when science in growing and art in blending have brought your cup of Tea to such a high point of perfection.

And what would he think of to-day's cost? At an incomparably lower price you are able to enjoy Tea of a deliciousness Sydney Smith never knew or imagined.

THREE OLD ACADEMY BOYS

(Continued from Page 3.)

Because of these contributions Sir William Dawson gave the name of "Hartill" to two rocks in N. B. and also to two in N. S., whose history Prof. Hart had traced.

Some of you may be encouraged to know that for figures and for fiction Hart had no taste. He was a scientist, one of the ablest this country has ever produced.

The Traditions of the Academy I realize I have given you a very inadequate introduction to these eminent sons of the Academy, and I have no doubt there are those present who wonder why I have not mentioned other things which I am connected with their careers.

What do other eyes see?

Ask and answer this question honestly

Your mirror can tell you what other eyes see—if you will consult it honestly, and honestly accept its judgment. But you need not fear its verdict. Because unlovely skin need not remain unlovely. The alluring youthful complexion Nature gave you may be yours today. Millions of women now follow this simple rule to keep the radiance and beauty of schoolgirl complexion. You can, too.

Just this Cleanse the skin regularly, as Mother says, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin. Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse—and repeat the washing. Then rinse again. Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

The simple, and correct way You cannot find a more effective beauty treatment. Because Palmolive Soap is blended of fine palm and olive oils—famous for mild

but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive. Be sure you get Palmolive—which is never sold unwrapped. All dealers have it. After even a short period of this treatment you will see a marked improvement in your skin. Many now use Palmolive for the bath—letting it do for the whole body what it does for the face.

## PORT WILLIAMS AND VICINITY

Miss Alice Lockwood, of Halifax, is visiting her mother, Mrs. Margaret Lockwood.

Mrs. A. K. Gates spent Victoria Day with her daughter, Mrs. (Rev.) J. W. Meisner, at the Parsonage, Falmouth.

Miss Marguerite Bancroft, of Annapolis, is the guest of Mrs. Bedford Chase.

Mr. Fred Cogswell and Miss Claire Cogswell motored to Halifax on Friday to spend the holidays.

Mr. Francis Daniels, Royal Bank staff, spent Victoria Day with his parents in Lawrencetown.

Mr. and Mrs. Edson Griffin are receiving congratulations on the arrival of a baby girl on Saturday.

Miss Rita Hiltz spent the holiday with her parents in Lawrencetown, Halifax Co., returning to her school work on Monday morning.

There was no preaching service in the Baptist church on Sunday that all might take the opportunity of hearing in Wolfville Prof. A. L. McCrimmon, of Toronto, in the morning, and Dr. Poole, of St. John, in the evening, deliver their inspiring addresses.

It was quite an event in our public schools on Thursday when Drs. Grant and Elliott, representing the medical fraternity, with Drs. Eaton and Roach, dentists, accompanied by Miss Harry, V. O. N., arrived on a tour of inspection. Judging from the anxious look on some of the faces, the children thought their last day had come. However, the examination was quickly over, their throats and teeth for the most part being found in fairly good condition. This is another instance of the beneficial work being done under the patronage of the Women's Institutes.

It was with regret that old friends heard of the death at New Ross, on the 14th inst., of Isaac F. Lantz, who for many years was a resident of this place, living in the house now occupied by Geo. H. Gates. He was a man upright and honorable in all his dealings, a good citizen, a kind father devoted to his family of whom his widow and five children survive. B. G. Lantz of Port Williams, his eldest son, was with him the last few days till death released him from terrible suffering, borne with Christian fortitude and patience. He was a faithful member of the Baptist church and while here a valued member of its choir. He loved music and will be at home with the Choir Invisible. The Gates Bros., J. L., A. K., S. L., and G. H., of Port Williams, are nephews of the deceased.

## GREENWICH

Mrs. Emma Harvey and Mrs. James E. Forsythe have the sympathy of friends, they having lost their only brother, Mr. Isaac Lantz, of New Ross, who died recently at his home, an aged man.

Mrs. John Fenwick recently spent the day in Windsor with relatives.

Mrs. Emma Harvey visited in Kentville at the home of her daughter, Mrs. Maurice Williams, a few days last week.

Mrs. Ernest Johnson and Mrs. Herbert Johnson were hostesses at "afternoon tea" at the spacious home of the latter last Wednesday afternoon from 3 to 5. A large number were present and enjoyed a very pleasant, informal, social time. The Misses Jennie and Mary Johnson, also Mrs. Byrd Rand and Mrs. Enoch Bishop, of Wolfville, all former Greenwich girls, were also present and their old friends enjoyed meeting them again. The rooms were most effective with the decorative touch of bouquets of beautifully colored tulips and narcissi of different varieties, all grown in the garden of Mrs. H. D. Johnson.

Mrs. Arthur Johnson, of Wolfville, poured tea and the dainty refreshments were served by four of our young ladies.

Mr. Omar Pudsey is very ill and confined to his bed, suffering from a severe attack of sciatica rheumatism. His friends sympathize and hope for him a speedy recovery.

Mrs. Byron Cox, who has been ill in bed for a week, is now much improved and able to be out again. Her friends are pleased to know this.

Mr. Humphrey Bishop, who has been a "shut-in" ever since his bad accident last fall, is now able to go out in the automobile, and recently was a guest at the home of his son Lee. He can also walk around the house to some extent, altho not easy. His many friends are very glad for him. His great improvement is very noticeable, and with the warm weather we all hope for more steady and sure recovery to his usual health.

Mrs. James Robertson, of Kingston, and three children, were guests at the home of her brother, Mr. George Bishop, the past week, returning home on Monday morning. While here she also visited other relatives. Mrs. Robertson, as a former Greenwich girl, is always welcomed here by many friends.

Miss Joyce Harvey, who has spent some time in Hantsport at the home of her grandfather, Mr. C. C. Brown, is now staying for a time here with her grandmother, Mrs. Emma Harvey.

A few of our residents enjoyed the holiday, "Victoria Day", by going away in automobile parties, driving through our Valley, some going fishing.

Mr. Murray Forsythe, accompanied by his cousin, Ormond Forsythe, motored through to Morristown on "Victoria Day" where they spent the day guests at the home of friends.

Rev. B. J. Porter, Kentville, preached here at Methodist church on Sunday afternoon. His splendid sermon was enjoyed by those present.

## CLASS DAY EXERCISES

The class day exercises of the graduating class of Acadia University were held in the Baptist church Tuesday morning. The entrance march was played by Carol Chipman and Miriam Coff. The class president, Sidney S. Chipman, gave the opening address, and this was followed by the reading of minutes by the class secretary, Eldred E. Bridges.

After a solo by Amy Knight Prescott, the class history was read by Edith Louise Morse. It was well worded and delivered in an excellent manner.

The class prophecy by Curry M. Spidell, which was very humorous, was in verse.

E. L. Curry gave the valedictory, which was in part as follows:

Four years ago, Acadia was to us but a group of buildings. Today we think of Acadia not as a group of magnificent buildings of brick and stone and granite only, but of these plus "spirit"; we think of our professors not as faculty members only, but as friends; we think of the student body not as a mere aggregation of young men and women, but as personal comrades with common interests and ideals who are seeking to equip themselves for a worthy contribution of service to the world. It is because we have discovered and imbibed the "Acadia Spirit" and have formed these lasting friendships and have so enjoyed the experience of fellowship during these four years that the task of bidding farewell today is one that we could wish postponed for a little.

But we cannot tarry longer. We have been privileged to study here under most favorable circumstances and because of the privilege we owe a debt to the world. The world today is crying out for men and women who have been trained for service, men and women of high ideals, far vision, fine intellect and lofty purpose.

If we are to be true to our Alma Mater and to the ideal of education that she has presented to us, we must heed the call and go out with hearts aflame—lovers of truth, haters of evil, to make "reason and the will of God prevail", and to give unto others that which we have received. Only thus can we increase and hasten our own happiness.

Gentlemen of the Board of Governors: On this occasion we wish to assure you that your attitude at the time of the fire which destroyed College Hall and your subsequent action in inaugurating a program of reconstruction, the results of which are now being made manifest by the splendid building that is rising on The Hill, have created within us admiration and regard for your faith and indomitable spirit and have inspired us to a larger loyalty to Acadia. We would like for you to feel, gentlemen, that every member of the class of '24 is wholeheartedly with you in the great work that you have begun.

Mr. President and Gentlemen of the Faculty: During our four years under your teaching we have discovered that you have not been primarily concerned to acquaint us with facts on a great many subjects, but rather have you sought to develop our intellect by means of assignments that would tend to cre-

## BACCALAUREATE SUNDAY

(Continued from Page 1.)

On account of the showers in the afternoon the service in memory of Acadia's deceased professors and benefactors was of necessity curtailed. The address by Rev. F. H. Beals, which was to have been a feature of the occasion, was cancelled. This service, held under the auspices of the Alumni association, has become an annual event of interest in connection with the College closing.

This year it was in charge of Rev. Dr. MacDonald, who was assisted by Dr. I. B. Oakes and Mr. R. W. Ford. In spite of the rather disagreeable state of the weather a goodly number assembled at Willow Bank Cemetery, where the exercises began, being completed at the old Main street cemetery.

After a brief service which included the singing of a familiar hymn and prayer by Rev. Dr. N. A. MacNeill, of Marsville, N. B., the party was conducted to the resting place of the honored dead, where fitting reference to the departed was made and a sprig of cedar in memory of the past was deposited by those who participated in the service. The graves visited in order were those of Dr. Cramp, J. W. Bairs, Rev. S. W. deBlois, Rev. T. A. Higgins, Prof. A. E. Caldwell, Dr. Sawyer, Dr. Tufts, Dr. Jones, H. Cochran, Mrs. J. W. Manning, Prof. Ernest Haycock, Dr. Crawley, Dr. D. F. Higgins, Prof. Chipman and "Father" Harding. The service was closed by the singing of the hymn, "Faith of our fathers".

The evening service was held under the auspices of the College Y. M. C. A. and was presided over by Mr. E. M. Perry, the president of the society. Rev. Dr. Marshall was present and assisted in the service which was well attended and most inspiring. The talent was Rev. S. S. Poole, D.D., the talented pastor of the German street church, St. John, who delivered a powerful and convincing address, his subject being, "The College's appeal for Manliness", which he developed along lines which make for Christian manliness. The music included a delightful vocal solo by Miss Evelyn Duncan and a selection by the College Women's Quartette.

## THE NOBLE BIG FARM PROJECT A FAILURE

LETHBRIDGE.—C. S. Noble, Canada's largest farmer, founder of the Noble Foundation, Ltd., recently received a full and clear discharge in bankruptcy by Mr. Justice Tweedie of the Supreme Court. The Noble Foundation, Ltd., failed after a determined effort to farm 30,000 acres. It failed because it has been demonstrated again and again that the big farm with the big overhead cannot be made to pay.

Mr. Noble, who is known throughout America as a wheat baron, is now farming 800 acres of land near Nobleford, the little prairie town he founded.

Great lawyers, great physicians, great salesmen, great executives, men of prominence in all walks generally will be found to be courteous. Surely what the best of us find necessary the rest of us should not dispense with.

## UNION JACK ONLY FLAG FOR CANADIANS

OTTAWA, May 28.—The flag to be flown on land tomorrow is the Union Jack and nothing else. There is no new Canadian flag. There has been a lot of misunderstanding because an order-in-council was passed permitting the flying of the Red Ensign on the High Commissioner's Office in London. Such is the statement of Thomas Mulvey, Under Secretary of State, with respect to flag flying tomorrow.

## ALFRED CUDDY

A school girl was required to write 200 words about a motor car. She submitted the following: "My uncle bought a motor car. He was out riding in the country when it busted going up a hill. The other 180 words are what my uncle said when he was walking back to town, but I know you wouldn't like me to repeat them."

KING EDWARD'S VISIT TO HANTSPORT

A very interesting account of the visit of the late King Edward to Hantsport when Prince of Wales, was recently given to the Hantsport Acadian by an old resident of the town, Mr. Rodman Michener. Mr. Michener is one of the best informed citizens of the place on local history having been born and resided practically all his life here. He remembers well the visit of the prince which took place over sixty years ago when he was a small boy of thirteen

### REMARKABLE TWINS ARE IN 91ST YEAR

Mrs. William Shaw and her brother, Jabez Mason of Toronto, are believed to be the oldest twins in Canada. They will celebrate their 91st birthday this month and are both remarkably active. They came to Canada seventy years ago from England, where they were born.

years, and was a big event then as it would be today.

To be exact this memorable event took place in the year 1861. Naturally it created a great deal of attention and the whole countryside was attracted to Hantsport to get a view of the royal visitor.

The cruiser "Styx" landed the prince in Halifax and came on to Hantsport where he re-embarked for St. John. The royal party came by train to Windsor and was driven in an old-fashioned barouche to Hantsport, coming in over the "Holmes Hill". It was a delightful day and when his excellency came in sight of the village, he stopped the driver to admire the prospect. Then as now Hantsport was "beautiful for situation" and the Prince expressed his admiration in unmistakable terms.

Handsomely decorated for the occasion and with the streets thronged by resident and visitors in their best attire, the village presented a scene of unusual activity. Elaborate arches were erected, one at Lockhart's Corner another at the corner near the home of "Uncle Edward" Davidson and another at the wharf, which was surmounted by a miniature full-rigged ship, a correct emblem of the leading industry of the place. This is still in existence. It was arranged that the procession should pass down William street, but owing to a misunderstanding the turn was made at the first corner and the street which has since borne the name Prince in honor of the visit was the route followed on the way to the shore. Here a reception was held and an appropriate address to his highness was prepared and read by the late Warren Beckwith.

It was a gala occasion and our narrator recounted many incidents of interest which appealed to his boyhood nature at the time and which may be made the subject of subsequent sketches in these columns.

EMPIRE DAY CONCERT

A very successful Empire Day concert was given by the Hantsport school in the Empire Theatre on Friday evening, every number being heartily enjoyed. The following programme was rendered:

Play—"The Vegetable Men".

Flag Salute.

Flag Drill.

Presentation of prizes for King's English Drill, Miss Leonore Bishop of Grade VI, winning the Grand Prize for the school with 3920 points.

Fano solo—Ellsworth Morris.

Pageant—"Building the Empire" by pupils of the Primary, Intermediate and Preparatory Departments.

The success of the concert is largely attributed to Miss Gladys Masters, who was the chief promoter. Special mention should be made of the flag drill under the direction of Mrs. D. Fraser, who is in charge of the preparatory department. Mrs. A. L. O. Phillips and Ellsworth Morris were accompanists for the evening. Proceeds for school purposes.

### HANTSPORT EARLY CLOSING

Beginning with the month of June, the stores will close on the following evenings of each week, viz., Monday, Thursday, and Friday, at six o'clock. Wednesday being the usual half holiday, the stores will close at 12 o'clock noon, except in cases where a public holiday falls on an other day, such as the King's birthday, June 3rd, being on Tuesday, stores will close all day and evening, and will remain open Wednesday until six o'clock p. m. The stores will also remain open Monday evening, June 2nd, giving our customers an opportunity of doing their shopping; and that the merchants and clerks may have the pleasure of enjoying the holiday and breathing the fresh air.

### AN INTERESTING PLAY

The Woodville Dramatic Club presented the three act drama, "The Adventures of Grandpa", in the Empire Theatre on Tuesday evening to an appreciative audience. The acting of Miss Emily Leslie, as Our Little Wife, and K. O. Parker, as Montgomery Ray, grandpa's grandson, reflected credit on professionals. Mrs. Cecil Kinson, as Marie Ribeau, the girl from Paris; and Mrs. Roy Porter, as Dorothy May, just out of college, delighted the audience. While R. L. Cochrane, as Miss Pansy Hopsotch, fair, fat and forty, created a great deal of merriment, keeping the audience convulsed with laughter. K. G. White, as Tod Hunter, a gay young dancing master; P. A. Killam, as Grandpa, from Yellow Bud, Ohio; and P. T. Clark, as officer McCormack, left nothing to be desired. Mrs. P. A. Killam as Kloompie, twelve days from

Copenhagen, received much applause. The play was produced under the direction of Mr. Forham, of Kentville.

### BOBS NO CURE, SAYS EXPERT

Will Not Help Falling Hair or Dandruff.

PARIS, May 17.—Bobbing or shingling the hair does not prevent its falling out, nor does it cure any scalp malady. Dr. Bulliard, leading French specialist, today flattened out and ridiculed the customary excuse given by women who cut their hair—that they do it to save it and prevent dandruff or "falling out".

"I know a wife usually tells her husband that she must cut her hair or get bald", said Dr. Bulliard, "but it is untrue. I have made hundreds of experiments by shaving or cutting the hair short from half of the scalp on different subjects, and the cut hair did not recover."

### SLACK TIMES IN THE U. S.

A Nova Scotian who has been in Framingham, Mass., during the past few months, writes home to know what the prospects for work in Nova Scotia. He says times are very dull in Framingham and vicinity and while he has some work, he would be glad to get back home again among his own people. This seems to be a very common story from the United States just now and it will not be surprising if a number of our people are back home again before the end of the summer.

Be a good neighbour and in this way improve neighbourhood conditions. By joint action town and countryside, as it refers to your geographical position, may be much bettered. One ill-kept plot—be it a farm yard or a village lot—can give a black eye to the whole surroundings. A little cleaning up on the programme every week will soon put a shine on. Tastiness don't cost much, but it is a good counter. Try it this spring and summer.

INDUSTRY HELPS FARMER

Realtors at Sydney, C. B., report that owing to the continued steady employment in the Cape Breton coal and steel industries, renewed activity is being experienced in the local real estate market.

Here we have an illustration of the benefits to the whole community of a prosperous industry. Steady employment at good wages means a demand for foodstuffs and manufactured goods.

HELEN OF TROY

Among the disclosures incidental to the exploitation of the ancient tomb of King Tutankhamen in Egypt is that of the reality of sundry traditions which have come down to us through poetic and dramatic illustration.

We may expect that the more complete interpretation of the obscure records contained in these fragmentary documents will establish the impression indicated.

SCREEN GOSSIP

It is stated as quite possible that Mary Pickford may appear in the film version of "Peter Pan". It has always been a pet ambition of Mary's to play the Barrie classic.

Joe Martin, the famous Universal orangutan comedian, has deserted the screen. Famous for years in comedies, and on one occasion for his dramatic acting in "Merry Go Round", when he worked retribution on the cowardly "Huber".

A picture dealing with the life of Theodore Roosevelt has been begun by Alfred Gouling. A reproduction of the Battle of San Juan Hill will be one of the dramatic features of this picture.

Joseph H. Hazelton, who is said to have seen President Lincoln assassinated, and Calvert Carter, another aged actor, who was an associate of Hazelton's in the days of the Ford stock companies, the other day worked in the same film studio.

Following her appearance in "Monsieur Beaucaire" with Rudolph Valentino, Miss Bebe Daniels will be as the saying goes, elevated to stardom.

NEW BRUNSWICK'S APPLE CROP
