No More Post Office Notices

A ruling has been made by the Postmaster General's Department and information sent to all postmasters that 'Lost; Found; Strayed; Stolen' and other notices are illegal. The notice to postmasters is as follows: 'Postmasters are warned against allowing notices other than Post Office Notices to be exhibited in the lobby of the Post Office. The Department is aware that pressure is often brought to bear upon postmasters to exhibit notices of meetings for charitable purposes. 'Lost; Found' notices etc. but it is desirable that the Post Office be given up wholly to the Post Office, in order that official notices of the Department may receive the individual attention which the public interest requires.'

St. Patrick's Concert A Great Success

St. Mary's Choir presented the three act comedy 'A Full House' in the Opera House last night and matinee in the afternoon. Both the afternoon and evening performance was played to a full house and the members of the cast and orchestra are deserving of the highest congratulations on their great success. The cast of fourteen took their respective parts in an exceptionally brilliant manner and the large audience was delighted with the entertainment. The orchestra numbers were delightful and won the commendation of the critical audience.

The comedy will be presented again this evening (St. Patrick's) and a record attendance is expected. The following is a synopsis of the play:—

George Howell, with but two days of his honeymoon over leaves his bride and goes to Boston on a business trip. His mission is to get control of some love letters which his friend, Ned Pembroke has written to an actress, Vera Vernon. Howell has married Otilly a

cousin of Daphne, the girl whom Pembroke intends to marry. In order to keep Otilly, Daphne and the suspicious maiden aunt, Miss Winnaker in ignorance of his mission, Howell tells his bride that he is going to Cleveland. While returning home the train is wrecked and in the excitement Howell unintentionally exchanges his suitcase containing the letters with a professional crook by name of King whose suitcase contains the famous Pembroke jewels which he has just stolen.

Miss Winnaker, the suspicious aunt, causes Otilly to investigate Howell's actions and while examining his suitcase the Pembroke jewels are found. King comes to the house for his suitcase and posing as a detective, he is aided by Susie, the lackadaisical maid but is looked on with suspicion by Parks, the English butler. Mrs. Fleming, owner of the apartment, and Mrs. Pembroke are also deceived by King. The Police are unable to fathom the mystery. Vera Vernon's arrival adds to the confusion.

RED LETTER DAY AT LOUNSBURY CO.

Last Wednesday was a Red Letter day at the Lounsbury Co. Ltd. Garage. Representatives of General Motors Ltd., Oshawa, Ont. were in town giving a demonstration of Chevrolet cars to the sales force of the Lounsbury Company, Limited in the northern and eastern section of New Brunswick.

The party was composed of Messrs. Lorna Ardell, Asst. Sales Mgr. for Canada; W.M. Robertson Advertising Manager for General Motors Ltd.; W. McIntyre, mechanical expert; E.A. Everson, of the sales promotion division; F.R. Daniels, parts and service division; T.W. Dryden, Maritime Representative and C.A. Hall, General Motors A.C. Representative.

At noon on Wednesday the representatives tendered the sales force a delightful luncheon in the Miramichi Hotel which was much enjoyed by all present. In the afternoon Mr. Ardell addressed the gathering on general conditions. Mr. McIntyre lectured on Mechanism; Mr. Everson lectured on Sales Promotion and Mr. Daniels on Service.

During the evening between 8 and 11 o'clock a public demonstration and lecture on Chevrolet cars

was given by Mr. McIntyre in the Lounsbury Co. show rooms and a large gathering of citizens was present. Mr. McIntyre was thoroughly familiar with the mechanism of the Chevrolet car and he was listened to with rapt attention after which the public was given an invitation to inspect the new 1925 Chevrolet models which were on exhibition. The party left Thursday morning on the Maritime express for Halifax, where a similar demonstration would be held. Much valuable information was received from the demonstration and the Lounsbury Co. Ltd. are to be congratulated on their progressiveness and desire to give the very best service possible to their patrons.

Watch Farrah's Windows On Dollar Day

Numerous bargains will be on display to enhance the attraction. Prizes are open to all customers. Be on hand early to make your guess.

INSPECTORS BUSY LOCATING STILL

Custom Excise Officer Stewart and Inspector Quartermain paid a visit to the residence of a man a few miles out of Chatham on Friday and returned with a load of stills which they seized. The outfit consisted of five large and up-to-date copper stills of about 20 gallon capacity, pure copper with large cooling tubes and coils and strainers and other accessories. The stills were not in operation, but were capable of turning out moonshine enough to supply the Province, if properly worked. Proceedings will be taken under the Inland Revenue Act.

One of the most modern and up-to-date stills which has ever come into the hands of the provincial prohibition enforcement staff was that seized last week at Chelmsford Northumberland county from the residence of George Callon by Sub-Inspector Fraser Saunders, of Fredericton, and Sub-Inspector William Hubbard, of Millerton.

The still was located in the attic where every modern convenience had been installed in connection with its operation, including a hoisting arrangement which operated through trap door sluice to carry off the refuse. Two barrels of mash, found on the premises, were destroyed. Four empty barrels were also located. The still itself was of copper and had a large capacity. It was equipped with a warm and cooling tub.

PROFITABLE MEETING AT WHITNEYVILLE

A profitable, interesting and educational meeting was held in the Whitneyville Hall last Wednesday evening 11th inst. President D.P. Doyle of Agricultural Society No. 122 and Mrs. Hiram Whitney, President of the Whitneyville Ladies' Aid arranged the meeting which was addressed in the interest of agriculture by Mr. Baird, Manager of the Experimental Farm, Nappan, N.S. and Mr. Bremner of the Experimental Farm, Fredericton; N.B. The meeting was largely attended with Mr. D.P. Doyle acting as Chairman and Mr. George Stables as Secretary.

The two speakers were listened to attentively and much information was derived from their remarks. After the meeting a supper was given by the Whitneyville Ladies' Aid which was much enjoyed by all present and for which the ladies are deserving of congratulations.

Among those who attended were the following from Newcastle:— Messrs. D.P. Doyle; George Stables H. Whiston, G.G. Stohart, W.J. Sutherland and Wm. Johnston.

S. O. T. Division No. 99

On Monday evening the S. O. T. Division No. 99 Millerton held a debate on 'city or country'—The city winning by four points. A new member received the handshake of F. L. and P.. During a recess the members enjoyed various games to their hearts delight. It was arranged to hold a public Drama etc. on Easter Monday also social. The S. O. T. is filling a gap whereby the Maidens and young men have a place of interest and education to go to.

An English Opinion

"Thank you very much for the wonderful box of chocolates which I received yesterday. I may add that the box received last year was sampled by nearly every one in this village and the next, and all pronounced them the finest they

had ever eaten" F. Dempster, The Mill House, S. Moreton, Wallingford, England.

Mr. J. S. Short, Supt. Moirs Box Factory, recently returned from a 3 weeks tour of the leading New England Chocolate factories. Mr. Short has under his charge 40 skilled operators in a plant conceded to be the best equipped in Canada.

For years you've heard of
"Watered" stocks
NOW---
Read of "Watered"
motor car prices

"WATERED" motor car prices exist today--in every city in Canada. Not alone in manufacturer's prices, but dealer's delivered prices as well.

Proof of this is revealed by a survey recently made in a number of Canadian cities--to find out the final cost of cars to the actual purchaser. United States factory prices were taken as a base. Between these and the delivered prices, the percentages of increase were determined. At this point there were many surprises:

The price of one car, when delivered, was \$702 more than it should have been--freight, taxes and the dealer profit allowed by the manufacturer--all considered.

Another make had an unwarranted profit of \$174 on the delivered price of the touring car model and \$67 on the Sedan

The average overcharge in the delivered price of eight popular makes of cars was \$157.

When the purchaser pays these extra profits over and above the legitimate price of the car, plus freight and taxes, he gets nothing in return. No greater mileage in the car because of that surprofit. No finer design. No better performance. He has simply paid tribute to an unfair method of price fixing.

As Studebaker dealers, the factory allows us a reasonable profit. We do not wish to make a profit on freight and taxes. Nor do we consider it fair to the purchaser to exact a second profit by "padding" our delivered prices.

We publish below the new delivered prices for Studebaker cars. These prices include the cost of the car, plus freight, taxes and a nominal handling charge--nothing more!

**Miramichi Presbytery
Adopts Resolution
Re. Church Union**

The following resolution with regard to Church Union was unanimously adopted by the Presbytery of Miramichi at the quarterly meeting held in Chatham, March 3rd.:

"Whereas public notice has been given that an application is to come before the Legislative Assembly of New Brunswick for an act to amend the United Church of Canada Act of 1924 so as to permit the vote being taken in Congregations before June 10, 1925, and to discuss the qualifications for voters in such congregational votes:

And whereas this involves the re-opening of the whole question before the Private Bills Committee and the House of Assembly when sharp contention may arise, to the general injury of religion and to the possible needless disturbance of already existing legislation:

We, the Presbytery of Miramichi, would express our conviction that

nothing worth while can be achieved by re-opening the question, and would deplore any movement on the part of the Government or the members of the House of Assembly towards this end;

Inasmuch as the Presbyterian Church in Canada, in accordance with its own constitution after deliberation, has decided to consummate the union with the Methodist and Congregational Churches on June 10, 1925, believing such to be the will of God and that it will tend to the building of the kingdom of God at home and abroad; we would earnestly advise all Sessions within the bounds to see that the question be clearly set before the people, and would affectionately enjoin upon our people to remain loyal to their Church and to go forward with her into the Union:

We also advise all Sessions to have the vote taken in their congregations where it is called for, as soon after June 10th as possible, in order to end suspense and agitation, and where advice or assistance is required, that they apply to the Church Union committee of the Presbytery who will readily render any service in their power."

**COMING TOUR OF
PRINCE NOT GIVEN
MUCH PUBLICITY**

London, March 9--With the Labor extremists of Clyde still panning the Prince of Wales personally and the Tory Government also for the expensive mission to South Africa and South America upon which he starts this month the spotlight of publicity has mysteriously been turned off all the picturesque details of the preparations for this protracted jaunt. . .

It may be said to have been switched off suddenly when the Clydesiders in the Commons concluded their fiery outburst, but repeated attacks since then in radical Scotch constituencies have served to keep it off. How far the Prince is responsible for this it is impossible to ascertain.

For weeks prior to all of his other overseas missions columns have been devoted to every aspect of trips even the contents of larder and of the wine cellar of his cruiser have been set out in detail. In fact before his start for the Far East some of the confirmed British dries were aroused because there was so much liquor aboard his ship.

The mere suggestion now that a box of cigars or several cases of wine were to be placed aboard the Prince's cruiser would give the radical's another excuse for renewing the attack upon him and his mission--which they are likely to renew in any case when the day of departure arrives.

Meanwhile a small army of officials is silently working out the plans for the trip and the cruiser Repulse is home to be refitted. As the Prince while in port will have to do a certain amount of entertaining the Repulse will not be dry there will be chefs aboard to turn out the most tempting dishes.

**New Brunswick
Not Going Behind**

Fredericton, March 12—In the Legislature this afternoon Col. Wetmore, Kings, seconded the address, and spoke at some length. He expressed the opinion that improvement in the times was in sight during the present year. On a previous occasion he said, he had referred to victories won by New Brunswickers in athletics. Those victories were of extreme value to this province in advertising. Along the same lines he could refer to the achievements of the two Logan boys, of St. John, as speed skaters, one in the twelve year old class. They had won not only the Canadian titles, but also international titles. Their victories had given publicity to New Brunswick and to Saint John. They were the sons of Fred Logan, and he might be pardoned if he referred to the fact that Fred Logan was born within a mile of his own home. He did not want Saint John to have all the credit. The recent sale of New Brunswick bonds had shown that there was no feeling in the financial world that the province was going behind. New Brunswick possessed assets sufficient to carry her debt. The Crown Lands alone were worth \$50,000,000. In the Minto Coal fields were deposits alone able to pay the total provincial debt. More ready access to the markets of Ontario would make it possible to realize better on the value of that coal.

Col. Wetmore referred to maple products as a possible side line of farming. He knew of one man who sold a ton of maple sugar two years ago for \$400. He believed maple products, if not attempted on too great a scale in order to avoid high labor costs, to be very profitable.

Mr. Richards moved the adjournment of the debate, which was made the order of the day for tomorrow, Hon. Mr. Veniot submitted the returns in the polling of the by-elections in Gloucester and Moncton City; Mr. Veniot also submitted the annual report of the Chancellor of the University of New Brunswick, and laid on the table statements of valuation, and of municipal and civic bonded indebtedness for various municipalities, cities and towns, and the annual report on schools. Hon. Messrs. Veniot, Rand, Foster and Messrs. Richards and Fawcett were appointed to nominate all standing committees

Here and There

Southern Alberta is to have another addition to its growing list of titled ranchers, according to report. The Duc de Nemours, a descendant of Louis Philippe of France, it is stated, is sailing in April to visit Lord and Lady Rodney, who have a ranch at Fort Saskatchewan, and, later, to acquire a homestead near the establishment of the Prince of Wales.

The Nova Scotia Technical College assays under direction of the Dominion Council of Scientific Research indicate Nova Scotia oil shales to be the richest in the world, giving fifty gallons of high-grade paraffin to a ton of shale. One hundred million tons of the shale are readily accessible, and vast oil industries similar to those of Colorado and the Western States might well come into being in this province.

"I find general business conditions quiet but improving throughout Canada and undoubtedly the increase in the price of farm products will prove very encouraging to the west," said Grant Hall, vice-president of the Canadian Pacific Railway, on his return from a recent tour of the Dominion. "Large orders for hardware shipped over our lines of late to the west indicate that the crop money is now beginning to circulate more readily, which in its turn is a mark of the farmer's confidence in the country."

There was a general increase in all phases of the lumbering industry in Canada during 1923, as compared with the previous year, according to the latest report of the Dominion Bureau of Statistics. The average value of the output in that year amounted to \$139,894,677, as compared with \$114,324,580 in 1922, an increase of 22.4 per cent. In this respect the lumbering industry comes third on the list of manufacturing industries in Canada, with the pulp and paper industry first and the flour and grist mills second.

Passengers aboard the Canadian Pacific steamship "Empress of France," now touring the world, had a unique experience recently while visiting Ceylon. Returning from a run out to Kandy, the old capital of the Cingalese Kings and Site of the Temple of the Tooth of Buddha, a train-load of the travellers was held up by a herd of wild elephants which, hemmed in on either side by the jungle, ambulated along the track ahead. This was a feature of the journey which delighted those of the tourists who were not anxious about missing the ship.

Viola Dana, the famous motion picture actress, whose work has delighted millions, is to be the star of a drama to be filmed at Banff, according to a recent report. Miss Dana journeyed from New York to Montreal and then across the continent via Canadian Pacific Railway, in order to join her company for the film. The remainder of the cast are proceeding to Banff from Los Angeles and it is expected that shooting of the scenes will commence shortly. A very considerable number of big pictures have already been taken at Banff, which seems to have a great attraction for discerning stars and directors who appreciate the beauty of the scenery.

Commission to Allow Temporalities According to Congressional Votes

Vancouver, March 9—Presbyterian congregation groups who intend remaining Presbyterians after Church Union comes into effect in June were warned at last night's meeting of the Presbyterian Committee, representing all church groups in this Presbytery, to refrain from taking any action in reference to church property at this time. It was announced that the British Columbia Government will within the next week name a special Commission, which is to analyze the vote in all congregations, examine the various church properties throughout the Province, and report to the Legislature at its next session upon a scheme of distribution fair to minorities and majorities alike.

Years in Prison**

Carl Matthews, Stanford McIntyre, and Mark Murdock, all of Loggieville, appeared in the Chatham police court before Magistrate Gaynor Tuesday morning and pleaded guilty to a charge of heft. They had been arrested

at Loggieville Monday by Sheriff Skidd and Deputy Sheriff Doran in connection with a break at the warehouse of O'Leary and Montgomery, Loggieville, Saturday night. Most of the stolen goods was also recovered. Matthews and McIntyre were each sentenced to serve two years in the Dorchester Penitentiary. Murdock will be allowed out on suspended sentence.

Mr. Thomas Honey, Bramford, Ont., writes:

"I was a great sufferer from enlargement of the liver for ten months, and finally I had to quit work. I would wake up in the mornings with a bitter taste in my mouth, had frequent headaches, yellow complexion, and pain in my right side, and between the shoulder blades. It was almost unbearable, and terribly weakening. I could not sleep at night and my heart also bothered me. But the whole trouble has now left me, thanks to that wonderful medicine, Dr. Chase's Kidney-Liver Pills."

OPENING OF THE HOUSE OF ASSEMBLY

The opening ceremonies of the legislature were marked by all the traditional pomp and dignity which has been associated with the opening ceremonies of past years. There was the customary military display provided by the composite guard of honor, furnished by the York Regiment, No 3 company of the 7th Machine Gun Battalion, and the University of New Brunswick C. C. T. C., under the command of Major John S. Scott, of the York Regiment.

Mothers Praise Baby's Own Tablets

Mrs. L. M. Brown, Walton, N.S. says—I cannot too highly recommend Baby's Own Tablets. I have found them invaluable for the ailments of little ones. Mrs. Brown's testimony is the same as that of thousands of other mothers who have used the Tablets. To use them once is a sure guarantee that they will always be kept in the home as long as there are babes or young children to be cared for. The Tablets are a laxative—mild but thorough in action—which never fails to regulate the stomach and bowels; relieve constipation and indigestion; break up colds and simple fevers and make the dreaded teething period easy. In fact they banish all the minor ills from which little ones suffer.

The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

FREIGHT RUNOFF NEAR HARCOURT

The breaking of a wheel on one of the cars of the northbound freight, No. 473, which left Moncton, Thursday morning at 8.30 o'clock, caused a nasty wreck at the switch east of Harcourt as the train approached that station. The train was in charge of Conductor James Harvey.

It is stated that the wheel on one of the cars broke into almost equal pieces as a result of which the car, loaded with live porkers, was derailed and turned almost completely over into the ditch. As a result of the upset several of the porkers were killed. A considerable amount of other freight consisting of merchandise was spilled. As a result all traffic was held up and the Accommodation and Limited mails did not reach Newcastle until 6.30 p.m.

Orange Grand Lodge Will Meet at St. John

The Provincial Grand Lodge of the Orange Order will meet at St. John April 15 and 16. Following this meeting plans will be made for the 12th of July Celebration. Delegates from all parts of the province numbering about 150 or 200 will attend the Grand Lodge meeting. Matters pertaining to the past activities of the order will be discussed, as will also the matter of selecting the place for the July celebration. This is the 82nd annual meeting of the Grand Lodge.

THROW MUD AND SOME WILL STICK

What grievous injury has not gossip done in this world, still doing in this world! Even the best and staunchest reputation can be worn away by the constant wear of the gossiping tongue. Throw enough mud and some will stick. Such is the doctrine of the malicious gossip.

All gossip is not malicious, by any means but it has the same effect. There are those who will deliberately make up stories about their fellow-beings, or by suggestion plant an adverse thought in some one's mind. The piece of gossip that is based on a barefaced lie is of malicious origin.

Then there is the group that reads its own explanation of a set of circumstances. Circumstances sometimes point either in a harmful direction or have no especial significance at all. But there are those who must interpret along the harmful, injurious lines. They can't give their fellows the benefit of the doubt. If there is a chance to think evil, evil must be thought.

Gossip is unending in the trouble it can make. It can break up homes that would have been happy if gossiping tongues had been still. It has sent many an innocent, but sensitive creature, to a suicide's grave. It wasn't long ago that a murder trial was brought about by gossip which had become so insistent and took such form that it could hardly be resisted by public officials.

We have a good many offenders against a good many laws who are altogether more respectable, more to be respected than all the gossips who sit at home in snug security and think of themselves as the Lord's anointed. Indeed there is no offender against good taste or good morals more despicable than the individual who is willing to tear to shreds the reputation of another, such attempt being based on flimsy hypotheses and maybes.

YORK REGT. TO HAVE SECOND BATTALION

It is reported in military circles that the York Regt. is to have a second battalion in the near future. This unit is the infantry unit from southeastern New Brunswick with a district which comprises York, Charlotte, Sunbury and Queen's Counties. The militia being maintained at present on a reduced basis and the new battalion will be for purposes of reserve only.

Col. Alan Sterling of Fredericton who has about completed his tenure of command of the York Regt. being succeeded by Major Buchanan, M. C., of St. Stephen. Col. Sterling will be gazetted to the second battalion as officer commanding it is understood, and the remainder of the commissioned ranks will be filled from the corps reserve on which a number of former officers are carried at the present time.

It is said that service in the new battalion will be reckoned as active militia service although the officers would not be used by the first battalion except under extraordinary circumstances.

OBITUARY

MISS AGNES HOLMES

The death of Miss Agnes Holmes occurred Saturday morning at 6.30 at Hotel Dieu, from pneumonia. Deceased had been ill for some weeks and was in her 60th year. The late Miss Holmes was born in Falmouth, Northumberland County and resided in Chatham for the past fourteen years. She leaves to mourn her loss, three sisters; Mrs. John Morrison, Douglastown; Mrs. John Crocker, Nelson; Miss Fannie Holmes of Falmouth, and two brothers; Edward and David of Falmouth. The funeral was held Sunday afternoon at 2.30 o'clock from the residence of Mr. A. A. MacTavish, Newcastle, interment in the Miramichi cemetery. Services at the house and grave were conducted by Rev. L. H. MacLean, pastor of St. James' Church. The pall-bearers were—James Stables, Harry Taylor; David Mutch, John Fallon; George Lake and John White.

ALBERT R. JARDINE

The death of Albert R. Jardine occurred recently at the home of his wife's parents, Lawrence, Mass. Mr. Jardine was born at Boom Road, Northumberland County, N. B.; and was a son of the late John C. EARTHQUAKES IN EARLY NEW ENGLAND

The recent shocks of earthquake have directed attention to previous seismic disturbances, and more particularly those that have shaken the eastern United States and Canada. The Indians had traditions of prehistoric earthquakes and the list, which begins soon after the landing of the Pilgrims is longer than is popularly supposed. Several shocks are recorded in the early histories and annals of the various scientific and philosophical societies.

The earthquake in June, 1638, was the first that occurred after the landing of the Pilgrims. It is said to have been preceded by a rumbling noise like remote thunder, growing continually louder and drawing nearer. Then the earth began to quake until the shock threw down the pewter from the shelves, toppled over stone walls, and shook off the tops of chimneys. In some places it was difficult for people to remain standing. The course was from northwest to southeast, and it was observed by the Indians beyond any of the English settlements. A second shock, not so strong, following the first after an interval of half an hour.

On Monday, March 5, 1642, another very perceptible trembling of the earth was noted but it did no damage. Again, on October 29, 1653, a little earthquake gave the divines of that day a theme for ponderous sermons, and in 1658 the earth again trembled.

In January, 1663, there was a series of shocks extending over a period of several days. The disturbance, according to a chronicler of the day, was preceded by a great roaring noise, and the first shock came about seven o'clock in the evening. The houses rocked violently, walls were cracked and chimneys were toppled over. Men, women and children ran out into the streets and open places. In eastern Canada the effects of this earthquake were even more severe. In Quebec two hills were thrown down, and formed a point of land, which extended far out into the St. Lawrence River. This earthquake extended to New York and Pennsylvania. Then there were slight earthquake shocks in 1665, 1668, 1669, 1677, 1705 and 1720.

Near the end of October, 1727 came another memorable shock. Like its predecessors, this shock was heralded by a roaring noise. It was observed by those who were abroad that as the shock passed under them the surface of the earth perceptibly rose and then sank. This shock was felt from Pennsylvania to Maine. The place of greatest violence appears to have been the town of Newburyport at the mouth of the Merrimac River. There the earth opened and cast up a quantity of sand and ashes mixed with sulphur.

On September 5, 1732, there was an earthquake shock of considerable extent, though cor-

REVISION OF TARIFF EXPECTED

Hon. J. A. Robb to Bring Down His Budget this Week

No Sweeping changes are expected when Hon. J. A. Robb, acting Minister of Finance, brings down his second budget this week. There will probably be some revision of the tariff but reductions of importance in taxation are unlikely. General trade conditions have not been so good as was anticipated a year ago. There has been a considerable falling off in revenue.

When Mr. Robb makes his statement the fiscal year will not have been completed, but during the eleven months of the fiscal year, up to Feb. 28, there was a drop in current revenue of \$54,000,000, while current expenditure was only four millions less than in the corresponding eleven months previous. The net debt at the end of February was two millions more than on Feb. 28, 1924.

Yet while no fiscal changes of great consequence are expected, announcement that the budget is to be brought down this week, has set political circles agog with gossip. The announcement is generally interpreted as implying a short session, closing possibly by May 24. The main bone of contention will be proposed subsidy to the Peterson steam ship line.

Predictions that this will be last session of the present parliament are made freely. There is however, another view that parliament will be summoned again late in the fall, wind up business early next year, with a general election following.

COMPARISONS

Diamonds and charcoal are essentially carbon yet their values and usefulness are as far apart as the poles. So it is with

Scott's Emulsion

Many imagine that all oils are similar, but when the usefulness of cod-liver oil is compared with all other fats, the difference in value is as far apart as common charcoal and diamonds.

Scott's Emulsion is cod-liver oil made pleasantly available to build up those who are rundown or weak.

partly slight in its consequences. It was strongest in Canada and northern New England, but was felt as far down the coast as Maryland. On Feb. 6, 1737, and on Dec. 7 of the same year slight shocks were felt but did no damage.

The most violent shock of earthquake ever felt in New England was on Nov. 18, 1755, in the early hours of the morning. The total duration of the shock was nearly four and a half minutes. The people of Boston and other towns were thrown into a panic. Upon the first shock many persons jumped out of their beds and ran into the streets. Some thought they heard, among the varied noises, the trumpet of Gabriel sounding, and fell upon their knees and cried out for mercy. Through the whole province of Massachusetts, walls and chimneys were shattered or cracked. Great alternations were observed in the springs and ponds. In some the quality others the quantity. Almost immediately after the earthquake numbers of fish came to the surface of the ocean dead or dying. On the ocean the shock was so great that persons on board a vessel seventy leagues from Cape Ann thought they had run aground or struck a rock.

Fraser's To Start Mill Construction In Maine Soon

Fraser's Companies, Limited, expect to commence construction of their new paper mill at Madawaska, Maine, across the St. John River from Edmundston, within a comparatively few weeks, according to the best information obtainable. It is expected that the way will soon be cleared for commencement of actual operations in the spring. So far some of the most necessary rights in connection with the project have not yet been obtained. These include permission to use the international bridge in Edmundston as the means for supporting the projected steel pipes which are to be used to convey pulp from their mill to the new paper mill on the United States side of the St. John River.

It was understood the paper mill project involves an expenditure of \$2,500,000, although no official figures have been made public. Included in the project is an extensive housing programme which will cost at least \$200,000. Lumber will be provided from the Fraser mills in New Brunswick and Quebec. The site for the housing features of the project has already been purchased in fact, all the necessary lands have been bought.

Curlers' Meeting Of Importance

North Shore Clubs Make Changes For Handling Bonspiel

A meeting of great importance to the North Shore curlers was held at the Nepisiguit Hotel, Bathurst, on Tuesday afternoon when two delegates from each club met for the purpose of considering the North Shore bonspiel. Owing to a Campbellton club having acquired permanent ownership of the second trophy this season, it becomes necessary to secure a new cup. The delegates were as follows: R. A. Snowball, H. McKendry, Chatham; John Russell, R. C. Clark, Newcastle; J. E. Conolly, J. G. Stout, Bathurst; J. B. McKay, S. L. T. Clifford, Dalhousie; R. K. Shives Thos. Wran, Campbellton.

E. P. McKay the bonspiel president, presided, and after considerable discussion it was decided for 1926 to reduce a two rink play contest from each club instead of four as heretofore. The entire play to take two days as at present. A new trophy will be purchased, also individual trophies for the members of the winning club. Another feature has been changed, the banquet which has always been held is to be permanently done away with.

FOR JOY OF GOOD HEALTH

Manitoba Woman Thanks Lydia E. Pinkham's Vegetable Compound

Crandall, Manitoba.—"When I was a young girl at home and working I had terrible pains, almost more than I could bear, and I was not regular. These troubles kept me so tired all the time that I had no strength and no ambition to join in with my friends and have a good time. I was just tired and miserable always and life just seemed as if it wasn't worth living. I saw so much in the papers about Lydia E. Pinkham's Vegetable Compound, and then I had a friend who had taken it and told me about it, so I got some. Every month after taking it I got stronger and I soon did not suffer every month. It stopped the pains and helped me other ways. Then when my babies were coming I was tired and worn out the first three months and ached badly. I took the Vegetable Compound right along and must say it made a new woman of me and able to do my work, and it helped me through confinement. You see I am a farmer's wife with a big house to look after, and three babies now. I have told over so many women about your medicine. Just last week I got a letter from my old chum in the East. Her baby was born fifteen days before mine and she told me she was not feeling very well, her back ached so much, and that she was going to take the same medicine I took. You can see my letter and I hope some one will be helped by it."—Mrs. Jos. H. Kase, Box 24, Cranford, Manitoba, C.

Victoria Marks New Steamer's Arrival by Dinner to Pioneer of Coast Shipping

Group of Canadian Pacific officials photographed on board the S.S. Princess Kathleen at Victoria, B.C.—Left to right, top row: W. H. Snell, general passenger agent, Vancouver; Charles Murphy, general manager western lines, Winnipeg; Captain R. W. McMurtry, who brought the Kathleen from her builders on the Clyde to her home port at Victoria; J. J. Scully, general manager, eastern lines, and Captain C. D. Scroton, marine superintendent B.C. Coast Service.—Seated: Captain J. W. Troup, manager of the company's B. C. Coast Service; Grant Hall, vice-president of the Canadian Pacific Railway, Montreal; and C. H. Temple, chief of motive power, Montreal. Above, Princess Kathleen in action, and the Canadian Pacific Marine Building, Victoria, B.C., a handsome new building which does not detract from the beauty of the water front.

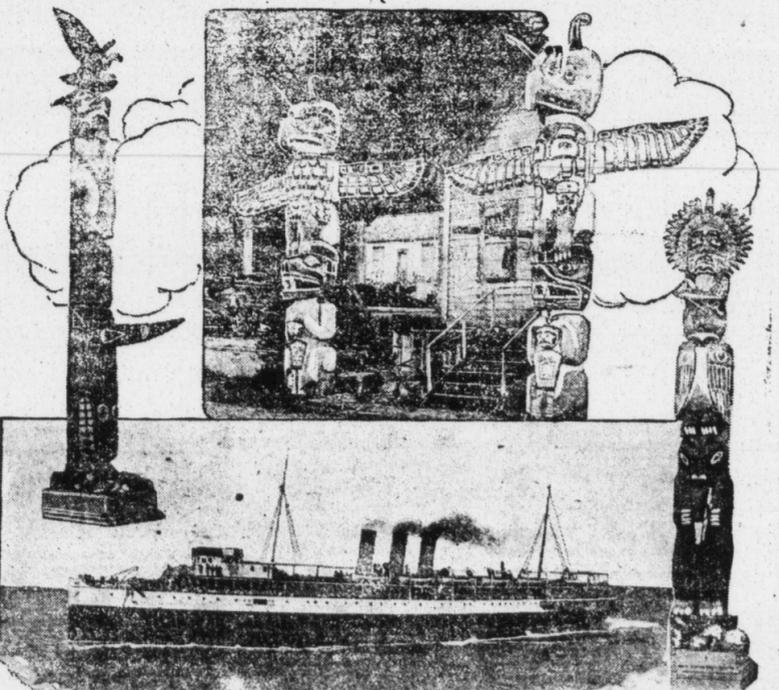

The arrival of the new Canadian Pacific coastal steamer "Princess Kathleen" at Victoria, B.C., at the end of her lengthy trip from the Clyde, Scotland, where she was built, was made a public event by the residents of that city. Crowds met the ship when she steamed into the harbor, and the occasion was marked by a civic dinner to Captain J. W. Troup, manager of the Canadian Pacific British Columbia Coast Service, which was attended by two hundred citizens. The Mayor and aldermen of the city were present, as well as representatives of the Provincial Government. The company was represented by Vice-President Grant Hall, J. J. Scully, general manager eastern lines, and C. H. Temple, chief of motive power and equipment, who crossed Canada from Montreal to be present, and Charles Murphy, general manager western lines, Winnipeg. As a recognition of his many years' effort in contributing to the upbuilding of Victoria, Captain Troup was presented with a massive silver tray suitably engraved.

partners with Victoria and other Canadian cities in building up the tourist traffic and general trade of Canada, and that the future of the country could be assured by co-operation with the company in its national work.

Mr. Grant Hall, who represented President E. W. Beatty, told of the company's history and of its building as a national institution at the time of Confederation when it contracted to build the line and operate it in perpetuity. He told of the steady improvement of the property by the expenditure of many millions until it represented an investment of considerably over a billion dollars, and he referred to the company's reputation for efficiency and courtesy of its officials that has gone round the world. "The Canadian Pacific," he said, "is the largest contributor to the finances of the nation through taxation, and we expect to be judged and patronized on justification given in service."

Mayor J. C. Pendray, speaking of behalf of the city of Victoria, acknowledged the work done by Captain Troup and the company for Victoria and the Pacific Coast generally, while C. F. W. Schwengers, president of the Chamber of Commerce, in presenting the silver plate to Captain Troup, paid a tribute to the vision and determination of the men who had founded the Canadian Pacific. Dr. MacLean, Provincial Minister of Finance, spoke on behalf of the Government and referred to the company's war record which, he said, was one of the brilliant illustrations of the readiness of the company to co-operate for the public good.

Keynote of Northland is Mystery

A typical coastal Indian village scene. Left and Right, Hesquiat Indian totem poles now owned by W. G. Bannister of Vancouver. Below, The Princess Charlotte, one of the Canadian Pacific fleet which plys the Alaskan route.

Mystery it is said, is the keynote of the north. Mystery and silence. And because of its mystery there will always be an attraction, something to draw men on and hold them. For it is no mere legend that the north ever calls back those who have once lived in the snow and the mountains, or through an Alaskan summer. What is true of Alaska is also, to a very great extent, true of the east and western shores of Vancouver Island and of the northern mainland shoreline. Scarcely has one left Vancouver or Victoria than there dawns the feeling that here is a new life opening out. As everywhere there is charm, so also is there mystery. One stops off at little coastal villages to explore, or perhaps to fish or hunt, or study native life or industry, and the first thing that one runs into is the mysterious totem pole, that Indian "family tree", which has great significance in the aboriginal history and life of the Indians of the Coast, but which conceals its strange tales from the uninitiated white man.

"One of the strange palafaces took a long stick and pointed it in the air and it spurted fire. Immediately a seagull fell dead."

"The two Indians in the canoe never recovered from the shock of this quick succession of strange and terrifying scenes and died on the spot."

The totems which Mr. Bannister has secured exceed twenty feet in height and have been set in concrete bases. The Great Eagle on the top of one of the poles was looked upon by Indians as a deity and is seen bringing the whale, which is also an emblem of great strength, to the powerful chief, Cee-Ta-Ka-Nim who was famous as a whale hunter.

When a potlatch, or great giving away feast was held, all of the people of the tribe would gather in the lodge of the chief and a human skull thrown in amongst them. The man who was able to get out of the lodge with the skull was the hero of the potlatch and received the greatest measure of gifts and attention. Cee-Ta-Ka-Nim evidently accomplished this feat as he is seen holding the skull in his hands. The large killer whale beneath is part of his family crest or emblem.

On the other pole the top figure is the official dancing mask of the Hesquiat chief. Beneath is depicted the legend of the Kingfisher and the Great Bear.

The kingfisher was looked upon as a great prevaricator and boaster. One day the bear was walking by a creek where the kingfisher was fishing. The Great Bear said "Tam-Moo-Kee, you are always boasting to everybody of what you can do, yet you never seem to do anything. Now you never hear me boast, but I will show you what I can do." He stood up on his hind legs and started to draw a serpent out of his stomach much to the astonishment and amusement of the kingfisher.

In nearly all Indian legends the characters look on a serpent personality, and were able at any time to change themselves into birds, animals or fishes.

This Lizzie Has Her Colds "Rubbed Away"

The mother of this attractive little girl, Mrs. E. E. Emmans, of 215 Seventh Ave., N. E., Portage La Prairie, Man., is one of the many Canadian mothers who are enthusiastic about the vaporizing salve, Vicks VapoRub, for treating children's colds. Mrs. Emmans writes: "My little girl had croup at night pretty badly and Vicks did her a lot of good. I have also used it with very satisfactory results for head and chest colds." "Vicks is just 'rubbed on' for sore throat, tonsillitis, bronchitis, croup or deep chest colds. When so applied, Vicks has a double direct action: laterally medicated vapors are inhaled while, at the same time, internally, it is absorbed through and stimulates the skin.

ROADS CLOSED
Notification has been posted by B. M. Hill, C.E., government road engineer prohibiting automobile driving on the roads until the frost is out of the ground.

BELETED SNOW
The snow which has been long delayed, its place being taken by rain and mild weather for some weeks made its appearance on Saturday and Sunday. Another meeting will be held this Friday and any other girls desirous of becoming members are requested to be present so final arrangements for the season's program may be made.

ACKNOWLEDGMENT
We beg to acknowledge with thanks, from Mr. H. A. Quilty, C.N.R. station agent at Newcastle the receipt of a copy of a beautiful magazine entitled "The Romance of the Rockies" issued by the Canadian National Railways depicting the Jasper National Park and the Triangle Tour, also a copy of "Hunting in Canada" a neat book of 100 pages covering all the principal hunting points on the Canadian Nat. Railways, which consists of 22,663 miles and reaching from the Atlantic to the Pacific.

SCOUT NOTES
Troop 119 met Friday last in St. James Hall, where the regular opening was carried out. After the opening a committee was chosen to formulate and carry out plans for a concert of some variety to be held at the last of the month. This committee was composed of the four patrol leaders, and three other scouts. Signalling was then carried on for ten minutes, after which the troop adjourned to the Temperance Hall where games were indulged in until 8:30 when the formal closing was held and the troop adjourned. The Eagles lead in the Patrol competition this week with a total of 122 points. The Beavers followed with 115 points.

The troop has enjoyed a very prosperous winter, meeting regularly every Friday night with a large and enthusiastic attendance. It is hoped by the leaders in this work that when the boys have their concert, or whatever it may be, later on that the townspeople will support this work, which undoubtedly is worth while.

SAVE THE STREETS
Spring will soon be here and with it will come the driving of automobiles again. Last year the Town Council spent considerable money in building streets and it is up to the Council to protect them. They can do so in no better way than by prohibiting the owners of automobiles the use of the streets until such time as they are in a fit condition. The public expects the Town Council to take this precaution and now is the time to act—not after the streets are all dug up by heavy cars while the frost is coming out.

Budget Probably Down On Thursday

The 1925-1926 budget will probably be brought down on Thursday. The budget this year is not expected to effect any notable changes in the tariff or in general taxation. The budget last year was not produced until April.

John D. Gives A Million To Help Negroes

New York March 16—A personal gift of \$1,000,000 by John D. Rockefeller Jr. to the Hampton and Tuskegee institutes for negroes was announced last night by Dr. Ansoh Phelps Stokes chairman of the special gifts committee of the Hampton-Tuskegee Endowment Fund, at 5 Maiden Lane. This brings the sum raised in the campaign to a total of \$3,500,000.

Some confusion was caused it was said at headquarters for the drive by a premature and unauthoritative statement of the gift which was published yesterday. According to this story the present \$1,000,000 was linked with a similar gift made conditionally by the elder Rockefeller last September through the General Education Board. In contradiction of this report it was said last night that yesterday's gift was a personal contribution of the younger Rockefeller to the cause of Negro education.

Former Millerton Rector Welcomed

The members of St. Mark's Congregation, St. George, N. B. gathered in the basement of the church one evening recently to tender a reception to their new rector, Rev. A. R. Yeoman, formerly of Millerton, N. B. Seator Warden Allan C. Grant introduced the new rector, who expressed his appreciation of the reception given him and family. The ladies of the congregation furnished an excellent luncheon. St. Mark's orchestra played excellent selections during the evening.
