

## RUSSIAN FLEET BOTTLED UP BY GERMAN UNION GOVERNMENT ANNOUNCES PROGRESSIVE POLICY

### RUSSIAN FLEET BRAVE AND ANXIOUS, BUT OUTCLASSED BY THE GERMANS

FRESH DISAFFECTION REPORTED IN GERMAN NAVY; MUTINY IN AUSTRIAN FLEET IN THE ADRIATIC; NO LAND BATTLES YESTERDAY

Apparently contingents of the Russian fleet—in all about twenty warships of various classes—are bottled in Moon sound, with a cordon of German warships barring their egress north, back into the Gulf of Finland or to the south into the Gulf of Riga.

Brave, but outclassed by reason of superior gun range and heavier tonnage, the Russians gave battle to the Germans and attempted to force back the enemy armada off Oesel island. Standing far outside the shell zone of the Russians, however, the guns of the German dreadnoughts sank the battleship Slava, a relic of the days before the Russo-Japanese war, and so badly damaged other units that the Russian flotilla was forced to seek refuge in Moon sound, lying between Moon island and the Estonia coast. Seeing their advantage, the Germans, according to the latest German communication, began intensive operations against Moon island, hammering its eastern shore batteries until they were silenced, and also attacking the Russian guns on the mainland, putting them out of action. Moon island was captured and the Russians took refuge inside Moon sound.

#### HAVE RUSSIANS BOTTLED UP

Thereupon the Germans threw warships to the eastern part of Kasnar bay, lying to the north of Moon island, barring exit from the northern end to Moon sound, and also rushed contingents to the south of Moon island, apparently closing the passage to the south.

Already the Germans have attempted to attack from the north into Moon sound, but the Russian guns have held them back successfully. Among the German warships attacking the old-line vessels of the Russian fleet were at least two dreadnoughts of the Grosser Kurierer type—vessels displacing 25,000 tons, as against 13,000 tons for the Slava. A majority of the crew of the Slava were saved by Russian torpedo boats when the vessel took its final plunge.

With this advantage of the German naval forces over the Russians, however, comes news of fresh disaffection in the German fleet and also of a mutiny in the Austrian fleet in the Adriatic, and of bitter feeling between German and Austrian seamen in the Adriatic.

German sailors at Ostend are reported to have declined to go aboard submarines for duty and to have overthrown one of their officers. In the Adriatic, the Austrians have mutinied owing to the ill-treatment by their officers and the bad food served to them. The bitterness of feeling between the Germans and Austrians at Pola, Austria's naval base in the Adriatic, resulted in fighting in which men on both sides were killed. The trouble as due to the overbearing conduct of the German seamen who were attached to the submarine fleet, and it is necessary as a result of the bad food to change the German base in the Adriatic to a point further south.

#### NO LAND BATTLES OF IMPORTANCE

On land there have been no battles of noteworthy importance. In Belgium the British and French guns are still hammering the German positions in front of them, but there has been no indication either as to when a renewed attack may be expected. The French troops of the southern post have repulsed German attacks in the Verdun sector near Bezonvaux and along the Aisne front on the Valenciennes plateau.

On the other fronts only reconnoitering engagements and bombardments are in progress.

### MOTORIST KNOCKED DOWN BY CAR THEN DROVE AWAY

Nearly a Repetition of Saturday's Tragedy; Police Have License Number of the Car and Will Prosecute

The city police are looking for the owner of an automobile which was run over by a motorist yesterday afternoon at 4:30 at the corner of Ninth avenue and First street, knocked down 18-year-old Albert C. Wilson, of 810 Eleventh avenue, who was riding a wheel. The accident was almost a repetition of the accident on Seventh avenue in which 12-year-old Harry Valentine lost his life last Saturday.

### INTERNED GERMAN ESCAPE

From Archangel, ran ashore because of some mishap to her machinery, while she was proceeding northward in the direction of 15 ships.

Bergen salvage steamer has come to be aid, but the weather conditions are adverse.

### RETURNED MEN TO ARRIVE THIS MORNING

One hundred invalided returned soldiers will arrive this morning at 9:30 at the C.P.R. station. A reception will be given the returned men by the Great War Veterans.

### LATEST OFFICIAL ESTIMATE PLACES

Alberta Wheat Grades 75 on a Standard of 100, and Potatoes Make 89 on Same Basis; Total Wheat Yield 16,000,000 Below 1916

### ALBERTA'S YIELD

Ottawa, Oct. 18.—The census and statistics office published today the second and provisional estimate of the yield of the principal grain crops of Canada in 1917, a statement of the quality of these crops at the time of harvesting and the condition of root crops on September 25. The report is compiled from the returns of crop correspondents made at the end of September.

The estimates of the yield per acre of wheat, oats, barley and flax are somewhat lower than those reported at the end of August and the figures apply to all the provinces. The later returns, being based to a larger extent upon threshing results, appear to indicate that the first estimates based upon the appearance of the crops in the field, were too high. The total yield of wheat for Canada is provisionally estimated at 83,730,000 bushels, the average yield per acre being 15.24 bushels compared with 17.24 bushels reported a month ago, and with 17 bushels the yield of 1916. Of oats the total yield is 89,570,000 bushels, compared with 101,211,000 bushels in 1916, the average yield per acre being 22.12 bushels compared with 24.79 bushels in 1916, the average yield per acre being 22.12 bushels compared with 24.79 bushels in 1916.

### MODERATE ARTILLERY ACTION

Rome, Oct. 18.—The official statement from general headquarters today reads: "Along the whole front there was moderate artillery action and local fighting was more noticeable. Large quantities of shells were expended in the Giudicaria and Dogna valleys.

"On the Banatizza plateau, the enemy suffered losses in patrol encounters, leaving prisoners in our hands. We promptly repulsed storming parties southwest of Selo on the Carso."

### REPULSED THE GERMANS

Paris, Oct. 18.—The war office communication tonight reads: "On the north front of the Aisne our troops repulsed an attack directed against our positions on the Valenciennes plateau. Artillery actions occurred near Les de Champagne, north of Souain, in the region south of the Meuse, and on the right bank of the Meuse, in the region of the Champagne wood and Bezonvaux."

### HOT BATTLE IN AIR

Paris, Oct. 18.—Eleven German airplanes were shot down by the French yesterday or driven to earth in the German lines in damaged condition, the war office reports. Nancy was again attacked, this time by a squadron of thirty German machines. The announcement follows: "At about 6 o'clock yesterday evening 30 enemy airplanes made a raid over Nancy and threw several bombs. There were some victims among the civilian population.

### VON BUELOW MAY GO IN

Amsterdam, Oct. 18.—Prince von Buelow, the former imperial chancellor, has returned to Berlin, according to the Lokai Anzeiger. It is generally known, the newspaper adds, that he will be offered his old post in succession to Dr. Michaelis.

### SIR JOHN SIMON

Former attorney-general of Britain, who has joined the army in France.

### WEALTH MUST PAY ITS FULL SHARE OF WAR

NEW GOVERNMENT OUTLINES POLICY DEALING WITH CONTINUATION OF WAR; CIVIL SERVICE REFORM; CONSCRIPTION OF ALL WEALTH; WOMEN FRANCHISE

Ottawa, Oct. 18.—After consultation with his colleagues, the prime minister has issued the following in regard to the formation and personnel of the new government and with respect to policy so far as there has been opportunity to consider it:

The present union of national government has been formed with a desire to give representation to all elements of the population who support the purpose and effort of Canada in this war. Representative men of both political parties are included in its personnel, and it is intended forthwith to give to labor special representation upon the principle already followed with regard to agriculture, of sinking all party differences and of presenting a united front at this solemn and momentous juncture in the history of the members of the government have come together in the duty of service to the nation itself.

### HOW DRAFTED MEN MUST REGISTER IN PROVINCES

Further Details of Method of Registration; Should Claim to Most Convenient Tribunal

Ottawa, Oct. 18.—One feature of the military service regulations is apparently causing some misapprehension. The regulations provide that a man reporting for service or claiming exemption should do so in the province in which he resides. It is explained, however, that the term "resides" is not intended to be interpreted in its strictly legal sense. For instance if a man ordinarily resides in Montreal, but owing to his business or from some other reason is in Toronto during the whole period of the operation of the proclamation, he may report his claim of exemption, either in Montreal or Toronto. But no man should report or claim exemption in more than one locality, or in a locality where he cannot easily attend the local tribunals before which his case will be heard.

### BULLETINS

VETERAN FOR LAURIER  
Winnipeg, Oct. 18.—Sergt. G. Charrette, a returned soldier, was placed in nomination for the Dominion constituency of Springfield, as a supporter of Sir Wilfrid Laurier, at a meeting held tonight in St. Boniface.

FITZ TAKING THE COUNT  
Chicago, Oct. 18.—Physician attending Robert Fitzsimmons, former champion heavyweight pugilist of the world, ill of lobar pneumonia in a hospital here, said tonight there was still a small hope of the patient's recovery. Mrs. Fitzsimmons is in constant attendance upon her husband. He was appearing at a suburban theatre until yesterday, when his condition became suddenly worse and he was rushed to a hospital.

IS CONFIDENT  
Washington, Oct. 18.—The Fuel Administration and President John White of the United Mine Workers express confidence in the success of the coal miners in Ohio, Illinois, Indiana, and Pennsylvania, will be called off with a short time. President White left tonight for Indianapolis, where he will continue his efforts to induce the men to return to work. Despite reports indicating a spread of strike sentiment among the men, Mr. White was optimistic.

MINISTERS LEAVE FOR WEST  
Ottawa, Oct. 18.—The cabinet council will again hold a late hour last night. Afterward the four western members of the government, Hon. Measra. Caskar, Malgheim, Sifton and Crean, left Ottawa for the west. They will attend a meeting in Winnipeg on Monday.

SCENE OF DISORDER IN PETROGRAD DURING THE REVOLUTION

A wonderful gripping photo of the scene in the Nevsky Prospect in Petrograd when Leninists opened fire with machine guns on the crowds in the open square about the public library, the large building in the background, on which the guns were mounted. The throngs can be seen rushing in all directions to reach shelter from the murderous fire, and the dead and wounded litter the streets. In the center of the roadway a woman shields her child from the hail of death. On the extreme left the wounded are being sent away to safety in a vehicle. This revolutionary outbreak occurred in July when the Bolsheviks and the pro-German Leninist group attempted to get control of the government. The photo is from Underwood and Underwood.

### GERMANS IN LATIN AMERICAN COUNTRIES WILL NOW WORK OR STARVE; AGITATIONS ARE CHECKED BY NEW AMERICAN LEGISLATION

Washington, Oct. 18.—What officials here believe will be a crushing blow to the German propaganda in Mexico and other Latin-American countries, has been dealt by the Trading with the Enemy Act.

All trading, directly or indirectly prohibited under heavy penalties by that act with any enemy countries is now made a crime. It is now a crime for any citizen of the United States to supply or furnish to any person or to any firm or agency in Latin America, any goods, services, or information which would be of aid to the enemy.

### CRUSHING BLOW TO HUN PROPAGANDA DEALT BY THE U.S.

Washington, Oct. 18.—What officials here believe will be a crushing blow to the German propaganda in Mexico and other Latin-American countries, has been dealt by the Trading with the Enemy Act.

All trading, directly or indirectly prohibited under heavy penalties by that act with any enemy countries is now made a crime. It is now a crime for any citizen of the United States to supply or furnish to any person or to any firm or agency in Latin America, any goods, services, or information which would be of aid to the enemy.

### FOR THE RED CROSS

St. John, N.B., Oct. 18.—About \$25,000 was raised in this city for the Red Cross yesterday and today. It was planned to set the mark at \$25,000 when the campaign started.

Winnipeg, Oct. 18.—Incomplete returns for Winnipeg and district give the contributions to the Red Cross fund as \$98,000.

### CORNER IS NOW TURNED

Washington, Oct. 18.—Food Administrator Hoover announced today that subject to co-operation from the farmers and retailers the corner has now been turned in high prices for food. He said retail prices had not come down to conform to wholesale reductions, and that was a matter for public sentiment to correct.

Winnipeg, Oct. 18.—The province of Manitoba has given \$25,000 and the city of Winnipeg \$10,000 to the British Red Cross fund, contributions to which are being received today.

### TRAINMEN AND CONDUCTORS ASK FOR BIG INCREASE

Convention at Ottawa Decides on 20 Per Cent Increase to Meet Increased Cost of Living

Ottawa, Oct. 18.—From 55 to 60 railroad systems in the northeastern part of the United States and in eastern Canada will be asked to increase the wages of trainmen, baggage-men, brakemen, yardmen and conductors not less than 20 per cent as the result of the depreciation of 104 children of the trainmen and conductors of these systems at the annual convention which concluded here this evening.

### TO PRESS DEMANDS

Steel Workers Have Received 42 Per Cent Increase in the Past Year, While Trainmen Received Only 30 Per Cent

He pointed out that workers in steel and kindred lines had been aided in the battle with the high cost of living by an increase of 42 per cent in wages in the past year, whereas trainmen and conductors have not had more than 30 per cent increase in the past 15 years. In 1913 the men were conceded the eight-hour day, but in the majority of cases this did not mean anything more to the men. They formerly worked ten hours and this gained two hours of pay, but the two hours were earned for nothing to them.

### GERMANY SUFFERS FROM SHORTAGE OF ALL PROTEINS

Even Additional Supplies From Rumania Fail to Make Up Shortage of This Commodity

Washington, Oct. 18.—Reports to the German government indicate that the German harvest this year has not relieved the food situation to any appreciable extent. It is known that there is a great scarcity of fish and animal food in general and that the supplies received from Rumania and neighboring neutrals are not making up for the lack of proteins. As the reports come from different sources and sections, it is difficult for the department to give an opinion on the general situation, but it has been definitely established that while some of the crops were normal in volume, the scanty supplies in most commodities have not been augmented.

### DID NOT APPOINT ROWELL'S SUCCESSOR

Ontario Liberals Determined to Continue Progressive Policy

Toronto, Oct. 18.—While the Ontario Liberals did not choose a successor to Hon. Newton W. Rowell as leader of the opposition at their meeting today, they passed a resolution expressing their confidence in the present government and their support of the progressive policies advocated in recent years, and appointed a committee of seven to decide on the mode of procedure in connection with the appointment of a provincial leader, and to formulate the program of business to be brought before another meeting to be held within the next thirty days.

### PROGRESS OF LIBERTY LOAN

Washington, Oct. 18.—Approximately \$1,500,000,000, or one-half of the minimum quota of the Liberty Loan had been subscribed today, treasury officials estimated, on the face of unofficial reports from the 12 federal reserve banks.

Amsterdam, Oct. 18.—The Krupp firm is prosecuting 62 persons, many of them young men, for large thefts of high-speed steel, according to the Frankfurter Zeitung. A special court has been instituted at Essen to conduct the trial, which promises important developments.

### PROSECUTING GREEK POLITICIANS

Athens, Oct. 18 (Delayed).—The prosecution before the high court of the members of the cabinet of former President Sthououlis, with the exception of Admiral Constantinos was recommended by the chamber of deputies today by an investigating committee. Charges of the violation of the penal code and the law dealing with ministerial responsibility were laid into by the committee before it made its recommendations.

## CIVIC CURLERS ARE NOW READY FOR "BRAV" GAME

### General Meeting Held Last Night and Officers Were Elected

The Calgary Curling club held its first general meeting and election of officers last evening in the city clerk's office in the city hall, with Mr. J. M. Miller in the chair. Twenty-odd members were present.

The following were elected officers for the season of 1917: President, J. H. Mercer; vice-president, P. J. Breen; chairman of the executive, W. H. R. Gardiner; treasurer, J. B. Chandler. The latter office was created to fill the office of secretary, vacated by Mr. Kenneth Morrison, enlisted, and that of treasurer, from which Mr. J. R. Edith resigned.

The patron of the club is Mr. Archie McMillan, and the hon. president, his honor Mayor Costello.

J. M. Miller and W. McLean were appointed representatives to the Alberta branch. It was determined at last night's meeting, after much consideration, to make several improvements to the Victoria Park rink. A new roof will accordingly be put over the old rink and a large office is to be built in the west end of the rink.

In order to build a new waiting room, which is badly needed, the membership fee was raised from the fee of \$7 last year to \$10. The waiting room will be built in the most modern style, with a glass front, and will be equipped with gas and hot water.

Work on the rink improvements will commence on Monday next. The season will open on November 1, and the curlers expect ice on November 15.

## TEN-PIN LEAGUE WILL OPEN TONIGHT

### All Games Will Be Played on the Exchange Alleys

Ten-pins, the big winter game, will be ushered in tonight at Hoy's Grain Exchange alleys. The opposing teams will be the Old-timers and Rochons. The Old-timers team is composed of old players who played the game and were the big noses in teams five years or more ago. The old boys have been practicing secretly and expect to give demonstration of the "ooms back," as they claim to have lost none of their science. However, Rochons, under the able leadership of Don Fraser, should make a fine bowling team and a big crowd is expected to cheer the battling rollers.

It is more than likely that the big five-pin league will open next week and present indications point to a ten-team league.

The following is the schedule for the first half of the ten-pin league:  
Oct. 18—Old-timers vs. Rochons.  
19—Club Cafe vs. Nelsons.  
20—Old-timers vs. Rotary club.  
21—Rotary club vs. Rochons.  
22—Club Cafe vs. Nelsons.  
23—Old-timers vs. Rotary club.

## LETHBRIDGE DOG WINS PREMIER HONORS AT SHAW

### W. H. Pym, of Calgary, Captured Second Best Brace With Two Bulldogs

Winnipeg, Oct. 18.—E. P. Tewson's Chinook Tenacity, of the Chinook kennels of Lethbridge, Alta., was awarded the championship of the Winnipeg Kennel club dog show here tonight. Chinook Tenacity is a bulldog. Chinook kennels also won the best brace in show, while W. H. Pym of Calgary, with two bulldogs, was second best brace.

### FITZSIMMONS IS ILL

Chicago, Oct. 18.—Robert Fitzsimmons, the former heavyweight champion, was taken to a hospital here today seriously ill with what physicians believe threatens pneumonia.

## IN MATCHED RACE BELMONT'S HORSE WINS FROM OMAR

### A Matched Race Between Hourless and Vian's Omar Produced World's Record for Circular Track

Laurel, Md., Oct. 18.—In a sensational finish today August Belmont's Hourless defeated Wilfrid Vian's Omar Khayyam in the match race between three-year-olds. The Belmont horse broke the world's record for a circular track by stepping a mile and a quarter in two minutes and two seconds. The former mark was 2:06 3/4.

Hourless won by a good length, although Omar made the pace and kept it up until the horses came to the home stretch, when Hourless forged ahead and kept the lead. Frankie Robinson piloted the winner. The owner received a purse of \$10,000 and a gold trophy offered by Edward B. McLean of Washington.

Belmont, however, wants only glory. He will buy \$10,000 in Liberty bonds and present them to the American Red Cross. Governor Harrington of Maryland, president of the trophy to the representatives of Belmont.

Hourless paid \$3.50 for a \$2 ticket. A crowd estimated at 20,000 saw the race. It was the greatest ever assembled at a Maryland race track.

Hourless was heavily backed by the New York contingent present, while the small betters seemed to be with Omar. They got off together with Omar on the inside, but Omar never stayed there until the home stretch, when Robinson brought Hourless ahead. He had been holding Hourless back to let him out and the horse kept his lead of about two lengths to the finish.

## HOCKEY PROSPECTS AT PACIFIC COAST

### Special Preliminary Meeting Called for Oct. 30 to Discuss Situation

President Frank Patrick of the Pacific Coast Hockey association has called a special meeting of that organization to take place in Seattle on Tuesday, October 30, for the purpose of discussing the prospects for league hockey on the Pacific coast this coming winter. It is expected that at this meeting the magnates will finally decide on the make-up of the league for the coming season.

At this time the hockey situation is decidedly unsettled, owing to conscription both in Canada and the United States. By the time this meeting takes place, however, it will be known just what members of the different clubs in the Pacific Coast circuit will be called to the colors, and the directors of the league will therefore be able to go ahead with their plans and make all arrangements that are necessary.

The annual meeting of the Pacific Coast Hockey association will be held in this city in November. Officers will be elected and the schedule for the season drawn up, as well as other important business transacted.

## LEONARD'S FINISH

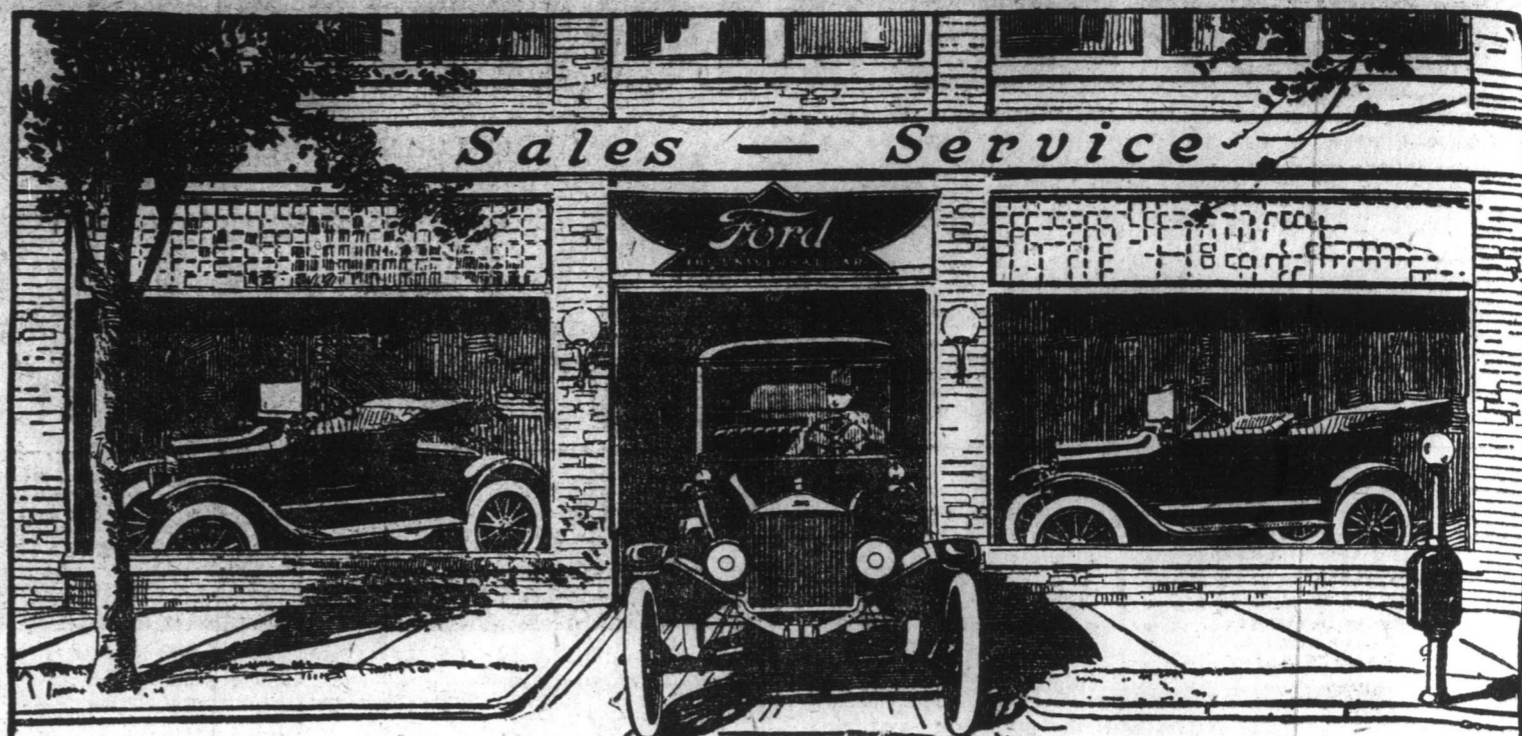

### Making the Usual Error of Going Out of His Class.

New York, Oct. 18.—Benny Leonard says that he is all set for Jack Britton, according to the lightweight champion, he is "loaded for bear." He is out to make a real showing against a full-fledged welterweight. Britton will be the first welterweight of prominence that Leonard has ventured against and he agreed to this match merely to prove to his own satisfaction that he is capable of going against Ted Lewis in a battle for the welterweight championship.

Britton and Leonard have been matched to meet at the Harlem Sporting club Friday night. When told that Kid McPartland had been selected to referee the bout, Leonard said: "It couldn't make any difference to me who referees. I am going into the ring to try to secure a knockout, and for my part I don't think we need a referee. Let am out to try to knock Britton out as quickly as I can."

## BASEBALL PLAYERS CALLED

Boston, Oct. 18.—Manager Jack Barry of the Boston American baseball team, and four of his players, who enlisted as yeomen in the naval reserves, were today called for active service and ordered to report for duty November 2. All are rated as first class yeomen. Manager Barry and Chick Shorten have been assigned to the enrolling offices; McNally and Ernie Shore are assigned to the first district paymaster's office. Duffy Lewis has not yet received his assignment but it is believed he will be sent to the Mare Island navy yard.

## TRADES AND LABOR WOULD TAX ALL CHURCH PROPERTY

Are Adverse to an Increase of the Price of Utilities; Suggestion to Civic Financial Survey Committee

The report of the special committee appointed by the Trades and Labor Council for the purpose of making suggestions to the city council on the financial survey question was heartily approved at a special meeting of the Trades and Labor council held in the Labor temple last night. The council was unanimously in favor of taxing all church property, and made a number of helpful suggestions as follows:

### Increase Revenues.

1. By a tax on all exempted property. The taxation of all church property was especially mentioned.
2. By amalgamating the administration of all our public institutions, such as the school board, hospital board, etc. In reply to questions 3 and 4:
3. Are you in favor of the present system of taxation? We are satisfied with the present system of taxation insofar as it embodies the single tax idea.
4. What other system of taxation would you recommend? We would recommend that the single tax principle be extended. That the property of all delinquent taxpayers be appropriated through the medium of a tax sale.

We believe that the city can utilize the vacant lands to advantage and make them revenue-producing by adopting the leasehold system, by leasing the vacant lands to the city as there is undoubtedly a demand for plots of land; failing a demand for land the city undertake a system of municipal farming.

**Oppose Any Increase.**  
We are strongly opposed to the suggestion that the price of utilities be increased to meet a part of the annual amount required for interest and sinking fund payments on that portion of the city's debt now charged against land, because increasing the price of utilities means collecting money from a group of people who had no choice in the incurring of the liability and who in fact have now to pay excessively for the use of public utilities as a consequence of the real estate ownership action in enhancing the value of his land by utility extensions.

We further recognize that the present financial position of the city is part of a national question. Many of our delinquent taxpayers are overseas and cannot pay their taxes. It is questionable whether at the conclusion of the war they should be compelled to pay taxes on other than speculative property. Meanwhile enormous profits are being made by private interests out of the very national crisis that has put cities and a certain class of citizens into financial difficulties, therefore we believe the city council should join with us in an effort to have wealth conscripted in order to relieve the burden placed on the masses of the people through the exigencies of war.

## CIVIL SERVICE REFORM

Ottawa, Oct. 18.—Civil service reform on broad lines will likely eventuate from the union government. The proposal is to put the outside service under the jurisdiction of the civil service commission, to apply to it the same conditions of admission as now obtain regarding the inside service employed in the departments at Ottawa.

THE TIME OF TEST
This little touch of winter has
given us very positive evidence that
the question of the one-man cars has
not been solved even yet. There are
certain defects which must be remedied
if the cars are to continue giving
any sort of service.

with a question which is greatly
interesting many pedestrians at this

candidates to be perching themselves
upon the fence, and that the sooner
they name their corral, the better for
all concerned.

it is suggested that the Edmonton

Of all the taxes known to man, the
poll tax is the most out of date and
most unfair.

ATTACKING LIBERTY LOAN
Washington, Oct. 19.—Pro-German
agents in the United States, according
to reports to the treasury department,
have directed their energies to defeat-
ing the Liberty loan. Their organized
propaganda had borne fruit from Min-
nesota to Texas. It is asserted in scattered
localities, where weak efforts
have been made, not openly, but by
indirect methods, to discourage sub-
scriptions.

RUSSIAN FIRING PARTY SHOTS A TRAITOR
Kerevalov was a Russian traitor who induced 400 men to desert. Only when an officer threatened to shoot
him did his comrades betray him. Kerevalov was then shot and to his coat was attached a
piece of paper saying that he was a traitor to his country. The photo shows the firing party.

THE CLEARING RETURNS
The clearing returns for the week
ending yesterday at noon for the city
of Calgary and district exceeded the
ten million dollar figure. Clearing
returns are generally regarded as a
more or less safe barometer of the
business activity of the city. It is
not always safe to make a compara-
tive test between cities and areas, but
it is safe to say, judging from the
returns during the last few weeks,
that the commercial activity in this
city is much greater than at any pre-
vious time, and that there is more
money in circulation now than ever
before.

DEFEAT NOW ASSURED

Germans Now Seeing Pro-
gressive Breakdown of
Their Armies and Know
That Their Defeat Is Cer-
tain

Toronto, Oct. 18.—Frank H. Simmonds,
associate editor of the New York Tribune,
in a dispatch to the Globe today, says:
"The military significance of the strug-
gle now going forward in Flanders is fairly
obvious. A retreat between Lille and
Verdun cannot long be postponed after
Menin and Roulers have fallen.
... "The same fashion the fall of
Roulers will mean the eventual with-
drawal from the Belgian coast and the
surrender of the submarine base at Zee-
brugge, so troublesome to the British.
... "We are seeing the progressive break-
down of the German military machine as
Lee's great and long victorious army was
beaten to a pulp in the great campaign of
1914 in the Civil war. At the end of the
campaign of that year, the Confederate
army, still unbroken, still proudly con-
scious of having escaped decisive defeat
at the hands of vastly superior armies,
knew that its destruction was assured.
... "The German guns no longer support
their men as they did a year ago. The
German gunners no longer have the munitions
to return shell for shell or even
one shell for two.
... "British control in the air is complete

along the battlefield. From the Year
to the Somme the Germans now look upon
lost ground and they have to look for-
ward to new attacks, new pounding, with
no hope of an offensive and no chance
for a victory.
... "Every sign that comes from the bat-
tlefront is indicative of the decay of the
German military machine. It is a slow
decay; the army remains formidable, it
can endure rude blows still and hang on,
but it has lost the old sense of superiority,
of invincibility; it has been a beaten
army ever since Verdun and every month
the material advantages of its foes con-
tinue to increase."

OYSTER CROP IS BAD
Complete Failure of Fisheries Off
Prince Edward Island.

Ottawa, Oct. 18.—A report to the
naval department from Prince Edward
Island states that the oyster fishery in
Richmond bay, the locality which fur-
nished the famous Matapeque oysters,
is a complete failure this year. The
oysters have been attacked by a dis-
ease, and since the opening of the sea-
son on September 16 the result of the
oyster dredging has been to bring up
quantities of dead oysters.

Steel corporation, announced an addi-
tional subscription of \$15,000,000 would
be made to the Liberty loan, bringing the
purchase from this source up to \$25,000,-

CAMPAIGN FOR FLOTATION OF VICTORY WAR LOAN

Southern Alberta Committee Allots Districts and Selects the Managers

With the opening up of an office in suite 29 of the Canada Life building and the selection of district managers to cover the whole southern part of the province, the committee for southern Alberta in charge of the "Victory" war loan campaign feel that they are now ready to set the full machinery going.

Already circulars are being sent out and soon every person in the province will be acquainted with the purpose and possibilities of the loan.

For Northern Alberta the committee has completed the assignments of districts and the appointments of district managers, and the promotion campaigns in each district will be inaugurated immediately.

The several districts for northern Alberta and their respective chairmen are as follows: Districts and Chairmen

District No. 1—Territory adjacent to the P.R. Winnipeg line from Camrose to Saskatchewan boundary. Chairman, H. D. Healey.

District No. 2—Territory adjacent to C.P.R. Calgary line from Edmonton south to Red Deer, west to Saskatchewan river. Chairman, John Garrett.

District No. 3—Territory adjacent to G.T.P. and C.N.R. lines from Edmonton west to British Columbia boundary, south to a line approximately west from Red Deer. Chairman, R. L. Green.

District No. 4—Territory adjacent to C.N.R. to Athabasca and Edmonton, Dunvegan to Grouard. Chairman, H. Milton Martin.

District No. 5—Territory adjacent to Alberta Great Waterways. Chairman, K. W. Townsend.

District No. 6—Territory adjacent to C.N.R. Winnipeg branch, from Vergeville east to Lloydminster, and north to Township 6. Chairman, E. F. Racey.

District No. 7—Territory adjacent to G.T.P., Winnipeg line, from Tofield east to Saskatchewan line. Chairman, C. R. Darby.

District No. 8—Peace River district. Chairman, J. J. Duggan.

ALBANY OF CALGARY ARCHDEACONRY HAVE FINISHED SESSION

The Laity Participated in Concluding Meeting; Will Hold Mass Meeting

The meetings which have been held by the clergy of the archdeaconry of Calgary this week were concluded last night by a session in which the laity were invited to participate.

MANY SUGGESTIONS FOR IMPROVEMENT IN COMPENSATION

Calgary Labor Men Have Many Recommendations to Make to the Labor Commission

The members of the trades and labor council will consider recommendations to be made officially to the commission on workmen's compensation at a special meeting next week.

At this meeting not only regular members of the council will be present but representatives of several trades not as yet organized will be asked to be present to give views as to the workings of the act as it shall affect their various trades.

The special committee that has this matter in hand made a progress report to the council last night. It pointed out some of the weaknesses in the old act and made some suggestions for the new act.

1. It is almost impossible to recover adequate compensation under the old act. It is too limited in its scope. All industries are not included.

2. The indemnities are far too small.

3. Compensation provided by insurance companies is not satisfactory.

4. The companies do not pay the indemnities which may be recovered under the act without it being taken to court for recovery under the compensation law.

5. Only those who are employed by employers of good financial standing or who insure their employees can be sure of compensation.

6. A clause exempting the employer, if proof can be adduced that the employee willingly injures himself, opens a loophole for evading the law.

7. The old act falls down by giving the employee the right to sue under the common law. This creates a harvest for the lawyers, and gives greater possibilities to the man with the longest purse.

8. No provision is made for medical attendance.

9. The present law does not provide for compensation otherwise than in a lump sum. In the case of infants under the law, especially, provision should be made for monthly compensation until the dependent is able to manage for himself.

Some Suggestions were made as a basis for the new act. These were: 1. Compulsory state insurance. A state insurance fund to be created, eliminating all private or mutual insurance companies.

2. This state insurance to be administered by a board. This board to have power to adjudicate and make awards for all cases of compensation. In Manitoba, where they have non-compulsory insurance, there is only one adjudicator.

3. The right of appeal from boards of award to higher courts to be denied. If the right to appeal is granted, it is felt it opens the way for the lawyers to work the clients for their own ends. It always gives a better chance to the employer, who can afford to go to the highest courts.

4. The scope of the act to include all classes of labor. This will include casual labor and farm labor.

5. In the event of the act not being specific, the board shall determine the award without being bound by British precedent as at present.

THOMAS FRANCIS MATTHEWS Of the Matthews-Blackwell Company, of Toronto and Peterboro, who will be one of the witnesses in the Bacon trade inquiry before the royal commission.

CANDIDATES FOR SCHOOL BOARD ARE VERY UNCERTAIN

The Only Certainties Are Those Who Will Positively Not Run; Mrs. Gravett Will Run for City Council or School Board

The candidates for the school board seem more uncertain than the aldermanic slate. Of those whose term expires this year Miss Poole has expressed herself as determined not to stand for re-election.

Mr. Spankie has not yet expressed himself. Alex Ross, who is the logical man for the chairmanship, told The Albertan that while he was not sure about his future course as to the school board, it would not be possible for him to act as chairman if he was asked.

Arch Nimmo is also uncertain. Mrs. Gravett, president of the Next-of-Kin association, says she will be a candidate either for the aldermanic or the school board. She has not yet decided which.

COMMISSIONERS TO RECOMMEND SEWAGE DISPOSAL BYLAW

Reservoir Inspection by a Member of Provincial Board of Health

The commissioners will recommend the council to keep faith with Bassano and submit a bylaw for the purpose of providing for a sewage disposal plant. This is the result of a visit of Mr. Owen of the provincial board of health.

Mr. Owen spent Wednesday in the city, and while here visited the reservoir and inspected the work being done there. He expressed himself as being well pleased with what he saw, and gave the commissioners to understand that he did not foresee any difficulty in the city securing the certificate they have asked for.

Still he wanted to protect the rights of Bassano and asked the commissioners to give some undertaking that they would make an endeavor to secure the consent of the ratepayers to put in a sewage disposal plant. He thought the city should not spend any more money for capital expenditure until the promise given Bassano a couple of years ago is fulfilled.

The present expenditure was not the result of the passing of a new money bylaw, but the consolidating of several remnants of old bylaws. The commissioners practically gave Mr. Owen the assurance that they would recommend the council to submit a bylaw to the ratepayers.

It was also suggested that occupational diseases—diseases caused by a man's occupation—should be compensated for. No compensation will be asked for ordinary sickness.

At least equal to that of the military pension should be demanded. It was also suggested that occupational diseases—diseases caused by a man's occupation—should be compensated for. No compensation will be asked for ordinary sickness.

Queen Victoria with one of her young sons. Queen Victoria of Spain has been spending a great deal of time at the summer resort of Sardinero with her children, who, like all young-sters of their age, heartily enjoy the opportunity to romp on the sands, wade and swim in the water.

The photo shows her with one of her sons, little Prince Gonzalo, on the sand. The young prince is dressed ready for a dip. This photo is the most recent taken of the Queen and has just arrived in this country.

CHARGE--CRIMINAL NEGLIGENCE LAID AGAINST MORTIMER

Driver of Runaway Horse Held on Two Charges of Criminal Negligence

In the police court yesterday William Mortimer, owner of the runaway horse, was held on two charges of criminal negligence.

The charge of manslaughter was withdrawn and two charges of criminal negligence were substituted. James E. Grant testified that he had been called by a telephone message telling him that there had been a runaway, and that in the rig were a number of packages bearing his name.

NO GLARE LAW TO BE RIGIDLY ENFORCED

This Is Word Received From Edmonton by Auto Club President

Word has been received by W. F. W. Lent, president of the Calgary Automobile club, from the attorney-general's department that the motor vehicle law pertaining to the headlight glare is to be rigidly enforced from now on.

Some motorists thought for a time that the law regarding headlight glare was nothing but a joke. If they are caught offending this section of the motor vehicle act, motorists will find themselves up in police court.

STREET CAR HITS CHINESE MOTORIST

Laundryman Is Removed to Hospital and Car Is Badly Damaged

South Calgary car No. 68, going west last night at 6 o'clock at Twelfth and Second street, collided with an automobile driven by Charles Young, a Chinese laundryman of 1213 South street east, whose automobile was going north.

The Chinaman was badly cut about the head and face and as removed to the Holy Cross hospital. The fender of the street car was torn off, while the automobile was damaged to the extent of about \$50.

MANY BANKERS MAKING CLAIM FOR EXEMPTION

Two Classes Predominate in Exemption Claims Received, Bankers and Farmers; Draft One Men Registering

HANDWRITING REGISTRAR'S STAFF KEPT BUSY TRYING TO DECIPHER ILLIGIBLE HANDWRITING; REGISTRAR PERFECTS SYSTEM

Registration forms from men of the first draft are flowing into the office of the provincial military registrar.

Yesterday Registrar Carson received 650 reports and of this number 300 claimed exemption.

One noticeable feature is the large number of bankers claiming exemption. Bankers and farmers predominate. In some instances managers of unimportant branches of a bank, in the country districts, are sending in exemption claims for the whole staff.

An official of the registrar's department informed the Alberitan that the registered forms received cover many grades of handwriting, but invariably the worst, the most illegible are those received from bankers. If this latter point is a method used in trying to confuse the authorities, and thus escape military service, the registrar will be satisfied. He said that the "copy plate" will be used to copy the handwriting, and that the registrar's staff will be kept busy trying to decipher the illegible handwriting.

NEGOTIATIONS FOR PEACE ARE NOT ON PRESENT PROGRAM

Britain Has Not Negotiated With Any Religious Body on Peace Terms; Praise for President Wilson's Reply

London, Oct. 18.—Replying to a question in the house of commons today, Lord Robert Cecil, minister of blockade, denied that negotiations for peace had taken place with the Vatican or any of its agents or with any other religious body.

4 MORE DAYS

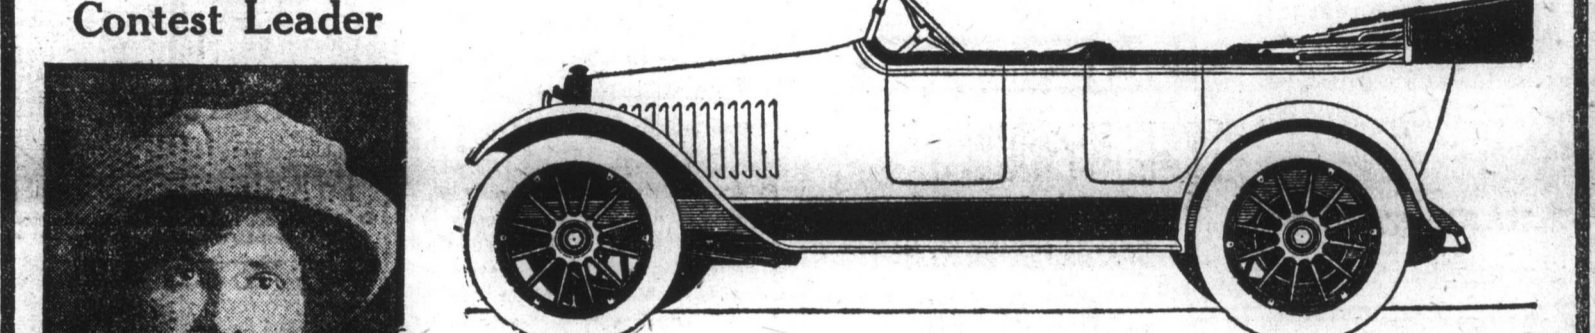

To work for the \$50 SPECIAL PRIZE! An extra subscription may win it! In which to gather in the 100,000 EXTRA-VOTE BALLOTS! File up your reserve!

From the letters received from candidates, in some instances, it seems that the exact conditions upon which the \$50 special prize will be awarded is not clear.

There's nothing complicated about the proposition. This prize is offered to the candidate who collects the most money upon subscriptions between the dates of Wednesday, October 2, and Tuesday, October 23—three weeks.

Neither the amount of money nor number of votes to the credit of the winner will be published. All that is required to win is to send in the most money. The very last day to hand in or mail reports to count for this prize is next Tuesday.

Today's Contest Leader

First Grand Prize \$2,000 7-PASSENGER CHALMERS TOURING CAR—Purchased from Diamond Motor Co., Ltd.

SECOND GRAND PRIZE: \$1,325 Grant Six Touring Car, Purchased from Ald. I. G. Ruttle.

ONE FOR EACH DISTRICT—\$1,215 REGAL TOURING CAR Purchased from Diamond Motor Co., Ltd. On exhibition there.

CANDIDATES IN THE CONTEST

The standing of the candidates, as shown below, includes such votes as were accepted for publication up to Wednesday noon. Votes will be added Tuesdays, Thursdays and Saturdays.

To insure accuracy a Burroughs adding machine is used in computing the votes.

Table listing candidates and their vote counts across various districts.

NOTE—(1), District No. 1; (2), District No. 2; (3), District No. 3.

THE DISTRICTS—(1)—The City of Calgary. (2) All territory north and west of Calgary. (3) All territory south and east of Calgary.

HEALTH INSURANCE AND COMPENSATION ACTS ARE REQUIRED

Superintendent of Calgary General Hospital Gathers Some Interesting Detail on Trip to Medical Convention

"HOSPITAL HABIT"

New Disease in Which Patient Does Not Like to Leave Comfortable Hospital Ward

Dr. Fisher, superintendent of the Calgary General Hospital, during his recent trip into the U.S., attending the Cleveland convention of the American Hospital Association, gathered a fund of valuable information which the hospital board is to consider from time to time, with a view to its practical value in hospital management and other matters of interest to the medical fraternity.

The convention was attended by hospital superintendents from all over Canada and the U.S. and the American Hospital Association, gathered a fund of valuable information which the hospital board is to consider from time to time, with a view to its practical value in hospital management and other matters of interest to the medical fraternity.

The compensation act hopes to pay the employed man two-thirds of his regular wages when in hospital and his doctor and hospital bill. The American Hospital Association, gathered a fund of valuable information which the hospital board is to consider from time to time, with a view to its practical value in hospital management and other matters of interest to the medical fraternity.

A paper was read on the health insurance problem, which is a further step than the compensation law and covers all sickness in the average workman's family, in which as a rule there is but a small accumulation of savings. The extra expense of sickness cannot be met when the sickness falls upon the wage earner. The patient cannot meet the expense of his sickness.

The idea of health insurance is to have small regular payments made, either by the employer or workman. These small regular payments will also supply funds while the workman is sick.

There is at present in the United States a movement for legislation providing health insurance.

Massachusetts and California have practically adopted it. Health insurance in its practical application has been a success in Great Britain.

One of the most interesting papers read was on "Hospitalism." By this term is meant the desire on the part of the patient to remain in the hospital ward indefinitely. It is a disease of enjoying the hospital, or the "hospital habit."

The patient enjoys the hospital to an abnormal degree. The bearing of poverty on hospitalism is large and should be treated only by the social worker. The writer of the paper contended that there should be a social clearing house to keep track of all indigents.

The patient should be cured in the hospital or sent to the convalescent home. Each hospital should have an out-patient department where the patients can come back for treatment, when not ill enough to remain in the hospital.

On War Basis The reorganization of civil hospital on a war basis was read by Dr. Smith of Baltimore. He contended that hospital should admit as large a class as possible in the training school for nurses. That the senior class should be graduated early, and that college graduates should be encouraged to enter the training school, and credit given also months for the time spent in college.

Other papers read were: "Oil as Fuel," "Hospitalism as a Social Disease," "Municipal training schools," "Practical hospital economics," etc.

In the discussion the opinion was expressed that when and wherever needed, hospitals whose needs are ever increasing should be brought before the public through the medium of the press.

While away Dr. Fisher visited the Psychopathic hospital in Chicago. This is a hospital for the admittance of patients suffering from acute attacks of mental diseases, and also for patients who are threatened with a mental breakdown.

Dr. Fisher contends that there should be some such hospital somewhere in the province, for the care of early mental diseases, as preventive measures may have many such cases. At the present time, he says, such cases are never treated until they enter an asylum.

Dr. Fisher attended the annual meeting of the Canadian Society for the Prevention of Tuberculosis and Canadian Public Health Association at Ottawa. He found that there has been in the past three years some 3,000 cases of tuberculosis amongst the Canadian forces. He said there was great need for more bed accommodations for soldiers suffering from tuberculosis.

In some of the hospitals soldiers are afflicted with the dread disease are taught vocational trades while sitting up in bed, so that when discharged they have a trade and are ready to go to work.

FIRE IN CARGO Halifax, Oct. 18.—Fire of an unknown origin broke out at an early hour this evening in No. 4 hold of a R.M.S.P. liner at pier No. 3. It is thought by experts that the lower hold, where the fire is still raging all efforts, will have to be flooded. The damage, though not yet definitely known, will probably amount to many thousands of dollars.
