THE PEOPLE'S PASTIMES.

WHAT IS GOING ON IN SPORTING  
CIRCLES THE WORLD OVER.

Gilt Edge Wins a Half-Mile Dash at  
Rockaway—The League Baseball Record  
up to Date—General Sporting  
Notes.

The officers of the 13th Batt. at Ham-  
ilton have organized a lawn tennis club.  
A cricket club has been organized at  
Swagbor, to be known as the West Oxford  
cricket club.

A wrestling match at New Orleans Sat-  
urday between Muldoon and Biximas, was  
won by Muldoon easily.

J. F. Scholtes' black and tan terrier  
Beatie took first prize in her class at the  
New York dog show last week.

Maurice Daly expresses himself strongly  
on the Schaefer-Slosson matches, and will  
lay his money on Schaefer winning.

The intercollegiate lacrosse match at  
New Haven Saturday between New York  
and Yale university teams, was won by  
Yale by a score of 11 to 0.

The veteran trainer Tom Brown, Homer,  
was seriously injured a few days ago by a  
runaway team while driving in St. Catharines.

Wylie, the "Hard Laddie," has just  
finished a week's stay at Cornwall. At  
Lancaster he played 38 games, winning  
184, two being drawn.

A football match between the St.  
Thomas collegiate institute and Woodstock  
college clubs at the latter place on Saturday  
resulted in an easy victory for the Wood-  
stock team.

Dennis Gallagher, the phenomenal boy  
wrestler of Buffalo, defeated Andre Christ-  
le, the French athlete, in a mixed wrestling  
contest at Rochester Thursday for  
\$250 stakes.

The first football match of the season  
was played at Rockaway on Saturday be-  
tween a team of Britishers and a team of Cana-  
dians and Scotchmen. The game resulted  
as follows: Britishers one goal and four  
tries to their opponent's two goals down.

For a bet for \$100 Benjamin Davis, L.I.,  
traded his horse to a wagon Thursday  
from Greenport to Riverhead, a distance  
of twenty-two miles. Jennings, who won,  
made the distance in one hour and twenty  
minutes. The road was very heavy.

A football match was played on the  
Normal school grounds on Saturday after-  
noon, between the Etinas of this city and  
the Normal school of Albany. The result  
of the game was a draw in a draw game,  
the score being 1-1.

Baseball Talk—Toronto's League games.  
Ten days of the season of 1888 have now  
passed and thirty-six games have been  
played. Wet weather, however,  
rendered this impossible, and no club has  
been able to play its nine schedule games,  
and only Boston and Buffalo have played  
eight, while Cleveland has played but six.  
Detroit is two behind and will have to  
play with Harry Wright's Quakers in  
September.

At Philadelphia: Buffalo 9, Phila-  
delphia 7.  
At Providence: Providence 9, Chicago 1.  
At New York: New York 8, Cleve-  
land 2.

THE LEAGUE RECORD.  
The following table shows the record of all  
league games played to date:

Table with columns: Clubs, New York, Philadelphia, Buffalo, Cleveland, Boston, Providence, Chicago, Detroit. Rows show wins, losses, and games lost.

FAIR BALLS.  
"Who is that young man walking on the  
other side of the street? He must be some  
fugitive from justice. See the nervous,  
haunted expression on his countenance."  
"Oh, no. He's no criminal. You're mis-  
taken. Poor fellow, he's a baseball umpire,  
and his experience on the field has  
taught him to be constantly on the watch  
for some one throwing something at him."

There is baseball in British Columbia.  
A series of three baseball matches has been  
arranged between the Port Townsend and  
Victoria clubs, the first to take place on  
May 24 at Victoria, and the second at Port  
Townsend on July 4 and the third to be  
decided upon after the second match.

Like Carter, the colored burglar, who was  
killed by Max Bodenheimer while entering  
his residence, St. Louis, the colored man  
played second base for the celebrated Black  
Stockings of St. Louis, who beat all the  
other colored clubs of the country last  
season. Carter was the best colored  
second baseman in the country, but finally  
received a ball that proved too much for  
him.

Berlin Beats the Boys in Blue.  
A football match, association rules, was  
played on Saturday afternoon on the  
grounds of the Toronto lacrosse club be-  
tween the Berlin high school team and the  
Toronto football club. The Toronto boys  
were attired in royal blue guernseys and  
the Berlin team in striped guernseys. At  
2:30 the ball was faced and like a shot it  
bounded toward the Toronto goal, near  
which some very exciting contests took  
place. Only twice during the first game  
did the ball threaten the goal of the Ber-  
lins. After twenty minutes hot struggling  
the ball bounded through the Toronto goal.  
During the first "over" of the game a  
strong breeze was blowing from the north,  
and as the Toronto had to kick up this was  
decidedly against them.

The second game was also won by the  
Berlins in eight minutes. During this  
game the home team were too much ac-  
cared, they always seemed to be where the  
ball was not, and did not exhibit enough  
spirit in following it up.

When the ball was kicked off for the  
third time the Toronto, not desiring to  
let the Berlin boys have the day all  
to themselves, set to work with a  
vim and paid more attention to the  
orders of their field captain. As a result  
the Berlin team had to use almost super-  
human efforts to keep out the Toronto.  
Half time was called the ball was near  
the Berlin goal. During the rest of the third  
game the Toronto were playing with the  
wind and in less than five minutes after  
the change was made the leather bounded  
through the Berlin goal, time 25 minutes.  
The fourth and last game was won by Ber-  
lin in 14 minutes.

Following is a list of the home team: J.  
M. McCallum and J. M. Wright, left for-  
wards; Irving and Jones, centre forwards;  
Wright and Chisholm, right forwards;  
Pennicook and Orr, half backs;  
Smith and Price, back Lyons, goal. The  
Berlin team were: Bowry, goal; Brube-  
ker and Manz, backs; Gleson and Killer,

half backs; Bingham and Forsyth, left for-  
wards; Mann and Theobald, centre for-  
wards; Kallish and Mitchell, right for-  
wards.

Sports Meeting, Kentucky Association.  
LEXINGTON, May 10.—The day was  
cloudy and warm, attendance large. Track  
greatly improved.

First race, purse \$300, selling race; all  
ages, one mile, Hickory Jim won by a  
length, Belle Highlands 2d, Springer 3d;  
time, 1:47. Best stakes, 2-year-old colts,  
five furlongs, Socks took the lead to a good  
start, Playfellow second, Bill Owens third.  
Bill Owens took second place in the  
three-quarter post. Bootblack and Play-  
fellow lapped coming into the home  
stretch. Socks held his lead and  
won by a length and a half. Win-  
derment 2d, Bill Owens 3d, time, 1:04.

In the Straus stakes, handicap, all ages,  
mile and sixteenth, Brunawick took the  
lead, with Taggart second, Centerville  
third, followed by Sadie McNairy, John  
Henry, Lizzie S. and Vera. There was no  
change at the stand, but the winner  
pole John Henry took second place,  
Centerville third, and they ran in this  
order entering the stretch, where John  
Henry took the lead and won easily by two  
lengths, Brunawick 2d, Lizzie S. 3d; time,  
1:51. Fourth race, purse \$250, all ages,  
three-quarters of a mile, Mystery went to  
the front at the start, Luteaster second,  
Gilt T. third, followed by Nellie Peyton  
and Sequence with the others lapped.

The race in this order past the half  
three-quarter post. Entering the stretch  
Gilt T. took the lead with Nellie Peyton  
second. After a slashing race home Gilt T.  
won by six inches, Nellie Peyton 2d,  
Luteaster 3d; time 1:17.

At the Wedding.  
The track on Saturday morning was very  
wet and deep-going, nevertheless some half  
score of horses were out doing their morning  
work. Owens string went a good gallop,  
and Williams was as usual "bucketed" to  
death. A spectator calculated that he had  
made about 20 miles gas-on-you please be-  
tween 7 and 10 o'clock. Surely an extra-  
ordinary method of training race horses.  
But it always has been so with many Cana-  
dian trainers. "An animal so treated  
will soon be best for the kennel. They  
don't seem to be training race horses any  
more. It is a waste of money, and the  
work is done by Wise at Gates' course, which  
was as dry as a bone."

A Four Round Match at Chicago.  
CHICAGO, May 10.—James Goode, the  
English pugilist, sparred four rounds  
of Queensbury rules, six furlongs,  
against John Sauer, a railroad brakeman,  
a man of great strength and consider-  
able science. Goode exhibited qualities  
of a hard and scientific fighter with both  
hands, but was unable to knock his antagon-  
ist out. Goode is the man on whose behalf  
"Parson" Davis accepted John L. Sullivan's  
challenge to spar at Cincinnati.

Licensed Victualers on the Diamond  
Field.  
The licensed victualers baseball club  
has secured the Jarvis street grounds for  
the season and will commence practice this  
afternoon at 2 o'clock. The practice days  
are Mondays, Wednesdays and Fridays.  
There are a number of good players in the  
club. Matches have been arranged with  
the licensed victualers of Guelph, Hamilt-  
on, Buffalo and other places.

Gilt Edge Wins a Half-Mile Dash.  
The great Long Island steeplechase was  
run at Rockaway Beach on Saturday. The  
purse was \$1000 and placed valued at \$500.  
Tonkaway, ridden by Mr. Harwood, was  
1st. Seventeen started. Allie Louisa, the  
Gilt Edge was 2d. Gilt Edge then started  
in a half-mile dash, and won as he liked.  
There were 5 starters.

College Regatta at Boston.  
Boston, May 10.—In the Harvard class  
races the seniors came in ahead by two  
lengths, with the juniors second and the  
freshmen one length behind. The sopho-  
mores failed to start, claiming that they  
did not hear the word "go." The race  
will be rowed over again on Monday.

The Philadelphia Again Wins.  
PHILADELPHIA, May 10.—The return  
match of all New York and Philadelphia  
cricketers resulted in another victory for  
the Philadelphia by a score of 136 to 70.

Catarah—A New Treatment.  
Perhaps the most extraordinary success  
that has been achieved in modern science  
has been attained by the Dixon treatment  
for catarrh. Out of 2000 patients treated  
during the past six months, fully ninety per  
cent have been cured of this stubborn  
malady. This is none the less startling  
when it is remembered that not five per  
cent of the patients presenting themselves  
to the regular practitioner are benefited,  
while the patent medicines and other ad-  
vertised cures never record a cure at all.

Stearing with the chain now generally be-  
lieved by the most scientific men that the  
disease is due to the presence of living  
parasites in the tissues. Mr. Dixon at once  
adapted his cure to their extermination;  
this accomplished, the catarrh is practically  
cured, and the permanency is unquestioned,  
as cases effected by him four years ago are  
cures still. No one else has ever attempted  
to cure catarrh in this manner, and no  
other treatment has ever cured catarrh.  
The application of the chain is simple  
and can be done at home, and the present  
season of the year is the most favorable for  
a speedy and permanent cure, the majority  
of cases being cured at one treatment.  
Sufferers should correspond with Messrs.  
A. H. DIXON & SON, 303 King street  
west, Toronto, Canada, and enclose stamp  
for their treatise on catarrh.—Montreal  
Star.

Soldiers, Sweethearts and Statisticians.  
Recruiting statistics show that the  
chances of the lassies of England all mar-  
rying are growing fewer and fewer. Last  
year, for instance, no smaller number than  
33,000 hale and hearty young fellows, a  
possible sweetheart and husband every one  
of them, joined the colors. In other words  
they sought glory or the grave and a red-  
coat, instead of a pretty maiden, the ring  
and a cosy fireside. A soldier cannot  
marry for years, so that the effect of this  
drain of 33,000 brave and gallant lads is to  
draft of 33,000 marriageable young men,  
stuff them into barracks and leave 33,000  
young women sighing to the strains of  
The Girl I Left Behind Me. Soldiers, of  
course, are necessary. We are too rich  
a little nation to be allowed to sit at peace if  
our hands were not on a good sword, and  
a good arm between the hand and the national  
heart. All the same, however, 33,000  
homes, marriageable girls, girls who could  
mind a baby and bake a loaf, and wash  
and love the lad of their choice, and all  
left lamenting, widows ere wives, is a sad  
thing.

Adulteration of all articles of con-  
sumption is a great evil of the times. To  
lovers of a pure tobacco in any shape, we  
recommend G. Bowk, 102 King street west.  
No cheap trash is sold there. Nothing but  
the choicest brands of imported and  
domestic Cigars and Tobacco. Try it and  
be convinced.

Picked up this piece.  
He that controlleth his temper is greater  
than he who taketh the city; but a lawyer  
man than these is he who wears the first  
straw hat of the season.

"Yes, this is May," Gorgeous, glorious  
May; the month of sweet roses and balmy  
perfumes; the season for picnics and, ugh!  
getting big bugs down your back.

"Yes, her father kicked me out of the  
house, but I got even with him," said a  
Philadelphia youth. "In one week I sent  
three book agents to interview him."

"I pledge you my word for it," said a  
politician who had just won the other day,  
"Don't do it," said he, "just say you pawn  
your honor, and you'll be nearer right."

An old farmer who wrote to an editor  
asking how to get rid of moles, and re-  
ceived the reply "Plough them out,"  
answered back: "Can't do it. It's on my  
girl's nose."

A gentleman who had been bitten by a  
dog was asked: "Do you suppose the animal  
was mad?" "Mad. What right had he  
to be mad? He wasn't half as mad as  
I am, and he bit me."

"Keep mum," said the joker to the  
guest on his right, as he put a spoonful  
of salt in another guest's coffee. "I do,"  
said the man addressed, "I'm a wise man."

A poet asks in a few simple verses,  
"Who will plant flowers on my grave?"  
"We can't give names, but we can assure  
you that if we planted to forget, every  
substance to this valuable journal  
would feel it incumbent upon him to act  
as a committee of one in planting."

"I don't think that carman's story," said  
one chap to another while watching the  
manoeuvres of a would-be Haulan; "his  
story is as good as a sea-saw move-  
ment about it to me."

"All of them have that case-war pecu-  
liarity when they stop rowing," was the  
rejoinder.

Ayer's cathartic pills are the best medi-  
cine that can be employed to correct irreg-  
ularities of the stomach and bowels. It is  
effective, yet thorough, in their action they cure  
constipation, stimulate the digestive or-  
gans and the appetite, cleanse the blood,  
and strengthen the system.

"The boy I am looking at," said the  
cross-eyed school man, "will come here  
to me and see me, I will give him a  
good whipping if he does not." Every boy  
in the room starts forward.  
The school man postpones the matinee.

"The constantly 'tired-out' feeling so  
often experienced by the afflicted, is due to  
impure blood and consequent enfeebled vir-  
tality. Ayer's Sarsaparilla feeds and en-  
riches the blood, increases the appetite  
and promotes digestion, and thus the  
assimilation of its strengthening qualities.  
The system being thus invigorated, the  
feeling rapidly disappears to a grateful sense  
of strength and energy."

An Indiana woman wanted \$500 from  
a man who kissed her 3000 times, and an  
Indiana jury gave her \$500,000. The man  
who strikes a woman cold-blooded enough  
to keep a tally on kisses deserves unlimited  
sympathy.

THE GREAT STRUGGLE

On Which Ontario is About to Enter—Must Whisker Go—The Scott Act Campaign.  
The promoters of the Scott act are not idle. They have a central organization, and they are forming local centres all over the province. They have not yet settled on a definite program, but they are determined to fight. They claim that the bulk of the press, the clergy, and the churches is on their side, and that they are sure to win. One prominent temperance worker said last night that this question had to be fought out once for all and it might better be done now than later on. The whisky business must go. They were going to organize the churches into great committees for working and canvassing. They would employ good local talent and see that every step was lawful. They were going to watch their opponents closely. To carry on the war against whisky they would need money, but their organization was such that he had no fear of their ability to raise it.

The opponents of the Scott act have picked up the gauntlet thus thrown down to them in some twenty-one counties, and are vigorously organizing for their own part. The central bureau in Toronto will lend them all possible assistance in the way of furnishing campaign literature and the like. The central bureau in Toronto will lend them all possible assistance in the way of furnishing campaign literature and the like. The central bureau in Toronto will lend them all possible assistance in the way of furnishing campaign literature and the like.

The campaign promises to be the most extensive and exciting one of the kind ever witnessed in Canada, as both sides are determined to strain every nerve to win. Ladies' jerseys in handsome patterns at a third of regular prices at the Bon Marche, 7 and 9 King street east, Farley & Co.

The Hunt Club's Meet. Saturday afternoon witnessed the finest turnout that the Toronto Hunt Club has had this season. The meet was at Woodbine, and there was a great throng of ladies and gentlemen in carriages to see them off. The pack was taken up on the side line to Victoria park over Mr. Patterson's, and were cast off over Mr. Smith's farm and then on to Mr. Morton's. They then ran two miles along close to the lake shore, and thence across the Kingston road and over to the Grand Trunk bridge, where they turned sharp to the left and ran through Victoria park and on to the east side of the Kingston road. W. S. Lee was up first and secured the brush. J. A. Donaghy was second, Mr. Mason third, Dr. Smith, the master, R. Miles, H. Cooper, J. H. Mead, Chas. Brown, in the order named, and Miss Hamilton, Mrs. Brown, Mrs. O. B. Sheppard and Miss McDonald well up.

If you want embroideries, collars, and lace go to the Bon Marche, 7 and 9 King street east, Farley & Co. The Opera Festival, Saturday Night. The artists of the Lablache opera company rendered a program upon the second night of their festival which surpassed in artistic merit anything the audience were led to expect. The concert part was a procession of musical gems which held the audience enraptured from beginning to end.

Description of a Much Married Man. Newbold, under arrest at Toledo for bigamy, is described as a man about five feet ten inches tall, somewhat squarely built. He was neatly dressed in a well-fitting suit of dark cloth, but his jaws and chin were sadly in need of a razor, while numerous gray hairs in his mustache and over the area of his scalp, indicated an age of 40 years of yearsabouts. He has dark eyes with hair dark brown and a mustache reddish brown. His forehead is high but rather narrow, and his neck is short, thick and red. Each time he opened his mouth he revealed two or three decayed and bad-looking teeth on his lower jaw, right side, while, as though determined to himself provide every possible evidence of the falseness of his claims, he persisted in protruding into public notice a pair of large, coarse-grained hands with neglected finger nails, and a pair of feet and calves, very large, encased in the historical and poorly-cared-for top boots.

PERSONS AND THINGS

Giovanni Prati, Italian poet, is dead. He was born January 27, 1816. Blaine's chances of success at the Chicago republican convention are improving. Arthur is next to him. "What is it that you like about that girl?" asked one young man of another. "My arm," was the brief reply. The prince of Wales Saturday visited Bismarck and the emperor and gave an audience to the prince of Bulgaria. Prince Victor, son of Prince Jerome Napoleon, will leave Paris Tuesday on a voyage east to escape the Bonapartist intrigues. The king of the Belgians goes to Paris on the 17th. "Violent game have done much damage in this country," says a New Hampshire local sheet. It is probable that the editor has a hunter and trapper among the Indians, but the compositor knew better. When Pere Hyacinthe married, the late Pope Pius IX., who was fond of an ancient jest, exclaimed, "Well, well, well, he has taken his punishment in his own hands." American Wild Animals in Art is the title of an illustrated paper, by Julius Lawrence, in the June number which describes the sculptures of Edward Kemeyer. Mr. Kemeyer, it appears, spent years as a hunter and trapper among the Indians and has studied his subjects closely from life. His work is well represented in the National museum at Washington.

Cracker Box Bill, otherwise known as the Calgary boy, was killed by British Columbia.

The sulphur springs, a short distance from Padmore on the C. P. R., have been found to possess excellent medicinal qualities. These with the boiling springs to be found adjacent are certainly great attractions for tourists in the health. The Calgary Herald says that the March and April calves on the ranches have nearly all been saved, and are now lively and hearty. The cows are in good condition. Medicine Hat is doing very slight, and everything indicates a prosperous year for ranchmen. A kind of natural cement has been found on the banks of the Bow a few miles west of Calgary. It is found near Morley and is also plentiful in Florida, where it is said to be superior to stone for building in building the town and forts of St. Augustine in that state.

A large glacier on Tunnel mountain took an immense slide Saturday night, and hundreds of tons of ice came thundering down the side of the Rockies. The men in the various camps along the line were frightened and fled in all directions. It was agreed that the mountain itself was tumbling down. The noise was heard many miles distant. Messrs. D. L. Levy and John Duggan of California, owners of the greyhound Pacific Life, offer to run the dog any distance from one hundred to two hundred miles, against any of the dogs owned by Arthur Chambers of Philadelphia, where dog-racing has become so popular late. A Big Difference. From the Hamilton Spectator. One of the big differences between this oppressed and crown-ridden country and the free and enlightened United States is found in the fact that, here, they put bogus English lords in jail—as they did in Toledo the other day. In the United States the bogus English lord marries the beautiful and accomplished heiress, as he did in Toledo the other day. On the whole, our way seems to be just about as good as the other.
