NOTE AND COMMENT 

The British army has been reduced by 282,000 and now with the reserves numbers only 300,000.

An appeal to the world's charity is made on behalf of the people of the Rhur, most of whom have been idle for eight months in pursuance of the policy of "passive resistance" against French occupation. It is an appeal that will not call forth much of a response on this side of the Atlantic.

Ontario Conservatives will meet in annual convention in Toronto on November 20th. A big gathering is expected. Every riding in the Province will be represented at the convention. Joseph E. Thompson, M.P.P. for Northeast Toronto, Speaker-designate of the new Legislature, is President of the Ontario Association

Victoria (B.C.) Times: The Minister of Marine and Fisheries is on firm ground when he says Canada is all right and can be made to prosper exceedingly if the people with such a glorious heritage will value it and develop it. He might have said that the doleful countenance never profited its wearer nor cheered anybody.

London Advertiser: The Goderich Signal reports one boat from that town making a catch of 3,000 lbs. of lake trout off Kettle Point, adding that the whole catch was shipped to Detroit. There are no better fish from the water than lake trout, and Ontario people should be able to get more of them at a fair

The handshake may be doomed as an expression of friendly greeting between civilized people. New provincial textbooks on hygiene for use in the public schools may contain declaring that a man with a dagger in his hand is less dangerous than those who come under the guise of friendly good-will offering hands laden with germs that slav without

Orillia Packet: Sir Edward Grigg told a Williamstown audience re-cently that Lloyd George received telegrams from private individuals during important international conferences after the Great War. One, from an American, said "We are with you heart and soul to put the Turk out of Europe. America expects every Englishman to do his duty."

A large increase is noted through out the province in the attendance at both public and high schools. This may be attributed in a large meas ure not so much to the growing importance attached by parents to education as to the compulsory provis-ions of the Adolescent Act. It is debatable whether the manual form of labor will not suffer by an evident inclination to foster a desire for "white collar jobs." —Hamilton Spectator.

Daily Telegraph, London: With the exception of Joan of Arc, no woman of note wore her hair bobbed before 1914. The really serious rea-son against bobbed hair is that it needs a lot of care. It calls for twice as many visits to the hair-dresser, and there is nothing like bobbed hair for collecting dust. But it does not necessarily cover an empty head, and is very far from being an index to

The Calgary Herald has just issued a fartieth anniversary edition of 116 pages that is a credit to the directors and staff who produced it. In this issue the business interests of the district ahve shown enterprise in placing an unusually large volume of advertising which tells the story of the growth and prosperity of the province. The issue constitutes a remarkable record of the historic events of Alberta during the last 40 years. Many experiences of early pioneers are recounted in readable style, some of the early builders telling their story in their own words in an interesting manner.

#### THE ADOLESCENT ACT

There have been various rumors with respect to the operation of the Adolescent Act now that a new Government is in power in Ontario, but a letter sent by Dr. F.W. Merchant Supt. of Education, to the Hamilton Board of Education, indicates that its operation will not be interfered with. The statement is plainly made that all boys and girls, up to the age of 16 must remain in school, except when they can secure a permit to go to work for the reasons given in the Act. Nothing will be done, however, with respect to adolescents over six teen years of age-not until 1925, at all events, and it is to be doubted whether they will ever be seriously interfered with, though there was a good and useful motive to have them taught rudimentary trades up to that age so that more skilled workmen may be produced. This means that the operations of the Act remain practically as they are today. Boys and girls are expected to attend school till they are 16; after that they may go to work.

#### "CHRISTMAS" NOT "XMAS"

Detroit has come to be so much associated in the press with motors, as well as with bootlegging and other crimes and scandals, that is was with great delight we noted in the papers this week that, whether intentionally or not we do not know, a movement has started in that city which has the appearance of almost sanctity. An organization of retail merchants is carrying on a propaganda to bring about the discontinuance of the abbreviation of the word "Christto "Xmas." Effort of that kind must have behind it an element of sentiment or reverence for the day of all days in the year; and that means at least the paying of respect by a commercial world to the Great Nazarene from whom the day gets its foundation and its name. Even though the X in Xmas may be conto represent the cross on which the Saviour died it is not nearly so close to the thought of divinity as the Christ part of Christmas; and any effort to preserve this name as hallowed should meet with universal endorsament.

#### BUSINESS THEN AND NOW

Buntin, Gillies & Co., the wellknown Hamilton firm of stationers and paper dealers, has just turned its seventy-fifth milestone. They preserve still the Day Book, Cash Book and Letter Copy Book used in 1848. Entries therein give an intimate picture of the time.

The entries were made invariably in pounds, shillings and pence. Along in 1850 a few entries show the equivalent in dollars and cents in the body of the entry, apologet- to learn from the sister church of ically as it were, but the extensions that which is so important in her were in English currency.

Cash in thirty days seemed unknown. It was too abrupt. When the account was due it appears to have been settled by a promissory note at 2, 3 or 4 months.

The disbursement side of the cash cook shows some interesting entries:
"Repairing pump, 1|8d." (No municipal waterworks then.)
Nov. 1849. "1 Cord Wood, 12|6d.

"Sawing, splitting and piling 1 cord wood, 3 1 2 d." 21/2 Hours "labor" cost 1|3d.

There are many entries for candles. Pumps, candles, cordwood, shill-

ngs, and labor at 12 cents an hour have all departed from Canadian business. Indeed the only remnant we have of 1848 is now and then a fragment of the long credit system that was then in vogue.

#### LAMBTON DEANERY MEET

arge Attendance Despite Uufavor-Weather. Proceedings Very Interesting

The autumn meeting of the rural deanery of Lambton was held in Christ Church, Petrolea, on Wedneschrist Church, Petrolea, on Wednesday, October 24th. The weather was very unfavorable, a cold rain falling throughout the day, but, nevertheless, when the beautiful chimes of Christ Church, given by the late J. L. Englehart, called the delegates to the service of Holy Communion at 10:00 a.m. there were already a large number present. The Holy large number present. The Holy Communion was celebrated by the Rector, Rev. R. C. Pitts with Rev. J. H. Petter, of Wyoming, as assist-

At 11 am. the men and women conducted separate conferences. The latter were under the chairman-ship of Mrs. F. G. Newton, president of the Deanery W. A. with Mrs. Chester, secretary, supporting her. Reports and other business were dealt with and evidence was forth-coming that the work is going on in a satisfactory way. Mrs. Sage, of London, also addressed the ladies. The men met under the chairmanship of the Rural Dean with Rev. W.J.H. Petter, as secretary. An important item of their program was the acceptance of a recommendation that the age for superannuation of aged clergy should be reduced from 70 to 65 years. The laymen met after luncheon and discussed the Dean-ery's standing in the matter of the budget—each parish reporting to the committee headed by Sheriff Albert Johnson, of Sarnia, as to its

assessments and payments.

In past years the Deanery of Lambton has reached 100% standing in this and it is hoped to continue this standard.

The general convention in the afternoon was well attended and addresses were given by Ven.. Arch-deacon Sage, of London, Rev. J. H. Hosford, of Watford, and Rev. J.J. Monds, Presbyterian minister of Petrolea, which deeply interested those present. Archdeacon Sage's subject "The Psychology of Religion" and covered many interesting themes "the subconscious area," "mysticism," "the herd instinct," themes 'adolescence", etc.

Mr. Hosford spoke on the church's work among young people, especially the A.Y.P.A. and Bible Classes. He had put a great deal of thought into his paper which was listened to very closely and the speaker's native wit and gift of oratory were very

pleasing.

Rev. J. J. Monds kindly substituted for Mr. Horace McDougall and told the deanery of the Laymen's position in the Presbyterian church system. It was an interesting address which all enjoyed, being glad

In the evening there was a short service at which the Rural Dean preached and Mrs. C. A. Jones sang a beautiful solo, but by then most of the delegates had returned to their homes in Sarnia, Wyoming Courtright, Sombra, Pt. Edward Forest, Watford, Warwick and Alvinston. The luncheon and supper provided by the ladies of Christ Church were sumptuous and taste-fully served and elicited a very cordial vote of thanks from the dele gates.

There was a large number of ladies attending the session of the Women's auxiliary, reports of the activities of the organization in the last six months being submitted.

Mrs. F. G. Newton was re-elected president, and Mrs. John Chester. secretary.

The special work of the deanery W. A. this year is the raising of funds for the mission church at Shingle Point, Herschel Island, the church having been recently built.

Last year the funds went towards expenses for church furnishing. Mrs. Sage of London gave an inspiring and instructive address on the work of the auxiliary and Mrs. Petter of Wyoming gave an interesting ac-count of mission work in a district 800 miles morth of Vancouver where she and her husband are engaged.

HELP THE POSTMASTER TO HELP YOURSELF

you ever give a moment's thought to the hours of duty that are put in daily by the Local Post Office and the hundred and one things that have to be thought of and attended to, correctly and quickly to give you good Service which you expect. There are many ways in which you can assist the Post Office to give you that Service, and they are all so small and easy that everybody can do them without the slightest inconvenience to themselves. Here is a list of some ways to remove the wrinkles from the Postmaster's fore head:-

If there is a vacant box in the Post Office—Rent It. The cost is only a few cents a month. If your time is worth anything at all, you will save money by not having to wait at the wicket for your mail.

If you lose your key-Buy Another the first time you are in the Post Office. Don't keep asking for your mail to be handed to you, in the hope of finding your key some

Put your Box Number on every letters you write. There are lots of Browns, Smiths and Robinsons everywhere, and it is very annoying when someone else opens your let-

If your children call for the mail, let one of them do it. It is not neces sary to have the whole family call one after the other.

If you should send to a Mail Order House, don't expect to get your parcel next morning. Give them time-when the parcel arrives the Postmaster won't forget to give it to you, he doesn't want it. There is no need to ask four or five times it your order has come.

Don't ask them not to hand your mail to anybody but yourself. Post Office employees only have human brains. Rent a box and keep the key yourself.

Never send a parcel without insuring it. Three cents will insure it up to five dollars, and it is a mighty poor parcel that is not worth three cents.

Put your name and address on the upper left hand corner of every letter you write, and the stamp in the right hand corner. Better still use printed envelopes, and have your name and address printed on them.

Dorst put money in a letter-buy a Money Order or a Postal Note, then if it gets lost the Post Office will gladly issue a duplicate, and some hard-working Postal employee will not be suspected of stealing it. If you must put the cash in-Reg-

your stamps at the local Buy Post Office or from your courier The Postmaster's pay depends or his stamp sales, and the more stamps you buy off him the better service he can afford to give you.

Don't grumble at the regulations they are made for your benefit and protection. Your local Postmaster did not make them, he is just doing his duty in carrying them out strict ly. Try to help him do it right, and make things pleasanter for everyone.

If you forget to do your business at the Post Office between eight in ees to see if they will give you your mail or write a money order for you after hours. They are entitled to a little time off, and the best tempered people in the world are liable to get snappy sometimes.

For tender, meltingly delicious and wondrous flavored turkey, you must roast it in an SMP Crystal Ware or Pearl Ware roaster. This roaster roasts as if by magic. It bastes the roast or fowl-the fat dripping down from above. The delicate juices and rare flavor are cooked right in. Nothing is lost. There is no wasteful shrinkage.

When you buy expensive roasts of meat, turkey, or other fowl or fish, you want them perfectly cooked. For from \$2.00 to \$4.00 you can purchase a splendid SMP. Roaster that will positively guarantee the roasting. To ensure the perfect cooking of an expensive 15-lb. turkey, surely it would pay you to use the proper utensil-an SMP roaster costing only one-quarter the price of the fowl! A roaster that fully guarantees perfect roasting!

After the hardest roasting, an SMP Roaster cleans as easily and simply as a china dish. No scouring or hard cleaning. There are styles and sizes to suit every size of roast, fish or fowl. Finished in Pearl Ware, twocoated pearly-grey enameled ware, or Crystal Ware,

three-coated snowy-white enameled ware. You can inspect them at any good hardware

THAMESVILLE DRUGGIST
DISAPPEARS

(Thamesville Herald) Believing that tragedy had be-fallen Mr. D. A. Watson, of the local drug firm of Watson & Ruckle, who had not returned to his home here last week as intended, from trip to Montreal, his family wired to Montreal on Saturday, to learn, if possible, his whereabouts. Tuesday afternoon an answer came stating that neither Mr. Watson nor his son Leigh had been seen since a week ago Saturday when they left the son's headquarters at Shawnigan Falls, one hundred miles below Shawnigan Montreal, supposedly for a walk.

Mr. Watson left Thamesville Monday October 8th, to attend the Canadian Ticket Seller's Association meeting in Montreal, after which he intended visiting his son Leigh, who is engaged as bookkeeper with a large construction company at the Falls In a letter to his family here at the beginning of last week Mr. Watson intimated that he would return home not later than Wednesday last. In his letter he mentioned visiting with his son Leigh, and told of having a most pleasant holiday.

Mr. Chas. Watson, another son has been connected with the local drug firm, left Tuesday afternoon for Montreal. He was accompanied by an uncle, Mr. W. Watson, of Dundas.

The ladies club of the 12th line paid a return visit and furnished the program for the occasion, which consisted of music and songs, including a Gaelic song by Mrs. Whitehead. Mrs. John Hall gave a splendid paper dealing with several phases of Community life was much appreciated by those present. Lunch was served and the meeting closed by all singing the National Anthem. The November meeting will be held at the home of Mrs. Frank Knight. All members are requested to attend as the annual election of officers will take place. Mr. J. C. McNeill, who is giving

up farming and moving to Sarnia held an auction sale on Monday, Oct, 22nd. Fair prices being realized

The unprecedentedly large number of auction sales and farms for sale this year should furnish food for serious thought for those giving attention to the great problems which confront this country. Beyond doubt agriculture is today facing crisis and so far no one has come forward with a solution for this dis-quieting state of affairs.

A western Ontario daily paper is running a series of articles under the heading "As the Farmer Sees it" being interviews with prominent far-mers of the district. Now while this effort on the part of the publishers is to be commended, will it bring home to the people of our urban centres the importance of these problems to the nation as a whole or will it be simply put down to the farmer's proverbial grouch. These problems have little significance for the average city man because he goes to his office or to work in the factory or wherever it may be secure in the knowledge that when pay day comes his pay cheque will there and he knows before hand what the amount will be and governs himself accordingly. He gives little visited Mrs. Atkin in the hospital on 1914 with wheat selling around a dollar per bushel he paid five cents Mr. and Mrs Wm. Munro were in a loaf for bread, then during the Alvinston Friday evening calling on war the price of wheat went to three dollars and bread to thirteen cents. now wheat is ninety cents yet bread is ten cents. When he pays around Alvinston were visitors with Mr and forty-five cents for his bacon he doesn't know that the live hog only sold for eight cents per pound. doesn't realize that doesn't realize that practically everything the farmer sells is down to pre-war prices, while implements building material, in fact nearly everything he has to buy is reduced very little from war prices. This is the thing that is putting the farmer out of business today. Organization backed by sympathetic co-operation on the part of both producer and consumer to eliminate the speculative feature in the marketing and handling of all food stuffs would be a step in the right direction. If these cleared acres which stand as a mon ument to the heroic endeavor of the pioneers of this noble heritage are to remain in the hands of the descendants of these pioneers and not pass into the possession of strangers and aliens who have no appreciation for these things, then some-thing must be done and done soon

A pretty wedding took place at the home of Mr. and Mrs. Albert McMahan, on the Plympton and Wyoming town line, on October 24th, when their only daughter, Martha Louise, was married to Woolman, also of the townline. The bride was given away by her father and looked charming in her wedding gown of white georgette over satin, beaded with pearls, and carried a shower boquet of ophelia roses and carnations. Rev. Joseph Jones, of Wyoming, performed the ceremony under a beautiful floral arch and Florence Nichol played the Miss bridal chorus. After the ceremony a wedding dinner was served. On their return from a short honeymoon Mr. and Mrs. Woolman will reside on the town line.

#### COOK-AULD

The home of Mr. and Mrs. David Auld, 12 sideroad, Warwick, was the scene of a pretty autumn wedding on Thursday afternoon, Oct. 25th, when their eldest daughter, Anna E. was married to Mr. Lloyd S. Cook son of Mr. and Mrs. Fred Cook, Main road, Warwick. The date was the 30th anniversary of Mr. and Mrs. Auld's marriag.e The bride who entered the drawingroom accompanied by her father, looked charming in her gown of white canton crepe with pearl trimmings, the train lined with coral crepe, and the veil in coronet style, caught up with orange blossoms. She was at-tended by her sister, Maxena, in orchid voile, as maid of honor and her niece Meyrol in yellow as flower girl, the groom was assisted by his brother Mr. Lee Cook. Miss Millie Barnes played Mendelsshon's wedding march while the bridal party took their places before a bank of autumn tinted maples and chrysanthemums, where the ceremony was man of Watford, pastor of Knox church. During the signing of the register Miss L. Ross sang very sweetly, "All Joy Be Thine."

After congratulations had been extended, the company was in-vited to the diningroom, which was decorated in gold and white, where a bountiful dinner was served to thirty guests. Later Mr. and Mrs. Cook left amid good wishes and showers of confetti, for Detroit, the bride travelling in brown canton, with coat of brown marvella with fox furs and hat to match. The groom's gift to the bride was a handsome string of pearls, to the maid of honor an onyx ring, and to flower girl a nearl ring and to the flower girl a pearl ring, and to the groomsman an onyx tie pin. By Ross Farquhar Friday-Pa was a tawking to man today about 1 of his ole former frends witch he to go to skool him and this with frend all ways wanted to be a going to colliges and etc. and pa ast the man did his frend ever get to finish up his education. But the man sed No he haddent got to finish up his education because he had went and died in the form of a ole Batcheller.

Saterdaly-well pa got in Bad egen to-day on a very series propersition. One of ma's swell lady frends was a going on a long trip across the country. And then 1 of her frends over in the city had died. So she sent pa down town to get 2 Bokays at the same time and send them to the various ladys in questions. Tonite one lady called her up on the long distant telefone, the 1 witch is still living, and balled her out for insulting her by sending flowers with a mottoe like that flowers with a mottoe like that witch was At Rest. Then ma begun to smell a light and ast pa what mottoe he got put on the other Bokay and he replied sorrowfly that it was Good Luck.

Sunday Pa sed there shud ought to be a rule vs. Mr. Gillem a going to chirch because he snores so boystrous nobuddy else can hear the sermon or sleep neither.

Monday-well I finely got pritty near enuff saved to by a birthday Present for pa. I had my eye on a pear of Cuff lynx but when I went to price them they costed so much moren I xpected so rather than disappoint him I had them charged To his acct.

Teusday-Pa was tawking about the good old fashioned girls like when ma was yung and I up and ast him what the difference was between a old fashioned girl and them of the present Sentury. He sad Well for instant the girls in ancient times use to Kiss to make up and the mod-

#### CAUSE OF BACKACHES .

Every muscle in the body needs a supply of rich, red blood in proportion to the work it does. The muscles of the back are under a heavy strain and have but little rest. When the blood is thin they lack nourishment and rebel. The result is a sensation of pain in these muscles.

Many people are frightened into believing that backaches are due to kidney trouble, but the best medical authorities agree that backache is very seldom due to kidney trouble. In fact not more than one backache in a hundred has anything to do with the kidneys. The whole trouble is due to thin or impure blood, and those who are toubled with pains in the back or loins, either frequent or occasional, should look to the condition of the blood. It will be found most cases that Dr. Williams' Pink Pills by building up the blood and feeding the starved nerves and muscles will banish the pains and make you feel better in every other way. How much better it is to try Dr. Williams' Pink Pills for your blood than to give way to unreasonable alarm about your kidneys. If you really suspect your kidneys any doctor can make a test in ten minutes that will set your fears at rest,

or tell you the worst. All dealers in medicine sell Dr Williams' Pink Pills, or you can get them by mail at 50 cents a box from Williams' Medicine Co., The Dr.

Brockville, Ont. Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to irradicate except through a sure preparation such as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has freed a generation of asthmatic victims from this scourge of the bronchial tubes. It is sold everywhere.

In a Bulletin issued by the Board of Railway Commissioners on June 15th, 1923, 54 cases of danger at protected crossings are cited for the period October, 1922, to May, 1923, and of these fifty are declared to motor drivers. "Motor accidents, says the bulletin, "are becoming more frequent. Every sane motorist cate the culpably negligent motor-

All highway crossings are by law protected by signs, and they are only dangerous when the driver of the automobile makes them so. They are not dangerous if motorists will take a small part of the care they exercise in turning on a city street. It is the motorist's carelessness that makes them dangerous. The train has right of way. Everyone knows what may happen if the plainly seen warnings disregarded at a point where the motor car can stop while the train

Coroners' juries are usually more discriminating and put the blame where it belongs, but the general public, seeing the usual newspaper heading, "Train Crashes into Motor Car," starts out with the impression that the train must necessarily be to way to submit information bearing blame, when, as a matter of fact, a fairer statement of the case would motorists on various portions of its be "Another Auto Gets in Path of system so that use may be made of Fast Train." Quite as often, too, the heading should read, "Flying Auto Dashes into Moving Train." Frequently the auto strikes the train well behind the engine, a convincing indication that the motorist too frequently treats the railroad crossing with the same casual notice that he gives the intersection of a quiet country road.

Out of 32 level crossing accidents have been due to the carelessness of that happened in Ontario during 1922 22 were the result of the motor ist not heeding the stop signal, and seven were the result of running into deplores this. ## HIS MAJESTY'S MAILS ON CANADIAN PACIFIC

1.-A comfortable corner of the Baggage Car. 3.-Another view of the Baggage Car.

-Exterior of one of the new Canadian Pacific Mail and Baggage Cars.

Almost every day we rely upon His Majesty's Postal service for the delivery at certain hours of letters and parcels which are of value and which would lose their value were they delivered tardily. Seldom have we cause to complain of the services rendered in exchange for our few ents and we have come to expect the efficient regularity of that service regardless of the natural or economic disturbances which affect other services. The letter was stamped and placed in the postal box. It must be delivered, and with dispatch, rain or skine.

Due to the increasing use of His Majesties Mails, the Canadian Pacific Railway has found it necessary to add to its rolling stock, twelve new Mail and Bagage coaches. These, being up-to-date in every respect, provide every facility for the handling of the mail, and a number of conveniences for the clerks which the older type of cars could not boast of. The "All Steel" cars are some of the finest used by Postal authorities in the world, and the delexs.

#### MR. GEORGE HARPER'S ACCIDENT

Particulars of the serious accident that befell ex-Reeve George Harper while helping thresh on his brother's farm in Saskatchewan in September are now to hand. The Rouleau Enterprise of Sept. 27th, gives the following account of the accident:

"On Monday morning, George Harper met with a serious accident while working on his brother's threshing outfit on the farm of Ed. Saul. While the machine was running a part of the inside of the machine came loose and worked in to blower. Hearing the noise Mr. Harper opened the door of the blower and as he did so a piece of sheet metal flew out striking him fairly in the face. The edge of the metal made a slanting gash from the upper lip just below the nose across the right cheek and across the ear. The force of the blow also rendered him unconscious in which condition he remained for nearly three hours. Dr. Lowe of Regina, was sent for and he dressed it, and Mr. Harper is getting along nicely.

It is fortunate that the wound happened where it was. Had the flying metal been at a slightly different angle or a little higher his nose might have been sliced off or an eye put out.

Mr. Harper came up from Watford, Ont., last spring and has been visiting with his brother Jim, while his wife went on to Calgary and is visiting friends there."

#### WANSTEAD

The annual meeting of the U.F.Y. P.O. was held on Tuesday evening, Oct. 16th, with a fair attendance. The meeting opened by singing the "Maple Leaf Forever" after which the minutes of the last regular meeting, also of the last annual meeting were read. Mr. George Simpson acted as chairman and the president, J. E. Capes, performed the duties of secretary. in the absence of Miss Edna Williams. The president gave a report of the year's activities in the club which was very encouraging. Mr. V. C. McNeil gave a short address and laid a great deal of stress on the educational value of Y.P. clubs. After a short program the following officers were elected, hon-president, L. W. Oke, M.L.A.; president, George Simpson; vice-president, Maggie Simpson; sec.-treas. Miss Isla Bailey. The next meeting will be held on Tuesday, Nov. 6th. All membership fees are urgently requested to be in by that date. Everybody come.

Although the potato yield in this section of Ontario, says the St. Marys Journal, was a very good average crop, and the quality at first seemed exceptional, rot has now developed among the harvested tubers and according to many citizens nearly all of the roots are spotted and showing signs of decay.
