## NEWSPAPER MEN AT MONCTON

Representatives of Maritime Weeklies Hold Annual Meeting—Delighted With City.

The annual meetings of the Maritime Weekly Press Association and of the Maritime Selected Weeklies was held Tuesday of last week in Moncton, and was well attended. Mr. L. S. Gove, Representative Mar. Selected Weeklies, Toronto, was among those present. While the visit of the newspaper men was taken up very largely with matters concerning the interests of publishers individually and collectively there was nevertheless found some time in addition to enjoy the many courtesies extended by the Civic Government by the Board of Trade and by prominent citizens of Moncton.

On Tuesday morning the newspaper men enjoyed a call at the Brunswick Hotel from Mr. George V. Willett, ex-Mayor of Moncton, and a former Sheriff of Westmoreland County. Mr. Willett, it might be mentioned in passing, is a cousin of our large ocean going steamers, Wm. Willett, formerly of Round Hill, but now of Clementson, and is therefore known both personally and by reputation to many citizens of this county. Ex-Sheriff Willett on behalf of the Moncton Board of Trade, placed at the disposal of the pressmen a number of cars and a drive was enjoyed to various points of interest in and about the bustling and wide-awake city of Moncton so enlarged and improved of recent years that visitors before the past decade scarcely recognized it in its new and greatly extended boundaries. The city is very fortunate in its hotel service and residents claim that its Brunswick Hotel is the best in the Maritimes. After enjoying its menu and service we do not feel that we can get up on our hind legs and argue the case with them.

In the afternoon the visiting newspaper occupied for their business and discussion the Council Chamber most kindly placed at their disposal by the city. Mr. Matthew Lodge on behalf of the Board of Trade, extended a cordial welcome to the visitors, urged them to keep pressing for a recognition of the just claims of the Maritimes and referred to the importance of this section of Canada. In concluding his remarks he extended on behalf of the Management of the Atlantic Underwear, an invitation to an oyster supper at their hotel. The remarks of Mr. Lodge were warmly applauded and thanks for his courtesy were extended by Don. F. Fraser, President of the Press Association, who also expressed in a neat manner the thanks of that body to Mayor Edgett (who has just entered) and to the City Council for their kindness in placing the Civic Chamber at the disposal of the visiting newspaper men.

The Mayor made a graceful reply in which he personally welcomed the editors and expressed the hope that their meeting would be as pleasant as he was sure it would be profitable. He referred to Moncton's advantages, pointing out that it had become quite a convention city. This, he said, was no doubt due to its central situation and its convenient railway connections. He tendered further services to the Association, which Mr. Fraser assured him were greatly appreciated. Then followed an address by Mr. Brennan, of the Summerside Journal, on his well known special edition, and some explanations by the Chairman regarding casting boxes and other technical features of newspaper work.

The welcome of the city newspapers was tendered the visitors by Mr. J. C. Keating, Manager of The Times, and Mr. O. L. Barbour, of The Transcript.

An unusually interesting address was given by Mr. Patten, editor of the Independent Reporter, of Skowhegan, Maine. Mr. Patten's paper enjoys the distinction of ranking seventh from the standpoint of circulation in the list of weekly newspapers throughout the United States. Although Skowhegan has a population of only about 3,000 the circulation of the Independent Reporter is over 7,000.

Delegates present were: C. C. Avard, Sackville, N. B.; Geo. F. McWilliam, Newcastle, N. B.; H. R. Ardenburg, Lunenburg, N. S.; Frank H. Beattie, Bridgetown, N. S.; A. T. Gillivray, Antigonish, N. S.; A. T. Ross, Chatham, N. B.; L. M. Trask, Yarmouth, N. S.; H. P. Davidson, Wolfville, N. S.; Miss Forbes, Windsor, N. S.; A. R. Brennan, Summerside, P.E.I.; Donald Lawson, Yarmouth, N. S.; S. L. Lynott, Woodstock, N. B.; H. B. Anslow, Campbellton, N. B.; Don. F. Fraser, New Glasgow, N. S.; C. M. Mesereau, Bathurst, N. B.; F. E. Jordan, Chatham, N. B.

Officers Elected:  
Last year's officers were re-elected as follows:  
President—Don. F. Fraser, New Glasgow Chronicle.  
Vice-President—Nova Scotia, Mrs. P. M. Fielding, Tribune, Windsor, N. S.; New Brunswick, C. C. Avard, Sackville Tribune; P. E. Island, Lewis Taylor, Summerside Journal.  
Secretary—H. B. Anslow, Campbellton Graphic.  
The Executive in addition to the above is composed of Donald Lawson, Yarmouth Herald; S. L. Lynott, Carleton Sentinel; H. S. Anslow, Hants Journal; Geo. McWilliam, Newcastle Leader; H. R. Ardenburg, Progress-Enterprise, Lunenburg, N. S.  
Address—Review of Year's Work by Don. F. Fraser, Eastern Chronicle, New Glasgow.

The Association was addressed by Mr. Patten, editor of the Independent Reporter, of Skowhegan, Maine, who took up many points of importance to weekly publishers and gave a club swinging exhibition at the close afterwards inviting a member up for lessons. The lesson was successful beyond anticipations but the Maine Manager received a tap on the head by a swing of his pupil's clubs. Almost knocked unconscious he was taken to a chair, mopped his forehead which red exuded in copious quantities. President Fraser, at once distributed copies of the Skowhegan Independent Reporter giving full details of the sad occurrence thus demonstrating how even the enterprise and speed of the city paper could be exceeded. The wounds were discovered not to be fatal as the club was fortunately padded. Mr. Patten presented a handsome anniversary brochure giving history and mechanical appliances used in the plant of the Independent Reporter. Do not forget his corner heading: "There are eleven Bostons, many Londons, but only one Skowhegan." His genial presence will be welcomed any old time among the Maritime Weekly Newspaper fraternity.

In the evening the Selected Weeklies held their annual session and as in the case of the Maritime Press, it was felt that the past years officers had functioned very efficiently and all were re-elected on bloc. Vice-Pres. Geo. F. McWilliam presided in absence of John A. Fisher, absence by reason of the serious illness of his wife. A suitable telegram expressive of sympathy was drafted and sent by the meeting.

At the close the press representatives were conveyed to the Hotel of the Atlantic Underwear Co. where they were guests of Manager J. L. McDonald. We might note in passing that the company erected and furnished this very nice building and secured most efficient management for it in order that the ninety girls from outside the city might have a real home under the best direction. Here they receive board, lodging, etc. for \$4.50 and the building and its appointments are a decided credit to the splendid vision which saw its needs and supplied them. At the banquet which was called an oyster supper but provided many delicacies besides the choice bivalves, Capt. J. E. Masters was toast master. In the

## HOME BREW BEING CAPTURED

Inspector Messenger Makes Three Captures Within a Week—Old Offenders in the Net.

Mr. Elias Messenger, Temperance Inspector for the County of Annapolis, has been during the past week or so, creating havoc and consternation among manufacturers and vendors of home brew in this county. Captures were made of beverages in possession of Andrew Smith, a resident of the Liverpool road, A. Kaiser, Round Hill, and Arthur Sims, who gave name, fame and kick to Ingie-wood beer. Kaiser, it appears, was convicted upon a previous occasion but temporarily went on a long vacation trip. The old charge therefore hangs over him as well as the chance of a second conviction. Sims it is understood, comes under the same category. In the first two instances the trophies of the trip are bottles filled with a golden or semi-golden liquid. In the case of Sims the capture was a case of very fair proportions which the Inspector dug up in front of the accused's barn where it was covered with earth and straw. A merry party at the residence of Mr. Sims on Saturday night aroused the suspicion of the authorities and a search followed as a consequence with very definite results.

A LOCAL SUGGESTION FOR REMEMBRANCE DAY  
On Remembrance Sunday, Nov. 11th the anniversary of the Armistice, there will be held in Sydney a mass parade and drum-head service will be held—Sydney Mines, Glace Bay, New Waterford, Louisburg, Reserve Mines and Dominion all taking part. In addition to which all ex-service men who are not affiliated with any Association are taking part. It is expected there will be about eight thousand returned men in this parade which will be under the supervision of the Provincial President, Padre A. E. Andrew, assisted by Padre Pringle, Whalley and Father MacGillivray of Sydney and Glace Bay.

While referring to matters in this connection it has been suggested that the day might be very fittingly commemorated in Bridgetown by a church parade of the veterans of the town and surrounding country, and thus help keep up the bond of present comradeship along with a tribute to the memory of those who made the greatest of sacrifices their lives for their country's cause and for the good of others.

Our esteemed citizen and well known auto top trimmer, Mr. Elburne Nichols, was very much astonished on Saturday to receive a summons from Police Magistrate C. Alfred White, of Shediac, N. B., ordering him to pay up some eight dollars and costs for exceeding the speed limit on October 14th in the little New Brunswick Summer resort. The charge was laid by Chief Dunn, who had Mr. Nichols' car number all right. The eye strain was evidently too much for the chief for catching the numbers and the letter N must have left a blur changing B into S. Mr. Nichols was in Digby on the day in question and has yet to do any driving in the town of Shediac.

The drive for motor car courtesy doesn't seem to have much effect on the individual who stops in front of a house day or night and honks his horn instead of getting out of the car and going to the door.

Miss A. G. Longley is visiting friends in Annapolis Royal for the next two weeks.  
Mr. Wm. Baxter left on Friday for his home in St. John, after a pleasant visit here with his daughter, Mrs. H. S. Magee and Mr. Magee. His granddaughter, Miss Audrey Magee, accompanied him on a visit to the New Brunswick capital.  
Mr. John P. Morse was on a trip to St. John last week, returning home on Thursday afternoon.  
Mr. G. R. McNeill, of Digby, was a visitor in town last week.  
Mr. G. F. Humphrey, Mrs. Staley Humphrey and Willie Humphrey left last Thursday for Montreal where they will spend the winter. Mr. G. F. Humphrey is remaining here.  
Mr. R. W. Tufts, Dominion Federal Bird Officer, for the Maritime Province returned from New Brunswick last Thursday and meeting at Digby a number of the Dominion Commissioners in his department left by

## DR. NANA R. WAREY LEAVING NEXT MONTH FOR NEWTON MASS.

The many friends of Dr. Nana R. Warey regret to learn that she purposes proceeding to the U. S. about the middle of November. The news came as a surprise to many. Dr. Warey has practiced most successfully here for the past two and a half years but has decided that a broader and wider field lies open to her talents and training in Newton, Mass., where she will practice her profession. During her recent visit to U. S. she passed most successfully the State Board of Massachusetts. She has also received an appointment as lecturer on Dental Hygiene at Harvard University. While regretting to leave the many friends she has made in both social and business ways in Bridgetown, she feels that the change of residence opens to her wider and more amply the door of opportunity. She will be succeeded here by Dr. Hazel Thompson of New Germany.

The question of great local interest the appointment of Postmaster in succession to Mr. A. D. Brown, who resigned about two weeks ago, has been settled and Dr. M. E. Armstrong has received instructions to take over the position on Thursday, Nov. 1st, pending a permanent appointment. We understand that this procedure is frequently taken by governments, or rather Civil Service Commissions, particularly when a short time elapses between resignations and the necessity of making appointments. It is, of course, considered in this case a short distance from it. The list was perhaps not so large as reported to be but it contained several gentlemen of most excellent ability and good standing in the community and among them a number of returned men, who, from the wording of the notices calling for applications, felt that their claims were entitled to and would receive a preference over others.

On Thursday's train from the West were fifty-seven Chinamen bound from Hong-Kong and Canton to Trinidad. Among the number was a prosperous merchant, A. Allum, with wife, maid and a baby three months old. The Chinamen go through in bond and were in charge of George Bannon, Immigration Agent, Montreal, and two other gentlemen connected with the C.P.R.  
After a trying experience crossing the Bay, the Chinamen were kept busy feeding the fishes on unknown and strange diets, and on arrival at Digby the lot was checked up and contrary to fears expressed by the attendants, none were found dead, but some semi-comatose. The Celestials in Trinidad do not confine their efforts to "washes" and to restaurants but take up many lines of business besides working on the sugar plantations. Many of them have amassed wealth one even becoming a reputed millionaire. One of Thursday's passengers, though he has made five trips to China and back within fifteen years, and each trip costs about \$1000, meals, etc., included, modestly disclaimed the amassing of any money. The various travellers were clad in great variety of costumes from British garb of late Autumn or early Winter to linen coats and trousers and white helmets used to protect the cranium from blazing tropical suns.

The death of Miss Annie G. Beck occurred suddenly at the home of her sister, Mrs. Lansdale Pigott, October 25th. The deceased was a daughter of the late Mr. John T. Beck of St. John, N. B. The funeral took place Saturday afternoon and interment was made in Wadville cemetery at Granville Centre.

not for the South Shore where the party will take up some matters of importance in connection with shooting regulations and the protection of birds.  
Capt. Balfour Collins, of Granville Ferry, returned last week from St. John with his command the S. S. Granville, which had been undergoing some repairs.  
Rev. G. W. Schurman returned home to Billtown Thursday afternoon after a short visit with different friends in this county.  
Miss Mabel Hawkins, of Hampton has returned home after a pleasant visit spent in Massachusetts.  
Mr. J. W. Peters, of Digby, Monday of last week returned from Berwick where he was the guest of his sister, Mrs. J. G. Clarke, while returning from a two weeks' trip through New Brunswick and Nova Scotia.

Dr. M. E. ARMSTRONG NEW POSTMASTER  
The Doctor Receives Position Over a Large Field of Applicants—Commences Duty To-morrow.

ACCEPT OFFER OF PURCHASE OF CLARKE BROS. PROPERTIES  
Toronto—First mortgage bondholders of Clarke Bros. Limited, met in Toronto and voted to accept an offer of purchase of the company's properties submitted by a group of Chicago and Milwaukee business men, closely associated with the pulp and paper industry. The arrangement provides that present first mortgage bondholders are to receive second mortgage refunding bonds of a new company to be formed equivalent to their holdings in Clarke Brothers Limited, now in liquidation, and in addition for each bond held a \$50 share of seven per cent. cumulative preferred stock of the new company. The bonds are to bear interest at seven per cent. and mature in twenty years.

The American interests will proceed at once with the organization of a new company which will have a Dominion charter. On its board will be three representatives of the buyers, three representatives of the bondholders of Clarke Brothers, and a seventh director who shall be independent of either of the parties. The new company will take over the holdings of Clarke Brothers, finish the construction of the mill, provide working capital, and put the entire plant in first class operating condition. To provide working capacity, a first mortgage bond issue amounting to \$740,000 is being floated and its purchase by a Chicago trust company has been arranged.

To provide working capacity, a first mortgage bond issue amounting to \$740,000 is being floated and its purchase by a Chicago trust company has been arranged.

On October 24th Mr. Harry B. Fay, second son of Stipendiary Magistrate F. R. Fay, of this town, was united in marriage to Miss Anna Catherine Fitzpatrick in St. Michaels and All Angels Church, Calgary. Mr. Fay who has very many friends in this town and surrounding county, left for the West fourteen years ago and has most successfully followed ranching there. His many friends here extend to him and to his bride all best wishes for continued happiness and prosperity.

KILLED THEIR BEAR BY DROWNING IT  
Yarmouth—Hal Cann, in company with a guide, last week secured a huge bear at Kempville. The bear was caught in a trap and the two men, having no firearms, took ironed sticks which they found in the woods and forced the head of the bear into the brook alongside, finally drowning the animal. The experience was fraught with danger, however, as the bear would fiercely make for his tormentors only to be brought up by the trap. As the prongs were used repeatedly to force the bear's head into the water of the little brook, it would shake itself clear and show fight. Its waning strength at last permitted the men to make a killing. The bear was a handsome specimen.

O, CANADA! O, CANADA!  
("We love thee more and more")  
(The Prince of Wales has been pleased to accept a copy of Jasper Vale-Lane's song, "O Canada! O Canada! (We love thee more and more)")  
The author was the late Musical Director of the Canadian Military Forces Overseas, and conceived the setting of words in Shorncliffe Military Cemetery surrounded by the graves of 60 Canadians, who came from the north, south, east and west of Canada. Mr. Vale-Lane is now living in England.

From north to south, and east to west,  
The land of shack and store,  
To know thee, O, my Canada,  
One loves thee more and more.  
The golden sunset of the West,  
Where blossoms spring galore,  
And lakes and rivers teem with fish,  
Majestic Rockies soar.  
Thy mineral wealth, with fruit and grain,  
Men "Harvest Home" to store,  
For Motherland! and Canada,  
'Tis thee that we adore.  
O, Canada! O, Canada!  
We love thee more and more  
Thy mountain-chains, and scented plains  
With prairie flowers aglow,  
And flowing streams that murmur through  
Freed lands from Winter snow.  
The Maple Leaf in Springtime spreads  
A welcome out to all,  
So farming hands can till and sow,  
And harvest by the Fall.  
O, Canada! O, Canada!  
'Tis thee that we adore,  
For everyone who works can share  
From off thy bounteous store,  
And north to south and east to west  
Shall love thee more and more.

## SOCIAL NOTES FROM PARADISE

Personals Telling Movements of Well Known People—Entertainments Promised.

Recent guests at the Paradise Inn were Mr. W. B. MacDonald, of Egeon, N. S., and Mr. H. A. Barnett, of Yarmouth.  
Mrs. G. C. Stephenson, of Tusket, Yarmouth Co, cousin of Dr. Simms, is now making a visit at the Paradise Inn.  
Mr. Frank Donkin, of Halifax, visited recently at the home of Mr. and Mrs. C. L. Durling.  
Mr. Charles Longley will leave home this week to continue his studies at Acadia.  
Mr. Reginald Mason has just had a new fireplace put into his home. The work was done by his brother, Mr. Harold Mason, of Springfield.

Hon. J. W. Comeau, M. P., and Mr. William Currie, of Halifax, also Mr. S. G. Coffill, of Hantsport, were in Paradise recently stopping at the Paradise Inn.  
Mrs. H. M. Merry, of Lawrencetown, Mrs. Jessie Saunders, of Truro, Mr. H. B. Kinsman, of Sheffield Mills, and Mr. Geo. B. Banks, of Hantsport, were also recent guests at the Paradise Inn.  
This year's Halloween party promises a very fine entertainment along with the usual good time of Halloween amusements. See posters in local stores.  
Sunday evening's sermon on the subject "Selling out to the Devil"—Text 1 Kings 21:20, 25, gave the young people and all a suggestive picture of how unsuspectingly many moral principles are exchanged for social pleasures and material gains; these often harmless in themselves being procured in a manner that will work an evil in the heart and mind to despoil a life of its bigger and better self.  
The Christmas sale is being planned for an early date in December. Please have your contribution of hand made work for gifts ready early and then purchase as many of your gifts at the sale as possible. Help us to make your Christmas shopping both profitable and enjoyable.

Church Services, Nov. 4th.

Services 7.30 p.m.  
A cordial welcome to all.

FALKLAND RIDGE  
Horace Brennan and wife, of Aylesford, were guests of Mr. and Mrs. H. A. Marshall on Sunday.  
A number from here attended the funeral services of the late David Allan at Springfield.  
Henry Allan, from Kentville, came home Saturday to attend the funeral of his father, the late David Allan, returning to Kentville on Tuesday.  
Harold Mason made a business trip to Bridgewater on Tuesday, returning Wednesday.  
L. R. Fair, of Aylesford, and C. N. Fair, of Kentville, returning from a business trip in Queen's County, called at their cousin's, Mrs. E. G. Mason, on the 23rd.  
Mrs. Fay Hill has returned from her visit at Riverview and is now spending a few days at her brother's home here before leaving for the U. S. A.  
Harold Mason, accompanied by Kathleen Sproule, Florence Marshall, left Friday for Middleton, Lawrencetown, Paradise. Little Francis Mason accompanied them as far as New Albany. They plan to return Sunday.  
Harold Mason, agent for the Lunenburg Foundry Co., installed a fireplace in the home of E. G. Mason last week.  
Mr. Mader, of the firm of the L. F. Co., of Lunenburg, made a business trip here last week.  
Charles Kaulback, of Bridgewater, was in this place on Friday, tuning pianos.  
Mrs. George Mauser, of Long Island, N. Y., was the guest of her friend, Mrs. Robert Swallow last week.

Messrs. Beeler & Peters last week shipped from here to St. John by S. S. Bear River 160,000 staves and this week 40,000 by the S. S. Valinda. While they have pretty well filled their local orders for barrels they have still a respectable number to put up.

Messrs. Beeler & Peters last week shipped from here to St. John by S. S. Bear River 160,000 staves and this week 40,000 by the S. S. Valinda. While they have pretty well filled their local orders for barrels they have still a respectable number to put up.

# ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

- Colds
- Toothache
- Earache
- Headache
- Neuralgia
- Lumbago
- Rheumatism
- Neuritis
- Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocacetic acid of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

### NINE MONTHS' SENTENCE FOR BOOTLEGGING

Nine months imprisonment in Rock-head was the sentence meted out by Stipendiary Magistrate Fielding in police court to Charles Mullaley, convicted on a charge of keeping liquor for sale. Mullaley was arrested in a raid conducted upon his premises by

Inspector Tracey and Police Officer McAdam and Perry on Thursday morning last.

At his trial, Mullaley pleaded not guilty to the charge maintaining that he kept the liquor in his home for his own use. He admitted several previous convictions on a similar charge. The police officers and the inspector testified against him.

## PAINT NOW

Autumn is the Best time for Painting, and aint is Probably Lower in Price than it will be Next Spring.

We Carry only the Best grade of Lead and Martin Senour Paints.

### Heating Stoves

We have a Good Assortment of Heating Stoves & Ranges At Reasonable Prices

### KARL FREEMAN

BRIDGETOWN, N. S.

HEAVY AND SHELF HARDWARE

## Buy Tea By the Cup

It's the number of cups, and the kind of cups, that counts! By this test two packages of the new Rakwana Golden Orange Pekoe are worth as much as three packages of ordinary tea. For every package, properly made, actually produces 450 cups to the pound.

Proof: Take a scant spoonful and pour over it violently boiling fresh water. Steep. Stir. Steep again. Result: Three (3) cups of delicious tea.

Three (3) cups to a spoonful, 100 spoonfuls to a pound—more than 450 bracing cups! Of course the best costs least:

Steep-Stir-Steep

### ECONOMY IS OUR GREATEST NEED

We are living in a fast age, an age of extravagance and waste, an age in which too many don't know and don't care about the value of a dollar. People are spending their money for things they can't afford, and wasting time and material in ways that bring no profit. The continuance of such conduct will result in financial ruin to the individual and in the country to national bankruptcy. Times are not as good as many would like us to believe. Bank failures are a harbinger of danger. There are too many banking institutions and the inevitable result will be the failure of the weaklings. Ere long it will be a case of the survival of the fittest and the time is even now here.

Much money is spent in useless luxuries. When money was plentiful too many were spending over to find a way to spend their accumulations. The craze for cars is one of the present evils, and people to-day are running cars on gasoline that will never be paid for an repair bills that will never be satisfied. Debits are piling up and no effort is being made towards economy. The national debt of nearly all countries is going up at an alarming rate and still the extravagant dance goes on. Only the strictest economy will save the individual and the nation, and for years the warning has been proclaimed and unheeded.

We are fortunate here in Durham. Our factories are still running generally on full time. Other places have ceased to operate, or work on shorter hours, or only on uncertain days. The note of slack times and unemployment is heard from other centres. Winter is coming on and the coal question is still a serious problem.

We are living in a fast age and a well-ordered economy is the only solution to the problem. A judicious expenditure is not an extravagance, but reckless buying will be sure to end in ruin. Governments are not teaching lessons of thrift and labor the world over is in a state of unrest. Of course we blame the war for many of the troubles, but the war is practically over, yet its effects remain and the debt must be paid. Economy is the greatest need of the time, but economy is not known as it should be.—Durham Chronicle.

### AGRICULTURAL EDITOR'S POEM

(Sam Walter Foss)

I would flee from the city's rule and law,  
From its fashion and form cut loose,  
And go where the strawberry grows on its straw,  
And the gooseberry grows on the goose;  
Where the catnip tree is climbed by the cat,  
As she crouches for her prey—  
The guileless and unsuspecting rat,  
On the rattan bush at play.

I will watch with ease the saffron cow  
And the cowlets in their glee,  
As they leap from bough to bough  
On the top of the cowslip tree;  
Where the musical partridge drums on his drum,  
And the woodchuck chucks his second,  
And the dog devours the dogwood plum  
In the primitive solitude.

Oh, let me drink from the moss-grown pump  
That was hewn from the pumpkin tree,  
Eat mush and milk from a rural stump  
(From form and fashion free)—  
New-gathered mush from the mushroom vine,  
And milk from the milkweed sweet,  
With luscious pineapple from the pine—  
Such food as the gods might eat.

And then to the whitewashed dairy I'll turn,  
Where the dairymaid hastening hies,  
Her ruddy and golden red butter churn  
From the milk of her butterflies;  
And I'll rise at morn with the early bird,  
To the fragrant farmyard pass,  
Where the farmer turns his beautiful herd  
Of grasshoppers out to grass.

### MINNEWASKA ARRIVES AT LONDON IN RECORD TIME

The Atlantic Transport liner Minnewaska, 21,000 tons, Captain Gates, which left here on October 17th, arrived in London, completing the voyage in the remarkably fast time of a little over seven days. This steamer, the largest that ever sailed into London, has just completed her maiden voyage, and loaded 25,000 barrels of apples at this port. It is expected that she will make Halifax a regular place of call, and, if so, will arrive here about once every six weeks. A. G. Jones is the agent of the vessel in this port.—Herald.

## LIFE BURDENED BY DYSPEPSIA

### Health and Happiness Came With "Fruit-a-tives"

#### Made From Fruit Juices and Tonics

"Fruit-a-tives," the wonderful medicine made from the juices of apples, oranges, figs and prunes, is one of the greatest means of doing good that this country of ours has ever known.

"Fruit-a-tives" is bringing health to hundreds and hundreds of people who suffer with chronic Constipation, Biliousness and Dyspepsia. Mr. Frank Hall of Wyeval, Ont., says, "I purchased a box of 'Fruit-a-tives' and began the treatment. My condition improved immediately. The dyspepsia ceased to be the burden of my life as it had been, and I was freed of Constipation."

50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

### INCREASE IN WOOD EXPORT IS STARTLING

#### Flood of Raw Pulpwood From Canada Steadily Increasing In Volume.

Ottawa.—Canada's exports of wood-pulp during the 12 months ending September 30th, totalled 17,704,999 cwt., with a value of \$46,973,825. For the preceding 12 months, as set out by the Dominion Bureau of Statistics, the exports of woodpulp were 16,125,325 cwt., value \$40,283,920. Exports of pulpwood for the recent 12 months were 1,403,532 cords, \$13,571,733, compared with 910,591 cords, value \$9,562,266 in the 12 months ending Sept. 1922. Exports last month were somewhat below those of August.

Exports of newsprint paper rose to 22,016,217 cwt., value \$81,950,910 in the 12 months ending September last, while for the previous 12 months period they were 18,066,956 cwt., value \$66,248,004. September's exports were 1,818,591 cwt., as compared with 2,091,352 cwt. in August.

Largely increased exports of wall paper, paper board, book paper and writing paper, and wrapping paper were also registered during the 12 months just ended. There was a decrease in exports of roofing paper, and of bags, boxes and cartons made of paper. Total export of paper and manufactures of paper of all kinds for the twelve months ending September totalled \$89,743,760 as against \$72,220,581 for the previous 12 months.

## Coal? Coal!

We have a good supply of Soft and Hard Coal on Hand.

### New Fall Suitings & Overcoatings Just In.

### E. L. FISHER

### FOR CO-OPERATION IN PORK BUSINESS

New Glasgow.—There is a strong agitation among some of the progressive farmers of Pictou County, for the formation of a co-operative company for the marketing of hogs and, if necessary, the establishing of a pork packing factory at a central place in the county.

A meeting will be held in Stellarton on October 26th for the purpose of discussing the matter. The success of the Scotsburn Creamery, and more recently the Stellarton Creamery, has made the farmers feel that success in this line should encourage them to extend their efforts. Recently a meeting was held in the Western part of the county and the idea was enthusiastically adopted, but no definite steps were then taken. The meetings to be held in the English Hall, Stellarton, will be an important one. Dr. M. Cumming, Secretary for Agriculture in the Province, is expected to be present, and also W. A. MacKay, Dairy Superintendent, who will give what information they have in regard to the matter.

The meeting is being called by the officers of the Pictou County Dairy Company, who operate the creamery at Stellarton, and is called by order of the executive. Daniel MacDonald, of Sylvester, is President, and Frederick I. Murray, Secretary and Manager.

## HEALTH

Keep your health. Always keep MINARD'S handy. The universal remedy for every ill.

### ELECTRICITY'S RAPID GROWTH

Statistics prepared by the National Electric Light Association of the United States show how rapidly the use of electricity is increasing and indicate how much larger a portion of the work of the world is being performed by the electric current, as well as how much more of comfort and convenience is being made available for its users everywhere.

Basing the estimates on the actual figures available for the first six months of the year, the Association announces that the total number of kilowatt hours generated during 1923 will total fifty-five billion, as compared with 47,669,000,000 in 1922. This is an increase of fifteen per cent. in one year, but the rate of growth is shown in even a more graphic manner if the figures for the current year are compared with those for 1917, when the current generated totalled twenty-five billion kilowatt hours. From the time when electricity first was furnished for commercial purposes until 1917, a period of roughly thirty-five years, the output had reached a total of twenty-five billions; in the last six years thirty billions have been added to that total.

Tremendous as these figures are, it is realized that they represent not much more than a beginning in the application of electricity to the duties which it can perform. There is a great field awaiting the expansion of the production of electricity. A large proportion of people have not yet had their reach, and even in the areas where electricity is available its use is limited to a very small proportion of its possibilities. The development of electric power will continue, and in increasing measure it will facilitate the performance of the tasks which must be accomplished and will add still more to the comfort, the convenience and the efficiency of those utilizing it to the fullest extent.

### ENGLISH AS "SHE IS WROTE"

Dr. Henry Van Dyke recently broke a dialectic lance with the New York Times. In his editorial page it quoted approvingly the statement of Dr. Robert Donald that correct standards of English were being well maintained in the United States. Dr. Van Dyke wrote to say that this warmed the cockles of his patriotic heart when he read it, but then he turned over to another page and came across the following:

Washington, Oct. 9.—Secretary Denby will go to New York tomorrow night to be operated upon for an inquiry to his right leg on Thursday morning by Dr. Russell A. Hibbs, an old friend, at the Orthopedic Hospital, in conformity with the suggestion of naval surgeons. If, he went on to say, the English tongue is correctly used in America the above is a description of a shocking crime of violence. The Times, we are told, is not quite sure whether it should ask for an investigation by the Institute of English or by the Board of the Naval Department.

### SELLING APPLES ON THE TREE

Many growers in Eastern Ontario have again sold their apple crops on the trees. The orchards have been bought en bloc, and the price figures out at about a dollar a barrel. This method of disposing of the fruit has little to commend it other than the fact that the grower is relieved of all marketing worries. With few exceptions during the past ten years the producer who has picked his own fruit, sold out the culms and delivered the crop, tree run, to the nearest packing house, has made more money than the man who sells on the trees. With the latter method of marketing the grower must pay all the risk from any storm losses which may occur. The buyer usually figures on a certain amount of wind damage, and bases his offer on this factor. If there is no loss he makes that much more profit and the grower loses accordingly. If the apple industry in this Province is going to develop properly, the grower must not only produce the right kind of fruit, but should also finish his job by handling that fruit at least as far as the nearest railroad station.—Toronto Globe.

### TIME TO REFLECT

A Regina farmer bought a second-hand aeroplane for \$200, thinking it would be a good thing to drive to and from the city. He started home, making his first stop at the hospital, where he will have plenty of time to think of the many excellent qualities of the old gray mare.—(Toronto Daily Star).

### SOME PUZZLE

In the State of Washington there is already one divorce to every two marriages, and the divorces are increasing, indicating that presently there will be more divorces than there are marriages, and then the spinsters and bachelors will have to begin getting divorces. (Boston Transcript.)

# NEWS OF THE WEEK

ALL THE DOINGS AND UNDOINGS IN OUR SURROUNDING VILLAGES.

## GRANVILLE FERRY

Granville Ferry.—Mrs. Elizabeth Gordon, of St. John, is visiting Mrs. Caswell.

Mr. and Mrs. Hatfield, of Canning, are spending a few days with their daughter, Mrs. George Wagstaff.

Mrs. Ralph Chisholm is spending a few weeks with relatives and friends in the United States.

Capt. C. W. Collins spent a few days in St. John, last week.

Miss Margaret Troop and Miss Susie Troop, of Belleisle, and Miss Gladys Troop, of Nictaux Falls, were week-end guests at the home of Mr. and Mrs. William Amberman.

Miss Wilhelmina Troop spent a few days with relatives in Granville Centre, recently.

## ST. CROIX COVE

Mrs. Emma Chute, Phinney Cove, is visiting at the home of Mr. and Mrs. Bradford Poole.

Miss Nina Banks, Somerville, Mass., is spending a fortnight at the home of Mr. and Mrs. D. M. Hall.

Mr. Stephen F. Hall arrived home from the West the 20th. He intends leaving soon for the United States.

Mr. and Mrs. Norman Milbury, of Hampton, were recent visitors at the home of Capt. and Mrs. E. Brinton.

Rev. and Mrs. D. W. Dixon, of Port Lorne, were guests at the home of Mr. and Mrs. D. M. Hall recently.

Mr. Ralph Williams, Paradise, was a recent visitor at the home of Mr. and Mrs. Frank Poole.

Miss Mandy Marshall, Mt. Rose, has been spending a few days at the home of Mr. and Mrs. Robert Marshall.

## KENTVILLE HOUSE DESTROYED BY FIRE

Kentville.—Fire, which broke out at 2:30 Wednesday afternoon, totally destroyed one of Kentville's oldest landmarks, a house on Main Street West, owned by John F. Masters, of Boston. The fire was so far under way before it was discovered that it was impossible for the Fire Department, who responded promptly, to save it. It is not known how the fire originated, the house being vacant at the time. Carpenters have been repairing it during the past week. The loss is partially covered by insurance.

## Clementsport

Clementsport, N. S.—Deer seem to know that this is the open season and although many have been seen shortly before the 18th inst., only one has been shot locally. This one was killed by Judson Frail on the Power Lot Meadow on the first day of the season. On the 23rd inst. two came out on the road near Mr. Cecil McInnis'. Mrs. McInnis telephoned the village, and Mr. Roy Merritt ran out in his car, but before he arrived they had decamped.

Mr. and Mrs. Isaac Turpin, of Somerville, Mass., spent a couple of weeks with Mr. Turpin's sister, Mrs. Albert Fraser, Princesdale. They left for home on Tuesday, 19th, visiting friends in Yarmouth en route. Fred Morse, who has a taxi business here during the Summer, left for Boston on the 23rd inst., where he will spend the Winter.

George Potter, Capt. H. L. Rawling, and Charles Maughan left Tuesday morning for Perotte, where they will spend a few days moose hunting.

During last week Rev. I. D. Lytle held a series of services in the Baptist Church here. These were well attended and will no doubt be a stimulus to more energetic and successful work.

On Tuesday, 23rd inst., a service of song with missionary addresses was held in the Methodist Church. The Rev. Mr. McInosh, the pastor; the Rev. Mr. Freestone, of Bridgetown; the Rev. Mr. Rackham, of Lawrence-town and others took part. There was a good congregation present who greatly appreciated the service.

The regular monthly service was held in Acadia Hall Monday, the 22nd inst., by the Rector, Rev. A. W. L. Smith, who gave an address on "Children's Day" emphasizing the spiritual value of the child and urging all to do their utmost for the spiritual education of children.

On Saturday evening a "bean supper" was held at the Lucerne Hotel. Some forty-eight people sat down to what is reported to be one of the best bean suppers ever held in Clementsport. All present had a most enjoyable time and are awaiting the "next one."

On Monday, 22nd inst., Mrs. Nelson Berry, while going from the house to the barn, had a bad fall, injuring her hip.

## BEAR RIVER

Bear River.—Mrs. John Flemming left on Tuesday for Port Wade to visit her parents, Mr. and Mrs. J. Burke.

On Tuesday evening in Oakdene Hall, the school prizes for the past year were given to the students, who had won them. There was a short program by the school and speeches by the trustees. Many parents and friends were present. The money given for prizes was collected by the Women's Institute and amounted to \$63.

Clarence Thomas, of Barton, superintendent of Highways for Digby Co., made a visit to Bear River on Tuesday.

Wallace Crouse, who has been visiting his daughter, Mrs. Ralph Mullen, of Weymouth North, now is the guest of Mr. and Mrs. Leander Alcorn.

Mr. and Mrs. Horace A. Porter spent the week-end with Mr. and Mrs. Alfred Porter on their way home to St. John, after spending two weeks in New York and other cities.

## ALBANY

Mr. and Mrs. James Payne are guests of Mr. Almon Oakes and sister Mary.

Deacon Phineas Whitman had the misfortune to fall and hurt his knee seriously a week ago. He has been confined to his bed ever since but is now improving slowly.

Rev. A. H. and Mrs. Whitman and daughter Georgie, of Bridgetown, visited the formers' parents on Sunday, 21st. Mr. Whitman fulfilling his appointment here on Sunday.

Mr. and Mrs. Asaph Shegrian and son Lawrence are guests of his brother and wife, Mr. and Mrs. Herman, also of his parents, Mr. and Mrs. Matthew.

Mr. Elvin Oakes, Principal of Melvern Square school and Mr. McNeill spent Saturday, 6th October, with the formers' parents, Mr. and Mrs. Harold Oakes.

Miss Rhodentzer was the week-end guest of her aunt, aunt and uncle, Mr. and Mrs. Howard Selig.

Mr. and Mrs. L. R. Fair and baby Laird, also Miss Alice, were callers at Miss A. S. Fairs' on Sunday, 21st. Miss Alice expects to start for Tennessee on Friday, 26th October.

Mr. and Mrs. Charles Whitman have recently visited two of their sons and wives, Mr. and Mrs. George, of Nictaux Falls, and Mr. and Mrs. Fred, of Meadowvale.

Miss Annie Fair spent Oct. 13th, 14th and 15th at Falland Ridge where she was the guest of her niece and nephew, Mr. and Mrs. E. G. Mason.

"I hold it truth the truest joy That may on earth be had Arises from the sweet employ Or making others glad."

## BRIDGEWATER AND TRURO C.N.R. STAFFS COMING TO HALIFAX

Sir Henry Thornton, President of Canadian National Railway, Who Arrived in Halifax Last Evening, Definitely Announced That the Railway Divisions Would Be Consolidated.

"We will consolidate the divisions," was the definite answer which Sir Henry Thornton, President of the Canadian National Railway gave to The Morning Chronicle reporter when interviewed, on his arrival in Halifax, respecting the proposal of consolidating the operating staffs of Truro and Bridgewater in Halifax. Sir Henry, accompanied by a number of high officials of the National System, visited Truro and held a conference with representatives of the town regarding the proposed change. He announced there that he would support the reform on the ground of efficiency, aside altogether from the expected economic saving.—Halifax Chronicle.

## A NEW INDUSTRY FOR WINDSOR

A newly organized concern known as the Avon Suspender Co. will establish at Windsor immediately. This company in which Halifax and Windsor capital is interested, was promoted by a Windsorian and will manufacture Elastic Web Specialties, such as Suspenders, Hose Supporters, Belts, etc. Samples will be prepared for the trade within a very short time and as this is the only concern of its kind in the Maritimes it certainly should prosper.—Hants Journal.

## THE FAKIR SOLD

The fake oil well salesman had spent an hour trying to induce the farmer to invest in some of the stock. "Say, look here," finally exclaimed the exasperated farmer, "I often buy live but never dead stock."

## BAD EXAMPLE

Australia is following the bad example of France in the matter of race suicide, according to Canon Hughes of St. Peter's Anglican Church, Eastern Hill, Melbourne, who commented recently on a warning given by the Right Rev. Patrick Phelan, Bishop of Sale, declaring with him that it was simply selfish and unpatriotic to keep silent. On leading booksellers' shelves, he pointed out, could be seen books openly advocating the practice of race suicide by the prevention of child-birth. While Australia, he declared, was crying out for population to fill its vast waste spaces, yet empty cradles answered the hope of yellowing a nation. Canon Hughes said that the black, brown and yellow races were prolific today and that nothing could save the white race if the declining birthrate spread from nation to nation as it threatened to do. He advocated placing a Madonna and Child over every empty cradle.—(The Catholic Register).

## CAPTAIN FARQUHAR HOLDS OPINION THAT CLOSING BELLE ISLE STRAITS WILL HAVE NO BEARING ON CLIMATE.

Will the closing of the Straits of Belle Isle change the climate of Nova Scotia?

This question has been debated in the public press for several years past. It is not a new question by any means, but it is an interesting one, nevertheless. Captain J. A. Farquhar, who is an authority on matters marine and who knows all about the currents from Hudson Bay to Florida, does not think the project feasible. Discussing the article which appeared in a recent issue of this paper, he says:

"I have read with interest several articles re the closing of the Straits of Belle Isle, whereby it is claimed if these straits were closed by building an immense dam some nine sea miles in length, from Labrador to Newfoundland, the climate and weather conditions of Nova Scotia, would be changed to that now found in North Carolina."

"These writers tell us if the straits were closed to prevent the flow of water passing through from the north, the Gulf Stream would then move north near the coast of Nova Scotia and Newfoundland. This change in the Gulf Stream would give us mild open Winters. The writers of these articles seem to believe there is a continuous flow of cold Arctic water passing through the Straits of Belle Isle from the north, and if this flow of water was stopped by building a dam from Labrador to Newfoundland, the climate would then become so mild it would be quite possible to navigate the St. Lawrence during the Winter. I cannot agree with the writers who believe closing the Straits of Belle Isle would change the climate. My opinion is, it would not do so. In the first place there is no continuous or regular flow of cold Arctic water passing through the Straits of Belle Isle."

"I have been many times through the Straits, and have frequently been on the shores of the Straits, and I find there is a regular rise and fall of tide, which compares favorably with the rise and fall we have on the coast of Nova Scotia. When the tide is flood, the water comes in the Straits from the north east, and when the tide turns to fall, this same body of water passes out of the Straits and around Cape Carpon to the south and west."

"The strength of the current in the Straits depends largely on weather conditions. With a heavy easterly and east gale, the water is backed up in the straits and the tide will continue flood for more than seven hours, and the same applies when there is heavy south west and west gales. The water passes out of the Straits in from seven to eight hours. The Straits may be considered about sixty sea miles in length, that is, from the south west end of Belle Isle Island to Point Armour on the north east, from this point the land falls away on either side, the water becomes broader and deeper, and when reaching the longitude of Cape George, it is found to be more than 100 miles broad. You can now readily see that any water coming in from the north east through the Straits of Belle Isle and mixing with the broader and deeper waters, would completely lose its force before reaching the outlet between Newfoundland and Cape Breton, and of course, could have no effect on the Gulf Stream."

"I know there is far more water coming steadily down the St. Lawrence and is lost in the lower Gulf. I say far more than any water coming through the Straits of Belle Isle from the north. I feel quite safe in saying, man has not yet been endowed with sufficient power and knowledge to devise means whereby the great North Atlantic artery, commonly known the Gulf Stream, can be made to change its course."

## I'VE LAID THEM DOWN TODAY

(Homely Talks of a Homely Woman.)  
"Well, I am done. My nerves were on the rack.  
I've laid them down today.  
It was the last straw broke the camel's back;  
I've laid that down today.  
No, I will not fume, nor fret, nor fuss, nor fight;  
I'll walk by faith a bit, and not by sight.  
I think the Universe will work all right.  
I've laid it down today.  
"The dread of sorrows I may have to sup,  
I'll lay that down today.  
The circumstance which rubbed me wrong way up,  
I'll lay that down today.  
It will not matter in the age to come,  
Whether I sucked the stone or had the plum,  
But it will make a difference to some.  
If I keep nice, today."

## HELP FOR YOUNG WOMEN

Mrs. Holmberg Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Viking, Alta.—"From the time I was 15 years old I would get such sick feelings in the lower part of my abdomen, followed by cramps and vomiting. This kept me from my work (I help my parents on the farm) as I usually had to go to bed for the rest of the day. Or at times I would have to walk the floor. I suffered in this way until a friend induced me to try Lydia E. Pinkham's Vegetable Compound. I have had very satisfactory results so far and am recommending the Vegetable Compound to my friends. I surely am glad I tried it for I feel like a different person now that I don't have these troubles."

LETTERS LIKE THIS ESTABLISH THE MERITS OF LYDIA E. PINKHAM'S VEGETABLE COMPOUND. THEY TELL OF THE RELIEF FROM SUCH PAINS AND AFFLICTIONS AFTER TAKING IT.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills in this country, and thousands of voluntary testimonials prove this fact.

If you doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to the Lydia E. Pinkham Medicine Co., Colburn, Ontario, for Mrs. Pinkham's private text-book and learn more about it.

ST. JOHN WOMAN SENTENCED TO TEN YEARS  
Mrs. Bessie Parker Will Spend Long Term in Penitentiary.

St. John.—With face unaffected as a sphinx, Mrs. Bessie Parker, found guilty on a charge of performing an illegal operation, faced Mr. Justice Chandler in the Circuit Court at 12:30 Wednesday and heard him pronounce sentence committing her to the Maritime Penitentiary at Dorchester for the next ten years. It was not until the judge had finished delivering his decision that Mrs. Parker's demeanour changed, but when the term of her incarceration was pronounced, still standing, she glared at William M. Ryan, who conducted the case for the Crown, and exclaimed: "Now, are you satisfied?" Ordered by the Court to sit down, she resumed her seat without further demonstration. She retained her outward calm as she left the court room, but her mother, who had been present with her throughout the trial, burst into tears and left the court room with her daughter's arm about her shoulder.

The maximum penalty for this offence is life imprisonment.

This famous household cleaner and disinfectant is now made in Crystal Flakes instead of powder. It is the best household lye on the market. Use it for cleaning and disinfecting sinks, closets, drains, etc.; destroying vermin; softening water; making soap; cleaning floors, greasy pots and pans, etc.; removing paint, etc.

## NEW ZEALAND LOSING GRIP ON BEEF TRADE

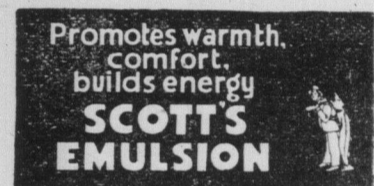

LONDON.—The keen competition of Argentina in her exportation of beef to the United Kingdom has resulted in the New Zealand farmer taking to the fattening of lambs or to the production of butter and cheese rather than beef raising, according to Premier Massey, who addressed the Australian and New Zealand luncheon club recently.

Mr. Massey cited figures showing that in 1922 South America furnished the United States with 5,127,845 quarters of beef, while New Zealand's exports fell to 236,530 quarters, as against 629,852 the year before.

## ATTEMPT TO DERAIL D. A. R. TRAIN

Spike Caused Engine and Tender to Leave the Rails.

Clementsport.—An attempt to derail the Dominion Atlantic Halifax to Yarmouth express partially succeeded here Wednesday last when the engine and tender of the train approaching Clementsport station at 1:30 o'clock suddenly left the rails and ran two car lengths before it stopped. Investigation showed that a railway spike had been placed on the rail with the point in the direction of the incoming train. As No. 95 train from Yarmouth to Halifax passed over the track one and a half hours before, it

Promotes warmth, comfort, builds energy. SCOTT'S EMULSION. now in possession of the station agent, must have been placed on the track during that interval. It was fortunate that no further damage was done. All the cars remained on the track, and the damage to the roadbed and track consisted principally of a piece of the rail breaking and doubling up under the platform of the engine. An engine and car from Digby transferred the Digby and St. John passengers. When the auxiliary train from Kentville arrived, the train continued its journey. The track was cleared by early next morning.

### LET THE PEOPLE KNOW WHAT YOU HAVE

Some two weeks ago The Monitor had an article on the matter of the people of the Maritime Provinces being responsible in a very considerable measure for the home manufacturers' loss of the home market. It has been pointed out in various occasions, that more generous buying of Maritime made goods by Maritime consumers would increase Maritime prosperity by keeping in this part of the country money earned here. The argument, if there can be any argument about it, is a perfectly sound one, but right here there is another phase of the matter to which we would like briefly to refer. Many manufacturers of National reputation whose plants are situated in the Provinces of Quebec and Ontario derive considerable business from the Maritime Provinces, and leaving aside for the moment entirely the question of merit in goods manufactured, there is another reason. They advertise and make themselves known to the buying public. A little enquiry and investigation will reveal the fact that our most successful Maritime manufacturers let the general public know where they live, move and have their being. They are the live ones who do business from coast to coast. A number of others who are in a semi-somolent condition would do well to take a leaf out of the books of their more energetic competitors. In these days business must be sought. It will not come by waiting. Our Maritime manufacturers must handle their milk by modern methods of publicity if they expect to gather cream from their efforts.

All Display Advertisements MUST be in this office by 12 o'clock noon on Monday of each week.

### NOT SATISFIED

Men and women are often surprised when, after prodigious efforts, they get possession of some coveted thing—be it money, power, fame, pleasure, or property—to find that they are not much better satisfied after all. They do not usually take the right meaning from that however; they usually proceed to chase after some other object, only to repeat the experience, and to find themselves not yet content. Why is this? Solomon summed it up ages ago: "Vanity of vanities and all is vanity." And St. Augustine, a few centuries after the time of Christ, put it this way: "We are created for Thee, O Lord, and no rest doth our heart find till it shall rest in Thee."

(The Casket, Antigonish)

### MELVERN SQUARE

Mrs. John G. Masters, Mrs. Everett Spinney and Miss Butler spent the week-end in Berwick, the guests of Miss Butler's parents.  
Mr. George Merriott, while hauling pebbles, was thrown from his load and broke a rib and hurt his side. He is able to be up now.  
The sum of \$45 was realized at a pie social held at J. G. Masters last Tuesday evening.  
Mrs. Charles Hoyt, of Middleton, spent Friday with her mother, Mrs. George Brown, Harold Mason, of Falkland Ridge, was also a visitor at the same place last week.  
Mrs. M. E. Brown, who has been taking care of Mrs. Reis Baker for the past few weeks, has returned to her home in Meadowvale. Mrs. Baker is still very ill.  
Mr. Freeman Brown, of Fresno, Calif., has returned there with his bride (nee) Miss Helena Downie, of East Margaretville.

### V. E. TAPLIN GIVES SUCCESSFUL ADDRESS AND DEMONSTRATION OF HIS NATURAL TREAD SHOES

There was an event which took place previous to our last issue and inadvertently passed over owing to a slight lapse of memory on the part of the Editor and also to an unusual occurrence and absence for a few days from town. The event was an address on and demonstration of the good appearance and quality of Natural Tread Shoes by Mr. V. E. Taplin. There was in Primrose a large and good sized audience of ladies but still a good sprinkling of the sterner sex while Mr. Taplin discoursed on the needs of the foot, his Natural Tread Shoes adapted to the shape of the various types of feet. With the address he interspersed many amusing bits. Miss Jenett assisted by two local ladies added much to the interest of the occasion for each time they appeared in succession on the stage with the new shoes, they also displayed new coats from the store of Buckler & Daniels, and new hats from Dearness and Phelan's. The general effect was most pleasing while the Natural Tread shoes also received a due meed of attention. The ladies particularly were well pleased, the younger portion of the audience unstinted in applause while even some of the older male portion of the audience are said to have enjoyed very much the graceful posing and the constant succession of new and fascinating creations. On the day following the address Mr. Taplin fitted over 50 persons at the store of J. E. Lloyd, who have been appointed local distributors of this remarkable panacea to feet which rebel and suffer discomfort from the average make of shoe.

### TORBROOK MINES

A large number from here attended the special services of the United Methodist and Presbyterian Church at Middleton. Too much cannot be said of the high class singing and speakers.  
Mr. Aubrey MacAloney is spending a few days at his home.  
Mr. and Mrs. Reginald Babcock and son Byron are home from the States stopping at her brother's, Wm. McConnell.  
Mrs. Elmore Spinney is not very well at time of writing.  
A promise neglected is an untruth told.

### Personal Mention

Mrs. Freeman Leslie has returned to Wolfville after visiting her daughter, Mrs. Clifford Porter, and other friends in town.  
Miss Evelyn Brown, of Lakeville, is visiting her brother and wife, Mr. and Mrs. Charles Brown.  
Mrs. F. R. Fay, who has been visiting friends in New York, returns home on Friday.  
Mrs. E. L. Fisher, Miss Mary Fisher and Miss Collie motored to Halifax on Monday and had the pleasure of witnessing the International championship schooner race.  
Mrs. A. S. Williams returned home last week after a pleasant visit with friends in Boston and other New England towns and cities.  
Major Bridge and Mrs. Bridge are guests at the Colonial House.  
Mrs. Agnes Murdoch, who has been visiting her brother, Mr. John Bath, left last week for her home in Portland, Oregon.  
Miss Alice Campbell, of Upper Grandville, is visiting friends at Lake LaRose.  
Mrs. W. A. Warren's many friends will be pleased to learn that she is gradually improving in health. Miss Helen Bentley, R. N., of Middleton, has been with her for some little time past.  
Mr. and Mrs. Charles Whidden, of Wolfville, spent the week-end with the latter's parents, Mr. and Mrs. Frank Poole, West Paradise.  
Mr. and Mrs. B. W. Saunders and Mr. Carl Saunders, of West Paradise were Sunday guests of Mr. and Mrs. Charles Foster, Upper Clarence.  
Rev. J. H. Howe, of Kentville, while here, was a guest of Mr. and Mrs. Fred E. Bath, Church Street.  
Mrs. Enna Crosman, who has been visiting here for the Summer, the guest of her sister, Mrs. (Dr.) F. S. Anderson, has returned to her home in New York.  
Mr. Kenneth L. Crowell, barrister, spent a few days in Halifax this week witnessing the International schooner race.  
The friends of O. S. Miller, barrister, are pleased to see him out again after being confined to his room for some days with a severe attack of grippe.  
The Ladies' Aid of the Baptist Church meets on Tuesday evening Nov. 6th at 7.30 at the home of Mrs. E. C. Young.  
Curiosity often bring punishment.

### OBITUARY

Mrs. Louisa Foster.  
After a lingering illness of nearly a year, Mrs. Louisa Foster passed away at Hampton, Oct. 24th. She was the oldest of the family of Benjamin Rhodes, and was born at New Germany, 1843. She married Stephen Foster in 1864. Their married life was spent at Hampton and St. Croix where her husband died in 1911. She was always deeply interested in all charitable and church work and assisted in every possible way.  
She is survived by two brothers and two sisters: Aaron Rhodes, of Bridgewater; Timothy Rhodes, Washington; Mrs. William Durland, New Germany; Mrs. Nathaniel Langille, Bridgewater. Her own family are all living and were present at the funeral. They are: Mrs. Zachus Hall, St. Croix; Mrs. Nora Burke, Keene, N.H.; Mrs. Janet Marshall, Wolfville; Edward and Curtis Foster at Hampton, and M. C. Foster at Bridgewater.

### DALHOUSIE WEST

Mrs. Willis Gillis, accompanied by her daughter Mable, who have been the guests at the home of Mr. E. Gillis, Waterville, have returned home.

Mrs. Samuel Hannam is visiting her daughter, Mrs. Clinton Gillis, of Waterville.  
Mrs. Mary Carter, who has spent the past month with friends in Middleton and Bridgetown, has returned home.

The Sewing Circle met Wednesday, Oct. 24th at the home of Mrs. Manley Brooks.  
Mr. Jack Lynch, of Perette, accompanied by Mr. Howard Matlman, of Lake LaRose, was the Sunday guest at the home of Mr. and Mrs. Clarence Hannam.

Miss Faye Gillis, who has spent the past week with her uncle, Mr. Eleazar

## This Test Size Package of Vicks VapoRub

# Get it today

New outside treatment for Colds and Croup

50,000 Canadian Families Tested Vicks Last Winter. What Some Users Say:

**HALIFAX**  
Mrs. G. Slaunwhite of 22 Starr St., Halifax, N. S., writes: "Before sending for Vicks I was discouraged with all other cough and cold remedies which I had tried for my son. But after trying the sample I got such good results that I sent and bought a large jar and have been using it ever since. I can't praise Vicks too highly."

**BRIDGEWATER**  
Miss Maude Naugler, of Bridgewater, N. S., says: "I had a bad sore throat and for a week could not speak above a whisper. I used Vicks VapoRub and it relieved me in a short time. I would not be without Vicks now."

**TRENTON**  
Mr. Richard L. Conrod, of Trenton, N. S., writes: "My child of four months had a very bad cold. I tried everything I could get but all remedies failed. Then I used Vicks only three times and my child was almost well. Now when any of my family get a cold I know what to use."

**CAPE NEGRO**  
Mr. Wm. E. Smith of Shelburne St., Cape Negro, N. S., writes: "I have found Vicks very good for catarrh of the head. It relieved me greatly."

WHILE the supply lasts, the coupon below is good at any local drug store for a test size package of Vicks VapoRub, the external, vaporizing treatment for all cold troubles.

Though new here, Vicks is a family stand-by in the States, where over 17 million jars are used yearly. Its success is due to its amazingly quick double action. Rubbed on, it penetrates and stimulates the skin. At the same time, its ingredients, released as medicated vapors by the nose, heat, are inhaled with each breath directly into the body, throat and lungs. Thus colds are often broken up over night, croup relieved in fifteen minutes.

Mothers prefer this new way of treating children's cold troubles because it avoids upsetting their little stomachs by internal dosing. It is fine for spasmodic croup, sore throat, tonsillitis and head colds, and as a salve for cuts, burns, bruises and itchings.

Vicks is the discovery of a pharmacist in the States who found how to combine, in salve form, the world's best remedies for colds—Camphor, Menthol, Eucalyptus, Thyme, Turpentine, etc. Made at first in the back room of his drug store, for a few friends, its fame spread county by county, state by state, until now Vicks is the largest selling remedy of its kind in the world.

So many people have become enthusiastic over the famous Vicks "Spoon Test" that each drug store has been furnished with a special demonstration stand for making the test. Go to your druggist and try it—it's free.

Enthusiastic Over the New Vapor Method of Treating Children's Cold Troubles

**PORT MEDWAY**  
Mrs. Everett L. Smith of Port Medway, N. S., says: "Last March we were all stricken with influenza (my four children and I). We began to choke up and cough terribly. I got some Vicks VapoRub and used it with wonderful results."

**LOWER ARGYLE**  
Miss Marion E. Spinney of Lower Argyle, N. S., says: "I am much pleased with Vicks VapoRub. I rubbed it on my chest for a cold and it helped me. I also found Vicks good for asthma. It relieved my breathing. I can recommend Vicks for head and chest and asthma."

**STELLARTON**  
Mrs. Laura Casimo, Box 162, Stellarton, N. S., writes: "I have used Vicks and have found it very useful for all kinds of colds. I had a very bad cold in the head and tried many remedies. Vicks VapoRub proved better than all the others."

**NEW GLASGOW**  
Mrs. George W. Reddick of Vale Road, New Glasgow, N. S., says: "I used Vicks VapoRub for my oldest boy who had a heavy cold and was quite sick. I rubbed it on his chest and kept him warm. The next day he was about. Vicks is the best thing for a cold that can be had."

Take this Coupon to your druggist

This Coupon is good at any city drug store for a Test Size Package of Vicks VapoRub, so long as the supply lasts. If you live out of town, or if druggists' supply runs out, mail the coupon to Vick Chemical Co., 244 St. Paul Street, W., Montreal, P. Q.

THE GROCER

### BELLEISLE

Miss Lizzie Troop, who is teaching at Upper Falmouth, spent the weekend with her parents, Mr. and Mrs. Hugh Troop.

Miss Annie Blackadder, of Lawrencetown, has returned to her home after spending two weeks with her sister, Mrs. I. J. Parker.

The many friends of Mr. Alexander Fraser will be glad to know he has so far recovered from his fall as to be able to be out again.

Mrs. Gilbert Ray, Mrs. Ernest Ray, and son, Richard, Miss Ethel Engelson and Miss Susie M. Bent, left on Friday, to spend the winter in the U.S.A.

Miss Margaret P. Troop is visiting her sister, Mrs. William Amberman, at Granville Ferry.

Mrs. Herbert W. Bent left on Friday to visit her daughter, Mrs. (Rev.) C. L. Gesner at Port Greville, and her son, Rev. J. W. Bent, River Hibert.

Miss Susie M. Troop spent last week at Nictaux Falls with her sister, Miss Gladys, who is teaching there.

Miss Muriel Parker is visiting her sisters, Mrs. W. L. Nichols and Mrs. (Dr.) Nichols, at Ayleford.

Mr. Charles Joudrey, of Wolfville, spent a few days here recently buying apples for the English markets.

Rev. A. L. Gesner preached in Belleisle Hall on Sunday evening, much to the delight of his many friends here.

Mrs. (Rev.) J. H. Freestone, of Bridgetown, and Mrs. (Rev.) Harry Rackham, of Lawrencetown, were recent guests of Mrs. H. W. Bent.

### PORT WADE

Mr. Horace Snow, with Chas. Parks, Ansel Casey and Robert McGrath, captured a fine 600 pound moose last week. Horace is the nimrod of this end of the county.

Mr. Lewis Hilz, of Hastings, Annapolis Co., was given charge last week of the 12 mile section between Port Wade and Granville Ferry and is now domiciled at "Chestnut Cottage."

The Port Wade Lumber Co. are again sawing out some ordered lumber. Horace H. Snow Supt.

Harry Keans, of New Haven, Conn., spent last week at his home here. Harry is looking well and has made good at Uncle Sam's.

The S. S. Adolf, is on hand again for a load of pulpwood, M. F. Prosser, the agent here, has worked unremittingly to get this load on the dock.

Mr. Wentworth Letteney and Mrs. Uphene Crowley were married at the home of Howard Burke on Thursday morning, 25th, at 10 o'clock, Rev. H. G. Heisler, officiating.

Apple picking is going on here now. A small crop is reported. Very hard to get barrels.

According to latest official news, the sugar refinery is an assured industry for this Port. "Let it come."

A schooner is expected soon to be loaded by the Port Wade Lumber Co.

The special preacher in the Baptist Church last Sunday morning was the Rev. J. W. Howe, Chaplain and V. M. C. A. Secretary at the Kentville Sanatorium. After the regular evening service in the United Church Mr. Howe delivered a highly interesting lecture illustrated by eighty-four beautifully colored slides of Japanese life. Referring to the recent disaster he told of an experience which he and his wife had soon after their arrival in Japan in which the house was shaken to its foundations and pictures on the walls rocked and even turned face round towards the wall. The lecture was made very much more interesting by such personal touches as these. The Sunday School was crowded and the hymns thrown on the screen were most heartily sung, led by the United Church orchestra.

## Bargains! Bargains!

Is always fresh and possesses that unique flavour of 'goodness' that has justly made it famous.

**THE TURK BACK AGAIN**

Again the Crescent floats over the city of Stamboul, and the Turk is master once more of the ancient city of Constantinople, which he has misruled so many hundreds of years. There was a great military and naval display in the ancient capital when the Turk was reinstated as ruler. British, French and Italian troops paraded with the Turks; British, French and Italian bands played their national anthems; and British, French, and Italian commanders stood side by side with the Turkish dignitaries, as the Allies hauled down their colors and the Crescent flew aloft. And then the Allied soldiers went on board their ships and all the great warships steamed away leaving only one cruiser and two destroyers for each power to represent the Allied forces. Was it wise? We wish we could think so. But wise or foolish, it has been done, and the Turk now rules the city. Whether it is possible for him to change and to rule wisely and humanely, time will reveal, and possibly very speedily. This result is due to Allied jealousy, and apparently, they preferred trusting the Turk to trusting each other, and because of this the Turkish flag now floats triumphantly over the Golden Horn. It is a little comfort to learn that the new Turkish constitution provides for a republic, but we have yet to see how far a Turkish republic will be superior to the old regime.—The Presbyterian Witness.

**TO OPEN SETTLEMENT**

Prince Edward Island is about to have an Anglo Indian town, plans having been drawn up for disposing of 800 acres of farm lands in the vicinity of Emerald to retired civil servants who are coming to Canada to locate. The land is being divided into plots averaging four acres. A start has been made in erecting buildings. There are several Anglo-Indian settlers now in P.E.I. and others are expected this Fall.

**COURTED BY WIRE; PROPOSAL RECEIVED BY PARCEL POST**

**Girl Operator in Mahone Bay to Wed W. U. Man in Maine as Result of Telegraphic Romance.**

Waterville, Me.—Wedding bells will ring in Brockton, Mass., for Harry McLean, Western Union operator here, as the result of acquaintance and courtship by wire and a parcel post proposal. She was won in this novel manner, pretty Miss Jean L. Mader, operator at Mahone Bay, N. S. The romance nearly came to an end last Summer, when Miss Mader, who loves knitting, when not busy on the wire, came near losing a ball of yarn received from an anonymous source.

Two years ago McLean had a wife for Mahone Bay in the course of business he frequently thereafter talked with the operator.

The friendship progressed fast, photographs were exchanged and he tried to get up courage to wire the fatal question. He remembered that Miss Mader had told him over the wire of her fondness for knitting. He sent a diamond ring in a ball of yarn. He did not put his name and address on the package only those of the girl. Finally he got Miss Mader on the wire and she opened the parcel after it had been laying around for days, the recipient not dreaming what might be inside.

Next day I heard Nova Scotia calling me, McLean said. "It was Miss Mader. She just said 'yes,' then cut out. I wrote her later and asked 'when.' She said 'soon.' She has folk in Brockton, Mass., but she says we may live in Nova Scotia."

**THE GIRLS KNOW**

A Professor says man should not marry until he is earning \$4,000 a year. But girls, who are more practical than professors, say that a fellow is harder to catch after he is making that much per annum.—(Toronto Daily Star.)

**DELEGATION FROM THE MARITIMES**

Discussed With Sir Henry Thornton Advisability of Annexing Quebec Division to Atlantic Division.

Quebec.—A delegation from the Maritime Provinces headed by Hance Logan, M.P., boarded Sir Henry Thornton's President special early Wednesday at Charny to discuss with him the advisability of annexing the portion of the Central Division between Montreal and Riviere du Loup to the Atlantic Division.

Sir Henry Thornton passed thro Charny, returning from an inspection trip of the Montreal-Richmond, Portland-Quebec sections, on the Trans-continental lines via Edmundston.

Colonel Talbot, Director of the C. N. R., when asked what would be his attitude regarding this suggestion, stated that he would oppose it. "I was unfortunately appointed too late to interfere when the divisions were made," he said, "but I intend to try and persuade Sir Henry Thornton and my colleagues that the Province of Quebec should be made a region all by itself."

I would suggest that instead of three divisions, namely, the Pacific, the Central and the Atlantic, there be four: the Province of Quebec, which alone has a sufficient mileage to represent the Central Division. Quebec has a mileage of over ten thousand miles which is nearly half of the total mileage of all the lines including the American lines which fall under that region. "The Canadian National Railways are a paying proposition in this Province," he added, "and if the Maritime Provinces are agitating to include this Province in the Atlantic Division their object should be to improve the financial situation of the railway in their section."

STOLEN KISS COSTS \$5,000 IN NEW YORK

New York.—A jury before Supreme Court Justice May in Brooklyn ordered Louis Goodman to pay \$5,000 for a stolen kiss he took from Mrs. Alice Mercer in October, 1921. Mrs. Mercer told the court that her landlord was in the habit of entering her room in her husband's absence, telling her he wanted to fix the radiator, and on one occasion she declared he kissed her before she could prevent him. She accused him of "high-handed, arbitrary" conduct.

Another jury before Supreme Court Justice Haertry, also in Brooklyn, ordered Miss Clara L. Bentzen, 55, to pay Orlando B. Salisbury, 59, the sum of one dollar for breaking his heart. Salisbury told the court she had "kept him dangling for nine years," after becoming engaged to him on New Year's Day, 1911.

**THE CAUSE OF SICKNESS**

Almost Always Due to Weak and Impoverished Blood.

Apart from accident or illness due to infection, almost all ill-health arises from one or two reasons. The mistake that people make is in not realizing that both of these have the same cause at the root, namely poor blood. Either bloodlessness or some other trouble of the nerves will be found to be the reason for almost every ailment. If you are pale, suffering from headaches, or breathlessness, with palpitation of the heart, poor appetite and weak digestion, the cause is almost always poor blood. If you have nervous headaches, neuralgia, sciatica and other nerve pangs, the cause of exhausted nerves. But run down nerves are also a result of poor blood, so that the two chief causes of illness are one and the same. If your health is poor, if you are pale, nervous or dyspeptic, you should give Dr. Williams' Pink Pills a fair trial. These pills act directly on the blood, and by enriching it give new strength to worn out nerves. Men and women alike greatly benefit thru the use of this medicine. If you are weak or ailing, give Dr. Williams' Pink Pills a fair trial and you will be pleased with the beneficial results that will speedily follow.

If your dealer does not keep these pills you can get them by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**UPPER GRANVILLE**

Mr. Robert Kelly, at ninety-three is still vigorous in mind and body, reads without glasses, is also quite a pedestrian and employs himself in various ways about the premises of his son's who fall not in care and devotion to their venerable forebear.

A shipment of ice was made to Annapolis Royal by teams the 25th, this cool article being short in our sister town.

Our neighbors have returned from V. G. Hospital, Halifax, improved in health.

Mr. Frits Baloom, wife and children, were visitors at relatives here recently.

Miss Violet Gillis who has spent the Summer at Greenwich, Conn., after visiting relatives en route is expected home shortly.

After ideal Autumn days, dull, rainy weather follows. Very mild at time of writing but the serene warns us that Winter is not very far away.

A. W. COVEY IS AGAIN ELECTED TO PRESIDENCY OF MARITIME UNION; 25 TO 14 VOTE FAVORS NEW RULE

St. John Man Goes In Unopposed—Millie Defeats Dickie For Vice-President's Job—Five Months' Residence Rule Stands—Heated Arguments.

Moncton.—For the 4th year, A. W. Covey, of St. John, was re-elected leader of the Maritime branch of the A.A.U.C. A. C. Millie, of Halifax was returned first Vice President; Sammy Doyle, of Charlottetown, as the Junior Vice President, and P. J. Legge, of St. John, as Secretary. Opposition was encountered in two offices. F. W. Dickie, of Halifax, was nominated against A. C. Millie. Mr. Millie won out. Ernest Sterling, of the Y.M.C.A., St. John, contested the position of Secretary Treasurer with Mr. Legge. One meagre ballot gave the office to Mr. Legge.

The most important measure passed during the session was the ratification of the five months' residential clause. The resultant vote gave a majority of 14 ballots favoring the new clause. The discussion was started by Walter Bishop, of Dartmouth, who spoke strongly against establishment of this insertion. Martin, of the Halifax Crescents, seconded Mr. Bishop's efforts. As this was one of the most heated and important questions of the day, a club vote was taken. 25 ballots were cast in favor of the clause with 11 against.

The appointment of a budget committee, to ascertain the best methods of curtailing expenses and increasing the revenues of the New Brunswick A.A.U.C. was introduced by Mr. Quinn, of St. John. This new committee was entrusted with onerous Olympic matters—dealing with the financing of a Maritime team for Olympic trials and the securing of a coach for the candidates.

The composition of the committee will be announced at a later date. Credentials were presented from 20 clubs, including Crescents, Wanderers, Halifax; Amherst A.A.A.; Springhill A.A.A.; Pictou A.A.A.

**A Warm Home**

Is your house supposed to be "hard to heat"? Is the dining room or bath room or some corner room "always freezing cold"? Do you dread winter because so much of the house can't be heated properly? Don't you long for a furnace that will heat the entire house evenly with clean, humidified air that circulates freely in every room?

**Findlay's**  
pipe and pipeless  
**FURNACES**  
burn hard or soft coal, or wood

Will do this. WHY? Because we install a Findlay Furnace only after we have consulted the heating experts at the Findlay foundries and have designed a complete heating system for your individual home, based on the size and location of every room in the house. We guarantee to heat your home as you want it heated—and we know that a Findlay Furnace will do it with far less fuel consumption than at present.

There are eight different types, or designs, as well as many different sizes in the Findlay Furnace Family—each one made to meet a specific need.

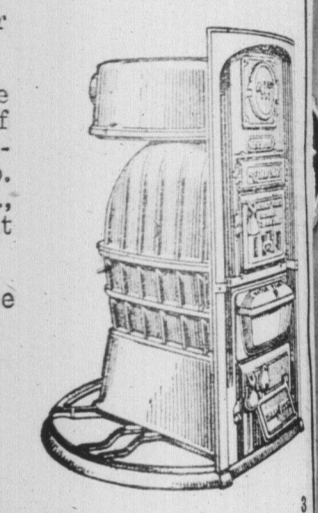

Whether you burn hard or soft coal or wood, we can give you a choice of pipe and pipeless furnaces which will exactly suit your particular requirements.

And, most important of all, we offer you, absolutely free of charge, the services of the heating experts of Findlay Bros. Co., Limited, of Carleton Place, Ont., who will give you an independent plan of heating for your home.

Call and see us or write for free booklets and Service Sheets.

**Roast Turkey!**

For tender, meltingly delicious and wondrous flavored turkey, you must roast it in an SMP Crystal Ware or Pearl Ware roaster. This roaster roasts as if by magic. It bastes the roast or fowl—the fat dripping down from above. The delicate juices and rare flavor are cooked right in. Nothing is lost. There is no wasteful shrinkage.

When you buy expensive roasts of meat, turkey, or other fowl or fish, you want them perfectly cooked. For from \$2.00 to \$4.00 you can purchase a splendid SMP Roaster that will positively guarantee the roasting. To ensure the perfect cooking of an expensive 15-lb. turkey, surely it would pay you to use the proper utensil—an SMP roaster costing only one-quarter the price of the fowl! A roaster that fully guarantees perfect roasting!

After the hardest roasting, an SMP Roaster cleans as easily and simply as a china dish. No scouring or hard cleaning. There are styles and sizes to suit every size of roast, fish or fowl. Finished in Pearl Ware, two-coated pearly-grey enameled ware, or Crystal Ware, three-coated snowy-white enameled ware. You can inspect them at any good hardware store.

**SCOTT'S EMULSION**

**NOVA SCOTIA HAS HIGH DEATH RATE FROM TUBERCULOSIS**

Ottawa.—Manitoba had the highest birth rate of the Canadian provinces in 1921, as shown by a blue book covering vital statistics for that year, compiled by the Dominion Bureau of Statistics.

The figures cover only eight provinces, however, Quebec not being included. Manitoba's birth rate in 1921 was 30.3 per thousand.

Infant deaths showed a notable decrease in 1921 as compared with 1920. For 1921 the rate was 83.1 for each thousand births while the year before it was 100.1. The highest rate in 1921 was 113.3 per thousand in New Brunswick, the rate of infant deaths in that province in 1920 having been 134.9 per thousand.

Nova Scotia had the highest death rate from tuberculosis, while cancer caused the highest percentage of deaths in British Columbia. Saskatchewan had the lowest death rate from tuberculosis, while New Brunswick had the least number of deaths from cancer in proportion to population.

Cancer of the stomach and liver was the most prevalent, although this form of the disease affected men much more than women. On the whole, however, more women than men died of cancer during 1921.

British Columbia had the lowest death rate for babies, namely, 56.5 for each thousand born in 1921 and 60.8 in 1920.

The total deaths during 1921 of people at all ages is given as 67,722 for the eight provinces, or 10.6 per one thousand population. The year before the rate was 12.3 per thousand. A decrease in total deaths as well as in the rate was registered in every province. New Brunswick had the highest death rate in 1921, it being 13.9 per thousand while British Columbia with 8 per thousand, had the lowest.

**JAPAN WILL PLACE BIG LUMBER ORDER**

Vancouver, B.C.—Japan's order for lumber from Canada and the United States will total approximately 100,000,000 feet, according to Takata Takata, millionaire financier of Japan, and President of Iwata and Company of New York, who reached Vancouver on the Canadian Pacific steamer Empress of Russia. Mr. Takata has come to America to carry out detail work in connection with purchases of large consignments of lumber and steel to be made by the Bureau of Reconstruction recently organized by the Japanese Government. The purchasing will be done directly by this Bureau, Mr. Takata explained, but the services of a number of large concerns familiar with the trade will probably be retained to carry out the work. Immediate building in Japan will be only temporary.

**NEW GEAR FOR AUTOS**

Which Dispenses With Clutches, Gear Box and Rear Axle Drive.

London.—The mechanism of the automobile will be completely revolutionized by a new form of transmission invented by George Constantinesco, who devised the synchronization gear that enabled machine guns to fire through the blades of airplane propellers during the war, according to the Technical Newspaper Motor.

This publication says that Constantinesco's invention dispenses with clutch, gear box and the conventional rear axle drive and provides a variable gear which automatically adjusts itself to load and gradient. The invention is also said to cheaper the operating cost of the automobile.

**WILL TRY TO SAVE IMMENSE FORTUNE**

Kingston, Ont.—Between \$500,000 and \$600,000 in gold, packed in oak boxes, lies in the hull of an old steamer sunk off the Mexican coast, waiting for the man daring and ingenious enough to reclaim it from the sea and surf. Captain Grant Pyke, of the Pyke Towing and Salvage Company, of this city, has been asked by a New York salvage company to attempt the difficult task of raising this vast treasure. He has accepted the offer and expects to make the attempt during the winter of 1924-25. On July 22nd, 1862, the steamer Golden Gate left San Francisco for Panama and intermediate points. She carried three hundred passengers and crew and \$1,577,760 in gold for New York and London. On July 27th, when nearing the port of Manzanilla, the vessel took fire and was destroyed with loss of 200 lives. In 1863 an expedition

**REMARKABLE EGG PRODUCTION**  
"Bluenose" Barred Rocks Lead Nova Scotia's Dominion Egg Laying Contest.

The remarkable production of 296 eggs from ten hens in five weeks was obtained by the pen of Bluenose Barred Rocks owned by Rupert Bligh, Lakeville, King's County, N. S., at the Dominion Egg Laying Contest conducted at the Experimental Farm, Nappan, N. S. The weekly production of this pen for the five weeks from September 12th to October 16th inclusive was as follows for weeks ending September 15th, 53 eggs; September 25th, 64 eggs; October 2nd, 88 eggs; October 9th, 55 eggs, and October 16th, 51 eggs. It will be observed that during the week ending October 2nd, this pen equalled the record it set for the Dominion of Canada when for the week ending May 1st it produced 68 eggs. This combined high production has placed Mr. Bligh's pen in the lead of the other nineteen pens that are completing in this contest.

The hen from this pen which recently set another record for the Dominion of Canada when she laid 106 eggs in 106 days now leads all her sisters with a production of 238 eggs. Mr. Bligh has four hens in this pen that have already laid over two hundred eggs each since November 1st, 1922, while two others will go over the 200 egg mark before the contest closes on October 31st, 1923.—Chronicle.

**N. S. MOTOR LEAGUE IS ASKING CO-OPERATION**

The N. S. Motor League is soliciting the co-operation of the Provincial Town Councils with a view to having the Provincial Government pass a law which will make it necessary for every vehicle, not a motor vehicle, to carry and keep burning during the period from one hour after sunset to one hour before sunrise two lighted lamps showing a white or yellow light in the rear. The rear lamp may be omitted if provision is made in the back of the two front lamps to show red lights plainly visible from the rear.

This regulation not only stands for greater safety for the autoist, but is almost expressly designed with a view to preventing cars running down teams which are quite frequently met on the sharp turns of the main highways and country roads.  
All vehicles on the highways should carry lights at night and there cannot be any sane argument used against the passing of such legislation.

**FISH CONSUMPTION CAMPAIGN STARTED**

Ottawa.—A campaign to increase the consumption of fish and to stimulate the Canadian fisheries is being fostered by the Canadian government and a grant of \$10,000 for publicity and educational work along this line this year has been made with the approval of the Privy Council. This amount will be taken from the vote for the conservation and development of fisheries. In view of the present condition of the Canadian fisheries, the result of depressed conditions of markets abroad, the Canadian Fisheries Association plan to carry out a publicity and educational campaign to increase home consumption. While it is hoped to extend the campaign for three years, a preliminary six months campaign is being conducted. Towards this the Association is raising \$5,000 and the government is donating \$10,000. If the campaign is successful further means for financing will be considered. The campaign is being conducted on a co-operative basis to all fish firms and dealers will contribute.  
A committee representative of the fish industry from coast to coast, an officer of the Department of Marine and Fisheries and a publicity expert will conduct the campaign.

Minard's Liniment Relieves Pain.

**CANADIAN MANUFACTURERS' ASSOCIATION**

Toronto, Oct. 29th, 1923.  
To the Editor, The Monitor:  
In response to frequent requests from the press for information about the Association's activities, we have adopted the plan of sending out from time to time this Press Letter. It contains a number of news items which we feel may prove of some interest to your readers. The contents are at your disposal and are released for publication on receipt. Yours very truly,  
The Canadian Manufacturers' Assoc.

**Will Book The Last Space For British Empire Exhibition.**

Having covered Western Canada, the Maritime Provinces and Quebec in the interests of the British Empire Exhibition, Mr. J. S. McKinnon, director of the Canadian Industrial Section, commences on Monday, Oct. 29th, a tour of the industrial centres of Ontario to put the finishing touches to the arrangements for the big 85-penny Canada's industrial products. Already a large portion of the space in the Canadian Building has been booked, and Mr. McKinnon expects to fill the remaining space in the course of the next two weeks. From present indications and the serious way in which Canadian manufacturers are tackling the proposition, there is every reason to expect that the appearance and contents of the Industrial Section will be highly creditable to the manufacturing industry of the Dominion.

**Wide Distribution of Produced-in-Canada Cards**

For the third successive year, with the consent and co-operation of agricultural societies and others engaged in the management of Fall fairs and exhibitions, the Canadian Manufacturers' Association has supplied exhibitors with "Produced-in-Canada" cards for display on their exhibits. Five hundred fairs and exhibitions from one end of Canada to the other have been covered and on every hand visitors have been confronted with the slogan—"Make Canada prosperous by buying Canadian products." The smaller "Produced-in-Canada" cards have been used not only by manufacturers, but also very largely by farmers, who have been eager to place them on or near their products, both animal and vegetable. This concentration of attention on the desirability of purchasing goods produced in Canada will, it is hoped, have a favorable influence on the attitude of the buying public.  
All Contracts Should be Retained in Canada  
In an effort to keep Canadian labor as extensively employed as possible during the coming Winter, the Canadian Manufacturers' Association has again been directing the attention of governments, federal, provincial and municipal, and all large buying corporations, to the importance of keeping contracts in Canada and thus contributing to the volume of employment. There has been more immigration this year than for several years past, and there will be a need for providing work for a larger number of people. It will help materially to stave off unemployment, if all those who control large scale buying will take pains to see that Canadian-made goods are specified when orders are placed.  
Holding British Harvesters in Canada  
The efforts put forth to retain the British harvesters as permanent settlers in Canada are apparently meeting with satisfactory results, according to information received from Winnipeg by the Canadian Manufacturers' Association. Notwithstanding the fact that some of them did not find conditions as rosy as they were painted, they have discovered that they are better off here than they were in Great Britain. Up to date only about 400 of them have signified their intention of returning home. Arrangements have been made for the absorption of several hundred by Prairie farmers, who will give them employment through the Winter period. Others have found permanent jobs in various lines of activity. The Canadian Manufacturers' Association circled its entire membership directing attention to the fact that there were among the harvesters a number of skilled artisans and urging that everything possible be done to retain the harvesters in Canada. Doubtless this action has contributed to the result noted.

**NEW LAMP BURNS 94% AIR**

Beats Electric or Gas  
A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been invented by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).  
The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make \$250 to \$500 per month.  
Increase of over \$11,000,000, or 18 per cent., in the value of goods imported for consumption. Were this accompanied by an equal or greater increase in the export of Canadian products, there might not be any special cause for anxiety, but unfortunately exports show no increase at all, but have gone back by \$4,000,000. The result is that, whereas Canada had a favorable balance of trade of \$11,000,000 in September, 1922, it has an adverse balance of \$4,000,000 this year, a change of \$15,000,000 in the wrong direction. With Winter approaching and with the cessation of a great deal of outdoor work, it is considered important that industrial activities should be stimulated rather than retarded, and this is hardly possible while large quantities of foreign goods are being brought into the country and no counterbalancing export of Canadian products is being carried out.

**Baby's Own Tablets Always Kept On Hand**

Mrs. Ernest E. Adkins, Brotton, Sask., writes:—"I have used Baby's Own Tablets with great success for four years and always keep a box on hand." Thousands of other mothers say the same thing—once they have used the Tablets for their little ones they will use nothing else. Experience shows them that the Tablets are the ideal medicine. They are a mild laxative, thorough in action, and never fail to relieve the minor ailments of little ones. The Tablets are sold by medicine dealers or by mail at 25 cents a box from C. A. D. Williams' Medicine Co., Brockville, Ont.

**CHIEF OF POLICE AT SYDNEY MINES WILL NOT RESIGN**

Defies Council and Demands Investigation—Says He Was Justified in Releasing Prisoner.

Sydney Mines.—The absorbing controversy in civic and business circles, the aftermath of the last Council meeting, gives plenty of latitude for comment and discussion as the action of the Council involves a dismissal of Chief of Police Hall, accused of releasing a prisoner named Putman while in his charge. Mr. Hall, when approached by The Herald, did not deny liberating the prisoner. He said he believed he was justified, in order to prevent a public charge on the county, and as the prisoner was not held for any criminal offence. The chief considered that the authorities would be satisfied to get Putman out of the town. When Mr. Hall was informed by Mayor Nicholson of what had taken place at the meeting, he absolutely refused to resign his position and demanded an investigation by the police committee. There is a demand in some quarters for a searching inquiry into the conduct of certain Councilors, charged by Councilor McMillan with deporting him out of town in a state of intoxication to prevent his presence at a Council meeting called to appoint a liquor inspector, knowing that McMillan would vote for Inspector Theubalt, in an equally divided council. Those councilors opposed to Theubalt attended the council meeting two weeks ago and made an appointment in the absence of Mayor Nicholson, who refused to attend the meeting and paid no attention to the him-sworn into the Town Council. The report showed officer even on the advice of the town solicitor.  
The Citizens League held a meeting and protested against the action of the Councilors, and upheld the decision of Mayor Nicholson, who contended that the meeting was not legally constituted. Last Tuesday night's meeting settled the question by the re-election of Mr. Theubalt, who has collected in fines \$4,334.44 for the period ending October 5th, according to a report submitted to the Town Council. The report showed the number of cases before the courts to be 38; convictions, 28; dismissals, 10; obstructing cases, 2; prison terms, 5; fines uncollected, 2; fines paid up, 22.

**ANNAPOLIS**

Annapolis Royal.—Seventeen new street lights have been placed on the grounds of Fort Anne Park and the Court House and add greatly to the attractive appearance of the town at night. These lights are the same style as those placed in front of the Town Hall and Park last year, the standards being of ornamental granite, with the lights contained in large round globes. The unsightly board fence between the old Cemetery and Court House Square has been torn down and replaced by neat post and chain, and the beautifying of the grounds around the renovated Court House, with the additional attraction of the new lights, has effected a striking transformation in this part of the town.

An echo of the Annapolis celebration of 1921 is heard in the announcement that some Toronto gentlemen have arranged for the reading at Armistice Day exercises this year of extracts from the "Book of Remembrance," published by the Historical Association of Annapolis Royal. The extracts are taken from the concluding part of Dr. J. Murray Clark's paper, read at the celebration, on the relations between the British Dominion of Virginia and the Dominion of Canada, and include Dr. Clark's beautiful rendering of a passage from Pericles in praise of the fallen heroes of Athens—the object being to honor the memory of the fallen in the Great War, in which we so lately had part.

**U. S. VESSELS WILL AGAIN CARRY GRAIN**

Cleveland, Ohio.—An agreement under which United States vessels will carry grain from the Canadian head of the lakes was reached here at a conference between United States shipping managers and Chairman Leslie Boyd and Commissioner M. Snow of the Canadian Grain Board.  
The agreement provides that the filing of charters or contracts for space by the shipper before loading will be sufficient, and it will not be necessary for the vessel owners or managers to file tariffs.

With the completion of the harbor works now in progress, Montreal will be in a much better position in 1924 to handle a record flow of grain than ever before. Windmill Point elevator will be increased by 1,250,000 bushels storage capacity making its total capacity 3,250,000. Four additional shipping berths are being provided at this elevator and will be in commission early next month, and the elevator's loading capacity will be increased from 30,000 to 90,000 bushels an hour.

**CANADIAN RED CROSS SOCIETY NOVA SCOTIA DIVISION OF JAPANESE RELIEF FUND**

The Nova Scotia Division of the Canadian Red Cross Society, forwarded to Head Office, Toronto, on Thursday, October 25th, the sum of eight thousand dollars, (\$8,000.00) as the contribution of the Province to the Japanese Relief Fund. More than one thousand dollars additional is available and very many sections of the Province still to hear from.  
The total contribution, considering the many demands made upon the people and the present industrial depression, is very creditable, and will probably, when completed, reach the expectations of the Central Council.  
It is desirable that all who have not contributed send in their contributions immediately, and all collections that have been made already should be sent to the Honorary Treasurer, Mr. H. A. Fleming, Bank of Nova Scotia, Halifax. As far as possible these contributions should be in hand by Wednesday, October 31st. Nova Scotia should exceed the \$10,000.00 mark. Let there be a grand response for the wind-up.

**BRITISH PREMIER WARNS FRANCE AGAINST REFUSAL TO COOPER WITH NATIONALS**

Plymouth, Eng.—The British Prime Minister, speaking here before the 5,000 delegates of the Conservative Party convention, sounded a warning to the French Premier, M. Poincare, to consider "for himself, for his nation, for us, and for the world," three times before he refused the invitation extended by the British government to the Allies to accept United States participation in a conference for a settlement of the German reparations question.  
Declaring that the position was grave, he considered it inconceivable that anyone could refuse to take advantage of such an opportunity. At another point in his speech, Premier Baldwin, who has a gentle way of making important pronouncements, declared with reference to the collection of reparations from Germany, that the amount of Germany's payments must be ascertained in the light of her present and future position, and added significantly:  
"We could not contemplate the breaking off of any part of Germany into separate states, for that would at once break the Treaty of Versailles."

**Worth Its Price**

"We have cheaper teas, madam, but I think you'll find 'KING COLE' is worth its price." So said a wise grocer recently to a questioning customer. He was there not merely to serve her, but to serve her well. He might please her purse with the cheaper article but her final judgment of his service would be on the quality of the tea supplied. He wanted a satisfied customer.  
This was one of the many merchants using "KING COLE TEA" in their own homes, and so he could say with sincerity: "It is worth the price."

"You'll Like the Flavor."

**LIVERPOOL MAN BADLY INJURED**

Frank McDonald Had His Leg Amputated, Following Explosion of Dynamite.  
Liverpool, N. S.—While working for the Highway Board on the contract at the head of Port Joli, Frank McDonald was seriously injured Wednesday by a charge of dynamite which resulted in the severe injury of his left leg, which was later amputated by Dr. Hennigar, of Liverpool. His shoulder was also dislocated and severe shock followed the injury. Mr. McDonald was removed to the home of Willard MacDonald, where he is resting as well as can be expected.

Yours very truly,

**M. W. Graves & Co. Ltd.**

## NEWSPAPER MEN AT MONCTON

(Continued from Page One).

Intervals between a few speeches readings were given by Mr. Tillman Melanson and solos by Manager W. J. Jordine of the Bank of Nova Scotia. President Fraser after expressing the thanks of the Association to Manager McDonald and to the city generally for cordial hospitality said the Weekly newspapers had made no mistake in selecting the home of Marven's Biscuits and Atlantic Underwear as their convention place. Mr. Fraser discussed the position of the Maritime Weekly Newspaper Association. Its numbers and influence, the beneficial results following its annual meetings from its members becoming acquainted with the different parts of Canada. Reference was made to the projected trip to Europe next Summer.

Below we reproduce a portion of a very excellent report from the Moncton Times of the rest of the banquet proceedings:

There is sufficient general interest attached to make it well worth while to reproduce:

Mr. Patten

Introduced by Chairman Capt. Masters as a friend from the United States, Mr. Patten suggested there was no difference between the people on either side of the line. Something like 200 years ago, in a clash between Colonists from the South and Canadian Colonists from the North which occurred on a Survey on the banks of the Kennebec River in Maine, the latter were defeated. Had that defeat not occurred the boundary of New Brunswick would have been along the Kennebec River and in these years he would have found himself a native of New Brunswick. About 150 years ago Benedict Arnold at the head of a column unsuccessfully attacked Quebec. If that defeat not occurred the speaker and his hearers would today have found themselves citizens of a common country.

Mr. Patten in closing a neat speech said that never before had he had such pleasant moments crowded in a few short hours as he had experienced since coming to Moncton.

Mr. Anslow

Great benefit is derived from the newspaper conventions from a Maritime standpoint, said Mr. H. B. Anslow, of the Campbellton Graphid. He referred to the great impression made upon the Ontario members of the Canadian Weekly Association by the Maritime towns and cities in general and by Moncton in particular as a result of their tour through the Maritime Provinces last Summer. He cited expressions made by many Ontario editors in that respect.

A. R. Brennan

The Ex-President of the Canadian Weekly Association, Mr. A. R. Brennan, of the Summerside Journal, verified the sentiments previously expressed by the speaker.

(To be continued.)

## CHURCH SERVICES

You are cordially invited to attend the services of the

The worth of a thing is best known by the want.

## Local Happenings

On Saturday we received from Mrs. Aubrey Sprule a spray of apple blossoms picked in their orchard from a Wagner tree which produced over two barrels of apples this season before making the above unseasonably early preparation for next year's crop.

If you owe for The Monitor, send in your subscription debt at once. You yourself will feel better for paying your debts, and we will use it to pay ours, and so keep the money going. This is what makes good business and good times.

The annual meeting of the Women's Institute will be held on Thursday, Nov. 1st, at 3.30 p.m. in the Board of Trade rooms.

We have received a request from the teacher of the public school at Tupperville to deny the report that the wreck of Bennie Poole's car was caused by his losing control when apples were thrown at him by a school boy. The occupants of the car maintain that the accident was caused as stated in The Monitor. The two versions will now, we trust, satisfy everybody concerned.

Next week we hope to give some details of the entertainment to be given in the Recreation Hall on the evening of Thursday, Nov. 15th, by the St. James' Church. Meanwhile we would ask our readers to make a note of the date and plan to attend. The programme will be under the direction of Miss Ethel Daniels.

To-morrow (Thursday) being "All Saints' Day" there will be a celebration of Holy Communion in St. James' Church at 10 a.m.

Among the veteran hunters of the town Mr. J. W. Wentzell is beyond doubt the oldest as well as one of the most successful. This year he was one of a party at Maplewood, Lunenburg County, which got a moose, a very fine and fat one. Ye Editor can testify that of all moose meat he has yet tasted this stands at the top of the column. Last year Mr. Wentzell secured a fine moose. If there are a few other hunters in the district as successful as Mr. Wentzell's age, eighty-one years, we would like to have their names and addresses.

To Mr. A. J. Burns goes the honor of being the first resident of the town to shoot a moose this year. The animal was secured near the Lake Alma Road about eighteen miles from town. Guide Freeman Shipp of Dalhousie accompanied Mr. Burns on his successful trip.

Inspector M. C. Foster and Mrs. Foster, accompanied by Mr. and Mrs. J. I. Foster, left on Monday for Maitland, Annapolis Co. The Inspector

will visit schools in that district, while J. I. will seek to entice forth the antlered monarchs of the wild.

Westport, Digby County, is among the various towns which have moved in the direction of installing electric light systems. We understand that the capital stock of the local company which has taken the matter in hand is placed at \$10,000. Poles are now in position, wires strung and the operating plant is now being installed. Some forty houses have been wired and it is expected that at least sixty more will take light in the very near future.

The Digby Steamship Company have disposed of their steamer, The Centerville, and have acquired a larger boat for the Bay service, the Ruby LI which has been lying at Margareville for some time past. The new acquisition is a craft of fifty one tons and will be very well adapted to handle the extra business developed since the popular commander, Capt. Ern. Lewis, formerly of the S. S. Valinda, has taken charge.

Initial steps have been taken by citizens of Westport toward the establishment of a Creamery in that town and the sum of \$10,000 has been set as an objective for establishing the plant.

A Musical Festival that will attract unusual attention is being given in Lawrence town—the Sacred Play, "Queen Esther" with Oriental costumes will be given in December. Watch for dates.

Gordon Beeler is among the successful deer hunters and a fine and hide, the result of his efforts on exhibition at Magee & Charlton store this week.

We are in receipt of a letter from Winnipeg containing a short notice to a citizen of West-Paradise deceased a few months ago. We shall be pleased to publish this if the sender will write their signatures so as to be intelligible.—(Ed. Monitor).

Mrs. (Dr.) C. W. Muir gave an enjoyable "bridge" on Tuesday evening of last week.

## Double Your Happiness Economically

WITH the new low prices on Superior Chevrolet Cars and the easy terms of payment available almost any family can afford one.

What could provide more happiness for the family than drives in the country after the days work is over, or week end visits to friends and relatives.

It has been proven by Chevrolet owners themselves that Chevrolet is the most economical car in the world to operate and at its present price it is the world's lowest priced fully equipped automobile.
