CANADA LUMBERMAN

WEEKLY EDITION

The Lumberman Monthly Edition, 32 pages } \$1.00 PER YEAR { The Lumberman Weekly Edition, every Wednesday

THIS PAPER REACHES REGULARLY THE PRINCIPAL LUMBER MANUFACTURERS AND DEALERS THROUGHOUT CANADA, AND WHOLESALE BUYERS IN GREAT BRITAIN, THE UNITED STATES, AND OTHER FOREIGN MARKETS.

Vol. IX.

TORONTO, CANADA, NOVEMBER 11, 1903

No. 41

CANADA LUMBERMAN

PUBLISHED BY

The G. H. Mortimer Publishing Co'y
of Toronto, Limited

Confederation Life Building - TORONTO.

Branch Offices:

IMPERIAL BUILDING MONTREAL
22 GREAT ST. HENRI'S, LONDON, E. C.

The Weekly Lumberman - Published every Wednesday, contains reliable and up-to-date reports of market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

The Monthly Lumberman - A 32-page journal, discussing fully and impartially subjects pertinent to the lumber and wood-working industries. Contains interviews with prominent members of the trade, character sketches and portraits of leading lumbermen, etc. Its special articles on technical and mechanical subjects are especially valuable.

WANTED AND FOR SALE

Advertisements will be inserted in this department at the rate of 15 cents per line each insertion. When four or more consecutive insertions are ordered a discount of 25 per cent. will be allowed. This notice shows the width of the line and is set in nonpareil type; 12 lines make one inch. Advertisements must be received not later than 4 o'clock p. m. on Tuesday to insure insertion in the current week's issue.

WANTED

500 2 in. x 6 in. Red Pine to be manufactured next season; also few Cars for spring delivery.

HURDMAN & ELMITT,
Ottawa, Ont.

WANTED—MAPLE STRIPS, 3/4" x 3/4" x 30" long. Ship green during coming winter. Apply Box 9, CANADA LUMBERMAN.

For Sale

PINE AND CEDAR SHINGLES, 22X6" C. B. and S.; 2 to 3 cars 17'x12'-16, 18 and 20 feet hemlock, 2 million 1" and 2" hemlock. A. McFERRISON Co., Longford Mills, Ont.

Circular Saw Hammering

taught right in your mill by mail. No previous experience necessary. Sent prepaid on trial. Send for Canada references, who are cutting frozen timber with my gauge and instructions, J. H. MINER, Lumberton, Miss.

MAPLE LUMBER WANTED

I AM OPEN TO PURCHASE LARGE OR small quantities of Hard Maple Lumber, sawn 1, 1 1/2, 2, 3 and 4 inch. Grade to be common and better. Terms cash when shipped. Mixed carloads taken. Millmen will please state the quantity they have of each thickness, with their lowest price. Also say how long sawn. Address care Box 22 CANADA LUMBERMAN.

WANTED—1" SPRUCE, LOG RUN, DRAD culls out. Tamarac sawn 1 order. Hard wood lumber. R. H. KINSMAN Hamilton, Ont.

FOR SALE

CEDAR AND TAMARAC; 200,000 ties and 20,000 telephone poles on the Vermillion River or drove to Spanish boom. JAMES MCCREARY, Larchwood, Ont.

WANTED—POSITION IN LUMBER BUSINESS by young man 7 years old; 11 years' experience in operating, manufacturing buying and selling lumber; can survey all kinds of spruce cargoes for foreign trade. Address P. O. Box No. 9, North End, St. John, N. B.

FOR SALE

Large Tract of Timber

THE PROPERTY OF
The Canadian Land and Immigration Company of Haliburton, (limited)

This company has a larger tract of well timbered land about 125 miles north-east of Toronto. There are large quantities of Cedar, Hemlock, Spruce, Balsam, Redwood, Cherry Birch, Maple, also considerable Pine, Elm and Ash on this tract. It is well served by two railroads. The Company are prepared to sell this timber in blocks ranging from 2000 to 10,000 acres, or more if desired.

There are several good mill sites on the property. This would be a good opportunity for parties who are at present cut out and looking for a new location.

Maps and plans and further particulars can be had by applying to

W. H. LOCKHART GORDON,
Managing Director,
157 Bay Street, Toronto.

AUCTION SALE OF TIMBER BERTHS

PUBLIC NOTICE IS HEREBY GIVEN THAT pursuant to authority of Orders in Council, the Red and White Pine Timber in the following townships, berths and areas, namely:

IN THE DISTRICT OF NIPISSING - the Township of HUTTON, CREELMAN, PARKIN, AYLMER, MACKENZIE, MCCARTHY, MERRICK, MERRICK (part of), FERRIS (part of), STANWELL, LOCKHART (part of), GARROW (part of), OSBORNE (part of), HAZELL and PULLEN (part of).

IN THE DISTRICT OF ALGOMA - Berths Nos. 159 and 201, the Townships of KITCHENER and ROBERTS, and Block "W" near Onaping Lake.

IN THE RAINY RIVER DISTRICT - Berths G19, G21, G23, G25 and G27, and the following Berths with the right to cut and remove the pine, spruce, tamarac, cedar and poplar: - G4, G6, G7, G8, G24, G25, G26, G27, G28, G29, G30, G31, G32, G33, G34, G35, G36, G37, G38, G39, G40, G41, G42, G43, Berths Nos. 81, 82, 83, and 84, will be offered for sale by Public Auction at the Parliament Buildings, in the City of Toronto, on WEDNESDAY, the NINTH day of DECEMBER, 1903, at the hour of ONE o'clock in the afternoon.

Sheets containing terms and conditions of Sale and information as to Areas and Lots and Concessions comprised in each Berth will be furnished on application, either personal or by letter, to the Department of Crown Lands, Toronto, or the Crown Timber Agencies at OTTAWA, SAULT STE MARIE, FORT ARTHUR, MONTAGNE and FORT FRANCES.

H. J. DAVIS,
Commissioner Crown Lands,
Department of Crown Lands,
Toronto, July 29, 1903.

N. B. - No unauthorized publication of this advertisement will be paid for.

FOR SALE

WHOLESALE AND RETAIL LUMBER Yard; small band saw and planing mill; steam dry kiln; unlimited supply of both Pine and Hardwood timber, water and rail transportation; healthy locality; prosperous town in the South; 12,000 population; cheap labor; established paying business. Write for particulars. GRO. T. HOUSTON & Co., Chicago Ill.

WANTED—MAN WITH GOOD PORTABLE Saw Mill to log and saw birch lumber. Apply Box 20, Sault Ste Marie, Ont.

HAVE YOU ANY STOCK WHICH YOU wish to sell? If so, make the fact known to probable buyers by placing an advertisement in the Wanted and For Sale Department. Address, CANADA LUMBERMAN Toronto

WANTED—ONE PAIR TWIN ENGINES: 10" x 12" or about that size, for medium weight rotary carriage. Advise by whom made how long used, and price for cars. J & C. HICKMAN, Dorchester, New Brunswick.

WANTED

GOOD CEDAR LUMBER SUITABLE FOR best building. PETERBORO CANOE CO., Ltd. Peterboro.

ADVERTISERS ARE PREPARED TO CUT to order during the coming winter a quantity of prime hard Maple and Birch any special thickness. Box 36, CANADA LUMBERMAN.

1 Large 4 Sided Sticker; 1 10" Buzz Planer; 2 Improved Mortisers; 1 24" Surf or Planer; 1 Cowan Mather; 1 Band Saw; 1 Shaper; 1 Turning Lathe; 1 Jig Saw Machine; 1 Tenon Machine for doors and windows; 1 T 10-0 Machine for blinds; 1 Mortiser for blinds; 1 Stable Driver for blinds; 2 Saw Tables. A. H. CUMMINGS & SON, Conitcook, Que.

CURRENT TRADE CONDITIONS.

ONTARIO.

Late advices do not confirm the reported sale of two Ottawa Valley mill cuts to Montreal exporters, as mentioned in last issue, but it is understood that negotiations are under way and that buyers are not insisting upon any reduction in prices from one year ago. Whether they will meet the higher prices asked by the manufacturers is a question which will probably be decided within a month, when contracts will likely be closed. Conflicting opinions are expressed regarding the stability of the lumber market. The manufacturers are doing their utmost to uphold prices, while dealers and consumers pretend to see lower values in the near future. This is the season when a campaign for lower prices is usually commenced, as buyers wish to stock up early in the spring at advantageous figures. Conditions so far have favored the manufacturers. With few exceptions prices have remained firm throughout the fall months. No. 1 pine cuts have been reduced about \$2 per thousand, and some mills are now quoting lath and shingles at a reduction of ten cents, but there has been no general weakness. Trade is seasonably active,

with a more urgent demand for hemlock than for any other class of lumber. Large quantities have recently been sold in Toronto at good prices.

In view of the industrial depression in the United States lumbermen are proceeding cautiously in woods operations this winter, and there is every reason to believe that the production of pine logs in Ontario will be curtailed about one-fourth as compared with last season. Still lighter operations will prevail in hardwoods, as the expense of logging is considered too great in comparison with the prices ruling for lumber.

QUEBEC AND NEW BRUNSWICK.

Considering the somewhat unfavorable conditions, the market for spruce lumber keeps up remarkably well. Building operations in New York have been further tied up by labor troubles, and the consumption of lumber in that city is likely to be greatly curtailed, yet buyers there seem willing to purchase spruce whenever it is offered at reasonable prices. Quotations generally are unchanged, although clapboards are less firm than a fortnight ago. Canadian shippers who were then getting \$45 for No. 1, Boston delivery, report that the best offer now is \$44, while clears which sold at \$43 now command only \$41. Other grades are correspondingly weak, but at the lower prices the market has held quite steady. Spruce laths are in steady demand at \$3.10 to \$3.20 for 1½ inch and \$3.25 to \$3.35 for 1¾ inch. New Brunswick cedar shingles are steady at \$3.40 for extras on Boston rate of freight.

MANITOBA AND BRITISH COLUMBIA.

There is now a more plentiful supply of pine and spruce lumber, also British Columbia cedar and fir, the demand of late having fallen off. Many of the new buildings in Winnipeg are nearing completion and dealers are disposed to reduce their stock of lumber before placing further orders. A steady trade throughout the winter months is looked for. Lath has declined to \$3.25 in car lots f. o. b. Winnipeg.

There has recently been considerable activity in timber circles in British Columbia. Several valuable limits have been acquired by Americans who purpose erecting mills, and who evidently believe that that province offers good opportunities for lumbering.

UNITED STATES.

Unsettled conditions dominate the iron and steel industry of the United States. Steel billets and steel products generally have been reduced in price, in keeping with a falling off in demand therefor. Such adjustment is regarded by many as strong evidence of the near approach of less prosperous times, and in many quarters there is a disposition to pursue a policy of retrenchment. Dealers are not buying lumber in large quantities, apparently believing that they will be able to

purchase at lower prices next spring. Nevertheless, there is a very satisfactory movement of lumber, the large crop of corn and average yield of wheat having placed the farmers in a position to carry out necessary improvements. Such a thing as pessimism does not exist, the opinion being that there will be a steady demand for lumber throughout the winter months. The shipments from Minneapolis during the month of October were upwards of 43,000,000 feet, as compared with 37,000,000 feet for the corresponding month of last year. From Duluth 38,000,000 feet were shipped last month, which figures indicate a very satisfactory volume of trade. There has been no abatement in the demand for box lumber, the supply of which is more nearly exhausted than for a long time. Buffalo and Tonawanda dealers state that there is a steady call for barn and box boards and a continued shrinkage of low grade stocks. While there is not the snap to the demand for hardwood lumber which was in evidence one month ago, there is constant buying of small lots by consumers, such as implement and furniture factories, and an exceedingly good trade in quartered oak. Hemlock lumber is quite active, with prospects favorable for a continuation of prevailing conditions.

GREAT BRITAIN.

The best that can be said of the British lumber market is that prices continue steady. Consumption has not increased and consumers are disposed to purchase very cautiously. On the other hand, values of lumber in stock show a hardening tendency, which would appear to be the result of the firm prices that are asked by shippers for next season's stock. There is a movement on foot to base the asking prices on the average of actual values obtained this year, which would probably be satisfactory to shippers. In London importers are apparently in favor of slightly lower prices, but it is a question whether they will be successful in bringing about any reduction. Broad first quality pine deals are selling at from £32 to £34 per standard, 11 inch at £29 to £31, and ends at £22 to £24. Some transactions in spruce have recently taken place at slightly advanced prices. At Preston and one or two other ports there is a scarcity of 3x7 inch spruce. Square and waney timber is not selling as readily as might be expected. The long continued depression in the furniture trade has restricted the consumption of birch, and the stock on hand is considered to be sufficient to meet requirements. Canadian oak has sold quite freely at a slight advance.

The attention of mill superintendents who may be looking for a good position is directed to the offer of a Quebec lumber and shingle manufacturing company appearing among the want advertisements of this paper.

STOCKS AND PRICES.

The steamer Gulf of Venice is loading deals at St. John, N. B., for the United Kingdom.

James Vaughn, of Bridgewater, N. S., expects to take out about 5,000,000 feet of logs this winter.

The schooner Clarence H. Schafner is loading lumber at Annapolis, N. S., for the West Indies.

The steamer Forest Holme is loading a cargo of deals at West Bay, N. S., for the United Kingdom.

The Canadian Northern Railway Company are advertising for 500,000 ties to be delivered at Battleford, N. W. T.

Lath are somewhat dull. In Chicago \$3 to \$3.10 is asked for white pine, while there is a wide range in the prices asked mixed.

It is estimated that on the Menominee river the cut of logs this winter will be from 50,000,000 to 75,000,000 feet less than last season.

Logging operations in Michigan will be on a smaller scale this season, the disposition being to curtail operations owing to the coming presidential election.

The San Juan Lumber Company, which is operating on the west coast of Vancouver Island, B. C., shipped during the past season about 8,000,000 feet of lumber.

A deal is said to have been closed by which the Murray & Stewart mill at Duluth will cut 200,000,000 feet of lumber for the Edward Hines Lumber Company, of Chicago.

The schooner J. E. du Bignon has just loaded 600,000 cedar shingles at Quaco and is about to complete a cargo of 3,000,000 shingles at St. John, N. B., for Philadelphia.

Wilson & Company, who have been buying standing timber in the vicinity of Nanaimo, B. C., have commenced operations at French Creek and expect to take out a large quantity of logs this winter.

Cornelius Aylwat and N. Tupper, of Baker Settlement, N. S., have just completed a contract to furnish the Halifax and South-Western Railway with 10,000 sleepers and have been given a second contract for a similar quantity.

The Bangor Commercial says that 113,000,000 feet of logs have this season been rafted down the river from the Penobscot boom, as compared with 144,000,000 feet in 1902. The lumbermen this year have had many difficulties to contend with, chief among which was the unusually low pitch of water in the rivers.

J. P. Mosher, who has been operating a rotary mill at Musquash, N. B., for the Knight Bros. Company, has already manufactured this fall about 2,500,000 feet of lumber. A cargo was shipped to

the United Kingdom and the remainder of the lumber has been piled up. Knight Bros. have sixty men working in the woods this winter.

Under date of October 24th Messrs. S. P. Moxson, Son & Company review the Barbados market as follows: "There have been no arrivals during the fortnight of either white pine or spruce. A mixed cargo of white pine, spruce and hemlock, sold by us, should be due in about two weeks. Two hundred thousand feet second quality white pine and a similar quantity of first and second hemlock was offered on 19th to arrive, but nothing definite has as yet been done on the latter; the former was placed at \$23. In shingles the steamer "Orinoco" brought 300,000 cedar laying, which have been stored, also a small lot of laying, which we placed at \$2.30, a lot of 4, 5, 6, 7 and 8-inch dimension, which we sold at \$4.75 to \$9.75, and a few long cedar, which brought \$6. On the 17th inst. the "James W" arrived with 1,550,000 laying cedar, which (with the exception of 290,000) we had sold to arrive at \$2.30. There is another cargo of one and one-half to two million laying cedar shortly due, which was contracted for some weeks ago."

THE OTTAWA VALLEY.

(Correspondence of the CANADA LUMBERMAN.)

There is really very little of interest in the Ottawa district market at present. Shipments from Montreal for export are better than they were a few weeks ago. The last boat sails for Lord Alverstone's country on the 21st, and it will carry a goodly supply of lumber from the Ottawa river and Cache Bay points. A shortage of cars is complained of and this has something to do with the movement of lumber. The local shipment to New York points is not very large.

Of course, the oft repeated trouble of scarcity of men in the woods is heard day in and day out, yet while some maintain that there will be a shortage of fully twenty-five per cent. in the log output, others claim that, as the season started earlier, the log output will run closer to that of last season.

One thing is certain, there will be a falling off in the production of square timber. The Kippewa district was well trimmed last season and it and the others will make poor measurements this season.

The report that the cut of McLachlan Bros.' mill at Arnprior has been sold to E. H. Lemay, of Montreal, is refuted in Ottawa lumber circles. The item as a matter of fact referred to last year's cut, whereas, as is well known, this was negotiated long ago, and no mill has 40,000,000 or 20,000,000 feet still on hand. The big sales will hardly be made before December or January.

TELEGRAPH POLES WANTED

We buy all lengths. Write us for prices and you will see that by cutting your Cedar into Poles it will net you more than you can get out of it in any other way.

Ex-Ald. R. Davidson, who recently returned from England and Scotland, says business in the lumber line will be good between Great Britain and Canada. As soon as he came home Mr. Davidson took to the woods. Structural work on Davidson & Thackray's big new mill, planing, sash and door, opposite the Union station, is completed and the machinery is beginning to be put in position. This mill, it is expected, will be the fastest in the world.

In a recent speech that caused some comment in Ottawa, Hon. Adelard Turgeon, Minister of Agriculture for the province of Quebec, defended the timber policy, showing that the present Crown lands policy is the best that could be adopted for the good of the province. Figures, according to the press reports, were quoted to show that it was nonsensical to say that the public domain was being handed over to the United States. He said that of the 1,986,300 cords of wood used by the 702 mills of the United States, Canada contributed only 300,000 cords and Quebec two-thirds of this. Of the 200,000 cords of wood exported from Quebec only 50,000 were taken from public domain. An export duty, the minister claimed, would not bring the mills to Canada but would be a benefit to New Brunswick and Ontario. Last year the value of wood exported was \$1,300,000, and of this Quebec provided not less than \$700,000.

The recent land slide in the Lievere river above Buckingham that put several farms out of business, also interfered with the operations of the McLaren Lumber Company. The rush of water threw the logs several feet above the natural surface of the streams, and teams had to be brought into service to roll them back. The water was so dense that the McLaren pulp mill and the Riordon pulp mill had to be closed down.

OTTAWA, ONT., Nov. 6th, 1903.

BROOM HANDLES.

If an enterprising man with supplies of cheap Spruce, Basswood or Poplar care to put in several machines to work broom handles we can take his output. Write in first instance to Empire, care of CANADA LUMBERMAN.

THE GLASGOW MARKET.

The following particulars of the Glasgow market are furnished by Messrs. Edmiston & Mitchells:

During the past month business on the whole has been fairly active, and though there has been no appreciation in prices, still it can be said that they have not in any sense lost ground.

As indicated in our circular last month there seemed to be a tendency towards somewhat easier prices in first quality

pine, but this has not made much headway, as recent imports of such have not only been on a moderate scale, but they have been firmly held, and in most cases have been stored where the prices required were not forthcoming. There has been a considerable import from Quebec, Montreal, and the lower ports during the month, spruce predominating.

A fair amount of business has been passing in oak, pitch, pine, and spruce, and numerous transactions are also reported to have been made in waney and square pine, etc., all tending to indicate a healthy, general trade. For American hardwoods the demand has been active, except perhaps in the case of oak planks and boards, which have been imported in excess of the market's requirements.

WHITE OR YELLOW PINE.—The import during the month consists of about 1000 loads waney and 2000 loads square timber. There have been a few good lines placed during the month at prices ranging from 4s. 6d. to 4s. 7d. for first quality 19-inch waney, and 3s. to 3s. 1d. for 800 feet first quality square. Stocks are moderate and prices firm.

RED PINE.—There has been no import during the month, and the deliveries have been small. Stock is light, but sufficient.

OAK.—The import has been 800 loads from Quebec. Business has been quiet, though deliveries from the ponds are fair. Stocks are now heavy and enquiries are few.

ELM.—There has been no import during the month. There have been a few enquiries for 800 to 900 feet first-class rock, but small wood and second-class wood are difficult to move. Stocks are heavy.

BIRCH.—The import for October has been moderate, but has been quite ample for all the demand that exists. With the long-continued depression in the furniture trade the consumption of birch in this market has dwindled away very considerably compared with a few years ago. Values are nominally round about 1s. 7d.

"We are now cutting two million Hemlock, 12 to 24 feet long, and we sell at your bill timber specifications."

Write for Quotations

OWEN SOUND, ONT.

for 16-inch, up to 25. for 18-inch average.

In the case of lower port birch there are occasional small sales reported from time to time at about 17d. for 15-inch average logs. The stock on hand is ample for all anticipated requirements for some time to come.

Planks are plentiful and dull of sale. **ASH.**—The import for October is trifling, but there is plenty of stock in the market for the little demand which exists nowadays. There is very little good Canadian ash in stock, but old second-class wood, which is plentiful, has been sold at from 1s. 4d. to 1s. 6d. Several shipments of round American ash logs have been disposed of recently at from 1s. 6d. to 1s. 8d., and of these there is still a large stock on hand.

DEALS, ETC.—Business during the month has been of a quiet nature, though

deliveries from public yards are being well maintained. The import is keeping moderate, and, while first pine sales are rather overdone at the moment, prices are practically unchanged. Current values are as under: Broad first pine deals, £32 to £34; 11-inch, £29 to £31; ends and non-dimensions, £22 to £24. Second pine deals, 11-inch and up, £19 to £21 10s; ends and non-dimensions, £13 to £14 10s. Third pine deals, 11 inch and up, £13 to £14 10s.; ends and non-dimensions, £10 to £11. Red pine deals, 9 and 11-inch, £11 10s. to £12 10s.; narrows, £8 10s. to £9 10s. First pine sidings, 9 and 10-inch, £24 to £25; 11 to 12-inch, £20 to £28; 13 to 14-inch, £29 to £31. Spruce deals, 9-inch and up, £8 15s. to £9 10s; 7 and 8-inch, £7 5s. to £8 5s. Lower port pine and spruce, 7 and 8-inch, £7 to £7 15s.; 9-inch and up, £8 5s. to £8 15s.

 OTTAWA, CANADA
PINE, BIRCH AND HEMLOCK

TIMBER LIMIT TRANSACTIONS.

The Pacific Coast Lumber Company, of Vancouver, B. C. has just purchased from the Sawward Estate 15,000 acres of the finest fir timber in the Province of British Columbia. It is situated in six different blocks along the Campbell river, Vancouver Island, and is very accessible.

The entire property of the Dominion Lumber Company at St. Margaret's Bay, N. S., is said to have finally passed into the hands of Louis Miller, of Glasgow, Scotland, for a consideration of \$350,000. It is also understood that Mr. Miller has

options on several other large properties in Nova Scotia.

THE BOSTON MARKET.

The market at Boston for spruce lumber continues to manifest notable strength, the consumption, although limited, being more than equal to the ready absorption of the unusually limited supply. The situation is such that large wholesale houses there, with a well established connection, are turning down orders for quick frames from all but old and valued customers. The bulk of the spruce

moving from eastern mills is going to New York, where prices are a trifle higher than they are at Boston. Laths are firm. For 1 5/8 in. sellers at less than \$3.35 are hard to find and buyers are fairly plentiful. There is no change in shingles, it being still possible to procure good extra cedars for \$3.40. For special brands \$3.50 is asked. Quotations are as follows: Rail shipments, spruce lumber, 10 and 12 in. dimensions, \$21; 9 in. and under dimension, \$19; 10 and 12 in. random lengths, 10 ft. and up, \$20.50; 2x3, 2x4, 2x7, and 3x4, 10 ft. and up, \$17 to

\$17.50; all other randoms, 9 in. and under, 10 ft. and up, \$18 to \$18.50; merchantable boards, 5 in. and up, \$17; matched boards, \$18.50@20. Spruce clapboard rule about as follows: Extra, \$43 to \$44; clear, \$41 to \$42; second clear, \$37 to \$39; extra No. 1, \$27 to \$29.

The assets of Damase Pariseau, lumber dealer, Montreal, are to be sold.

A meeting of the creditors of James Harrison, lumber dealer, Burlington, Ont., has been called for November 11th.

ADVANCE IN STUMPAGE DUES.

It is announced that the New Brunswick Government have definitely decided to increase the stumpage dues on pine and spruce timber to \$1.50 a thousand feet, as compared with \$1 at the present time,

and make proportionate advance on other timber. This decision will be communicated to the Lumbermen's Association, which body recently submitted to the Government a memorial in which \$1.25 was suggested as the highest figure to which the stumpage ought to be raised.
