STREET THIEVES TAKEN WHILE AT WORK

Three Detectives Waited on Busy Corners and Got Trio Plying Their Trade in Front of the City Hall at Supper-Time Rush Hour.

In the arrest of Solly Seigel of 20 Edward street, Nathan Rohonovitch, no address, and Richard Garrison, no address, the police believe they have landed the most daring trio of pick-pocket operators in the city. The arrests were made by Detectives Guthrie, Taylor and Tipton in front of the city hall about 6 o'clock last night.

Seigel has established a reputation for himself as an expert in the business, and it is not his first appearance in the hands of the police on this charge. The other two are from New York City, both here about a month. Three detectives stationed themselves last night at busy intersections down town. Detective Guthrie first sighted the trio at Queen and Yonge streets, where he saw them commence operations. Garrison acted as the stall in the game, with the other two collecting the booty. In a rush for a car, Garrison invariably got in the middle of it and caused a jam at the entrance to the car door. In the mix-up Seigel and Rohonovitch did the pocket-picking.

When grabbed by the detective Seigel dropped a woman's purse on the sidewalk, but a citizen picked it up and placed it in Detective Guthrie's pocket while he was holding the two men. Inspector Kennedy would like to obtain the name of the man who returned the purse to the detective. Seigel's bank book shows regular deposits, one of \$300 having been made on Tuesday. All three men will appear in police court today.

ORIENT GOOD MARKET FOR CANADIAN WHEAT (Special to The Toronto World). OTTAWA, Nov. 19.—Hon. George M. Foster, minister of trade and commerce, is making a thorough investigation into the possibilities of developing the wheat trade with Japan and China. Orientals seem to be cultivating a taste for Canadian flour. Mr. Foster had a conference with H. H. Stevens, M.P., of Vancouver, today on the subject.

MEXICO CITY'S FOREIGN RESIDENTS BANDING TOGETHER FOR PROTECTION

MEXICO CITY, Nov. 19.—(Can. Press).—Speculation as to what President Wilson intends to do in the face of the Mexican difficulty was increased today by the knowledge that the American chargé d'affaires, Nelson O'Shaughnessy, had received new instructions from Washington to wait at his post for further instructions and that important matters were under consideration. The foreign colonies in the Mexican capital are preparing to defend themselves in the event of disturbances in the city. Both Sir Lionel Carden and Admiral Von Hintze, the British and German ministers, respectively, have suggested to their nationals the advisability of perfecting some sort of defence organization.

EXPLOSION FATAL TO TORONTO MAN

'Prof.' Cullerton, Moving Picture Show Operator, Lost His Life at Ogdensburg, N.Y. (Special to The Toronto World). MONTREAL, Nov. 19.—Mr. Justice Charbonneau this afternoon delivered judgment in the action brought by The Toronto World to continue the temporary injunction granted some time ago to restrain The Montreal Star, Sir Hugh Graham and C. F. Crandall, managing editor of The Star, from syndicating certain news and special newspaper features in Canada, supplied by the International News Service of New York. The judge dissolved the injunction. Notice of appeal at once was given by counsel for The Toronto World. In his ruling Judge Charbonneau stated that 'if The Toronto World thinks it has a grievance it must air the grievance in court in an action for damages.'

WHARF CONTRACTS LET TO OWEN SOUND MEN (Special to The Toronto World). OTTAWA, Nov. 19.—The government let the contract today for a wharf at Vail's Point, Grey County, Ont., to W. A. Grier and A. J. Craighton of Owen Sound for \$5955. Another contract for the pier and wharf at Meaford, Ont., was let to Alex. Green and John Woollich of Owen Sound for \$56,099.

The speaker at the meeting of the Women's Canadian Club, to be held on Tuesday at 4.15, in the Y. W. C. A. Hall, will be Mr. J. Joyce Broderick. Mr. Broderick has just been promoted to the position of British consul-general at the port of Amsterdam, where he will enter upon his duties in December. In the interval he is touring Canada and has addressed several of the Canadian Clubs. Mr. Broderick has taken for his subject 'The British Consulate in Its Relation to Canada.'

STUDENTS FIGHT STILL UNSHAKEN WITH LARKIN'S FOLLOWERS

Sticks and Umbrellas Wielded Vigorously and Fireworks Added to Pandemonium at London Meeting Where Labor Leader Started to 'Raise Fiery Cross.' Will Insist on New Congress Giving Him Political White-washing, He Intimates in Message—Ignoring International Aspect of Situation, He Pleads for Unity.

LONDON, Nov. 19.—(Can. Press).—The first appearance as an orator in London of James Larkin, head of the Transport Workers' Union of Dublin, or King Larkin, as he is now dubbed by his adherents here, led to wild scenes of disorder at Albert Hall tonight, where several thousand people had gathered to hear him. When Larkin was liberated a week ago from Mountjoy prison, where he was serving a seven-month term for sedition, he announced that he was going to England 'to raise the fiery cross,' and he predicted a general strike throughout Great Britain. There was much interest therefore in what he might say tonight. A large body of students from the colleges connected with London University made an organized attempt to upset the meeting, and fierce rioting both outside and inside the hall occurred. Many persons were injured before the meeting was able to proceed, for the students successfully stormed the entrance and gained admission to the floor of the hall. There further fighting broke out, and sticks and umbrellas were freely used. For a time there was danger of the meeting degenerating into a riot, however, and the audience began singing socialist songs, to which the students responded by singing 'God Save the King' and 'Rule Britannia.' When order was partially restored, Larkin went on with his speech, which was mainly devoted to a denunciation of the government in connection with the Dublin strike. The leader of the Transport Workers' Union showed himself to be master of a rough discursive style of eloquence. The message closes with an expression of the hope that soon all Mexicans may be united, and that all may join in the task of national reconstruction. The message calls attention to the alleged lack of harmony existing between the executive and judiciary on the one hand, and the chamber of deputies on the other prior to the dissolution, charging that the chamber attempted to frustrate the executive, and explains that the executive did all in his power to prevent a rupture and maintain good relations with congress, yielding in more than one instance and attempting in many ways to bring about a more cordial feeling of co-operation. Congress is informed that if it considers the president's acts as honest, patriotic, and of service, it will give him its support, but if not it is asked to place the responsibility upon him who deserves it, with the assurance that neither the president nor any of his secretaries will evade any responsibility, since all had agreed to any sacrifice necessary in behalf of the welfare of the country.

SLAYER OF THREE MISSES GALLOWS Indian Found Guilty of Manslaughter and Sentenced to Fifteen Years in Prison. VANCOUVER, Nov. 19.—(Canadian Press).—Imprisonment for 15 years was the sentence passed by Justice Morrison today on George Wilson, the Kinkquit Indian, who was found guilty of manslaughter in connection with the deaths of Charles Wilson, Emma Wilson and George Paul on the night of Sept. 19. The convicted man had only five weeks before been released from the penitentiary on a charge of wounding Emma Wilson, when he was arrested for shooting her.

Fewer Immigrants From United States. OTTAWA, Nov. 19.—(Can. Press).—The total immigration to Canada during the first seven months, April to October, of the current fiscal year, was 327,815, made up of 128,863 British, 80,320 American and 118,715 from all other countries. During the seven corresponding months of the last fiscal year the total number was 290,841, composed of 118,497 British, 100,149 American and 62,204 from all other countries. The increase is 3 per cent.

CAPTAIN GUTCH OF ARGUS PLAYED REAL HERO'S PART

Gave His Lifebelt to Mrs. Walker in Order That She Might Be Saved, But Both Perished—Nielsen's Body Buried at Kincardine. (Special to The Toronto World). KINCARDINE, Ont., Nov. 19.—The funeral of Thomas Nielsen, one of the crew of the Argus, took place here this morning. Nielsen's wife came here from Buffalo to identify her husband. She found him among the unidentified. Having no permanent home in Buffalo she decided to have the body interred in Kincardine. Today's scene was most touching. A stranger in a strange land, parting with the remains of him who had been the bread-winner was more than the bereaved woman could bear, and she was completely overcome. Nielsen was a Norwegian and had one brother in Houston, Tex. His wife's relatives all live in Wyoming. The wind today is off shore. Had it remained on shore there is no doubt many more bodies would have floated in. The body of Mrs. Walker, the cook, had on the life preserver of Captain Paul Gutch, whose body came ashore yesterday without a life pre-

HYDRO POWER RATES REDUCED IN TORONTO, LONDON, OTTAWA FOLLOWING SURPLUS REPORTS

Every Municipality Using Hydro Power Has a Credit Balance and Cost to Consumers Comes Down—Owen Sound Joins Power Zone. The meeting of the Hydro-Electric Commission yesterday was in some respects one of the most portentous of the minutes since that body began the distribution of power in Ontario. It not only brought forth the records of a wonderful advance in a nine-month period closing on Sept. 30, but, in addition, it authorized the reduction of 10 and 15 per cent. of the rates now obtaining in Toronto, London and Ottawa, in spite of the advances made very recently to consumers in some of these instances. Toronto and Ottawa are advised of a justified reduction of 10 and 15 per cent. respectively on all light and power rates, whereas London can cut off 15 per cent. on light and 10 per cent. on power charges. It came with some sense of congratulation that every one of the 46 municipalities in Ontario now using hydro energy returned for the 9-month period registered in 10 per cent. and they show in some instances to 45 and 50. None of the larger cities falls below 20 per cent. in this showing.

The fifth railway contract in the history of the commission thus far was completed when Hon. Adam Beck signed for the power supply of the London Street Railway. It is estimated that the amount of energy to be used in this way will slightly exceed 1000 horse power. The financial statement displaying the power operation of the municipalities in the nine-month term marks a handsome surplus in each case, according to the statement of the chairman. This is estimated after making allowance for the interest on the sinking fund and depreciation or rest account. Surplus Shown. Toronto returns a surplus of 25 per cent. above the total operation; Ottawa returns 25 per cent.; London, 20 per cent.; St. Thomas, 45 per cent.; Port Arthur, 52 per cent.; Berlin, 35 per cent.; Guelph, 25 per cent.; Stratford, 40 per cent.; Galt, regardless of a 15 per cent. reduction recently on power and light rates, returns now a 20 per cent. surplus. Waterloo, in the same district, shows a 45 per cent. surplus; Penzance, 41.

WILLIE WANTED PERFECT PEACE

Missing Boy Preferred Sleep to Newspaper Church when Found in Church Street Restaurant. The mystery surrounding the disappearance of Willie Crooble, aged 14, from his home in Fairbank, last Monday morning, is a mystery no longer. Sleeping soundly, with a serene look upon his face, little Willie was found by a World reporter last night at the Nottingham restaurant, 133 Church street.

'Don't bother me, I want to sleep,' murmured Willie when he received a prod in the ribs. He squinted at the reporter and then turned his back. 'Where have you been, Willie?' persisted the reporter. The landlady explained that the youngster came into the restaurant on Monday night and paid for his room and meals a week in advance. He did not go to work on Tuesday. It is quite evident that Willie left home of his own free will. The proprietors of the restaurant soon recognized the lad upon reading of his disappearance in The World. They then notified the parents by letter.

CHANGE IN FORTUNE WAS JUST TOO LATE William Neil Suicided While Friend Was Getting Him a Job. Evidently a case of suicide, William Neil, 40 years of age, was found in bed in his room at 27 Gladstone avenue early yesterday morning. The gag was turned full on and the man evidently had been dead some hours. The discovery was made by A. Halstead, a friend of the Neilis, who had gone to inform him that he had secured him employment. The body was removed to the morgue, but no inquest will be held.

CORPSE LAID OUT FOR BURIAL WHEN 'VICTIM' RETURNED HOME Thomas Thomson, Supposed to Have Gone Down With the James Carruthers, Returned to His Home in Hamilton—Wrong Corpse Identified. (Special to The Toronto World). HAMILTON, Thursday, Nov. 20.—After all preparations had been made for his burial this afternoon, and his supposed body had been identified as Goderich by his father and sisters as one of the men who lost their lives in the James Carruthers, Thos. Thompson walked into his home at 422 North John street, last night, alive and well. The whole story revolves around a startling case of remarkable human 'doubles,' one living and the other dead. As an echo of the appalling terrible disaster that visited the great laker on Sunday, Nov. 9, the story began when Thomas Thompson of this city received word on Monday from a daughter in Sarnia that his son John had gone down with the James Carruthers and his body was lying in the Goderich morgue. Thompson immediately went to Goderich and identified a body there as that of his son by certain scars, tattoo marks, birth mark, etc. He brought the body home on Tuesday, and it was examined by Mrs. Thompson, her sons and daughters, as well as other relatives and friends of the family, who unanimously and unhesitatingly pronounced it to be that of John Thompson. The grief-stricken family had the body embalmed and made all preparations for a funeral this morning. The insurance company satisfied itself that the body was that of John Thompson, and paid the death claim. There was not even the faint shadow of a doubt in the mind of anyone that the body was not that of 'Darkey' Thompson, so-called because of his complexion. Last night, shortly before 9 o'clock, the real live John Thompson walked into his home on John street. He was the most self-possessed of the happy reunited family, and after looking at his supposed corpse, claimed that it did not resemble him. The flower-banked coffin was at once removed to the Dwyer's undertaking parlors. The young sailor who had come back from the dead was very reticent regarding his movements since leaving this city on the steamer Canadian about a month ago.

ROADBED INADEQUATE

Mayor Tells How City is Burdened With Heavy Repair Charges.

Submission to the voters on Jan. 1 of a bylaw to purchase the lake shore road was decided upon by the board of control yesterday.

Tracks, wire, etc. \$34,120.95 Bridge over Humber \$3,229.93 Car barns 7,137.86 Compressed air system 1,224.00 Interest, etc. 2,650.00 Property 38,253.80

Acting City Treasurer Patterson reported that paving and repairs at street railway tracks for the three years 1910-12 cost \$968,890, and estimates that amount must be issued.

"It is costing us \$300,000 a year to keep up the surface paving and repairs for 100 miles of street railway tracks," Mayor Hocken commented.

To assist in the furnishing of the new building of the "Infants' Home and Industrial School" a grant of \$7000 will be made. The Social Service Commission recommended the grant, but are of the opinion that the institution should be outside the city's limits.

The North Riverside Ratepayers' Association asked that the Townsdown district be annexed, the boundaries to be St. Clair avenue on the north and the Scarborough line on the east. No action was taken.

By unanimous vote, \$5000 is to be contributed to the relief of the families of the victims of the recent hurricane on the great lakes.

Controller Church furnished amusement by his remarks upon John Mackay's report upon the commercial aspects of the clean-up of the franchise. There was a burst of laughter when he said: "Kenneth Mackay of the Telegram is to give a report that is John Mackay." Controller Church went far enough to declare that Mackay is only an auditor.

Another meeting of the central section of the Methodist Publication and Book Room Committee is to be called. Rev. Dr. Harman will announce the date. Representatives will again be summoned from Montreal, London, Hamilton and Bay of Quinte conferences.

That a serious statement, Controller O'Neill commented when Controller Church declared that the civic legal department had dragged into helping on the street railway purchase.

Magistrate Kingsford GRANTS STATED CASE Helliwell Sentence Will Be Appealed—Counsel Claims Fine is Illegal.

In connection with the sentence of six months imprisonment with a fine of \$500 meted out to Clarence A. Helliwell by Magistrate Kingsford a few days ago on a charge of running a dog, W. A. Henderson, K.C., succeeded yesterday afternoon in having the magistrate state case on his appellate division of the supreme court.

Mr. Henderson holds that the magistrate had no power to fine Helliwell \$500 in addition to the imprisonment. He stated that if the fine was not six months, Mr. Henderson also contends that Magistrate Kingsford should not have tried Helliwell against his will and he should have given him a chance to elect.

On all streets in Earlscourt where the water has been laid, the civic authorities are compelling the owners of houses to have the water put into the dwellings. There is much grumbling in consequence, as a number of house holders prefer their well water, maintaining it is much better than the chlorinated specialty.

The new asphalt road on Earlscourt avenue, which has only been completed a few feet, is now being broken in strips opposite several houses and the road dug, to put in pipe connections. The thought naturally arises why this, a motor has been done before the road was made.

Tremendous was the expression used by a prominent man on the street, when referring to the bookings this season to the old country of the Earlscourt people, and in almost all cases return tickets.

Mr. Maybes' market garden, that large tract of land on Dufferin street north of Morrison avenue, is now surveyed and subdivided for building lots.

Earlscourt was plunged in darkness Tuesday evening at 5:15 by the hydro-electric juice falling for five minutes, causing no little inconvenience.

Last evening on Davenport road the mud was over ankle deep at the foot of St. Clarens avenue. The street car bound west stands on the siding to allow the earboard car to pass. To attempt to board the car going west at the siding was impossible, unless one took a chance of sinking over his head tops and perhaps getting stuck in the mud. For ladies, the crossing, except at the top of Lansdowne avenue, was out of the question.

Cars Heated

Stoves have been installed in the St. Clair cars. They are square built and are filled with coal once daily. A motor fan is attached, which drives hot air thru the pipes under the seats around the sides of the car.

FUNERAL OF LATE A. J. ALLAN TODAY

Well Known Whitchurch Farmer Who Died Suddenly on Monday.

The funeral of the late A. J. Allan of Lemoville takes place today to the Rev. Mr. Allan Aumon Cemetery. The late Mr. Allan was a well known farmer and was secretary of the Whitchurch Agricultural Society. About four weeks ago he fell from a tree in his orchard and broke one of his legs. He was just recovering from the accident when he succumbed on Monday to an attack of heart failure. Mr. Allan was fifty-two years of age and is survived by a widow and one married daughter.

AND THE WORST IS YET TO COME

With the death of Dr. R. J. Trumpour, the village council of Stouffville is seriously considering making application to the provincial government for a Carnegie library. The only difficulty at present is that the council has not yet decided whether the municipality should purchase one or not. Possibly some of the farmers in the vicinity will be moved to donate the necessary fund and share the honor with Mr. Carnegie.

Auction Sale at Stouffville

On Saturday, Nov. 22, Ross & Wagg will hold a sale of cattle, horses and pigs. Three months' credit will be given, or 5 per cent. discount for cash.

At the Peel county assizes yesterday, Mr. Justice Kelly awarded Mrs. Louise McNally \$3000 damages for the death of her husband, who was killed last June by the collapse of a kiln while he was at work.

True Bills

The grand jury, of which Mayor Duggan is foreman, brought in a true bill against James Heatley, contractor of Brampton, for assault on Mrs. Gamble, and also a true bill against James Rogers of Streetville for a similar offence against a young girl named Mills. Both cases will be tried at this assize.

In the county court yesterday morning before Judge McElhannon, Charles Isles was found guilty of stealing \$15 from his employer, George Alken of Inglewood. As the lad had already spent fifteen days in jail he was allowed to go on suspended sentence.

Club Entertainment

The Excelsior Lancers Club were entertained last night at the dining room of the Hotel Maclean. The speaker was Mr. and Mrs. Harry Sproule to a magisterial banquet. Speeches were made by every member of the team and all signified their intention to play in the game. President Mackie officiated at the dinner. At the close the boys presented Mr. and Mrs. Sproule with a beautiful cut glass berry bowl, the occasion being Harry's twenty-second birthday.

Police Active in CRUELTY CASES

Temporary Deck Gave Way and Mixed Sheep With Hogs—Result Horrible.

Another flagrant case of animal cruelty was discovered at ward seven police at the Union Stock yards yesterday, and as a result George Cameron of Barrie has been summoned to appear on a charge of ill-treating a number of sheep and swine. Rather than use two cars for the purpose, Cameron built a temporary deck in the yard and placed the sheep aboard. During his journey this frail structure gave way and the weakest animals were precipitated among the hogs.

When the car arrived at West Toronto three of the sheep were dead and three of the swine badly crippled. The same day a summons was taken out for the Stock Yards Commission for enclosing a ramp with a number of weaker animals with the result that one of the cows was so injured that it died.

The annual bazaar and sale of work of the Women's Guild of St. John's Church commences this morning in the parish house and continues until tomorrow night.

The congregation of the Jane Street Methodist Church held a concert in the church building last evening. The proceeds are to be devoted to the choir fund.

During his journey this frail structure gave way and the weakest animals were precipitated among the hogs.

When the car arrived at West Toronto three of the sheep were dead and three of the swine badly crippled. The same day a summons was taken out for the Stock Yards Commission for enclosing a ramp with a number of weaker animals with the result that one of the cows was so injured that it died.

The annual bazaar and sale of work of the Women's Guild of St. John's Church commences this morning in the parish house and continues until tomorrow night.

The congregation of the Jane Street Methodist Church held a concert in the church building last evening. The proceeds are to be devoted to the choir fund.

DR. R. J. TRUMPOUR CALLED BY DEATH

Well Known Physician and Highly Respected Resident of Unionville.

With the death of Dr. R. J. Trumpour, the village council of Stouffville is seriously considering making application to the provincial government for a Carnegie library. The only difficulty at present is that the council has not yet decided whether the municipality should purchase one or not. Possibly some of the farmers in the vicinity will be moved to donate the necessary fund and share the honor with Mr. Carnegie.

Auction Sale at Stouffville. On Saturday, Nov. 22, Ross & Wagg will hold a sale of cattle, horses and pigs. Three months' credit will be given, or 5 per cent. discount for cash.

At the Peel county assizes yesterday, Mr. Justice Kelly awarded Mrs. Louise McNally \$3000 damages for the death of her husband, who was killed last June by the collapse of a kiln while he was at work.

True Bills

The grand jury, of which Mayor Duggan is foreman, brought in a true bill against James Heatley, contractor of Brampton, for assault on Mrs. Gamble, and also a true bill against James Rogers of Streetville for a similar offence against a young girl named Mills. Both cases will be tried at this assize.

In the county court yesterday morning before Judge McElhannon, Charles Isles was found guilty of stealing \$15 from his employer, George Alken of Inglewood. As the lad had already spent fifteen days in jail he was allowed to go on suspended sentence.

Club Entertainment

The Excelsior Lancers Club were entertained last night at the dining room of the Hotel Maclean. The speaker was Mr. and Mrs. Harry Sproule to a magisterial banquet. Speeches were made by every member of the team and all signified their intention to play in the game. President Mackie officiated at the dinner. At the close the boys presented Mr. and Mrs. Sproule with a beautiful cut glass berry bowl, the occasion being Harry's twenty-second birthday.

The funeral of the late A. J. Allan of Lemoville takes place today to the Rev. Mr. Allan Aumon Cemetery. The late Mr. Allan was a well known farmer and was secretary of the Whitchurch Agricultural Society. About four weeks ago he fell from a tree in his orchard and broke one of his legs. He was just recovering from the accident when he succumbed on Monday to an attack of heart failure. Mr. Allan was fifty-two years of age and is survived by a widow and one married daughter.

The first of the physical culture classes for young women, under the auspices of the Methodist Church, held last night, was a great success, forty pupils being present. Miss Kearn is in charge of the class.

Earlscourt Lodge of the Sons of England, No. 226, met last night at Little's Hall, quite a large number being present. The Society of Amalgamated Engineers will meet tonight in Little's Hall, and on every first and third Thursday in the month in future.

The Earlscourt Football Club requests all soccer players in the district who meet to join the club this season to meet at the Oakwood avenue hall on Saturday at 2:30 for a friendly game.

Temporary Deck Gave Way and Mixed Sheep With Hogs—Result Horrible.

Another flagrant case of animal cruelty was discovered at ward seven police at the Union Stock yards yesterday, and as a result George Cameron of Barrie has been summoned to appear on a charge of ill-treating a number of sheep and swine. Rather than use two cars for the purpose, Cameron built a temporary deck in the yard and placed the sheep aboard. During his journey this frail structure gave way and the weakest animals were precipitated among the hogs.

When the car arrived at West Toronto three of the sheep were dead and three of the swine badly crippled. The same day a summons was taken out for the Stock Yards Commission for enclosing a ramp with a number of weaker animals with the result that one of the cows was so injured that it died.

CONTROL OF WATER POWERS

inciple Supported by a
Large Majority of Conser-
vation Experts.

SNITCH LED FIGHT

ate Control Championed by
Minority at Congress in
New York.

NEW YORK, Nov. 19.—(Can. Press.)—Proponents of federal control of water power rights, led by Clifford Pinchot, former chief forester; Henry Stimson, former secretary of war; and Walter L. Fisher and James R. Sheffield, former secretaries of the National Conservation Council, won a victory today in the National Conservation Congress here, in their first test of strength on the great subject of the assembly.

By a vote of 434 to 154, a motion to refer to the resolutions committee that portion of the report of the committee on waterways which was unanimous, was voted down and the report subsequently adopted without a vote. The vote of strength came when, as a substitute for a motion by Mr. Stimson to adopt the unanimous report, Mr. Bryant of Tennessee, championing the cause of state control of water rights, moved that the report go to the committee. The vote followed a day of lively debate, in which the issue clearly defined was federal or state control of waterway development.

Fight Only Half Won.
The result did not finally determine the policy, however, as dissenting reports from the committee on waterways are now in the hands of the resolutions committee, to be reported tomorrow. The majority of the committee, led by Prof. George I. Swain, submitted a report proposing that the states be given a vote in the granting of water power franchises.

Both sides in the debate yielded for a late in the day, however. Mr. Bryant urged that the whole matter should go to the resolutions committee. The vote was so evenly split that Mr. Bryant stated that the Pinchot following tonight claimed that the report of the minority of the waterways committee eventually would be adopted.

FRANCE MAY HAVE MORE "DRY" SPOTS

At Present There is Bar for
Every Eighty-Two Inhab-
itants.

PARIS, Nov. 19.—(Can. Press.)—The chamber of deputies will begin tomorrow the discussion of the bill, already passed by the Senate, which restricts the number of bars, saloons and other establishments for the sale of distilled spirits. The measure fixes the number of bars at one per 200 inhabitants, and until the figure is reached no new bars may be opened.

Deputy Jules Siegfried, a former senator and ex-minister of commerce, in a report on the bill declares that the civilization and education of the French people is shown by the number of bars, saloons and other establishments, as compared with other countries. In the United States, one in 430 inhabitants has a bar; in Sweden, and one in 900 in Norway.

The effect of the bill will be to gradually lessen the number of bars in France from 450,000 to approximately 200,000.

SAVED BY BATTLESHIP FROM BURNING VESSEL

Thirty Passengers and Crew of
Scotsdyke Rescued by
Iron Duke.

LONDON, Nov. 19.—(Can. Press.)—The battleship Iron Duke effected a timely rescue of thirty passengers and crew of the steamer Scotsdyke, while the steamer was burning in the English Channel early today.

The steamer, bound from Mediterranean ports for Sunderland, caught fire off the life of the ship at midnight. The blaze started in a deck cargo of grass and spread so rapidly that the ship was unable to stop. The crew was unable to stop the fire and it attacked the ship's bridge and a number of lifeboats, which were destroyed. Owing to the heavy sea it was impossible to launch the few remaining lifeboats. The panic-stricken passengers and the crew were forced to return to the stern of the vessel.

The battleship Iron Duke was fortunately carrying out trials in the channel during the night, and when the burning steamer was sighted, sailors from the warship put off in boats to the rescue. The fore part of the steamer was a mass of flames when the boats reached the scene and the helpless persons on board were huddled together aft. The Iron Duke played her searchlights upon the stern of the doomed ship while the rescue crew took all hands safely off.

CONVICT CIVILY DEAD AND WIFE MAY REMARRY

Brooklyn Judge So Decees and
Issues Mandamus for Grant
of License.

NEW YORK, Nov. 19.—(Can. Press.)—A convict serving an indeterminate sentence in prison is civilly dead, and his wife may remarry without divorce or annulment proceedings, according to an opinion handed down by Supreme Court Justice Madox in Brooklyn today. In so deciding, he issued a writ of mandamus directing the marriage license bureau to grant a license to Mrs. Mary Gagan, a school teacher. Her husband, John, was sent to Sing Sing for second degree murder; he was allowed to stay in the cell until he was killed in a riot. She will now marry William Weisheimer, a lithographer.

The court held that, even though Gagan was pardoned, his marital rights would not be restored.

WOULD DOUBLE WATER SUPPLY

Another half-million expenditure is being authorized to increase the supply of water for the city. An 84-inch steel conduit is to be run across the island from the pure water reservoir to the south tunnel shaft. This will more than double the supply, as there is a 72-inch conduit now doing the work.

For supplying and installing this duplicate conduit, Roger Miller & Sons will receive \$440,000. That firm submitted the only tender, and it was accepted yesterday by the board of control.

THREE HEROES OF BURNING STEAMER

Stories of Bravery Told by
Passengers Rescued From
Balmeis.

NEW YORK, Nov. 19.—(Can. Press.)—Three names stood out conspicuously in the stories of bravery told today by the Cunard liner Panonia brought to port the passengers rescued from the burning Spanish steamer Balmeis.

Captain Juan Ruiz of the Balmeis spent practically five days, without sleep, while he and his men held the flames in check and guided their ship safely into the harbor of St. George, Bermuda.

Innocencio V. Michalita, the wireless operator on the Balmeis, sent the messages that brought the Panonia. Since there was only one other man aboard who understood English, Michalita was obliged to be on duty without rest to translate the messages received from the rescuing ship.

Nicholas Arborea, a mechanic from the Canary Islands, was the man who led the men passengers into the "black" hold of the Balmeis last Thursday after the crew were exhausted and ready to give up the fight.

The passengers from the Balmeis included 31 men and 22 women and children. Most of them came from Cuba, and all were bound for ports in the West Indies. They will be sent to their destination.

BRITISH WARSHIPS SENT TO MEXICO

Cruiser Squadron in West In-
dian Waters Despatched to
Protect Subjects.

BRIDGETOWN, Barbadoes, Nov. 19.—(Can. Press.)—The British cruiser squadron in West Indian waters last night received peremptory orders to proceed to Vera Cruz, and the vessels sailed at midnight.

The British cruiser squadron consists of three armored cruisers—Suffolk, Berwick, and Lancaster, and is commanded by Rear Admiral Sir Christopher Cradock, whose flagship is the Suffolk. The three vessels are of the same type, displacing 3900 tons. They carry an armament of four ten-inch, eight 12-pounder, and three 3-pounder guns.

Great Britain decided to send the warships to Mexican waters from Barbadoes in order to protect British subjects should the necessity arise. The decision was arrived at by the British Government as a result of the general news published in the vicinity of the Vera Cruz Railway.

GOVERNOR POTHIER IN DANGER OF SMALLPOX

Rhode Island Head Described as
Suffering From Severe
Cold.

WOONSOCKET, R. I., Nov. 19.—(Can. Press.)—The illness of Gov. Pothier, who is confined to his home with what his physicians describe as a severe cold, caused considerable concern today, as it became known that the governor had been exposed to danger of infection from smallpox.

It is believed that a niece of Deputy Sheriff Poirer, who is attached to the governor's household, contracted the disease. The deputy sheriff has been with the governor every day since Sunday. Pothier said today he was vaccinated many years ago and he did not believe he had contracted the disease.

NAVAJOS STILL DEFY WASHINGTON AUTHORITY

FARMINGTON, N.M., Nov. 19.—(Can. Press.)—The situation on the Navajo reservation continued today to be one of grave concern. Hundreds of the Indians, who have fortified themselves on Beautiful Mountain in open defiance of the Washington government, are keeping their signal fires blazing at many points on the mountain. They dance around the fires and sing their ancient songs.

Federal Agent Shelton has a force of thirty deputies, armed on guard at the agency, while Indian police are doing scout duty day and night.

FIRE THREATENS HOSPITAL

ROCHESTER, N.Y., Nov. 19.—Fire in the west wing of the main building of the Rochester State Hospital this morning resulted in removing 103 patients from the building, and for a time threatened serious results.

WILL BE CHARGED AS TRAIN ROBBER

Leading Suburban Resident of
Frisco Identified by
Conductor.

SAN FRANCISCO, Nov. 19.—(Can. Press.)—A man who was identified as E. Fiske, man about town and home-broker of Burlingame, a fashionable suburb, established last night what seemed a successful robbery of the Pacific agent left today for Martinez, Costa County, to swear out a warrant charging the man with the robbery. Fiske is a resident of the city of Frisco, California, but the transfer of his property to San Francisco was made last Friday night when he was identified by passengers and the man was arrested.

Fiske is a fair-sized, dressed, easy-spoken, assured young man of 34. He was arrested last night as he stepped into the side entrance of a hotel near Port Costa.

Fiske will then be taken from the city jail to Frisco, where he will be held in custody until he can be positively identified by passengers and the man was arrested.

Fiske is a fair-sized, dressed, easy-spoken, assured young man of 34. He was arrested last night as he stepped into the side entrance of a hotel near Port Costa.

Previously Conductor Watson of the San Francisco Limited had picked him out of a crowd as the man who had robbed the train. Fiske was able to produce signed checks showing that he had occupied a private room in a restaurant from 3 o'clock Friday afternoon until 10 o'clock that night.

Three mail clerks of the Shore Line, Limited, who were cowed at the pistol point last Monday night, while a mobbed highwayman overtook their mail, were able to identify Fiske. His wife says she spent that evening at home.

Fiske said his father was W. J. Fiske, a retired auto manufacturer of Detroit. For seven years he was president of a perfume company in Detroit.

SCHMIDT'S TRIAL IS POSTPONED SIX DAYS

Defence to Raise Insanity Plea
Notwithstanding Confession
of Murder.

NEW YORK, Nov. 19.—(Can. Press.)—After having been called for trial today, the case of Hans Schmidt, slayer of Anna Amullicus, was put over by consent of both sides until Nov. 25.

Notwithstanding his confession of the murder, Schmidt will make a fight for life, insanity being a legal defence. In the Hudson River early in September, the greater part, including the head, has never been found. Schmidt, a priest, confessed that he slew the girl as she slept, dismembered her body and carried it in parcels to the river, making five trips, and dropping it into the water from a ferry-boat.

MRS. RUSSAK IS COMING

Will Give a Lecture on Life As Seen

LAWRENCE PARK IN NOVEMBER.

It is safe to say that nowhere in Canada can a more alluring landscape be procured for the site of your new home than in LAWRENCE PARK.

Practically all the south side of Marlborough street and Marlborough place changing the name of the Canadian Pacific railway. Yesterday H. W. Williams transferred twenty-seven houses to the railway for a sum exceeding \$100,000.

For some time it has been known that much property in the locality of the North Toronto station, they could lay their hands on, but the transfer of this number of houses only gives an inkling of the property held for them by the real estate broker, H. W. Williams. He has in his name about as much property, which will be turned over to the railway shortly.

There are now only about a half dozen of the hundred houses on the south side of Marlborough for the railway to purchase. As this is done they will have a stretch of 1614 feet, beginning at the flange of the road on Yonge street to Avenue road, H. W. Williams has the north side of the street for some time and it has practically all been turned into railway yards.

The C.P.R. plan to build their new station, the head of the line, on the east side of Yonge street to the south of the present station, will undoubtedly be the station site, but undoubtedly the property which will be practically all been turned into railway yards.

TWELVE MUTINIED ON A BRITISH FREIGHTER

Santa Rosalia Returned to Frisco
With Mutineers in
Forecastle.

SAN FRANCISCO, Nov. 19.—(Can. Press.)—The British freighter Santa Rosalia of the Maple Leaf Line, which cleared last night for Swansea and Dunkirk, returned to port today with 12 of the crew of 41 locked in the forecastle and nine armed men from the U. S. revenue cutters Golden Gate and McCullough on guard at the hatchways.

Capt. Thomas Pritchard said that ten of the men were taken to sea, nine of them thrown over their shoulders, and that when they signed in England they had agreed to work shifts of four hours with 20 hours off, but in point of fact had sometimes been on duty 16 hours at a stretch. Capt. Pritchard is anchored for the night eight miles out.

This morning the engineers and oilers got up steam enough to get back to port, but when the captain ordered the anchor weighed three of the sailors joined the mutinous firemen. The captain and his officers got up the anchor, and the mutineers were taken to sea.

CHICAGO QUOTATIONS MOVED UP AS RESULT, CORN JOINING IN ADVANCE.
CHICAGO, Nov. 19.—Report that Argentine owners of wheat are holding it above parity was a strong incentive today in a net gain of 3-8 to 1-4 made here; prospects of small corn shipments from Argentine helped to give that grain a net rise of 1-4 to 1-2. Locally selling sent oats off a shade. Aggressive bull leaders went provisions 10 to 10c.

Besides the Argentine situation wheat was helped by realization that the market had been largely oversold and this caused some influential buying. The resulting hardening of prices was further aided by reports of fair export business and by reiteration of recent talk that Europe would for some time be a buyer of American wheat.

Lightening in Erie and Manitoba offers are less favorable weather in the Canadian northwest added to bull sentiment. There was some talk of a heavy frost in Missouri and Southern Indiana, but this apparently was not regarded seriously by the trade at large, some experts discounting the gossip by assertions that such talk is not unusual at this time of the year.

Strength in cash corn markets southwest joined with predictions of reduced Argentine shipments to give firmness to Chicago prices. Unfavorable weather in the domestic belt and an advance in Danubian prices likewise counted for the bulls.

Short selling kept out down thru almost the entire session. Vegetables in addition to an advance of provisions houses large buyers of provisions in addition to an active campaign on the part of speculators and bull sentiment ruled from the start, on strong prices at the yards.
