EMISSARY TO LEAVE Pope and Advisors Refused Request Made by German Deputy.

ROME, via Paris, May 18, 4:25 a.m.—A Green Book which the government is preparing will contain diplomatic documents from the beginning of the war and the strenuous efforts made by the Italian Government to reconcile the obligations of the triple alliance with Italian national aspirations and the principles of nationality, on which is based the existence of Italy and the hopes of future greatness.

EMISSARY EXPULSED The German deputy, Matthias Erzberger, leader of the Clerical Centre in the Reichstag, who has been in Rome for a time on a special mission to the Holy See, sought permission to remain in the Vatican, but the Pope and his advisors refused to accede to this request to avoid serious embarrassment in the event of decisive action by Italy.

BRILLIANT WRITER WAS LAID TO REST. Funeral of "Kit" Held in Hamilton Yesterday, Was of Very Quiet Character.

In keeping with the retiring disposition of Canada's brilliant woman-writer "Kit," her funeral, which took place from 137 East Main street, Hamilton, at half-past two yesterday afternoon, was of an almost private nature, few outside her family circle and friends of the press being in attendance.

Floral tributes were numerous, bearing testimony to the many who had known this talented journalist in life and by whom in death she was not forgotten.

The Garden CONDUCTED BY R. TODD

Poppies

The poppies are a gorgeous tribe as everyone knows. Beautiful as a dream are their silken blossoms and as short-lived. But while they live we love them, and their soft grey green shimmering leaves the marvelous beauty of whose shapes are only rivaled by the wondrous blossoms above them.

There are many popular varieties cultivated by amateurs, and I wish my gardeners would remember now that poppies, as annuals, cannot be multiplied with any sort of success, and mostly not at all.

Then there are the perennial poppies. Do you know the oriental Poppy Paeonia Orientalis? This is one of our most stately and magnificent of all the plants of the herbaceous border.

These are the best raised from seed sown in your own plots. To raise these plants is not a great task, just because a fine strain of seed and soil does not need right away. Next year your plants will be gorgeous.

The poppies are entrancing blossoms to study. They are ever beautiful from the up-sending of the first lovely indented leaves, thru the graceful bud-time (have you ever watched the poppy buds) thru blossom time, and nonetheless thru seed-time.

The forming of the poppy capsule is a mysterious thing. I would ask my gardeners to study carefully the plant thru this seed-capsule forming time. Note the great wobbly head, crowned with its fluted ring of green. Wonder how the stem supports that strange unsmooth-looking head. Watch how the shimmering pale green shell grows thinner and thinner until in its own time it becomes not even a shell, not even a veil, but vanishes in the night.

A satisfying and strange study is the poppy.

OPEN YOUR HOME TO WOUNDED BOYS. Call Made for Accommodation for Invalidated Canadian Soldiers.

AT NIAGARA CAMP Advance Party Goes Today and Remainder Will Follow Soon.

That convalescent homes for invalided Canadian soldiers are to be provided in all sections of Canada, and that a central hospital, or clearing station, will be established at the point of disembarkation at Quebec, was announced by the military authorities at Exhibition Camp yesterday afternoon.

It is proposed to establish a central hospital or clearing station at a central point of disembarkation. Patients will be recorded, examined and allowed to rest until ready to either return to their homes or go to a divisional convalescent home.

It is also directed that if any local organizations are willing to undertake convalescent homes of such homes they should communicate with the assistant adjutant-general.

Duke Goes on Record. Field Marshal H. R. H. the Duke of Connaught placed on record in yesterday's orders his satisfaction with the appearance of the troops on parade at his inspection on Monday. He is especially pleased with the marching of all ranks.

Preparations for the opening of the Niagara Camp are now on. The orders call for the advance party of the 4th and 5th Battalions to go over to Niagara today, and the main body of the regiment on Friday.

Out of the 24 N.C.O.'s and men of the Toronto University contingent of the C.O.C.T., who tried for signalling certificates, only one failed to pass. Capt. S. D. Dunn, division signalling officer, announced yesterday that 12 had obtained the A grade certificate and 11 the B.

### TORPEDO AIMED AT TRANSYLVANIA

Passengers Say Submarine Appeared Off Northwest Coast of Ireland.

### TORPEDO WAS FIRED

Liner's Captain Turned Ship and Pursued a Zig-Zag Course.

LONDON, May 18.—The Cunard line steamer Transylvania, which arrived at Glasgow yesterday from New York, encountered a submarine off the northwest coast of Ireland at about 5 o'clock Saturday afternoon, according to the statement of passengers who arrived in London today.

They say that the submarine appeared at a distance estimated variously at 400 to 800 yards away. The perilous and part of the conning tower burst off the apparently torpedoed Transylvania captain immediately turned the ship and steered a zigzag course until the danger was past.

Torpedo Missed.  
Some of the passengers declare that the submarine discharged a torpedo into the Transylvania, and that they saw a white streak of foam marking the point of impact of the projectile. This is disputed by others, who say that such statements are imaginative.

Many of the passengers were below deck and knew nothing of the incident at the time. It is said that all who were on deck behaved with the greatest calmness.

Lifboats were prepared for immediate lowering on Saturday morning. Few of the passengers were to bed on the last night of voyage.

300 Yards Astern.  
One passenger declared that on seeing the British coast his attention was attracted to the apparently suspicious movements of a sailing ship flying the Norwegian flag. The captain of the Transylvania immediately altered his course and began zig-zagging his ship. The periscope of a submarine subsequently was sighted 300 yards astern, the Transylvanian, however, soon cleared of the danger. A member of the crew made the suggestion that a submarine might have been a British boat.

Kenneth Durward, a business man of London, who returned on the Transylvania from his annual trip to New York, said:

"I was looking over the stern of the ship at 5.30 o'clock in the afternoon when, in our wake, about 500 yards from us, I saw what I at first believed was a porpoise. I called several passengers who were standing near me. They joined by the chief engineer of the ship, who pronounced the object to be the conning tower of a submarine. When this object arose above the surface, I plainly saw the periscope of a submarine, as the craft was submerged it was very light, and the

water was smooth except for the long swell made by the ship, but we saw no sign that the submarine had fired a torpedo.

"Not wishing unduly to alarm the passengers we called only those who were standing nearby, and so very few passengers saw the submarine at the time.

"It is my opinion that every woman on board that night should give a medal for the coolness displayed throughout the trip."

Capt. Black told several passengers he had seen nothing of the submarine they believed they had sighted.

### GERMAN SPY ON TRIAL FOR WORK IN BRITAIN

Anton Kuepferle Attempted to Communicate Positions of British Warships.

LONDON, May 18.—An important espionage trial began here today when Anton Kuepferle, who claims to be a citizen of the United States, was placed on trial in Old Bailey, charged with communicating or attempting to communicate naval and military secrets to the enemy of England.

Every act in the development of the case of Kuepferle took place within a period of six days. Kuepferle arrived in Liverpool Feb. 14. He showed a passport signed by U. S. Secretary of State William J. Bryan, on Holland. This communication was examined in London.

This letter was of innocent appearance. The censor applied the invisible writing test and found interlined in German script the names and relative positions of British warships in the Irish Channel.

While in Brixton prison May 8, the prisoner wrote a letter which he intended to hand to some German prisoners. In this communication he said: "The whole of Belgium is in our hands. I hope England's shame will be exposed to the world."

The attorney-general said he would prove that Kuepferle was not a completely naturalized American citizen, but a German subject.

The warden of Brixton jail testified that Kuepferle had promised that he would be decorated with the Iron Cross if he returned the papers found in the prisoner's possession.

The next session of the court will be secret.

### DIED FIGHTING FOR KING AND COUNTRY

Corp. Robertson Died From Gas Fumes and Comrade Wrote Letter.

### FOUND FAMILY PHOTO

Picture Cherished by Husband Was Sent Home to Wife.

"I hope you will bear up bravely and console yourself with the knowledge that your husband died fighting for his king and country."

Such was the ending of a letter received yesterday by Mrs. James Robertson, 75 Chesler avenue, North Riverdale, informing her of the death of her husband, Corp. James Robertson, James Robertson, 48th Highlanders, of gas poisoning.

The information came from Pte. J. H. Pearce, of the first Somerset Light Infantry, who found the body of the Corp. Robertson, Toronto soldier on the battlefields.

The letter said: "I am very sorry to tell you of the death of your husband. He died a soldier's death. It was the German's dirty work of sending over poisonous shells which was the cause of your husband's death. He caught the full force of the fumes and died as he was on his way to the dressing station. You have my deepest sympathy, especially as you have children who do not know the meaning of this war. The Canadians have earned a name for themselves here by their gallant charges and retaking the positions that were lost. It is hell here, and nothing less. Any minute might be our last, because we do not know whether the Germans are going to start shelling again."

"Tonight I will bury your husband if the opportunity allows me, and will put a wooden cross on his grave. I have searched his pockets, and found a few things which belong to him. I cannot send them now, but I will take care of them as much as possible and wait for your answer."

"I have enclosed photos of yourself and the children that will satisfy you as to your husband. His identification pin I will give to the battalion headquarters, also his pay book. Your husband left all the property and effects to you."

"Well, Mrs. Robertson, it will be very hard for you to bear this news, but I hope you will bear up bravely and console yourself with the knowledge that your husband died fighting for his king and country."

Corp. Robertson leaves a wife and two small children. He was a Scotchman and had been in Toronto about eight years. Before enlisting he was employed in the carpet department of the T. Eaton Company.

### REPORTED MISSING BUT ARE PRISONERS

Word That Several Officers Are Alive and Well is Received.

### FOUR MORE NAMES

Lieuts. Macdonald, Smith, Jones and Fessenden Interned in Saxony.

There now appears to be little doubt that many Toronto soldiers who fought in the battle of Langemarck are prisoners in German concentration camps. Last night it was announced from Ottawa that four more officers connected with the 48th Highlanders had been captured in that engagement and are now interned in Saxony, they are:

Lieut. F. W. Macdonald, 127 St. George street.  
Lieut. F. J. Smith, 437 Huron street.  
Lieut. P. V. Jones, National Club.  
Lieut. C. V. Fessenden, Peterboro.

Two weeks ago the names of these officers were mentioned among the "wounded and missing." Several others have been previously reported prisoners, among them being: Major Osborne, Major Kirkpatrick and Capt. Straight, all of Toronto.

There are several hundred men in the ranks among the missing, the majority from the two Toronto regiments. Their fate is still unknown, and as the names of the officers are just beginning to filter thru from Germany, it may be some little time before relatives are notified.

### DON'T SEND SUPPLIES TO SPECIAL PLACES

The Canadian Red Cross Society has received a cable from its commissioner dated May 18, in which he stated that he will refuse to accept shipments of goods designated for any special hospital or officers, as he is unable to guarantee safe delivery under the present war conditions. Hence the society in view of the cable quoted above will be under the obligation of refusing parcels addressed to individuals.

### TORONTO SOCIAL STUDY CLUB.

The fourth annual meeting of the Toronto Social Study Club was held last night in the Kardoba Grill, 114 Yonge street. A dinner was followed by an excellent program, which closed a very pleasant evening for the members of the club.

### NO CHANGE REPORTED.

Resting easily, but absolutely no change was the report received last night regarding the condition of our Rev. Father Hugh J. Canning of Our Lady of Lurdes Church, who has been seriously ill for the past week at his home, 1 Elm street.

### ATTACH PHOTOGRAPHS TO ALL PASSPORTS

British Government Issues New Order Regulating Traveling in Britain.

LONDON, May 18, 8.48 p.m.—The British Government has decided that the photograph of every person mentioned in a passport must appear on the document. Under the American regulation when a man is traveling with a family passport it is made out in his name, with addenda stating that he is accompanied by "wife and son" or other members of his family. Hereafter, however, under the new British order a photograph of each member of a family traveling in this country must be attached to the passport.

Last Saturday several Americans with their families had considerable difficulty owing to the fact that the passport did not have the photographs of all members of the party attached to them.

### Seized With Paralysis Could Not Walk

Most Extraordinary Cure Effected by the Use of Dr. Chase's Nerve Food.

To have the nervous system paralyzed, to be unable to walk and scarcely able to talk and then to be cured, is not a usual experience, but Mr. Hyatt tells in this letter what he passed through. Doctors told him his case was hopeless, and when they gave up he turned to Dr. Chase's Nerve Food and obtained complete cure.

Mr. Avery Hyatt, blacksmith, St. Ann's, Lincoln Co., Ont., writes: "I am a blacksmith by trade and ten years ago became afflicted with paralysis. I could not walk or read or write and could talk with difficulty, so that it was a hard matter to understand anything I would say. Being only a young man I was nearly discouraged. Two doctors told me it was brought on by overwork and that my case was hopeless."

"One day my father read about Dr. Chase's Nerve Food and advised me to try it. I bought 12 boxes, and when the fifth was used I saw that I was getting better. By the time the 12 boxes were used I was cured. I am well and strong and working every day, thanks to Dr. Chase's Nerve Food."

This statement is certified to by Mr. Elmon J. Hodgkins, J.P. No ailment is more dreaded than paralysis. And yet how few people realize that paralysis of the nerves is only the natural result of neglected nervous troubles. At first you do not sleep well, have nervous headaches or indigestion, find yourself easily irritated and annoyed, can hear noises which in good health you would never notice. You do not consider yourself sick and yet you lack the usual energy and vigor and feel out of sorts. Restore the nerves by using Dr. Chase's Nerve Food, 50c a box, 6 for \$2.50. ## "By Any Other Name"

There is danger that in our irritation over the abominable practices of the Germans we may be tempted to descend to their level and indulge in certain pettinesses of spirit which we have condemned in them. To lower ourselves to their level is to give them material to quote in their papers, to excite their people with, and to exhibit as proof that we are as bad as they. If we go on in certain directions we shall have suggestions that Goethe and Schiller taken out of our public libraries, and Handel's music out of our churches. It is scarcely possible that too much indignation could be generated over German "frightfulness," but indignation should be regarded as a force, not to be frittered away in little meannesses, but expended in big public-spirited action which will be of assistance in the campaign going on in Belgium. It is a force that should be controlled and put into operation by common sense.

It is doubtful if any injury will be done to Germany or a single soldier inspired to enlist and go to the front by changing a German name into some other name. We were all crazy about Prince Rupert not long ago. Is his name to go? Toronto is full of German names, and changing them into something else will not advance the cause of the allies any. Are we to change Berlin and Hamburg and Hanover and Coburg and all other towns in Ontario into new forms? The names that have been honored in the past were honored for the good qualities and honorable conceptions they represented, and these honorable ideas still exist. We may do Germany good eventually by showing how we can admire the good in an enemy while we detest the evil and base. It is not Canadian and it is certainly not British to be carried away by mere emotionalism. If we are offended by the suggestions that German names bear to us let us put our money or our work or our influence, whatever it is we can contribute, to smashing the system which has degraded Germany to the lowest moral level that any nation with her opportunities has ever reached.

To whom much is given much shall be expected, and we should be the first to remember this in taking public action about things German, when we condemn the actions of the Germans in their relation to other nations. Our own German-descended population are as loyal as any Britons in Canada, and it would be as sensible to ask Sir Adam Beck to change his patronymic as to change Beck avenue and other Toronto streets to something different.

## The Gospel of Barnes

Boss Barnes of New York is charged with having opposed direct primaries upon the ground that "the riff-raff are not to be trusted." Mr. Barnes now says he was incorrectly quoted and that what he did say was that the primary system would be subversive of party discipline. In either event, he does not believe that the people can be entirely trusted. Many well-meaning persons agree with him, sincerely believing that a few representative men can do better for the people than the people can do for themselves. Hence curious reactionary suggestions are heard from time to time in all self-governing countries, including Canada.

For example, The Toronto Globe, which ought to know better, joins in a demand for the appointment of a royal commission by the Dominion Government, to investigate alleged misconduct on the part of the British Columbia Government. Yet British Columbia has responsible government and is on the eve of a general election. Why not submit the charges against Sir Richard McBride and his colleagues to their masters, the people? Premier McBride is no more responsible to Premier Borden than Premier Borden is responsible to Premier Hearst. We have responsible government in Ontario, and yet we have seen the legislature of Quebec and the senate of

# IT WILL DRAG HIM DOWN

Canada busy themselves with the school laws and their administration in this province. Would it not have been better for the minority, who believe they have a grievance, to submit their case to the government, and then, at the proper time, to the people of Ontario?

In Manitoba we also observe a disposition to have things done for the people rather than by the people. Premier Norris is entitled to a dissolution, but negotiations are under way by which a number of the members of the legislature are to resign and have their places filled by friends of the new government. The new legislators are not to go to a ballot, but are to be returned thru some arrangement by acclamation.

In the wider field of Dominion politics, we find in some quarters a similar indifference to the privileges of representative government. A number of people apparently see no objection to the veto of an irresponsible chamber. Last session we placed upon the British Government the responsibility of approving or disapproving a bill passed by the parliament of Canada. We have even heard the doctrine advanced that the governor-general should be guided by his own sense of what is right and not by the advice of his ministers.

The main purpose for which the great war is being waged abroad should not be forgotten. That purpose is to vindicate responsible government. We believe that all wars of aggression would cease if they could not be undertaken without a mandate from the people. One should, therefore, expect to find us tenaciously insistent at this time upon the rights of the people.

Every government in the country should keep within its own sphere, and should keep close to the people. The people should manage their own affairs in war and peace, unincumbered by irresponsible authority of bi-partisan makeshifts. Democratic institutions will bear any strain put upon them so long as they are in spirit, as well as in form, democratic.

## Rail and Water

The United States Interstate Commerce Commission has ordered a number of railway companies, including the Grand Trunk Railway of Canada, to part with their holdings in steamship lines plying between American ports on the great lakes.

The order is based upon the Panama Canal legislation, which sought to make the new waterway a real competitor with the transcontinental railways.

Water competition is a most effective check on extortionate railway charges. It is therefore in the interests of the railways to throw off this check by getting control of steamship lines, by obtaining monopolistic control of docks and wharves, and by destroying the waterway itself where that is possible. Even where the waterway is little used its mere existence tends to bring down railway rates during the season of navigation.

The Rideau Canal is a case in point. Where there is no railway interference and the waterway parallels the railroad the road may suffer heavily as in the case of the Intercolonial, which cannot afford to carry coal for its own use to Montreal in competition with the ships that bring Nova Scotia coal up the St. Lawrence.

Of course where the railways get control of the water route competition in rates disappears. Our inland navigation fleets in Canada are largely under the control of one corporation which is tied up with interests hand in glove with the railways and the North Atlantic conference. Hence it is not surprising to find the rate for grain from the head of navigation to tide water is just the same whether the shipper uses the all-rail or the part-water and part-rail route.

Those who observe superficially may imagine that the action of the Interstate Commerce Commission in some way justifies the course of the Canadian Pacific Railway Company in transferring its Atlantic fleet to a dummy corporation incorporated in England, but no such sleight-of-hand would be tolerated by the Washington authorities. They insist that the railway companies must sell out and get out of the steamship business. Quite apart from this, however, the question may arise as to whether the commission is following methods of progressive and up-to-date rate regulation. Government interference has been for the purpose of fixing uniform rates, leaving the companies free to compete only in the matter of service. If the state regulates all passenger and freight rates on land and on water it may be an advantage rather than a disadvantage to have the same carrier do all the work.

# UP TO CONTROLLERS TO NAME A MAN

Difficult Task Seems Too Much for Board to Agree On.

## TURN OVER THE DEEDS

Work Can Start on Libraries Soon as Formality is Over.

The action of the city council on Monday in deciding that a commissioner should be placed at the head of the fire department has placed the board of control in a position where they must send on a name. This promises to be a somewhat difficult task as the mayor and Controller Posted would promote the man now in the department while the other three controllers think that an outside man should be brought in, and so far no name has been mentioned that would likely pass council. Controller O'Neill thinks that Col. Langton would be the best man for the job. Controller Thompson continues to favor Langton, but he is not sure that it would be a wise move to send on his name again in view of the opinions already aired by the aldermen.

Now that a commissioner has been decided on it is likely that the board will get together in an effort to bring on a name that will be satisfactory to council as it is desired to get the deed over as quickly as possible.

Request was Refused. Some of the civil servants appeared before the board of control yesterday asking that they be let out of paying their income tax, in view of the fact that a default judgment was given against Judge Morson on the same score. The request was refused, although the deputation was advised by the mayor to try the case in the courts.

Property in West Toronto is exempt from taxation to the extent of \$1,610,184, made up as follows: Board of education \$81,252; city property \$1,119,652; separate schools \$440,500; churches \$295,544; public library \$294,436.

The city will have to turn over the deeds of public library sites to the library board if the \$50,000 promised by the Carnegie Trust for library purposes is to be taken advantage of. The Trust Company demand that the land be owned outright by the corporation managing public libraries. As soon as the deeds are turned over the work can be commenced immediately.

Stays Another Month. Property Commissioner Chisholm has advised the children's court that it will have to move from the City Hall by June 1, but as Commissioner Boyd has been unable to secure new quarters the board of control decided to grant the court another month in which to find a place.

A report is to be prepared as to the amount the city will lose if the 29 doctors who are going to the front are released from paying their income tax, following which the matter will be dealt with by the treasury.

The city owes the Provincial Government \$105,682, being the government's share of police court fines levied during the past six years, out of which a contra account of \$138,991 has been released to the government. The \$105,000 will be paid to the government when it sends in a cheque to cover the other amount.

Mayor Church accuses the railway board of favoring the Toronto Street Railway because the board suggested that the winter cars be used during the summer to obviate the running of board nuisances. "It is just a game plan to allow the companies to get out of some expense," said the mayor.

Tenders for the filling in of Catfish pond will be advertised for the city council on Monday.

The work of visiting floor street from Avenue road to Sherbourne street, will be completed about six weeks. The road will then be 42 ft wide, 4 ft having been taken from the boulevard on each side.

# GROWERS FIGHTING TOBACCO COMBINE

Essex and Kent Farmers Seek Investigation of Market Conditions.

MUST TAKE ONE PRICE. Several Firms Refer Them to Same Buyer for Disposal of Product.

Serious dissatisfaction is prevailing in Essex and Kent, the two greatest producers of home-grown tobacco in Ontario, and an attempt is being made to have the federal government enquire into the whole situation. The trouble is concerned chiefly with the marketing of the product, and it is felt by all those who raise annual crops that they are being made to suffer thru the existence of a combine which controls the disposal. A deputation approached Hon. James Duff yesterday outlining the grievances, and urging the enlistment of the department in an attempt to investigate conditions.

Last year a co-operative association was formed for the benefit of the farmers, and a large delegation went to Ottawa on this business. The matter has not been dropped, and special endeavor will be made before the crops are ready to be gathered and sold. Oliver J. Wilcox, M.P. of North Essex, introduced the visitors at the parliament buildings yesterday, and J. D. Bryan of Ridgeway and men pressed their views.

Farmers Restricted. The basis of complaint resolved into charges that farmers were practically restricted to one company finding an outlet for their supply. One farmer traveled the whole district in from counties where tobacco was grown, and offered figures which were precise. If growers demurred, they were given the option of taking his choice or accepting a lower one later. If they chose to write to various Ontario firms seeking sale, they were referred to the one man who apparently acted for all the concerns. In this way they became convinced that they were dealing with a combine.

Another matter presented also as a fact that this buyer served also as a sale agent for seed and fertilizer, and he sought to make the district develop only white burley of a coarse cheap variety. Many of the growers are convinced that they can develop some of the finer, more expensive tobaccos, which are greatly in demand.

Their request of the agriculture department resolved into one for the loaning of an official who would collect material so that the farmers in the district might prepare their case for the judge, and ask a judicial investigation into an alleged combine. It is granted that some co-operation will be made.

STACKS OF SMOKES FOR FIGHTING BOYS. Shower of Tobacco for Q. O. R. Regiment on Active Service Continues Today.

Municipal headquarters, 15 East King street, was open yesterday for friends and members of the Queen's Own Rifles, Chapter 1, O. D. E., who brought generous donations to the "shower" for the men of the regiment. Mrs. Peuchen, regent, and the members of her committee, received the hundreds of contributions of tobacco, cigars, chocolate, cigarettes and maple sugar, which are stacked high on the floor work tables, usually piled with flannelite and other materials used for making soldiers' comforts and hospital supplies. Owing to a large number of requests, the shower will continue all day today, to give an opportunity to all friends to contribute.

The Q. O. R. Chapter will see at the headquarters this afternoon, and each Wednesday from now on.

# TAXICAB COMPANY LOSES ONCE MORE

Motion for Injunction Against City of Ottawa is Dismissed.

ADDRESS TO JURIES. Appellate Court Made Severe Comment in Judgment Yesterday.

An application by the Major Hill Taxicab Company for an injunction to restrain the City of Ottawa, and the police commission from enforcing the provisions of a "carriage bylaw" and an "express wagon bylaw," passed by the corporation in June, 1914, is refused in a judgment which was handed down at Osgoode Hall by Mr. Justice Latchford yesterday. The object, says the judgment, was to prevent the plaintiffs instituting against the plaintiffs before the police magistrate for operating motor cars for hire without license.

The taxicab company recently took action against the City of Ottawa to have the bylaws quashed, but the court held that sufficient reasons had not been shown for this course, and found in favor of the city.

A division given by the appellate court of the Toronto Street Railway Company for a new trial following the verdict of Judge Denton awarding Charlotte Dale \$225 and her husband \$5 damage. Mr. Justice Riddell points out, in the judgment, that the railway company's counsel was inflammatory, that sometimes an impassioned belief they are—of employing inflammatory language in addressing juries should be checked. It is an abuse of the privileges of counsel and if persisted in, the court also dismissed the appeal of Melvin Seemiller, Kenora, from the verdict of the district court in the case of Bowman v. Goldberg, McDonald v. Dixon Lumber Company, Orr v. Robertson, Orr v. Robertson (cross appeal).

## ANOTHER BUMP FOR OUR LOWLY LEAFS

### Richmond Beat Toronto in Pitchers' Battle Between Sterger and Herbert

The lowly Leafs simply cannot win. With Herbert pitching air-tight ball and one run to the good, they handed yesterday's fixture to Richmond by a two-to-one score. The Leafs' one-run lead, garnered in the second, looked as big as a house up till the sixth, when Graham's failure to put the ball on Bates off first base, and Roach's error on Hoffman's hard drive, let in two runs and gave the visitors the second game of the series.

The cold weather kept the attendance down around the five hundred mark, but the few fans who crossed the bay saw a good ball game, even if the Leafs didn't win. The Leafs' defensive play only in the pinch; the rest of the game, when nobody was in, they gobbled up everything in the field. We got one more hit than the Virginians, Herbert had a shade on Sterger in his department, while Roach had two miscues to his credit to the visitors' none.

One Crane, a Southern League recruit, at present drawing pay from Johnnie Dunn, for sitting on the short-field position for Richmond, robbed us of whatever chances we had of getting back in the lead. In the seventh, with one down, Messenger got a pass, and Graham hit one a mile-a-minute over second, which completed the double. Again, in the eighth, the fans had great hopes of at least tying it up when Luque, hitting for Brown, was walked. Crane, however, again got into the middle of a double-play when Trout hit a difficult one to Sterger, who threw to Crane in time to head off Luque, and the shortstop made a beautiful peg to get Trout at first.

We got our counter in the second. Trout singled to short, Sheehan sacrificed him, but Trout was caught between second and third on Roach's short hit to that bag, the shortstop taking second. Kocher walked, and a double-steal was worked successfully. Roach scored when Herbert drove a sizzler to short, which Crane could not handle quick enough to cut off the run.

In the fatal sixth, Bates singled cleanly to right, and was caught napping off the base, but Graham didn't get the ball on him. Bates moved to third on Jordan's double to left, and both scored when Roach let Hoffman's drive go thru his legs. The score:

## CUBS ON THREE HITS BEAT JEFF TESREAU

### Humphries Held Giants to Five — Many Postponements Outside National.

At New York.—(National)—Chicago evened its series with New York, winning the second game by a score of 10 to 0. It was a light pitchers' battle between Humphries and Tesreau, in which both pitchers received superb support. It was a surprise day at the Polo Grounds, the showers and cold drizzle held down the crowd. The equal suffrage campaign committee received a percentage of the receipts. Each player scoring a run was promised \$5, but Schulte was the only player able to take advantage of the offer. Score: R. H. E. Chicago.....10 0 0 0 0 0-1 3 0  
 New York.....0 0 0 0 0 0-4 5 1  
 Batteries—Humphries and Bresnahan; Tesreau, Schauer and Meyers.

At Philadelphia.—Pfeffer pitched shut out and the Brooklyn beat Cincinnati 4 to 0. The Brooklyn bunched their five hits in the two innings they scored. Score: R. H. E. Cincinnati.....0 0 0 0 0 0-0 8 2  
 Brooklyn.....0 2 0 0 0 0-0 4 5 1  
 Batteries—Carmichael, Brown and Dooin; Pfeffer and McCarty.

At Philadelphia.—St. Louis defeated Philadelphia 5 to 2, the visitors knocking Demaree off the rubber in five innings. Quack held the home team to one hit until the seventh inning, when two runs were scored on two doubles, a single and a sacrifice fly. Score: R. H. E. St. Louis.....0 3 0 0 2 0 0-5 8 0  
 Philadelphia.....0 0 0 0 0 0-2 4 3  
 Batteries—Quack and Snyder; Demaree, Coe, Scher, Baumgartner and Killifer, Burns.

At Boston.—Doubles by Conolly and Gowdy in the first and second innings were factors in the three runs which the Bostonians scored over Pittsburgh 3 to 2. Score: R. H. E. Pittsburgh.....0 1 0 0 0 1 0-2 4 3  
 Boston.....0 0 0 0 0 0-2 4 3  
 Batteries—Harmon and Schanz; James and Gowdy.

At Chicago.—(American)—Faber won his sixth straight game when Chicago defeated Philadelphia 11 to 6. Bush was affected by the cold and the locals by a rain. Sketers by a fine batting wisdom won easily. Score: R. H. E. Philadelphia.....3 2 0 0 1 0 0-6 10 3  
 Chicago.....11 6 0 1 0 0 0-10 10 3  
 Batteries—Bush, Davis and Schanz; McAvoy; Faber and Schalk.

LACROSSE GOSSIP.

The lacrosse game on the holiday at Rosedale grounds, between Tecumseh and Toronto, will open the lacrosse season in Toronto. Both teams are working hard every night, and will be in good shape to go the full time at top speed. Manager Querre fully expects to take a fall out of the north end team. It would give the little Indian chief a great deal of pleasure to put one over on the Greens and Yeaman, who were formerly on his line-up.

Two strong defenses against light homes—the checking will be hard and little scoring.

Tecumseh have their last year's defense, with the addition of Eddie Powell, who will play his first match in a Tecumseh uniform.

Tecumseh will have Spellen, Durkin, Robertson and last year's home, Querre, Carmichael of last year's home, working against Rosedale on the holiday.

## Boost New Canadian Horse Association

The average Canadian is a sturdy, self-reliant man, able and willing to take care of his own interests at any stage. Of late years the harness trade has prospered greatly in Canada, so it is not a surprise to learn that governing body for all Canadian tracks and horse racing has been set up. It is called, with true British foresight, the Canadian National Trotting and Pacing Harness and Regulations Association. But of one thing we are tolerably certain, the rules that will be enforced are all the time and everywhere, because all it is obeyed by the great as well as the small. It is in some sense a pity that our neighbors to the north could not see their way clear to retain membership in one of our parent turf bodies, but after all home rule is just as advisable in matters of turf as in other affairs. The advancement of harness horse racing in Canada will be best served by a governing body organized under the laws of that country and the move is a well-considered and timely one.—From Boston Horse Breeder.

## MANUFACTURING TRADE GOOD IN NEWMARKET

Heads of Three Large Concerns Say Conditions Are Satisfactory.

Mayor Cane of Newmarket, head of the big manufacturing firm bearing his name, stated to The World last night that conditions at the factory were fairly normal in two or three departments, tho in others there might be a reduction in the output of about 20 per cent.

Practically all departments are working from 7 to 8 hours a day, and this is regarded by the management as eminently satisfactory in view of the general conditions obtaining. At the Davis Leather Works, of which Hon. E. J. Davis is president, it is said that trade up to the present has been fairly good, tho some recession in the volume of business is noted. Pretty much the same conditions prevail at the Office Specialty Works.

## REEVE OF SUTTON HAS LEFT FOR THE WEST

Rain is Much Needed in Farming District - Will Be Back Next Month.

Reeve Arthur Pugsley of Sutton left the city last night for Indian Head, where the extensive holdings of the Pugsley Brothers are located. Mr. Pugsley stated before leaving that in the reports he had received from Indian Head and the surrounding district rain was very much needed, especially in view of the fact that high winds had this spring been very prevalent.

Mr. Pugsley is expected to be in the city next month. He will return in time for the June session of the York County Council.

## FELT DESPONDENT ATTEMPTS SUICIDE

William Jones Lies in Western Hospital With Cash in Throat.

## WARD SEVEN NEWS

Funeral of Daniel Blea Will Be Held Today Under Masonic Auspices.

With a deep gash in his throat and seriously ill with typhoid fever, William Jones of 40 Vernon street was taken to the Western Hospital about 3 o'clock yesterday afternoon, where at a late hour last night he was lying in a serious condition. Jones has been ill for some weeks with typhoid, and yesterday afternoon he suffered a relapse.

In his delirium, while his mind was deranged from the fever and his wife was absent from the room for a few minutes, he gained possession of a razor and attempted to commit suicide by cutting his throat with it. His wife, returning was horrified to find him prone on the floor, unconscious, with the blood streaming from the wound, and Dr. Norman of St. John's road was hurriedly summoned. Fortunately the gash was not very deep, and after first aid was administered the man was taken in Speers' ambulance to the hospital, where, owing to his weak condition, however, and the effect of the fever doubts are entertained as to his recovery.

The funeral of the late Daniel Blea, late game warden of Parry Sound, and a former well-known resident of West Toronto, will be held this afternoon from 2 to 4 o'clock at the parlors of St. George's Cemetery, Islington. The late Mr. Blea was a prominent member of Mimico Lodge, A.F. and A.M., and the funeral will be held under Masonic auspices, members of the local lodges going to Lambton by car and joining the cortege from there.

He was born in West Toronto in 1855 and was employed by the Grand Trunk Railway for a number of years. After leaving their employ he took over the old Peacock Hotel at Royce avenue, which soon became the centre for marketing farm produce. He also conducted the Morin House and Humber Bay Hotel, and left in 1905 to take a position of warden for the game and fisheries department at Parry Sound. Death came suddenly during a stay at Scotia Junction on Monday afternoon. He is survived by a widow and one son, William.

Small Fires. The Keele street firemen had a couple of short runs yesterday afternoon, first to Abbot avenue, where the chimney at No. 11 had caught fire, and later to a false alarm from the corner of Dundas street and Pacific avenue. The damage to the house, which was owned by M. McPherson, was slight.

## PRIVATE BALL CONVALESCENT

One of the most interested spectators at the Panama Exposition in Columbus, Eusebius, the first Eskimo child born in the United States.

## TOWNSHIP COUNCIL SHARPLY CRITICIZED

Lambton Residents Say Assurances Regarding Soldiers' Insurance Are Vague.

The action of the York Township Council in declining to insure the soldiers of the township was sharply criticized by members of the Lambton Park Ratepayers' Association last night. Mr. Croft contended that the promises made to look after the disabled and the dependents were too vague and indefinite, while J. Ellis thought that if an equivalent sum to that required for insurance were straightaway invested and set aside for the purpose, more confidence would be reposed in the council.

The members of the council were setting themselves up as better men than the city, and they said that J. Ball, the township, as part of the county, could as certainly take action as the city as part of the province, and it was not right that the township should delegate its responsibility to the county. A resolution of the council was brought forward by Fred Knight, but was left over, it being decided to ask the members of the council to attend a special meeting, probably on the first Tuesday of June, to explain their attitude.

It was also agreed that a delegation should attend the debate on the question between Deputy Reeve F. E. Miller and J. C. Woolner of Sunnyvale, to be held in Miles Hall, Silverthorn, on the evening of Friday, May 23, Sanctioned Purchase. S. Perkins, corresponding secretary, was instructed to inform the York Township Council that a general meeting of the ratepayers had sanctioned the purchase of the three or four lots necessary to carry Elton avenue as a thru street across the Belt and power lines on the east, and to ask what action had been taken in approaching the railway board regarding the right-of-way.

It was reported that the section from Scarlett road east to the Belt Line had been canvassed with petitions for postal and electric street lighting. Fred Knight, who was delegated to canvass the section west of Scarlett road, and to ask what action had been taken in approaching the railway board regarding the right-of-way. It was also reported that Mr. Knight should make the occupied lots on a general plan of the district for submission to the Consumers' Gas Company. In connection with the proposal to form a volunteer fire brigade, it was decided that the secretary should ask 'A. L. White' insurance agent, to approach the fire insurance companies regarding any assistance in equipment which such companies would be willing to offer for the safeguarding of the district.

## DISCUSS MORLEY AVENUE NUISANCE

Residents in East End Demand Abatement at Protest Meeting.

## SMELLS CLOSE STORE

Deputation Will Visit City Hall and Request Action by Council.

Further discussion regarding the "odor" from the Morley avenue sewage disposal plant took place at an open-air protest meeting held near the property last night under the auspices of the East End and Roden Ratepayers' Association. W. F. Bullock, president of the former association, acted as chairman. Practically everyone in the gathering, which included many storekeepers of the neighborhood, voiced their disapproval of the treatment which has been meted out to them by the city.

Dr. J. S. Bullock gave a history of the attempts which have been made by the association to have the nuisance abated. He was convinced that the small was as bad this year as at any time previous and that it was injurious to the health of the people in the locality. At the last meeting of the association a communication of protest was sent to the International Waterways Commission calling attention to the fact that the water of the lake was being polluted by the sewage, which found an outlet to Ashbridge's Bay thru the pipes. He said as yet no answer had been received from the commission. The protesting of the nuisance and had replied, stating that they were looking into the matter.

Get No Satisfaction. George Shields wanted to know why so much attention was being paid to Catfish Pond in the west end, while they in the east end were not being satisfied in connection with the sewage disposal plant. He pointed out that experiments had been made for a considerable time in an endeavor to do away with the smell, but all to no avail, and Commissioner Harris had admitted that nothing could be done. Alderman W. D. Robbins stated that in the past the place would be filled up and was of the opinion that preparations should be made so that at that time the sewage could be carried away to some place outside the city.

A long discussion followed, which at times became very heated and loud. One of the storekeepers of the district, who had called on the city officials in connection with the sewage problem, which had availed them nothing. A. L. Watts, stated that quite recently he had to close his store on account of the smell. Finally it was decided to adjourn the meeting until tomorrow night, when it will be dealt with at the meeting of the Roden Ratepayers' Association in the Roden School. In the meantime the secretary will write to Alderman Robbins, requesting him to arrange for a deputation to wait on the city council, which it is hoped Commissioner Harris and Dr. Hastings will be present.

## DECIDE TO SUBMIT ALTERED AGREEMENT

Conference Held Last Night Regarding Discussion Among Ward One Tories.

President J. Norris of the Central Conservative Association, presided over the conference of committees from East York, Federal Conservative Association, Ward One Association, and the executive of the central, who met in the Ryrie building last night to settle the trouble existing between the two associations. The powers of the riding of East York. The bid agreement between the executive of the central, which was arrived at some time ago, was brought up and provided a topic for a long discussion. It will be remembered that this agreement was not favorable to the Ward One Association. It was taken up clause by clause, and after some alteration it was decided to submit it to the two associations as a basis of settlement. It was decided to grant the East York Association powers to call a convention.

## EDITOR OF AURORA BANNER IS DEAD

Sylvester H. Lundy Was One of Best Known Figures in North York.

## MANY CONNECTIONS

Was Prominently Identified With Methodist Church - Liberal in Politics.

The death of Sylvester H. Lundy of Aurora, for 45 years editor and proprietor of the Aurora Banner, took place at the family residence in that town shortly before noon yesterday after an illness extending over several weeks. Born in Whitechurch, North York, a native of the county, having been born in Whitechurch Township in 1870, and residing in the district practically all his life.

He was one of the best known men in North York, a native of the county, having been born in Whitechurch Township in 1870, and residing in the district practically all his life. He received his early education at the common and Newman schools, high school, and for nine years followed the teaching profession in York and Aurora Counties, and in 1876, in company with his brother, H. D., bought out the Aurora Banner, which he has, inconjunctively with his brother, conducted ever since. In 1874 Mr. Lundy was appointed town clerk, a position which he held until 1876, when he was elected to the Township, who still survives. The members of the family are Mrs. Johnstone of Aurora, Toronto, wife of P. W. Johnston, the manager of the Lincoln Paper Mills Company of Toronto; Roy H. Johnston, living in Toronto, and Charles, associated with his father in the management of the paper.

Mr. Lundy was for many years the local representative of the C.P.R. in Aurora, and associated fraternally with the Royal Templars, Masons, Oddfellows and Porriters, and in religious life prominently identified with the Methodist Church. He was an ardent Liberal, and on several occasions been mentioned for the position of mayor of Aurora. In the death of Mr. Lundy, North York loses a broad-minded and progressive citizen. The funeral takes place on Thursday afternoon at 2.30 to Aurora Cemetery.

## PATRIOTIC RALLY AT MARKHAM VILLAGE

Big Program of Sports, Music and Speeches Arranged for Empire Day.

The program for the patriotic rally at Markham Village, on Friday, has now been finally arranged, and given the good weather, a record crowd will gather on the fair grounds on the afternoon of that day. From 10.30 to 11.30 there will be a baseball match; from 11.30 to 12.15 races. The next 15 minutes will be devoted to a tug-of-war, and this will be followed by lunch, which presumably comes to an end at 1 o'clock.

The parade of schools, under charge of Capt. H. S. Adam, will march from the high school grounds to the fair grounds at 1 o'clock. The afternoon will be given up to patriotic addresses and music, a number of well-known Toronto speakers and entertainers having consented to take part. Inspector Campbell of Weston will preside and everybody is invited to spend Empire Day in the village. A. D. Bruce of Gormley is chairman, and J. Gilchrist, secretary of the committee.

BRAVE LAD DIED LIKE A BRITISHER

Mother of Pte. J. Marshall Receives Letters From Sympathetic Artillerymen.

STUCK TO HIS POST Reached Battery, Then Dropped Dead—Fumes Did Their Work.

Pte. John Marshall of 22 Vaughan road, one of the 4th Highlanders who died during the terrible fighting at Langemarck, died sticking to his post till the last minute, like all the brave British soldiers. His mother, Mrs. Lawrence Currie, received a letter from Major S. G. R. Willis and Gunner S. W. Mullin of the 69th Battery, Royal Field Artillery, yesterday giving details of the 19-year-old soldier's death.

Made a Fine Stand. The letter from Major Willis says: "I am sending to your address a packet of effects found on the body of your son, who died at his wounds buried by the men of my battery. His grave is being marked. In a letter I will write to me I will tell you where he is buried, which I cannot do now. It is needless to tell you how much we all sympathize with you over your loss, altho, at least, you have the consolation of knowing that his life has not been wasted. His treatment must have made a fine stand. His small pocketbook, containing his will, has been sent to the military authorities and doubtless will reach you through the same channel."

Your poor son lost his life on April 12, says Gunner Mullin. The Germans threw some kind of material into some of our trenches. It was poisonous and all of the poor chaps had to leave the trenches, as they were being poisoned.

Stuck to His Post. "Your son stuck to his post till the last minute, like all the brave British soldiers. When the time came for them to leave, many poor fellows passed by the trench where they were of artillery work. We helped them of us best we could, but many died from the poisonous fumes."

Four poor souls as far as our battery and dropped down dead. We did our best for him, but it was too late. He had gone to his rest. So we paid the last tribute to the brave lad and buried him on the night of April 25. I searched the poor lad's pocket to find an address, and found two post-cards and one of your letters. If you can spare the time, I should like to know if you receive them. Pte. Marshall was born in Scotland, but had lived in Toronto since a boy of ten. He was employed by the Fred Armstrong Co., Ltd., and belonged to Wychwood Presbyterian Church.

Mrs. Currie has not yet received official word from the government.

CITIZENS OF BRISTOL EXPRESSED SYMPATHY

Pte. Gifford Was First Canadian to Be Buried in That City.

It was reported two weeks ago that Pte. Allan Gifford, a Toronto man in the 14th Battalion, who lived at 53 Anderson street, had died of wounds in Boulogne Hospital. Since then, since he had been received to the effect that he died in Southend Hospital, Bristol, Eng., and was buried with full military honors in a cemetery in that city.

Pte. Gifford, who was wounded at St. Julien, was buried in the cemetery in Bristol, and as the solemn procession wended its way through the streets large numbers of sympathetic citizens lined the route.

The coffin, covered with the Union Jack, the Canadian ensign and flowers supplied by the Bristol Red Cross Society, was placed on a gun carriage supplied by the Royal Naval Volunteer Reserve. Leading the cortege were the Bristol Citizens' Band and the Committee Band and a file and drum band, who, on their way to the grave, played the "Dead March in Saffron" and "Adeste Fideles." A squad of men from the Bristol's Own Regiment of Kitchener's Army composed the firing party.

Following the gun carriage were a large number of wounded Canadians in a motor omnibus, many of them wearing the hospital blue serge. The internment was made in a corner of the cemetery devoted entirely to soldiers' graves.

The private was the son of the late Elizabeth Gifford, who died three weeks before her son. She resided with her daughter at 53 Anderson street, Toronto.

Stomach Troubles Due to Acidity

SO SAYS EMINENT SPECIALIST. Scattered stomach troubles, such as indigestion, wind and flatulency and in probably nine cases out of ten simply due to the fact that fermentation is taking place in the food contents of the stomach, causing the formation of gas and acids that irritate the stomach and cause it to distend. This distention, in turn, causes the food to ferment, while the acid irritates and inflames the delicate lining of the stomach. The result is a complete cessation of the normal digestive process. In the fermenting food, such fermentation is unnatural, and acid formation is not only unnecessary but is the most serious consequence if not corrected. To stop or prevent fermentation of the food contents of the stomach and to neutralize the acid and render it bland and harmless, a teaspoonful of bisulphated magnesia, probably the best and most effective corrector of acid stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is present. This stops the fermentation and neutralizes the acidity in the stomach. Fermentation, wind and acidity are dangerous and unnecessary. Stop or prevent them by the use of bisulphated magnesia, such as bisulphated magnesia, which can be obtained from any druggist, and thus enable the stomach to do its work properly without being hindered by not only gas and dangerous acids.—M.F.P.

GERMAN RUSE FAILED

Party Dressed Themselves Up in French Uniforms and Fired on British.

Special to The Toronto World. KINGSTON, Ont., May 13.—That one party of Germans dressed themselves up in uniforms taken from dead French soldiers and then opened fire on the British after mingling with them is the story of Pte. James Adams of this city, who is serving under Col. A. E. Rose, No. 1 Field Ambulance Corps. The Germans were captured. He also states, in a letter home, that the Germans secured a large number of the dead bodies of British soldiers and used them as a barricade during the fighting.

Says Thin People Can Increase Weight

Food Alone Produces Fat, Says Noted Expert—How to Turn Food Into Healthy Flesh.

The reason that some people are chronically thin and under normal weight, says a noted authority, is because of a chronic leakage of the fat-making elements in their food. The assimilative functions of their stomach and intestines are not working properly. Only a small portion of the food nourishment of their meals ever reaches their blood—just enough perhaps to keep life within the body—the rest passes out as waste. The problem of gaining weight and flesh depends entirely therefore on a natural stopping of this dangerous waste of fats and the correction and repair of the organs of assimilation.

HEAVY FOG SUSPENDS FLANDERS OPERATIONS

Mist From North Sea Puts Stop to Battle at Arras and La Bassee.

Special Cable to The Toronto World. LONDON, May 18.—A heavy fog which swept down over Flanders from the North Sea this morning and afternoon caused practically a complete suspension of operations. It was impossible to see objects at a distance of 100 yards, and continuing the battle under these conditions was useless. Only a few salvos of artillery were fired at various points of the front, and verification of the effect of the fire was impossible.
