

FINE OIL PAINTINGS ARE TO BE AUCTIONED

Important Sale of Work by Noted Artists at Henderson's Rooms, King Street.

CATALOG IS READY

Pictures Will be on View to Public for Two Days Preceding Sale.

Quite one of the most important public sales of oil paintings by distinguished modern masters ever held in Toronto is that to take place in C. M. Henderson & Co's rooms, 128 East King street, on Thursday next, Dec. 16, commencing at 2.30 p.m.

The catalogue, now ready, is conspicuous for excellence rather than extent, there being only 49 numbers listed. While the majority are from British studios, the collection includes examples of French, Dutch and Belgian painters and, without exception, each individual work is choice in style and distinctive in treatment.

British artists include John Constable, R.A., whose sketch on panel, "Greenwich," came from the collection of Sir John Murray Scott, Bart., long associated with Sir Richard Wallace, and is guaranteed by Vloors brothers. The Belgian study by George Boughton, R.A., whose works will be found in many galleries, is of special interest at this time and discloses the artist's command of grace and sentiment. Yet another highly alluring canvas is that of Frank Brangwyn, R.A., "Nocturne, Harbor Lights." Brangwyn anticipated Whistler in studies of this kind. His are now very rare and on that account should be of all the greater interest.

EULOGIZE THE WORK OF ALD. S. M. WICKETT

Simplicity and Impresiveness Characterize Burial Service of Late Civic Representative.

REFORMS WILL GO ON Death of Him Who Advocated Them Will Not Stop On-ward March.

Simplicity and impresiveness characterized the funeral service of the late Ald. S. Morley Wickett in Sherbourne Street Church yesterday afternoon, which was attended by a great many representative citizens.

Rev. Mr. Brown also spoke very highly of the late alderman, who, he said, had lived to see the city well served by his training as a public utility man.

The church was well filled by friends of the late alderman, who were gathered in a body, together with many departmental heads.

Many Floral Tributes. The floral tributes were many and included a pillow from the militia department, wreaths from the employees and city council.

Members of the city council met in the council chamber just before leaving for the funeral and passed a resolution of sympathy.

Following the church service, the remains were returned to the Forest Lawn Mausoleum on Yonge street.

NEWS FROM THE CITY HALL

CITY HALL NOTES

Lieut.-Col. G. G. Naasmith, who has returned from the front, where he had charge of the sanitation of the Canadian division, was welcomed at the city hall yesterday.

Altho Controller Thompson tried to open the question of reducing expenditures by 15 per cent, via maintenance he did not succeed and the recommendation will go to council.

An expenditure of \$240,000 from the war account had been made up to Dec 1 by the city. There are now 409 civic employees and 65 policemen serving at the front, the salaries of whom aggregate \$250,000 a year.

W. H. Harris was given a building permit to erect a warehouse on Richmond street, near John, for \$18,000. W. J. McWaters will build a two-story office and a bank brick, double on Neville Park boulevard at a cost of \$3000.

Commissioner Chambers was asked by the board of control to report on the militia using a portion of the manufacturers' building as a hospital, they having gone, in without the knowledge of the board or the commissioner. Their occupancy interferes with the fire insurance policy.

No more publicity will be given to the report of the Social Service Commission as far as the board of control is concerned, and a report will be made to council that there are no recommendations to make on the suggestion contained in the report.

Responsibility for the \$1000 insurance of Corp. Francis Rolph will be assumed by the city and the insurance paid as the insurance company claimed he was not on their list. Corp. Rolph died after being discharged from the first contingent at the Exhibition camp.

It has not yet been decided whether the Mount Pleasant road bridge shall be all concrete or a combination of steel and concrete. The concrete bridge would cost \$12,000 more than the other, but there would be practically no maintenance charge, whereas the steel bridge would have to be painted at regular intervals.

The controllers yesterday decided to find out what it would cost to re-erect the bridge before settling on the design, and this information will be asked for from Works Commissioner Harris.

Earlscourt Section Express Deliveries. Mayor Church issues statement showing what action may be taken.

Mayor Church has suddenly taken keen interest in matters relative to Earlscourt, and he yesterday devoted a portion of his time to the question of efficient express service for that district.

He said: "The matter of Earlscourt was taken to the Dominion Railway Board in 1913 and 1914, but the companies pleaded bad roads and lack of proper pavements, and that under the present state of the law it is difficult to secure such a service, owing to the faulty reading of the Railway Act."

"We have secured the assistance of some members of the government to have a new clause put in to give equality of treatment in express service to the suburban railway services, to serve the whole of Greater Toronto," declared his worship.

The application for an express service for Earlscourt came before the railway commissioners following Mayor Church's resolutions of 1913 and 1914, and early in 1915, he secured the consent of the Dominion Railway Board to have a survey made of the Earlscourt and other districts of the city, with a view to giving them an express service.

The report has been made to Sir Henry Drayton in the matter, and the mayor has written to Sir Henry to have the report published. Now that the report has been made, the city can go on with the application to demand an express service for the whole of Greater Toronto, and follow up the efforts already made to have a proper clause placed in the new Federal Railway Act, which was held over last session on account of the war. This will give Toronto relief, not only regarding express services but provide cheaper telephones and suburban service.

TORONTO CAN'T CLOSE PORTION OF THE JAIL Application of City is Refused by the Provincial Authorities.

The city's application to close at least a portion of Toronto's jail has been refused by the government, so that the success of the Industrial Farm will not be allowed to reduce the city's expense in this direction for some time yet. The inmates at the two institutions at Dec 7 for the years 1914 and 1915 were as follows:

1914 1915
Jail 230 86
Industrial Farm 126 95
Totals 356 181

From this it will be seen that the number of inmates at the jail this year was considerably less than last year, and despite this the same large staff has to be maintained.

SOLDIER MADE RESTITUTION. Pte. H. B. Cook of the 15th Battalion was found guilty in the sessions yesterday of the theft of \$200 from J. Chapman, Chairman of the Cook \$200 security in a business business. Chapman gave his business to Chapman as a result of the fact that Chapman stated that he was satisfied and Chapman allowed Cook to go on suspended sentence.

ACTING CHIEF SMITH IS AGAIN NOMINATED

Motion Also Goes Thru for Salary of Forty-Five Hundred Per Annum.

MUST SIGN PAY ROLL Board of Control Decides That District Chief Gunn Must Be Paid.

Acting Chief Smith was renominated for the position of chief of the fire department yesterday at the meeting of the board of control, by Mayor Church, the motion being carried only after a spirited debate in which Controller Spence offered a number of challenges. A second motion to pay "the office" \$4500 a year also carried, but received considerable juggling in the process.

Mayor Church opened the subject by asking the board any nominations and Controller Spence said "The board should be mentioned at once. The controller expressed his opinion of a man who deliberately refused to act on the orders of the board, saying such impertinence should not be tolerated. He intimated that the action towards District Chief Gunn was caused thru petty spite, but the mayor said the board had nothing to do with the employment of the men on the brigade."

Controller Spence: "I wouldn't keep a man like that two minutes. Why is this board afraid to deal with him with this man as it would do with any other? I move that Mr. Smith be instructed to carry out the order to sign the pay roll and that if he refuses he be asked to resign."

Controller Foster offered to move that Mr. Gunn be paid and continue at his work, but Controller Spence said: "Because you are afraid to tell him to do his duty."

Spence: "You think it's dangerous to instruct Smith?"
Mayor: "More trouble."
Spence: "Because you're afraid."
Controller Foster said he would favor instructing the city treasurer to pay Mr. Gunn his salary, as Controller Thompson said: "I'm not afraid of any of them, but when Smith disobeys the board ordered him back."

Must Sign Pay Roll. Controller O'Neill then moved that Smith be instructed to sign the payroll giving Gunn his salary as district chief. This carried on the vote of O'Neill, Foster, Thompson and Spence. Getting back to the question of nominations, Controller Spence nominated Davis of Vancouver. This was lost. He followed this by the nomination of Chief Cuddy of Calgary, but this met the same fate as its predecessor. Encouraged somewhat by what had transpired Controller O'Neill proposed the name of Colonel Langton, whereas the mayor said that the board was being forced on the board, that he would have held it over until the new year. Cuddy and Thompson said he would support Langton if he thought it would go thru council.

Mayor: "I move an amendment that Smith be appointed chief, make it chief with a capital 'C' at \$4500 a year. You can carry it thru council Monday."

There was considerable discussion, but the result was that the motion carried and then immediately came another by the mayor on the question of salary, to the effect that the same be \$4500. This also carried with Controllers Spence and Foster dissenting. Controllers Spence and O'Neill maintained that there were two motions, one for the alderman, but the controller Spence reminded the board that it had met trouble before when the motion put to council was not the same as that passed by the board and the mayor wrote the motions himself to make sure they would be alright, the first motion being the second placing the salary at \$4500.

For the first time this year the ruling of the board was given by Controller Spence appointing when the mayor declared the motions carried. O'Neill: "That's not fair."
Mayor: "It is on the level. There's been too much quibbling."
O'Neill: "Why two motions?"
Thompson: "I favored separate motions."
O'Neill: "It isn't fair."
Mayor: "This fair. What's the next order of business?"

MEASLES HOSPITAL NECESSARY AT ONCE Temporary Quarters for Patients Needed Immediately.

Dr. Hastings, M. O. H., informed the board of control yesterday that more accommodation was needed for the measles as necessary at once because of an epidemic spreading thru-out the province. He said that it was imperative to get temporary quarters immediately and asked for the office of the old cattle market, where 40 to 45 beds could be installed. As the cost will be less than \$200 to make the necessary alterations, he was given authority to proceed.

TRADE MARK. Winged Wheel. Which Cases are worn and recommended by nearly 3,000,000 Canadian Wives? Because the hair is not only clean and healthy, but it is also a sign of beauty and refinement. The American Waterbury Co. of London, England, has the honor of being the sole agents for the sale of the "Winged Wheel" hair cases in the British Empire.

It has been found that the use of a simple and inexpensive fluid which straightens and softens the hair, giving it the appearance of true naturalness, besides keeping the hair soft and glossy, it is also applied with a clean tooth brush, the hair being drawn thru the hair from top to tip and allowed to dry over night.

In the morning the hair will be beautifully wavy and curling, and will be soft and glossy on the head, and it is really beneficial to the hair, and should be generally adopted by the fair sex. It will not spot or discolor, or give the hair any sediment, grease or stickiness.—Home Doctor.

What Dr. Chase is Doing for Our Soldier Boys

At Home and Abroad---To Every Soldier a Full Sixty-cent Box of Dr. Chase's Ointment Free---Greatly Appreciated by the Boys.

Realizing that ointment is one of the prime necessities to the soldier, both in training and at the front, it was early decided to supply all Canadian recruits free of charge.

This offer was appreciated by the military authorities is best evidenced by some of the replies received from Headquarters, as well as from individual camps.

Brigadier-Gen. Sir Sam Hughes wrote:—"This is indeed a most useful and acceptable donation, and for which please accept my most sincere thanks."

Lieut.-Col. Murphy, in charge of Valcartier Camp, wrote:—"I would be very glad to receive donation of Dr. Chase's Ointment, and feel sure it would be acceptable."

One Major reports:—"The Ointment arrived on the day the Battery completed 24 miles route march on foot, and I can assure you the Ointment was very beneficial, and much appreciated by those with sore feet."

Further distributions of Dr. Chase's Ointment will be made to the recruits assembling for training at the various towns and cities throughout the country. Officers in charge are requested to advise us how many boxes they can use, allowing one for each man. In a score of ways this Ointment is useful to the soldier, and it is our desire that every man shall be supplied free of charge. Address Edmondson, Bates & Co., Ltd., Toronto.

PATRIOTIC FUND SALE AND CONCERT GIVEN

Delightful Entertainment and Bazaar at St. Margaret's College Yesterday.

St. Margaret's College was on fête yesterday afternoon and evening when a sale and program of entertainment were in progress in aid of patriotic funds. The house was hospitably open and the large room devoted to bazaar purposes, contained a booth of products from the Women's Patriotic League, dolls being the most popular article.

The musical numbers were introduced to the Christmas festival and were illustrated by living pictures. The first group consisted of "The First Noel," "Good King Wenceslas," and "When Christ was Born of Mary." "Free" angels, shepherds and the three kings being all represented.

Another feature was the French play, "La belle au bois dormant," which supplied the king, queen, sleeping Beauty, nurse, fairies and other beings so dear to the realms of childhood.

Mrs. Dickson and Miss Macdonald received the guests. Supper was served in the dining room, and the program opportunely was interrupted by the purchase from the stalls so delightfully attended by the young ladies of the school.

TWO MEN MEDALISTS

Word of Drowning of Lieut. Francklyn in England Received by Relatives.

Special to The Toronto World. KINGSTON, Ont., Dec. 10.—Two Canadian soldiers, who were awarded distinguished conduct medals for conspicuous gallantry and devotion to duty, arrived at the convalescent home today. These were Pte. Alfred W. James, 3rd Reserve Battery, D.C.M., for conspicuous gallantry and ability at Petye, and Pte. Trevon Maguire, formerly of the 5th Battalion, but of late of the 32nd Reserve Battalion. Pte. Maguire has an ugly scar on his right forearm that has thrice been operated on in attempts to relieve the partial paralysis of the hand. Major H. M. Dyer, a Minnesota man, was wounded and fell and Pte. Maguire with a companion went back in the face of the fire and rescued him, getting the medal.

The following is a list of invalided soldiers who returned here today:

Pte. A. W. James, D.C.M., Smith's Falls; Pte. Trevon Maguire, D.C.M., Carleton Place; Pte. James Stewart, Kingston; Pte. W. J. Newman, Lecona, N.Y.; Pte. F. W. Foster, Hartington; Dr. Andrew Hart, Brockville; Pte. J. A. Ham, Ottawa; Pte. James Morrison, Cobourg.

Walter S. Hanchet has won high honors, having secured first place in the Dominion in the competitive examinations in the civil service.

Prof. J. M. Lanos of the Royal Military College has been attached to the 14th Regiment as a provisional lieutenant for special duty. He volunteered for active service but was refused, being over age.

Queen's University will receive \$100,000, bequeathed in the will of the late Lord Strathcona.

Mrs. Charles Taylor received a cable today stating that Lieut. G. E. Francklyn died in England, who was formerly stationed at Kingston and married to Miss Madge Taylor shortly after the war broke out, was drowned at Folkestone, Eng., Tuesday evening.

Lieut. Francklyn had been at the front in Belgium and was returning for a short holiday to join his wife at Hastings, Eng. He was the son of the late G. E. Francklyn, Halifax.

BATTLE IN ADRIATIC?

Clash of Italian and Austrian Squadrons Rumored.

ATHENS, Dec. 10.—A naval battle may have occurred between Austrian and Italian squadrons off the Albanian coast yesterday, according to advices received in diplomatic circles today.

An Italian squadron appeared on the horizon while the Austrians were bombarding San Giovanni di Medua, these advices said. No other details were given.

GREAT RUSH TO JOIN ARMY OF KITCHENER

Expiration of Time Limit for Volunteering Was Responsible.

ALL TYPES WERE IN LINE

Costers and Clerks Line Up to Offer Their Services for Empire.

LONDON, Dec. 10.—The rush of "last minute men" who desire to escape the stigma of being forced to join the colors if conscription should be adopted, continued today, the last day but one of the trial period for the Earl of Derby's recruiting plan. Lines formed at the recruiting stations as early as 5 o'clock this morning and remained there all day.

Announcement that there would be no extension of the time limit for the test of the volunteer system apparently convinced many men of military fitness that the Earl of Derby was in earnest and caused them to flock to the stations.

In Long Lines. The scenes at the recruiting bureaux are entirely different from those during Secretary Kitchener's regime. It is not a case of inducing men to enlist as a result of appeals made by recruiting sergeants, but rather of handling the applicants, who wait patiently in long lines, three or four abreast, in the cold blustery weather.

In the central recruiting bureau of the war office close at hand, hundreds of applicants were awaiting their turn to face the examiners.

A similar line-up, extending to the sidewalks, was found at every recruiting bureau. Above the only reference to be observed was in the character of the crowds at the various stations.

Contrasting Types.

In the east end of London the applicants consisted of laborers and costers, wearing caps, with coat collars turned up. In St. Paul's Churchyard desk workers, office helpers and thin-chested men of the city type waited their turn. Men who evidently were surrendering good positions predominated in the better residential districts. The examining examiners have been overworked and complaints have been made of the slowness of the enrolling clerks at the stations, yet it is believed that all the applicants in London can be enrolled before the time limit set by Lord Derby upon his system expires.

WILLS PROBATED

George Gouinlock, for thirty years treasurer of the Toronto Hardware Company, who died at his home at 105 Jameson avenue, October 1st, 1915, in his will dated September 21, 1912, disposed of an estate worth \$255,285.

If convenient the executors are instructed to pay within one year of the testator's death, \$500 to each of his children, George Agnes, Edith and Norma. To the widow, Mrs. Agnes Clara Gouinlock, is left a life interest in the estate, which at her death will be equally divided among the four children.

The executors are the widow, the testator's son, George, and his son-in-law, George Paton Reiffinskin.

"I direct my executors to pay to St. Mark's Church, Parkdale, the sum of \$1000," reads one clause in the will. The estate of the Rev. George H. Gwilliam, of Reading, Berks, England, who died intestate November 19, 1913, leaving \$27,860, has been filed for ancillary probate in the surrogate court at the city hall. The estate will be shared equally between two brothers, Rev. S. T. Gwilliam, and Frederick G. Gwilliam, of Hampton, Poyle Rectory, Oxford, England.

Letter of administration of the will of her husband, Nathaniel Turner, who died on November 1, 1914, has been applied for by the widow, Mrs. S. J. Turner. The estate is valued at \$20,083, and the widow is to receive one-third and the remaining two-thirds goes to the daughter, Mabel E. Turner.

MR. FALLIS SEES PREMIER.

J. R. Fallis, member of the legislature from Peel, connected with the Sir Charles Davidson case, which had to do with the purchase of horses in Peel County for military use, was in conference with W. H. Hearst, former prime minister, yesterday, concerning the case. Mr. Fallis stated that he would see nothing whatever about the matter. Premier Hearst declared that he had nothing to say about the result of the interview.

Here's a Way You Can Help

Our soldiers who have returned from the trenches are unanimous in the statement that, excepting perhaps something to eat, nothing is quite so welcome and acceptable as something to read in the shape of magazines, new or old.

Of course, women's magazines are not sought for, but almost every other kind of magazine is greatly welcomed and heartily enjoyed.

In many Toronto homes there has accumulated quite a large number of used magazines. These may not be all up-to-date, indeed some of them may be quite old, but all of them contain some illustrations and stories that would serve to while away the dreary hours of a soldier resting from fatigue in the trenches. These diversions relieve the terrific strain on the nerves. A committee has been appointed, under the leadership of Capt. Forde, of the Y.M.C.A., who has returned from the front, to collect from the homes of the city as many of these new or old magazines as can be spared for this good purpose, and forward them immediately to the front.

The members of the Ontario Motor League have generously agreed to volunteer the use of their automobiles for two hours, from 2 p.m. to 4 p.m., on Saturday, December 18th, for the collection from the homes of the city of these magazines. All citizens who feel that they can spare a contribution of magazines for this good purpose are earnestly invited to send their name and address at once to the Secretary of the Y.M.C.A., 15 Toronto street, on a postcard, or by telephone to Main 6172.

The magazines may be tied in a bundle, which will be called for between 2 p.m. and 4 p.m. on Saturday next, 18th inst.

Unprecedented Values Insure Economy

This year we offer greater values than it has been possible to offer for many years. Last January we bought a colossal stock of raw furs at tremendously low prices. Since then prices on pelts have soared. But our prices are based on last January's costs, not what furs are worth today. You can buy furs in our store today at the value of the pelts alone.

You Have a Gigantic Stock to Choose From

Up to \$10 For the little girl—a set of furs, in opossum, white Thibet, muskrat, lamb, coney. And for her big sister—a tie or stole in civet cat, blended muskrat, Thibet, opossum, raccoon, western sable, wood fox, marmot. And muffs in all these furs.

From \$10 to \$20 A large and very beautiful array of muffs and stoles, in all the newest styles; finest quality pelts and linings; the furs available are — ties and stoles — mink, Hudson seal, golden beaver, wolf, red fox, Persian lamb, Alaska sable. Muffs in wolf (gray, black, pointed), red fox, Hudson seal, Persian lamb, Alaska sable.

From \$20 to \$50 Your choice of stoles and muffs between these prices is almost unlimited. Gorgeously beautiful models in Alaska sable, Persian lamb, Isabella fox, red fox, pointed wolf, plucked beaver, mink and other furs. Also sets in black wolf, red fox, marmot.

More Expensive Sets

Exquisite Mink Sets—all that a woman could desire in furs—\$50 to \$250. Ermine Sets, finest skins and workmanship, \$75 up. Black Fox Sets, \$45 to \$90. White Fox Sets, \$75 to \$125.

Ladies' Fur Coats

We have a truly marvelous stock of the season's most wonderful Fur Coats—Hudson seal, \$85 up; Persian lamb, \$175 up; pony coats, \$55 up; muskrat coats, \$65 up.

MAIL ORDERS

In every corner of our great Dominion you will find satisfied customers of our Mail Order Department. You, too, wherever you live, can have this same efficient service. Take advantage of the wonderful values we offer. Send us your requirements—or ask for our catalogue.

REMODELLING

If you wish your furs repaired or remodelled you must get your order in at once. Our designers and operators are particularly well equipped to give you entire satisfaction. The cost will be small. Send your furs to us, or phone for us to call.

G. T. R. SHOPS BURNED AT POINT ST. CHARLES
Loss Heavy and Fourteen Hundred Men Are Temporarily Idle.

MONTREAL, Dec. 10.—Three departments of the Grand Trunk Railway shops at Point St. Charles were gutted by a fire which broke out at noon today in the tube shop. It is expected to be very heavy.

spread fast, and soon caught the blacksmith shop and the erecting plant. The city brigade responded when the Grand Trunk fire-fighters failed to conquer the outbreak, and at once a double alarm was rung. The fire was under control at 1.30, although still burning fast. Fourteen hundred men will be out of work for some time, as the machinery, which is hard to replace quickly owing to the war, has been ruined. No estimates of the loss has been issued, but it is expected to be very heavy.

SATURDAY MORNING, DEC. 11.

Opposition to the Radial Bylaw

All the opposition to the hydro radial bylaw appears to be centered in The News, which is understood to have agreed to represent the Ontario Government. While caution is necessary, and protest is imperative when real weaknesses or vital difficulties are perceived, it is surely a mistake to raise difficulties that do not exist. The News questions whether Toronto has not been asked to assume too heavy a responsibility for a provincial system, whether it is now necessary to commit ourselves to such far-reaching proposals, and whether we could not after 1921 use the existing surface tracks for radials until such time as the population mounts up to what The News regards as justifying figures.

Most of the ground for these questions is taken on a certainty, that amounting almost to a certainty, that with the inauguration of the present hydro radial proposal and its entrance to Toronto we anticipate any further difficulties in the provincial radial situation. It is a flank attack on the corporation railways, which, as The News admits, can take care of themselves, and have done so in the past to such an extent that they have lost public sympathy. If the effect of the new radial system will be to bring the corporation radials to reasonable terms, just as the effect of the hydro-electric system in Toronto was to cut the rates of light and power in half, then The News may agree that the province is not assuming so heavy a responsibility after all.

Whether it is necessary to commit ourselves to such far-reaching proposals depends ultimately upon whether they are considered from the side of the people or from the side of the corporations. The government is representative of the whole people, and if the people wish to inaugurate a hydro radial system the government will have no objections. In fact, the government has already asked for reports upon the whole subject, and when these are presented it is unlikely that the desire of the people will be opposed.

The question whether we could use the surface lines of the city after 1921 for radial purposes is one of those delaying suggestions that are so frequent in Toronto municipal endeavor. Never do today what you can put off till tomorrow is the maxim which serves to stultify a large number of our legislators and officials. Three years ago the street railway might have been acquired at a cost no greater than that involved by the transportation scheme laid before the city council this week, but the people were refused an opportunity to say whether they would or would not free themselves from the shackles that then bound and still bind them in matters of transportation.

People who argue that they will be dead before anything can be done take these slow, obstructive views of improvement. Live men, who expect to carry on business for years to come and with whom the present is a consideration, wish to move a little less deliberately. Even the transportation reports admit that "the growth of Toronto beyond the limits of areas served by car lines has been remarkable." The people are compelled to go even where they cannot get car service, and when they ask for it they are accused of being land butchers and speculators. In other cities the car lines usually precede the population. There is nothing premature therefore in the proposal to make a start on improving the car service of Toronto. The radial scheme offers an opening of a favorable kind, strategically as well as commercially, to begin the work of development. As it will not cost the taxpayers any money, they are not likely to object to such an improvement.

A Reversed Decision

It used to be a boast of Mr. Justice Leitch, when chairman of the Ontario Railway Board, that none of his decisions had been reversed, although frequently objected to by the citizens. The railway board can no longer make this assertion, for the appellate court has broken that record by reversing its recent Radial Railway to deviate its

tracks from Yonge street. As a rule the Canadian courts are governed by common sense and equity, and when the city has suffered by adverse decisions these have usually come from the legal committee of the privy council. A different point of view appears to obtain at the foot of the throne in matters of practice, and the precedents in the experience of the old country have been on lines entirely different from those of Canada.

Common sense should have governed the Ontario Railway Board in the Farnham avenue decision, and the judgment of the appellate court indicates that the grounds for a common-sense decision were sufficiently evident. The Ontario Railway Board has been a sad disappointment to those who expected great things from it. The supposed intention when it was established was to have a strong public utility tribunal where all kinds of disputes and differences of opinion could have been adjusted on an equitable and sensible basis, and where the reasonableness of the decisions would have made it unwise, or at least inexpedient, to resort to legal procedure.

Only a big man like the first chairman of the Dominion Railway Board could have established such a standard. While the Ontario Board has done admirably in routine work, in statistics, in tabulation, in correlation of the statutes, it does not seem to have been able to reach the higher level of its opportunities. It has been one of the few failures of Sir James Whitney's premiership, and it would indicate a new streak of vitality in the present government, if the Ontario Railway Board were taken in hand and altogether reformed.

Whiskey Instead of Beer

The Saskatchewan dispensary system, while on the whole working well, has developed one rather startling defect which perhaps ought to have been anticipated. In reply to a complaint from the Saskatchewan brewers respecting the small orders they were getting the provincial dispensary commission has stated that but little beer is called for. The Saskatchewan Saturday Press confirms the statement, saying:

The reply made by Commissioner Bole is that "there is a very small amount of beer sold now, compared with that sold under the old system." We are aware of this; and it constitutes a very severe arraignment of the new system. The sales in Saskatchewan, as we mentioned a few weeks ago, show that there is about ten times as much hard liquor being sold here as malt liquor, and this is a very unsatisfactory condition of affairs, as even the strongest temperance advocate will allow.

The Saskatchewan statute does not permit any liquor to be consumed on the premises where it is sold nor can it be consumed upon any street, alley, or vacant lot, or in any hotel, club, storeroom, railway station, railway train, or other public place. The citizen is supposed to take the liquor he buys from the dispensary to his own home. The bulkiness of malt liquor; the fact that it quickly "turns" or spoils after the bottle or keg has been opened; the necessity in the case of lager beer at least for cooling apparatus to make it palatable, all combine to render beer or ale almost unobtainable under the laws of Saskatchewan. The dispensary will naturally sell the hard stuff almost exclusively, and many beer drinkers will become whiskey drinkers.

Presidential Possibilities

It seems reasonably certain that President Wilson will be named for reelection by the Democratic party. Beyond that all is chaos. The Republicans developed great strength in the elections of 1914-15 and might easily elect their candidate. But as this writing no one can even guess who that candidate will be.

Probably a hundred men are mentioned, but no one of them has developed any particular strength. Each state has a "favorite son" and some states have a number of them. One might easily forecast the first ballot in the national convention when complimentary votes will be in order, but what will happen after that?

Mr. Justice Hughes of the United States Supreme Court has a certain respectability that powerful in favor of Hon. Elihu Root. Former Senator Burton of Ohio is an avowed candidate and may be placed in nomination by that state. But assuming that the Republican nominee will be elected, it

"Is Connie going to do what Uncle John tells him or is he going to the woodshed with him?"

may be truly said that the average man could as easily tell you the name of the next Pope as the name of the next president of the United States.

Whether the European war and issues growing out of it will cut much figures will depend primarily upon Theodore Roosevelt still alive.

GERMAN PRETENTIONS DERIDED IN BRITAIN

Determination to Crush Prussianism Unalterable, Declares British Press.

BIG RECRUITING RUSH

Von Bethmann-Hollweg is Given Most Emphatic Answer.

LONDON, Dec. 10.—Chancellor Von Bethmann-Hollweg's threat that if the allies do not bend the knee before Germany's power will be forced to do so later, when the peace terms will be much more severe, is derided by every newspaper today, and the recruiting stations in their thousands during a peering rainstorm yesterday and all last night sent the answer—which is the voice of the whole British Empire—that the great volunteer army of Britain, fighting shoulder to shoulder with her allies, will never lay down arms till the murderous machine of which Dr. Von Bethmann-Hollweg is the mouthpiece is completely smashed.

All the important newspapers of London, following the lead of The Daily Telegraph, agree that the modern "Bombastes Furioso" will not affect Great Britain's unalterable determination to go on with the war until the brutal foe is thoroughly beaten.

FR HOME CONSUMPTION.

British officials in reviewed indignantly resented the attempt of the German chancellor to throw responsibility for continuance of the war upon the allies. They said that the chancellor's speech was plainly designed for home, of foreign consumption, and considered it as an effort to appease the growing demand in Germany for peace. Their statements and the attitude of the London press today apparently correctly represents the attitude of the

A neutral who has just returned from a trip to Germany and Austria-Hungary brings the news that the peace fact that the business men and tradesmen, including women, of the central empires, who have engaged in peace riots, have been ruthlessly suppressed, and some shot down by troops of the German army as assuming alarming proportions.

Speaks for Junkers

He declares that Herr Scheidemann a Socialist, in a speech, demanding speedy peace, voiced the heartfelt desires of nine-tenths of the population of the two empires, while Dr. von Bethmann-Hollweg represents only Junkers who have made a fortune in the war, fattening on the producers of Germany.

The Rome correspondent of The Paris Journal sends the following: "A Bernese (Switzerland) despatch states that violent demonstrations in favor of peace have taken place in Berlin. The police were obliged to charge the crowds. The windows of stores and cafes were smashed during the rioting. Soldiers in the crowd took an active part in the disturbances."

A Bernese, Switzerland, story says: "Peace manifestations have occurred not only at Bern, but at Zurich and Leipzig, according to the German correspondent of The Tagewacht. The correspondent adds that the conviction prevails among the masses in Germany that only a revolutionary outbreak would force the government to make peace."

REPLIES TO CRITICISM OF REPORT ON VICE

W. E. Raney, K.C., Takes Exception to Remarks of Ald. Sam McBride.

W. E. Raney, K.C., in a letter to Rev. R. H. Bell, Danforth Avenue Methodist Church, tells of "the reception" that the report of the social survey commission, with its city council, and replies to the hot criticism leveled at the report by Ald. Sam McBride. According to the newspaper reports, Mr. Raney says that Ald. McBride had this to say about it:

"A blasphemous report; 'Disgraceful'; it is immoral literature; 'One of the most filthy reports ever presented to any body of men'; 'Would sell all those for life who would seek to give it publicity'; 'A most damnable report.'"

In his letter, Mr. Raney says that "the alderman is reported to have moved for a judicial investigation of the report by one of the county judges. That would be all right. And whilst the county judges is at it he might also investigate the amount of the gambling profits of the association and their destination, because in the case of some other racing associations of this province of which I have knowledge, their annual profits from race track gambling amount to as much as seventeen hundred per cent. on their investments."

"This is a very serious matter," the letter reads, "because the report is in large part a protest against the attempt made in certain quarters to turn this into a wide open town. It is true that the council, apparently adopting Ald. Sam McBride's view, that the publication of the report would drive away tourists from Toronto, are guarding it rather jealously. But I have no doubt that they will see to it that a copy of it is sent to any head of a family who asks him for it."

NEUTRALITY PLEADED BY PRESIDENT WILSON

Urges American Business Men to Mobilize Resources for Aftermath of War.

TO GRAB FOREIGN TRADE

"No Patched-Up Peace," Opinion Expressed at Columbus Address.

COLUMBUS, O., Dec. 10.—President Wilson today expressed the opinion that there will be no "patched up peace" following the European war.

In a comprehensive and forceful address before the Columbus Chamber of Commerce, the president urged American businessmen to mobilize their resources in order that the United States might be prepared to play a more important part in the world's affairs, and bring about justice after the present war.

In addition to the chamber of commerce speech, the president delivered an address tonight before the commission on "Country and Church Life of the Federal Council of the Churches of Christ in America."

In the chamber of commerce address the president defended his Mexican policy, and said as long as he was president nobody should "wait in" to allow the Mexicans Government for them, urged businessmen to pay more attention to the attitude of the United States toward the European war.

"When the present great conflict in Europe is over, the world is going to wear a different aspect," Mr. Wilson declared. "I don't believe there is going to be any patched up peace. I believe that thoughtful men of every country and of every sort will insist that when we get peace again we shall have guarantees that it will remain, and that the instrumentalities of justice shall be exalted above the instrumentalities of force."

"I believe that the spirit which has hitherto reigned in the hearts of Americans, and in like people everywhere in the world, will assert itself once for all in international affairs, and that if America preserves her poise, preserves her self-possession, and believes that thoughtful men of every country and of every sort will insist that when we get peace again we shall have guarantees that it will remain, and that the instrumentalities of justice shall be exalted above the instrumentalities of force."

"So I challenge you," he continued, "to the men 'like you' throughout the United States to apply your minds to your business as well as to their duty for the world a great contribution of the (United States, as if you were going out into the spirit of business and achievement—the kind of achievement that comes only thru service, the kind of service which is statesmanship in the making of those arrangements which are most serviceable to the world."

OTTAWA AGAINST THE REVISED N. H. A. RULES

Will Vote Against the Free Shot and Overtime Rules — Hockey Gossip.

An Ottawa despatch says: The Ottawa Hockey Club, at its weekly meeting last night, went on record as opposing the proposed changes in the N.H.A. playing rules, and decided to vote against their adoption at the next league meeting. The officers of the club believe that the proposed free shot rule instead of aiming at the goal, will increase the number of goals scored, and will increase the time taken to play a game. It is almost impossible for a player to score when shooting from a stationary position. The overtime rule on points system in the case of the games being tied, with the Ottawa roster being in the lead, is in favor of playing two-minute overtime periods, with an en-minute rest, until the tie is broken. Four promising amateurs—Geo. Bouchard, Jimmy Manners, Malley Bruce and Jimmie Burnett—closed with the club, making the Ottawa roster complete. All were promised to work out next week, and Joe Matte of Vankeleik Hill is also expected out when the N.H.A. champs hit the ice. Hamby Shore may go to the Toronto Club, the blue shirt making a bid to the Ottawa directors for him. The Ottawa squad held its first work-out of the season in the Y.M.C.A. gym, Thursday, playing handball and going through other outdoor sports.

The Ottawa Hockey Club failed to land Eddie Rodgers of the Quebec team for whom they have been negotiating for some time. The Ottawa roster is complete. The club has named its own terms for Rodgers' release. Coach Shaughnessy, in long-distance conversation with Montreal, was notified that Rodgers had been sold to the Canadiens.

A Kingston despatch says: There is promise to be some splendid hockey games in the city this winter, and the old enthusiasm for Kingston's most popular game is again being felt in sporting circles.

Kingston is particularly well fixed this year. James P. Sutherland is president of the O.H.A., and this alone puts Kingston more than ever on the hockey map. There are more hockey players of note than ever before. Street, Kinsman of the 33rd Battery has played on two all-star O.H.A. hockey teams, representing Peleport, and in every unit there are such men who are organizing teams.

Queen's University team of the O.H.A. will have either as players or spare five captains of junior intercollegiate hockey teams. There is an abundance of good material in the freshmen ranks, and although a number of last year's players overseas, the university will continue to show a good brand of hockey.

The K.C.I. will have a Junior O.H.A. team only, but it will be fast. Bob Ferguson, last year's captain, will be on the line-up.

Nick Bawif, the former Canadian player, has notified the Ottawa club that he will not be available. It is understood that he intends to enlist.

Sprague Cleghorn is a trifle overweight, but will be at his best when the season opens. He sets into shape quickly.

Look out for Neway Lalonde this year, you not-mindful! The Canadian sharpshooter seems to be free from the shoulder rheumatism which robbed him of his shot last year, and is breaking the boards in practice. Lalonde is one of the trickiest shots in hockey. Like Jimmy Gardner, he hops them where the goal-tenders ain't.

There were twenty-six players out trying for places on the McGill hockey team. Rooney, Kelly, McKenzie, Kelch, Hibbard, Parsons, Parkins and Scott, all of last year, were out. Whitcombe, Madden and McCulloch, some new and some old, also were out. Some of the others out were: Roy, Poo, Rochester, Smith, Dowell, Lee, Blair, Davis, Galvin, Fraser, Fowler, Gibbs and Jacques.

President Quinn of the N.H.A. has called a meeting of the official staff of referees for today, when the rules will be discussed. The thousands of unofficial referees will be on the job when the season opens, without any preliminary instructions.

Unless some of the newcomers in the league display something out of the ordinary in mass, Jackie McDonald of Quebec is not likely to lose his title of being the Nick Albrook of the N.H.A.

The number of fans cognizant of the changes in rules which have been put through, or are in process of being put through, by the N.H.A. for its approaching season, could probably be counted on two or three fingers. The system of scoring the stand in soccer, is the only change which has yet been definitely adopted. This does away with the percentage column, which is replaced by a "points" column. Two points are credited for a game won, and one in case of a tie game. The points split, one going to each team. The "free shot" rule has not yet been adopted, but

Pte. Sid Rankin, formerly of London, has been appointed to the executive committee of the Canadian Hockey Union. Rankin was stationed at Hamilton, who has entered a senior team in the O.H.A.

Since Galt will not have a hockey team this winter, he has taken a job with the Signal Corps at Ottawa, and Earl Burdette is lieutenant in the 10th Para Battalion. All of these players, except Harry Cline, are still in Canada.

No Wanderers won't miss Gordie Roberts any more than the Canadian Pacific Railroad would miss its fleet of locomotives.

Johnny (Mushy) Ross, the London gunner, the husky Varsity Rugby player, who was the mainstay of the scrumming of last year's champion Varsity team, and who donned a double blue uniform this season to act as the stone wall of Argos' scrumming, has decided to graduate from Toronto University by the military route. By securing a commission in the 74th Battalion, he will be able to attend the military school at Sandhurst, Ontario, and will be able to return to the front too soon.

At a meeting of the Toronto Lacrosse and Athletic Association last night it was decided to turn the Rosedale field into a large open-air rink for hockey and skating.

GORD. MEEKING GETTING HIMSELF INTO SHAPE

Will Likely Be Found With the Pros.—No Little Big Four League.

Gordon Meeking turned out with T.R. & A.A. last night. He is getting into shape to play somewhere and it won't be surprising to see him with the Torontos next week. T.R. & A.A. had a host of players out to practice. Gordon Meeking was among the big squad that included: Mitchell, Johnson, McLaren, McLean, Smith, Key-Jones, Tapp, MacGachren (late of F.C.C.), Humphrey, Joyce and Sullivan. Bill Hyland showed a lot of speed at the Riverside practice last night. Meeking was out with the east-enders and will join them out in the exhibition game against Hamilton tonight. All the regulars were on the job. The Ontario Hockey Club has entered two teams and will play in the Junior and Intermediate series of the O.H.A. The Dufferin Hockey Club had a meeting last night and four of last year's players were on hand. The treasurer's report showed a balance of nearly \$100. Practice hours have been secured at Ravenshoe rink. It was decided to place an intermediate team in one of the city leagues. S. Waller, Junction 5106, will manage the team. A Little Big Four League, composed of Upper Canada, Ridley, St. Andrew and Trinity College School, failed to materialize. The practice hours at the Arena today are: 9:00 to 10:00 a.m.—Toronto pros. 10:00 to 10:30 a.m.—Upper Canada. 10:30 to 11:00 a.m.—Andrew. 11:00 to 12:00 a.m.—McMaster. 12:00 to 4:30 p.m.—Public skating. 5:30 to 6:30 p.m.—United Drug Co. 8:15 p.m.—Hockey match.

Stene Roman was appointed coach of the Upper Canada College team yesterday. The U.C.C. team will not play Junior O.H.A. and will play in exhibition fixtures only.

Aura Lee will likely play their junior games at the Arena on Saturday afternoons.

Toronto University got two good young hockey players from London in Roy Wright, a goalkeeper, and Al Moore, a centre line man. They will, however, be only identified with the Interfacuity team in the winter, following the example of the student hockey players.

Hessen, the Sault Ste. Marie goalkeeper, whom the Wanderers were depending upon, is reported as having injured his knee, and will likely be out of the game for the season. Brownie Baker is expected in the city Monday, and Lyndsay will be in some time today.

President Quinn of the N.H.A. has called a meeting of the official staff of referees for today, when the rules will be discussed. The thousands of unofficial referees will be on the job when the season opens, without any preliminary instructions.

No Wanderers won't miss Gordie Roberts any more than the Canadian Pacific Railroad would miss its fleet of locomotives.

Johnny (Mushy) Ross, the London gunner, the husky Varsity Rugby player, who was the mainstay of the scrumming of last year's champion Varsity team, and who donned a double blue uniform this season to act as the stone wall of Argos' scrumming, has decided to graduate from Toronto University by the military route. By securing a commission in the 74th Battalion, he will be able to attend the military school at Sandhurst, Ontario, and will be able to return to the front too soon.

At a meeting of the Toronto Lacrosse and Athletic Association last night it was decided to turn the Rosedale field into a large open-air rink for hockey and skating.

EXHIBITION GAME TO OPEN HOCKEY SEASON

Hamilton Rowing Club Play the Riversides Tonight—Ernie Laidlaw for the Army.

The hockey season will get under way tonight when the Hamilton Rowing Club will play the Riversides seniors. Riversides will use close on to a dozen players, and with changing rule in vogue, fast hockey should result. They will use the following: Goal—Collett or McMillan. Defence—O'Leary, Hyland, Merrick or Reesor. Rover—Noble. Right—Applegate. Left—Dope. Referee—Douglas Marsh.

Ernie Laidlaw, the Argonaut hockey manager, has been granted a commission with the 36th Peel Regiment, and will enter the next officers' class to qualify.

Aurora has applied for admission to the O.H.A. Junior series.

Captain Sheldon divided the Aura Lee squad into two smart teams and they went at it hard for half an hour.

Corporal E. Bippet of Coldwater notified the O.H.A. that Coldwater would not be able to put a team in the O.H.A. Intermediate series this winter, because seven out of nine players have joined the army.

Argonauts had their usual good squad out last night. Young, Parks, Milan, Hicks and Milan looked good.

New Hamburg has decided to enter a team in the intermediate series, and will play if they can get a grouping that will not necessitate too much travel. They desire to maintain their O.H.A. membership.

Randall is showing much improvement and is giving Lowrey and Bawif a grand chase for a place on the Toronto team.

World's Champion Lightweight Wants to Help—Nine Good Bouts Arranged.

"Anything that I can do to help the Sportsmen's Patriotic Association of the Canadian militia I am more than willing to do."

This was the message which Tom Flanagan received from the world's lightweight champion, Freddie Welch, when he wired the latter regarding a ten round bout with the Pennsylvania crack, Eddie Moy, at Loew's Winter Garden next Wednesday, Dec. 15. It is only another instance of the good sportsmanship and generosity of the champion. With absolutely no expense to the Sportsmen's Patriotic Association, he will appear next week as the head of a clever boxing bill. The seats are on sale at Spalding's and Moody's at \$1.50 and \$2. The bouts will start at 8:30 and will not interfere in any way with Loew's regular show downstairs. The following local battles have signified their willingness to participate for the good of a worthy cause: "Scotty" McRae v. Ted Pictou, Jack McCracken v. "Pe Wee" Adams, Quartermaster-Serg Donovan v. "Pony" Moore, Harry Peters v. Fred Crompton, Jack Mitchell v. "Derkey" Daniels, Harry Welter and Bland, Chappy Godden, Art Jackie Batley, Indian Pete Scott, Ham and Art Simmons, Alf Palms and Chummy Banks.

NEWS OF SPECIAL INTEREST TO WOMEN

TO LIMIT PARCELS POST TO SOLDIERS AT FRONT

Mail So Enormous, Roads in France in Danger of Being Broken Up by Traffic.

MUST BE WELL PACKED
Packages Should Not Be Too Large, But Under Seven Pounds.

By Staff Reporter.
OTTAWA, Dec. 10.—The number of mailed parcels for soldiers at the front is so great and the strain on the transport system is so severe that the British Government has notified the Canadian postoffice department that temporarily all parcels must not exceed seven pounds, that is, no parcel weighing more than seven pounds will be forwarded. The British war office has also notified the postoffice department here that it is necessary to limit the amount of parcels traffic for the troops during the Christmas and New Year's season in the interest of military efficiency. The war office points out that the great bulk of mail matter dealt with in normal lines is already severely taxed on the transport service that the amount which the roads in France and Flanders will carry without breaking up is limited. Ammunition, food and stores for the army must necessarily have preference over the mails, that any increase in the volume of mail traffic must cause delay in the forwarding of these necessary equipments for war. The public are appealed to in their own interest as well as in the interest of military efficiency to limit the use of parcel post to articles of real utility. Fruit, perishable articles of all descriptions, bottles and earthenware jars and like articles will not be accepted for transmission. All parcels must be strongly and securely packed in covers of canvas, linen or other strong material. Parcels which do not comply with these requirements are unlikely to reach their destination safely and if they are in course of post will be returned to the sender. The name and address of the sender must be written on the outside and the parcels must comply with this condition will be refused.

The postoffice department is still being urged by some to send parcels to the soldiers free or at reduced rates. This is impossible because of the international postal convention. Canada has suggested that England and France but they have refused to comply because the present mail traffic is almost more than can be handled.

To Keep Skin Healthy, Youthful, Wrinkleless

Now that the social season is here, be especially careful to keep your skin in fine condition. You know how conspicuous complexion defects appear under the bright light of the drawing or ball room. Also how very evident are some makeup when similarly illuminated. I have myself discarded cosmetics entirely, using a process which gives far better results, and which leaves no trace on the skin. At night I smear on a thin coat of order-solubilized wax, washing it off next morning. This gradually absorbs the dehydrated particles of surface skin, just as gradually the more youthful skin beneath comes forth, providing a complexion as clear, smooth and delicately tinted as a young girl's. Get an ounce of mercerized wax at your druggist's and try this remarkable treatment.

Remember, too, that wrinkles, even the finer lines, are not easily concealed in a brilliantly lighted room. You can quickly obliterate these hateful marks by bathing your face in a solution of powdered axolite, 1 oz., dissolved in witch hazel, 1/2 pt., and your face won't look a day after using pastes—Aunt Sally in Woman's Realm.

EIGHT THOUSAND VISITS ARE MADE BY NURSES

Elizabeth Visiting Nurses' Association Hold Annual at Michael's Palace.

The annual meeting of St. Elizabeth Visiting Nurses' Association took place at St. Michael's Palace yesterday afternoon, the president, Mrs. McLean French, in the chair.

A large number of conveners were present, but from the report of the corresponding secretary, Mrs. O'Sullivan, no more are necessary to cover the city. Those willing to undertake the work will be welcomed. Mrs. W. A. Kavanaugh made an appeal for assistance along this line.

Miss L. Hynes, recording secretary, stated that 8088 visits had been made by the five nurses during the year. The report of the treasurer, Mrs. Dwyer, showed total receipts for past twelve months were \$3810.95, and outlay \$4272.66, the deficit being in great measure, due to scarcity of conveners.

A cheque for \$50 from St. Michael's hockey team, \$25 from Rev. Father McGrand, and \$100 from the president, Mrs. French, were gratefully acknowledged.

Rev. Father Trayling spoke of the good work of the nurses and Rev. Father McGrand promised to continue his support by giving it the public recognition it deserved.

THE TEST OF YEARS.

The only true test of a piano is the test of years—many years. Ten, twelve or fifteen years even, is not a real test. It is the piano that has been in use for twice or three times that long—for a lifetime—that has proven its worth. It is when we buy a piano in our younger days and grow old with it; when its beautiful tone pleases our old age as it did our youth; then we can consider it a good piano—a piano worth while. That is the experience of purchasers of the Heintzman & Company piano, made by Ye Old Firm. This is the piano that grand-parents take pride in bestowing on their grandchildren. This is the piano with the wonderful tone and touch—a tone and touch that are permanent and lasting. For 65 years Ye Old Firm have been making this "World's Best Piano." No one need take chances on the future of their piano as long as this great Canadian piano is being manufactured. Three generations of Canadians have upheld the high standard set by the founder of this company, 65 years ago.

NEW IDEAS IN SPORTING TOGS FOR OUT-OF-DOORS

Costumes for Winter Pastimes Are Exceptionally Attractive This Season.

FUR TRIMMINGS USED

Vogue of Skating Influences Scarfs, Hats and Footwear.

Sporting accessories are of unusual interest at this time, when gusts of frosty winds and snow herald the fast approaching winter season of skating, skiing and tobogganing. The sporting costume is a charming two-piece model in a gray-toned material with trimmings of fur, and enhanced by various little effective touches in scarf, cap and footwear. Sets of hats and scarfs are very much in vogue, and whether of fur, silk or wool are particularly attractive. One of the prettiest sets seen to date was remarkable for its simplicity—a laundry little tam-o-shanter of soft white wool with a large button perched on the centre of the crown and a long wide scarf to match with deeply fringed ends. Stagnantly fitted fur caps are very becoming—a charming set in blue fox illustrating new features in the snug little toque, which fitted close over the brow and ears, and a modish neckpiece fastening high about the throat. Other sets are fashioned from colored wools, or one of the new imitation fur cloths—topical being a favorite.

In footwear the newest craze is white again. To match a stunning sports costume in heavy white corduroy velvets, are shown very high white buckskin boots—laced with black to the normal height and strapped from this to the top of the boot on the outside. Sweater coats of plain silk in all the newest colors are shown, as well as in a variety of lovely brocades.

SENTIMENT MAKES A PLEASANT SAUCE

Christmas Plum Pudding and Its Relation to Modern Business.

Plum pudding of any sort will be eaten on Christmas Day with the keenest relish. The sauce of sentiment will make up for some errands in the cuisine. Once there was an old gentleman who was fond of boiled puddings. His wife left one in the pot for him, and when she returned, asked how he liked it. "Fine," he replied. "Where is the cloth?" she inquired. The old man looked up with surprise. "Was there a cloth on?" Sentiment had clouded the pudding. Sentiment had clouded other tastes. For example, there are people in Canada who would have none but an American pianoforte. And yet there is a Canadian instrument, made in Toronto, which is as good as any of the American pianofortes. The Gourlay piano has been on the market for twelve years. In that time it has won high fame as being dependable, sweet toned and beautiful. The Gourlay, Winter and Leeming Company determined from the beginning that extreme forms of advertising would be undertaken to bring the instrument to public notice. For that reason, no traveling artist was ever supplied with a Gourlay in return for a favorable notice. No Toronto studio received free Gourlay pianos in return for an occasional kind word. The business was placed on a solid commercial basis. The Gourlay was found by the public to be a piano of supreme merit and its success on the Canadian market was assured. Those who have not had an opportunity to examine the Gourlay piano would do well to call at the new warerooms, 188 Yonge street, "The House of Service."

"THE RIDEAU" AND "THE YORK"

Ideal Day Trains Between Toronto and Ottawa.

The new Canadian Pacific day trains, "The Rideau" and "The York" between Toronto and Ottawa, have become quite popular.

They give the public an opportunity to spend a half day in Toronto or Ottawa, going by the midday train, returning by the midnight train, only one night on the road.

The route is via the "Lake Ontario Shore Line" thru Whitby, Oshawa, Bowmanville, Port Hope, Cobourg, Trenton, Belleville, etc.

"The Rideau" leaves Toronto (Union Station) 1:45 p.m., arriving Ottawa (Central Station) 5 p.m.

"The York" leaves Ottawa (Central Station) 1:15 p.m., arriving Toronto (Union Station) 3:30 p.m.

Equipment is modern in every detail, consisting of library-observation-parlor cars, cafe cars and first-class coaches. Connections from western Ontario points is made at Toronto with "The Rideau." Particulars on application to Canadian Pacific agents or write M. G. Murphy, district passenger agent, Toronto. 456

SISTER; READ MY FREE OFFER

I am a woman. I know a woman's trials. I know her need of sympathy and help. If you, my sister, are unhappy because of ill health, or a home full of household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs, with references to Canadian ladies who gladly tell how they have regained health, strength, and happiness by its use. I want to tell you all about this successful method of home treatment for yourself, my reader, for your daughter, your sister, or your mother. I want to tell you how to cure yourselves at home at trifling cost, and without aid from anyone. Men cannot understand women's sufferings; what we women know from experience, we know better than any doctor; and thousands have proved there is hope even for the hopeless in my method of home treatment. If you suffer from pain in the head, back, or bowels, feelings of weight and dragging down sensations, falling or displacement of internal organs, bladder irritation with frequent urination, obstinate constipation or piles, pain in the sides, regularly or irregularly, bloating or unnatural enlargements, catarrhal conditions, dyspepsia, extreme nervousness, depressed spirits, melancholy, desire to cry, fear of something evil about to happen, creeping feeling up the spine, palpitation, hot flashes, weakness, sallow complexion, with dark circles under the eyes, pain in the left breast or a general feeling that life is not worth living, I write you to send today for my complete ten days' treatment entirely free and postpaid, to prove to yourself that these ailments can be easily and surely conquered at your own home, without the expense of hospital treatment, or the dangers of an operation. Women everywhere are escaping the surgeon's knife by knowing of my simple method of home treatment, and when you are cured, my sister, I shall only ask you to pass the good word along to some other sufferer. My home treatment is for all-year-round. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectively cures green-sickness (chlorosis), irregularities, headaches, and lassitude in young women, and restores them to plumpness and health. Tell me if you are worried about your daughter. Remember it costs you nothing to give my method of home treatment a trial, and it does not interfere with one's daily work. Is health worth asking for? Then accept my generous offer, write for the free treatment suited to your needs, and I will send it in plain wrapper by return mail. To save time you can cut out this offer, mark the places that tell your feelings, and return to me. Write and ask for the free treatment to-day, as you may not see this offer again. Address: **MRS. M. SUMMERS, Box 65, WINDSOR, ONTARIO.**

TWO ATTACKS WILL OUTFIT U.S. DOLLAR POLICY OF U.S. ATTACKED IN CONGRESS

Kaiser Consents to Recall Captains Boy-Ed and Von Papen.

ASKS SAFE CONDUCT

British and French Governments Requested to Let Officers Pass.

WASHINGTON, Dec. 10.—Emperor William has formally recalled the naval and military attaches of the German embassy here, who by their activities rendered themselves persona non grata to the United States Government.

A communication from the German Foreign Office, announcing the action, was delivered to Secretary of State Lansing today by Count Von Bernstorff, the German ambassador, who hurried here from New York when he was advised that a reply to the request of the United States had been received at the embassy from Berlin.

Emperor Pleased to Recall. The German emperor has been pleased to recall Captains Von Papen and Boy-Ed in compliance with the wishes of the United States.

The British and French embassies immediately will be asked by Secretary of State to secure safe conducts for the return to Germany of the officers.

On the other hand, the opinion is understood to prevail at the German embassy that it is proper to ask for safe conducts without qualification, as the coming of successors to the attaches would remove two fighting officers from Germany.

RUSSIA CONFIRMS WIN OVER TURKS IN PERSIA

Several Thousand Turko-Germans in Armed Bands Dispersed.

PETROGRAD, via London, Dec. 10.—The war office today made public the following official communication:

On the western (Russian) front there is no change in the situation. Near Khumskeit and Kremenzak, an Austrian aeroplane fell into our lines.

In Persia, half way between Tehran and Hamadan, our troops defeated a Turko-German detachment, consisting of several thousand members of the rebel Persian gendarmes and machine guns.

Senator Lodge Points to Wilson's Failure to Exact Reparation

COTTON LESSER THING

Senator Hoke Smith's Complaint Draws Well-Merited Rebuke.

(Continued From Page 1). Introduction had served to bring out the first debate of the season on a subject which has been given wide publicity.

The Real Issue. "I wish to draw the scope of the resolution by the amendment," said Senator Lodge, as the Georgia senator concluded, "because if we are to take up this question of the violation of our rights I want to put it not on the low ground alone but on the highest ground."

"Altho I am as anxious as anyone can be to care for our rights in trade, if they are violated to me American lives are more important than dollars. If this investigation is to go on, I want to see the violations of our rights that may have occurred, the most important is the violation which has affected American lives or the security of an American citizen."

Morality and Humanity. "I think that if we are to investigate and inquire with a view to action, such deeds as these should not be done, I am not willing to get into a passion that is an infringement of our trade and then allow American citizens to lose their lives and have it go by in silence."

Several Thousand Turko-Germans in Armed Bands Dispersed.

Senator Works of California asked Senator Lodge if his amendment was comprehensive enough to include investigation of parts played by the United States in sending arms, munitions and other supplies to the rebels.
