The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. AN ACT

To Incorporate the Royal Canadian Yacht Club.

Whereas the persons hereinafter named, with a large number of others in Toronto, and elsewhere, in the Dominion of Canada, have associated themselves for the establishment of a Club, for the purpose of encouraging Yacht Building and Sailing in Canadian Waters, and have prayed to be incorporated by the name of "The Royal Canadian Yacht Club," having been permitted by Her Most Gracious Majesty to assume the style of "Royal"; and it is expedient to grant their prayer: Therefore Her Majesty, by and with the advice and consent of the Legislative Assembly of Ontario, enacts as follows:—

1. Edwin M. Hodder, George H. Wyatt, B. R. Clarkson, H. L. Hime, and William Armstrong, Esquires, the Officers, and such other persons as now are or hereafter shall become members of the said Association, shall be and are hereby declared to be a body politic and corporate, in deed and in name, by the name of "The Royal Canadian Yacht Club," and by that name shall have perpetual succession, and a common seal, and shall have power, from time to time, to alter, renew, or change such common seal, at their pleasure, and shall by the same name, from time to time and at all times hereafter, be able and capable to purchase, acquire, hold, possess, and enjoy, and to have, take, and receive to them and their successors, such lands, tenements, and hereditaments, and real and immovable property and estate, situate, lying and being within the City of Toronto, as may be necessary for the actual use or occupation of the Corporation as a Club-House and dependencies; and the same to sell, alienate, and dispose of whensoever the said Corporation may deem it proper so to do: and by the same name shall and may be able and capable in law to sue and be sued, implead and be impleaded, answer and be answered unto in any manner whatsoever: and the constitution, rules and regulations now in force, touching the admission and expulsion of members, and the management and conduct generally of the affairs and concerns of the said Association, in so far as they may not be inconsistent with the laws of this Province, shall be the constitution, rules, and regulations of the said Corporation, provided always that the said Corporation may from time to time, alter, repeal, and change such constitution, rules, and regulations of the said Corporation.

2. All property and effects now owned by or held in trust for the said Association, are hereby vested in the said Corporation, and shall be applied solely to the maintenance of the said Corporation.

3. No member of the Corporation shall be liable for any of the debts thereof beyond a sum which shall be equal to the amount of the original entrance fee, and the annual subscriptions which may remain unpaid by such member; and any member of the Club, not being in arrears, may retire therefrom, and shall cease to be such member, on giving notice to that effect, in such form as may be required by the by-laws thereof, and thereafter shall be wholly free from liability for any debt or engagements of the Club.

4. It shall be lawful for the said Corporation to issue stock to such extent as they may deem necessary, not exceeding, in the aggregate, the sum of Thirty Thousand Dollars, in shares of Fifty Dollars each; such stock to be subscribed for in a book to be opened for that purpose, by a Committee of the said Club, and to be paid up in such manner, and within such time, as may be determined by the said Committee.

5. The funds arising from such stock shall be applied exclusively to the purchase of lands or buildings, for or to the erection of a Club-House and dependencies, and of furnishing the same.

6. The shares of such stock shall be assignable by delivery and surrender of the certificates to be issued to the holders of such shares, respectively, and by assignment on the books of the Corporation.

7. The holder of such stock, duly paid up, shall be a proprietor of an undivided share of the real estate of the Corporation, and of the buildings thereon to be erected, and shall be exempt from all liability beyond the extent of the stock he shall actually hold.

8. It shall be competent to the said Corporation to pay off so much of the said stock, from time to time, as the Committee may deem desirable; the share or shares, so to be paid off, to be selected by the said Committee by ballot.

9. The said Corporation shall make and furnish to the Lieutenant-Governor and to the Legislative Assembly of the Province of Ontario during the first fifteen days of the first Session thereof, in each and every year, a full and unreserved statement of the affairs of the said Company, and of its funds, property and securities.

Pattern to be as follows: triangular, not less than three feet long by two feet in luff. Each boat shall be provided with a Distinguishing Flag of the same size and shape, and of such pattern as the owner may select. The Club Ensign shall be blue, with the crown in the fly. With the view of assimilating the practice of the Royal Canadian Yacht Club to the usage of all other Yacht Clubs, the boats of the Club, when sailing in any organized meeting, shall be at liberty to hoist the following flags only, viz., the Club Flag, the Distinguishing Flag, the Official Flag, and the Blue Ensign. The Commodore's Flag shall be five feet long by two feet six inches wide—*Red*, with yellow crown in centre; the Vice-Commodore's Flag, the

Whereas we deem it expedient that vessels belonging to the Royal Canadian Yacht Club shall be permitted to wear the Blue Ensign of Her Majesty's fleet with a Crown in the fly.

We do by virtue of the power and authority vested in us hereby warrant and authorize the Blue Ensign of Her Majesty's fleet, with a Crown in the fly, to be worn on board the respective vessels belonging to the Royal Canadian Yacht Club accordingly.

By command of their Lordships,

L.M.M.

ADMIRALTY,

1st August, 1878.

1. As there appears to be a want of knowledge on the part of Secretaries of Yacht Clubs, of the conditions under which the Lords Commissioners of the Admiralty grant Warrants for Owners of Yachts belonging to the several Clubs to fly particular flags, My Lords have caused the following circular letter to be drawn up, and copies to be sent to the Secretary of each Club holding a Warrant from the Admiralty.

2. Clause 19 of the Merchant Shipping Act, 1854, sets forth, that —“Every British ship must be registered in manner hereinafter mentioned, except,

(1.) Ships duly registered before this Act comes into operation :

- (2.) Ships not exceeding fifteen tons burden *employed solely navigation on the rivers or coasts of the United Kingdom, on the rivers or coasts of some British possessions within which the managing owners of such ships are resident :*
- (3.) Ships not exceeding thirty tons burden, and not having whole or fixed deck, and employed solely in fishing or trade coastwise on the shores of Newfoundland or parts adjacent thereto, or in the Gulf of St. Lawrence, or on such portion of the coasts of Canada, Nova Scotia, or New Brunswick as bordering on such gulf :

And no ship hereby required to be registered shall, unless registered be recognized as a British ship ; and no officer of customs shall grant clearance or transire to any ship hereby required to be registered for the purpose of enabling her to proceed to sea as a British ship, unless the master of such ship, upon being required so to do, produce to him such certificate of registry as is hereinafter mentioned ; and if such ship attempts to proceed to sea as a British ship without a clearance or transire, such officer may detain such ship until such certificate produced to him."

3. Clause 105 sets forth, that--" If any colours usually worn by Her Majesty's ships, or any colours resembling those of Her Majesty, or any distinctive national colours, except the Red Ensign usually worn by merchant vessels, or except the Union Jack with a white border, or the pendant usually carried by Her Majesty's ships, or any pendant in anywise resembling such pendant, are or is hoisted on board any ship or boat belonging to any subject of Her Majesty, without warrant for so doing from Her Majesty or from the Admiralty, the master of such ship or boat or the owner thereof, if on board the same, and every other person hoisting or joining or assisting in hoisting the same, shall for every such offence incur a penalty not exceeding five hundred pounds ; and it shall be lawful for any officer on full pay in the military or naval service of Her Majesty, or any British officer of the customs or any British consular officer, to board any such ship or boat, and to take away any such jack, colours, or pendant ; and such jack, colour or pendant shall be forfeited to Her Majesty."

4. In all applications for Warrants for Vessels required by the Act to be registered, it is essential that the following particulars be stated :-

Name of Vessel.

Rig.

Length, per Register.

Breadth do.

Tonnage do. (to decimals)

Port of Registry.

Name of Owner.

required by the Act particulars be stated:—

accompanied by a statement of the name of the former Owner, in order that the Vessel may be identified.

5. Warrants are granted to the Secretaries of Clubs, and My Lords consider the Clubs responsible for the return of the Warrants. They would, therefore, suggest that a rule should exist in the Club requiring the return of the Warrant wherever it becomes obsolete.

Whenever a Warrant ceases to be in operation, either by the sale of the Vessel, or from any other cause whatsoever, it is the duty of the Secretary of the Club to return it to this Office, so soon as possible, in order that it may be cancelled, and each Warrant should be accompanied by a statement of the reason for its return.

In the event of a Warrant being lost, the Secretary must acquaint the Secretary of the Admiralty of the same, and the letter should be accompanied by a statement from the Owner of the circumstances under which the Warrant has been lost.

Until Warrants are returned, or a satisfactory explanation of their non-return is afforded, fresh Warrants will not be issued.

It is requested that copies of the lists of Vessels of the Clubs may be sent to the Admiralty once a year.

By command of their Lordships,

(Signed) ROBERT HALL.

USEFUL INFORMATION.

(From Dixon Kemp's "Manual of Yachting.")

ADMIRALTY WARRANTS.—Warrants granted to Clubs and the members thereof, granting permission to fly the White Ensign, or the Blue Ensign, or the Red Ensign with device on it. An Admiralty Warrant also enables the owner to ship excisable goods, such as wines, spirits, tobacco, tea, etc., direct from bond without payment of duty; and to enter ports without paying harbor dues (this does not include dock charges) and to make fast to mooring buoys laid down by the Admiralty, if such buoys be not required by ships of H. M. fleet. An Admiralty Warrant is also useful in foreign ports as it at once establishes the nationality of a yacht; and the port authorities usually show greater civility to yachts carrying an Admiralty Warrant, securely berthing them, and frequently foregoing harbor dues (not dock charges.) *When a yacht changes hands her Warrant must be returned through the Club Secretary to the Admiralty.* It is compulsory that every yacht of and above fifteen tons internal capacity shall be registered. Yachts smaller than fifteen tons must also be registered before application for an Admiralty Warrant can be made on their behalf.

ENSIGN.—If an Ensign other than the Red be flown by any vessel without a warrant from the Admiralty, a penalty of £500 stg. may be inflicted, and any Custom House or Consular Officer or other officer in H. M. Service on full pay may board the vessel and seize the flag. Although the Red Ensign has been assigned to the mercantile marine, no device can be put in it other than the Jack, without the permission of the Admiralty. The jurisdiction of the Admiralty only extends to flags flown afloat, and any Ensign can be hoisted on flagstaffs on shore. When a Warrant is granted to a Club to fly the White, Blue or the Red Ensign with a device, this Warrant does not of itself entitle a member of the Club to fly either Ensign on board his yacht; before he can legally do so he must also obtain a warrant from the Admiralty through the Club Secretary. As many Warrants must be obtained as he belongs to clubs if he desires to fly the flag of each club. When the yacht is disposed of, the Warrants must be returned through the Club Secretary to the Admiralty, and if the owner obtains a new yacht he must get fresh Warrants.

ENSIGN, HOISTING OF.—Ensigns and Burgees are hoisted every morning at eight o'clock (9 a.m. from September 30 to March 31), and hauled down at sunset. It is a slovenly habit to hoist or haul down colors at irregular hours. At sea it is only usual to hoist colors when passing another vessel.

DIPPING THE ENSIGN.—The Ensign is lowered or dipped as a means of saluting a Commodore, etc., or member of a club. The junior member shall be the first to dip. Sometimes, if no Ensign is flying, the Burgee is dipped. It is usual to "dip" in passing a Man-of-War or Royal Yacht. A Royal Yacht never answers the salute by dipping her Ensign. Strictly it is etiquette for the Blue Ensign to be dipped to the White, and Red to the Blue and White.

BURGEE, ETIQUETTE OF.—It is considered etiquette, if a yacht is at a station where there is a club established, and her owner is a member of the club, that the flag of that particular club should be hoisted as the yacht arrives on the station, although the owner may be the Commodore, or Vice or Rear-Commodore of another club. If his yacht is a schooner he can fly his pennant at the main, and the club Burgee at the fore. If several yachts are lying at an anchorage where there is no club, the yachts will fly the Burgee of the senior officer present, but if there be two officers of equal rank present then the flag of the officer whose club is senior by virtue of the date of its Admiralty Warrant will be flown. The senior officer means the one of highest rank, and where the rank is equal, the seniority depends upon the date of the Admiralty Warrant of the club which conferred the rank and not upon the length of service of the officer; but a Vice-Commodore of a senior club does not take precedence of a Commodore of junior club. By the same rule when several yachts are present belonging to clubs that have no Admiralty Warrants, the date of the establishment of the several clubs would decide the seniority of officers of equal rank, but clubs with Admiralty Warrants always rank before those without.—(See "Royal Clubs.")

BOAT'S ETIQUETTE.—If the person in charge of a yacht's boat desires to salute a passing boat containing an Admiral, Captain, Commodore, or other person of consequence, he directs the crew to lie on their oars as the boat passes, and to raise their hats or caps. The owner of the yacht leaving his yacht with a party is the last on the boat, and the first on board the shore is the last to get into the boat and the first to board the yacht.

SALUTES.—It is usual to salute a club Flag-Officer on his first hoisting his flag on a club station at the beginning of a season, and when he hauls it down at the close of a season, by *eleven guns for Commodore, nine guns for a Vice-Commodore, and seven guns for Rear-Commodore*, respectively. It is etiquette for a Flag-Officer of a club to return a club salute, or a salute by a squadron, with one salute of the number of guns he is entitled to. He returns a Vice or Rear Commodore's salute with the guns each is entitled to, unless he receives a salute from both, then he returns with the number of guns he himself is entitled to; strictly, however, the Rear should not salute the Commodore in the presence of the Vice unless he obtains permission from the Vice to do so. A royal personage does not return a salute. The practice used to be for a yacht to "salute the flag" on arriving at

owered or dipped as a member of a club. The sometimes, if no Ensign is "ip" in passing a Man- r answers the salute by the Blue Ensign to dip

A captain or other officer's salute is returned with 7 guns.

ROYAL YACHT CLUB.—A club that has obtained permission from the Home Office to use the prefix "Royal." An Admiralty Warrant obtained from the Admiralty does not confer the title, but a Royal Yacht Club that has not also the Admiralty Warrant can only fly the Red Ensign, and this can have no device. A club with an Admiralty Warrant takes precedence of a club that has only a Royal Warrant.

WINNING FLAG.—The racing flag which is hoisted immediately after a race, to denote that a yacht has won a prize, is hoisted immediately below on the same halyards as the burgee. When the yacht has sailed her last match she hoists as many racing flags as she has won prizes during the season. If a yacht has won more prizes than she has racing flags, it is usual to make up the deficiency with code signal flags or burgees.

of the member in whose name she is entered.

NOTE.—This certificate to be produced, if required, at the
time of entry for all Club Matches.

2. The Club course shall be a triangular one of not less Club course.
than thirty nautical miles, and shall be decided upon by the
Sailing Committee at least three days previous to a race.

P. of W. Cup. 3. The race for the Prince of Wales' Champion Cup shall be over the Club course, unless otherwise *specialy* directed by the Sailing Committee, and shall be sailed for annually on the 7th of September, the anniversary of the visit of His Royal Highness to Toronto. The winner of the said Cup, before taking possession of the same for the current year, shall give security to the satisfaction of the Sailing Committee, for its due and safe return to the Club by the 1st September following, and the winner shall receive a medal to represent the Cup. A medal shall also be given by the Club to the second yacht.

4. This race, as well as those for the Lorne, Lansdowne, Murray, Cosgrave and McGaw Cups, are exclusively confined to yachts belonging to the Royal Canadian Yacht Club.

Lorne Cup. 5. The Marquis of Lorne, while Governor-General of Canada, having presented a Cup to be sailed for at the Annual Club Regatta, the conditions attached thereto will be such as the Sailing Committee shall from year to year appoint, governed by the General Sailing Rules.

Lansdowne Cup. 6. The Marquis of Lansdowne, while Governor-General of Canada, having presented a Cup to the Club to be sailed for by Yachts of the Club, under 40 ft. All matters shall be subject to their approval and control; and all doubts, questions and disputes which may arise shall be subject to their decision. Their decision shall be based upon these Rules so far as they will apply, but as no rules can be devised capable of meeting every incident and accident of sailing, the Sailing Committee should keep in view the ordinary customs of the sea, and discourage all attempts to win a race by other means than fair sailing and superior speed and skill. The decisions of the Sailing Committee shall be final. No member of the Sailing Committee shall take part in the decision upon any disputed question in which

he is directly interested. The Sailing Committee shall award the prizes, subject to Rule 26. If any yacht be disqualified, the next in order shall be awarded the prize.

8. The Sailing Committee, which shall consist of five members, *three of whom shall form a quorum*, shall have power to postpone any race, should unfavorable weather render such a course desirable.

Postpone-
ment of
races.

MEASUREMENT.

9. The measurement of yachts shall be of length and sail area according to the following formula :

Measure-
ment for sail
area

$$\frac{L. W. L. + \sqrt{\text{Sail area.}}}{2} = \text{Racing Length.}$$

Length to be measured from the forward side of stem at the load water line to the load water line at stern, wherever found, exclusive of any part of the rudder. This measurement to be taken when the yacht is afloat and in her ordinary trim, and without the crew on board.

Length.

The Measurer, at the time of taking his measurements to affix a distinctive mark at each point.

The sail area is to be ascertained by taking a perpendicular along the after side of the mainmast from the upper side of the gafftopsail block or sheave on topmast to the upper side of boom when resting on the saddle, or on the lowest part of goose neck ; the length of which line is to be recorded by the Measurer, together with the other points used in measurement. But the measurement to be recorded as the height of the perpendicular shall in no case be taken as less than the distance from the upper side of main boom to the under side of the cross trees, or if the yacht have no cross trees to the under side of the main rigging (in the case of cat boats, perpendicular to be taken from the upper side of the throat halliard sheave), with four-fifths of the length of the gaff added thereto.

Perpendicu-
lar.

On schooners, cutters and sloops, a base line to be taken

Base line.

from the beehole or point of contact of the jib-stay on bowsprit or flying jib-stay on jib-boom to the end of the main-boom, with one-quarter of the length of the main gaff measured from after side of mast to end added thereto. Any extension of either gaff or boom to be considered part of the gaff or boom. On yawls a base line is to be taken to the end of mizzen-boom without any addition. On cat boats the base line to be the length of the boom, with $\frac{1}{4}$ length of gaff added. Where the jib is set flying the measurement will be taken from the pin of the outhaul sheave.

Method of
obtaining
sail area.

The area from these figures is to be obtained by multiplying the base by the perpendicular and dividing by two. To the square root of the area, as ascertained, add the length, as ascertained, and divide by two; the result is the measurement for time allowance.

Time allow-
ance.

Any change in these measurements to be reported to the Measuring Committee. Time shall be allowed on arrival for difference in corrected length according to the annexed scale, increased or decreased in proportion to the length of different courses.

Mixed races.

In mixed races, schooners shall be rated at 85 per cent. of their sailing length, and yawls at 94 per cent of their sailing length.

ENTRIES.

Entries.

10. Entries shall be made with the Secretary of the Club the day before the day appointed for starting each race. In case of a Sunday intervening, twenty-four hours shall be added. An extension of time may be granted by the Sailing Committee in the event of delay being shown to their satisfaction to have been unavoidable.

ing flags.** 15. Each yacht must carry at her main topmast head or main-peak, a distinguishing flag of a suitable size, which must not be hauled down unless she gives up the race, except in case of Rule XXVI.

Number. Each yacht must display her distinguishing number in a conspicuous manner on both sides of the peak of the main-sail, and any mistake arising by any yacht not so displaying her number shall be at her own risk.

16. Every yacht entered for a race shall, at the time of entry, or as soon after as possible, be supplied with written or printed instructions as to the conditions of the race, the course to be sailed, marks, etc. Nothing shall be considered as a mark in the course unless specially named as such in these instructions, or in the chart of the course, should one be furnished.

And in the case of first and second class yachts, exclusive of the cook or any *bona fide* member of the press, neither of whom shall, however, in any way assist in the working of the yacht.

RUNNING AGROUND.

19. Any yacht running on shore or foul of a buoy, vessel ^{Running} or other obstruction, may use her own anchors, boats, warps, ^{aground.} etc., to get off, but may not receive any assistance except from the crew of the vessel fouled. Any anchor, boat or warp used must be taken on board again before she continues the race.

FOULING YACHTS, MARKS, ETC.

20. Each yacht must go fairly round the course; and ^{Fouling} must not touch any buoy, boat or vessel used to mark it out, ^{yachts.} but shall not be disqualified if wrongfully compelled to do so by another yacht. Any yacht causing a mark vessel to in ^{Marks, etc.} any way shift her position to avoid being fouled by such yacht, shall be disqualified. If a yacht, in consequence of her neglect of any of these rules, shall foul another yacht, or compel other Yachts to foul, she shall forfeit all claim to the prize, and shall pay all damages.

STARTING.

21. The yachts shall start from moorings, anchors, or ^{Starting.} under way as directed by the Sailing Committee. Half an hour before the time of starting a gun shall be fired and a flag hoisted, as a signal for the yachts of each successive race; in case of a start from anchors or moorings, to take up their stations for the start with headsails down, or all sails down, as the Sailing Committee may direct; or in case the start be a flying one, to approach the starting line.

Five minutes before the start a preparative gun shall be fired. At the expiration of five minutes *exactly* the flag shall be hauled down and a third gun fired as a signal to start. No time shall be allowed to cross the line.

In a flying start, if any yacht, or any part of her hull or ^{Flying} spars, be on or across the line before the signal to start is ^{starts.} made, she must return and recross the line; a yacht so returning or one working into position from the wrong side of the line after the signal to start has been made, must keep clear of all competing yachts. Should the gun miss fire, the lowering of the flag should be the signal to start.

MEANS OF PROPULSION.

Means of propulsion 22. No towing, sweeping, poling or pushing, or any mode of propulsion except sails, shall be allowed.

ANCHORING.

Anchoring. 23. Yachts may anchor during a race, but must weigh their anchor again, and not slip. No yacht shall, during a race, make fast to any buoy, stage or pier, or send an anchor out in a boat, except for the purpose of Rule 19.

PROTESTS.

Protests. 27. Should the owner of any yacht, or the person acting as his representative, consider that he has a fair ground of complaint against another for foul sailing, or any violation of these Rules, he must, if it arise during the race, signify the same by *showing the Distinguishing Flag conspicuously in the main rigging till the conclusion of the race*. The protest shall be made in writing, and under such regulations (if any) as the Sailing Committee may have determined, within twelve hours of the arrival of the protesting yacht, and shall be heard by the Sailing Committee and decided, after such inquiries as they may consider necessary. 29.—RIGHT OF WAY.

1. When one yacht is approaching another yacht so as to involve risk of fouling, one of them shall keep clear of the other as follows :

Yachts ap-
proaching.

2. A yacht free shall keep clear of one close-hauled.

Yachts run-
ning free.

3. When both yachts are close-hauled, or both free, or both have the wind aft and have the wind on opposite sides, the yacht with the wind on the port side shall keep clear.

Yachts

4. When both yachts are free, or both have the wind aft and have the wind on the same side, the yacht to windward shall keep clear.

Two yachts
running free

5. A yacht with the wind aft is deemed to have the wind on the side opposite to that on which she is carrying her main-boom. A yacht with the wind aft shall keep clear of a yacht on any other point of sailing.

Wind aft.

6. An overtaking yacht shall in every case, as long as an overlap exists, keep clear of the yacht which is being overtaken.

Overtaking
yacht.

7. An overlap is established when an overtaking yacht has no longer a free choice on which side she will pass, and continues to exist as long as the leeward yacht by luffing, or the weather yacht by bearing away, is in danger of fouling.

Establish-
ment of an
overlap.

8. When of two yachts one is obliged to keep clear, the other shall not so alter her course as to involve risk of fouling.

Avoiding
fouling.

9. A yacht may luff as she pleases in order to prevent

another from passing her to windward, provided she begins to luff before an overlap has been established.

Bearing
away.

10. A yacht shall not bear away out of her course so as to hinder another in passing to leeward.

Passing on
port side to
avoid colli-
sion.

11. If two yachts are meeting end on, or nearly end on, so as to involve risk of collision, the helms of both shall be put to port, so that each may pass on the port side of the other.

12. A yacht shall not become entitled to her rights on a new course until she has filled away.

Yachts
close-hauled
yacht to lee-
ward.

13. When two yachts both close-hauled on the same tack are converging by reason of the leeward yacht holding a better wind, and neither can claim the rights of a yacht being overtaken, then the yacht to leeward shall keep clear.

Overlaps.

14. If an overlap exists between two yachts when both of them without tacking are about to pass a mark on the required side, then the outside yacht must give the inside yacht room to pass clear of the mark. A yacht shall not, however, be justified in attempting to establish an overlap, and thus force a passage between another yacht and the mark after the latter has altered her helm for the purpose of rounding.

Marks.

15. A mark in any vessel, boat, buoy or other object used to indicate the course, and does not in the preceding section involve any question of sea-room.

Yachts in
danger of
running
aground.

16. When a yacht is in danger of running aground, or of touching a pier, rock, or other obstruction, and cannot go clear by altering her course, without fouling another yacht, then the latter shall, on being hailed by the former, at once give room; and in case one yacht is forced to tack or bear away, in order to give room, the other shall also tack or bear away, as the case may be, at as near the same time as is possible without danger of fouling.

TABLE OF TIME ALLOWANCE.

The allowances in this Table are based upon the rule accepted by naval architects, that within economic limits opportunities for speed vary in different vessels as the square roots of their respective lengths. As strong winds are required, however, to give to larger vessels the full extent of their advantage in size, and as such a scale of allowance is not adapted to ordinary summer racing, 40 per cent. only of the allowance due to the rule is given in the table, and may be stated thus:

Time equals $.4 \left\{ \frac{3600}{\sqrt{1}} - \frac{3600}{\sqrt{L}} \right\}$; 3,600 representing the number of seconds in an hour, 1 the small yacht and L the larger one. Practically the formula is $\frac{1440}{\sqrt{1}} - \frac{1440}{\sqrt{L}}$ 4-10ths of 3,600 being 1,440.

The Annual Meeting will be held in Shaftesbury Hall on Saturday, 25th April, at Eight o'clock, p.m

ROYAL CANADIAN YACHT CLUB.

TORONTO, April 7th, 1891.

The Committee of Management, in submitting the ANNUAL STATEMENT for the Financial Year ending 31st March, 1891, beg to report as follows:

EXPENDITURE.—The amount \$2114 expended during the past season on Capital Account and for improvements and repairs appears large, but when it is taken into consideration the nature of these improvements, and that they are of a substantial and lasting character, it will be readily seen that the expenditure has been well and judiciously made.

Amongst the most important of these improvements are the purchase and erection of a suitable Steam Engine and Boiler and Steam Pump which were found to be absolutely necessary for supplying, at all times, a plentiful amount of water for the building and for maintaining the grounds in proper order, which latter, at the close of the season, were pronounced to be in excellent condition. The increased pressure obtained adds materially to the protection of the buildings against fire.

CLUB HOUSE.—The Club House has been enlarged by an addition to the south-west and the new building properly furnished, thereby affording increased accommodation to the Steward's Department, a want hitherto much felt. To the Cooking Department has been added a large Steel Range of modern design, the stove formerly in use having been condemned as useless after several years service.

FURNITURE.—A large outlay has been occasioned in purchasing Carpets for the Dining Room, Hall, and Main Stairway, as well as Tables, Chairs, Cutlery, etc., for the Dining Room.

GROUNDS.—A suitable Lawn Roller and new Water Service are among the improvements to the Bowling and Tennis Grounds.

LAUNCH.—The Launch has been furnished with new Cushions and Oilcloth.

YACHTING.—The Racing Season of 1890, may be said to have been a successful one.

CLUB RACES.—There were sixteen Club Regattas held during the season.

L. Y. R. A.—On the 15th August, the L. Y. R. A. Circuit Races were held under the auspices of the Club and proved a decided success, all the Association Clubs being fairly represented and each class well filled.

CARNIVAL.—On the 2nd July, was held the Carnival Regatta which brought together seventy-five yachts, the largest fleet ever witnessed in Toronto waters, and in the evening the illuminations at both Club Houses and on the yachts presented a scene of great brilliancy.

FLEET.—The number of Yachts at present in the fleet is fifty-one, and it is expected that three or four of the most modern type of boat will be added at the commencement of the season.

PRIZE MONEY, ETC.—The total sum devoted by the Club to the interests of Yachting for the past season was \$1824; of this amount \$1372 was expended in prizes: *i. e.*, \$835 for the Annual Regatta, and \$537 for the Club Races.

CLUB CUPS.—The Races for the Club Cups were all successfully sailed to a finish. The Racing Season opened on the 31st May, and closed on the 27th September.

L. Y. R. A.—At the Annual Meeting of the L. Y. R. A. held in Toronto on the 9th November last, several Amendments to the Association Rules were carried, two of the most important being the following:

(1ST.) That the table of time allowances be altered from 40% to 50%, as per Rule on page 41 Club By-laws and Sailing Rules.

(2ND.) That the only Classes in which Professionals shall not be allowed to handle Yachts, shall be those for boats of thirty feet corrected length and under.

VISITORS.—On the 30th May, their Royal Highnesses, the Duke and Duchess of Connaught, were entertained at the Island Club House, on which occasion His Royal Highness graciously consented to become a Patron of the Club.

BALL.—The Club Ball held at the Pavilion (Horticultural) on the 4th February, under the distinguished patronage of their Excellencies the Governor-General of Canada and the Lady Stanley, of Preston, who honoured the Ball with their presence, proved to be the most brilliant entertainment ever witnessed in Toronto, the success of which was due to the energies of the several active Committees who had charge of the arrangements.

QUEEN'S CUP.—The Committee took the opportunity of His Excellency's presence in Toronto in February last, to make application to him—as Her Gracious Majesty's Representative—for a Queen's Cup, and he very kindly expressed himself on the subject, and at his suggestion a memorial to Her Majesty was prepared and forwarded in due course, and your Committee have every hope of the request being granted.

MEMBERS RESIGNED, DIED, STRUCK OFF LIST UNDER BY-LAW 35, ETC.—During the year six members were removed by death, 32 resigned and 15 were struck off under By-law No. 36, making a total of 53. On the other hand 99 were elected of whom 57 are resident, 10 non-resident and 32 junior.

This compares most favorably with the previous year when the total number removed from the Club List was 74, with a new membership of only 86.

PRESENT STRENGTH.—On the 31st March, ult., the Membership amounted to 718, as below.
