SIX BIG POWERS LIKELY TO MEET

Sir Edward Grey's Suggestion of Conference of Ambassadors Will Probably Be Adopted.

FEARS SERIOUS DRIFT Step Will, It Is Hoped, Bring Groups Into Alignment—Points of Agreement.

LONDON, Nov. 28.—(Can. Press).—Sir Edward Grey's proposal that the ambassadors of the six great powers, Great Britain, France, Germany, Russia, Austria-Hungary and Italy, should assemble in one of the capitals with the view of emphasizing the points arising out of the Balkan war, on which the nations are already in agreement, is understood to have the support of Germany, France and Russia.

CHURCH TO RUN FOR BOARD OF CONTROL

He Is Young Yet and There Is Heaps of Time For Him to Be Mayor.

Controller Church definitely announced yesterday that he would run for the board of control on Jan. 1 next, instead of for mayor. He stated that he had been urged by many friends to do so had a vacant seat occurred during the present year.

CITY WILL SEEK SPECIAL HEARING ON YONGE STREET SUBWAY BY DOM. RY. BOARD

Controllers Object to Being Held Up For Heavy Land Damages and Will Ask Commission to Order Railways to Pay a Share — Commissioner Forman Values General Hospital at Four Hundred Thousand.

A special hearing of the Yonge street subway question before the Dominion Ry. Board will be sought by the City of Toronto. The city fathers affirm that they should be required to pay double the exorbitant price for a bridge which is necessary for facilitating vehicular traffic on the city's main artery. The controllers want the railway to pay a 50 per cent. of the extra cost of an 18-foot subway.

Controllers' Opinions. "With a 14-foot subway you will be cutting off the city up. We should certainly have an 18-foot subway," said Controller Church. "It is in favor of an 18-foot subway, but we are stuck for heavy construction, so that it will be in a position to do so without affecting the railway construction. This was not approved and the application was not made."

**WAR FEELING IN VIENNA IS STRONG**

**Patriotic Songs Sung in Music Halls and Military Concerts Are Given Nightly.**

LONDON, Nov. 28.—(Can. Press.)—The Daily Mail's Vienna correspondent says it is believed in military circles that Austria will take no steps to drive the Servians out of Durazzo, at least till her war preparations are completed, because such a step would almost certainly bring her into conflict with Russia.

The war feeling in Vienna is very strong. Patriotic songs are sung in the music halls and there are military concerts nightly.

**EARNINGS OF C. P. R.**

Comparatively Small Increase Shown for October—Large Net Surplus.

MONTREAL, Nov. 28.—(Special.)—C. P. R. earnings for October were: Gross, \$18,960,222; working expenses, \$7,995,511; net profits, \$10,964,711.

In October, 1911, net profits were \$10,410,000 and for four months ended Oct. 31, 1912, figures are as follows: Gross earnings, \$48,944,248; working expenses, \$30,466,952; net profits, \$18,477,296.

For the four months ended Oct. 31, 1912, there was a net profit of \$18,477,296. The increase in net profits over the same period last year is \$1,067,296. For the four months ended Oct. 31 there was an increase of \$2,100,148.

**SASKATOON'S \$2,000,000 LOAN.**

LONDON, Nov. 28.—(C. A. F.)—The Financial Times understands an issue is about to be made here of two million dollars, five per cent. consolidated stock of the City of Saskatoon, at a price to yield the investor more than five per cent.

The same journal is authorized by the directors of the Furness Withy Company to state there is no foundation for the report which has been circulated in reference to shipping amalgamations, in which they are interested. No such negotiations are either in progress or in contemplation.

**TENANTS AS LANDOWNERS.**

Under the heading "Tenants vs. Landowners," The Christian Guardian says:

"Has a tenant a right to vote upon money bylaws? This is a question which is being seriously and warmly debated in Toronto just now. It is proposed to give the tenant the right to vote upon certain money bylaws, and the proposal is being opposed most vehemently. The strenuous character of the opposition may be judged by the following sample editorial in one of the dailies. The editor says: 'No one who has the intelligence to perceive, and the moral sense to condemn, any of the most obvious forms of fraud ought to be in doubt about the character of the proposal to give tenants the right to vote on money bylaws. It is the crudest piece of imposture that has ever been proposed to practise on this much-buncoed city. The Mail and Empire, The Globe and The Telegram are all opposed to it. It is claimed that the money bylaw is really a mortgage on the real estate of the city, and it is argued that only the owners have any right to encumber their property. There is no questioning the fact that this is the traditional law, which has long been unquestioned. But it seems almost equally plain that if this view were carried to its logical conclusion, both municipal, provincial and Dominion voting would be restricted to the owners of land. And there seems to be no doubt that the tenant ultimately pays the taxes in every case. It is true he does not own the land, but he pays a rent which covers all charges against the property, and any heavy expenditure by the city will usually result in an increase of rent sufficient to meet the increased assessment upon the individual property. And in regard to such things as waterworks extension, it does seem rather strange, to say the least, that the tenant should have no right to vote for any necessary expenditure in this matter, where the health and very life of himself and family may be dependent upon it. Of course, it is argued that the tenant is largely a bird of passage, and as such has not the vital permanent interest in the city which the land owner possesses, but this cannot be accepted as true without full corroboration. Are the tenants in the city simply birds of passage? We do not think they are, and even if they were, would not the same argument debar them from voting at all? We wish it were possible for all our tenants to become land owners, but is it possible? And if it is possible, is it fair to discriminate against them in the matter of voting upon such vital projects as parks, waterworks and other things which are really civic necessities? The matter cannot be settled by vigorous affirmation, nor by appeal to precedent, but by a careful and accurate survey of present-day facts.'

**HELPING THE JUDGE.**

A case was being tried in the west of England, and at its termination the judge charged the jury, and they retired for consultation. Hour after hour passed and no verdict was brought in. The judge's dinner hour arrived and he became hungry and impatient. Upon inquiry he learned that one obstinate jurymen was holding out against eleven. That he could not stand, and he ordered the twelve men to be brought before him. He told them that in his charge to them he had so plainly stated the case and the law that the verdict ought to be unanimous, and the man who permitted his individual opinion to weigh against the judgment of eleven men of wisdom was unduly and disqualified ever again to act in the capacity of jurymen.

At the end of this excited harangue a little squeaky voice came from one of the jury. He said: "Will your lordship allow me to say a word?"

Permission being given, he added: "May it please your lordship, I am the only man on your side."

**ADRIANOPLE IS CLOSE PRESSED**

**Turks Attempt Sorties Daily Only to Be Beaten Back With Heavy Losses.**

LONDON, Nov. 28.—(Can. Press.)—A Belgrade despatch to The Daily Telegraph says:

"The first Servian wounded have arrived here from Adrianople. Among them is an officer who tells interesting details of the siege. He says that during three weeks, since the arrival of the Servians before Adrianople, not a single day has passed without the Turks attempting sorties, but always retreating with great losses.

"The meaning of the sorties is incomprehensible, as without the protection of the forts the Turkish army would be annihilated in two days. The fortifications consist of many trenches, which are connected with the forts by a circular railway. The trenches are full of water.

"In time of peace the forts mount thirty batteries, and these are now being attacked by 500 guns, which are pouring an infernal fire into the works. Eighty thousand soldiers are shut up in Adrianople and the provisions cannot last much longer.

"Many of the trenches are protected by wire, and some of them are only 250 yards from the besiegers, who are pressing the city on three sides. The Serbs of the Danube division, between Arda and the Maritza River, are exposed to the heaviest Turkish fire. Fighting is in progress every day and night, except on nights when a thick fog prevails. The roaring of Turkish arms is incessant but ineffective.

"Adrianople, according to the officer, must fall soon, as the Turkish fugitives report that hunger is already taking on the troops and population."

**ANIMALS THAT REALLY COUNT**

**Vaudeville Entertainers Incomparable to Untrained Animals.**

Animals that have been trained to count, or at least give the impression that they can count, have afforded audiences at vaudeville shows or the circus considerable entertainment, but wonderful as their performance appears to be, it cannot be compared to the intelligence of untrained animals that count up to twenty or even thirty or a hundred.

In some of the mines in Hainault, Belgium, horses are used to haul ore over a little roadway and back by another route as the tunnels are narrow. Thirty such trips, according to a writer in an exchange, constitute a day's work for the horses and without a word from the drivers, these horses will start for the great incline that leads to their stables at the end of the thirtieth trip. In fact, many of the drivers do not keep account of the trips at all, knowing the horses will lead to their stable at the end of the thirtieth trip the horses wheel suddenly and make for the outlet, these drivers have to jump off and hold them long enough to loosen the catches that hold the tugs to the little cars.

But even this is beaten by one "The stupid ox" has become a well-known phrase the world over, and yet, according to Montaigne, the oxen employed in the royal gardens of Susa to turn the wheels to which water pails are attached, absolutely refuse to do more than 100 rounds, as that was their day's work.

The work consisted of having the oxen travel in a circle, keeping the water drawing wheel in motion and without fail on the 100th trip around the circle the oxen would stop. Nor could they be urged to make another round.

**DIED OF EXPOSURE.**

**Police Looking for Person Who Left Baby on Road Side.**

For the next two weeks the detective department will try to identify the body of a baby which was found by Dominick Cannavolci and two other Italians near the foot of Strachan avenue about 4.30 p.m. Wednesday.

The evidence of Dr. J. H. McConnell, who performed the post-mortem examination, was taken last night at the inquest which was opened by Coroner Wigham.

**THE COLLEGE SPIRIT.**

The prosperous-looking citizen came swinging down the street, his face radiant with satisfaction, his chest swelled up with the fresh morning air. He was happily disposed toward the world and all mankind. At the corner he saw a miserable object which had once been a real man. The poor fellow, clad in rags, was shivering, and hunger had emaciated his form and put dark valleys in his cheeks.

"My good friend," said the prosperous one, "apparently you have not been as fortunate as I have. I feel the impulse to help you."

He took the tramp to a clothing store and fitted him out in new toggery from head to foot. When they emerged from that establishment, the tramp looked like the reincarnation of Beau Brummel with bells on. The next stop was at a restaurant, where the starving man got away with about \$8 worth of food. His eyes were sore with the light of gratitude, and he dearly loved his rescuer.

"Now," said the rich man, "I am going to the Yale-Princeton football game. I am a Yale man, and I know Yale will win."

"Quit your kidding!" objected the tramp hotly. "Princeton's going to win."

They argued it for half an hour, and at the end of that time the tramp, fully invigorated by his meal, caught the rich man by the collar, blacked both his eyes, wiped up the pavement with him, and then threw him into the gutter.

**WARD SIX "LIBS" OPEN NEW CLUB**

**"Liberalism has always stood for advanced progressive legislation for the masses and also the principles of education for the ordinary citizen in all parts of the world," said Alex. Wylie, president of Ward Six Liberal Association, at the opening of their club rooms at 234 Gladstone avenue, last night. In explaining the objects of the institution he said that it was founded for organization, social and educational purposes.**

Speaking on the "Economic Faults of the Conservative Party," Gordon Waldron attributed the defeat of the Liberal party in the last Dominion elections partially to the wealth and influence of the great corporations, railroads in particular. In the course of his address, he referred to Sir Geo. Ross as being a tool of the Conservative party to defeat the policies of Sir Wilfrid Laurier.

**RAZORS WERE STOLEN.**

William M. Dart, alias Walter M. Brown, is alleged to have secured two dozen razors of Lee Bros. yesterday afternoon and paid for them with a worthless cheque on a fictitious person by the name of Walter M. Brown. The razors were worth \$17 and Lee Bros. promptly notified the detective department. Detective Taylor secured a description of Brown and last night arrested him at a house on Jarvis street.

**MANNING NAVY ISN'T EASY JOB**

**Many Canadians After Taste of Nautical Life Yearn to Join Land-shore Lubbers.**

OTTAWA, Nov. 28.—(Can. Press.)—The uncertainty of the Canadian naval policy has done much to curtail the activity of the naval service department in the last fiscal year, according to the annual report, just published. No special effort to obtain recruits has been made, and, all told, they number 246. Of this number, 111 recruits and 38 others deserted. Many of them came from inland points, disliked sea life and quit.

The appropriation in the year was \$3,000,000, and the expenditure \$1,232,456. Considerable incidental work was done on dockyards, but this, too, was curtailed because of uncertainty as to the naval policy.

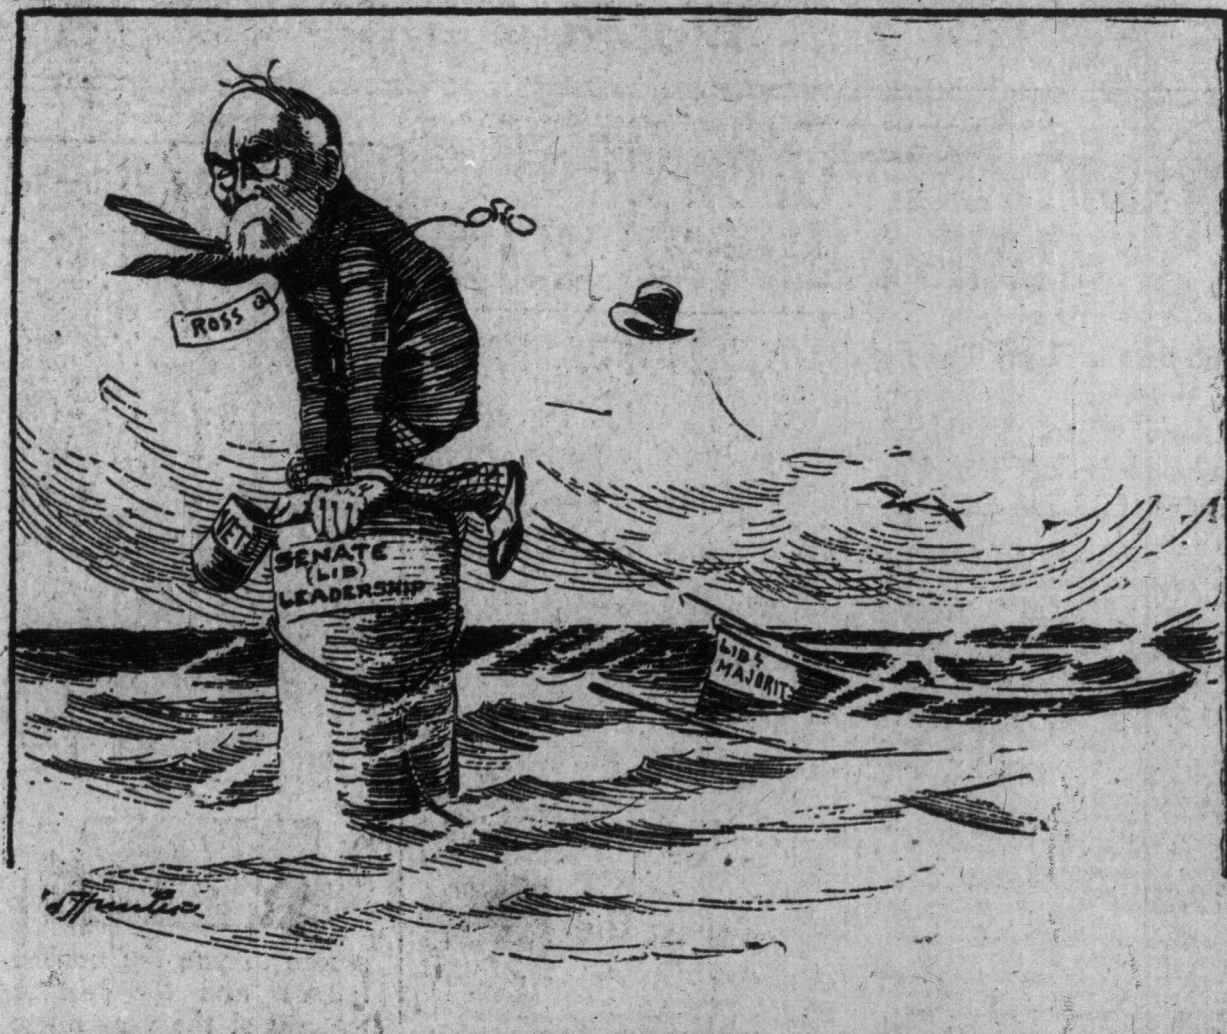

**FOR OUTDOOR SCHOOLS.**

Medical Health Officer of Galt Also Urges Medical Inspection.

GALT, Nov. 28.—(Special.)—In a report of wide range evidencing much research, Dr. Vardon, medical health officer, advocates outdoor schools and medical inspection of pupils, and urges on the council to adopt such measures in the interest of the rising generation, 25 per cent. of whom, he declares, are mentally or physically defective.

Dr. Vardon strongly affirms the necessity of laws providing for medical examination of all candidates for matrimony and granting licenses only to couples absolutely fit in mind and body to contract marriage.

**"JUST MY LUCK IF THAT BOAT GETS AWAY NOW."**

**To Convenience the Public**

The following complaint is from an article which appeared in the public press relative to cars stopping on Danforth Avenue at the head of Broadview Avenue:—

"Much dissatisfaction has long been expressed by the people resident on Broadview Avenue and subsidiary streets at the action of the Street Railway Company in refusing to stop the cars on Broadview Avenue to allow passengers to alight. Before the cars stop they turn into Danforth Avenue, which is a mud-hole, and the passengers have to run the risk of stepping into an unprotected rut, simply through the red-tape of the railway company.

"There is no reason why the passengers should not be allowed to alight on Broadview Avenue, which is a nicely-paved street, but there is every reason for complaint at being taken into Danforth Avenue."

This is the first time that complaint about this particular corner has come to my notice, but the policy of the Company as clearly expressed in notices to its employees would, if carried out by them, have rendered unnecessary any complaint of this nature on the part of citizens in that district or any other.

I quote from Order No. 293 to Motormen, the third paragraph of which applies to just such cases as is referred to in the present complaint:—

**RAINFORMS AND MUDDY CROSSINGS.**

During severe rain-storms, where there is a considerable distance between stopping-places, Motormen, by stopping their cars on request at any street not a regular stopping-place, or midway if it is a long block, would often confer a favor on many who would otherwise have to walk back in the rain and be drenched.

At such stopping-places where there is not permanent pavement, or where the crossings are in a muddy or slushy condition, Motormen will oblige by selecting the most suitable place for passengers to board or alight in comfort, without regard to where the white pole may be located.

Motormen—By carrying out these instructions you will be performing acts appreciated by many, who will respect you for having displayed consideration for the comfort of passengers traveling daily upon the cars." (Order No. 293.)

Also a more recent order:—

"Complaints have been received, to the effect that Motormen are not complying with instructions in regard to stopping their cars, when nearing a stopping-place, at the most convenient spot for people to board or alight from the cars when the streets are in a muddy condition.

"In many places over the system, especially on east Queen Street, the roadway is very muddy, and there is only a narrow crossing for passengers to board or alight from the cars in comfort; these crossings may not be exactly opposite the white post, but Motormen will oblige by stopping their cars, so that passengers may use these crossings to enable them to avoid the mud. See Order and Notice No. 293."

I wish to reiterate that the Company's policy is that cars shall be operated for the convenience and accommodation of the public. And in all instances where conditions of weather or pavements are not normal, we expect, and have so instructed, motormen to exercise good judgment and consideration for the traveling public.

Any passenger who feels that this policy is not being carried out will confer a favor upon the management by reporting the particulars to the Company, when the case will be investigated.

CARLISLE INDIANS SHUT OUT BROWN

Thorpe Makes Three of the Five Touchdowns and Also Kicks Two Goals.

PROVIDENCE, R.I., Nov. 28.—James Thorpe, one of the most versatile Indian athletes ever developed at the government school at Carlisle, Pa., closed his football career with a bias of glory on Andrew's Field today, when the Indians, principally thru their leader's individual play, defeated Brown 22 to 0. Thorpe was in nearly every play both on the offense and defense, made three of the five touchdowns and kicked two goals. His only failure of the day was in his endeavor to kick field goals, which were difficult because of the slippery, snow-covered field and wet ball.

ROD MACKENZIE TWO AT JUAREZ

Buckhorn Wins Feature on Opening Day, While Helen Barbee Lands the First—Jamestown Results.

JUAREZ, Nov. 28.—Rod Mackenzie won two races here today, including the handicap, the feature race of opening day, which he won by a wide margin. Helen Barbee in the first race was his other winner. Four favorites and two second choices cleaned up the card. The track was slow.

FIRST RACE—Six furlongs: 1. Helen Barbee, 112 (Loftus), 7 to 10. 2. Reda, 105 (W. Gargan), 10 to 1. 3. Kootenay, 105 (Gross), 15 to 2. Time 1:08 5/8. G. M. Miller and Lady Patchin also ran.

Blackford Wins Stakes

NORFOLK, Nov. 28.—Blackford won the \$100 selling stakes at Jamestown today. Favorites won only three of the seven holiday races.

THORPE MAKES THREE OF THE FIVE TOUCHDOWNS

PROVIDENCE, R.I., Nov. 28.—James Thorpe, one of the most versatile Indian athletes ever developed at the government school at Carlisle, Pa., closed his football career with a bias of glory on Andrew's Field today, when the Indians, principally thru their leader's individual play, defeated Brown 22 to 0.

Brook After the Record

It looks as if the biggest crowd that ever invaded Buffalo from Toronto is going over the Y.M.C.A. excursion via the C.P.R. on Saturday at 11.50. So big has been the demand for the tickets that the C.P.R. have given the Y.M.C.A. boys two extra coaches.

HAVE YOU EVER GIVEN OUR LINE A PULL?

Every yard of our strictly all wool suiting and overcoating will stand a strong pull; moreover it will stand the test of fire and chewing up by the man born on the hills of Scotland. We care not if you sheared the sheep or wove cloth in your younger days; if so you are the man we are looking for, because, as a matter of fact, our most appreciative patrons are the men who know not only all wool but also pure mohair linings, good cutting, fitting and fine hand tailoring.

We are going to tell about a real snap in genuine high-class Scotch suitings and overcoatings imported to run at thirty-five dollars. Saturday and Monday at the can't resist price.

FOR CHRISTMAS

Parents, Sunday school teachers, everybody, at some time or other, gives a Bible as a Christmas box. The opportunity to secure one that will combine all the features of the usual presentation Bible, and, in addition, something decidedly new and attractive, will be lost after Nov. 30, as The World's distribution of the New Illuminated Bible closes after that date. The World's Bible is different only in the embellishments—which attract the indifferent and casual reader. The six hundred text pictures are of never-ending interest to the child, as well as an aid to the mature reader. The colored reproduction of the famous Tissot's paintings are an inspiration to the Bible student, and vividly bring to mind the grandeur and magnificence of Biblical times. You have a choice of either a Protestant (St. James' version) or Catholic (Douay version), both bound in limp leather, gold lettered, with overlapping edges. Thru the efforts of The World Newspaper, it is possible to secure a copy of this Bible, but as the distribution closes on Nov. 30, you will have to hurry. One coupon from The Daily World and a small change secures it.

Miss Roberts, the travelers' aid, assisted 164 hours at the depot, and assisted 164 persons, some of whom were cared for at the hall. The formal opening of the hall will take place next Tuesday at 8 o'clock.

A Suggestion for Xmas Shoppers

The real joys of Christmas are known only to the early shopper. Gift choosing during the crowded days preceding Christmas is in most cases not only a wearisome task, but most unsatisfactory. Our unique assortment of "out of the ordinary" gift things contains many exclusive articles, which we cannot possibly duplicate. Choose wisely by choosing early.

BRITAIN'S FUTURE AND THE COLONIES

Canada Will Play an Important Part, Says Hon. W. H. Hearst at Empire Club.

GREAT RESPONSIBILITY

Ontario Will Take a Prominent Part in Helping to Maintain Britain's Supremacy.

"The future and supremacy of the British Empire depends largely upon her colonies, of which Canada is the most important," said Hon. W. H. Hearst at the Empire Club meeting yesterday. He spoke of the fact that her colonies are giving to her, as a great-empire, more before than has been her glorious past.

Mr. Hearst quoted some extensive statistics showing the vast resources, some of which have not as yet been touched, in Ontario, and also statistics showing the progress of the Dominion of Canada since the time of confederation. "Ontario," he said, "is the keystone of the arch of federation, and she devotes more especially upon us to the maintenance of the highest standard of civilization, not only commercially, but intellectually, so that from the centre of the Dominion, she radiates the light of civilization, making, as I believe, the great civilization of the world emanating from the Dominion of Canada."

HAVING GREAT FUN SOLVING PROVERBS

Continued From Page 1.

Some say they can hardly wait until the prizes are awarded, while others write that they regret to see so interesting and amusing a feature drop to the wayside. That the end is not far away is true. Only seventeen more pictures are to be published, and after that date it will be so very long until some fortunate competitor will be thrilled by the "chug-a-chug-chug" of the Jackson touring car, or listening to the strains of a deep, rich-toned, melodious piano or happy in the possession of one of the other valuable and attractive prizes.

From Hamilton, Ont., the contest manager received the following note of appreciation: "Please tell your artist that the expression he manages to radiate in the face of the little imp in the picture forms one of the best parts of the show. It's capital."

"C. F. R." We have already told the artist about it, and he was delighted to know that his efforts of toil were so well received. To those who have yet entered there is an exceptional opportunity thru the special free coupon offers to get started now, and be numbered among the lucky ones.

The special offers will be open until 10 o'clock Saturday night, Nov. 30, and those who desire to take advantage of them should lose no time, as there will be no more special coupon offers after the present ones expire. Of course, this does not mean that it will be too late to enter the contest, but it does mean that it will be late to get free coupons. After Nov. 30 the price of the coupons will be regular—one cent for the daily and five cents for the Sunday.

ASK THE PLOWMEN TO BREAK LAND

One Hundred Farmers Will Be Invited to Prepare Vacant Lots in Toronto For Planting.

Secretary J. Lockie Wilson of the Ontario Plowmen's Association, stated to The World yesterday that he will move at the next meeting of the association that one hundred plowmen living within short distances of Toronto undertake to break four acres of lots offered for gardening purposes next spring. The association has from time to time been the recipient of many kindnesses from Toronto citizens in the form of prizes and trophies, and hospitality extended during conventions, and further reason Mr. Wilson said he believes the members residing on farms near the city will gladly come in for a day in the early spring and turn the vacant ground into shape for the enthusiast's hoe.

Mr. Wilson intimated that he expects to see some of the organization's members in Toronto early in the year, probably a vacant gardening club as in Minneapolis, to take in hand the proposed work. The problem of plowing up the land he believes will be solved by an offer from the Ontario Plowmen's Association, and the only expense to the club in that case might be the cost of entertaining the plowmen at a dinner.

Neckwear in a vast variety of shapes and colorings. Prices 50c. \$1.00, \$1.50. Hickey & Pascoe, 97 Yonge street.

Toronto Water Rates. Water takers are reminded to pay their water rates early, secure the discount and avoid crowding. Water rates may be paid at branch banks throughout the city until Nov. 30. After that date payment must be made at the city hall. To secure full discount payment must be made not later than Nov. 28.

SPEECH BY FOSTER EAGERLY AWAITED

Trade Minister's Utterance on Naval Policy Expected to Be Illuminating—To Australia in January.

OTTAWA, Nov. 28.—(Special).—Hon. George E. Foster is expected in the capital either tomorrow afternoon or Saturday, returning from London, where he attended the sittings of the imperial trade commission. The minister of trade and commerce will not be able, according to his present plans, to occupy his seat on the treasury benches for any great length of time during the session.

He will likely take part in the naval debate and his speech on this occasion is being looked forward to with pleasurable anticipation by members on both sides of the house. At the first opportunity Mr. Foster will introduce to the house for ratification the West Indies trade agreement. This of his hands, he proposes leaving for Australia towards the latter part of January, to be present at sittings which the imperial trade commission will hold in the commonwealth.

More Naval Information. It is rumored in well-informed circles here that while in England Mr. Foster secured additional memoranda from the imperial authorities, relative to the naval situation, which he will place in Premier Borden's hands on Saturday.

This it is understood is one very good reason why the government is not displaying much worry over the length of the debate on the address, as Premier Borden is anxious to have the information which Mr. Foster is bringing before him to further fortify his position, when he makes his naval proposal to parliament.

While in Australia Mr. Foster, it is expected, will conclude the trade negotiations which the commonwealth and Dominion Government have been carrying on during the past eight months.

While the correspondence on this subject and the result of the conference held in Ottawa with Sir George Reid have of course been of a confidential nature, it is understood that a number of Canadian manufactured articles are to be given a preference in Australian markets, and that in return the Dominion will lower the tariff on a number of commodities imported from Australia.

Something New LIPTON'S COCOA

At Your Grocers Large Trial Package 10c

NEW YORK, Nov. 28.—Harry Smith yesterday settled his controversy with the Newark International League Club and affixed his signature to a contract to manage the Indians next season, at a salary of \$4000.

Smith will take hold of the team at once and with the agreement that he is to have absolute control will begin the building up of a team. So far Newark is the only club in the International which has never won a flag. Smith, thru an agreement made yesterday, will have first pick of the Brooklyn National League Club's superfluous players, and this is expected to provide him with a good start.

Solomon, who is slated for the presidency of the club, is to have full charge of the business and financial affairs, and is not to interfere with Smith's managerial duties.

The apportionment of the stock of the Newark Club, which was made known at yesterday's meeting, showed Charles E. Soloman has 6 shares; Wiseman's Brewery, Newark, 2; Abram Felst, 2; John McLaren, 1 and C. F. Schmidt, 1.

A rather curious fire broke out at 1:15 p.m. yesterday in St. Mark's Anglican Church, Perth avenue and McCleary. An overheated furnace was the cause and as the building was frame the flames soon gained headway. The interior of the church was completely gutted, but the combined efforts of the Keele street, Carlton and Perth avenue detachments succeeded in saving the building. The loss is estimated at over \$1000, which is covered by insurance.

St. John's Boys' Club held their first open social evening last night in their clubrooms, in the parish house, when the members of the club entertained about 40 boys. An hour's basketball and drill was followed by refreshments, after which a short program was rendered. Addresses were given by Dr. B. B. Wadsworth, Wadsworth, Rev. T. B. Smith and others.

The second annual benefit concert of Beavers Lodge, United Sannets Association, was held last night in the Annette street Masonic Temple. Aid. Sam Ryding occupied the chair, and an excellent musical program was rendered by local talent.

Court Toronto Junction selected their officers for the coming year at their regular meeting last night. The lodge will hold their annual at home in the Masonic Temple, Annette street. Good music is promised for the dancing by Mr. E. Johnston.

The laying of the new tracks on Dundas street was completed and cars will again run on the double tracks in a few days after the road bed is completed.

**North Toronto**

Large crowds were present yesterday in the Masonic Hall, at the sale of work by the Ladies Aid Society of the Davisville Methodist Church. Business was pretty brisk and in the evening the musical program was furnished by Llewellyn's Orchestra, which was much appreciated.

All the outbuildings of the Outlook Hotel have been removed, and the "town hall square" is expected to appear altogether. It is expected that the work of renovating the old hotel will commence any day now, and the fact that applications have been made for water service and sewer connection binds order that the work will not unduly be delayed.

Applications for hydro-electric power for North Toronto's surrounding districts are coming in fast and as soon as the town has lost its identity as a village, it is expected that the Bayview avenue electric lights for his residence, and his training stables, while a number of others on Blythwood road, outside of the town boundary, desire electric power for lighting purposes.

After a very successful season in the City League, for their first time as a club, the North Toronto Rugby Club are having a good game for their final clash of the season, since North Toronto has been a town there has been great rivalry between Davisville and Eglington in all lines of sports, especially hockey and baseball, and a few years ago in lacrosse. This year a new supremacy is to be decided. On Saturday, Nov. 30, owing to challenges by the boys of the south end, teams representing Davisville and Eglington will meet at the St. Clement's College grounds on Blythwood road, at 2:30. Special seating arrangements have been made for lady rooters of the team. Two Varsity men have been invited to handle the game. The club intends holding a dinner in the near future as a final wind-up.

**JOHN SMITH IS DEAD.**

John Smith, 52 years of age, who for over 50 years was a farmer in Markham Township, died yesterday, at his home on the 15th concession. He was born at Gwendale, Yorkshire, England. He is survived by four sons and three daughters.

**AURORA.**

The Imperial Bank of Canada has taken a ten years' lease of the building on the southwest corner of Yonge and Wellington streets, better known as the Casino store. They intend to open a branch here at once and are already fitting up the office.

The Young Men's Club of Trinity Church will listen to Frank Yelch's illustrated lecture on "Canada's Century of Peace" next Monday evening. The lecture is open to members of the club and their lady friends only.

Mr. Reynolds, cashier in Walton's private bank, has left town to reside in California.

**Italian Pottery**

Beautiful Reproductions in Antiques, Preserved in the Vatican and Italian Museums

The Christmas display of Pottery, Brassware and Art Objects arranged on our First Floor has been enriched by a splendid collection of Pottery, which arrived only a few days ago from Italy.

It comprises a great variety of large and small pieces, such as Vases, Jewel Boxes, Urns, Bowls, Pedestals, Flower Stands, Ferniers, Fountains, Chairs, Seats, etc., ornamented in relief with beautifully modelled floral and figure designs.

Apart from the beauty of the objects, the collection will prove of special interest to those who have travelled through Italy, for the reason that many of the pieces are exact reproductions of antiques preserved in the Vatican and in the museums of Naples and Ravenna.

In selecting these objects we have been careful to secure pieces that, while highly decorative and interesting, are of real utility in the furnishing of halls, palm rooms, conservatories, living-rooms, sunrooms, etc.

The prices are very reasonable. Jewel Boxes of various shapes and sizes beautifully decorated in relief sell at \$4.00 upwards, and there are Jardinieres at \$3.00. From these figures the range is upwards of \$170.00, which is the price of an exquisite modelled Fountain suitable for a conservatory or hall.

**Schoolgirl's Exhausted Nerves**

Headaches, Dizzy Spells and Weakness Overcome by Dr. Chase's Nerve Food.

At about the age that most girls are studying hardest at school studying for examinations there are important physiological changes taking place which are an additional strain on the nervous system.

Mrs. J. A. Gallop has had experience in the cases of her daughter and granddaughter, and for this reason her letter is particularly interesting to parents.

Mrs. J. A. Gallop, 135 Victoria street, St. John, N.B., whose husband is a carpenter, states:—"We have used Dr. Chase's Nerve Food in our family for nervousness, headaches, dizziness and nervous depression, and have found them satisfactory in every particular. My daughter Desale was going to school, and became quite run down in health. By the time she had used three boxes of this remedy her nerves were steady, her general health was excellent and she was entirely free from headaches and dizzy spells. We are more than pleased with the results of this treatment."

"The speaker was tendered a hearty vote of thanks, and a resolution was passed that each member should in his own way and in his own way, present his case as much as possible."

Dr. Stewart of Markham Village, together with twenty others, presented their cause for better roads for

BANKING ACT CHANGES

Senator Campbell Would Apply Brakes to Mergers - Approves Proposed Loans to Farmers.

OTTAWA, Nov. 28.—(Can. Press).—The naval proposals, banks, crops and the value of His Royal Highness the Duke of Cornwall's trip through Canada last summer were the outstanding points touched upon in the senate today.

Senator Campbell agrees with Senator Tople that the banks should be authorized to advance money against wheat in farmers' barns and granaries.

Senator Power, Liberal, Halifax, said he thought the naval paragraph in the speech was not well suited to the situation.
