ELGIN LOAN COMPANY

Directors Declare Depositors Will Be Protected, the Securities Being Intact.

LOAN COMPANY FAILS

THE ELGIN LOAN COMPANY OF ST. THOMAS, ONT., HAS BEEN PLACED IN RECEIVERSHIP. A NOTICE WAS POSTED ON THE DOOR, THAT "OWING TO THE ABSENCE OF THE MANAGER THE DIRECTORS HAVE DECIDED TO SUSPEND PAYMENT FOR THE PRESENT, FOR THE PURPOSE OF INVESTIGATING THE AFFAIRS OF THE COMPANY." THE MANAGER, GEORGE ROWLEY, LEFT ST. THOMAS SUNDAY. HIS DEFALCATIONS ARE ESTIMATED AT \$50,000. THE SECURITIES OF THE COMPANY ARE INTACT AND THE DEPOSITORS WILL BE PROTECTED, THE DIRECTORS SAY. THE SUSPENSION CAUSED A RUN ON TWO OTHER ST. THOMAS LOAN COMPANIES.

MANAGER RUNS AWAY

St. Thomas, June 15.—(From our own man.)—This has been a blue Monday in financial circles here. The failure of the Elgin Loan Company and the depositors in other loan companies a little restful, but the sudden departure of Manager George Rowley from the city during last night precipitated a climax almost a panic. In fact were the Elgin Loan Company and the Southern Loan Company and the Southern Loan Company all day, the anxious eyes were being turned to the Elgin Loan Company, and the Elgin Loan Company was not raised. The Elgin Loan Company was not raised.

Considered Sound

The Elgin Loan Company has been considered one of the soundest institutions of the kind in the city. It has been in existence 24 years, and the directors and manager have been looked on as among the best and most successful of the city. After the Elgin Loan Company collapsed, however, people began to wonder about the Elgin Loan Company. The Elgin Loan Company was not raised.

Called on Rowley

However, all went quiet Saturday, with no sign of a panic. It was noticed that there were a good many calls on the Elgin Loan Company on Sunday, and the report got abroad that Mr. Rowley was seriously ill from nervous collapse. This morning the notice on the Elgin Loan Company was not raised. The Elgin Loan Company was not raised.

Depositors Will Be Paid

Your correspondent saw the president of the Elgin Loan Company this morning and was informed that he could give no definite information until the directors had had a meeting and looked thru the books. He said, however, that the securities held by the company were intact and that the Elgin Loan Company was not raised.

Profits for the Year

The 24th annual statement filed in January last showed that the Elgin Loan Company for the year 1902 to be \$15,249.12, which, added to the balance brought forward from the previous year, \$105,008, made a total of \$120,257.12. Two half-yearly dividends at the rate of five per cent. were paid during the year, amounting to \$11,917.50; the sum of \$1,280.00 was written off properties sold during the year, and \$1000 was added to the reserve.

Balance of the Credit of the Profit and Loss Account

The balance of the credit of the profit and loss account was \$746.70, and the surplus funds of the company amounted to a little over 11.2 per cent of the paid up capital. The assets of the company on Dec. 31 last were \$109,203.16, as follows: mortgages and other securities, \$40,138.38; real estate, \$24,242.25; cash in Imperial Bank, \$20,152.73; with other loan companies, \$31,422.80. The liabilities were: To depositors, \$103,067.05; to the Elgin Loan Company, \$23,088.51; reserve, \$20,000; balance by profit and loss account, \$146.70; total, \$109,203.16. It is learned that the deposits at the present time amount to \$175,000, or \$100,000.

Puzzles His Friends

The sudden disappearance of Mr. Rowley is most inexplicable to his friends. His whereabouts cannot be ascertained. It is stated that he transferred all his property to the company before leaving. It is said that Mr. Rowley was somewhat heavily involved in the Elgin Loan Company, and that he had \$40,000 in that concern. The subscribed capital of the company was \$225,000, of which 20 per cent had been paid up, or \$45,000. While it is certain, according to Mr. Baird and other officials, that depositors will be paid in full, it may be that the shareholders will suffer some loss, but this cannot be ascertained until the books have been gone over.

Suspension Caused Immediate Excitement

The suspension caused immediate excitement in the city than that of the Elgin Loan. The West End particularly was in a state of intense agitation. However, the securities have not been hypothecated, and from all

BY OREGON CLOUDBURST

GIVES RAILWAYS POWER TO SEIZE RIGHT OF WAY

Minister Blair Makes an Important Suggestion to the Opposition.

Ottawa, June 15.—(Special.)—Consideration of one of the clauses of Mr. Blair's Railway Commission bill led to a violent and severe attack on the Toronto and Hamilton Railway Company, Messrs. Clarke, Lancaster and others declared that it was outrageous for parliament to charter tramways to use public highways in defiance of the wishes of the localities through which they pass. It was, these members argued, simply a means of giving railways a cheaper right of way.

Accurate Information Not Obtainable, But Messenger Tells Tale of Woe.

Portland, Ore., June 15.—Fifteen hundred people lost their lives in a cloudburst that almost entirely destroyed the Town of Heppner, Ore., at 6 o'clock last night. Heppner is the county seat of Morrow County, and had about 1250 inhabitants. All the telegraph and telephone wires are down, and no accurate information can be obtained, but the estimate of the loss of life is based on the most reliable reports received up to tonight. A messenger from Heppner said that a wall of water 20 feet high rushed down into the gulch in which Heppner is situated, carrying everything before it.

Huge boulders, weighing a ton, were carried down by the current, and many people were killed by being crushed against the rocky bluff.

Early in the afternoon a thunderstorm occurred, covering a wide region of country; later a heavy rain storm set in, many of the small streams overflowing their banks in a short time. Bridges were swept away like straw. The flood came suddenly, so sudden that the inhabitants were unable to seek places of safety and were carried down to death by the awful rush of water.

DEBATE IN HOUSE

Ottawa, June 15.—(Special.)—Mr. Blair's Railway Commission bill was again taken up in committee of the House. The Minister went half way in meeting an amendment proposed the other day by Mr. Lancaster of Lincoln. Mr. Lancaster contended that there should be no appeal from awards for land damages where the award did not exceed \$1000. This proposal, which was embodied in an amendment, Mr. Blair refused to accept. He consented, however, to a limit of \$5000, and with this the bill was passed.

Rights of Municipalities

Mr. Lancaster entered a vigorous protest against the provision in the act enabling the Commission to empower a railway company to take a highway for a right of way. He contended that it was not fair that a company should be enabled to take possession of a highway merely by furnishing an alternative route. He contended that the municipality has a right of way adjacent to the highway, and that the railway company should be required to purchase the right of way.

At the Queen's

Major-General of Dundas-aid, Capt. Newton, A.D.C., and G. J. Macalister, secretary, arrived in the city this evening, and are guests at the Queen's.

Struck by a Stray Bullet

Hired Man's Sudden Death

Alexander Chambers the Victim of Someone's Careless Handling of a Rifle.

Toronto Junction, June 15.—(Special.)—Alexander Chambers, a Scotchman, working for William Hawkins, a farmer, on Dundas street, is the latest victim to the careless handling of firearms. He was shot in the head by a rifle bullet about 9 o'clock this morning, whilst in a stooping position, handling a spade, fixing a culvert on the road. Mr. Hawkins was with him at the time, and heard the shot fired. The bullet came from the west, but by whom it was fired is not known.

Died in a Few Minutes.

The ball entered Chambers' left temple, passed through the brain, and was found in a flattened condition in the flesh of the right temple. He died a few minutes afterwards. Dr. G. W. Clendenen, corner of the district, was notified, and opened an inquest at the farmhouse of Mr. Hawkins, where Mr. Chambers lived, this evening. Dr. Bull and Dr. Perfect held a post mortem this afternoon and described the course the bullet took. J. D. Evans was elected foreman of the jury, and after viewing the remains, adjournment was made to be resumed in the hall on Wednesday evening.

What Residents Say.

As no evidence was taken at the inquest, there has been nothing definite stated as to who did the shooting. Residents of the neighborhood are reported to have seen Mr. Sinclair shooting at meadow larks this morning. James Sinclair claims to have had a 24-gauge, and, although shooting in the neighborhood, denies that he could have been the source of the tragedy. Alex. Chambers had been working in the neighborhood for about a year. His father lives in Montreal, and is an official in the insurance business there. It is heard from a funeral arrangements will not be definitely made.

After an Honorable Way

Miner Mitchell Hopeful

Tells His Men That They Can Afford to Live Up to Commission's Award.

Scranton, Pa., June 15.—The United Mine Workers' convention, called to take action on the refusal of the operators to recognize District President Fabe, Nicholls and Detroy as the miners' representatives on the Conciliation Board was called to order at 10:20 o'clock this morning. President Mitchell was unanimously chosen chairman. There were 450 delegates present.

At the opening of the afternoon session, President Mitchell addressed the convention. He said, in part:

"Gentlemen,—It is needless to say that the refusal of the mine owners to live up to the award of the strike commission is a decided disappointment to me. I am sure that you are all long to see the award accepted. I desire to say that if the United Mine Workers should refuse to comply with every letter of the award I would be the first to condemn them. We must do nothing we cannot defend. I am confident that we can afford to live up to the award."

LEADERS OF UNITED MINE WORKERS.

KING PETER OF SERBIA ACCEPTS HIS ELECTION

Belgrade, June 15.—Prince Peter Karageorgevitch at 12:15 p.m. was unanimously elected King of Serbia by the Senate and Skupstina in a joint session. He has accepted. He will take a special train from Genoa for Belgrade Thursday evening by way of Vienna.

AGI Toma, one of the King's advisers, denies the report that King Peter will not receive Col. Manchin, Toma points out that it would be for the King at the outset to offend the Serbian army.

AGI Toma, one of the King's advisers, denies the report that King Peter will not receive Col. Manchin, Toma points out that it would be for the King at the outset to offend the Serbian army. He has issued a statement from Genoa. In it he thanks the Serbians who have shown a desire to receive him. He promises to be faithful to the traditions of his ancestors. He promises to be faithful to the traditions of his ancestors. He promises to be faithful to the traditions of his ancestors.

ABSENT SINCE MAY 24.

Windsor, June 15.—Alfred Martin has been absent from Walkerville since May 24 and his parents are anxious. He is reported to be in the States.

WITNESSES POINT TO TWO TRAMPS

OBNOXIOUS BILL HELD AT TORONTO'S REQUEST

SUBSTITUTE FOR COAL NOW FOUND IN WATER

Experiments of Yale Professors in Radio Activity Lead to This Conclusion.

Ottawa, June 15.—(Special.)—Protests from Toronto, Hamilton and other municipalities against the passage of the bill to incorporate the Toronto and Hamilton Railway Company, in its present form, have led to a short postponement of further consideration of this measure. Mr. Blair stated in the House this afternoon that some strong objections had been urged to certain features of the bill, and asked that it be allowed to stand. It will be proceeded with on Wednesday evening, and, despite the protests of the municipalities, the chances are that its promoters will fight the contentious clauses. Municipal rights have few strong friends in the Ontario legislature, and, proportionately, they have fewer friends in the House of Commons.

Where the Sores lie.

The trouble is that a small army of members drawn from Quebec and the Maritime Provinces, have no care for the interests of Toronto or any other Ontario municipality. That is not doubt the reason that the bill to incorporate the Toronto and Hamilton Railway Co. has been brought to Ottawa, instead of to the Ontario legislature. Friends of the measure will urge that the company make no rights from the City of Toronto. It merely proposes to appropriate its way into the city, subject only to the power of the Railway Committee of the Privy Council to refuse its plans.

Why Forego it?

Supporters of the bill will also ask why Toronto should have a right to refuse admittance to the railway, while municipalities like Ottawa, which are not subject to the operation of the charter the company secures from the Dominion Parliament, are not allowed to do so. The answer is, of course, that Trafalgar has no interests which are menaced by the railway, while the City of Toronto's interests may be altered, to the injury of the city, if the bill is passed, without modification.

BOB'S WHITE PLUME.

The Manitoulin Conservator winds up a stinging editorial on the judges' report of the Gamey investigation as follows: When the angel Gabriel blows his last trumpet and gathers home to the Lord the souls who have suffered in daring to do right in the face of unmountable odds, on that great day when the righteous are to be rewarded, and the wicked are to be punished, we confess we would be inclined to lose our faith in the justice of things in Heaven.

TRADE BARRIERS ABOLISHED.

Shanghai, June 15.—The terms of the American commercial treaty have been settled, except the clause providing for the opening of two Manchurian ports for the importation of foreign goods. The terms of the treaty are: The district in the neighborhood of Keew Beach will be this favored by a reduction in rates to the same as the district in the neighborhood of Keew Beach.

EXCHANGE "BEACH"

The Bell Telephone Company, in a work of two, will have completed a new exchange station on the bottom End, to be known as the Beach. Co. incident with its starting, will come a reduction in rates to the same as the district in the neighborhood of Keew Beach.

Combine of Threshers is Worried

A question which the province has not suffered greatly, and which has not caused certain local conditions which militate against certain crops, and it would be impossible for the province to face alike. While there are some things in the situation that do not look bright, the province is not in a state of panic. And if the farmers are happy the combined prosperity of the province is assured.

Experiments of Yale Professors in Radio Activity Lead to This Conclusion.

New Haven, June 15.—Henry Andrews Bunsen, Ph. D., assistant professor of physics, and Lynde R. Wheeler, Ph. D., instructor in physics in the Sheffield Scientific School of Yale University, have performed several experiments in "radio activity" on lines suggested to them by Professor J. J. Thomson of Cambridge University, Eng. Working from data given them by him, they have obtained results which they believe surpass those which he has obtained.

Coroner's Jury Finds That Two Tramps Probably Killed the Collingwood Girl.

VERDICT OF THE JURY. WE FIND THAT GLORIA WHALEN WAS FULLY MURDERED AT THE TOWN OF COLLINGWOOD ON OR ABOUT MAY 27, 1903, BY THE HANDS OF SOME PERSON OR PERSONS UNKNOWN. BUT THE EVIDENCE POINTS STRONGLY TOWARDS TWO TRAMPS, A WHITE AND COLORED ONE, WHO WERE SEEN IN THE NEIGHBORHOOD ABOUT THAT TIME. WE STRONGLY RECOMMEND THAT THE AUTHORITIES COMMIT TO THE CENTRAL ASYLUM FOR THE FUTURE WHO ARE UNABLE TO GIVE A PROBABLY SATISFACTORY ACCOUNT OF THEMSELVES, AND THAT THE LIBERAL REWARD BE OFFERED TO THE TOWN OF COLLINGWOOD OFFER A REWARD.

SOME STARTLING REVELATIONS.

Collingwood, June 15.—(From a World Staff Man.)—The sickening story of the slaughter of a child was the climax today of the jury's efforts in unraveling the murder of Gloria Whalen. The attack on the girl, her frantic effort to escape, the agonizing screams of the little victim, and the explosion of the weapon that sent the bullet thru her brain, were described in vivid detail by different witnesses. Little details of the hideous tragedy remained for the imagination to supply. Thus the mystery of the girl's disappearance and the impression were the coroner and Crown Attorney Cotter with the practical value of the evidence. The jury to make their verdict holding two tramps responsible for the crime.

Manifest Much Vigor.

A half dozen witnesses were examined in the case, and the evidence was so convincing that the jury was in no doubt. The coroner, Coroner Stephens, and Crown Attorney Cotter were both in the witness box. The jury, after a long deliberation, returned a verdict holding two tramps responsible for the crime. The coroner and Crown Attorney Cotter were both in the witness box.

Business on Sunday.

Winnipeg, June 15.—Two special constables of the police force went the rounds of the stores last evening and found over twenty closing business. Most of those discovered open were fruit stores, which their proprietors claimed were restaurants. They were prosecuted, however, for doing business, as many of them sold articles that are not intended for food.

What a Difference.

Ever notice what a difference a hat makes in the appearance of a man? That's the reason it pays a better to keep one's hat in good condition. That's the reason Dineen is the most reliable hatter in Toronto. For if you want a hat that will keep you cool and comfortable in any weather, you must go to Dineen. He has the latest styles and the best workmanship. He has the latest styles and the best workmanship.

SHOWERS BEFORE NIGHT.

Metropolitan Office, Toronto, June 15.—(8 p.m.)—There are indications that the area of low pressure which passed westward across Ontario during Saturday, and moved off the middle Atlantic Coast Sunday night, will again move northward to the St. Lawrence Valley, and conditions will again be favorable for rain from the Great Lakes to the Atlantic coast. Fine, warm weather in Manitoba and Territories. Minimum and maximum temperatures: Victoria, 54-70; Kamloops, 40-50; Calgary, 40-70; Edmonton, 48-80; Qu'Appelle, 40-70; Winnipeg, 48-68; Fort Arthur, 52-58; Fort Snelling, 40-70; St. Paul, 48-70; St. Louis, 48-70; partment was not responsible for the condition of affairs at the foot of Yonge street. The general trend of engineering work in other cities was to abolish level crossings.

For "Adequate Protection." The Council, City Solicitor, collected an agreement between the city and the railway for watches and "adequate protection" for the crossings at Bay, Yonge and Church streets, all of the cost of which was to be paid by each.

City Responsible for Protection. Mr. Robinson: "It is admitted that the crossing at the foot of Yonge street has only been a day's work at the crossing. There are large numbers of people crossing there at night. Who is responsible for seeing that the protection afforded by the railway is 'adequate'?"

Resolution Met Last Night. The Mayor, secretary of the Board of Control, said that the first section of the resolution given the matter was about a year ago, but it had been deemed advisable to drop it. It had again been brought in the form of a resolution this evening.

Actress Quarrels With Hubby. Peter Filman and his wife, who is best known in the form of Dorothy Blundell, are having an interesting quarrel over the possession of their son John.

Carried Into the Swamp. "In this position they disappeared over the embankment going toward the swamp where the girl was found dead the next day. I did not see or hear a cry. I did not know why I did not suspect that murder was being done. The next day when the body was found, I did not think it of sufficient consequence to tell, and when I knew the coroner's jury was sitting, I still remained silent. I first mentioned it three days later to two neighbors, who were with me when I visited the swamp where the girl was found dead. This was the evening of the 20th, and I told Mr. Batcher and Mrs. Gillan. I said, 'This is about where I saw that girl on the railway track.' They asked me what I meant, and I repeated the story to them. The next evening I told my pastor, and the following day related it to the authorities."

Witness Severely Arraigned. Before Judge Robinson, Mr. Cotter looked at her severely, and said: "Why did you not tell this to the police? The women can't hold their tongues, but you did. The very day you were telling your neighbors of the girl who had laid her hands on the men, they were in the park at Thousand Island Junction, and you were not there. This is an extraordinary conduct. It is a lamentable condition of affairs. You are upon your intelligence can look upon such a thing as this, and remain silent. I don't believe you were so harshly to a mother before, but what you have done?"

City of Toronto PAY FOR LORD MINTO'S VISIT

Reception Committee Passes Accounts Amounting to \$91 in This Connection. ALD. BIRRELL HAD DINED BETTER

J. J. Mason, Secretary of the Masonic Grand Lodge, Passes Away After Long Illness.

Hamilton, June 15.—(Special).—A meeting of the Reception Committee was held this afternoon, at which accounts amounting to \$91 in connection with the Governor-General's visit were passed. This is in addition to \$125 formerly ordered paid for the decoration of the Hamilton Club and for orchestra music during the luncheon.

Ald. Birrell took occasion to say that he had sat down to a better luncheon with more wine for \$2.50, whereas the club luncheon cost \$8 per afternoon.

Major J. J. Mason, for many years a prominent citizen of this city, and Grand Secretary of the Grand Lodge, A. O. U. M., died this morning at 4 o'clock. He was 61 years of age. The funeral will take place on Wednesday afternoon.

How Glory Whalen Died. Continued From Page 1. struggles and shrieks, followed a minute later by the explosion of the mine, which was followed by a muffled murmur among the spectators.

Suggestion of Volcanic Violence. Many were convinced, and Mr. Whalen, as it became by the awful rehearsal of the tragic details, buried her head in her hands and sobbed.

Had No Boy Friends. "She was 13 years and 7 months old, but she had no boy friends—no sweethearts. The tearing of her underclothes, which she had worn since she was a child, may have been done before she left home. We could detect no signs of violence, but a few yards away, on the bank of the river, she was found with the bullet and the club on top of the head. I saw no strangers around that place, except a peddler, a man who had placed late that afternoon to escape the storm. No, I have not an enemy on earth, and I have not a friend, as I think my child had," she said in conclusion.

Saw the Fatal Struggle. The real dramatic story came from the next witness, Mrs. William Finley. She is a tall, handsome woman, more than average in height. She gave her evidence in a convincing manner, and did not flinch when the crown attorney asked her to describe the scene, as she had seen it.

Other Important Facts. Ed. Anderson, the coroner, furnished evidence which was of great importance. He said that he had seen the girl's body in the water, and that he had seen the man who had been with her at the time of the tragedy.

Attorney Cotter's Strong Advice. Mr. Cotter addressed the jury and advised them to find the man guilty. He said that the evidence was overwhelming, and that the man had no alibi.

Would Increase Sentence. "I ask that in your findings, as regards the sentence, you should take into consideration the fact that the man has been in the prison for a long time, and that he has been a bad influence on the other prisoners."

Will Hunt Murderers Relentlessly. Mr. Stephens said: "We have a contract with the government, and we will hunt the murderers relentlessly. We will not let them go until we have them."

Caused Great Suffering Until Cured by Dr. Chase's Ointment. Mr. W. H. Whitehair, a well-known citizen of Cobourg, Ont., writes: "I was afflicted with a skin disease, and I suffered greatly until I was cured by Dr. Chase's Ointment."

Burning, Stinging, Itching Piles. Caused Great Suffering Until Cured by Dr. Chase's Ointment.

ASSAULT ON THE HIGHWAY

caustic comment, except to add that the two men saw the attack and the girls were dressed in dark clothes, and one was larger than the other.

Identified Bloody Handkerchief. But it remained for William Beach, a young man who lives in the neighborhood of the bridge, to identify the bloody handkerchief.

Strong Proof of Guilt. It is recalled that when the handkerchief was found, it was in the possession of a man who was seen to enter the car.

First Meeting With Suspects. Mr. Cotter addressed the jury and advised them to find the man guilty. He said that the evidence was overwhelming, and that the man had no alibi.

Other Important Facts. Ed. Anderson, the coroner, furnished evidence which was of great importance. He said that he had seen the girl's body in the water, and that he had seen the man who had been with her at the time of the tragedy.

RESPONSIBLE GOVERNMENT

In these days The Globe seems not to know what it ought to be... It is shrouded in gloom, the next it is dispirited to chide those who take any but the most cheerful view of political conditions...

And yet, despite the lameness of logic, the narrowness of view, the suspected selfishness of motive, out of those bear-garden wrangles there usually comes, after jarring delays and wide circuits, something reasonable and workable as a policy for public action.

If The Globe will follow the reasoning of this passage to its logical conclusion, it may find the solution it is seeking. Politics will be improved by facing political duties, not by shirking them. To remove a political injustice from the legislature to a judicial commission is to shirk political duty.

Methodism has made enormous progress in numbers and wealth since the days of Wesley. It is no longer distinctively the church of the poor. If you were to inquire among the poor of London to-day, you might find that they were best acquainted with the Salvation Army and not with the Church of England, especially with that section of it which is called "high."

be claimed for the two methods, the parliamentary method has the grand advantage of recognizing the responsibility of public men.

Methodism is about to celebrate the two hundredth anniversary of the birth of its founder. The beginning of the movement, however, is to be found, not in 1703, but in 1739, when, according to Wesley, "eight or ten persons came to me in London, who appeared to be deeply convinced of sin, and earnestly groaning for redemption."

Another Deal Goes Thru Hot Fight in City Council Over the Head for the Cattle Market.

INGLIS COMPANY GET CONTRACT Counter Petitions Opposing and in Favor of Car-Street Closing.

It is quite evident that the master hand of R. J. Fleming still dominates the City Council. The man who, as Mayor, was able to work things his own way, is still the boss, and when he wants a thing, all he has to do is to get after it, and he wins in a walk.

It is also very evident that there are members of the City Council who can make up their minds upon a point in question, and, in five minutes, change them, so as to be able to vote in an entirely opposite direction. Two examples of this kind were given in the Council meeting yesterday, when Ald. Barry and Stewart

completely around, voting for both sides of a question within one hour and a quarter of an hour.

The change was most palpable, and does not throw a degree of credit upon the record of either gentleman. Such a thing was rarely to be expected from the members of the Council.

On the other hand, petition signed by 17 residents of Car-street and its vicinity, was presented, asking that the street be closed to traffic from 11 o'clock to 12 o'clock, and that the petition be referred to the Board of Control.

Home Stagers' Festival. The Mayor and Council have decided to ask the privilege of having the gates of the Exhibition Grounds closed on July 15, a day and a half before the opening of the festival.

YORK COUNTY AND SUBURBS

Volunteer Firemen Are Appeared and Will Continue to Fight

Flames.

NEW TEAM AT THE FIRE HALL

Considerable Lighter Than the Old "Greys"—Budget of News From the North.

Toronto Junction, June 15.—The volunteer firemen met in No. 2 Fire Hall tonight and decided to accept the resolution of Council passed at the last meeting as a clearance of the alleged charges made against the firemen by the Council. They also decided to proceed further with their organization, and a committee, consisting of Kit Woodburn, George Davidge, F. B. Hartley and W. Abernethy, was appointed to draft a constitution and to reply to communication of Council.

The new team for No. 1 Fire Hall arrived from Elmira to-day and were viewed by the Council and interested citizens. The old team were packed in the new town scales before leaving and tipped the beam at 2110 lbs.

The Collegiate Institute Old Boys' team will sail at the Central Prison to-morrow night.

The Junior Knights of St. Paul won the Pacific Coast Cup by a score of 14 runs to 4.

The maidens in the foundries are on strike, with little prospect of an immediate settlement.

Yesterday was Flower Sunday at the Baptist Church. Rev. Mr. Bates of Toronto preached. Two hundred children attended the Sunday School services.

Thorahill.
Mrs. T. McMurtry of Bowmanville is visiting with Mrs. A. Galloway.

Mrs. J. Jones of New York is here for a holiday with her sister, Mrs. J. Cox. The Ladies Aid of the Methodist Church will hold its annual outing on July 2.

Miss Ella Edwards, Unionville, is making a short stay with Mrs. R. Forbes.

The wet weather of Saturday detracted considerably from the success of the Ladies Aid picnic at the pleasant adjourned gathering last evening.

A bank burn, 100 feet x 4 feet, was successfully raised on the farm of Mr. James Brown on Saturday.

Mrs. Henry of Langstaff was taken suddenly ill on Friday, and is still in a dangerous condition.

About 40 members of the Presbyterian Church held a most enjoyable party at the home of Mrs. Wallace, Wm. Clark, on Thursday evening last. A program of considerable merit was given to the entire satisfaction of all present.

Malvern.
With the exception of hay, the crops in this vicinity are looking very promising. Messrs. John Little and John Lewis are growing for seed that the present time would be hard to beat.

Mr. Lowry also has one of the finest crops in this neighborhood. His celebrated Clydeville mare and stud by Mr. Robert Davies stallion, known as "The King," Mr. Lowry thinks that the prospects are that the foal will be as great a prize-winner as its dam.

Newmarket.
The Rev. W. W. W. leaves the parsonage this morning and will take up his abode in Toronto, retiring from active service in the ministry on account of ill health and voice troubles.

Newmarket and Willowdale Sunday Schools have their annual excursion to Round Lake by Metropolitan railway on Thursday, June 25. Special cars leave Willowdale at 9:30 a.m. and Newmarket 9:40. Round trip tickets 20 and 15 cents.

Thorahill.
James Brown of Langstaff raised a new barn on Saturday last, the 13th. Contractor Wm. McKee had the framing put well down and the building went together

Consumption is Infectious. Every precaution should be taken to prevent the spread of the "White Plague." Persons coming into contact with consumptives should inhale Catarrhose several times each day, as it is a powerful destroyer of disease germs, and renders them innocuous. Catarrhose is a most efficient preventive and may be thoroughly relied upon to promote expectation, soothe the cough, and benefit in many ways too numerous to mention. Both from a medical and scientific point of view, Catarrhose is the most valuable addition to the armament against consumption. Its merit cannot be too warmly applauded. Sold at all druggists, two months' treatment, price \$1, small size 25c, or by mail from N. P. Jones & Co., Kingston, Ont.

SCORE'S
It's Public Opinion That Really Counts

The best dressers in Toronto affirm that our special offer of Business Suits, to order, in English and Scotch Tweeds—newest patterns—at \$22.50 to \$25, is the greatest value of the season in high-class tailoring.

ELGIN LOAN COMPANY

Continued From Page 1.

quarters came the assurance that depositors will be paid in full. The trouble of the Atlas Loan Company, no doubt, had an effect on the Elgin. The confidence of depositors was shaken, and there were withdrawals.

Your correspondent was told that there is about \$175,000, or \$180,000, in the Elgin Loan Company. In view of that fact, and the further fact that the securities are intact in the vault, people are wondering why the doors were closed. No run was threatened, and Mr. Rowley's personal connection with the Atlas and his sudden leaving was not a sufficient reason, in the opinion of the Elgin Loan Company, for closing the doors and the precipitation of a panic.

The directors had a meeting this afternoon, and it was decided to make application for a liquidator. A local man will be secured if the bank is started.

Scarcely had rumor been given a rest over the unfortunate entanglements of the Elgin Loan Company when the Elgin Loan and Savings Company. This concern, one of the oldest of its kind in the province, had been reported to have failed.

Rowley the Man.
George Rowley, a man of mature years, was the respected manager of the loan company, and his bearing in the many transactions which his position brought him into contact with, were a guarantee of his integrity.

Rowley's friends, who were deeply interested in his welfare, were surprised to find that he had been in the city for a few days previously. No one expected to see him in the city, as he had been turned from his door. A conservative directorate was thought to have presided over the liquidation of the Elgin Loan and Savings Company.

ATLAS LOAN COMPANY.

More Light Cast on the Manipulation of President A. E. Wallace.

St. Thomas, June 15.—(Special)—The accountants of the National Trust Company, who have been named as liquidators of the Atlas Loan Company, are busily engaged on the books of the defunct company, but it will be many days before a clear statement of the tangle will be forthcoming.

Speculation is rife as to the cause of the failure, and many take a very pessimistic view of the situation. Daily evidences are being furnished by the liquidators that the company was not as well managed as it is supposed to have been.

It is stated that the company was not as well managed as it is supposed to have been. The liquidators are busily engaged on the books of the defunct company, but it will be many days before a clear statement of the tangle will be forthcoming.

THE SIMPSON COMPANY, LIMITED

H. H. Fudge, President; J. Wood, Manager. June 16

Store Closes at 5.30.

250 Dozen Too Many Socks.

Of the summer kind, that is. Our friends in Germany took upon themselves the responsibility of sending us an immense "special," for which of course we were grateful. But the quantity was enormous. Sensational selling will be absolutely imperative. And that's just the very thing we've arranged for to-morrow.

25c and 35c Summer Socks, 9c Pair.

3000 pairs Men's Finest Quality Fancy Cotton and Lisle Thread Half Hose, full fashioned, double sole, toe and heel, black and colored goods, with white extracted patterns and colored silk embroidery, no phone or mail orders can be filled and not more than 12 pairs sold to one customer, regular 25c and 35c, Wednesday, per pair..... 9c

Men's Collar Sale.

3600 Collars at 5c Apiece.

The Men's Store is becoming noted as a place where the collar manufacturers may dispose of their surplus stock so long as they care to cut off the percentages that usually go to middle profits and selling expenses.

To-morrow we hold another big Collar Sale. No need to bother with broken button holes. Come and buy new Collars. You can fill your drawer at the figure of an average man's weekly laundry bill.

300 dozen Men's and Boys' Linen Collars, these collars are all four-ply linen, best workmanship, perfect fitting, they come in two shapes, stand-up-turn-down and turn-point, or wing collar, both very popular shapes, sizes: boys, 12 to 13 1/2; men's, 14, 14 1/2, 15, 16, 16 1/2, 17, 17 1/2 and 18, regular price 15c, on sale Wednesday, to clear at, each..... 5c

Not less than one-half dozen sold. No mail or telephone orders filled.

475 Men's Fine Outing Shirts, made from extra quality cashmerette, with silk stripes, cream ground, with pretty pink or blue halftone stripe, reversible collar, so white collar can be worn, double seam seams, pearl buttons, perfect fitting, these shirts are just the thing for boating and outing, sizes 14, 14 1/2, 15 and 15 1/2, regular prices \$1.25 and \$1.50, on sale Wednesday to clear at, each..... 67c
