CAMPAIGN FOR CUTTING DOWN OF NATION'S BILLS

Pressure for Economy Gains Daily in Great Britain

PARA DEFENCE ESTIMATES

Meeting of Cabinet on National Finance—Lloyd George Comes to Defence of Bonar Law—A Shot From A. W. Gattie

London, Sept. 3.—(By the Associated Press)—The campaign for administrative economy is gaining momentum daily. Andrew Bonar Law, government leader in the House of Commons, and J. Austen Chamberlain, chancellor of the exchequer, came to London today especially to hold a meeting of the cabinet, which included Earl Carson, president of the council and government leaders in the House of Lords, and George Nicoll Barnes, minister without portfolio. It is understood that the discussion was centered around national finance, being particularly devoted to the question of how far it would be possible to reduce estimates for the defensive services. There is much talk of a possibility that Mr. Chamberlain may present a new interim budget, but this is considered quite improbable. Answering press attacks upon Bonar Law, Premier Lloyd George has sent a message to newspapers here declaring it would be grossly unfair to attribute continuation of war expenditures to any particular member of the government. "I have found the government can spend money," he said, "but have never known the government to provide anything in the nature of an enterprise. The government thinks it wrong to run a risk, but risk is at the bottom of all enterprises."

THE PROHIBITION PARTY AND WORLD CAMPAIGN

Chicago, Sept. 3.—A resolution proposing that the prohibition party "have no connection with the so-called world-work" was adopted by the party at a national committee of the party after a heated debate. SCHOOL GIRLS RECESS

Complaint has been made that the girls in the High School have no opportunity for outdoor exercise during the recess periods. This is said to be due to lack of room but it has been suggested that the difficulty might be overcome by giving them the use of the yard at an hour different from that in which it is used by the boys.

Allies Reply to Austrians in Very Definite Language

People Cannot Escape Their Share in Responsibility for the Carnage of the War Years or the Hardships of Today—Five Days to Make Up Minds

Paris, Sept. 3.—The note transmitting the Allied reply to the observations of the Austrian delegation on the conditions of peace sets out the principles which they consider must be applied to the settlement of the late war so far as Austria is concerned. It blames Austria for its course at the outset of the war, declaring the ultimatum to Serbia no more than an insidious excuse for beginning a war for which the late autocratic government at Vienna in close association with the rulers of Germany had long prepared and for which it considered the time had arrived. "The Austrian delegation," it says, "appears to think that responsibility for these acts rested solely on the Hapsburg dynasty and its satellites, and that by reason of the dissolution of that monarchy through the victory of the Allies, the people of Austria can escape responsibility for the deeds of the government."

As Hiram Sees It

The Settlement, Sept. 3. "Mrs. Hornbeam," said the Times reporter at dinner, "I have a favor to ask. The doctor urges me not to indulge in severe mental effort. For that reason please don't ask me which kind of pie is better—blackberry or squash. In a restaurant it would be a matter of indifference, but to have to make a choice between your pies causes me extreme mental disturbance. Also when you ask me whether I will have dumplings, rhubarb, raspberry, blackberry or cherry wine it is most distracting. I assure you."

INQUEST AT MONCTON INTO DEATH OF ST. JOHN RETURNED SOLDIER

Moncton, N. B., Sept. 3.—A coroner's jury today heard evidence regarding the death of Joseph B. Colahan of St. John, and submitted a verdict expressing belief that he came to his death by alcoholic poisoning or "dope" of some form. "We recommend," said the jury, "that the coroner have a bottle of the Jamaica ginger which was produced in court analyzed." The inquest was held before Coroner R. L. Botsford, M. D. It was said some Jamaica ginger had been found on him. The man had been employed in Moncton by the G. A. Fuller Company on the new Eaton building. About eleven o'clock last night he was found near the corner of Main and Foundry streets. Fellow employees removed him to the bunk house, where he died soon after midnight. He was twenty-one years of age and unmarried. He was a veteran of the great war and had won a Military Medal at the Battle of Amiens. He entered with the 118th. He is survived by his parents, Mr. and Mrs. Michael Colahan, 112 Brussels street, St. John, one sister and three brothers. His father arrived in Moncton this morning and will accompany the body to St. John this afternoon.

WORKING AT NIGHT

The connections between the old and the new water mains in Douglas avenue, where the main is being renewed, are being made at night so that the lumber mill dependent upon the city's water supply should not have to shut down for lack of water. The mill has a small emergency supply from the old lead main but this is sufficient only for an hour. A new pipe is being laid to the mill.

Call for Inquiry Into Soldier Votes Matter

D. D. McKenzie Gives Notice in Commons; Lemieux to Ask About Veterans' Resolution Re Excess Profits

Ottawa, Sept. 3.—D. D. McKenzie, Liberal leader in the House of Commons, has given notice that he will move for the appointment of a parliamentary committee to investigate the charges of alleged manipulation of the soldiers' votes during the last election. Specific mention is made in the resolution of a telegram Hon. Arthur Meighen is alleged to have sent to Sir Robert Borden, and which, it is contended, deciphered, reads as follows: "Would like one thousand soldiers' votes at large for Manitoba, of which 300 for Selkirk, balance divided between Provencher, MacDonald and Springfield, or some proportion of division no matter what our allotment may be."

CARSON OPENS NEW CAMPAIGN

Cites Southern States and Quebec in Argument

Declares There is No Prospect of Irish Question Settlement and Predicts Early Collapse of Coalition Government

Belfast, Sept. 3.—(By the Associated Press)—Sir Edward Carson, leader of the Ulster Unionists, who has come to Belfast to open a new anti-home rule campaign, addressed the Ulster Unionist council yesterday. He declared that so far as Ireland was concerned, colonial home rule was the same thing as the Sinn Fein, and that in this respect the Sinn Fein was perfectly logical because in reality there was nothing between union and separation. Sir Edward challenged the government to make an unequivocal declaration whether it had anything in its mind bordering on the Sinn Fein and if not to let the world know courageously that Great Britain would brook no interferences, whether by agitation in the United States, on the continent or elsewhere. Self-determination was characterized by Sir Edward as one of the most misleading phrases ever advanced. He asked if the United States would allow the southern self-determination or if Canada would permit Quebec to have self-determination. He declared that he saw no prospect of a settlement of the pending issue with regard to Ireland. Sir Edward predicted the early collapse of the coalition government and a return to pre-war politics. Attacks Northcliffe. Sir Edward made a fierce attack upon Northcliffe, newspaper proprietor, whom he styled as "the greatest absentee Irish capitalist in the world."

CANADIAN OFFICERS, 102 OF THEM, ARRIVE AT BOSTON ON BOHEMIAN

Wounded and From Every Branch of Army and From Every Theatre of the War

Boston, Mass., Sept. 3.—One hundred and two Canadian officers, representing every branch of the Canadian army, arrived here yesterday on the Bohemian. They were in charge of Lieut. Col. F. W. G. Anderson of Calgary, who saw service first with the 27th Canadian infantry, and later with the forestry corps. The officers left for Montreal this morning. The officers live in various parts of the dominion from British Columbia to Nova Scotia, and they were gathered from every theatre of war, including France, Russia, the Balkans, Mesopotamia and Palestine. Many of them wear wound stripes and decorations. Captain A. E. R. Turner of Hamilton, Ont., wore four gilt bars, representing three wounds received at Ypres and one in the Somme. He left Canada in the first contingent as a lance corporal in the first infantry. He was commissioned second lieutenant in May, 1915 after he had been twice wounded. When the armistice was declared he was on the Somme. Col. G. E. Beauchamp of Montreal was in charge of a medical unit sent across early in the war by the Laval University of Montreal. He served for four years at the front. Major R. W. Brock of Vancouver, who was in Palestine spoke in terms of the highest praise of the work of the American Red Cross.

BOY STRUCK BY AUTO IN WATERLOO STREET

Returning from school yesterday afternoon a young lad named Charles McNeill who resides at 44 Richmond street, was struck by an automobile in Waterloo street near the Cathedral and rather painfully bruised and cut about the head and legs. Although the details of the accident are not known it is thought that the young child, in crossing the street passed behind a coach which was standing at the curb and darted out in front of the car, which was proceeding in the direction of Union street. The driver was too close to the boy to stop the car before it struck him in the head, knocking him forcibly to the ground. He was carried into the office of Dr. S. H. Calneek bleeding profusely from the mouth and nose. It was found that his mouth was cut and he was also bruised about the right leg. He was later removed to his home, but it is said that during the night and this morning his head was bothering him.

HAMPTON WEDDING

A wedding of interest to a large circle of friends throughout the province was solemnized in the United Baptist church, Hampton, yesterday afternoon at 2:30 o'clock, when Rev. W. H. Johnson, assisted by Rev. E. W. Lester of Marysville, an uncle of the groom, united in marriage Marion Freese Ryan, only daughter of Mr. and Mrs. Howard Ryan, to Robert E. DeLong, eldest son of Mr. and Mrs. John DeLong.

The bride, who was given away by her father, was attired in a beautiful wedding gown of white crepe de chine with chemic trainings and with veil and orange blossoms and carried a bouquet of cream colored roses, entered the church to Lohengrin's wedding march, which was played by Miss Helen Hawley of St. Stephen.

The ceremony was performed on the platform beneath a beautiful floral arch, while the platform was banked with white flowers. With the pretty floral decorations in the church the ceremony was very impressive.

The bride was attended by Miss Flora DeLong, who was becomingly gowned in a champagne colored crepe de chine with black hat and carried a bouquet of pink roses. G. Gerard Thompson of Hillsborough supported the groom. Little Miss Mary Ryan of Andover, niece of the bride, and little Miss, Ella Lester of Marysville, cousin of the groom, were bridesmaids, and wore dresses of white mull with pink bonnets and carried baskets of sweet peas.

While the registers were being signed, Mrs. Ronald Polking, St. John, sang "O! Promise Me," after which the bridal party left the church to the strains of Mendelssohn's wedding march.

The guests were seated in the parlour of the bride, and Kenneth DeLong, brother of the groom.

There were about fifty invited guests, but the church was filled to overflowing who witnessed the ceremony. The bridal party adjourned to the home of the bride, where a dainty wedding supper was served to immediate relatives and the invited guests, after which the bride and groom left on the Maritime express for a wedding trip to Montreal.

Mr. and Mrs. DeLong will be at home at 3 Gordon street, Moncton, after Sept. 16.

The groom's present to the bride was a substantial Victory bond to the bridesmaid and a pearl ring, to the flower girls each a pearl ring, and to the bridesmaids each a pearl ring, and to the groomsmen cuff links and a pin with each a pearl ring. Among the numerous presents received by Mr. and Mrs. DeLong were a dozen silver dessert spoons, the Ladies' Guild of the church, of which the bride was an active member.

The residence was artistically decorated, the dining room in yellow and white, the parlour in pink and white. In the latter a beautiful floral arch was erected and under it the bride and groom received their guests.

Miss Ryan, who lately moved to Hampton with her parents, was a popular young lady and well liked by all who knew her. The groom is employed as a civil engineer by the C. N. R. at Moncton and is very popular in Hampton.

Many hearty congratulations were extended to them as they left amid showers of confetti and rice for their wedding trip.

CANADIAN LABOR FEDERATION MEETS

President Shaw, at Opening Session, Speaks Against One Big Union

Toronto, Sept. 3 - The eleventh annual convention of the Canadian Federation of Labor began its sessions here this morning, when the initial business of organization work was proceeded with.

The feature of the morning's work was President J. Shaw's address, in which he recounted the programme achieved during the last year and emphasized that "Canada's labor men are now able to conduct their own unions, manage their own affairs, control their own funds, decide when to strike and make their own agreements without the assistance of the American Federation of Labor or any outside body."

"The growth of this national and democratic aspiration," he said, "among the Canadian workers led the One Big Union to spread their propaganda and endeavor to organize the Canadian unions under one banner, with some success, especially in the west, but we wish black hat and carried a bouquet of pink roses. G. Gerard Thompson of Hillsborough supported the groom. Little Miss Mary Ryan of Andover, niece of the bride, and little Miss, Ella Lester of Marysville, cousin of the groom, were bridesmaids, and wore dresses of white mull with pink bonnets and carried baskets of sweet peas."

While the registers were being signed, Mrs. Ronald Polking, St. John, sang "O! Promise Me," after which the bridal party left the church to the strains of Mendelssohn's wedding march.

The guests were seated in the parlour of the bride, and Kenneth DeLong, brother of the groom.

There were about fifty invited guests, but the church was filled to overflowing who witnessed the ceremony. The bridal party adjourned to the home of the bride, where a dainty wedding supper was served to immediate relatives and the invited guests, after which the bride and groom left on the Maritime express for a wedding trip to Montreal.

Mr. and Mrs. DeLong will be at home at 3 Gordon street, Moncton, after Sept. 16.

The groom's present to the bride was a substantial Victory bond to the bridesmaid and a pearl ring, to the flower girls each a pearl ring, and to the bridesmaids each a pearl ring, and to the groomsmen cuff links and a pin with each a pearl ring. Among the numerous presents received by Mr. and Mrs. DeLong were a dozen silver dessert spoons, the Ladies' Guild of the church, of which the bride was an active member.

The residence was artistically decorated, the dining room in yellow and white, the parlour in pink and white. In the latter a beautiful floral arch was erected and under it the bride and groom received their guests.

Miss Ryan, who lately moved to Hampton with her parents, was a popular young lady and well liked by all who knew her. The groom is employed as a civil engineer by the C. N. R. at Moncton and is very popular in Hampton.

Many hearty congratulations were extended to them as they left amid showers of confetti and rice for their wedding trip.

GIRL RETURNS

Geraldine Duffy, who has been missing from the home of her cousin, Mrs. A. Lohy, 171 St. James street, West Side, since Saturday, has returned. She was spending a few days with a friend in West St. John.

THE PROHIBITION LAW

Rev. W. D. Wilson, chief liquor inspector, returned to the city at noon today from Fredericton. He was in Moncton and Newcastle within the last few days and said that strenuous efforts were now being made along the North Shore to enforce prohibition. Restigouche county was now about the worst in the province in his opinion regarding the enforcement of the prohibition law. He said a seizure was made at Blackville recently. Sub-inspector Robert McAlish had been again placed on duty and at present is working in Moncton from where good reports have come regarding the absence of liquor on the holiday.

WHARFAGE RATES

Commissioner Bullock estimated this morning that the increased wharfage rates, authorized by the legislature last spring, but never brought into effect, might be before the council before long for adoption. Whether the harbor is placed in commission or not, he said, the city might as well enjoy the additional revenue to which it is entitled by changing conditions. That the increased rates will be moderate enough in comparison with those charged in Vancouver, according to a schedule received by the commissioner. This shows a rate on general cargo of twenty cents, as against twenty cents charged here, and a rate of twenty-five cents a thousand on lumber, as compared with a ten-cent rate in St. John.

BUILDING PERMITS.

During August four building permits were issued by the city inspector, total value \$37,000. In August, 1918, no permits were issued for new work. The total value of the permits issued so far this year is \$195,500, as compared with \$331,725 during the corresponding period last year. Twelve permits for repairs were issued last month. Those for new work were:

George McArthur, brick apartment house, 197 Germain street, \$30,000.

W. K. Haley, self-contained house, Mount Pleasant, \$4,500.

Clifford McCracken, dwelling, 171 Chesley street, \$2,000.

A. L. Morey, work shop, 116 Victoria street, \$500.

BRITISH HAND OVER HUN PRISONERS TO GERMANY IN GOOD CONDITION

Berlin, Sept. 3 - The first contingent of German prisoners have arrived at Cologne and Deutz, from the British camp at Calais. The men appeared to be well fed, and they were good looking.

Nineteen-year-old Henry had just come home from his first year in an Eastern college. His sixteen-year-old brother Bill looks on many changes in him with scorn, one which is responsible for the most of his scorn being Henry's bit of moustache. The other day, says the Indianapolis News, Henry went into the bathroom to trim the edges of that imitation of a moustache and Bill happened in while the operation was in progress. For a few minutes he watched his brother in silence, and then he called to his mother, "Oh, mother, be sure and have Jennie sweep up the bathroom immediately. Henry is trimming his beard, and I do not want the kids to get their feet all cut up."

**URGENT LIFTING OF DANCE BAR**  
Dancing Masters Send Resolution to Methodist Church

New York, Sept. 3—A resolution urging the Methodist Episcopal Church to remove its ban on dancing was adopted at the final session of the American National Association of Masters of Dancing, which has been in session at the Astor. The resolution, which will be sent to the next general conference of the Methodist Church, follows: "Resolved: first, that we stand unitedly for dancing that is decent and beyond any possible censure of church and municipal authorities. "Second, we pledge ourselves to improve where possible, the standard of our profession. We decry all efforts made to introduce jazz or other music that tends to degrade or sensualize dancing. "Third, we believe in dancing as an art, a social accomplishment, a relaxation and as exercise. We consider dancing is the poetry of motion and a national expression of the delights of music. "Fourth, we request the Methodist Episcopal Church, assembled next in Des Moines, to have their general conference remove the Methodist ban on dancing. We promise to try to have dancing on a plane so high that neither

### NEWS NOTES ABOUT PROMINENT BAPTISTS

**Reported That Rev. J. H. MacDonald Will be Pastor of Wolfville Church**

(Maritime Baptist.)

Rev. F. H. Wentworth and family spent a pleasant month's vacation at Lake St. Joseph, Quebec. He is now back again at his work as pastor of the Baptist church in Quebec City.

Rev. R. B. Kinley writes to change the address of his paper from Wolfville to Antigonish. We assume that this means that the little faithful flock at Antigonish are to enjoy and profit by his ministry.

Rev. C. Whitfield Brooker left Freeport on Monday for a vacation trip to Toronto, where he will spend two weeks. Rev. F. E. Bishop has been using the Sundays of his vacation in presenting the Serbian relief work of the Men's Christian Federation. One Sunday was spent at Jemseg, another at Gagetown, while for last Sunday an engagement was made in the Methodist and Presbyterian churches in Bathurst. Next Sunday he will resume his work at Florenceville.

Rev. Daniel J. Hatfield, pastor of the Immanuel Baptist church of Lowell, Mass., has been making a vacation visit to his native province. His ancestral home was near the Belleisle, a short distance below Hatfield's Point.

Rev. J. B. Ganong reached his home at Sussex last Friday after a two weeks' trip in the interest of our home mission work. All will rejoice that he is once

more able to take up the burden of his work.

Frank O. Erb, Ph. D., left St. John on Saturday on his return journey to his home in Philadelphia, after spending three weeks in the city as the guest of his parents, Captain George and Mrs. Erb. Dr. Erb is filling a large and influential place as editor of the young people's publications issued by the American Baptist Publication Society. At present, in addition to his editorial work on the society's weekly paper for young people, he is engaged on a revision of the intermediate series of the Keystone graded lessons for the Sunday school.

The two sons of Rev. F. N. Atkinson (now pastor of the Isaac's Harbor and Goldboro field) both saw and underdressed overseas during the war. Harry, the elder, was at first an instructor in the use of the rifle. Later he obtained his commission and was the "Millard" present, in addition to his editorial work on the society's weekly paper for young people, he is engaged on a revision of the intermediate series of the Keystone graded lessons for the Sunday school.

The following, from a recent issue of the Standard of Chicago, will be read with special interest by those to whom Dr. Morse is personally known: "Dr. A. H. C. Morse, pastor of the First church of Denver, Col., is spending the month of August in the east, enjoying the first vacation he has had in the seven years of his pastorate. During his absence the First church pulpit is being filled by Dr. Cornelius Woolfkin of the Fifth avenue church of New York city. The pastorate of Dr. Morse has been the longest in the history of the church with one single exception, and during the seven years of his ministry the church has been privileged to do a great work for the Master."

We are informed that Lieut.-Colonel (Ret.) J. H. MacDonald has yielded to the solicitations of the Wolfville church and has consented to assume the pastorate. We hope, for the sake of the Wolfville church and the whole denomination, that the report will prove true. There is no pastorate which so directly interests and affects the whole denomination as that at Wolfville. And it is hard indeed to imagine any choice which would be a more popular one. It also came to our ears that Dr. MacDonald had been called to the First Baptist church of Vancouver. If that is true, and if our other information is also correct, then we are sorry for the disap-

pointment of the Baptists in Vancouver though they could scarcely expect us to wish them success in their attempt.

sixteen miles up the Rio Grande from there when, on the Mexican side about twenty-five Mexicans rose up from the brush and poured volley after volley into the plane. It was reported several hundred shots were fired.

At the Trades and Labor Council's fair in St. Andrew's rink last night, large crowds attended and the door prize was won by ticket No. 22. Music was provided by the G. W. V. band.

Laredo, Texas, Sept. 3—Two American aviation officers on border patrol duty were fired upon yesterday by a group of Mexicans while flying up the Rio Grande, near here, and one of the officers, Captain Davis McNabb, was wounded in the head. The officers were flying low about

**INDEPENDENCE OF EGYPT**  
Demonstrations Over Telegram From U. S. That Had Poor Foundation  
London, Sept. 2.—(By the Associated Press)—Great enthusiastic demonstrations were held in Cairo and Alexandria on Saturday and Sunday in consequence of the receipt of a telegram declaring that the foreign relations committee of the United States senate had declared that Egypt should be independent according to a Cairo despatch to the Daily Mail. It is said that Said Pasha Zagloul, head of the Egyptian national depuliation in Paris, was the author of the telegram to Cairo.  
No action has been taken by the foreign-relations committee of the senate regarding Egypt, that would seem to warrant demonstrations in that country. The committee recently gave a hearing in which the claims of the Egyptian nationalists were voiced, but no further action has been taken by the committee.

### BIG GAIN IN WALL STREET

Crucible Steel on the Jump in Lively Forenoon

New York, Sept. 3—Steel equipments, motors, oils and related specialties were the conspicuous features at the active and strong opening of today's stock market. Crucible Steel, which made a net gain of thirteen points yesterday, soon added 8 1/4 points to this, while Chandler, Studelaker and General Motors, Mexican and Pan-American Petroleum, United States Rubber, Kelly-Springfield Tire and Goodrich rose one to three points. American Locomotive, Atlantic Gulf, Central Leather and secondary rails comprised the other strong issues. United States Steel was irregular with fractional bounds.

Interest continued to centre in Crucible Steel, which made a further advance to 183, an overnight gain of 15-3/4 points. Other striking features of the forenoon, which was the liveliest and most varied in the upswing in almost a month, included Baldwin Locomotive, American Car, Pressed Steel Car, Republic Iron, Texas Company, California Petroleum, American International, American Woolen, Worthington Pump, Sunatra Tobacco and the food and leather divisions. The movement was not all one way, General Motors reacting 4 1/2 points, and Southern Pacific losing 1 1/2, other rails also falling back.

Sir Robert Borden was passing through the hall when he saw the members filing out. "Surely the House is not adjourned?" When told it was he became very much fustered exclaiming wrathfully that he had an important statement to make. Afterwards he caught up to the misdeed, still spilling indignantly over the effect of his little French speech, and woke him with a jolt, talking to him in language which seemed to lose nothing of its fierceness from the fact that this deferred statement which was delivered this afternoon the debate being adjourned for the purpose by the leader of the opposition.

There is very little change in the aspect of the house at this new session. Mr. Fielding has moved from his place in the front benches beside D. D. MacKenzie. It certainly is not being carried out; and it is one of Sir Robert Borden's greatest worries that he cannot get eligible Liberals to go into his cabinet and give it the proper Unionist complexion. The note declares that "in the opinion of the Allied and associated powers it is impossible to admit the plea of the Austrian delegation that the people of Austria do not share the responsibility of the government which provoked the war, or that they are to escape the duty of making reparation to the utmost of their capacity to those whom they and the government they sustained have grievously wronged. HON. MR. FIELDING ASKS  
EMBARRASSING QUESTIONS

Ottawa, Sept. 2.—Sir Robert Borden and Hon. W. S. Fielding crossed swords in a lively verbal duel in the House of Commons this afternoon, when the prime minister moved that parliament approve the peace treaty and made a long statement giving his conception of the salient points of the historic document, especially as they affect the interests of Canada.

Test of Dialogue.

The dialogue was short and snappy and went like this: Mr. Fielding—"Might I ask the right honorable gentleman to supplement the very interesting, instructive and helpful statement he has given by answering a question I am about to put and which I hope he will regard as reasonable. I should be glad to have his opinion as to what will be the consequence of the refusal or failure on the part of the Parliament of Canada to ratify the Treaty of Versailles in what degree will it affect the interests of Canada, the empire or the world?"

Sir Robert, who was quite huffed, gave the "smart aleck" answer that the failure of parliament to ratify the treaty would, of course, involve the defeat of the government which presents it. "Then it would devolve upon my honorable friend and his friends opposite to form a cabinet and to answer the question which he has just asked," he finished.

"I was not thinking of that," countered Mr. Fielding. "The fate of this government or any government is a small thing compared with the fate of nations and what I asked is what effect will it have upon the interests of Canada, what effect will it have upon the interests of the British Empire, what consequence will it have in the world in short, what difference does it make to us or the world whether we ratify the peace treaty or not?"

The premier was not very ready with his reply but finally gave the reason that it would virtually commit Canada to independent action that would not be taken by the other overseas dominions. He added that the king and his advisers had recognized the right of the Parliament of Canada to ratify the treaty and declared that they are not disposed to deal with the treaty "without the consent of parliament."

Nothing on Paper.

"If my right hon. friend has some papers or documents to that effect I think he ought to lay them upon the table," interjected Mr. Fielding. "I have no papers," confessed the premier, "the matter was discussed and I hope the hon. gentleman will accept my word for it."

Mr. Fielding, of course, accepted the statement, but persisted that his question had not been answered. He scored when he said that he had asked what would be the consequence to Canada if she did not ratify the treaty and the prime minister had shown no more serious consequences than that we might have a change of government.

"I beg my honorable friend's pardon," put in Sir Robert warmly. "He has forgotten what I said a moment ago, failure to ratify the treaty would involve very serious consequences indeed are they?"

Mr. Fielding—"What are they?" Sir Robert—"The consequence would be that Canada would stand out of a treaty of peace accepted by the empire."

Mr. Fielding—"Would we be at war?" Sir Robert—"I have already said what in my opinion our status would be in that case. If my honorable friend means that, notwithstanding the arrangements that have been made, the conventions which have become recognized, the status which has been accorded to the dominions during recent years we are still subject to have this treaty ratified by his majesty on behalf of Canada whether the Parliament of Canada is willing to ratify it or not, then I tell him he is dealing in ancient history and that he had better get his ideas advanced a little with the progress of recent years."

Mr. Fielding—"I was not making any statement advancing any argument, contending anything. I was asking for information and I have got it."

Sir Robert—"The implication of my honorable friend was very plain to the member of this house and will be readily understood by the people of this country. His suggestion was that ratification by the Parliament of Canada is merely a farce."

Hon. Jacques Bureau—"Hear, hear. That's what it is."

Sir Robert—"That the government of the United Kingdom possesses such

RETURNS TO JAPAN

Rev. E. C. Hennigar, who since his return in June from service overseas has been the guest of his parents in the city, will leave today for Japan where he will resume his work in the mission fields, representing the St. John Methodist Young People's Societies and Sunday schools. Mr. Hennigar has seen fourteen years of fruitful labor in missionary work and is returning to Japan with joyful anticipation of still more splendid work to come. The best wishes of his many friends in the city are being extended to him.

Last night there was a large gathering of the members of the Epworth League of the several Methodist churches in the city at the Portland church where Mr. Hennigar delivered an eloquent farewell address, in the course of which he told much of great interest regarding the lives of the Japanese and his own work among them. His address was listened to with very real appreciation. Frank W. Merrill, president of the Portland branch of the league, was the chairman of the evening and introduced the speaker. At the conclusion of Mr. Hennigar's address F. J. Hardman delighted the gathering with a vocal solo excellently rendered.

Rev. Neil MacLaughlin and Rev. M. E. Connor in brief addresses voiced the feelings of all present as they wished Mr. Hennigar good-bye, God speed and all success for his future work in the distant country to which he goes.

Concerning Your Fall Shoes

If you would secure service and satisfaction from your shoes this Fall, it is more than ever important that you should go to a reputable dealer in whom you have confidence, and see that the maker's trademark is on the shoes you buy. This for the reason that leather is now scarcer than at any time during the war, prices are higher, and some grades of leather are to-day almost unobtainable at any price.

Millions of pairs of shoes, millions of feet of leather, have been bought for the Nations of Europe whose stocks of footwear were entirely wiped out by the war. This has more than offset the reduction in demand for army shoes. And coming upon a supply of material which was already scarce, it has resulted in a situation which, for the time being, is serious.

Therefore, unless you have first-hand technical knowledge of shoes and leather, you must rely more closely than ever this Fall upon the reputation of the maker and of the retailer.

The retailer who has a reputation to sustain will not endanger it for the sake of a little extra profit. And no established manufacturer will stamp his trade mark upon goods which do not represent good value at a fair price.

The chances are that you do not feel any great interest in the leather market, or in the conditions which govern the manufacture and distribution of shoes. But you ARE interested—vitaly interested—in securing for yourself and your family reliable footwear at fair prices. And the value which you receive for your hard-earned dollars is inexorably determined by those same conditions which govern what we call the shoe trade. You cannot control them, any more than we can. But you CAN control your method of buying, so as to get the greatest possible value for every dollar you spend.

So we think it only just and proper to tell you, at the commencement of each season, what the conditions really are, so that you may base your buying judgment upon them.

To Buy Wisely This Fall:

FIRST: Go to a reliable dealer whose reputation you know and whose judgment you can trust: and

SECOND: Make sure that the trade mark of a manufacturer whose standing is known is stamped upon the shoes you buy.

Our booklet, "How to Buy Shoes," is gladly sent without charge to any address in Canada. Please address inquiries to our head office at Montreal.

A. W. MAGGS KILLED,  
WIFE BADLY HURT  
IN AUTO ACCIDENT

Sussex, Sept. 2.—A terrible automobile accident occurred this afternoon about a quarter of a mile on this side of Perry's Point when A. W. Maggs, of this town, was instantly killed and his wife badly injured.

Mr. Maggs, inspector of bridges for the province and a well known contractor here, left Sussex about 11 o'clock this morning in his Ford car, accompanied by his wife, to visit some of the bridges in the lower part of the county. When about a quarter of a mile on this side of Perry's Point from some unknown cause, the car turned over throwing both occupants out of the car and down a ten foot embankment. Mrs. Maggs had her arm broken and sustained several minor injuries and a bad shaking up. Mr. Maggs was thrown on a big stone and the top of the car which followed him over the embankment, hit him on the head, pinning him under and killing him instantly. What the cause of the overturning was could not be ascertained very definitely, but it is thought that the light car with nobody in the back seat must have struck a bump in the road which caused it to turn turtle. The accident occurred some time between 2 and 3 o'clock.

It is thought that Mrs. Maggs must have been unconscious for some time but when she had partially regained her senses she struggled along the beach for about a mile until she reached the home of Guy Flewelling and told of the disaster but could give no details. A party set out immediately for the scene of the fatal accident and when they arrived lifted the top of the car which had penetrated Mr. Maggs' skull. Dr. F. H. Wetmore was summoned and he said that the man must have been instantly killed. Mrs. Maggs had to be chloroformed so that her arm which was broken just below the shoulder could be set. She could not remember clearly any of the events connected with the disaster but said that her husband had left Sussex with a wallet of money and this

could not be found either on the dead man or on the road. The car tracks were examined and it was found that the car had been going from side to side for about fifty yards before it went over the embankment. Some of the facts connected with the disaster could not be accounted for and very little could be obtained from Mrs. Maggs because of her overwrought condition. A story was told of two men witnessing the tragedy from a boat in the river but this could not be confirmed.

OTTAWA MEETING OF  
G.W.V.A. SECRETARIES

A. E. France, provincial secretary of the G. W. V. A. for New Brunswick, has returned from Ottawa where he was attending a meeting of all provincial secretaries. At this meeting the secretaries recommended that all application forms, membership cards, record systems, etc., be standardized; that a membership referendum take place in February, 1920, when it will be decided whether or not men who served only in Canada are entitled to become members of the association.

There was also considerable discussion on the formation of new branches and it was decided to form as many branches as possible. The question of the badges, charters, constitutions and resolutions, etc., was also taken up and the secretaries decided to recommend that these be adjusted and standardized.

The official organ of the association, "The Veteran" will if the recommendations of the secretaries are accepted by the Dominion executive, be handed over to the separate branches of the association for sale and each branch will receive a portion of the revenue from this publication, according to the number of subscribers.

These recommendations are all subject to the action of the Dominion executive, and were submitted to them a few days ago.

Sir Robert Borden Makes Reply to G. W. V. A. Delegation Asking For Consideration of Further Financial Aid to Soldiers.

Ottawa, Sept. 2.—During the four day executive session of the Dominion command, G. W. V. A., which concluded last evening, a conference was held with the prime minister, Sir Robert Borden, to urge the establishment of a commission to determine the practicability of extending further financial aid in the re-establishment of returned men. This action was taken in furtherance of the demands made by the annual Dominion convention at Vancouver, when the now famous "compromise" resolution was adopted.

After a thorough discussion of the subject, the prime minister gave his assurance that the decision of the government would be announced at an early date. Arrangements were completed for the referendum upon the subject of membership qualifications, which will be taken upon a fixed date in the month of February, next year.

The following recommendation was made and adopted: 1. That a fraternal and international affiliation be established between the G. W. V. A. of Canada and the British Great War Veterans of America, upon condition that the latter organization adopt the main principles of the constitution of the G. W. V. A. of Canada. 2. That this affiliation be cemented by an interchange of fraternal delegations. 3. That the facilities of each organization be placed at the disposition of the other for the purpose of advancing the interests of former members of British forces. This means that the United States organization will virtually become the

American command of the G. W. V. A., and that returned Canadians will be afforded facilities in every city where a branch of the organization is formed.

Dr. F. L. Kenney, the coroner, last evening empaneled the following jury in the case of Miss Marion Crawford, the victim of a recent automobile accident on the Loch Lomond road: Albert Wilson, foreman, Louis McDonald, John Jackson, Fred McLean, Fred Bryden, Robert McAfee, Charles Donald. The jury viewed the body and will meet again on Friday evening at 8 o'clock. It is understood a post mortem was held yesterday.

THANKSGIVING ON ARMISTICE DAY IS SUGGESTION MADE

Hon. R. Lemieux Moving For Two Cent Postage While Sir Sam Hughes Asks Regarding Ross Rifles and Canadian Casualties.

Ottawa, Sept. 2.—If parliament accepts the bill again brought in by I. E. Pedlow, Liberal member for Renfrew South, to have a definite day set for Thanksgiving upon which business men and the public generally can count each year then Canadians will celebrate it in future on the second Monday in November.

Resolutions have been passed by various bodies all over Canada favoring armistice day for Thanksgiving in future. Last session Mr. Pedlow had a bill suggesting November 11 for the day but on his attention being drawn by commercial travelers to the inconvenience a mid-week holiday would be to business in this important season...

Sir Robert Borden sponsors a resolution to be debated at this session to amend the board of commerce act, passed at the last session so that \$10,000 can be paid annually to the chief commissioner of commerce...

Sir Sam Hughes has given notice that he will move in the commons Wednesday for a copy of a circular, supposedly of German origin, containing ten suggestions surreptitiously debated among the Canadian troops about the time of the battle of St. Julien...

Mr. Gauvreau will ask: "Is it the intention of the government during the present session to introduce a general amendment to the military service act, 1917, in favor of the defaulters throughout Canada?"

He further asks does the government intend ordering a cessation of the hunt for defaulters.

The fact that no decorations have been awarded to Canadian young men who served in the imperial navy, or the Canadian naval reserve, is also taken up by Mr. Gauvreau, who asks if the attention of the British admiralty is to be asked for an official statement in that regard.

HALF HAD NOT BEEN TOLD, SAYS WRITER OF NEW BRUNSWICK

Dr. Thomas Travis, Associate Editor of the "Forest and Stream," arrived in the city yesterday after a six weeks' tour of New Brunswick, which he made at the request of the New Brunswick Tourist, Game and Resources League.

When interviewed yesterday by a Telegraph reporter, Dr. Travis said that the province had exceeded his expectations and that he fully believed New Brunswick was the finest country for game of all kinds and fishing in North America.

"We were treated most generously and hospitably everywhere we went and my tour of the province will be one of my most treasured memories," said Dr. Travis. "You have wonderful game, great fishing and some of the most beautiful scenery I have ever seen anywhere, but you must take care of the game and fishing or you will soon be in the same position as the States is today."

In some parts of the province, the natives shoot and fish at all times of the year and in those parts the scarcity is very marked. He said that wherever the sporting rights were not policed or under private ownership the way in which the game and fish were slaughtered in all seasons was scandalous. In many places dynamite was used to kill the fish and some streams that should have abounded with trout and salmon, apparently contained neither.

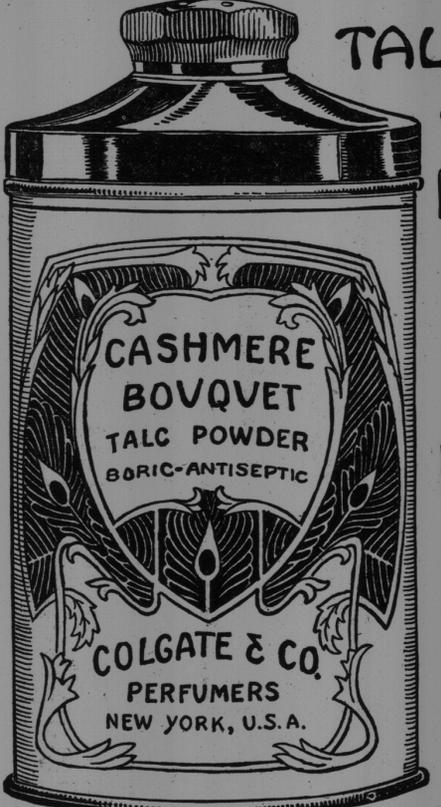

Dr. Travis took many fine photographs both of the scenery and of the game he encountered. He will use these in his articles on New Brunswick, which he intends to write for the "Forest and Stream" and other sport journals. He had photographs of moose and deer, taken at distances of only a few feet. In one photograph taken at a distance of 150 feet, there were thirteen deer and two moose, and in another the bow of the canoe could be seen touching the moose as the picture was taken. He has another picture of himself riding on a moose.

Speaking of his tour, he said that he had been all around the coast, up the Miramichi and the St. John and the Tobique rivers, and quite far inland at different points. His main object, he said, was not to shoot the game or to fish but to obtain pictures so that he might have first hand information and propaganda for his articles and lectures. Many of the pictures will be used as lantern slides and among these are snaps of deer, moose, porcupine, duck, partridge and spruce hen, all taken at not more than twenty feet.

Mrs. Travis with her little daughter accompanied her husband on his tour and she also expressed herself in terms of admiration for our province. They left last night for their home in Montclair, New Jersey, where Dr. Travis intends to commence work immediately on his articles, which will undoubtedly convey to many some idea of the beauties and which will probably be the means of bringing here many more tourists and sportsmen.

### Nine Game World Series.

Chicago, Sept. 2.—Because of the unprecedented demand for World's series seats this fall the National Baseball Commission reported that the series be increased to nine instead of the usual seven. The proposal was sent tonight to the club owners of the American and National Leagues for immediate ratification. Under the proposed plan, the rival clubs would share in the receipts of the first five games instead of the first four, as in former years. The victorious team would have to take five of the nine contests to win the world's championship. Hereafter the championship was decided when one of the clubs won four of the seven games. The players would divide their apportioned share of the five game receipts on a sixty and forty per cent basis, sixty per cent going to the winning club.

### All-Cape Breton Team in Tie.

Halifax, Sept. 2.—The All-Cape Breton baseball team played Stellarton today the match ending in a tie, 5 to 5, ten innings being played. The game was stopped then on account of darkness. A day will be spent in New Brunswick and on Saturday they will come to Halifax where they will meet the best team that can be put on the diamond here.

### LADY DECIES OPENS HER HOME AS HOTEL

British Woman Gives all a Chance to Associate With Nobility—Has a Record For "Fads"

London, Sept. 3.—It is now possible for anyone to become the guest of a real live peeress—for a consideration. For those who live outside Dobrett's exclusive circle week-ends with the nobility and gentry are not easy to come by, but class barriers are gradually breaking down and it is Gertrude Lady Decies who has struck this shrewd blow at the conventions.

She has turned her country house at Sunningdale, Berkshire, England, into a comfortable residential hotel, the Scotswood Golf Hotel, where at three guineas a head all and sundry, prince, profiteur and publican, may stay with her ladyship from Saturday to Monday.

There is no dissimbling about it. Her name will be on the bill, "Proprietress, Gertrude Lady Decies, tennis, croquet and clock game and cigarettes."

Beneath her coronet Lady Decies (who is not American, but a sister of the late Sir John Willoughby of Jameson's Raid fame) carries an active business brain, which is forever leading her into fresh and unusual activities.

Years ago it was prizefests, blue Persians and Angoras, and the pots and medals she won would take a lot of moving. After the cats came the dogs, and no Crufts' Show was complete without a display of her ladyship's blue-blooded Peingees.

Then came the war, and these frivolities were dropped. Lady Decies went nursing. Not putting flowers in vases or cooing over convalescent soldiers, but real nursing.

First Dr. Dinkirk, who was blown over by a shell and suffered severe concussion. Next with Dr. Elsie Inglis, where cholera at last sent her home.

And when these rural duties palled there was the next venture, an attempt to start rabbit breeding for wounded soldiers with the object of capturing the German trade in furs.

Now comes the hotel, to be run under her ladyship's personal supervision. It has just been opened and already the business is booked up to the end of September.

Scotswood is a modern house standing in forty acres of beautiful grounds. There are tennis, Japanese gardens, pinewoods, lily ponds and a most shady and sentimental "Lovers' Walk," with only the blackbirds for eavesdroppers.

And when these rural duties palled there was a gramophone in the writing room with a box full of the jazziest kind of records.

At present there are only seventeen bedrooms, all accommodating twenty-two persons, but if the venture is a success a new wing is to be added.

Early dinners can be had at Scotswood. All of the vegetables, fruit, milk and butter will come from the model farm in the grounds, and early rising guests who like their eggs fresh will be able to go out and choose them while the cackling is still going on.

Lady Decies herself is to live in a tiny cottage close to the hotel, from which she will manage the whole affair.

"All the comforts of home without any of its discomforts," is how her ladyship describes it. "Radiators, central heating, billiard table and a perfect treasure of a chef. And all within ten minutes of Sunningdale station."

There are four golf courses within walking distance of the hotel, and hunting with four packs of hounds in the neighborhood.

Judging by her tariff, Lady Decies is an ideal hostess. She gives you a cup of tea in bed for twelve cents, a fire in your sitting room for sixty cents, a hot bath for twenty cents and a fireproof safe free of charge.

The charge a day is \$5 a person, with electric light and bootcleaning thrown in, or you can board with her ladyship for \$85 a week with no allowance made for occasional absences."

MISSION OUTING DELIGHTFUL.  
The City Mission held a very enjoyable picnic on Labor Day on the grounds of the Edith Avenue Mission Hall, East St. John. The scholars met at the City Mission, Brussels street, at one o'clock and were conveyed to the scene of the festivities by motor trucks. The afternoon was spent in amusements of all kinds, sports and races for both young and old. Ice cream, cake, sandwiches, tea and coffee were served in the mission hall, and the day closed after which the merry gathering returned home. A large number were present, including about fifty boys, their ages ranging from six to sixteen and their excellent behavior was complimented on by many, although, in boyish fashion, they were the life of the crowd. All who attended returned well satisfied as every one had a good time. Miss Alberta Morrison, assisted by Rev. W. W. Howe, A. E. Whelpley and many of the mission workers, had charge of the picnic.

As a result of representations made by a delegation from the Duke of Rothesay chapter of the I. O. D. E. Rothesay probably will have a nurse of the Victorian type which consisted of Mrs. J. McIntyre and Mrs. J. Davidson, attended the meeting of the Victorian Order in this city at the home of Mrs. H. A. Powell last evening. Gratifying reports were received of the good work done by the three nurses in the city and the one in West St. John.

## QUEEN ANNE RIFLE FOUND IN LONDON

Earliest Rifle Known to Have Been Made in England

London, Sept. 3.—There is likely to be a revival of the one-time hotly fought question as to whether the British only learned their art of rifle shooting after their experience of the deadly shooting of the backwoodsmen in the War of Independence.

A rifle said to have been made during the reign of Queen Anne has been on exhibition at the National Rifle Association meeting at Blaisy. It is the earliest rifle known to have been made in England, and it is also the earliest known English breech-loading rifle.

The weapon is a long, slightly bell-mouthed rifle made in London by a maker called Willmore. It is equipped with a solid silver butt-plate, carved silver escutcheons and sideplates, and is loaded from the breach by unscrewing the trigger-guard. The rifle must have been made between 1700 and 1720.

A certain amount of interest attaches to the discovery of the piece. The owner, a well-known collector and authority on firearms, bought it for a few shillings in a curiously shop because he saw it was a breech-loader of early pattern. Not until he had carried it home and cleaned it thoroughly did he discover that all the mounts were of solid silver and that the piece was actually a Queen Anne rifle.

As the only rifle known in England till 1775 were imported continental arms the discovery of an indubitable Queen Anne rifle in London and bearing proof marks of the London Gunmaker's Company was a matter of considerable surprise.

The following day he went to a well known arm and firearms dealer in Manchester and told him of his find. The dealer suggested that breech-loading Queen Anne rifle was an impossibility, "I thought so too," said the collector, "but it is pure Queen Anne, just as much as this pistol."

He loaned forward and picked up an old silver mounted cannon barreled pistol that lay on the dealer's desk. "What do you want for this?" said the collector, examining the pistol.

The dealer said so many pounds and the collector wrote out a check for £100. By this extreme degree of coincidence the pistol was the companion piece to the rifle and was signed by the same maker and decorated in the same style.

The rifle is of extreme interest to experts, as it has a folding aperture back sight, identical in principle with modern aperture sights. Its interest to historians will be more so owing to the date placed upon it.

**SAYS NO MONEY MISSING.**  
Regarding the death of A. W. Maggs of St. John in an automobile accident near Perry's Point, yesterday, as referred to elsewhere in the Times-Star, some of his relatives, in long distance communication with friends in St. John today, denied any suggestion that some money belonging to him was missing. He had no large sum of money upon him, they said, and they were at a loss to understand how the story had originated. They greatly praised the people living about Perry's Point, who they said, had rendered all assistance possible and had done all they could to alleviate the distress and grief of Mrs. Maggs.

**ST. JOHN SOLDIER REGAINS SPEECH**

Edward Wearing of West End, Who Suffered Total Loss of Speech at The Front Returning With Faculty Restored.

Friends of Edward Wearing of 881 Lancaster street, West Side, will be delighted to hear his recovery from the loss of speech arising from shell shock which he received on the western front last year. He was gassed at the same time and spent several months in English hospitals before returning home in last January. After a month in St. John he was sent to Ontario for treatment at his hearing and this has proved successful. Mr. Wearing enlisted with the 140th Battalion and went overseas with them, transferring afterwards to the P. C. I. I. The News Record of Kitchener, Ont., tells of his recovery as follows:

"A happy boy is a young man who has regained his speech. He is a St. John, N. B. boy who had been suffering from a severe case of shellshock which he sustained overseas. During the last three months he has been at Arnot Institute in this city undergoing treatment.

"The other day he and three other young men who were students at the institute dropped into the Record office. All having recovered their power to freely and easily to converse were in happy spirits. 'I am certainly happy. I am going back to my city, St. John, and to think that I can speak well again after what I went through at the same time and like a new man. It will be some surprise, too, to my friends in St. John when I get back,' the returned veteran remarked, beaming with broad smiles and cherishing countenance. His pals who accompanied him bore evident signs of having gone through a similar pleasant and gratifying experience.

"It can be imagined that when Mr. Wearing suffering with such a severe case, came to a moment's respite several months ago he was dubious as to the prospects for ever regaining his full speech. There were hopes, perhaps faint on his part, but stronger among those who advised him to come here. Today all predictions have been fulfilled and Mr. Wearing goes back highly elated with the local institute and pleased with this city."

**PARKER WANTED IN SALISBURY ON BICYCLE MATTER**

The chief of police received a communication from Salisbury this morning which stated that Howard Parker, who was held here by the police for investigation, was wanted there on suspicion of stealing a bicycle from L. G. Turner on August 29. Parker was detained by the police here recently and said that he had come from Halifax by bicycle and when leaving there had \$50 but landed here "broke." It is expected that he will be taken to Salisbury for a preliminary examination, but no arrangements have been made yet.

**HAMPTON UNDERTAKER IS SEVERELY INJURED**

Returning After Funeral, Hearse is Struck by Auto—C. A. Frost Has Arm Broken and is Otherwise Hurt

While officiating at a funeral yesterday afternoon C. Allan Frost, undertaker of Hampton, was painfully injured when the hearse which he was driving was struck by an automobile causing Mr. Frost to be thrown to the ground. It happened when he was returning from the cemetery along the Hampton Station road. He saw an auto driven by L. de Forest, coming towards him. Both auto and hearse turned out, giving each a stranger came up from behind. Apparently the driver thought he could pass between the two vehicles. This could not be done and the result was the auto struck the hearse, throwing Mr. Frost to ground violently, breaking his arm, and causing other minor injuries. Mr. Frost was taken to his home where a doctor attended him. It was remarked by some persons who saw the accident that automobiles should not take chances of this kind even if they are inconvenienced to such an extent as to have to go into intermediate speed or perhaps stop. It has been suggested by some pedestrians that the tax inspector detail men to take the number of the cars and prosecute owners who use the Hampton Station road as a speedway.

**MANY CHANGES IN THE STAFFS AT CITY SCHOOLS**

Sister M. Francesca Resigns After 30 Years

Has Made Excellent Record At St. Vincent's—Shifts in Other Schools—Unprecedented Attendance at High School

Changes have occurred with the reopening of the city schools in the teaching personnel, and the one to which greatest interest probably attaches is that of St. Vincent's High School, where Sister M. Francesca has resigned as teacher of Grade XI after a remarkably successful service of some thirty years. Dr. H. S. Bridges, superintendent of schools, said this morning that her resignation had been received with great regret by the board. She had a splendid faculty for the teaching vocation, and with great patience and steady application to her work she had achieved distinction in the profession, turning out pupils from her classes with fine records. Sister Francesca will be greatly missed from her position Grade XI. Her place has been taken by Sister M. Angela, who has been transferred from St. Joseph's school, the post there made vacant being taken by Sister M. Immaculata of St. Thomas' school.

**Schools Crowded**  
Since it was first opened the attendance at the High School this year has never been so great. W. J. S. Myles, principal, said today that there was an increase of nearly 100 in enrolment over last year. Of 620 pupils enrolled this year, 660 attended yesterday, while last year only 580 enrolled. In Grade XII where there is accommodation for thirteen scholars, nineteen are enrolled. A room elsewhere in the building will have to be used for relieving the pressure. Superintendent Bridges said that in Newman street school, St. Peter's Girls' and Grade IX of the High School there was also much overcrowding and efforts will be made to attend to this matter immediately. Night schools would probably be commenced early next month, and the organization of school cadet units would be proceeded with.

**Staff Changes**  
The changes in the staff are fairly numerous. At Aberdeen school, Miss Florence Perry, of LeFour school has interchanged with Miss Mary Mahoney, who takes her place there. Miss Gladys Martin, reserve teacher, has been transferred in the same capacity to Alexandra, being succeeded by Miss Myrtle Crawford, who has been teaching at St. Joseph's. Miss Bertha Forbes, Grade III, Alexandra school, has been granted a term's leave of absence, her place being filled by Miss Laura Spence, who has been reserve teacher at Dufferin school. Miss Jessie Jamieson has been appointed to the vacancy in Alexandra, occasioned by the resignation of Miss Spence.

At Centennial Miss Edith Magee has returned to Grade I, after a year's leave of absence. Miss Nora Fairweather, who occupied Miss Magee's room during her absence, has been transferred to Winter street school to take charge of Grade III, where Miss Gillies has resigned.

At Dufferin school Miss Helen Hannah has been appointed reserve teacher. She had been teaching at Partridge Island, where an appointment will soon be made. Miss Lillian D. Currie, after leave of absence of a year, has returned to Grade VI at King Edward school, succeeding Miss Milton, who has resigned. At King George Miss Dorothy Smith, Grade VI granted leave of absence has been succeeded by Miss Dora Corbett, reserve teacher who has been in charge of the class during the absence of Miss Florence Coster. Miss H. May Ward has returned to the High School and resumed her classes in Grade XI after a year's leave of absence. At St. Malachi's Miss Frances Trainor has succeeded Miss Susan Kelley resigned and Miss Mary Kilom is appointed to succeed Miss Trainor as reserve teacher. Miss Genevieve Marry has been appointed reserve teacher in St. Peter's Boys' school.

At Victoria school Miss Louise Lingley has been given a short leave of absence her place being filled by Miss Dorothy Hickson. Miss Marion Thomson has been appointed reserve teacher.

Miss Della G. Campbell has been appointed to Grade VI at Winter street, succeeding Miss Alberta McLeod, resigned. Miss Grace Waring has been promoted from Grade V to Grade VI, replacing Miss Edna Tuttle, who resigned, while Miss Muriel Panjoy, who has been teaching at Millidgeville, this place so made vacant has been filled by Miss Jean McAfee.
